## Truman Vetoes Kerr Natural Gas Bill

### Tornadoes Rip Plains; Rain, Hail Reported

Two tornadoes smashed out of black skies in the Texas South Plains Saturday night, destroying a farm home and an oil rig and injuring at least five persons. Violent winds also caused property damage. Heavy rain and hail pounded down.

All the destruction was in an area about 45 miles west southwest of Lubbock. The Lubbock Weather Bureau said a cool front moving into muggy air covering the area gave birth to the storms.

One funnel swooped into a farm area five and a half miles northwest of Whiteface, destroying W. S. Sides' home and injuring his wife and three of his five children. The other smashed an oil rig five miles west and two miles south of Whiteface, injuring Frank Simpson, an oil field worker.

Violent wind blew down a barn and did minor damage to farm buildings seven miles west of Whiteface. Rain and hail beat down on Levelland, 30 miles due west of Lubbock.

Earlier, life-giving rains soaked gently into Texas farm fields for the third day in a row. Rain still was falling at many places late Saturday night.

Up to an inch and a half of moisture cheered North Texas wheat farmers. But there wasn't enough rain in the Rio Grande Valley to keep the water shortage from clamping tighter on the famed irrigated "Winter Garden."

Besides his home, Sides, 46, lost a large barn and several outbuildings in the twisting wind. From a field about two miles away, he watched the tornado—a funnel estimated to be 200 yards in diameter—dip down and he raced home.

"Everything was gone," he said. A neighbor boy, Durward Marshall, 15, who drove to Sides' home to help, said the three children were blown into a tree. Mrs. Sides' 40, was taken to Cochran Hospital in Morton with serious head and back injuries.

The three children blown into a tree—Frank, 10, Billy Ray, seven, and Claudette, five, suffered minor injuries. Frank's injuries were cuts from nails flung against him by the wind.

Two other children, May, 13, and Donald, 15, escaped injury. When the oil rig was blown down, Simpson suffered severe head cuts. He was taken to a Levelland hospital.

**Pea-Soup Fog**  
As the cool front moved in, churning the muggy air into storms, 1.62 inches of rain fell at Levelland, and strong winds blew. No damage was reported, however.

A heavy shower also fell at Lubbock. (Continued On Page Three)

**Rainfall Measures .82 Inch At Weekend**  
Rainfall continued in Midland Saturday night after sunshine had broken through the clouds off and on during the day. An electrical display preceded the Saturday night showers. Hail accompanied a hard shower which fell at 11 p.m.

Total rainfall for the week reached 8.3 inches early Saturday as an additional .06 inch of moisture fell. It was the third consecutive day of rainy weather.

The CAA office at Midland Air Terminal reported 10 inch was recorded there Friday night to bring the total to .87 inch for the week.

Heavy showers and some hail were reported early Saturday in the ranch and farm country a few miles south of Midland.

**Connally Reveals Plan To End Feud On Foreign Policy**  
WASHINGTON — (AP) — Senator Connally Saturday disclosed a plan to bring the Senate and the State Department into a close working arrangement on foreign policy.

The Texas will recommend that the Senate Foreign Relations Committee be divided into eight subcommittees to consult with the State Department on problems around the world. Connally is committee chairman.

"This plan," he said, "is the first serious effort to set up a procedure in the Foreign Relations Committee to get the most efficient and careful study of international problems."

The Connally plan is one of recent administration moves to rebuild bipartisan foreign policy and obtain close cooperation between Congress and the State Department.

### Snow Storm Hits New York

Brillo, a French poodle, and Schatzi, a dachshund, contemplate a Spring (?) day not fit for man or beast after a heavy snow storm swept over New York.

### R. W. (Bob) Hamilton Is Candidate For District Judgeship

R. W. (Bob) Hamilton, Midland attorney, Saturday announced as a candidate for district judge of the 70th Judicial District, which includes Midland and Ector Counties.

Hamilton was admitted to the bar in 1927 and has been engaged in the general practice of law in West Texas since that time. He moved to Midland from Stanton in 1934, after having served as Martin County attorney and district attorney of the old 70th Judicial District. He is a member of the law firm of Klapproth, Hamilton and Montgomery.

Hamilton's entry brings to four the number of candidates in the race. His opponents are Roy A. Downey, Raymond Stoker and Lester C. Boone, all of Odessa.

A member of the Board of Education of the Midland Independent School District since 1947, Hamilton last week was named its chairman and served a number of years as its service officer. He is a member of the vestry of the Trinity Episcopal Church and of the Midland Rotary Club.

Hamilton said he will conduct an active campaign for the office prior to the Democratic primary in July.

**Body Of Soldier Recovered From Lake**  
BURNET, TEXAS.—(P)—The body of Cpl. John W. Flack of Fort Hood was recovered from Lake Buchanan Saturday—15 days after the boat Flack and two friends were capsized.

**Mexican Officials May Free Villalobos**  
OJINAGA, MEXICO.—(P)—Jose Villalobos, charged with murdering a Texas sheriff, may be freed by Mexican officials. Authorities said here Friday there is a lack of substantial documentary evidence that Villalobos killed the sheriff.

Villalobos, 24, has been held in jail here since his arrest in Northern Mexico after the shooting of Sheriff O. W. (Blackie) Morrow of Presidio County.

Village Presidente Pasquel Valdez said if some sort of evidence stronger than the word of officers who hunted Villalobos is not produced Tuesday, the district judge at Juarez might order Villalobos freed. He said it should be concrete evidence linking Villalobos directly to the crime.

Deputy Sheriff Mack Tarwater of Presidio, who was with the arresting Mexican officers, said Villalobos admitted killing the sheriff on a lonely mountain road in the Texas Big Bend.

Morrow was shot to death on the road between Presidio, just across the Rio Grande from here, and Marfa, Texas, early the morning of March 12.

Texas is seeking extradition of Villalobos as a Mexican national. Some officers say, however, they may be able to prove he is a United States citizen.

### Eight Face Open Charge Of Forgery

AMARILLO — (P) — An open charge of forgery was filed Saturday in Lipscomb County against eight persons, including an Oklahoma state senator, involving the will of a pioneer Panhandle woman.

The Lipscomb County grand jury was called into session next Thursday to consider the charges.

Texas and Oklahoma officers who have been investigating the case for the last several months estimated the estate of Mrs. Mattie A. Schatts, pioneer Lipscomb County woman, at between \$200,000 and \$300,000. At the time of her death, in September, 1949, the estate included 3,000 acres of Lipscomb County ranch land, about \$60,000 in cash and an undetermined number of cattle.

Charged with forgery, but with no specific counts alleged, are: State Senator Orville Grim of Cheyenne, Okla., notified to appear before the grand jury.

Mr. and Mrs. Ross Guthrie of Cherryvale, Kan., placed in jail Saturday in lieu of \$10,000 bond each.

Clyde Grim of Higgins, Texas, an uncle of Senator Grim, released Saturday under \$500 bond.

L. B. Thomas, L. L. Padgett and Rusty Coram, all of Ellis County, Okla., notified to appear before the grand jury.

Vivian Guthrie of Edgewood, Ill., son of Ross Guthrie, notified to appear before the grand jury.

The charges were filed in the Lipscomb County District Court Saturday by the sheriff of the county, E. J. Tarbox. With him when the charges were filed were Texas Rangers Frank Probst and (Continued On Page Three)

### Action Comes As Rebuff To Staunch Allies

WASHINGTON—(P)—President Truman Saturday vetoed the controversial Kerr Natural Gas Bill, strongly endorsed by some of his friends in Congress and hotly condemned by others.

The bill, which also split the Republicans, would exempt most gas producers from federal regulation.

"After careful analysis and full consideration," the President told Congress, "I believe that such an action would not be in the national interest."

There appeared to be virtually no prospect that the lawmakers might try to pass the bill over Truman's veto. The bill mustered only a bare majority in both houses.

The bill would have exempted from federal price regulation independent producers not affiliated with pipeline companies.

They are not regulated now, but backers of the bill expressed belief the Federal Power Commission would move to set up such regulation. President Truman said the authority to regulate is "necessary in the public interest."

Foes objected that the bill was a "gigantic grab" which would cost consumers up to \$500,000,000 a year. Backers denied this. They replied that regulation would be a blow at free enterprise which would so discourage gas production the consumer would be harmed.

**Foes Are Jubilant**  
In sending the bill back to Congress—with the observation that there is too little competition in the natural gas industry to exempt the producers from federal controls—Truman rebuffed some of his closest legislative lieutenants.

Speaker Rayburn, from oil-producing states, (Continued On Page Three)

**Midland Rodeo To Be Talked At Mass Meet Here Tuesday**  
A mass meeting of merchants and businessmen will be held at 2 p.m. Tuesday in Hotel Scharbauer to discuss ways and means of assisting in the arranging and staging of the 16th Annual World Championship Midland Rodeo, May 31-June 4. Robert L. Wood, president of the Chamber of Commerce, announced Saturday. The session is sponsored by the Chamber's Retailers Committee.

Chamber of Commerce directors last week pledged their support in the rodeo's staging.

"It is my sincere belief that if all of us will get into the spirit of the rodeo—by wearing Western clothes, decorating store fronts, cooperating in advance ticket sales, advertising bus trips, and in providing special awards—a better community spirit befalls to the entire area will be created," Wood said in a letter which Saturday went out to merchants and business interests. He urged a large attendance at the Tuesday session.

Wood also pointed out that Midland's Rodeo does not make a huge profit, but that it never has lost money.

"Last year, for instance, the Rodeo showed a net profit of \$2,900," Wood stated. "The year-round expense of maintaining the rodeo grounds just about absorbs the profit."

The Chamber president stressed the fact that officers and directors of Midland Fair, Inc., do not receive pay or dividend, but spend considerable time and money in staging the big show. He said the annual rodeo is the only big annual event which brings a large number of out-of-city visitors to Midland.

**U. S. Prepares Reply To Russian Protest**  
WASHINGTON — (P) — The Defense Department Saturday gave Secretary of State Acheson its version of what may have happened in a Moscow-reported U. S. Russian air scrap over the Baltic last Saturday.

The report, which will form the basis of the American reply to the Soviet protest over the incident, was not made public.

Acheson's answer to Moscow—expected to be a rejection of its protest—appeared certain not to be ready before Monday or Tuesday.

### Life Raft Spotted In Baltic Renews Three-Nation Hunt

WIESBADEN, GERMANY.—(P)—Air searchers for a missing U. S. Navy patrol bomber in the Baltic Sea reported sighting a life raft late Saturday, just as the search was about to be abandoned. The search crew said, however, no sign of life was seen.

The plane has been missing since last Saturday with 10 crewmen and may have been the target of a Russian fighter aircraft's bullets.

Location of the plane was given as 48 miles northwest of the Danish Island of Bornholm and 23 miles south of the Swedish coast.

Darkness prevented further aerial search Saturday night, but the U. S. Air Force asked Danish and Swedish Coast Guard vessels to go to the scene immediately with flashlights. All available planes were readied to take off at dawn Sunday to follow up the new clue.

Three times before searchers had reported sighting objects they thought might have some connection with the missing plane, a PB4, but none of these leads panned out. Saturday's discovery was reported by the last plane to return to Kastrup Airport at Copenhagen, Denmark, where the U. S. Air Force has set up headquarters for the search.

The Danish government is reporting (Continued On Page Three)

### U. S. Airman Guilty Jealing With Reds

GARMISCH-PARTEN-KIRCHEN, GERMANY.—(P)—A U. S. Air Force court martial convicted Cpl. Gustav Mueller of St. Paul, Minn., Saturday of trying to give secret American military information to Russia.

The 19-year-old airman was sentenced to five years imprisonment and to be dishonorably discharged from the U. S. Air Force. Mueller testified in his own defense that he was only trying to trap some Russian spies when he gave away secret documents.

### Home Building Smashing Records

WASHINGTON.—(P)—A record-smashing home-building boom is in progress.

The Bureau of Labor Statistics reported that 110,000 homes were started in March, which topped all previous figures.

In the first three months of the year, 270,000 home units were started. This is 59 per cent above the 169,800 units on which construction was begun in the same period of 1949, the previous record year in home building.

**City Policemen Back From Dallas School**  
Jim Wilkerson and Dick Hemingway, Midland policemen, have returned to duty on the force after completing a seven-week police course in Dallas.

The two officers successfully completed the special course and were awarded diplomas. The school was sponsored and operated by the Dallas Police Department.

### Backward Step, Says Anderson

VERNON.—(P)—R. B. Anderson of Vernon said Saturday the President's veto of the Kerr Natural Gas Bill "is the first backward step in oil and gas conservation in 20 years."

Anderson is president of the Texas Mid-Continent Oil & Gas Association.

The bill would have exempted most gas producers from federal regulation. The President said he didn't believe it was in the national interest.

Anderson said: "State conservation agencies have made steady and remarkable progress since early in 1930's in conserving these valuable natural resources for the benefit of all the people everywhere."

To Curtail Exploration  
"Unusual strides have been made in the last four years, more especially in the field of gas conservation, and the brilliant record of state conservation agencies and the oil industry in this field is unsurpassed. It is most regrettable that the federal government does not place as high a value on conservation as do the states."

"The veto of this bill will make it impossible for the petroleum industry to go ahead with the many gas conservation projects now planned. Gas exploration also will be sharply curtailed. It is reasonable to anticipate, therefore, that the supply of gas available for sale in interstate markets will gradually diminish."

"Opponents of this measure contended that it would increase the price of gas to the consumer. This is not so. However, since it will not become effective as a result of the President's veto, they will find that the supply of gas for Northern and Eastern use will become less and the price higher and higher."

"Conservation of natural gas which has been dealt a lody blow from which it may well suffer throughout a generation."

**U. S. Prepares Reply To Russian Protest**  
WASHINGTON.—(P)—The Defense Department Saturday gave Secretary of State Acheson its version of what may have happened in a Moscow-reported U. S. Russian air scrap over the Baltic last Saturday.

The report, which will form the basis of the American reply to the Soviet protest over the incident, was not made public.

Acheson's answer to Moscow—expected to be a rejection of its protest—appeared certain not to be ready before Monday or Tuesday.

### McCamey Schedules New Airport Dedication

The new \$125,000 Upton County Airport at McCamey will be dedicated next Saturday in special ceremonies arranged and sponsored by the McCamey Chamber of Commerce. As a special feature of the dedication program, Trans-Texas Airlines will launch its first regularly scheduled air passenger and air mail service to McCamey. Its first flight is scheduled to land there at 12:30 p.m. The dedication proper will get underway at 2 p.m., with music to be furnished by the McCamey High School Band.

Invitations to attend have been extended to 63 chambers of commerce in Texas, New Mexico and Oklahoma, as well as to city officials of 30 neighboring communities. State and national officials also have been invited to participate in the special program. Many private planes are expected to visit the port on its opening day. The new field is one of the finest in West Texas.

**Follow Johnson On Tour Around Colorful Stages**

By **ERSKINE JOHNSON**  
NEA Staff Correspondent

HOLLYWOOD—Hop aboard for a tour of the Hollywood sound stages and try not to blink. Under the new speed-up production system in movietown, an overactive eyelid may blot out Clark Gable busting his newest leading lady.

Yvonne de Carlo reclining on an oriental bed is the big attraction on U-I's "The Desert Hawk" set. The script calls it Yvonne's nuptial couch, but it's big enough for a farmer to set out a crop of potatoes.

The scene calls for Yvonne to stretch, yawn and look at the empty pillow next to her own. She turns to director Frederick de Cordova and asks:

"Isn't this exactly like Vivien Leigh's wake-up scene in 'Gone With the Wind'?"

Freddie admits it is.

**Just Plain 'Bill'**

Because his smiling face attracted hundreds of friends among American soldiers on the Hong Kong waterfront, this 11-year-old Chinese boy, known only as "Bill," may get a chance to become an American citizen.

Army Sgt. Robert Curtis and his wife, of San Pedro, Calif., are making frantic efforts to cut immigration red tape and bring Bill from Yokohama, Japan, to this country for adoption. They took Bill from China to Japan, but when they came to the United States were unable to bring him with them.

**Headmaster Of Dallas School To Visit Here**

Robert H. Iglehart, headmaster of the new St. Mark's School of Texas, Dallas, will be in Midland Wednesday to interview boys and their parents who are interested in the school. He will be available for appointments between 7 and 9 p. m. in the Trinity Episcopal Parish House.

St. Mark's is a college preparatory school for boys. It will represent a merger, effective this year, of two Dallas institutions. The Texas Country Day School and the Cathedral School for Boys. The new school will be operated with additional facilities on the Preston Road site of the Texas Country Day School. It will assume a definite affiliation with the Protestant Episcopal Church.

The school will have an admissions policy without particular regard to boys' religious affiliation.

**Food Handlers Are Urged To Attend Five-Day School**

All food handlers in the Midland area have been urged to make arrangements to attend a five-day school beginning Monday, April 24, in the City-County auditorium.

Sponsored by the State Department of Health, the school is open to all persons engaged in the manufacture, storage, handling or preparation of food.

For persons who previously have not attended a food handler's school the five-day course will be required in order to obtain a food handler's certificate. Persons who previously have attended the schools will find different and new courses offered this year.

It is imperative that food handlers in the Midland area keep posted on new ideas and methods used in bringing sanitary food before the public, according to Dr. F. E. Sadler, director of the City-County Health Unit.

Housewives and other interested persons are invited to attend the five-day sessions. Identical classes will be offered in the mornings and afternoons, allowing a person to complete the course by attending only one-half of each day. C. B. Breedlove, public health instructor for the State Department of Health, will be in charge of the school.

**Record Attendance Expected At Annual Lions Convention**

The Midland Lions Club will be well represented at the annual convention of District 2-T-2, Lions International, April 23-24, as it presents an invitation to the district Lions to hold their 1951 convention in Midland.

James L. Daugherty, district governor, and Roy Minear, club president, will head the Midland delegation. Daugherty will preside at the business sessions.

An outstanding program, with top speakers and well-planned entertainment, will feature the Alpine gathering, the district governor said Saturday. He predicted the attendance will set a post-war record.

**Governor's Race**  
A three-way race for the office of district governor is attracting widespread interest. The candidates are Roy Carter of Kermit, Jack Hawkins of Pecos and George Spence of Ysleta.

H. R. Hargrave, an International director from Fresno, Calif.; Sam Furr, Olney, governor of District 2-E, and Marlowe Fisher of Austin, state secretary, will be the principal speakers at the convention.

The Midland Lions Club decided to invite next year's convention at its regular meeting last Wednesday.

"Saddle Tramp," an outdoor saga that brings high-pocketed Joel McCrea and low-pocketed Wanda Hendrix together as a co-starting team, also is shooting on the same lot.

Director Hugo Freyones, who was born in Argentina, isn't letting his first assignment to a western throw him.

"After all," he grins, "I read about Buffalo Bill during my boyhood."

He wraps up a pistol-firing scene as speedily as a demonstrator of pre-mixed flour turns out a cake, then orders the cameras trained on Wanda and three tow-headed boys in a wagon.

The moppets start jockeying for the best camera position and a kindergarten slug-fest is on. Kids in Hollywood battle for close-ups like most kids battle for candy.

**Closing Around**  
Ann Sheridan's return to Fox for her first movie since "I Was a Male War Bride" is the big buzz-buzz on the "Stella" set. This is the picture that brought about Susan Hayward's suspension when she turned down the role.

Vic Mature as an insurance claims adjuster walks into an undertaking parlor with Ann, David Wayne, Frank Fontaine and Chill Willis. The morgue sheet is lifted and Ann rolls her eyes in horror. But the cadaver that she sees is an ordinary department store dummy.

Later Ann giggled:

"When we first rehearsed the scene, Joe McDonald, our cameraman, got under the sheet. It might have broken us all up, but the goof started giggling too soon."

Vic and Ann are a co-starring natural, I'm told, because they like horseplay. When Vic decided to change his shirt, I saw him bare his manly chest to Ann and heard her scream, "Oh, no!"

"A mad mad company," Ann happily informed me.

Evie Arden big-sisters Doris Day in "Tea for Two." She was cheering her up about something. Evie has lost count on how many movie queens she has cheered up in pictures.

"When they throw Shirley Temple at me," vows Evie, "I'm going to quit."

Evie was munching on a pine nut. "Everybody at the studio is eating them," she said. "It's a disease. I'm going to break every tooth in my head if I don't stop. Mark my words, this picture is going to have a cracking sound track."

**First Try**  
Marshal Thompson is holding Andrea King, Virginia Field and several other actors as hostages in a barroom scene in "The Violent Hour." As the prisoners plead with him, Thompson gazes at the bar television set and watches the movements of the police outside.

The picture is the first screenorial stunt for Gerald Sweeney, nephew of Louis B. Mayer, who says:

"I'm a veteran now. When I started, I had the same feeling of panic that I had when I went overseas during the war. But the minute I hit the gangplank, I was okay."

An old-fashioned straw fan that bears the legend, "Kissamnee-in-the Catskills" catches my eye on the set of "The Tender Trap."

M-G-M. The movie is Jane Powell's first since her marriage to Geary Steffen and her fellow actors are smiling over the dialog which establishes her as a 17-year-old who isn't allowed to date the boys.

Director Roy Rowland halts the shooting for a minute and Jane begins to hum absent-mindedly.

"Look at her," Andre Previn whispers. "Her mind is a mile away. She's thinking about what she's going to feed Geary tonight."

Fran (Stub) Miller, captain of Syracuse's basketball team, also is a shortstop on the Orange nine.

Here Are America's Most Outstanding Truck Values

**NEW P-L ADVANCE-DESIGN TRUCKS**

**CHEVROLET**

See these great new truck buys in our showrooms today!

**Performance Leaders** Most Powerful Chevrolet Trucks Ever Built!

**Payload Leaders** Cost Less To Operate Per Ton Per Mile!

**Popularity Leaders** In Each and Every One of the 48 States!

**Price Leaders** Now at New Lower Prices!

On the hills or on the straightaway, the efficient new Chevrolet P-L Trucks are far ahead in performance. They give you high pulling power over a wide range of usable road speeds—and high acceleration to cut down total trip time.

Far Ahead with lower operating costs per ton mile. The rugged construction and all-around economy of Chevrolet P-L trucks cut running and repair costs—let you deliver the goods with real reductions in cost per ton per mile.

Final and official 1949 registrations show that in every State in the Union more people bought Chevrolet trucks than any other make. In total, they were preferred over the next two makes combined—convincing proof of greater value.

From recently reduced prices to high resale value, you're money ahead. Chevrolet's rock-bottom initial cost—amazingly low cost of operation and upkeep—and high trade-in value—all add up to the lowest price for you.

**FAR AHEAD with all these PLUS FEATURES** • TWO GREAT VALVE-IN-HEAD ENGINES: the New 105-h.p. Lead-Master and the Improved 92-h.p. Thrift-Master—to give you greater power per gallon, lower cost per load • THE NEW POWER-JET CARBURETOR: smoother, quicker acceleration response • DIAPHRAGM SPRING CLUTCH for easy-actuator engagement • SYNCHRO-MESH TRANSMISSIONS for fast, smooth shifting • HYPOID REAR AXLES—5 times more durable than spiral bevel type • DOUBLE-ARTICULATED BRAKES—for complete driver control • WIDE-BASE WHEELS for increased tire mileage • ADVANCE-DESIGN STYLING with the "Cab that Breathes" • BALL-TYPE STEERING for easier handling • UNIT-DESIGN BODIES—precision built

### Life Raft—

(Continued From Page One) craft was piloted by Walter E. Dahlen, of St. Petersburg, Fla. An Air Force spokesman at headquarters here said the search crew had made two low runs over the life raft. It was described as yellow and blue, the colors on the PBV's rafts. "Visibility was excellent," the spokesman said. "The report was received only a few hours after Lt. Gen. John K. Cannon, U. S. Air Force commander in Europe, had announced the search would be continued only one more day, 12, 1949. "The missing plane disappeared a week ago on a training flight from Wiesbaden to Copenhagen. Three days later the Russian government protested that an American plane had flown over the Soviet frontier into Latvia and exchanged shots with Soviet fighters before disappearing over the Baltic. "U. S. officials said the Navy plane was unarmed and that Latvia lies more than 300 miles from its course. They expressed the belief, however, that it might have been the aircraft involved, since no other U. S. planes were flying over the Baltic at that time.

### Forgery—

(Continued From Page One) Kelley Rogers, and Lipscomb County Attorney Gene Mison. Here in the story Sheriff Tarbox and Texas Ranger Probst told the Amarillo Globe-News. After Mrs. Sebitt's death, her will filed for probate left her entire estate to her husband, M. L. Sebitts, with the exception of \$5 grants each to her two brothers, Boss and Frank Guthrie. On the death of her husband, the estate was to go to his 19 heirs. He died Nov. 12, 1949. Second Will Presented On March 13, 1950, Ross Guthrie and Clyde Grim went to Attorney Roy Sansing of Higgins. They told him a second will by Mrs. Sebitts had been found. The will presented was dated eight years after the will filed for probate. The second will left the entire estate to her husband, M. L. Sebitts, with the exception of the two \$5 grants, to Vivian Guthrie, a nephew. Tarbox said his attention was called to the second will by Sansing. The sheriff said he worked with handwriting experts and with a number of Texas and Oklahoma officers before the charges were drawn up. "Mr. and Mrs. Sebitts had lived in the Panhandle since the early 1900's. She was a past worthy and matron of the Eastern Star of Texas.

### Rites Still Pending For Charlie Dotson

BIG SPRING — Funeral arrangements for Charlie Dotson, about 70, who died early Friday at his home in Midland, still were incomplete Saturday. Dotson's body was brought to Big Spring Friday by an Eberley Funeral Chapel ambulance.

