McCarthy Pussypoos On Spy Charges

Accused Man Calls Senator Bleating Lamb

PASSAIC, N. J.—(AP)—Senator McCarthy, toning down somewhat his specific charges, declared Saturday that the United States is losing the cold war "because the enemy has been able to get traitors and dupes to do his work within our government."

He spoke before a meeting of the Marine Corps League, an organization of former Marines, which presented him an "Americanism award." McCarthy served in the Marine Corps during World War II.

He told the group that "The most dangerous enemy agent" today is not concerned so much with gathering secret information as he is in shaping and controlling policies of the government.

He declared he would name names and said, "If a single word I say today is not true, then the men named can start these libel suits they have been talking about."

The Wisconsin Republican thus repeated his charges that the State Department is infested with Communists or their sympathizers, but he did not renew such direct accusations at the one that Owen Lattimore is the top Soviet espionage agent in the country.

He also omitted previous specific statements about Philip C. Jessup, ambassador-at-large in the State Department, and John S. Service, a career diplomat.

McCarthy said he was taking up Lattimore's challenge that he repeat his charges from an unprivileged platform. He has made the specific ones against Lattimore in Senate speeches and before a committee where congressional immunity protects him from libel suits.

Lattimore immediately said in Washington that the senator's speech amounted to retraction. And John E. Peurifoy, a top State Department official, said that McCarthy "roared like a lion" when he was immune from suits but now "bleats like a lamb."

Before his speech to the Marine Corps, McCarthy told a news conference he will "let the people decide if Owen Lattimore is a Communist."

He will leave Washington May 7 on the first of a series of back-to-back tours of the country to champion his "Fair Deal" and "lay it on" Republican congressmen who have opposed it.

He weighed 167 then. Now he weighs 175 pounds.

He tells callers he has only one ambition—to go down in history as a man who helped secure the peace of the world. He is alternately optimistic and pessimistic as he tries to cope with Russia's maneuvers.

Midlander Heads Executive Unit Of Citizens Committee

The appointment of M. C. Ulmer, widely-known Midland banker and civic leader, as chairman of the Executive Committee of the Statewide Citizens Economic Committee was announced Saturday in Austin.

W. P. Z. German, Jr., Midland attorney, also was named to membership on the nine-man group, which will coordinate the work of the Economic Committee in studying and publicizing the effects of oil imports on the state's economy.

Other committee members are M. S. Johnson, Houston; Mrs. H. H. Weimer, Seguin; E. J. Woodward, Sweetwater; R. L. Force, Dallas; H. M. Bell, Tyler; Mayor George D. Barber, Mineral Wells; and T. W. Gistrap, Amarillo.

E. J. McCurdy of Fort Worth and Dr. T. S. Painter, president of the University of Texas, are co-chairmen of the Economic Committee and ex-officio members of its Executive Committee.

Ulmer said the Executive Committee will hold an organization meeting in Austin Wednesday. The Statewide Citizens Economic Committee was formed in February when a group of Texas citizens, including representatives of almost every economic segment and area of the state, met in Austin at the suggestion of Railroad Commission Chairman William J. Murray, Jr. The appointment of an Executive Committee was recommended by a group named to work out detailed plans.

Ulmer is president of The First National Bank of Midland and long has been active in West Texas civic affairs. A native of Dublin, Texas, Ulmer came to Midland in 1906.

Rejoice—He Is Risen!

Day of resurrection . . . day of rebirth and glory . . . day of love, hope and joy! Go to the church of your choice this Easter Sunday. Join in the songs, the prayers—symbols of your renewed faith and courage.

Easter Bells Ring Message Of Hope To Fear-Ridden World

Joyous Easter bells ring out a message of hope Sunday to a world beset by fear.

Christian millions throughout the world commemorate the long-ago event that symbolizes the triumph of life over death—the resurrection of Jesus Christ from the tomb.

Holy Year pilgrims to Jerusalem and Rome, sunrise worshippers on American hillsides, and secret celebrants in Communist countries join in the commemoration.

Easter parades on New York's Fifth Avenue and other great streets of the Western world provide an after-church display of 1950's brightest Spring fashions.

Cold and windy weather was forecast over the northern half of the country with rain or snow in parts of the Middle West, Texas and the Gulf States were expected to have fair and mild weather. A few scattered showers were indicated for the Southern Rockies and most of the Pacific Coast.

The Federal Council of Churches of Christ in America declared in an Easter message that "Our American faith in democracy has its historic roots in faith in God."

"No great civilization of mankind has ever yet been built on an atheistic basis," said the council, representing 27 denominations. "There is no reason to believe that a materialistic philosophy can provide an enduring foundation for society today."

In Rome, an Easter throng of more than 500,000 was expected to fill the great Basilica of St. Peter's and the square before it when Pope Pius XII celebrated pontifical mass.

McCamey Votes Bond Issue Of \$400,000

MCCAMEY — A \$400,000 school buildings and improvement bond issue was approved here Saturday by a vote of 72-11.

The bonds will be used for erection of three new school structures and improvements to others. New buildings will include a new elementary school and auditorium, a new gymnasium to seat 1,200 persons and a new high school shop building.

Arkansas Burglars Dress Up For Easter

HOT SPRINGS, ARK. — (AP)—Burglars walked out the front door of a swank downtown men's clothing store Saturday with an estimated \$49,500 in Easter merchandise.

Clyde Hale, owner-operator of Clyde's Men Shop, said the thieves pried open the front door during the night and stole 700 pairs of men's slacks, priced at \$42.50 each, 150 suits, ranging from \$150 to \$175 each in price, and 180 ties marked at \$6 to \$20 each.

Roll Call Of Civil War Down To 40

NEW YORK—(AP)—Forty ancient warriors— together they've lived more than 4,000 years—are completing the final chapter of America's Civil War.

A tally of government and veteran organization rolls gives a total of 17 Union Bluecoats and 23 of the gray-clad Confederates scattered across 25 states. It's a decrease of more than one-third in the last year.

Oldest of the union survivors is James A. Hard, Rochester, N. Y., who was born July 15, 1841, and who was a private in Company E of the 32nd New York Infantry.

The Confederates' current longevity champion is John T. Graves who was born Jan. 1, 1842. Now he lives in a Confederate home at Higginsville, Mo., which the state maintains at an annual cost of about \$25,000. His regiment includes care by two nurses and eight highballs a day.

Youngest is 96 At the opposite end of the age scale (Records aren't complete for some of the ancients) is blue-eyed Theodore A. Penland, Vancouver, Wash., born Jan. 23, 1849, and gray-clad John A. Newspaper Reports Slain Man Sought Peace With Truman

ST. LOUIS—(AP)—The St. Louis Star-Times reported Saturday Charles Binaggio, slain Kansas City political leader, tried desperately in the last weeks of his life to make tactical peace with President Truman.

The newspaper said in a copyrighted article it learned details of a plan to remove frictions between the rival Democratic organizations of Binaggio and James Pendergast.

The Star-Times said the plan called for: The voluntary retirement of Binaggio from politics.

An attempt to force the withdrawal from the race for the Democratic nomination for U. S. senator from Missouri of State Senator Emery W. Allison of Rolla, Mo., and Thomas C. Hennings, Jr., of St. Louis.

Introduction of a compromise candidate.

President Truman is a member of the Jackson Democratic Club the faction headed by Pendergast. He publicly has endorsed Allison for the senatorial nomination.

Truman Kills Plan The Star-Times said the plan fell apart because Truman refused to budge on Allison's candidacy.

The newspaper reported Binaggio agreed to a new political setup in Kansas City to be headed by five men.

Organization Of Radio Amateurs For Emergency Service Is Not New Here

By DALMON McNAIR
Texas amateur radio operators are banding together to furnish emergency communications in time of disaster, according to an announcement made by F. E. Handy, communications manager of the American Radio Relay League. William A. Green of Abilene has been named to set up the organization and serve as coordinator.

Emergency organization will have any effect on the present operations of "hams" in Texas. "We are already organized," Price says, "and I don't fully understand what they are planning to do." He promised to contact Green in Abilene to find out if the new emergency setup will be anything new from the current procedure.

After A Recent Sandstorm

So you think you had troubles during recent sandstorms in Midland. Well, take a look at what happened at the Douglas Nix residence on North Edwards Street. Here is shown how tumbling tumbleweeds, rolled by wind, will go right into the house. The picture was snapped of the breezeway at the Nix residence one day last week—yep, right after a sandstorm such as the Sunday granddaddy we had not many days ago. Photographer Frank Miller said he only photographed one sector of the breezeway. "There were plenty more tumbleweeds," he said.

FURTHER FEARS TO BE CONQUERED
We have been looking at specific fears and anxieties. We take another: (b) the fear of losing the affections of a friend or loved one. To become anxious and worried about this is the quickest way to lose the affections of those we love; for it becomes difficult or impossible to love a person all inwardly tight with anxiety that very anxiety blocks the passage of love. An anxious, worried person is unlovable. Some love may exist in spite of anxious tension, but anxiety is a strain on love. Therefore, when you become strained and anxious about the love of a loved one, you defeat your very purpose. So surrender that anxiety.

Kitchen Is Given Colonial Atmosphere

Unpainted natural finish pine cupboards with large black H-hinges can be used to put Colonial atmosphere into the kitchen. Build a board-and-batten outside entrance door with Z-shaped cross-bracing to further carry out the Colonial theme. Paint window and door frames white. Wax the unpainted cabinets to preserve the natural beauty of the wood and make cleaning easy.

Work out a Colonial floor pattern by using tan and dark brown asphalt tiles installed in a pattern simulating random-length sections to create the appearance of the old-time plank floor.

CABINET FOR SCALES

A built-in cabinet for bathroom scales is a convenience, especially for a small bathroom where floor space is limited. In presenting this

idea, it is pointed that although the scales can be pushed completely out of the way they always are available for immediate use.

The cabinet is located between wall studs. The door is hinged at the bottom with continuous piano hinge. A bar handle (concealed in the drawing) extends across the full width of the door at its top. The bar rests on the floor when the scales are being used. Scales are fastened permanently in place.

Planned For Easy Living

Excellence of room arrangement is a special feature of this single-story house, which is designed for easy living. The three bedrooms, clustered about a small hallway, are on the side and front of the dwelling. The living room and the dining area are at the rear, facing the yard. Window design adds a modern note to the traditional exterior treatment. A colorful roof is suggested as the basis of the exterior color plan.

Easy Remodeling Can Give Young Look To Old House

A virtual "fountain of youth" for aging houses exists today in the large variety of modern building materials and equipment now on the market.

Hundreds of thousands of home owners are availing themselves of the opportunity to improve and modernize their dwellings, thus protecting their investments and deriving added pleasure and comfort from home ownership.

Trade reports show that modernization and repair have become a big business, running into billions of dollars annually. Judging by the vast number of old houses in the nation, the trend may be expected to continue for some time. According to the U. S. Bureau of Census approximately 16,000,000 dwelling units in the country are between 30 and 70 years old. More than 5,000,000, the bureau says, are from 50 to 70 years old.

Satisfying Results
Building experts point out that almost any worn, outmoded house which is structurally sound can be rejuvenated so effectively that it will bear little resemblance to its former self. The transformation usually can be wrought at only a fraction of the cost of a new home. The results, however, often are equally as satisfying. This is particularly true in cases where a family desires the advantages of a new home, yet is reluctant to leave the neighborhood in which it is well established.

There are, of course, any num-

Good Hardware Is Proven Economy

Sticking, sagging or balky doors and windows often are the result of poor hinges, latches and other hardware.

Top-quality hardware is economical despite its slight additional cost, say architects. They suggest that about two per cent of the cost of the house should be spent for solid brass, bronze, aluminum or wrought iron fittings. Be sure the equipment is solid metal and not steel which has been given a finish to look like the real non-rusting article. Heavy cast hardware is preferable to thin, stamped pieces.

Double-Glaze Home Comfort Glass Adds To

Double-glazed glass makes possible the use of large windows in homes, reduces heating costs, and minimizes cold drafts of air, says American Builder, magazine of the building industry.

The magazine explains that a double-glazed window consists of two panes of glass separated by a hermetically sealed space. Installations of this kind are used for most picture windows.

Originally available on a custom-made basis only, these windows are now produced in a number of standard sizes. They offer a practical answer to heating and air-conditioning problems where large windows are desired, American Builder says.

Air Space Insulates
A half-inch air space between the two panes of glass is recommended. This air space has high insulating qualities. The inner pane of glass holds the temperature of the room, while the outer pane stays at the outdoor temperature.

In Winter, double-glazed glass greatly reduces the amount of heat that escapes out through the window. In Summer, the glass limits the amount of heat that can enter.

Experts tell home owners and prospective home owners that "double-glazed windows add comfort to a dwelling all during the year."

Polished plate glass normally is used for double-glazed windows, but other types of glass or combinations of types can be substituted. Plate glass adds "a note of elegance" to homes of modern design.

A special heat-absorbing plate glass also is available to lessen heat transfer. This glass absorbs about 57 per cent of the sun's heat. The glass is a fourth of an inch thick and is considered practical for windows on the east, west and south sides of houses, especially in warmer climates.

Only three states were represented in the 1949-50 playoffs: Arizona 21-man basketball squad—Arizona, California and North Dakota.

SE Gains Deep Pay Opener Potentials For 203 BOPD

Forest Oil Corporation and Anderson-Prichard Oil Corporation No. 1-A Parmer County well, Southeast Gaines County wildcat has been completed as a natural flowing discovery from the Mississippi lime.

The development reported a 24-hour potential of 203 barrels of 41-gravity oil, flowing through a one-half inch tubing choke.

Gas-oil ratio was 1.025-1. Flowing tubing pressure was 100 pounds. No formation water was developed.

The production is through perforations in the casing at 12,100-185 feet and at 12,218-235 feet. Southeast of Seminole.

Location of the discovery is 860 feet from west and 660 feet from south lines of labor 12, league 317, Parmer County School Land survey. It is 13 miles southeast of Seminole.

It drilled to a total depth of 14,150 feet in the Ellenburger. That formation was entered at 14,076 feet. Elevation is 3,079 feet.

Plugged back depth is at 12,727 feet in the Mississippi. The seven-inch casing is cemented at 13,497 feet.

It cored at 7,065-75 feet. The lime which was recovered had a show of gas and light oil stains with a slight amount of porosity.

A drillstem test was taken at 7,055-80 feet. The tester was open one hour. Recovery was 300 feet of gas in the drill pipe and 50 feet of gas cut, drilling mud.

The project is to drill deeper. This wildcat failed to find any Canyon reef lime. It logged some slight oil and gas shows in the Strawn.

C-SW Kent Wildcat Tops Mississippian

Mid-Continent Petroleum Corporation No. 1 Billy-Wallace, Central-Southwest Kent County wildcat, five miles northeast of the Cogdell-Canyon field, and 330 feet from south and west lines of section 776, block 97, H&TC survey, topped the Mississippian lime at 7,928 feet, on an elevation of 2,032 feet.

The project is to drill deeper. It cored at 7,065-75 feet. The lime which was recovered had a show of gas and light oil stains with a slight amount of porosity.

A drillstem test was taken at 7,055-80 feet. The tester was open one hour. Recovery was 300 feet of gas in the drill pipe and 50 feet of gas cut, drilling mud.

The project is to drill deeper. This wildcat failed to find any Canyon reef lime. It logged some slight oil and gas shows in the Strawn.

Cogdell Extension Is Flowing Crude

Humble Oil & Refining Company No. 1 Spire, one location west of the discovery well of the Cogdell-Canyon field in Central-Southwest Kent County, and 467 feet from south and 573 feet from east lines of section 717, block 57, H&TC survey, was flowing oil at the estimated rate of 20 barrels per hour from section at 6,905-6,970 feet.

The well started showing gas in a drillstem test on that section in six minutes and flowing oil in 20 minutes. It was still flowing at last report.

This project topped the Canyon at 6,815 feet, which gave it a datum of minus 4,374 feet. It drilled stem tested down to 6,905 feet and showed

Hunt Stakes Offsets To W-C Kent Opener

The Hunt interests of Dallas have staked east and west offsets to their Caroline Hunt Trust estate No. 1 Young, Canyon reef opener in West-Central Kent County.

Caroline Hunt No. 2 J. W. Young will be 2,560 feet from north and 1,720 feet from east lines of section 145, block G, Waco & Northwestern survey, and 3,000 feet south of the discovery well.

Nelson Bunker Hunt No. 1 Texas Christian University, the west offset, will be 660 feet out of the northeast corner of section 3, D. R. Stout survey.

The No. 1 Young is now shut in preparatory to taking potential gauge. It has flowed in a 17-hour test for an average of 33 barrels of 39.5-gravity oil and no water per hour from the Canyon reef.

Production was from perforations at 6,494-6,520 feet. The discovery is bottomed at 7,232 feet, and seven-inch casing is set at 6,909 feet.

The No. 1 Young is 1,640 feet from east and 467 feet from south lines of section 166, block G, W&NW survey, and six miles northwest of Clairmont.

C-E Garza Slated For Permian Test

Ken-Tex Oil Corporation of Dallas has scheduled a 4,000-foot wildcat in Central-East Garza County.

Its No. 1 Mrs. I. N. McCrary will be 330 feet from east and south lines of section 81, block 5, GH&HRR survey and 12 miles east of Post.

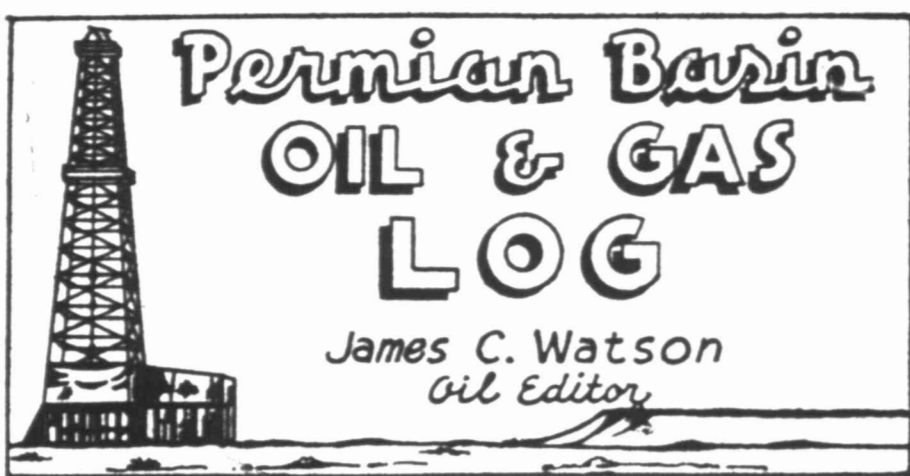

To be a test of the Middle Permian, the McCrary is three miles east of the Star Oil Company and other No. 1 OS Ranch, an Ellenburger failure which had possible shows in the Gorietta section of the Permian.

Drilling on the proposed project will begin by April 15.

Midlanders Spot Two Offsets In SE Borden

Castleman & O'Neill have staked two more locations one-half mile and three-quarters of a mile south of their No. 1 Griffin, assured extension to the Reinecke Canyon pool in Southeast Borden County.

No. 1-B and 2-B will be in the southeast quarter of section 51,

some free oil and some oil and gas cut mud.

A string of 5 1/2-inch casing was then cemented at 6,905 feet and operator has been coring deeper to check the pay and find the water level in the area.

The flow at 6,905-70 feet is the first time the offset has flowed in the Canyon.

C-S Kent Steeped Is On Potential

D. D. Feldman and associates, No. 1 P. L. Fuller, Central-Southwest Kent County wildcat, one and one-quarter miles west of the discovery well of the Cogdell-Canyon field, and 467 feet from north and east lines of section 703, block 97, H&TC survey, was flowing at the rate of 23 barrels of oil per hour, naturally, on a potential test.

The production is from open hole between 5,881 feet, the top of the Canyon reef, and the total depth of 6,915 feet. On the top of the reef the well has a datum of minus 4,430 feet.

The flow was through a three-quarter inch tubing choke. Operator was due to put the well on production at the end of the 24-hour potential test.

The well is 16 miles north of Snyder.

Kent Venture Cores In Pennsylvanian

Barnsdall Oil Company and Seaboard Oil Company of Delaware No. 1 Spire, six and one-half miles north of the Cogdell-Canyon field of Central-Southwest Kent County, and 3,300 feet from north and 1,980 feet from west lines of section 22, block 4, H&GN survey, was coring below 6,802 feet on a core started at 6,800 feet.

This wildcat indicated the possible discovery of a new area for Pennsylvanian lime production when it had a recovery of 985 feet of heavily oil and gas cut drilling mud in a drillstem test at 6,760-6,800 feet.

Some of that fluid unloaded from the drill pipe. A gas volume of 150,000 cubic feet per day was developed during the three hour drillstem test.

SW Martin Venture Making More Hole

Gulf Oil Corporation No. 1-E-B Glass, Southwest Martin County wildcat 12 miles north of Midland and 18 miles west of Stanton, had reached 2,009 feet in anhydrite, and was making more hole.

This venture is projected to 13,500 feet to test the Ellenburger. It is 1,980 feet from north and east lines of section 13, block 39, TP survey, T-1-N.

It had set 13 3/8 inch surface casing at 346 feet with 400 sacks of cement.

Strawn Test Slated In C-NE Scurry Area

Herman Brown of Houston is to start drilling at once on his No. 1 Parks, which is to be a wildcat to 7,500 feet to explore the Strawn lime of the Pennsylvanian in Central-Northeast Scurry County.

The prospector is located 467 feet from south and east lines of the west half of section 442, block 97, H&TC survey. That puts it one-half mile southeast of J. L. Collins No. 1 Parks, a flowing discovery from the Strawn which was completed in May 1949.

The Brown No. 1 Parks will be about one mile east of the nearest producer from the Canyon reef or the east side of the North Snyder field.

