MIDLAND, TEXAS, MONDAY, SEPTEMBER 15, 1947

## Bank Of England Sells Gold To U.S.

### New York Federal Reserve Bank Buys \$80,000,000 Worth

LONDON — (AP) — The Bank of England has sold gold valued at \$80,000,000 to the Federal Reserve Bank of New York, the Treasury announced Monday.

A Treasury spokesman said the sale of 20,000,000 pounds from government reserves was the first transaction of the kind since the remaining \$400,000,000 of the \$3,750,000,000 American loan was frozen Aug. 20.

Britain at that time suspended the right to convert sterling into dollars.

### Challenge Is Hurdled At Russia

NEW YORK — (AP) — The United States indirectly challenged Russia Monday to cooperate with the United Nations or face a world judgment that none can veto.

The challenge was couched in meaningful diplomatic language and came as an array of world leaders converged on New York for the opening Tuesday of a crucial session of the United Nations Assembly.

### Nine Persons Die In Crash Of Army Ship In Maryland

ABERDEEN, MD. — (AP) — Officials at Aberdeen Army Proving Ground reported a B-17 bomber crashed into Bush River while on a routine training flight Monday and killed nine persons.

One person survived. Names of all aboard were withheld pending notification of next of kin.

The public relations office at the Army post said the plane, attached to the proving ground, crashed and sank in the river off Abbey point. Bush River is near the head of Chesapeake Bay about 20 miles north of Baltimore.

The plane's flight military personnel and two civilians aboard, the post public relations office said.

No cause for the crash was given, and post officials said an Army Air Force board would begin an immediate investigation.

### U. S. And Russia To Stage Battle On Balkan Case

LAKE SUCCESS — (AP) — A pre-assembly battle on the Greek question loomed Monday in the United Nations Security Council where the United States moved to switch the whole Balkan issue to the 55-nation body.

Russia opposes transferring the case and Delegate Andrei A. Gromyko was expected to use the session to level a Soviet blast at the American maneuver and perhaps even attempt to veto the step.

**Balkan Case Given Priority**

Secretary of State George C. Marshall's declaration in New York Sunday that the "direct threat" of Russian Balkan satellites to Greek independence must be removed left no doubt that the Balkan case was given top priority in the American objectives for the Assembly opening Tuesday at Flushing Meadow Park.

The United States asked for the Assembly-level council meeting under Article 12 of the UN Charter which says:

"While the Security Council is exercising in respect of any dispute or situation the functions assigned to it in the present charter, the General Assembly shall not make any recommendations with regard to that dispute or situation unless the Council so requests."

### West Texans Will Meet In Midland To Honor Regan

Citizens of many West Texas cities will join with Midlanders in honoring Ken Regan at a special luncheon Tuesday noon in the Scharbauer Hotel.

The event is designated "Ken Regan Day."

The Midland Chamber of Commerce is sponsoring the luncheon. Reservations had been received Monday from citizens of Odessa, Barstow, Kermit, Pecos, Monahans, Sanderson, Rankin, Crane, Alpine, Big Lake, El Paso, Wink and Fort Stockton.

### REPORT SLIGHT DAMAGE IN WRECKING YARD FIRE

The Midland Fire Department reported slight damage from a fire Sunday at a wrecking yard on East Highway 80 in Midland.

### Senate Committee Warns Steel Industry

(NEA Telephoto) A Senate Small Business subcommittee warned the steel industry's top leaders that unless they strive for greater self-regulation, they must expect the government to become their "traffic cop." Steel leaders who attended the meeting, are from left to right: Benjamin F. Fairless, president, U. S. Steel; Eugene Grace, chairman Bethlehem Steel Corp.; George R. Egan, president National Steel Corp.; Tom M. Girdler, chairman Republic Steel Corp.; Harold G. Batchelor, president Allegheny Ludlum Steel Co.; Newell H. Orr, vice president Colorado Fuel and Iron Corp.; Wilfred Sikes, president Inland Steel Co.; Henry Roemer, chairman and president, Sharon Steel Corp.; H. H. Sebald, executive vice president American Rolling Mill Co.; Archie McFarland, president, Wheeling Steel Corp.; J. L. Neudeorfer, vice president, Wheeling Steel, and a court reporter. Men with back to camera in foreground are members of the committee.

### Voluntary Rationing Of Food Suggested By Official

WASHINGTON — (AP) — Undersecretary of Agriculture Norris E. Dodd said Monday voluntary rationing of food in this country appears to be the only way to avert famine abroad and prevent the collapse of friendly European governments.

He said such rationing should perhaps take these two forms:

(1) Reduction by housewives in the purchase of livestock products such as meats, milk, butter, eggs and poultry.

(2) A reduction by farmers in feeding of grain to livestock, particularly the use of less wheat for feed.

Dodd, who is acting as secretary in the absence of Secretary Anderson from Washington, suggested voluntary rationing at a news conference. He said the government does not have the power to impose formal rationing or restrictions on use of foods and grains.

Voluntary rationing, as a means of increasing food supplies for Europe, also has been suggested by Senator Tait (R-Calif.) and Chester Davis, former war food administrator and chairman of the President's Famine Emergency Council.

Tait, at Santa Cruz, Calif., said President Truman advocated a similar course. He quoted Truman as saying in a moveover economic report to Congress "If real shortages should develop, the need of sharing such scarcity on as equitable a basis as possible both among ourselves and between domestic and foreign users of food resources should be emphasized."

**Situation Is Worse**

Just back from the annual meeting of the United Nations food and agriculture organization at Geneva, Dodd said the food situation in Europe is much worse than it was this time last year. The situation is complicated, he said, by the fact that crops in many exporting countries are down from last year.

"It is not pleasant to think what may happen to a lot of people this winter if we don't get food to them," he said.

Dodd said that "the present governments in Western Europe would not last long if we withheld supplies from them," he said.

President Truman is due home from Rio this week to face the decision whether a special session of Congress should be called to supply emergency aid to Europe.

### Joe Koegler Is Named President Of Kiwanis Club

Joe Koegler was elected president and Harvey Herd, vice president, of the Midland Kiwanis Club for 1948 at the club's meeting Monday noon in the Scharbauer Hotel.

Koegler will succeed Dr. H. A. Ireland, who is serving as the organization's first president, and Herd will succeed J. T. Baker.

Joe Koegler

### Communists Are Sentenced To Death

SALONIKA, GREECE — (AP) — A Greek military court Monday sentenced 53 members of a Communist extremist organization to death. They were charged with abetting a Communist plot to seize Salonika.

### Flame Thrower Helps Harvest Potatoes

Harvesting of potatoes by a "scorched earth" method is in progress at Clearwater Lake, Wis. Farmers use flame throwers to kill the potato weeds, and allow the skins of the potatoes to "set." The heat treatment prevents bruising and skinning when the spuds are dug and handled. Above, a worker lights one of the flame jets on what is actually a weed burner.

### Student Garrots Youth

NEWARK, N. J. — (AP) — A 14-year-old school student was held Monday for the slaying of an 11-year-old companion whom the FBI said he admitted garroting with a leather belt in an abandoned warehouse.

The FBI said the boy, Fred Walter Smigelski, signed a statement telling how he had planned to kill someone to assert his superiority in the face of his mother's continual demands that he wash dishes, dust furniture and do assorted household chores.

Smigelski was held without charge at the parental home in Bayonne.

The boy of the younger boy, John Preston, Jr., of Kearny was found Sunday in the old warehouse, in nearby Harrison, a leather belt tightened about his neck and several gashes on his chest and wrist.

The statement quoted Smigelski as saying he selected the Preston boy as his victim because he was certain he was weaker than himself and could be subdued easily.

**Found Ransom Note**

The FBI said the boy admitted the slaying after he had been brought to headquarters here by his father, Walter Smigelski, a lathe operator, whose suspicions had been aroused by a copy of a kidnap ransom note found by Mrs. Smigelski Sunday in the pocket in one of the boy's trousers.

A similar note, crudely scrawled and asking \$1,000 ransom, had been received by the victim's parents, Mr. and Mrs. John Preston, Sr., in the mail Saturday almost 12 hours after the boy was reported missing.