### Truman—

(Continued From Page One) ducing Texas, had supported the Kerr bill with one of his rare floor speeches. Senator Connally (D-Texas), chairman of the Senate Foreign Relations Committee, had been among its backers on the other side of the capitol. The veto was greeted jubilantly by anti-bill opponents. "I think the President acted properly," Connally expressed "great disappointment," Senator Kerr (D-Okla.), the bill's author, said Truman had "made a mistake," adding: "Time will prove that the consuming areas which want and need abundant supplies of natural gas will receive less gas and at higher prices than would have been the situation if the bill had been approved. "Rayburn Declines Comment Kerr, a wealthy oil man, delivered the keynote address at the 1944 Democratic Convention which nominated Truman for vice president. At Bonham, Texas, Rayburn declined comment on the presidential veto. "I will see the President Tuesday," he said, "and may have something to say after that. "In his veto message, Truman said the nature of the product makes it vital for the Federal Power Commission to have authority to regulate sales of natural gas by independent producers—which supply more than 80 per cent of all gas produced. The President referred to the "inherent characteristics of the product of moving gas from the field to the consumer," and went on: "Under the present law, coal and oil, purchasers of natural gas cannot easily move from one producer to another in search of lower prices. "Natural gas is transported to consumers by pipeline, and is distributed in a given consumer market by a single company. "This, he said, plus the fact that a relatively small number of producers and gatherers own a majority of the gas reserves, puts a strict limit on competition among sellers of the product. "Under these circumstances," the President said, "there is a clear possibility that competition will not be effective at least in some cases, in holding prices to reasonable levels."

### Permits—

(Continued From Page One) by 32 feet, 608 West Nobles Street; frame residence, \$9,000, 29 by 49 feet, 2111 West Louisiana Street; and a brick veneer, \$9,000, 28 by 50 feet, 406 West Jax Street. Additional permits issued to the Hays company were: brick veneer, \$8,700, 49 by 29 feet, 609 West Nobles Street; brick veneer, \$8,700, 49 by 30 feet, 614 West Nobles Street; brick veneer, \$8,500, 51 by 34 feet, 2113 West Michigan Street; frame residence, \$7,250, 26 by 45 feet, 103 West Nobles Street; and a frame residence, \$6,250, 24 by 35 feet, 407 West Hamby Street. Gene Brewer received a permit for \$40,000 for construction of a steel and concrete brick car sales agency, 125 by 140 feet, at 2701 West Wall Street. The building will house the new Miles Hall Buick Agency. J. Roy Jones was issued a permit for a brick veneer residence, 51 by 94 feet. The amount was \$25,000, and the location 1401 Bedford Drive. A permit for \$22,500 was issued to G. C. Ponder for a brick veneer residence, 51 by 94 feet, at 1501 Cuthbert Street; and a \$20,000 permit was granted to F. W. Stonehocker for construction of a tile and brick drug store and office, 66 by 96 feet, at 2209 West Illinois Street. Floyd C. Pace was issued a permit for \$10,000 for a brick veneer residence, 28 by 53 feet, at 2105 West Michigan Street.

### Tornadoes—

(Continued From Page One) bock. Earlier, lightning had stabbed through pea-soup fog reducing Lubbock's visibility to zero. The Lubbock Weather Bureau said conditions were favorable for more violent weather. Fog was reported at Amarillo, Clarendon and Childress as well as Lubbock. The first tornado report came from Reese Air Force Base, about eight miles south of Lubbock. All military personnel were ordered back to the base. However, no damage was reported at the base and no unusually strong winds had been recorded there up to 9 p. m. The winds whipped up as the rain clouds spread eastward. Small craft warnings were hoisted along the Gulf Coast. The wind hit 26 miles an hour at Brownsville. West Texas was windy, too, but three days of rain had washed out the threat of dust storms over most of that vast territory. However, at El Paso—about the only corner of the state not touched by the rainy spell—light dust rose with winds which reached 32 miles an hour in gusts. A soaking rain fell Saturday in the Wichita Falls area, totaling 1.47 inches by nightfall and still coming down. It was the first time since last October more than an inch of rain had fallen at Wichita Falls. Baseball Games Washed Out At Vernon, about half an inch of rain fell Saturday, following about a third of an inch Friday. Other points reporting rain Saturday night included Abilene, Midland, Mineral Wells, Fort Worth, Laredo, Clarendon, Junction, Childress and San Antonio. Rain had fallen earlier at Amarillo, Lubbock, Snyder and Sweetwater. Longhorn League baseball games at Ballinger, Vernon and Sweetwater were called off. Scurry County's booming oil fields were a sea of mud Saturday after the county received more than an inch and a half of rain. The downfall was continuing at dusk. Temperatures were chilly in the rain-favored country. Clarendon recorded 52 degrees in mid-afternoon, Lubbock 57 and Dalhart 61.

### Henry Fonda's Wife Commits Suicide

BEACON, N. Y. — Actor Henry Fonda's socially prominent wife, being treated for a nervous disorder, killed herself Friday night by slashing her throat with a razor blade. She had been in a sanatorium more than two months. She was Mrs. Frances Seymour Brokaw Fonda, 42, descendant of Revolutionary War pioneers. Her first husband, a financier, left an estate of millions. Fonda, who had been living apart from his attractive wife, hurried here after her suicide. After a simple funeral service the body was cremated.

### Wanda Gets Divorce From Audie Murphy

LOS ANGELES — War Hero Audie Murphy was over-critical and it finally broke her health, Wanda Hendrix testified in winning a divorce. "He criticized the way I dressed, the way I talked, the food I prepared, the expression on my face, the way our home looked, anything I said or any opinion I had—anything whatsoever—often bringing me to the point of tears," the actress said Friday. Miss Hendrix, 21, and Murphy, 25, were married here Jan. 8, 1949, had no children, and separated a month ago. Murphy, the war's most decorated GI, did not contest the divorce action.

### Johnson Takes Over As Colorado Governor

DENVER — Walter W. Johnson, 48-year-old Pueblo insurance man, became Colorado's 32nd governor Saturday in a five-minute ceremony in the capitol rotunda. Johnson is a Democrat. William Lee Knous had resigned the post to become U. S. district judge for Colorado, effective only minutes before the ceremony. UNDERGOES SURGERY Imogene Tucker, 111 West Ohio Street, was admitted Friday to Western Clinic-Hospital and underwent major surgery Saturday morning. SURGERY PATIENT Mrs. H. M. McReynolds, Sr., of Stanton has been admitted to Western Clinic-Hospital, where she is to undergo major surgery Monday. RETURNS TO SCHOOL Frank Blackman, son of Mr. and Mrs. F. Blackman, will leave Sunday to return to the University of Oklahoma in Norman, Okla., where he is a student.

### Delbert Downing Is CCMAWT Official

Delbert Downing, manager of the Midland Chamber of Commerce, was elected secretary-treasurer of the Chamber of Commerce Managers Association of West Texas, which closed its annual convention Saturday noon in Big Spring. E. O. (Red) Wedgworth of Pampa was named president, and W. E. Cantrell, Dalhart, vice president. New directors are Leon Rogers, Electra; H. J. Tanner, Eastland; Lee Walker, Stamford; and Roger Wheeler, Del Rio. Joe Ogden, Brady, and Paul Counts, Fort Stockton; Rex Baxter, Amarillo, and Ray Hedges, Brownwood, are the holdover directors. Borger was selected over El Paso as the 1951 convention city. Downing addressed the convention Saturday morning, and Bill Collins, editor of The Reporter-Telegram, was a Friday afternoon panel speaker. Burvin Hines, assistant manager of the Midland Chamber, also attended the Big Spring meeting.

### Shipping Walkout Averted For Week

NEW YORK — Some 4,000 ship officers will stay on their jobs at least another week, thus averting a threatened walkout Saturday night that would have snarled shipping on two coasts. The AFL Masters, Mates and Pilots Union agreed to the one-week strike postponement Saturday night in order to give federal mediators more time to try to effect a settlement. Trial Of McDonald, Others Postponed WASHINGTON — The lobbying trial of the National Farm Committee, including two state agricultural commissioners, has been postponed from Monday to May 25. James E. McDonald, Texas commissioner of agriculture; Tom Lindner, Georgia commissioner of agriculture; Ralph W. Moore of Washington, Robert M. Harris of New York and the committee are charged with violating the federal lobbyist law. They have pleaded innocent.

'Ike's' Warning On Defense

For many weeks charges have been flying that our military defenses are not being made strong enough to give us even minimum protection in event of a hostile attack.

To all these Secretary of Defense Louis Johnson has replied that we are truly in sound shape. But mostly he has met specific criticisms with broad generalities.

The defense debate took a new turn, however, when Gen. Dwight D. Eisenhower jumped in. He said the country has disarmed in some directions beyond the point he considers safe.

With Eisenhower speaking out, the dissent suddenly acquired greater weight. For it was recognized that "Ike" is in a far better position to know the facts than all the other critics thus far heard from.

Johnson immediately repeated his insistence that our defenses are adequate, and declared that Eisenhower himself had been a principal drafter of the \$13,000,000,000 military budget now before Congress.

Congressional leaders, no less aware of Eisenhower's role in preparing the arms budget, nevertheless felt he might have had reason to change his appraisal of its adequacy.

"Ike" told the Senate Appropriations Committee he thinks the country is taking chances by not spending more for the Air Force, for anti-submarine warfare and for the defense of Alaska, our northwestern outpost close to the Soviet Union.

It's clear from his testimony that the Air Force is his chief worry. He said he has been informed proposed outlays for fiscal 1951 won't maintain a minimum, modernized force of 48 groups in being.

This is the very issue on which several other critics have fastened. The crucial question is not how many planes we have or are buying, but how fit they are for duty.

If 48 groups are to be the measure of minimum protection, the planes comprising that force must be kept up to date. It's no good saying there'll be as many planes in 48 groups as were originally called for in the 70 groups sought by Congress and certain impartial investigators.

The point is: What kind of planes? If Eisenhower is worried on this score, Congress and all the rest of us ought to be. And the lawmakers' proposal to add \$650,000,000 to the arms budget, more than the general requested, should be approved to assure that the Air Force keeps above the line of minimum safety.

A tree fell on an Ohio artist, breaking his arm. Well, think what some artists have done to trees.

It's easy to laugh at misfortune when you're the one it misses.

McKenney on Bridge

By WILLIAM E. MCKENNEY America's Late Card Authority

There are no statistics to give us reliable odds on the success or failure of a finesse. With a combination like the one in the trump suit in today's hand, the automatic play would be to lead the suit from dummy and finesse the queen, if the king has not been played. This play sometimes gains a trick, but there are many times when it loses.

With a combination like this, one trick must be lost in the suit, because the king, jack and ten are missing. However, if there are enough entries in the hand with

Bridge hand diagram showing cards in North and South hands.

South West North East 1 Pass 2 Pass 3 Pass 4 Pass

East won the opening lead of the ten of clubs in his own hand. East reasoned that in all likelihood the lead was a singleton, and that South was hoping to ruff a club trick, holding two trumps.

East then laid down the ace of trump, and led a diamond to dummy, winning with the ace and returning a low spade.

North played the ten, East the eight and South won with the king. Thereafter North and South won two diamond tricks. But East made his contract as a result of his trump safety play.

So they say

Professional gambling in the District of Columbia is a large lucrative and well-organized business which in recent years has become interstate in nature and difficult to control.

Radioactive poisoning of the atmosphere and hence annihilation of any life on earth has been brought within the range of technical possibilities (by the hydrogen bomb).

A ranking government administrative official works today in a frustrating and defeating atmosphere.

I've never known a time when there wasn't trouble, and I don't think the present time is any worse than those of the past.

Review of the world's motor laws reveals 101 nations require driving on the right side of the street and 85 enforce a left-hand driving rule.

THE STORY: Clemency Norton is a nursery governess to Baba, small daughter of Syria and Jon Amberley, who live in the luxurious home of her own parents, the Piers in Algiers. Syria, who is a girl of 12, is a very clever and mischievous child. She is the only child of her parents.

Those "attractive French officers" whom Syria had mentioned to Clemency, had been in the desert on maneuvers, hence the fact that very little entertaining had gone on at Red Aloes since Mrs. Jon Amberley's return. Justine explained that Madame always had a party on Thursday afternoon when her friends dropped in to tea, or something stronger. For half an hour of that time it was usual for Baba to be taken down, dressed in her prettiest clothes, and circulated among the guests.

"Now you are going to be a very good girl, darling," Clemency told her.

"I'm always a good girl," announced the cherub with complete conviction, "except when Daddy spoils me." Which adroitly shifted the burden of yesterday on to broader shoulders.

France's 'Lone Wolf' Politician Argues For A United Europe

By PETER EDSON NEA Washington Correspondent

WASHINGTON—While the idea of a closer union among Western European countries is making slow headway, there is at least one French political leader who is for it. He is M. Paul Reynaud, a deputy in the French National Assembly and president of the Economic Commission of the Consultative European Assembly. He is making a month's tour of the United States, promoting interest in European Union.

M. Reynaud is an amazing character. He is 72 years old, a political lone wolf all his life and a tough little mountaineer who is as spry as a man of 50. He was premier of France in 1940, after 17 years in the Assembly and Cabinet.

He was a prewar supporter of financial union with Great Britain. He supported young Gen. Charles de Gaulle's idea of mechanization of the French Army. But he surrounded himself with enemies who turned against him, and when France fell, M. Reynaud fell with her. He spent the five war years in a German prison.

Though he was 68 years old when liberated, he immediately began a political comeback. He has made "United Europe" his principal political capital, though his following is still unimportant.

He speaks today of "My country, France, and my country, Europe." Two years ago at a meeting of the Consultative Assembly, M. Reynaud proposed that the members of this body be elected by vote of the people who should vote as Europeans, not as Frenchmen, Englishmen or Italians.

Wants To Gain In Race M. Reynaud got only six votes for his proposal. "You are years ahead of your time," his colleagues told him. He replied that the democracies always are a year or two behind the totalitarian powers, and he would like to have them start getting ahead.

He sees faint hope in the fact that there is now functioning a Council of Europe. It has two bodies—a Council of some 20 ministers and the larger Consultative Assembly. The Consultative Assembly can't talk about anything unless the subject is approved by the Council of Ministers.

The Assembly can't talk about defense of Europe, for instance. M. Reynaud wants a "European Army" and a European General Staff. He wants German troops in that army—not as German units but as Europeans.

Today M. Reynaud puts defense high on the list of Europe's problems. On one side of Europe is Russia with 175 divisions. While he puts one Allied division as equal in strength and firepower to two or three Russian divisions, the balance still is heavily with Russia. A balance of power is maintained on the other side of Europe only by American possession of the atomic bomb in a cold war.

Russia and its satellites have a population of 300,000,000. The United States has a population of 150,000,000 with the purchasing power of 450,000,000. In Western Europe there is no country with a population of more than 40,000,000.

Says Size Makes Difference Countries of that size are too small to compete, says M. Reynaud. But a united Western Europe would have a population of 250,000,000 and would be a force in the world. That is the primary argument for European Union.

But there are those who fear to disturb the status quo, says M. Reynaud. They fear that a Union of Europe will mean lowering of trade barriers and resulting unemployment. They overlook the fact that Europe has high employment now only because of the Marshall Plan. He gives that plan full credit. When it is over, however, then Europe

children are very proud of being Canadian born. I'm British—" "Just nicely so, darling," said a girl's gay voice behind them.

"Ah, there you are, Janet. This is Miss Norton—my daughter—Lieutenant de Brion—Miss Norton."

"How do you do?" Clemency found herself shaking hands with a very pretty girl.

"Almost immediately Syria came over and joined the group.

"How do you do?" Clemency found herself shaking hands with a very pretty girl.

"Almost immediately Syria came over and joined the group.

"How do you do?" Clemency found herself shaking hands with a very pretty girl.

"Almost immediately Syria came over and joined the group.

Questions and Answers

Q—How many different types of monkeys have survived in Europe? A—The Marquis de Barbary Ape is the last monkey left in Europe. There it lives only on the Rock of Gibraltar.

Q—Did the federal government give money or bonds to the pioneer western railroads? A—No. The federal government made loans of bonds to hasten the construction of six pioneer railroads. These were not gifts but were loans, bearing interest.

Q—What American artist named his sons for famous painters? A—Charles W. Peale named all of his children after famous artists. His son, Rembrandt, is especially famed for his portrait of George Washington.

Q—When were the Queensberry boxing rules established? A—The 8th Marquess of Queensberry put forward the Queensberry rules in 1866, a code that called for gloved contests. These rules were first applied in 1869, in the title bout between John L. Sullivan and James J. Corbett in New Orleans.

Q—What was the Mecklenburg Declaration? A—In May, 1775, the North Carolina colonists declared their independence of Great Britain and at Charlotte in Mecklenburg County issued a paper to this effect.

What's Right?

A friend introduces her mother to a young woman who is seated.

"WRONG WAY: The young woman keeps her seat while the introduction is made.

"RIGHT WAY: She rises for the introduction and stands as long as the older woman is standing. (Women need not rise to meet other women unless they are much older.)

Tennyson took 17 years to write his famous poem, "In Memoriam."

Distant Star

BY HERMINA BLACK

long time since I saw you. Come and see what Paul has brought you." The dark-eyed captain came striding forward, and, catching the child up, set her on his shoulder.

"Hello, Barbara. Come and talk to me. I know your Daddy when he was a little boy. She's like you, Syria—not like Jon."

"My Daddy spoils me," announced Baba, still clinging to her skirt.

"She's extraordinarily like you, Syria," she said. "Don't you think so?" The smile she gave Clemency was unaffectedly friendly.

"Yes, I think she is—but she has her father's eyes," said Clemency.

"Join me," Mrs. Sanderson said to Clemency. "My daughter is somewhere outside—if she doesn't come in presently I will get you to go and find her." Syria had made no attempt to introduce her, so Clemency at once repaired the casual omission.

"I came back with Mrs. Amberley—Mrs. Jon, just over a fortnight ago," said Clemency, immediately liking this charming, natural, and well-bred woman.

"I have an affection for this part of the world," Blanche Sanderson said. "I haven't been here since the War—though my son, who came over with the Canadian Air Force and served in North Africa."

### Buffalo Trail Council Sends 17 To Regional Meet

Representatives of the Buffalo Trail Council, Boy Scouts of America, will attempt to win the "man-mile flag" for attendance for the second time in succession at the annual meeting of Region Nine, to be held Monday and Tuesday in Oklahoma City.

Seventeen Scout leaders from the 17-county area will attend the meeting. Representatives of the council won the attendance flag at last year's meeting, held in Austin.

Dr. W. B. Hardy, president of the council, will head the delegation. Others to attend are: P. A. Lipscomb, Wink; Dr. P. T. Quast, Sweetwater; Mr. and Mrs. Lyle DeFebach, Snyder; J. L. Rhodes, Odessa; J. M. McDonald, Midland; H. D. Norris, Sweetwater; Joe Niedermayer, Pecos; James O. Hale, Big Spring; S. G. Painter, Odessa; Robert Eastus, Snyder; Mr. and Mrs. W. W. Adcock, Sn. der; J. M. Waddell, Kermit; O. D. Albright, Odessa; George Melear, Big Spring; R. J. Kneidl, Sr., Odessa, and W. Frank Myers, Pecos.

Registration for the three-state meeting is scheduled Sunday afternoon and Monday morning at the Skirvin Tower Hotel in Oklahoma City.

### Midlander Named To Sand Hills Group

ODESSA—Cal Smith of Odessa has been elected president of the Sand Hills Hereford Association. Roy Parks, Sr., Midland, was named vice president of the Quarterhorse Division of the association.

Other officers elected include: John Summers, vice president for community organizations; Glenn Allen, vice president of the Hereford Division; Tom Elrod, vice president in charge of sheep; H. L. Atkins, vice president of the show, and Hubert Martin, secretary of the show.

### Midland Knights Templar Dignitaries

The three Midland men pictured will fill important assignments at the 97th annual convolve of the Grand Commandery, Knights Templar of Texas, which opens Sunday in El Paso. R. B. Cowden (left), right, imminent grand commander of the Texas Commandery, will preside at the convolve sessions; the Rev. Howard Hollowell (center), grand prelate of the state organization, will preach the sermon at the opening service Sunday night; and Holt Jowell, imminent commander of the Midland Commandery No. 84, Knights Templar, will serve as an official host at the gathering. The Midland commandery is co-host with El Paso to the convolve.

### Midland Knights Templar Attend El Paso Convolve

More than 75 members of the Midland Commandery No. 84, Knights Templar, and their wives, are expected to be in El Paso this week-end to attend the 97th annual convolve of the Grand Commandery, Knights Templar of Texas, opening Sunday evening.

The Midland Commandery is co-host with El Paso to the state gathering, which is expected to attract approximately 1,000 persons.

R. B. Cowden of Midland, right, imminent grand commander of the Texas Grand Commandery, will preside at the convolve. It will continue through Wednesday.

Hollowell To Preach

The Rev. Howard Hollowell, grand prelate of the state organization, will preach the sermon at the Sunday night service to be held in El Paso's Trinity Methodist Church. He is pastor of the First Methodist Church here.

Holt Jowell, imminent commander of the Midland Commandery, will head the Midland delegation to the border city. A Midland drill team is scheduled to compete in the convolve contest.

Cowden said an outstanding program, with several noted speakers, has been arranged for the El Paso meeting. He predicted the attendance will be above average.

### Free-For-All Race Develops For Court Of Criminal Appeals

AUSTIN—A free-for-all high court race is developing on the Texas political scene.

Announcement of veteran Jurist Fred L. Hawkins that he will not seek reelection as judge of the Court of Criminal Appeals let the bars down for contenders.

Two candidates already had announced, and one more jumped in Saturday. Those already in the race were W. A. Morrison of Cameron and G. H. Nelson of Lubbock.

Rep. Cecil Storey of Longview announced Saturday.

Hawkins, presiding judge of the state's highest court in criminal matters, will be 84 years old when he retires from office next January 1 after serving nearly 30 years.

In all those years, he has had only three opponents.

Prospective candidates to succeed Hawkins included W. E. Myers of Fort Worth and Assistant Attorney General David Wunlich, formerly of Tyler. Former Attorney General William McCraw of Dallas also has been mentioned.

### Sandra Peterson Case Is Appealed To Higher Court

BRADY—An appeal to a higher court has been filed in behalf of Sandra Peterson, pretty brunette sentenced to life in a hitchhiking slaying.

Meanwhile the 18-year-old Somerville, Mass., girl—after almost eight months in McCullough County jail here—has decided she doesn't like either reporters or photographers.

A little pale and thinner than when she was arrested for the Aug. 27, 1949, slaying of Brady Real Estate Man Lewis Patterson, Sandra said in an interview.

"Why, if I tell a reporter I like dogs, by the time it gets in the papers it says I hate cats. From the descriptions in the newspapers I would never be able to recognize my own hair. They've described it as everything from auburn to bleached and dyed almost orange."

**Dyes Hair Black**

She said her hair has a natural reddish tint. She admits she once dyed her hair black.

The slender convicted killer isn't happy, either, about pictures of her which have shown up in the newspapers.

The formal appeal was filed in district court here Friday by her court-appointed attorney, Ross Hoffman of Brady. The next step is up to the Court of Criminal Appeals in Austin. Hoffman said action by that court may be a long way away.

### Colbert's Store Observes Birthday

An anniversary is being celebrated this week by Colbert's, one of the older business firms in Midland, which has just turned 42.

Until April 7 of last year, when it moved into its present location from next door, it was known as Everybody's Store.

That name was adopted in 1908 when Addison Wadley, pioneer resident of the city, joined the firm of the J. H. Barton Drygoods Store. That is the anniversary which the store now is observing.

The Barton store had been established in 1885 as one of the city's earliest businesses, then sold. Barton returned to the dry goods business in 1907 by purchasing the Morrison and Richards store. Wadley had been an employee of the Morrison and Richards firm.

For many years Everybody's Store dealt in a stock of general dry goods, then it became a women's wear store as it is now. It was purchased by the Colbert system of stores in 1945.

The store is housed now in a building which was remodeled especially for it, to give space for all the departments in which the woman shopper can find a complete, up-to-the-minute wardrobe.

### Livestock Roundup

FORT WORTH—Livestock compared to week ago:

Cattle and calves strong to 50 cents, spots \$1 higher, spring lambs 50 cents off, short old crop fat lambs off 25-50 cents. Butcher hogs steady to 25 cents higher, sows steady to 50 cents higher.

Slaughter steers and yearlings ranged from 18-30, slaughter cows 11-21, slaughter calves 15-30, stocker calves 20-29, stocker cows 16-22, closing hog top 16.25, sows 13-15, pigs 10-13, Spring lambs 18-28.50.

Short fat lambs, 20-30.50, short stocker lambs 15-21.50, woolled weathers to 22.50, ewes and old wethers 8-12.

### Friday Boot Shop No. 2 Opens Monday

Formal opening Monday of the Friday Boot Shop No. 2, located at 121 South Main Street, has been announced by Truman Friday, owner.

The new shop is the second Friday establishment to be operated in Midland. The Floyd Friday and Company Shop is located at 113 East Wall Street.

Specializing in expert shoe and boot repair, Friday offers patrons guaranteed and courteous service. He invites all his Midland friends to visit and inspect the new shop.

### Littlefield Judge Is Association President

EL PASO—County Judge Otha F. Dent of Littlefield is the new president of the West Texas County Judges and Commissioners Association.

The group's convention ended here Friday.

Commissioner John B. Carpenter of El Paso was elected vice president and County Judge Arthur Trepp of Wichita Falls secretary-treasurer. Wichita Falls was selected as the convention city for 1951.

**MAJOR SURGERY**

Mrs. E. A. Long, 303 West Carter Street, was admitted Friday to Western Clinic-Hospital, where she is to undergo major surgery.

### Geological Society Will Assist With Library Expansion

The West Texas Geological Society, with 400 members in Midland County, has resolved to support the city and county in maintaining and expanding the Midland County Library.

The society has for a number of years contributed to the library and now maintains a technical section in it for the use of those connected with the petroleum industry. "There are, at present, 4,000 volumes in this section donated by the group and the society has available more than \$1,000 for purchasing new books this year."

The resolution, in part, states: "Be it resolved, that the West Texas Geological Society, composed of some 400 citizens of the City and County of Midland, encourage and assist the city and county governing bodies to maintain and increase the support of the present library and to do all in its power to erect in the near future an adequate building to provide library service for the county, which building shall be a credit to the community and a contribution to the life of our city and county."