J. L. Collins No. 1 Parks potential for a 24-hour initial production of 512 barrels of oil flowing through a one-half inch tubing choke from pay in the Strawn at 7,312-22 feet.

Collins No. 2 Parks, a north offset to the discovery was a failure. Thompson-Carr, Inc. have the contract to drill Brown No. 1 Parks with rotary tools. The rig material is now being moved to the location.

Magnolia To Test SE Crockett Wildcat

Magnolia No. 1 Clayton, Southeast Crockett County wildcat nine miles east of Seminole.

'Permian Pete' By Littlejohn

The above character represents Cartoonist Henry Littlejohn's conception of the way some persons in the oil business, and some who are trying to get into it, are reacting in the widespread and intensive efforts to find more petroleum production from Pennsylvanian lime reefs in the Permian Basin.

TEXAS OIL ROUNDUP—

State Oil Purchasers Expected To Request Increased Production

By MAX B. SKELTON HOUSTON—(AP)—Texas oil purchasers are expected to ask this week for increased crude production in May.

Early estimates indicate May demand will be heavier than in April when a 130,000 barrel daily increase in crude output was authorized by the state's oil and gas regulatory commission.

The Railroad Commission is to set May's allowances Friday following a statewide hearing at Austin. It will be a busy week for the commission. Three days earlier a hearing is to be held on means of stopping wasteful flaring—burning in the open field—of butane and propane gases.

Last year the commission carried out an intensive campaign to reduce the flaring of oil well or casinghead gas to an absolute minimum.

Anticipated May demand increases come despite gasoline stocks having reached an all-time high of 135,596,000 barrels last Saturday, up 180,000 from the previous week.

Crude handled by refineries the week ending April 1 averaged 5,470,000 barrels daily, only 1,000 barrels above the previous week but 201,000 over the same week last year. A year ago the oil industry had seen the Texas commission order a fourth consecutive monthly curtailment in crude production.

Crude Output Down
Domestic crude output, however, still is well below a year ago. Production last week averaged 4,872,950 barrels. A year earlier the average was 5,129,800 barrels daily.

The demand increase forecast also is being made without opponents of heavy imports of foreign oil having acknowledged any definite progress in their campaigns.

Sharp increases in foreign oil imports have received most of the blame for the long string of cutbacks that began for Texas crude production in January last year.

This month's increase in allowances was the first hike since 1948 except for a brief period late last Summer when predictions of in-

WASHINGTON OIL— Battle To Restrict Crude Imports Goes 'Not So Well' On Congressional Front

By JOSEPH HUTTLINGER

WASHINGTON — How goes the battle to restrict petroleum imports? The answer is, not so well.

Although the State Department's defense of oil imports this week touched off renewed attacks by American producers, the chances of action by Congress seem to be as far off as ever. Oil imports now stand at almost 900,000 barrels daily, and continue to increase each month.

Nevertheless, at least two committees of Congress are going through the motions of activities purported to lead to restrictions on oil imports. One is the Oren Harris House Petroleum Subcommittee, which is looking into overall petroleum problems; if it comes forth with any suggestions to help independent producers soon, it will upset every kind of studied opinion.

Patman Bombast
Another is the House Small Business Committee under Rep. Wright Patman (D-Texas), which has produced bombast, but no results. Pat-

man, himself, tried to shun the imports problem by naming a subcommittee to hold hearings and do the fact-finding. Either by accident or design, he named a man whose sympathies lie with a level of oil imports that is higher than most domestic producers like.

Subcommittee chairman Eugene Keogh (D-NY) has been under tremendous pressure to write a report speedily, in time for Congress to act this year, if action is found necessary; instead, after a year of hearings, he now is embarking upon additional ones in Oklahoma, Mississippi, Louisiana, and Arkansas.

When he finishes, he will recommend that the agencies of government become more alive to the problem, and take what action they deem necessary, if any, a report that would mean, in fact, that all's well. Chairman Patman, in such a case, might write a blistering separate report, but the split further would hurt the chances of winning Congressional support.

As a result, what steps have been (Continued On Page Seven)

Magnolia Completes Plans For Enlarging Midland Building

Actual work of adding three floors to Magnolia Petroleum Company's building in Midland is likely to start around June 1.

Detail plans for the additional floors, which will double the floor space in the building have been completed. Material is being assembled and bids are being taken from specialty contractors on various phases of the construction.

The present Magnolia building in Midland is two floors above ground, and a full basement.

The structure houses the division offices of Magnolia's West Texas producing and drilling department, the West Texas geological and land departments and the headquarters of the Western division of Magnolia Pipe Line Company.

The original building, constructed several years ago, represented an expenditure of around \$200,000. It is expected that the erection of the three additional floors will call for an additional investment of at least that much.

Stanolind Prepares To Complete Deep-Pay Stepout In Lea

HOBBS, N. M. — Stanolind Oil & Gas Company and associates No. 2 South Mattix unit, second well to show for production from the Ellenburger in the Fowler field in Southeast Lea County has cemented 5 1/2-inch casing on bottom at 10,305 feet.

Operators will drill the plug early in the week and perforate and test and complete the project.

It flowed 93 barrels of pipe line oil in three hours and a drillstem test of the zone at 10,255-305 feet. A gas volume of 41,500 cubic feet per day was developed during the test. When the tool was pulled an additional 45 barrels of oil was recovered from the drill pipe.

Top of the Ellenburger is at 9,942 feet. The new well is 680 feet from south and 1,980 feet from west lines of section 12, block GH, GC&SP survey, is bottomed at 8,737 feet in Ellenburger dolomite, and will run a drillstem test as soon as a core hole is resumed out.

A core at 8,897-8,737 feet recovered 40 feet of dolomite. The top 20 feet had an odor of gas and the bottom 20 feet had odors of both gas and oil.

This project has shown considerable gas and some distillate since it entered the Ellenburger at 8,488 feet on a datum of minus 6,000 feet.

To Explore Wolfcamp

The Ohio Oil Company No. 2 J. M. Denton is to be an exploration to the Wolfcamp lower Permian, on the edge of the multi-pay Denton field in Central-East Lea County, about 16 miles northeast of Lovington.

The prospector is one location from a Wolfcamp producer and 1,980 feet from south and 660 feet from east lines of section 11-15-137E. It is projected to 9,500 feet.

Union Oil Company of California No. 1 Kytz, Central-East Lea County prospector, 10 miles southeast of Hobbs, and 1,980 feet from south and 330 feet from west lines of section 5-20-39E, swabbed at the rate of four and three-quarter barrels of fluid per hour from an open hole in the Wichita-Albany section of the lower Permian.

That fluid was 50 per cent oil and 50 per cent water. The section produced the fluid was between 7,509 feet and the total depth at 7,738 feet.

It had been treated with 500, 3,000 and 10,000 gallons of acid.

Operator has given up the effort to develop commercial production from that horizon and is to plug back to 4,770 feet to test the San Andres.

A considerable amount of free oil was developed from the San Andres in a drillstem test.

Honolulu Oil Corporation No. 1 State, Siluro-Devonian discovery in Central-Southeast Chaves County, about 18 miles southeast of Roswell, and 1,980 feet from south and east lines of section 13-11-27E, was reported to have swabbed and flowed at the average rate of 30 barrels of oil per hour, from perforated section at 6,490-6,563 feet, after treating with 1,000 gallons of acid. The oil was cut with three per cent acid water.

Operator was continuing to test to try to complete the wildcat as a flowing discovery. That objective is expected to be achieved shortly.

Honolulu No. 3 State is to be a one location east offset to the discovery. It is 1,980 feet from south and 660 feet from east lines of section 13-11-27E. It is slated to dig to 6,500 feet, or production in the Siluro-Devonian horizon. Operators are scheduled to begin in the near future.

Chaves Project Cuts
Union Oil Company of California No. 1 State-Fairbairn, slated 10,000-foot wildcat in Southeast Chaves County, 10 miles south of the Caprock field, and 2,080 feet from north and 660 feet from west lines of section 24-14-31E, has progressed below 8,800 feet in a barren dolomite.

Magnolia Petroleum Company No. 1 Lightcap Land Company, wildcat in the Central-East Chaves County panhandle, and at the center of the southeast quarter of the southeast quarter of section 6-8-30E, developed some oil and some water in a drillstem test of an unidentified lime at 7,140-69 feet.

Preparing To Plug Back
Totals recovery was 4,920 feet of salt water cut with oil. The top of the water column was about five per cent oil and the bottom of the fluid was about 90 per cent oil.

Operator is reported to be preparing to plug back by degrees to try to eliminate the water.

If that can be accomplished and leave any of the porous section open a production test will be run.

Wallace, area automotive superintendent, reached his thirtieth year of service on March 1, and Ryan, area manager, on March 15.

Attending the luncheon were Ryan, Wallace, A. H. Vineyard, C. E. Mueller, M. C. Brunner, H. M. Fritts, M. T. Smith, J. W. Benn, R. L. Hughton, F. J. Nicholson, and B. M. Lauderdale.

In March of 1919 Ryan was appointed area manager and came to Midland from Houston where he had served as Shell's regional land manager since 1917. As area manager he is directly responsible for all Shell operations throughout West Texas and New Mexico.

Ryan is well-known in petroleum industry circles and has had experience in various important branches of Shell's exploration and production activities in the territory east of the Rocky Mountains.

He joined the company as a landman in 1920 and became land superintendent in the Dallas office in 1924. From this position he was promoted to land manager for the Gulf Coast area with headquarters at Houston in 1933, and held that position until he joined the regional office.

Since coming to Midland Ryan has taken an active part in community and civic projects. He served as general chairman of the Community Chest's successful drive last fall. He is also a member of the Midland Chamber of Commerce for 1950 and is chairman of the education section of the civic activity committee and is a member of the petroleum committee.

He is also a member of the Midland Basin Chapter of the Texas Manufacturers Association, and is a member of the Rotary Club and Sheriff's posse.

Wallace was promoted to area automotive superintendent in January of 1949 and was transferred to Midland from New Orleans. In that position, he supervises the automotive division, which includes the company's storage garage in Midland, the utility fleet headquartered in Odessa, and the operations and maintenance of over 300 pieces of automotive equipment operating in the Midland area.

In March, 1920, Wallace began working in the Shell garage at Yale, Okla. His various positions with Shell have included that of automotive inspector, garage foreman, and field supervisor, and he has worked in Illinois, Kansas, Oklahoma, Texas and Louisiana.

Each year Wallace attends the Shell automotive meeting which includes a tour and meetings with various automotive manufacturers in the East. This year the group will meet the first week in May.

For several years Wallace was active in the Petroleum Motor Transport Association, and has been a member of a number of flying clubs. He has had a special interest in the development of aviation and has been a pilot since 1929.

Ryan And Wallace Finish 30 Years Of Shell Work

B. L. Ryan and Nelson Wallace, of Shell Oil Company's Midland area, were honored Friday at a luncheon at the Petroleum Club of Midland in celebration of their thirtieth service anniversaries with the company. Both reside in Midland.

Wallace, area automotive superintendent, reached his thirtieth year of service on March 1, and Ryan, area manager, on March 15.

Attending the luncheon were Ryan, Wallace, A. H. Vineyard, C. E. Mueller, M. C. Brunner, H. M. Fritts, M. T. Smith, J. W. Benn, R. L. Hughton, F. J. Nicholson, and B. M. Lauderdale.

Midland Is Second Among U. S. Cities For Number Of Geologists; Listing To Be Issued

The 1950 edition of the West Texas-Geological Directory, published by the West Texas Geological Society, is to go to the printer early this week. It will list 512 geologists as being residents of Midland.

That puts Midland in second place among the cities of the United States for the total number of geologists.

The latest membership directory of the American Association of Petroleum Geologists gives Houston 628 members in that organization.

Midland, with its 512 listed geologists, comes in second place.

Tulsa has 376 geologists named in the A.P.G. directory. Los Angeles has 275; Dallas 254; Fort Worth 137; Lubbock 27; and San Angelo 21.

Of the 512 geologists in Midland, 412 of them are members of the West Texas Geological Society. In addition, the WTGS, which headquarters in Midland, has 53 out-of-town members.

Those persons are located in Lubbock, San Angelo, Odessa, Monahans, Hobbs, Rowlett, Cleburne, and other oil centers in the Permian Basin.

Officials of the West Texas Geological Society have made a careful survey of the geologists in Midland and this area in an effort to get a complete listing for the new directory.

However, they think there is a possibility that some individual geologists, who are doing consulting work, or who are connected with concerns which have recently started operations in the region may have been overlooked.

Last Chance Available
Noyd C. Mills, secretary of WTGS, who is in charge of compiling the listings for the directory requests all persons who are not sure they are already listed to call him at once at his office in Midland, telephone 2030, and giving him the information needed for including them in the directory.

The listing will be published in booklet form by Schlumberger Well Surveying Corporation and copies of it will be available for free distribution in the near future.

State Oil—
(Continued From Page Six)
Increased domestic demand proved to be inaccurate.

Senator Robert S. Kerr (D-Okla.) said in Washington Wednesday the domestic industry has 1,000,000 barrels of producible oil shut in.

He was commenting on a statement by Willard Thorp, assistant secretary of state, that domestic oil is not being injured by the heavy flow of foreign oil into the United States.

Thorp, while testifying before a House Interstate Commerce subcommittee, had strongly defended the high level of imports.

Inaccuracy Indicated
Thorp's comment also indicated the inaccuracy of another prediction made within oil industry circles that the State Department is in disagreement with the White House on the imports question.

Only a few weeks ago there were widespread fears President Truman would take action to end any imports threat to the domestic industry.

The Texas hearing Tuesday may become broader than dealing only with the problem of flaring the by-products of gas.

The Independent Refiners Association of America last month asked the commission to consider placing under proration regulations all liquid hydrocarbons obtained from gas.

The commission indicated it was willing to look into the matter.

Commission Chairman William J. Murray, Jr., earlier had suggested there might be need for establishing allowances for natural gasoline output.

Natural gasoline production in Texas has increased rapidly the past year and recently passed the 3,000,000 barrels daily mark.

(Continued From Page Six)
inch casing was set on the bottom. When the plug was drilled, the extreme northeast corner of the Kelley field and one-half mile west of the Olson No. 1 Green, an Ellenburger dry hole, is preparing to set casing and complete.

The No. 1 Thrane is 467 feet from north and west lines of the northeast quarter of section 178, block 3, H&G-N survey, and three miles north of Snyder.

It topped the reef at 6,811 feet, and is now bottomed at 6,870 feet.

Olson No. 1 Green was plugged and abandoned in the Ellenburger horizon and all zones above were at a total depth of 8,177 feet. That void of production.

Edge-Well Scheduled To Scurry Reef Pay
On the south edge of the Sharon Ridge-Canyon pool in Scurry County, Cities Production Company has scheduled its No. 5 Pearson.

Drillsite will be 1,618.9 feet from west and 874 feet from south lines of section 162, block 97, H&T survey, and 19 miles southwest of Snyder.

Slated depth is 6,800 feet.

General Crude Oil Company No. 3 Shipp has potential on the extreme west edge of the Kelley field. This new producer is three-quarters of a mile north and slightly east of the Velma Petroleum No. 3 Green, recently completed north extension to the Diamond M-Canyon pool.

The No. 3 Shipp rated a daily production of 224 barrels of 43.6-gravity oil, plus two-tenths of one per cent water. Flow was through a one-fourth inch choke, and gas-oil ratio was 320-1.

Pay was topped at 6,694 feet, and total depth is 6,843 feet. Seven-inch casing is set at 6,703 feet.

Richardson Joins Humble's Basin Geology Division
F. W. Richardson is the new assistant division geologist in the Permian Basin of West Texas and Southeast New Mexico for Humble Oil & Refining Company.

He succeeds John W. Skinner who has held that position for several years. Skinner has been promoted to a special research assistant for the company in West and North Texas.

Richardson comes to Humble's division headquarters in Midland from the concern's general offices in Houston, where he has been a staff geologist.

Vaughn C. Maley is the Humble's division geologist for the Permian Basin region.

WT Rotary Rigs Still Increasing
Semi-monthly surveys by the Reed-Roller Oil Company lists 545 rotary drilling rigs in West Texas and New Mexico on April 1. This is an increase of 18 rigs during a 15-day period.

On March 15, there were 527 rigs in the area, and on April 1, 1949, there were 385 rigs in the Permian Basin. According to these figures, active area rotary rigs have increased 160

Indians Rout Odessa Oilers 13-9 In Exhibition Game

Extra-Base Knocks Are Plentiful For Midland

The Midland Indians shelled the ace of the Odessa Oiler hurling staff, Manny Rodriguez, for 12 hits and 13 runs to take a 13 to 9 decision from the charges of Al Monchak Saturday night in Indian Park.

The Indians never were behind after the second inning and displayed extra-base power at every turn in piling up the big total.

Ralph Blair worked the first five innings for the Indians and allowed only three hits and three runs. He had control trouble in spots but twice pitched masterfully with the bases loaded to get out with no damage. He struck out six.

Hines Works
Donald Hines, a new hurler, worked after Blair. He was a little wild and was charged with four runs although allowing only one hit.

Max Harris finished for the Indians. He gave up three runs on five hits.

The big blow for Midland was an inside-the-park homer by Windy Eldridge, who came in as a pinch hitter. He blasted the ball to the center field wall, driving in two runs ahead of him.

Lou Dawson and Scooter Hughes collected two doubles each and Quinten Basco, Charles Stephenson and Lonnie Balch each had one.

The win avenged a defeat at the hands of the Oilers earlier this week.

Les Palmer and Al Monchak led the Oilers at the plate.

TEXAS LEAGUE OPENS TUESDAY; BURNETT SHOOTS FOR RECORD

DALLAS — The ancient Texas League embarks on its fifty-fifth journey Tuesday night with prospects of an opening day attendance record for just one-half of the show.

Driving Dick Burnett, whose oil millions have gone into the Dallas franchise, not only expects to set a new one-club opening mark but to furnish the impetus for an all-time first day for the entire league.

There will be four games but the spotlight will be on Dallas, where nine major league greats join forces with the youthful, hustling Eagle club in an effort to pack the gigantic Cotton Bowl with its 75,000 yawning seats.

Already 30,000 tickets have been sold for the Dallas-Tulsa opening game and Burnett hopes there will be enough more to set an all-time record for professional baseball, including the major leagues.

The record is 73,163 hung up at Cleveland in 1948. The minor league record is 50,000 made at Jersey City.

Ed (White) Ford, left, is the spittin' image of what Ed Lopat looked like 11 years ago, which is the difference in the Yankee left-handers' ages. Both are products of New York high schools. After obtaining a late start last season, the 21-year-old Ford won 16 and lost five with the remarkable earned-run average of 1.61 in the Class A Eastern League. He was farmed to the Kansas City club for more seasoning.

Texas Breaks Out In Baseball Rash As Loops Tee Off

Texas' professional baseball blooms all over the place this week.

Four of the eight leagues in which this state has clubs will open the season. The others swing into action next week.

It's the biggest—and probably will be the wackiest—because of that fact—in Texas history.

Forty-seven clubs will play in Texas, making the Lone Star State the national leader. Texas this year takes over the top spot in America, having two more clubs than North Carolina, which until now had led the nation. North Carolina boasts 45 clubs this time.

The storied Class AA Texas League, fifth oldest professional baseball circuit in the United States—only the National, International, Southern and Western are older—starts its fifty-fifth campaign Tuesday.

Also, the Rio Grande Valley League, raised to Class C this year, and the Class D Longhorn League, open Tuesday.

Wednesday, the Gulf Coast League, a Class C circuit, starts its first race. A Class C circuit, starts its first race.

WT-NM Starts Last
April 18 the Class B Big State League and Class C East Texas and Arizona-Texas Leagues begin the campaign.

The last league to start is the Class C West Texas-New Mexico League, which opens April 19.

In eight leagues in which Texas has 47 of the 60 clubs drew 5,082,474 in attendance last year. The Texas clubs drew 3,765,486 of it.

There is every reason to believe this will be exceeded by more than a half a million this season since there are six more Texas clubs than last year. The new Gulf Coast League, with four Texas teams, and the Rio Grande Valley League, expanding from six to eight, should make this possible.

Opening Day Games
Here are the opening games of the leagues starting the campaign this week:

Texas — Tulsa at Dallas, San Antonio at Beaumont, Oklahoma City at Fort Worth, Houston at Shreveport.

Rio Grande Valley — Harlingen at Brownsville, Del Rio at Laredo, Corpus Christi at Robstown, Don-We at McAllen.

Longhorn — Odessa at Roswell, N. M., San Angelo at Ballinger, Sweetwater at Vernon, Big Spring at Midland.

Gulf Coast — Port Arthur at Galveston, Lake Charles, La., at Crowley, La., Lufkin at Jacksonville.

8—THE REPORTER-TELEGRAM, MIDLAND, TEXAS, APRIL 9, 1950

Jim Nichols, One-Armed Golfer, Will Appear Here

Jimmy Nichols, the one-armed exhibition golfer who has been playing to large crowds all over the state, will make an appearance at the Midland Country Club at 3:30 p.m. Monday. He will play a nine-hole exhibition and stage his famous trick shot show.

Nichols, who lost his right arm in an automobile accident several years ago, is heralded everywhere as the top golf exhibitionist in the nation.

In Monday's match, he will play in a foursome with Pro J. C. Hardwick of Midland Country Club, Pro Walter Thompson of Ranchland Hill Country Club and Van Ligon, noted Midland amateur.

Played With Stars
Nichols has played with many of the big time golfers and always has made a commendable showing.

Hardwick said golfers who want to see how important the left hand is to a good game can do so when Nichols plays.

Nichols drives the ball good distances all the time and his work on the greens is smooth.

His trick show will feature many unusual shots never before seen here. He has developed tricks and adapted them to his style.

