## Ellenburger Wildcat Staked In Stonewall

Delaware Drillers, Inc. of San Angelo No. 1 Calloway is to be a 7,000-foot wildcat in Central-North Stonewall County to test to the Ellenburger.

The prospector will be 15 miles north and slightly east of Aspermont, and two miles east of Barnsdall Oil Company and The Atlantic Refining Company No. 1 Calloway, dry hole completed during 1949, which had some interesting shows in several zones—but none of which were sufficient for commercial production.

Delaware No. 1 Calloway will be in the southeast corner of the northwest quarter of section 42, block F, H&TC survey.

It is on a farm from Honolulu Oil Corporation. Unofficial sources report that Honolulu Barnsdall and The Ohio Company are supporting the exploration. Work is slated to start in the near future.

## Prospector Slated For C-E Runnels

T. W. Murray and Ice Brothers, both of San Angelo, No. 1 G. Clayton is to be a 5,000-foot wildcat in Central-East Runnels County.

Location is 330 feet from south and west lines of the southeast quarter of section 134, ETRR survey. That makes it 12 miles northeast of Ballinger and three miles west and slightly north of the Ma-bee-Ogden field.

## Midlanders Complete Extensions In Borden

Castleman & O'Neil of Midland have completed their No. 1-B T. L. Griffin as a one-half mile south extension to the North Vincent field in Southeast Borden County.

This producer, located 467 feet from north and east lines of the southeast quarter of section 51, block 25, H&TC survey, reported a calculated 24-hour potential of 364 barrels of 42-gravity oil. The potential test was flowing naturally through a one-quarter inch choke.

Gas-oil ratio was 1.265-1. The 24-hour initial production figure was based on an actual 12-hour flow of 182 barrels of pipe line oil.

Top of the pay is at 7,014 feet. Total depth is 7,028 feet. The 7-inch casing is cemented at 7,014 feet.

Top of the Pennsylvanian lime is at 7,010 feet. That gives it a datum of minus 4,642 feet, on that marker, and makes it 146 feet low to the same owners' No. 1-A Griffin, one-half mile to the north.

## Stonewall Prospect Prepares To Set Pipe

C. L. Norsworthy, Jr. of Dallas is reported to be preparing to set casing and make production tests at his No. 1 W. J. Johnson Northeast Stonewall County prospective discovery from the Bend conglomerate lime.

Operations at this project have been held up for about a week on account of unobtainable rods.

It flowed oil about a week ago from the section at 5,995-6,005 feet at the estimated rate of 50 barrels per hour through a five-eighths inch bottom hole choke. The oil was 46-gravity. There was no formation water.

Top of the conglomerate is at 5,998 feet. That is on a datum of minus 4,353 feet. Location is 660 feet from east and 3,889 feet from south lines of section 44, block G, Alice Stephenson survey.

## Shell Oil Schedules Tom Green Wildcat

Shell Oil Company No. 1 W. J. Johnson is to be a 6,000-foot wildcat to explore the Ellenburger in Northeast Tom Green County.

The venture is located 1,205 feet from north and 1,422 feet from east lines of section 21, WC survey. That makes it five miles northeast of San Angelo.

The drillsite is 12 miles northeast of Sun Oil Company and associates No. 2 Pulliam, small discovery from the Strawn, located in section 14, block 4, H&TC survey.

The Shell wildcat is on acreage which that concern secured from J. J. Perkins of Wichita Falls.

## Swab Test Gauged On Lynn Discovery

Magnolia Petroleum Company No. 1 Garza Cattle Company, Southeast Lynn County wildcat, 14 miles east of O'Donnell, swabbed 134 barrels of new oil in 14 hours from open hole in the Pennsylvanian lime at 8,615-30 feet.

There was no formation water. The well headed some oil for short periods during the 14 hours. Testing is continuing.

Location is 1,980 feet from south and 660 feet from west lines of the southeast quarter of section 43, block 9, EL&RR survey.

Top of the pay is at 8,615 feet. Elevation is 2,920 feet.

## Pennsylvanian Top Void In Mitchell

J. W. Murchison No. 1 Womack, Northwest Mitchell County wildcat, 18 miles northwest of Colorado City, and 860 feet from south and east lines of the northwest quarter of section 8, block 26, H&TC survey, shows oil or gas in a drillsite test in the top of the Pennsylvanian lime at 8,531-81 feet.

The prospector topped the lime at 7,528 feet. That gave it a datum of minus 8,283 feet on that marker.

# Allies Set Up Defense Command

Mrs. William C. Smith, wife of one of the two Navy fliers held prisoners by Chinese Communists for 19 months, keeps an all-night vigil by the telephone in her Long Beach, Calif., home with her two sons, Michael, three, and Patrick, 17 months. She awaited a call from her husband who is enroute home by way of Honolulu. The Navy did not permit the call to be completed.

## June Allowable Boosted 140,500 Barrels Per Day

AUSTIN—(AP)—Texas oil production got a shot in the arm Wednesday. The Railroad Commission ordered an extra day of crude oil flow for June, sending the new allowable 140,500 barrels above the present daily average.

Next month's permissive production will start at 2,366,376 barrels daily. The present allowable is 2,225,876.

## Socony-Vacuum And Magnolia Executives Visit Permian Basin

Brewster Jennings of New York City, president of Socony-Vacuum Oil Company, and a party of Magnolia Petroleum Company executives from Dallas spent Wednesday night and Thursday in Midland and in oil areas adjacent to this city.

Magnolia officials accompanying Jennings are J. L. Latimer, president; S. A. Thompson, vice president in charge of the exploration department; and A. E. Chester, vice president in charge of the producing department.

The visitors were guests at an informal dinner Wednesday night in the Petroleum Club of Midland. Others attending the dinner were Magnolia Petroleum Company and Magnolia Pipe Line Company executives and department heads in Midland and other Permian Basin Empire cities.

## 'Sheriff' Of Dress Western Enforcement Posse Is 'Elected'

John Friberg, Jr., Thursday was "elected" Optimist Club "sheriff" in charge of enforcement of the Dress Western's edict, which becomes effective Monday, Pete Van Horn, Optimist president, announced. Midlanders Monday are requested to don cowboy and cowgirl attire, wearing the Western-type clothing through June 4, final day of the 16th Annual Midland Rodeo.

A "Judge Roy Bean" court will be established at the north entrance of Hotel Scharauer, with sessions to be held from 9 to 11 a.m. and 2 to 4 p.m. daily.

A corral will be rigged up for the confinement of the "dudes" who are found "guilty" by the court. A number of Midland attorneys have been designated as court judges.

Exemption certificates will be available for \$1 for those not desiring to dress Western.

Fines collected will go to the Optimist Club's Boys Work fund.

## LATE NEWS FLASHES

**WASHINGTON — (AP) — Senate hearings on the Administration request for a three-year extension of the peacetime draft law will begin June 1, Senator Tydings (D-Md) said Thursday.**

**WASHINGTON — (AP) — The House Banking Committee Thursday voted 13 to 4 for another year of federal rent controls. The bill provides, however, that controls will end December 31 in cities which do not vote to continue them until June 30, 1951.**

**WASHINGTON — (AP) — Senate Communist investigators Thursday asked Senator McCarthy for evidence backing up his charges that State Department loyalty files have been rifled.**

**WASHINGTON — (AP) — The Commerce Department Thursday tightened its export controls over nylon parachute cloth and some other strategic materials to prevent their shipment to Communist areas.**

## House Tax Writers Cut Interest Rate On Refunded Taxes

WASHINGTON—(AP)—The House Ways and Means Committee Thursday voted to cut to two per cent the interest rate the government pays on overpayments of taxes that later are refunded.

The rate now is six per cent. The committee decided to keep at six per cent the rate the taxpayer must pay if he is late with his payments.

At present, the government pays out about \$100,000,000 a year in interest on tax overpayments later refunded. Staff experts advised the committee that cutting the rate from six to two per cent would save the government \$67,000,000 a year.

The proposed cut is being written into the new tax bills the committee is drafting.

It has made a number of proposed cuts in taxes. The most controversial of these at least within the committee, is a proposed drop from 25 to 16 per cent in the tax on long-term capital gains.

The proposal, approved by the committee Wednesday, would apply to trading in real estate and commodities, as well as to stocks and bonds.

If approved by Congress, the committee recommendation would have this effect:

1. The maximum tax on long-term capital gains would be slashed from the present 25 per cent to 16 per cent.

2. A capital asset would have to be held only three months—instead of six—in order for its sale to be considered as either a gain or a loss for income tax purposes.

## Reorganization Headaches Grow In Truman Camp

WASHINGTON—(AP)—New reorganization headaches piled up Thursday for President Truman's Senate forces, already four-time losers in efforts to ward off attacks on his plans for revising federal agencies.

Senator Holland (D-Ia) disclosed that he might call up for a vote during the day a resolution to kill the controversial plan giving the secretary of agriculture power to reorganize his department.

And Senator Edwin C. Johnson (D-Colo.), who has had successful fights against two Administration reorganization plans, indicated he might ask the Senate to disapprove two more, affecting the Federal Trade and Power Commissions.

Another plan calling for changes in the Labor Department was up for action in the House.

Johnson rolled up his double triumph Wednesday when the Senate killed the Interstate Commerce and Federal Communications Commission plans. The votes were 66 to 13 and 50 to 23, respectively.

Two other plans—to eliminate the office of National Labor Relations Board general counsel, and to place the comptroller of currency under the secretary of Treasury—were junked by the Senate last week.

## FBI Enters Search For Jail Breaker

MONAHANS—The Federal Bureau of Investigation has entered the search for James (Fleet) Corbin, only one free of four who escaped the Ward County jail May 10, Sheriff W. B. (Blackie) McNeerlin said Thursday.

Corbin, 47, sentenced to the penitentiary seven times, is believed to be in Kansas. A federal charge of fleeing across a state line as a fugitive was filed Tuesday.

Corbin was one of four who fled the jail after threatening Jailer A. B. Bruce with a knife. The other three were recaptured after a two-day search.

## Azores Crash Kills All 16 Aboard B-29

PONTA DELGADA, AZORES—(AP)—A B-29 bomber crashed off the runway at Lagens Field Wednesday night and burst into flames, killing all 16 persons aboard.

Unofficial reports said the U. S. Air Force plane hit an automobile parked off the field. The plane caught fire immediately and burned in a few minutes. Fourteen men were burned beyond recognition.

## City Moves To Tax All Automobiles

The City of Midland and the Midland Independent School District this year, for the first time, will assess for taxation all automobiles here. City Manager W. H. Oswalt announced Thursday.

Previously, only those who rendered their automobiles for taxation have paid city and school taxes on them. The cars usually are rendered along with other properties, Oswalt said.

He explained that under the new program, taxes will be assessed and collected on all Midland cars on an equal basis. Every car owner, rather than just a select few, will be paying taxes on his automobile, Oswalt explained.

Added Valuations

T. I. Pratt, tax assessor-collector for the city and school district, estimated the program will add \$1,000,000 in valuations to the taxable rolls of the city and schools. Persons who owned autos on Jan. 1, 1950, are subject to the ad valorem tax. The names of automobile owners will be obtained from the official state registration lists.

Persons who have not rendered their autos for taxable purposes with the city-school tax assessor will be contacted by mail, giving them the opportunity of making prompt renditions. Those who do not comply with the request will be assessed on the regular tax scale, Oswalt stated.

## Authorities Puzzled At Mexico's Release Of Sheriff's Slayer

CHIHUAHUA, MEXICO.—(AP)—U. S. Embassy authorities say they are at a loss to explain the release of the confessed slayer of Texas Sheriff Otis W. (Blackie) Morrow from a Mexican jail.

José Villalobos, 24, was ordered released here Wednesday under a court action corresponding to a habeas corpus in the United States. A federal judge ruled that an order from Mexico City for his arrest was not sufficient to hold him.

Villalobos had been held two months while extradition proceedings were underway. He was arrested by Mexican officers, accompanied by Texas officers, on March 16, four days after the Presidio County sheriff was found shot to death on a lonely road between Marfa and Presidio.

Extradition Asked

The embassy in Mexico City said extradition papers for the youth had been presented to the Mexican Foreign Office "two or three weeks ago."

Norman C. Davis, Presidio County attorney, said Mexican authorities never had asked for an order of arrest.

"The presidential warrant of arrest, signed by President Truman and Secretary of State Dean Acheson, is being held," he said. "It authorizes the sheriff of Presidio County to arrest Villalobos in Mexico when extradition is granted by Mexico."

The federal district attorney for Chihuahua State, Guillermo Carrillo Maynez, said he tried fruitlessly to block court action releasing the youth. He said agents of his office in Villalobos so he can be re-arrested if further evidence is sent.

