**Honolulu And Signal Tap New Canyon Reef Pool In SE Hockley**

Another Canyon reef pool has been tapped in Southeast Hockley County by Honolulu Oil Corporation and Signal Oil & Gas Company No. 1 M. D. Underwood.

On a drillstem test in the Canyon at 9,288-9,310 feet, the tool was open 30 minutes. Gas surfaced in 10 minutes, water blanket started flowing at the top in 17 minutes, and oil surfaced in 21 minutes. Oil was flowed to pits for five minutes at an estimated rate of between 70 and 150 barrels per hour.

Operators were to take electric surveys, then run seven inch casing before testing further.

Top of the reef was called at 9,285 feet, on a minus datum of 3,389 feet.

**Jointly-Owned Block**

Honolulu owns 80 per cent of the well and block on which it is located. Signal owns the remaining 40 per cent.

This new discovery is 510 feet from north and east lines of labor 13, league 5, Wilbarger County School Land survey, four miles south of Smyer.

The No. 1 Underwood is one and one-half miles northeast of the joint operators' No. 1-24 Ellwood Estate, first attempt which was abandoned at a total depth of 11,833 feet in granite, after finding the Ellenburger barren.

**Fourth Discovery**

This southeast Hockley successful venture is Honolulu's fourth important discovery in 1950. Other discoveries were the No. 1-X State in Chaves County, the No. 1 Cobb in Yoakum County, and the No. 1 Strom, a west extension to the Diamond West Scary County.

**Casing To Be Run In SE Lynn Opener**

Magnolia Petroleum Company is preparing to test casing and complete its No. 1 Garza Cattle Company as a discovery for natural flowing production from a Pennsylvanian lime in Southeast Lynn County.

This development flowed 14.25 barrels of 41-gravity oil in one hour on a drillstem test at 8,585-8,630 feet. The flow was through a five-eighths inch bottom hole choke. There was no formation water in the oil which was flowed out or in the fluid which was recovered when the drill pipe was pulled.

The tool was open three hours and 19 minutes for the test at 8,585-8,630 feet.

Gas came to the surface in eight minutes, mud cut oil started flowing in one hour and 47 minutes and clean oil appeared in one hour and 50 minutes.

**Flowed 14.25 BOHP**

The oil was flowed to pits for 20 minutes, then flowed to tanks for one hour. During that period it produced 14.25 barrels of oil with a shakeout of one per cent basic sediment. There was no formation water.

When tool was pulled the recovery was oil and gas cut and gas cut drilling mud. Operator then ran electric log survey and followed by ordering the casing run and the well completed.

Top of the pay is at 8,615 feet. Elevation is 2,920 feet.

The new discovery is 14 miles east of O'Donnell and 1,980 feet from south and 660 feet from west lines of southeast quarter of section 431, block 9, EL&RR survey.

The well originally was started to go to 10,000 feet—if necessary, to find production, or test the Ellenburger.

**Phillips Completes Winkler Discovery**

Phillips Petroleum Company No. 1 Waddell, Ellenburger discovery in Central-West Winkler County, has potential for 1,360 barrels of 43-gravity oil daily.

Flowing tubing pressure was 475 pounds, and gas-oil ratio was 834-1. Pay was topped at 10,735 feet, and total depth is 10,775 feet. Five and one-half-inch casing is set at 10,735 feet.

The No. 1 Waddell also indicated for production from the Fusselman section of the Silurian, but that section is now cased off, and operators do not plan to make a dual completion in the near future.

**New Wheeler Field**

This deep discovery is one and one-fourth miles northwest of the Wheeler multi-pay field, which has production from the Ellenburger.

However the No. 1 Waddell topped that formation at 10,730 feet, on a minus datum of 7,643 feet, which is 182 feet lower than the producers in the Wheeler. This possibly indicates a fault between the field and the new discovery.

The No. 1 Wheeler is 660 feet from south and 1,980 feet from east lines of the southeast quarter of section 5, block B-7, pal survey, and 15 miles east of Kermit.

**Ellenburger Yields Water In SE Kent**

Goff and Sutton No. 1 Fleming Foundation, Southeast Kent County wildcat, 26 miles northeast of Snyder developed slight shows of oil and gas and some salty sulphur water in a drillstem test in the Ellenburger and it probably will be plugged and abandoned.

This prospector drillstem tested at 7,202-80 feet. The tool was open for one hour. Recovery was 225 feet of slightly oil and gas cut drilling mud with a salty taste, and 190 feet. (Continued On Page 12)

**Flood Waters Drive 8,400 Out Of Homes**

WINNIPEG, MANITOBA—(P)—Hundreds of blocks of this great prairie city lay beneath a sea of muddy water Monday as troops and civilian volunteers worked wearily to bolster sagging levees against a new flood threat from North Dakota and Minnesota.

Silt-laden water swirled through many Winnipeg streets, paralyzing communications and transport on the outskirts, and authorities warned that the worst is yet to come.

The city may face two flood crests as Spring torrents pour down the Red River from the rain-soaked Northern United States. The first crest is expected within the next few days.

Meanwhile, the Canadian Army warned some 1,500 residents in low-lying areas to flee at once because the dikes might break at any time. More than 4,400 persons already have been evacuated from their homes, from hospitals and from the city jail.

An estimated 4,000 other persons have fled from a dozen small Canadian towns engulfed by flood waters in the 60-mile stretch from the U. S. border to Winnipeg.

**2,000 Homes Abandoned**

Erig R. E. A. Morton, flood relief director, said water 23 feet deep soon might pour over damaged sections of the dike protecting low-lying residential districts of suburban Norwood and East Kildonan.

"The danger is real," he said. "Everything is continuing to be done to prevent a calamity."

More than 2,000 Winnipeg homes already have been abandoned to the flood, and damage estimates range into millions of dollars.

Relief supplies are being poured into Winnipeg—a city of 350,000—from all over the dominion. The Royal Canadian Air Force is flying in bedding and food for the refugees, who are crowded into railway cars, hotel dining rooms and private houses.

**Business As Usual Here On VE Day**

By TANNER LAINE

We went walking along the streets of Midland Monday—looking for what?

We went looking for those who would remember.

Would remember that Monday was V-E Day. V-E means Victory in Europe.

We didn't find very many. We didn't see a flag out. Our question "what day is this," didn't bring the right answer.

But one business firm remembered.

Down on South Main Street we found this sign at Nix Trading Post: "Do You Remember? We Can't Forget. Closed VE Day Monday."

Hats off to that firm.

Five Years Ago

Five years ago, the victory in Europe over Germany was proclaimed. It marked the end of fighting in that theater.

Then all energies were directed to the Pacific theater and later came another "V" Day—VJ (Victory in Japan) Day.

Germany surrendered at 2:41 a.m., May 7, 1945. The Reporter-Telegram's headlines were big and black on an extra.

"Germany Surrenders."

It wasn't until the next day that the official VE proclamation was made.

Business went on as usual that day in Midland, the newspaper reported.

It went on as usual Monday, five years later.

There was a union church service with fervent prayers of thanks for victory here in 1945.

There was no church service Monday, five years later.

In fact, there wasn't an observance of any kind that this reporter could find.

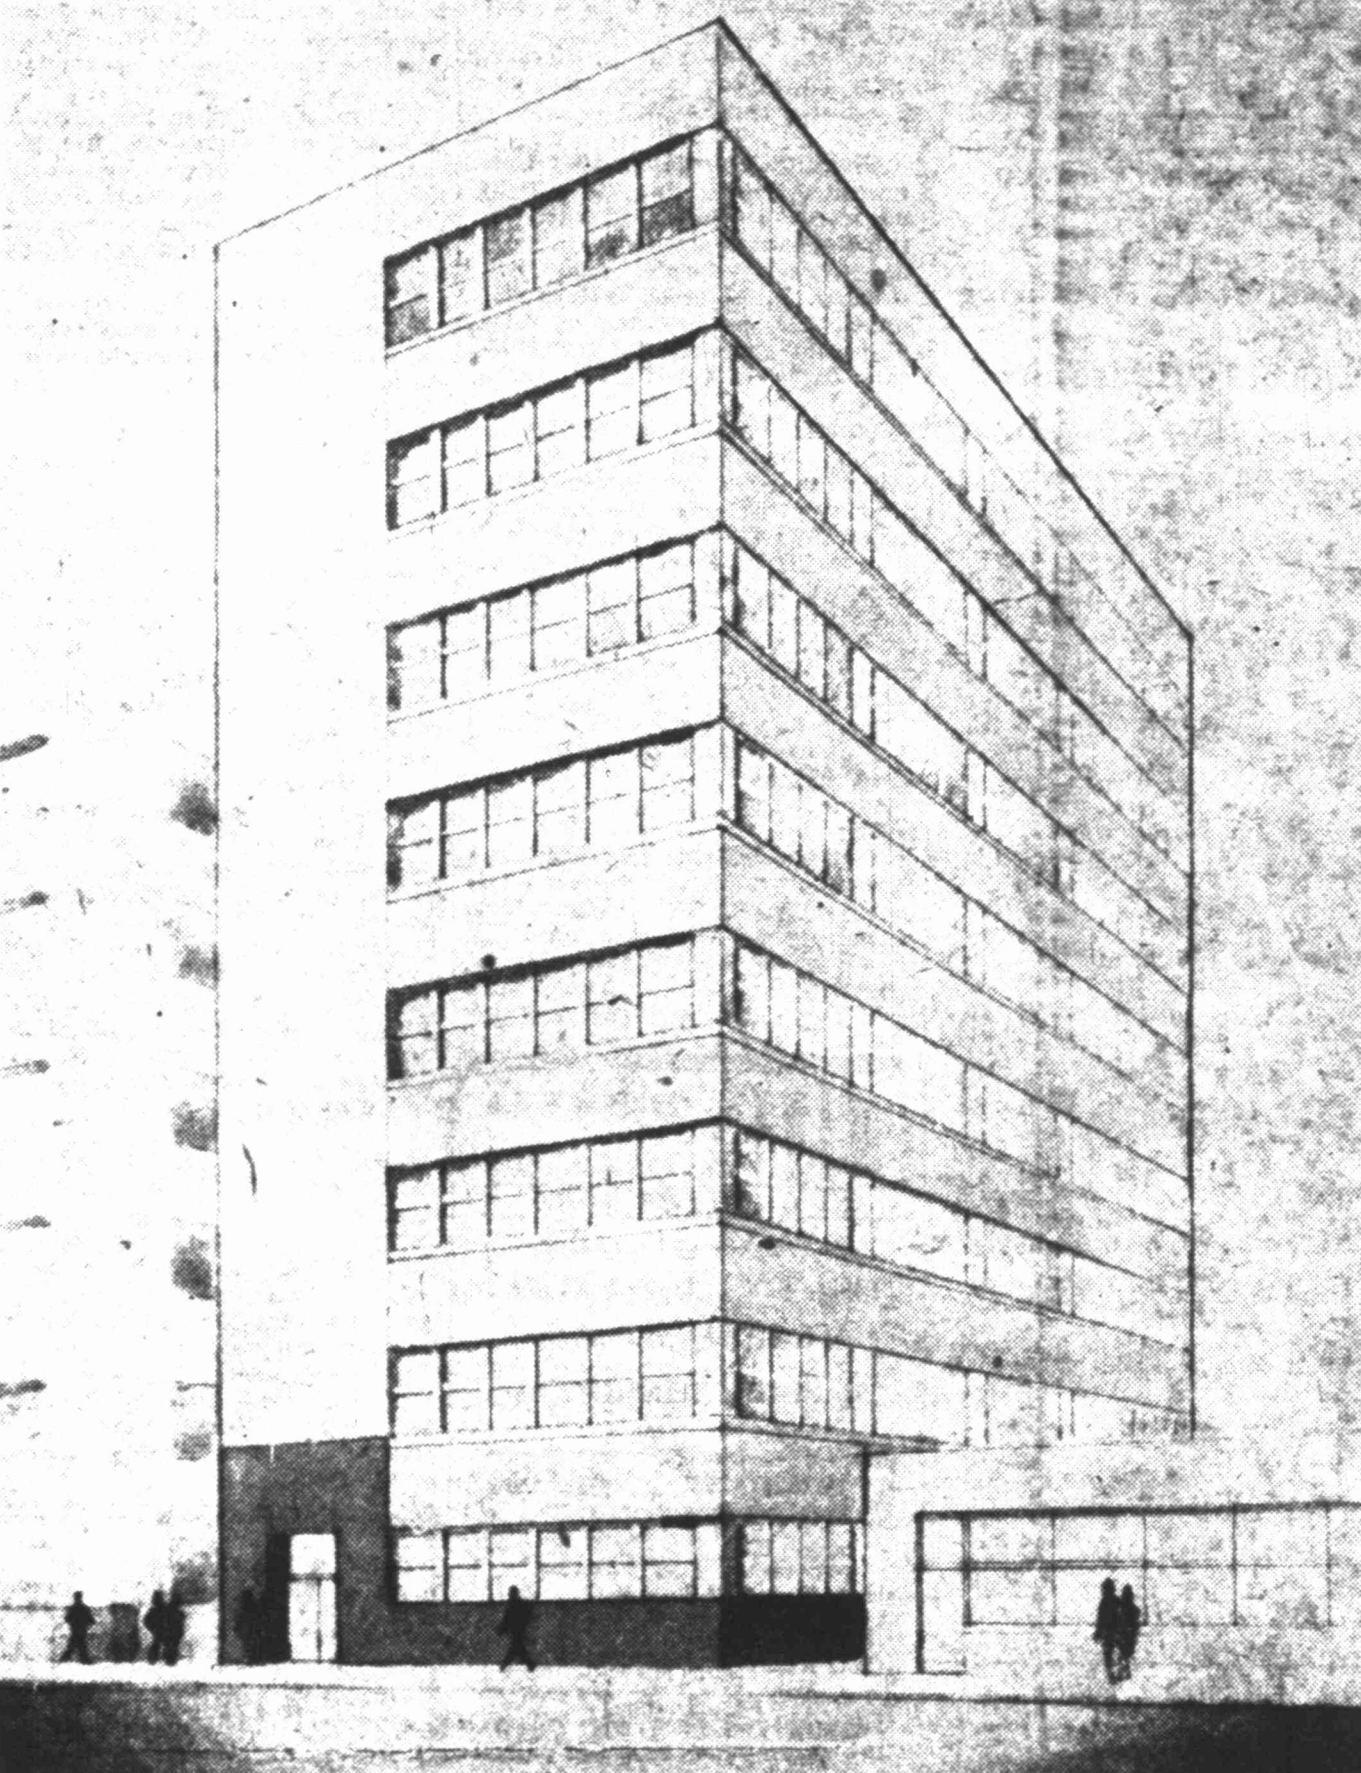

Except the one business firm that closed. We don't believe it lost a cent by doing so.