The public has been invited to attend the event.

Umpires Named For Longhorn Openers

ABILENE — Umpires for the opening games of the Class D Longhorn circuit Tuesday night were announced Saturday by League President Hal Sayles.

Lineup of openers:
Sweetwater at Vernon — George Thomas and Joe Montgomery.
San Angelo at Ballinger — Jack Dorothy, Milton Eiler and Ronald Leighty.

Odessa at Roswell—Bruce Averill, A. B. Sykes and Baird Hutchins.
Big Spring at Midland — Eddie Hammond and Clarence Weikel.

The clubs will play a 134-game schedule, longest in organized baseball for a Class D loop.

Sayles said he expected the closest race in the four-year history of the league and predicted a record turnout of 550,000 to 600,000 for the season.

Indians Smother Ballinger 15 To 5

The Midland Indians notched their first victory of the exhibition season Friday night at the expense of the Ballinger Cats. The Indians dominated play all the way to win 15 to 5 in a typical Longhorn League slugging match.

Jim Prince, with a single, double and triple, and Scooter Hughes, with a home run, double and single, paced the 12-hit attack of Harold Webb's Redskins.

Pat Lorenzo, playing the outfield now, collected two singles and a double.

A. Ludena, a new hurler, started for the Indians and pitched shut-out ball for four innings. The roof fell in on him in the fifth and he was forced to retire in favor of Rookie John Singleton. Ludena gave up four hits and four runs and left the game with men on bases.

Singleton got off on the right foot by getting the first batter he faced to hit into a double play. That batter was none other than Stu Williams, the slugging Ballinger Cat of old.

Singleton pitched in major league form the full four innings he worked. He showed speed, control and good stuff. He was touched for only two hits and didn't allow a run.

Max Harris, the Midland rookie left-hander, hurled the last inning. Stu Williams hit a home run off Max but otherwise he was great. He struck out one.

Hughes Homers
The big blow for the Indians was a homer over the scoreboard by Hughes with two aboard. He had doubled in his previous trip, driving in a run. Hughes also sparked the infield with some fine defensive play.

George Firnbach moved over to third base and held it down like a veteran. He also collected a double. Firnbach teamed up with Quentin Basco and Jim Prince to turn two fast double plays over the long route of third to second to first.

Hughes was in the middle of another twin killing which was started by Singleton and ended up at first.

Prince Hits
Prince got three RBI's and scored three runs besides banging out three hits. He worked better at first base than he ever had seen him before. Prince made two put outs un-

by SHORTHY SHELburnE

Just call Midland "The Baseball Capital of West Texas." Friday night, there were four professional ball clubs quartered here.

The Midland Indians, Berger Gassers, Oklahoma City Indians and Ballinger Cats all were in town.

Oklahoma City played here Thursday night and stayed over to play in Odessa Friday night.

A game is under consideration for inviting baseball teams to train at Midland Air Terminal, where there are quarters, mess halls, kitchens and athletic fields aplenty.

Donald Hines, a lanky right-hander who has to duck his head to get through the doors of the clubhouse at Indian Park, has joined Harold Webb's Redskins. He came from the Cleveland chain.

Amando Ludena, a Cuban pitcher, also is here.

Royce Thiebaud and George Tibbets, rookie infielders, have been released.

Webb thinks Hines favors the fabulous Monty Stratton, former major league hurler who lost a leg in a hunting accident and gained fame hurling on an artificial limb.

Webb adds that he hopes Hines can pitch like Stratton.

Jim Horry of Kermit High School's football and basketball teams, has been selected to play on the North All-Star quintet when it meets the South All-Stars August 8 at Austin in an annual cage classic.

Horry is the best all-around cager we saw last season and can make some college a fine hand.

Wally McNeill of Lamesa also is on the North squad.

Qualifying for the National Open Golf Tournament will be held at 29 sectional centers this year and will cover a span of eight days, starting May 27.

Midland Country Club will be the site of one qualifying round on May 29.

The other site in Texas will be the Colonial Club at Fort Worth.

The national tournament will be held June 8-10 at Ardmore, Pa.

The annual Baseball Edition of The Reporter-Telegram will be published Monday and for the first time we have been able to round up a story on each Longhorn League team.

Thanks to President Hal Sayles for making it possible. He issued the stories from the league office.

Requests to sports writers for such information brought no results.

Big Joe Baksi Gets Kayo Over Reynolds; Eyes Ezzard Charles

NEW YORK (AP)—"This time I'm not going to miss the boat." It was Joe Baksi talking. The 217-pound ex-coal miner from Killebrew, Pa., had just stopped handsome Bernie Reynolds of Fairfield, Conn., in two minutes, seven seconds of the seventh round at St. Nicholas Arena.

Big Joe floored his 186-pound foe seven times and looked very impressive.

He wore the 24-year-old Reynolds down with a vicious head and body attack and ended the scheduled ten-rounder with left hooks to the mid section in the seventh.

The first decked Reynolds for eighth and Referee Ruby Goldstein didn't even bother to count after the second.

Big Joe was jubilant. "This time I'm not going to kick away any chances," said Baksi. "I lost my chance at Joe Louis in '47 because I didn't train for Olie Tandberg."

Tandberg beat Baksi in Sweden. "Now I'm going to work and work. This is my last chance and I plan to go right to the top. I'll want a few more bouts, then give me Rocky Marciano and then Ezzard Charles (the NBA champion)."

Of the 134 horses eligible for the Kentucky Derby this year, 61 are still racing in the ownership of the people who bred and raised them.

Grid Trade Puts Layne, Walker On Same Pro Eleven

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, APRIL 9, 1950-9

Grid Trade Puts Layne, Walker On Same Pro Eleven

NEW YORK (AP)—Bobby Layne and Doak Walker, two of the greatest names in Southwestern football, will be reunited in professional ranks next Fall. Walker recently signed a contract with Detroit. Saturday, Layne was swapped to Detroit by the New York Yanks.

They were stars together at Highland Park High School in Dallas, where both made all-state. Layne finished a year ahead of the Doaker, however.

Bobby went to Texas to win fame as quarterback and ace passer of the Longhorns and also to star as a pitcher on the baseball team.

Walker had planned to go to Texas but changed his mind at the last minute and entered Southern Methodist.

In 1945, Layne and Walker met when Texas played Southern Methodist. Both were top stars but Layne got the better of the argument that day as Texas beat SMU on Bobby's passing and rolled on to the Southwest Conference championship.

Walker was in the Army in 1946 when Layne continued as the star of the Longhorns. In 1947, Walker returned and the two clashed in the season's big game with Walker coming off best as SMU won 14-13 Bobby Shifts About.

Layne finished at Texas in the Spring of 1948 and went to the Chicago Bears of the National Professional Football League. Walker played at Southern Methodist in 1947, 1948 and 1949 and was three times All-America.

Walker signed a three-year contract with Detroit at a reported \$20,000 a season. Layne received a like amount when he signed with the Bears but since then has been with the New York Bulldogs, where he played last year. Then he was traded to the Yanks in what was called pro football's biggest deal.

Now Layne goes to Detroit to team with his pal, Walker, in the backfield of the Lions with Ed McMillin, another Texan, as the coach.

Bobby was traded for Camp Wilson, former Hardin-Simmons star fullback, in the deal that sent him to Detroit.

Dates For Golf Meets Announced

Dates for 1950's golf tournaments at Midland Country Club have been set and the full slate has been released. Six tournaments will be held.

The Ladies Club Tournament will open the season. It is scheduled April 28-29 and will be open to women club members.

The Ladies Invitation Tournament will be held May 3-7. It is the annual feature here for women golfers.

Don't we all?

The Texas PGA Open and qualifying round for the National Open are scheduled here this year. The tournament will open May 29 and run through June 4. It will be the biggest golf meet ever held at Midland Country Club.

The Club Tournament for men members is slated July 1 through 4. Closing out the tournament season will be the popular Men's Invitation Tournament July 5-9.

It is possible some junior tournaments will be added to the list.

PAFKA MAY MISS 1950 OPEN; SURGERY DUE
SHREVEPORT (AP)—A day before the only Chicago Cub player certain of a starting assignment for the 1950 season, may not be in uniform for the April 18 opener in Chicago. The 29-year-old center fielder is suffering from tonsillitis and surgery is just asking for ONE REGULAR WINNER.

ORLANDO, Fla. (AP)—Manager Bucky Harris isn't asking for much—just a pitcher who can work regularly and win. Harris has two fingers and a couple of toes crossed for Joe Haynes. The big right-hander was laid up most of last season with a con- valescent shoulder but last week he threw five innings of shutout ball against Minneapolis.

MAY BE YEAR GRANNY FILLS PREDICTIONS
DALLAS (AP)—This may be the year Granny Hamner lives up to the predictions that he's one of the best shortstops in the National League.

The Philadelphia Phillies' young shortstop has been playing great ball in the South during Spring training. He hit three for five against Port Worth, including a grand slam home run and a double.

NEWHOUSE LESS DISTURBED, THROWS WITHOUT HURTING
MOBILE, Ala. (AP)—Pitcher Al Newhouse is less disturbed than he was a few days ago.

Hal has had a mysterious sore arm. But after a half hour's work in batting practice at Montgomery he was encouraged.

"I threw hard for the first time. It didn't pain me at all," he said. "It's the best news I've had."

STARR MAY BECOME STAR, PLEASES ZACH TAYLOR
SAN ANTONIO (AP)—Pitcher Dick Starr, former New York Yankee farm hand, has brought gleam to the eye of Manager Zach Taylor of the St. Louis Browns.

"I think Starr may be a great help to my ball club this season," says Taylor.

FURILLO SEEMS READY FOR REPEAT SUCCESS
ATLANTA (AP)—Carl Furillo, Brooklyn Dodgers' outfield slugger, seems ready for another good season.

In a game here with Atlanta, won by the Brooks 9-4, Carl banged two triples and a pair of singles. He knocked in five runs.

More Power For Braves

Outfielders Sid Gordon, left, and Willard Marshall, right, give the Braves power at the plate and in throwing. Buddy Kerr, the third ex-Giant, is a fine shortstop.

Jim Ferrier Holds Slim Edge Over Ben Hogan In Masters

AUGUSTA, GA.—(P)—Jim Ferrier's erratically concocted 73 on the third round was good enough to keep him in front in the Masters' Tournament Saturday as Ben Hogan three-putted on the eighteenth green to lose his chance for a tie.

After three rounds, the big, Australian-born Ferrier had a total of 210, six strokes under par for the long, testing Augusta National course. Hogan, the convalescent clogger from Texas and Hershey, Pa., was second with 212 and two other Texans, Byron Nelson and Jimmy Demaret, were two strokes further back.

Only these four and Sammy Snead, last year's winner who came in with 215, appeared to have any chance of winning as the pressure, the course and the gallery of about 10,000 took its toll of the rest of the field.

National Open Champion Cary Middlecoff of Ormond Beach, Fla., had a 68, the best round of the day, which left him trailing with 219. Nelson had a 69, as did Clayton Heafner.

Hogan's Legs Swell
Hogan, who had to soak his legs in hot water Friday night to improve circulation and stop the swelling that has troubled him since his near-fatal automobile accident last year, came in with a sound 71 despite difficulty on the final green.

Leading scorers after the third round are:

- Jim Ferrier, San Francisco, Calif., 70-67-73—210
- Ben Hogan, Hershey, Pa., 73-68-71—212
- Byron Nelson, Roanoke, Texas, 75-70-69—214
- Jimmy Demaret, Ojai, Calif., 70-72-72—214
- Sam Snead, White Sulphur Springs, W. Va., 71-74-70—215
- Lawson Little, Monterey, Calif., 70-73-75—218
- Cary Middlecoff, Ormond Beach, Fla., 75-76-68—219
- Clayton Heafner, Charlotte, N. C., 74-77-69—221
- Henry Picard, Cleveland, Ohio, 74-71-77—222
- Skee Riegel, Tulsa, Okla., 69-75-78—222
- Herman Kesser, Lima, Ohio, 70-72-75—222
- Gene Sarazen, Germantown, N. Y., 80-70-72—222

Phony Portuguez Jailed; Declares Promoter 'In Know'

KANSAS CITY —(P)—A Puerto Rican mechanic who bilked a Wichita, Kan., fight crowd by using the name of topflight boxer Tuzo 'Kid' Portuguez of Cuba, asserted Saturday he had told "the promoters" all about it before the phony fight.

He gave his name as Jose Rafael Aviles, 23. He was arrested here on a warrant from Wichita charging fraud.

Max Yeargain, the Wichita promoter who staged the fight between "Portuguez" and Alvin Williams, 161-pound Indian, stoutly denied Aviles' statement. The bout, fought Wednesday, ended with Aviles taking the 10-count in two minutes and 33 seconds—and about \$225 of Yeargain's money.

'Flying Saucer' Might Right, Say Amarillo Cousins

AMARILLO —(P)—A couple of kids here saw, heard and, they said, a flying saucer Saturday—they felt. The Amarillo Globe-News printed their story, figuring its readers could take it or leave it. That's what you can do.

David and Charles Lightfoot, cousins, aged 12 and nine, said the saucer—about the size of a tire—landed near them while they were fishing north of town.

David said he walked up to the saucer, which was about as high as his knees. He said it was composed of two circular disks—the top one thin and spinning, the bottom one thick and motionless.

David said the object stayed on the ground five or 10 seconds. He said he touched it, and it felt slimy—like a snake.

David showed burns and welts on his arms which he said proved the object left the ground in a flash while he was standing near it.

Charles confirmed the takeoff. "It took off just like it was on a string or something," he said. "It didn't wobble or anything."

Weather Holds Down Holiday Death Toll

By The Associated Press
The nation's Easter holiday got off to a safe and sane start Saturday—with an assist from the weather.

Cold weather over large areas of the country kept pleasure driving at a minimum.

From 6 p.m. Friday to 6 p.m. Saturday only 38 persons had been reported killed in traffic accidents and 12 in miscellaneous mishaps.

This is below the daily average for the first two months this year. Traffic deaths have been averaging 78 a day.

New Hearing Device Has No Receiver Button In Ear

Chicago, Ill.—Deafened people are hailing a new device that gives them clear hearing without making them wear a receiver button in the ear. They now enjoy songs, sermons, friendly companionship and business success with no self-conscious feeling that people are looking at their button hanging on their ear. With the new almost invisible Phantomoid and Beltone you may free yourself not only from deafness, but from even the appearance of deafness. The makers of Beltone, Dept. 40, 1450 W. 19th St., Chicago 8, Ill., are so proud of their achievement they will gladly send you their free brochure (in plain wrapper) and explain how you can test this amazing device in the privacy of your own home without risking a penny. Write Beltone today.—(adv.)

The feeling that comes over you as you join in prayer on Easter Sunday is as proud and soaring as a church steeple, yet as warm and humble as a neighbor's handshake. You and your friends, sharing the thrilling inspiration of the Easter services, become vital strands in a harmonious web-work held secure by the frame of religion. Attend the church of your choice this Easter, and join with your family in the impressive services.

DADDY RINGTAIL

By WESLEY DAVIS

Daddy Ringtail And Whistles And Sniffs

Daddy Ringtail, your monkey friend, was going to feed a biscuit to the fish who live in the Whispering River. Daddy Ringtail walked up and down—and up—along by the river, trying to find the fish. He whistled for them to come—even as he always did—but the fish didn't come. Daddy Ringtail didn't know what else to do, and so he sat down on a rock to wait.

He hadn't waited long when he heard a noise from down in the water. The noise was a whistle and a sniff. Now just you whistle and sniff, and you'll know exactly what Daddy Ringtail heard. (Whistle, sniff.) That's it.

"Hello, whoever-you-are-with-the-whistle-and-sniff," Daddy Ringtail said. "Have you seen the fish?"

"Oh, yes (whistle, sniff)," the voice said. "The fish are down in the water at my house for a birthday party."

"How do I know you haven't eaten them?" Daddy Ringtail asked.

"Because I am a Whistlesniffer," the voice said, "and a Whistlesniffer doesn't eat fish (whistle, sniff)." Now Daddy Ringtail hadn't seen a Whistlesniffer in a long, long

time, and he had forgotten about them, except he remembered that Whistlesniffers don't eat fish. He wanted to be sure that the voice was a real Whistlesniffer, and so

he said: "Tell me what a Whistlesniffer is."

"A Whistlesniffer is what I am," the voice said. "I whistle and sniff when I talk (whistle, sniff). And sometimes I whistle and sniff when I don't talk (whistle, sniff)." And the whistle of the Whistlesniffer was so loud that the fish heard it and came up from the bottom of the river, because they thought it was Daddy Ringtail whistling for them to come.

Daddy Ringtail gave them the biscuit to eat, and they were happy to have it. They gave him some worms and bugs that they had been eating at the birthday party. Daddy Ringtail didn't eat the worms and bugs, of course, and you wouldn't have either. Daddy Ringtail did say "thank you" to be polite, even as you would if somebody gave you a something. Being polite and saying "thank you" is always a happy thing to do. Happy day!

Blurb Eliminator For Radio Claimed

PHILADELPHIA—(AP)—Tired of listening to radio commercials? A University of Pennsylvania physicist has an answer for you.

Dr. I. Clyde Cornog has developed what he calls an "advertiser killer." It is described in the American Journal of Physics.

With Dr. Cornog's electronic circuit gadget installed, you sit in your armchair, a switch by your hand. When you wish, you press a button and off goes the radio for a certain, predetermined, period of time, say a minute.

The physicist said he created the gadget—which anyone with scientific know-how can make for \$20, he said—because of radio commercials. Said he: "One just gets tired of them."

STILL PLANT RUBBER SINGAPORE—(AP)—British planters still are coming forward to serve on Malayan rubber estates despite nearly two years of terrorism. "We have been able to maintain a steady supply of young men of the right stuff who will eventually form the backbone of the industry," said Mr. E. C. Martin, vice chairman of Sime Darby and Company, rubber estate agents.

Scottish industry is centered in the Edinburgh-Glasgow area.

FARM, DAIRY AND RANCH NEWS

The new cotton legislation signed April 1 by the president probably will do little good in Midland County...

Norman Dawson, operator of the Forrester King irrigated farm eight miles north of Midland, is constructing a permanent level water distribution system on 68 acres this year.

Chapter is finding other scholastic events hindering the Spring schedule of judging contests and shows. Two livestock judging appearances, scheduled last weekend, had to be canceled because of conflicting school activities.

The PFA judging team had planned to attend a judging contest at Sul Ross College Saturday, April 1, but the track and field meet in Odessa and the regional band contest held in Midland took too many of J. R. Cuffman's boys. The annual Field Day at Odessa Christian College last Monday was to have Midland PFA members as an entry. But, a tennis tournament again interfered with the vocational students.

Cuffman took advantage of the Easter holidays to attend the annual Sears Roebuck Show in Dallas Thursday. Animals shown were those sponsored by the Sears Foundation. Friday and Saturday Cuffman was to visit the PFA general headquarters in Waco.

What to do during the holidays with a large group of chickens which the school is raising in the workshop was settled when it was agreed the students would have to take time out from holidays to drop in and feed them. The students built a new brooder last week and purchased more chickens to raise as a class project. They already have some that have grown almost to frying size.

Tools Mansfield of Big Spring, world champion calf roper five times, recently defeated John D. Holleyman of Odessa in the year's first matched roping contest at Pecos. His time was 27.09 seconds and Holleyman's with Holleyman's 29.99 seconds.

Holleyman pressed Mansfield and trailed by only three seconds until the tenth and final calf was roped. Holleyman required 39.7 seconds on his last effort. Mansfield's top time of the day was 12.8 seconds.

Dry soil over all of Texas, except in the eastern portion, last week continued to hold growth of crops, planting and soil preparation at a near standstill, the weekly report of the Texas Agriculture Extension Service. Local weekend showers in a few central counties brought only partial relief. Wheat continued to deteriorate with practically all areas badly in need of surface moisture.

The situation was particularly critical in the High Plains where in-frequent showers remained heavy and where drying winds further depleted limited moisture supplies. Many irrigated fields were not responding as expected because of severe greening infestation.

Minister May Think He Is Seeing Double

WHITE PLAINS, N. Y.—(AP)—The minister who performs this wedding ceremony will think he's seeing double. And in a way, he will.

The brides will be Claire and Clarice Miller—twins. The bridegrooms will be Berle and Merle Mercer—also twins.

Claire gets Berle and Clarice gets Merle—all because they met each other at the International Twins Association Convention at Omaha.

The weddings will be this Fall at the girls' hometown here. Then they will move to Cherry County, Nebraska, where the Mercers are cattle ranchers.

Mrs. Bystrom Denies Killing Missionary

BIRMINGHAM, Ala.—(AP)—Linked by her own statement with the last tip of a murdered missionary, Mrs. Cathrin Bystrom Saturday denied any knowledge of the slaying.

The 39-year-old taxicab company operator and one of her former drivers are charged with the murder of 70-year-old Mrs. Lillian Euphemia Schiefer, California church worker.

Mrs. Schiefer was killed while traveling from California to the British West Indies. Her body was found in a shallow lake at Alexandria, Ala., late last February.

Friends told officers she engaged a ride with a blonde woman at Waco, Texas, February 20, five days before her bullet-riddled body was discovered.

In the presence of officers, Mrs. Bystrom Friday night told reporters she took the missionary from Waco to Birmingham.

Here she had car trouble and Mrs. Schiefer decided to continue alone by bus, Mrs. Bystrom said.

Thompson Urges Truman To Sign Bill

AUSTIN.—(AP)—Railroad Commissioner Ernest O. Thompson sent President Truman a telegram Friday urging him to sign the Kerr bill.

Thompson said the measure would promote development of new gas reserves by independent oil and gas producers and aid national defense.

