British Cabinet Shakeup Reported

MAT Dedication Ceremony Nov. 1

Midland Air Terminal will be dedicated officially and airlines landing there will be welcomed in an impressive program and ceremony at the giant airfield Saturday, November 1, it was decided at a meeting of members of the Aeronautics Committee of the Midland Chamber of Commerce with airlines representatives Monday afternoon.

Chairman John W. House of the Aeronautics Committee, who presided at the session, said plans call for staging the largest and most elaborate airport program in the history of West Texas. All residents of the area are invited to attend.

More Pork Production Is Planned

WASHINGTON—(AP)—The Agriculture Department is working on ways to keep the present grain emergency from creating a "meat famine" late next year and in 1949.

The plan, as tentatively drawn, calls upon farmers to produce large numbers of pigs next year on the gamble that bounteous crops will relieve the feed grain shortage.

British To Set Withdrawal Date From Holy Land

LAKE SUCCESS—(AP)—The British Government has speeded up consultations to fix a date for withdrawal from Palestine, informed British quarters said Tuesday.

These quarters said this question was now being considered urgently by British officials in London and British administrative and military leaders in Palestine.

Production Usually Off

Best production is declining because the nation is slaughtering cattle faster than they can be produced. Lamb production is off sharply from wartime levels. Under these conditions a sharp increase in hog production next year would be needed to maintain a high level of meat production for 1949.

Goal 50,000,000 Pigs

If next year's grain crops turned out to be large, farmers already would have the livestock to feed and hence to provide large supplies of pork during the Fall and Winter of 1948-49.

If, on the other hand, feed grain crops should turn out to be short again, farmers could market their hogs at light weights. Of course, total pork supplies would be much smaller.

Weather

Becoming partly cloudy with no important temperature changes Tuesday night and Wednesday. Maximum temperature Monday was 78 degrees, minimum 63 degrees. Minimum Tuesday was 63 degrees.

Cake That Takes The Cake

This cake cost \$4,000,000—but they were Chinese dollars, worth 2 1/2 cents apiece. The elaborate pastry went on sale at the Midland Autumn Festival in Shanghai, where confectioners had a field day and went all-out for fancy baking, despite government austerity measures. Photo by NEA-Acme staff correspondent Warren Lee.

Rizzuto Makes Double Play And Two Yards Over Center

Phil Rizzuto, Yankee shortstop, files through the air over Jackie Robinson, Dodger first sacker, after taking Eddie Walker's grounder, touching second base to retire Jackie, and rifling the ball to first to nail Walker for a double play. George Strinwisel, second baseman, is at left. This unusual action photo, one of the best of the series, was made by Acme photographer, Eddie Jerry, in the first inning of the sixth game as the Dodgers won, 3-6.

Nation Responds To President's Appeal

WASHINGTON—(AP)—A hike in margins on the nation's big grain exchanges at the insistence of the government Tuesday ushered in the first of President Truman's "meatless Tuesdays" to save food for Europe.

The markets at Chicago, Kansas City and Minneapolis doubled the cash down payment on deals for future delivery, as demanded by the President to curb what he called "gamblers in grain."

General Inspection Wednesday Features Fire Prevention Week

Tuesday was Clean-Up Day in Midland as the city observed the second day of Fire Prevention Week, sponsored by the Jaycees.

Citizens were asked to remove all rubbish from their yards and alleys, high school students practiced fire drills, and E. L. Stephens discussed fire prevention in an address over KCRS.

Wheat Exports Rise

The United Nations food and agriculture organization predicted more people will die of hunger next year than were killed in any year of the war, and that present shortages will continue beyond the 1948 harvests.

The Agriculture Department disclosed it stepped up wheat purchases for export to 23,963,674 bushels last week compared with 9,089,880 bushels the week before.

Showdown Sought In Parole Investigation

WASHINGTON—(AP)—Rep. William W. Wicker called Tuesday for a showdown with the Justice Department over whether his committee has a legal right to look at the records on the parole of four former Chicago gangsters.

He ordered subpoenas for Attorney General Tom Clark and Daniel M. Lyons, chairman of the U. S. Parole Board, to appear before the House Executive Expenditures Committee Tuesday with the papers in the case.

U. S. Crude Oil Output Drops, Texas Gains

TULSA, OKLA.—(AP)—Production of crude oil in the United States during the week ended October 4 averaged 3,211,435 barrels daily, a drop of 915 barrels from the previous week, the Oil & Gas Journal reported.

The heaviest decline was in Kansas, with output, which at 288,200 barrels was 10,600 barrels lower.

Grand Jury To Probe Shooting At Lindale

TYLER—(AP)—The grand jury has been called Wednesday to consider the case of E. W. Turner, town marshal at Lindale, charged with murder after the death of Jean Sellers, 22. Sellers was shot twice Saturday afternoon near the Lindale jail and died in a hospital here.