**Ken Regan Names Campaign Manager**

EL PASO—Tom Mays, Jr., Upper Valley businessman, will manage Rep. Ken Regan's campaign for reelection in the 16th Congressional District. E. P. Langford, attorney, who successfully handled the Midland man's campaign when he was elected to fill the vacancy caused by the resignation of R. E. Thomas in 1947, will assist Mays, while Jesse Loehman, 1948 manager, will help in the campaign headquarters.

Regan announced the appointments Sunday as he prepared to return to Washington after a brief flying trip to El Paso. He was in bed in Washington Sunday night. He will return to the district next month.

**Midland To Have New Eight-Story Office Building**

**Wilkinson Plans New Skyscraper**

The proposed erection of another multi-storied office building in downtown Midland was announced Monday by Jack B. Wilkinson, owner-manager of the six-story Permian Building, the six-story Wilkinson-Foster Building and the two-story Wilkinson Building.

The new skyscraper will be located immediately south of the Permian Building on Big Spring Street. It will be eight stories in height; L-shaped, with a 46-foot front. Approximately 40,000 square feet of floor space will be provided.

Construction will start June 1, provided all details can be worked out by that time, Wilkinson said.

The edifice will be completely modern, with first-class construction throughout. Wilkinson said it will be equally as nice and attractive as the Wilkinson-Foster and Permian Buildings.

The granite-front building will be of steel, brick and stone construction. The builder said the best fluorescent lighting available will be furnished tenants. Partitions also will be arranged to suit the building's occupants.

The new, attractive building will add materially to Midland's already impressive skyline, and will bring the volume of office space here to 418,070 square feet in 20 buildings. It also will relieve a critical need for additional office space here.

**DOCTOR REPORTED MISSING**

Midland police Sunday were requested to be on the lookout for Dr. D. S. Hinds of Colorado City. He was reported missing and foul play was feared, the Sheriff's Department at Colorado City said. The doctor last was seen in Big Spring and was reported to be carrying a large sum of money.

**AFL Policy Makers Discuss Labor Unity**

PHILADELPHIA—(P)—The AFL's top policy makers met behind locked doors Monday to discuss a proposal that if approved, could have a far-reaching effect on the political future of the nation.

William Green, president of the 8,000,000-member labor union, met with the 13 other members of the union's Executive Council, at the Ritz-Carlton Hotel. Reporters were not permitted to sit in on the session.

The top item on the agenda is a proposal by CIO President Philip Murray for a united labor front, a front which would make itself felt mostly in the political arena.

Not since John L. Lewis quit the AFL to form the CIO in 1936 has labor formed itself into a cohesive unit for political action, although many steps have been taken toward that end in the past.

Green said the chances for the setting up of such a unit, front are better now than they have been in the last six years.

In his recent proposal, Murray suggested that a joint committee be formed by the nation's major labor organizations to:

(1) Coordinate labor's economic, political and legislative activities.

(2) Work toward eventual merger into a single united organization.

**Whistle-Stop Talks Termed Non-Political**

ABOARD TRUMAN TRAIN—(P)—President Truman declared Monday that the decisions the United States makes in the months ahead will determine whether the world will be "a third world war."

In a talk to a trainside crowd at Galesburg, Ill., the President assailed "isolationists" who would "let the rest of the world be swallowed up by communism."

These men, Truman asserted, cannot "see beyond their noses," and forget "the terrible price" this country would have to pay for such a course.

"These same men who tell you we should economize by isolationist policy," he said, "are the same thing after World War I and brought on World War II. We will have a third world war if we 'revenge' on our Allies. Truman said, just as 'Russia is running on her heels.'"

Speaking on the fifth anniversary of his proclamation of All-victory over Nazi Germany, the President devoted much of his time to a warning of a "whistle stop" speech to warning on the critical foreign situation.

**Five Baylor Students Die In Collision**

ARLINGTON, TENN.—(P)—Five Baylor University students were killed near here Monday in the head-on smashup of their sedan and a trailer truck loaded with heavy materials.

The dead were identified tentatively as: Jimmy Nelson, 22, of Dallas, Texas.

Betty Pierson, 19, of Waco, Texas. Jeannette Boyd, 20, of Dallas. David Roy Figart, 20, of Waco. James Percival Langley, Jr., 23, of Sacramento, Calif.

Langley's landlady, contacted at Waco, said the five students left there last Monday to go to Lexington, Ky., so Figart's family could meet Miss Pierson, his fiancée.

The five bodies were taken to Memphis, 30 miles east of here. The driver of the truck was listed as missing.

He escaped uninjured. Impact of the collision with the truck, which was hauling construction equipment, drove the engine of the car into the front seat. The speedometer was stopped at 70. The license number on the car was Texas DP2103.

**Dog Attacks, Bites 12 School Children**

NEW YORK—(P)—A large dog rampaged into a crowd of about 400 Bronx school children Monday, bit 12 of them, and sent the rest fleeing in panic.

As the youngsters ran screaming from the school yard, teachers sought to head off the animal's snarling attack. A nearby policeman sprinted across the school yard and dived on the dog's back.

The patrolman, William Carr, grabbed the dog's leather collar and twisted it tighter until the animal was subdued.

The bitten children, eight to 11 years old, were rushed by ambulance to a hospital.

The dog was confined for tests to determine if it had rabies.

**Defends Right To Bite His Dog**

The man, said it was his dog and could bite it if he wanted to.

**Boston Writer Held In Bludgeon Murder Of His Aged Mother**

BOSTON—(P)—Novelist Gordon Hillman was held Monday in the bludgeon murder of his 74-year-old semi-invalid mother in their suite at a fashionable Back Bay hotel.

Police Captain Francis Wilson said Hillman, 49, admitted in an oral statement he beat his mother to death after dining with her Sunday night.

The body of Mrs. Carolyn Hillman was found by police after a man telephoned them from the Copley Plaza Hotel.

Hillman, according to Wilson, gave this account:

"Suddenly my mind went blank," police quoted him as saying.

Then, Wilson said Hillman told him, he picked up an empty liquor bottle, filled it with water and went into his mother's room.

Walking up behind her, the police captain said Hillman told him, he struck his mother four or five times on the head.

"She fell to the floor and made no outcry," Hillman was quoted by Wilson. "I believe the first blow killed her."

**He Celebrates With Truman**

Bobby Cowell, polio victim of Queen City, Mo., was scheduled to celebrate his ninth birthday in Ottumwa, Iowa, Monday along with President Truman, who is 66. Bobby wrote Ottumwa city officials saying he would "go like" to celebrate birthday greetings with the President. As a result, President Truman asked to "shake hands personally" with Bobby on his arrival in the city.

**Pampa Newsman Dies In Fall From Oklahoma Hotel**

PONCA CITY, OKLA.—(P)—Managing Editor J. L. Swindle of the Pampa, Texas, Daily Newsman died in a fall from his sixth-floor hotel room Sunday.

The 33-year-old newspaper man was here with a group of Pampa residents for a meeting of the U. S. Highway 50 Association.

He told friends goodnight at 11 p.m. and went to his room. His body, still warm, was found by J. Donahoe, Jr., as he drove up park in front of the hotel at 11 a.m.

It was believed Swindle got up close a window which he had begun to fall around midnight. A chair was toppled over near window, indicating the editor had slipped sleepily over it and thru the window, an extremely low force of the fall knocked Swindle from its catch. Swindle plunged 65 feet.

**Long-Time Crane Resident Dies In Temple Hospital**

CHANE—W. Sam White, long-time employee of the Gulf Corporation here, died about 11:30 p.m. Sunday in a Temple hospital where he had been under treatment since last December.

He was born Oct. 14, 1888, Hardeman County, Texas, and attended Weatherford Junior College and Tame College in Maryland.

White moved to Fort Stockton in 1919 to enter the ranch business of his father. He came to Crane in 1927 when he was employed by Gulf.

He had been connected with Gulf here since that time and well-known throughout the area. He was married to Mamie Warnock of Fort Stockton in 1927.

Funeral services will be held 2 p.m. Tuesday in Weatherford. Survivors include the widow and a son, Sammy, who is a freshman student in the University of Texas.

**Mongrel Receives Heroism Medal**

OGDENSBURG, N. Y.—(AP)—A mongrel dog stood beside Jimmy White's hospital bed Sunday and received an American Humane Society Medal for bringing aid to the injured boy.

"Tippie," a mixture of chow and collie, is credited with saving the life of 16-year-old Jimmy. The boy and dog were playing together last Winter when Jimmy fell and fractured his hip. The temperature was below zero.

"Tippie" ran to a nearby house and pawed and whined at the door. Then a physician, who lived there, followed the dog to the injured boy.

The boy has undergone two operations. Harper Kingston, who used to be "Tippie's" master, gave the dog to Jimmy after the accident.

CHAMBERSBURG, PA.—(AP)—Four days after he killed a Philadelphia policeman, Albert Nicholas Gnatz, 55-year-old ex-convict, died in Chambersburg Hospital of bullet wounds inflicted by Pennsylvania State Police.

In defiance of a relentless man-hunt touched off by the slaying of Patrolman James J. Donohoe in a Philadelphia subway last Wednesday, Gnatz set out Saturday night to rob a supermarket in nearby Shippensburg.

He walked into a police trap, tried to shoot his way out and was cut down by state police bullets. He died Sunday.

The gray-haired gunman died without regaining consciousness about 14 hours after a bullet was sent crashing into his brain.

**Jane Russell, A Big Girl Now, Has Leading Man She Likes**

By ERSKINE JOHNSON  
NEA Staff Correspondent  
HOLLYWOOD—Jane Russell, no mere slip of a girl, has landed her first bruiser of a leading man in "Smiler With a Gun." Gorgeous Jane says she likes 'em big and hulking and Robert Mitchum is filling the ticket. She told me: "My leading men have always been shorter than I. They were fine actors, sure, but nobody could picture me with them. Everyone expected ME to save the hero."

Jane says she's lost her "poor-but-honest" state of mind about her career and is raring to play musical comedy queens, drawing room sophisticates or even a sultry sypsy girl. She says: "In this one I'm a character I like doing. A gun moll or a 19-year-old bank clerk."

**Royal Navy Divers Claim Discovery Of Old Treasure Ship**

TOBERMORY, SCOTLAND—(AP)—Royal Navy divers claim they have found a Sixteenth Century Spanish galleon, whose hold—according to legend—carries some \$68,000,000 worth of gold coin.

Old stories say the galleon was the Duke Florencia of the Spanish Armada, supposed to have been sunk in 1588 while carrying gold to pay Spanish fighters attempting a conquest of Britain. Her hold was reputed to contain 30,000,000 gold ducats.

Divers who have been striving for weeks to uncover the old hull came up the other day with two silver medallions from the mud. The discovery led Lt. Cmdr. Reay Parkinson, head of the treasure hunt, to notify the British Admiralty that the Duke Florencia had been found.

"In my opinion," he said, "there can be no doubt that we have found the galleon," he declared. The admiralty was more cautious, but admitted there is a "lively possibility" the search has been successful. The Navy has told Parkinson to cease operations. The treasure ship—if there is one—belongs to the seventh duke of Argyll, to whose family the treasure rights were given by Charles I. The duke is expected here Tuesday to look things over and decide whether to continue operations at his own expense.