Police Inspector James Hanna of Kearny said the statement told of a long battle between the two boys in the warehouse, the two grappling and punching and threatening each other with pieces of broken glass before Smigelski subdued his younger antagonist.

### Peace Comes To Quintet Of Nations

PARIS — (AP) — Formal peace comes Monday night to the five defeated European satellites of Nazi Germany.

Ceremonies in Paris and Moscow signaled the end of an era for Italy, Finland, Hungary, Bulgaria and Romania.

The deposits of documents ratifying the peace treaties marked the final step in winding up for those countries the war which Germany started eight years ago.

**Fix Official Peace**

Representatives of the United States, Soviet Russia, Britain and France deposited the instruments for the Italian government with the French government and fixed midnight Greenwich Mean Time as the official hour for beginning of the peace.

Others assembled at the Soviet Foreign Ministry in Moscow for deposit of the instruments pertaining to Finland, Hungary, Bulgaria and Romania.

The city of Trieste, to be separated from Italy under the treaty and made part of a free territory, was filled with Italian flags, many draped in mourning. Trieste shop-closed. Pro-Italian newspapers said it was a "tragic hour for Italy."

**Heavy Penalties For Losers**

Foreign Minister Georges Bidault represented France in the Paris ceremony before taking a plane to New York to attend the General Assembly of the United Nations.

Penalties against the five losers include \$1,340,000,000 in reparations, the bulk of which is to go to Russia, and territorial losses for all save Bulgaria.

The treaties restrict the size of their armed forces and provide guarantees against a rebirth of Fascism, racial and religious discrimination.

Ambassador Walter B. Smith represented the United States at the Kremlin and Ambassador Jefferson Caffery in Paris.

### Royce V. Douglas Dies In Motorcycle Crash Near Odessa

Funeral services for Royce V. Douglas, 25, who was killed in a motorcycle accident about two miles east of Odessa early Sunday, will be held from the Ellis Funeral Home Chapel at 3 p. m. Tuesday. Interment will be at Fairview Cemetery.

A World War II veteran and son of Mr. and Mrs. Clarence V. Douglas of Midland, he was injured fatally when a motorcycle overturned, it was reported. He was employed by C. C. Smith, oil well drilling contractor, and had lived in Midland about 20 years.

Other survivors include the widow, a daughter, Margie Faye, 3; two brothers, Ray and Marvin Douglas, Midland; two sisters, Miss Faye Douglas of Corpus Christi and Mrs. E. W. Stone of Midland.

Earnest Gray, owner of the motorcycle, said Douglas borrowed it Saturday evening and rode it to Odessa. Patrolmen who investigated the accident said the motorcycle apparently got out of the rider's control.

### Democrat Blames Five Groups For High Food Prices

By The Associated Press

The rocketing cost of foods sailed Monday in its varied what-to-do-about-it proposals offering Americans a choice of tightening their belts or curtailing exports, or both.

Asserting that the size of American exports is much too great, Senator Robert Tait (R-Ohio) suggested, however, that high food prices could be remedied if people would "eat less extravagantly." He added that exports can't go on at the rate of \$15 billion dollars a year without having an effect on prices.

Rep. Sabath (D-Ill.) countered that only the poor people, who are unable to pay high food prices, must cut their eating — not Senator Tait and his wealthy friends.

"Instead, Sabath proposed government anti-trust investigations be broadened to include five groups which he charged are responsible for the ever-increasing high cost of living."

**Names Five Groups**

In a letter to Attorney General Clark, the 81-year-old dean of the House listed the five as meat packers, dairy, produce exchanges, "fertilizer trust," and "the few men who manipulate the Board of Trade."

He added that it also would be well to give some attention to the textile and wearing apparel manufacturing industries.

"As Sabath made public his letter in Washington, a joint congressional subcommittee was preparing to open an investigation of food prices in the first of a series of public hearings at Providence, R. I."

An Associated Press survey of the retail price of eight staple foods in 13 key cities in all sections of the nation showed the following average changes and prices from those for the same foods in the same cities a month earlier:

Bacon, up four cents a pound to 84 cents; pork chops up three cents to 80 cents; round steak, up three cents to 86 cents; bread unchanged; butter up 12 cents a pound to 90 cents; eggs up 14 cents a dozen to 90 cents; milk up one cent a quart to 29 cents; tomatoes, No. 2 can, two cents to 10 cents.

### Slovakia Nips Plot To Assassinate Benes

PRAGUE — (AP) — The State of Slovakia announced Monday it had nipped a plot to overthrow President Eduard Benes' government and assassinate him. It said 80 ringleaders had been arrested.

Slovakia's interior ministry said many members of the band were in government employ. It added the plot was broken by the confession of a former Vlasov band terrorist who had served with a German division in the war and later with German SS troops seeking to quell the Slovak revolution.

Officials of the National Ministry of the Interior began an inquiry to determine whether the persons arrested were connected with last week's unsuccessful bomb attempts on Foreign Minister Jan Masaryk, Vice Premier Petr Zenkl and Justice Minister Prokop D. Tina.

### Bullet Wound Is Fatal To G. E. Estes

HOUSTON — George Briggs Estes, 44, Houston, manager of Swift and Company and former manager of the company's Dallas plant, was found shot to death at his home here early Monday.

Justice of the Peace W. C. Ragan returned a verdict of suicide.

Estes, a native of Denison, came to Houston last November, from Dallas.

### LATE NEWS FLASHES

MIAMI, FLA. — (AP) — The Weather Bureau's storm warning service issued a preliminary hurricane alert Monday for the Atlantic seaboard between Vero Beach, Fla., and Cape Hatteras, N. C., "as a measure of precaution."

AUSTIN — (AP) — A possible effort to enjoin the state from enforcement of a law under which it seeks to halt the movement of migratory laborers out of Texas was widely reported in the capitol Monday.

TRIESTE — (AP) — Rioting in downtown Trieste brought hand grenade explosions Monday night and injured two men. An unidentified Yugoslav man had been killed earlier in the same district.

WASHINGTON — (AP) — A State Department spokesman said Monday that the widespread strike of farm and factory workers in Italy will make it more difficult for the United States to assist Italy economically.

### Peace Comes To Quintet Of Nations

PARIS — (AP) — Formal peace comes Monday night to the five defeated European satellites of Nazi Germany.

Ceremonies in Paris and Moscow signaled the end of an era for Italy, Finland, Hungary, Bulgaria and Romania.

The deposits of documents ratifying the peace treaties marked the final step in winding up for those countries the war which Germany started eight years ago.

**Fix Official Peace**

Representatives of the United States, Soviet Russia, Britain and France deposited the instruments for the Italian government with the French government and fixed midnight Greenwich Mean Time as the official hour for beginning of the peace.

Others assembled at the Soviet Foreign Ministry in Moscow for deposit of the instruments pertaining to Finland, Hungary, Bulgaria and Romania.

### British Coal Miners Return To Pits Monday

GRIMETHORPE, ENGLAND — (AP) — Britain's striking coal miners returned to the pits Monday, ending an unauthorized walkout which began August 11, spread to 59 other Yorkshire pits and aggravated the nation's economic crisis.

### STERLING DISCOVERY TO SWAB AFTER DRILL OUT

The Pignouth Oil Company No. 1 Frost, North-Central Sterling County possible discovery from the Ellenburger, about 12 miles north and a little west of Sterling City, and 1,980 feet from south and west lines of section 29, block 2, H&C survey, had drilled out cement, on a squeeze job, to 8,360 feet.

Operator was to perforate at 8,354-60 feet, and made a swabbing test. This project reached total depth of 8,385 feet. After setting casing on bottom it drilled out to 8,358-78 feet. Recovery from that zone was oil and water. The squeeze was run to try to eliminate the water. Whether or not that effort has been successful will be determined in the next few days.

