

## SW Midland Opener Gets South Offset

General American Oil Company and associates are to start drilling in the near future at a new Ellenburger exploration in the "Sweetie" Peck field in Southwest Midland County.

## San Andres Tapped In Central Sterling

M&M Production Company has tapped the San Andres pay in Central Sterling County. Its No. 1 D. C. Durham reports a 24-hour pumping potential of 32 barrels of 33-gravity oil and no water.

## Scurry Link Pool Gets Second Well

Castleman & O'Neill and associates have completed their No. 2 Feldman & Pardo, as the second oil well in the Central-North Scurry County area between the Snyder field and the Cogdell-Canyon field along the Scurry-Kent County line.

## Gaines Pool To Get Deep Pay Exploration

Shell Oil Company has staked a one-quarter mile northwest offset to the only Devonian and Ellenburger producer in the Robertson multi-pay field in Southwest Gaines County.

## C-S Kent Wildcat Cuts Mississippi

Barnsdall Oil Company and Seaboard Oil Company of Delaware No. 1 Spire, Central-South Kent County wildcat, six miles north of the Cogdell-Canyon field, and 3,300 feet from north and 1,980 feet from west lines of section 22, block H&G survey, had reached 7,328 feet in lime and chert, and was making more hole.

## Mitchell Test Flows Ellenburger Water

Gulf Oil Corporation No. 1-E Jim Plaster, in the Dockery-Ellenburger area of Northwest Mitchell County, two miles southwest of Westbrook, and 1,880 feet from south and west lines of section 4, block 28, TP survey, T-1-S, tested at 8,196-8,200 feet, presumably in the Ellenburger.

## King Sand Yields Oil In S-C Runnels

A new discovery from the King sand of the upper Pennsylvanian has been indicated at Kingsford Oil Company of Dallas No. 1 Barnett, South-Central Runnels County wildcat.

This exploration had a recovery of 250 feet of free, 42-gravity oil during a drillstem test at 3,063-69 feet. The tester was open 45 minutes. Some gas came to the surface. There was no formation water.

An electric log survey has been run and operator is preparing to test casing to make a production test.

This venture was originally started to go to 4,800 feet to test the Ellenburger. It is two miles west of Ballinger and 860 feet from southeast and 330 feet from north-

## Love Affair Held Motive In Attempt To Wreck Airliner

LOS ANGELES—(P)—John H. Grant, 32, held in the attempted bombing of a plane carrying 16 persons, was placed under strict suicide watch Tuesday after it was found he had torn strips of cloth from his jail cell mattress in an attempt to make a noose.

LOS ANGELES—(P)—Love for a pretty red-haired airline stewardess was advanced Tuesday by police as a motive for the action of a young father who sought to kill his family by planting a time bomb on an airliner carrying them and 13 other persons.

Police Lieutenant C. E. Ream said Miss Betty Suomela of Hermosa Beach told him she was in love with John Henry Grant, 32, and at the approximate time Monday that he placed the bomb on an United Airlines DC-3 she thought he was appearing in court getting a divorce from his wife.

The stewardess, who is not employed by United, told Ream that Grant led her to believe he would marry her after the divorce. Ream questioned the stewardess after Grant drove her car to the airport. Ream said he was convinced the stewardess was in no way implicated in the case and that she would be released.

Grant lost his nerve at the last moment and no one was injured. Just as the blue and silver airliner was about to leave Los Angeles International Airport for San Diego, Grant ran to the ticket counter and screamed: "Don't let that plane take off! I just put a bag on it full of gas-line."

At the same moment a baggage handler loading the plane out on the field dropped a heavy suitcase. It exploded and flames flared up, singeing the man's eyebrows and hair.

The baggage man, Harold Mayer, quickly extinguished the flames and tossed the suitcase out on the ground. He opened it and found an alarm clock wired to ignite a box of matches which in turn would explode several gallons of gasoline contained in sections of an innertube. Only a small portion of the gasoline was ignited, however, and no one else was injured.

Detective Ned G. Losdson, who arrested Grant, said the onetime airport engineer told him (Continued On Page Nine)

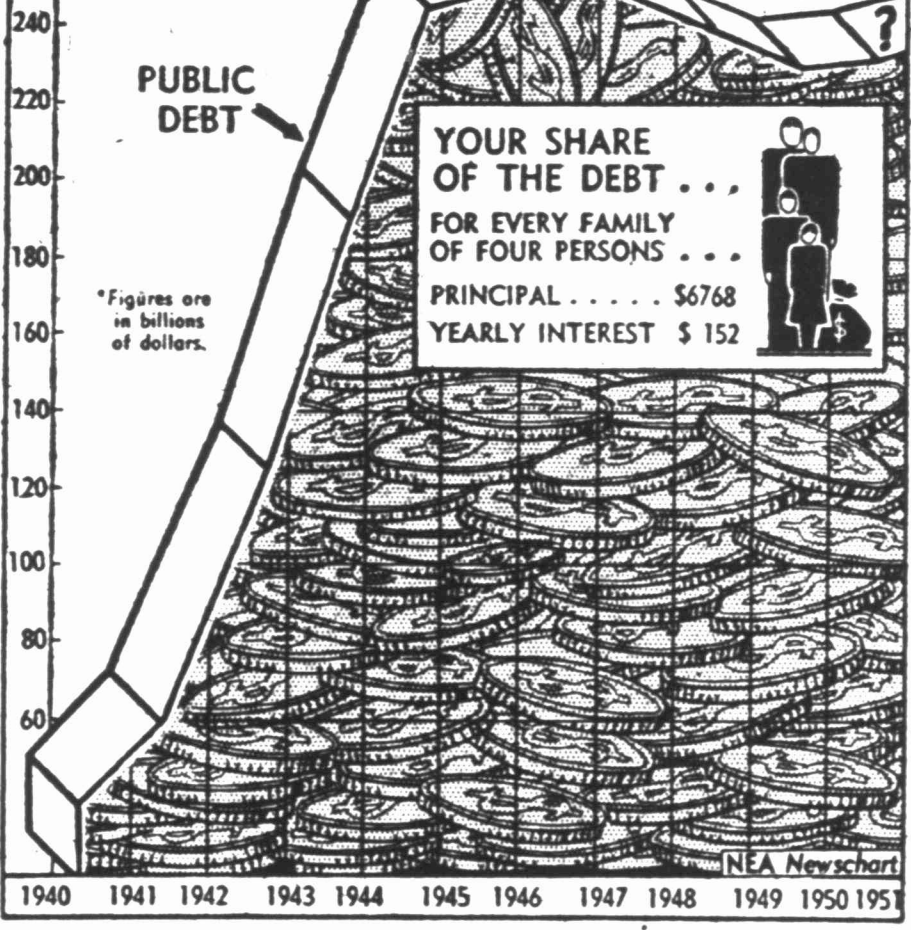

Chairman Doughton (D-NC) of the tax-framing House Ways and Means Committee told newsmen, "The prospects are not bright that the committee can produce a bill reducing excises—on such things as furs, jewelry, luggage, toilet articles, transportation and communications—and at the same time make up the revenue loss by larger collections elsewhere."

In a special message to Congress January 23, Truman called for a cut in excises, but he said he couldn't approve such cuts "unless they were accompanied by provision for replacement of the revenue lost."

Moreover, it looks now as though the Ways and Means Committee may call for excise reductions near \$1,000,000,000—far beyond what the President has requested.

The committee Tuesday resumed its closed-door efforts to get a bill into shape for House action. It has not met since the House began its Easter recess, and it may take the committee another month to draft the measure.

Lower The Ceiling?  
PRESENT CEILING \$275,000,000,000  
PROPOSED CEILING \$257,000,000,000

A group of House Republicans proposes a law to cut \$18,000,000,000 off the legal national debt ceiling, now fixed at \$275,000,000,000, in order "to force the Truman Administration to come to its senses financially." The Newschart above shows how the national debt skyrocketed during the war years, fell slightly during early postwar years and is now on the rise again. On March 31, 1950, the actual debt was \$255,622,574,315.

## IPAA Head Blasts Veto Of Gas Bill

Hitting at President Truman's veto of the Kerr National Gas Bill, J. Ed Warren of Midland, president of the Independent Petroleum Association of America, said Tuesday it is "time to stand up and be counted" in the fight against nationalization of industry in America.

Warren, in a prepared statement, defended the President's power of veto as a constitutional right, but questioned the reasoning behind his veto of the Kerr bill.

"The President's veto of the Kerr bill to amend the National Gas Act was an exercise of a constitutional right. The right itself is beyond question. The reasons for its exercise sometimes are not. In the present instance the action was wrong and the reasons were wrong. The President's action is a victory for those in and out of government who are pushing us toward nationalization. A step to nationalize the fuel economy now has been taken. Coal, Then Oil."

Warren corrected it is inevitable that the next will be coal and then oil and after that all the basic industries of our country. Already there are a number of proposals in Congress that would lead us down that road.

In his message the President did not contend that producers of gas (Continued On Page Nine)

## Discs? Sure! And Flying Bananas, Too

PORT WORTH—Now it's flying bananas! Ira Maxey, a veteran of 3,600 flying hours in the U. S. Air Force, said Tuesday he saw six of them Sunday plus something he believed to be a flying saucer. Moreover, he took pictures.

"They weren't moving fast and they appeared to be six or seven miles away," he said, "not like a saucer but more like a banana." The saucer looked real enough to him, he said. Maxey said the objects definitely were some sort of aircraft. The pictures showed they left vapor trails.

The seven whizzats were moving from the west to the northeast, he said. They appeared in two groups, he said, adding: "They were moving in and out of a thunderhead. After I saw the first group of three, I called to my wife for the camera, and then took pictures of another group that appeared."

## Admiral Supports Russian Sub Rumors

SAN FRANCISCO—(P)—The commander of the Western Sea Frontier said Tuesday it is quite likely Russian snorkel-equipped submarines have been operating recently off the Coast of California.

Adm. George D. Murray, pointing out that such submarines "have a perfect right to do so," added: "Only by courtesy do nations announce their training visits in foreign waters. You couldn't expect that from the Russians."

## Arguments Studied On Whether To Cut Passenger Service

AUSTIN—(P)—The Railroad Commission Tuesday had under study formal oral arguments on whether the Panhandle and Santa Fe Railway Company should be permitted to discontinue its San Angelo to Fort Stockton passenger train.

The arguments were presented Monday by counsel for the company and for protestants of the discontinuance. Pecos County Judge W. A. Hadden of Fort Stockton challenged the form of company showing of financial loss on the lines as represented in statements by the company at San Angelo and Big Lake public hearings.

"Neither the protestants nor the Railroad Commission have been permitted to examine the company's books," he said. "I contend that they are the best evidence and those of these company statements."

Lewis Jeffrey of Amarillo, counsel for the company, countered that the company's books would bear out the statements and that they were open to the Railroad Commission's examination at Amarillo.

Jeffrey argued that protestants' claims that necessity of the trains for public service was not a consideration when a clear showing of out-of-pocket loss is shown. He argued, however, that bus and truck lines would prevent any public inconvenience.

Commission Chairman William J. Murray, Jr., and Commissioner Ernest Thompson heard the arguments.