Youth Is Charged On Three Counts After Girl, 17, Abducted

COVINA, CALIF.—(AP)—A 17-year-old high school girl was kidnapped from her boy friend early Saturday by a gunman who drove away with her for a wild ride through the hills in her boy friend's car.

Five and one-half hours later she was found, scared but safe. A youth found with her was booked on suspicion of kidnaping, robbery and sexual perversion.

Sheriff's Sergeant William Wells said the girl, Dukey Nelson, told him the gunman drove her to a lonely spot in the La Puente Hills, 10 miles northeast of here. At gunpoint, Wells quoted the girl, she forced her to submit to improper relations but she was not raped.

Tru to Thumb Ride. After driving back down from the hills, the detective quoted the girl as saying, the car went into a ditch. Searching officers found the two standing beside the car trying to "thumb a ride."

Jailed at the San Dimas Station near here was a youth who gave his name as Vance Smith, Jr., 20, of West Covina. Detective H. P. Skouland said Smith was paroled to his parents last January from Patton State mental hospital near San Bernardino, Calif.

Sergeant Wells said the girl was abducted as she sat in a car in front of her home in nearby Baldwin Park with Donald Deirich, 16, Covina High School student. She told Wells Smith stuck a pistol in the car, ordered Deirich out and then drove away with her.

Deirich ran into the Nelson home and told her mother, Mrs. H. A. Nelson, what had happened. She notified officers.

War Vet Sought In Pal's Slaying Is Shot To Death

CHAPEL HILL, N. C.—(AP)—A moody war veteran was found shot to death near an outdoor theater Saturday less than 24 hours after this quiet university village was shocked by the slaying of its pal.

Len Broughton Smithey, 30, former student at the University of North Carolina, had been sought since the shooting Friday of studious George Lemuel Bennett, Jr., Bennett was a 22-year-old university senior.

Police Chief W. T. Sloan said Smithey apparently committed suicide. Smithey, a quiet-spoken veteran of the South Pacific campaign, was described by his mother, Mrs. Naomi Smithey, of Arlington, Va., as a "war casualty."

Police filed a murder warrant against Smithey after someone pumped five bullets into Bennett in his room two blocks from the university campus. Officers said Bennett and Smithey had quarreled several days ago after Smithey had accused Bennett of taking a rifle from him.

Prices Continue Drop At Midland Livestock Auction

Prices continued downward for the second week at Midland's stock auction sale Thursday. Butcher cattle, yearlings and calves sold for as much as \$100 a hundred lower than the week before.

No stocker calves were offered. Other stockers were about steady. A total of 350 head were sold.

Pat calves and yearlings brought \$21.50 to \$24.50 and no real choice kinds were offered. Medium calves and yearlings sold for \$18.50 to \$21.50. There were no choice cow and medium weans at \$16 to \$17. Canners and cutters moved at \$12 to \$16. Bulls brought \$17.50 to \$19.50.

One package of 40 yearling steers that averaged 573 pounds sold for \$24.60. A group of 23 plain heifer yearlings that weighed about 430 pounds went at \$94 a head. Fourteen Brahman cows with 9 calves sold for \$190 per cow. Calves included. Top price on hogs was \$13.50.

Crow Packing Company of Pecos and Odessa Packing Company purchased large lots of the choice butcher cattle.

Among consignors were Roy Parks, Jr., Walter Anguish, H. M. Thornton, Herd Midkiff, Blake Rowland, F. D. Breedlove, Tom Green, Joe Stewart, F. Parker and A. B. Connell, H. B. Vestal, Son Hendrick and W. E. Putty of Odessa, W. D. Dinwiddie, Jal, N. C. Mills, Wink, M. E. Clark and Jim Cooksey of Pecos, T. B. Wiedie and John Yates of Monahans.

Rodeo Arena To Be Built At Big Spring

BIG SPRING.—Construction is under way on a new rodeo arena at Big Spring. The structure will seat approximately 2,000 persons.

The cost figure includes only the grandstand and arena. Corral, chutes and other auxiliary structures will be built separately.

The location is about a mile west of the Municipal Airport, on a 30-acre tract purchased recently by the Big Spring Rodeo Association.

The American shrimp catch has increased 10 times in 50 years.

Contract for a concrete, horse show stadium has been awarded to Baker Willis Construction Co. of Big Spring. The structure will seat approximately 2,000 persons.

The cost figure includes only the grandstand and arena. Corral, chutes and other auxiliary structures will be built separately.

Tomato Varieties Developed For Northwest Texas

WICHITA FALLS.—New Northwest Texas and Southern Oklahoma folk can pick excellent tomatoes from their own gardens.

The Iowa Park Extension Service subdivision has found several varieties that grow well in the area.

In other years, tomato growing almost always was a failure because standard varieties could not withstand the hot, dry Summers of this section.

The Iowa Park horticulturists say the varieties produce an abundance of high quality tomatoes. Besides, they show higher vitamin C content than the same varieties grown farther east.

Makes Recommendations. The substitution recommends Red Cloud, Beauty and Porter's tomatoes, with Red Cloud receiving the expert's loudest acclaim. Other varieties that do well in this area include Porter's Scarlet Globe, Porter's Improved Bison and the Prichard.

Glenn Shelton, writing in the Wichita Falls Times, gives some tips on tomato growing to those willing to try these varieties. Best method, he reports, is to plant slips rather than seed. These slips usually can be purchased from feed stores. For quick ripening, Shelton advises to keep the plants 18 to 24 inches apart in rows three feet apart. The slips should be set out in early April.

About three well-tended plants will provide sufficient tomatoes for each member of the family.

Marshall Plan Money Used To Buy Cotton

WASHINGTON.—Marshall Plan dollars have financed the purchase of \$944,000,000 worth of American cotton for almost one-half the country's annual crop during the last two years.

This was reported last week by the Economic Cooperation Administration which stated:

"Probably no other single commodity from the United States has contributed more to Western European employment than this American fiber."

Bride In Morning Wedding

Mrs. David Howard Donaldson

Joan Steinberger Is Married In Church

A morning wedding of the Easter weekend was solemnized for Joan Steinberger of Midland and David Howard Donaldson of Odessa Saturday in the First Christian Church. The Rev. Clyde Lindsley, minister, read the single-ring ceremony.

Forming a background for the wedding party, a screen of woodwardia fern with Easter lily blossoms was arranged at the altar. Her father, Clark R. Steinberger, gave the bride in marriage.

Her only attendant was the bridegroom's sister, Mrs. Homer McConkey of Dallas. The flower girl was Bonnie Ann Horne, daughter of Major and Mrs. Jon Horne of Chickasha, Okla., and a cousin of the bride.

School Friend Slings
Joe Parker of Wichita Falls was the best man and ushers were John Steinberger, brother of the bride; David Allen Donaldson of Wichita Falls, nephew of the bridegroom; Joe Wannamaker, Gilmer Richardson, Ken Williams of McCamey and James Castledine of Austin.

Emily Jean Grissom of Eastland, who was the bride's roommate and sorority sister at the University of Texas last semester, was the wedding soloist. She sang "Because," "D'Hardelot," and "Yours Is My Heart Alone." Kern, before the ceremony and Malotte's arrangement "The Lord's Prayer" as a wedding prayer.

Betty Pickering, organist, accompanied her and played a prelude of wedding music and the traditional marches.

White organdy over pink fashioned the bride's dress, its spreading skirt set with bands of lace to make a diamond pattern and the same lace ruffled in tiers around the neckline under a double cape collar which extended over the shoulder to simulate sleeves.

Carries Nosegay
Her wide-brimmed hat of pink milan straw had the crown covered with white tulle and orange blossoms, and she carried an old-fashioned nosegay of pink roses.

Mrs. McConkey was dressed in bouffant pink flower printed organdy with a hat of blue straw.

Scott-Hewett Vows Repeated In Vernon

Una Elizabeth Scott and Joe Jefferson Hewett, Jr., both of Midland, were married Friday evening in the First Baptist Church in Vernon. The bride is the daughter of Mr. and Mrs. John Robert Scott of Midland and the bridegroom's parents are Mr. and Mrs. Joe Jefferson Hewett of Midland.

Dr. E. S. James, pastor, read the double-ring ceremony before a white arch with a background of fern. Baskets of calla lilies and fern and candelabra holding white candles were on either side of the arch.

Mrs. Earl Mason of Vernon played organ music before the wedding and the traditional wedding marches. Mrs. C. T. Murphy of Vernon sang three selections, accompanied by Mrs. Mason.

White Lace
The bride was given in marriage by her father and wore an ankle-length white lace gown, fashioned with a soft rolled collar and a deep V neckline. The skirt was full and the bodice fitted with long, pointed sleeves.

She wore a white flower hat from which fell a waist-length veil. Her bouquet was a cascade of white stephanotis and yellow iris with white satin ribbon streamers. Her only jewelry was a bracelet which belonged to her great-grandmother.

Dorothy Southard of Electra was maid of honor and wore a gown of pale yellow organdy over yellow taffeta. She carried a cascade bouquet of yellow flowers and wore of Midland and the bridegroom's parents are Mr. and Mrs. Joe Jefferson Hewett of Midland.

Maids Wear Green
Jane Skinner and Patsy Ballard, both of Electra, attended the bride as bridesmaids. They wore pale organdy dresses, bouffant style with pale green hats and carried white and yellow colonial bouquets.

Gordon G. Geddes of Midland was best man. Ushers were W. E. Brown and D. C. Brooks, Jr., of Midland, Joe R. Lewis of Lubbock and Sherman Stockton of Amarillo.

Mrs. Scott wore a navy suit and accessories. Her corsage was yellow Dutch Iris. The bridegroom's mother wore a rose-colored suit and navy accessories. Blue Dutch Iris were arranged in her corsage.

Yellow Theme
The reception was in the church parlors after the ceremony. A white and yellow theme was used in the decorations. Members of the house party were Vernon and Electra friends of the bride and her family, who formerly resided in Electra.

Miss Heraty To Wed Don W. Stearman

The engagement and approaching marriage of Janie Claire Heraty of Dallas and Don W. Stearman of Midland will be announced by her parents, Mr. and Mrs. T. M. Heraty of Dallas, at a tea Sunday afternoon in the home of Mr. and Mrs. R. J. Kupper, Valley View Farms, in Irving. Mrs. R. J. Murphy will be tea hostess with Mrs. Kupper.

Stearman is the son of Mr. and Mrs. R. E. Patton of Midland. He and Miss Heraty will be married at 9 a.m. April 29 in Christ the King Church in Dallas. They will be at home in Midland. Miss Heraty visited here last Summer and was entertained at several parties.

A color scheme of pale green and white, the bride's chosen colors, will be used for the tea decorations. These colors will be used on the tea table, which will be centered with five miniature bridesmaid figurines, dressed in gowns of the colors of the rainbow. Miss Heraty's attendants will wear rainbow-hued gowns for her wedding.

Couple To Live In Midland After Wedding

Pale pink lighting and the soft glow of candles provided the background for the Easter Eve wedding of Irma Jane Anderson and William B. James in the Seventh Day Adventist Church in Keene, Texas. The bride is the daughter of Mr. and Mrs. John L. Anderson of Muskogee, Mich., and the bridegroom's parents are Mr. and Mrs. Paul J. James of Midland.

Elder C. A. Holt of Midland read the single-ring ceremony before a rose arbor with baskets of Easter lilies and floor candelabra holding white candles on either side.

Mrs. Colen G. Fisher was the organist and played the "Swedish Wedding March" as a processional and the Mendelssohn wedding march from "Midsummer Night's Dream" as the traditional recessional. Mr. Fisher played a violin solo.

At Altar
After the bride reached the altar, the bridegroom sang "God Gave Me You," Fisher, to her. Vivian Strayer of Cleburne sang "O Perfect Love," Barnby, as a benediction.

Miss Strayer was maid of honor. Phyllis Strayer of Cleburne and Janet Sloop of Keene were bridesmaids and Joyce Sloop of Keene was the flower girl. Max Williams, dean of men at Southwestern Junior College in Keene, was best man. Ushers were Arsh Kurry and Manfred Sandefer of Keene. David Birdwell of Keene was the Bible boy.

The bride, given in marriage by her father, wore a wedding gown of white nylon sheer over demi-pastry pink satin. The full skirt was of the nylon sheer and had lace panels inset in the front and sides. The panel down the back extended into

Church Is Scene Of Wedding

Dorothy Jean Roderick became the bride of Delton Strickland in a mid-afternoon ceremony in the pastor's study of the Asbury Methodist Church Saturday. Only the immediate families and close friends of the couple attended.

The bride is the daughter of Mr. and Mrs. Gene Roderick, 400 South Dallas Street, and Strickland is the son of Mrs. B. K. Hays, 404 East Indiana Street.

The Rev. Lennox Hester, pastor of the Asbury Methodist Church, officiated at the double-ring ceremony.

Marquisette Dress
The bride's dress was yellow marquisette over yellow taffeta. The long-torso bodice was imprinted closely in white circular flowers to give a lace effect. The yoke and ballerina skirt were of the marquisette and the yoke extended over the shoulders to make the short cap sleeves. Her small white pique hat, with rolled brim and a cut-out leaf design on the crown, was worn with a shoulder length veil.

She carried a white Bible topped with white carnations and satin streamers tied in love-knots.

The bride's only attendant was Freddie Stultz, who wore a navy blue crepe dress. White eyelet cuffs and collar trimmed the bodice and there was a panel of horizontal tucks down the front of the skirt.

Her accessories were white and she wore a corsage of pink carnations.

Coffee Announces McCain-Bell Troth

Adding a name to the list of prospective June brides in Midland, Mrs. A. B. McCain announced the engagement of her daughter, Betty, to Jimmie Bell of Amarillo at an informal coffee Saturday morning in the McCain home. The wedding date is June 23.

Bell is the son of Mr. and Mrs. James Bell of Amarillo and is a senior student in the University of Texas, where he is to receive his degree at the end of this semester. The wedding is planned for the First Methodist Church here and the couple will live in Amarillo.

Miss McCain attended the University of Texas the first semester this year, and was a student in Christian College at Columbia, Mo., last year. She is a graduate of Midland High School.

Announcement of the engagement was made to approximately 100 guests who called during the coffee hours. Names of the couple and the wedding date were written on two tiny blue umbrellas which were attached by yellow ribbon streamers to a larger umbrella of the same blue French tulle in the center of the table, arranged with yellow roses and carnations.

Other flowers in the same colors were used in the rooms, with a large bouquet of gladiolus on the mantel.

Mrs. McCain and Betty received guests and introduced the prospective bridegroom's mother. His sister, Mary Lynn Bell, also a student in the university, and Dorothy Barron poured coffee.

Others in the house party included another sister of Bell's, Mrs. R. H. Hervey of Amarillo; a group

Midland Couple Wed In Chapel-In-Woods

DENTON—In a late afternoon ceremony Saturday, Patricia Lou Dillman became the bride of Ashton Turner Perry, Jr., in the Little Chapel-in-the-Woods, Texas State College for Women, Denton. Both are Midland residents.

The bride, daughter of Dr. and Mrs. Howard B. Dillman of Flora, Ill., wore a gown designed with white lace bodice, dolman sleeves and full net skirt. Her fingertip veil of illusion fell from a Juliet cap with a halo of orange blossoms. She carried a white orchid on her prayer book. She was given in marriage by her father.

Dr. Robert Bullock, cousin of the bridegroom and professor of Bible at Austin College, Sherman, read the wedding vows before an altar decorated with greenery and baskets of white flowers.

The son of Mr. and Mrs. Ashton T. Perry, Texas City, the bridegroom was served by Marshall L. Mason of Midland as best man. Janis Dillman of Flora preceded her sister down the aisle as maid of honor. She wore a gown of white organdy over green, with green bonnet and mitts.

Attired in yellow organdy dresses over taffeta with full hooped skirts, the bridesmaids, Mrs. F. R. Woodard of Fort Worth and Dorothy Duke of Midland, wore matching organdy

Give Lingerie Cologne Scent

By ALICIA HART
NEA Staff Writer

The use of your favorite cologne, or a drop or two of perfume, in rinsing water when you wash your lingerie is a fastidious way to a light scent.

Once or twice a week, when you are performing the nightly chore of washing your lingerie, give it a perfume treatment.

It isn't necessary to do it often. Just mix a drop or two into the warm water and swish your lingerie through it. The result will be a light, clinging scent which will do the work of sachet for the girl on a budget.

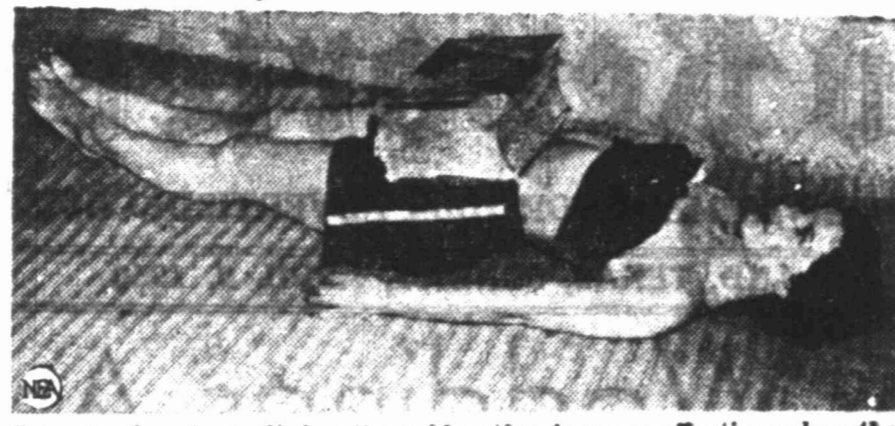

It's a good idea, of course, to be sure that the cologne scent you use for your lingerie harmonizes with the cologne or perfume you use daily. Many women buy perfume and cologne which are matched; this is a sound practice.

If you iron your lingerie, the warm iron will help to bring out the cologne. But ironing isn't essential.

This girl uses her favorite cologne in the rinse water to give a light scent to her lingerie.

Beauty Can Come From Books

Exercise for streamlining the midsection is more effective when the muscles have a heavy book to pull against.

By ALICIA HART
NEA Staff Writer

Because you have no bones in your midsection, it takes exercise to keep it taut. The time to streamline your midriff for Spring's pencil-slim skirts and dresses is right now.

Best way to begin is by lying on your back, arms outstretched, with a heavy book on your stomach. The reason for using a dictionary to flatten your midsection is to give you something to pull against as you exercise. Then, too, you have visible signs of accomplishment as you see the dictionary rise and fall.

Now holding your arms and hands flat to the floor, palms down, pull your legs up to form an L with your body. Don't bend your knees, and keep the inside of your knees touching. Lower your legs to the floor and pull them up again. Do this 10 times the first day. You'll feel the count. This is one of the quickest and surest ways for flattening your stomach and keeping it flat.

POULET MARENGO
By MRS. J. P. CUNNINGHAM
1508 West Kentucky Street

Heat 3 tbs. butter with 2 tbs. cooking oil in a skillet. Brown slightly one cut up, frying chicken and add 3 finely sliced onions. Brown until golden colored. Sprinkle chicken and onions with 2 tbs. flour. Stir well and moisten with 1 1/2 cup dry, white wine, 2 tbs. tomato sauce and salt and pepper to taste. Add 1 can mushrooms and the juice of them. Cook in a covered skillet or casserole for 45 minutes.

This is very good when served with rice and makes an excellent holiday or party dish.

BREAD, WATER FOR BRITAIN?

LONDON—(AP)—Britain's jailers want to revive the bread-and-water diet as a punishment for inmates of reform schools who misbehave. The Prison Officers' Association's annual report said: "It will act as a deterrent to those who are now deliberately breaking institution rules."

Rankin OES Has Friendship Night

RANKIN—The Rankin Eastern Star Chapter entertained members from Iraan, McCamey, Crane and Big Lake chapters when Friendship Night was observed Monday night. Spring flowers decorated the rooms.

Mrs. L. L. Hines and her daughter, Bette, were initiated with guest officers filling the stations for the ceremony. Mrs. Mayme Young of Iraan acted as worthy matron and J. B. Ashburn of Crane as worthy patron.

Other guest officers were Irene Mills of Big Lake, Mr. and Mrs. S. C. Rhinehart of Iraan, Ruth Gaddy of McCamey, Pay Reece of Big Lake, Helen Carroll of Crane, Eva Boyette of McCamey, Ethel Owens of Crane, Mary Bascom and Lula Mae Durham of Iraan, Charlene Cowden of Crane, Edith Haley of McCamey, Viola Talley, Pearl Stephens and Beryl Rae Stephenson of Big Lake.

Each Rankin chapter officer presented a gift to the officer who filled his station. Refreshments were served by Myrna Holman, Mrs. C. J. Holcomb, Dorothy Hurst and Minnie Rae McSpadden.

Here's How To Spoil Party For Your Husband

By RUTH MILLETT
NEA Staff Writer

If you want your husband to wish he had gone to the party without you, just choose any one of these tricks, all of which I've seen women use.

When he's off in a corner talking earnestly with several other men, join the group. Built in and say exactly what you think about the matter under discussion.

If you don't think you're getting enough attention, start in being the life of the party. Tell a risqué story, put your arm around some other woman's husband, or decide to show everybody the new reducing exercise you've just learned.

When your husband starts to tell his favorite story, jump right in and help him out. Or if you'd rather say with an exaggerated groan: "You aren't going to tell THAT ONE again, are you, Jim?"

how the baby-sitter is getting along, order him to do it.

If you've got a home to pick with him, do it at the party, confident that he won't tell you off in front of the other guests. One really annoying way of doing this is to tell in front of him just what he said that burned you up.

Don't wait for him to ask you to dance. Ask him. If he hesitates tell him he must be getting old.

Just when he seems to be starting to have a good time announce to your husband that you must be going. No need to consult him first to find out if he is ready to leave.