John M. Hills, president of the society, said it is hoped this move by the group will encourage other organizations who use and contribute to the library, to take an interest in the construction of a new building to house it.

### Rail Board Delays Action Combining Scurry Reef Fields

AUSTIN—(AP)—Kelly and North Snyder fields apparently are one pool, but the Railroad Commission has delayed action to combine Scurry Reef and Scurry Ridge (Canyon) fields in Scurry County are not yet definitely connected.

That was the central picture drawn by testimony at Friday's Railroad Commission hearing to determine whether the four Canyon reef lime pools should be classified as a common reservoir. Should such a conclusion eventually be reached, the commission then would consider advisability of placing all four fields under a common set of rules.

A recommendation that the MER of the fields be kept at 220 barrels per well per day was endorsed by operators.

Commissioners William J. Murray, Jr., and Ernest O. Thompson attended the hearing briefly. They advised operators to consider the feasibility of early pressure maintenance operations to assure maximum ultimate recovery of oil.

Bottomhole pressures are dropping but not at alarming rates for fields of this type, in which the source of energy is solution gas, witnesses agreed.

The commission will take the testimony under consideration.

### Woman Gives Age To Census Taker As 115

CROCKETT—(AP)—Maria Jones told the census taker she is 115 years old, but reporters and historians expressed belief Saturday she isn't a day over 111.

The chief source of information is the negro woman's 80-year-old daughter.

Maria was born in slavery in Georgia and came to Texas at about the close of the Civil War. She had 12 other children.

### Plane Loop Record Claimed By Tulsan

RAYMONDVILLE, TEXAS—(AP)—A new world's record for looping the loop was claimed Saturday by Carl Crawford, old-time stunt pilot from Tulsa.

Crawford took his Piper Cub up at 6:42 a.m. Saturday morning, climbed to 1,500 feet, and landed at 12:25 p.m.—after 1,874 loops. He averaged about 300 loops an hour.

His sponsor says this breaks the previous world's record of 1,839 loops set in 1928 at Cleveland by Speedy Holman.

### Youngsters On Storey Mad At Dog Poisoner

To one who would poison a pet—the youngsters on West Storey Street are pretty mad at you. If you would look at them you wouldn't be so proud of your handiwork.

Another Midland dog has been poisoned. This one was Jim Dandy, belonging to Mr. and Mrs. George Todd. He was the son of Patches, a neighborhood institution and blooded cocker spaniel.

Jim Dandy was the light of a little four-year-old girl's life. He was found dead in an alley. All the neighborhood kids loved him.

Mr. Dog Poisoner, when are you going to quit?

### Midland DeMolays Attend 'Civic Day' For Odessa Chapter

More than 250 DeMolays, including a delegation from Midland, participated in a "Civic Day" celebration Saturday in Odessa. The reins of city government were turned over to DeMolays by Mayor C. W. McCollum.

In ceremonies at the Masonic Hall, degrees were conferred on 20 candidates. A banquet in the high school cafeteria was the highlight of the program, as members heard the Flower Address and a speech by the Rev. Dick O'Brien, pastor of the First Baptist Church of Big Spring.

A dance Saturday night at the County Auditorium concluded the day's activities. Dan R. Carter, advisory dad of the Midland Chapter, accompanied the delegation to Odessa.

**Cotton**

NEW YORK—(AP)—Cotton futures closed 50 cents a bale lower to five cents higher Saturday, May 32.56, July 32.71 and October 30.88-89.

**FROM AUSTIN**

Mr. and Mrs. George D. McCormick of Austin are guests in Midland of Mrs. Mollie McCormick, his mother.

### Wants To Stay

(NEA Telephoto) Mireya Urguidi, a beautiful South American girl who came to the United States to keep from marrying a man to whom she has been engaged since birth, appealed to federal officials in Tulsa, Okla., to extend her visa, which expires in June, so she will not have to go home and marry the man her father chose for her and who is twice her age. Here, Miss Urguidi practices on typewriter at a Tulsa business college.

### Disposal Plant Study Nearing Completion

Work is expected to be completed within the next three weeks on studies being made concerning a new sewage disposal plant and requirements necessary to serve all developed areas in the city with water and sewer lines. City Manager W. H. Oswalt said Saturday.

The study is being conducted by Joe Ward, consulting engineer of Wichita Falls.

The report will establish a basis setting forth a work program which may take a number of years to accomplish, Oswalt stated.

S., Jacoby brings you helpful, interesting advice in a new daily Bridge column and regular Canasta columns.

Beginning Monday in The Reporter-Telegram

# Two 7,500-Foot Wildcats In NW & S-C Kent Staked

Drilling is to be started at once at two 7,500-foot wildcats in Kent County.

Blanco Oil Company and Al Buchanan, both of San Antonio No. 1 Girard Trust Company will be at the center of the southwest quarter of the southeast quarter of section 40, block 1, H&C survey.

That makes it about 15 miles northwest of Claremont, and in the northwest sector of the county. The venture will be on a one-half section lease secured by Blanco and Buchanan from The Ohio Oil Company. That concern retains leases on a spread of several hundred acres in the area adjacent to the well.

The projected destination of 7,500 feet is calculated to take the prospect through the Pennsylvanian series.

Seaboard Oil Company of Delaware and Republic Natural Gas Company No. 1 Wallace is to be another 7,500-foot venture in South-Central Kent. It is about five miles south of the slightly east of Claremont, and will be either at the center of the northwest quarter, or at the center of the northeast quarter of the northwest quarter of section 27, block 98, H&C survey.

It is slated to explore through the Pennsylvanian formations.

## Ellenburger Venture Readied In C-E Lynn

J. H. Snowden of Fort Worth and associates, are moving in rotary equipment to drill their No. 1 Bryan Williams, which is to be a 9,500-foot wildcat to test the Ellenburger in Central-East Lynn County.

The development will be 1,980 feet from south and 660 feet from west lines of section 1407, EL&RR survey. It is almost on the Lynn-Garza County line.

This prospect is on a block of approximately 6,000 acres which was assembled by John Darden of Midland, and turned to Snowden to drill. Darden received an unreported amount of cash for the block.

and retained some leases in the spread.

Brinkerhoff Drilling Company has the rotary contract. It is understood that Magnolia Petroleum Company is supporting the drilling of the wildcat.

## Upper Cogdell Pay Yields 65.8 BOPH

J. A. Chapman Producing Department No. 6 Cogdell, new pay opener on the northeast side of the Cogdell-Canyon pool in Central-South Kent County, has flowed 65.8 barrels of oil per hour for two hours through two-inch tubing.

The natural flow was from perforations at 4,906-530 feet, either in the lower Permian or Cisco of the Pennsylvanian.

The project is now shut-in while storage is being cleared for the potential top.

Five-inch casing is set on bottom at 4,970 feet. Reef production in that area is from 6,800 to 6,950 feet.

The line pay in the 6 Cogdell was topped at 4,834 feet, with the best pay being reported from 4,910-4,925 feet.

Location is 2,052.6 feet from north and 2,703.6 feet from east lines of section 716, block 97, H&C survey, and 17 miles north of Snyder.

## Link Pool Extension In Scurry Potentials

Progress Petroleum Company No. 2 Buffalo, one-location north offset to that company's Canyon reef discovery (or extension) in Central-North Scurry County, has potentiated 753.59 barrels of 41.6-gravity oil daily.

The project topped the reef at 6,850 feet on a minus datum of 4,390 feet. Production was from open hole between 6,850 feet and total depth of 6,945 feet.

Gas-oil ratio was 810-1. Tubing pressure was 250 pounds. The 24-hour potential was rated from an actual flow of 445 barrels in 14 hours.

The 2 Buffalo is 467 feet from north and east lines of the southeast quarter of section 565, block 97, H&C survey, and 10 miles north of Snyder.

## Von Roeder Offset In Borden Is High

Amerada Petroleum Corporation No. 1 Weathers, one location south of the same concern's No. 1 Von Roeder, Canyon reef discovery in Southeast Borden County, and 1,958 feet from west and 660 feet from north lines of section 94, block 25, H&C survey, topped the Canyon reef line at 6,818 feet, to give it a datum of minus 4,445 feet.

It drilled to a total depth of 6,850 feet and logged good indications of possible production. The venture is taking a drillstem test.

On the top of the reef it was 12 feet high to the Amerada No. 1 Von Roeder.

## Texaco Gets Reef In Two In New Area

The Texas Company has two offsets to a recently completed new Canyon reef discovery in North Scurry County almost ready for production tests.

Both ventures are one location removed from the Castleman and O'Neill No. 1 Feldman and Pardo which opened the area between the North Snyder and the Cogdell-Canyon fields for development, when it was finished as a good flowing producer.

Texaco No. 7 Fuller, 467 feet from north and east lines of the southeast quarter of section 562, block 97, H&C survey, and a west offset to the Castleman and O'Neill producer, is bottomed at 6,835 feet in line and was preparing to take electric log.

Reef Top Picked

It topped the Canyon reef at 6,535 feet, which is on a datum of minus 4,105 feet. Operator likely will run casing to the top of the reef and completed soon.

Texaco No. 8 Fuller, 467 feet from north and west lines of the northwest quarter of section 652, block 97, H&C survey, and one location north of the Castleman and O'Neill No. 1 Feldman and Pardo, is at total depth of 6,874 feet in line and was running 5 1/2-inch casing. It had taken electric log surveys.

This venture is credited with topping the Canyon reef at 6,765 feet to give it a datum of minus 4,292 feet.

Operator will probably seal the casing at the top of the reef and try to complete a producer from the open hole.

## SE Borden Pay To Get Sew Stepout

Pan American Production Company proposes to drill a Canyon exploration one mile southwest of the discovery well of the North

Vincent (Reinecke)-Canyon pool in Southeast Borden County.

Pan American No. 1 A. L. Holley will be a west offset to George P. Livermore, Inc. No. 2 Whitaker, a drilling project.

The proposed venture will be 660 feet from south and east lines of section 52, block 25, H&C survey. Slated depth is 7,100 feet.

Drillsite is 18 miles north of the town of Coahoma.

Three-quarters of a mile northeast of the discovery well of the North Vincent, C. H. Sweet and others No. 1 McNeil was last reported drilling below 6,470 feet in shale, with no shows.

The Sweet venture is 330 feet from south and west lines of the northeast quarter of the northeast quarter of section 53, block 25, H&C survey.

## Watered-Ellenburger Encountered In Kent

Mid-Continent Petroleum Corporation No. 1 Billy-Wallace Central-South Kent County prospect, 11 miles south of Claremont and four miles northeast of the Cogdell-Canyon field, was bottomed at 7,415 feet in Ellenburger lime and was taking electric log surveys.

The project drilled to a depth of 7,365-7,415 feet. The tool was open one hour. Recovery was 500 feet of muddy salty water. There were no shows of oil or gas.

Top of the Ellenburger is at 7,336 feet, which is on a datum of minus 5,304 feet. That formation has not shown any indications of oil or gas. None of the higher horizons logged any possibilities of commercial production.

Location of this development is 330 feet from south and west lines of section 716, block 97, H&C survey.

## Clear Fork Pay In North Pecos Opened

La Gloria Corporation No. 1 Arthur A. Sullivan has opened an upper Clear Fork Pay in Central-North Pecos County, three miles west of the town of Girvin.

The 1 Sullivan swabbed five barrels of 39.2 barrels gravity oil hourly for 12 hours. Production was from perforations at 3,085-3,121 feet.

Clear Fork was topped at 3,030 feet on an elevation of 2,324 feet. The perforations had been acidized with 500 gallons.

A pump is to be installed, and the well put on production.

The discovery is 660 feet from north and west lines of section 68, block 11, H&C survey.

It is two miles southeast of the La Gloria No. 1 Creese, Simpson sand discovery.

## SW Gains Pool Gets Deep Test

Samedan Oil Corporation has scheduled a south offset to its Devonian and Ellenburger producer on the northwest side of the Robertson multi-pay location in Southwest Gaines County.

Samedan No. 2-D-E-A Andrews is slated to go to 12,000 feet to test all pays down to and including the Ellenburger.

Drillsite will be 660 feet from south and east lines of the northeast quarter of section 19, block A-24, psi survey.

Samedan No. 1 Andrews reported a flow of 284 barrels in 17 hours from Devonian perforations at 10,056-070 feet, and seven barrels hourly from Ellenburger perforations at 11,900-11,960 feet.

The 1 Andrews opened the deeper pays in the Robertson field, which already had production from Giorleta and Upper Clear Fork.

This pool is approximately nine miles southwest of Seminole.

## Cogdell West Offset Flows To Complete

Humble Oil & Refining Company No. 1 Spire, one location west of the discovery well of the Cogdell-Canyon field in Central-South Kent County, and 467 feet from north and 573 feet from east lines of section 717, block 97, H&C survey, was flowing to test and complete.

This project drilled to a bottom of 7,015 feet. It found the Canyon water in a drillstem test at 7,000-7,015 feet. The hole was plugged back to 6,988 feet.

The section between the bottom of the 5 1/2-inch casing at 6,905 feet and the plugged back bottom was circulated, and it kicked off and started flowing.

It was flowed to pits for one hour to clean and then was turned to tanks through a one-half inch tubing choke.

Flowed 130 Barrels

In five hours the section produced 130 barrels of pipe line oil, with a shakeout of four-tenths of one per cent basic sediment. There was no formation water. The production is natural.

The well is now flowing on a one-quarter inch choke. Potential will be taken shortly.

The top of the Canyon reef is at 6,815 feet, which is on a datum of minus 4,374 feet. The zone between 6,815 feet and 6,905 feet, which is now cased off, showed good indications of production when drilled through.

## Berlin Reds Get Ready For 'Maytime'

Members of Berlin's Freie Deutsche Jugend, Communist youth organization, work on a stadium slated to seat 70,000 persons for a giant May parade and demonstration in the Soviet sector of the German capital. Hundreds of members of the Soviet youth group have been brought to Berlin to help get ready for the May demonstrations, during which Reds have threatened to "take over" Berlin's western sectors.

# Rail Board Boosts Oil Flow For May

AUSTIN—(P)—An average daily permissive flow of 2,179,586 barrels of Texas crude oil in May was ordered Friday by the Railroad Commission. This is a 58,241-barrel per day increase over the current allowable.

One day was added to the producing schedule, putting all fields on 18 days of flow for the 31-day month. This accounted for 36,241 barrels of the daily increase, while extra production allotted some 21 low-cold test crude oil fields furnished the other 22,000 barrels.

Granting of the 22,000-barrel increase in low-cold test crude fields capable of producing more was a deviation from the commission's past policy of across-the-board increases or cuts.

District 3, the Gulf Coast, where fields are located, enjoyed the greatest increase. Its average daily allowable of 394,287 barrels is a 27,691-barrel increase over the current figure.

Asked by Humble Oil & Refining Company had asked for 18,486 extra barrels of low-cold test crude from District 3, asserting it was needed to meet demand of armed forces and other customers who use lubricating oils and that of kind of crude.

Estimated production of 307,136 barrels daily of natural gasoline and distillate in May will send the total Texas allowable for all kinds of petroleum products to 2,486,722 barrels per day.

Discontent with the commission's new system of proration—initiated in the March order—was expressed by several oil company spokesmen. J. E. Neath of Humble, suggested that the commission prorate on each type of crude wanted.

For Return To MER

Commissioner E. O. Thompson and Murray said such a plan would eventually lead to selective buying and leave some types of crudes without a market.

At the same time, the commissioners said they did not wish to encourage oil imports by keeping Texas producers from meeting all markets demand.

Ira Butler of York and Harper, Inc., said the commission's new system of determining allowables, based on well depth, acreage and MER, was responsible for the problem confronting the commission.

"If the commission would return to the 100 per cent MER basis which we had in February, we would not have this particular situation," he said.

Humble had considerable support for its request. Favorable to it were Sun Oil Company, Crown Central Petroleum Corporation, Magnolia Petroleum Company, The Atlantic Refining Company, and French Robertson of Abilene, president of the West-Central Texas Oil and Gas Association.

The next statewide oil proration hearing will be held at 9 a.m. May 17 in Austin.

Runs By Districts

May average daily allowable by districts, compared with current figures:

1. Southwest Texas, 29,626, up 230.
2. Southwest Texas, 124,916, up 2,692.
3. Gulf Coast, 394,287, up 27,691.
4. Southwest Texas, 199,920, up 3,394.
5. East Central Texas, 32,458, up 671.
6. East Texas (outside), 84,934, up 1,531.
7. East Texas field, 264,108, up 6,024.
8. East Texas field, 264,108, up 6,024.
- 7-B. West Central Texas, 79,283, up 742.
- 7-C. West Central Texas, 52,727, up 720.
8. West Texas, 635,493, up 13,128.
9. North Texas, 174,368, up 1,415.
10. Panhandle, 107,466, up 3.

## Midland Men Injured In Highway Mishap

John W. Starr, Midland oil man, is in a Big Spring Hospital where he is undergoing treatment for injuries received in a car-truck collision north of Big Spring Thursday night. He suffered a fractured leg and multiple cuts and bruises. His condition Saturday was said to be satisfactory.

F. A. Scott, also of Midland, who was driving the car in which Starr was riding, suffered a fractured breast bone and other injuries. He was returned to his home here Friday after receiving emergency treatment in a Big Spring hospital.

The Midland men were returning from Snyder when the accident occurred. The driver of the truck involved was not injured, according to reports received here.

## TM-CO&GA Selects Advisory Group For Interstate Compact

DALLAS—Five Texas petroleum industry men, representing geographical divisions of the state, have been named by the Texas Mid-Continent Oil & Gas Association as its advisory committee to the Interstate Oil Compact Commission.

Advisors named from the Texas industry to the compact commission were:

Curtis G. Condra, Stanolind Oil & Gas Company, Fort Worth, Texas, chairman; John F. Lynch, La-Gloria Corporation, Corpus Christi; Raymond L. Dillard, J. K. Hughes Oil Company, Mexia; H. E. Chiles, Jr., The Western Company, Midland; and Watson W. Wise, Taylor.

## BIGGER BUT COLDER

## Free Book On Arthritis And Rheumatism

Excelsior Springs, Mo., April 8. So successful has a specialized system proven for treating rheumatism and arthritis that an amazing new book will be sent free to any reader of this paper who will write for it.

The book entitled, "Rheumatism," fully explains why drugs and medicines give only temporary relief and fail to remove the causes of the trouble, explains how you may obtain relief from rheumatism and arthritis.

You incur no obligation in sending for this instructive book. It may be sent free to any reader of untold misery. For writing promptly, the Clinic will send their newly enlarged book entitled, "Rheumatism." Address your letter to The Ball Clinic, Dept. 2345, Excelsior Springs, Missouri, but be sure to write today—adv.

# Committee Begins Study To Determine Ailments Of Texas Oil Industry

By MAX B. SKELTON

HOUSTON—(P)—Imports of foreign crude took a tumble in February but some Texans still are not too impressed.

A Statewide Citizens Economic Committee last week began a survey to determine the ailments of the Texas oil industry.

Imports, without doubt, will play an important part in the study.

Gov. Allan Shivers launched the survey by reminding the group: Texas cutbacks in crude oil production since January of last year almost are in direct proportion to the increases in imports.

State Comptroller R. S. Calvert reported Texas' oil production tax income for the year ending March 1 was off \$19,667,031.

Texas crude production allowables last week totaled 2,121,345 barrels daily, compared to approximately 2,700,000 in December 1948.

Opponents of foreign oil being brought into the United States drew some encouragement but still had cause to be puzzled over the latest statistical report on imports from the Department of Commerce.

The depart. report last week placed February imports of crude at 11,861,000 barrels, 7.5 per cent less than a year earlier. Imports of refined products totaled 7,085,000 barrels, an increase of 63.3 per cent.

Receipts Show Gain

This made February's receipts of foreign crude and refined products 13.6 per cent over February 1949.

February exports of domestic crude, the department reported, totaled 219,000, about 13 per cent above last year. Products exports were down 32.8 per cent.

This placed overall February exports 22.8 per cent below last year.

A group of independent refiners told the Texas Railroad Commission gas production should draw much of the blame for oil market demand slumps.

Spokesmen for the Independent Refiners Association of America formally asked the commission to place all hydrocarbons under the state's proration laws. This, they

said, would put gas products on an equal basis with crude petroleum.

The refiners contended Texas crude output has dropped 26 per cent since 1948. They want a similar cut for gas.

Twenty-eight Texas refiners were said to be shut down, with all others operating at an average of 78 per cent capacity.

At the same time, the refiners said, 37 gas cycling plants have an operating average of 112 per cent capacity.

Contrast Is Made

In contrast, the commission was told, Louisiana Gulf Coast refineries are operating at 69.4 per cent capacity, North Louisiana and Arkansas 71.9 per cent, Oklahoma, Kansas and Missouri 78.4 per cent, Indiana, Illinois and Kentucky 92.9 per cent, and East Coast refineries at 80.6 per cent of capacity.

The refiners' report then stated: "We invite the commission's attention to the depressed condition of crude oil operated refineries which are located in the local areas of large supply of gas products, North Louisiana, Arkansas, inland Texas, Oklahoma, Kansas, Missouri and others particularly have felt the effects of the unlimited, non-prorated amount of products produced from gas."

The refiners made their proration request before a statewide hearing which had been called for receiving testimony on the amount of butane and propane gases being burned in the open field in Texas.

Most operators disagreed with the refiners. They said very little butane-propane is being flared.

They objected also to the refiners' proration proposal, contending the hearing had not been called to consider such a suggestion.

## TEXAS COUNTY MAP ATLASES

A map of every county—254 maps—each 15x17 inches, showing sections, blocks, surveys, certificate and patent numbers (land office maps) bound in loose-leaf board cover. Special Price: \$10.00 f.o.b. P.O. Box 1005, OIL CITY MAP COMPANY, Longview, Tex

## Two Wildcats Staked—

(Continued From Page Six)  
dig to at least 12,000 feet to explore the Devonian, has reached 11,116 feet in lower Pennsylvanian shale, and was making more hole.

It has not found any shows for production since it flowed 23.38 barrels of oil in two hours from the Pennsylvanian lime at 10,398-468 feet.

Location is 860 feet from north and 2,180 feet from west lines of section 10, M. Daugherty survey. That makes the prospector 11 1/4 miles southwest of the city of Midland.

### SW Martin Wildcat Cutting Anhydrite

Gulf Oil Corporation No. 1-E-B George W. Glass, Southwest Martin County wildcat, 12 miles north of Midland and 18 miles west of Stanton, had reached 4,317 feet in anhydrite and has drilling deeper.

This prospector is slated to dig to 13,500 feet to explore the Ellenburger. It is 1,980 feet from north and east lines of section 13, block 39, TP survey, T-1-N.

### Comanche Schedules Tex-Harvey Project

Comanche Corporation of Dallas No. 1 G. B. Leach is to be a new development to test the Spraberry sand of the lower Permian in the Tex-Harvey area of East Midland County, 14 miles southeast of the city of Midland.

Location is 660 feet from south and west lines of section 3, block 37, TP survey, T-3-S. Drilling with rotary tool is to start at once.

The prospector is almost one mile northwest of the completed producers in the Tex-Harvey field.

### Ellenburger Top Void In Crockett

Magnolia Petroleum Company No. 1 Clayton, Southeast Crockett County wildcat, nine miles southeast of Ozona, and 1,320 feet from south and 1,980 feet from west lines of section 12, block 9H, GC&SF survey, failed to find any shows of production in a drillstem test of the Ellenburger section at 8,790-8,843 feet.

The tool was open one hour. Recovery was 40 feet of drilling mud. There were no shows of oil, gas or water. The prospector is to core deeper.

Top of the Ellenburger is at 8,490 feet. That is on a datum of minus 6,000 feet. The section between 8,490 feet and 8,624 feet showed a large gas volume with no shows of liquid petroleum.

The zone from 8,627 feet to 8,695 feet had developed some gas and sprayed some distillate. The interval between 8,695 feet and 8,790 feet failed to show any appreciable signs of any sort of petroleum in cores.

### C-E Dawson Pool Gets Three Tests

Seaboard Oil Company and others have staked three locations in the Spraberry Deep pool of extreme Central-East Dawson County.

Two of the projects will be in section 37, block 34, T-5-S, T&P survey. No. 2-D Stanfield will be 1,747 feet from east and 1,988.8 feet from north lines of the section; No. 8-D A. J. Spraberry will be 3,068.3 feet from east and 660 feet from south lines of the section.

No. 1-D C. R. Woodward will be on the southwest side of production, 2,841.5 feet from east and 660 feet from north lines of section 47, block 34, T-5-S, T&P survey.

The Spraberry deep field is 15 1/2 miles southeast of Lamesa. All three to go to 7,000 feet.

### Edge Well On Reef Completes In Scurry

M. L. Lockhart No. 1 K. Thrane has potential to extend the North Snyder Canyon producing area one-tenth of a mile to the southeast.

The new producer, located one-half mile west of a 8,100-foot dry hole, rated a daily potential of 658 barrels of 42.5-gravity oil, and no water, from open hole in the Canyon. It was treated with 5,000 gallons of acid.

Flow was through a three-eighths inch choke, and tubing pressure was 1,000 pounds. Gas-oil ratio was 1-100-1.

Pay was topped at 6,809 feet, and total depth is 6,877 feet. Seven-inch casing is set at 6,812 feet.

The 1 K. Thrane is three miles north of Snyder.

### Deep Pool In Ector To Get SE Flanker

Cabot Carbon Company has staked a steepout from production on the southeast side of the Yarbrough & Allen-Ellenburger pool in Southwest Ector County.

Cabot No. 1 C. H. Anderson will be 330 feet from north and west lines of section 29, block B-14, pel survey.

It will be a rotary operation nine miles southwest of Penwell. Slated depth is 10,800 feet.

Operations are to begin by April 21.

### Strawn Top Barren In C-S Tom Green

No shows were reported in the top of the Strawn lime on the Miles Production Company of Dallas No. 1 S. L. Shaw, Central-South Tom Green County wildcat.

