## Hockley Discovery From Reef Zone Rates 1,926 BOPD

Honolulu Oil Corporation and Signal Oil & Gas Company No. 1-13 M. D. Underwood, Central-East Hockley County discovery from the Pennsylvanian lime, flowed oil at the rate of 1,926 barrels per day, with no water, during four hours in a drillstem test at 9,290-9,319 feet.

Operators are preparing to complete this important new field opener and put it on production. After drilling the plug on 7-inch casing which had been cemented at 9,290 feet, when total depth was at 9,310 feet, operators deepened to 9,319 feet.

A four-hour and 14 minute drillstem test then was run at 9,290-9,319 feet.

**Gauged Hourly**  
Gas surfaced in four minutes, drilling mud flowed out in 11 minutes and oil started flowing in 14 minutes. A one-half inch bottom hole choke and a one-inch top opening were used.

During the first hour of the flowing the well produced 84 barrels of oil. In the second hour the flow was 79 barrels and during each of the third and fourth hours the flow averaged 77 barrels per hour. Total flow during the four hours was 317 barrels of light-gravity oil. That was an average of 79.25 barrels per hour, and was at the rate of 1,926 barrels per day. There was no water. Operators were pulling the testing tool at last report.

**Top Of Canyon**  
This new discovery is 510 feet from north and east lines of labor 13, league 5, Wilberger County School Land survey, and four miles south of Smyer.

Top of the pay lime from which it is produced is at 9,285 feet, which is on a datum of 5,896 feet. It was originally thought that the pay is in the top of the Canyon reef lime. Most geologists have now decided that the production formation is the Cisco lime of the Pennsylvanian. That formation is just on top of the Canyon.

## C-E Kent Slated For Canyon Test

Aurora Gasoline Company of Tulsa has scheduled a 7,000-foot wildcat in extreme Central-East Kent County, 10 miles east and slightly south of Clairmont.

Aurora No. 1 T. O. SoRelle will be 1,080 feet from north and 520 feet from west lines of section 100, block 98, H&T survey.

Operations are to begin immediately. The No. 1 SoRelle is approximately 18 miles northeast of the Cogdell-Canyon pool and 10 miles east of the General Crude Oil Company No. 1-A Percy Jones, recently completed Sitka discovery and nearest production to the proposed wildcat.

## Shallow Pay Flows Oil In N-C Scurry

Possibilities of a new and shallow pay from a sand in the Pennsylvanian, above the Canyon reef, have been developed by Sun Oil Company No. 6 Brice in the northeast sector of the Kelley-Snyder field in North-Central Scurry County.

This development, located 2,020 feet from south and 1,618 feet from west lines of section 392, block 97, H&T survey, recovered 2,247 feet of free 40.6 gravity oil during a two-hour drillstem test in a sand at 6,290-6,316 feet.

Gas showed at the surface in 20 minutes. No fluid flowed out at the top. In addition to the 2,247 feet of free oil recovered there was 60 feet of drilling mud in the pipe when the tester was pulled. There was no formation water.

**Test Canyon**  
The project is drilling ahead below 6,432 feet and it is going on down to test the Canyon lime.

This development is adjacent to producers from the Canyon. None of these wells have reported encountering any shows of possible (Continued on Page 12)

## Truman Will Talk 'Politics' Monday Night

CHICAGO —(P)— Bubbling over with enthusiasm, President Truman held political court in a hotel room Monday before ending his Western tour with a major speech Monday night at Chicago's Jefferson Jubilee Pageant.

Chicago Democrats expect as many as 300,000 persons will crowd the streets to get a peek at the President.

A colorful torchlight reception will welcome him as he parades to the Chicago Stadium to make his political speech at 9:30 p.m.

All radio networks and NBC television will air the speech. Truman arrived Sunday night from Madison, Wis., and went to the Blackstone Hotel.

There a White House suite was open to a few of the 3,000 Democratic leaders in Chicago for a three-day national conference ending Monday.

**Big, Little Rub Shoulders**  
Cabinet members and congressmen brushed shoulders with state and county party workers in hotel lobbies and corridors outside.

Callers said Truman spoke happily about the size and friendliness of his audiences everywhere during his whirlwind, 6,000-mile tour of 16 states in the West and Midwest. It all was strictly "non-political," he said so again and again—until the National Committee took charge of the President's appearance here.

Throughout his 16-state ride, Truman virtually ignored the word "Republican" and members of that party frequently appeared on the platform with him.

He lashed out, instead at what he called "old fogies," "reactionaries," "calamity howlers," "mossbacks" and those with minds like "little acorns."

He gave these names generally to those who oppose his "Fair Deal" (Continued on Page 12)

## Rep. Ken Regan To Attend Midland's World Champ Rodeo

Congressman Ken Regan will be in Midland Wednesday, May 31, to assist in opening the 16th Annual World Championship Midland Rodeo, which will continue through June 4, Chamber of Commerce Manager Delbert Downing announced Monday.

The congressman will ride with Gov. Allan Shivers in the opening parade, and the two officials will attend the Wednesday night rodeo performance as honor guests of Midland Fair, Inc.

Mr. and Mrs. Regan advised Downing they plan to leave Washington May 29, arriving here that night or the following day. They plan to spend several days in Midland and vicinity.

**Other Guests**  
Downing said invitations have been shown at the surface in 20 minutes. No fluid flowed out at the top. In addition to the 2,247 feet of free oil recovered there was 60 feet of drilling mud in the pipe when the tester was pulled. There was no formation water.

Members of the Texas Highway Commission will attend Midland Rodeo as honor guests Friday, June 3, and Chairman William J. Murray, Jr., and possibly other members of the State Railroad Commission will attend the celebration on Saturday, June 4.