### McINTIRE DEVELOPMENT SHOWS MORE OIL PAY

Phillips Petroleum Company and The Texas Company No. 1 McIntire, (Cowden) Northwest Sterling County wildcat discovery from the Ellenburger, between the Goldsmith and the Andover fields, and 661 feet from north and 674 feet from east lines of section 18, block 44, TP survey, T-1-N, from a 75-minute drillstem test at 8,479-8,530 feet.

Gas showed at the surface in five minutes. Oil flowed at the top in 17 minutes and 147.15 barrels of 44.5 gravity oil was flowed to tanks in 40 minutes. Gas-oil ratio was 219-1. Flowing pressure varied from 2,900 pounds to 4,275 pounds. Shut-in bottom hole pressure was 3,375 pounds. Operators are to drill ahead to 8,580 feet and take another drillstem test.

This well has been showing for heavy natural flowing oil production since a test was run at 8,048-8,133 feet.

### TEXACO I-U STATE IS REPAIRING SPLIT PIPE

The Texas Company No. 1-U State Northeast Crockett County, about three miles south of Barnhart, and 689 feet from north and 662 feet from west lines of section 22, block 40, University survey, attempted a drillstem test to total depth at 8,725 feet in an undetermined dolomite.

A split pipe was found in the 85 3/8-inch casing which had previously been cemented at 2,274 feet. Cementing job phase 1.

### WEATHER

Fair, cooler, except in Panhandle and South Plains Monday afternoon and night. Tuesday fair and warmer. Maximum temperature Sunday was 84 degrees, minimum 70 degrees. Minimum Monday was 65 degrees.

## Arkansas Will Be Tough Customer

By CARL BELL  
FAYETTEVILLE, ARK. — Fayetteville Arkansas is going to be a tough customer at the South-west Conference Open this year. The Razorbacks will be better than they were last year, but whether they'll have as good a season depends on the improvement of their players.

Coach John Barnhill's 1947 Razorbacks, although the same boys who battled Louisiana State to a scoreless tie in the Cotton Bowl New Year's Day, again will be a well-conditioned and stingy on defense. And they're working up a powerful ground attack, and a fairly good forward passing game to go with their high-over marksmen.

A single position shift in the backfield is expected to give the Razorbacks much of the punch they lack last year. This change sends quarterback Clyde Scott, high stepping the way back to part-time duties as a fullback where his great ball-carrying will be more useful. He will alternate with speed-demon Aubrey Fowler, who handles the lion's share of the kicking.

Danivariate Kenny Holland, the Razorbacks' leading 1946 ground-gainer, and Gordon Long, Barnhill's best passer, also will operate from the tailback slot in a "gusset" single wing, balanced line machine.

The fullback position is in very good hands. Leon "Muscles" Campbell, the freshman sensation of last season, a remarkable combination of line-drawer and broken field runner, and a natural linebacker, will start. He'll be backed up by John Hoffman, the conference's No. 1 ground-gainer in 1945, and Jim Reichert, a transfer from Bucknell.

## Midland Shooters Fire Win

Midland Gun Club shooters defeated San Angelo Gun Club members, 1,084 to 1,077, in skeet matches here Sunday.

The matches were so close that only seven birds separated the winners from the losers.

P. H. Chancelor of Midland was high shooter with 99 out of a possible 100.

Here are the results:

## Rules Clinic Held, Ab Curtis Lectures

A second annual Coaches and Officials Rules Interpretation Clinic, sponsored by the Midland Coaches and Officials Association, was held Sunday at the Schaubauer Hotel.

The clinic was successful in schooling area coaches, officials and sportsmen in the new rule changes and as a refresher course in football rules.

Ab Curtis, well-known Southwest official and rules authority, was lecturer. He conducted a morning lecture and then after luncheon held "skull practice."

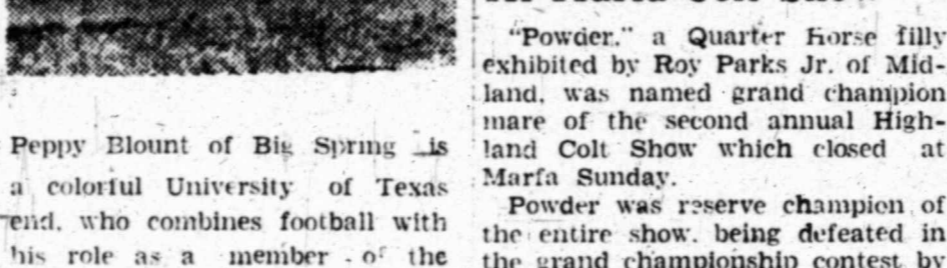

About 40 West Texas coaches and officials, attended with good representation from Stanton, Monahans, Pecos, Kermit, and other cities. A. Land also had a good representation.

**Gives SFOA Tests**  
While here, Curtis gave SFOA (Southwest Football Officials Association) tests. The Midland coaches and officials units is an affiliate of the Southwest organization.

Carleton and Brumlow Sporting Goods and Bud Taylor were hosts for the luncheon.

The next meeting of the Midland association in its joint relationship with Odessa was announced for Tuesday night in the Schaubauer Hotel.

## Lots Of Pep

Peppy Blount of Big Spring is a colorful University of Texas student, who combines football with his role as a member of the Texas Legislature.

## Trinity University Is Charged With Recruiting Football Players

COMMERCIAL — L. I. Smith, president of the Lone Star Conference, said Monday he was investigating charges of "high pressure recruiting" against Trinity University, a conference member, and that "I plan to get to the bottom of this."

Texas A&I, an independent college which says it adheres to conference rules, cancelled a football game with Trinity after two A&I football lettermen — End Jerry Wendell and Tackle Jack Schulze — transferred to Trinity.

Coach Jess Neely of Rice Institute, a member of the Southwest Conference, said "a representative" of Trinity came on the Rice campus and tried to get Van Mallard, Gerald Weatherly and Tobin Rote, Rice football players, to come to the San Antonio school with offers of \$150 per month.

Coach Matty Ball of Southern Methodist University, also a member of the Southwest Conference, said Lloyd Parker, letterman of 1943 who would have been eligible for track and football after February 1 at S.M.U., had gone to Trinity.

At Texas A&M College, Odell Stautzenberger, star football lineman, said he had been approached by Trinity.

**No Definite Rule**  
Smith said there was no definite conference rule against such recruiting tactics but that there was a "gentleman's agreement" among the Lone Star Conference schools that they would not encroach on the territory of any school.

"This means that if a conference member wants to contact an athlete it should first get the consent of the coach of the school where the athlete is enrolled or is interested in enrolling," Smith declared. "If such consent is not forthcoming, the athlete but not the coach, should be approached. However, if he comes to our campus and asks to be enrolled we are privileged to take him."

Trinity officials said the A&I players requested admission to Trinity. Neely said Coach Bob Coe of Trinity had telephoned him asking releases of Rice players but that he had refused.

Smith said he had written the faculty representatives of the Lone Star Conference schools asking them to give him any information they might have regarding Trinity's recruiting practices and that he would make a full investigation.

"If Trinity is found to be blameless I think an apology should be made," Smith said. "I want the facts and when I have them will place the matter before the conference."

At San Antonio, Dr. Monroe Everett, president of Trinity University said the school had adhered to the Lone Star Conference rules.

## Football Favorites Are Booked This Week

**By The Associated Press**  
Texas' schoolboy football campaign swings into full operation this week, 59 Class AA games sending all district favorites to the firing line.

Austin and Waco, rated among the best in districts 15 and 10, tangle in their annual tilt in Austin Friday.

The opening of the season for these two Central Texas powers shares the spotlight with meetings between Denison and Wichita Falls; Brackenridge (San Antonio) and Abilene; Odessa and North Side (Fort Worth); Paris and Tyler; Highland Park (Dallas) and Sunset (Dallas).

**British Swimming Star Dies In Monte Carlo**  
MONTE CARLO — Nancy Riach, 20-year old hope of Great Britain in women's swimming at the coming Olympic games, died in her sleep Sunday night just four days after competing in the all-European championships.

She was taken to a hospital Saturday where her illness was diagnosed as infantile paralysis. She competed last Thursday against the advice of physicians.

Miss Riach held the British records in 100, 150, 300 and 500 yard free style events for women.