Unofficial reports pick the top of the Strawn at 5,186 feet on an elevation of 1,866 feet. The drillstem test supposedly was taken at a total depth of 5,216 feet.

Operators want to drill 20 feet deeper and test again.

This project is 10 miles west of the Susan Peak field and four miles north of Christoval. Exact location is 467 feet from south and 467 feet from west lines of section 233, block 97, corner of section 890, F. Schmidt original grants.

### West Steput Staked To Scurry Reef Pay

One mile west of production in the Diamond M - Canyon pool in Central-West Scurry County, Honolulu Oil Corporation has scheduled its No. 1 Frank Strom.

The possible Canyon extension will be 1,980 feet from north and 660 feet from west lines of section 147, block 28, H&TC survey, and 12 miles west of Snyder.

Lone Star Oil Company No. 1 Tonnie Bynum has been staked on the northwest edge of the Kelley field. Location is to be 1,568 feet from north and 3,073 feet from east lines of section 233, block 97, H&TC survey, and five miles west of Snyder.

Cities Service Oil Company has scheduled three Canyon projects on its Scurry reef leases.

First of Three  
Cities Service No. 3 Patterson will be 330 feet from south and 1-643 feet from east lines of section 218, block 97, H&TC survey. It will be in the Diamond M-Canyon field, 12 miles southwest of Snyder.

Cities Service No. 4 Andreas is slated for the Kelley field six miles northwest of Snyder. Exact location is 467 feet from north and east lines of section 251, block 97, H&TC survey.

On the northwest edge of the Kelley pool, Cities Service No. 4 Austin has been staked 467 feet from south and east lines of the northwest quarter of section 39, block 1 Kirkland & Fields survey. This places it six miles northwest of Snyder.

## 'Permian Pete'

GOSH!  
ANOTHER ONE!

Oil development in Kent County continues to produce new discoveries. Cartoonist Henry Littlejohn calls attention to the latest—Chapman Producing Company No. 6 Cogdell. That well has discovered flowing commercial production from a shallow zone above the regular Canyon reef lime in the Cogdell field in the central-south part of that county. The Canyon lime was the first important pay to be developed in the county. Recently the first flowing producer from the Strawn lime of the Pennsylvanian took its potential and went on production.

## Magnolia Prepares To Complete Pool Extension In Lea

HOBBS, N. M.—Magnolia Petroleum Company is preparing to complete its No. 1-D Santa Fe as extension of more than a mile to the north of the Pennsylvanian producing area of the multi-pay Crossroads field in Northeast Lea County. This project flowed 67 barrels of oil in one and one-half hours during a drillstem test of the Pennsylvanian lime zone at 9,630-56 feet.

An electric survey showed that the section between 9,648 feet and 9,656 feet was barren. The well will be plugged back to 9,648 feet and casing will be set and the well completed.

Location of this new producer is at the center of the southwest quarter of the southeast quarter of section 22-9S-36E.

Forest Project Cores  
Forest Oil Corporation No. 1 Barnes-Curtis, wildcat in Northeast Lea, one and one-half miles south of the Bough field, 20 miles north of Tatum, and 660 feet from north and 1,980 feet from west lines of section 26-9S-35E, had cored to 9-892 feet in Pennsylvanian lime, and had failed to find any indications of production in that horizon.

It is slated to core ahead. The venture is projected to 10,000 feet unless it develops Pennsylvanian production before it reached that point.

The San Andres developed some free oil in a drillstem test in No. 1 K. Thrane.

This prospector drilled to 7,738 feet in the Wichita-Albany zone of the lower Permian. The section between 7,599 feet and 7,738 feet logged some good shows of oil in streaks.

However operator was unable to develop any commercial oil or gas yields from the interval and plugged back to 4,301 feet to try to make an oil well from the San Andres formation.

Union No. 1 State-Fairbairn, in Southeast Chaves County, 10 miles south of the Caprock shallow field, and 2,080 feet from north and 660 feet from west lines of section 24-14S-31E, had reached 9,138 feet in hard chert, and was making more hole. It is contracted to 10,000 feet.

American Petroleum Corporation is moving in rotary equipment to drill its No. 1-RA State, which is to be a wildcat to granite in the East - Central sector of Chaves County.

The location is 660 feet from south and west lines of section 22-8S-32E. On the latest test reported the shakeout from the oil was two-tenths of one per cent basic sediment and drilling water. The well has not encountered any formation water.

Second Well Completed  
A second producer has been completed in the recently developed northeast extension to the Langlie-Matrix field in Southeast Lea County.

Amon G. Carter Foundation No. 1 Eva Blinney, located in section 34-23S-37E, completed for a 24-hour potential of 227.36 barrels of 36-gravity oil, flowing through a one-quarter inch choke.

The production came from pay at 3,429-3,528 feet. That section had been shot with 240 quarts of nitro glycerin.

The 1/2 inch casing is set at 3,307 feet. The new producer is a west offset to the Carter Foundation No. 1 Cade, which extended the Langlie-Matrix field one mile north, a few weeks ago, when it was finished for a daily production of 181 barrels of oil, flowing through a one-quarter inch choke. The No. 1 Cade is located in section 35-23S-37E.

Stanford No. 2-A Foster, one location west of a producer from the Drinkard, lower Permian lime in the House field of East-Central Lea County, and 1,980 feet from south and west lines of section 23-19S-38E, has shown some signs of oil and gas in the Drinkard pay, and is making

## By Littlejohn

WASHINGTON—A group from the Texas Railroad Commission reportedly is planning a trip to Venezuela soon to look over oil and gas production.

Venezuelan sources, confirming the report, said they did not know the date or just who would go to Caracas, capital of the country, which is producing more than 1,300,000 barrels daily.

Talk of a proration system for Venezuela is certain to be discussed, as well as methods to control flaring of gas.

There has been some sentiment that a form of proration in Venezuela might make oil resources last longer, and also by curtailing production at some wells, permit the government to let out new leases to additional companies.

Box score on oil imports: January—890,000 barrels daily—all time high.

February—889,000 barrels daily. March—Figures unavailable, but indications are imports are climbing sharply again.

Interior Secretary Oscar Chapman took matters into his own hands last week and named five additional independent oil men as members of the government-advancing National Petroleum Council.

Five of the newcomers, in the petroleum industry, were chosen by Chapman, who then advised Oil and Gas Director Hugh Stewart, formerly of Denver, to get out appropriate announcements.

Reason for the appointments, which brings council membership to 95, were explained as to give "more adequate representation to particular segments" of the industry.

Robert Roth of Wichita Falls will address the West Texas Geological Society at 8 p.m. Thursday night in the City-County auditorium in Midland.

His subject will be "Paleogeology of the Panhandle of Texas."

Roth is a member of the geological staff of the North Texas division of Humble Oil & Refining Company in Wichita Falls. He has done a great amount of research work and is credited with having developed a large amount of valuable information on the subject he will discuss in Midland.

A number of his papers have been published by the Geological Society and by the American Association of Petroleum Geologists. He is a member of both national professional organizations.

Roth also is considered an authority on the upper Permian limestones and he probably will include some comments on that item in his Thursday night address.

John M. Hills, president of the West Texas Geological Society, will preside at the meeting. G. R. (Nick) Carter will be in charge of the program.

### Osborn Article On Scurry Is Featured In Oil Publication

One of the featured articles in the April issue of World Oil, was written by W. M. (Bill) Osborn of Midland.

Title of the article is, "Scurry County—Stimulates Search for Reserves."

It covers eight pages in the monthly petroleum industry publication. It contains several pictures and contour maps of the Canyon reef and of the San Andres lime in Scurry County.

The Osborn article is a semi-technical presentation and was written at the request of the publication.

Covers Many Items  
It covers various features of the reef development activity, including information about drilling and completing the Canyon producers.

Osborn also points out some of the highlights of the history of the lime reefs in West Texas and gives information on some of the outstanding features of the Scurry County petroleum reservoir.

Osborn, who is manager of the geological and engineering department of the Western Company, has been active in the various phases of the oil business in the Permian Basin since 1935.

### Weiner, Associates, Building Camp For Tex-Harvey Field

Construction has been started at a new oil field camp in East Midland County by Ted Weiner and associates.

The camp will be headquarters for the operations of several prospectors in the Tex-Harvey oil field. It is located about 12 miles southeast of Midland, adjacent to the Garden City Highway.

Work of building a warehouse and residence for a pumpjack for the field has been started. Plans call for at least five residences to be erected in the Weiner camp in the near future.

Stanley Weiner, West Texas manager for the Weiner properties, says two water wells have been drilled at the camp each of which will pump 18 gallons of soft water per minute. The wells are only 50 feet deep.

The Weiner organization in the Tex-Harvey field will handle the drilling and producing work in that area for Ted Weiner and associates, Harry B. Lake and associates and Glendale Oil Corporation.

Miller City, O., high school, with only 84 students, had the only undefeated prep basketball team in the state in 1950.

Chapman Now Is Associated With Gibbins Concerns

W. E. (Earl) Chapman now is associated with the headquarters offices in Midland of J. P. (Bum) Gibbins and affiliated oil field service concerns.

Chapman is to be office manager in the Gibbins organization. He will work with Roy A. Minear, secretary-treasurer.

Chapman has been a Midlander more than 12 years. He resigned as chief clerk in the district office of The Texas Company in Midland, several months ago to look after personal business matters.

However, after several weeks operations as an independent, he joined the Gibbins organization. Chapman had worked for Texaco 2 1/2 years at the time he left that concern.

## Washington Oil-Railroad Commission Group May Visit Venezuela Soon

WASHINGTON—A group from the Texas Railroad Commission reportedly is planning a trip to Venezuela soon to look over oil and gas production.

Venezuelan sources, confirming the report, said they did not know the date or just who would go to Caracas, capital of the country, which is producing more than 1,300,000 barrels daily.

Talk of a proration system for Venezuela is certain to be discussed, as well as methods to control flaring of gas.

There has been some sentiment that a form of proration in Venezuela might make oil resources last longer, and also by curtailing production at some wells, permit the government to let out new leases to additional companies.

Box score on oil imports: January—890,000 barrels daily—all time high.

February—889,000 barrels daily. March—Figures unavailable, but indications are imports are climbing sharply again.

Interior Secretary Oscar Chapman took matters into his own hands last week and named five additional independent oil men as members of the government-advancing National Petroleum Council.

Five of the newcomers, in the petroleum industry, were chosen by Chapman, who then advised Oil and Gas Director Hugh Stewart, formerly of Denver, to get out appropriate announcements.

Reason for the appointments, which brings council membership to 95, were explained as to give "more adequate representation to particular segments" of the industry.

Robert Roth of Wichita Falls will address the West Texas Geological Society at 8 p.m. Thursday night in the City-County auditorium in Midland.

His subject will be "Paleogeology of the Panhandle of Texas."

Roth is a member of the geological staff of the North Texas division of Humble Oil & Refining Company in Wichita Falls. He has done a great amount of research work and is credited with having developed a large amount of valuable information on the subject he will discuss in Midland.

A number of his papers have been published by the Geological Society and by the American Association of Petroleum Geologists. He is a member of both national professional organizations.

Roth also is considered an authority on the upper Permian limestones and he probably will include some comments on that item in his Thursday night address.

John M. Hills, president of the West Texas Geological Society, will preside at the meeting. G. R. (Nick) Carter will be in charge of the program.

### Osborn Article On Scurry Is Featured In Oil Publication

One of the featured articles in the April issue of World Oil, was written by W. M. (Bill) Osborn of Midland.

Title of the article is, "Scurry County—Stimulates Search for Reserves."

It covers eight pages in the monthly petroleum industry publication. It contains several pictures and contour maps of the Canyon reef and of the San Andres lime in Scurry County.

The Osborn article is a semi-technical presentation and was written at the request of the publication.

Covers Many Items  
It covers various features of the reef development activity, including information about drilling and completing the Canyon producers.

### To Defend Title

Mrs. Bonnie Awtry, winner of the Midland Country Club Women's Invitation Golf Tournament last year, is expected to be on hand to defend her title when the 1950 tourney is held here May 3 through 7. Mrs. Awtry displayed top form in winning the title. She nudged Mrs. Guyette Hodde of Hobbs, N. M., one-up in the finals after coming from behind. The defending champ is from Odessa.

## Spring Training To Start Here April 27

Coach Tugboat Jones Saturday announced Spring training for the Midland Bulldogs definitely will get underway April 27.

The Interscholastic League allows only 36 calendar days for Spring training. Coach Jones will start on Thursday so the training drills can be completed on a Friday.

The Bulldogs have more than 20 returning lettermen and are due for a good season.

## MHS Golfers Win Invite Golf Joust

LUBBOCK — Midland High School's golfing team tuned up for next weekend's regional golf tourney here Saturday by capturing first place in an annual Invitational High School Tourney.

Midland's quartet posted a 36-hole total score of 650, five strokes better than Abilene's second-place Eagles and 13 strokes under Amarillo, the team figured to give the Bulldogs the most trouble in the regional tournament, which is scheduled next weekend on the country club course here.

Don Hill, Amarillo ace, captured individual medalist honors by touring the 36 greens in 148 strokes.

Other teams entered in the tourney were Lubbock, Odessa, Pampa and Plainview.

Midland's individual scores included: Roane Puett, 78-70-158; Graham Mackey, 82-80-162; Johnny Ward, 48-77-161; Bill Franklin, 84-85-169.

LAMESA BASEBALL CLUB PRESIDENT RESIGNS

LAMESA—H. A. Duke, president of the Lamesa Lobes the last two years, has resigned his position due to ill health.

The board of directors named W. G. White, Lamesa gunner and a major stockholder in the ball club, to succeed Duke.

## Brady Aces No. 7 Hole At Club Here

H. T. (Tate) Brady, Midland amateur golfer, scored an ace on the 128-yard No. 7 hole Saturday at Midland Country Club. It was the second hole-in-one of the week. Van Ligon having made one earlier.

Brady used a seven iron for the shot. He was playing with Paul McHargue, Lloyd Mackey and Bill Barker.

## Jim Demaret Grabs North Fulton Lead

ATLANTA—(AP)—Jimmy Demaret, who last Sunday won the Augusta Masters, Saturday shot the greatest round of competitive golf ever played at North Fulton—a seven-under-par 64—to sweep, to the lead in the North Fulton Open.

His three-day total is 204, three strokes better than second-place Sam Snead, who came in with a third-round 69.

In third place after 54 holes on the 6,762-yard course, was Jim Ferrer, two under par with a 69 for a 208 total.

Clayton Heafner, Charlotte, N. C., the second round leader, got a 72 for a 209.

Tied at 211 were Johnny Palmer of Babin, N. C., and Henry Ransom of St. Andrews, Ill. Fred Hawkins of El Paso, Texas, was far back with 215.

## TCU Frogs Win Two Games From Rice Owls

FORT WORTH — P. — Texas Christian University helped its average in the Southwest Conference baseball race by taking both ends of a double-header from the Rice Owls, 3-1 and 5-0, here Saturday.

The second game was halted at the end of the fifth inning because of rain.

## Regional Track Men To Step Up Drills

Coach Tugboat Jones will send his four regional track and field candidates through stiff workouts this week in preparation for the regional meet next Saturday in Lubbock.

Harrie Smith, high hurdler who set a new district record at Odessa this year, is improving and will be a threat in the regional.

Ralph Brooks, high jumper, John Klunker, mile man, W. H. Black, pole vaulter, and Smith will represent Midland in the meet.

## Cubs Squelch Sox In City Series Game

CHICAGO—(AP)—The Chicago Cubs Saturday squelched the Chicago White Sox 3-1 in the opener of a three-game city series exhibition at Comiskey Park.

The score: R H E Chicago (N) 102 000 000—3 6 0 Chicago (A) 000 100 000—1 3 1

Schmitz, Lade, Munner, Dubiel and Walker; Judson, Wight, Kuzava and Masi.

## Houtteman Shines As Tigers Trip Colonels

LOUISVILLE—(AP)—Art Houtteman, a possible starter for Detroit in its American League opener Tuesday, was impressive Saturday as the Tigers defeated the Louisville Colonels of the American Association in an exhibition contest 8-3.

The score: R H E Detroit (A) 101 100 041—8 17 0 Louisville (AA) 000 000 102—3 9 2

Houtteman, Gray, White and Robinson; Robinson, Alexander, Flowers and Martin.

## DiMag Socks Homer To Help Beat Bums

NEW YORK—(AP)—Joe DiMaggio socked his fifth home run of the Spring to highlight a five-run fifth inning rally that enabled the New York Yankees to beat the Brooklyn Dodgers 6-4 before 12,000 fans Saturday.

The score: R H E Brooklyn (N) 000 000 310—4 3 1 New York (A) 000 050 10x—6 3 0

Roe, Podbielniak, Ramsdell and Campanella; Lopat, Raschi, Byrne and Berra.

## Illness of Child Cancels Shivers' Trip

AUSTIN—(AP)—Gov. and Mrs. Allan Shivers Saturday cancelled a weekend trip to San Antonio because of the illness of their oldest child.

Shary Shivers, 10, was suffering from what has been diagnosed tentatively as a virus infection of the liver. His illness was not considered serious by doctors.

The Midland Indians and the San Angelo Colts are scheduled to tangle again at 3 p.m. Sunday in Indian Park. Threatening weather will not stop the game unless rain actually is falling at game time.

Manager Harold Webb has nominated Rookie LeRoy Jarl as the starting hurler.

By Shorty Shelburne Reporter-Telegram Sports Editor

Everything was rosy for Harold Webb and his Midland Indians Saturday night. The chalked up a 12 to 8 victory over the San Angelo Colts at Indian Park and it looks as if Webb may have found a 20-game winner in Rookie John Singleton.

Singleton tossed a nifty nine-hitter at the supposedly powerful Colts and never was in serious trouble of his own making. He walked only two and struck out four with a snapping curve ball.

The Indians took advantage of the wildness of Tommy Tiernan, a left hander, to ice the tilt away with two big innings.

Five bases on balls and a single by Quentin Basco in the first inning gave the Tribe four big runs.

Two more came in the fourth when the big end of the batting order lashed out with three solid base knocks. Lou Dawson led off with a single to left, Kenny Jones rapped a long double to the fence in center and Big Jim Prince pulled a beauty down the right field line for two bases and two RBIs.

The Indians finished off with five runs in the sixth. Not a base hit was had during the inning. Tiernan walked four men and Short-stop Red Cowley committed three glaring errors to hand the Midland team five runs on a silver platter. Rich relieved Tiernan with one out in the sixth and held the Indians helpless from then on.

San Angelo's runs came in the third, eighth and ninth. A walk and a hit batter were coupled with consecutive singles by Wayne Wallace and Steve Pollett for three runs in the third. A single, a walk, a hit batter and a three-base error by Lonnie Balch let in four in the eighth. A single by Louis Hudson, his fourth in five trips, and two errors allowed the Colts one run in the ninth.

The box score: R H E San Angelo 12 0 0 0 1 2 Cowley, ss 5 0 0 1 2 Hudson, 2b 5 0 0 2 0 Tayson, 3b 5 2 0 2 2 Crues, cf 4 2 2 1 0 Wallace, lb 5 1 1 8 0 Pollett, lf 4 1 1 2 0 Cosica, p 4 1 0 4 0 Schneegold, c 4 1 0 4 0 Tiernan, p 3 0 0 1 1 Rich, p 1 0 0 0 1

Totals 38 8 9 24 10

Midland ab r h o a Basco, 2b 6 1 2 4 2 Dawson, lf 5 2 1 1 0 Jones, c 3 2 1 1 0 Prince, 1b 3 2 1 1 0 Firnback, 3b 4 0 0 2 3 Lorenzo, rf 5 2 1 2 0 Balch, cf 1 1 0 2 0 Hughes, ss 4 1 0 1 5 Singleton, p 3 0 1 1 5

Two base hits—Dawson, Prince. Left on bases—San Angelo 7, Midland 11. Bases on balls—off Tiernan 12, off Rich 1; off Singleton 2. Strikeouts—by Tiernan 3, by Rich 1; by Singleton 4. Hits and runs—off Tiernan 7 for 12 in 5 1/3, off Rich 0 for 0 in 2 2/3 innings. Hit by pitcher—by Singleton (Crues and Cosica). Wild Pitch—Rich. Passed ball—Schneegold. Winning pitcher—Singleton. Losing pitcher—Tiernan. Umpires—Eilers, Dorothy, Lighty. Time—2:25. Att.—400.

Tribe Held To Two Hits As Giants Win

CLEVELAND—(AP)—Cleveland got only two hits Saturday off a trio of New York Giant pitchers and lost to their cross-country rivals in an exhibition 9-0.

The score: R H E New York (N) 010 070 100—9 7 0 Cleveland (A) 000 000 000—2 3 3

Jansen, Kooso, Jones and Westrum; Wynn, Bearden, Garcia and Murray.

Sievers Leads Browns To Win Over Redbirds

ST. LOUIS—(AP)—Roy Sievers batted in three runs for the St. Louis Browns in a 5-3 triumph over the National League St. Louis Cardinals in the first of a two-game series Saturday.

The score: R H E St. Louis (N) 000 010 200—3 6 0 St. Louis (A) 200 020 01x—5 7 0

Johnson, Boyer, Martin and Garagiola; Annin, Starr, Fine and Moss.

Yanks Ship Frank Shea To Small Time

NEW YORK—(AP)—Frank (Spec) Shea, freshman sensation for the New York Yankees in 1947, will do his pitching for the Kansas City Blues of the American Association this season.

The New Yorkers parted their squad to 31 Friday by assigning Shea to Kansas City, along with Pitchers Paul Hinrich and Wally Hood, and First Baseman Fenton Mole.

Golfer Gets Birdie And Can Prove It

PARIS, TEXAS—(AP)—The birdie Frank Wear, Jr., shot on the Spring Lake golf course here was a dove.

Wear, member of the Paris Junior College golf team, has the dead dove and three witnesses to prove it.

His tee shot on the first hole broke the bird's neck.

Visiting Golfers

Women golfers from Midland, Odessa and Big Spring battled in an 18-hole match at Midland Country Club last week. Seated in front, Texas' top fem stars were on hand for the matches. Pictured, seated, left to right, are: Sue Morris, Mrs. Woody Sewell, Mrs. W. C. Gilmore, Mrs. T. J. Vaughn, Mrs. A. J. Shaw and Mrs. Ed Rankin.

Standing, left to right, are: Mrs. Bonnie Axtrey, Mrs. Estelle Chilton, Mrs. Evelyn Foster, Mrs. W. D. Cunningham, Mrs. H. T. Hornbuckle, Mrs. Sam O'Neal, Mrs. Inez Roden, Mrs. G. E. Shows, Mrs. C. M. Trot, Mrs. Duffy McKeel and Mrs. R. W. Fuller. All are from Odessa. Mrs. Tot Stalcup of Big Spring is not pictured.

**SPORTSLANTS**  
BY SHORTHY SHELburnE

The Longhorn League got under the wire with three games Friday night in spite of threatening weather.

Big Spring downed the Midland Indians 4 to 0. Sweetwater edged out Vernon 6 to 5 in 11 innings and Odessa routed Roswell 15 to 2.

Two of the toughest teams in the Longhorn League, both a good bet to finish in the first division, tangled at 3 p.m. Sunday in Indian Park.

It's the Midland Indians against the San Angelo Colts or Jim Prince against Bob Crues, if you prefer. Or it could be Harold Webb against Jimmy McClure.

Crues, a former West Texas-New Mexico League home run slugger, adds color to any ball game Sunday, for the first time ever. Prince will be hitting on a club opposite him.

That fact should add more color to the tilt because both are long ball knockers.

While Crues was tying the national home run record with 69 clouts in 1947, Prince was winning the national minor leagues batting crown with an average of .429.

Webb and McClure have gathered up powerful ball clubs this season. Both have hitting, fielding and pitching.

With this in mind, it will be interesting to see the two managers use their strategy in maneuvering for a victory—provided the pitching on one side doesn't blow up.

Any way you take it, Sunday's contest could be one of the best we'll have an opportunity to see this year.

The surprise club of the Longhorn

League to us so far is the Roswell Rockets.

Big Tom Jordan got his boys off on the right foot with a couple of victories over Odessa when it came to win without more help.

Comes Vic Michalec to the mound in the second game up at Roswell and huris a two-hitter after holding the Oilers to no hits for six frames.

Some of the rookies Jordan has are coming through in great form and it makes us wonder if the Rockets may not be a threat for the first division.

Coach Garvin Beauchamp, one of the finest men on earth and a great coach, has departed for his new job as head coach at Abilene Christian College. He didn't exactly cherish moving away from Midland because he likes it here. But it was an advancement he couldn't turn down.

He left a message for the Bulldogs, students, parents and fans. He asked that we deliver it for him:

"Our stay in Midland has been the most enjoyable ever since I entered the coaching profession.

"The Bulldogs—all of them in every sport—are great boys. They have within their grasp great fame on the gridiron for Midland. Just keep working hard for Tugboat Jones and you'll get there, Bulldogs.

"The students here are gaining in spirit every day and always will be a credit to the school. I hate to leave them.

"To the parents, let me express deepest thanks for your cooperation and helpfulness. All of you have been tops to us.

"It's hard to leave Midland but it won't be for good. We'll be back next September when the ACC Wildcats meet Sul Ross at Memorial Stadium.

Whitney Martin, Associated Press columnist, has this to say about Midland and the Bauer girls:

"The good people of Midland can take a bow. With an unlimited choice of places to call home, the Bauer family decided there was no place quite like the thriving Southwestern city.

"The people there are so nice and we like the country around there," said Mrs. Dave Bauer, mother of the golfing sisters, Marlene and Alice.

Leland Crisman, the ex-Midland Indian who hurled against Harold Webb's nine here a few days ago, did all the good against Dallas in a game last week. Jimmy Allison, an SMU student and rabid baseball fan, reports:

"Crisman set the Eagles down in order and struck out one in his inning of relief work," Jimmy says.

It looks like Crisman may have clinched a job with the Oklahoma City club.

Jimmy also reports Clyde Perry is having his troubles afield with the Eagles.

Perry made three errors in his first three games as a regular shortstop for Dick Burnett's multi-million dollar club. He did a good job at the plate, however.