It will be the largest array of officials and dignitaries ever to attend a rodeo here.

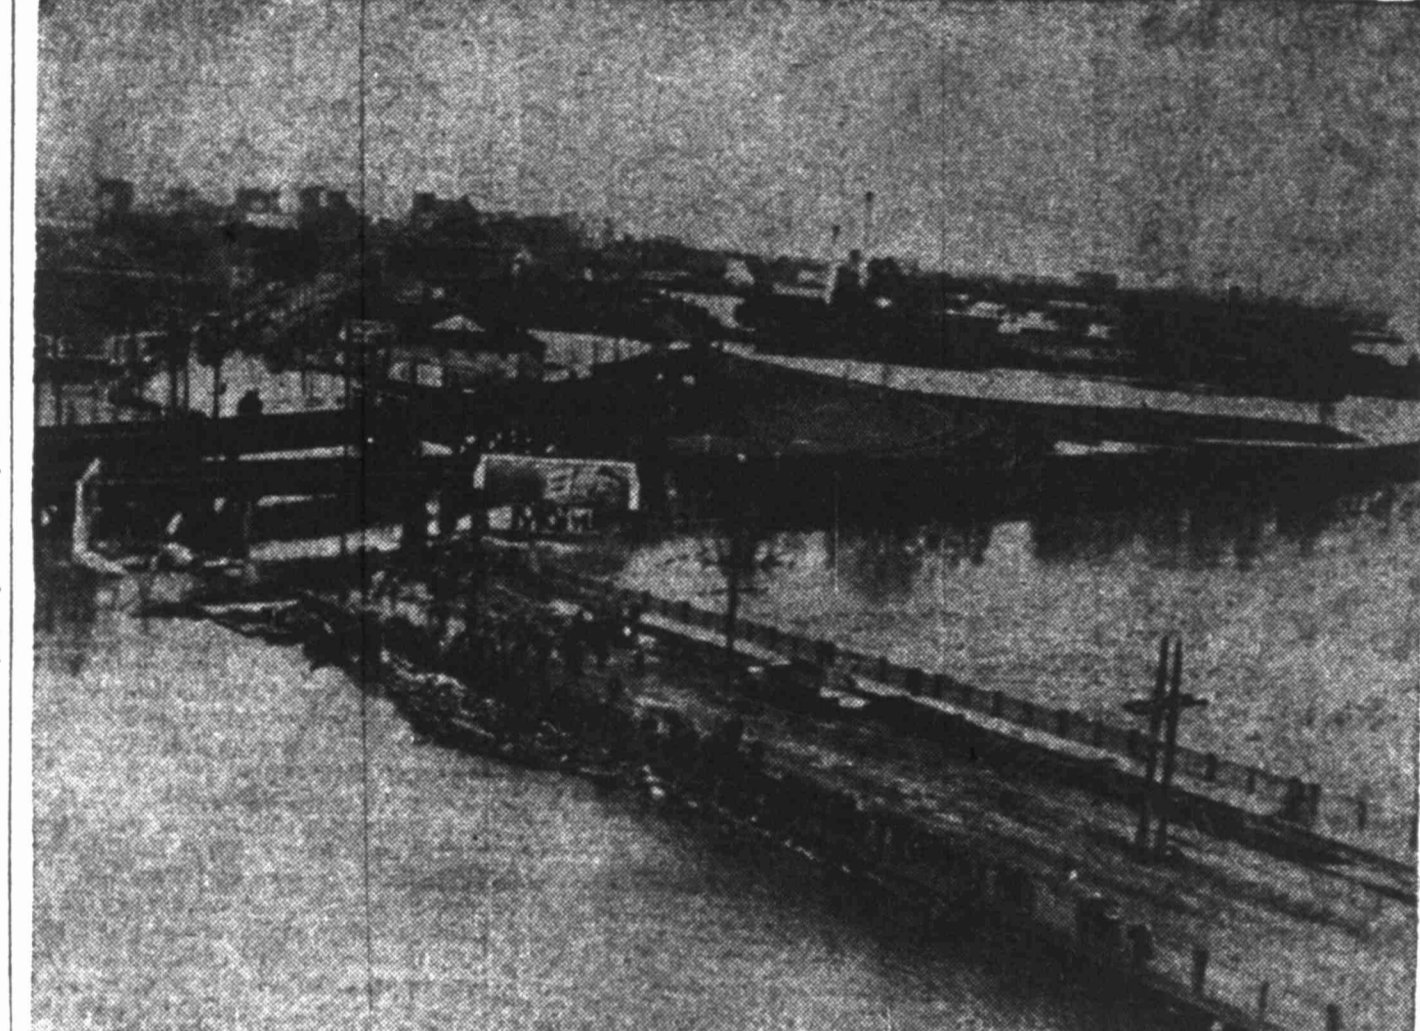

## Calvin Milburn Of Odessa Is District Attorney Candidate

Calvin V. Milburn of Odessa announced here Monday he is a candidate for the office of district attorney of the 10th Judicial District, which includes Midland and Ector Counties. He said he will conduct an active campaign for the post, prior to the Democratic primary in July.

The district attorney race became a two-way affair with Milburn's announcement, the other candidate being W. O. Shafer, also of Odessa. Monday is the last day for candidate filing for district offices. Milburn filed Saturday with Lewis A. Bartha, Midland County Democratic chairman.

**World War II Veteran**  
Milburn, 34 years of age and single, is a member of the Odessa law firm of Milburn, Milburn and Milburn, but currently is on a temporary leave-of-absence. He is a veteran of World War II, having spent 26 of his 46 months of service overseas.

## Pennsylvania Vote Tuesday May Affect 1952 GOP Strategy

PHILADELPHIA —(P)—Control of Pennsylvania Republican forces hinged Monday on the outcome of the most furious primary election campaign in a decade.