## Switchmen Slate New Rail Strike On 10 Western Lines

CHICAGO—(AP)—Ten Midwestern and Western railroads were threatened Thursday with a strike Tuesday morning by 6,900 switchmen.

The walkout was called Wednesday night by the AFL Switchmen's Union of North America in a wage dispute.

It came less than 48 hours after settlement of the crippling six-day firemen's strike against five of the nation's carriers. The threatened walkout is not directed against any of the recently struck lines.

Union President Arthur J. Glover said in Washington the strike was set to enforce demands for 48 hours pay for a 40-hour work-week. The union, one of the five operating brotherhoods, was not affected by the 1949 decision by presidential emergency boards giving the 40-hour work week to non-operating workers.

The strike action, Glover said, will be directed against the Chicago Great Western; Chicago, Rock Island and Pacific; Davenport, Rock Island and Northwestern; Denver and Rio Grande Western; Great Northern; Minneapolis and St. Louis; Northern Pacific Terminal Company of Oregon; St. Paul Union Depot Company; Sioux City Terminal Railway Company, and Western Pacific Railroad Company. The strike deadline was announced as 6 a.m., local time.

## Moss To Preside In Court Session

District Judge Paul Moss will be in Midland Saturday to conduct a 70th District Court session, court officials announced Thursday.

Several divorce suits have been set for hearing. Court will convene at 10 a.m.

## SHOWERS, WIND AND HAIL—Texas Weather Continues Spring Spree

By The Associated Press

Rains fringed the northern and southern edges of Texas Thursday. Scattered thundershowers played around Laredo on the Mexican border, and light scattered rains fell north of Dallas.

The forecast called for widely scattered thundershowers in all of West Texas and in the north and west—much change in temperatures was seen from Wednesday's high readings.

Heavy hail fell late Wednesday on the South Plains about five miles north of Tahoka. Hail stones piled up three and four inches deep and a foot or more in drifts along a belt two miles wide and several miles long.

A flash storm dumped between two and three inches of rain in northeast Lynn County. The Lubbock-Tahoka highway was blocked temporarily by high water.

West Texas collected moisture for the third day in a row. Precipitation was light in most places.

Winds averaged 45 miles per hour at Fort Stockton where a drive-in theater was damaged. Rain showers fell there.

Rankin received a good rain, accompanied by light hail. Strong winds blew at Crane during a light shower.

Dust swirled at McCamey and then light rains came. Big Lake and Barnhart reported light showers. Odessa had a very light shower. Ozona had .05 of an inch of rain. A shower at Ballinger was not enough to stop a baseball game. San Angelo got a light shower.

Thundershower activity was common from El Paso and Marfa to Big Spring.

## Quick Action Against Any Thrust Seen

LONDON—(AP)—The 12 Atlantic Pact nations Thursday ordered their new central command to line up quickly the means of carrying out their defense plan in Western Europe.

Winding up the four-day meeting of the Atlantic Pact Foreign Ministers' Council, Secretary of State Acheson said the West has made "genuine and substantial progress" toward achieving collective security against Communism. He said the West seeks only peace, but is ready to fight off aggression from any quarter.

At the same time, the United States joined Britain, France and Canada in announcing Washington will continue its association with Europe's economic recovery after the Marshall Plan ended in 1952.

The first step before the 12 nations now is the appointment of deputy foreign ministers to sit on the permanent Defense Committee. These deputies will be named "with the least possible delay," so a full time chairman—an American—can be appointed from their members.

This high command will be virtually continuous session to every aggressive move against Western world, whether direct attack or "Trojan horse" thrusts.

"A year's experience," the communiqué said, "has shown that the political side of the meetings of the council have been too infrequent to permit a sufficient change of views on matters of common interest within the scope of the treaty. On the military side, strategic concept of the treaty was drawn up, and the corresponding estimate of the necessary force being established."

"The next step is to put plans into effect by taking further measures in the direction of common defense, the division of responsibilities and adaptation and development of necessary forces."

The committee will be charged with studying the inter-relationship of various programs to defend the Atlantic area. It will recommend high command steps to ensure that coordinated plans can be carried out. It will exchange views on political matters within the scope of the treaty and promote public information on the objectives of the treaty.

High Priority Tasks

The North Atlantic Council issued a communiqué at the end of its historic mission outlining plans for the Defense Committee.

The communiqué said the permanent high command will develop policies and be responsible "for formulating issues requiring decision by the member governments."

The highest priority tasks of permanent council will be:

1. To coordinate the work of the North Atlantic Council's Defense Committee, its Defense, Finance and Economic Committee and other agencies established under the treaty.
2. Recommend to governments steps necessary to get cordination into operation for the defense of the North Atlantic area.

## Trippers Will Tell Rodeo Story In 22 West Texas Cities

Midland goodwill trippers, publicizing the Sixteenth Annual World Championship Midland Rodeo, May 31-June 4, next week will visit 22 West Texas cities, Chamber of Commerce Manager Delbert Downing announced Thursday.

The two trips will be made in charter buses next Wednesday and Thursday, May 24 and 25.

The Wednesday trip is sponsored by the Midland County Sheriff's Posse, and will leave Midland at 8 a.m., returning at 6:15 p.m. Cities to be visited include Odessa, Fort Stockton, McCombs, Rankin, Big Lake, Garden City, Big Spring and Stanton.

Thursday Trip

The Chamber of Commerce will sponsor the Thursday trip to Goldsmith, Wink, Kermit, Andrews, Seagraves, Seminole, Tahoka, Lamesa, Snyder and Colorado City. The bus will leave here at 8 a.m., and is scheduled to return at 7 p.m.

Cal Boykin, Sheriff's Posse captain, said posse organizations in the various cities to be visited will be invited to ride in the rodeo's opening day parade. The trippers both days will contact as many persons as possible, inviting them to attend Midland Rodeo.

Midlanders interested in making either of the trips are requested to contact Downing as soon as possible.

## Romania Demands U. S. Diplomatic Staff Be Reduced

LONDON—(AP)—Romania has demanded that the United States reduce its diplomatic staff within the country.

Dispatches from Bucharest Thursday said the Communist-Romanian government has accused U. S. diplomats there of spying and demanded that the legion staff be reduced to 10 members.

Romania made its demand in a note refusing a U. S. request for visas for new members of the legion.

## Dead Baby Is Found In SMU Dormitory

DALLAS—(AP)—A dead baby, apparently fully developed, was found Thursday in a bathroom of a girl dormitory at Southern Methodist University.

Dean of Students Willis Tate said the baby was found in a cardboard box in a trash basket by a student employe in Virginia Hall.

Police Chief F. F. Keene was investigating and an autopsy to determine cause of death was being conducted.

## Kermit Population Announced 6,884

KERMIT—The city of Kermit more than doubled in population since 1940, preliminary census reports from the district office revealed here Thursday.

The preliminary report for the 1950 census here listed Kermit population at 6,884 as compared with 2,584 in 1940. The 1950 mark for Winkler County is compared with 6,141 in 1940.

Small Gift Makes Large Impression

COLUMBUS, OHIO.—(AP)—Children's Hospital in Columbus received a \$319 contribution, and officials said Thursday they wouldn't feel more grateful if it was \$10,000.

The money was raised by seven youngsters, their leader a little boy crippled by infantile paralysis. It was their own idea to raise the money for the hospital, which treats polio sufferers.

Nine-year-old Betty Newburger had learned how to make paper flowers out of tissue paper and bobby pins, coloring them with crayons. Her six-year-old brother, David, who has been on crutches since he was 18 months old, suggested:

"Let's make the flowers and sell them. Then we can give the money to Children's Hospital."

When the flowers were finished the children canvassed the neighborhood. Customers paid either one or two cents per flower.

Midland Recruit Is Basic Trainee

PORT ORD, CALIF.—(AP)—Recruit Charles A. Soules, 18, of Midland, Texas, has arrived at Fort Ord and will immediately begin his basic training with the Famous Fighting Fourth Infantry Division.

At the completion of 14 weeks of training, Recruit Soules will be permanently assigned or selected for a specialist school.

Recruit Soules attended Brady High School and is the son of Mr. and Mrs. H. M. Soules, who reside at Midland.

Offers Advice To Midnight Gardener

A Midland woman has a word of advice for the midnight gardener who visited her yard Tuesday night. In a good — naturedly resigned voice, she asked that The Reporter-Telegram suggest to the man who stole the four-and-a-half foot acacia tree from her yard that he come back and ask her for some gardening information.

"That acacia tree won't transplant at this time of year," she said. "I'd be glad to give him something that would, though, if he'll come back."

The unidentified prowler, who left man-size footprints around the excavation, dug a two-foot hole to remove the tree.

Summer Safety Service—

Drive in at KING'S GARAGE, 502 East Illinois, for a tank full of gas... and get a battery, radiator, tire and oil check. When you drive out, you'll be sure your car has been safely serviced. If your car burns oil too fast, that's a signal that it's time for a motor overhauling. As always, King's Garage does a complete, dependable repair job to keep your car in top running condition at moderate prices.

For Household Pests—

When you house clean, take the precaution of guarding against the most common of all household pests—roaches. Get a bottle of Johnston's No-Roach from MIDLAND HARDWARE AND FURNITURE COMPANY and break it on wherever these pests are likely to appear. If they are already there, Johnston's No-Roach completely exterminates them. Odorless and colorless, it's perfectly safe to use in the home.

Snyder Says 1950 Top Business Year

MEMPHIS.—(AP)—Secretary of the Treasury Snyder said Thursday that 1950 "will be one of the most profitable business years in our history."

"There is sound basis for confidence in the business outlook for our nation," he said in a speech before the sixtieth annual convention of the Tennessee Bankers Association.

Reciting that business profits this year "are less likely to be held down by inventory losses since commodity prices have shown a firm trend for nearly a year," Snyder questioned whether new capital outlays by business will be cut back as much as was anticipated earlier.

He said strong points in the business picture include high level home building, auto production and consumer incomes and spending.

Duff Victory Spurs Talk Of 'Progressive Republican' In 1952

WASHINGTON.—(AP)—Talk of electing a "progressive Republican" as President in 1952 grew louder Thursday among GOP senators who like the label for themselves.

The talk came from the smashing Pennsylvania Republican primary victory that gave Gov. James H. Duff the nomination as senator and a strong hold on one of the most powerful parts of the national GOP machinery.

Republicans of all political shades agreed that Duff had dealt a stunning blow to what some call the "Old Guard" among Republicans.

"And most Republicans pointed to the heavy GOP primary totals in Pennsylvania as evidence that they can recapture control of Congress this fall."

Duff's victory over John C. Kunkel was a defeat for the veteran and long powerful Joseph R. Grundy, 87-year-old former U. S. senator who has been a leading figure in state and national GOP affairs.

It was this angle that brought smiles for Republican senators who enjoy being called progressives, such as Lodge and Saltonstall of Massachusetts, Ives of New York and Aiken of Vermont.

Another of the same category, who would not permit use of his name, explained it this way:

"In recent years no one has been able to get the Republican presidential nomination without the support of Joe Grundy, Joe Pew and the Pennsylvania Old Guard. But with that support all of them have been defeated by the Democrats."

"Now a progressive Republican can get the nomination and also be elected."

All of this, of course, rests upon Governor Duff defeating Democratic Senator Francis Myers in the November election in Pennsylvania.

Myers, now deputy Democratic Senate leader, discounted all Republican claims. He even suggested that some Republicans stayed away from the primary in order to vote Democratic this fall.

Negro Sentenced To Die For Rape

GALVESTON.—(AP)—Richard S. McMurrin, Jr., 19-year-old negro, faces a sentence of death in the electric chair for the rape of a white woman in a beachfront hotel here last July 31.

McMurrin entered a plea of guilty Wednesday and a jury fixed the penalty at death.

He was arrested on the complaint of a 27-year-old mother of three children who said he held a knife to her throat and threatened to kill her if she cried for help.

**Housework Easy Without Nagging Backache**

As we get older, stress and strain, over-exertion, excessive smoking or exposure to cold sometimes slows down kidney function. This may lead many folks to complain of nagging backache, loss of pep and energy, headaches and dizziness. Getting up nights or frequent passages may result from minor bladder irritations due to cold, impurities or dietary indiscretions.

If your discomforts are due to these causes, don't wait, try Doan's Pills, a mild diuretic. Used successfully by millions for over 50 years. While these symptoms may often otherwise occur, it's amazing how many times Doan's give happy relief—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

roof Still Lacking

A four-man broadside has been delivered against Senator McCarthy of Wisconsin in reply to his repeated charge that Owen Lattimore was the "chief architect" of Far Eastern policy in the days before China's fall to the Reds.

To gauge the meaning of their statements, let's go back a little. McCarthy began by making charges of communism in the State Department.