Wrestlers from 22 states were among the 231 entrants at the recent 60th annual national AAU grappling championships at Hofstra College.

**WIDOW INHERITS MORTGAGE**

Sounds funny, doesn't it? But not to a widow. What she wants to inherit is a home, her home, fully paid for—without a mortgage! It's a simple matter to take care of now to guarantee that, if you should die, your widow and children will inherit a permanent roof over their heads—not a mortgage. THE REPORTER-TELEGRAM, MIDLAND, TEXAS, APRIL 16, 1960-9

**Broncs Take Tribe 4 To 0**

**BIG SPRING**—The Big Spring Broncs, playing before a bad-weather crowd of 348 fans, evened their series with the Midland Indians Friday night by taking a 4 to 0 decision.

Bert Garcia, the Longhorn League's leading pitcher in 1949, continued his win streak. He allowed the Indians only three hits.

Kenny Jones clouted a double for the Indians and Pat Lorenzo and Lonnie Balch collected singles.

A home run by Jorge Lopez, Big Spring second baseman, was the big blow of the tilt. It came with one on in the seventh.

The box score:

Midland	AB	R	H	O	A
Basco, 2b	4	0	0	4	0
Dawson, lf	3	0	0	1	0
Jones, c	3	0	1	6	4
Prince, 1b	4	0	0	7	1
Firnback, 3b	3	0	0	0	0
Lorenzo, rf	3	0	1	4	0
Balch, cf	3	0	1	0	0
Hughes, ss	3	0	0	1	3
Wearne, p	2	0	0	2	2
"Eldridge"	0	0	0	0	0
Kines, p	0	0	0	0	0
Totals	29	0	3	24	12

Losing pitcher—Wearne. Umpires—Bykes, Averill, Hutchins. Time—1:35.

**Bauer Girls Enter Meets**

**NEW YORK**—P—Tournament Manager Fred Corcoran of the Women's Professional Golf Association said Friday night he has booked three more tournaments for Marlene and Alice Bauer.

The sisters, who turned pro Wednesday, will compete in the Northeastern Open championship at West Newton, Mass., May 25-28, the Celebrity Golf Tournament at Washington June 3-4 and the All American Championship at Tam O'Shanter August 3-10. Four other tournament dates were announced Wednesday.

J. P. Carson Elected President Ranchland Hill Country Club

J. P. (Kit) Carson, Jr. was elected president of Ranchland Hill Country Club Friday night at the annual membership meeting held in the club house. He has served as vice president during the last year.

D. G. (Donk) Roberts is the retiring president.

Jim Willis was named vice president. David Cole was elected secretary and Jack Sawyer is the new treasurer.

Alan Leeper is the retiring secretary and Henry Orson was treasurer.

New directors elected include Dick O'Neil, Charles Linehan and Ed Watts.

Hold-over directors are Red Watkins, Hank Avery, Dale Crawford and Leland Huffman.

**Bulldogs To Tangle With Bronchos Here**

The Midland Bulldogs and the Odessa Bronchos are scheduled to meet for the second time this season at 3:30 p.m. Tuesday in Indian Park.

Bill Medart or Don Smith probably will hurl against the league leaders.

Coach Red Rutledge has taken over the baseball team and will coach it the remainder of the season. He replaces Coach Garvin Beauchamp who departed Saturday to become head football coach at Abilene Christian College.

**Boy Scouts Sponsor Dog Show April 29**

An all-breed dog show for registered dogs will be held at 1:30 p.m., April 29, in the IOOF Recreation Hall at 600 East Florida Street, here. The show will be sponsored by Boy Scout Explorer Post 151 of Midland and is open to entries throughout the area.

Pedigree papers on all entries must be available.

Show dogs may be registered with Clyde Johnson, 1212 South Baird Street, Midland, or O. E. Baker, 922 North Texas Street, Odessa.

Prizes will be awarded to the two top dogs.

Proceeds from the show will be used to send Boy Scouts to the National Jamboree at Valley Forge, Pa.

**BOWLING**

Dunagan Sales Company moved out front in the City Major Bowling League last week by taking two games from Tommie's Electric while Mes-Co, former leader, was losing two to Pabst Blue Ribbon.

The Reporter-Telegram won two from Houston Hill and Banner swept three by forfeit from Permian Mud.

The standings:

Team	W	L
Dunagan	41	25
Mes-Co	40	29
Houston Hill	38	31
Tommie's	36	33
Banner	35	34
Permian Mud	30	39
Pabst	30	36
Rep-Telegram	23	46

HIT BY ROCK  
Bobby Hartman, 25, 605 South Terrell Street, was treated Friday at Western Clinic-Hospital for lacerations of the forehead caused when he was struck by a rock.

**Champions Named In Three Events At Skeet Shoot**

A strong wind made the birds do the dipsy doodle Saturday and impressive scores were few as the Midland Gun Club Open Skeet Shoot got underway. Champions were determined in three events and winners in the all-bore and special divisions will be decided Sunday.

The Sunday shooting will open at 8 a.m. and more

**Long Shots Grab Coin At Jamaica**

**NEW YORK**—(P)—A new name rocketed into the Kentucky Derby picture Saturday when Hal Price Headley's Lotowhite zoomed to a four and one-half length victory in the \$27,750 Experimental Free Handicap No. 2 at Jamaica.

Hill Prince, the 1 to 2 favorite of a stunned crowd of 41,068, never got into the act and wound up an inglorious ninth in the field of 11 three-year-olds.

J. M. Selder's Royal Castle took second money, a length and a half ahead of F. N. Phelps' California invader, Sturdy One.

Lotowhite, an 18 to one shot, never won a race in 13 starts as a two-year-old. Royal Castle, a non-derby eligible, was 47 to 1, and Sturdy One was 27-1.

The winner was clocked in 1:44 3/5 for the mile and one-sixteenth. He paid \$37.90, \$15.90 and \$8.90. Royal Castle returned \$33.70 and \$15.50, and Sturdy One, second to Your Host in the Santa Anita Derby, paid \$10.80 to show.

Photographed in Bermuda with the cooperation of Colonial Airlines.

**THE ACAPOLO**  
Summer comfort with a South American flair  
styled by **Dennis OF NEW YORK**

An intriguing south-of-the-border print stretches across the chest and around the collar of this Dennis-designed pullover. There's a secret pocket, too. Tailored of cool, washable Sierra Spun rayon with a Durene knitted waistband. We have this gay shirt in a variety of sprightly color combinations. Sizes: Small, Medium, Large and Extra Large.

**\$5.95**  
Others priced from \$3.95

**Changes In Coaching Staff Are Announced**

With the departure of Garvin Beauchamp, who becomes head football coach at Abilene Christian College, Athletic Director Tugboat Jones has announced necessary changes in his coaching setup.

Audrey Gill will become line coach and Red Rutledge will coach the backfield and Rutledge will coach baseball.

Jack Mashburn is head basketball coach and dean of students at MHS. Two new assistant coaches will be named soon.

**Roberson Is Named Head Of Pecos Club**

**PECOS**—Louis Roberson was named president of the Pecos Valley Country Club Board of Directors at the annual stockholders' meeting recently.

Albert Sisk was elected vice president, with Keith Camp secretary-treasurer and John Ivy assistant. Sid Kyle, Alton Hughes and Camp were named new board members.

**Mrs. George Slentz Wins Golfing Prize**

Mrs. George Slentz was awarded a prize by the Ladies Golf Association of Midland Country Club last week for holing out on No. 1 and No. 5 holes from off the green.

Attendance prizes went to Mrs. C. C. Cool, Mrs. Johnson Philips, Mrs. Harry Miller, Mrs. W. W. Barker, Mrs. P. W. Anderson, Mrs. Bert Goodman, Mrs. Earl Wilson, Mrs. Charles Davis, Mrs. R. S. Anderson and Mrs. Frank Ashby.

A putting contest for all beginning golfers will be held at 9:30 a.m. Wednesday at the club. Regular nine hole matches for other members will be played and prizes will be awarded.

# DADDY RINGTAIL

By WESLEY DAVIS

## Daddy Ringtail And The Know Nothing

It happened a long time ago, even before little Mugwump Monkey had come to live at Daddy Ringtail's monkey house. Daddy Ringtail was lonesome for someone to eat some scrambled coconut with him, because all his family were gone for a visit far away with Grandmother Ringtail. What on what should he do for someone to help him eat the scrambled coconut?

Daddy Ringtail thought a few minutes, and then he remembered Mugwump Monkey who then was living in a tree on the other side of the Elephant Path. "Ah yes," said Daddy Ringtail to himself. "I will ask little Mugwump Monkey to eat some scrambled coconut with me."

Daddy Ringtail went to the kitchen. He got the bowl of scrambled coconut, and then he slid all the way down to the ground. He walk-

ed across the Elephant Path to the tree where Mugwump lived. "Mugwump!" Daddy Ringtail called. "Coming!" Mugwump shouted down. And then he slid all the way to the ground, all the way from the top of his tree, just as Daddy Ringtail had done from his. I am sorry to say, however, that this was one of Mugwump's know-nothing days. He has those days every once in a while—days when he says "I don't know" to every-

thing anybody asks him. He does it because he once heard that people are never hurt by things they don't know.

But Daddy Ringtail didn't know about his "know-nothing" business, and he said: "Mugwump, I'm lonesome for Sammy and Bobby, I am, are you?"

"I don't know," said Mugwump. He was feeling the know-nothing way.

"Will you be glad to see them again?" Daddy Ringtail asked.

"I don't know," said Mugwump, because he thought that people are never hurt by things they don't know.

"Do you want some scrambled coconut?" Daddy Ringtail asked.

"Sure!" said Mugwump, without even thinking twice, and so then and there he wasn't a "know-nothing" any more. Otherwise, no scrambled coconut, you see. Yes, and it does hurt people sometimes, you know, not to know things when asked. They might miss scrambled coconut, or something else happy to have. Happy days!

(Copyright 1950, General Features Corp.)

# Kermit News

KERMIT—Mr. and Mrs. J. H. Davis and family have moved to Goldsmith Drive, an employee of the Gulf Pipe Line Company.

Mr. and Mrs. Loyde Miles and Mrs. D. E. Glaze visited in Monahan this week.

Girl Scouts will meet at Walton Field at 8 p.m. Monday to practice for a Scout May Festival.

Mr. and Mrs. Leon Rose have been in Midland for several days visiting Mrs. Rose's mother, Mrs. J. E. Richardson, who is ill.

Mrs. Clyde Barton, secretary of supply work in the South Central Jurisdiction, left Saturday for Cleveland, Ohio, to attend the National Assembly of the Women's Division of the Methodist Church.

World's driest spot is a desert of 300,000 square miles in Chinese Turkestan.

The City of Midland is receiving applications for the position of  
Police Officer. Applicants must be between 21 and 32 years of age,  
must have had a High School education, and be in good physical  
condition. Selected applicants will undergo 2 months of intensive  
police training, during which time the salary will be \$210.00 month-  
ly. Upon successful completion of the training course, the applicant  
will be actively assigned to the Midland Police Department at \$225.00  
monthly for a probationary period of 2 months; upon successful  
completion of active assignment, he will become a full-fledged mem-  
ber of the Midland Police Force, eligible for all employee benefits  
including retirement.  
For intelligent, alert, and capable young men, here is an oppor-  
tunity to serve with a Police Force which will be developed into one  
of the finest and most efficient anywhere. If you meet the quali-  
fications and are interested in a CAREER and not just a job, contact  
the Chief of Police, City Hall, Midland, Texas.

### Balanced Diet For Thin Girl

By ALICIA HART  
NEA Staff Writer

You thin girls who are forever coming across diets for plumper sisters probably feel your particular problem is overlooked. Underweight is just as serious a beauty handicap as excess pounds. You should remember to get as much sleep as you need to feel energetic. You should avoid a skimpy breakfast, racing through the day at top speed, putting around the bedroom until midnight doing small tasks or reading.

Eating habits are more important for the thin girl. You won't put on weight by stuffing yourself with candy, cake and rich sundaes; you'll just get indigestion and a bad skin. You should remember to include in your daily fare hot cereal with milk, two fresh vegetables, three servings of fresh fruit, cream soups, meat and cheese, one egg, cream puddings, ice cream, and bread.

You should also remember you need exercise to distribute gained weight in the right places, and that you'd better keep a check on your posture.

Alabama is said to have chosen the yellowhammer as state bird because its coloring is similar to that of the Confederate cavalry uniform.

### Crane Methodist WS Elects Officers And Plans Banquet

CRANE—Mrs. J. H. Davis was elected president of the Methodist Woman's Society of Christian Service for next year at a business meeting Tuesday. Mrs. A. L. Caskey was named vice president. Mrs. O. Warren was reelected secretary, and Mrs. R. O. Tomlinson, treasurer. Secretaries of various work divisions were chosen as follows: Mrs. C. A. Shaffer, Christian social relations; Mrs. Kelly Simms, promotional work; Mrs. H. G. Bell, children's work; Mrs. O. E. Scott, supplies; Mrs. Cecil West, spiritual life; Mrs. Ted Bunch, missions; Mrs. Burt Barnett, status of women; Mrs. John E. Clark, literature and publications; and Mrs. Nolan Vickrey, student and youth work. Mrs. Fred Fields was named conference treasurer.

Plans for a mother-daughter banquet May 12 were discussed. Announcement was made that a church has been given to the church kitchen by the society.

Mrs. Caskey was in charge of the program on "Youth—Our Partner in Kingdom Building." Mrs. Bell was the devotional speaker and a special song was by Mrs. Glenn Teague and Mrs. Myrtle Kelton with Mrs. Buck Kelton as pianist.

**FIRST SURVEYS**  
The first public surveys in the United States were made in Ohio under an ordinance of the Continental Congress passed in 1785. Slightly modified, this ordinance became an act of Congress in 1796 and still is in force.

### Activities Of TB Association Cited In Annual Report

Discovery of tuberculosis cases is a major service of the Midland County Tuberculosis Association to the community, a report presented by Mrs. Linnie Davidson, executive secretary, at the organization's recent annual meeting showed.

The phrase, "continuing case finding program," occurred repeatedly in the report, which covered the period from April 1, 1949, to March 31, 1950. It reviewed accomplishments of the last year and forecast plans for the next 12 months.

Detection of tuberculosis in its early stages, when treatment is most effective, is one of the main goals of the association and is carried out in Midland County with a program of X-ray examinations and tuberculin patch tests. It is keyed to prevention of tuberculosis.

In prospect for late Spring is a mass X-ray program here, scheduled for May 24 through June 8, when 4,000 persons are expected to receive free chest examinations. F. H. McGuire, who was chairman of the previous mass X-ray campaign in Midland County, will be in charge again.

**Patch Test Program**  
The annual patch test program was conducted in the Midland public schools, with 104 persons reacting positively to the test, indicating the need for closer examination to determine whether tuberculous bacteria are present. Approximately 1,400 students, teachers, cafeteria workers and maintenance personnel were given the tests.

Mrs. John Fitzgerald, Mrs. Max David and Mrs. Jack Mashburn were in charge of this program, assisted by members of the Parent-Teacher Associations and a group of Midland doctors.

Health education through talks in schools, radio and club groups, newspaper publicity and educational films is one of the means taken by the association in its aim of controlling the tuberculosis problem in this community, the report shows.

Educational talks in the negro school and to church groups were given by Cassie Mae Doyle, who was sent by the association to Bishop College at Marshall for a five-week course in the Cooperative Community Education Workshop.

A series of radio programs produced by the National Tuberculosis Association was presented "T. B. Abstracts," a review for physicians prepared by the national association, is mailed monthly to Midland physicians.

Mrs. Davidson has represented the Midland County association at three state meetings. W. Dave Henderson, who was chairman of the 1949 Christmas Seal sale here, attended a conference in Lubbock in September.

The sale, which supplies funds for the association's program, showed a ten per cent increase over the 1948 total when it reached the amount of \$6,285.25. Assistance in the sale was given by the association by the Girl Scouts, Boy Scouts, Beta Sigma Phi Chapters, Altrusa Club and Business and Professional Women's Club.

Work in cooperation with the cancer and heart associations which are being formed in Midland County will be a part of the Midland Tuberculosis Association's program, the report adds. Full cooperation is promised also to the Midland Memorial Hospital, which should bring a greater interest among residents in community health problems when it is in operation. Mrs. R. E. L. Taylor has been appointed to represent the association on the Hospital Auxiliary Board.

**MRS. TOMLINSON HAS PARTY IN CRANE**  
CRANE—Mrs. E. R. Tomlinson entertained a group of her friends Tuesday evening. They were Mrs. L. J. Munion, Mrs. A. H. Reynolds, Mrs. B. J. Jones, Mrs. Ruth Weiser, Stella Shaffer, Mrs. J. L. Hoestebach, Mrs. J. H. Huggins, Margaret Huggins, Mrs. Joe Forsythe, Mrs. C. R. Newth, Mrs. Otis Cranfill, Mrs. W. W. Allman, Mrs. Charles Elder, Mrs. Charles Hendricks and Dorothy Hendricks.

**PICKED HIM OUT**  
Joan of Arc convinced her king that she was divinely inspired when she refused to kneel to the puppet king, who occupied the throne to deceive her, and picked out the real king from among the attendant courtiers.

### Man From McCamey Marries In Kilgore

McCAMEY—Mr. and Mrs. Gerald Wayne Hill are at home in Kilgore after their marriage there March 29. He is the son of Mr. and Mrs. M. D. Hill of McCamey. The bride is the daughter of Mrs. Grace Deacons of Kilgore.

Mr. and Mrs. Hill were married in the Church of Christ in Kilgore and the bride was given in marriage by K. D. Reynolds of McCamey. Mr. Hill is a student at Kilgore Junior College.

### Women Over Fifty Should Use Spring Make-Up With Care

By ALICIA HART  
NEA Staff Writer

Spring make-up for the older woman should be suited to her skin tones and to the pastels she wears, rather than to the shape of her Spring bonnet. This is the advice of Eddie Senz, expert make-up man for stars of stage, screen, and television.

"Women with white or gray hair often like to use a sun-tan pancake make-up," Mr. Senz says. "This is wise only for white, gray or navy costumes—never for the delicate pastels. If a mature woman acquires a tan in Florida, or under a sun lamp, that's different. But then, she doesn't need a sun-tan foundation. She needs only powder and lipstick."

Older women, Mr. Senz believes, need rouge but need it sparingly. Often, they seem to feel that a great deal of rouge gives them a youthful look. Instead, it makes them look artificial. Cream rouge is the best choice for a woman after 40 and it should be used carefully. Dip a forefinger into the rouge jar, wipe it on the back of the left hand and use what remains on the forefinger for the cheeks. Blend it in smoothly and, wherever there are wrinkles, hold them taut so that rouge doesn't cake and form hard lines. Be sure to face the rouge out, avoiding harsh circles.

An older woman should be careful to change her make-up with the season and with the years, Mr. Senz advises. Rather than a vivid high-fashion lipstick in the Spring, she should pick a flattering pink-red.

### + Pecos News +

PECOS—Reeves County Commissioners Court authorized Sheriff Charles Fitzgerald to buy two FM car radio sets and one receiver. The sets are to be installed in the cars of the sheriff and chief deputy, and will be into the Texas Highway patrol's new radio station, located near here.

More than 100 civilian employees of Pecos Air Base are to be released soon, C. C. Clarence J. Inabnet, Jr., base commander, said recently. Most of the employees to be released are from the aircraft maintenance department, he said. Decrease in work load was given as the reason for reduction.

Wesley McCrea, Pecos furniture dealer, was named president of the Pecos Lions Club at an election recently held in the Community Center. Other officers named include: Frank Kelly, Dr. I. G. Lunday and Joe Pouns, vice presidents; Porter Jonnell and Pouns, directors; Bob Davis, secretary; Tom Poe, tall twister; O. R. Franklin, lion leader; and A. W. Bingham, lion tamer.

Pecos' new mayor and city councilmen took office in informal ceremonies held in a city hall. Mayor Cecil Cottrun was sworn in by returning Mayor E. G. Stafford. The new mayor then gave the oath to Bob Davis, city secretary; Price Francis, Joe Hagar and Emmett Beauchamp, councilmen; and Sam Waiding, police chief.

**Kermit Legion Plans To Buy Building**  
KERMIT—Plans have been completed for the Kermit American Legion Post to purchase the former El Morocco night club building to be used as a Legion post, officials have announced. The El Morocco is located in the southeast portion of Kermit.

The former legion hall, a large building which had proved unsuitable for legion quarters, recently was sold to Winkler County as a community center.

### Fashion Whirl

It was bound to happen. Singer Marguerite Piazza wears a "flying saucer" hat designed by Walter Fittell in New York. The "saucers" look as if they might be battered down to double as ear muffs in cold weather.

Imagines you and your family living in a magnificent dream house. You'll discover it's truly an adventure in good living to start a new life in a new home in Loma Linda, Midland's fastest growing addition. A home in Loma Linda is like a page from "House Beautiful"—the ultimate in modern design. You can own the house of your dreams and pay for it like rent. Contact RHEA PASCHALL, 2000 North Edwards, telephone 2388.

**Mother Is Photogenic!**  
Show Mother how much you love her by showing her you want her portrait. Mother would love having you make an appointment for her with MIDLAND STUDIO, 317 North Colorado. This is the gift she never takes time to give herself. Call 1003 for her appointment, this week. If you prefer, make one for yourself and give Mother your portrait on Mother's Day.

**Decoratives Of Distinction**  
Give Mother a gift on Her Day that will be a lasting reminder of your thoughtfulness. Perhaps she has always desired a pair of beautiful lamps—either table lamps or pin-up style. BASIN SUPPLY COMPANY has a charming selection in brass or china bases and shades of assorted colors. These lamps are decoratives of distinction, which Mother will be proud to own. Stop at Basin Supply Company and select a pair for Mother while the stock is complete.

**Heaven Bent—We Mean Your Car!**  
Play it safe! Spring is here and your car needs attention. Let BURKETT SHELL SERVICE STATION, 2201 West Wall, put it in shape for the new season. When you drive in for gas—that's only the beginning. Attendants will check your oil, battery and tires. Burkett Shell Service Station features a complete stock of Dunlop Tires. Be sure Summer driving will be safe and carefree by replacing those old smoothies with Dunlop Tires.

**Quality Dry Cleaning**  
Reasonable prices, prompt service, careful work—that's the policy of VIC CLEANERS, 413 West Texas. You have quality dry cleaning as close as your telephone. Just call 407 for free pick-up and delivery. Vic Cleaners gives your clothes expert, systematic care, and will also bring new beauty to your upholstery and rugs, by cleaning them in your home. Drapes are restored to new brightness by this expert dry cleaning.

**For All Building Purposes**  
If you are building or remodeling, see FELIX W. STONEHOCKER LUMBER COMPANY, 405 North Baird (in alley). The company features the most complete building service you'll find anywhere. It offers Title One loans with no down payment and 36 months to pay. Millwork includes window units and doors of birch, gum and fir. Paints and oils colors for interior and exterior painting are featured in Glidden, Pratt and Texolite. Flooring and roofing and a complete line of builders' hardware are also featured.

**Nice Selection Of Used Washers**  
Why break your back doing your laundry the hard way when you can afford to own a modern washing machine? Drive out to COX APPLIANCE COMPANY, 615 West Wall, and look over the selection of used washers—some almost new, with all the features of the new models. You'll find the washer for your home, budget proof, too! Invest in a labor saving washer and save your strength and energy. The small price of any one of these washers is overbalanced by the convenience they give you.

**The Versatile Cleaner**  
Words are inadequate to describe the Kirby Vacuum Cleaner, featured by THE KIRBY VACUUM CLEANER COMPANY, 203 South Main. To appreciate its qualities, you have to see it demonstrated. Call 3495 for a free demonstration in your home. The Kirby is so versatile it can be adapted to practically any house cleaning chore. It has nine different units, including a power polisher, which does everything that machines built for this single purpose can do.

**The "Terrific Threesome"**  
What a thrill to be "talked about" for your outstanding baking ability! And no small talk either when your friends and family are bragging about your Betty Crocker Cake Mix achievements! Party Cake, Gingercake and Devil's Food—each an exciting experience in cake making, and easy, too! Betty Crocker's expertly balanced and blended recipes are really so simple to prepare... so economical... so thoroughly delicious! Buy all three at PIGGLY WIGGLY—then try all three Betty Crocker Cake Mixes... you'll be baking in compliments as you're enjoying unexcelled cake eating!

**Portable Ice Chests**  
Those cooling drinks are going to mean a constant raid on your refrigerator. To provide extra ice this summer, get a portable ice chest from SOUTHERN ICE COMPANY. The chests are of attractive white enamel finish, with ample capacity for accommodating those bottled drinks that take up so much space in the refrigerator. Ideal for picnics and motor trips, they fit into your car and provide refrigeration for supplies and ice for drinks.

# SHOPPING 'ROUND TOWN with BARBARA

### Pleasing The Graduates

Choose your graduation gift from KRUGER'S for one of lasting beauty. No other gift a graduate may receive will thrill him or her more than a beautiful watch. Choose the one that will gratify Kruger's features for a wide selection. Exquisite costume jewelry, famous name-brand watches, pen and pencil sets, rings for him or her and fine luggage are there for your selection. Use Kruger's convenient lay-away plan.

### Build For Permanence

If you're considering a new roof, we strongly recommend that you see SHEPARD ROOFING COMPANY, 1111 West South Front Street, about asbestos shingles, made of two indestructible materials, asbestos and cement. The men at Shepard Roofing Co. will give you a roof that is fireproof, rotproof and weather proof, at surprisingly low cost. The same principle applies to asbestos siding. Another type of roofing featured is clay tile—also popular in this region.

### Tub-Kove

There's no need for letting water drip behind the bath tub and ruin your wall. WEST GLIDDEN PAINT STORE features Tub-Kove, a sealing strip for recessed or corner tubs, covering cracks at junction of wall and tub and preventing water or moisture from entering. It adheres to porcelain, plaster, plastip or Lino-Wall. Transparent wall protectors are also featured. They are stain proof, flame retarding, grease proof and water proof, can be used anywhere.