**Million-Dollar Fire Burns Out Section Of Long Trestle**

NEW YORK—(AP)—A Spring gale drove a million-dollar fire down Jamaica Bay's four-mile wooden rail trestle Sunday night and early Monday and burned out a 2,500-foot gap in the mid-section.

The long low span is the Long Island Railroad's main link between the New York City mainland and the Rockaway sections along the Atlantic Ocean. The blaze of undetermined origin turned into a fireman's nightmare of both too much and too little water.

The wide bay kept fire engines confined to each end of the span, while at the same time the water was too shallow to float the city's big fireboats. Firemen had to drag thousands of feet of hose down the trestle on motor handcars. The railroad said the span burned to the waterline throughout the length of the blaze, and estimated total damage at \$1,250,000.

**Stomach Ulcer Treatments Often Aim At Nervous Cause**

By EDWIN F. JORDAN, M. D.  
Written for NEA Service

Almost every year several "new" treatments for ulcer of the stomach are reported in the medical journals and newspapers. Patients are reported cured and the new treatment widely is hailed as the final answer to a difficult problem. Generally this is followed by a long period of silence and often nothing further is heard about it.

The reason this happens so often probably is because an ulcer of the stomach can be affected by so many things—diet, nervous strain and perhaps by other influences which we do not understand so well. Consequently many kinds of treatment bring a temporary improvement. Actually most of the treatments for ulcer are aimed at either the stomach itself or the nervous cause. The acid which normally is present in the stomach tends to increase in the presence of ulcer and this acid is irritating, thus preventing healing of the ulcer. Many of the treatments used, therefore, are aimed at eliminating or minimizing this irritating quality of the acid in the stomach thus permitting the ulcer a greater chance to heal itself.

One of the most common treatments consists in frequent feedings of alkalis (such as soda) which combat the acid, and milk and cream and other small meals. Some gelatin-like substances called mucins have a similar effect. Mucins are supposed to coat the area of the ulcer and protect it from the irritating acid stomach juices.

But these are only a few of the many treatments which have been tried for ulcer; the injection of foreign proteins, the administration of amino acids which are the building blocks of proteins and many others. Ulcers tend to come back and the symptoms get worse whenever a person is subjected to undue mental or nervous strain. For this reason some people think that the eventual solution of the ulcer problem

will be some method of treating the nervous system rather than the ulcer itself. Cutting the nerve—the vagus—which runs to the stomach is one way of attacking this problem. This method is now quite commonly used when the circumstances are considered favorable. Rest is important. Whatever the treatment employed, best results usually are obtained when the patient starts the treatment by going to bed and staying there for about three weeks. In this way the nervous strain of modern living and contact with other people largely is removed, at least temporarily. An initial period of bed rest in the hospital where the condition can be watched closely generally is recommended. Smoking increases the amount of acid secreted in the stomach and therefore heavy smoking generally is forbidden for patients with an active ulcer.

## Brides-Elect Honored With Kitchen Shower

A lavender and green wheel of fortune directed Joyce Jenkins and Ethylene Benton to their gifts at a kitchen shower honoring them Saturday. Mrs. Paul Oles was hostess in her home.

Miss Jenkins is the bride-elect of Lee Roy Woodard and Miss Benton of Bill Keel. The wheel was on the terrace and green streamers led from it, directing Miss Jenkins to her gifts, hidden at various places around the backyard. Miss Benton was directed to her gifts by lavender streamers. Other gifts for the two honorees were placed on a table on the terrace. The table was in the backyard and various guests performed serving duties they drew from the wheel of fortune.

## TFWC Heads Meet To Plan Invitation For National Clubs

Plans for Texas representation at the General Federation of Women's Clubs convention in Boston later this month will be completed by officers of the Texas Federation at conferences this week in state federation headquarters in Austin. Mrs. J. Howard Hodge, state president, said as she left Monday for Austin.

Meetings of the executive committee and of the board of trustees are scheduled in the headquarters building. Mrs. Hodge will take an invitation from the Texas Federation to come to Houston for its 1951 convention.

While the officers and trustees are in Austin, they will be entertained in observance of the Texas Federation's birthday. The exact anniversary of the founding is May 14. Mrs. Hodge plans to return home the last of the week, and will go to Andrews next Saturday to install officers of all the federated clubs there in a joint meeting.

## Troth Is Announced For Couple At Crane

CRANE—Announcement of the engagement and approaching marriage of Nancy Beth Evans and Donald W. Whitaker has been made by her parents, Mr. and Mrs. C. H. Evans of Crane. members of the Midland Altrusa Club Sunday. She was here for a short time as one stop on a tour of clubs in West Texas and Northern Mexico, and Midland Altrusans entertained her with the luncheon in the Private Dining Room of Hotel Scharbauer. Susie Wright of the Texarkana club is Miss Walker's companion on the trip.

Five members of the Midland club went to Abilene Saturday for an inter-city dinner honoring Miss Walker. Grace Wallace, Bertie Boone, Ada Phillips, Annie Ford and Laura Jesse represented Midland Altrusans.

All-District Project. Miss Walker said at the luncheon the Seventh District as a whole and most of the clubs which comprise it are more interested in projects relating to education than in any other subject. The scholarships unify this interest, since the entire district participates in giving them, she added.

She gave personal glimpses of the two women who have studied under Seventh District scholarships, Hermina Reyes of Manila and In-Ai Yang of Seoul, Korea, both of whom did graduate study in nursing. She emphasized the value of the scholarship as a means of international friendship.

The district governor complimented the Midland club, one of the newest in the Seventh District, on its sense of community responsibility as shown in its recent adoption of a major project in assistance to the county library.

In addition to the visitors from Texarkana, guests of the club were T. K. White and Eleanor Wheeler. The tables were decorated with Spring flowers and the place cards with Altrusa emblem stickers. A corsage of daisies in blue and white, Altrusa colors, was at each place. Miss Walker was presented a corsage of white daisies to pin on her navy two-piece dress.

Search Takes Time

Raised in the "get things done" tradition, we Americans are used to fast results in whatever we undertake.

The medical research field is an example. Today the scientists' big guns are trained on cancer, heart disease, polio, the most menacing and most puzzling ravagers of man's health.

A lot of that money is being made available to scientists. But specialists in the great university research centers complain that too much of it is earmarked for cure-seeking projects.

Scientists point out, however, that the real cure for dread diseases may lie in basic secrets of nature not unlocked. Projects devoted to applying already known medical facts are no help in unearthing them.

Medical researchers don't get enough of this kind of help. And if they don't get more gifts without strings, real solutions we all desire may be much longer in coming than we imagine.

This urge to get results fast could be curbed a bit by hurrying our record for energetic performance. In the real world a little like the business man who has a reputation for working hard and is afraid to slow down.

After all we're only part of the stream of history. Neither necessary nor possible that we shall stampede on every problem that now confronts us.

They May Yet Get Out Of The Woods

DREW PEARSON ON THE WASHINGTON MERRY-GO-ROUND

(Copyright, 1950, By The Bell Syndicate, Inc.) Drew Pearson says: Truman's advisers are not up on their history; many factors contribute to low ebb of Truman Administration; Wisconsin's Senator Wiley fears "McCarthy" repercussions.

WASHINGTON — The President was enjoying a weekend cruise on the yacht Williamsburg recently when he and his party got to arguing about what they considered to be an important point in American history.

So finally Clark Clifford, ex-White House counsel and still one of the poker-playing entourage, put in a long-distance call to New York Supreme Court Judge Ferdinand Pecora.

"Judge," said Clifford, "this is Clark Clifford, and I am calling from the Williamsburg. A group of us here are about evenly divided on a question, and we believe you are the one person who can give us the right answer."

"All right," replied Pecora, "I'll be glad to try." "Was it in the Senate munitions investigation or at the Senate investigation of Wall Street that the midjet sat on J. P. Morgan's knee?"

"It was at the investigation of Wall Street," replied Judge Pecora, who served as counsel for the Senate committee during that investigation.

"Can you give me the date of that incident?" continued Clifford. "Yes, it was about May 28, 1933." "Fine," said Clifford. "That's just what we wanted to know. Now, one other question. Did the investigation of Wall Street come before or after the Senate munitions investigation?"

"The Wall Street investigation came first," said Pecora and then added: "One other thing. The incident to which you refer did not occur during a Senate committee meeting. Neither I nor the Senate Banking and Currency Committee were present when the midjet sat on J. P. Morgan's knee. It occurred before the committee came into the room."

No FDR Background An interesting sidelight can be drawn from this conversation. Any newsman covering Washington, or any government official close to the Roosevelt Administration would have remembered vividly the famous incident involving the circus midjet and J. P. Morgan during the Senate probe which cleaned up Wall Street and led to the formation of the Securities and Exchange Commission.

And what the Clifford-Pecora conversation illustrates is that Truman has no one around him who knows the background of the Roosevelt reforms on which the Truman Administration now is building.

President Truman is taking his swing through the Northwest at a time when his political barometer is the lowest since he lost control of Congress in 1946. The Pepper defeat in Florida plus the neck-and-neck Dixiecrat race in Alabama all go to support what the political dopsters previously predicted—that Truman stock is in the cellar.

There are four general reasons for his slump, as follows: 1. The McCarthy charges have cut deeper than Washington realized. While most people don't sympathize with McCarthy they believe that where there's smoke there's fire. Also they wonder why the Administration has lacked cohesive rebuttal.

2. The Kansas City murders have focused attention on Truman and the Pennington machine. Actually, Truman had sent his ace investigators into K. C., and deserves credit rather than blame for the Binaggo shootings. However, most folks don't know this—again due to poor public relations.

3. Economic unrest—Farmers are irked at falling prices. Housewives are irked at wasted potatoes and price supports. The public is fed

Soldier 'Dies' Five Times, But Lives, Says Army Report

TOKYO —(AP)—Pfc. Daniel N. Stoeker, 19, "died" five times last week but still is alive.

The Phillips, Wis., soldier owes his life to a combination of luck and surgical skill.

He was admitted Saturday to Tokyo General Hospital with a knife wound in his heart. Doctors could find no pulse and no blood pressure.

Col. N. W. Anderson, chief surgeon, began to operate. Anderson said he discovered an inch-long wound in the right arcticle, the chamber that receives blood from the veins. Several quarts of the blood had drained into the chest cavity.

Each time he took a stitch to close the wound, Anderson said, Stoeker's heart stopped beating. Each time the doctor gently massaged the heart five minutes until it resumed beating. That happened four times.

When the stitching all was done," Anderson said, "the boy's heart stopped again. It resumed normal pulsations only after 15 minutes of massage."

Four quarts of blood plasma were given. Hospital authorities said Stoeker's condition Monday was very good. He still was in an oxygen tent but showed good appetite and healthy color.

Details of the stabbing were not reported.

One Killed, One Wounded In Georgia Political Arguments

MILLEN, GA.—(AP)—A 70-year-old man and his son-in-law got into a shooting argument Sunday over the respective merits of Gov. Herman Talmadge and former Gov. M. E. Thompson.

The son-in-law was killed and the older man wounded seriously.

The dead man was Seab L. Newton, 37-year-old Newton County farmer. Newton's father-in-law, Lee Proctor, was hit twice with bullets from a .38 caliber revolver. He was reported in serious condition in a Millen hospital.

Deputy Sheriff Walter Johnson said Newton's widow told him the men had been arguing about Talmadge and Thompson, bitter political rivals currently campaigning for governor.

The deputy added no warrant had been taken out and no inquest held.

Have A Laugh

By BOYCE HOUSE Jim Corbett had a good job in a bank but he resigned to become a boxer. His father, a philosopher, had an old saying for every situation and he tried to dissuade young Corbett with, "Remember, my boy, a rolling stone gathers no moss."

But Gentleman Jim proved to be the most scientific heavyweight in history and he returned home as world's champion. His father, still a philosopher, declared, "Jim, as I always say, the bee that stays around the hive gathers no honey."

Covering Baba up again she hurried out into the passage and a few minutes later was knocking imperatively on Syrie's bedroom door.

There was no reply to either her first or second summons, and trying the door she found it locked. She knocked loudly again, and was still hammering against the door when Mrs. Amberley spoke from behind her: "What the devil's the matter?"

JACOBY ON BRIDGE

By OSWALD JACOBY Written for NEA Service

"They call me the bridge player's friend." Generous George remarked. "If you're out shopping for tricks, you can get 'em from me wholesale. And if you can't afford to pay, I'll give you a trick for nothing."

His partner grinned, but the opponents were not amused. George's generosity had just done them out of a vulnerable game.

The bidding was reasonable enough, and the final contract was quite logical. Against ordinary defense, South would have made three no trump in a walk.

The defense began without any fireworks. West opened the eight of spades, his highest card in the

North East South West 1 N.T. Pass Pass Pass 3 N.T. Pass Pass Pass

South did not appreciate this generosity because it prevented him from making his contract. This was one time he didn't want a cheap trick.

The trouble was that South could win only two spades and three tricks in each of the red suits. He needed a club trick to make his contract. When he led clubs, West came up with the king to take the first trick in that suit.

West then returned his remaining spade.