More than 2,800,000 Republican voters will have a chance Tuesday to choose between two opposing factions which have slated complete tickets for U. S. senator, governor and other offices.

The result will be viewed closely for its possible impact on the 1952 presidential election.

On one side is ranged Gov. James H. Duff, a candidate for the nomination for U. S. senator, and his gubernatorial running-mate, former Superior Court Judge John S. Fine of Nanticoke.

On the other is former U. S. Senator Joseph R. Grundy, long-time power in GOP circles, who is backing Congressman John C. Kunkel of Harrisburg for U. S. senator and Jay Cooke, Philadelphia, for governor.

There's a third figure in the GOP gubernatorial picture besides Fine and Cooke. He's Judge Charles Scott Williams of Lycoming County, who has been stumping the state as an independent candidate.

Democratic voters were confronted with only two statewide contests. Richardson Dilworth, Philadelphia city treasurer and organizational candidate for governor, had only token opposition in Henry Arthur Morris, Mahanoy City piano dealer. Michael A. Musmanno, Pittsburgh, slated candidate for lieutenant governor, is opposed by Mayor John F. Davis, Reading.

U. S. Senator Francis J. Myers was unopposed for his party's nomination.

## Two-Gun Cagney No Good With One

HOLLYWOOD —(P)— Jimmy Cagney, quick as a cat in ending many a movie gunman, shot himself early Monday because he lacks another of a cat's attributes. He can't see in the dark.

The actor admitted sheepishly that he tripped and fell as he stalked a coyote behind his Coldwater Canyon home.

His 22 rifle discharged as he fell, inflicting a flesh wound in one hand.

## Rodeo Program Approved

Clarence Schaubauer, Jr., president of Midland Fair, Inc., checks and approves the scheduled program of events to be presented at each performance of the 16th Annual World Championship Midland Rodeo here May 28-June 4. The cowboy events include calf roping, barrel racing, bronc riding, saddle bronc riding, steer wrestling, wild cow milking, Brahman bull riding and cutting horse contest, in addition to numerous special attractions.

## Woman, Rescuers Saved By Helicopter

NIAGARA FALLS, N. Y. —(P)—Two men in a helicopter risked their lives Monday to save a woman clinging to a rock above the Horseshoe Falls of the Niagara River.

A dramatic rescue was effected with a second helicopter, after the first had pitched its two occupants into the water and exploded.

The woman, Mrs. Jeanette Bugay, 25, of Niagara Falls, suffered from shock and exposure and was hospitalized.

Her husband, Sigmund, a taxicab driver, said she had suffered a nervous breakdown and was badly upset by the brief disappearance of their two children Saturday.

Two park employees, Herbert Sedita and John Paonessa, heard her screaming as she clung to a rock 75 feet from an island about 30 feet above the Horseshoe, or Canadian, Falls.

Sedita fastened a rope around his waist and waded into the swift current. He was swept off his feet. Paonessa hauled him back.

The Bell Aircraft Corporation then dispatched Owen Q. Niehaus, 28, and Joseph A. Cannon, 30, in a helicopter.

**Services Tuesday**  
A native of Hinesburg, Vt., he entered the utilities business at Burlington, Vt., when only 18 years of age. He moved to Dallas from Bellville, Ill.

Funeral services will be held at 10 a.m. Tuesday in Brownwood, according to information received here.

Survivors include a daughter, Mrs. Helen Paulus of Chicago, and four sons, Henry D. Murphy of Midland, Dr. Phelps J. Murphy of Fort Worth and Dr. Marcus D. Murphy of Houston. Several grandchildren and great-grandchildren also survive.

## Liberty Bell Will Ring Out To Open Bond Sales Drive

PHILADELPHIA —(P)—The historic Liberty Bell will ring out again Monday night to sound the start of a drive during which the government hopes a billion dollars worth of savings bonds will be sold.

The famed bell—capable only of a toneless "bong" because of a crack in its side—will be tapped by U. S. Treasury Secretary John W. Snyder. The sound will be carried across the nation by radio.

After the ceremonies—to be witnessed by descendants of signers of the Declaration of Independence from the 13 original states—replicas of the Liberty Bell will be taken to all 48 states and the District of Columbia.

These bells—cast in France just as was the original—will carry the slogan "Save for your independence. Buy U. S. Savings Bonds."

The campaign—with an official quota of \$655,950,000—will end July 4.

## West Reich Will Remain Armed Camp

LONDON —(P)—Britain, France and America—termed to keep troops in Germany on guard against possible Soviet aggression—met with the other Atlantic nations Monday to try to line up West Europe's defenses.

The main problem confronting the foreign ministers of the 12 nations, as they opened their three-day meeting was how they can afford to spend on defense with "stiffening economic recovery."

Some of the nations' military chiefs have recommended in secret reports more troops and equipment than their economic experts say can pay for.

The Big Three decision to West Germany an armed camp announced Sunday night, stressed for the first time the defensive nature of the troops, rather than their political role.

Another upshot of the three-meeting between America's Secretary of State Acheson, British Prime Minister Clement Attlee and French Foreign Minister Robert Schuman, was their refusal to go ahead on German treaty negotiations now. But, said occupation controls would relax still further.

**No Peace Treaty Now**  
The ministers said in a communiqué: "In view of the continued rearmament of the Soviet government and its inhabitants of their zone of occupation to rejoin their fellow countrymen in a Democratic and unitary Germany, it has not been possible and will not be as long as this policy persists, to proceed to conclusion of a treaty of peace with Germany."

The Big Three made clear, however, that Western Germany's rearmament is being fully integrated into Western defense and gradually freed of control of the maximum possible under occupation terms.