### Insure For Protection And Investment

The future looks black for your wife, should something happen to you. You can change the picture with life insurance. See LARRY BURNSIDE, INSURANCE. All your worries will disappear when you provide for your family's future with life insurance. Burnside, Insurance, specializes in general insurance, covering valuables, fire, accident and life. Good insurance is reinsurance. Call 1337 for more information.

### A Smooth Paint Job

Take your car to MID-WEST MOTOR COMPANY, 107 South Colorado, for a complete paint job. The body and fender department will weld all breaks, repair dents and finish your car with a smooth paint job that will make a shabby car look as good as new in short time. The service department is equipped to handle any body repair job with speed and efficiency. Expert technicians do spray painting or touch up work with perfectly matched colors.

### Planning To Build?

You can have your home designed just as you dreamed of having it. Take your ideas to THE WEST TEXAS PLAN SERVICE and see them materialize into reality through the architectural genius of O. Buck Carr. He understands what you want and can put your ideas into effect. The West Texas Plan Service designs homes for the best in good living. The aim of the firm is to build for the future of Midland.

### The Household Servant

Meals are tastier—the kitchen's cooler—the walls stay cleaner, when you cook with liquefied petroleum gas. Your stove and all other household appliances fueled with butane will serve you longer and better. It is the one household servant that everyone can afford, in the city or country. Mr. Morris Snider of B & B BUTANE SERVICE has a certificate from A & M and the University of Texas. He is a licensed operator and plans to sell A & M again soon for further study in liquefied petroleum gas installations and service.

### Sparkling Water

Think of having clear, sparkling water in abundance from your own well—cool, fresh, pure water at all times! THE ALLEN WATER WELL SERVICE will drill your well and install the pump. Call 2448-J now for free estimates. Mr. Allen is acquainted with the territory and knows the formations. He drills wells in Midland and vicinity. Only quality materials and equipment are used in installations of pumps. Satisfied customers is the greatest advertisement of the Allen Water Well Service.

### Dancing Lessons For Adults

Many people find dancing a delightful figure trimming exercise. It develops agility, poise and grace. Enroll now at BOB RICHARD DANCE STUDIO, 319 East Texas. The same instructions given such famous pupils as Ann Miller, Peggy Ryan, Berl Wallace and Joan Carroll, are available to you. Call 1050 for information on enrollment.

### For Demon Or Dud

You don't have to sit on the sideline. It's easy to participate in bowling, a sport for everyone, bowling or novice. At PLAMOR LANES, 111 North Weatherford, you'll find friendly instructors to teach you the game. No special equipment or uniforms are necessary when you bowl, and any time is bowling time. Ladies enjoy bowling as much as men, so take your date to Plamor Lanes or make up a party for an evening of fun. You'll find Plamor's lanes the finest, with all modern equipment for your enjoyment.

### A Lovelier Mom!

Mom deserves something special for Mother's Day. Why not treat her to a natural-looking permanent wave or a new flattering hair style? Make her appointment soon at THE BEAUTY BOX. Mrs. Hazel Flynn will create a distinctive coiffure for your mother. She specializes in hair styling and machine permanents. The Beauty Box is located at West Griffin and Colorado. A soft, natural looking permanent will please Mother most. Call 3665, now.

### A Portrait For Mother

From five to fifty, you're always a child to Mother! Give her the gift only you can give—a portrait of her son or daughter. Your likeness will smile at her every day of her life, reminding her of your thoughtfulness on her day. Make your appointment now with FRANK MULLER STUDIO, 607 West Missouri, for a fine portrait to be finished in time for Mother's Day. Call 627 for your appointment.

### Plan As You Shop

Nowhere will you find better food values than at SOUTH MAIN GROCERY, 1011 South Main Street. Everything you need for your convenience in doing your shopping. It's easy to plan as you shop, when you buy groceries there. Fresh produce, staple groceries and quality meats are always featured in a complete stock. The new proprietor and manager, Mr. S. E. Conner, knows how to anticipate your needs. The store is open Sundays for your convenience.

### Chained To The Kitchen Stove?

Do you go home and relax when you get off from work, or do you go to the kitchen to prepare the evening meal? Stop by WEST-TEX FOOD MART COOKED FOODS DEPARTMENT and take home a full course meal, already cooked. The cooked foods department features a variety of foods with the "home cooked flavor"—well cooked and seasoned just right. Try this service at noon when you want a meal at home.

### Save Time, Energy And Money

No need to spend long hours under a steaming wash tub. Take your laundry to POWELL WASHATERIA and use the modern machines with plenty of hot and cold water and steam to make washday easy. Rent a machine and wash a week's wash in less than an hour and be free for other activities. When you use these convenient laundry facilities, you save time, energy and money.

### To Make Her Work Easier

A gift to make her housework easier is what Mother appreciates, among other thoughtful remembrances. SINGER SEWING CENTER has the most complete selection of gifts for the home—including exclusive Singer Vacuum Cleaner, all kinds of electric appliances, sewing machines, both cabinet style and portables, and handy sewing cabinets. Any one of these items would give her a lifetime of pleasure and service.

### For A Carefree Vacation

Make your vacation trip the happiest and most carefree you've ever had. Let MILLER BROTHERS TRIM SHOP, 114 East Wall (rear), design and make a set of handsome seat covers made to your order from your choice of materials. New patterns are arriving all the time. Those in Saran and Boltax are brighter for Summer. Boltax is available in quilted or plain patterns and a variety of new colors. Many other materials are available in prices to fit your budget.

### A Bright New Paint Job

Don't let your car become a highway horror. Drive it to BOYCE AUTO SALVAGE AND BODY WORKS, West Highway, for a complete overhauling of the chassis. Skilled technicians in the body shop will give your car a paint job that will make you proud when you drive it down the highway. If you have a wreck to see, Boyce Auto Salvage and Body Works will take it off your hands at a good price. Telephone 3910 for estimates.

### Your Car Needs

It takes careful attention to many little details to keep your car in peak-efficient running order. Keep your car with Summer driving coming along—you'll want to be sure your car is in tip-top condition. Drive around at your earliest convenience and let ROY LEE SERVICE STATION, East Highway, give your car the attention it deserves. Attendants will give your car a super wash and polish, drain out Winter oil and replace with Summer weight oil, flush radiator and drain crankcase.

### A Laundry Service For Every Purpose

Don't be a slave to suds! Take advantage of the complete laundry service offered at KELLY'S LAUNDRY, 305 South Baird. Here you'll find the service that suits your particular needs. There is plenty of room and plenty of Maytag or automatic Laundral machines for doing your own wash the way you like to do it. Kelly's Laundry also features the popular wet wash and rough dry service. Call 3280 for reservations.

### Seasonable Savings

How far does your food dollar go? Every housewife looks for timely savings and top quality foods to please her family. Try the spotlight values and seasonal savings on top quality groceries at CRAWLEY'S GROCERY, a new store just opened at Lamesa Road and East Malinda Lane. There is plenty of parking space. Just drive up, park and shop. Fresh meats are available in choice cuts. Crawley's Grocery is just the place for husbands to pick up those grocery items, wives call in for them to bring home.

### Adds Beauty To Your Home

The gleaming white enamel finish of Supreme Full-Automatic Water Softeners adds beauty to any home. Every model is made by craftsmen proud of their trade. These water softeners are the result of many years of labor in the famous Supreme engineering laboratories, proved by extensive field tests. This is the gift she never takes time to give herself. Call 1003 for her appointment, this week. If you prefer, make one for yourself and give Mother your portrait on Mother's Day.

### Decoratives Of Distinction

Give Mother a gift on Her Day that will be a lasting reminder of your thoughtfulness. Perhaps she has always desired a pair of beautiful lamps—either table lamps or pin-up style. BASIN SUPPLY COMPANY has a charming selection in brass or china bases and shades of assorted colors. These lamps are decoratives of distinction, which Mother will be proud to own. Stop at Basin Supply Company and select a pair for Mother while the stock is complete.

### Heaven Bent—We Mean Your Car!

Play it safe! Spring is here and your car needs attention. Let BURKETT SHELL SERVICE STATION, 2201 West Wall, put it in shape for the new season. When you drive in for gas—that's only the beginning. Attendants will check your oil, battery and tires. Burkett Shell Service Station features a complete stock of Dunlop Tires. Be sure Summer driving will be safe and carefree by replacing those old smoothies with Dunlop Tires.

### Quality Dry Cleaning

Reasonable prices, prompt service, careful work—that's the policy of VIC CLEANERS, 413 West Texas. You have quality dry cleaning as close as your telephone. Just call 407 for free pick-up and delivery. Vic Cleaners gives your clothes expert, systematic care, and will also bring new beauty to your upholstery and rugs, by cleaning them in your home. Drapes are restored to new brightness by this expert dry cleaning.

### For All Building Purposes

If you are building or remodeling, see FELIX W. STONEHOCKER LUMBER COMPANY, 405 North Baird (in alley). The company features the most complete building service you'll find anywhere. It offers Title One loans with no down payment and 36 months to pay. Millwork includes window units and doors of birch, gum and fir. Paints and oils colors for interior and exterior painting are featured in Glidden, Pratt and Texolite. Flooring and roofing and a complete line of builders' hardware are also featured.

### Nice Selection Of Used Washers

Why break your back doing your laundry the hard way when you can afford to own a modern washing machine? Drive out to COX APPLIANCE COMPANY, 615 West Wall, and look over the selection of used washers—some almost new, with all the features of the new models. You'll find the washer for your home, budget proof, too! Invest in a labor saving washer and save your strength and energy. The small price of any one of these washers is overbalanced by the convenience they give you.

### The Versatile Cleaner

Words are inadequate to describe the Kirby Vacuum Cleaner, featured by THE KIRBY VACUUM CLEANER COMPANY, 203 South Main. To appreciate its qualities, you have to see it demonstrated. Call 3495 for a free demonstration in your home. The Kirby is so versatile it can be adapted to practically any house cleaning chore. It has nine different units, including a power polisher, which does everything that machines built for this single purpose can do.

### The "Terrific Threesome"

What a thrill to be "talked about" for your outstanding baking ability! And no small talk either when your friends and family are bragging about your Betty Crocker Cake Mix achievements! Party Cake, Gingercake and Devil's Food—each an exciting experience in cake making, and easy, too! Betty Crocker's expertly balanced and blended recipes are really so simple to prepare... so economical... so thoroughly delicious! Buy all three at PIGGLY WIGGLY—then try all three Betty Crocker Cake Mixes... you'll be baking in compliments as you're enjoying unexcelled cake eating!

### Portable Ice Chests

Those cooling drinks are going to mean a constant raid on your refrigerator. To provide extra ice this summer, get a portable ice chest from SOUTHERN ICE COMPANY. The chests are of attractive white enamel finish, with ample capacity for accommodating those bottled drinks that take up so much space in the refrigerator. Ideal for picnics and motor trips, they fit into your car and provide refrigeration for supplies and ice for drinks.

# 41<sup>ST</sup> ANNIVERSARY SALE!

*Greatest Sale In All West Texas . . . 6 Days of Storewide Values!*

Colbert's, Midland's oldest ladies' store, has been host to West Texas' most discriminating clientele since 1908. Just one year ago we moved one door south into our modern, new store and the name was changed from Everybody's to Colbert's. However, in the changing of the name there was no change in policies. . . Colbert's continues today, as in the 41 years past, to efficiently and graciously serve . . . endeavoring at all times to bring the world's latest fashions to our good customers at the lowest pos-

sible prices! The good folks of West Texas have been most kind to us. To show our appreciation, we bring you this great value festival! We invite you to come down and verify our statement that COLBERT'S 41<sup>ST</sup> ANNIVERSARY SALE IS THE GREATEST SALE IN ALL WEST TEXAS! There will be plenty of salespeople to serve you . . . take your time and shop all through the store . . . there are Anniversary Values on every floor!

Alpha Delta Pi Alumnae Association will meet at 10 a.m. with Mrs.

**Tryouts Slated For Next Theater Play**

Tryouts for the next Community Theater play, "The Last of Mrs. Cheney," were announced Saturday by Art Cole, director, as closing performances of "Command Decision" were presented to a matinee and night audience. The drama of wartime Air Force action was applauded at four showings in the City-County Auditorium.  
The next play, scheduled for May 25-27, will be "Miranda," a comedy by Peter Blackmore which has been substituted for "The Last of Mrs. Cheney" originally set for that date. "Miranda" is an English play which has been popular in England but seldom produced on this side of the Atlantic. It has never shown on Broadway.  
Five women and three men are required for the cast which will be chosen at the close of tryouts in accordance with Community Theater custom. The first tryout period will start at 8 p.m. Wednesday in the auditorium, Cole announced.

**Tea Is—**

(Continued From Page One)  
arrangements for decorations and refreshments. Assisting her were Mrs. Preston, Mrs. Shurey, Mrs. M. E. Dickerson, Mrs. Stuart Sisley, Mrs. Zeb Wilkins, Mrs. James E. Sprinkle, Mrs. C. W. Herndon, Mrs. Joe Koegler, Mrs. Carroll Astor, Mrs. Bill Jackson, LaNeil Jackson and Marilyn Johnson from San Angelo.  
A breakfast for the delegates and garden club members was held in the Crystal Ballroom of Hotel Schaubauer Saturday morning. Tables were decorated with sprays of white and yellow iris and greenery with small white buds. The head table was appointed with arrangements of yellow daisies.  
The individual plate favors were white handkerchiefs tied with pastel ribbons to give the effect of small bouquets. The handkerchiefs were given by the Gammier-Murphy Store.  
A luncheon in the hotel was held Friday at noon. Place favors were demi-tasse cups and saucers of china, compliments of the Midland Hardware and Furniture Company. Small bouquets of multi-color pansies and single pansies were scattered down the center of the table. The tea, luncheon and breakfast made up the social program of the convention proper, but delegates and visitors who arrived Thursday were entertained with an informal buffet supper in the home of Mrs. J. C. Veivin. Rain canceled plans for an afternoon garden pilgrimage Thursday, but the group did visit the homes of Mrs. W. W. Black and Mrs. Bob Wood and had a glimpse of residential sections of Midland in a short drive.

**Costumes—**

(Continued From Page One)  
brega of Panama City, Mrs. J. T. Sikes of Waco, Mrs. J. C. Travis of Paris, Mrs. A. G. Reed of Fort Worth, Mrs. C. T. Smith and Mrs. Earl T. Bird of Fayetteville, Ark., and Mrs. Dan Price, Mrs. M. L. Patterson, Mrs. Paul Phillips, Mrs. Haynes and Mrs. Kennedy of Odessa.  
Other guests included Mrs. Paul Callahan, Mrs. Fred Bouchens, Mrs. Jimmie Graves, Mrs. Edgar Covey, Mrs. P. V. Butt, Mrs. W. H. Gilmore, Mrs. Chapple Davis, Mrs. William Walmisley, Mrs. C. W. Chancellor, Jr., Mrs. Jack Bradford, Mrs. Gene Goff, Mrs. Jack Bradford, Mrs. D. C. Baldwin and Mrs. Clarence Schaubauer, Jr.  
Announcement was made that the singer tournament for women golfers in the club will end next Friday. Members were reminded of the Scotch foursomes which will be played on the club golf course beginning at 3 p.m. Sunday.

**STUDY GROUP TO MEET**

The North Elementary Parent-Teacher Association Study Group will meet at 9:30 a.m. Tuesday in the home of Mrs. T. S. Jones, 900 West Tennessee Street. The discussion topic will be "How Much Do Manners Mean?" All parents who are interested in the study are invited.

**LARGEST GOTHICS**

England's Houses of Parliament are the largest examples of modern Gothic architecture in the world. They cover seven acres and contain approximately 1000 fireplaces.

**RETURNS AFTER VISIT**

Mrs. Sidney P. Hall has returned from a visit in East Texas. She spent Easter in Commerce and visited her son, the Rev. William J. Hall, and Mrs. Hall in Gladewater.

**Whatever THE TIME —**

**Doctors ARE ON THE JOB!**

DOCTORS certainly are not contributors to a "philosophy of idleness," nor have they figured out a way to regiment illness. In hospitals, homes, offices and laboratories, Doctors are on the job day and night, taking care of patients — or seeking better methods of making and keeping them well.

Rare, indeed, is the Doctor whose working time is confined within certain hours.

What with free clinics, hospital staff service, operation hours, emergency calls — the average Doctor's working day is long and arduous. It is difficult to find "vacation" time.

Even the physician with a highly specialized practice is not immune to broken hours of sleep and rest, when emergencies arise.

Don't allow Federal "paper work" and red tape to be added to the load of your family Doctor.

**★ RUTH MILLETT ★**

**Consider Effect Before You Make Ill-Tempered Retort**

By RUTH MILLETT  
NEA Staff Writer

She lost her sight so late in life that her friends thought she would be completely helpless. Yet this gentle old lady surprised them all by her determined and successful efforts to "do for herself."

One day dialing a telephone number she made a mistake, something which rarely happened, and it was her luck that morning that the number she dialed in error was answered by a woman who was put out by the needless interruption.

"No, this isn't 6-1924," she snapped. And the gentle old lady apologized for her mistake. "An woman replied in anger. "Then why didn't you look at what you're doing?"

"I should have been more careful," said the old lady. "For I realize, it is a great nuisance to be called to the telephone to answer a wrong number. But I do make a mistake now and then. You see, I'm blind."

It is a true story and one I think I'll remember whenever I am annoyed by another's seeming stupidity or inefficiency.

The act itself may seem to be stupid and to merit a sharp retort—but who of us knows what handicaps the "stupid" person may be laboring under?

So bring this little story away in a corner of your mind as a reminder or if you ever are tempted to say what you think about another person's seeming stupidity or carelessness. Your words may hurt more than you want them to—and for a reason you couldn't possibly know anything about.

All rights reserved. NEA Service, Inc.

**Sold Most Cookies**

Members of Girl Scout Troop No. 6, which sold the most cookies during the recent Girl Scout cookie sale to raise funds for furnishing the Little House, are left to right, first row, Diana David, Jackie Collie, Nancy Jo Hamilton and Jane Neill; second row, Ann Brooks, Sue Schneider, Margaret Peters, Patricia Wikerson, Nancy Forman and Carol McKnight; third row, Sally Lees, Nancy Patterson, Wanda Lee, Jessie Faye Oliver, Jere Ann Price and Brenda Bottoms; fourth row, Zola Moran and Ramona Hynd; Barbara Horton is the only member of the troop not in the picture. The girls are shown holding the final check over to Bert Goodman, contractor. The troop members sold 337 boxes of cookies for a gross profit of \$168.50. Diana David sold 40 boxes, the most of any troop member. Mrs. Charles Horton and Mrs. Fred Speer are troop leaders.

**Hope Springs Ever Eternal In Fashion News**

By CYNTHIA LOWRY  
AP Newsfeatures Writer

I wish, as a rite of self-preservation, fashion writers would not write so disparagingly about last season's vogues and so glowingly about current and future whims of style.

Every time I read an article of instruction about the fashion picture, I want to consign every stitch I own to flames. I wonder bitterly how I could have had the bad taste to buy them in the first place.

If I read a piece about the desirability of getting a suit cut along "classic, simple lines" that make the wearer have a "clean-cut, straight-as-an-arrow, young look," I wear it a few times feeling wonderful. I have the assurance I'm not only smart, chic and in the swing, but that this suit is doing something for me.

Then comes a day when I pick up a piece about what an awful mistake women make when they buy hard-tailored, masculine suits that give women a dreadful, efficient look. It takes a little time to sink in, but all of a sudden I realize the writer is referring to my own proud "straight-as-an-arrow" creation.

Thereupon I race out and buy me a costume "softly clinging, revealing the charming natural lines of a woman's figure." I go in for lace, armful of bracelets and general frill-frou. For a little period the rustle of taffeta petticoats whippers as I walk and a delicate odor of Spring flowers flows in my wake.

But this happy dream, too, is rudely shattered shortly when someone pounds out an authoritative article on low frills and fuss are out of place in our civilization. This goes on indefinitely and I just can't win.

I regret to state that this horrid situation prevails not only in the matter of clothing. Take hair arrangements, for another example. Not so long ago I decided that the beauty experts must be right about a woman's crowning glory.

I'd let it grow long, like they said, bind it up high on my head and occasionally stick flowers in it. This was a major decision, because it involved going through that horrible letting-it-grow period. I can get her teeth in, it's something that's old-hat. It makes me wonder how she could ever have been so enraptured about it. Or how she sold me a bill of goods.

Morale: Never throw anything away. Just wait a few seasons and it will probably be back, dressed in a gay festoon of loving adjectives.

Long hair, they started to tell me, was messy, inefficient, unsmart, unmanageable and utterly out of place in the modern scene and tempo. Clasp it off, the experts decreed, have a sleek, handsome and tailored short crop.

I came close to cropping as directed, except that I met a fashion expert (fashion experts are always way ahead of their readers in these things) and she told me that all the people in the know were already letting their short-crops grow to middle-length.

Just about the time I've fallen for descriptions of light, delicate floral odors of perfumes and bought me a bottle, believing disdainful talk about "heavy, musky and frequently distasteful perfumes," someone else comes along and sells me the idea light perfumes are strictly for milkmaids. What I need is

## Abundant Living

By E. STANLEY JONES

His testimony opened his heart to the love of God and was himself converted and died happy. The spark of faith in that son, a convert of two days, kindled something in the father's heart and changed him.

You too belong to the great contagion—the contagion of faith. A friend working in a college had a period of worry which brought on high blood pressure. She dropped a letter in the box, telling me she had turned the whole problem over to God. That was an act of faith. But the moment her letter dropped, so did her blood pressure. She is now poked and calm and effective in the dropping of that letter in the box she had been an intruder upon others in contagious faith.

To God, break down within me the last barrier of fear that would check the flow of faith. I would have the doors of my spirit turn out and not in, for I am made for creative activity by Thee, the Creator. Help me to create hope and faith in others. In Jesus' name. Amen.

From the book "Abundant Living" published by Abundant-Living Press, 1105 New York and New-Brunswick, N. J. Copyright, Released by NEA Service.

When the war broke out in Europe, he resigned from the Colombian navy and came to the United States. Soon after the U. S. entered the war, Fallon volunteered as a private in the U. S. Air Force. He attended OCS and at the end of the war he was a captain in Intelligence, teaching international relations at the Air Force Staff School where he also was chief of the Latin American Officers Section.

Now a U. S. citizen, Fallon visits the Latin American countries regularly to prepare his lectures on the spot—speaking to the people in the native Spanish and Portuguese. He is recognized as one of the most entertaining speakers on the American platform.

His delightful sense of humor frequently is blamed on his Irish forefathers who settled in Colombia at the time of the War of Independence, but Fallon himself claims that the South Americans have a sense of humor all their own and that the Spaniard Cervantes is funnier than any English or American writer.

## Carlos Fallon Will Address Midland's Knife, Fork Club

The April meeting of the Midland Knife and Fork Club will be held at 7 p. m. Friday in the Midland High School Cafeteria, with Carlos Fallon, international authority on Pan-American affairs, as the guest speaker. Members are asked to make reservations promptly.

A native of South America, Fallon was the Colombian naval officer who represented his country's navy

Carlos Fallon

at the staff talks in Panama where the hands of Colombia's armed forces assisted to help defend the Panama Canal.

### JOE CONKLINGS ARE PARENTS OF SON

Mr. and Mrs. Joe Conkling of Midland are the parents of a son, Steven Russell, born Friday night in a Lubbock hospital. The youngster weighed eight pounds, five and one-half ounces. Both mother and son are "doing fine," according to reports received here.

Mr. and Mrs. Russell C. Conkling of Midland are the paternal grandparents.

## To Wed Midlander's Brother

Catherine Jane Clark of Crane will marry Walter M. Lea of Dallas, son of Mrs. P. J. Lea of Wichita Falls and younger brother of Preston J. Lea of Midland, in a mid-Summer ceremony, her mother, Mrs. John E. Clark announced a tea in her home in Crane recently. The wedding, which will unite two pioneer Crane County ranch families, will take place in July. Miss Clark is a student in the Texas State College for Women at Denton.

## JACOBY ON CANASTA

By OSWALD JACOBY  
Written For NEA Service

If I ever throw the rule book at anybody, it'll be at the man who goes around inventing strange "rules" to confuse canasta players. The trouble is that there are probably five or six such people, and I've never been fond of mass mayhem.

The result of all this invention is that about 100 people each week write me to check up on one single canasta rule. Here is a typical question that came to me in the mail a few weeks ago:

"The deck is not frozen. I have a closed canasta of fours. A four is discarded by the opponent at my right. Am I allowed to pick up that four to put it on my closed canasta?"

I made my stock answer in such cases: "Yes, you are allowed to pick up the previous discard when it matches your closed canasta. You must then add that discard to your canasta. That has always been the rule, and nobody is ever dreaming of changing it. In other words, your closed canasta is just like any other meld for the purpose of taking the discard pile."

A couple of days later, back came another letter from the same small town:

"You told my friend that she could pick up a four that matched her closed canasta. Now the other night I had a canasta of kings. What is the rule on kings?"

I had an answer for that kind of question too:

"You may pick up a king that matches your closed canasta. If your canasta is in ace, you may pick up an ace. If it is in queens, you may pick up a queen, and so on. In short, the rule applies to any canasta at all. If you had a canasta of lollipops and the player at your right discarded a lollipop, you could pick it up and add it to your canasta."

That was a serious mistake on my part. A more apt about that some new game was all the rage with new cards called lollipops. All the best people were playing it. Oswald Jacoby thought it would take the place of television.

It is? This article will probably start a whole new batch of false rumors, all of which may be good clean fun. But I hate to think of the weird questions I'll have to answer!

Q—Is there any difference in play between a deuce and a joker?

A—None at all. You can use a deuce instead of a joker for any purpose, or vice versa. The only difference is in their point value. The deuce is worth only 20 points; the joker is worth 50 points.

Q—When both sides go over 5,000 points who wins? We claim that the winner of the last hand is the winner of the game.