Lattimore never worked for the department, but McCarthy nevertheless insisted he was the maker of our China policy. He saw that policy as deliberately encouraging the Chinese Reds' victory over Chiang Kai-shek.

But it must be clear to all of us that whether Lattimore is a Communist can make no difference to the present Senate inquiry unless it is established that he did indeed exert a powerful influence on State Department policy.

Competent reporters agree Marshall himself made the choice not to support Chiang Kai-shek to the extreme extent necessary to save his government—by making it a virtual U. S. protectorate.

To prove his charge about Lattimore's influence, McCarthy therefore must show that Lattimore somehow affected Marshall in that decision. To that Marshall now says:

"The statement referred to is completely without basis in fact. So far as I and my associates can recall I never even met Mr. Lattimore."

But the burden of proof that such influence actually existed is still upon McCarthy, and he has not yet established the link he claims existed.

Cut 'Em Down To Size

We've had assurances from New York "businessman" Frank Costello that any attempt to ban the interstate transmission of gambling information will prove ineffective.

"We agree there is more than one way to skin a cat, and we aren't so naive as to believe a law on the books will abolish all gambling. How can you keep a man from putting a bet on his favorite ball club or hay-burner?"

But there is something the interstate ban might accomplish. That would be to take the gambling trade out of the realm of "big business" and keep it on the local level.

Be happy and you'll be beautiful, a beauty expert tells women. And most of them have been trying to be beautiful in order to be happy.

Reports from all over the country say that square dancing is getting around.

Love-making, according to a writer, is a lost art. Okay, so we've made it a science.

Thirty Pieces Of Silver

DREW PEARSON ON THE WASHINGTON MERRY-GO-ROUND

(Copyright, 1950, By The Bell Syndicate, Inc.) Drew Pearson says: State Department considers floating propaganda balloons over Russia; North Carolina candidate tries to forget his opposition to minimum wage; Soviet redies air bases aimed at Okinawa.

WASHINGTON — One of the most carefully guarded secrets of the war was the fact that Japan was floating balloons across the Pacific Ocean to Oregon, Washington and even as far east as Illinois and Texas.

U. S. censors gave strict orders to suppress all news of these balloons; and even when an Oregon family climbed into a tree to examine a balloon and was blown to bits, censors suppressed the information.

Reason for the strict censorship was that American commanders did not want the Japs to know how successful their balloon campaign was. If the Japs realized their balloons were launched from the Kurile Islands they would launch many more thousands.

After the war ended, cross-examination of the Jap military revealed that 60,000 of these balloons had been launched from the Kurile Islands of Formosa. They crossed the Pacific at an altitude of about 17,000 feet at a speed of over 100 miles an hour and were equipped with gadgets which made them descend after a certain distance.

The balloons were equipped as incendiary carriers to set fires to North America, and later they were to be equipped as carriers of bacteriological warfare.

Use of these same type balloons to carry propaganda into Russia was proposed in this column two years ago. The wind currents from Germany, France, Austria, Turkey or even England make it easy to float balloons into Russia. In fact, they could be inflated so as to come down in certain planned areas, carrying not only propaganda, but bars of soap, candy, shortwave radio sets, etc.

The weather Bureau, with whom I conferred at the time, confirmed the fact that floating the balloons into Russia would be fairly easy.

Secretary of Air Stuart Symington and Chief of Staff Omar Bradley gave their enthusiastic approval. But at that time the State Department said no.

However, with increasing Soviet jamming of the Voice of America, and with the increasing urgency of getting American ideas across to the Russian people, the State Department under the wise assistant Secretary Ed Barrett is re-examining the matter. A sincere effort is being made to put across the Acheson idea of "total diplomacy."

A Candidate Forgets — Willis Smith, one of North Carolina's candidates for the Senate, has been stumping the state telling folks that he is the great friend of the working man. One of his full-page advertisements reads:

"I believe in high wages scales for the American working man." What Lawyer Smith has forgotten, however—or at least what he wants the people of North Carolina to forget—is that he actually opposed a 40-cent minimum wage for the working man as late as 1947.

Despite the fact that the federal minimum wage now is fixed at 75 cents, Smith informed the North Carolina General Assembly that the 40-cent minimum was "harsh, unreasonable and unnecessary."

Note — In contrast, Candidate Smith last year received a fee of \$23,137.77 for liquidating the Madix Asphalt Roofing Company, of Raleigh. Since the job took him only 98 days, he was paid at the rate of \$219.28 a day in contrast to the \$16 a week minimum which he told the General Assembly was too high for North Carolina workmen. While liquidating the firm, incidentally, Smith lived at the beach resort of Morehead City and charged his client 10 cents a mile expense for riding back and forth to the beach.

A Soviet plot to force the United States off its Pacific Island bases is revealed in recent reports to the Joint Chiefs of Staff.

The clue to Soviet plans is the massing of thousands of Chinese forced laborers to build giant airports within bombing range of Okinawa. The airports are in China's Fukien Province fronting on the East China Sea, and will have wide, long airstrips for planes much larger than anything operated by the Chinese Communists.

There is no doubt that the best food for a new-born infant is the mother's milk. When such feeding is possible there is no need to argue the value of other methods.

It does mean, however, that infants cannot grow well and stay healthy if they are fed artificially. Artificial feeding has been carried out successfully many, many times.

It does mean, however, that if one compared a large group of breast-fed infants with a large group of artificially-fed infants, the breast-fed group would gain more and be more healthy on the average than the artificially fed group.

The food needs of infants are great both from the standpoint of quality and quantity. Good modern infant care includes frequent weighing during the first few months.

Any failure to gain weight because of insufficient intake would thus be discovered quickly.

Quality means what kinds of food are given. The starch, fat, protein, and mineral needs are excellently supplied in mother's milk. Even this, however, frequently is supplemented by giving an infant some orange juice and cod liver oil which supply important vitamins. In the artificially fed children, such additional substances beside the milk formula are even more desirable.

Cows milk which forms the basis of most artificial feeding formulas is somewhat different from human milk. It contains a larger amount of protein, a smaller amount of sugar, and there are some less important differences.

When artificial feedings are necessary, however, cow's milk, to which is added sugar in some form, serves as the basis of the formula. Protein in the form of strained meats has been reported to be valuable for infants in preventing anemia.

The greatest gain in weight is during the first six months when the average infant doubles its birth weight. During the second half of the first year the weight gain slows down and weaning or removal from both feedings is begun.

If a grown-up who weighed 150 pounds gained weight as fast as a new-born infant, he would weigh 300 pounds in six months and 450 pounds in a year. The need for food during the first year of life is obvious.

Milk continues to make up a large part of the food during the first year but pureed vegetables, mashed bananas, egg yolk and perhaps other foods are as a rule gradually added to the diet during this period.

At no other time after birth is growth so rapid as during the first year. Consequently, at no other time is it so important to maintain a satisfactory diet at all times.

JACOBY ON BRIDGE

"Please settle an argument for bidding," a Pittsburgher replied. "We climbed up to a slam with this hand, as you can see by the bidding. We didn't make the slam, because West opened a diamond and East took the first two tricks."

"I said that North had no right to carry the bidding single-handed to a slam. North said the slam would have been a cinch if I had held three aces; or the king of diamonds instead of the queen of diamonds with my actual hand; or even if the missing ace had been the ace of clubs rather than the ace of diamonds. He said also that even with the actual hand I would have made the slam if West had opened a club instead of a diamond."

"North claims that because of all these considerations, the slam contract is reasonably sound. I

made a number of statements in reply, chiefly to the effect that I had actually gone down and that I couldn't see the logic in bidding a slam when the opponents could and did take the first two tricks against us.

"Who is right?" I must take the traditional peacemaker's attitude that there is a certain amount of right on both sides. It isn't fair to judge a hand completely by the results. If you did, you'd have to say that North's bidding was excellent if West opened a club; but that North's bidding was terrible if West opened a diamond.

Instead of bidding four no trump, North should have jumped to four hearts. By the jump to two spades he has already shown a very powerful hand. By jumping to four hearts at his second opportunity, North would show his excellent support for that suit. It would then be up to South to try for slam if his hand happened to be strong enough.

Obviously, South would bid a slam by himself if he held three aces. Likewise, if South had two aces and the king of diamonds, he should bid the slam for himself. He could be quite sure that his partner had at least one ace and the jump takeout and a strong raise in hearts.

In short, North should not have bid the slam himself. He should have told his story and then left it up to South to decide whether or not he wanted to be in a slam.

WASHINGTON COLUMN

Private Power Moguls Split Over War On Public Power

By PETER EDSON NEA Washington Correspondent

WASHINGTON — President Truman's western trip and two major speeches at government dam sites may make the public electric power issue hot again. Actually, it has been warming up quite a bit here of late.

Toward the end of April, National Association of Electric Companies held a press and propaganda breakfast in Washington to present the private power companies' case against public power.

Early in May the U. S. Chamber of Commerce held a luncheon in connection with its annual convention. C. E. Oakes, past president of Edison Electric Institute, presented the case for private power. Assistant Secretary of Interior William E. Warne argued for public power.

The simple fact of the matter is that the electric power industry is by no means unanimous in its condemnation of public power. Since the National Association of Electric Companies' breakfast in Washington, it has become known that three of its members have resigned in protest. They are company presidents C. B. McManus for Georgia Power, J. N. Berry for Alabama Power and L. S. Sweet for Mississippi Power. All three of these companies now buy "public" power from Tennessee Valley Authority and resell it to their retail customers.

P. L. Smith, president of National Association of Electric Companies and its Washington representative, says the resignations will not take effect till the end of 1950, since all three have paid their dues to this lobby for the year.

Resignations Smith—usually voluble on all matters relating to the electric power industry—has given no explanation for the three resignations. It is known, however, that C. B. McManus has said government developments like the Tennessee Valley Authority should go forward. He cites the favorable experience of his company in dealing with TVA. John Dierdorff, vice president of Pacific Power and Light, Portland, Ore., has made similar statements. He says that "No thoughtful citizen of the Pacific Northwest wants the federal government to grow into a political and economic dictatorship." Nevertheless he declares it is necessary "to do our level best to keep this federal development going forward on something like a partnership basis."

Private power industry spokesmen admit that no private power company in the United States has gone bankrupt because of government competition. A number of them have had to sell out—like the Tennessee Power and Light properties sold to TVA by Wendell Willkie. But all these sales—whether at federal, state, or municipal public utility levels—have been at 100 cents on the dollar of invested capital and at full worth for good will.

When one company sells to another company, that is supposed to be good business and all right. But when a private power company sells to a government agency which may be better able to do a bigger job in a particular area, that seems to be socialism. And the main tenor of the private power attack on government power is that it's socialism.

Interior Secretary Oscar Chapman, TVA Administrator Gordon Clapp and other advocates of public power are held up as personal devil. Their side of the argument is that they merely are carrying out projects and policies approved by Congress for the public interest.

Not On The Rocks In spite of this public power competition, private power companies seem to be doing all right for themselves. Figures furnished by P. L. Smith himself show private power industry had a net income of \$509,000,000 for 1947 and \$769,000,000 for 1948—a 51 per cent increase in 12 months.

Preferred stock dividends have

dropped from 25 per cent of net income for 1947 to 15 per cent for 1948—the last year for which full dividend figures are available. Common stock dividends were 60 per cent of net income in 1947 and 60.1 per cent in 1948.

Fixed capital of the industry was \$10,300,000,000 in 1927, about \$13,000,000,000 in 1937 and \$22,000,000,000 in 1949.

Only 20 per cent of today's electric power is public power. Assistant Secretary Warne cites Federal Power Commission estimates that total U. S. power generating capacity must be doubled by 1960. So there is plenty of room for both public and private power to grow together. If they get down to business and cooperate in the national interest, instead of fighting each other.

The government is confined, in its power program to the development of natural resources. Even the steam generating plants that the government sees to build must be in with river valley public power.

She reached her hand across to the other twin bed and Miltiades took it into his big one, and hand in hand, like to babes in Prospect Park, they fell asleep.

SHE was snuggled into the big armchair, still in her green chiffon negligee, the next morning, wishing she didn't have to begin to wash the dishes, when someone knocked peremptorily on her door and when she opened it, two blue-uniformed policemen were standing there.

"Good morning!" Gloria beamed at them impartially, wondering what on earth! Oh, of course: "I'll take two tickets," she offered, looking absently over at the small gray man in overalls behind them who was industriously sweeping down the red carpet of the corridor.

"We wanna know where your friends have skipped to." "Friends?" Gloria stared at him blankly. "Don't give us any of that guff," the cop told her, pushing his cap onto the back of his head. "You were seen coming out of Apartment 7A yesterday and people who's close enough to swap pipes are friends, ain't they?"