## Loyalists Reply Claims Bomber Shot Down At Sea

TAIPEI, FORMOSA—(P)—Chinese Nationalists said Tuesday their planes killed more than 2,000 Red invaders of Hainan Island on invasion craft and beaches.

Nationalist ground forces claimed Monday's fighting. Nationalist ground forces claimed the 10-mile wide, fighting back on the ground, sea and in the air, continued the battle Tuesday against more than 7,000 Red invaders who have established two beachheads.

Nationalist Air Force planes were attacking the Reds on the beaches, reports from Hainan said.

The Red armada moved across the 10-mile wide, fighting back on the ground, sea and in the air, continued the battle Sunday night. The Nationalists said their warships attacked the junk fleet, sinking scores of the troop-laden craft and scattering others. The Nationalists claimed half of the 200 Red craft were sunk or prevented from accomplishing their mission.

At the rest of the Red Force landed on Hainan's north coast. The Nationalists said 6,000 to 7,000 seized a beachhead on Limko Cape (Continued On Page Nine)

## Director Of Arms Aid Program Quits

WASHINGTON—(P)—James Bruce, director of the billion dollar arms aid program, has submitted his resignation to President Truman.

This became known Tuesday, along with his reason: the businessman-diplomat wants to return to private life.

At the same time, the President is reported to want Bruce to take on the job of ambassador to Britain when Lewis Douglas quits. Douglas has been American envoy of Britain for the last three years but recently has been in ill health.

He returned to his post several months ago at the President's request with the understanding he would quit later this year.

Bruce has served as arms aid boss for the United States since last September 15. As arms aid director, he supervised the arrangements for shipping weapons and military equipment to 13 foreign countries, including the Western European North Atlantic Pact nations.

## Deaths Give Hint Of Red Party Purge

NEW YORK—(P)—Moscow has announced, in the last half year, the deaths of 15 Russian generals and admirals—some of them rather young.

The appearance of such obituaries so frequently in the Soviet press naturally arouses speculation in the West over the possibility of a new purge in the Soviet Union. However, there has been no hint in the advices which pass through Moscow censorship that a purge actually is under way.

Even if the Soviet press has reported all the deaths of the top military brass, a rather high mortality rate is indicated, particularly when a number of the officers were in the forties.

Other high-ranking Soviet functionaries also have passed away recently. They include Peter Anurov, a counselor first class in the Soviet Foreign Ministry. His age was not given in the March 5 death notice.

Alexander Petukhov, deputy chief of the Communist Party Central Committee Organization Bureau, died April 13. His age was not given. Scientist Nikolai Luzin died suddenly March 3. He once was under fire on a charge of being servile to the ideas of Western scientists.

Last week the Berlin newspaper Tagesspiegel published a report Major Gen. Pavel Kvashnin, former railway chief in Germany, killed himself and his family when he was caught trying to escape from Poland (Continued On Page Nine)

## Fort Worth Drill Team Wins Contest At El Paso Conclave

EL PASO—(P)—Worth Commandery No. 19, of Fort Worth won the Texas Knights Templar drill team contest at its 1950 annual conclave here Monday.

The conclave opened Sunday afternoon and will continue through Wednesday.

Approximately 800 delegates and visitors attended a chuckwagon luncheon in the "corral" of the Scottish Rite Temple Monday noon. The drill teams performed Monday afternoon.

A memorial service was held Tuesday morning, with John Temple Rice of Chicago, eminent recorder of the Grand Encampment of Knights Templar, U. S. A., as the speaker.

R. B. Cowden of Midland, right eminent grand commander of the Grand Commandery of Texas, is presiding at the conclave sessions.

The Midland Commandery No. 84, Knights Templar, is the co-host with El Paso to the convention.

## Butler Is Director Of Good Roads Group

AUSTIN—John P. Butler, Midland banker and a past president of the Midland Chamber of Commerce, has been elected a director of the Texas Good Roads Association, Col. Ike Ashburn, executive vice president, announced Tuesday.

He will be installed at a meeting of the TGRA executive committee with the Texas Highway Commission April 29 in Austin.

Butler is chairman of the Highway Committee of the Midland Chamber of Commerce and is one of the area's leading good roads enthusiasts.

## George H. Pruter, Public Accountant, Dies At Home Here

George Henry Pruter, 62, Midland public accountant and former business manager of the City of Houston, died of a heart ailment at 3 p.m. Monday at his residence, 1510 West Missouri Street, here.

He was born Sept. 17, 1887, at Carroll, Iowa, and moved to Midland from Dallas in 1918. He was engaged in general accounting work here.

As business manager of Houston from 1929 to 1932, Pruter supervised, under former Mayor Walter E. Monteith, all departments of the city except the fire, street and bridge, tax and water departments.

He was in the Producing Department of the Texas Company at Houston for many years, as assistant department agent. He also served as auditor of that department. He left the company about 1919 and engaged in accounting profession after his years of public service in Houston.

Long active in Masonic circles, Pruter was a past potentate of the Arabia Shrine Temple at Houston. His only daughter is the widow of the late motion picture actor, Lionel Atwill. She resides in Santa Monica, Calif., and was to arrive here Tuesday.

Funeral arrangements are incomplete, but services tentatively are scheduled to be held Thursday in Midland. Interment will be at Orange, Texas.

The family requests that friends not send flowers to the funeral services, but that instead contributions be made to the Crippled Children's Society or other favorite, charitable institution.

Movie Fur Designer Does Not Carry Mink 'Tales'

By ERSKINE JOHNSON  
NEA Staff Correspondent

HOLLYWOOD — BEHIND THE SCREEN: A movie fur designer received a letter from a movie queen whose spelling isn't what it should be. The letter read in part: "Please let me know if you carry mink tales."

Teitelbaum dictated this straight-faced answer: "No indeed. I always make it a point to keep my mouth shut about such things."

Billy de Wolfe and songstress Amy Ameil, who dreamed of a rose-covered cottage last year, won't be getting hitched after all. "I was out playing night clubs and theaters for five months," Billy said, "and during that time Amy married somebody else."

Billy plays a dud-in-the-wool heel instead of a stuffed shirt in the musical "Tea for Two." He said: "I make love to Doris Day and all I want is her money."

Sultry, black-eyed Laurette Luez is the harem girl who brings out the old Adam in Errol Flynn in "Kim." Laurette, who is going to the hitching post with Sam Goldwyn, Jr., told me:

"Errol and I play our love scenes through the window and do not kiss. But we took stills embracing each other. They asked me if I enjoyed working that way with Errol and I told them it was very, very disturbing, to say the least."

Mitzi Green, the kid star grown up, would rather talk about hubby Joe Penney, who is directing "The Magnificent Heel" at U-I than about Mitzi Green.

But she broke down and said: "I'd like to play Sophie Tucker's life story on the screen. I've talked to Sophie about it and she's all for it. M-G-M once had an option on the story. My idea is to

play Sophie up until the age of 45, then let Sophie take over and finish the picture."

Guess Who?  
Hollywood insiders, Virginia Field tipped me off, will recognize the ringmaster she plays in M-G-M's "The Violent Hour."

"I kept asking John Monks, the writer, and Gerald Mayer, the director, all kinds of questions about the character," she said. "Finally they called me to one side, whispered the name of the girl about whom the character is based. That was all I needed. I knew the girl."

Her description of the girl: "She drinks because she's bored and she likes men and martini. In that order, too. She comes from a good family, went to good schools and she's a real bum."

Blonde Virginia has been away from the Hollywood greatcamp for two years, but she kept busy with her stage work in "Light Up the Sky."

"Tallulah Bankhead screamed her head off that the part I was playing was herself, Gertrude Lawrence did, too. For a while everybody was screaming and swooning and threatening to sue me, the producer, the playwright and even the theater clean-up woman."

Unfair To Musicians  
Andre Previn developed palsy when I asked him if he thought the zither music in "The Third Man" would start a one-instrument trend in Hollywood. "I'll be out of a job if it does," he answered. "Can you imagine 'Samson and Delilah' with a one-flute musical score?"

Wayne Morris and his wife beamed when I asked about the recent delivery made to their home by the stork.

"She's a wonderful redhead with all the accoutrements that go with it," Wayne grinned. "Her name is Melinda Melanie Morris and you can just smell 'Gone With the Wind.'"

More gore department: Marshall Thompson, as a fiendish killer in MGM's "Standoff," puts bullets into a bus driver, a bartender, a waitress, a policeman and a psychiatrist. "Nice clean-cut guy," says Marshall.

Eloped?  
(NEA Telephoto)  
Joyce Irene Green, 18-year-old chain store heiress, missing from an exclusive Greenfield, Mass., school since April 14, may have eloped with Juan Gonzales Cuevas, 22, son of a Cuban industrialist, police believe.

Germans Studying U. S. Unions Can't See Much In Future

WASHINGTON—(NEA)—If the dismantling of German war plants had been done quickly, right after the war, the morale of the German workers would be much better today.

That's the report of German labor leaders who have been brought to the U. S. for a look at the operation of unions in the American democracy.

As it is now, with unemployment one of Germany's meanest problems, the average worker can't help but feel bitter and hopeless as he watches the slow Allied dismantling program.

Otto Sperring, a labor press editor who spent most of the time during the Nazi regime in prison because of his labor activities, gives this explanation:

Can't Understand  
"If dismantling had been done immediately in 1945 the German worker would have accepted it as a fact and would have forgotten about it. Now we are told that the occupation authorities want to help unemployment at the same time they are creating it. Some of us can understand it. The average German worker can't."

The average worker, he tells, lives only from day to day, not thinking about the hopeless future, thankful for what little work and improved living conditions he can find. The few who do face the future believe that the best they can ever get for their country is a semi-independent status as a state in a United States of Europe. This hope is spreading fast, however, among the workers, Sperring says.

All the visiting labor men agree that the 8,000,000 workers who have escaped from the Russian zone constitute the most serious part of the unemployment problem.

Many Kinds Of Jobs  
Even in normal times the Allied section couldn't have supported such an influx of labor.

One million inhabitants there have various kinds of jobs. But more than one-quarter of a million can find no work. For some reason, since the end of the airlift, the unemployment problem has grown worse in Berlin.

Outside of the German capital there are 18,000,000 persons working with 1,300,000 jobless.

There is a great deal of doubt among the Germans as to whether the present government that has been set up by the occupation will give them democracy as it is known in the U. S.

None of the visitors seemed very enthusiastic about the chances of it succeeding. In fact, they had little enthusiasm about much of anything for the future.

Woman Gets \$1,300 Monthly Alimony

LOS ANGELES—(AP)—Mrs. George H. Stoll, 78-year-old wife of 63 years, has refused to become reconciled with her 84-year-old wealthy husband. Superior Judge Elmer D. Doyle awarded her \$1,300 monthly temporary alimony Monday after he failed to bring the couple into agreement.

Stoll, who accumulated a fortune in coffee and real estate, was willing, but Mrs. Stoll, in court in a wheel chair, refused and broke into sobs.

She has asked for \$2,300 monthly in a separate maintenance suit.

## Mrs. Brunson Reviews Book For Council

Mrs. Glen Brunson reviewed the book, "Prince of Egypt," Wilson, following a luncheon at the Women's Council of the First Christian Church Monday in the church.