Fuel Minister To Be Dropped, Says Star

LONDON—(AP)—The London Star reported late Tuesday that Prime Minister Attlee had removed Fuel Minister Emanuel Shinwell, the chairman of the Labor Party, from his cabinet in a large scale governmental shakeup.

Shinwell will become war minister, a job which does not carry cabinet rank and puts him under the immediate supervision of the defense minister, the Star said.

Big Four To Talk Treaties

LONDON—(AP)—The British Foreign Office announced Tuesday Russia had agreed to a meeting of the Big Four Foreign Ministers Council November 25 for a second attempt to write a German peace treaty, which may provide a crucial test of world cooperation.

A spokesman for the foreign office at the same time declared the manifesto issued by Communists of nine European nations, calling on their supporters to resist "United States and British imperialism," represented "a clear deterioration of the international situation."

War Danger Cited

The Italian Communist leader Luigi Longo denied in Rome that the information bureau constituted a Comintern—an abbreviation for Communist International—which the Russians asserted was disbanded in May of 1943, when German armies were deep in Russia and U. S. lend-lease supplies were flowing freely into the Soviet Union.

Longo said the bureau stemmed from a growing danger of war.

Versatile Officer Helps Doctor Stork

EL MONTE, CALIF.—(AP)—Policeman Joseph Ervin is pretty versatile, and he has a nifty trick to prove it.

Mrs. Dolores Del Real, 20, in a hurry to get to a hospital, got only as far as the police station Monday and, with Ervin as acting midwife, gave birth to a seven-pound, six-ounce boy, which she gratefully named Joseph.

Railroad Commission Sets Well Gas Prices

AUSTIN—(AP)—Market prices being paid at the well for Panhandle sweet and sour gas used for light and fuel purposes have been set by the Railroad Commission following a hearing at Amarillo September 4.

The new law passed by the 50th Legislature requires carbon black manufacturers using sweet instead of sour gas in their plants to pay the market price for sweet gas for light and fuel purposes as determined by the commission.

★ LATE NEWS FLASHES ★

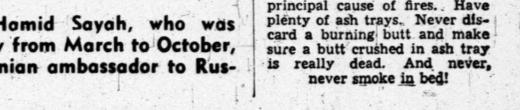

SANTIAGO, CHILE (AP)—President Gabriel Gonzales Videla ordered mobilization Tuesday of the entire 1946 class of Army Reserves "to avert a Communist Party revolutionary plan."

STOCKHOLM (AP)—The newspaper Aftonbladet declared mysterious cigar-shaped missiles were seen flying high over the city of Hudiksvall, in northern Sweden, at noon Tuesday. The objects emitted streaks of fire from the tail, Aftonbladet said.

ATHENS (AP)—Press dispatches from Kalymata in the southern Peloponnese reported Tuesday a brief earth tremor which shook the area Monday night caused a number of casualties and some damage.

BATAVIA, JAVA (AP)—A Dutch military court at Pontianak, Borneo, Tuesday sentenced Japanese Vice Admiral Daigo Tadashige to death for authorizing the massacre of 1,500 native men, women and children in West Borneo in 1944.

TEHRAN (AP)—Hamid Sayah, who was Iran's minister to Moscow from March to October, 1946, was appointed Iranian ambassador to Russia Tuesday.

HERE FROM COLLEGE STATION

B. M. Dziewas, district field officer of the Production and Marketing Administration, was in Midland Monday from College Station to visit J. A. Boyd, administrative officer of the Midland County Agricultural Conservation Administration.

S-C COCHRAN WILDCAT FLOWS OIL FROM PENNSYLVANIAN

Possibilities of the discovery of a new field in South-Central Cochran County, about 15 miles south of Lehman, from the lower Pennsylvanian, have been indicated at Stanolind Oil & Gas Company No. 1 Hall.

The prospector ran a two and one-half hour drillstem test at 10,401-402 feet. The 1,500-foot water blanket flowed at the surface in 55 minutes. Oil started flowing at the top in one hour and 10 minutes.

S-VO AND MPC EXECUTIVES VISITING IN PERMIAN BASIN

Magnolia Petroleum Company and Magnolia Pipe Line Company, executives in Midland, and in other Permian Basin oil centers are entertaining and enlightening a group of top officials of those concerns from the general offices in Dallas, and of Socony-Vacuum Oil Company, from New York. The two companies are affiliated.

Early Tuesday morning the group left Midland in a chartered bus for a two-day trip to the various oil fields of the Permian Basin. That tour is being made in order to give the visitors from New York an opportunity to become closer acquainted with the petroleum development and producing activity in this territory.

In the party are the following Socony-Vacuum officials from New York: John C. Case, vice president and director; Wilbur F. Burr, president; C. F. Beatty, director; Robert Seigel, president of Socony-Vacuum Oil Company of South America, in charge of operations in Venezuela, and Fred Bartlett, assistant to Mr. Case.