Chancellor Konrad Adenauer, other West German leaders, said in a communiqué: (Continued on Page 12)

## McCarthy Calls On President To Fire Acheson And Jessup

ATLANTIC CITY, N. J. —(P)—Senator McCarthy (R-Wis.) accused Secretary of State Acheson of betraying the United States in Asia. He asked that President Truman fire Acheson.

Contending American politicians in China, McCarthy Acheson had "bought" a place in the Far East by letting Owen Teague, a Communist, become a U. S. ambassador, and a "third tier" member of the Lattimore-Acheson team, and asked that Truman fire Jessup.

McCarthy hit out at Acheson and Lattimore in an address before the Diamond Jubilee Convention of the Sons of American Revolution.

McCarthy said in his speech: "The Acheson-Lattimore strategy in Asia is that 'of his Communists at the front door a silk handkerchief while they bring the brains out of your friends' back door."

He said it was "masterminded by Lattimore and Mr. Acheson" and applied it to the "Far East."

"It is always an unhappy moment to take the liberty of a defendant, particularly a woman," said Judge T. Whitfield Davidson. "We could assess a penalty of \$75,000 fine and a 75-year prison sentence. The court will assess five years in prison."

East Can Unite For Peace

Five years ago the nations of the world were meeting in San Francisco to draft the United Nations charter. The mood was optimistic; great hopes were felt for this and try in 25 years at establishing lasting world order.

Communism's victory in China was a blow to these porters. In protest against the UN's failure to admit Chinese into UN councils in place of established Nationalist representatives, Russia walked out of committee or committee.

With Western nations apparently adamant against admitting China's Communists, there is no early end of dilemma in sight.

Reports from London indicate the Western powers anxious to regain the initiative. Premier Georges Aul, looking ahead to the coming conference of Western foreign ministers, calls for an Atlantic "high council" to unify the free West on military, political and economic terms.

The LONESOME BRIDE

By Grace Nies Fletcher Copyright 1950 by NEA Service, Inc.

IF the lovely young Mrs. Miltiades Brown, formerly of Mt. Vernon Street, Beacon Hill, Boston, and more recently of the Splendide Apartments, Prospect Park, Brooklyn, had learned to cook before she was married, she might never have known, outside of the movies, how one glance at the wrong end of a gun can turn your mouth drier than a salted codfish; and certainly her bridegroom of four months would never have met Lieutenant McGann of Homicide.

It's funny how things work out; a moron writes a cookbook and so two people die, but not from what they ate. The cookbook explicitly said in small, firm print: "Cut holes with a knife in the top pie crust." Why didn't it tell brides the really important things, such as, "Be sure to check all knives before putting them away in the drawer, so they cannot be used for sticking into someone"?

Not that you would expect such a thing to happen at the Splendide. It was a very swanky address across Eighth Avenue from the Park, with a big blond doorman named Eric who, draped with more gold braid than an admiral of the Navy, paraded over the huge-hush oriental rugs in the fretted marble lobby.

"Goodness, can we afford the Taj Mahal, darling?" Gloria had teased after one look. "How wonderful to hear the birds sing, right in the city!"

"Our apartment isn't exactly on the Park," Miltiades murmured uneasily. It most definitely was not. It turned out to be two and a half rooms on the court where only fire escapes sprouted and the only bird Gloria ever heard was the parrot in the woman across the court put out on her fire escape every morning to bathe and which sang appropriately and monotonously over and over, "I'm forever blowing bubbles!" (Occasionally he varied this by squawking, "Help!")

Gloria didn't know who lived above or below her... but once she caught a glimpse of the people who lived next door.

black hair and his marvelous tan. "No, he's not in but I'm your father's secretary. Could I take a message?"

"I think," said Miltiades, "I'll stick around." Gloria was a cute little trick who had to look up to his six-foot-two, but though she was only five feet nothing, she had everything else, such as jade-green eyes that promised things, hair the delicious color of Golden Bantam corn that made your mouth water, a tiny perfect figure you would have ached to curl around, and brains she was smart enough to hide.

"Well, Sergeant Brown?" she smiled teasingly when he had finished taking this all in. Call him "Miltiades," he had insisted; when she said it, and for the first time he could forgive his Pop.

"I think it is a very cute name," she retorted indignantly. "Dignified and yet—tripping. Its cadences go so well with Brown. What I mean is, it's so killer-diller distinctive." She added merrily: "Mrs. Miltiades Brown, hmmm?"

NEWLYWEDS KEEP FIREMEN ON RUN EAST ORANGE, N. J. —(AP)— Where there's smoke there's either fire or a newlywed who doesn't know how to cook.

A passerby turned in an alarm here Sunday when he saw smoke coming from a window. The firemen came clanging, and found an embarrassed husband with four pieces of burnt toast.

They looked foreign, rather like interesting foreigners, she noticed while Miltiades was fumbling for his key. The woman, ample of bosom, with carefully coiffed hair, wore a black velvet evening cape and the man's evening clothes were expensive, too, but there was something odd about him. Gloria decided, scanning his long, swarthy face which had a white scar on the left cheek.

## Mother's Day Idea Leads To Reunion In Illinois Hospital

SPRINGFIELD, ILL. —(AP)—There were 11 Mother's Day presents for Mrs. B. A. Schum, 55, who is recovering from injuries in St. John's Hospital.

She suffered chest injuries, fractures of her left hip and left wrist in an automobile collision near her home at Raymond, south of here, about nine weeks ago.

Loretta, one of her 11 children, is a nurse at the hospital. Pondering Mother's Day, Loretta had an idea.

She contacted nine of the other children scattered throughout Central Illinois, and arranged for all to visit their mother Sunday.