The book is a story of the life of Moses. An arrangement of gold and blue iris appointed the luncheon tables.

Guests for the luncheon were the Rev. Roy E. Curtis of Texas Christian University, Fort Worth, and the Rev. Clyde Lindsley, pastor. Members present included Mrs. J. R. Robinson, Mrs. Laddie Harp, Mrs. Jarvis Salmon, Mrs. B. H. Spaw, Mrs. Woodie Elkin, Mrs. Ella Ragsdale, Mrs. D. B. Snider, Mrs. Hilory Bedford, Mrs. G. W. Brennehan, Mrs. J. C. Hunter, Mrs. J. Roy Jones, Mrs. Charles Klapproth, Mrs. Paul Oles, Mrs. Van Camp, Mrs. Clarence Symes, Jr., Mrs. C. R. Webb, Mrs. E. D. Riddle, Mrs. E. N. Gideon, Mrs. S. P. Hall, Mrs. J. H. Elder, Mrs. Paul Martin, Mrs. Henk Conkling, Mrs. Wayne Moore, Mrs. R. H. Frizzell, Jr., Mrs. Tom Campbell, Mrs. Lindsley, Mrs. Paul McHargue and Mrs. Wade Heath.

Mrs. Symes will lead the study of the book, "Christian Happiness in the Home," at 3 p.m. next Monday in the church. Members will pack old clothes for shipment.

## Illustrated Review Given For Sunbeams

A farm scene composed with toy animals illustrated the second chapter of the mission study book, "The Farmer Twins," Anne Crittenden, which was reviewed for the Sunbeam Bands of the First Baptist Church Monday afternoon. Mrs. Roy Herrington, counselor, gave the review in the church.

Mrs. William Woods, another counselor, assisted the children to make tithing puzzles. Refreshments were served to Deanie Soper, Sammy Spier, Celja Craft, Billy Wayne Godwin, Vicki Dill, Roberta Sue Taylor, Diane Hartman, James Thacker, Edwin Thacker, Thurman Pylant, Gretchen Schaubert, Beverly Burkett and Ann Wright.

## Asbury Women Talk Of Training Course

Plans for the Vacation Bible School Training Course, which will be held at 9:45 a.m. Wednesday in the Asbury Methodist Church, were made at a meeting of the Women's Society Monday in the church. Mrs. J. P. Carson, Jr., gave the last lesson from "Missions at the Grass Roots."

Mrs. Wayne Keener of Lubbock was a guest. Members present were Mrs. Edgar Tanner, Mrs. George Lawless, Mrs. Clyde Gwyn, Mrs. Preston Pirtle, Mrs. John Henderson, Mrs. Albert Russell, Mrs. Harrison Bickley, Mrs. George Damron, Mrs. Carmel Pirtle, Mrs. J. A. Andrews, Mrs. Lenell Hester, Mrs. Dennis Ford and Mrs. Theo Ferguson.

## Slides Are Shown To Painting Group

Color slides taken from the student work of Ralph Pearson's "Design by Mail" were shown by Mrs. W. M. Thompson at a meeting of the Contemporary Painting Group of the American Association of University Women and the Midland Palette Club Art Center Monday night in the Palette Club Studio.

Pearson, who for the past year has been teaching art at the University of Texas, is recognized by AAUW and Texas State College for Women as the one man who can teach art by mail.

After the slides were shown, Roger Coverly discussed "Perspective" for the group. Attending were Mrs. L. C. Thomas, Marian Meadors, Mr. and Mrs. Addison Young, Mrs. R. S. Boardman, Mrs. Jack Anderson, Lucy Moore, Inez Parker, Mrs. Frederick L. Conyers, Mrs. Burl Guyton, Mrs. J. C. Haslam and Mrs. R. L. Clarke.

## Civic Music Club Invites Public To Unusual Program

Beethoven's "Sonata in F Minor, Opus 57"—the "Appassionata"—will be the first number on the Civic Music Club's "Music for the Connoisseur" program at 8:10 p.m. Tuesday. The program will be held in the North Elementary School Auditorium. The public is invited to attend.

A slate of officers for the 1950-51 year will be presented and voted on. Mrs. Sam Geffen will play the "Appassionata," written in 1804 and often called the noblest of Beethoven's piano sonatas. The first movement is a night piece, a picture of violent emotional conflict flecked with bright interludes.

**Chopin "Nocturne"**

The "Nocturne in C Minor, Opus 48, No. 1" by Chopin, which Mrs. Frank Miller will play, is the broadest and most impatient and dramatic of this series. It has stirring moments and the middle movement is a departure from the accepted form.

Another Beethoven number will be the "Quintet, Opus 29" by the Silver Strings. A second viola was unavailable, and the group substituted a string bass.

Mrs. Geffen will play the "Seguidilla" from "Carmen" by Bizet. In the opera, the "Seguidilla" comes at the end of Act One, after Carmen, the Gypsy, has been arrested by Don Jose and ordered to jail by the lieutenant. While the lieutenant is preparing the necessary papers, Carmen and Jose go to the square, where she sings the "Seguidilla" to him, suggesting a rendezvous.

The first of Mrs. Frank Thompson's two numbers will be "O Mio Bambino Caro" from "Giovanni Schicchi" by Puccini. This is one of three one-act operas by Puccini first presented in triplicate in 1918 in the Metropolitan Opera House.

Mrs. Thompson also will sing "Marie Antoinette Song" by Jacobson. Mrs. Miller will accompany her. Jeannine Blank will sing selected songs, also accompanied by Mrs. Miller. Mrs. L. S. Meizer will be program leader.

## Officers For Crane P-TA To Be Chosen

CRANE—Officers for the next term will be elected in the Elementary Parent-Teacher Association at a meeting at 3:45 p.m. Thursday, after a report by the nominating committee. Mrs. S. S. Bannan, president, and Mrs. W. B. Gunn will report on the district conference they attended in Ozona last month.

"Your Pre-Adolescent Child" will be the program topic. J. B. Strickland will discuss "Character Building," Mrs. Quay Clark, "Reactions," and Mrs. Ethel Owens, "Health."

play the string bass and to counterbalance the weight of this instrument, two violins will be used on the second violin part. The different clef and part that the string bass will take make a tonal difference, since the instrument's lower register will not be used.

The quintet is a gay, light selection in C major. Mrs. Benton Howell will play first violin, Mrs. Turner Wynn and Mrs. Warren Scooby the second violin part, Mrs. E. S. Hitchcock the first viola, Mrs. C. F. Henderson the cello and Mrs. Geffen the bass. This will be the Silver Strings' last appearance this season.

**Hull Elected Youth Center Council Head**

H. Winston Hull was elected chairman of the Adult Council of the Midland Youth Center at a council meeting held Monday night in the center building. He succeeds Raymond Leggett, who remains co-chairman.

Other new officers are Elizabeth Williams, secretary, and Mrs. O. L. Stalcup, historian. These officers were from a slate presented by the nominating committee.

Hull appointed Mrs. E. A. Culbertson, Frank Wood, Jr., W. F. Blackman, the Rev. R. J. Snell and Mrs. J. J. Black as members of a committee to obtain a permanent director for the center.

It was voted to hold adult council meetings at a time and place which will not interfere with the activities of the center. The council approved the appointment of a junior council by the director, Mrs. Ray Gwyn.

## Mrs. Burris Leads Calvary WMU Study

"Presses That Work For God" was the topic of discussion in the Calvary Baptist Woman's Missionary Union meeting Monday in the church. Mrs. Hoyt Burris was the program leader.

Mrs. J. C. Crowe presented the devotional message. Those on the program included Mrs. A. E. Bowman, Mrs. George Griffin, Mrs. Glenn Stewart, Mrs. L. P. Mitchell, Mrs. W. G. Flournoy and Mrs. B. L. Mason.

It was voted to help send high school juniors and seniors to Hardin-Simmons University for High School Senior Day.

Others present included Mrs. J. D. Robbins, Mrs. A. L. Teaff, Mrs. Nancy Tisdale, Mrs. Brodie Caudie, Mrs. J. B. Jordan, Mrs. Preston Vest, Mrs. Meeks, Mrs. Dawkins and Mrs. Ward.

## Benefit Canasta Party Arranged In Committee Meeting

Final arrangements for the canasta party which the Business and Professional Women's Club will sponsor Friday night in the City-County Auditorium were made at a committee meeting Monday night in the home of Ruth Donnell, chairman.

The party will be one of a series of benefit entertainments which the club is sponsoring to aid the Woman's Club Building fund. It is open to all who wish to play and will start at 7:30 p.m. A number of prizes will be awarded.

Members of the hostess committee with Mrs. Donnell are T. K. White, Cordelia Taylor, Glenyth Herring, Thelma Gardner, Neta Stovall, Bess Thurman, Alberta McInnes, Winifred Estill and Mary Elder.

## One Circle Names Officers; Others In WSCS Have Study

Officers were elected by the May Tidwell Circle of the Woman's Society of Christian Service of the First Methodist Church and other circles continued the study of the book, "Japan Begins Again," in their meetings Monday.

Mrs. O. L. Crooks was elected chairman of the May Tidwell Circle at a meeting in the home of Mrs. George Peters. She succeeds Mrs. Charles Shaw and will take office in June. Other officers include Mrs. George Peters, vice chairman; Mrs. C. C. Myers, study leader; Mrs. G. C. Merket, secretary, and Mrs. Lionel Craver, treasurer.

Mrs. Craver, assisted by Mrs. Shaw, Mrs. Crooks and Mrs. Howard McKay, presented the study from the book "Women of the Bible."

Other members present included Mrs. H. S. McFadden, Mrs. Jack Doran, Mrs. Charles Ervin, Mrs. Earl Conners, Mrs. J. R. Storey, Mrs. O. R. Cockrell and Mrs. Guy Creighton.

Mrs. Iva Noyes was hostess to the Winnie Prothro Circle in her home. Mrs. C. W. Post gave the devotional message and led the study. Others taking part on the program were Mrs. J. L. Thorpe, Mrs. W. B. Hunter, Mrs. W. M. Ford, Mrs. R. R. Russell, Mrs. R. D. Myers, Mrs. N. G. Oates and Mrs. W. F. Schaefer.

Mrs. E. A. Crisman, president of WSCS, was a guest. Other members present were Mrs. L. C. Stephenson, Mrs. Jess Miles, Mrs. A. B. Stuckney, Mrs. George Thompson and Mrs. Jack Anderson.

The study in the Belle Bennett Circle was presented in the form of a skit written by Mrs. Terry Tidwell. Mrs. Fred Barber was hostess.

Taking part in the skit were Mrs. G. P. Bradbury, Mrs. E. O. Messersmith, Mrs. J. L. Tidwell and Mrs. Barber. Mrs. Terry Tidwell gave a talk on the superstitions, customs, proverbs and humor of the Japanese people.

Mrs. Hattie opened the study with a devotional message.

Announcement was made of the observance of the Mid-Century Quadrennial Assembly of Methodist Women in Cleveland this week. The members were instructed to observe this with individual meditation between 1 and 1:30 p.m. Tuesday.

