## George Abell Sells Pecos County Oil Properties

### Stars Aid Investigation Of Hollywood Communists

The House investigators of Hollywood Communists brought out a queen-sized package of masculine glamor for testimony before the committee in Washington. The men shown conferring are not Communists, but are several actors who were asked to testify before the House Un-American Activities Committee in an effort to learn just how and where Communists are operating in the film capital. From left to right are: George Murphy, Robert Montgomery, Robert E. Stripling, chief counsel for the committee, and Ronald Regan.

### Truman To Report On Congress Call

WASHINGTON—(AP)—President Truman drafted a report to the nation Friday on his "compelling reasons" for ordering a special session of Congress November 17 to meet a billion-dollar economic emergency in Europe and to check "alarming" inflation at home.

### Crowds Thin At Hearing

WASHINGTON—(AP)—Mrs. Lela Rogers of Hollywood cited the picture "None But the Lonely Heart" to the House Un-American Activities Committee Friday as "a splendid example" of Communist propaganda in the movies.

The picture was handled "in the Russian manner," Mrs. Rogers said. She told the committee she manages the affairs of her screen actress daughter, Ginger Rogers, and described herself as "a writer of sorts," and a dramatic coach and manager.

Lacking the "heart interest" that attracted record crowds of bobby-soxers and government girls Wednesday and Thursday to hear Mrs. Rogers, the House Un-American Activities Committee's investigation played to many empty seats.

The big hearing room in the old House Office Building was far from filled when Chairman Thomas (R-NJ) gavelled the session to order.

Capitol police had struggled earlier this week to handle crowds drawn by Actors' Robert Taylor, Robert Montgomery, Adolphe Menjou, Ronald Reagan, Gary Cooper and George Murphy.

Thomas announced there will be no Saturday session. He said a large part of next week's hearings will be set aside to hear writers who have been called Communists or followers of the Communist Party Line by previous witnesses.

### Baruch Condemns Scrapping Of War Mobilization Plans

WASHINGTON—(AP)—Bernard M. Baruch declared Friday "thousands of lives, extra billions of dollars and months of time" were lost in World War II because the government repeated the mobilization errors of World War I.

The 77-year-old adviser to Presidents told the Senate War Investigating Committee the armed services had a mobilization-day plan "which would have saved precious lives and the wasted wealth, but they were not permitted to put it into effect."

The committee is trying to learn why a 1939 industrial mobilization plan was discarded by the Roosevelt administration after Pearl Harbor.

Baruch, who headed the war industries board of World War I, was named by President Roosevelt in 1935 as chairman of a committee of cabinet officers to find ways of taking the profits out of war.

In addition to working with this group, the witness said, he appeared before congressional committees and "went fully into all the questions now before us."

But in the end, Baruch said, "there was no action" to put his recommendations into effect.

### Vet Administrator Speaks To JayCees

Harry Phelps, Veterans Administration supervisor of on-the-job training in 14 West Texas counties, spoke to members of the Midland Junior Chamber of Commerce at its weekly luncheon meeting in the Scharbauer Hotel.

Phelps said there were early weaknesses in the Veterans Administration program but they have been eliminated and the program now is sound.

James Mims, program chairman, introduced the speaker.

### \$26,000,000 Fire Razes Bar Harbor

BAR HARBOR, ME.—(AP)—This fabled Summer playground of the rich, and six other communities, were virtually wiped out Friday as strong winds fanned woodland fires ravaging New England into fresh fury with the death toll already at nine and property damage mounting above \$25,000,000.

A spectacular all-night evacuation by land and sea—a peacetime Dunkerque—left Bar Harbor a deserted town as 3,500 townsfolk fled in fright before flames that leaped from 200 to 300 homes, including Summer showplaces of the international society set.

Damage to the ruined mansions in this town alone was officially set at \$8,000,000—not counting the loss of valuable art treasures and furnishings they contained.

As north winds blew up to a force of 25 miles an hour throughout the region Friday morning—gaining momentum all the time—the outlook was grim with still no appreciable amount of rain in sight.

Three New England states—Maine, Massachusetts and New Hampshire—were virtually on a war-time footing as National Guardsmen, legionnaires and other agencies were called out to fight the flames and care for the thousands of refugees.

Industrial City Menaced

Just before noon, between 12 and 15 fires were reported still roaring out of control in Massachusetts, where the loss already is placed at well above \$500,000.