George was not generous this time. He put up the queen of diamonds to force out declarer's ace. Now the rest of George's spades were established. Whenever he got the lead with the ace of clubs, he would be able to take his spades. And South had to lead clubs for the simple reason that he couldn't make nine tricks without developing a club trick.

The full effect of George's liberality may be seen if we note how the play would go with normal defense. In other words, suppose East's first play is to put up the queen of spades.

This gives South the chance to make a very fine play. He must refuse the first trick! He is bound to get two spade tricks no matter what he does, but he is anxious not to win the first trick in the suit.

East continues spades (no shift would do any good), and South wins with the jack. Now when South begins the clubs, he is quite safe. If West takes the first club, he cannot lead a spade. If East takes the first club, he can set up the spades but can never regain the lead to cash them. Hence South makes his contract.

Hawaii's Bid For Statehood Tangled By Outside Issues

By PETER EDSON NEA Washington Correspondent

WASHINGTON—Political by-play in Hawaii's coming bid for statehood will bear close watching. Involved are several issues which have little to do with the merits of the case, though an effort will be made to muddy up the argument by injecting them into the debate.

The visit to Hawaii of the House Un-American Activities subcommittee is a case in point. The committee originally was urged to go to the islands by opponents of statehood. They hoped that by uncovering Communist activities, statehood would be delayed if not killed.

Advocates of statehood seized this device and made it their own. They maintained that the investigators would find conditions no worse than in many mainland states. Clearing up this situation would end the criticism. And they argued that as a state, Hawaii would have a better chance of dealing with its Communist than as a territory.

Most Hawaiians will admit that there has been some Communist strength on the islands. The number of party members has been put at about 130, with perhaps 12 active leaders.

The left-wing leadership is mainly in the IWO—the International Longshoremen and Warehousemen's union organized by Harry Bridges. Including sugar and pineapple workers as well as dockworkers, it has been in a position to tie up the islands.

Uncooperative Witnesses. In his first week of hearings, the Un-American Activities probes developed principally the possibility of 11 citations for contempt of Congress, because witnesses refused to answer key questions on possible Communist Party membership.

The committee will have to return to Washington and get these contempt citations by vote of a majority of the House. There is not much doubt that the citations can be obtained. But it is doubtful if they will be sufficient to stop statehood since the House already has passed the statehood bill.

The real opposition to statehood comes from a group of ultra-conservatives who have grown richer under territorial status. They fear that more self-government in Hawaii will impair their position.

Until a few weeks ago, Gov. Ingram M. Stainback had not come out for statehood. He played along with the conservative crowd. Though he was appointed a Democrat, he has balked the Truman administration's plans to give Hawaii statehood. It has been Delegate Joseph R. Farrington, a Republican, who has taken the lead in the statehood campaign. Farrington and Stainback are in fact bitterly opposed on almost every issue.

Nor have the Hawaii Democrats much use for Governor Stainback. Several years ago a group of young Democrats in Hawaii sent Customs Collector Robert L. Shivers to Washington in an effort to get Stainback removed from the governorship. Governor Stainback found out about it through his aide, Pete Harrison, who had been Office of Naval Intelligence man in Hawaii during the war and knew everything that went on in the islands. In self-defense, Governor Stainback took up the Communist issue and tried to use it to keep his job.

Govs. Are Numbered. Deputy Governor Stainback's second four-year term expires in August, 1950. There is little chance that he will be reappointed. He has no chance of being elected governor. He might be kicked upstairs to a judicial appointment. He was a judge in Hawaii when he was made governor by President Roosevelt.

If the Senate should approve the House-passed bill to give Hawaii statehood in the near future, there is a chance that the islands might qualify in time for the November,

1950, elections. The Hawaiian Constitutional Convention convened April 4. If they convene that fast, the new state government would take over Jan. 1, 1951. Stainback might be reappointed governor until that time.

The Senate Interior and Insular Affairs Committee under Senator Joseph C. O'Mahoney has just opened hearings on Hawaii statehood. Principal criticism is expected to come from Senator Hugh Butler of Nebraska, ranking Republican on the committee. His indicated tactics will be to delay action and keep the statehood bill in committee.

The real opposition to statehood for Hawaii, and Alaska too, may come from the Southern Democratic senators. Their fear is that admission of Alaska and Hawaii would give the North four more Senate seats. That might be enough to swing the balance and give the North the two-thirds majority required to impose cloture—limited debate—in Senate consideration of FEPC and other civil rights legislation.

Thus Hawaii, which is really more democratic than any other state on matters of racial discrimination, might be barred from statehood for reasons having nothing to do with its internal conditions.

Q—In what country were dogs first licensed? A—In England in 1796 in order to help balance the British budget. The idea of such a tax spread through Europe and through the United States.

Q—From what type of tree are cashew nuts obtained? A—The cashew is a spreading tree, from 20 to 40 feet high, native of the tropics and common in the West Indies. The nut which grows on the end of a fleshy, pear-shaped stalk is small, kidney-shaped, ash-gray, varying in size. The kernel, oily and nutritious, is used for food and is removed from the three-lobed shell by roasting.

Q—What is the present membership of the 4-H Clubs? A—The 82,000 4-H Clubs in the United States reports approximately 2,000,000 members.

Q—Are lotteries forbidden by law throughout the United States? A—Lotteries are prohibited by Federal law. Some states also have strict laws in regard to lotteries.

Q—Was President Monroe inaugurated on March 4 or 5, 1821? A—The inauguration took place on Monday, March 5, at the Capitol.

### Life With The Tax Gremlins

The Other Mortgage.

By NEA Service  
"I see two kinds of mortgages on a farm. One the farmer signed in the bank, and he may, if he is able and lucky, pay it off. The other he will always pay interest against. It is national debt, a mortgage that has climbed like a jet plane, and in 1949 it amounted to \$1,740 for each American man, woman and child. Thus, if your family numbers five, you have a mortgage of \$8,700 in addition to any other mortgage which you personally signed and blotted."—Senator Harry F. Byrd.

Senator Byrd's parable, allocating the national debt as a mortgage on everybody's property, suggests this cartoon. The happy ritual of burning on the farm lot the mortgage that has just been paid at the bank, and then the painful reminder of another mortgage, namely, that farm's share of the national debt. How shall that be paid?

### Squalls Leave 20 Dead Or Missing In Northeastern States

NEW YORK —(AP)— Treacherous Spring squalls caught thousands of New York and New England boatmen without warning over the sunny weekend and left 20 of them dead or missing in lakes, rivers and salt water.

The high winds, tall end of a Midwest storm, reached 85 miles an hour at some points.

In addition to the havoc caused on the water, the winds also fanned forest fires in New England and blanketed out most private flying.

The flames covered hundreds of acres of New England woodland.

Upper New York State had the worst drowning toll, with 10 dead or missing since Friday. New York City and Long Island Sound counted seven lost Sunday, while New England had three drownings.

Small craft warnings had been hoisted for waters in the area south of Eastport, Maine, but the sudden violence was unexpected. Some puffs of 52 miles an hour were recorded in New York City.

Divers Seek Bodies  
Sunday was the most disastrous for New York City boatmen since another set of squalls ambushed them last July.

Police and Coast Guardsmen used planes, helicopters and launches to rescue the living, while divers in the New York area tried to find the bodies of some of the dead.

Hundreds of small boats were flipped over in the high water, and almost 40 persons were rescued in the New York area alone.

The Long Island Sound casualties came in four separate incidents involving rowing parties. Three were known dead and four were missing.

Eight of the upstate New York victims died Saturday night and Sunday. Two others drowned Friday night.

Man Shoots Pair In Hunting Grudge  
CONFLUENCE, PA. —(AP)— Twenty-year-old Harry Robert Reckner was held on an open charge Monday after state police said he admitted slaying one neighbor and wounding a second because they "shot too close to me last hunting season."

The man killed in the shooting Sunday was identified as Charles Lytel, 25.

In a serious condition at Confluence hospital is Thomas Warrick, 67.

State Police Sergeant Howard Stephens said Reckner "freely admitted" the shootings and that he would be charged with murder.

"All Reckner tells us," the state police sergeant added, "is that he was small-game hunting last year and Warrick and Lytel fired too close to him. From what we can determine, Reckner wasn't even hunting with the two men. He will be given a mental examination and will be charged with murder."

The New England dead were a father and son at Lake Winnepesaukee, Laconia, N. H., and a fisherman at Manchaug Pond, Sutton, Mass.

### Becker Is Optimist District Governor

SAN ANGELO — Fred Becker of San Angelo was elected district governor at a District 7 meeting of Optimist Clubs here last weekend. Fort Worth was selected as the 1951 convention city.

Becker succeeds William Tate of Dallas as head of Optimist Clubs in Texas, Arkansas, Louisiana and Oklahoma.

Named lieutenant-governor were Ivan W. Traxler, Vernon J. Harry Rand, Fort Worth; Joe McRae, Hot Springs, Ark.; Emory Atkinson, Tulsa; R. H. Schley of Tyler and James W. Partin of Abilene.

E. Travis Bley of San Angelo was named district secretary-treasurer.

Franklin A. Steinko of Washington, international president, spoke at the meeting.

Three Midland Optimist Club members, V. H. Van Horn, Cliff Torgerson and Gene Purvis, attended the San Angelo convention.

### German Communist Leader Says Russia Would Win Next War

BERLIN —(AP)— A German Communist leader boasted Monday that if the Western powers went to war with Russia they would be "beaten worse than Hitler was at Stalingrad and Berlin."

The declaration was made by Hans Dahlen, a member of the Executive Committee of the Socialist Unity (Communist) Party of the Russian zone. He spoke at joint Soviet-German ceremonies here marking the fifth anniversary of "Germany's liberation by the Soviet Army." This is the communists' new designation for VZ Day—the date of Germany's capitulation in World War II.

### Hilton Heir, Bride Are Honeymooning

HOLLYWOOD —(AP)— Elizabeth Taylor and Conrad (Nick) Hilton, Jr., are honeymooning Monday "not far away" following a magnificent wedding that drew police estimated between 2,500 and 3,000 fans.

The beautiful, 18-year-old movie star and the 23-year-old hotel heir left a champagne reception in a shower of multi-colored confetti after gamely shaking hands with about 500 well-wishers at Bel-Air Country Club.

Mrs. Francis J. Taylor, the bride's mother, said the couple would return here for Mother's Day next Sunday.

They sail from New York May 24 on the Queen Mary for a three-month European honeymoon.

### Blonde Dresses Up For Date With Death

NEW YORK —(AP)— A tall blonde model—who reportedly feared cancer—put on her favorite evening gown and dressed with special care for a date with death early Sunday.

Veronica Norman, 23, was found dead in her nicely-furnished apartment. Three gas jets were open on the kitchen stove.

On a table was a note to her mother, Mrs. Winifred Norman, which said "I am tired of living. God bless my friends."

The mother and another daughter, Mrs. Winifred Morgan, are in England visiting a third daughter, Kathleen, also a model.

Austin Lawrence Ruane, who identified himself as the dead model's fiance, told police she had feared she was a cancer victim.

### Suicide Verdict Given In Death Of Woman

FLINT, MICH. —(AP)— Mrs. Maxine Huffman, 23-year-old mother whose nude, dismembered body was found on a railroad track early Saturday, was ruled a suicide victim Monday.

She had been despondent since her husband, Walter, filed suit for divorce several weeks ago. When the case came up in Genesee County Circuit Court Friday, Mrs. Huffman disappeared.

Crewmen on a Grand Trunk & Western freight train found parts of her body scattered along the track the next morning. It was so badly mangled the young woman could not be identified for nine hours.

The body was discovered about three miles from Mrs. Huffman's home in nearby Davison.

### Leave After Visit

Mr. and Mrs. George Hauser, who spent several days here visiting her sister, Mrs. J. E. Hill, other relatives and friends, have gone to Florida to make their home. They have returned to the United States recently from Barcelona, Venezuela, where they lived a number of years. Mrs. Hauser is a former resident of Midland.

### House Republicans Map Futile Drive To Cut Appropriations

WASHINGTON —(AP)— House Republicans Monday threw all their strength behind two moves to cut an estimated \$1,300,000,000 from a \$29,000,000,000 appropriation bill nearing a final vote.

Since they have lost in every attempt to make deep cuts in the big bill during the last four weeks, they were pessimistic about their chances on the final test.

The showdown will come just before the House votes to send the measure to the Senate late this week.

It will center on these two moves:  
1. An amendment to forbid federal agencies to hire new employees for vacancies occurring during the next fiscal year.

2. A motion to send the entire bill back to the Appropriations Committee with specific instructions to cut "about a billion dollars" in specified sections.

Representative Taber (R-NY), leader of the GOP drive to trim the bill, said his best estimates, based on Civil Service Commission reports, are that the ban on replacing employees next year would save "anywhere from \$300,000,000 to \$500,000,000."

Hikes Offset Cuts  
So far, with most of the bill tentatively approved, the House has added \$67,547,504 to its total. It has voted some cuts but they were more than offset by increases, the largest being a boost of \$75,000,000 for public hospital construction.