## Blows Own Horn

If you knew Sousa like she knew Sousa, you'd have good reason to blow an oompah on the sousaphone. She's Lynn Sousa, 19, granddaughter of the late John Philip Sousa and is pictured in Hollywood where she has just landed a contract as a film singer.

### Dodgers Win Two Games To Crush Cardinals' Hopes

By The Associated Press  
It's all over but the shouting. If Brooklyn blows the National League pennant now, every member of the Dodgers including Manager Burt Shotton ought to be made to undergo a test.

The crushing blow to the Cardinals' fast fading flag hopes was delivered by remote control Sunday when the rampaging Brooks routed the Reds twice in a Cincinnati double header 13-2 and 6-3 while the Cards were being crumpled in St. Louis, 9-1 by the New York Giants.

As a result, the Dodgers upped their margin over the Cards to seven full games. They can clinch the flag by winning seven of their remaining 11. Any combination of seven Dodger victories and Card losses would dethrone the World Champion Cardinals.

Already "in" were the New York Yankees in the American League. Following their 6-4 win over the St. Louis Browns at the Yankee Stadium, the worst the Bronx Bombers can get now is a tie. One more win or Boston defeat would end all mathematical chance of the Red Sox.

**Could Be Monday**  
It could easily come Monday as the Yanks engage the last place Browns while the Red Sox play two games with the Chicago White Sox in Boston. Sunday's twin bill between Boston and Chicago was rained out after seven innings of the first game with the score tied at 1-1.

Although the Detroit Tigers valoped the Senators twice in Washington 16-6 and 8-4 to move past the Red Sox into second place, they were mathematically eliminated from any pennant hopes when the Yankees won. They trail by 12 1/2 games. The fifth place Philadelphia Athletics moved to within two and a half games of fourth place Cleveland by defeating the Indians 11-9 in the first game of a double header. The second game which ended in a 4-4 tie, was halted at the end of nine innings by the 7 p. m. Pennsylvania curfew law.

Held to a 1-0 and 6-1 split by the Cubs in a doubleheader in Chicago, the third place Boston Braves in the National League were officially eliminated from any pennant contention.

The Philadelphia Phils vacated the cellar to make room for Pittsburgh as they dumped the Pirates twice 7-3 and 9-7 in a double header in Pittsburgh.

## Bulldogs Meet Cubs Friday

Coming out of the opening game with the usual hurts and bruises, the Midland Bulldogs hit the practice field Monday in preparation for game No. 2 with Brownfield here Friday night.

Brownfield is a tough foe. The Cubs have a big cast-iron ball club with a stingy defense. A big rugged line will face Midland.

The Bulldogs, in drills this week, will iron out the kinks of the opener and add new offensive trickery.

## Mrs. Henderson Entertains Members Of Association Of University Women

Mrs. Charles F. Henderson entertained members and prospective members of the Association of University Women with a cocktail party in the garden of her home at 1803 West Kentucky Street, Saturday. Refreshments were served from a table covered with a Mexican cloth and centered with an arrangement of mixed autumn flowers.

A short skit, "The Gentle Sex," was presented by Mrs. G. D. Putnam, Mrs. K. M. Stuart, Mrs. J. A. Dolman, Mrs. S. P. Ellison, Mrs. W. N. Thompson, Mrs. Rex Russell and Mrs. H. G. Parkinson.

The Silver String Quintet, including Mrs. Benton Howell, Mrs. Turner Wynn, Mrs. E. S. Hitchcock, Mrs. C. F. Henderson, and Mrs. E. W. Vanderpool presented four selections.

Mrs. Robert Clarke and Mrs. Rex Russell discussed plans for the year.

The guest list included Mesdames L. E. Patten, W. T. Jordan, John T. Ashford, R. C. Rumble, O. V. Lawrence, Jr., John M. Fitzgerald, Joe Chastain, W. H. Allen, A. C. Bulnes, Burn-M. Crotty, Freeman H. Eoff, Richard L. Hughston, William E. Cox, E. J. Elliott, Max Hendrick, J. Wayne Campbell, C. P. Cummins, and Howard Meckling.

Also attending were Misses Jodie Floyd Jones, Julia Rindiss, Ann Smith, Therisa Cromwell, and Eleanor Virginia Simpson.

Members present were Mesdames Earl Johnson, L. C. Thomas, Leslie T. Brown, Raymond Monks, E. R. Powell, H. W. Puckett, J. W. Carroll, Joe Cannon, E. Hazen Woods, Lee B. Park, J. V. Huddick, S. P. Ellison, John J. Rettfern, Jr., and R. V. Hollingworth.

Also Mesdames D. W. St. Clair, H. D. Penning, John N. Lecko, V. A. Watson, W. P. Vonosinski, J. A. Dolman, George R. Kribbs, Ray Seifert, George Putnam, Keith Short, Rex Russell, W. C. Fritz, Charles F. Henderson, H. A. Ireland, George Glass, Robert L. Clarke, John Trueseth, John Conih, W. T. Magee, Ellis Scobey, E. E. Reigie, H. G. Parkinson, Tommy Thompson, and Miss Louise Fillman and Miss Mary Lee Cooper.

## Miss Penny Featherston Is Bride Of A. L. Butts

In a double-ring ceremony performed at 9 o. m. Saturday in the First Baptist Church parsonage, Miss Penny Featherston was married to Mr. A. L. Butts of Oklahoma City. The service was read by the Rev. Vernon Yearby.

The bride, an employee of the Southwestern Bell Telephone Company, wore a white crepe street-length dress with black accessories and a corsage of red roses.

Mrs. D. H. Bilibrey and Mr. B. K. Duriam attended the couple.

The bride and groom will live temporarily in Lubbock, where Mr. Butts is an employee of Western Electric. They plan to make their home in Oklahoma City.

Guests attending the wedding were Mr. D. H. Bilibrey, Mrs. B. K. Duriam, Mr. and Mrs. E. L. Crutchfield, Miss Beth Bill, Miss Joe Bryson, and Mr. Dale Peterman.

## Weak, Watery Blood Blamed for Making Men and Women Look and Feel Older THAN THEIR YEARS

How do you feel at the end of a day? Is that old-time pep and drive lacking? Have you checked-up on your blood strength lately? Thousands now regain glowing good looks and vitality through the release of vibrant energy to every muscle, fibre, cell.

Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that run-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a general run-down condition, lack of resistance to infection and disease.

To get real relief you must keep up your blood strength. Medical authorities by analysis of the blood, have by positive proof shown that SSS Tonic is amazingly effective in restoring blood strength in non-organic nutritional anemia. This is due to the SSS Tonic forming red blood cells, and potent activating ingredients.

Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the stomach will have little cause to get balky with gas, bloating and indigestion.

Don't wait! Energize your body with rich, red-blood. Start on SSS Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm firm, firm!

Millions of bottles sold. Get a bottle from your drug store. SSS Tonic helps Build Sturdy Health.

## FOODHANDLERS' SCHOOL OPENS WITH 22 PRESENT

Twenty-two persons attended the opening session of this week's foodhandlers' school at the Midland Health Unit, Dr. F. E. Sadler, director, announced. The school continues daily through Friday of this week.

The Best Wives Home Demonstration Club will meet at 2:15 p. m. Tuesday in the home of Mrs. John Parker to complete plans for the club booth in the Midland County Fair Sept. 19-20, it was announced Monday.

## GIRL SCOUT MEET

The Girl Scout Council will meet at 7:30 p. m. Tuesday in the First Presbyterian Church.

## NOW THE HARD OF HEARING CAN HELP THEMSELVES TO HEARING

The many hard-of-hearing in this city will have an exceptional opportunity to find out how they may once again experience relaxed, noise-free hearing. A FREE HEARING CLINIC will be held on Monday and Tuesday, Sept. 15 and 16, 1 to 7 p. m., at Scharbauer Hotel by Mr. and Mrs. J. C. Hammer, at which time he will test the hard-of-hearing for individual hearing deficiencies. This clinic will also serve to introduce a new Acousticon development in hearing aids. This new hearing aid, by the world's first and oldest manufacturer of electrical hearing aids, offers clarity of tone without the harsh background noises usually encountered. This instrument, in spite of its power, is small, even with the batteries enclosed!