Mrs. Robert M. Turner was a new member. Others present included Mrs. Jack W. Goddard, Mrs. J. L. Barber, Mrs. Phil Schaubert and Mrs. H. A. Norwood.

The Mary Scharbauer Circle met with Mrs. Oliver Haag with Mrs. Tom Curtis assisting as a hostess. Mrs. Norman Maberry led the study, assisted by Mrs. H. E. Cummings, Mrs. Stacy Allen and Mrs. Bob Baker. Mrs. E. R. Andres gave a prayer. Mrs. R. T. German, Mrs. Otis Ligon and Mrs. C. J. Stewart also attended.

## Campbell-Clack Engagement Told

ANDREWS—Entertaining with a coffee in her home recently, Mrs. T. Knox Campbell of Talpa announced the engagement and approaching marriage of her daughter, Knoxine, to Jimmie Clack, son of Mr. and Mrs. H. E. Clack of Andrews. The wedding will be solemnized at 7 p.m. May 29 in the First Baptist Church, Coleman.

Miss Campbell, chemistry and general science teacher in Andrews High School, was graduated from Hardin-Simmons University and taught two years in Sterling City schools before she came to Andrews. Clack is a graduate of Andrews High School. During World War II he served with the U. S. Navy in the Pacific Theater. He now is a student at Texas Western College at El Paso.

Dorcy Post, Jo Ann Croom and Janice Coonrod of Andrews were guests at the announcement party.

Pure (?) Politics

President Truman's veto of the Kerr Natural Gas Bill, another direct slap at free enterprise, was quite a shock to his staunch supporters who sponsored the bill and who have worked closely with the President in many of his pet legislative programs.

The fact that the bill reportedly was drafted according to White House specifications, with the supposed blessing of the Chief Executive, must have made Truman's action all the more shocking to his close "friends and advisors" from the Southwest.

The President's action, however, was not too surprising to those who have taken the time to observe his line of thinking and acting in the past. The veto of the bill merely points up more clearly the two things which apparently are uppermost in the mind of the President—(1) government control and (2) votes.

Friendships and prior commitments go out the window when controls or votes are involved. Friends and associates would do well to remember this.

The President, in vetoing the Kerr bill, said he believed passage of the legislation "would not be in the national interest." That is one man's opinion—stimulated by well-placed and vicious propaganda coming from thickly populated centers of the North and East.

The President had been assured again and again that the purpose of the Kerr bill was not to increase the price of gas to the consumer, which was the chief objection of the bill's opponents.

But, the damage now is done and there is little need to discuss the Kerr bill further. We must look to the future.

It is encouraging to note that other legislation designed to accomplish a purpose similar to that of the Kerr bill now is in the planning stage and may be introduced in this session of Congress.

Providing the proposed legislation is in line and providing it is designed to staff off further encroachment of the oil and gas industry by federal controls, all Texans, and particularly, those residing in the Permian Basin Empire, would do well to make its passage their No. 1 legislative endeavor.

The oil and gas industry is one which does not require regulation or control from Washington—in fact such control likely would hinder its orderly development. Yet, the Kerr bill veto is a step toward the government's taking over an all-important industry, which is vital to the economy of Texas and the Southwest.

It is a constant fight! We must not relax!

According to scientists, anger impairs the vision. No wonder people get so mad they can't see straight.

The woman who doesn't know where she is going but is on her way is learning to drive.

Eagle Over The Baltic

DREW PEARSON ON THE WASHINGTON MERRY-GO-ROUND. Copyright, 1950. By The Bell Syndicate, Inc.

Drew Pearson says: Iran, key to Near East, veers toward Russia; Truman protects losers at presidential poker parties; Chilean communism depends on U. S. copper tax.

WASHINGTON—Despite the red carpet rolled out for the likeable young Shah of Iran during his lengthy visit to the U. S. A., alarming diplomatic dispatches from the Near East indicate that Russia is getting closer to taking over his vital, oil-rich country.

Other big copper companies—Anaconda and Kennecott—are less interested in the excise tax because they import from Chile as well as mining copper in the U. S.

When government notables slip into the White House to board the presidential yacht, Williamsburg after dark, it isn't always to discuss problems of state but more often to play poker.

In fact, for White House sessions are more secret than the President's poker parties. He invites only the most intimate friends to sit at his table.

Truman enjoys playing with wild cards, particularly with the low-hole-card wild. He also is fond of a game he calls "Bugsy Veterans" named in honor of Chief Vinson.

The President likes to play for fun, gets no kick out of letting the stakes run high and the game get grim. Sometimes at Key West recently the stakes were around \$400.

To take care of losers, Truman taxes five to 10 per cent of each stake which is put into a special kitty; and when a losing player goes broke, he is entitled to a free grant from the kitty.

Most presidential poker sessions are held on the Williamsburg after dark. The President doesn't let them drag much past midnight, however, because he is an early riser.

When the poker chips are flying and the presidential bourbon is flowing, the President forgets his burdens, and for a few hours becomes just plain Harry again.

JACOBY ON BRIDGE

By OSWALD JACOBY Written for NEA Service

One of the favorite mistakes of the average bridge player is to overcall on a hand that is weak in playing strength. When the opponents are on their toes, such overcalls often lead to disaster.

about increasing imports from Europe. None of these jobs, however, is the job which Gray really wants. He told his last Pentagon press conference that his greatest ambition was to be postmaster of scenic Roaring Gap, N. C.

White House reporters who accompanied the President to Key West for his vacation one night told Presidential Secretary William D. Hassett on a tour of the town's night life. They saw the tired strip leasers and the other things it doesn't take much to amuse a sailor.

As quietly as possible, Munitions Board has removed black pepper from the list of critical materials. It has been stockpiling. The board has a good reason to be re-located about this. Pepper was believed to be a strategic material without which canned nea could not be made edible for armed service rations.

Economists have coined a new name for the present high unemployment. It is called "prosperity unemployment." Business is good, profits are high, but the people without jobs still number more than 4,000,000, which is double what heretofore had been regarded as normal maximum unemployment under full employment conditions.

There have been all sorts of insurrections and one newspaper has explained now has been made. The order was given to Walter Reed Hospital that "General Bradley wants an ambulance." Orders at the big Army medical center's garage are for a four-star general rates a Cadillac ambulance.

Recent expulsion of American newspaper correspondents from Czechoslovakia is in line with what the Russians have been doing to U. S. newsmen in Moscow. Only the balance of lesser plunk, standing aside in the garage, but it wasn't considered suitable for General Bradley. So they waited till the Cadillac came back.

Although American Legion's "Tide of Toys" program spread much good will for the U. S. throughout Europe, it hit a sour note in Germany. The German toy industry is just beginning to get back on its feet. German toy manufacturers feared that the Legion program would hurt the toy market throughout Europe.

It seems clear that the effort of one of the unpublished agreements arrived at in Moscow, the "Windsor Declaration," is the preeminent right in China's strategic western province (Sinkiang). Secretary of State Dean Acheson.

So they say

I'm laughing at those Paris stylists who are urging women to wear dresses that are straight up and down in front. What are we supposed to do—lie underneath a steam roller every morning?

There are several unique factors. Productivity in industry is increasing about two to four per cent a year. This cuts down on the number of workers retired by a corresponding percentage.

One curiosity in unemployment figures was that while almost all of the February graduates apparently found jobs, some 300,000 women workers dropped out of the labor force. Employment experts now are trying to find out where these women went, and why?

Big, white-haired James L. White, major contributor of the Washington press corps and correspondent for Buffalo Evening News, now is recovering from a broken leg. He sustained the injury in mounting a speaking platform against Gen. Omar Bradley's steps collapsed under him and he fell to the floor.

Andre le Blois had joined them now, and seeing Piers as he stood in the midst of the little group of gay young people, Clemency felt that she was glumming yet another person who was in his line. He seemed altogether younger, less constrained. And he was very attractive to look at.

"If we are going to watch the sunset we had better go, Miss Norton," observed Hamish. She hesitated. "Perhaps Colonel Amberley wants to get away?"

"No! Let us see the sunset by all means," said Piers. "DERHAPS that was not exactly what Hamish had meant, but soon they had all climbed to the flat roof and were looking towards the West where the sun was disappearing in superb splendor, leaving the sky splashed with streaks of many hues."

"Hollywood never did anything better," murmured Hamish, leaning on the low parapet beside Clemency. "Don't they wish they could get anywhere near it—it takes a great artist to produce a sunset." observed Piers a little dryly. "Well, now the show's over I think we'd better go."

The Sandersons did their best to persuade them to stay to dinner, but guessing that he did not want to, Clemency settled the matter by saying that she must get back to Baba. "You'll come again soon, Clemency?" Janette asked. "While I'm all for Mum—in the plural—about the place, I do find there's a separate shortage of girls of my own age in this part of the world. Anyway, the kid I feel at home with," she added. "I don't suppose that you're the Syrian Amberley exactly sympathetic?"

"Mrs Amberley has her own friends and she didn't engage me as a companion," replied Clemency. Janette grinned, but she liked the other girl all the better for not taking to her cue. (To Be Continued)

Distant Star BY HERMINA BLACK

THE STORY: Clemency Norton is a society governess in a small town. She lives in the deserted home of Piers Amberley, Jan's brother, in North Africa. Clemency has a long history in her own life. Her first day of Clemency visits the Algerian town of Biskra and meets young Mr. Sanderson, whose mother and sister she had met previously.

bought Red Aloe from the Caid whose property it originally was. Piers ought not to have rented his Sussex property, but—she preferred to leave England."

"He loves Red Aloe." "Yes, there are certain people the desert calls; but as I tell him, he ought to have spent part of his time in Britain. However—" she broke off with a sigh, and added after a moment, "Piers is an extremely fine person. I am very fond of him."

"You know Miss Norton," said Hamish. "I found her wandering about Biskra all on her own—she'll explain, and I ventured to offer myself as an escort."

His sister gave him an amused look. "Kind of you." She shook her head warmly with Clemency. "I'm so glad he found you. Mum was thinking of writing and suggesting that if you were at a loose end you should come and see us sometime." And as her mother appeared: "Mummy—here's Miss Norton."

They were the friendliest and most charming family. Discovering that Clemency was alone and had nothing to do with her afternoon—for it would have been much too hot to walk about for the next few hours—Mrs Sanderson went into the car and drove back to their villa for the rest of the day, leaving word at the hotel where she could be found.

While the others swam, Mrs. Sanderson talked to Clemency. "I have known the Amberley boys since they were children. And then after I married, and my husband and I spent part of the year here, I saw a fair amount of Piers when he came to stay with his cousin—the one who

What's RIGHT?

A young man that you know hasn't much money but is interested enough in you to ask for several dates a week. WRONG WAY: Expect him to take you to a dance, a movie, or out to dinner each time.

RIGHT WAY: Without making it obvious that you are thinking of his pocketbook, occasionally suggest going to a free concert, getting the crowd together at your house, etc.

### Bishop Hines Will Conduct Services In Episcopal Church

The Rt. Rev. John E. Hines, bishop-coadjutor of the Episcopal Diocese of Texas, will conduct a preaching mission in the Trinity Episcopal Church with daily services Monday through Friday of next week.