J. L. Latimer of Dallas, president of Magnolia Petroleum Company, heads the executives of that company.

Hosts to the New York and Dallas visitors, while they are in West Texas and New Mexico, are: H. A. Hemphill, district geologist, West Texas; Midland, John T. Jones, district landman, Midland; Frank Kelly, district landman, Colorado City; O. H. Beshell, division superintendent, Magnolia Pipe Line Company; V. L. Red, district superintendent, West Texas district; W. P. C. Ray Burke, chief clerk, Western division, production department; Lee Moore, acting drilling superintendent; E. L. McCormick, safety engineer; A. W. Butler, chief gauger; and R. L. Denton, pipe line scout. The last six are of Midland.

AAPG PRESIDENT TO SPEAK FOR WTGS WEDNESDAY NIGHT

'B' Bulldogs Play Breezes

They call 'em the Breezes—the 'B' team of Lamesa High's Golden Tornadoes.

Midland's "B" Bulldogs play them at 8 p. m. Thursday in the high school stadium here.

Fans are urged to turn out and see the future Bulldogs play ball. They merit the support of all and exult.

Coach Earl Christie's outfit has played in hard luck all season, dropping to Odessa and San Angelo, but it will strive to turn the luck tide Thursday.

The "B" Bulldogs are a fighting corps. They are the cannon-fodder for the "T" string. Sometimes they give the varsity quite a tussle.

See them Thursday night.

And that's not all. There will be a curtain-raiser. It is a twilight tilt, starting at 6:30 p. m. with the Bullpups of Midland playing Odessa juniors.

Purple Hunts Pass Defense

By TANNER LAINE
Most of the touchdowns scored against Midland this season have been on passes. Sweetwater, the opponent for Friday night, is a passing outfit. So—

What do you think the Midland Bulldogs went to work on Monday? It was pass defense.

And the search continues for a scoring punch.

Southwest Has Six Top Punters

DALLAS—AP—If there's anything the Southwest Conference excels in it's punters.

Statistics released Tuesday by James H. Stewart, executive secretary, on the football campaign to date—shows six players booting for better than a 40-yard average.

Leon Joslin of Texas Christian has the phenomenal mark of 58.5 but has kicked only twice. Stan Helm of Texas A&M has averaged 47.2 on seven booms. Other top punters are: Ken Holland, Arkansas, 46.0; Ed Green, Southern Methodist, 44.0; Aubrey Fowler, Arkansas, 41.7; and Carl Knox, Texas Christian, 40.3.

Holland continues to lead the ball-carriers but Donk Walker of Southern Methodist is in hot pursuit. He has played out two games to Holland's three but has rolled up 218 yards on 30 carries compared to 211 on 27 runs by the Arkansas star.

Layne Leads Passers
Bobby Layne of Texas, nation's leading passer last year, has taken up right where he left off. He has whipped the ball 28 times and connected on 17 for 362 yards.

Byron Gilroy of Texas has caught eight passes for 179 yards to lead in receiving and Walker has run two punts back 83 yards for an average of 41.5—tops in that department.

Texas leads in team offense with 1,178 yards, with Arkansas second with 1,012. Texas leads in passing with 454 yards and Texas A&M is second with 307. In rushing, it's Arkansas with 822 yards, and Texas second with 724. In defense Arkansas has allowed only 114 yards per game to be number one.

Pitching, Extra Power At Bat, Win Toga For Yanks

By JACK HAND
NEW YORK—AP—The New York Yankees won their eleventh World Series just as they figured to do—on a solid pitching edge over the snooty Brooklyn Dodger staff and the extra base power in their bats.

Game to the last out of the seventh game, the Brooks made it close all the way, on-speed and hustlers. But in the final minutes of Monday's 5-2 Yankee clincher, there was fireman Joe Page coming from the bullpen to outshine the Dodgers' best while New York strengthened its lead.

Well pitched games by Frank Shea, Alie Reynolds and Bill French, whose 8.2 1/3 innings of no-hit pitching before losing was the best job of the series—showed the Yankees' strength. Those three complete games and the relief work of Page overshadowed the vaunt efforts of High Casey, the Dodger reliever hero.

No Brooklyn starting pitcher lasted through the fifth inning and the final game followed the same familiar pattern. The Dodger starter, Hal Gregg, didn't last through the fourth.

When it was all over, reliever Page, who had been thumped soundly in Sunday's thriller, received credit for the win that prompted Larry MacPhail to dash into the clubhouse, weeping tears of joy and loosen a "surprise" announcement of his retirement.

The Yankee batting average of .282 dwarfed the Brooks' .230 and set a new series high for a seven-game set. Included among their 67 hits were 11 doubles, five triples and four homers as compared to 13 doubles, one triple and one homer by Brooklyn.

Passing up Casey because his club finally lost despite his personal 0.87 earned run average, the crown of series hero probably belongs on the head of Johnny Lindell, who missed the finale with a fractured rib.

Lindell led the hitters with 590 on nine hits in 18 trips. He scored three runs and batted in seven with his five singles.