## Inside Curves

Fashions' curves are an inside story this autumn. Hattie Carnegie pads the hipline of the skirt with her brown woolen suit (above) with the still rounded underskirt (inset) which reaches to mid-thigh. Suit jacket is short and snug-fitting to provide contrast.

Boned and back-laced "minimizers" are Hattie Carnegie's gift to the waistline that needs dwarfing. Her modern device is capable of a squeeze-play reminiscent of old-time stays, a bed post and an obliging knee. In the Carnegie corset a waist is minimized and hips are magnified.

Adele Simpson's waistline belittler is a wide inner belt built into a skirt or dress. This belt of stiff grograin is seamed with inverted tucks to curve in a waist, round out hips.

Prefabricated contours devised to blow out the hipline are fashioned of crinoline and make rather weird-looking undergarments. Brownie's is a black crinoline petticoat, used as understructure to bounce out full-skirted evening gowns. Hattie Carnegie's more spectacular underskirt is mid-thigh length, goes over a slip, and is designed to bolster the hipline of daytime suits.

## Congratulations To:

Mr. and Mrs. A. L. Reeves on the birth Sunday of a son, Gary Don, weighing 8 1/2 pounds, 14 ounces.

## BOOK REVIEW

Mrs. W. C. Cartwright will discuss "Proud Destiny," a new book, by Lion Feuchtwanger, at 4:30 p. m. Wednesday over KCRS.

## GARDEN CLUB TO MEET

The Yucca Garden Club will meet at 9:30 a. m. Thursday in the home of Mr. Lucia Sprinkle, 305 South Pecan Street.

## Maids And Cooks Must Have Health Permits

Dr. F. E. Sadler, director of the Midland - Ector - Howard County Health Unit, Monday issued a warning to Midland citizens who hire maids or cooks that all such domestic employees are required by city ordinance to have health certificates.

The health officer said it had come to his attention that persons denied permission to work in Midland food establishments had taken positions as cooks and maids in private homes.

Mr. and Mrs. C. W. Kerr and son left Sunday for Portersville, Pa., where they will visit their daughter and son-in-law, Mr. and Mrs. Clarence Wilson.

## WORN OUT FROM GETTING UP NIGHTS?

If you get up nights—have frequent desire to pass your water—yes, and have backache, due to excess acidity in the urine, be glad you're reading this: Three generations ago Dr. Kilmer, a famous doctor, found hundreds of his patients with this trouble. So he made a medicine of 16 herbs, roots, vegetables, balsams. He called it "Swamp-Root." Millions of men and women have taken it—often with amazing results. Swamp-Root goes right to work to flush out kidneys... increases flow of urine, helping relieve excess acidity... so the irritated bladder gets a good flushing out, too. Many report getting a good night's sleep after the first few doses. Caution: take as directed. For free trial supply, send to Dept. R, Kilmer & Co., Inc., Box 1155, Stamford, Conn. Or get full-sized bottle of Swamp-Root today at your druggists.

## Wallace's Change Of Heart

In a Labor Day speech in Detroit, Henry A. Wallace had this to say: "We must replace the school of scarcity economics, which destroys effective price control in time of shortages; which limits investment from lack of self-confidence, which develops a foreign policy based on the needs of reactionary capitalists rather than the needs of the nation."

Wallace might have trouble in proving the contention which forms the last part of that sentence, and which parrots the Moscow propaganda line. But he does seem to be on solid ground when he attacks the "school of scarcity economics." And to some who remember him as secretary of agriculture back in the middle 30s, it may come as a surprise to learn of this apparent change of heart.

For it was Wallace, we seem to recall, who ordered the slaughter of the little pigs. It was Wallace who espoused the idea of telling farmers how much they could grow, and of paying them for not growing any more. It was Wallace who was, without doubt, the dean of the faculty in that school of scarcity economics.

But now some of the wicked capitalists are accused of doing, in the production of durable goods, just what Wallace did some years ago in the production of food—limiting output, in order to keep prices up. And suddenly Wallace finds this to be a very evil and unsound practice.

He will find a good many supporters of his present views. And he will also find some who will go a step further and condemn the labor union practice of featherbedding as an evil and unsound practice, and for precisely the same reason.

We don't know how true the accusations of this speech may be. The steel industry, principal target of the charges, says that it is simply swamped with a backlog of orders for its basic product, and that it is spending hundreds of millions this year for improvements and expansion of productive capacity. A Federal Reserve statement says that American industry, as a whole, is plowing back 70 per cent of its profits and paying 30 per cent as dividends.

Wherever the truth may lie, Wallace's implication that an economic system of scarcity is official Washington policy doesn't square with the facts. Wallace seems intent on uniting the farm and labor vote in a fight against our present economic system—or against what he calls "reactionary capitalism," which he charges "owns" both major parties.

If Wallace has lost faith in the economic system based on private capital it would be well for the sake of his present and future followers, if he would say so frankly. If he feels that scarcity economics is endangering the country's welfare, he might declare war on it all down the line.

As it is, he seems intent on doing the country a disservice, as well as fostering his own ambitions, by dividing, confusing and embittering a segment of the American people as a prelude to possible political action.

## A Start Toward Convalescence

Seven out of 10 European countries showed a gain in industrial production last month. This is not only encouraging but a little surprising. For there have been times when it seemed that Europe was waiting for the Marshall Plan as if it were an oxygen tent instead of what it obviously was meant to be—a tonic.

If the present happy state of recovery continues, the patient should be in shape next year to receive the maximum benefit from Dr. Marshall's treatment.

## Panhandle Has Snappy Weather

By The Associated Press  
The season's snappiest weather covered the northern half of Texas Monday morning and was expected to be down to Brownsville by night. Temperatures came within four degrees of freezing in the Northern Texas Panhandle early Monday as a cool mass of air entered the Panhandle weather gateway. Miami reported a low of 36 degrees.

## Shrine Party To Be Held Monday Night

An entertainment honoring Congressman Ken Regan, president of the Midland Shrine Club, will be given by the club for all Shriners and their ladies Monday night in the Log Cabin Inn on West Highway 80. C. W. VanAlstyne is in charge of the program.

The Midland Lions Club Philharmonic Hill Billy Orchestra will provide special entertainment and the Log Cabin Orchestra will furnish dance music.

## COTTON

NEW YORK — (AP) — Cotton futures Monday noon were 95 cents to \$1.90 a bale higher than the previous close. Oct. 31.94. Dec. 31.66 and March 31.70.

## Oil & Gas Log—

Continued from page 1  
en. Operator is remedying that condition so that the planned drillstem test can be taken. Unofficial sources report that the formation which is to be investigated is probably Ellenburger.

**TOM GREEN WILDCAT IS SHUTDOWN FOR ORDERS**  
Texaco No. 1 Wilde, Southeast Tom Green County prospector, about 14 miles southeast of San Angelo, and 660 feet from north and 8,200 feet from west lines of the M. M. Boden survey, was bottomed at 5,300 feet in an unidentified dolomite and was shutdown for further orders.

So far as has been learned no shows of oil or gas have been encountered. The wildcat was projected to the Ellenburger when it started. Operator has not officially revealed whether that formation has been entered, or not.

**PURE-HUMBLE 1 COWDEN HAD VARIETY OF SIGNS-SHOWS**  
The Pure Oil Company and Humble Oil & Refining Company No. 1-E-A Cowden, discovery for that prevented the test being taken. Ellenburger production at 9,990-10,633 feet, on the north side of the Dollar Hide field in Southwest Andrews County, and 1,980 feet from west and 660 feet from south lines of section 24, block A-52, ps survey, was running a drillstem test to current bottom at 10,120 feet.

Recovery from a drillstem test, run several days ago at 10,049-68 feet, was the 2,500-foot water blanket, 5,700 feet of oil, 737 feet of sulphur water, and 80 feet of drilling mud, cut with sulphur water.