In New Hampshire, shifting winds were driving the flames directly at the heart of the industrial city of Rochester at the foot of the White Mountains. With the edge of the fire within two miles of that city of 16,000, school children were being kept concentrated in the event they have to be evacuated.

Meanwhile, the Coast Guard cutter McCullough bucked monsoon winds during the night after leaving Boston to drop anchor at Bar Harbor, preparatory to landing special crews and medical supplies.

### WOMAN CAUSES BLAST IN FIREWORKS FACTORY

PILSEN, CZECHOSLOVAKIA—(AP)—A woman in burning clothes ran into a room of the Trvlic Chemical Company, where workers were making Christmas firecrackers, causing an explosion which killed her and 12 other persons. The plant was destroyed.

### 28 Killed, 100 Hurt In Train Collision

LONDON—(AP)—Two commuter-packed suburban electric trains collided in a dense fog Friday morning, killing at least 28 persons and injuring more than 100 others.

Croydon Mayday Hospital, nearest to the scene of the crash in South Croydon, said it had received 28 dead.

Chief Ambulance Officer A. L. Hill said all the more than 100 casualties had been carried away in 28 ambulances within two hours after the crash.

### Taft Announces

WASHINGTON—(AP)—Senator Robert A. Taft of Ohio formally announced his candidacy Friday for the 1948 Republican presidential nomination, describing the race as "wide open."

### R. M. Barron Is Hospital Drive Vice-Chairman

Ralph M. Barron, president of the Midland National Bank, former city councilman and a past president of the Chamber of Commerce, Friday was appointed vice chairman of the Midland Memorial Foundation's hospital campaign for funds by M. C. Ulmer, general chairman.

### Death Sentence Decried Ross In La Grange Court

LA GRANGE—(AP)—A jury of ten farmers and two craftsmen brushed aside the insanity plea of Dr. Lloyd I. Ross, San Antonio surgeon, and decreed death in the electric chair for the slayer of a family of four.

The jurors, 11 of whom are farmers, debated less than 15 minutes Thursday night before convicting the Ohio-born, Harvard-educated surgeon of murder with malice in the shooting of Mrs. Gertrude York. Her husband, Willard York, San Antonio investment broker and formerly Ross' intimate friend; her 9-year-old son, John, and York's mother were killed in the same hail of bullets on a rural road last May 25.

Chief Defense Attorney, Fred Plundell said he would file a motion Friday for a new trial.

Ross did not deny the shootings. His attorney pleaded he was insane and that the crimes were prompted by the 43-year-old surgeon's loss of his life savings of \$150,000, which he had entrusted to York for investment.

### Baruch Condemns Scrapping Of War Mobilization Plans

WASHINGTON—(AP)—Bernard M. Baruch declared Friday "thousands of lives, extra billions of dollars and months of time" were lost in World War II because the government repeated the mobilization errors of World War I.

The 77-year-old adviser to Presidents told the Senate War Investigating Committee the armed services had a mobilization-day plan "which would have saved precious lives and the wasted wealth, but they were not permitted to put it into effect."

The committee is trying to learn why a 1939 industrial mobilization plan was discarded by the Roosevelt administration after Pearl Harbor.

### American Airlines Inaugurates New Air Service Here November 1

American Airlines will inaugurate fast Flagship service to Midland Saturday, November 1, with four daily flights connecting at El Paso and Fort Worth and Dallas with service to all points along American's extensive domestic system and Europe. J. W. Campbell, manager of operations at Midland, said Friday.

With the landing of American's first DC-3 Flagship, at Midland Air Terminal, an expanded air transportation service for this section of West Texas will be ushered in. East-bound flights will connect at Dallas with new four-engine "Five Star Flagship" (DC-6, 300-mile-per-hour sky giant which flies non-stop from Love Field to Chicago in three hours and five minutes. Midland flights also will connect in Dallas with other DC-6 flights Eastbound to Memphis, Washington and New York and at El Paso Westbound to Phoenix, Arizona, Los Angeles and San Francisco. Midland flights connect at El Paso with a daily four-hour flight to Mexico City.

In addition to the DC-6, Midland flights also will connect with DC-4 service by American with non-stop flights to Los Angeles in less than six hours flying time, one-stop service to New York, and intermediate local flights serving Southwestern centers.