No changes were made in funds recommended by the Appropriations Committee for the Veterans Administration, the Atomic Energy Commission, and scores of other agencies. Largest reductions were \$7,000,000 in State Department contract authority and \$2,950,000 in Public Housing Administration cash.

Still to be voted on are funds for national defense and for the Army Engineers' program of river and harbor and flood control projects.

### Lloyd Bulletin Is Reviewed In Recent AAPG Publication

SOCORRO, N. M.—A publication on oil-producing zones in southeastern New Mexico, released by the State Bureau of Mines Division of New Mexico School of Mines, is reviewed favorably in the April issue of the Bulletin of the American Association of Petroleum Geologists.

The Bureau of Mines Bulletin 29, entitled "Pre-San Andres Stratigraphy and Oil-Producing Zones in Southeastern New Mexico," by E. Russell Lloyd, is described as "comprehensive and well-written," by Aiden S. Donnelly, geologist, vice president and manager of the Mid-Continent Division, Honolulu Oil Corporation, Midland, Texas.

The Lloyd bulletin gives essential information on New Mexico Pre-San Andres stratigraphy and oil-producing zones as of July 1, 1949. Among other data, the 87-page booklet discusses in detail oil and gas pools of Lea County. Seventeen illustrations, two maps, and a series of tables point up the information.

The association bulletin named the bureau book, "a major contribution to the geological knowledge of Southeastern New Mexico." The author, E. Russell Lloyd, an independent consulting geologist of Midland, has been called "The Dean of West Texas and New Mexico Geology."

Bulletin 29 is available from the State Bureau of Mines in Socorro.

### Two Men Who Took Main Roles In Mock Communist Coup Die

MOSINEE, WIS.—(AP)—The people of Mosinee Monday mourned the deaths of two community leaders who played prominent roles in last Monday's mock Communist coup.

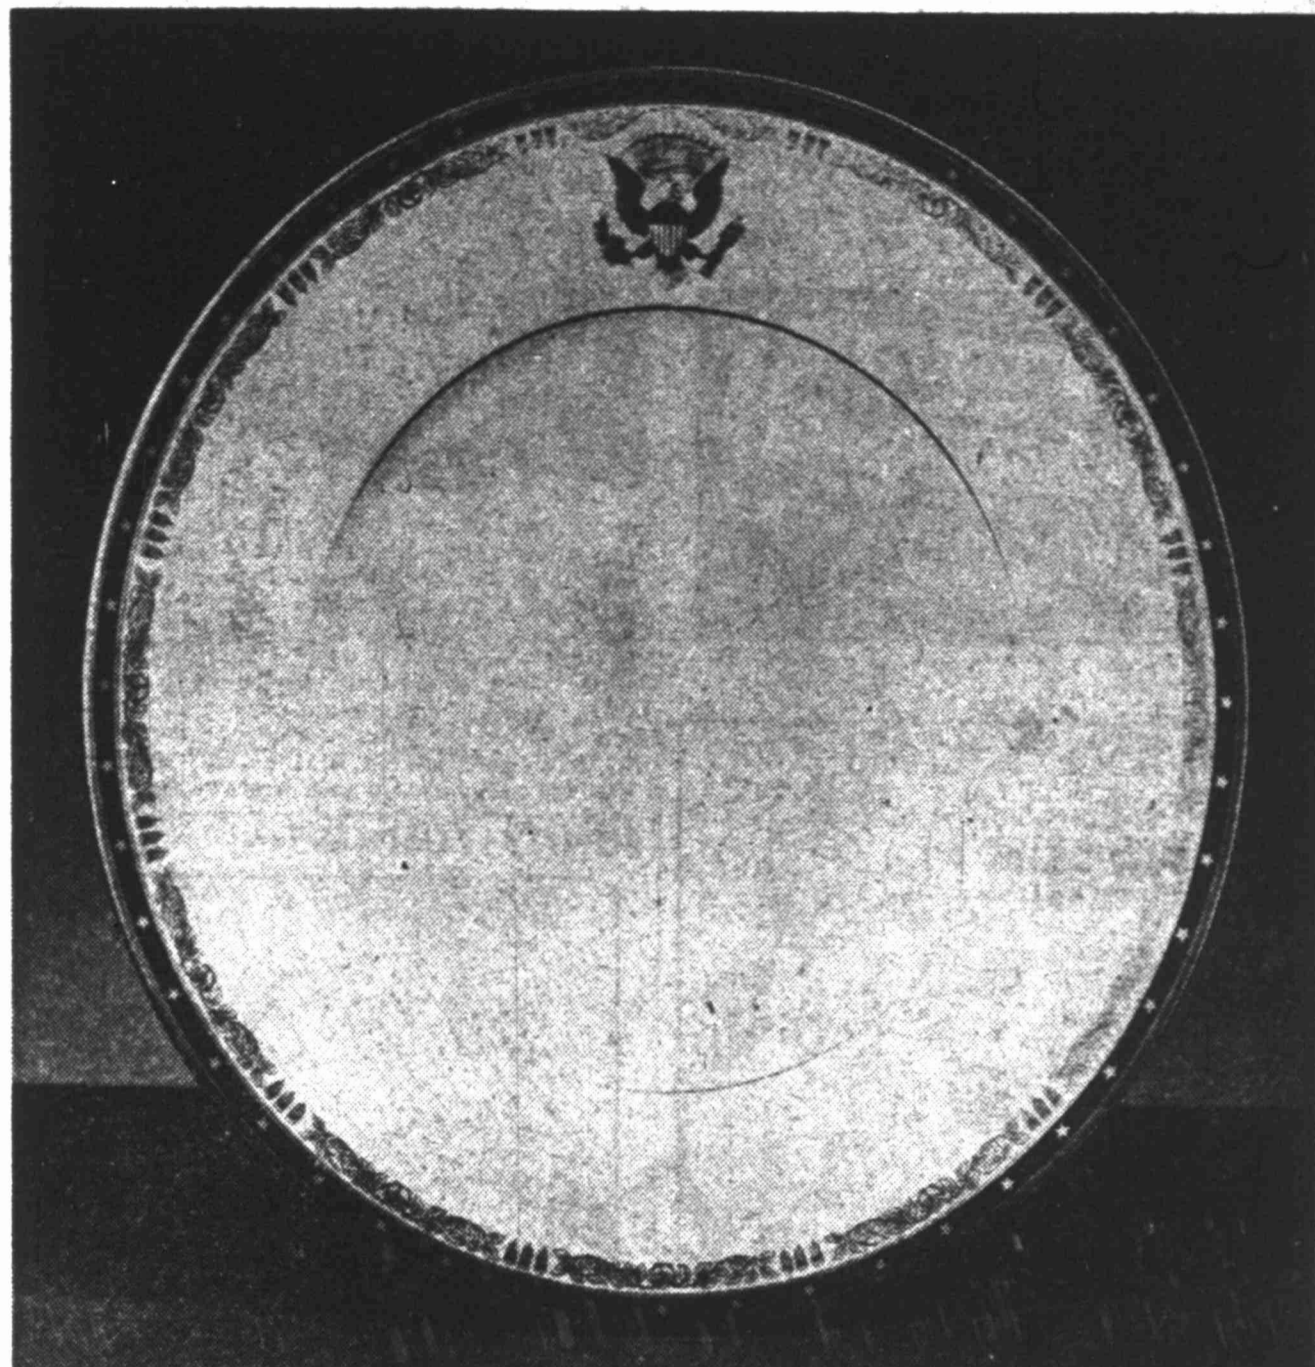

Mayor Ralph Kronenwetter, who was yanked from his bed by "Red troopers" at dawn of the May Day demonstration, died at Wausau hospital Saturday night. He had suffered a cerebral hemorrhage just before his village was "liberated" from "Communist invaders" a week ago Monday night.

The Rev. Will La Brew Bennett, 72, Methodist minister who put up a spirited make-believe struggle when thrown into a barbed wire "concentration camp" that day, died at his home Sunday of a heart ailment.

## Daddy Ringtail And Surprise

Uncle Bunkum went crawfish fishing with Mugwump Monkey, the monkey boy. A crawfish, you know, is a little fellow about the size of your hand. He lives in the river. He has legs that wiggle and kick. He has pinchers like hands to pinch people.

Well, Uncle Bunkum and Mugwump caught a bucket full of crawfish. They took the crawfish home to the monkey house. They hid

the bucket of crawfish under the bed to be a surprise for Mother Ringtail.

Oh, but the crawfish crawled out of the bucket when no one was looking. "Eeow!" shouted Mother Ringtail when a crawfish came crawling across the kitchen floor with his pinchers waving in the air. Mother Ringtail was surprised, all right, all right. She hadn't

known that a crawfish was closer than the Whispering River where they made their home. But now she knew. Crawfish were everywhere she turned, it seemed.

"Eeow!" She found a crawfish under the table. "Eeow!" She found a crawfish behind the door. "Eeow!" She found a crawfish in the hall. "Eeow!" She even found a craw-

fish in the bathtub, but Mother Ringtail didn't shout "Eeow!" this time. Not another crawfish was going to surprise her. She was used to them by this time. When she found the crawfish in the bathtub, all she did was smile and ask Uncle Bunkum please to put the crawfish back in the river.

Uncle Bunkum did put it back in the river, and he explained that he and Mugwump had only caught the crawfish at all for them to be a surprise.

And all day long there were shouts of "Surprise!" every time Mother Ringtail found a crawfish. Every time she smiled a weak little smile. "This is funny," said Uncle Bunkum, and he laughed and laughed.

Yes, but that night, when Uncle Bunkum crawled into bed, a crawfish was waiting there for him. It pinched her right to hold his finger. "Surprise!" shouted Mother Ringtail. Mugwump laughed with a "Ha! Ha!" and a "Ho! Ho!" and you can laugh too, if you want to. Happy day.

## Midlanders To Attend Field Day At Big Spring

County Agent Charles Green and several other Midlanders are expected to attend a field day Tuesday at Big Spring which will mark the end of a 180-day feeding test on steers.

The feeding experiment is part of a series underway to find out what effect, if any, feeds originally used in many areas have on the incidence of many ailments.

The Texas Agriculture Experiment Station and the Department of Agriculture are co-operating in the experiments. The Big Spring Branch Club is making arrangements for Tuesday's field day.

Green announced Monday persons desiring to attend the field day may contact him at the county agent's office in the courthouse.

8—THE REPORTER-TELEGRAM, MIDLAND, TEXAS, MAY 8, 1950

## Dusters Edge Indians 6 To 5

The Sweetwater Swatters move into Indian Park Monday night for the first of a two-game series with the Midland Indians. Manager Harold Webb will send Ralph Blair or John Singleton to the mound against the Swatters.

Sweetwater currently is a jump ahead of Midland in the standings holding down fourth place. The series will decide who takes or keeps the first-division spot. Game time is 8 p.m.

A triple by Leroy Veal in the first half of the eleventh inning Sunday gave the Vernon Dusters a 6 to 5 victory over the Midland Indians in Indian Park. The win also gave the Dusters a sweep of the series.

Ernie Nelson, although touched for 18 hits, had the Dusters going his way for seven innings. He had them shut out and had a four-run lead.

The Indians counted one run in the first on a single by Quentin Basco and two Vernon errors. That was the margin Nelson protected until the fifth.

A double by Kenny Jones, a walk to Jim Prince and a single by George Firkback added two more.

Lou Dawson clouted a homer over the right-center field wall in the seventh but the bases were empty.

Dusters Go Ahead  
Vernon came to life in the eighth and scored two on singles by Cotton Russell and Lou Ehlinger and a double by Veal. Three more runs in the ninth sent the Dusters ahead.

Walks to Arnold Davis and Russell and consecutive singles by Ehlinger, Veal, Art Herring and Stan Grzywacz did the trick.

Basco singled to lead off Midland's ninth. He advanced on a walk to Jones who was the first batter to face Lefty Craig, reliever for the Indians.

Manager Joe Berry pulled Craig and took over the mound duties himself.

Berry walked Jim Prince with one away, Dawson having whiffed, to load the bases.

Pinch-hitter Windy Eldridge drove in Basco with the tying run with a long fly to center field. Stephenson grounded out, pitcher to first.

Ehlinger got his fifth hit in six trips, a single, with two out in the eighth. Then Veal blasted one to center that bounced over the outfielder and Ehlinger scored.

Berry downed the Indians in order in the last half of the inning to get the victory.

## Soldier Dies As Auto, Motorcycle Collide

WACO—(AP)—Sgt. William Reid of Hampton, N. C., was killed 17 miles north of Waco early Monday in the collision of his motorcycle and a car.

Sergeant Reid was attached to Connally Air Force Base here. Injured in the accident were Pfc. Albert Allendorf, Rockland, Mass., and Pfc. Richard S. Graham, Niagara Falls, N. Y.

## THIRD OF SERIES—Start Child In Golf, On Right Club—A Brassie

Marlene Bauer drives with a brassie. Her fingers and hands have rolled or turned the club face closed, which makes it a driver. The wrists are no longer under the shaft. Power is beginning to show as she shifts weight.

By DAVE BAUER  
Father and teacher of the famous sisters.