A core at 10,062-98 feet recovered 24 feet of dolomite, which contained some sections with large pores filled with dead oil, and carrying an odor of sulphur water. A core at 10,092-98 feet recovered four and one-half feet of tan and grey dolomite, with porosity and oil stains. There was no dead oil, and there was no odor of sulphur in that core. The hole was then cored to 10,101 feet, and drilled from 10,101 feet to 10,120 feet. Description of that core has not been reported.

**DAWSON WILDCAT TO BE PLUGGED AND ABANDONED**  
Humble No. 1 Weaver, Central Dawson County wildcat, on the northwest side of the town of Lamasa, and 1,980 feet from south and 660 feet from east lines of section 68, block 35, TP survey, T-6-N, ran a 60 minute drillstem test at 4,673-4,865 feet, in the San Andres-Permian.

Recovery was 720 feet of salty, sulphur water. No shows of oil or gas were developed. The prospector has been abandoned and will be plugged.

**IS MAKING MORE HOLE**  
Magnolia Petroleum Company No. 1-A Guffee, Northeast Howard County wildcat, 1,980 feet from west and 660 feet from north lines of section 58, block 20, Lavaca Navigation survey, had reached 6,700 feet in line and was drilling ahead. Interested observers report that the exploration may be in the Pennsylvanian. That report was not been officially confirmed.

## Dominican Republic Withdraws Minister From Franco's Spain

**LAKE SUCCESS**—(AP)—The Dominican Republic Monday announced it had withdrawn its minister from Madrid in compliance with a 1946 United Nations Assembly recommendation slapping at the Franco regime in Spain.

The announcement on the eve of the 1947 Assembly in New York left Argentina listed as the only UN member which has not complied with the majority recommendation of the 55 nations that all recall their top level diplomats from Madrid.

The Argentine government did not have an ambassador in Madrid when the anti-Franco resolution was adopted last Fall but disregarded the UN action and sent a new envoy to the Franco government soon after the assembly adjourned in December.

## Circus Arrives For Performances Here

**Roger Brothers Three-Ring Circus** arrived in Midland Monday and was setting up near the softball park on West Highway 80. Two performances were scheduled, 3 p. m. and at 8 p. m. Features include 27 sensational acts by scores of performers and many trained and wild animals.

## Jester Supports Operation 88,888

**AUSTIN**—(AP)—Gov. Beauford H. Jester Monday urged a strong National Guard as the immediate answer to the twin threats of "subversive activities," and "future armed conflict."

He officially opened "Operation 88,888" in which the Texas National Guard seeks 3,295 recruits for its 285 active units. The kickoff program in the chamber of the House of Representatives was one of half a dozen similar shows over the state, Adjutant General K. L. Berry said.

Jester explained that the national campaign seeks to enlist 88,888 National Guard recruits in the 88,888 minutes of the 61 days between September 16 and November 16. Teams of National Guard officers and enlisted men will go afield Tuesday to sign up recruits over the state and nation.

## Receives Cuts In Altercation

Police reported C. T. Beal of Midland received cuts in an altercation near the Scharbauer Hotel Sunday evening. Officers said Buddy Creech was involved in the affair. The case was referred to county authorities. Charges may follow an investigation in progress by County Attorney Joe Mims, he said.

## Australian War Brides Wish To Return Home

**SYDNEY**—(AP)—Arthur A. Caldwell, Australian minister of immigration, said Monday, following his recent visit to the United States, that at least 80 per cent of the 10,000 Australian war brides in America wanted to return to their homeland with their husbands and families.

## SCOUT MEETING SATED FOR 7:30 AT COURTHOUSE

Midland Boy Scouts will hold a Board of Review in the Assembly Room of the Courthouse at 7:30 p. m. Monday.

All Scouts who have passed requirements for First Class, Star, Life and Eagle ranks or merit badges and have not met the board were requested to be present.

Scouts are required to appear before a Board of Review before awards can be made at the Court of Honor to be held in the District Courtroom Thursday at 7:30 p. m.

Mrs. T. A. Coppinger, 75, is the only Gold Star mother of two world wars in the county of Callahan, Texas. She is the mother of 15 children. Her birthplace was Athens, Tenn., and she now resides near Cross Plains, Texas.

## Choice Steers Set New Price Mark

**CHICAGO**—(AP)—Choice steers set a new nine-month high price at Union Stockyards Monday selling for \$35.50 a hundred pounds, or the same as December 11 and 25 cents higher than the new-crop market set last Wednesday. It was the highest price on record for September. Other grades and classes of cattle, however, were steady to 25 cents a hundred pounds lower. Hogs were steady to 25 cents higher and sheep steady to 25 cents lower.

## ARMY SERGEANT PLEADS INNOCENT TO CHARGE

**NANKING**—(AP)—Sgt. Joseph Cervonne of Bronx, N. Y., pleaded innocent Monday before a court martial board to charges of murder in the death of two Chinese who were pushed from a bridge August 1. He was one of four soldier participants of a prewedding party August 1, when the Chinese drowned.

## MIDLAND FIESTA WILL HAVE BIG PARADE

Highlights of the Fiesta will be a parade at 2 p. m. Tuesday and a speech Tuesday evening by Congressman Ken Regan at a platform pavilion on Lamesa Road at 8 p. m.

## LEGISLATOR DIES

**HILLSBORO**—(AP)—D. B. Walker, secretary of the Hillsboro Masonic Lodge and former state floral representative from Hill and Navarro Counties, died here Sunday night.

The AAF expects to rid its plane radios of static by using micro-waves, very short radio waves.

## Midland Merchants Reserving Booths For County Fair Exhibits

Growing interest in the Midland County Fair, which opens Friday, was shown Monday morning in the announcement by a number of Midland firms that they were planning exhibits in the fair building at 303 South Colorado Street.

Among businesses which have requested space for exhibit booths were Shur-Fit Venetian Blinds, Texas Electric Service, Midland Tractor Company, Wes-Tex Equipment Company, Ray Gwyn Office Supply, and T. Paul Barron Saddlery. The Business and Professional Women's Club also will have a booth in the fair.

Other Midland establishments and organizations were expected to make space reservations Monday afternoon and Tuesday. Space for a number of booths still was available Monday noon. Delbert Downing, Chamber of Commerce manager, reported.

## Parade Will Be Large

Meanwhile, Midlanders working on opening parade plans said prospects indicate this event will draw at least 50 horses and riders, plus a large number of vehicular floats and the school band. T. Paul Barron is in charge of the mounted section, assisted by James L. Daugherty, Butler Hurley, and L. M. Freels.

Winston Hull is chairman of the vehicle committee, assisted by Bud Bissell and Earl Johnson.

Horsemen in the parade will assemble at 9:30 a. m. Friday at the west side of the High School. Barron said Monday. Vehicles will assemble at the same time at the corner of Texas and A Streets. The parade will progress east on Texas Street to Lorraine, thence south to Missouri, east on Missouri to Main, North to Texas again, and east to the corner of Texas and Baird.

## Believe Kidnapped Child Is Found

**HOUSTON**—(AP)—A Federal Bureau of Investigation agent said the description of a year-old baby girl, which a Houston man told police was left with him by a hitch-hiking woman, is that of a child kidnapped from a vacationing Massachusetts couple in a Galveston tourist court June 10.

Carl Sherman, assistant agent in charge of the Houston FBI office, said the weight of the child, its complexion, height and a "red spot" on the back of its neck all fit the description of Bernice Henry, daughter of Mr. and Mrs. Leonard Henry of Massachusetts.

Sherman said agents are checking with Houston probation authorities, who are caring for the child, and that if it appears certain the baby is that kidnapped at Galveston witnesses from Galveston will be brought here for further identification.

## Another Tropical Storm Is Reported

**MIAMI, FLA.**—(AP)—Ship reports that a second tropical storm was developing in the South Atlantic Monday sent an Army hurricane hunter aircraft into the "area of suspicion" to make a visual survey.

The Navy Weather station reported that the area under suspicion was a few hundred miles South of the point at which a violent 140-mile an hour hurricane now sweeping west northward up the Atlantic was first discovered last Thursday.