For secondary heroes, the Yanks could put forth Tommy Henrich, who hit .323; Phil Rizzuto, who matched a .308 average with brilliant defensive play; Frank Shea, who won two games in his freshman year, or Page, the bullpen artist.

Branca Is Series Goat
If the goat tag is pinned on anybody it should go to Ralph Branca, the 21-game winner who was slugged for 12 hits and eight earned runs in 13 1/3 innings of work, or Pete Reiser, the centerfielder who played two fly balls into traps in the second game and let a grounder go through his legs for an error in the opener.

Yankee infield play surpassed Brooklyn's and Joe Dimaggio was the standout afield, despite his .231 average. Two of his six hits were homers.

The richest series in history, drawing a net gate of \$2,021,348.92 from 389,763 paying customers, may not have pleased the baseball purists but it gave the customers their full value in thrills.

Players' Pot Is Juicy
Payday for the players comes later when Commissioner A. B. Chandler mails out the checks. It has been learned the Brooks will slice up 33 shares, not including the one they voted to ex-manager Leo Durocher before Chandler said "no." That would bring their losing out to about \$4,200 each. The Yanks probably will get about \$6,300 apiece.

New single game attendance marks were set when 73,365 jammed Yankee Stadium for Tuesday's opener and 74,085 craved that mark in the same park Sunday.

UNIVERSITY OFFICIALS TO VISIT SCHOOLS HERE
Dr. James Knight and Dr. B. C. Watts of the University of Texas, Austin, will be in Midland Wednesday to confer with teachers of the Midland Independent School District, concerning school operation and teaching practices. The conferences are in line with the In Service Training Program instituted here this year. Supt. Frank Monroe said.

MacPhail And Durocher Still \$64 Questions

NEW YORK—AP—The two big questions remaining in the wake of the 1947 World Series Tuesday revolved about that old Damon and Pythias combination, Larry MacPhail and Leo Durocher.

1. Will MacPhail's resignation as president of the Yankees—dramatically announced by MacPhail himself in the clubhouse at the end of Monday's game—stick, or will he remain with the club in an advisory capacity?

2. What's to become of Leonine Leo, now that his suspension as manager of the Brooklyn Dodgers is supposed to be at an end?

Some insiders insisted that Branch Rickey, who succeeded MacPhail as president of the Dodgers, would announce his decision regarding Durocher's status at the conclusion of the series.

Rickey's reply to reporters' questions was simply: "Durocher was suspended by Mr. Chandler. We are waiting for an official announcement from the commissioner."

Golf Links Meeting Is Called Tuesday

YOU WOMEN WHO SUFFER HOT FLASHES then FEEL CHILLY-

Here's Good News!

Are you between the ages of 38 and 52 and going through that trying functional "middle-age" period peculiar to women? Does this make you suffer from hot flashes, feel dizzy, nervous, irritable, weak? Then do try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms! It's famous for this!

Many wise "middle-age" women take Pinkham's Compound regularly to help build up resistance against this distress.

Pinkham's Compound contains no opiates—no habit-forming drugs. It helps nature (you know what we mean). This great medicine also has what Doctors call a stomachic tonic effect.

NOTE: If you may prefer LYDIA E. PINKHAM'S TABLETS with added iron.

The Chiropractor and You

No. 3 of a series of articles published in the public interest to explain and illustrate the practice of Chiropractic.

THE MOST IMPORTANT THING TO KNOW about DISEASE is its CAUSE!

The least important is the name by which it is known. Going directly to the cause of the majority of so-called diseases is the reason for Chiropractic efficiency. That is why Chiropractic adjustments benefit you when all treatment methods have failed.

Chiropractors do not diagnose. They make a Chiropractic Analysis of the spine. Diagnosis is a method followed by medical doctors to remedy the trouble by studying and treating its symptoms. Chiropractic is a system of adjusting the cause of disease itself. The symptoms disappear naturally, once their cause is adjusted.

CASE HISTORY NO. 4332. A middle aged woman confined to bed for five weeks with a condition diagnosed as Inflammatory Rheumatism. Right side of neck, right arm and leg were stiff and she lay in one position unable to move. Treatment with a variety of powders and drugs was effectless. In her own words "I did not think I would be able to get up again." She finally heeded the advice of a neighbor and called in a Chiropractor.

After her first spinal adjustment she was able to raise her arm and move her head without difficulty. Within a few weeks she was able to get around with normal activity and in every respect was well.

CASE HISTORY NO. 29,716. Discharged from the U. S. Navy after seven months of hospitalization for rheumatism. Several weeks were spent in a sanitarium but the condition grew worse. Finally, his father and two other men carried him to the upstairs office of a Chiropractor where his spine was carefully X-rayed. Adjustments of misaligned vertebrae were begun and within four days he was able to walk with the aid of a cane. In one month's time he was working and feeling in excellent health.

FOR FURTHER INFORMATION concerning the modern Chiropractor and what he can do for you, phone 1256 for your appointment.