Start the child in golf right. A youngster can be started with a little driver, brassie or spoon, but the brassie is preferred.

It has a little more loft than a driver, so gets the ball off easier. Have the club made to the size of the child.

The father, or some competent golfer, should teach the youngster how to grip, swing and handle the club.

The stance is highly important. They can learn these things at five as well as 25—better, in fact. The nerves are keener and steadier at five, and a child is more likely to get the correct touch.

Don't try to teach too many things at once. Make the game simple. As I advised you earlier, I made my daughter, Marlene, a miniature brassie when she was 3 1/2 years old, taught her the proper grip and swing.

In a month's time, she was hitting 35-yard drives with all the poise of a veteran. Her drives were so accurate that you could have encircled the balls in a seven-foot diameter. You will be surprised, too.

NEXT: Adding the mashie and the putter.

## Charlie Coe Wins Western; To Enter Colonial Tourney

DALLAS—(AP)—Amateur golfer's triple crown—the National, Trans-Mississippi and Western—in the bag, Silent Charlie Coe, Oklahoma's thin man, set his sights Monday on the Colonial National Invitation at Fort Worth where he will match strokes with 35 crack professionals.

The Oklahoma City string bean licked Bob Goldwater, 39-year-old Phoenix, Ariz., businessman, 7 and 6 here Sunday to bag the forty-eighth Western Amateur title. The poker-faced young man with the million dollar swing put on a show for the gallery of 5,000 in the final 18 holes, finishing with two birdies and an eagle to leave the wise-cracking Goldwater somewhat agghast.

"We old folks have had everything," quipped Goldwater, who qualifies as the Jimmie Demaret of amateur golf. "I like to see young fellows like Charlie get ahead."

Coe is the only amateur who will play in the \$15,000 Colonial Invitation May 25-28 where he will go against Ben Hogan, Byron Nelson and other greats of pro golf.

## Lamesans Win In Monahans Tourney

MONAHANS—W. R. Tuttle and Gene Towery, both of Lamesa, took top honors in the Monahans Country Club Invitation Golf Tournament.

Tuttle Sunday best Dick Trout of Lubbock 3 and 1 for the championship. Towery was low pro in the Pro-Amateur Friday.

Jodie Barker of Kermit won the championship consolation and R. S. Banner of Kermit won the third flight. L. M. Trater, R. B. McGowan and Bob Hall, all of Monahans, won other flights.

Pearl Ward of Monahans was the medalist with a 71.

## Black Indians Lose To Odessa 5-3

The Midland Black Indians dropped their first game of the season Sunday, losing to the Odessa Trotters by a 5 to 3 count.

## There's Gold In Quiz Shows, Students Find

NEW YORK—(AP)—That's gold in them thar quiz shows—according to a band of young prospectors from Columbia University.

They've already mined a little, and they're out for more. Last Wednesday, Senior Harold E. Emerson took NBC's "Break the Bank" for \$2,155.

He turned it over to the college drive for \$250,000 in scholarships and new athletic facilities.

Now the student fund-raisers plan to enter all the available quiz shows in New York City.

"We've got the brain power," declared a Phi Beta Kappa senior, Alfred Arees.

"All we need are tickets and a lot of luck. It shows the value of a college education."

## Pittsburgh SUN-PROOF House Paint

LOOKS BETTER LONGER

... because smoke or industrial fumes will not discolor it!

• Pittsburgh's Sun-Proof House Paint produces a film of unusual whiteness that will not darken or discolor from coal smoke or industrial gases—because it's fume-proof. More than that, it's self-cleaning, removes surface dirt. Years of intensive tests under many types of climate conditions have proved the superiority of this paint formulation over ordinary types of house paint.

Sun-Proof also contains special "Vitalized Oils" that keep it tough and elastic—provide long-lasting live-paint protection.

HE'LL VOTE PANHANDLE—

# Republican Ben H. Guill Sees New Era In Texas

By WILLIAM C. BARNARD  
PAMPA—(AP)—How come Texans are sending a Republican to Congress And for the first time since 1930? Ben H. Guill, who got the job in a special election, says it's to prove the Democrats don't have the whole country in the bag.

Panhandle Democrats say Guill won because they had so many candidates splitting the vote. The 40-year-old Pampa broker was the only Republican in a field of 11. He campaigned on a broadly anti-Administration platform.

National Republican leaders bubbled over with victory statements and predictions of a national GOP sweep. National Democratic leaders—including the President—were noncommittal.

The race Saturday was a high-man-win, no-majority-needed affair. Guill got 1,887 votes more than his nearest opponent, the only woman in the race. She counted—less than a thousand were left Monday—he got 8,151. That's about 22 per cent.

Short-Term Job  
Republicans usually can depend on about 20 per cent of the vote in the 18th Congressional District. Guill soon will have a chance to prove himself and the Republican high command correct. His job lasts only until January 3 the day the term of Rep. Gene Worley, whom he succeeds, would have ended. Worley quit to become a federal judge.

Guill said he hopes his victory means the beginning of a two-party system in Texas. But he recognized the vote-splitting effects of the multiple Democrats in the race.

"I certainly intend to run for a full term in the November general election on the Republican ticket," he said. "I know what a high hurdle it will be to beat one Democrat. I had 'em divided yesterday—10 to one."

Guill already knows who one strong Democratic opponent will be. Mgs. Altavene Clark of Amarillo, long-time congressional secretary who was runnerup, promptly announced she'll run again in the July Democratic primaries.

Another might be Texas Legislator J. Blake Timmons of Amarillo, who finished third with 5,998 votes. "The tail wagged the dog," he said. "The results show the Panhandle is still about 80 per cent Democratic."

No Intellectual Giant  
Texas' last Republican congressman was Harry M. Wurzbach of San Antonio, who died in office on Nov. 6, 1931. Wurzbach was an Episcopalian. So is the husky, green-eyed Guill.

"I'm no intellectual giant and I don't have any ideas about going to the capital and changing up the government," Guill said Sunday.

"But if I go up there as one small protest, maybe the powers that be won't think they have the whole country in the bag. Maybe some of those big shots will take a look at this little segment of Texas and take warning."

The question of Guill's election popped up before President Truman Sunday at Cumberland, Md., where about 100 persons turned out to greet him on his Western trip. Someone asked what he thought of the Texas development.

"No comment," said Truman. Chairman Guy Cabellson of the Republican National Committee said in a statement the victory shows "The South shares the disgust of the rest of the nation over the Truman Administration's program of socialism."

Against Farm Subsidies  
William Boyle, chairman of the Democratic National Committee, would say only that he had "to look into the situation." Guill is a native Smyrna, Tenn. His parents brought him to Texas when he was nine. As a Naval officer in World War II, he was decorated for heroism and wounds in South Pacific battles.

"I can't think of a single nice thing to say about the present Administration," he chuckled. During his campaign, he called for lower income taxes, greater economy, a "firm and consistent policy" in international affairs.

In an interview, he said he's against farm subsidies but they shouldn't all be wiped out at once—"It might throw our economy into chaos." He doesn't "believe in coddling Communists." He's against national health insurance—"I don't believe in the socialization of anything."

Guill said he hopes he gets a chance to vote for "Mr. Hoover's recommendations for economy in government." But, he said, "I'm not going to vote Republican or Democratic—I'm going to vote Panhandle."

Pope Raises Former Laborer To Sainthood  
VATICAN CITY—(AP)—Pope Pius raised a former Spanish laborer to sainthood in papal pomp Sunday while 55,000 faithful, including 15 cardinals and 94 bishops, looked on.

Anthony Maria Garcia, textile worker who became Roman Catholic archbishop of Cuba 100 years ago, was elevated in the second canonization of the Holy Year. He founded the missionary Sons of the Immaculate Heart of Mary, known also as the Claretian Fathers.

## CIO Auto Workers Aim Strike Threat At General Motors

DETROIT—(AP)—The CIO United Auto Workers Union is sharpening a strike threat against the last big target in its "fourth round" pension and wage hike drive.

A costly, 100-day strike against Chrysler Corporation was hardly over when the UAW threatened Sunday to cancel its contract with General Motors Corporation, largest of the car industry's big three, unless "progress" is shown in bargaining talks.

Slated to expire May 29, the contract will continue until 30-day notice of termination is given. It has run for two years.

The 89,000 Chrysler workers, who won pensions and other benefits in their walkout, headed back to their jobs Monday. The agreement was reached Thursday.

\$123 Pensions Asked  
The Ford Motor Company, other member of the big three, granted pensions last September.

The UAW already has filed a notice of intent to strike against GM, as required by the Taft-Hartley Law. But it still has to poll 235,000 GM workers on a strike, as required by its own constitution and under Michigan law.

With membership approval, the union could call a strike 30 days after serving notice of cancellation of contract.

From General Motors, the UAW is demanding benefits totaling 31 cents an hour. It asks \$123 a month pensions, including Social Security, a nine-cent-an-hour wage boost and a union shop.

Both Ford and Chrysler granted what the union called a ten-cent-an-hour "package" plan. This provided for \$100 a month pensions, including Social Security, plus health and insurance benefits.

## Sabotage Blamed For Train Wreck

NEW DELHI, INDIA—(AP)—Sabotage was blamed by investigators Monday for India's worst train wreck in which at least 82 persons died Sunday.

The crack Punjab mail train plunged 50 feet from a bridge in Bihar State. The chief of the Bihar Criminal Investigation Bureau said saboteurs had removed fishplates holding the rails together.

Eighty-two bodies had been recovered Monday and more victims were believed buried in the wreckage. More than 100 were injured.

A. Q. Ansari, Bihar minister of relief and rehabilitation, said nearby villagers began looting among the dead and injured until he ordered his personal bodyguard to open fire. Ansari was on the train but escaped injury.

## Somoza Is Appointed Nicaragua President

MANAGUA, NICARAGUA—(AP)—The Nicaraguan Congress has named Senator Anastasio Somoza to fill out the term of President Victor Manuel Roman y Reyes, who died Saturday in Philadelphia. Somoza will serve until May, 1951.

Somoza is the Liberal Party candidate for the presidential elections scheduled for May 21. The winner will take office a year later.

With membership approval, the Sunday's congressional election was necessary because Nicaragua had no vice president.

## Abundant Living

By E. STANLEY JONES

John 1:42, 47-51; Luke 19:1-9. THE MAN JESUS SAW

See yourself not in what you are, but in what you are and can be in God. There were three persons in Matthew the publican: (1) the publican whom his associates saw; (2) the Matthew whom Matthew saw; (3) the Matthew whom Jesus saw. Each thought he saw the true Matthew. Who was right? The Matthew whom Jesus saw was the true Matthew, and so he turned out to be—the Matthew of infinite possibilities. There are three people in you: the one your associates see—the outer you; the one you see—the present you; the one whom Jesus sees—the future you.

Everything depends on which "you" you center upon. If you are centering on the "you" your associates see, you will be in bondage to what others think about you; you will look around before you act to see what effect your action will have on others—you won't act; you will react. You will become an echo and not a voice—a thing and not a person. If you center upon the "you" you know, then you will be discouraged. For who has not had some skeleton in his closet—things in his life that make his cheeks burn with shame and his humiliation? If you are center on this "you" you will be caught in the bondage of inhibitions, by what you have been and are. But there is this third "you" that Jesus sees—what a "you" that is! It is a "you" surrendered to God, co-operating with Him, taking His resources, working out life together—a "you" loosed from what you've been and done, reinforced with divine energy and insight; a "you" that does things beyond your capacity, amazing both yourself and

others—a "you" poised, progressive and productive. That is the real "you." Center on Christ's "you," and you will become it.

Jesus always looks not on what a man has been or is, but on what he is going to be. And that is right. The artist looks not on what a stone has been or is, but on what he is going to bring out of it—the living figure. A group of radiant Christians have as their motto, "My adventure is God." Good; and under your breath you can add, "My adventure is God, and the self I'm going to be in God."

God—I'm adventuring in Thee! I'm pushing back my small horizons as I see Thee. I'm sloughing off my littleness as I see Thy greatness. I'm leaving my outgrown self by life's unreeling sea. I'm exchanging my "you" for Thy "you." My bonds are bursting—and I come. Amen.

Negro Youth Obeys Order, Kills Father

ATLANTA—(AP)—A nine-year-old negro boy followed his father's command and killed his parent with a blast from a 12-gauge shotgun Sunday night.

Detectives J. E. Helms and W. M. Holland said the youngster pulled the trigger while his father, McNeal Childs, 43, held the gun against his chest.