She arranged for the other, Lillian, wife of M/Sgt. John Gentry, stationed at Frankfurt, Germany, to telephone at 4 p.m.

The 10 children trooped into their mother's room Sunday afternoon. Lillian telephoned as planned, told her mother she was well, and said she hoped to be home soon.

It was the first time Mrs. Schum had seen 10 of her children together in five years.

### Hearing Family Discussions Teaches Child Adult Problems

By RUTH MILLETT  
NEA Staff Writer

An educator says it is wrong for parents to wait until the children are in bed to discuss family problems. She contends that the way children learn about life's problems and responsibilities is by listening in to their parents' serious conversations.

She is right, of course. And yet more and more parents tend to shut our children out of adult life.

We decide whether or not we can afford a bicycle for Johnny or Summer camp for Sue as though it were a matter that couldn't be discussed before the children. Yet if Johnny knew that his parents had to give serious thought to whether or not they could buy the bicycle he might appreciate it more when it is finally his.

Or if the answer had to be "no" he would at least know why and understand that his parents would have liked to give it to him if they could.

In still another way, we shut our children off from adult discussion of everyday problems and serious views on what is going on in the world.

**Dominate Scene**

When they are with just the family group we tend to let them dominate the conversation. The children who used to be seen but not heard at least get to hear more important adult conversation than today's children usually hear.

As for giving our children a chance to learn through the conversation of visitors, that, too, is rarely done today. Johnny is either put to bed before the guests arrive or allowed to stay up long

enough to hold the center stage a few minutes and then sent off to his room to go to bed with a book or listen beside radio.

Then we wonder why our children, when they hit adolescence, are selfish, self-centered, full of our ideas, and complete at ease with our friends.

They don't have any real problems because through years they have been kept ignorant of them. They are taught to expect but not to And they are ill at ease with friends because it isn't until are almost grown that we share our social life with the

# DADDY RINGTAIL

By WESLEY DAVIS

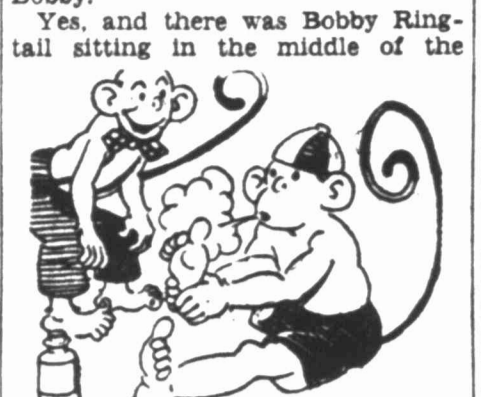

## Daddy Ringtail And The Hot Bottle

Daddy Ringtail, your monkey friend, was sitting out on the porch of his monkey house, up in the top of the very tall tree, there in the middle of the Great Forest. He was asleep almost, when suddenly he heard a terrible noise.

Was the terrible noise a hundred animals shrieking together? No, the noise was coming from there inside the monkey house. It was Bobby Ringtail who was crying.

Daddy Ringtail jumped up from his chair. He jumped way up in the air, and his feet began to run almost before they were touching the ground again. He ran in the house in a hurry to see about Bobby.

Yes, and there was Bobby Ringtail sitting in the middle of the

floor. His mouth was open wide, the better to do his loud crying. "He's crying about the hot bottle," Mother Ringtail explained. Daddy Ringtail couldn't hear what she said, because of the loud crying that Bobby was doing. But Daddy Ringtail saw the hot bottle there on the floor, and so he knew what the trouble was. Yes, and Bobby said what the trouble was, all right.

"Daddy Ringtail," said Bobby, and he had to stop crying to say it. "Daddy Ringtail, the medicine from the hot bottle will burn my toe."

Ah yes, and now Daddy Ringtail understood everything. Bobby had bumped his toe on a rock and knocked some skin off. Then the place didn't get well, and so Dr. Shoobug had brought some medicine in the hot bottle. "Put it on twice each day," Dr. Shoobug had said, and so Mother Ringtail was about to put it on Bobby's toe. Oh, but the medicine would burn for a minute and hurt, even though very fine medicine it was. Bobby liked the fine medicine, all right, all right; he just didn't like the burn, and the burn is what he was crying about.

Yes, but Daddy Ringtail knew what to do. He said for Bobby to do it, and Bobby did. Bobby blew the place on his foot when Mother Ringtail put the medicine on, and he didn't cry at all. Nobody can cry when he's blowing something, and you can try it yourself sometime if you want to know for sure. Happy day!

# The Word "ALCOHOLIC"

# AA

## YOU MAY BE ASKING THESE QUESTIONS ABOUT ALCOHOLICS ANONYMOUS

*What does the A. A. Organization do?*

*How does it operate?*

*What kind of people are the A. A. Members?*

*Why should I be invited to join?*

*What does it cost me?*

First let us clear up the meaning of the word 'alcoholic' as we use the word here. The word alcoholic means anyone whose drinking means misery, sickness, regret, despondency, lost opportunities, unhappy family relationships and grief and trouble in general. By 'alcoholic' we mean anyone whose body chemistry is such that they are supersensitive to the effects of alcohol. An alcoholic is any one whose body chemistry makes moderate, social drinking impossible.

Just as a hay fever victim is allergic to certain dusts and pollens—just as some people are allergic to certain foods—just as the skin of some people is allergic to contact to wool or nylon—THE ALCOHOLIC IS ALLERGIC TO ALCOHOL. It is not a question of moral depravity. The alcoholic is not an unregenerate scoundrel. The alcoholic has an allergy—something the alcoholic and the public in general does not recognize nor understand until it is properly explained.