At no other time after birth is growth so rapid as during the first year. Consequently, at no other time is it so important to maintain a satisfactory diet at all times.

For the first time Eric, his golden epaulettes rattling as he opened the heavy glass door, called her by name and Gloria looked up at him, startled, as he added with humor lumbering as a capering elephant: "The Benonis are nice people, aren't they? Have you known them long?"

"Oh, sons," she told him coldly in her most Radcliffe manner and swept by with a flash of peppermint skirts. Queer, your not being visible even on the far horizon for so long and now everyone chatty at once.

"Don't look now, but your fatal charm is showing," Gloria grinned to herself as she turned the corner onto Fifth Avenue. Behind her the gang at last made her smile so radiant that its effulgence gilded the face of the little newsboy selling papers on the corner and he grinned back at her.

He looked about 10 years old, with bright eyes sharp with a knowledge far beyond his years, a hard, shrewd little face, fairly clean and yet there was an innate chivalry in his bearing that made his shapeless slacks, his cheap sport shirt, and his cheaper pertness somehow unimportant. There's good blood in him somewhere, Gloria thought.

"Why not try a later edition?" he queried. "Sometimes they hold things over, if it's something special you're looking for."

"The trouble is, I don't know what I am looking for," she told him absently and flipped the pages of the paper to Page 7 which was mostly pictures with screaming captions. A seven-year-old boy had drowned in a pond in New Jersey with dotted lines to show where the grapplers had fouled the body; there was a picture of a Russian diplomat looking as if he had swallowed a sour pickle entitled, "Sour Puss Sty-mies State Department Again"; the Bronx love-nest of a prominent man had been discovered by his wife and she was pulling the girl friend's hair; the Parole Board had released several unpardonable and very ugly prisoners; and the Un-American Activities Committee was clucking over a new brood of Communists.

"Find what you wanted?" the newsboy queried. "I don't know," she told him. "What's your name?" "Sammy," he told her. "What's yours, Handsome?"

Curiously he did not sound impudent at all, just interested. "Mrs. Miltiades Brown, I live at the Splendid Apartments," she told him, adding impulsively, "Here." She pressed a quarter into his grimy hand urging, "Get yourself

## Fred Hervey Speaks Over Midland Station

Profit-sharing for employees is the answer to many problems today, Fred Hervey of El Paso, candidate for Congress, said here Wednesday night in an address over KCRS.

Hervey spent Wednesday in Midland. He spoke before the Junior Chamber of Commerce in Odessa Tuesday.

The 40-year-old candidate, who has a network of restaurants and grocery stores, said "we must keep all avenues open for groups to progress both economically as well as socially."

Hervey, who also discussed public housing and slum clearance, said all businessmen know the profit system is the best system, but that not enough of them are passing the profit system down to their employees.

"In my companies," he said, "over 20 per cent of the net operating profit is shared with employees, and we are in the process of enlarging this program."

Hervey called on listeners to send a man to Congress who "will work at his job and who will be young enough to work up to positions of seniority."

## Two Parties In Series Given Miss Eastham

Two more in a series of pre-nuptial parties which have commemorated Eliana Eastham, bride-elect of Frederick D. O'Connor of Bronxville, N. Y., were given Wednesday. The couple will be married Saturday evening.

Miss Eastham and her fiancé were entertained with a supper party in the home of Mrs. Watson LaForce. The LaForces and Mr. and Mrs. Reese Cleveland were hosts.

The wedding party and friends of the engaged couple were guests. A buffet supper was served on the patio porch and tables were set with red-checked cloths.

Mrs. Hugh Corrigan, III, of Vero Beach, Fla., honored Miss Eastham with a luncheon in the Midland Petroleum Club. Mrs. Corrigan, formerly of Midland, is here visiting her parents, Mr. and Mrs. M. C. Ulmer.

All decorations were of shells made for the hostess in Florida. The centerpiece was a large shell, filled with flowers. Carnation corsages, favors for the guests, were worked into the arrangement. At each place was a shell ashray, covered with colored shell flowers. The place cards were decorated with tiny shell flowers.

A bride doll, made of shells and wearing a wedding veil of very small shells, was at Miss Eastham's place. As her gift from the hostess, she received a shell comb and an ashray of flowered shells.

Guests were Mrs. David Donaldson of Odessa, Mrs. Charles Pierce, Mrs. Paul Jordan, Mrs. Dayton Bliven, Mrs. Evans Dunn, Shirley Cubertson, Mrs. W. C. Tillett and Mrs. J. C. Velvin, Jr.

## School Program For Thursday Announced In Terminal P-TA

The Terminal Parent-Teacher Association closed its year with a meeting Wednesday afternoon in the school auditorium. The end-of-school program which will be given at 7:30 p.m. Thursday in the auditorium was announced.

The first number will be by the first grade rhythm band followed by the fifth-grade sextet singing "The Ash Grove." A play, "Children in Heathland," will be given by the second grade and the fifth grade will sing "Battle Hymn of the Republic."

The third grade will do a group of folk dances and the fourth and fifth grade chorus will close the program by singing several numbers. Tommy McElligott, Jr., will be master of ceremonies.

At the meeting Wednesday, Mrs. Glen Burgess gave the history of the three-year-old Terminal unit. Refreshments were served by the executive committee.

After several years of experience as a literary critic and feature story writer on Chicago newspapers, she returned to Texas and began her career on the lecture platform. She has made several previous visits to Midland, the last in the Fall of 1949.

## Brownie Troop 17 Has Final Cookout

A cook-out at Cole Park Wednesday afternoon concluded meetings and activities of Brown Troop 17 (West Elementary) for the season.

Games were played before and after the meal, which was prepared by the Brownies under the direction of Mrs. Howard McKay and Mrs. J. C. Blackwood, leaders, and Mrs. T. L. Stall.

Brownies present were Sandra Kay Aycock, Bonnie Gay Blackwood, Betty Sue Bowman, Lorraine Collins, Sally Glass, Sue Lynn Gregory, Marilyn Johnson, Patsy Kimball, Martha Marks, Gretchen Meisenheimer, Nancy McCall, Kay McKay, Teresa McNeal, Sassy Rinker, Kay Stall and Virginia Warren.

## Luncheon Ends Wednesday Club's Year

Mrs. Robert Turpin, president of the Woman's Wednesday Club, was appointed Wednesday as its representative to the Building Planning Committee of the Midland Woman's Club.

The Wednesday Club's annual luncheon in Hotel Scharbauer was its final meeting for this year. Spring flowers were used on the tables.

During the business session members adopted a resolution opposing socialized medicine. A copy will be sent to the congressman from this district.

"Our Environment," this year's course of study, was completed at the last regular meeting. Officers and committees hold over through next year as the club elects only every other year.

Members attending were Mrs. B. F. Black, Mrs. Allen Cowden, Mrs. Guy Cowden, Mrs. Andrew Fasken, Mrs. George Glass, Mrs. C. M. Goldsmith, Mrs. Paxton Howard, Mrs. W. L. Kerr, Mrs. N. Dave McKe, Mrs. R. L. Miller, Mrs. Erie Payne, Mrs. John Perkins, Mrs. Ernest Sidwell, Mrs. C. R. Steinberger, Mrs. R. M. Turpin, Mrs. W. G. Whitehouse and Mrs. W. B. Neely.

## Wimberley's Pupils Will Give Recitals

Recitals of this weekend, as music teachers end the year's work for their classes and pupils display their progress to families and friends, will include two Sunday afternoon programs presented by piano students of Wallace Wimberley.

Both programs will be heard in the West Elementary School Auditorium, one at 2:30 p.m. and the other at 4 p.m.

Playing in the early recital will be Edward Black, Nancy Patterson, Iris Nell, Foy Preston Midkiff, Dash Goff, Susan Alstrain, Saundra Sue Rinker, Eddie Pierce, Mackey Gibbs, Diana David, Charles Conner, Jane Neil, Bradley Woods, Sue Schneider, Ann Simmons, Charles Sabin, Jr., David Duffield, E. ## Western Dance Will Be Pre-Rodeo Event

Pre-rodeo festivities will begin in Midland Friday night when the JayCees sponsor a Western barbecue and dance in the Veterans of Foreign Wars Hall.

For all JayCees and their guests, the party will be a kick-off to Midland Rodeo activities. Western costumes will be worn.

Tickets may be purchased from Mrs. C. J. Kerth, Mrs. James Mims, Mrs. Dick McKnight, Mrs. William Cobb, Mrs. Howard Ford and Mrs. Reagan Legg of the planning committee and Mrs. John Grimland and Mrs. A. V. Johnson of the telephone committee.

## Ranchland Hill Club Resets Dance Dates

No dance will be held in the Ranchland Hill Country Club Saturday night of this week, but a dance is scheduled for the night of May 27 for members and their guests. J. P. Carson, Jr., club social chairman, has announced.

A conflict in engagements of the orchestra resulted in cancellation of dance plans for this week. The Jimmy Furman Orchestra will play for dancing next week in the clubhouse.

Inspect your automobile battery at least once a month and it will give better and longer service.

## ★ RUTH MILLETT ★ Marriage Isn't So Simple Now That We Have 'Experts'

By RUTH MILLETT  
NEA Staff Writer

Falling in love, getting married, starting a home and having children gets to be a more complicated business all the time.

When Grandpa fell for Grandma he cut out all his rivals, if any, got down on his knees to ask her to marry him. And from then on, the two were on their own, making their own decisions and meeting their own problems without any help from "experts."

It's not that simple today. College boys and girls falling in love are warned by marriage clinics that they should take tests to determine beforehand their chance for marital happiness. The experts claim they can give a fair prediction.

And right here in front of me is a story about a New York concern called "Honeymoon Center." Its founder has planned and arranged honeymoons for more than 60,000 newlyweds during the last 15 years. When a couple has to get a third person to plan a honeymoon for them, that is carrying the "leave it to the experts" trend pretty far. But it can be carried even further.

Handle Every Problem

Once back from their honeymoon the couple can turn over the decoration of their first house or apartment to an "expert" in interior decorating.

If they find marriage has its little problems, they can carry those to a marriage counselor.

And even when they become parents they'll find plenty of experts ready to tell them how to bring up Junior.

Yessir. Falling in love is getting complicated. It takes one set of

# DADDY RINGTAIL

By WESLEY DAVIS

## Daddy Ringtail And Feather Basket

Daddy Ringtail had put in his hat. "Oh, please!" the Featherman said. "Please give me that feather you have in your hat!" "But Featherman!" Daddy Ringtail said. "You already have all the feathers you can carry." The Featherman tried to smile, but he couldn't. He had never learned how, because he had always been so busy with getting feathers. "Please, please!" the Featherman said. "Please give me the feather. Feathers are so very light—surely I can carry just one more."

And the Featherman begged and begged for the feather until Daddy Ringtail said all right. He put the feather on top of the feathers that were already in the basket. And when he did, the Featherman fell down to the ground, and the basket was broken to pieces, and the wind blew the feathers away. It happened because the Featherman already had all the feathers he could carry, and then he had tried to carry just one more. It couldn't be done of course. And the featherman was greedy. Yes, and it serves a greedy somebody right. I guess, to lose even the things he has. Happy day!

### MORE FARMERS

Pennsylvania has the second largest rural population of all the states. Its agriculture represents a larger capital investment than either its mining or manufacture of primary metals.

## Don't Bother That Fawn, Is Request Of Wildlife Leader

AUSTIN (AP)—Leave that fawn alone, please. The request came from W. C. Glazener, director of wildlife restoration for the State Game Commission. He says sympathetic folks frequently come across a fawn, think it has been deserted, and decide to adopt it.

"They usually regret it later, according to Glazener. He says pet deer generally become nuisances, easy targets for poachers, and the males may be dangerous when grown.

The wildlife restoration director discourages such adoptions. "It is probable that more fawns are lost through human rescue than through parental 'desertion,'" he believes.

"Once a deer is fondled and fed with no injury or undue disturbance, it tends to be increasingly trusting of adopted parents—even humans. Consequently deer that grow up in captivity or in human company lose most or all sense of fear. Pet deer often range alone and across public roads, easy prey of illegal hunters."

### Rotary Club Hears Defense Speakers

National Defense Week was observed by the Midland Rotary Club in a special program presented at its regular meeting Thursday noon in Hotel Scharbauer.

Speakers included representatives of the various Armed Services Reserve Units in Midland and area, who reviewed the history and outlined the purpose, activities, objectives and functions of their respective groups.

Those taking part on the program, presented by Col. John Perkins, included Cmdr. William Hale, U. S. Navy Reserve; Col. H. W. Mathews, 4607 Logistical Unit; Col. E. Perrin, Air Force Reserve; Capt. Max Schumann, National Guard; and Col. R. R. Lowden, Organized Reserve Corps.