A—Correct procedure is to add up the score at the end of the hand. The side that has more points—in total—is the winner. It doesn't matter which side wins final hand.

## Delegate From County Given District Honor

Mrs. J. J. Howard, a member of the Midland County delegation to the convention of District Six, Texas Home Demonstration Association in Pecos Thursday, was presented a corsage as the person present who had the longest record in home demonstration club membership.

Mrs. Howard is THDA chairman in Midland County. She went to the meeting with Mrs. B. L. Mason, chairman of the Midland County Home Demonstration Council; Mrs. O. R. Phillips and Mrs. D. M. Bizzell, elected delegates from the county; and Pauline McWilliams, county home demonstration agent.

She has been a member of a home demonstration club or a 4-H girls club for 32 years and was a member of the first club organized in this county. At the convention she served as chairman of the election committee. Mrs. Fryer of Big Spring was elected as vice president of District Six, the highest district officer.

Mrs. R. L. Campbell of Deaf Smith County, president of the state association; Bonnie Cox, organization specialist with the state extension service from College Station; and Grace Martin of Fort Stockton, district home demonstration agent, were convention guests and speakers.

Ken Regan, U. S. congressman for the Sixteenth District, and State Senator Hill Hudson were also on the program. Approximately 170 women from over the district attended the convention.

## IOOF-Rebekah Lodge Of District Meets

CRANE — Myrtle Shafter, president of the Crane Rebekah Lodge, was in charge of the meeting of district No. 2 of the West Texas IOOF and Rebekah Association Saturday in Goldsmith.

Other district officers are Dr. Clifford McGuire of Odessa, first vice president; Grace Bishop of Odessa, second vice president; Nancy Slater of Crane, secretary; Earl Wilson of Spring, treasurer; Ila Gooch of Crane, warden.

Vera McCoy of Stanton, conductor; Lucille Sikes of Goldsmith, chaplain; Virgie Sims of Odessa, historian; Frances Whitley of Midland, musician; and A. C. Wilkerson of Big Spring and J. M. Cox of Monahans, inside and outside guardians.

Close to 50 per cent of the motor vehicles in China are owned in or near Shanghai.

## District Head Visits McCamey Auxiliary

McCAMEY—Mrs. Serena Brandon of Odessa, district president of the Veterans of Foreign Wars Auxiliary, was honored with a banquet when she made her official visit to the McCamey Auxiliary Tuesday night. Mrs. C. L. Edleman was in charge of arrangements and decorated the tables in auxiliary colors.

Mrs. Burley McCollum, president, was in charge of the regular meeting in the Park Building after the dinner. Plans were made to send a gift to a McCamey veteran who is in a hospital.

The auxiliary voted to contribute its share to preliminary expenses of the McCamey Birthday Celebration which is planned for this Summer. Mrs. John Northcutt was appointed chairman and Mrs. Cleatus Brooks, president-elect, assistant chairman from the auxiliary to work on the celebration.

Officers will be installed at the next meeting, on April 25 in the Park Building.

### Ranchland Hill-Late Gifts Made To Fund For Crippled

(Continued From Page One) for sale in the clubhouse. The group was read an invitation from the Ladies Golf Association of the Midland Country Club to attend its annual Women's Invitational Tournament May 3 through 7.

Discussing guests at the association meetings and luncheons, it was decided that out-of-city guests may be brought at any time as long as the member inviting them is present at the luncheon. Midland guests, however, must be registered with the clerk by 4 p.m. on the Saturday preceding the Tuesday they are brought to the club.

Attending the luncheon were Mrs. J. L. Knowles, Mrs. H. E. Rankin, Mrs. D. W. St. Clair, Mrs. W. B. Cheatham, Mrs. H. C. McCall, Mrs. W. J. Pierce, Mrs. W. E. Nance, Mrs. Lee Conroe, Mrs. Jack Creswell, Mrs. Jim Wilson, Mrs. John Glahn, Mrs. M. H. McKinsey, Mrs. T. L. Stall, Mrs. Ed Watts, Mrs. Darrell Smith, Mrs. J. R. Pugh, Genyth Herrin, Mrs. W. R. Donnell, Mrs. J. Wilmont Hunt, Mrs. Jack Sawyer, Mrs. R. A. Comb, Mrs. H. L. Winkler, Mrs. Jim Pickett, Mrs. C. D. Hodges, Mrs. Robert T. Cox, Mrs. W. E. Maberry, Mrs. C. M. Luman, Mrs. R. E. LeBlond, Mrs. Hector Dvor, Mrs. Stanley Womer, Mrs. E. H. Watkins, Mrs. Thomas M. West, Mrs. Charles Smae.

Mrs. Lee Duce, Mrs. Rufe Bynum, Jr., Mrs. A. A. Jones, Lucille Thompson, Mrs. H. C. Jones, Mrs. W. C. Stallard, Mrs. James D. Wilson, Mrs. Walter Wooten, Mrs. H. D. Eskerberg, Mrs. John P. Bates, Mrs. J. M. Cruse, Mrs. Jack Stackpole, Mrs. Leon Pickett and Mrs. Hank Avery.

### MEETING ANNOUNCED

The Alpha Delta Pi Alumnae Association will meet at 10 a.m. Tuesday in the home of Mrs. T. S. Edrington, 1200 West Ohio Street. This will be a business session and the first meeting the group has had in several months. All members and alumnae are invited to attend.

Read, Use Classified Ads-Phone 3000

### Late Gifts Made To Fund For Crippled

Beated contributions still are being received—and welcomed—in the Easter Seal Sale sponsored by the Children's Service League for its crippled children's fund. Mrs. Fred Cassidy, sale chairman, reported Saturday.

It is not too late to give to the fund, she added, and further contributions will enable the league to assist still more the crippled children of this county who need treatment or orthopedic equipment.

The league is the organization in this community which cooperates with the National Society for Crippled Children and Adults, sponsors of the nationwide sale of Easter Seals to aid the crippled.

### Garden Clubs—

(Continued From Page One) Other members of the committee elected were Mrs. Finis Collins of Dumas, Mrs. Homer Brumley of Hereford, Mrs. Wade Martin of Levelland and Mrs. Hugh Davis of Levelland.

The place of next year's convention was not decided. The executive board will meet in Big Spring some time in October. It was announced that brief reports from club presidents were presented at the session.

The closing business meeting followed a breakfast in the Crystal Ballroom of Hotel Schumacher where an open program was presented Friday night. Daytime assembly sessions Friday were conducted in the Tower Theater through the courtesy of J. Howard Hoize.

Hostesses for the convention were members of the Midland, Pecos, Texas, Yucca, Pecos and Seneca Garden Clubs of Midland.

Transonic is a word used to describe the speed of very fast airplanes and projectiles which travel at or about the speed of sound. The speed of sound at sea level is about 760 miles per hour.

### Art Teachers To Be Judges For Festival

Mrs. David Mills of Seminole, John C. Freyburger of Lamesa and Isabelle Robinson of Canyon will be the judges for the Spring Student Art Festival April 30 through May 6. The festival is being sponsored by the Midland Palette Club Art Center and the American Association of University Women.

Mrs. Mills is art instructor in the Seminole school and Freyburger in the Lamesa school system. Miss Robinson is a member of the faculty of the Fine Arts Department of the West Texas State College in Canyon.

The festival will be held in the City-County Auditorium and will include the art works of students in Midland schools. Art teachers and committees from the art center and the AAUW are making arrangements for the event.

A representative group from each school room will be allowed to exhibit. Students in each grade will compete against their fellow students for the awards. First, second and third place ribbons will be given in each grade.

Mrs. Robert L. Clarke, arts chairman of the Midland AAUW, is handling many of the details of arrangements for the festival. The festival will be open during the week for the public and the festival coincides with the Children's Theater production of "Tom Sawyer."

### Conventions—

(Continued From Page One) The speakers in the Friday afternoon session.

"We must think of others; we are meant to be more than for our own selves," Mrs. Windsor said. She emphasized that the garden club members have been entrusted with the earth and its products and should use them for the good of others.

She reviewed the activities of the Texas Garden Clubs, Inc., in working with rest homes, the blind, veterans' hospitals and women and girls in prison. A rehabilitation program with the women of the prisons has been begun by the organization by helping them to start garden projects. From this point the club hopes to reach them in all their needs.

During the session, awards were presented to the Stanton Garden Club as the most recently organized garden club represented and to the Childers Garden Club as the oldest with delegates present.

A group of women from the McCamey Garden Club was recognized. Mrs. W. S. Williams, Mrs. G. W. Basham and Mrs. George W. Ramer were in the group. The club has not been affiliated with any district of the Texas Garden Clubs, Inc., but the members were seeking information concerning affiliation. Their club is in the area of District Nine.

A representative from the Odessa Garden Clubs reported on plans for their flower show which is to be held next week. A report from the Midland Council of Garden Clubs was given by Mrs. J. D. Dillard, council chairman. Mrs. Albert Morrison, District One president, presided over the session. Mrs. C. F. Fryling, awards chairman, was in charge of the presentation of awards.

In the Friday morning business session, reports from district officers were heard. Mrs. Windsor, Mrs. U. L. White of Matador and Mrs. Lyle of Hereford, advisor of District One, were introduced as distinguished guests. Mrs. C. M. Goldsmith welcomed the group in behalf of the Midland Woman's Club.

Mrs. Carroll Boyd of Dumas, district vice counselor, responded to the welcome address by Delbert Downing, manager of the Midland Chamber of Commerce. Mrs. J. D. Dillard, chairman of the Midland Council of Garden Clubs and general convention chairman, made the presentation of the meeting to the district counselor.

**GAMMA PHI BETAS TO MEET**  
All Gamma Phi Beta Sorority alumnae who live in or near Midland and have not been contacted by the Alumnae Association are urged to attend the meeting of the association at 10 a.m. Wednesday in the home of Mrs. W. H. Stoltenberg, 1204 West Michigan Street.

### Healing Restored to Christianity

Through the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, the lost element of spiritual healing is restored for all mankind. The thoughtful study of the Bible in the light of this great book has lifted countless thousands from sickness to health and from failure to success. Such experience is equally available for all.

Visit a Christian Science Reading Room today. Here you may read, borrow, or purchase Science and Health and the Bible, as well as other authorized Christian Science literature.

**CHRISTIAN SCIENCE READING ROOM**

Open Each Thursday Afternoon, 2 to 5  
Information concerning church services, free public lectures, and other Christian Science activities also available.

### Canasta Party And Dance Planned As Building Benefits

A canasta party Friday night in the City-County Auditorium and a square dance on April 28 in the American Legion Hall are being planned by Business and Professional Women's Club members in the series of benefit entertainments they are sponsoring to add to the Midland Woman's Club Building fund.

Ruth Donnell is chairman of arrangements for the canasta party, to which the public is invited. Players may arrange their own tables for the games.

Plans for the dance were continued at a committee meeting Thursday night in the home of Winifred Estill, chairman. Square dance clubs of Midland, Crane, Stanton, Odessa, Andrews and Rankin will be sent invitations. Jay Johnson is to be the caller and a string band will play.

On the committee are T. K. White, co-chairman, and Jack Harrison, Ann Johnson, Glenyth Herrin, Grace Wallace, Jessie Baker, Lillie Rose Meissner, Nona Ingram, Ercell Foster, Mrs. Donnell, Berta McInnes, Thelma Gardner, Neta Stovall, Colysta Christian, Mary Elder, Iva Noyes and Cordelia Taylor.

### Oby Nelson Speaks For Crane Banquet

CRANE—The Rev. Oby Nelson of Iran was the principal speaker for the young people's Sweetheart Banquet in the First Baptist Church recently.

George Ashburn was master of ceremonies. Gloria Jean Looney sang two songs, accompanied by Mrs. B. W. Ervin, Lila Kinsey, Katherine Smith and Jackie Lou Mackey sang a trio number, accompanied by Mrs. Lola Faye Holt.

Arrangements of tulips and Spring flowers with cupid sent among the leaves appointed the tables, which were decorated in blue and white. Easter baskets and eggs added to the decorations.

Those attending were JoAnn Fisher, Anita Fae Scott, Evelyn and Irma Lea McKay, Dolores White, Billy Don Ingram, Gwen Williams, Joyce Sharpe, Roxie Jean Johnson, Charles Phemister, Jean Shaver, Jan Chrane, Charles Sheppard, Reckie Iles, Don McGee.

Bobby Cannon, Don Boothe, Bobby North, Peggy Gene Sharpe, George Grounds, Luch Green, Pat Boswick, Sandra Wilford, Robert Christian, Kenneth Terrell, Art Boothe, J. C. Nance, Lovce Jean Johnson, George McCorkle, Gordon Johnson, Maxine Williams, Chloe Boothe, Rev. and Mrs. H. D. Christian, Mr. and Mrs. Lofton Bragg and Mr. and Mrs. Q. M. Sharpe.

Those working in the kitchen were Mrs. Ervin, Mrs. John North, Mrs. Leon Neeley, Mrs. Charles Phemister, Mrs. Kyle Gray, Mrs. R. B. Boothe and Mrs. Wallace Johnson.

### TFWC Blue Book Of 1947-49 Received

Copies of the 1947-49 "Blue Book of the Texas Federation of Women's Clubs" have been received by presidents of federated clubs and members of the 1947-50 State Board of Directors in the last week. Compiled by Mrs. John J. Perry of Sweetwater, immediate past president of the federation, it reviews the history of her administration.

The book was edited by Mrs. James R. McRill, Section No. 1 includes a report of federation achievements during the years covered, and reports of all state officers and committee chairmen as well as district presidents. Section No. 2 contains the revised Constitution and By-Laws of the federation and information and suggestions for reference by clubwomen. Pictures of state officers, department chairmen and district presidents illustrate the book.

### Andrews County Presidents Will Confer On Monday

ANDREWS—Mrs. B. F. Seay, president of the Andrews Study Club, has called a meeting of the presidents of all women's clubs in Andrews County at 3 p.m. Monday in the courthouse. Organization of a Women's Forum or city federation of clubs will be discussed.

Women attending will be Mrs. B. F. Seay, Andrews Study Club; Mrs. Wood Walker, Tuesday Study Club; Mrs. J. P. Brown, Progressive Study Club; Mrs. C. H. Campbell, Business and Professional Women's Clubs; Mrs. J. P. Stephenson, Andrews County Home Demonstration Council; Mrs. Bill McKissick, Andrews Proper Home Demonstration Club; Mrs. DeWane Maddox, Home Demonstration Club; Mrs. E. G. Stephenson, Fullerton Home Demonstration Club; Mrs. Joe Cook, Madonna Home Demonstration Club; Mrs. D. D. Wood, Sunshine Home Demonstration Club; Mrs. C. E. Ray, Hillcrest Home Demonstration Club.

### Monahans Bank Makes Promotions

MONAHANS—Following a meeting of the board of directors of the First National Bank, vice president Sam Alexander announced the following promotions:

H. A. Clements and W. D. Parker from assistant cashiers to assistant vice-presidents. Mrs. Bobbie Strong and Mrs. Zora Wilson from bookkeepers to assistant cashiers. Mrs. Rex Wilson will continue as cashier and Alexander as executive vice president.

At the same time Alexander announced that resources of the First National now exceed two million dollars with an increase of deposits of more than \$400,000 since the first of the year.

Coldest inhabited spot on earth is Verkhovansk, Siberia.

### Dr. Wyvell To Be Guest Speaker For North P-TA Unit

Officers will be elected and Dr. Dorothy Wyvell will speak at a meeting of the North Elementary Parent-Teacher Association at 4:45 p.m. Tuesday in the school auditorium. The Executive Board will meet at 3 p.m.

This will be the group's first meeting of the year and all members are urged to attend for the officer election. The nominating committee will report and present the slate of officers. It has prepared to the general body for a vote.

The entire program time will be given to Dr. Wyvell, who will speak on "The Correlation of the Emotional and Physical Development." Dr. Wyvell, who is a child specialist, was graduated from the Duke University Medical School in 1938 and practiced five years in Dallas before coming to Midland.

Florida has one mile of paved road for each 94 persons of its population. The national average is one mile per 183 persons.

### Non-Denominational Group Has Meeting

A social meeting of the Non-Denominational Group was held at the home of Mrs. Frank Williams, 1204 West Michigan Street, last night.

Officers for the year were elected and Mrs. Williams was re-elected president. Mrs. Williams is also president of the group.

The group is a non-denominational organization of women who are interested in social and cultural activities. The group meets on the second and fourth Tuesdays of each month.

### Presbyterian Women Will Attend School

A training school for officers of the Women of the Church of the First Presbyterian Church will begin at 10 a.m. Monday in the church. Mrs. T. H. Willis of Abilene, Presbyterian president of the Mid-Texas Presbytery, will conduct the school. A covered-dish luncheon will be served at noon and the meeting will close about 2:30 p.m.

The general theme of the day will be "Come to Learn and Go Forth to Serve." Mrs. C. H. Ervin, president of the Women of the Church, will lead a devotion period on that subject. The morning session will be devoted to general information with Mrs. Willis in charge. During the afternoon meeting, the work of committee and circle chairmen will be discussed.

The training school is for general officers, committee chairmen, committee members, all circle chairmen, sponsors, all other officers and any or all who are interested in coming.

### Art Exhibit Will Have Last Showing In Studio Sunday

The final showing of the Texas Fine Arts Association Traveling Exhibit will be held from 3 to 9 p.m. Sunday in the Midland Palette Club Art Center studio, 804 North Colorado Street. The public is invited to attend.

Hostesses will be Mrs. W. C. Wilcox, 3 to 4:30 p.m.; Mrs. F. H. Latham and Mrs. E. E. Lindeblad, 4:30 to 6 p.m.; Mrs. Ann Little and Mrs. William Pierce, 7 to 9 p.m. Visitors to the exhibit have pronounced it superior to the one shown here last Spring by the association.

The exhibit includes oils, water colors and prints. Some of the more interesting pictures are: "Driftwood and Burre," Bertie Cone; "Rocky Shoals," Boyer Gonzales, Jr.; "The Damask Cloth," Christine Streetman; and "Lost Moment," James F. Valone, Jr., oils.

"Snake Pond in the Sheep Trap," Amy Freeman Lee; "Shoe Shine," Joseph B. Griggs; "Ceremonial Kivas," Will Amelias Sterns; and "Country Barns," Charles B. Thompson, water colors.

"Ghosts," Mountain; Constance Porsyth; "Fates," Violet J. Adkins; "The Well," Merritt Mauzey; and "The Village," Lola Mueller, prints.

### Junior Music Club Members Take Part In Festival Contest

Several members of the Young Artists Junior Music Club and their sponsor, Mrs. G. J. Sevier, went to Odessa Saturday for the Junior Musical Festival of Ninth District Federated Music Clubs. The club members, piano pupils of Mrs. Sevier, played in the festival contests.

The festival is held annually in the district and is a part of a program sponsored by the National Federation of Music Clubs. Midland was the meeting place last year. Contestants from the Young Artists Club were Kisty Howell, Barbara Pitzer, Diane Burnside, Carol Chiles, Caroline Hazlip, Billy Dan Miller, Marilyn Elder, Eliza Jane Payne, Lois Nell West, Don Hankins, Nancy Creswell, Nancy Klingler, Kay Little, Mary Jane Miller, Tommy Miller, Evelyn Hejl, Jackie Mathews and Janice Hill.

The contest solos were played at a meeting of the club Thursday night in the home of Evelyn Hejl with Nancy Klingler as co-hostess. Others taking part on the program were Tom Brown and Mary Lynn Osborn. Sue Ellen McCray and Betty Pitzer were other members present.

### Soprano Soloist To Sing Wednesday In Last CMA Concert

Civic Music Association members will hear the last concert of the current season Wednesday night, when Dorothy Wareskjold, soprano, will appear in a program in the Midland High School Auditorium.

The date and the artist for this concert had to be changed last week when Florence George, who had been scheduled to sing, here the first week in May, canceled her contracts for Texas appearances. Miss Wareskjold's home is in San Francisco and she is well known as a soloist on the Pacific coast. She also has sung in the East and has made numerous radio and concert appearances as well as singing opera roles.

### Author To Discuss 'Communism Today'

Robert Stripling, Midlander and author of "The Red Plot Against America," will speak at 8 p.m. April 24 in the Junior High School Auditorium under the sponsorship of the Women's Auxiliary of the Midland Memorial Hospital.

The public is invited to attend the talk and the admission charge will be made. A silver offering will be taken after the talk for the Auxiliary. The organization will use the money in its work in the new Midland Memorial Hospital. Announcements are being made at all club meetings of the talk and posters are being displayed through downtown Midland.

Stripling's topic will be "How Communism Affects Us in the U. S. Today." Mrs. Albert Kelley is general chairman for the talk and Mrs. R. A. Estes is poster chairman.

### Square Dance Class Will Start April 26

Organization date for a new square dance class for beginners has been set for 7:30 p.m. April 26. The class will start at a meeting in the Midland Officers' Club at the Airpark north of the city. It was announced Saturday by Jay Johnson, who will be the instructor.

The final meeting of the previous class was held last Wednesday, with dancing by seven squares. The class is open to all Midland residents interested in learning square dancing.

### New Members Added To 4-H Club Roll

The Junior High School 4-H Club met Friday afternoon in the school cafeteria with 22 new members and 17 old members present.

Members discussed the selection of patterns and materials for the garments they will make as their year's project. The first and second year girls will make gathered skirts and blouses, and the third and fourth year members will make dresses. Pauline McWilliams, county home demonstration agent, met with the group.

The mourning cloak butterfly chirps.

### Ambassadors Study 'Good Samaritan'

The Junior Royal Ambassadors of the First Baptist Church met Friday afternoon in the church. Albert Herrington, Charles Conner, John Walker, Harvey Kiser and Ralph Powell took part on the program on "The Good Samaritan." Mrs. E. R. Powell is counselor for the group. A game of baseball was played before the program.

### LISTED ON HONOR ROLL

Lynna Dell Moore, daughter of Mr. and Mrs. L. B. Moore, 1002 West Kentucky Street, is one of 1044 students listed on the Fall semester honor roll of North Texas State College, Denton.

### HD Women Attend Pecos Convention

ANDREWS — A number of Andrews County Home Demonstration women attended the district convention in Pecos Thursday. Those attending included Mrs. J. F. Stephenson, Mrs. J. A. Roach, Mrs. L. L. Shartie, Mrs. Tom Smith, Mrs. C. E. Taylor, Mrs. Eima McDougal, Mrs. C. L. Pool, Mrs. C. L. Sumnerwell, Mrs. H. C. Valentine, Mrs. David Choate, Mrs. P. T. George, Mrs. Buck Eppler, Mrs. D. C. Nix, Mrs. A. L. Grant and Mrs. E. G. Stephenson.

At Columbia, Mo., in 1901, the temperature registered 100 degrees or higher every day for 34 consecutive days.

### Musical Films Will Be Shown Thursday

Three musical films will be shown at 8 p.m. Thursday in the West Elementary School Auditorium under the sponsorship of the Civic Music Club and the American Association of University Women.

They are "Rehearsal," showing the rehearsal of the Telephone Hour radio program; "Telephone Hour," a film of the actual production of the program; and "Television," a short feature highlighting the stage production of a television show.

### Mrs. Hays Hostess For Lucky Thirteen

Mrs. B. M. Hays entertained the Lucky Thirteen Club in her home Friday afternoon, when two guests played 42 with members. Tulips and larkspur were used in the Springtime decorations. Mrs. Jack McClurg scored high and Mrs. R. H. Swadmon of Waco, a guest, second high.

Mrs. Bill Davis was another guest and Mrs. Ellis Conner, Mrs. Bill Cole, Mrs. James Daugherty and Mrs. Herbert Collings were present. Refreshments were served after the games.

Chinese epicures delight in monkey meat.

The 1945 British Empire Games, which include many of the Olympic events, will be held in Canada. Reindeer have contributed to the support of man in one country or another for about 30,000 years.

## EAT PLENTY AND TAKE OFF UGLY FAT

Many people have reported amazing results with this home recipe. It's easy—no trouble at all and costs little. Just go to your drugist and ask for 4 ounces of liquid Barcozinate. Pour this into a pint bottle and add enough grapefruit juice to fill bottle. Then take two tablespoonfuls twice a day. That's all there is to it. If the very first bottle doesn't show the promise, easy way to lose belly fat and help regain slender, most graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic, from neck, chin, arms, bust, abdomen, hips, thighs and ankles, just return the empty bottle for your money back.

### LOST 40 POUNDS

"Before taking Barcozinate, my weight was 250 pounds. After taking seven bottles my weight is now 110 and I feel so much better, thanks to Barcozinate." Signed, Mrs. L. M. Robinson, Seabrook, Texas.

## at STANFORD'S — ONE WHOLE WEEK OF SUPER VALUES IN MODERN BEDROOM SUITES!

A rare opportunity buy in this huge 5-inch poster bedroom suite!

Suite is in lovely blonde finish, consists of 4-drawer chest with attached mirror, lovely vanity with full-view, oval mirror and plate glass cosmetics shelf and sturdy 5" poster bed with finished steel rails and rail locks. ## Ossie Jacoby: He Solves Bridge And Mathematics In His Head

Ossie Jacoby: Mathematics, memory and a fast solver.

NEW YORK—(NEA)—Ossie Jacoby is a tremendous man with a shock of graying hair, a pair of twinkling blue eyes and three characteristics that help make him probably the world's outstanding card player and expert.

### Entries In Regional Begin Preparations

MHS entries in the Interscholastic League regional competition began to work in earnest this past week as the date of the regional meet to be held April 21 and 22 in Lubbock drew closer and closer.

Coach Jones is taking a four man track team to enter in the track meet. Harrie Smith, who set a new district record for the high hurdles, will enter in the high hurdles and John Klingler will enter in the mile. W. H. Black will be the MHS representative in pole vaulting and Ralph Brooks will enter in the high jump.

Two MHSers will enter in the typing division of the meet. They are Barbara Acker and Mary Nell. These two girls have been taking regular tests every day in order to increase their speed and accuracy.

Both Eugene Casper and Ronald Puett are eligible to enter in the slide rule contest but because of a conflict with the golf contest, Eugene will be the only entrant.