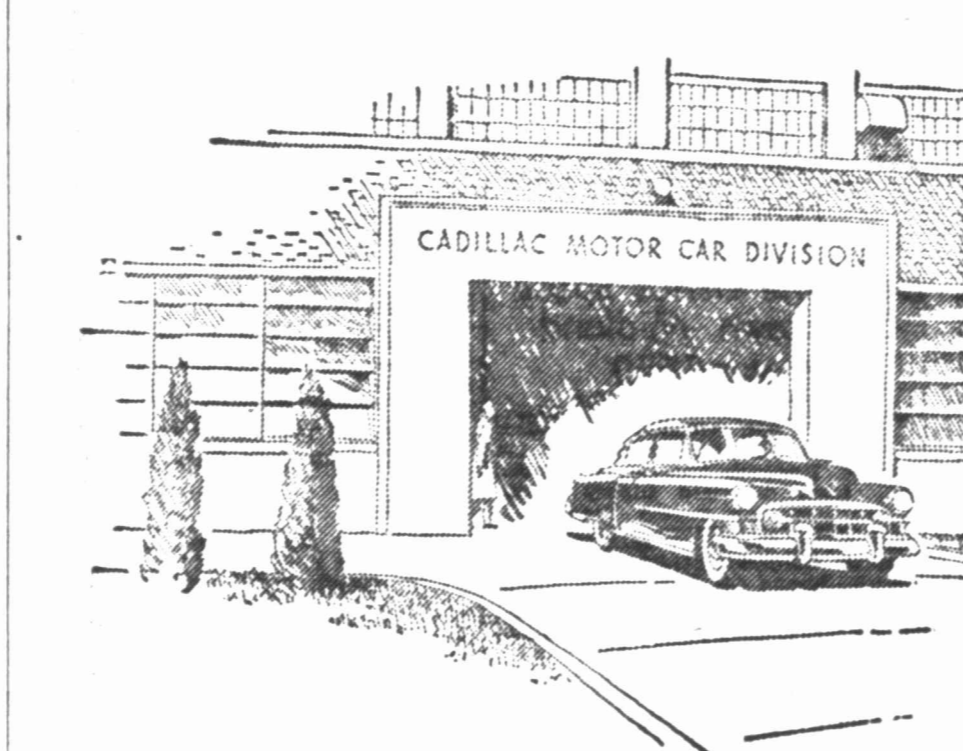

The detectives said the father ordered his son to pull the trigger. No charges were filed.

# Just Imagine It's Yours!

You say you have never driven a Cadillac? Well, it's a lovely day—and there are beautiful roads to travel down and interesting places to visit—and a little dreaming never hurt a soul...

...so just slide over behind the wheel. It's yours!

First, you'll just want to sit for awhile—here where royalty has sat, and the great of industry and state, and of all the learned professions. Yes, the driver's seat in a Cadillac is a meeting place for the world's distinguished people.

And sitting here—with your hand on the slender, obedient wheel—you get a close-up view of the ingrained goodness that makes this car so unmistakably... the Standard of the World.

The gorgeous upholstery fabrics are tailored in the richest fashion. The exquisite hardware is wrought with a jeweler's care. The lovely instrument panel is a feast for the eyes. All about you is proof of quality.

And then you turn the key, touch the soft-throated engine into action—and you're away, away, away!

The steering wheel all but reads your mind! The brakes are as soft as velvet, and immediate in their response! The road has become a boulevard—and the turns and lights seem so very close together!

And the soft, easy quietness of it all! You just sit and relax—in complete contentment—and the miles go by—and the miles go by...

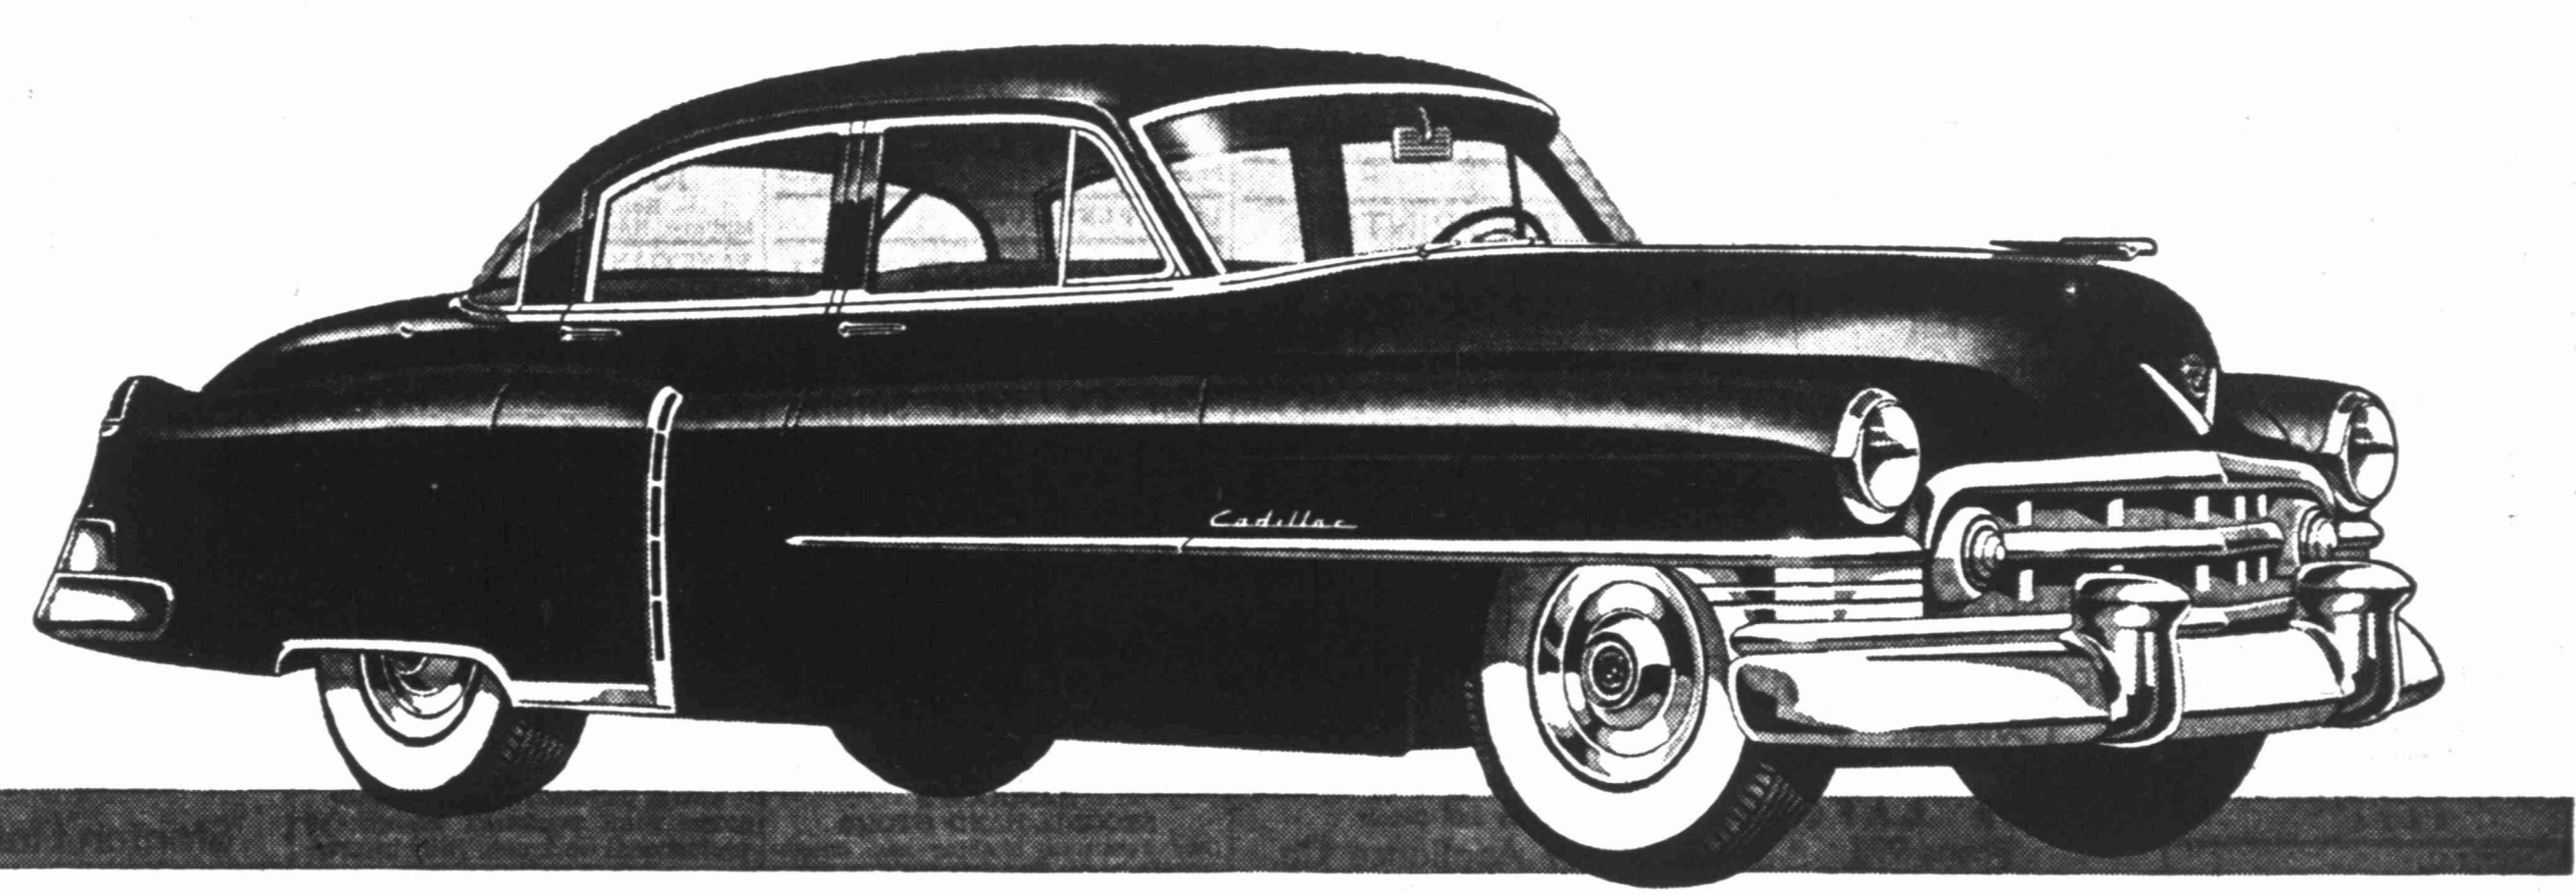

... "Oh, how I wish this car were mine!"

Well, it's time, we think, to stop dreaming—and lend an ear to this...

... the lower-priced cars in the Cadillac line cost less to buy than the highest-priced models of numerous other cars!

... Cadillac economy is so outstanding that a single filling of gasoline will usually suffice for a full day's drive!

... and a Cadillac car is built so well that its lifespan has never been fully measured! We think you'll agree that, with facts like these, it's time to stop your dreaming. It's time to go into action—and to make this car your own!

## The Fowlers (Count Them) Distribute R-T's In McCamey

The W. S. Fowler family of McCamey handles the distribution of The Midland Reporter-Telegram in that Upton County city, and no outside help is needed in the prompt delivery and sale of the newspaper there. Mr. and Mrs. Fowler and their 13 children all have a hand from time to time in the circulation chore, although Wanda Lou Fowler is the official agent. Immediately upon arrival of the newspaper in McCamey each afternoon and Sunday morning, members of the Fowler clan fan out into each section of the city to deliver Reporter-Telegrams to regular customers and to sell them on the streets of McCamey. Wanda Lou has had the agency since October, 1948, and is well and favorably known throughout the community. One of the boys, "Cotton" Fowler, was a Golden Gloves champion from the Odessa District for two years. Members of the Fowler family, pictured left to right, top row, are: Johnny, Mrs. Fowler, Mr. Fowler, James (Cotton), and R. H.; middle row: Glenda Jo, Wanda Lou, Laura and Lejean; bottom row: Nina, Betty Sue, Donny, Danny, Russell and William.

### Folks Behind Iron Curtain Want To See Passion Play

**OBERAMMERGAU, GERMANY**—The revival of the world's most famous passion play is drawing ticket requests from behind the iron curtain as well as from the Western world.

Officials of Oberammergau's centuries-old production—to be held this year for the first time since World War II—reportedly bids for reservations had come from Poland and Czechoslovakia.

The first public performance will be May 21.

The majority of the foreign ticket applications have come from Americans, many of them on occupation duty in Germany.

Orders also have come from Britain, The Netherlands, Italy, France, Austria and such faraway places as Australia. Two Australian nurses reportedly intend to travel by ship to Genoa, Italy, and then by bicycle to Oberammergau.

### McCarthy Confronts Probers With New Red Agent Charges

**WASHINGTON**—(AP)—Senator McCarthy's new charge of "foreign agent" against a United States envoy confronted Senate Communist investigators Monday.

McCarthy, Wisconsin Republican, made the accusation at a news conference after a speech at Jansville in his home state Sunday.

He did not identify the individual publicly, but described him in a speech as "a United States minister to a foreign country" whose name he previously had given to the Senate Foreign Relations subcommittee investigating his charges of communism in the State Department.

That committee booked a meeting behind closed doors Monday to arrange for starting a study of State Department files made available to the inquiry group by President Truman. The files cover 81 persons—including the accused envoy—cited by McCarthy as either Communists, fellow travelers, or otherwise bad security risks.