First Reservations Wednesday

Campbell, who will be in charge of all of American's operations in the Midland area, said reservations for American's new flights will be accepted starting Wednesday, three days before the official inaugural flights on Saturday.

Midland passengers, according to Campbell, will leave the airport here on American's early morning schedule at 9:15 a. m., and arrive in New York at 10 p. m. the same evening. This flight, arrives in Dallas at 12:25 p. m., and Washington at 8:20 p. m. The east-bound evening schedule from Midland departs at 5:15 p. m. arriving in Washington at 7:20 a. m. and New York at 9 a. m.

Eastbound schedules through Midland also serve intermediate points in the Southwest, departing Midland at 10:30 a. m. (Continued on Page 8)

### 38 Wells Included In Deal

By JAMES C. WATSON  
Oil Editor

George T. Abell of Midland, and associates, have sold 38 producing oil wells, two gas wells, and 8,341.5 acres of leases, all in Pecos County, to J. S. Abercrombie of Houston, for a cash consideration of \$1,409,000.

Included in the transaction are: A full seven-eighths leasehold interest in seven McKee sand oil wells in the Abell-Ordovician field in North Pecos County, and the 240 acres of leases on which those wells are located.

They produce from pay above an average total depth of 5,400 feet. These wells are Abell's No. 1 and No. 2 Eaton, No. 1 Frech, No. 1, Rixse, No. 1 Williams, No. 1 Blaydes and No. 1 Heagy.

Others included

Also included was Abell's one-half interest in two other wells in the Abell-Ordovician field, owned jointly with Magnolia Petroleum Company. These are Abell-Magnolia No. 1 and No. 3 State-Myrick. One of them produces from the McKee sand at about 5,400 feet and the other gets its oil from Ellenburger pay, which was drilled to around 5,900 feet.

Those wells are on leases totaling 137 acres. Abell's half-interest in the leases, as well as the producers, was included in the deal.

The Abell-Ordovician field wells which have been acquired by Abercrombie have a production of about 6,500 barrels per month.

Producing 10,000 Barrels

In the northwest end of the Pecos Valley High Gravity field, Abell sold a total of 1,793.6 acres of leases, on which there are 29 producing oil wells and two gas wells. The production in the wells comes from the Yates sand between 1,600 feet and 1,700 feet.

These wells are now making approximately 10,000 barrels of petroleum per month.

The sale covered all the producers, and all rights down to 2,500 feet, on the 1,793.6 acres, which include the northwest quarter of section 37, the west 17.6 acres of section 38, and all of section 39, in block 3, H&C survey; the south 160 acres in section 4, block 9, H&C survey; and 500 acres out of section 1, block 10, H&C survey.

Breakdown Not Reported

Also included in the transaction is an undeveloped wildcat block in Central Pecos County of approximately 6,250 acres, which sets in two miles southeast of Fort Stockton.

That spread covers the G. A. Eache land of nine and three-quarter sections. It embraces 480 acres in section 2, block 118, T&STL survey; and all of sections 2, 10, 12, 14, 22, 24, 26, 34 and 36, in block 131, T&STL survey.

The deal has been paid for. A breakdown on the prices paid for the separate units has not been reported.

Abell and his associates retain some producing wells and considerable scattered undeveloped acreage in Pecos County, after turning this deal to Abercrombie.

### LATE NEWS FLASHES

WASHINGTON—(AP)—Prices slumped sharply on the grain and cotton exchanges Friday in reaction to President Truman's call for a special session of Congress to combat inflation and soaring living costs.

LONDON—(AP)—The Moscow radio announced Friday that Nikolai V. Novikov, an advocate of Soviet-American friendship and cooperation, had been removed as Russian ambassador to the United States and would be succeeded by Alexander S. Panyushkin.

LA GRANGE—(AP)—Defense attorneys Friday appealed for a new trial for Dr. Lloyd I. Ross, San Antonio physician convicted Thursday night as an ambush slayer, and sentenced to death.

WASHINGTON—(AP)—The first open criticism of President Truman's call for a special session of Congress November 17 came Friday from Rep. Halleck (R-Ind), who said the chief executive broke faith with congressional leaders by not consulting them before acting.

WASHINGTON—(AP)—Oliver Carlson, former Communist, told the House Un-American Activities Committee Friday Communists have sought control of the public schools of Los Angeles.