One other thing. If he makes a faux pas—be sure to call every-one's attention to it. That shows that at least YOU know the proper thing to do—even if he doesn't. (All rights reserved, NEA Service, Inc.)

church altar, which was traced with greenery and decked with baskets of gladiolus and stock. The Rev. Don Cochran read the ceremony and at the close sang "Wedding Prayer," accompanied by Mrs. A. E. Ivy. The organist also accompanied Edwarda Martin of Lubbock, whose pre-nuptial solo was "O Promise Me."

Mr. Lowery gave his daughter in marriage. She was dressed in a white satin gown with chantilly lace trim and a yoke of illusion. The fitted bodice had long sleeves tapering to petal points at the wrists, and the full skirt extended into a long train.

Carries Prayer Book Matching lace tiara held in place the bride's fingertip veil of illusion and she carried a pale lavender orchid on a white prayer book.

Joanne Starnes of Fort Worth was the maid of honor; Margaret Duff of Midland and Freda Walker of Crane were the bridesmaids. Troy Lewis, the bridegroom's brother, was his best man and the ushers were Ralph Daugherty, Jr., Rankin and Carleton Beckum of Lubbock. Billie Jean Parham was the flower girl and Louie Parham the ring bearer.

The bride's attendants wore dresses of yellow nylon organdy with fitted bodice, portrait neckline and full skirt worn over hoops. Each wore matching gloves and a Juliet cap accented with a blue iris at the back. Their arm bouquets were of blue iris tied with satin ribbon to match the dresses.

The small flower girl's frock was of the same yellow organdy and she carried a basket of yellow rose petals.

Reception After Wedding After the ceremony a reception was held in the Park Building. The bride's table was laid in pale yellow with clusters of sweet peas caught in a fluff of illusion. Yellow flowers surrounded the three-tiered wedding cake which was cut and served by Yvonne Beard of Lubbock.

Mrs. Jim Miller of Rankin and Pat Land of Alpine registered guests in the bride's book. Mr. and Mrs. Lewis left on a wedding trip and will be at home afterward at 804 East Burleson Street, Marshall. For travel the bride wore a pale blue sharkskin suit with a lavender orchid pinned on the shoulder, and white accessories.

Both Mr. and Mrs. Lewis studied at Texas Technological College, Lubbock, she for three years and he until he received a B. S. degree in Agriculture and a master's degree in Agronomy. He was an assistant instructor in the college during the two years he was doing graduate study, and now is in Civil Service employment as a soil scientist.

Guests at the wedding from other cities included the bridegroom's parents and Mr. and Mrs. Billy McReynolds of San Antonio, Mr. and Mrs. J. D. Starnes of Fort Worth, Mr. and Bill Monroe of Sheffield and the bride's grandmother, Mrs. C. O. Lowery of Rockport.

Crane Church Will Give Youth Banquet

CRANE—The Woman's Missionary Society of the First Baptist Church will have a Sweetheart Banquet Friday night in the church parlors. The guests will be the young people of the church. The college students home for the holidays will be special guests. The Rev. Obie Nelson of the First Baptist Church in Iraan will be the guest speaker.

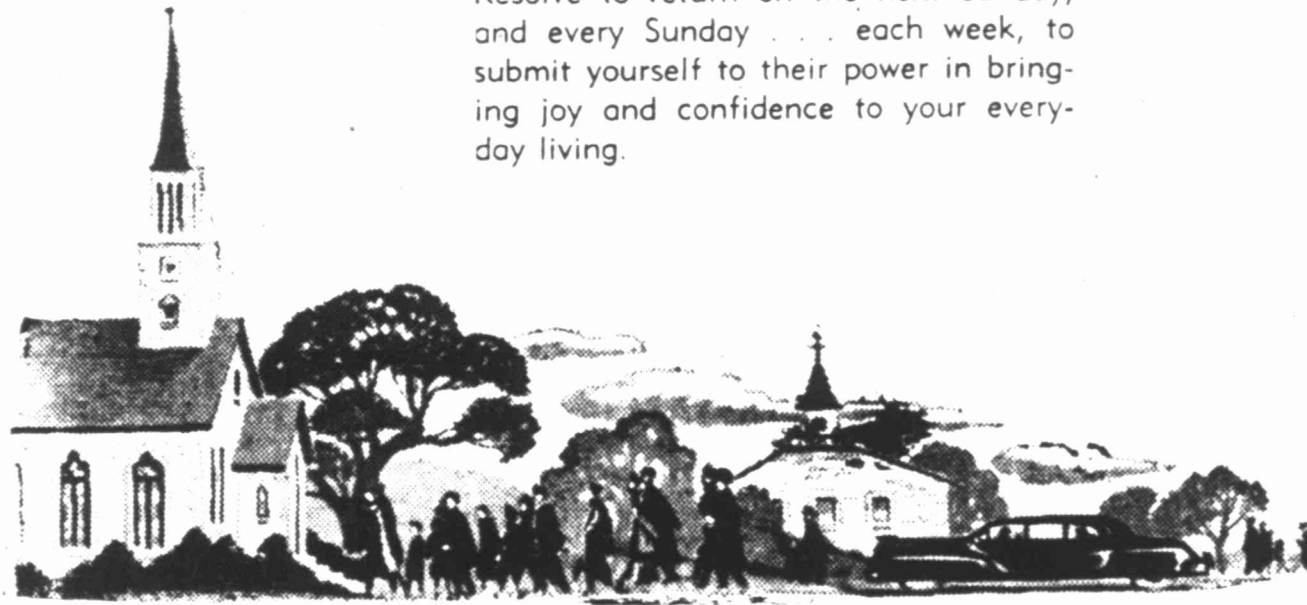

Final plans for the banquet were made at a meeting of the society recently. The members attending were Mrs. W. S. Johnston, Mrs. Leon Neely, Mrs. Wayne Ervin, Mrs. J. R. Boyd, Mrs. Roy Hazle, Mrs. H. D. Christian, Mrs. John North, Mrs. T. Plemister, Mrs. J. H. Branham, Mrs. Willford, Mrs. Kyle Gray and Mrs. Ted Green.

When you and your family attend Easter Services today, thrill to the young voices lifted in hymns of breath-taking beauty . . . music and poetry that have come through many centuries, from many distant

places — yet in a sense, from only one. Join in these prayers . . . fill your heart with them. And when you leave, ponder AGAIN their magnificence . . . and resolve not to deny yourself of them.

Resolve to return on the next Sunday, and every Sunday . . . each week, to submit yourself to their power in bringing joy and confidence to your everyday living.

He is not here; for He is risen, even as He said. Come, see the place where the Lord lay.

—Matt. 28.6

Bonnet Brunch Is On Program After Easter

Hats which appear in the Easter parade Sunday will reappear Tuesday morning when the Modern Study Club entertains with its benefit Bonnet Brunch in the American Legion Hall from 10 a. m. to 12 noon.

Easter hats will be the theme of the decorations, prizes and a surprise program at the brunch, which the club is sponsoring as a benefit for the Women's Club Building fund. Ticket sales, in charge of Mrs. Earl Johnson, Mrs. Bert Goodman and Mrs. Ed Shakely, will be closed Monday.

Mrs. F. R. Schenck, club president, Mrs. R. E. Morgan and Mrs. C. C. Keith are on the Decoration Committee, which has covered hat boxes in pastel paper and bows and arranged sprays of artificial flowers to carry out the bonnet theme. A large Leghorn hat with flowers and veiling will make the centerpiece for the main table.

Hats of the guests will be judged by a committee of men to select the prettiest. Awards to the wearers will be hat certificates from Midland stores. A number of other prizes given by Midland merchants are to be given during the brunch. Carol Ann Douglas and Karen Keith are to assist in distributing the awards.

All the members of the club are working on the brunch committees, which do not have chairmen. The standing Ways and Means Committee, composed of Mrs. C. L. Slough, Mrs. Carl Westlund and Mrs. Charles Sherwood, has directed the arrangements.

Maxine Yearwood, Thad A. Steele Are Married In El Paso

A marriage of interest in Midland was solemnized in El Paso late Thursday afternoon, when Mrs. Maxine Bray Yearwood and Thad A. Steele were wed. Steele is a former resident of Midland.

Mr. and Mrs. Mike Brumblow were Midland guests at the wedding and Brumblow served as best man. Mrs. Brumblow assisted in serving the wedding cake at the reception.

The Rev. Ewart G. Watts officiated for the single-ring ceremony in the home of Dr. and Mrs. Wilson H. Elkins of Texas Western College. The bride has been dean of women at the college since last Summer. She is the daughter of Mr. and Mrs. William Elijah Bray of San Antonio.

Mrs. Elkins was her only attendant. Given in marriage by her father, the bride was dressed in a ballerina length gown of jonquil yellow embroidered organza. Her straw and satin hat was of matching yellow and she carried yellow roses.

Steele is assistant sales manager of the Southwestern Portland Cement Company.

Only members of the couple's families attended the wedding, but a number of friends called during the reception in the Elkins home afterward.

Texas Fine Art Circuit Show Displayed Here

A new Texas Fine Arts Circuit Exhibit will be opened to the public at 3 p. m. Sunday in the Palette Club Studio.

Including water colors, oils and two serigraphs, the exhibit was secured for Midland by Neil Shaw, Midland Palette Club Art Center member and trustee of the Texas Fine Arts Association.

"Camp Meeting" by Lola Mueller, a water color, is a prize winning painting. Two other interesting water colors are "Giraffes" and "Parade." Boyer Gonzales, Jr., a member of the art faculty of the University of Texas, has one picture, "Rocky Shoal," in the show. He is a member of the Board of Directors of the Texas Fine Arts Association and stands high in the art circles of the state.

The students of design and subtle coloring will be interested in "Driftwood and Birds" by Bertha Come and "Young Mother" by Amelia Urbach.

The exhibit will remain in Midland through April 18. Anyone wishing to see it at special hours may make arrangements by calling Mrs. Clarence Hale.

Tina Williams, Prospective June Bride, Is Complimented

Tina Williams, who is to be married in June to Paul L. Pope of Rochester, was the honoree at a shower Saturday afternoon when Rosemary Brazzil and Mary Jo Hejl entertained in the Brazzil home, 906 West Storey Street.

A miniature wedding scene was arranged on the buffet in the dining room, and the table was decorated in blue and white with a centerpiece of carnations. Blue satin streamers extended from the bouquet across the table.

Evelyn Hejl poured punch for the callers who presented gifts to the bride-elect. Ruth Nell Kuykendall was in charge of the registry.

The guest list included Mrs. Jimmy Don Davenport, Gwen Roberts, Beverly Kelsing, Jo Ann Nelson, Katherine Lewis, Joya Chapple, Peggy Minear, Jo Ann Boykin, Eddie Juan Darnell, Jean Blackwell, Bet Studdert, Helen Cartwright, Maggie Murphey, Zoe Underwood, Janis Slough, Betty Wilson, Joan Ragan, June Hazlip, Joyce Howell, Dephane Tabor, Georgia Stump, Rosalynn Leggett, Wanda Jo Hankla, Margi Carter, Wilma Green, Casto Alaim, Viljeat Puglaar, Estel Johnson, Carolyn Cook, Peggy Charlton, Jo Ann Stephens, Nancy McKinley, Maxine Hill, Ann Wells, Emily Hamilton, Bobbie Collins, Irma Driver, Nancy Webb, Ann Stephens, Barbara Ware, Barbara Nichols, Wanda Burnsade and Jo Underwood.

small TALK

By SUE COLEMAN

Happy Easter! May you enjoy the day itself, in its full significance, as completely as you do the holiday feeling which surrounds it.

Wish we had a picture to show you of a charming pre-Easter scene glimpsed in passing Thursday—a small girl, dressed in what must have been a brand-new dress and hat, with purse in hand, posing in the late afternoon sunlight on the front steps of the house just across from the Episcopal Church, while a boy a little older focused his camera from a vantage point on the lawn.

Could be the approach of Easter inspired them, but at the Civic Music Association concert Monday night Mrs. Wayne Blankenship, seated front and center, was a pleasing picture in green, with gloves shade darker than her dress and a pink frill across her hat brim for contrast. . . . Florence Henderson all in brown, with a shiny straw chapeau the same color as Ann Speers, all in smart black except for a white flower on her straw hat. . . . Louanna Roach, sipping soda in a drug store with friends after the program and wearing a gay red hat.

Mrs. Henderson, by the way, has one of the most attractive new gardens imaginable, with bursts of bloom right now from the Spring-flowering bulbs on which the brightest gardeners-of-new-grounds always rely heavily.

Speaking of gardeners, my nominee for the busiest woman of this week is Sue Dillard, as who wouldn't be with a hundred or two visitors expected in a few days? As general chairman of the district garden club convention that will start Thursday afternoon, she is responsible for all those arrangements which must be made at the last minute before company comes. She was no sooner back from a jaunt over to Dallas last week than she hurried off Saturday for a final conference at Morton with Mrs. Albert Morrow, the district president who is helping, long-distance, to make the arrangements.

At the Ranchland Hill Golf Association's coffee Wednesday morning Dixie Conroe, brown eyes smiling, headed the receiving line wearing a black and white flowered print frock (She's the president of the new association). . . . Mrs. Jack Puckett's red suit was a cheerful greeting itself at a registry table. . . . Katie Linehan and Joyce Hanes wore strictly tailored outfits.

Mrs. W. O. Stallings had vivid red popples across the front of her straw hat. . . . Freda Wycoff, also in tailored attire, relaxed on a sofa and watched Patsy Monkress and her camera making picture records of the occasion. . . . Everybody exclaimed over the smartly-hatted Easter egg ladies that decorated the table and learned that Mrs. Tom Cole, not a professional decorator, made 'em.

Milling around in the crowd, I was lucky enough to meet Louise St. Clair, an acquaintance by telephone and by sight but not by actual meeting. And learned that Mrs. Hanes is another ex-newspaperwoman, who has worked at Shreveport, La., and that she is among the happy adopted Midlanders who can compare this city with former homes in both the extreme East and extreme West parts of the nation.

Midlander To Be Section Chairman At Education Meet

AUSTIN—C. D. Johnson of Midland will participate as a chairman in the 1950 Elementary Education Conference here April 13-15.

The conference is sponsored jointly by the University of Texas, the Texas State Department of Education, and the Texas Elementary Principals and Supervisors Association.

Theme of the conference will be techniques in supervision. Four general sessions with prominent speakers in the education field and three small section meetings will be held. The conference will also include several banquets and a tour of two recently-completed Austin schools.

Johnson will be chairman of a section meeting for representatives of school systems with 2,500 to 4,500 pupils.

Couple Wed-

bonnets and mitts. They carried old-fashioned nosegays of Spring flowers.

William A. Keeler and Roy H. Dubitzky, both of Midland, served as ushers.

Preceding the ceremony, "Wait and See" was played. The bridal party entered to the traditional "Bridal Chorus" from "Lohengrin" and following the vows, the "Lord's Prayer" was played. The recessional was from Mendelssohn's "Midsummer's Night Dream."

Mrs. Dillman, mother of the bride, wore a moss green gown with pink accessories and an orchid corsage. The bridegroom's mother was attired in a navy blue gown and white accessories with an orchid corsage.

Immediately following the ceremony the couple received guests in the Virginia Carrol Lodge on the TSCW campus. A three-tiered cake, topped with miniature bride and groom, centered the white lace-covered table. White roses and candles flanked the punch bowl.

Mrs. J. W. Fleming of Glendale, Calif., aunt of the bride, presided at the guest book. A classmate of the bride at TSCW, Mrs. Robert Pittman of Fort Worth, served punch while Mrs. W. H. Kramar of Texas City, sister of the bridegroom, served cake.

When the couple left, the bride wore a mauve suit and hat with navy accessories and white orchid corsage.

After April 17, the couple will be at home at 101 East Kansas Street, Midland. The bridegroom is a geologist for the Union Oil Company of California and at present the bride is employed as a secretary by the Pure Oil Company.

Perry was graduated from Texas A&M College with a Bachelor of Arts degree in geology while the bride is a graduate of TSCW with a Bachelor of Arts degree in sociology.

Joan Steinberger-

(Continued From Page One) Her bouquet was a smaller duplicate of the bride's.

The flower girl, carrying a white organza parasol which held rose petals, wore a frock of white organza over pastel yellow, and a white straw hat.

At a reception held in the Steinberger home, 1604 West College Street, the couple received good wishes from friends after the ceremony. Mrs. Steinberger and the bridegroom's sister-in-law, Mrs. Jerry Donaldson of Wichita Falls, Mrs. McConkey and Miss Grissom stood with them in the receiving line.

Mother Wears Blue
The bride's mother was wearing a dress of dark blue chiffon with short sleeves, long white gloves and navy hat. Mrs. Jerry Donaldson was dressed in a navy suit with matching accessories and a pink blouse. Both had gardenia corsages.

Mrs. C. C. Steinberger of Houston, the bride's grandmother, wore a beige suit for the wedding, with a black hat and accessories. Mrs. W. W. Horns of Chickasha, her aunt, was wearing a black and white ensemble with a white hat.

Church Is-

(Continued From Page One) Frederick for her daughter's wedding. The ensemble of the bridegroom's mother was a navy blue dress and navy accessories. Both wore pink carnation corsages.

Mrs. Strickland is a 1949 graduate of Midland High School and is employed in the Shell Oil Company offices here. Strickland served with the U. S. Air Force in World War II. He is employed by the Hewley Drilling Company.

Following a short wedding trip to New Mexico, the couple will be at home at 1305 West Washington Street.

Mrs. Winston Hull and Mrs. Oliver Morgan served the wedding cake while Mrs. W. L. Kerr and Mrs. F. A. Hornbeck poured punch. Also in the house party were Mrs. Henry Shaw, Mrs. Thornton Hardie, Mrs. Dayton Bliven, Mrs. Joe Kaiser, Mrs. Paul Jordan, Mrs. Jim Lane of Rankin, Mrs. Eddie Poage of Odessa, John M. Fitzgerald, Jan Knickerbocker, Shirley Culbertson, Nora Faye Long, Jessica Turpin and Eleanora Eastham.

Figurines On Cake
The three-tiered wedding cake was decorated with a miniature bride couple, the tiny bride figure dressed in a replica of the bride's dress made of lace over pink. White lilies in a fan arrangement centered the table with streamers extending to the cake at one end and the punch bowl at the other. A chandelier lace cloth covered the table.

Centering the bride's table was a miniature of the bride's bouquet. Baskets of lilies stood on either side of the fireplace and the mantel was banked with woodwardia fern and lilies.

Mrs. and Mrs. Donaldson left for a week's trip to New Mexico. She wore for the trip a navy suit with white monogrammed blouse, navy hat and accessories. Her corsage was of rosebuds from her bouquet. After the trip the couple will reside at 1406 County Road, Odessa.

Mrs. Donaldson was graduated from the University of Texas in January. She previously attended Oklahoma College for Women and received her high school education in Midland.

Donaldson, the son of the late Mr. and Mrs. J. T. Donaldson of Wichita Falls, was graduated from Wichita Falls schools and received his degree in Mechanical Engineering from the University of Texas after his college work had been interrupted for four years of service in the United States Marines. He was discharged with the rank of first lieutenant. He is employed now with the Shell Oil Company.

Out-of-city guests for the wedding included Mrs. Jon Horne and Mr. and Mrs. Lucian Erwin of Chickasha, Mrs. James Castledine of Austin, Mrs. Joe Parker, Dr. and Mrs. William Parker and Jerry Donaldson of Wichita Falls; Homer McConkey, Jimmy and Mike McConkey of Dallas; Mr. and Mrs. Chester Steinberger of Houston and a group of students in the University of Texas who are Kappa Kappa Gamma Sorority sisters of the bride; Marjorie Runge of Galveston, Nancy Lake of Eldorado, Ark., Mary Lucy Pope of Washington, D. C., and Marcia Moore of Houston.

Egg Hunt Slated At Officers Club For Members' Children
The Midland Officers Club is sponsoring an Easter egg hunt Sunday for the children of club members. It will begin at 4:30 p.m. at the clubhouse.

The eggs will be supplied by the club and prizes will be given to the children finding the largest number of eggs. Refreshments for the children also will be provided by the club.

HERE FROM AUSTIN

Visits Here

A young college student from East Africa, Abdul Ghafur Sheikh, is visiting in Midland with John I. Moore, oil operator. The student is on vacation from Dartmouth College to get a glimpse of the United States. He met Moore in New York two years ago and they became good friends. He said he found Midland and West Texas "friendly."

Hospital Auxiliary Will Sponsor Talk By Robert Stripling

Robert Stripling will speak at 8 p.m. April 24 under the sponsorship of the Midland Memorial Hospital Women's Auxiliary. This is the auxiliary's second major project since its organization.

The program will be held in the Junior High School Auditorium. Stripling's subject will be "How Communism Affects Us in the U. S. Today."

No admission charge will be made for the talk, but a silver offering will be taken for the use of the auxiliary in its work at the Midland Memorial Hospital.

A panel of between 12 and 15 persons will be on the stage to start a question period after the talk. Questions from members of the audience will be encouraged and Stripling has said that he will answer any and all questions.

Mrs. Albert Kelley is general chairman in charge of arrangements for the lecture and Mrs. R. A. Estes is poster chairman. Announcements of the talk will be made in all Midland clubs, and posters will be put up in downtown stores and office buildings.

Scott Vows-

(Continued From Page One) grandmother of the bride, and her aunt, Mrs. Marvin Robertson of Wichita Falls, were at the bride's book.

When the couple left for a short wedding trip, the bride was wearing a green gabardine suit and brown and natural accessories. On their return, Mr. and Mrs. Hewett will be at home at 1617 Avenue N in Lubbock, where he is a senior civil engineering student in Texas Technological College.