1. What is A. A.? ANS. A. A. is a genuine on-the-level fellowship of people who have suffered from continued drinking. As the name of the organization implies the fellowship is for alcoholics only. The word anonymous means that your membership will not be divulged to the public unless you wish it so.
2. What does A. A. do? ANS. A. A. meetings are a friendly get-together for the purpose of discussing the problems of alcoholism and how to lick these problems. These meetings result in a multitude of valuable friendships that you will prize all your life. A. A. is fellowship, friendship and understanding.
3. Why should I be invited to join? ANS. If someone has asked you to join it is because it is believed that you are a person of inherent character and ability who has what it takes to grasp the fundamentals of this program and attain a happy life-long sobriety.
4. What is the cost? ANS. Nothing—in money. The real cost is time—time to attend meetings—time to think—and time to lend a helping hand when it is needed.
5. What is the catch? ANS. That is a good question and we don't blame you for asking. If you have ever enjoyed the good feeling that comes with helping another fellow out of a jam you will understand why and how A. A. continues to work. YOUR success is the grand payment that A. A. members enjoy for whatever effort they may make in your behalf. There is no paid officers—no dues. (We do pass the hat at the meetings but only for the purpose of paying the rent on the meeting room and to pay for the coffee and doughnuts or other refreshments). You put in whatever you wish—or nothing—it is entirely up to you.
6. Am I asked to subscribe to anything? ANS. NO. Neither are you asked to buy anything. Further you make no promises nor sign any pledges.
7. Maybe you are reformers or prohibitionists? ANS. We are not reformers. If you do not wish to stop drinking that is your business and in that case we have nothing to offer you. We are not prohibitionists. If you can drink moderately we congratulate you—but CAN you?
8. What kind of people join the A. A.? ANS. Some alcoholics hesitate to approach A. A. because they fear that the members may be the dregs of civilization. NOT SO! FAR FROM IT! The derelicts, the mental cases, the so-called "riff-raff" do not WANT to quit drinking—therefore they do not join A. A. In A. A. you will find people from all walks of life—business men—laborers—professional men and women. Regardless of your financial, social or educational status you will find understanding friends in A. A. In A. A. everyone meets on a common basis of fellowship and understanding—no snobbery here!
9. Is A. A. a cure? ANS. Absolutely not. Make this comparison for yourself—A diabetic will always be a diabetic regardless of how long he lives. With proper self-care the diabetic can live long and happily. This is just as true of the alcoholic, and he can live long and happily. (Remember an alcoholic does not have to be a drunk.) There are many thousands of alcoholics today who NEVER drink alcoholic beverages.
10. Does A. A. use medicine? ANS. If fellowship is a medicine then A. A. uses medicine. But that is the only kind of medicine used.
11. How can life be worth living if I can't drink when I please? ANS. Nature takes care of that problem. Men who have been members of A. A. for over 13 years tell us they just began to live—to enjoy life—when they attained a normal way of living thru A. A. You WILL have fun—your definitely changed outlook on things takes care of that.
12. Will A. A. work for me? ANS. That depends on you. If you are not a mental cripple—if you REALLY want to quit drinking—if you are capable of being absolutely honest with yourself—YES—A. A. will work for you 100%.
13. Can A. A. teach me to drink moderately? ANS. No. That is impossible. An all time sobriety can be yours—you have only one other choice—drunkenness.
14. Is this a religious organization? ANS. No. We do not care anything about your religion.
15. I am not an alcoholic. ANS. If you can be absolutely honest with yourself and say you are not an alcoholic then we have nothing at all to offer you. If you know someone who IS an alcoholic you can do him a great favor by telling him of A. A.
16. Will A. A. loan me money—buy me some clothes—get me a job—find me a place to live? ANS. No. That is not the purpose of A. A. You can get those things if you first get sobriety.
17. I don't want to promise to join. ANS. Don't promise! Try four meetings with an OPEN MIND. Then if you decide not to continue that is up to you.
18. I will feel sensitive about being seen at your meetings. ANS. Most every member thought he would. The meetings are private and your membership or attendance is not divulged to others. There was nothing private about your drunks—remember?
19. I have never been in jail for intoxication. ANS. A great many A. A. members have never been in jail for intoxication.
20. I did not drink great quantities at one time nor stay drunk for weeks. ANS. It is not HOW MUCH you drink—it is what happens when you drink. A few beers are too much for some.
21. Where can I go to meetings? ANS. There are meetings every evening of the week within easy driving distance. Some of the meetings are listed in this bulletin. A. A. is listed in the phone books of many cities. A member can get a comprehensive list of groups and meetings for you.
22. How can A. A. do things the doctors can't do? ANS. Your doctor will tell you of the miraculous recoveries due to A. A. He wouldn't mean to call you a thief but he might tell you that it takes a thief to catch a thief—in other words it takes an alcoholic to understand an alcoholic. Furthermore an alcoholic can't preach—or bawl out another alcoholic—he has been a drinker himself.

### Four-Family Outing Ends In Drowning Of Four Children

EVANSVILLE, IND.—(AP)—A family outing on Mother's Day ended in tragedy Sunday night with the drowning of four children. The victims, ranging in age from 5 to 19, were children of three of the four families in the party, which was held in honor of the mothers. Seven children were in the boat, which was overturned in the swollen Ohio River about 20 miles south of Evansville. The quick action of an uncle of one of the children saved two lives. Wayne Carr, the uncle, was upstream about half a mile when he heard the screams. He said he saw overturned boat with children washing all around it. He rushed to their aid and rescued Jerry Crawford, five, and his sister, Sue Crawford, 12. Sue Carr, niece of the rescuer, swam to the boat. Carr said the other four vanished the swiftly-flowing water. The missing victims are James Derlitter, 19; Marcellus Diegs, eight; his brother, Donald, five; and Hilary Dale Carr, seven.