### Farmers Schedule Insect Discussion

Midland county farmers will meet at 8 p.m. Tuesday in Valley View Schoolhouse to study crop insects and discuss control methods. County Agent Charles Green announced Thursday.

James A. Deer, associate extension entomologist from Texas A&M College, will show slide films and conduct the discussion. Green is in charge of the program.

### Allowable—

(Continued From Page One) the commission's efforts to solve the import problem.

However, he was displeased by the testimony of top oil officials that they consider present imports in balance with domestic production.

"It is highly disappointing that the major United States oil importing companies have not come forth with firm commitments to reduce imports to levels that would permit an immediate recapture of this state's rightful share of the domestic market," Force said in a prepared statement to the press.

The commission estimated June production of natural gasoline and distillate at 305,089 barrels daily, making Texas' total petroleum allowable 2,671,465 barrels per day.

**Figures By Districts**

The next statewide oil proration hearing will be held June 15 in Austin.

Allowables by districts for June compared with present figures:

1. Southwest Texas 31,139, up 899 barrels per day.
2. Southwest Texas, 136,297, up 10,167.
3. Gulf Coast, 424,704, up 23,285.
4. Southwest Texas, 216,646, up 12,942.
5. East Central Texas, 35,610, up 2,565.

### Friday Is Deadline For Grad Portraits

Members of the graduating class of Midland High School Thursday were reminded that Friday is the final day for having their portraits made free of charge by the Midland Studio, 317 North Colorado Street.

Randy Rubin said Thursday morning only 43 out of 130 class members had stopped by the studio to have their pictures made. The photographs will be published next week on a special page in The Reporter-Telegram.

For the convenience of the seniors, the Midland Studio will remain open until 8 p.m. Thursday to accommodate those who have not yet called at the studio.

Midland Studio each year makes free portraits of the graduates.

### 4-H Club Scholarship Winners Announced

The two were announced Wednesday as winners of 4-H Club scholarships for athletic achievement, scholastic standing and 4-H leadership.

### Pioneer Ranchman Dies At Angelo

SAN ANGELO—(P)—William Hickman Hill, 72, who pioneered the introduction of Aberdeen-Angus cattle in this area, died Wednesday in a San Angelo hospital. He had lived with a sister at Sterling City the last three years.

Funeral services were scheduled at 2 p.m. Thursday at Maasie Funeral Chapel here. Interment was scheduled in Fairmont Cemetery.

Survivors include a sister and two daughters.

### HAS SURGERY

Mrs. J. W. Dawson, 2713 West Washington Street, underwent major surgery Wednesday in the Women's Hospital. She is reported to be resting well.

### FINED \$1. COSTS

County Judge Clifford C. Keith Thursday fined a Midland man \$1 and costs on a charge of swindling by worthless check.

### Trustees To Study Bids On Equipment For Two New Schools

Bids on classroom equipment for two new Midland school buildings were received Wednesday night by trustees of the Midland Independent School District, and are to be studied by the board before contracts will be let, R. W. Hamilton, chairman of the board, said Thursday.

Seven companies submitted bids on the classroom equipment, which ranges from first grade chairs and desks, to high school teachers' desks. Bids were submitted in groups according to type of equipment.

The companies submitting bids were: Southwest Seating Company, San Antonio; American Seating Company, Dallas; Hoover Brothers, Inc., Temple; American Desk Manufacturing Company, Temple; West Texas Office Supply, Midland; Howard Sales Company, Midland; and Gulf States Equipment Company, Dallas.

The board will consider the bids on stage equipment, cafeteria equipment and classroom equipment at a later meeting, and will announce letting of contracts after the study, Hamilton said.

### It Took Surgery To Keep Trapeze Artist From Act

Traditionally, show people adhere to the adage "The show must go on," but occasionally, the rule must be broken.

Mrs. Walter Jenner, a trapeze performer with Ward Brothers Shrine Circus which gave performances in Midland Monday and Tuesday, fought gamely to uphold the tradition, but was forced to give in before the last performance Tuesday.

While warming up for the last performance Tuesday night, she was stricken with a severe pain in her abdomen, and found it impossible to continue with the show.

She was taken to Western Clinic Hospital for examination and underwent surgery Thursday morning. Hospital authorities reported her condition satisfactory.

Mrs. Jenner, whose home is in Peru, Ind., will be out of the show for the remainder of the year, but plans to rejoin her husband in the act next year.

### TB Group Secretary Meets Officials Of San Angelo Drive

Mrs. Linnie Davidson, executive secretary of the Midland County Tuberculosis Association, went to San Angelo Wednesday to confer with members of the Tom Green County TB association, in connection with the free chest X-ray survey now being conducted there.

The mobile X-ray unit, now in San Angelo, is scheduled to be in Midland from May 24 to June 2, and more than 5,000 Midlanders are expected to take advantage of the opportunity for free X-ray checkups.

Mrs. Davidson returned Wednesday night, and will report to the Midland County committee. P. H. McGuigan is chairman of the survey committee. Dr. C. S. Britt is president of the Midland County Tuberculosis Association.

### Trip To Christoval Is Planned For MHS 'Senior Day'

Bright and early Friday morning, 130 graduating seniors of Midland High School will leave in chartered buses for Christoval, to celebrate "Senior Day."

Departure is scheduled at 6:30 a.m. from in front of the high school, where the chartered buses are to be lined up. On arrival at the park in Christoval 135 miles from Midland, the group will spend the day in boating, fishing, skating, horseback riding and other activities.

The return trip is planned to bring the class back to Midland by 10 p.m.

Four members of the MHS faculty will accompany the class. They are Jack Mashburn, Frank Blackwell, Gwen Gordon and Ruth Donnell. Obie Stalcup is president of the senior class.

### YOUTH FINED IN CITY COURT; CASE APPEALED

A Midland youth Thursday was fined \$75 in City Court on a charge of driving an automobile equipped with an illegal muffler and creating unnecessary noise with a motor vehicle.

His attorney, Duke Kimbrough, immediately gave notice of appeal to county court. An appeal bond was posted.

### RETURNS FROM VISIT

Sylvia Holman returned Wednesday by plane from Asheville, N. C., where she has been visiting Mr. and Mrs. Roy A. Williams and family the last week.

### ULMER IN FORT WORTH

M. C. Ulmer is expected to return late Thursday from a business trip to Fort Worth.

### FIRE EXTINGUISHED

Midland firemen Thursday morning extinguished a blazing rat pot in the 1000 block of North D Street. Minor damage was reported.

### Oil And Gas Log—

(Continued From Page One) Samples through the interval to be covered by the drillstem test had shown some slight oil stains.

The tool was open 45 minutes for the test. Recovery was 130 feet of drilling mud, with no shows of oil, gas or water. The project is now making more hole and is back in shale.

### Ellenburger Yields Water In NE Garza

Ted Weiner and associates, and Sohio Petroleum Corporation No. 1 Swenson, Northeast Garza County, Wednesday recovered 630 feet of salt water during a one-hour drillstem test in the top of the Ellenburger at 7,919-31 feet.

There were no shows of oil or gas. Operators are circulating while waiting on orders. The venture probably will be plugged and abandoned. It has not logged any possibilities of production in any zone it has drilled through.

Top of the Ellenburger was at 7,920 feet. That gave it a datum of minus 5,995 feet on that marker. Location is at the center of the northeast quarter of section 17, block 2, H&GN survey.

### Tex-Harvey Oil Pool Adds New Producer

Barnett and Rector have completed their No. 1 Hugh Dixon on the northwest side of the Tex-Harvey pool in Central-East Midland County for a flowing potential of 219 barrels of 38.2-gravity oil daily.

Production flowed through a three-eight-inch choke and was cut with one-half of one per cent water. Tubing pressure was 190 pounds.

Top of the pay was 7,126 feet, and total depth is 7,393 feet. Five and one-half-inch casing is set at 7,084 feet. Gas-oil ratio is 500-1.

The No. 1 Dixon is 1,984 feet from south and 659 feet from west lines of section 9, block 37, T&P survey, and 13 miles southeast of Midland.

### Borden Reef Pool Gets Three Tests

Three more projects have been staked in the suggested North Vincent-Canyon pool in Southeast Borden County. George P. Livermore, Inc., of Lubbock, discovery operator, accounts for two of the possible additions, and P. R. Rutherford and associates will drill the third.

Both Livermore explorations will be on the D. F. Whitaker lease in section 33, block 25, H&TC survey, and approximately 18 miles southeast of Gall.

The No. 3 Whitaker will be 660 feet from north and east lines of the southwest quarter of the section, and No. 4 Whitaker will be 660 feet from south and east lines of the southwest quarter of the section.

### Ten Sites Staked In Scurry Fields

Latest Railroad Commission of Texas reports list 10 new locations in Scurry County reef oil pools.

Nine of the ten new sites are in the Kelley-Snyder field, recently consolidated Kelley and North Snyder fields. The tenth is in the Diamond M-Canyon lime field.

Tide Water Associated Oil Company has staked four in the Kelley-Snyder area.

To be two miles west of Snyder, Tide Water No. 4 Buchanan will be 467 feet from east and 1,579 feet from north lines of tract 32, section 39, Kirkland & Fields survey.

Two miles north of Snyder, Tide Water has staked its No. 8 Guy Stoker. Drillsite will be 610 feet from east and 1,060 feet from south lines of tract 27, section 17, block 1, J. P. Smith survey.

### Tide Water Locations

Tide Water No. 1 R. J. Richburg will be 467 feet from south and east lines of the southwest quarter of section 296, block 97, H&TC survey, and five miles northwest of Snyder.

Tide Water No. 4 P. O. Sears will be 1,111 feet from north and 849 feet from west lines of the southwest quarter of section 22, block 1, J. P. Smith survey, and five miles north of Snyder.

Pan American Production Company has scheduled three explorations in the Kelley-Snyder field.

Pan American No. 1 G. W. Bynum will be 467 feet from north and west lines of the southwest quarter of section 212, block 97, H&TC survey, and seven and one-half miles west of Snyder.

Pan American No. 4 Effie Ramsey will be 467 feet from west and 1,031 feet from south lines of the southeast quarter of section 205, block 97, H&TC survey, and five miles west of Snyder.

Pan American No. 2 W. H. Hight will be 467 feet from south and east lines of the southwest quarter of section 247, block 97, H&TC survey, and six and one-half miles northwest of Snyder.

### Skelly Schedules Two

Skelly Oil Company will drill two Canyon projects in the Kelley-Snyder field in the immediate future.

Skelly No. 4 Mary E. Peasire will be 1,990 feet from west and 467 feet from north lines of section 252, block 97, H&TC survey, and four and one-half miles northwest of Snyder.

Skelly No. 5 W. H. Fairish will be 1,867 feet from west and 467 feet from north lines of the south half of section 385, block 97, H&TC survey, and six miles north of Snyder.

### The single new project in the Diamond M-Canyon lime pool

Cities Service No. 2-B McLaughlin, to be 660 feet from north and 330 feet from west lines of section 184, block 97, H&TC survey, and 13 miles southwest of Snyder.

### FOUND IN PASTURE

J. T. Fisher, 26, a ranch hand employed by Leonard Proctor, was brought to Western Clinic-Hospital Wednesday after friends had found him in a pasture, unable to remember what had happened to him. He was admitted to the hospital for observation and treatment.

### S. M. Dale Services Are Held Thursday

Funeral services for S. M. Dale, 75, who died early Wednesday in a Midland hospital, were to be held at 2:30 p.m. Thursday in the New-View W. Ellis chapel. The Rev. E. M. Jones, pastor of the Holiness Mission, was to officiate. Interment was to be in Fairview Cemetery.

Dale had been a resident of Midland for the last seven years. He is survived by a daughter, Mrs. A. D. McGill of Denver, Colo., and a brother, John H. Dale of Midland. Pallbearers include Charlie Ball, Jim Jones, J. D. Carroll, Sam Stringer and C. V. Taylor.

### TREATED FOR CUT

George E. Stephens of Odessa, a roughneck on an oil well, received emergency treatment early Thursday morning for a severely cut finger, received while working on a well southeast of Midland.

### MHS Seniors Will Attend Banquet, Show

Seniors at Midland High School will attend a dinner Thursday night at the Ranch House, and wind up the evening with a movie at the Yuca Theater.

The banquet, an informal senior party, is a "pay your own way" affair, with tickets priced at \$1.25.

Following the banquet, the group will attend the Yuca Theater. Free tickets for the feature were a gift of the theater management.

### DRINKS CLEANING FLUID

Georgia Kay Wise, 20-month-old daughter of Mr. and Mrs. W. L. Wise, 406 1/2 South Jefferson Street, received emergency treatment Wednesday at Western Clinic Hospital after she drank part of a can of floor cleaning fluid. She was admitted to the hospital after her stomach was pumped, and was improved Thursday morning, hospital authorities said.