Both attend Tech. He is a member of The Silver Key fraternity at Texas Tech, and served three years in the Army Air Force. Mrs. Hewett attended Texas Tech, where she was a member of Las Chaparritas social club. She has been employed as a secretary by the Diamond Oil Well Drilling Company in Midland.

Midland guests for the wedding included Mrs. Alan Dorsey, sister of the bridegroom; Victoria and Gay Lynn Dorsey, nieces of the bridegroom; John Roland Scott, brother of the bride; Johnnie Anderson, and Mr. and Mrs. Frank Mills and Flora Jean, Ronnee, Peggy and Florietta Mills.

Other out-of-city guests were Mrs. Bill Hogsett, sister of the bridegroom, and Billy and Rebecca Hogsett, all of Crane; Betty Churchill of Comanche and Jeanne Francis of Stamford.

Many Master Customs Began In Ancient Religious Rites

Many Easter customs, like those of other holidays, had their beginnings in religion, and even the Easter Parade, now a display of feminine finery, originated in a church ceremony. It began early in the fourth century, when the Emperor Constantine of Rome was converted to Christianity. Constantine, to honor the feast of Christ's resurrection, decreed elaborate ceremonies, at which his entire court appeared in new robes. Even the date on which Easter falls is calculated by a formula dating back to Old Testament days. Moses led the Israelites from bondage in Egypt by the light of Spring's first full moon. This became the Jewish Passover season, which Jesus was celebrating when he was crucified. Early Christians set Easter, then known as the Feast of Christ's Resurrection, as a "movable feast" like the Passover, calculated on the same lunar calendar. This insured the two holy days falling close together. Easter now is officially the Sunday following the first full moon of Springtime. The youngsters tumble outdoos before dawn on Easter to watch the bells "fly back from Rome" with Easter gifts. The name Easter is a derivation of Eostra, beautiful pagan goddess of Spring. The Druids in England worshipped the egg as a symbol of the witch-goddess Creirwy of Llywy, still remembered as Mother Goose with her golden egg. Polish children for centuries threw painted eggshells into streams to carry Easter greetings to the gnome-like men living underground. In France and Belgium, church bells rather than the Easter Bunny, bestow eggs on Easter morning. When the bells are silenced during Holy Week, parents explain they have flown off to get the pope's blessing. The youngsters tumble outdoos before dawn on Easter to watch the bells "fly back from Rome" with Easter gifts.

Golf Association Members Invited To Benefit Event

An invitation has been received by the members of Ladies Golf Association of the Midland Country Club to a benefit bridge and canasta party which the Women's Golf Association of the Odessa Country Club will be given in their clubhouse April 19. Members who plan to go to the party are asked to notify Mrs. Vann Ligon or Mrs. Bob Franklin. The entry fee will be a dollar, the invitation said. The association canceled its weekly luncheon Friday, which was Good Friday, but the luncheons will be resumed next Friday and the entertainment will be a style show presented by the French Heels Club. Spring costumes from the Charles A. Haynes Company will be modeled by members of French Heels Club. Easter decorations have been arranged in the country club building. Although no special programs have been planned, many members are expected to bring their families to the club for Easter meals. Easter eggs are ready for all the children of members who come to the clubhouse Sunday. Freshman athletic schedules are planned at Penn State next Fall for the first time since before the war.

May 20 Is Date For Wedding

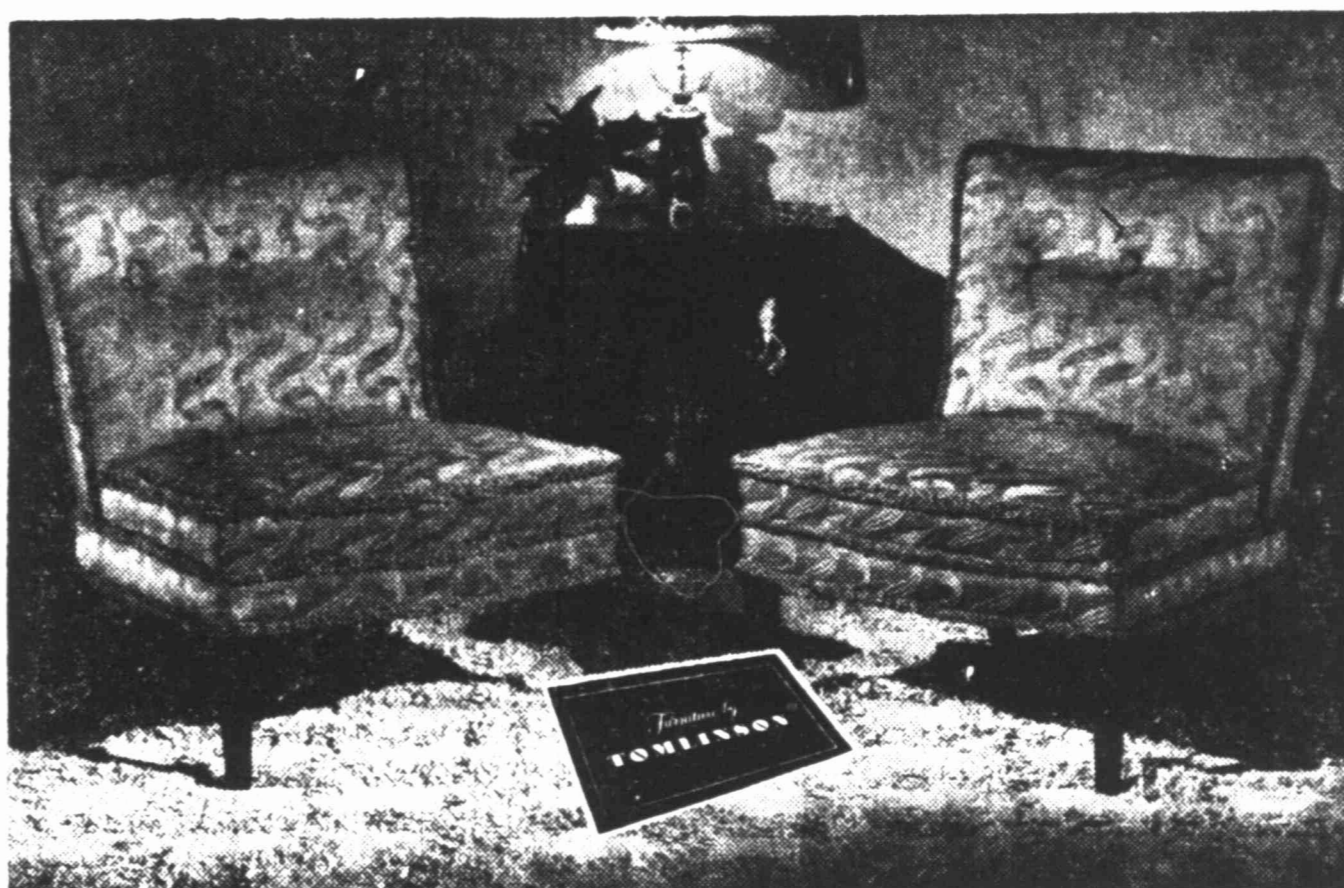

May 20 has been announced by Ellana Eastham as the date for her marriage to Frederick D. O'Connor of Bronxville, N. Y. Her engagement to the New York man was announced recently by her parents, Mr. and Mrs. Harris Eastham, but no date was revealed then. Miss Eastham, who has returned from a few days visit in Dallas, said Saturday that Mrs. Clint W. Murchison, Jr., of that city will be her matron of honor for the wedding, and Jacquelyn Ramsdell of San Antonio will be the maid of honor. Bridesmaids will be Mrs. John Dabney Murchison of Dallas, Ann Cleveland of Midland, Joan Rivers of Austin and Elgin, and Mrs. Hugh Corrigan, III, of Verona Beach, Fla. The bride-elect's small sister, Sally Ann Eastham, will be the flower girl and Clint Murchison, III, of Dallas the ring bearer.

Other members present were Mr. and Mrs. John J. Fletcher, Mr. and Mrs. Tom Edrington, Mr. and Mrs. Dean Corley, Mr. and Mrs. Earl Chapman, Mr. and Mrs. R. P. Brubertine, Mr. and Mrs. Ed Hallast, Mr. and Mrs. Glenn Shoemaker, Mr. and Mrs. Ralph Troseth, Mr. and Mrs. H. L. Straughan.

Presidents of the garden clubs in Midland all will have hostess duties when the representatives of District One, Texas Garden Clubs, Inc. come to Midland for their Spring convention this weekend. Left to right they are, top row, Mrs. H. E. Bahr, Midland Garden Club; Mrs. J. W. Christian, Perennial Garden Club; Mrs. Ed Shakely, Seneca Garden Club; bottom row, Mrs. E. W. Cowden, Pyraantha Garden Club; Mrs. John L. Smith, Texas Garden Club; and Mrs. R. E. Gillespie, Yucca Garden Club.

A complete program for the fourth annual Spring convention of District One, Texas Garden Clubs, Inc., has been announced by Mrs. J. D. Dillard, chairman of the Midland Council of Garden Clubs and general convention chairman.

The six garden clubs of Midland will be hostesses to the meeting Thursday afternoon, Friday and Saturday morning. Several hundred delegates and visitors are expected from 59 counties in West Texas and some clubs in New Mexico.

Convention committees include members from the Midland, Yucca, Texas, Perennial, Pyraantha and Seneca Garden Clubs. The Scharbauer Hotel will be headquarters for the session and business meetings will be held in the Tower Theater.

To Entertain Early Comers
Registration will open at 3 p.m. Thursday on the hotel mezzanine, with Mrs. Bert Goodman as chairman. Entertainment for the early arrivals will include a pilgrimage to several Midland yards beginning at 4 p.m., with Mrs. Ralph Lowe in charge, and an open house and informal supper in the home of Mrs. J. C. Velvin beginning at 7 p.m.

Luncheon will be served in the Crystal Ballroom of the hotel at 12:30 p.m. A general assembly is scheduled at 2 p.m. in the theater for an address by Mrs. Windsor and announcement of awards by Mrs. C. F. Fryling of Phillips, district awards chairman.

There will be a supper-tee at 5 p.m. in the Love home and the evening program will start at 8 p.m. in the Crystal Ballroom. It will include two addresses, one on "Landscape Gardening" by Don D. King, graduate landscape artist of Lubbock, and the other on "Corsages for Milady" by Mrs. Claude Keeton, also of Lubbock.

County HD Council Meets For Planning

The planning committee of the Midland County Home Demonstration Council met Friday in the Assembly Room of the Midland County Courthouse. Plans for the annual district meeting Thursday in Pecos were discussed. Mrs. B. L. Mason, Mrs. Truman Whitaker and Mrs. O. R. Phillips will be Midland County delegates. Mrs. I. J. Howard also plans to attend.

A training meeting April 18 in Stanton was announced by Pauline McWilliams, new Midland County home demonstration agent. The course will be conducted by a specialist from Texas A&M College and will be for the education, expansion and yearbook committees of home demonstration clubs.

Others attending the meeting were Grace M. Martin, district agent, and Mrs. A. L. Repecka, Mrs. J. D. Bartlett and Mrs. L. H. Moncrief.

The open house will honor Mrs. W. C. Windsor of Tyler, president of Texas Garden Clubs, Inc., and Mrs. Albert Morrow of Morton, district councilor.

District officers and chairmen and club presidents will attend an Executive Board meeting at 9 a.m. Friday in the Tower Theater. The official convention opening will be at 10 a.m. in the theater with Mrs. Dillard presiding. The program for that session is outlined as follows:

Saturday morning meetings will start with a breakfast in the Crystal Ballroom at 8 a.m. At the general assembly at 9 a.m., Mrs. C. G. Dunn of Levelland, first vice councilor of the district, will preside for two-minute reports from club presidents. Reports from the Constitution and By-Laws Committee, Credentials Committee and Resolutions Committee and consideration of new business will close the convention.

DELEGATE IS PLANNED TO STATE CONVENTION

Plans to send a delegate to the state convention in Mineral Wells in June were made by members of the Woman's Auxiliary of the National Federation of Post Office Clerks at a meeting Wednesday night in the home of Mrs. Charles Camparella.

Plans also were made to entertain members of the federation at the next meeting. Members attending the meeting were Mrs. Leonard Robey, Mrs. Frank Boyles, Mrs. Bernice Seawright, Mrs. Ed Zantow and Mrs. Ralph Stubblefield.

Namesake YWA Gets Missionary's Note

A letter from Margie Shumate, a Baptist missionary in China, was read and members discussed a gift for her at a meeting of the Margie Shumate Young Women's Auxiliary of the First Baptist Church Thursday night in the home of Ruby Nell Bray and Betty Clark. The organization was named for Miss Shumate.

Before the meeting, the group went out to dinner. The program was a study of printing with emphasis on the printing of YWA literature. Those attending were Dorothy Raines, Mrs. James O. Simmons, Jr., Nadine Clements, Jane Mints, Edith Collins, LaMoyné Tabor and Jean Godfrey.

New Business—Bert's Drive-In Grocery

A new business in Midland is the Bert's Drive-In Grocery located at the intersection of West Illinois and Big Spring Streets. The firm offers something new to the grocery business in Midland with "curb service." Owner is Bert Cole. Manager is Bill Baugh. Assistant manager is Richard DuBroc. A hard-surfaced parking apron fronts the store. Lines of fancy and staple groceries are carried. In addition, the store offers fruits, vegetables, drugs and medicine cabinet stock and frozen foods.

Crowds Of Easter Worshippers Expected At Special Services In City's Churches

Churches are prepared to receive crowds of Easter worshippers in Midland Sunday, with double morning services scheduled for some congregations and arrangements made for one service in the new Midland High School Auditorium.

The First Presbyterian Church and the First Methodist Church each have announced two morning worship periods with identical sermons and Easter music. The First Baptist congregation will move to the school auditorium, its almost 2,000 seats, for a 10:30 a.m. service.

Churches are prepared to receive crowds of Easter worshippers in Midland Sunday, with double morning services scheduled for some congregations and arrangements made for one service in the new Midland High School Auditorium.

The Rev. Gilbert C. Becker, pastor, will give the sermon on "Faith's Easter Victory," at 11 a.m. The choir under Walter Linde's direction will sing Easter music. At the night worship hour a film on a Biblical subject will be shown.

The Rev. J. Lennox Hester, pastor of the Asbury Methodist Church, will give his Easter sermon on the subject, "Victory Over Death," at a service beginning at 10:50 a.m.

The choir and congregation will sing Easter hymns.

Children of the Sunday School will present an Easter program at the Church of the Nazarene during their usual meeting hour, and young people will have a special program at 7 p.m. The Rev. F. W. Rogers, pastor, will have as his subject, "Knowing Christ in the Power of His Resurrection," for the morning worship service.

MEET "MISS INSPIRATION" — Of America!

IN AMERICA, 75,000 BABIES LIVE this year, because of the quality of American medical service—who would have died under one year of age, had they been born twenty years ago.

In the United States, 3,000,000 babies were born in 1943, about 3,500,000 in 1944, and probably the same number in 1945. Therefore, there are some 10,000,000 "under threes" constantly inspiring greater effort by all forces of Medical science.

It is highly important to the strength of America, to keep inspiration for achievement high in every family.

It is also of prime importance to the health of our nation, to keep every Doctor, every pharmacist, every medical scientist, every nurse and technician keyed to greater achievement in saving lives. Keep all health forces "inspired" and unregimented.

Remember, too, that your full cooperation is necessary. See your Doctor regularly, and follow instructions.

KEEP FREEDOM OF "INSPIRATION" FOR YOUR DOCTOR

Easter Hunts Held By Brownie Troops

An Easter egg hunt was held by members of Brownie Troop 36 who met Thursday in the South Elementary School. The group played games under the direction of the leaders, Mrs. H. L. Heibert and Mrs. F. G. Brashers.

Attending the meeting were Johnnie Houston, Nancy Brooks, Billie Heibert, Delores Brashers, Wanda Wilson, Carol Jean Wilson, Mary Jane Wilson, Gwendolyn Thomason, Renee Mills, Linda Pruitt and Joyce Sheen.

An Easter party in the Eric Bucher home entertained Brownie Troop 43 Wednesday afternoon. Mrs. Ray Kelly and Mrs. Hal Peck, leaders, directed games and an egg hunt. Refreshments were served and Easter baskets were filled for members who were not present.

An animated Easter Bunny was made by members of Brownie Girl Scout Troop 34 which met Wednesday afternoon in the West Elementary School. Mrs. Lynn Metcalfe and Mrs. W. A. Harrison are leaders of the troop. Fifteen members and two guests, Mrs. T. J. Potter and Mrs. J. B. Elder, attended the meeting.

Coverley To Teach In Painting Group

Roger Coverley will be the instructor the next three Monday nights for the Contemporary Painting group of the Midland Palette Club Art Center.

There will be no fee for the classes, which will begin at 7 p.m. April 10, 17 and 24. Students are asked to bring a large sketch pad, soft pencil and charcoal.

Line drawing and tone, both dark and light, will be studied with emphasis on good composition. Characterization and portraiture will receive some discussion.

Coverley came here from Tulsa. He has studied under European and English artists, including Serge Sudjekan, J. J. Robbins, Nicolas Drey, Dimitri Homanobsky and William Sheridan. His most recent commission was a portrait of Vernon K. Anderson, circuit judge in New York City, N. Y.

Students Come From Odessa School For Easter Holiday Trip

Members of the fifth grade class of the Rush Elementary School in Odessa were Midland visitors Friday. Taking advantage of their Easter holidays to tour their neighboring city, the students and their teachers visited points of interest and toured The Reporter-Telegram plant.

Students were Lonnie Taylor, J. L. Hyatt, Darrell Flowers, Marvin Gentry, Gerald Eddington, Joe Wayne McQueen, Joe French, Charles Davidson, John Christmas, Glen Henry, Jimmy Ray Williams, Billy Guy Maynard, Wendell Weaver, David Lybarger, Eugene Thomas, Harold Flack.

Hours for the Presbyterian services will be 9:30 and 11 a.m. Dr. R. Mather Lynn, pastor, has announced the sermon subject, "To What Do You Cling?" Mrs. Frank Miller will direct the choir in an Easter anthem and Allan Johnson, baritone, will sing a solo, "Open the Gates of the Temple."

The Methodist worship hours are 9 and 11 a.m., and the regular Sunday School meetings will be at 10 a.m. Mrs. Wilson Blurton will be the soloist, singing "I Know That My Redeemer Liveth," Handel. The choir will sing a selection from a cantata, directed by Don Moore and with Homer B. Meek, Jr., as organist. The Rev. H. H. Hollowell, pastor, will have the sermon theme, "Wings of Faith."

Regular services at night are scheduled in both these churches. Dr. Lynn's subject for the Adult Fellowship meeting at 7 p.m. will be "The Third Day He Rose Again From the Dead." An afternoon service for the education of infants in baptism is planned for 3 p.m. in the Methodist Church.

Music by Mrs. Joseph Mims, organist, will open the First Baptist services in the school auditorium and the choir will sing selections from the cantata, "From Darkness to Light," directed by Wesley May. Mrs. Robert Goff will be the pianist; Mrs. Gene Shelburn, Jr., and Anna Joyce Streeter will sing a duet and Duk Jemerson a solo.

The Rev. Vernon Yearby, pastor, will give the first sermon of a revival which will continue for two weeks. After Sunday, the speaker will be Dr. Earl Edington of St. Petersburg, Fla. The Sunday School will meet in the church at 9:45 a.m. and members will be taken in buses to the school auditorium and returned to the church so that it will not be necessary to move parked automobiles.

Morning worship in the First Christian Church will present the message by the Rev. Clyde Lindsley on the subject, "There Is No Death for Children of the Resurrection." The church choir, directed by Mrs. Marian Ailes, will sing the Easter cantata, "My Heart Is Glad," Thornton, at 5 p.m. vesper service. These services will be conducted in the church building at the corner of Loraine and Illinois Streets, but there will be a baptismal service in the new church building, 1301 West Louisiana Street, at 7 p.m.

Soloists in the cantata will be Nancy Webb, Patsy Arrington, Jerry P. Sides, Everett Shipp, Mrs. L. S. Meizer, Mrs. J. A. Olsen and Mrs. Clayton Brown. Shirley and Nancy Webb will sing a duet and there will be a trio number by Mrs. H. L. Grigsby, Mrs. Meizer and Mrs. Bernice Stevens. Betty Pickering is the organist and Rosemary Bohl the pianist.

 a chapel length train which was like the skirt, over the pink satin. **Satin Bodice**
 The satin bodice was scalloped at the waist and had an oval neckline, filled with a lace yoke. The long pointed sleeves also were lace and buttoned at the wrist with tiny covered buttons. Extending from a pleated lace crown, the fingertip-length nylon sheer veil was bordered with white satin.

The maid of honor and bridesmaids wore pastel gowns and flower coronets. They carried arm bouquets.
 The reception was held immediately after the ceremony in the home of Mr. and Mrs. Loyd Winn, close friends of the family. Arrangements of white flowers were on the table and the mantel.

The bride and bridegroom, their parents and the wedding party were in the reception line. Mrs. Claude Strayer of Cleburne and Mrs. Don Strudwick of Dallas served.

Wedding Cake
 The wedding cake was an altar cake—a long, single-tier cake with the ceremony pictured in icing on the top.

Other members of the house party were Dixie Redwine, Perry Jo Canton, Bobbie Jean Canton, Hatti Lee King, Sondra Anderson, Shirley Greene, Courtney Hendrix, Alfreda Waller, all of Keene; Pauline James of Midland, sister of the bridegroom; Sherry Kay Strayer and Loretta Strayer, both of Cleburne.

After the reception, the couple left on wedding trip to the Gulf Coast. On their return, they will be at home in the Western Manor Apartments in Midland. James is employed with his father in the Commercial Construction Company. He is a graduate of Washington Missionary College in Washington, D. C., and attended Southwestern Junior College in Keene.