### Shell Oil Company Gives Books To MHS

In an informal ceremony held in the MHS library Tuesday morning, B. L. Ryan, Midland area manager of Shell Oil, presented George Puett, President of the Board of Education, a 24 volume edition of the Encyclopedia Britannica as a gift to the high school library.

Ryan expressed Shell's interest in education and said the gift of the books was another way of showing Shell's interest in the schools. The company already has established scholarships at numerous universities throughout the nation and for years has sponsored and assisted in conducting various types of vocational training classes at schools located in the vicinity of its oil fields.

An expression of the company's feeling towards education is stated in the plate in the front of each volume. Presented to Midland High School, Midland, Texas, by Shell Oil Company in the hope that these volumes will help to create a greater appreciation of the contributions made by science and industry to the progress of America and this community.

### Box Supper Held By Senior Class

A box supper sponsored by the senior class was held in the MHS cafeteria at 7:30 p.m. Friday. Admission for the girls was a box supper for two. There was no admission price for the boys. Richard Patton acted as the emcee.

### Senior Play To Be Presented In May

"The Great Big Doorstep," the 1950 senior play, will be presented two nights, Thursday, May 11, and Friday, May 12, in the MHS auditorium, Verna Harris, director of the play, announced Tuesday.

### Pan-American Day Held In Americas

Friday, April 14 was celebrated in 21 republics of the Western Hemisphere as Pan-American Day. On this day 60 years ago, the First International Conference of American States met in Washington, D. C. to form the Pan-American Union.

### Cafeteria Menu

Monday—Frisks, pork and beans, cabbage slaw, cornbread, apples, and milk.  
Tuesday—Baked ham, fruit, lettuce salad, hot rolls, vanilla, coffee, and milk.  
Wednesday—Meat loaf, potatoes, combination salad, hot rolls, pudding, and milk.  
Thursday—Roast beef, candied sweet potatoes, lettuce salad, hot rolls, jelly, and milk.  
Friday—Chinese potato salad, U. S. Marine Corps for advanced corn, hot rolls, cake, and milk.

### MHS Gets Encyclopedia

George I. Abel, past chairman of the Board of Trustees of the Midland Independent School District, is shown accepting a set of the Encyclopedia Britannica from B. L. Ryan, Midland area manager of Shell Oil Company, who donated the volume. Others shown are Charles F. Puett, principal of MHS; B. M. Lusk, director of Shell Oil Company; Mrs. J. W. Wilkin, MHS librarian; and Frank Monahan, secretary of Midland schools.

### In And Around Footloose, Full Of Fun, Fancy Free MHS Nancy Klingler Will Take A Dare

By CAROL GLAIN  
The MHS footloose team, which has been making a name for itself in the district, is now competing in the district meet. The team consists of Nancy Klingler, who will take a dare, and other members.

By CYNTHIA PARKER  
The MHS football team is preparing for the district meet. The team is led by Coach Jones and includes players like John Klingler and others.

### Athlete Feats—

By DAN DICKINSON  
Sports Editor, The Bulldog  
The MHS basketball team is showing great improvement. They recently won a game against the district opponents.

### A Welcome Addition To List Of Winners

The Bulldog wishes to acknowledge the instrumentalists omitted from the list of winners at the band festival, April 1. Joyce Howell playing the string bass and Linda Davis, the cello, took first places. Charles Scott also gave a solo for a second division rating.

### Mrs. J. H. Chappie Speaks To Students On The Pan American Union Ideals

Mrs. James H. Chappie spoke to the students of MHS in assembly Wednesday about the Pan-American Union and the customs in her native country of Panama.

### BULLDOG STAFF

- Katherine Lewis, editor; Jo Anne Boykin, assistant editor; Pat Stuedter, copy reader; Carol Glain, exchange editor; Cynthia Parker, club editor; Dennis Ann Kemp, photographer; Maggie Murphey, business manager; Dan Dickinson, sports editor; Charles Farris, John Brent Wood, reporters; Mrs. W. J. Parr, sponsor.

### Did You Rob Yourself?

(An Editorial)  
Crash! The window shattered and the boys ran away, to another part of the school. Another crash was heard. The next morning seven teachers reported broken windows... a total of 11 windows.

### Many MHS Exes Are Home For Short Easter Holidays

Midland was overflowing with college students who previously went to Midland High School who were home for the too short Easter holidays. A partial list of exes who were seen around town follows.

### Roving Reporter

By DENZIL ANN KEMP  
In order to find out what the readers of the Roving Reporter really enjoy most, the question of the week is "What do you think a good Roving Reporter question would be?"

### Junior Bands Hold Meet

Midland High School played host to seven bands of the junior classification Thursday, April 14, at the Interscholastic Band Festival.

### Rainfall Amazes Dry MHS Students

To the amazement of most MHSers, Midland had rain and cold the latter part of the week. While roaming the halls it was too wet to be outside of MHS your reporter asked, "What is your statement to the press concerning the recent weather?"

### Box Supper Held By Senior Class

A box supper sponsored by the senior class was held in the MHS cafeteria at 7:30 p.m. Friday.

### Senior Play To Be Presented In May

"The Great Big Doorstep," the 1950 senior play, will be presented two nights, Thursday, May 11, and Friday, May 12, in the MHS auditorium.

### Pan-American Day Held In Americas

Friday, April 14 was celebrated in 21 republics of the Western Hemisphere as Pan-American Day.

### Cafeteria Menu

Monday—Frisks, pork and beans, cabbage slaw, cornbread, apples, and milk.  
Tuesday—Baked ham, fruit, lettuce salad, hot rolls, vanilla, coffee, and milk.  
Wednesday—Meat loaf, potatoes, combination salad, hot rolls, pudding, and milk.  
Thursday—Roast beef, candied sweet potatoes, lettuce salad, hot rolls, jelly, and milk.  
Friday—Chinese potato salad, U. S. Marine Corps for advanced corn, hot rolls, cake, and milk.

# Dirt, Squirt and Quirt

— FARM, DAIRY AND RANCH NEWS —

By DALMON McNAIR

Last week's rains did much to encourage farmers and ranchers in the area but most of them agree more will be needed before they can plant their Spring crops with assurance of enough lasting moisture.

Both the subsurface and surface soil was in such a dry state the precipitation was readily soaked up. The rain helped range grasses by making them more palatable and in some northern parts of the county the fall was enough for farmers to begin planting.

County Agent Charles Green, who had inspected quite a bit of the farm and ranch land following the rain, said most of the operators agreed the rain has done much to alleviate the drought. However, much more precipitation within the next month will be needed to get the rainfall up to average for the first four and one-half months.

**Annual Average**  
Last year the rain gauges reported 22.22 inches in Midland County. The annual average is a little over 16 inches. Rainfall in the county this year still measures below two inches for three and one-half months.

The area rains stimulated cattle trading. All agree that prospects look much brighter than they did a week ago.

George Glass, Midland registered Hereford breeder, has sold 18 head of registered bulls to three area ranchers. H. R. Henderson bought nine head for the Connell Brothers Ranch in Ector County; Cal Smith, Ector County rancher, got four bulls; and J. H. Tippett who ranches in Upton and Crockett Counties, purchased five head.

A Martin County farmer, Ford Pierce, has established approximately 63 acres of borders for flood irrigation, according to a report received from the Martin-Howard Soil Conservation District.

After the borders on the irrigated tract were constructed, Pierce deepened in between them to get uniform water penetration. His farm is located about four miles west of Tarzan.

Another farm operator near Tarzan, Ocie Smith, is preparing approximately 70 acres of level borders. He plans to seed this acreage to blue panic grass. The blue panic grass usually is planted in rows so that it may be cultivated for weed control and produce a more vigorous plant. Blue panic is seeded at a rate of from one to one and one-half pounds per acre. Smith also is a cooperator with the Martin-Howard Soil Conservation District.

A shipment of about 1,400 Russian olive seedlings which reportedly make excellent food and cover for wildlife—especially quail—has been received by the Martin-Howard Soil Conservation District. The tree produces a silvery olive which readily is eaten by birds. Already grown at Albuquerque, N. M., where the rainfall is no greater than in this area, the plant will make a small shrub

with no extra watering and will grow into a tree when watered. The trees should be planted in six-foot checks in protected areas where livestock cannot graze them and near pasture land where they will be available for quail. The plant previously has been grown in some areas for ornamental shrubbery.

The annual Big Spring Sheriff's Posse Futurity begins Sunday with 70 two-year-olds certified as entries in the \$10,000-plus purse affair.

Elimination trials are scheduled Sunday in both the quarter-mile sprint and the three and one-half furlong events. Finals are set for April 23. A full seven-race program will be held April 22.

Among the nominees for this year's races are Reticule and La Marka, King Ranch bred and currently holding a top spot in the national ratings following their successful campaigning at the New Orleans Fair Grounds Park. Owner E. H. Lane of Odem has both of these entries eligible in the two divisions.

Horse Shows at Sterling City and San Angelo are on tap for April. The Sterling City show has been set for April 22 and the San Angelo affair will be held April 29-30.

Nine trophies will be offered at the Sterling City Show. The San Angelo show will award prizes in six divisions. In addition, a purse of \$100 has been set for an open barrel roping and ladies barrel race for the San Angelo show.

Farmers of Andrews County now are hopeful of getting back a fraction of their government-scissored cotton acreage allotments. They are filing application for revision of allotments as a result of recent legislation authorizing more cotton acreage. Andrews County received probably the largest cut of any county in the state when the government announced a slashing of approximately 85 per cent of the area planted to cotton in 1949.

The new Carl Myers Memorial Rodeo Arena named for the late college rodeo performer who was killed at a Big Spring rodeo last August, will be the scene for the fourth annual Hardin-Simmons University Intercollegiate Rodeo April 27-29. Thirty Colleges from 10 states have been invited to send entries to the rodeo. Work on the Myers arena is nearing completion at a site near the H-SU campus in Abilene.

One of the top roping contests ever to be presented on the South Plains will be held Sunday at Levelland with a \$5,000 added purse available for the performers. About 30 Brahman calves are ready for some of the top ropers in the Southwest. A world's championship match, pitting Troy Fort of Lovington, N. M., present world's champion roper, and J. D. Holleyman of Ozona, is scheduled to top the roping bill. In addition to the roping events, a cutting horse contest, in which the

rider and the horse share equal honors, also is slated to take the spotlight in the Levelland arena. Boots Mansfield, Buster Cole and Roy Parks are among the ropers registered for the Levelland show.

The sale by A. E. Petty of a half interest in his ranch holdings seven miles southeast of San Saba has been reported here. Woodrow Wilson, Llano ranchman, was the purchaser. The purchase price reportedly was in excess of \$80,000. Petty's son, John Petty, is a Midland resident.

Farm land in Howard, Martin, Glasscock and Scurry Counties is being photographed for the U. S. Department of Agriculture. The Ohmann Photography Company of San Antonio, using a twin-engine Beechcraft, currently is taking aerial shots of the farm land to give a giant, aerial picture of the four-county area. The project is expected to require about six weeks.

A cattle-fattening experiment at Texas Tech College, Lubbock, has demonstrated the wisdom of buying calves in the Fall and having them ready when grazing is available.

The research project began in November, 1948, and has been conducted following three separate phases of feeding. Dean of Agriculture W. L. Stangel reported.

For 172 days the Winter stocking phase was in progress, and at the end the estimated gross profit was \$31.25 per head. The grazing of yearlings took 185 days, and an estimated gross profit of \$57.91 per head was recorded. Dry-lot fattening took 152 days, finishing with an estimated \$91.60 gross profit. Dean Stangel said final results of the project would not be available until the marketing report is obtained. He said the experiment was carried on longer than necessary to show the effect of the two South Plains Junior Fat Stock shows in Lubbock during March of 1949 and 1950.

Dr. A. W. Young, head of the plant industry department, and N. C. Dike, graduate student from Burk Burnett, also assisted with the experiment.

**Flu Cases Total 48; Chicken Pox Increases**

Influenza cases in Midland County last week totaled 48, a gain of one over the previous week. Dr. P. E. Sadler, director of the City-County Health Unit, announced.

Chicken pox continued on the increase last week with 35 cases reported. This represented a gain of 25 over the previous week. Mumps continued on the decline with only two cases reported. Seven pneumonia and two whooping cough cases also were reported.

**VISITORS FROM COLORADO**  
Mr. and Mrs. T. E. Holden of Pueblo, Colo., are visiting her mother, Mrs. S. Watson Miller, 710 North Main Street.

## Futurity Official

John V. Morrissey, Fort Worth, former Texas Racing Commissioner, will be presiding steward at the Second Annual Big Spring Sheriff's Posse Futurity, April 16-23.

## Wasp From India May Help Valley Citrus Growers

**HARLINGEN**—A little black wasp from India may be the knight in shining armor which will protect Rio Grande Valley citrus orchards from the dreaded black fly. This wasp is eretmocerous series. It attacks the black fly in its native India. Now reports Stanley Crockett of Harlingen, wasps have been brought to Mexico for experiments.

The black fly is prevalent in many Mexican citrus groves, but strict control measures have kept it below the Rio Grande.

Some of the wasps were brought into Mexico previously from Cuba but they could not stand the climate. However, climatic conditions in Mexico and India are similar and it is hoped the Indian wasps may stop the black fly threat.

**Chairman Of Committee**  
Crockett is chairman of the black fly committee of the Valley Chamber of Commerce and chairman of the research committee for the Texas Citrus Commission.

Crockett said if the wasps can survive in Mexico, they may clean up the dread insect before it infests Valley groves.

The Harlingen man said there was no point in bringing the wasps into the Valley as a preventive measure, since they would starve to death with no black flies for food.

As a further defense against the black fly, sprays and spraying equipment will be kept on a stand-by basis throughout the Valley in case the fly makes its appearance.

The Washington Monument was not completed until 36 years after its cornerstone was laid.

## Reeves, Loving 4-H Clubs Making 1950 Stock Show Plans

**PECOS**—Reeves and Loving Counties 4-H Club members already have started making preparations for 1950 stock shows by procuring stock for feeding projects.

Fifteen calves already have been secured. County Agent Jimmy Taylor said, with four more probably to go on feed within a short time.

Five Hereford calves were purchased for club members last week. They will be fed by Don and Charles Weinacht of Saragosa, Tony Rowe of Balmorhea and Arnold Turk and Mary Dale Miller of Pecos. Four of these calves were bred by L. A. Weinacht, Saragosa, with the fifth bred by Dallas Miller of Brady.

Club members who have had calves on feed for about a month are George Boyd and Ball and Joe Bryan. Their calves were bred by E. Hall on his ranch near Mentone.

**Other Club Feeders**  
Otis Lee Henson and Billie Jo Needles are feeding a calf bought from Fern Tatum of Monahans.

Doug Miller of Pecos and Ronny Rowe of Balmorhea each have a calf bought from David Combs of Marathon.

Priscilla Rowe of Balmorhea has one calf bought from Combs, and another bred by Charles Mitchell of Kermit. Bill Massee of Pecos has a Combs calf on feed now and is to get another from S. W. Estes of Monahans.

Maxine Oliver of Balmorhea is feeding a Shorthorn calf bred by J. L. Carr of Clint and a Hereford bred by Tom Russell of Menard.

Club members who plan to secure calves soon are Juan Carrillo of Balmorhea, Nattie Lee Gunter of Pecos and Sandra Ransome of Mentone.

The calves will be shown first at the Pecos Fall Fair and Festival. If they are in good condition, they probably also will go to the Fort Worth Fat Stock Show, and to other shows at El Paso, Monahans and Odessa.

Snails have been known to die for five years at a time.

## New Experiments To Be Conducted In Cattle Breeding

**AMARILLO**—(P)—Go away and get lost, little calf. We don't want you. Your papa was a second-rater at the feed trough. And that goes for your mama, too. So we'll bet you're no chow hound either.

That's what Texas cattlemen may be saying sometime next year when results of a proposed experiment are published.

Cattlemen long have known that calves will have much the same characteristics as their parents. This knowledge has built the great cattle breeding firms. It's brought fabulous prices for famous sires and dams. And by selective breeding, cattlemen can produce just about the kind of animals they want.

Now they will go a step further and seek to determine what breeding line produce calves which will gain weight most efficiently.

Already, Texas scientists have proved that the ability to gain weight rapidly is an inherited characteristic, like size and coloring. In the projected experiments they hope to determine just which breeding will produce the most efficient weight gainers.

**Start In November**  
The experiments will begin November 1 at Pantech Farms, northeast of here. They will be conducted by Texas Technological College and the Texas Agricultural Experiment Station.

Garland Smith, Amarillo Globe-News farm writer, reports in a recent issue of the paper that the objectives of the experiments are:

1. To determine comparative rates of gain of the offspring of individual sires.
2. To identify bull calves with the ability to gain rapidly when self-fed under uniform conditions. This rate of gain may be used in selection of animals for breeding purposes.
3. To determine heritability values of economically important characteristics in beef cattle.

The German poet Schiller was trained as a surgeon and once served as doctor to a regiment, according to the Encyclopedia Britannica.

## U. S., Mexico Slight Victory In Fight On Foot, Mouth Disease

**MEXICO CITY**—(P)—Mexico and the United States have victory in sight in their vast joint battle to rid Mexico of the dread foot and mouth disease among animals.

In three years the spread of aftosa—as it is called here—has been stopped and turned back. Experts think the disease has been licked, and it only is a question of time until it is wiped out.

But the campaign against aftosa is the biggest thing of its kind ever undertaken, with the unexpected often upsetting plans. Campaign leaders are waiting for final victory before announcing it.

Still, there is great optimism. Mexican Secretary of Agriculture told the annual meeting of the Cattlemen's Association "The aftosa problem is under control."

Another indication is the joint Mexico-U. S. Commission order to halt mass production of vaccine. Vaccine output has outstripped all goals set. When all vaccination is finished, the commission still will have a reserve of 14,000,000 doses.

Aftosa, which causes serious loss of weight in infected animals, cuts milk production, limits reproduction, and can kill young cattle, first was diagnosed in Mexico Dec. 26, 1946, in Vera Cruz State. By early 1947 it had spread like wildfire to the Texas border and 118 miles from Guatemala.

**Animals Slaughtered**  
The joint Mexico-U. S. Commission set up at that time fought back with the only known efficient method—slaughter of infected animals and of herds in which they were found. By the end of 1947 about a million animals, half cattle and half smaller animals, had been slaughtered, and \$28,693,527 paid to their owners for indemnities.

The mass slaughter threatened to wreck Mexico's cattle industry, and political repercussions were feared. Uneducated farmers in backward areas could not understand why their animals were being killed, and

## Local Livestock Auction Active Following Rain

Rain brought numerous buyers from a wide area to Midland's livestock auction sale Thursday, but cattle were scarce. Prices bounced back from a two-week decline, and the market was strong and active on all classes offered. Two hundred and fifty head of cattle and a few hogs were bid in.

Don Estes, manager of the auction, said he expected a much better selection of stocker cattle at the next sale.

Fat calves and yearlings sold for \$23 to \$25.50 and odd light weights went higher. One bunch of 14 white-faced heifers that averaged 430 pounds brought \$110 a head, and a package of 20 yearling steers averaging 507 pounds each, were bid in at \$24.50. Another group of 17 Brahman heifers weighing 420 pounds sold at \$105 per head, and a lot of 19 Brahman steers averaging 440 pounds went by the hundred for \$22.10.

Stocker steer calves and yearlings sold for \$23 to \$25.50 and odd light weights went higher. One bunch of 14 white-faced heifers that averaged 430 pounds brought \$110 a head, and a package of 20 yearling steers averaging 507 pounds each, were bid in at \$24.50. Another group of 17 Brahman heifers weighing 420 pounds sold at \$105 per head, and a lot of 19 Brahman steers averaging 440 pounds went by the hundred for \$22.10.

there were cases of armed resistance. Slaughter was abandoned in 1948 except in limited cases. A huge program of vaccination, disinfection and quarantine got underway and the program has paid off.

Up to now, aftosa has been wiped out in 43,655 square miles of infected area in Central Mexico. It has pushed back to 357 miles from the Texas border and 237 miles from Guatemala.

### Woes Of The Census Takers

Though they're out for the count, Uncle Sam's 150,000 census enumerators are not down yet. Here are some of the trials and tribulations encountered by these hardy pavement pounders in their temporary jobs of counting all 151,000,000 of Uncle's nieces and nephews.

"I'm not answering any questions," said an Eastern housewife as she conked the C-man over the head with a frying pan.

But here are the most common hazard, but one Philadelphia enumerator was bitten square on the nose.

A Seattle housewife grabbed the census forms and snatched out all the answers the C-woman had collected.

"Ask me now, I'll be just as drunk next week," said an Oklahoman when the census taker offered to call later.

This is the most frequent question put to the census workers at regional offices around the country. There's a reason.

In New Orleans, the census taker was chased by a flock of geese. Returning with her husband, both were routed.

### Bill Lee Again Is Monahans CC Head

MONAHANS—Bill Lee again is manager of the Monahans Chamber of Commerce. He succeeds Frank Mason who replaced him as manager of the organization April 1. Mason's resignation was accepted at a called meeting of Chamber directors Thursday and Lee was re-employed in the position. Mason is returning to Louisiana to enter private business. He formerly was manager of the Alpine Chamber of Commerce. Lee had resigned the Monahans Chamber post to enter the insurance business and will work part time in that field in the future. Mrs. Vaughn Macke was employed as office secretary.

#### ON DECLINE

It has been estimated that England's population soon will begin to shrink until, at the end of the present century, it will have decreased from 45,000,000 to 22,000,000.

## The Washington Merry-Go-Round

By Dew Pearson

Copyright, 1950, by The Associated Press. Dew Pearson says: Principles of North Atlantic Defense Pact not clicking—Western Europe hanging back on supplying troops; Senators shocked by Cain's trade against magazine reporter.

WASHINGTON—With U. S.-S. R. relations getting no better, a Latin incident, it's important to take a look at the present North Atlantic Pact is working.

That pact was founded on the idea that the United States would furnish the arms, Europe the men—for the defense of Western Europe.

It wasn't given publicity at the recent Hague meeting, but that principle isn't really working. In brief, Western Europe is hanging back about supplying the pact.

The French, usually considered the great reservoir of military power, told Hague conference they had an army tied up in Indo-China.

Other military powers, such as the British, also are having trouble with the pact.

It's a pity, because the pact is one of the best ways to keep peace in Europe.

But the pact is not working. It's a pity, because the pact is one of the best ways to keep peace in Europe.

It's a pity, because the pact is one of the best ways to keep peace in Europe.

It's a pity, because the pact is one of the best ways to keep peace in Europe.

It's a pity, because the pact is one of the best ways to keep peace in Europe.

It's a pity, because the pact is one of the best ways to keep peace in Europe.

It's a pity, because the pact is one of the best ways to keep peace in Europe.

It's a pity, because the pact is one of the best ways to keep peace in Europe.

It's a pity, because the pact is one of the best ways to keep peace in Europe.

It's a pity, because the pact is one of the best ways to keep peace in Europe.

It's a pity, because the pact is one of the best ways to keep peace in Europe.

It's a pity, because the pact is one of the best ways to keep peace in Europe.

It's a pity, because the pact is one of the best ways to keep peace in Europe.

It's a pity, because the pact is one of the best ways to keep peace in Europe.

It's a pity, because the pact is one of the best ways to keep peace in Europe.

It's a pity, because the pact is one of the best ways to keep peace in Europe.

It's a pity, because the pact is one of the best ways to keep peace in Europe.

It's a pity, because the pact is one of the best ways to keep peace in Europe.

Western Europe still apparently shy of the arms commitment necessary to hold back a Soviet attack, and with some private talk among European defense leaders that the United States would keep an army permanently in the continent.

Pugnacious Senator William H. Cullinane, D-Calif., started to beat the record by pulling his size 12 shoes off, but changed his mind when the little fellow stood his ground.

The rowdiness was started in Cullinane's office after a difference of opinion over whether the senator should be expelled.

The reporter, Frank McNaughton, had asked Cain about the eight-year-old scandal in which Cain had been convicted of a crime.

Cain, however, did not answer the question and merely called McNaughton a liar.

"I had in mind to pull a trick on you that would not break your face," Cain stated, his face livid with anger.

Jumping out of his swivel chair, the senator started around the desk. McNaughton jumped, prepared to get his head.

"If you get any tricks up your sleeve, you go ahead and pull them," Cain roared, his face livid.

Cain changed his mind, ordered McNaughton out of his office and proceeded to an adjacent room.

McNaughton was told amused colleagues that he was a "punching bag" for the senator's most expensive members.

The more he talked, the more the Washington press was convinced his listeners the senator was a liar.

Cain's defiance, Cain roared up in indignation in the press gallery, shouting, "I'm not a punching bag!"

Usually the reverse happens to the senator. McNaughton is an able, hard-hitting newsman.

Cain sank to a new low in his campaign. Lashing out from behind his congressional immunity, Cain called McNaughton a "4-F in America" and a "4-F in peace."

McNaughton has undoubtedly pronounced other men to die, but he has never stood on the sidelines and watched them die, harassment Cain.

"I'll bet even what had been my home to laugh in the face of this man," he observed. "I did not want to be him around physically because that would have been like punching a bag of mush."

Senators sat silent, shocked at the temperance of their Republican colleague from Washington.

Merry-Go-Round

Pierre Motta, madame minister to Luxembourg, is back in town after six months overseas—officially on a mission with Secretary of State Acheson. Real reason, however, is that he can talk President Truman out of an ambassadorship.

Alfred Eugene Anderson, of Red Wing, Minn., is ambassador to Denmark. The Joint Chiefs of Staff have sent Secretary Acheson a stiff memo asking that he stop the shipment of steel from Western Germany to Communist China.

High Commissioner McCloy had given his O. K. to the shipment of 15,000 tons of steel rails to China from German factories, but U. S. military men don't like it. Reminds them of the days when we sent oil and scrap iron to Japan.

The CIO is bringing 20 groups of unemployed from major U. S. cities to urge prompt government action to relieve growing unemployment.

Princesses seal their "marriage vows" with a kiss by rubbing their breasts together.