### WHY STARVE TO TAKE OFF FAT

When you buy Barcenate, you buy a preparation for taking off weight. You do not pay for a printed diet. Barcenate is not a vitamin tablet to fortify you against weakness while on a starvation diet. You need never know a hungry moment, while reducing with Barcenate. It contains no harmful drugs, but does contain ingredients to make you feel better.

Barcenate when mixed with grapefruit juice does this: First, cuts down your desire for sweets and fatty foods, but you do not have to FORCE yourself. Barcenate takes care of your DESIRE. Second, dehydrates and eliminates, so that water is carried away—almost like melting fat. At the same time you feel better, more peppy, more alert, never starved or hungry.

**NO STARVATION DIET**

"I have taken lots of medicine but compare with Barcenate. It's kept me 10 pounds in 2 weeks and no star diet." Signed, Mrs. J. E. Blacklock, Box 50, Cleveland, Texas.

**LOST 24 POUNDS**

"I am writing you just to say I think Barcenate is a wonderful medicine. I tried so many other things and all I weighed 132 pounds when I started. Barcenate, I now weigh 168." Maud Marrow, Archer City, Texas.

TOKYO —(AP)—The families of 10,000 Japanese war prisoners still missing in Russia have decided to camp on the doorstep of the Soviet Embassy until they find out what happened to the prisoners.

experts at Western Appliance will give you this information by telephoning No. 3035.

The firm handles leading lines of electrical and gas appliances, Jacuzzi and Myers water systems and operates a butane gas service.

Among the more popular kitchen appliances handled by Western Appliance are Magic Chef and Estate gas ranges and Servel refrigerators.

"That Couldn't Happen" — The Bendix Economat — "The washer that couldn't happen" will be shown gladly by calling at the store. This model may be had for an amazingly low price, with \$18 down and 24 months to pay.

Besides Bendix washers, driers and ironers are carried in stock. The firm extends an invitation to all Midlanders to come in and inspect the features of new Magic Chef range.

In choosing a washer, the management refers its patrons to a brand-new service to eliminate all guess work. This is the unique washday analyzer which helps to decide which washer best suits the family's needs.

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, MAY 18, 1950-9

### Major Leagues— Detroit In Deadlock With Yanks

**By The Associated Press**

New York, a team figured to have an excellent chance at the American League pennant, and Detroit, a team figured without much of one, Thursday are tied for the lead.

Detroit, which has surprised most everybody with its play so far this season, Wednesday thumped Ellis Kinder and Walter Masterson and the Boston Red Sox 6-3.

New York staggered to an 11-9 victory over St. Louis with a three-run ninth-inning rally.

The Yankees and Browns each used 19 players to tie a league record for the most players used in a nine-inning game.

In other games in the American League, Washington blanked Chicago 2-0 and Philadelphia beat Cleveland 7-5.

In the National League, New York beat Chicago 4-1, Pittsburgh nudged Boston 4-1, Philadelphia nudged Cincinnati 5-4 and Brooklyn beat St. Louis 6-2.

### More Games Slated But Texas Has SWC Baseball Cinched

**By The Associated Press**

Southwest Conference baseball ends Thursday with nothing but personal prestige hanging on the results.

Texas Wednesday clinched its twenty-eighth clear championship in 35 seasons as Murry Wall shut-out Texas A&M 5-0 on five hits.

Baylor clinched third place in the standings with a 5-0 decision over Southern Methodist. Fred Copeland held SMU to five hits.

Texas A&M and Baylor and Southern Methodist play again at Austin and Waco respectively.

For Texas the victory means it will play Arizona, Border Conference champion, for the right to represent District Six in the National Collegiate Tournament at Omaha, Neb., June 15-22. Texas last year won the Collegiate National Championship.

### Chicago 'Rookie' Kayoes Vet Lee Oma

CHICAGO —P— Rapid Robert Satterfield, Chicago's unpredictable light heavyweight, has battled his way to the threshold of two championship matches.

The dynamic negro puncher dramatically scuttled Lee Oma as the NBA No. 2 heavyweight knocking him out in six rounds in a startling upset in the Chicago Stadium.

### RAMS SIGN TWO TACKLES

LOS ANGELES —P— The Los Angeles Rams Thursday announced the signing of two rookie tackles, Jim Winkler from Texas A&M, and Orville Langrell of Oklahoma City University, for duty in the coming National Football League wars.

### WT-NM League— Albuquerque's Bob Spence Hurls Win

**By The Associated Press**

Bob Spence beat Pampa 3-2 but scores in the West Texas-New Mexico League's other three games were more in keeping with this Class C circuit's hefty-hitting in the high altitude.

### Blackman-Mashburn Team Wins Doubles

John Blackman and Jimmie Mashburn Wednesday won the boys' doubles title in the John M. Cowden Junior High School Tennis Tournament.

Blackman and Mashburn beat Rex Wilkes and Bob Hudson 6-4, 6-2 for the title.

The final match ended the tournament which has been in progress several weeks.

## Doubleheader Scheduled At 6:30 P. M. Thursday

The Midland Indians have a chance to move into third place in the Longhorn League standings Thursday night. They contest the Big Spring Broncs, current third-place holders, in a doubleheader at Indian Park.

The first game is scheduled at 6:30 p.m. with the second to follow immediately.

Hal Wearne will hurl the first game for the Indians and John Singleton will go in the second tilt.

**By SHORTY SHELburnE**  
Reporter-Telegram Sports Editor

The complexion of the Midland-Big Spring Longhorn League battles has changed this year—changed for the better for Harold Webb's Indians.

The Tribe Wednesday night pounded out a 12 to 4 decision over the Broncs in a game of which the outcome never was in doubt. The Indians used a seven-run, eighth-inning to rub salt in the wounds of the Broncs.

## SPORTS SLANTS by SHORTY SHELburnE

The Midland Indians and the Borger Gassers have done a re-take on the deal which brought Pitcher Dick Baile here and sent Rookie Lonnie Balch to Borger.

Balch has been returned to the Indians after a short stay with the Class C club. He didn't do badly up there but the Gassers apparently figure he isn't ready for that competition.

Webb didn't look twice after Baile's last pitching performance. He just handed the loquacious rookie a one-way ticket back to Borger.

—SS—

The return of Balch again gives the Indians an over-supply of gardeners.

Lou Dawson and Tex Stephenson, respectively, seem to be doing well enough.

Wandy Eldridge, Jack Matziza and Balch will have to battle for the other starting berth.

A youngster who has been of great value to the Indians but hasn't received much notice is Bob Phillon, the Massachusetts rookie catcher.

Phillon has appeared only as a pinch-hitter for the Indians but he has more than filled the bill.

Bob has delivered a base hit in four out of five appearances at the plate and has batted in at least one run on three different occasions.

It's pretty hard for Bob to stay on the bench without saying something but he has been a stayer so far, which is more than admirable.

Manager Webb plans to relieve Kenny Jones with Phillon later on.

—SS—

Fans, there "ain't no fooling" about the doubleheader scheduled Thursday night at Indian Park. The first game will get underway at 6:30 p.m. and Harold Webb guarantees a second game will follow unless the weather acts up in an unfavorable manner.

He knows you are a little leary of twin-bill announcements, since there was a mixup in the schedule last time Sweetwater was here.

But come on out for this bargain package. It's the Indians against the Big Spring Broncs in a pair.

—SS—

Manager Pat Stasey and President Al Aton of the Big Spring club have planned big doings for Friday night when the Indians move to Big Spring for a two-game stand.

The Longhorn League pennant, which the Broncs won in a walk last year, will be hoisted upon a flagpole which was donated to the Broncs by an appreciative fan.

President Hal Sayles will be on hand to deliver blessings to the Broncs.

—SS—

A note to football coaches whose prospects for this year aren't too good and whose records match their prospects:

"Bill Hitler, who is celebrating his twenty-fifth year as athletic director at Southern California, gives this formula for success in his business: 'A great athletic director is one who can give the definite impression when he is being chased out of the stadium by the alumni, that he is leading them on to bigger and better things.'"

Unquote!

### Pecos Athletic Club Names Officers

PECOS—James Gleason, Pecos High School Junior, was elected president of the "P" Association at the organization's annual banquet.

Dusty Caroline was elected vice president, with Harry Foster to serve as secretary-treasurer.

### City Major League Games Postponed

A doubleheader scheduled Wednesday night in the City Major Softball League was postponed due to bad weather. The Reporter-Telegram was slated against Rotary Engineers and Shell was to engage Standard.

The first game was called after one and a half innings. Rotary was leading 2 to 1. It was declared no contest and both tilts will be made up later.

In an Optimist Boys' League tilt, Team No. 2 defeated Team No. 1 15 to 2.

Team No. 1 was composed of Cornish, Scroggins, Ruff, Herndon, Ruff, Hubbard, Delay, Ervin, Edson and McKenzie.

Team No. 2 included Kiser, Williams, McKenzie, Adams, Walker, Barr, Sheppard, Sader and Williams.

## Big Leagues Settle Down For Long Race

NEW YORK—(P)—Major league baseball clubs girded for the long Summer run Thursday after stripping down to regular playing weight—the 25-man limit.

Last hour maneuvers to beat the midnight deadline saw a number of significant roster changes, none quite as unique as that of the New York Giants.

Leo Durocher's Polo Grounders, struggling to get out of the second division, were left with four third basemen and a pair of inexperienced catchers.

In the biggest move of the day, a three-way shuffle, the Giants bought Third Baseman Johnny Jorgensen from the Brooklyn Dodgers and sold veteran Catcher Ray Mueller to the Pittsburgh Pirates.

You could call Oklahoma City a well balanced team and a look at Wednesday night's box score will prove it.

Start with the score: Oklahoma City 21, Beaumont 6.

Switch to the "runs" column. Everybody scored one or more. Everybody hit safely one or more times. Just two players, the second baseman and the pitcher, didn't get a mark in the "outs" column.

The one-sided victory left the Indians trailing Fort Worth by that by now familiar four games. Fort Worth came from behind to dump Houston 6-4 and keep its Texas League lead.

In other games, San Antonio nudged Dallas 3-2 and Tulsa tipped Shreveport 6-5.

Stuart Locklin and Bill Burgher hit home runs for Oklahoma City, but the 90-hit attack of three Beaumont pitchers was really a team job. The Indians had three big innings, scoring five runs in the fifth, six in the sixth and seven in the eighth.

## Detroit In Deadlock With Yanks

By The Associated Press

New York, a team figured to have an excellent chance at the American League pennant, and Detroit, a team figured without much of one, Thursday are tied for the lead.

Detroit, which has surprised most everybody with its play so far this season, Wednesday thumped the Boston Red Sox 5-3.

New York staggered to an 11-9 victory over St. Louis with a three-run ninth-inning rally.

The Yankees and Browns each used 19 players to tie a league record for the most players used in a nine-inning game.

In other games in the American League, Washington blanked Chicago 2-0 and Philadelphia beat Cleveland 7-5.

In the National League, New York beat Chicago 4-1, Pittsburgh downed Boston 4-1, Philadelphia nudged Cincinnati 5-4 and Brooklyn beat St. Louis 6-2.

## More Games Slated But Texas Has SWC Baseball Cinched

By The Associated Press

Southwest Conference baseball ends Thursday with nothing but personal prestige hanging on the results.

Texas Wednesday clinched its twenty-eighth clear championship in 35 seasons as Murry Wall shut-out Texas A&M 5-0 on five hits.

Baylor clinched third place in the standings with a 5-0 decision over Southern Methodist. Fred Copeland held SMU to five hits.

Texas A&M and Baylor and Southern Methodist play again at Austin and Waco respectively.

For Texas the victory means it will play Arizona, Border Conference champion, for the right to represent District Six in the National College Tournament at Omaha, Neb., June 15-22. Texas last year won the Collegiate National Championship.

## Albuquerque's Bob Spence Hurls Win

By The Associated Press

Bob Spence beat Pampa 3-2 but scores in the West Texas-New Mexico League's other three games were more in keeping with this Class C circuit's hefty-hitting in the high altitude.

Spence, Albuquerque southpaw, held Pampa to four hits and scored all his team's runs. He retired the last 20 men in a row and a two-run error spoiled his shutout.

Amarillo banged out 15 hits for a 15-5 victory over Lamesa. Borger and Abilene staged a battle of hits, but Borger got the most runs and a 10-6 decision. Lubbock clubbed Clovis 23-11.

There were 27 singles and a double in the Abilene-Borger tilt, while Lubbock collected 24 hits. Mike Dooley hit two home runs in the Hubbers' biggest inning, the eighth-run sixth.