### Jonathan Daniels Joins Opposition To Truman's FEPC

CHICAGO.—(AP)—Jonathan Daniels, North Carolina editor and close friend of President Truman, has joined the fight against the Administration-backed FEPC bill. Daniels was a surprise speaker Sunday at a civil rights panel held in connection with the National Democratic Conference in Chicago. He said he represents the "decent element" in the South opposed to the proposal for a Fair Employment Practices Commission. He emphasized it's the compulsory feature of the FEPC bill now before the Senate that he dislikes. He called the measure "a faulty device for a free nation." It would do nothing but aid the Dixiecrats," he charged, and would be used by them "as a tool to fight a free nation." The civil rights panel followed a unique public meeting of the President's Cabinet before the television cameras. Before a crowd of 2,000 that filled barely half the opera house, cabinet members or their representatives urged enactment of Truman's Fair Deal program to keep the nation prosperous and at peace.

### Scientist Describes Possible Drug Cure For Human Influenza

BALTIMORE.—(AP)—A possible lead towards a drug treatment for the most prevalent type of human influenza and a costly disease of chickens was described Monday to the Society of American Bacteriologists. A California scientist reported that a substance derived from a microbe found in hay proved capable in laboratory experiments of destroying viruses of human influenza "A" and of Newcastle Disease, a serious malady of chickens.

Influenza "A" is the commonest of all known "flu" types. At present, there is no specific drug treatment for it or for any other type of "flu." Neither is there a drug weapon against Newcastle Disease, once it develops. Dr. A. J. Salle of the University of California at Los Angeles emphasized that his experiments have been limited to trials on viruses of both diseases purposely made to grow in hatching hen's eggs. There have been no experiments so far on virus-infected animals—a necessary preliminary to any thought of human application in the case of influenza.

But Dr. Salle said the work constituted a forward step in that it marked the first time any substance had been able to destroy viruses of these types in a developing chick embryo without killing the embryo itself. The Gold Coast of West Africa is sixth among the world's gold-producing areas.

### Polish Purge Sets Pattern For Soviet Grab Of Satellites

LONDON.—(AP)—A reported purge of Polish Communist Party leaders is the latest development in a campaign in all the Soviet satellite countries to tighten Communist control and shut out Western influence. Diplomatic sources in Warsaw said Sunday government ministers were criticized bitterly at last week's meeting of the Polish Communist Party Central Committee. Complaints ranged from mismanagement of public affairs to failure to obey party directives.

Soviet influence in Poland was believed strengthened by the appointment to the party's ruling Politburo of Marshal Konstantin Rokossovsky, a former Russian Army commander who now bosses Poland's army. Another Politburo appointee was Zenon Nowak, a veteran Communist believed to be heading the drive to rid the party of Polish Communists who dislike dictation from Moscow.

Political observers here believe the Polish shake-up is following the pattern established in such other satellite states as Czechoslovakia, Romania, Hungary and Bulgaria. The purges aim at: 1. Tightening of party discipline over government ministers and other party members. 2. Speeding of communication of the satellite countries. 3. Intensification of attacks for political purposes on the Western world.

### Canada's Siamese Twins Die After Separation Surgery

EDMONTON, ALBERTA.—(AP)—Canada's Siamese twins—Beverly and Brenda—died on the operating table Sunday, a few minutes after a 12-man surgical team had severed the flesh which linked their vital organs. The babies would have been six months old on Wednesday. Dr. Eardly S. Allin, who headed the surgical team, said Beverly died first at 10:45 a.m.—one hour and three quarters after the operation started in the Royal Alexandra Hospital. Brenda succumbed 45 minutes later.

E. C. (Bud) Townsend, 23-year-old father of the twins, said after it was over: "We firmly believe the medical profession x x x did everything that was humanly possible under the circumstances." Townsend had stood by during the operation, ready to donate skin in case a graft was needed. The twins' mother, 20-year-old Betty Townsend, remained with relatives during the operation.

### Mother's Day Flowers Made As Their Owner Gains In Jail

MINNEOLA, N. Y.—(AP)—Mrs. Clara Smith's Mother's Day flowers failed to fade in her living room Sunday. But Mrs. Smith was not at home to enjoy them. She was locked up in the county jail—beginning a 30-day sentence for turning two teen-age boys in a hit-and-run accident. Yours was a particularly vicious case, District Judge George S. Johnson told her Sunday. "I can't imagine a mother being hard-hearted as to leave two boys, who might be dead for all she knew, lying in the gutter." Mrs. Smith's car struck the two boys on a motor scooter near Meriden, N. Y., Saturday night. James, 17, got a broken leg, and his companion, Louis Riley, 16, a broken arm. Her car was traced through a partial license number, and bumper damage. The arresting officers found Mother's Day bouquet from a son in the living room table. Mrs. Smith, has three other children and several grand children.

### Farmers Replanting In Pecos County

PECOS.—Farmers in the Pecos vicinity are having to replant approximately 1,500 acres of cotton damaged by rain and hail last week. Many of the farmers in the same area are having to replant their cantaloupes, but the exact acreage is not known, County Agent Jimmy Taylor noted. Most of the damage was done in the area just southwest of Pecos between the Balmorhea and El Paso highways just north of Pecos. The hail extended as far south as Hoban and about six miles north of U. S. 80. Though hail took its toll of damage, part of the replanting was necessitated by the hard rain which accompanied the storm. Some of the cotton had just cleared the ground or else was sprouting, and farmers were replanting rather than attempting to use a "scratcher" on the planted fields.