Oil & Gas Log—

(Continued from page 1)

Scott survey, was taking a drillstem test from about 10,825 feet, the top of the Ellenburger, to the current total depth at 10,096 feet. Operators had not reported having developed any apparent shows of petroleum in the section being investigated. However, few Ellenburger wells show oil or gas in drilling samples and the drillstem test is about the only way to check that formation for any producing possibilities it may have.

LION GETS FREE OIL IN DST AT CRANE PROJECT

Lion Oil Company No. 1 G. H. Cowden, wildcat in South Crane County, about four miles southwest of Crane, and 600 feet from north and west lines of section 14, block X, CCS&GNG survey, was making hole below 8,500 feet in lime. It ran a drillstem test at 8,282-8,500 feet, with the tool open six and one-half hours. Gas of 200,000 cubic feet per day, showed at the surface in 30 minutes, and continued steady for the remainder of the period.

Recovery was two stands of oil and gas cut drilling mud, three stands of clean oil, three stands of mud cut oil, and five stands of black, heavily oil and gas cut drilling mud. There was no water.

This project had shown some signs of possible production in the upper sections of the Devonian. The forgoing investigation developed more indications of petroleum than were reported from any previous test.

Some geologists think the zone covered by the latest check was possibly Silurian. Others are inclined to the idea that it is still Devonian.

AMERADA TO TEST GLORIETA SHOWS AT SEMINOLE WILDCAT

Amerada Petroleum Corporation is to test the oil and gas yielding ability of the section between 6,388 feet and 6,550 feet, in the Glorieta, middle Permian, at its No. 9 Riley, deep wildcat in Central Gaines County, about two and one-half miles northwest of the town of Seminole.

After developing some free oil and considerable oil and gas out drilling mud in the 6,388-50-foot horizon, operator encountered the water table of that formation below 6,550 feet.

The project was drilled ahead to 6,898 feet, in the upper section of the lower Permian, and no further indications of production were logged.

Operator has temporarily suspended drilling at 6,898 feet. A string of casing will be run to about 6,700 feet, and possibly swung there.

The pipe will be perforated opposite the sections in the Glorieta which produced the indications of oil and gas, and those possibilities will be fully investigated.

Should that horizon fail to show for commercial production it is expected that the exploration will be drilled ahead through the lower Permian, and into the Devonian. It was originally started to go to around 10,500 feet to test the Devonian.

The possible new pay discovery is adjacent to wells producing from the regular Seminole field pay at above 5,100 feet. It is located 600 feet from south and 725 feet from east lines of section 229, block G, WT survey.

DICKENS EXPLORATION HIGH ON UPPER LIME MARKER

W. O. Woodward, trustee, (Hunt Oil Company), No. 1 B. Williamson, Central Dickens County wildcat, ran a drillstem test, to explore the Ellenburger, three miles south of Spur, and 600 feet from north and west

McKenney on Bridge

By WILLIAM E. MCKENNEY
America's Card Authority

Today's hand was the subject of much discussion during the national championships tournament last August. With a diamond opening, East wins the first trick, and if he returns a diamond, declarer can trump in dummy and take a spade finesse. But who wants to take a trump finesse on the first round with ten trumps in sight? Look the hand over carefully and figure out the play you think gives you the best chance to make a contract.

Bertram Lebar, Jr., of New York says that South, without batting an eye, should drop the king of diamonds on East's ace. East then will not return a diamond.

believing that it would give declarer a sluff and a ruff. If a club is returned, South wins, cashes the ace of spades and finds out that West has no trumps. Declarer now leads the three of diamonds, ruffs in dummy, and then leads clubs, discarding hearts from his own hand.

If East trumps the fourth club, declarer overtrumps, picks up the queen of spades, and he still has an entry into dummy to take the heart finesse.

lines of section 139, block 1, H&GN survey, was bottomed at 2,060 feet in lime, and was to run and cement intermediate string of pipe before making more hole.

Top of the San Angelo-Permian lime was picked at 2,030 feet, on an elevation of 2,263 feet.

According to some geologists that puts it 252 feet high on the San Angelo, to the same marker in Georgia, P. Livermore, Inc., No. 1 Bird, deep, dry hole several miles to the north, and makes it 217 feet high to Blackwell Oil & Gas Company No. 1 House, another failure in Northwest Kent County.

Battle Of The Cold War

The clash between Secretary Marshall and Deputy Foreign Minister Vishinsky was the sharpest point-blank encounter so far in the so-called cold war between the United States and Russia. Vishinsky made a fierce showing and fired a lot of shots. But when the smoke cleared, away it was evident that he had been shooting a good many blanks and that he probably had picked the wrong place to stand and give battle.

The Soviet delegate's speech would have been a fine one to make in Russia. But the members of the General Assembly, unlike the Russian people, have access to both sides of the questions discussed. They have seen the train of events which has led to this cold war.