## Doubleheader Scheduled At 6:30 P. M. Thursday

By The Associated Press

The Midland Indians have a chance to move into third place in the Longhorn League standings Thursday night. They contest the Big Spring Broncs, current third-place holders, in a doubleheader at Indian Park.

The first game is scheduled at 6:30 p.m. with the second to follow immediately.

Hal Wearne will hurl the first game for the Indians and John Singleton will go in the second tilt.

The complexion of the Midland-Big Spring Longhorn League battles has changed this year—changed for the better for Harold Webb's Indians.

The Tribe Wednesday night pounded out a 12 to 4 decision over the Broncs in a game of which the outcome never was in doubt. The Indians used a seven-run, eighth-inning to rub salt in the wounds of the Broncs.

Every man in the Midland lineup got at least one hit as they backed the Veteran Ernie Nelson's neat mound performance to give him his fifth victory.

Nelson allowed a dozen hits but when men got on the bags he was more than stingy with the base knocks.

**Two Homers**

Big Spring's four runs were accounted for by home runs by Bobby Gonzalez and Felix Gomez. Gonzalez clouted his with De La Torre on the fifth to send the Broncs ahead 2-1. It was the only time the visitors were in the lead.

Gomez whammed his homer over the 400-foot marker in dead center field and drove Pinch-Hitter Hernandez, who had doubled, in ahead of him. As strong wind helped the ball sail out of the park.

The Indians had fun all the way. Cooter Hughes opened the first with a double to left center which bounced over the fence. Lou Dawson walked and Jim Prince was passed intentionally after George Firnback had sacrificed.

Kenny Jones proved the Broncs' strategy wrong when he parked a single to center to drive in Hughes. After Big Spring had taken a 2-1 lead in the fifth on Gonzalez's homer, the Indians went back to work.

Nelson's hits went back to work.

Ernie Nelson opened the last of the fifth with a single. Dawson walked for his third time, and Firnback doubled Nelson home. Prince then clouted a single to left to score on him. As strong wind helped the ball sail out of the park.

Nelson's hits went back to work.

Ernie Nelson opened the last of the fifth with a single. Dawson walked for his third time, and Firnback doubled Nelson home. Prince then clouted a single to left to score on him. As strong wind helped the ball sail out of the park.

The Indians had fun all the way. Cooter Hughes opened the first with a double to left center which bounced over the fence. Lou Dawson walked and Jim Prince was passed intentionally after George Firnback had sacrificed.

Kenny Jones proved the Broncs' strategy wrong when he parked a single to center to drive in Hughes. After Big Spring had taken a 2-1 lead in the fifth on Gonzalez's homer, the Indians went back to work.

## 15 Persons Held In Heroin-Marihuana Dope Racket Raids

GALVESTON—(AP)—Federal and state officers claim to have broken up a \$1,000,000 dope ring which bought heroin from New York racketeers with marihuana smuggled from Mexico.

About 50 suspects were arrested Wednesday in a day-long series of raids on taverns and rooming houses in this Gulf coast area.

Preliminary hearings on federal narcotic charges were held for 12 defendants, including three men whom officers pointed out as ring-leaders. Hearings for three others were scheduled Thursday.

Those charged include: Rudolph Achee, about 50, operator of a bar, who pleaded innocent and was placed under \$10,000 bond.

Jose Rangel, a merchant seaman from Corpus Christi, who pleaded innocent and was placed under \$10,000 bond.

One Pleads Guilty  
Frank Castano, a beer tavern operator, pleaded guilty and his bond was set at \$10,000.

"I want to go before the judge as soon as possible," Castano told U. S. Commissioner Willie Mae Collier. "I'm guilty and might as well save court costs and do my time as quickly as possible."

The cases of Achee and Rangel will go to the federal grand jury. Castano will come to trial at the next session of federal court.

The other defendants appearing Wednesday included six negroes. James C. Ryan, district chief for the Federal Narcotics Bureau, Wednesday night discounted earlier reports that the ring was connected with deported gangster Lucky Luciano.

Al Scharff, customs agent in charge at Houston, said the ring paid a New York syndicate \$250 an ounce for heroin by trading marihuana in payment. He said the value of marihuana ranges from \$50 to \$80 a pound.

**Houston Firm Gets Midland Road Job**  
AUSTIN—(AP)—Low bids on Highway Department projects climbed to \$7,386,405 Wednesday at the end of a two-day letting of 74 projects. Low bids on the final 37 projects amounted to \$3,729,844. The day before low bids on another 37 projects had totaled \$3,656,561.

Wednesday's low bidders included: Midland County—Farm Highway 868, 5.6 miles of grading, structures, stabilized foundation course and a two-foot surface treatment from a point on State 158, four miles north of Midland, north and east to State 349, Brown and Root, Inc., Houston, \$42,923.

## Houston Inventor Seeks Legal Claim To Gulf Tidelands

HOUSTON—(AP)—"I'm not trying to horn in on anybody," says Fred E. Vogel, 36-year-old Houston inventor, but he wants a legal claim to Tidelands from Mobile, Ala., to Brownsville, Texas.

He plans to drill oil wells off the Gulf Coast in water depths up to 600 feet.

Harris County Clerk W. D. Miller said Wednesday Vogel had staked claim to "all minerals lying and being situated beneath the ocean floor of the Gulf of Mexico" between the 88 and 98th degrees of longitude and 26th and 30th degrees of latitude.

The rectangular area includes dry land as far north as Houston. Vogel explained that he wanted to be sure to include all bays and inlets along the coast.

**New Type Vessel**  
Vogel says he will quitclaim any interest in oil production or wells being drilled on submerged lands along the coast. At present most oil operations in the Gulf are in water depths of 50 feet or less.

The deep water offshore drilling is planned from a new type of drilling vessel patented by Vogel.

Vogel estimated he and his associates will be ready to begin operations in seven or eight months. He said his claim merely is a method of finding out what legal rights he might have in submerged areas now beyond reach of drilling equipment and, if he should find oil, what royalty rights he might have.

Vogel's claim covers a stretch of Tidelands also claimed by Texas, Louisiana and the federal government.

**Diana Johnson Not To Live With Evald**  
AMARILLO—(AP)—Ewald Johnson, acquitted Tuesday of murder in the bludgeon death of W. A. (Tex) Thornton, will be arraigned late Thursday on federal charges still pending against him.

Last week his wife, Diana, pleaded innocent when arraigned on similar charges of transporting a stolen car across a state line and of fleeing a state to avoid prosecution.

Wednesday, Diana said she is not going to live any more with her husband because "my mother doesn't want me to." She added that she still loved Johnson.

During the trial, Diana's mother, Mrs. R. W. Heaney of Lynwood, Calif., testified that Evald often got drunk, mistreated his wife and "saw nothing wrong" with Diana supporting him by prostitution.

Thornton, famed oil field explosives expert, was found beaten to death June 23, 1949, in a tourist cabin here. Johnson testified he attacked Thornton after finding his wife and Thornton in bed together.

HERE'S THE BUICK SPECIAL 4-door Sedan, de luxe finish. The same body type is available on SUPER Series.

## "YOU HARDLY KNOW THE ROAD IS THERE!"

YOU won't be the first to say that—not by a long shot. One of the first things you notice, when you step from another make of car into Buick, is the wonderful difference in the Buick ride.

There are good technical reasons, if they interest you... Soft coil springs all around, the gentlest type of spring man knows how to make. A stout torque-tube, acting like the husky keel of a battleship to steady the whole carriage. Low-pressure tires on wide, Safety-Ride rims, that stop heel-over and sway on curves. Firm, sure, quick-acting shock absorbers, promptly snubbing the after-bounce of the bigger bumps.

The important thing is what these all add up to. Freedom at last from jounce and jiggle. A level, floating, road-free passage over almost any kind of road, with even the worst of them tamed and gentled as never before.

Add Fireball power to all this—the roominess of wide, deep seats—the lightness of Buick controls and the liquid silkiness of Dynaflo Drive\*—and you have a car just too good to miss.

Come try one, won't you? Your Buick dealer will be delighted to demonstrate without obligation—delighted to show you that if you can afford a new car, you probably can afford a Buick.

\*Standard on ROADMASTER, optional at extra cost on SPECIAL and SUPER models.

**ONLY BUICK HAS Dynaflo**  
AND WITH IT GOES: HIGHER-COMPRESSION Fireball valve-in-head power in three engines. (New F-263 engine in SUPER models) • NEW-PATTERN STYLING, with MULTI-GUARD fender, taper-through fenders, "double bubble" taillights • WIDE-ANGLE VISIBILITY, close-up road view both forward and back • TRAFFIC-HANDY SIZE, less over-all length for easier parking and garaging, short turning radius • EXTRA-WIDE SEATS cradled between the axles • SOFT BUICK RIDE, from all-coil springing, Safety-Ride rims, low-pressure tires, ride-readying torque-tube • WIDE ARRAY OF MODELS with Body by Fisher.

MAY (AP)—India, original of human cremation, is soon to have its first electric crematorium in Bombay. The crematorium disposes of bodies in a few minutes instead of the hours now required by the wood-burning process.

Although Mahatma Gandhi advocated electric incinerators, most are averse to any way of disposing of the dead except by use of logs or charcoal heaped and smoldering. The crematorium will be immediately popular, but counts on factors to keep busy. One is the large number of roadside deaths of poor people. The multiplicity of new deaths is the unprecedented cost of

RIVERSIDE, CALIF.—(AP)—Until recently, the situation in Southern California peach orchards was like this:

The mild Winters seemed to be-wider peach trees imported from the eastern United States. They leafed out late, bloomed weakly. The fruit was scrawny. Peach trees from South China seemed to like the climate, but their fruit was not commercially valuable.

Now the two have been crossed. Several strains of excellent free-stone mid-season and late-maturing peaches have been developed, reports M. M. Winslow of the California College of Agriculture Experiment Station here.

**Serve Chicken Macaroni Salad**

CHICKEN MACARONI SALAD is easy to make, and ideal for a porch supper party.

By GAYNOR MADDOX  
NEA Staff Writer

It's always pleasant to serve good food to old friends. Makes life warmer. But there need not be a lot of fuss and expense. Try this chicken and macaroni salad some time. Serve it in a large bowl and place on a tray with rounds of bread, butter balls and glasses of iced tea with lemon slices. Then take it out on the porch or to a table by an open window. It makes a party and everybody likes a party.

**Chicken Macaroni Salad**

6 servings  
Four ounces elbow macaroni, 2 cups diced cooked chicken, 3-ounce can chopped broiled mushrooms, 1 1/4 cup well-seasoned French dressing, 1 1/4 cup mayonnaise, 1 1/4 teaspoon grated onion, 1 teaspoon salt, 1 cup diced canned pineapple, 1 cup finely diced celery.

Cook macaroni in boiling salted water until barely tender. Drain, rinse under cold water and drain.

again. Place in suitable container and add chicken. Drain and add mushrooms, reserving broth for use in soup or gravy. Pour French dressing over meat and macaroni and toss lightly together to thoroughly coat. Cover and chill thoroughly.

When ready to serve, blend together mayonnaise, onion and salt. Drain any excess French dressing from macaroni mixture. Add mayonnaise mixture, pineapple and celery. Mix lightly but well. Serve on crisp salad greens.

Here are a few other supper snack ideas I picked up from hospitable friends. You'll like them:

1. Cover buttered toast with hot apple sauce and top with crisp bacon slices.
2. Mix deviled ham with scrambled eggs while they are still slightly moist. Continue cooking until the eggs are the way you like them.
3. Spread toast with butter or fortified margarine to which a little Worcestershire sauce has been added. Top with a grilled tomato slice and strips of bacon.

**Open House Held On  
Golden Anniversary**

ANDREWS—Mr. and Mrs. George Brown were honored with an open house on their golden wedding anniversary Sunday in the home of a son, Norman Brown.

Mr. and Mrs. Brown came to the United States from England in 1900 and made their home in Thurber. They have two children, Mrs. Ben Denteleman of Graham and Norman of Andrews. Seven grandchildren present for the open house were George, John and Charles Denteleman, Mrs. Kenneth Allen, Mrs. Elton Welch, Mrs. Gene Irwin and Jerry Brown.

The serving table was covered with a cream linen cloth and was centered with an arrangement of roses. Out-of-city guests included Mr. and Mrs. A. Williamson of Monahans, Mrs. George Denteleman of Graham and Mrs. Gench Welch of Wichita Falls.

**Youth Center Chatter**

By June Hazlip and Joyce Howell

Well, "Tempus Fugit" and here we are again! Every week, with all the heat and activities, it gets just a little more difficult to find time to dig up what's what and who who, but of course, we wouldn't miss the chance to tell you about it; so we just make time!