### Truman May Seek Installment Curbs, Industry Rationing

WASHINGTON—(AP)—A revival of time payment curbs, as well as power to ration grain and other scarce materials to industry, are among the inflation controls President Truman may ask Congress to invoke next month.

Government officials said, another but somewhat less likely request to the special session would be for authority to hike the down payments required for speculative buying in the nation's grain exchanges.

And much farther down the "possible" list mentioned by the officials is a proposal to restore the wartime excess profits tax of 85.12 percent to curb any peace-time profiteering.

Since this levy was among the first of the war-born economic restrictions to be lifted by Congress, however, few administration advisers thought Truman would call for its reimposition.

WEATHER

Fair Friday night and Saturday. Warmer Friday night. Maximum temperature Thursday was 79 degrees, minimum 52 degrees. Minimum Friday was 56 degrees.

# Rice, Aggies, Must Win Or Bow Out Of SW Race.

By HAROLD V. RATLIFF  
Associated Press Sports Editor

Two more teams face elimination from the Southwest Conference football race Saturday as Rice plays Texas and Texas A&M tackles Baylor.

The three other members engage intersectional opponents with prospects fair that the conference can win two of them.

The Rice-Texas game is the feature. It's the last stand of the Owls, pre-season favorites to win the championship. They lost to Southern Methodist last week, and another licking would plunge them from title consideration. Arkansas already has lost two games.

Baylor, one of three undefeated, untied teams in the circuit—Texas and Southern Methodist are the other two—will have its hands full with venal Texas A&M but should come through. Defeat for A&M would erase Aggie chances at the championship.

Southern Methodist will be in California battling University of California at Los Angeles, while Arkansas will play Mississippi at Memphis and Texas Christian will joust with Oklahoma at Norman.

After this week there will be only two intersectional games left on the schedule. If the conference teams could take two this week they would sew up one of the best records the circuit has compiled against outside competition. At this time they have 10 victories, four defeats and two ties in intersectional play.

Since we missed two out of four of our selections last week you'll know not to bet on our predictions. So, since nothing can get hurt, including our reputation, here's how they look Saturday:

Rice vs Texas at Austin—Texas by three touchdowns.

Arkansas vs Mississippi at Memphis—Arkansas at a bunch.

Baylor vs Texas A&M at College Station—Baylor by the narrowest squeak imaginable.

Southern Methodist vs UCLA at Los Angeles—Dook is okay-doke; Walker and Southern Methodist by two touchdowns.

Texas Christian vs Oklahoma at Norman—don't know who the referee is, but TCU should win anyway.

# Nine Schoolboy Contests Held Grid Spotlight

By WILBUR MARTIN  
Associated Press Staff

Schoolboy football settles to serious business Friday night and Saturday with 34 conference games in a 46-game schedule.

Nine districts have contests that can go a long way toward shaping final standings.

Port Arthur-Goose Creek, McAllen-Harlingen, and Conroe-Lufkin line up as the schedule's top games, but a dozen or more are only a shade less important.

Undefeated, but once tied, Goose Creek can almost wrap up the district 14-AA title if it can get by Port Arthur—a task that could prove impossible.

McAllen, one of nine undefeated, untied teams in the state, can start making bi-district plans if it squeezes by Harlingen, which could easily win 16-AA honors itself by winning Friday night.

Conroe and Lufkin are regarded along with Nacogdoches as the three best teams in District 12-AA.

Eowie (El Paso) easily defeated Ogle, Ariz., 61-6, and Lamar (Houston) beat Sam Houston (Houston), 19-0, Thursday night.

The state's big five—Odessa, Wichita Falls, Corpus Christi, Longview, and Austin—all see action, but only the last three are expected to have any sort of trouble.

Odessa, defending state champion and already tagged, most likely to succeed again, plays host to San Angelo, a strong team when it is right.

Wichita Falls takes on Highland Park of Dallas. The Scotties have a good team—but despite a spotty record—but the undefeated Coyotes are overwhelming favorites for the first time in the two schools' inter-district history.

Corpus Christi could lose its undefeated record when it meets tough, untied Tivy of Kerrville. The Antlers upset unbeaten, unscathed on Brackenridge (San Antonio)—if they could pull the unexpected again Friday night they'd bounce into 15-AA limelight.