Perhaps Vishinsky's greatest error was in ignoring the causes of what he calls America's war-mongering attitude. Anyone unacquainted with the facts would have thought that Russia had never violated an agreement, never made a demand, never moved outside her own boundaries since the war.

Elsewhere Vishinsky evaded, omitted and distorted in his discussion of issues to such an extent that the result may truly be called lying. For instance, he said "the United States . . . resists any attempts to dismantle the existing stock of atomic bombs and outlaw their future production."

That just isn't so, and Vishinsky knows it. The only question is one of timing. Russia wants all American atomic bombs destroyed before any control machinery is set up.

Vishinsky said that the purpose of the Marshall Plan is "to break Europe into two camps and complete . . . the formation of a bloc of a number of European countries hostile to the interests of the democratic states of Eastern Europe, and first of all, to those of the Soviet Union."

That also isn't so, and Vishinsky knows it. All the "democratic states of Eastern Europe," including Russia, were invited to participate in the Marshall Plan. It was their refusal that helped to divide Europe into two camps.

Vishinsky said that American charges against Yugoslavia, Bulgaria and Albania are "utterly arbitrary and without any proof." He said that almost half the UN investigating commission disagreed with the conclusions of the majority. He said it would not be difficult to prove that the commission's report is "full of contradictions and gross exaggerations."

The minority disagreement was whether the commission had power to recommend action as well as report on their findings. The findings themselves were supported by those members of non-Communist-dominated countries who favored limiting the report to what they had seen.

And if it would be so easy to prove that the commission's findings were contradictory and exaggerated, why hasn't the Soviet government done so? It has proved nothing in the matter. It has only vetoed. Incidentally, Vishinsky steered clear of the veto beyond a reference to Russia's well-known and never-changing position.

All in all, the Soviet delegate did pretty well with what he had to work with. But we doubt that it won his country any new friends. His protestation of faith in the UN was in sad contradiction to the record that his audience knows—a record of Soviet opposition and renunciation of majority opinion.

Jurors Threatened By Man Convicted Of Assault To Murder

HOUSTON—(AP)—Adrian Roark, 23, had to be subdued by court bailiffs Monday after he was convicted and given a 15-year-prison sentence on a charge of assault to murder.

Roark leaped from his seat as the jury announced it was giving the defendant the maximum penalty and shouted at the jurors: "All right, you . . . I'll kill all of you when I get out." Roark was found guilty of shooting E. L. Lewis, 56-year-old Houston night club owner.

Previously he had been given a 20-year sentence on another assault to murder charge, this time in connection with the shooting of his wife, Mrs. Evelyn Roark, 24. The double shooting took place May 15 at Lewis' night club. Both Lewis and Mrs. Roark, who was a waitress at the establishment, recovered from their wounds.

New Elementary School Buildings Described In Magazine Article

An illustrated article on Midland's West and South Elementary school buildings, which are being dedicated in special ceremonies Tuesday and Wednesday nights, appears in the October issue of "Texas Outlook," official magazine of the Texas State Teachers Association.

The story, by Stanley Frank, Reporter-Telegram staff member, describes the attractive new buildings which were constructed at a cost of approximately \$175,000 each. The structures, each encompassing 18,000 square feet of floor space, contain 10 classrooms, an auditorium, a cafeteria, an office, and a clinic for examination and treatment of students.

Each classroom is painted a different color and each is provided with individual metal lockers with master controls. The temperature of each room is thermostatically regulated. Students use individual, movable desks and chairs. Doctor Wiggins To Speak

The article also tells of plans for construction of the new Midland high school, and mentions the rapid growth of the city which is over-crowding present school facilities.

Dr. D. M. Wiggins, president of the Texas School of Mines at El Paso, will be the speaker at the program dedicating the South Elementary school at 7:30 p. m. Tuesday and the West Elementary at 7 p. m. Wednesday.

SWEETWATER STRIKERS RESUME WORK TUESDAY

DALLAS—(AP)—Striking workers at the U. S. Gypsum Company's Sweetwater plant were scheduled to resume work Tuesday after the 74-day strike ended Monday night. The United Cement, Lime and Gypsum Workers International Union (AFL) voted to end the strike, accepting a company offer of 10 1/2 cents an hour increase based on a 40-hour week. The offer was first made at the expiration of the old contract May 8.

Nine School Children Hurt In Bus Accident

HOUSTON—(AP)—Nine school children were hospitalized as the result of a truck-school bus accident late Monday afternoon. Several of the children were injured seriously.

Deputy sheriffs said the accident occurred one and one-half miles north of Sattuma as the Cypress-Fairbanks school district bus stopped to let a schoolteacher and two students alight.

Officers said the trailer of the truck ripped through the rear portion of the bus and hurled the children to the front of the vehicle. Approximately 30 children were said to have been in the bus.

EX-CONVICT GIVEN LIFE FOR MURDER OF WIFE

DALLAS—(AP)—Thomas L. Bacon, 37-year-old ex-convict, was sentenced to life imprisonment Monday in connection with the death by shooting of his bride of 33 days. A criminal district court jury deliberated only eight minutes.