### Arizona Cowgirl Wins Calf Roping Title At Fem Rodeo

FORT STOCKTON.—Two thousand rodeo fans roared their approval here Sunday afternoon as Ruby Gobble of Wickenburg, Ariz., was handed the calf roping crown of Fort Stockton's Second Annual All-Girl Rodeo. The Arizona cowgirl won the three go-round average with a total elapsed time of 80.6 seconds. Champion barrel racer of the show was tiny LaTonne Sewall of Brownwood, who flashed around the barrels Sunday afternoon in 20.7 seconds, the best time of the meet. Her two go-round average was 41.7 seconds.

Jackie Worthington of Jacksboro wrapped up two championships, the bareback bronc and the Brahman bull riding event. Team Tying  
The team-tying title went to Blanche Altizer of Del Rio and Betty Barron Dusek of San Angelo. The Del Rio girl also won the third go-round in the calf roping event with a time of 20.1 seconds. Jim Bob Altizer, Blanche's brother, defeated Bill Teague of Crane in a six-calf matched roping by the narrow margin of 3.2 seconds. Altizer's time was 126.3 seconds, while Teague required 129.5 seconds to tie his six calves. Pat Lacey, riding for the Lost Valley Ranch, Bandera, who suffered a hip injury when kicked by a bull late Saturday night, was resting easily in Memorial Hospital Sunday night.

The other nurse, Mrs. Ellen Moncrieff, reported she was relieved as head of the medical and surgical ward at the same hospital but later was reinstated. Texas League—

Ocece Indians Cop Eleventh Straight; Cats Nab Seventh

By WILBUR MARTIN Associated Press Staff Oklahoma City and Fort Worth tried for their eleventh and seventh straight victories respectively Sunday—and both made it. Fort Worth's seventh win in a row came the hard way, a 3-2 affair over San Antonio. Oklahoma City won No. 11 easily, swamping Shreveport 10-1 before the largest home crowd of the season, 5,031. In the Texas League's only other game, Dallas nudged Houston 4-3. Beaumont and Tulsa scheduled game was postponed because of rain. Dallas shot into fifth place in the standings as a result of its victory, but Oklahoma City is still four games behind pace-setting Fort Worth, which now has won 15 of its last 16 games. Rip Russell hit three for three to pace Oklahoma City to its one-sided victory. De Fondy and Gene Clough spread around a walk gave Fort Worth a run in the sixth inning and broke a 2-2 deadlock. Rookie John Rutherford won his third straight game, yielding eight hits, one a home run by Andy Anderson. Rinaldo Ardiola got credit for his second win in as many starts for Dallas, which used three runs off three hits and an error in the third inning to take a lead it never relinquished.

SWC Baseball Race To End This Week

By The Associated Press Whether the Texas Longhorns take the Southwest Conference baseball crown undisputed or have to share it with Texas A&M will be decided this week in Austin. The Longhorns and Aggies tangled Wednesday and Thursday in a two-game series. Texas needs to win only one game to take the championship, and can lose them both and still tie for the title with the Aggies. Baylor and Southern Methodist meet Wednesday and Thursday in games which mean nothing to the conference race.

AUSTIN (AP)—Tom Cox of Rice and Bob Walters of Texas were selected as the outstanding performers of the Southwest Conference Track and Field Meet. Cox beat out Charley Parker, the mighty Texas sprinter, by one ballot. Fifteen writers voted and Cox got eight while Parker wound up with seven. Idaho is the largest silver producing state.

Jarl Hurls, Bats Tribe To Victory Over San Angelo

The Midland Indians take on the San Angelo Colts again Monday night in San Angelo's Guinn Stadium. Harold Wearne, right-hander, will chunk for the Indians and Sam Hunter goes for the Colts. SAN ANGELO—LeRoy Jarl, the "Colt killer," did it again here Sunday afternoon. He pitched and batted the Midland Indians to a 5-1 victory. The Colts took a 1 to 0 lead in the fourth inning and it didn't set just right with Jarl. He came to the plate in the first of the fifth with the bases loaded and promptly poked a home run over the left field wall. Jim Prince added a homer with no one on in the eighth inning, giving Midland all its runs via the four-bagger route. A walk, a single and an error had loaded the bases before Jarl connected with his four-run clout. Jarl also did a neat job of pitching, allowing the Colts only eight singles. He never was in serious trouble. Back on April 17, Jarl clouted a homer to break a 5-5 tie and went on to whip the Colts 8 to 5. He seems to work his best in the spacious Guinn Park. The win gave the Indians a firm hold on fourth place as Sweetwater was bombarded 9 to 1 by the Roswell Rockets. Lamesa Increases Lead With Victory The Lamesa Lobos seem to be a pretty hard team to beat in their own park. Anyway the rest of the teams in the West Texas-New Mexico League probably think so. Don Lobos Sunday won their fourth straight game in their new park and now lead Borger and Idle Clovis one and a half games. Lamesa routed the Albuquerque Dukes 9-2 behind the steady eight-hurling of Ellis Rosson. Borger moved into a tie for second with Clovis by edging Lubbock 5-4. The Gassers had to stave off a late inning rally by the Hubbers for the win. Amarillo slugged the Pampa Oilers 12 to 5 in a game that was enlivened by an exchange of blows between the Sox's Stan Surma and Don Rickerston of Pampa. The Tracas began after Surma scored following a close play at third. Clovis at Abilene was postponed due to wet grounds. Advertise or be forgotten.

Big Boys Tangle In Dozen Games Musial Rolls On

By JOE REICHLER Associated Press Sports Writer If Stan Musial isn't the greatest hitter in baseball, then his figures are mighty deceptive. At that, of his slugging feats this season have been almost believable. One look at Musial's sky-scraping .467 batting and it is easy to understand why the St. Louis Cardinals are in second place of half-length behind the setting Philadelphia Phillies.