The Rev. R. J. Snell, rector, announces services will start at 7:30 p.m. each day. A reception for Bishop Hines will follow the service Monday night.

Communion services will be conducted at 10 a.m. Tuesday and Friday. Bishop Hines will address the Men's Club at 8 p.m. Tuesday at a dinner meeting in the Parish House. The nursery will be open for small children during all the services of the week.

Bishop Hines has headquarters in Austin. Before he became a bishop he was rector of Christ Church in Houston and St. Paul's Church in Augusta, Ga.

### Soprano Will Stop In Midland During Nationwide Trip

The appearance of Dorothy Warenskjold here Wednesday night as soloist for the Civic Music Association will be one stop of a concert tour which takes her from her home in San Francisco for a program in Los Angeles Tuesday and after the Midland stop, to Chicago where she will sing Friday.

Her mother, Mrs. William Earl Warenskjold, will be her accompanist for these concerts, she wrote a Midland friend, Mrs. Frank Thompson, a former San Franciscan. The singer will go on to New York for rehearsals of a television opera performance set for May 1, then will fly across the nation for a concert in Portland, Ore., and return to keep a radio engagement in Los Angeles May 14.

Her concert at 8 p.m. Wednesday in the Midland High School Auditorium will be the last Civic Music Association program of this season. Miss Warenskjold, whose name is pronounced "Warenskjold," is the granddaughter of Axel Warenskjold, inventor of a diesel engine who was knighted by King Haakon of Norway. She studied piano and violin as a child but had started preparations for a career in law until her college mates' habit of choosing her for leading roles in operettas decided her in favor of singing.

Critics have acclaimed her acting as well as her singing in operatic roles. She has made numerous radio and concert appearances and has sung under such famous conductors as Monteux, Mitropoulos, Milhaud, Frank Black and Seviatsky. Tall and slender, she has dark hair and green eyes. One of her hobbies is sports—tennis, golf, swimming and horseback riding—and she also enjoys interior decoration, seeing movies and collecting recipes.

#### DATE-NUT MUFFINS

By MRS. J. W. BROWN  
Take 1 cup of chopped nuts, any kind, and 1 cup of dates and mix with just enough flour to keep from sticking. This flour is taken from the 2 cups sifted, all-purpose flour, which will be used in the muffins.

Sift together the remaining flour, 3 tsp. baking powder, 1 1/2 tsp. salt and 2 tsp. granulated sugar. Combine 1 egg, well-beaten, 1 cup milk and 4 tsp. melted shortening. Add all at once to the flour mixture, to which the nuts and dates have been added.

Do not beat but stir quickly until the dough is just mixed. Put in greased muffin tins and bake in a hot oven, 425 degrees, 25 minutes. Makes 14 2 1/2 inch muffins or about 30 small ones.

This recipe is for the muffins that so many Midland women enjoyed at the Modern Study Club's Bonnet Brunch last week. Muffins for over 300 guests were made and served piping hot, with Mrs. Brown personally watching over the whole process.

#### Two Children Are Birthday Honorees

Veda Jo Thomas, four years old, and her brother Richard, five, were honored with a joint birthday party Saturday when their mother, Mrs. H. K. Thomas, entertained in their home, 2109 West Washington Street.

Guests were Gary, Andy and Charlotte Landrum, Jackie Chivers, Barbara Barnes, Judy and Carol Dawson, Betty and Bobby Davis. Their mothers assisted in directing games and serving refreshments.

#### Discarded Costumes Wanted By Theater To Add To Wardrobe

While the Spring cleaning season is in progress, officers of the Midland Community Theater repeat their annual request, "Don't throw away that 1942 Easter bonnet; give it to the Community Theater."

The theater is building up a wardrobe which may supply costumes for future plays, and welcomes contributions of discarded clothing, draperies, bedspreads and hats of any vintage. When the garments cannot be used as they are, they often can be remade for an adult production or a Children's Theater play.

Wardrobe committees have found that formal dresses, elaborate negligees and trimmed hats, even though they are no longer wearable, supply material for numerous costumes or stage decorations.

### RUPTURE SHIELD EXPERT HERE

H. M. SHEVYAN, widely known expert of Chicago, will personally be at the Settles Hotel, Big Spring, Saturday only, April 22, from 9 a.m. to 2 p.m. Mr. Shevyan says the Zoster Shield is a tremendous improvement over all former methods, effecting immediate results. It will not only hold the rupture perfectly no matter the size or location but it will increase the circulation, strengthen the weakened parts, and thereby close the opening in ten days on the average case, regardless of heavy lifting, straining or any position the body may assume. A nationally known scientific method. No under straps or cumbersome arrangements and absolutely no medicines or medical treatments.

Mr. Shevyan will be glad to demonstrate without charge. 4509 N. Artesian Ave., Chicago 45. Large incisional hernia or rupture following surgical operation especially solicited.

### Research Scientists Make Plastic Valves For Damaged Hearts

ATLANTIC CITY, N. J.—(AP)—Plastic valves for bad hearts were described Tuesday by four Albany, N. Y., Medical College physiologists.

Several dogs are living with the artificial valves in their hearts now. Drs. Rehm, Denton, Curtland Brown, Benedict Mastrianni and Harold Wiggers told the Federation of American Societies for Experimental Biology.

Within two years it may be possible to put the plastic valves into human hearts, substituting them for living valves damaged by heart diseases, they said.

The valve is a tiny, one-piece affair, with no moving parts. It is circular, and funnel-shaped on one end. It is about half an inch wide at the funnel end, and a little more than half an inch long.

It is sewed into the heart. The heart muscle, by its movement, opens or closes the valve. In contraction, it pushes up against the plastic valve so no blood backs through it.

Relatively Safe  
The operation placing the plastic valves in the heart now is relatively safe, the scientists said. It has been tried on about 30 dogs, and five of them are alive and well, and have been so for about six months.

The valves can be designed to imitate the faulty valves of living hearts damaged in any of several ways by diseases, or by malformation before birth. This kind of knowledge may itself help save human lives.

Experiments with the plastic valves have been underway only about a year. More experience is needed before the valves can be placed into human hearts, but with luck it may be only two years before that is possible, Dr. Wiggers said.

The studies with artificial valves are supported by research grants from the National Heart Institute and American Heart Association.

The National Geographic Society says Americans use 125,000,000 wooden matches a day.

### Wants No 'Welfare Wampum'

Chief Katchonva of the Hopi Pueblo of Hotevilla, Ariz., showed Congress something new in the art of lobbying. In Washington to protest against the hydrogen bomb, the chief took time out to tell Congress his people want no part of the federal relief money already approved by the House. The Hopis, he said, are a proud people who prefer to make their own way without help from anyone except their own gods.

PHILADELPHIA—(AP)—Ed Weinhold and his two pet alligators have come to a parting of the ways—there just wasn't room enough in Ed's house.

Weinhold, who lives at Reading, Pa., bought the gators 27 years ago at Jacksonville, Fla.

The pets, then only a foot long each, were named Joe and Josie. Everything was fine for the first 10 years or so. But Joe and Josie continued to expand while Weinhold's house stayed the same size.

The other day, Weinhold took a good look at his alligators—Joe measured six feet and Josie six feet, six inches. Then he got in touch with the Philadelphia Zoo.

It may take Ed a little time to get used to all that extra room.

### El Sombrero Sets Formal Opening In Midland Wednesday

Wednesday will see the opening of Midland's newest restaurant, El Sombrero, located on West Highway 80 at the edge of the city limits.

The unique decor of the new restaurant stresses the Old Mexico motif, which ties in naturally with the Mexican cuisine.

Mr. and Mrs. W. E. (Gene) Fuller, owners and operators of El Sombrero, moved to Midland about a year ago after a long search for the "best place to start a fine restaurant specializing in Mexican food." Six months of planning and another half year in actual construction resulted in El Sombrero.

From East Texas  
Mr. and Mrs. Fuller formerly lived in East Texas, where they owned and operated similarly styled restaurants, "Mexico Chiquita" in Kilgore, and "Little Mexico" in Longview.

Public service will be initiated at El Sombrero as soon as the weather permits, according to the owners. The public is invited to visit the new business institution on opening day and in the future.

### Texans Testify For Canadian River Dam

WASHINGTON—(AP)—Officials of 13 West Texas cities and towns Tuesday argued before a Senate committee for authorization of an \$85,000,000 Canadian River development program.

The spokesmen for the Panhandle and High Plains communities brought 15-15 and figures to back their case before the Interior Affairs subcommittee headed by Senator McFarland (D-Ariz.).

They want Senate approval of a measure already passed by the House to authorize the Canadian River project.

The bill calls for construction of a \$27,000,000 dam near Sanford and a \$54,000,000 aqueduct to carry impounded waters to the various municipalities. Money for actual work would have to be provided in later legislation.

The cities represented and the spokesmen for each:

Amarillo—Mayor Klein, former Mayor Lawrence Hagy, Jay Taylor, Mayor George J. Pinger, County Commissioner Fritz Thompson, Joe Cooley, Chamber of Commerce secretary, City Manager A. A. Meredith.

Pampa—Mayor C. A. Huff. Tahoka—City Commissioner H. G. Hodges. Levelland—Mayor Kenneth Harper.

O'Donnell—Former Mayor R. O. Stark and J. L. Schoemaker, Jr. Littlefield—Mayor Ary Chesher, Brownfield—Mayor E. E. Primm, Lubbock—Mayor Whiteside, Irving L. Jones, City Commissioner E. K. Hufstader.

Plainview—R. V. Payne, president, Board of City Development. Slaton—J. L. Hollingsworth, president, Chamber of Commerce; J. E. Eckert, city commissioner.

Lamesa—Former Mayor Sam Richardson; Carl Rountree, attorney. Dimmitt—Mayor L. G. Manning and Chamber of Commerce Manager John McFarland.

The most distant city from the proposed dam site would be Lamesa, the conduit to it would be approximately 212 miles long. The total aqueduct length would be approximately 300 miles.

### Death Takes 32-Year-Old Birdsall Sweet, Polio Victim, After 19 Years In Iron Lung

POUGHKEEPSIE, N. Y.—(AP)—Death Monday took 32-year-old Birdsall Sweet out of the iron lung which kept him breathing during 19 years of polio.

He had lived in an iron lung longer than any other human in medical history. The next longest case was 15 years.

The young man's release came at the end of a slow decline that began last summer and grew more serious two months ago. Doctors called it "complications of long-established polio."

Sweet was stricken with polio when he was 13 years old. While he survived the first attack, he had to stay in the lung or stop breathing. Later he was able to leave it for short intervals, sometimes up to six hours, but always had to return.

He grew up in his strange prison and was as normal a boy as he could be. He became a baseball and football fan. Later he made himself an expert bridge player. Many people wrote to encourage him. One was another polio victim, Franklin D. Roosevelt.

Ethylene dibromide, a soil fungicide, has been found effective against wireworms in Wisconsin.

### Treatment Center To Dedicate Building

LUBBOCK—Dedication of the new \$42,500 building of the Lubbock Cerebral Palsy Treatment Center, 3802 Avenue N, will be held at 2 p.m. Sunday. The public is invited to attend the ceremony and the open house which will follow.