The bride attended Southwestern Junior College at Union College in Lincoln, Neb. For the past year she has been in Muskegon with her parents.

Wedding guests included Dr. and Mrs. Norman J. Maberry and Marlene, Mrs. Wesley Spiva, Mrs. N. T. Blount and Mrs. C. A. Holt of Midland and Mr. and Mrs. Ray Bates of Muskegon.

Miss Miller Named For Campus Honor

Marilyn Miller, daughter of Mr. and Mrs. Milward Miller of Midland, has been nominated for "Miss Fashion Plate" of 1950 at the University of New Mexico, where she is a student.
 The contest, being conducted by College Sales and Research in cooperation with a New York cosmetics firm, is in progress on leading campuses throughout the country. Selection is based on beauty and charm, fashion knowledge and dress, personal grooming, personality and poise. A board of selection composed of campus leaders nominated nine other candidates for the campus title and the entire student body will vote for the winner.

Each of the campus winners throughout the country will enter into the nation-wide competition for the title, "Miss Fashion Plate" of 1950 with judging by a panel of nationally-known beauty authorities in New York.

Miss Miller is majoring in journalism and is a member of Kappa Alpha Theta Sorority of which she is sports representative of which is sports editor of the college weekly and a member of the Spanish Club.

ter of Mr. and Mrs. Ralph Barron, will be married April 28 in the First Baptist Church.

On Saturday afternoon, Mrs. Anton This entertained for Miss Barron with a reception and crystal shower in her home. An Easter theme was used throughout the decorations and the honoree received her gifts in an Easter basket.

The guest list included Mrs. M. D. Cox, Louise Cox, Mrs. Eddie Poage of Odessa, Mary Fay Ingham, Mrs. Clarence Scharbauer, Jr., Jean McMillan, Barbara York, Patsy Collins, Catherine Lee McDonough, Mrs. Al Bauman, Mrs. Robert Girdley, Mrs. Barry Boone, Susan Hemphill, Norma Jean Hubbard, Frances Puett, Mary Martha Sivalls, Evelyn Wemple, Mary Lee Cowden, Emma Sue Cowden, Dorothy Faye Holt, Alma Faye Cowden, Sarah Hunter, Elizabeth Ann Cowden, Patsy Lou Arrington, Betty Bobo, Lucille Wemple, Betty McCain, Florence Larsh, Mrs. Bill Davis, Jean Walsh and Evangelina Theis.

Miss Barron was the honoree at a tea given Friday afternoon by Mrs. Frank Williamson, Mrs. Homer Ingham and Mrs. Cecil King in Mrs. Williamson's home.

A pink organdy cloth with a deep border of tiny ruffles covered the table, which was centered with a large arrangement of pink and white roses in a cut-glass bowl. The serving pieces were cut glass and silver and the refreshments were in pink and white. Silver candleabra holding white tapers were on either side of the center arrangement.

The napkins were white with "Dorothy and Dean" written on them in gold.
 The honoree was wearing a corsage of pink roses. Members of the house party wore corsages of pink daisies and baby's breath.
 Mrs. R. L. York and Mrs. Wilson Bryant were at the door. In the receiving line were the honoree, her mother, the hostesses, and the mother of the prospective bridegroom.

Louise Cox and Mrs. Poage of Odessa poured. Barbara York, Mrs. Ray Parker of Odessa, Patsy Collins and Sarah Hunter alternated at the bride's bow.

Other members of the house party were Mrs. B. Cowden, Elizabeth Ann Cowden, Miss McDonough, Miss McCain, Mrs. A. B. McCain, Mrs. Theis, Marylee Cowden, Miss Ingham and Mrs. Charles Klapproth. Mrs. Bates, Hoffer played piano selections during the tea. About 300 guests called.

Students Here For Holidays Are Honored

Marian Sevier and Madelon Schabarum were honorees at a kidnap breakfast given by Pat Boles Saturday in her home, 2510 Cuthbert Street.

Miss Sevier is the daughter of Mr. and Mrs. Gilbert Sevier, 1202 West Tennessee Street, and is a student in Our Lady of Victory School in Fort Worth. Miss Schabarum attends St. Mary's in Austin and is the daughter of Mr. and Mrs. B. R. Schabarum, 103 Ridgeway Drive. Both are returning parents during the Easter holidays.

A rabbit and an arrangement of eggs in a nest made the centerpiece for the tables. The guests were given Easter favors.

Guests attending were Dianne Anderson, Camilla Burkhead, Dianne Daugherty, Jo Dean Downing, Sue Frances, Lynn Griffith, Emily Hamilton, Nancy Roberts, Peggy Simmons and Grace Boles.

Scenicruiser Is Luxurious Way To Travel

By FRANCES HAGAMAN
 "It's so fancy I think I'm in New York," one Midlander remarked Friday as he stepped on the Greyhound Bus Lines latest step forward in highway travel—the Scenicruiser. The 43-passenger bus was on display in Midland Friday morning and several groups were taken on sight-seeing tours around the city. Without the familiar dog running along the side, the Scenicruiser would look more like a vehicle of the future than a reality of today. The passenger section is divided into two compartments—a forward one of the driver's level that seats 10 persons and an elevated one containing 33 seats.

The larger section is something very new in the bus line and reminiscent of the Train of Tomorrow which toured the country a couple of years ago. It is elevated and dome-like with large windows down both sides and in the front. Glass panels along the top give added light and will enable West Texans to watch for rain. These panels are blue-tinted glass and the windows are light green sun glass which cuts the glare but lets in light.
 The seats are very much like those in buses now in use but above each one is a small reading light. Fluorescent panel lights are built in outside each seat.
 At the back of the dome-like section is a lounge with eight semi-circular seats facing curved observation windows, a sun glass.

The bus is equipped with an air-conditioning system and a public address system on which tape-recorded music is played, as well as a rest room on the lower level. Southwestern Greyhound Lines now is preparing to begin production on buses of this type and plans to begin using them regularly within one year. Their use will not create increase in fare.
 The bus shown in Midland is being taken over the country to determine public acceptance of a bus of this type.
HARGROVE TO DALLAS
 P. R. Hargrove left Saturday for Dallas where he will attend a special meeting of Chrysler dealers there Monday.

AAUW Members Are Invited To Fiesta

Members of the Midland branch of the American Association of University Women have been invited to attend the Pan-American Fiesta of the Abilene branch Thursday night. The fiesta will begin at 7:30 p.m. in Hunter Hall at Hardin-Simmons University. Dr. Maria Chavez, exchange lecturer from Mexico, will be the principal speaker. She is the second exchange speaker to be brought to Texas this year by the AAUW, and recently was the featured speaker at the Southwest Central Conference of the AAUW in Wichita, Kan.
 Mae Jones of John Tarleton Agricultural College, Stephenville, state

AAUW president, also will attend the meeting. Dr. Frances Benge of McMurry College will present her Spanish students in a group of Mexican songs.
 Midland AAUW members interested in attending the fiesta are asked to contact Mrs. L. C. Thomas, telephone No. 528.
DOWNING TO ADDRESS PLUMBING CONTRACTORS
 Delbert Downing, manager of the Midland Chamber of Commerce, will deliver the keynote address at the state convention of plumbing contractors scheduled Thursday in the Shamrock Hotel in Houston.

Mrs. Ross Is Hostess For P. E. O. Program

Several reviews of articles and poems made up the program at a meeting of the P. E. O. Chapter of P. E. O. Friday in the home of Mrs. D. A. Ross. Mrs. George Turner, Mrs. Van Camp and Mrs. J. L. Brown were on the program.
 Margaret Bailey, Mrs. W. P. Buckthal, Mrs. W. H. Britton and Mrs. Ross were guests of the chapter. Other members attending were Mrs. John Casselman, Mrs. H. A. Hemphill, Mrs. W. D. Henderson, Mrs. C. J. Matthews, Mrs. Paul Kolm and Mrs. T. W. Flewharty.

MHS Band Rates Top Music Honors

A thunderous cheer was the aftermath of the announcement that the Midland High School Band, under the direction of Jerry Hoffman, had swept the field with a "one across the board" in the University Interscholastic League Music contest held here Saturday, April 1.

The MHS Band received a first division rating in concert, sight reading, and marching. Needless to say, the gleam in band students' eyes tell the same story. This was the first time in the history of Midland that the band had won three first ratings.

Midland High presented a complete spectrum of colors from 7:00 a. m. till after 10:00 p. m. when the marching contest was completed. Schools from all of West Texas were represented at the meet.

The Midland band was the 18th of the 21 bands to participate in the concert contest which was held in the new high school auditorium. Concert numbers for Midland were "Americans We", "Safari", and "Myrmidon".

Judged By Standard Bands were judged by a set standard of their class and not on a competitive basis.

In the class D, Rankin and Ozona both placed first division in concert. Ozona rated second in marching.

Of the class B, Crane took honors with one mark in sight reading, one in sight reading, and a second in marching. Big Lake: first in concert, and second in sight reading and marching; Sanderson: a two in concert, four in sight reading, and a second in marching; Grandfalls: a third division in concert and sight reading and a second in marching.

Marathon had a third in concert and sight reading, and a second in marching; Denver City rated a two in concert, and a second in sight reading, and a second in marching; Iraan: a first in concert, second in sight reading, and first in marching; Fort Stockton: second rating in concert, first in sight reading, and second in marching.

Alpine received a second division in concert and marching and a third in sight reading. In class A, Andrews, Wink, and Seminole took full honors with three firsts. McAllen placed two first in concert and sight reading with a second in marching.

Monahans was given a second in concert, a second in sight reading and marching. Pecos made a second rating in concert and a third in sight reading.

Class AA Winners Class had two straight firsts: Kermit and Midland. Lamesa got a second in marching and sight reading. Odessa of Class AA1 also received three ones.

Evaluation of the concert performances of the 21 bands was entrusted to Homer Anderson of San Angelo High School, Lyle Skinner of Waco High School, and O. C. Pittman of Southern Methodist University.

The judging of sight reading and student conducting was assigned to D. O. Wiley of Texas Tech. Midland also ranks first with an excellent showing among the schools entering soloists. This was the statistical report of Jerry Hoffman based on the percentages of first-divisions in the number of soloists entered. Midland high won seven first places, ten seconds and two thirds.

Solo contestants were Nancy Webb, flute, first division; Kenneth Wright, baritone, first division; Earl Chapman, bass, first division; Joe Barnett, trombone, first division; Carolyn Cook, trumpet, first division; and Martha Scherbaum, student directing, first division.

Second place winners were Alan Harris, alto saxophone; Nick Henson, alto saxophone; Beverly Keisinger, bassoon; Martha Frick, flute; Dow Scott, French horn; Larry Mayfield, cornet; Barbara Vanlandingham, drum; Jane Ann Curd, trumpet; and Harland Allen, student directing.

Third place winners were Anna Bess Doyle, drum; and Pat Emmons, trumpet.

Midland entered two brass sextets, one winner a first and the other a second. First division sextet was composed of Charles Worthen, Larry Mayfield, Dow Scott, Joe Barnett, Kenneth Wright, and Rusty Fuller. The other sextet made up of Bobby Peterson, Earl Chapman, Charles Crabtree, Billy Crites, and Clint Dunagan.

The musical festival, the first to be held in Midland, was accorded a cloak of success that largely due to the smoothly arranged schedule compiled by Jerry Hoffman.

Jerry Hoffman wishes to thank everyone that helped in any way or did any work in preparation for the contest.

Josephine Weaver Helps To Evaluate Ft. Stockton High

Josephine Weaver, MHS history instructor, was in Fort Stockton, Texas, Monday, Tuesday, and Wednesday of last week helping to evaluate the Fort Stockton High School. Miss Weaver said, "I had a most enjoyable time and we were treated very nicely."

She served on the Curriculum Committee and helped with the Social Science Department of Junior and Senior High School. Mrs. Grant of North Elementary accompanied Weaver. She helped evaluate the elementary schools of that city by serving on the Staff Committee.

Miss Weaver would like to express her thanks to Mrs. Delbert Downing, who substituted for her during her absence.

EYE STRAIN

(An Editorial) Have you ever felt your eyes wandering around at various angles to your neighbor's paper during a test? Nowadays teachers call this procedure eye strain, but in plainer words it's called cheating. Six weeks tests are coming up Wednesday and Thursday of this week. Don't let yourself be caught with tired, over-strained eyes after they're over.

Room 211 Has Art Display

The Book of the Month Club collection of 165 Gellertone prints has been placed on display in the art room. Inez Parker, art teacher, is inviting all students and teachers interested in these prints of famous paintings to come to room 211 and view them. The paintings were done by young American, French, English, German, and Spanish painters of the 18th, 19th and 20th centuries. Mrs. Leo Byrnes of the Midland Service League obtained this collection for the high school.

Interesting Paintings "La Madre" and "Sun Flowers" by the French artist Van Gogh, "Zapatis" by the 19th century artist Jose Orozco, "Tahitian Landscapes" by Gauguin, "La Danseuse au Bouquet" by Edgar Degas, "Dutch Proverbs" by Pieter Bruegel are a few of the outstanding foreign paintings.

Two of the loveliest pictures on display are the "Flower Vendor" by Diego Rivera and "Flowers in a Vase" by Andre Derain.

Of the American artists, Gladys Rockmore Davis has painted a picture of her child Deborah on a couch with a dog in her lap. "The Palm Trees of Nassau" by Winslow Homer, "Sand Cart" by George Bellows, and "Winter—A View of Montparnasse" by Rockwell Kent are among other American artists' pictures.

Student Display Last week Quincy Belles Florist sent the art department an arrangement of flowers in a 6-inch golden horsehead vase. Art students Bill Gonzales, Katherine Carter, Pat Boles, and Maxine Hill took a fancy to the flowers and began drawings of the arrangement.

Bulldogs Are Third In District Meet

The MHS track team ended up in third place in the district meet held April 1 in Odessa. Odessa easily won the meet with a total of 74 2/3 points to Lubbock's 34 5/6 points. Midland scored 25 1/2 points. Lamesa scored 15, and Brownfield trailed with three points.

Hattie Smith was one of the outstanding performers in the meet. Smith set a new district high hurdle record of 15.1 seconds. Smith also ran on the MHS 440-yard relay team which finished third in that event. John Klingler easily won the mile event at Odessa. He finished nearly fifty yards ahead of the field and his time of five minutes and two seconds was one of the best times recorded in the district meet. Ralph Brooks cleared five feet, eight inches to tie for first place in the high jump and W. H. Black vaulted 10 feet, six inches to end up in second place in the pole vault. Coach Jones placed on taking these four boys. Smith, Brooks, Klingler and Black to the regional meet in Lubbock.

Other Bulldogs who placed in the Senior meet were Roy Kimsey who was third in the 220-yard dash; Jack Burry, fourth in the 440; Duane Bush, fourth in the 880; Jimmy Locke, fourth in the broad jump, and Yates Brown, third in the pole vault.

Calendar Monday—NO SCHOOL!! Tuesday—Advisory room. Wednesday—Assembly. Thursday—11 clubs. Junior High School Band Festival. Friday—Advisory room (special program).

Beauchamp Leaves For ACC Saturday

Coach Garvin Beauchamp will teach his last day at Midland High School Friday. Saturday he moves to Abilene to assume the head coaching position at Abilene Christian College.

Beauchamp came to MHS in February of 1949. He has been the line coach on the varsity football team, coach of the 1950 baseball team, and physical education instructor.

Beauchamp graduated from ACC in 1941, where he lettered four years in football, two years in baseball, and one year in basketball.

Daniel 'Shot A Bar' Boone Has A Descendant In MHS

Not many can claim to be a descendant of Daniel Boone but Jimmy Chauncey is his great-great-grandson. Jimmy's grandmother was Ann Boone, great-granddaughter of Daniel.

Jimmy usually has trouble with people misspelling his name. On his draft card, Uncle Sam spelled it Chauncey.

Jimmy is an 18-year-old senior, is the sports announcer on Teen Talk Time, a program broadcast at 8:30 p. m. on Friday over Station KCRS. Jimmy is president of the Art Club and of his home room 120. He was secretary of the Junior Class last year. His subjects are English, algebra, art, Texas history and baseball.

Born in Houston, August 30, 1931, Jimmy moved to Fort Worth in 1940 and on to Midland in 1946. Jimmy's favorites are Marilyn Wheelless, baseball and basketball, and the color red. He has no favorites in food, but says, "Anything that won't bite me first, I'll eat."

Jimmy refused to divulge his middle name, but he is the Only One with that name enrolled in school. Jimmy once aspired to be a cowboy and live on his grandfather's ranch just outside of Fort Worth. His grandfather, W. O. Schultz, has been president of the Cassidy Cattlemen's Association for 18 years. "I'd be one now if I had a chance," admits Jimmy.

So in the future if Jimmy's wishes come true, he'll be one of three things—cowboy, artist or ball player. Turkey growing is a leading agricultural pursuit in Utah.

Seniors Plan Box Supper

The entire student body is invited to see the outcome of the most sensational election MHS has ever seen at the senior-sponsored box supper Friday, April 14 at 7 p. m. said Obie Stalcup, Senior Class president.

The boxes will be auctioned to the highest bidder by Richard Patton in the high school cafeteria. "The only admission for the girls is the decorated box full of edible food and the boys need only bring himself. A dance will follow with a jukebox furnishing the music. Soft drinks will be on sale during the box supper and the dance. Those wishing to attend only the dance and not the supper will be charged 35 cents admission. The dance is scheduled to begin around 8 p. m. Proceeds will help finance a senior project.

The Merry Mortician

By JO ANNE BOYKIN From the Bulldog of April 10, 1949, we find these interesting tidbits. "In Spring" was the title of a feature written by Patsy Bray. Patsy found after considerable math work that there were 35 days of school left, as of April 11, and 210 gross hours. Then after due adding and subtracting she found there were 198 1/3 hours, 11,900 minutes or 714,000 seconds remaining. Along with this information came a good advice to make every second count.

Midland was host to the District 4-AA Interscholastic League Meet. MHS was really humming with the activities of many busy people.

Bob Short's "Down Bob's Boulevard" asked, "What is the greatest mistake you ever made?" Ann Armstrong, (and we quote) said, "talking too much in Mrs. Parr's class, or just talking!" However, Goss Yeager's big mistake just about topped that. This was "calling Marion Sevier 'Cueball's' daughter."

In front of Mr. Cueball, her father, Joe Dorsey's experiences made an interesting story by Pat Pryor. He had traveled a great deal in Europe so his experiences were many.

MHS students took high honors at Abilene Christian College speech contest. Bob Short, Virginia Breedlove, Peggy Lou Whitson, Shirley Bunt, and Mary Lynn Manning, were the students taking first, second and third place.

An enthralled audience watched Watson LaForce unravel "the big bear story."

The student council had a busy year according to a story by Sarah Law Link. Among these accomplishments were making new students feel at home in MHS and passing a law saying the 1949-50 student council would handle all favorite elections. They then proceeded to set up rules for those elections.

The MHS tennis team won third place in an invitational tournament held in Odessa.

Models Show Spring Styles Oh's and ah's issued forth from the MHS auditorium Tuesday, April 4, as the DE Club presented a showing of Spring styles.

The wedding of Little Abner and Daisy Mae was used as the theme of the show. Little Abner, played by W. T. Hall, helped Daisy Mae, portrayed by Mary Beth Harrington, receive a troupeau along with the aid of the saleslady, Esther Pearl Reese.

The show was divided into two parts. Sport clothes and casual wear was shown in the first section. During the intermission Jo Ann Ragan did a tap dance to the tune of "Deed I Do" and Dephane Tabor did a humorous reading entitled "Baseball."

The second half of the show was devoted to date dresses and evening wear.

Grammer - Murphy, Pauline's Style Shop, Colbert's, Haynes', Virtue's, Dunlaps, Penney's, Fashion Salon, Wilson's and S&Q Clothiers furnished the clothes for the models.

The DE Club thanked the merchants who supplied the clothes; Alberta McInnis, who made up the cast; Quincy Belle Florists, who supplied the flowers; the models; Diana DeBusby, who played the piano for the show; Jo Ann Ragan, who danced; Dephane Tabor, who gave the reading; and all others who helped to make the show a success.

Models were: Jo Dean Downing, Sue Johnson, Jerry Gentry, Janell Bolin, Barbara Nichols, Chris Heidelberg, Lynn Griffith, Irma Driver, Wilma Like, Agatha Tabor, George Capps and Frank Moore. The narrator Nancy Trauber, was introduced by Richard Patton.

Toy Chappie: "A million dollars (tax free)." Don Johnson: "No homework."

Janet Hoffer: "A tall dark?" Jo Underwood: "A certain little boy." Gwen Roberts: "The same thing only different."

Bobby Floyd: "A cute little girl." Peggy Simmons: "A red headed Easter egg."

Helen Rucker: "Some grass." Ann Arick: "You (Eds. note, 'Who, Me?')." Jo Ann Ragan: "Cadillac convertible."

Rehearsals Begin On Senior Play; No Definite Date Rehearsals have begun on the senior play "The Great Big Doorstep" by Frances Goodrich and Albert Hackett. The cast was chosen Friday, March 31, by a casting committee consisting of Jere Bass, Lucy Moore, and Verna Harris, director of the play.

The three act comedy - drama takes place in a small shack not far from New Orleans. The family hopes to get a larger and better house but financial difficulties make this seem impossible. The laughter and heartaches of this Crole family make for an interesting and entertaining play.

Mrs. Crochet, the mother, will be played by Betty Wilson, and the Commodore, her husband, will be played by Lois Thompson. Two older daughters, Topal, 17 years old, and Ervie, 15 years old, are played by Rosalyn Leggett and Jean Blackwell. Their sisters, Elina and Fleecie will be portrayed by Jo Ann Ragan and Vi Jean Fuglar. Arthur Crochet will be Bill Burnside and Mr. Tobin, the man from Texas, John Steinberger. Mrs. Dupre, the landlady, will be played by Virginia Breedlove, and Tayo Delacrois, the barber, will be Don Mears. Dewey Crochet, the son, will be Louis Brooks, and Mrs. Beaumont Crochet, the florist, will be played by Helen Cartwright.