**Session Postponed**

Chairman Tydings (D-Md) got word, however, that the files were not yet ready for the group's inspection. The start on looking them over was put off until Tuesday, and Monday's committee session was cancelled.

The committee also was to consider action on a recommendation by its chief counsel, Edward P. Bremer, that Earl Browder and Frederick Vanderbilt Field be cited for contempt of Congress.

The 81 cases on which the committee will get State Department files were outlined to the Senate by McCarthy last February 20. He named no names then, but later listed them for the inquiry group. The names have not been made public.

In his speech to the Wisconsin Federation of Young Republicans at Jansville, McCarthy said the U. S. envoy he accused was his "Case No. 2."

He added that if the State Department would provide material he said is missing from the file on that case, the man "would be fired immediately." He said the file has been "raped."

The State Department declined to comment on McCarthy's charge. It has said repeatedly there are no subversives in the agency.

### South Austrians Throw Out Mayors Appointed By Reds

**VIENNA**—(AP)—Austrian voters swamped the Communists in municipal elections in the Province of Lower Austria, occupied by the Russians, and threw out of office 10 of the 11 mayors appointed by Soviet military authorities in 1945. The bloc backed by the Communists won only five per cent of the vote.

The municipal elections held Sunday resulted in a heavy victory for the two government coalition parties. In 1,583 communities, the right wing Peoples Party won 13,462 mandates (votes) for mayoralties and council seats. The anti-Communist Socialists won 6,233 and the left bloc—Communists and Radical Socialists—only 397.

Earlier this year the Russians had refused to recognize the law under which the elections were to be held, but after government officials charged them with trying to block the voting to keep their own men in power, the Russians withdrew the objections.

There was no sign of any Russian interference in Sunday's voting.

### Midland Negro Is Given Jail Term on DWI Charge

A Midland negro Monday was assessed a fine of \$150 and given a term of 90 days by County Judge Keith on a charge of driving while intoxicated.

The defendant allegedly caused the wrecking of a truck loaded with tires early Sunday about three miles west of Midland on U. S. Highway 80. The truck, driven by Ernest L. Jenkins, of Lubbock, was damaged heavily. Two horses were killed in the accident. Jenkins was injured.

The negro was driving east toward Midland and apparently swerved to the left, striking the truck of Patrolman B. Dixon, who investigated the accident, said. The defendant came into Midland and crashed into a truck auto here, Dixon said. Just before the wreck, the defendant was assessed a fine of \$10 against the defendant for hitting an unoccupied vehicle.

Judge Keith Monday also assessed a fine of \$75 on another Midland negro on a charge of driving while intoxicated. Drivers licenses of both are suspended automatically for 60 months.

### Truman—

(Continued From Page One)

Truman are "helping Russia." He took a slap at the Republicans in a back platform talk. He told of bearing a white cap to school in independence, Mo., in 1892 bearing the label "Cleveland-Stephenson" and "big Republican" boys took his cap away from him and "tore it," he said.

"The Republicans have been trying to do that to me ever since," said with his best campaign grin.

Truman, traveling in campaign style through the Midwest on his sixty-sixth birthday, led newsmen to their toughest walk to date at Chicago Monday.

It was 6 a.m., Chicago time, when the President's train reached the Rockwell Yards where it switched to the Baltimore and Ohio Railroad to Burlington tracks.

Ed McKim, Omaha insurance man, met the train, and Truman took a walk with him and Bill Mox. Circulation official of the Chicago Tribune, during the hour and a half Chicago stop-over.

The President walked fully a mile along the tracks, picking his way along the ties like an old hand. Hungry newspapermen tagged along. Their dinner didn't even have coffee at that hour.

No politicians showed up at the yards and the President said he didn't expect any in view of his plans to speak in Chicago a week on Monday night.

The President's train left Chicago enroute to Galesburg, Ill., at 10 a.m.

The fifth anniversary of VE Day offered an opportunity for rear platform talks to trackside audiences on his heavily publicized efforts to revamp the bipartisan foreign policy.

And his sixty-sixth birthday offered an opportunity for town-talk along his route to put birthday cakes aboard the bullet-proof private car in which he will stump for 600 miles.

This trip, tagged as "non-political" by the President—although he believes when he says it—got off to quiet start as he left Washington Sunday with Mrs. Truman and his daughter, Margaret, by his side.

### Permian Basin Oil & Gas Log

(Continued From Page One)

of muddy oil and gas cut salty, sulphur water.

Top of the Ellenburger was at 7,200 feet, which was on a datum of minus 5,168 feet.

This venture did not report logging any shows of possible production in any of the horizons above the Ellenburger.

It is located 660 feet from north and east lines of section 53, block K. T. A. Thomason survey.

### Diamond M Flanker Flows Canyon Oil

Honolulu Oil Corporation No. 1 Strom, in Central-West Scurry County, has developed flowing oil from the Canyon reef to extend the Diamond M field three-quarters of a mile westward.

On a drillstem test in the reef at 8,803-28 feet, the tool was open three hours and eight minutes. Gas surfaced in 11 minutes and oil in 142 minutes. Oil was flowed to pits for 46 minutes at an estimated rate of 25 barrels per hour. Flowing bottom hole pressure was 700 pounds, and shut-in bottom hole pressure after 20 minutes was 3,100 pounds. No water was developed.

Operators were to take electric log surveys, then set casing at the top of the reef and complete.

Top of the Canyon reef is 8,805 feet, on a minus datum of 4,424 feet.

The No. 1 Strom is three-quarters of a mile west and one mile north of the Strouble Oil Company No. 1 Eiland, the nearest producer.

Exact location of this reef extension is 1,380 feet from north and 660 feet from west lines of section 147, block 25, H&TC survey, and 12 miles west of Snyder.

### Wildcat In King Changes Operators

Nelson Bunker Hunt Trust Estate has taken over the drilling of a wildcat in East-Central King County originally owned by Earl Callaway Drilling Company project.

Operations of the Hunt No. 1 W. R. Ross began April 28. Location is 860 feet from north and east lines of the south half of section 52, block A. R. M. Thompson survey, and 15 miles northeast of Guthrie.

Intention to drill the No. 1 Ross originally was filed by Earl Callaway Drilling Company, on the same site, January 26.

Drillsite is two and one-half miles north of the Ross Strawn pool and 15 miles northeast of Guthrie.

### Runnels Discovery Completes On Pump

Kingford Oil Company of Dallas has discovered a new Canyon pay on Central Runnels County, four miles west of Ballinger.

Kingford No. 1 R. E. H. Barnett has potential naturally on the pump for 103,125 barrels of 43.3-degree oil and no water in 24 hours. Production was from open hole between 3,064 feet and total depth of 3,069 feet. Seven-inch casing is set at 3,064 feet.

The No. 1 Barnett is one and three-fourths miles west of the Ballinger multi-pay pool, and 660 feet from southeast and 330 feet from northeast lines of a 401-acre lease in the southwest corner of R. Christa survey.

### Cogdell Extension Draws East Offset

The Texas Company has staked a one-location east offset to the War-

### Warren Oil Corporation No. 1 Cunningham, recently completed west extension to the Cogdell-Canyon field in Central - North Scurry County.

Texasco No. 25 Fuller will be 467 feet from south and west lines of section 652, block 97, H&TC survey, and 15 miles northeast of Snyder.

Slotted depth for the No. 25 Fuller is 7,000 feet. Drilling is to begin immediately.

Warren Oil Corporation also will begin operations immediately on a north offset to its No. 1 Cunningham.

The No. 2 Cunningham will be 467 feet from east and 1,667 feet from south lines of section 653, block 97, H&TC survey, and 18 miles north of Snyder.

### On Diamond M Edge

Texasco has scheduled its No. 7 J. J. Holt and others on the extreme north edge of the Diamond M-Canyon field, eight and one-half miles west of Snyder.

The No. 7 Holt will be 467 feet from east and 660 feet from south lines of the northeast quarter of section 213, block 97, H&TC survey. Drilling is to begin immediately.

Also slated for the Diamond M is the Lion Oil Company No. 9 Ohlenbusch. Drillsite will be 714 feet from west and 660 feet from south lines of section 181, block 97, H&TC survey, and 14 miles southwest of Snyder.

In Kelley-Snyder Field

Standard Oil Company of Texas has staked its No. 1 E. B. Keller on the Kelley-Snyder field, six miles northwest of Snyder.

Exact location will be 467 feet from south and east lines of section 340, block 97, H&TC survey. Drilling on the Canyon venture is to begin immediately.

Lone Star Producing Company has staked its No. 2 C. T. McLaughlin 330 feet from south and west lines of section 184, block 97, H&TC survey, and in the Diamond M-Canyon field.

Drillsite is nine miles southwest of Snyder. Operations are to begin by May 10.

### Acheson Opens First Of Cold War Parleys

**PARIS**—(AP)—U. S. Secretary of State Acheson Monday began a round of cold war talks on French pleas for speedy American assistance against communism in Indochina. In return, diplomatic sources said, the United States wants a guarantee of genuine independence for the Indochines.

Acheson flew into Paris Sunday for Western diplomatic conferences which will shift Thursday to London. The meetings will deal with ways to contain Communist expansion all over the world.

But Acheson's meeting with French Foreign Minister Robert Schuman was reported to deal primarily with Indochina. The French have been fighting a stalemate jungle war there since 1946 against the guerrilla forces of Moscow-trained Ho Chi Minh.

Diplomatic informants said Acheson will ask Schuman for assurances that steps toward independence will be taken as fast as the guerrilla war allows.

So far, President Truman has promised \$15,000,000 for Indochina from a \$75,000,000 fund appropriated by Congress to help stem communism in the Far East.

French statesmen complain bitterly that such aid is too little and too slow.

### Flower Arranging Shown To Kiwanians

Joe Koegler, proprietor of the Midland Floral Company, conducted the program at the regular Monday noon meeting of the Kiwanis Club in the Crystal Ballroom of Hotel Scharbaud, giving a demonstration of flower arranging.

Koegler, with the assistance of two members of his staff, demonstrated the four basic principles of flower arranging—design, scale, balance and harmony.

In his talk, Koegler pointed out that flowers may be sent anywhere in the world with the exception of Russia and Russian-occupied countries.

Reese Cleveland, vice president of the club, presided in the absence of Albert Kelley, president, who is attending the convention of Kiwanis International in Miami, Fla. J. T. Baker, another Midland Kiwanian, also attending the Miami convention.

Three guests and 49 members attended the meeting.

### Tornado Near McLean Does Little Damage

**MCLEAN, TEXAS**—(AP)—A tornado dipped to the ground near here Sunday but veered off with little damage to property. No injuries were reported.

A downpour of almost two inches of rain accompanied the storm threat.

Boyd Meadows, chief of McLean's Fire Department, said the wind uprooted a number of trees.

### Infant Smothers Under Mother's Arm

**OKLAHOMA CITY**—(AP)—An infant girl smothered under her 16-year-old mother's armpit while the two slept Sunday.

Mrs. Barbara Douglas told police she awakened to find Stella Raye, who was six weeks old, wedged under her armpit.

A coroner's verdict ruled accidental death by suffocation.

The child's father, Roy Douglas, 22, is a soldier at Fort Sill.

### American Writer Dies In England

**OXFORD, ENGLAND**—(AP)—Miss Agnes Smedley, 56, American writer widely known for her reports on China, died in a nursing home here Saturday, it was announced Monday.

Miss Smedley was accused last year in a U. S. Army report of being a Soviet spy but the charge later was withdrawn.

The British Press Association said she died in an Oxford nursing home.

### Mediators Hopeful In Rail Strike Threat

**WASHINGTON**—(AP)—Federal mediators reported Monday they hope to head off a major railroad strike Wednesday by the Brotherhood of Locomotive Firemen and Engineers.

A spokesman for the National (Railway) Mediation Board said "some progress" has been made in sessions Saturday and Sunday.

He said both sides are discussing the issue privately Monday.

### Overcast Skies Hold Promise Of Showers

By The Associated Press

The weather was mild and cloudy over most of Texas Monday.

Early morning temperatures ranged from 53 at Dalhart to 77 at Brownsville.

From Mineral Wells eastward there were low clouds. Over most of West Texas high level clouds were blown about by gusty winds.

The forecast for Monday night and Tuesday called for partly cloudy skies with a few thunder-showers in the east portion of the Panhandle and the South Plains.

### 6,000 Arrive For WMU Convention

**CHICAGO**—(AP)—Some 6,000 Baptist women arrived in Chicago over the weekend for the sixty-second annual meeting of the Women's Missionary Union.

A spokesman said the convention was expected to draw one of the largest groups of delegates in the union's history.

The Woman's Missionary Union is an auxiliary to the Southern Baptist Convention, which itself opens a four-day session here May 9. Approximately 12,000 members are expected to attend.

### Proclamation

The principle of kindness to all animals being one to which all humanity does subscribe.

Now, therefore, I, W. B. Neely, Jr., mayor of the City of Midland, Texas, do hereby proclaim, designate and declare the week commencing May 7, 1950, as "Be Kind to Animals Week" in the City of Midland, Texas.

(Signed)  
WILLIAM B. NEELY, JR., Mayor.