Longview, only unscoted, on Class AA team remaining, meets once-beaten Kilgore in 11-AA's number one game.

Austin, another undefeated, untied team in 15-AA, opens its district play against Brackenridge.

Other feature games spotted over the state are Arlington Heights-Poly in Fort Worth's District 7-AA; Forest and Sunset Saturday in Dallas District 8-AA; Denison-Paris; Mineral Wells-Brownwood; Jeff Davis-Stephen F. Austin in Houston's 13-AA; and John Reagan (Houston)-Thomas Jefferson (San Antonio) Saturday.

# Bulldogs Vie With Abilene

It's the Midland Bulldogs vs. the Abilene Eagles at 8 p. m. Friday. Scene is the high school stadium here. Issue is a 3-AA conference game.

Abilene is heavier. Abilene is favored. But Midland will be in there scrapping.

Last year's result was Midland 27, Abilene 12. Up to this point in the season, Abilene has won one, tied one, lost three. Midland has won one, lost four. Abilene had the toughest competition. No common opponent has been played for a comparison.

Abilene shoots from the T formation and is coached by Pete Showell. Midland will spring from the well come out and see. Coach of the Bulldogs is Barnes (Foot) Milan.

# 'B' Bulldogs Lose To San Angeloans, 6-0

By TANNER LAINE

The "B" Bulldogs pushed the San Angelo Kittens all over the field Thursday night but "no could do," and the visitors took home a 6-0 decision to which they had no more right than we do to the Bank of America.

Midland twice penetrated deeply within the Kittens' five-yard line but couldn't quite push over. Once the little Bulldogs went over, but the pass receiver who ran the pellet across stepped out of bounds on the two. That was how Midland's luck was running.

Early in the game Midland moved to the San Angelo four-yard line. The little Bulldogs were battling and had gobbled up a Kitten fumble on the San Angelo 44. With Halfback Moe Price running hard, they got very, very close, but lost the ball on downs on the six-yard line after dropping a couple of paces on a try.

The second quarter was a pun exchange period, and neither side threatened. Midland was getting the best of the battle during the first two quarters. It was 0-0 at the half.

With the second-half kickoff, Price of Midland almost got away. He took the kick on the Midland 12-yard line and ran it all the way back to the San Angelo 40, a dash of 48 yards. The last Kitten defender shoe-strung him.

San Angelo scored midway of the third period. A downhill drive of 68 yards paid off, including one pass reception which was questionable. Midland's forward wall had stiffened within the Bulldog five-yard line and San Angelo had to pass. Ken Hartman, quarterback, shot a left flat-zone heave to Vernon Petty, left end, over the goal-line and that was it. Eble's place-kick was blocked.

Late in the fourth quarter Midland made its desperate and almost-good bid. The little Purples recovered a Kitten fumble on the San Angelo 46. Passes carried to the 17-yard line. Price slanted to the five, then gouged to the four. A penalty set Midland back five paces. Then Frank Roberson hit Price, who ran over, but he had stepped out of bounds on the three. Three passes failed.

The starting lineups:

Midland	Pos.	San Angelo
Dickinson	LE	Petty
Baze	LT	McMillen
Green	LG	Ruttel
O'Neal	C	Hoes
Lynch	RG	Jezeek
Davenport	RT	Clatterback

# Golden Glovers To Meet

All Midland boys interested in Golden Gloves are urged to attend a meeting at 6:15 p. m. Saturday in the high school gymnasium.

This is the kickoff of Golden Gloves here, the initial meeting. Important plans for the program in the city will be made.

Joe Shell, experienced with boys and Golden Gloves programs, will be director and coach. He has been assured the full cooperation of the Midland High School Athletic Department.

Facilities of the high school gym were pledged to Shell, since most of the Golden Gloves boys in Midland proved to be high school students.

# Humble Presents Conference Games And Two Others

# Claassen Picks Irish, Texas; Gives Uclans Nod Over Ponies

By HAROLD CLAASSEN  
NEW YORK—(AP)—Frank Leahy, coach of the Notre Dame football team, has enjoyed the luxury of "fearing Iowa" all the past Summer Saturday his players will show just how needless were the mentor's worries.

If the gridiron is dry, the South Bend fracas may turn into an aerial display between Johnny Lujack of Notre Dame and Iowa's Al Demarco, but the Irish's all-round strength should be too much for the Iowans, who frittered away a 13-point lead last week and wound up in a 13-13 deadlock with Ohio State.