Home Explosion Kills Berger Man

BORGER—(AP)—A home explosion Monday killed L. J. Baker, 30, and critically burned his three-year-old son. Baker was fatally burned while trying to save his son. Officials said Baker was cleaning clothes in the bathroom of his home when fumes limited and later caused the explosion.

Baker was blown into an adjoining room, officers said, but rushed back into the bathroom to get his son.

B&PW Tea Fetes
Eighty Teachers
The B&PW Club, in observance of National Business Women's Week, honored more than 80 teachers at a tea Sunday afternoon in the home of Mrs. Fred Fromhold, 904 West Storey Street.
The entertaining rooms were attractively decorated with large arrangements of Pyrananthas, and floating dahlias centered the dining room table, from which Mrs. Anne Graham and Sue Simms served from a silver service.
Receiving the guests were Mrs. O. M. Luton, president, Betty Kurjees, vice president, Mrs. Neta Stovall, Vera McLeRoy, Mrs. Dewey Pope, and Mrs. Fromhold.
Assisting in the house party were Erline Christie, Floeste Vaighn, Hester Williams, and Dick Looby.

Two Plead Guilty And Are Sent To Prison
A Midland negro who pleaded guilty to burglary charges in 70th District Court Monday was sentenced to five years in the state penitentiary. Another man who pleaded guilty to forgery received a sentence of two years.
Judge Cecil C. Collings was in Odessa Tuesday, but will be in Midland again Wednesday to hear civil cases.

About 26,400 miles of 295 U. S. rivers are navigable.

Mrs. E. N. Spiars entertained the St. Cecelia's Guild of the Trinity Episcopal Church in her home, 1208 West Kansas Street, Monday afternoon.
During the meeting, under the direction of Mrs. Payton Anderson, Mrs. D. C. Sivalls reported on last week's dinner, and Mrs. Anderson thanked all members for their cooperation. Following roll call and reading of the minutes, auxiliary prayers were said in unison, and Mrs. Paul Kolm presented the devotional.
The program, given by Mrs. Kolm, was taken from the book, "Living Faith for Living Men," from the chapter, "Without God, Without Hope." Mrs. Sivalls offered the benediction.
Refreshments were served to Mrs. Anderson, Mrs. Kolm, Mrs. Pat Ruckman, Mrs. Harvey Herd, Mrs. Sivalls, Mrs. Duncan Aldridge, Mrs. Spiars, Mrs. A. T. Barrett, Mrs. Lave Taylor, Mrs. Julian Muller, Mrs. R. L. Gates, Mrs. Preston Lea, Mrs. Dan Hudson and Mrs. John Darden.

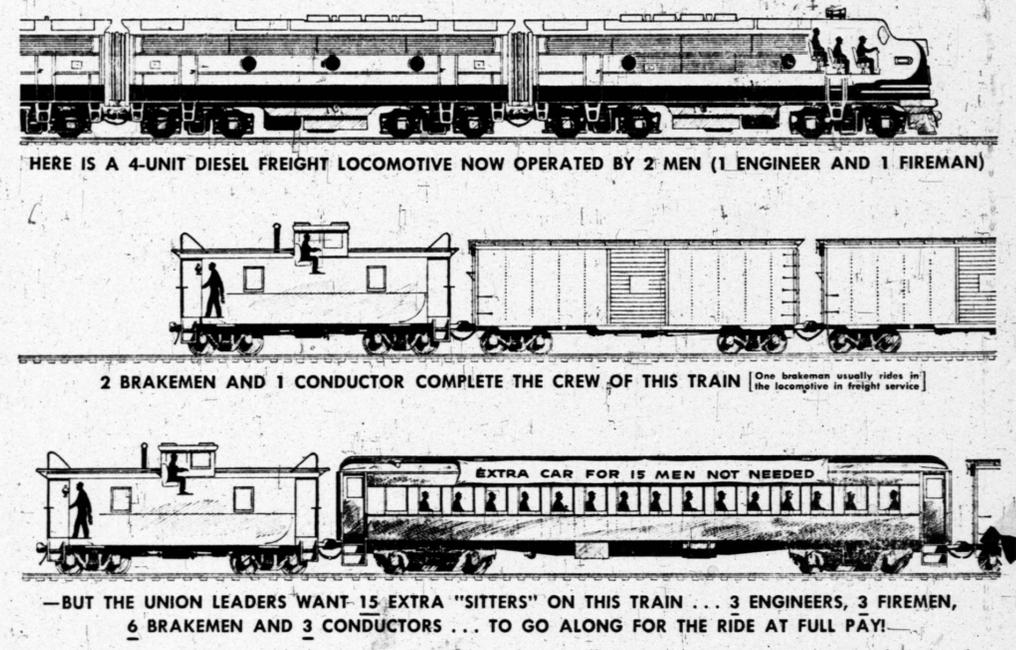

The average land animal is about 80 per cent water.