## CIO Wants Congress To Reestablish Price Controls Immediately

By The Associated Press  
A CIO leader Monday urged that a special session of Congress be held immediately to reestablish price controls and rationing.

Frank J. Bent, president of the Rhode Island CIO, told a Congressional subcommittee holding public hearings on the price situation he believed high corporate profits rather than wages were responsible for the upward price spiral, and added, "The situation has become insufferable."

"We demand an immediate special session of Congress to take action now," he said. "We have seen our standards of living impaired by uncontrolled inflation. We have waited long enough for business men to heed the call for voluntary restraint. There is only one effective way to control inflation: The government must control prices and ration scarce commodities."

The 21-year-old twins hail from Rome, Alabama, and will be based in Memphis, Tenn.

**Former Resident Is Buried In Midland**

Funeral services were scheduled in the Ellis Funeral Home Chapel at 2 p. m. Monday for Mrs. Joe Wisdom, 66, former Midland resident, who died suddenly Friday at the home of a son, John Wisdom, in Haskell.

Mrs. Wisdom, who came to Midland in 1897, residing here several years, had been living in Arkansas recently, and was visiting in Haskell at the time of her death.

Survivors include the husband, Joe Wisdom, Lamar, Ark.; four daughters, Mrs. J. C. Locklar, Midland; Mrs. Annie Royal, Lamar, Ark.; Mrs. Jim Locklar, Lubbock; and Mrs. Ed Scroggins, Pecos; two sons, John Wisdom, Haskell; and Joe Wisdom, Kermit; two brothers, Walter Hitt, Lubbock, and John Hitt, San Angelo; and several grandchildren and great grandchildren.

Pallbearers are Ed Darnell, Alvin Roberts, Lon Roberts, Ben Hall, H. G. Bedford, J. R. Smith and Frank Smith, Jr.

This high-styled coiffure, one of the features at a recent Australian hairdressers convention in Sydney, is called "Orchid Fantasy." The experts went all out with unique hair-dos.

**Up Down Under Truman Faces Difficult Decision**

WASHINGTON —(AP)— President Truman is due home from Rio this week to face what may be one of the most difficult decisions of his administration — whether there should be a special session of Congress to provide emergency aid for Europe.

The Chief Executive's top advisers appear to be split on the subject.

Secretary of State Marshall, now in New York; for the United Nations assembly meeting, is expected to return as soon as possible after Truman arrives on Saturday to present the State Department's case in favor of a special session call.

Opponents of the State Department's view have been less outspoken than Marshall and Undersecretary Lovett.

**Man Is Killed In San Antonio Club**

SAN ANTONIO —(AP)— One man was killed and another critically wounded by a stray bullet during an exchange of five shots at the San Antonio Press and Radio Club Sunday night.

Dead was Albert Monroe Dupray, 32, a guest of one of the members. He was shot through the head. Jay Garrick, 22, ex-reporter, was reported in a critical condition after having been shot through the stomach, police reported.

**AUTOMOBILES COLLIDE**  
Police reported a collision Sunday at the intersection of West Texas and A Streets between Automobiles driven by D. V. Hines and Simon Reyes. No injuries were reported.

There are 107 men for every 100 women in rural America.

**Only 4,000 Workers Seek To Leave Texas**

COLLEGE STATION —(AP)— The number of Latin-American migratory farm workers attempting to leave Texas for Northern and Eastern jobs has been set at 3,000 to 4,000 by Cesar Hohn, head of the labor replacement program of the Texas Extension Service.

Texas Saturday night blocked its borders to migratory workers seeking to leave the state under the urging of labor crew recruiters who had not complied with the Texas law regarding labor agents.

**ESTHER WILLIAMS INJURED**  
HOLLYWOOD —(AP)— Esther Williams suffered a broken left ear drum while swimming for an underwater scene at her studio Friday, Ben Gage, her husband, said Monday.

**Whirling Sandstorm Damages Clarksville**

CLARKSVILLE, TEXAS —(AP)— A whirling windstorm ripped through Clarksville early Monday smashing several plate glass windows and damaging roofs and awnings.

The storm came out of the northwest, accompanied by 75 of an inch rain and severe lightning. No injuries were reported.

Mexicans call the Texexpan Man 15,000-year-old skeleton of an early American, "Panchito."

### Democrat Predicts Tax Battle When Congress Returns

WASHINGTON — (AP) — Emphasizing the uncertainty of America's future foreign spending, Rep. Doughton (D-Mo.) has raised a "go slow and be careful" sign ahead of Republican plans to launch a new drive bent on slashing individual income taxes by \$4,000,000,000 or more.

This stand by the veteran lawmaker, who managed tax legislation when Democrats controlled Congress, foreboded a tax battle when Congress returns.

Doughton supported the last Republican effort to reduce taxes by \$4,000,000,000 next January 1, but he has indicated he feels the world situation has presented new considerations that must be taken into account.

President Truman, who twice used his veto power earlier in the year to kill Republican tax reducing efforts, recently estimated that the treasury surplus in the fiscal year ending next June 30 will be almost \$5,000,000,000. But he said this should be used to pay on the public debt and as a standby fund ready for any emergency at home or abroad.

Differing with the President, Chairman Knutson (R-Minn.) of the tax-framing House Ways and Means Committee, has announced he would renew the tax-cutting drive in January.

### Dr. Barney Grafa, Jr., Purchases Hospital And Clinic In Eden

Dr. Barney G. Grafa, Jr., of San Angelo, son of Mr. and Mrs. B. G. Grafa of Midland, has purchased the Eden Clinic Hospital in Eden, Texas, and plans to reopen it about October 1.

The 11-bed hospital, with separate office and clinic space, is being renovated and will be opened when the project is completed. He will begin consultations about September 20. Dr. Grafa purchased the hospital from Dr. F. T. Carbery who is retiring because of ill health. The new owner, his wife and three-year old daughter, Ann, are expected to move to Eden this week.

**Served Overseas**

The doctor, a general practitioner and surgeon, has been associated with the Shannon Memorial Hospital in San Angelo the last year. A native of Midland, he attended Texas Tech, the University of Texas and Baylor University at Waco, where he received his BA degree in chemistry. He graduated from the Baylor College of Medicine in Dallas and interned at the Baylor University Hospital there.

He was in the Army two and a half years in France and Germany and spent several months after VE-Day in Paris and Marseilles medical centers. He was discharged September 4, 1946.

### European Crisis May Force Special Congress Session

**By DeWitt MacKenzie**  
**Ap Foreign Affairs Analyst**

The European crisis is rapidly worsening and Secretary of State Marshall tells us that temporary aid, which only Congress can authorize, must be provided this year to meet the immediate threat of intolerable hunger and cold — an intimation that he thinks a special session of Congress will be needed, and a sharp reminder of the American public of further heavy cash expenditures to be met.

Simultaneously London has made an urgent plea that America take over the major portion of Britain's occupation costs in Germany, totaling \$380,000,000 yearly, and there are reports in Washington that the sixteen nation conference in Paris that the U. S. A. will have to provide some \$321,000,000 over a period of four years to make the Marshall Rehabilitation Program function.

These fresh obligations hit the American taxpayer on a raw and very tender spot — his pocketbook. He is especially concerned in view of the spiraling cost of living in his own country, and is uncomfortably reminded that the United States spent over \$297,000,000,000 towards "winning" the war.

Wars of such magnitude reach a momentum which can't be stopped by a yell of "enough." It's form changes, but it still grinds on as an economic catastrophe because of the vast expenditure in human lives and in resources of all kinds.

**War Isn't Over**

So World War II isn't finished by a long shot. Not only is it continuing as an economic crisis, marked by stark hunger in many countries, but there has been superimposed a conflict of political isms — aggressive Communism versus Western Democracy — which might lead to another global upheaval unless the rival ideologies can reach some understanding of live and let live.

Therefore the further sacrifices which we are being asked to make now must be regarded as part and parcel of the obligations of the war which we should like to regard as concluded. And our contribution isn't wholly altruistic, since the welfare of the United States and the rest of the Western Hemisphere is bound up in the welfare of Eurasia.