At least, that is the opinion of this forecaster, whose record of 53 correct predictions and 13 misses last week is identical with his season's average of 80.

Other Predictions

Southern California-California: the honeymoon is over for California's new coach, Lynn (Pappy) Waldorf, after five straight pleasant Saturday afternoons. Southern California should storm on from here to the Coast title and the Rose Bowl.

Michigan-Minnesota: Michigan has averaged 55 1/2 points for every 60 minutes of action this year.

Illinois-Purdue: the Illini have had two extremely hard games the last two Saturdays but should have enough left to edge out Purdue.

Army-Columbia: Army's backfield has been revamped to give it an air-arm. Army.

Says "Bama Is Due" Pennsylvania-Navy: this battle could go the other way very easily if Penn's great center, Charles Bednarik, is unable to play.

Alabama-Georgia: Georgia is the home team and that should give the Bulldogs the edge. But this vote goes to Alabama and Harry Gilmer.

Texas-Rice: The Longhorns proved last week they have a ground attack in addition to Bobby Layne's fabulous passing. Rice supposedly has an orthodox pass defense but it won't be enough. Texas.

Boston College-Villanova: the Boston Eagles should win.

Penn State-West Virginia: these are both unbeaten now, but the Lions will remain that way for another week. Penn State.

UCLA-Southern Methodist: the Californians coasted last week while SMU polished off Rice in a bruiser. UCLA.

### WORN OUT FROM GETTING UP NIGHTS?

If you get up nights—have frequent desire to pass your water—yes, and have backache, due to excess acidity in the urine, be glad you're reading this.

Three generations ago Dr. Kilmer, a famous doctor, found hundreds of his patients with this trouble. So he made a medicine of 16 herbs, roots, vegetables, balsams. He called it "Swamp-Root." Millions of men and women have taken it—often with amazing results.

Swamp-Root goes right to work to flush out kidneys... increases flow of urine, helping relieve excess acidity... so the irritated bladder gets a good flushing out, too. Many report getting a good night's sleep after the first few doses. Caution: take as directed.

For free trial supply, send to Dept. R. Kilmer & Co., Inc., Box 1255, Stamford, Conn. Or—get full-sized bottle of Swamp-Root today at your druggist.

### CHEAPER HOSERY COMING?

The yarn from which rayon hosiery is made can be turned out in two minutes and 15 seconds instead of 60 hours, using an automatic machine developed in Germany.

More coal was handled as cargo in Toledo, Ohio, in 1946 than in the former world-record port of Newcastle, England.

### WEAK NERVOUS

cranky 'every month'?

Are you troubled by distressing female functional periodic disturbances? Does this make you feel so tired, high-strung, nervous—at such times? Then try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. Pinkham's Compound is made especially for women. It also has what doctors call a stomachic tonic effect. Any druggist.

## All From Missouri

Maybe Agriculture Secretary Anderson was not too tactful when he publicly described the program of meatless, poultry-less, egg-less days as "little importance" except as "symbols of sacrifice."

Maybe President Truman and Chairman Luckman of the President's food committee were forced by circumstance to slap Anderson down, by inference, and dispute his statement.

But, of course, Secretary Anderson is right. The President and Luckman are wrong. The days-of-abstinence program is absolutely nothing more than what the agriculture secretary called it, "a reminder."

The program's objective is not to save eggs, poultry and meat because these are scarce. It is not to induce a buyers' slowdown, to bring the prices of those foodstuffs within reach of the family purse. If it were either of these, the program might be considered as a mechanism in itself rather than as a mere token.

But what is sought is to save, by this and other means, 100,000,000 bushels of grain, mostly wheat, to be added to the 470,000,000 bushels already allocated to relief of European hunger.

That objective is worthy. But we support the program with our eyes wide open. We're not being kidded, and we're not trying to kid anybody else.

The production of meat animals, poultry and eggs is a continuous, long-range industry. Ranchers and farmers are not likely to stop feeding grain and kill off their herds and flocks just because part of the public, in a spirit of good will, abstains from meat and from poultry and eggs on specific days.

Most families do not eat poultry every day; they'll just see that Thursday—except for the coming holidays—isn't poultry day. Many families are driven to at least two meatless days a week to save money.