★ THE DOCTOR SAYS ★  
**Epidemic Diarrhea Of Infants Must Be Controlled Quickly**

By EDWIN P. JORDAN, M. D.  
Written for NEA Service

At intervals during recent years there have been serious outbreaks of a highly fatal diarrhea in newborn infants which has caused great trouble to the nurseries of maternity hospitals. Attempts to find the cause have not been particularly successful.

The probabilities are that epidemic diarrhea of infants is due to a virus which has not yet been isolated and which is too small to see by ordinary means, although germs are a possibility.

As a rule the infant who is stricken appears to be healthy and thriving; suddenly the child be-

comes drowsy and if awakened makes a short weak cry. The temperature is not unusually high, generally being below 100.

At about the same time or within a few hours, the baby begins to have loose, watery, yellowish bowel movements, without any obvious mucus, blood or pus. These watery movements come more and more frequently.

Especially alarming is the loss of weight in these small infants, which may be as much as a pound within the first day. (This is sometimes one-sixth of the total weight.)

After a short time the baby no longer looks healthy but shows signs of having insufficient fluid in the system and may look very ill indeed. In severe cases a baby may die from this disease within a day or two. In most cases the disease lasts about a week; only about half recover.

Children over four weeks old and grown-ups do not seem to catch it. Infants who have gone home after exposure can develop the condition at home. Once a case develops in a nursery, it spreads rapidly to the infants in adjoining bassinets. Most of those who are likely to catch the disease do so from two to six days after exposure.

**Isolate Victims**  
When epidemic diarrhea breaks out in a hospital nursery, preventive measures have to be begun at once. The babies who are well, but in the nursery at the time, also have to be isolated and observed closely for any signs of the disease. Visitors, of course, must be excluded during such periods not only from the babies who have become ill but also from those who were exposed. New babies must not be admitted to the nursery.

Treatment has been disappointing. No definite cure has been discovered and so far the most important measure seems to be to give the infant feedings of mothers' milk if at all possible. There is a possibility that chloromycetin or aureomycin may prove helpful.

**Have A Laugh**

By BOYCE HOUSE  
A farmer who was on the witness stand was describing a railroad wreck.

"I had stopped my car not far from the crossing because I saw number 7, the passenger train, coming down the track at 60 miles an hour, and suddenly around the curve came a freight train, rushing along at 30 miles an hour, and they came together with a mighty crash."

"What did you say or do?" asked the lawyer.

The farmer replied, "I said, that's a h— of a way to run a railroad."

**Reward Posted For 'Saucer'**

The State Fair of Texas has posted a reward of \$50,000 for the first authentic "flying disc" of interplanetary origin to be discovered and delivered to State Fair Park in Dallas in time to be placed on exhibit at the fair's gigantic 1950 Mid-Century Exposition October 7-22.

"This offer does not mean that we either believe or disbelieve in the interplanetary flying disc reports," said H. L. Thornton, president, in announcing the reward, "but if there is such a thing, it is only fitting that it be exhibited at the biggest state fair in the nation since the State Fair of Texas has always tried to bring to its vast audience the first information of any new and important scientific development."

Reports of flying discs have increased greatly during the past few months. Thousands of people have claimed to have seen the "discs" or "saucers." However, no one has yet produced an authentic flying disc or saucer.

The Air Force, after investigating most of the reports, has announced that the majority are the result of hallucination or mirage, over-vivid imagination or such things as weather balloons, jet planes or the planet Venus. However, among the sightings have been some the Air Force has not been able to explain at all.

# DADDY RINGTAIL

By WESLEY DAVIS

## Daddy Ringtail And Possum Downside Up

Daddy Ringtail one morning looked out the window of the monkey house, out over the tops of the trees of the forest. The sun was bright. The air was warm. The cold days of winter were gone at last.

"It's such a beautiful morning," Daddy Ringtail said to himself. "I'm going to see about Poky Possum."

tail climbed up the tree to a place where he could look right into Poky's face. "Poky!" Daddy Ringtail said. "Poky! Wake up and see what a beautiful morning it is!" Poky opened his eyes and then shut them again very quickly. "Oh, Daddy Ringtail," Poky said. "It isn't a beautiful morning at all. The

morning is upside down. Everything I see is upside down. Even you are upside down, Daddy Ringtail."

Daddy Ringtail laughed to hear

## SIDE GLANCES

"You've told me for the last time you'll drill me full of holes if I don't hurry your supper!"

it, because he knew that he wasn't upside down at all. He was standing on his feet on a limb of the tree. "Poky!" Daddy Ringtail said. "Wake up and open your eyes. You're the one who's upside down. You're hanging down by your tail, and everything looks upside down, if you're upside down yourself."

"And that's the way it is," Daddy Ringtail explained. "If it isn't a beautiful morning when first you wake up, just close your eyes and wake up again." Then you'll see. Happy day!

Longhorn League—

# Roswell Clings To Lead

By The Associated Press  
The Longhorn League is noted for its hitting. But if Monday night's play is taken as a criterion, the circuit would rate right up there with "pitchers' leagues."

Only 12 blows were recorded in the game between Roswell and Sweetwater with Roswell making its six hits count the most for a 7-2 win.

The victory left Roswell all alone at the top of the standings as San Angelo was dropping a decision to Midland.

At San Angelo, LeRoy Jarl survived a loose beginning to settle down and pitch scoreless ball for the last five innings as Midland won, 8-5. Jarl helped his own cause with a home run in the eighth inning, with none on, and Lou Dawson also had one for Midland in the eighth with one on.

Oilers, Broncs Tab Wins  
Jim Carson pitched five-hit ball for Odessa while his team was taking an easy 11-4 run from Vernon. Carson was ejected from the game in the eighth for not agreeing with the umpire's decision.

Emilio Cano hurled steady seventh-inning ball as Big Spring was trimming Ballinger 10-3.

The Broncs scored four runs in the second inning to take an early lead, and three more in the fourth to put the game out of reach. Felix Gomez led the Broncs' attack with a four-ply wallop.

# Jarl Whiffs 12 Colts As, Indians Win

The Midland Indians wind up their two-game series with the San Angelo Colts Tuesday night in San Angelo. Harold Wearne will be on the mound for Midland.

The Indians return home Wednesday night for a three-game series with the Ballinger Cats. All games in Indian Park start at 8:15 p.m. except on Sundays, when the time is 3 p.m.

SAN ANGELO—The Midland Indians, backing the sterling pitching of Rookie LeRoy Jarl with some heavy stick work, Monday night whipped the San Angelo Colts 8 to 5.

Jarl, doing a complete about-face from his start at Indian Park Sunday against the Colts, was the star of the tilt and turned in the most brilliant pitching performance of the season for the Indians.

The husky right-hander whiffed 12 Colts and poked a home run over the left field fence which proved to be the winning tally.

Lou Dawson also got his eye on the ball again and collected his second homer in two days. Basco singled in succession and Lonnie Balch drove them home with a double to the fence.

Webb's Tribe tied the count in the seventh. Basco opened with a smash through shortstop. Lou Dawson singled and moved to second on the throw in. Kenny Jones, the Indians' leading hitter up to now, drove them in with a single. Jones scored on an error.

Jarl hit his homer in the eighth to send the Indians ahead, 4-Basco got on by an error following the four-master and Dawson lifted one over the right-field fence to ice the game away.

Jarl whiffed six Colts in the last three innings to protect his lead.

10—THE REPORTER-TELEGRAM, MIDLAND, TEXAS, APRIL 18, 1950

## 480 Big Leaguers Start Earning Pay In Tuesday Games

NEW YORK (AP)—Ted (\$125,000) Williams and Joe (\$100,000) DiMaggio start earning those bulging salaries Tuesday as the big league season opens on eight fronts.

Pay starts for some 480 major leaguers with the first pitch of baseball's jubilee year. An opening day turnout of about 260,000 fans will help the bosses foot the bill.

The schedule makers come up with a tasty tidbit in re-matches of the New York Yankees-Boston Red Sox and Brooklyn Dodgers-Philadelphia Phillies games that decided the 1949 pennant races on the final day.

With DiMaggio in the opening lineup for the sixth time in 12 active years, the world champion Yanks visit Fenway Park for the first of four with the Red Sox. The Yanks didn't beat off the Boston challenge until the last day in '49. Most of the experts and oddsmakers pick the Sox to win it all this time.

Brooklyn favored to repeat in the National, also opens on the road at Shibe Park, where the Phillies took them to extra innings last October before yielding the clincher. Opening Day Pay-Off

Here's how they paid up for opening day:

American League: New York at Boston, 32,000; Detroit at Cleveland, 63,000; St. Louis at Chicago, 18,000; Philadelphia at Washington, 30,000.

National League: Brooklyn at Philadelphia, 32,000; Boston at New York, 30,000; Chicago at Cincinnati, 32,000; Pittsburgh at St. Louis (night), 30,000.

There is unusual interest in the Polo Grounds meeting of the Boston Braves and New York Giants, principals in the big Winter player deal.

Sid Gordon, Willard Marshall and Buddy Kerr, all ex-Giants, will be playing with another major league team for the first time. They give the Braves more punch but the Giants expect Alvin Dark and Eddie Stanky, ex-Braves, to patch up their infield.

Wayne McLeod was the big splash in the sinking of the Tulsa ship. The Dallas right-hander was touched for 10 hits but was effective in the clinches and he drove in three runs with a brace of doubles.

Clough pulled a Frank Merriwell for Port Worth. He homered in the ninth to furnish the victory margin over Oklahoma City. His previous round-tripper was in the sixth with two on as he drew the Cats' total to five runs.

Joe Presko limited Beaumont to six hits and the two Roughneck runs in the second inning were unearned. Francis Haus put one over the fence in the third and pitched in with a double that helped bring Balch, cf, in the tying and winning Houston scores in the seventh.

A total of 184 stake races with an added value of \$3,371,000 are scheduled for the Spring and Summer at the 16 Thoroughbred Racing Association tracks that will operate.

# Middleground, Of Texas King Ranch, Makes Derby Hardboots Figure Again

NEW YORK (AP)—The hardboots down in Kentucky, hot on Oil Capitol and Your Host for the Kentucky Derby, had better hold off jumping clear overboard until the Wood Memorial at Jamaica is over Saturday.

Or, at least until Middleground makes his next public appearance. The King Ranch's three-year-old hooked up with four older horses Monday in the Requested Handicap at Jamaica. Only My Request was ahead of him at the wire, and it took one of the fastest mile and one-sixteenths in history of 41-year-old Jamaica to do the job.

My request was caught in 1:43 1/5, compared with the track record of 1:42 3/5, which has stood 25 years.

Considering that Middleground was meeting mature, older horses in the race, it was a sizzling performance, not only for My Request, but for the King Ranch colt, too.

Trainer Max Hirsch isn't sure whether Middleground will start in the \$40,000 Wood Memorial—over the same distance—Saturday. This is the final major Eastern test for the Derby horses.

However, if he does start, Middleground probably will go off as the favorite. This regardless of C. T. Chenery's Hill Prince, the Virginia-bred colt so high in Eastern estimation until he got fouled up and finished ninth in last Saturday's Experimental Handicap No. 2, Two-Horse Race.

It promises to be one of the best Wood Memorials in years, especially since Middleground's showing against My Request.