To put it coldly, if the Eastern Hemisphere should go under economically, the Western Hemisphere could scarcely hope to avoid disaster.

### Diplomatic Spotlight Centers On Election Of President For UN

NEW YORK — (AP) — The diplomatic spotlight Monday centered on the election of a president for the United Nations General Assembly in the midst of intensified preparations for Tuesday's opening session.

Word leaking out of hotel conferences among many of the 55 delegations showed Dr. Herbert V. Ewart of Australia and Dr. Oswaldo Aranha of Brazil running ahead for the assembly leadership. Foreign Minister Jan Masaryk of Czechoslovakia, carrying the support of the Soviet bloc, was regarded as a dark horse candidate.

### Facts Will Be Ready For President Truman

WASHINGTON — (AP) — Top Administration officials expect to be able to supply President Truman with enough "hard facts" on the European crisis when he returns to Washington next Saturday so he can speedily decide whether a special session of Congress is warranted.

Truman is expected to make known within a few days after his return whether he considers the situation sufficiently grave to bring the lawmakers back together.

The State Department, obviously plugging for urgent congressional action to provide further assistance to Europe this year, has moved to slash red tape at the Paris Economic Conference.

### Gibson Doubts Value Of State Labor Laws

DURHAM, N. C. — (AP) — John W. Gibson, assistant secretary of labor, expressed serious doubt here recently that state laws regulating labor "will contribute greatly to industrial peace."

"And if employers try to take undue advantage of them," he said in a talk at a conference of New Hampshire industrial supervisors, "they will, no doubt create industrial unrest."

Lobsters are more closely related to spiders than to fish.

### Motorist Cures Attack Of Sneezes

MILWAUKEE — (AP) — Charles Brooks found out Sunday how to stop an attack of the sneezes.

Driving along a city street he was seized with a sneezing spell so violent he lost control of his car. It climbed 10 feet up a telephone pole guy wire — and stayed there.

Brooks eased himself out, brushed off his clothing and walked away to call a wrecker. He wasn't hurt — nor was he sneezing any more.

### Northern States May Get Frost Monday

**By The Associated Press**

A forerunner of Autumn was overspreading all the Northcentral States Monday with the possibility that it might bring light scattered frosts Monday night to Northern and Central Wisconsin and Minnesota.

The Chicago Weather Bureau said the mercury probably would dip to the middle 30s Monday night in both those states, and to the lower 40s generally elsewhere in the Central and Upper Midwest.

Scattered showers with continued war weather were forecast for the South while the northeastern states could expect fair and warmer followed by scattered showers.

The Rocky Mountain States would have partly cloudy and warmer weather, the bureau said, with generally fair forecast for the West Coast States.

### Stanton Club Members Back From State Meet

STANTON — Five Martin County 4-H Club boys and girls returned last weekend from College Station where they attended the State 4-H Round-Up.

James D. Eland, county agent, and Mrs. Imogene Ledbetter, county home demonstration agent, also attended the sessions. County Judge B. F. White took the club members to College Station, and was acclaimed as the first county judge to take a delegation to the state meet.

The club members attending were Bob Cox, John Dale Kelly, Billy Joy Angel, Pearl Howard and Joy Anderson. Miss Angel entered the state dress revue.

Judge White, Mrs. Ledbetter and the girls returned to Stanton Saturday, and Eland and the boys returned Sunday.

### Radioactivity Tests In Canada To Help Farming And Industry

CITAWA, CAN. — (AP) — The possibility of new developments in agriculture and industry, as well as in medicine, through experimentation with radioactive elements has been disclosed by C. J. MacKenzie, President of the Canadian Research Council.

MacKenzie told newsmen that experiments at Chalk River, Ontario, had been carried out by a natural scientist from the University of Saskatchewan who used radioactive elements or isotopes to ascertain how and when plants get essential nitrogen from the soil.

MacKenzie said these experiments might result in significant changes in fertilizers used, and added that similar applications probably would follow in other agricultural and industrial fields.

**New Uranium Deposits**

The news conference also heard C. D. Howe, Canadian Minister of Reconstruction and head of the country's Committee on Industrial and Scientific Research, who said new uranium deposits had been discovered in Canada's northlands.

Howe also told newsmen that Canada now has the world's largest supply of heavy water, which the Chalk River plant uses for the main production of plutonium. It is used also in making by-product isotopes, he said.

Howe said that the heavy water atomic energy pile which he described as the biggest in the world now was producing radioactive isotopes in quantity.

Explaining Canada's role in Canadian-American plans to release radioactive by-products for research, Howe said this major atomic oven had gone into production last spring and now was twice as big as the low-energy pile which Britain placed in operation last month.

The four-toed cottontail was the forerunner of the horse.

### Grand Fiesta Opens Monday

A Grand Fiesta for Midland's Latin-American citizens will open at 8 p. m. Monday in the 500 block of the Lamesa Road.

The second night of the Fiesta is scheduled to start at 8 p. m. Tuesday.

Coronation of a queen, the appearance of her court and dancing are features of the fiesta.

In addition to the event was a Sunday baseball game between the Midland Colls and a team from Old Mexico and also a game was scheduled at 3:30 p. m. Monday in Indian Park.

### Scientist Says World Headed For Suicide

PHILADELPHIA — (AP) — Since the discovery of radioactivity of uranium 51 years ago "the human race has unwittingly made elaborate preparations for suicide on a heroic scale," says Dr. Harry B. Friedgood of the University of California at Los Angeles.

Dr. Friedgood told the eighth annual conference of science, philosophy and religion of the American Philosophical society the situation now "provides a modern version of the same forces that led to the decline and dissolution of by-gone cultures. Only this time, another civilization is unlikely to inherit what is left of our cultural estate."

### Marathon Plans Big Highway Celebration

MARATHON, TEXAS — (AP) — Barbecue from eight chuck wagons, cowboy tunes and square dancing, calf-roping and real western celebration will go to make up the program with which Marathon and the Big Bend country will "cut the ribbon" next Saturday on Highway 227 from Marathon to Persimmon Gap, at the entrance to Big Bend national park.

"We've asked Governor Jester to come out," U. S. Standlee, president of the Marathon Service Club, reported Saturday.

Dewitt Greer, Texas state highway engineer, and Fred Wemple, Midland, member of the State Highway Commission, inspected the new road a week ago.

### British Reveal German Documents

LONDON — (AP) — The power of Winston Churchill's words, the tides of the English Channel, and the do-or-die British air fighters proved insurmountable barriers to Hitler's intended invasion of England.

These forces against aggression, which tipped the scales even in the heyday of Nazi strength, received credit in a British Admiralty report on German naval documents captured by British and American intelligence officers during the war.

### Crime Programs Will Be Scheduled Late

ATLANTIC CITY, N. J. — (AP) — The National Broadcasting Company has announced it would not broadcast detective, crime or mystery programs before 9:30 p. m. (New York time) beginning Jan. 1, 1948.

The action was taken, NBC said, "in order to further reduce the exposure of juvenile and adolescent minds to crime suggestions."

### Colts Downed, 7-3 By Piedras Negras

The Midland Colts went down swinging before the Los Marba Cafe nine from old Mexico, Piedras Negras, Sunday in Indians Park, 7-3.

The two teams squared off Monday afternoon in Indian Park for the deciding contest of the Latin-American series.

### THE "EYES" HAVE IT

The hinged edges we see on a star are only imperfections in our own eyes. The dot of light spreads out after it reflects the eyeball, much as a dot of ink spreads on a blotter.

### ENTER YOUR EGG NOW in the LARGE EGG CONTEST

(For Chicken Eggs Only)

Sponsored by the 4-H Club Boys and Girls of Midland County

Prizes will be given for the 3 LARGEST EGGS entered!

Mail Or Bring Your Entry To The YUCCA THEATRE

1st Prize — 90 day pass to Yucca  
2nd Prize — 60 day pass to Yucca  
3rd Prize — 30 day pass to Yucca

Prizes will be awarded at close of contest Sunday, Sept. 21, 1947. In event of a tie—prize will be divided equally.