It is entirely possible to live up to the letter and spirit of the abstinence program without affecting family consumption of meat, poultry and eggs in the least, and without saving one tiny grain of wheat.

There can and should be savings. If the days-of-abstinence program is taken as a token, a reminder, a symbol of sacrifice, it can help all of us to remember the great need of starving millions, and to save grain. We might even save grain direct, in the form of dry bread now thrown away.

Before the war we might have been kidded into thinking that such an abstinence program will bring direct saving. But during the war we discovered too many flaws in the propaganda drilled into us. Now we're all from Missouri—we've got to be shown.

All that is, but Truman. He has been misled, either about how such a program works, or else into trying to kid a public that will do much more if it is given the truth.

## Takes Time

Soon after Commissioner Wallander ordered New York police to treat suspects with courtesy and consideration, two reputable citizens complained about being dragged from their automobiles and beaten. Mayor O'Dwyer was much disturbed.

As an ex-policeman, the mayor must know that many cops think they are showing restraint when they beat up suspects with the fist instead of with a nightstick. It may take time to convince some that they aren't supposed to beat up the citizenry at all.

At least give the friends you try to fall back on credit for letting you down easy.

## Methodist Revival To Close Sunday

The spiritual clinic and revival being held in the First Methodist Church here will close Sunday night, the Rev. Howard Hollowell, pastor, said Friday. The meeting is being conducted by the Rev. P. Raymond Powers, Methodist evangelist of Akron, Ohio.

Mr. Hollowell said attendance has been excellent and the results satisfactory.

The subject of Mr. Powers' sermon at 7:15 p. m. Friday will be "The Master and His Masterpiece." "The Hour of Destiny Is Striking Twelve" is the Sunday morning subject, and "The Wilderness Is Crying for a Voice" is the subject of the final sermon Sunday night.

## North Elementary Students Give Program

The primary grades of the North Elementary School were entertained Thursday afternoon with a musical program presented by students of the third, fourth, and fifth grades.

The numbers included: a piano solo, "Five Little Pickinies," by David Stubbeman; piano solo, "Dance of the Jelly Spooks," by Eliza Jane Payne; piano solo, "Daddy's Waltz," by Davis Leggett; piano solo, "Spinning Song," by Retta Hazlip; piano solo, "The Potato Bug," by Helen Zant; and violin solo, "Song of the Sea Shell," by Dana Young, accompanied by Gail Munson.

Elaine Connelly has charge of the regular Thursday assemblies.

## Cardinal Salotti, 77, Is Taken By Death

ROME—(AP)—Carlo Cardinal Salotti, 77, prefect of the congregation of rites, died Friday.

He had been gravely ill for some time and received the last sacraments and a special blessing from Pope Pius XII last Saturday. He had been a prince of the church since 1935.

His death reduces the College of Cardinals to 62 members.

## Council Approves Airline Contracts

The City Council Thursday afternoon approved the signing of operations contracts with American and Continental airlines for use of landing facilities at Midland Air Terminal. The contracts were returned to headquarters offices of the two airlines for signing. They have been under negotiation several months.

American is scheduled to inaugurate regular air service to Midland November 1, and Continental will move its operations from Midland Airport to Midland Air Terminal.

## NATIONAL BREEDER WINS TEXAS BREEDER WINS NATIONAL JERSEY HONORS

COLUMBUS, OHIO—(AP)—Herman P. Heep of Buda, Texas, walked away with a major portion of honors in the All-American Jersey Cattle Show here Thursday night.

Draconis Royal Baron, named grand champion bull, was shown by Heep and D. T. Simons of Fort Worth.

Heep placed second in the bull calf division with Queen's Plum Tree, who won the Class 1 division. Bulls exhibited by Heep also took Class 4 ribbons.

# OL' WAGON WHEEL

The old wagon wheel in the picture, leaning against the side wall of the old log shop, is fast becoming a relic of a departed era.

Time was when the blacksmith and wheelwright did a thriving business, and the rattle of carts and wagons was a familiar sound in every community. Some of these old vehicles survive on the farms, but they are fast disappearing.

The truck, trailer and tractor today are doing the farm work and hauling the farmer's produce to market. These have ushered in a new era in transportation.

The conditions of human life are thus constantly changing under the impetus of man's inventive genius. Age follows age in rapid succession and change is the order of the world. The only enduring things are the things of the mind and spirit. Love and hope and faith are eternal.