No definite date has been set for the production.

A. A. Parmentier, a French army pharmacist who ate potatoes in a Prussian prison during the Seven Years War, introduced them to France.

Youth Center Opened For Latin Americans

A Youth Center similar to MHS's has been opened for the Latin-American School. The building, a converted Army barracks belonging to St. George's Parish, is located behind the Latin-American Catholic Church.

The Youth Center is open from 7:30 to 9:30 each Monday and Wednesday night. The Midland Service League is sponsoring the Center and it is under their direction.

"Anywhere from 75 to 163 students may come each night," said Mrs. Leo Byrnes, member of the Service League. "During March 574 visits were recorded."

"We are short handed in the supervising department and since those from the first grade and up come, we have a hard time adjusting and organizing each one to a particular age group," she added.

A council of Latin-American students will help in making the rules and in governing the Center.

On Monday night, the Latin Americans play ping pong, dance, or participate in other events. A juke box was secured and each Wednesday night is devoted to square dancing.

Those not wearing western clothes will be put in a corral improvised in the cafeteria for the occasion and must pay a fine or take the consequences. There is a promise of a floor show during the intermission.

Proceeds from this dance will be used for expenses when FHA members go to the State Conference in San Antonio April 27-29.

Athlete Feats—

By DAN DICKINSON Sports Editor, The Bulldog The MHS freshman won the junior division of the district track meet in Odessa last week easily. The varsity had more competition, however, and ended up third in the senior division. Robert Keisinger was the high point man of the junior as he scored eight and a half points. Keisinger was first in the high jump, second in the broad jump, and ran a leg on the 440 relay team which placed third. Harold Robbins scored seven and a half points by winning the 50-yard dash, finishing third in the 100-yard dash, and running on the sprint relay team. The freshmen's other points came when Roddy Braun won the 100-yard dash, Larry Friday finished second in the high jump, and Russell Cox tied for third in the chinning contest.

Coach Gill's golf team won an easy victory in the district golf meet as was expected. The golf team, composed of Graham Mackey, Roane Puett, Bill Franklin, and John Ward, finished with a total of 38 strokes over a 36 hole course. They beat out second-place Lubbock by 72 strokes. The MHS golf team will travel to the regional meet next week where Graham Mackey and Roane Puett will also enter the individual competition at the meet.

This week the baseball team has two conference games on schedule. They play Lamesa at Lamesa on April 11 and play Lubbock, here, on April 14. This will mark the Bulldog's second week of conference play. Last week they played Odessa in their first conference game.

Menu Tuesday—Country sausage with cream gravy, yams, green beans, combination salad, hot rolls, apples, milk. Wednesday—Goulash, corn, cabbage slaw, hot rolls, fruit cobbler, milk. Thursday—Roast beef with brown gravy, pinto beans, combination salad, bread, baked apples, milk.

Friday—Fried fish, mashed potatoes, peas, apple and celery salad, hot rolls, jello, milk.

Students Give To Crippled Children MHS'ers donated \$31.76 to the Crippled Children when the seals and metal tags went on sale last week.

Principal Charles Mathews urged all students to give generously when he made the announcement over the inter-communication system. He said many Midland boys and girls had been helped by this fund and we should therefore give as much as we possibly could.

Mathematics Will Assist Aviators

RANDOLPH FIELD —(P)—The School of Aviation Medicine here is using higher mathematics to aid in solving its human flying problems. Mathematics is to be used to find out why some pilots live longer than others at high altitudes, how to select flyers with some immunity to blackouts at high altitudes and how to train flyers to stand higher altitudes.

The mathematics used for these purposes is known as biometrics. Randolph Field has the first and only biometrics department in medicine in the South and Southwest. The mathematics does not tell how to train flyers, but after the training plans are made by doctors, it checks them against mathematical probabilities. The mathematics is likely to show which of several plans of training is most likely to succeed, or which is quickest.

Three Baptist Churches Of Midland Join In Eleven-State Simultaneous Revival

Revival services beginning Sunday in the three Baptist Churches of Midland will be part of a simultaneous revival in the Baptist Churches of 11 Western states and Alaska. The daily services will continue for two weeks in the First Baptist, Calvary Baptist and North Baptist Churches here.

Pastors of the three churches will give opening sermons of the revival Sunday. In the First Baptist Church, Dr. Earl B. Edington, pastor of the First Baptist Church of St. Petersburg, Fla., will arrive Monday and conduct the succeeding services.

The Rev. Vernon Yearby, First Baptist Pastor, will speak Sunday morning at the Easter service in the Midland High School Auditorium, and in the church auditorium at 7:30 p.m. Dr. Edington will conduct daily services at 10 a.m. and 8 p.m. in the church.

He has been pastor of the St. Petersburg church for six years and previously was pastor in Atlanta and Birmingham, Ala. He served as coach and principal of schools in Tennessee before entering the ministry. A native of Knoxville, Tenn., he holds a Th. M. Degree from Louisville Seminary and a D. D.

Dr. Earl B. Edington, pastor of the St. Petersburg Baptist Church, will arrive Monday and conduct the succeeding services.

Church Council Head Going To Convention

Mrs. Frank N. Shriver, president of the Midland Council of Church Women, will attend the convention of the Texas Council of Church Women April 11 to 14 in Galveston. This is the yearly meeting of the Texas Council and will be held in the Old Trinity Episcopal Church in Galveston. Plans for the coming year's work will be made at the meeting.

'Command Decision' Will Open Thursday; Ticket Sale Slated

Ticket sales for the Midland Community Theater's performance of "Command Decision" will go on sale to members at 9:30 a.m. Wednesday at Tallorline, and to the public the next day. The three-day run, with a matinee added on Saturday, will start Thursday night.

An all male cast will present the hard-bitten drama of policy and politics in an Air Force general's headquarters during the crucial early months of daylight bombing in World War II. The play, by William Wisler Haines, first was presented in New York in 1947 with Paul Kelly in the leading role and had a long run on Broadway, on the road and as a motion picture.

The ticket sales will continue from 9:30 a.m. to 5 p.m. on Wednesday and Thursday, and from 11 a.m. to 2 p.m. Friday at Tallorline. Tickets will be on sale only at the boxoffice Saturday, at 1 p.m. and 7 p.m. The boxoffice at the City-County Auditorium will open at 7 p.m. each day.

Preceding the regular run, the cast will give a full-dress performance Wednesday night to a negro audience. Art Cole is directing the production and the stage manager is Dorothy Perkins, much experienced backstage and as an actor in Community Theater plays.

Stan Shaeffer is in charge of construction, with Bill Adam, Wallace Wimberly, Bert David, Hilton Lodner, Archie Gordon, Thom Thompson and Ken Alpijer as crew members. Klondike Johnson will direct lighting and E. J. Elliott, sound.

On the painting crew are Betty Erdmann, Audrey Kuch, Betty Jo Hudson and Sylvia Cearley. Ann Porterfield, Shirley Culbertson and Alberta Smith are on the costumes committee and Betty Gaines, Alice Swift, Gwen Workman and Charles Dixon on the properties committee. Bonnie Bogardus is art director.

The house manager is R. S. Dewey. In charge of reservations and the boxoffice re Mrs. W. A. Waldschmidt; Mrs. V. W. Rogers; Mrs. Louis Chase, Mrs. R. E. LeBlond, Mrs. H. E. Harris, Jr., Mrs. Fred Chambers, Mrs. A. H. Hedden and Mrs. John V. Norman.

W. F. Pennebaker, editor of "The Prompter," program publication, is assisted by Mrs. W. H. Thams and Mrs. I. A. Searles, who also has charge of publicity.

West P-TA Slates Special Program For Fathers' Night

Father's Night will be observed in the West Elementary Parent-Teacher Association at 7:30 p.m. Tuesday at the school auditorium. Husbands of the officers will serve in all offices for the business session, which will be of special importance to fathers.

The program theme, "Teamwork Between Parents," will be presented by a narrator and a series of short skits demonstrating the wrong and right ways to deal with various discipline problems. Fathers will be in charge of the program also. It will include songs by the fifth grade chorus.

A meeting of the Executive Board is announced for 2:30 p.m. in the school building.

Band-Aides Discuss Spring Band Events

Plans for annual Spring events for the Midland High School Band were discussed by the Band-Aides, an organization of band supporters, at a meeting in the High School Cafeteria Thursday night.

The concert which the band presents near the close of each school term has been scheduled April 27. It was announced with John W. Barnett as chairman of arrangements. The banquet honoring band members will be given by the Band-Aides but the date has not been set.

Band-Aide members will be in charge of concessions at the district contest for Junior High School bands, to be held here next Thursday.

SEVERAL MILLION WOMEN CAN'T BE WRONG

There must be something extra special about Nob Hill Coffee. At least, several million women think so—and the number is mounting daily across America. It's almost a crusade. Right here in our own home town, thousands of you have recently tasted fresh coffee for the first time. Really fresh! Freshly roasted! Fresh from the grinder right before your eyes at your **SAFEMAY** Store. Isn't it delicious? And you save from **5¢** to **10¢** a pound!

ONE WOMAN TELLS ANOTHER

That's the way the Nob Hill story spreads. There are lots of good coffees—in cans, glass jars, boxes, bags, all kinds of packages—all trying to come to you as fresh as possible. But there's one sure way to get it to you **REALLY FRESH**. That's the Nob Hill way—at **SAFEMAY**. And the package is the least important part of it!

HERE'S WHY NOB HILL IS THE FRESHEST COFFEE IN TOWN:

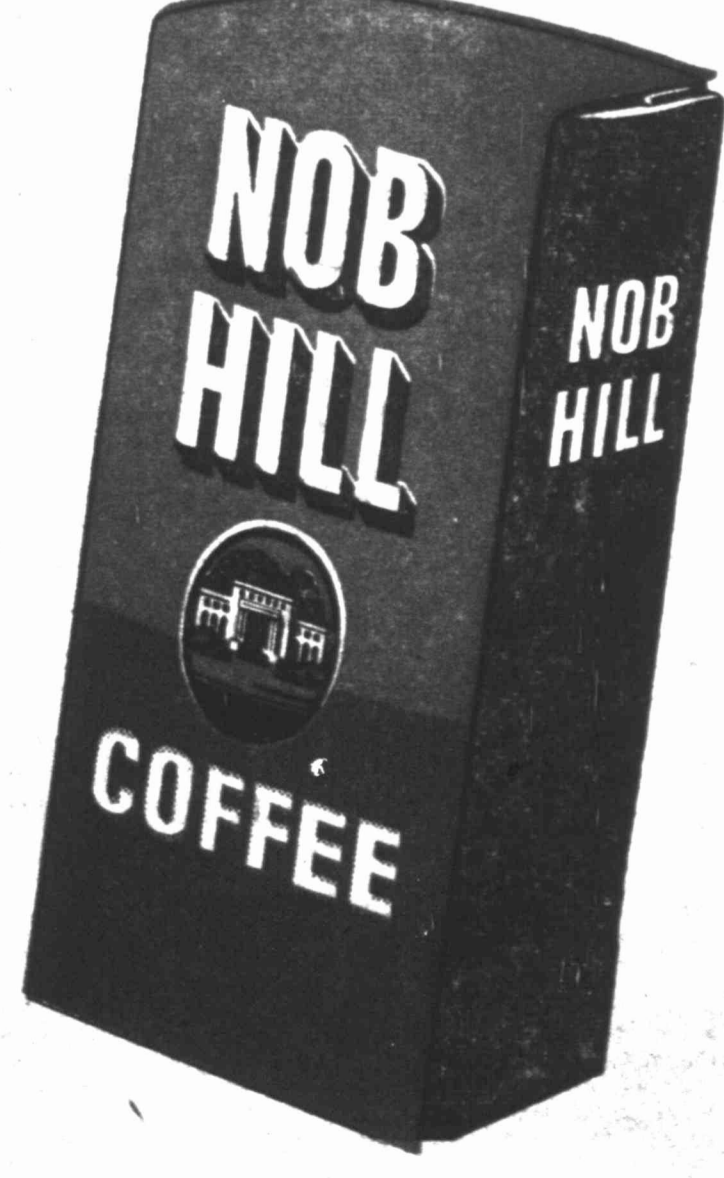

- 1 It's a blend of the world's choicest and most costly coffee beans — same high quality and rich flavor you are accustomed to in a vacuum package.
- 2 Roasted (but not ground) in a modern plant only a few hours distant from you.
- 3 Then (still in the whole bean) rushed roaster-fresh to your **SAFEMAY** Store.
- 4 Then ground at the moment you buy it. That finally releases its truly fresh flavor (no expensive vacuum can or jar is necessary).
- 5 From start to finish, no flavor time is lost. No delays from the roasting oven to you—and ground at the last minute.

THE WHOLE DELICIOUS PROCEDURE SAVES YOU 5¢ to 10¢ A POUND

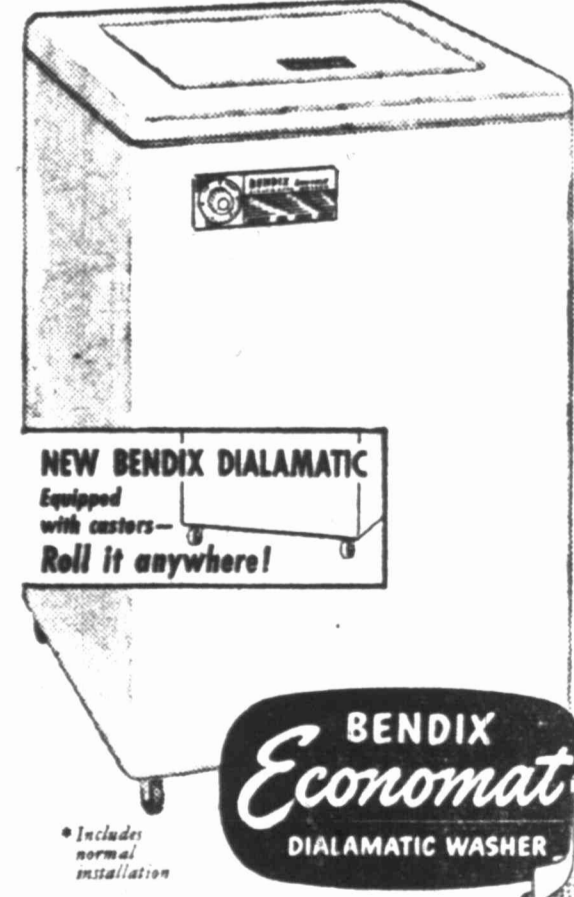

as many millions are.

DREW PEARSON ON THE WASHINGTON MERRY-GO-ROUND

(Copyright, 1950, By The Bell Syndicate, Inc.)
 Drew Pearson says: Powerful forces delay Kefauver resolution to investigate crime; New developments on California crime front; N.A.M. blasts this columnist in letter-writing campaign.

WASHINGTON — There's more than meets the eye behind the mysterious maneuvering to block the Kefauver resolution for an investigation of organized crime and gambling in the U. S. A. It now is April. The Kefauver investigation first was proposed in January. Yet it hasn't even passed the Senate.

Officially, the delay is part of usual Senate routine—the question of which committee shall investigate what, etc.

But behind the question of which senator shall do the crime-gambling investigating, some powerful forces are at work which don't want any investigation at all. Senator Kefauver, himself, has had all sorts of personal pressure brought by friends he never dreamed were close to the gamblers, asking him to sidetrack his probe. Kefauver is standing pat, though one or two of his colleagues may not be so scrupulous.

Crime-Ridden California
 Meanwhile, more amazing revelations have come to light in the second most populous state in the union, California, where law enforcement is in the hands of Attorney General Fred Hower, notorious for his friendship with the gamblers.

It now has been revealed by the California Crime Commission that one of Hower's ex-aides, George Rochester, received around \$400 from the Al Capone of California, Jack Dragna, at the very time Dragna's racing news services was under attack.

Rochester, friend and former aide of Attorney General Hower, was in charge of a committee investigating loan companies which whitewashed the Guaranty Finance Company. Despite this, it later was indicted by a Los Angeles County grand jury, independent of Hower, as being a collection agency for gamblers.

According to Warren Olney, counsel of the California Crime Commission, Hower's office exerted "inexplicable intervention" on behalf of the Guaranty Finance Corporation at the very time George Rochester, Hower's ex-aide, was receiving payments from California gambling czar Jack Dragna.

These are some of the amazing developments which not only would be scrutinized but might induce federal legislation—if Senator Kefauver's kicked-around resolution ever passes the Senate.

During the debate over the natural gas bill, the Senate press gallery received a telephone inquiry.
 "What's the pending business in the Senate?" requested the voice.
 "Gas," marked press attendant Del Malgkic.
 "I know," agreed the voice, "but what bill are they taking up?"
N. A. M. Letter-Writing
 The National Association of Manufacturers is resorting to an old and backneyed lobbying device to take issue with this column.

Last month, this column told how the N. A. M. staged a meeting in New York at which Lemuel Boulware, vice-president of General Electric, outlined plans to win labor votes in the next election through slips in pay envelopes and other employe promotion.

Now the N. A. M. has prepared several hundred letters, sent to editors, blasting this column. Though the letters are identical, they are signed by different names in each city, thus giving them the appearance of a spontaneous letter-writing campaign.

In Los Angeles, for instance, the letter was signed by Lane D. Webber; in Reno, Nevada, by Joseph A. Moore; in Toledo, Ohio, by J. J. Bieber; in Newark, N. J., by M. B. Doyle; and in Beaver Falls, Pa., by L. W. Ingram. Yet all the letters were exactly the same.

Only factual error the letters could find in the column was that the N. A. M.'s campaign was not "quiet," but public.

Note to N. A. M. officials—next time send me the letter direct. I'll be glad to make the correction and save you the trouble of drumming up local signatures.

Merry-Go-Round
 CIO leaders have been telling Walter Reuther that his tactics of cracking down on all the auto companies soon will leave the U. S. A. with only one big company—General Motors. Ford, Chrysler and the smaller companies can't stand the continued round of union demands, and if they should close, the union would be out of luck. . . . Smart GOP Senator Hugh Butler of Nebraska is working with Alaskan business interests to delay hearings on Alaskan statehood. He thinks he can outmaneuver easygoing gracious chairman Joe O'Mahoney of Wyoming. . . . Senator's Kerr's proposed new judge for Oklahoma, Bob Wallace, is being re-examined by the Justice Department. Officials seemed surprised that Wallace was 65 years old and served 25 years as a Socony-Vacuum attorney. . . . Utah's Senator Elbert Thomas, world scholar and former missionary, suggests a simple antidote for the harassing troubles of the atomic age—faith in God. Thomas has written a book, "This Nation Under God," showing how religious faith has guided the destiny of this nation and kept it on a sound basis.

AMERICAN AIRLINES IS ECONOMICAL OPERATOR
 NEW YORK—American Airlines was the most economical operator in the nation's scheduled air transport industry, it was pointed out in the annual report mailed recently to company stockholders. The operating expense per revenue ton mile in 1949 was 46.7 cents. Comparison with the other major airlines' operating costs are available only for the first nine months of 1949. However, American's figures for the nine months and the entire year are substantially the same.

PECOS—Reeves County cotton producers will be eligible to plant about 311 additional acres of cotton under the revised farm bill now in effect. The increase will be divided among 41 farm units in the county, representing about 25 per cent of the total.

Ted Ruhlen, city councilman, has been taken to El Paso where he will enter William Beaumont Hospital. Ruhlen has been confined to a Pecos hospital for several days.

James Daugherty of Midland, district governor of Lions International, was guest of honor at a breakfast given Wednesday by members of the Pecos club. Present were: J. W. Camp, president; Norman Eisenwine, Joe B. Pouns, Jack Hawkins, Woodrow Douglas, Charles Hutchins, W. D. Turpin, Wesley McCree, Buck Jackson, Tom Poe, J. F. Biggs, Paul Wright and Dr. Harold Lindley.

More than 100 Latin-Americans inspected the first house completed in the new East Park addition for Latin-American veterans. Faulkner and Strong, builders, plan 34 houses for the addition.

Postal receipts in Pecos for the first quarter of 1950 totaled \$15,504.33. Postmaster W. Collie said Friday. Receipts are almost \$1,000 higher than for the same period in 1949.

A total of 41 births and eight deaths have been reported to the justice of the peace during March. Nine marriage licenses were issued during the same period.

Lures Are Diverting Chinese Communists

HONG KONG (AP)—Not every Chinese Communist toils unendingly for the new China.

Authorities said some—ahem!—backsliders have been "hanging around theaters, cabarets, teahouses and restaurants."

They were "lured by material attractions."

Midlander Finishes Submarine School

Delbert F. Shelburne, seaman apprentice, USN, son of Mr. and Mrs. Edgar Alex Shelburne, 211 East New York Street, recently was graduated from the enlisted course at the Submarine School, Naval Submarine Base, New London, Conn., and has since been assigned to duty with Submarine Development Group 2 at New London.

The purpose of the school is to prepare students to become members of a submarine crew by giving them a basic knowledge of the equipment, principles and skills involved in operating a submarine.

Moss Sets Formal Opening Of Campaign

ODESSA — District Judge Paul Moss of Odessa formally will open his campaign for Congress with a broadcast over nine radio stations at 8:30 p. m. (CST), April 18.

His address may be heard over stations in Midland, Odessa, Pecos, Alpine, Monahans and El Paso.

"I intend to state my position squarely and frankly on every major issue confronting both our district and our nation," Judge Moss said.

"I have never tried to evade any issue. I don't intend to start trying now."