HERE IS A 4-UNIT DIESEL FREIGHT LOCOMOTIVE NOW OPERATED BY 2 MEN (1 ENGINEER AND 1 FIREMAN)

2 BRAKEMEN AND 1 CONDUCTOR COMPLETE THE CREW OF THIS TRAIN (One brakeman usually rides in the locomotive in freight service)

—BUT THE UNION LEADERS WANT 15 EXTRA "SITTERS" ON THIS TRAIN ... 3 ENGINEERS, 3 FIREMEN, 6 BRAKEMEN AND 3 CONDUCTORS ... TO GO ALONG FOR THE RIDE AT FULL PAY!

It's to your interest to know about this proposed
feather-bedding!

For sheer feather-bedding, this mock work proposal takes the cake. But it is only one of 44 "rules" demands filed by the leaders of the operating unions. If all these demands were granted, they would cost the railroads an added BILLION DOLLARS A YEAR.

Increased Wages, Too
On top of these "rules" changes, the leaders of the operating unions have filed an additional demand for a wage increase of over 30 per cent. If granted, this would be an added cost to the railroads of \$400,000,000 a year.

\$468,000,000 To Non-Operating Employees
In addition to this, an Arbitration Board has just granted a wage increase of 15 1/2 cents an hour to the million employees represented by the 17 non-operating unions. This will cost the railroads \$468,000,000 a year.

Where Will The Money Come From?
Where will all the money come from to pay these increases? They total several times as much as the railroads made in 1946 or will make in 1947.

In July, the railroads filed an application for increased freight rates to close the gap which then existed between wage and material costs, and railroad revenues. Since then it has been necessary, because of further increases in wages and material costs, to supplement that petition—and to ask for an additional freight rate increase. No other course is open.

Railroads Do Not Run For Employees Alone
Railroads are operated for the benefit of not one, but several groups—shippers, passengers, employees, stockholders, and the general public. The interest of all must be served—and that cannot be done unless the railroads can operate efficiently and economically, and unless they are allowed to earn sufficient revenue to provide the kind of transportation service this country MUST HAVE.

Mrs. Ernest Neill Brings Home Prize Antelope From Marfa

For a huntress whose previous success was limited to one rabbit, Mrs. Ernest Neill of Midland did pretty well on an antelope hunt near Marfa Monday morning. With one shot from her .257 Roberts she killed the biggest buck of the season, or at least the biggest one reported to date. The animal weighed 87 1/2 pounds, and its horns measure 163 4 inches from base to tip. Mrs. Neill bagged the six-year-old buck at a range of about 150 yards. Mr. and Mrs. Neill and Ernest Smith left Midland Sunday, set out after the antelope early Monday morning, and by 11 a. m. each had a nice buck and was ready to return home. They hunted on the Bogel Ranch, about 15 miles south of Marfa. Neill's buck weighed 76 pounds and had 14 7/8-inch horns; Smith's weighed 84 pounds, with 13 1/2-inch horns. All three heads will be mounted as trophies, Neill said. He and Smith got their bucks on the run, but Mrs. Neill's prize was standing still when she made her perfect kill.

Martin County Gins Turn Out 2500 Bales

STANTON—(AP)—Approximately 2,500 bales of Martin County cotton have been ginned here, a preliminary check of the county's dozen gins last week indicated. County Agent James D. Eiland estimates the county's approximate 200,000 acres of cotton land will yield at least 50,000 bales this year. Picking started late in August and is expected to continue until the end of the year. Mechanical pickers, sold in large numbers here, have not been used to gather the current crop pending the loss of the leaves from the stalks, Eiland said. After the first frost and dropping of the leaves, the machines will swing into action to supplement the hand laborers.

McCamey Flyers At Annual Wink Airshow

MCCAMEY—Several McCamey flyers attended the annual Wink Airshow Sunday afternoon at the Wink Airport. The celebration featured airplane rides, take-offs, landing contests and acrobatics. A free breakfast was served the guests and later in the afternoon a barbecue dinner was served. Those from McCamey who participated in the show were Walter Putnam, Ellis Wilkerson, Merel Edleman, Bill Taylor, Bill Williams, Jack Tilson, Mr. McNabb, Joe Wylie Copeland, Ellis Pinkerton, Pinkie Edwards, Mr. Friedman and Pearl Schmitto. Visiting planes were registered from 43 cities.

The three principal religions of the Philippines are Roman Catholicism, Protestantism and Mohammedanism.

Store Owners Return From Buying Trip

Mr. and Mrs. Barney Greathouse have returned from a trip to New York and Chicago where they purchased Christmas merchandise for their drug stores in Midland and Brownfield. Greathouse said many articles still are scarce, and none too plentiful, although he was able to purchase many items of quality merchandise which were off the market during the war. Quality is up, and prices generally will be in line with those of 1946, Mr. and Mrs. Greathouse said.