The Church ministers to the spiritual needs of man. It seeks to impart the principles of right living and teach men to love and honor God. These are the changeless and eternal things in a world of constant change, and they are as necessary today for wholesome living as in ages past.

**THE CHURCH FOR ALL... ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church on Sunday and read your Bible daily.

McKenney on Bridge By WILLIAM E. MCKENNEY America's Card Authority Is a good-tournament player always a good rubber bridge player, and vice versa? The answer is no, because in rubber bridge it pays to stretch a little, and in tournament bridge it is necessary to bid accurately. The bonus for making game at rubber bridge is big, while there is not much loss for going down one. When a tournament player sits in a rubber game, he is apt to double too quickly, become just a little bit greedy, and he probably will play contracts at no trump that should be played at a suit contract in rubber bridge. Recently, I saw a match between two line tournament players and two good rubber-bridge players.

Oil Scientist Says Gas Shortage Fears Are Not Justified OKLAHOMA CITY—(AP)—America will have enough gasoline from her own resources of natural gas and coal for many, many generations to come, an oil scientist predicted here Friday.

Oil Scientist Says Gas Shortage Fears Are Not Justified (Continued) In a speech prepared for delivery to the third annual meeting of the Independent Natural Gas Association of America, Scientist George Roberts, Jr. dismissed fears that exhaustion of the oil fields will stop the nation's internal combustion engines. He is research director for Standard Oil and Gas Company, Tulsa, Okla., a subsidiary of Standard Oil of Indiana.

Oil Scientist Says Gas Shortage Fears Are Not Justified (Continued) He urged expansion of synthetic fuel production as a military security measure and said his own company is pioneering plants to be built near Hugoton, Kas., and Erownsville, Texas, to make liquid products from natural gas. Eighty per cent of the product will be 80-octane gasoline, he said. Members of the association were about evenly divided between optimism for the future of natural gas in synthetics, and plans for congressional action to revise federal rate computing standards, the gasmen regard as unjust. They will also ask Congress to define where interstate commerce begins and ends in their business as a means of modifying Federal Power Commission rulings which they criticize.

### What's in a Title?

Kay Trevil, acclaimed in France as "Miss Paris of 1947," will soon become just plain Mrs. Ray Mack of Columbus, Ohio. Her fiancé met the "24-year-old" Parisian beauty before she held the title, when he was Pfc. Ray Mack of the Army and she was entertaining U. S. Troops in Heidelberg, Germany. She sailed she would arrive in December.

### Midland Leads Texas In Building Permits Given During Summer

AUSTIN—(AP)—Building permits in Texas gained 19 per cent in September over August, and the September figures were 76 per cent above those of a year ago.  
The Bureau of Business Research said the dollar value of permits, reflecting the steady construction cost rise as well as a gain in number of permits, was seven times greater than the pre-war (1935-39) level. September's total was above \$30,000,000.  
Austin, El Paso, Midland and Waco each had permits exceeding one million dollars.  
Leading in August-to-September permit gains were Kenedy, Midland, McAllen, Pampa, Seguin, Sherman, Coleman, Brownsville, Brownwood, and Del Rio.

### Youth Riding Bike Hit by Automobile

Jerry Snodgrass, Midland youth, escaped serious injury when struck by an automobile Thursday as he rode a bicycle.  
The collision occurred on South Main Street near the T&P Depot, officers reported. They said the youth was shaken and slightly bruised but not seriously hurt.  
The driver of the automobile stopped and looked at the boy and drove away before officers arrived, witnesses said.

### INDIA'S FOOD SITUATION CONTINUES CRITICAL

NEW DELHI—(AP)—Cuts reduced rations, beef ritchening in deficit areas and a "good measure of luck" can carry India through a threatened food crisis in the next two months, Vishnu Sahay, secretary of the Government Food Department, said Friday.  
India has been operating for the last two years on a hand-to-mouth program in battling the constant menace of food shortages.

### AUTOMOBILE "EXPLODES" ON FAMILY DOORSTEP

PHILADELPHIA—(AP)—A South Philadelphia family was almost jolted out of bed early Friday by what "felt like an earthquake or explosion."  
Hurrying to investigate, the Richard Wellards found an automobile wrecked on the doorstep of their home. Several young men dashed away.