Here were two Texas-owned gallopers, who made a two-horse race Monday.

Middleground went ahead at the break in front of the stands, and stayed there until Jockey Bill Boland eased him entering the back stretch. Eric Guerin, piloting My Request, took over then, and the Whitaker five-year-old never gave up the lead.

Alfred Vanderbilt's Loser Weeper was five lengths back in third place at the finish.

Veteran race track clockers were amazed when they peeked at their stop watches for fractional times. The mile for instance, was run in 1:36, which one clocker said was the fastest mile ever recorded at Jamaica.

"That was Man O'War time," one of them said. "I didn't believe it until I checked the watches of two other clockers and they had the same, 1:36."

Although window shutters originally served to give protection against the weather, their chief function now is to add color and architectural beauty to a home.

There is unusual interest in the Polo Grounds meeting of the Boston Braves and New York Giants, principals in the big Winter player deal.

Sid Gordon, Willard Marshall and Buddy Kerr, all ex-Giants, will be playing with another major league team for the first time. They give the Braves more punch but the Giants expect Alvin Dark and Eddie Stanky, ex-Braves, to patch up their infield.

## Leopardmen Terrorizing The Jungle

AP Newfeatures  
LIZALA (BELGIAN CONGO)—A mangled body, with the heart cut out of it and claw marks of a leopard imprinted in the surrounding ground, means one thing to the leopardmen of the Congo. The leopardmen seldom leave a witness to testify to their deeds.

This little known secret society operating in Central Africa claims dozens of such victims each year. And work as hard as they will, the police cannot do much about it. The leopardmen seldom leave a witness to testify to their deeds.

The reason for the killings is generally thought to be a ritual of nature, in which the human heart plays a part. Victims are evidently chosen haphazardly as was the case of Kungbo Antoine, a young fisherman of the village of Yombongo near Libense. He and his friend Kizima Jean were walking along the road cutting the dense forest between Yumpi and Yombongo in November. It was pitch dark. A thunderstorm threatened. Lightning alone flashed from time to time to lighten their way.

Halfway between the villages, a man suddenly leaped from the undergrowth brandishing a huge bush knife and wearing a leopard skin. Kizima went down immediately from a knife-blow. His friend went to his aid, and was attacked by a second man who leaped from the jungle. Being unarmed, he fled, leaving his friend lying on the ground. He spent the night in the guard station of a nearby plantation, but did not say a word about the attack.

That is one more difficulty the police run up against in dealing with the leopardmen. Nobody will testify.

Next morning passers-by on the road discovered large blood stains and parts of human intestines. Following the macabre traces into the surrounding bush, they discovered the remains of Kizima. Only his torso remained. Deeply imprinted on the body were the marks of claws. Human footprints and leopard pawmarks were visible around the body, and the heart was missing. Apart from a pair of trousers carefully folded under a tree nothing else was found.

**Trousers Clue**  
The trousers clue was evidence that human beings had committed the murder. No animal, however crafty, can fold up a pair of trousers.

A judicial inquiry was immediately opened but with little hope of success. The survivor either could not or would not identify the attackers. He was one of the few to have got away with his life in a leopardman attack. He was not going to leave himself open to reprisals.

## New Beast Of Prey In Adirondack, Other U. S. Areas Reported

WASHINGTON — (AP) — A new beast of prey, cunning and cruel, has appeared in the Adirondack Mountain and in some other widely scattered areas of the United States.

A coyote-dog hybrid, it is swifter than one of its forebears, the dog, and even more wary than the other. The keenly intelligent coyote, says the Fish and Wildlife Service, the agency adds.

"We've run into the coyote-dog before," said Clifford C. Prensall, assistant chief of the service's predator control division. "A few years ago it became a menace in Kentucky but we put on a control campaign and it disappeared."

"But now, in the Adirondacks it seems for the first time to have become a fairly stabilized type—a type that has been breeding for several generations. Hunting techniques used against coyotes in the thinly-populated West cannot safely be used in the more heavily settled East."

**Kept In Check**  
In the West, the prolific coyote is kept in check by hard-riding ranchers and forest rangers who hunt him down from the air in small planes, chase him to earth with greyhounds and fast horses or plant poison pellets in the carcasses of dead animals on which he might feed.

But even if these methods could be used in the Adirondacks, government experts are not sure they would work with the cunning, dog-like, coyote or whatever you want to call the cross-breed.

In recent years the animal has been attacking deer, livestock and poultry in increasing numbers in Lewis, Franklin, Essex and St. Lawrence Counties, N. Y.

At the request of New York authorities, the service sent a hunter into the Adirondacks to train employees in coping with the new menace. Some of the beasts were killed.

**Color Varies**  
They vary in color from red to brown to white. Some betray a chow ancestry. Others have strong hints of the shepherd or hound. All resemble the coyote more strongly than the dog.

Until recently, coyotes have been unknown in the East, says Prensall. Parents of the currently-developing species, he said, may have been: A. Coyotes purchased in the West by Eastern tourists as pets and later allowed to escape and mate with Eastern dogs.

B. Fugitives from fox hunting clubs. More than one such organization has had a Western coyote pup palmed off on it as an Eastern fox.

C. Winter immigrants from Canada. Coyotes have been seen crossing the St. Lawrence River on ice, Prensall said.

Tobacco men will be benefited by a tobacco heat-curing apparatus, for use in curing barns, which utilizes oil or bottled or other gas for fuel. It is to replace the wood and other solid fuel burners now used with flue-cured tobacco.

## Junior High Relays Slated Wednesday

The Junior High Relays, second only to the Elementary Relays in the number of entries, will be run, starting at 1 p. m. Wednesday in Memorial Stadium.

The 36-event program calls for 936 boys and girls to give their all for their home rooms.

Dash events range from 30 to 100 yards in distance. Relays will be 100, 200, 400 and 800 yards. Both boys and girls will compete.

Bicycle races, high jump, broad jump and football throw are field events scheduled for boys.

The meet will be run off at a fast clip with a race scheduled every five minutes.

The Bulldog track team and MHS coaches will assist in staging the relays.

The public is invited to attend.

## Man Residing Near Golf Course Takes Yen For Archery

RYE, N. Y. — (AP) — Robin Hood would have loved E. Frank O'Hara. William Tell would have clasped his hand.

But the Rye Wood Golf and Country Club coaches him worse than a sand trap or a water hazard.

For O'Hara is a man with a bow and arrow—and a mission.

His mission is to keep golfers, and golf balls, off his property, which adjoins the club hall way down No. 2 fairway. It's a short hole, and a hefty hook off second tee will usually land you on O'Hara's acres.

O'Hara, who is 46, was pretty much a man of peace until he built a house there in the modern style—you know, lots of glass. Then he became golf ball conscious. First, one of them hit Mrs. O'Hara in the eye. Then dozens of them rained down on the house. Complaints, he said, meant little. The golfers continued to hook.

**Bends His Bow**  
So O'Hara got a big spectacular archery butt and set it up Saturday—eight feet from the golf course. Then he bent his new 30-pound bow and began to practice.

It was amazing how bad an archer O'Hara was.

Once in a while, it was true, he would hit the target. But so many times his arrows overshoot and landed on the golf course. This always seemed to happen when a golfer drew near, although they drew less near as the weekend lengthened. In addition to keeping their eye on the ball, they kept it on O'Hara.

Many, he noticed, seemed to have rheumatism, or possibly lumbago. They found it difficult to bend over to pick up fozzled balls.

The club's manager even proposed a strong fence for the O'Hara boundary, and offered to contribute \$100 toward it. But O'Hara, the club says, is "unreasonable" and conversations have come to nothing.

Meanwhile O'Hara continues shooting arrows into the air, which fall to the earth, he knows not where.

## El Paso Boss Says He'll Defy Ban Of Minor Leagues Czar

EL PASO — (AP) — Jack Corbett, owner of the El Paso club of the Class C Arizona-Texas League, who has been questioning the authority of Bossman George Trautman of the minor leagues to uphold an agreement with the Mexican League, plans to bring matters to a head Tuesday night.

Corbett threatened to sue Trautman over his nullification of contracts of three players but hasn't gotten into court as yet.

But Tuesday night, Corbett vows, he'll put one of the players—Outfielder Ventura Morales—in the starting lineup as El Paso opens the season here against Phoenix. At least, he said, he would offer Morales for the starting line-up and his manager, Art Lilly, can play him if he wants to.

**Trautman Says 'No'**  
Trautman, in nullifying contracts of three El Paso players and players in other leagues, said United States baseball went through strife several years ago during the "player raid" by the Mexican League and that the present agreement between the two organizations had stopped it. He added, "We don't intend to go through it again." In nullifying the contracts Trautman said the players still had contractual obligations to the Mexican League.

Thereupon Corbett announced he would seek an injunction against Trautman in federal court. Julio Ramirez, owner of Juarez, made a similar complaint. But neither has gone to court.

Corbett Monday wired Trautman that Morales is a Mexican citizen in the United States on a worker's permit, that Morales has not signed any contract with the Mexican League but on the other hand signed with El Paso April 15, and asked under what rule Trautman could declare the outfielder ineligible.

Corbett said he received no satisfactory answer from Trautman.

## Bulldogs-Bronchos Slated Tuesday At Indian Park

The Midland Bulldogs, seeking their first District 3-AA victory, were scheduled against the Odessa Bronchos at 3:30 p. m. Tuesday in Indian Park.

Coach Red Rutledge nominated Bill Medart as the starting hurler. Don Smith was first in line for relief work.

The infield, first to third, was to be Bob Wood, Robert Melton, Bill Branch and Norman Drake. Jimmy Chaucey is the starting catcher. Outfielders were to be Jerry Culp, L. C. Thomas and Loren Roberts.

The Bulldogs are scheduled against the Lamesa Tornados Saturday at Indian Park. They finish the 3-AA season with a double-header in Lubbock Tuesday afternoon.

## Byron Townsend Withdraws From University Of Texas

AUSTIN — (AP) — Byron Townsend of Odessa, brilliant University of Texas left halfback, has left school because of his father's illness but plans to return in September.

Athletic officials said Townsend will be eligible to play for the Longhorns next fall as he was passing all his scholastic courses when he dropped out.

An all-stater when he attended Odessa High School, Townsend made the starting Texas lineup as a sophomore and figures heavily in Coach Blair Cherry's plans this year. He is the only returning regular of the 1949 backfield.

Seven teams — Yale, Columbia, Penn., Princeton, Cornell, Dartmouth and Harvard — compete in the Eastern Intercollegiate Basketball League.

## Derby Special Train Just About Sold Out

FORT WORTH — Reservations on the Fort Worth and West Texas Kentucky Derby Special Train, which leaves Fort Worth for Louisville on May 3, continued to pour into headquarters here this week and only a few compartments are still available.

Jim McMullen, train manager, announced that all drawing room space has been sold. A few compartments are still unsold along with a number of upper and lower berths.

The all-expense trip will start from Fort Worth via Cotton Belt at 6 p. m. Wednesday, May 3. The train will arrive in Louisville at 8 p. m. Thursday, May 4. Departure will be at 9 p. m. Saturday, May 6.

In urging greater use of bird dogs to retrieve, game officials say 11.5 per cent of the ducks shot on Utah's marsh lands are not recovered.

# SPORTSLANTS

BY SHORTY SHELburne

Harold Webb, owner-manager of the Midland Indians, Monday bundled up the only two Cubans on his roster and shipped them out.

Pat Lorenzo and Antonio Ludena, a pitcher, were sent to Tex Jeanes at Longview—released outright.

Lorenzo was an outfielder here late last season and early this year but couldn't hit Longhorn League pitching to any degree of satisfaction.

Ludena came here in Spring training and twirled three innings in an exhibition. He wasn't so hot either.

—SS—  
Buck Austin, a pitcher-outfielder with the Indians last year, is working out with Longview. He still belongs to the Midland club but probably won't report here.

Austin, according to reports from Longview, wants his release so he can join an East Texas League club.

—SS—  
Marty Filigamo, the prize outfield prospect of last year, has been released by the Longview club.

Filigamo encountered knee trouble again and couldn't make the team.

We doubt if he ever will come around again.

—SS—  
Eddie Keon, a catcher with the Indians in 1947, has contacted Webb about a job.

Keon says he now is a pitcher and believes he can win in this league.

He was in the Philadelphia Phils' farm system part of this year but a mix-up on his contract caused him to be declared a free agent.

—SS—  
Note to golfers who expect to play in the qualifying round for the National Open: Deadline for filing application for qualifying play is May 15.

A qualifying round will be held May 29 at Midland Country Club. The other (there are only two in the state) is scheduled May 28 at Colonial Country Club in Fort Worth.

Applications for qualifying may be obtained from Pro J. C. Hardwick at Midland Country Club.

—SS—  
Connie Mack, a man who has been identified with major league baseball longer than anyone else still in the game, recently wrote a book entitled "My 66 Years in the Big Leagues."

He is donating all royalties earned from the book to the Junior Baseball Federation of Philadelphia. The money will be used to buy baseball equipment for sand lot teams.

### + Andrews News +

**ANDREWS** — Gibb Gilchrist, chairman of the 1950 Cancer Crusade in Texas, recently named Mrs. J. P. Roach as chairman of the Andrews County drive this year. Mrs. Roach has served as chairman three years. Dr. Richard Ramsey was named medical director, and Mrs. Ramsey was appointed educational director. Charles N. Haven, cashier of the First National Bank, was named treasurer of the drive.

A meeting to organize a golf club here has been set at 8 p.m. April 24 in the new school cafeteria. Members of a recently-named Golf Committee of the Lions Club called the meeting, and expect to be able to present information on a location at the meeting.

Thomas D. Hamilton, superintendent of schools, attended a meeting Thursday and Friday in Austin of the Texas Elementary Principals Association. He was accompanied by John Lee Smith and J. B. Youngblood, elementary school principals.

Twenty-two Andrews County cot-

ton farmers last week filed applications for additional cotton acreage, according to Charles Champion, secretary of the Production Marketing Administration.

**Scholastics Decline** — Mrs. Helen Ford, census enumerator for the Andrews Independent School District, reported recently a decline of 40 in enrollment in Andrews schools. The figure for 1949 was 1,260, and for 1950 was 1,220.

**June Whitcomb**, music major at Tulsa University, has been pledged to Sigma Gamma chapter of Sigma Alpha Iota, national musical organization.

### Confession Obtained In Waitress' Slaying

**SAN JOSE, CALIF.** — Sheriff Howard Hornbuckle said Tuesday an unemployed truck driver confessed he bludgeoned flame-haired Helen May Piper to death and hurled her body down a bluff.

Hornbuckle said Harry A. Wilson, 28, ex-convict friend of the thrice-married waitress, made this oral statement.

Wilson beat the 27-year-old mother of three children with a hammer after an argument Thursday over use of his car. The two had been drinking.

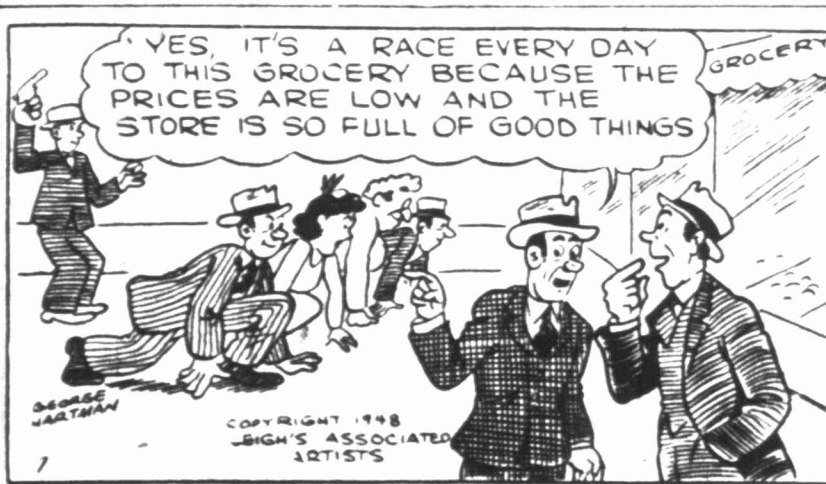

A written confession is expected, Hornbuckle said.

Wilson had served a prison term for auto theft.

## POLIO PRECAUTIONS

RECOMMENDED BY THE NATIONAL FOUNDATION FOR INFANTILE PARALYSIS

**WHEN POLIO IS AROUND**, the National Foundation for Infantile Paralysis recommends these simple precautions: Keep children with their own friends and away from people they have not been with right along. Don't become exhausted through work or hard play. Don't stay too long in cold water or sit around in wet clothes. And always wash hands before eating. Watch for fevers, sore throat, headache, upset stomach or sore muscles. They may mean polio. Call your doctor and then, if help is needed, contact the National Foundation Chapter in your area.

### Cincinnati Woman Stabbed To Death; Husband Being Held

**CINCINNATI** — A 27-year-old Cincinnati woman died in her bed here Monday night of a stab wound while her husband said he paced the floor as he "begged the Lord to please take care of her."

The husband, James Edward Ferguson, 32, held on suspicion of murder, told police "I did it. I know I did it but I didn't mean to or want to."

Mrs. Ferguson apparently was stabbed about 2 a.m. Monday but she did not die until around 7 o'clock Monday night. Meanwhile, her husband had slept, been to the downtown district and then returned home.

The slaying was the third in Cincinnati in 24 hours.

Mrs. Maria Ida Wiperman, 45, died in Jewish Hospital Monday after she and her husband, John Wiperman, 55, were found critically wounded in their apartment Sunday afternoon. Police Chief George Schultz of suburban Norwood said he was "convinced" Wiperman shot his wife and then turned the gun on himself.

The other slaying was the fatal stabbing of William Lackman, 42, Sunday night for which Winfred Hager, 37, is being held on a charge of murder.

Ferguson, who talked freely to police after his wife's body was found by a physician, said he had been "a case of nerves" ever since the Japanese bombing of Pearl Harbor in 1941.

### Leads Red Troops

**Gen. Lin Piao**, above, called "the Reds' best field general," commands the Communist troops massed in Southern Kwantung Province for an assault on Hainan Island. Hainan already has resisted a series of small-scale Red invasion attempts. General Lin reportedly has 200,000 troops and orders to finish the job of conquering Hainan.

### Floodwaters Make Thousands Homeless

**By The Associated Press** — Flood waters menaced North Dakota and Western Minnesota and tornadoic winds swept areas near Rapid, Minn., Tuesday. Generally, most of the country had near-normal spring weather.

The floods in North Dakota made thousands homeless and scores of communities were isolated without power, light or telephones. Rivers and streams, bulging from waters from recent heavy snowfalls, spilled over wide areas. Many roads remained snow-blocked and the floods halted railroad and highway travel in many sections.

Seven persons were injured, one seriously, in the wind storms that swept three suburban areas of Mobile. Property damage was not estimated immediately.

Temperatures continued mild over most of the Southern and Eastern parts of the nation but cooler weather moved into the Pacific Northwest and the Northern Rockies.

The mercury reached 100 at Yuma, Ariz., Monday. It hit 97 at Phoenix and the 87 at Los Angeles was the season's high and the top mark for the date since 1910.

### Cattle Raisers Buy Fort Worth Property

**AUSTIN** — Bids on a new home for the State Teachers Association here will be taken within the next 30 days.

The association's old home in Fort Worth was sold Monday to the Texas and Southwestern Cattle Raisers Association for \$85,000. The new office building will be erected on a lot near the state capital.

Charles Tennyson, executive secretary of the association, announced Monday the board of directors has approved the sale of the Fort Worth property.

### DAR Fund-Pledging Campaign Launched

**WASHINGTON** — Mrs. Roscoe C. O'Byrne, president general of the Daughters of the American Revolution, Tuesday launched the organization's fifty-ninth Continental Congress on a \$225,000 fund-pledging campaign between now and Friday noon.

The money is needed to raise to \$900,000 the \$675,000 in cash and pledges given in 1948 and 1949 to pay for the new Administration Building.

The building, an addition to the DAR national headquarters group, was the main project of Mrs. O'Byrne's three-year administration. It was being dedicated Tuesday afternoon.

## Prosecutors Will Try To Prove Maragon Lied About Business Deals With U. S.

**WASHINGTON** —(AP)— The prosecutors planned Tuesday to try to prove John Maragon, one-time immigrant boy who made friends in the White House, lied about business deals with the government.

Maragon is on trial on charges he perjured himself about business and financial affairs when he testified last year in the Senate five per-

center probe. Five percenters are agents who charge a fee, ordinarily five percent, for representing others in business problems with the government.

Maragon has pleaded not guilty. If convicted of all the charges against him he could be jailed for as long as 40 years.

His attorney, Irvin Goldstein, told a jury of nine men and three women Monday that Maragon is a friendly, personable fellow with a lot of acquaintances and friends for whom he sometimes ran errands. He tried to put across the point that Maragon's dealings with the government were errands and not negotiations, as the government charges.

### Galveston Sea Wall, Other Texas Projects Get Senate Approval

**WASHINGTON** —(P)— The Galveston Sea Wall and two other multi-million-dollar projects for Texas rivers and harbors were approved when the Senate passed the \$1,840,000,000 waterways authorization bill Monday.

The bill, including 14 Texas projects, now goes to a conference with the House. The House had passed the bill last Summer when it called for only \$1,332,843,825.

No Texas projects were eliminated in the efforts of several senators to reduce the bill. The Senate version also added a flood control survey for the Rio Grande Valley, including streams in Starr, Hidalgo, Cameron and Willacy Counties.

The authorization bill appropriates no money but it paves the way for future appropriations for construction work on new projects and for additional work on programs now under way.

The Texas projects include: Sabine-Neches Waterway, vicinity of Port Arthur Bridge, \$609,270. Galveston Harbor and Channel, Sea Wall, \$5,550,000.

Gulf Intracoastal Waterway in South Galveston Bay, \$300,000. Chocolate and Bastrop Bayous, change in plans, no cost. Freeport Harbor, \$356,000. Little Bay, \$29,800.

Brazos Island Harbor, \$3,050,000. Trinity River at Dallas and Fort Worth, \$3,410,000.