Seems as tho' the Seniors really are in for the praise this week! So first of all... let's take time to congratulate them! Did you see the Senior play last Thursday and Friday nights? If not, you really missed a treat. "The Great Big Doorstep" was one of the best productions Midland High, and Miss Verna Harris, director, ever have come up with. Everyone seemed to be of the same opinion so we don't feel as though we are exaggerating! All in all, the play was wonderfully received and the "Teeners" did a mighty fine job! Congratulations go to every member of the cast and to those "behind the scenes."

to have been a general exodus in the direction of the Youth Center's front porch. More and more, the "hen sessions" and "stag parties" are being held in the somewhat cooler vicinity of the porch and lawn. (At least, it's cooler at night.)

Apron Boys  
"Hey, what's that smell?" "I smell fudge!" and "AW, PLEESE gimme some" were just a few of the remarks heard around the Center Saturday afternoon when the boys turned "Cooks." At first everyone was a little leary of the boys' cooking abilities, but the odor of cooking fudge soon overcame their fears and everyone rushed out to the kitchen to try to get some. Bill Grisset, Stan Coker, Bob Conners, Fred Underwood, Al Scoggins and several other mixers concocted and all the "Teeners" who happened to be in the Youth Center helped them eat it... or should we say drink it! Due to the fact that the fudge didn't get hard enough, many of the kids were eating it off their fingers, spoons, and just about anything they could get their hands on! Our nominee for the meanest boy of the week... Tom Carruthers, who was running around trying to get the girls, who were all dressed up, to drop

As we said before... the Seniors came in for a big share of the "Congrats" this week! Our next congratulations go to Rosalynn Leggett and Marilyn Wheeler. The girls are the two highest ranking Seniors in the "Class of 1950." Of course, by now you have come to the conclusion that they are the class Valedictorian and Salutatorian! So we think these two hard-working Seniors, who find plenty to do besides study, as their extra-curricular activities show, certainly deserve our congratulations and best wishes!

**Special Congratulation**  
This week we also want to hand out a very special congratulation. (Even though we are a little late with it!) Adele Blackman Deavenport, a "Teener" and former Youth Center member, is the mother of a son born recently. The boy, John Kingsley, is sure to be a football player if "Papa" Jim Deavenport has anything to do with it!

The band members have made reservations for their guests at the band banquet and dance this week. The formal will be held in the Scharbauer Hotel ballroom Saturday night. In addition to the "Teeners," many parents will be on hand.

The rodeo, Midland World Championship Rodeo, that is, soon will be here and the band members once again are very busy preparing for it. The MHS Band will play for all performances of the rodeo to be held May 31-June 4.

While in Balmorhea last weekend, we were glad to see Charles Chambers. Correct us if we are wrong... Charles, an "ex-Youth Center member," now lives in our neighboring city... Odessa.

"Appreciation Week" at a drive-in theater seems to be the latest attraction for the "Teeners." Peggy Charleton, Suzanne Young, Margie Cramer, Buddy Johnson, Reed Gilmore, Gifford Alstrin and Corky Moss were seen in Reed's car last Sunday night! What we want to know is... How in the name of goodness can you see a show with all those people in one car?????

**Thespian Production**  
The time finally is almost here! The long awaited Thespian production of "Cinderella" will be presented Monday night. The time is 7:30; the place, MHS Auditorium; the price, 25 cents. The Thespian for those of you who don't know, are a group of experienced actors and actresses. It is an honorary, nation-wide high school organization. To become a member means a lot of hard work as any Thespian can tell you! With all the talent which the group has to offer, the play is certain to be a big success!

**ATTENTION PARENTS!** Don't forget... "Cinderella" is a favorite of all children. (Adults will enjoy it, too!) so don't forget! And we'll be seeing you Monday night. The play is directed by Verna Harris and Cinderella is played by Shirley Harrison.

Since the arrival of typical Midland Summer weather, there seems

### Franks And Pop Go On The Picnic

MEMORIAL DAY PICNIC isn't complete without sizzling frankfurters and soda pop.

By GAYNOR MADDOX  
NEA Staff Writer

Those all-American favorites—hot dogs and bottled soft drinks—go to the picnic.

An old friend of ours, Kathrine Wellingsbrook, comes up again with a new angle on an old favorite. She suggests splitting frankfurter rolls lengthwise, spreading them with a mixture of sharp cheese and mustard, and then placing in slow oven (300 degrees F.) for about 10 minutes.

We tried it. It's wonderful. She serves iced carbonated beverages with them. The pop bottles stand in a bucket of ice, and there are always plenty of extra bottle openers in case one gets lost in a careless pocket.

She has two other simple, very good snacks for our holiday picnic. I think you'll like them, too.

**Sour Cream Mustard Dip**  
One-half pint sour cream, 1 1/2 tablespoons prepared mustard, 1/2

teaspoon salt, dash black pepper, 1 teaspoon celery seed.

Combine sour cream and mustard. Stir in seasonings. Chill well. Place bowl in the center of platter containing pretzels and potato chips.

**Salami Cones**  
(5-6 servings)

Ten to 12 slices salami, 2 packages (3 ounces each) cream cheese, 2 tablespoons milk, 1 teaspoon prepared mustard.

Roll the slices of salami into cones; fasten with toothpicks. Soften the cream cheese with the milk, using more milk if necessary. Mix in the mustard. Fill the salami cones and chill thoroughly. Before serving, remove toothpicks.

**Lubbock Section To Have Underground Water Many Years**

By WILLIAM C. BARNARD  
Associated Press Staff

"If it didn't rain for a thousand years," said L. A. Howard of Lubbock, "this section would still have underground water."

Coming from a director of the Hi-Plains Water Conservation and Use Association, that amounted to a startling statement.

"How do you figure that, Mr. Howard?"

"By using information from the government experts. They say our supply of underground water comes from rains that fall up in Bailey and Lamb Counties of Texas and out westward toward Roswell, New Mexico."

"Those are sandy regions. When it rains, the water drops right down into the ground."

"Underground, in the water sands, it moves slowly—in a southeasterly direction—at the rate of 200 feet a year. The water we are using here now probably fell as rain in New Mexico or in Bailey and Lamb Counties hundreds of years ago."

"So if it didn't rain for a thousand years, the water already in the ground and now moving toward Lubbock would still take care of us. It's nice to think about it."

"But what about some of the deep irrigation wells that have quit producing water, Mr. Howard?"

"That can be due to a faulty structure—or to a thin layer of water sand—or perhaps the dry well is at the edge of an underground water basin. There's plenty of water. About 14,500 irrigation wells in 14 counties of the North and South Plains are proving it every day. The level of the underground water supply is up over last year. And I predict it will be even higher next year."

Howard is a sturdy, 58-year-old attorney, known to some friends as "Little Atlas." The Hi-Plains Water Conservation and Use Association with members in 14 irrigation counties is eager for the formation of underground water districts which will regulate spacing of irrigation wells and take steps to "recharge" the underground water supply.

"How can it be recharged, Mr. Howard?"

"One way is to dig deep wells, fill them with gravel and then dam streams and allow the water to flow into the wells. Another method is to dig such wells in the thousands of dry lake beds in this area, so that when it rains the water will flow down into the ground rather than evaporate."

QTV and A Cappella members had just received their letter sweaters and were wearing them . . . despite the hot, hot, Summer weather!

**Optimistic Notes**  
We prophesy made its first appearance with optimistic notes on the Senior will, final exams, Senior trip, and of course, street painting!

Of course, "Wandering Thoughts" was right there, but we won't take time to tell about it!

Now, back to the present and with a final note we must be on our way . . . We hear the funeral grass at the cemetery has quite a fascination for certain members of Miss Harris's Senior prop committee! Especially on a nice stormy night!

And on that we'll leave you for now . . . So Long!

To season a salmon salad for luncheon use finely grated onion, finely chopped parsley, prepared horseradish, salt, freshly-ground pepper and celery salt along with the usual mayonnaise or other salad dressing.

### Uncle Sam To Take Cut At One-Armed Bandits In New Law

CHICAGO—(P)—Nobody knows how many broke and bitter men have tried to kick slot machines to pieces.

About all they have to show for their efforts is scuffed shoes. But Uncle Sam soon may take a whack at the things with a new law.

The Senate has approved, and the House is considering, a bill to stop the shipment of slot machines into states where they are illegal.

A lot of persons in Chicago, capital of the slot machine industry, are wondering what will happen if the legislation is adopted.

The coin-fed contraption has had a long and lush life. Old heads in the trade believe the great-granddaddy of them all was invented in about 1885 by Charles Fey in California. Production began in Chicago about the turn of the century. Chicago became the manufacturing center because it had a pool of skilled mechanics. Now at least eight firms make the devices here.

The slot machine came out about the same time as the automobile. Both have taken millions for a ride. But the slot, unlike the motor car, hasn't been changed a great deal through the years.

**Have Three Wheels**  
The machines usually have three vertical wheels. On them are pictures of such things as cherries, oranges, plums, bells and bars. You put in a coin and pull a lever.

The wheels spin. When they stop, you can see three pictures in small glass windows. When certain combinations of pictures show up, you win. When they don't, you don't. And, usually, you don't.

The gadgets will take nickels, dimes, quarters, half dollars and silver dollars. They are utterly indiscriminate. They will take loose money, rent money, grocery money. And they will take it from anybody tall enough to reach the slot.

Manufacturers claim the machines, as built in their plants, are geared to pay 75 cents on the dol-

lar. But they can be fixed to pay out nothing of ten, 20, 40 or 60 per cent of the cash poured into them.

William B. Herlands, who looked into the matter for city officials in New York in 1941, figured the payouts at around 40 to 50 per cent of the gross receipts.

Most players shoot for the jack pot. The odds on hitting it have been calculated all the way from 1,000 to one to 4,000 to one.

Back in the thirties, when Fiorello LaGuardia was mayor of New York, the cops rounded up some of the contrivances. Citizens were invited to take a helping of slugs and give them a whirl. One machine coughed up the jack pot at the end of 2,974 plays and another after 2,845 plays.

It has been estimated there are 200,000 slot machines in the U. S.

The Mason-Dixon line was surveyed by two British surveyors, Charles Mason and Jeremiah Dixon, beginning in 1763.

### Andrews Group Has Family Night Dinner

ANDREWS—Employees of the El Paso Gas Station in the Fullerton Field had their quarterly family night dinner Friday in the recreation grounds of the camp.

Those present were Mr. and Mrs. J. H. Redman and children, Mr. and Mrs. D. H. Driver and daughters, Mr. and Mrs. P. L. Lowder and Phil, Mr. and Mrs. Carol Peacock, Mr. and Mrs. W. H. Hardaway, Jr., Mrs. Wayne Mayfield, Mr. and Mrs. G. W. Hicks, Bob Godwin, Mr. and Mrs. Adell Galle and sons, Mr. and Mrs. Clyde Herron, Mr. and Mrs. Calvin Luther, Mr. and Mrs. Tom Smith and Bobby, Mr. and Mrs. J. K. Peterman, Mr. and Mrs. Jimmie Foster and Mr. and Mrs. Loyd McWhorter of Goldsmith.

**MID-MEAL SNACKS**  
For youngsters' mid-meal snacks serve something simple: an orange, a glass of tomato juice and a cracker, a glass of milk and a cookie are all suitable.

### Tot Uses Lighter To Set Clothes Afire

OAK RIDGE, TENN.—(P)—Three-year-old Craig Thompson knew better than to play with a cigarette lighter.

But that closet—privacy and darkness! He stepped in quietly and shut the door. The flame showed up fine.

So do the smoke from the clothes. His parents, Mr. and Mrs. W. E. Thompson, Jr., suffered burns on their feet and when they stamped out flames of what they said had been \$90 worth of clothing.

Craig was uninjured, unless it was by a hairbrush. The Thompsons didn't say.

**UTILIZE LEFTOVERS**  
Utilize leftover potatoes and a small amount of leftover chicken or ham for a main dish; mash the potatoes and put in a baking dish; cream the chicken and ham and pour over the potatoes. Heat in a moderate oven until hot through and top layer is bubbly.

### QUICK RABBIT

For a quick rabbit, melt in condensed tomato soup (luted), add dry mustard and seasonings to taste, and serve crackers or toast.

# Midland Area Oil Activity Increases During Week

activity in the Midland area increased last week, as shown by a report of the Oil and Gas Division of the Railroad Commission of Texas. During the seven-day period, 1,000 permits to drill were filed—more than in any previous week. The increase was due to the fact that there were locations for nine wells. The list of fields with 27 projects, followed by 12 new explorations. Cochran and Pecos counties gained six new projects. There were established for five locations in Garza County. Four projects were reported in Crane County. Two new locations were reported in Borden, Hockley and Loving counties. Remaining new drills were located one each in Gaines, Howard, Reeves and Winkler counties. The Railroad Commission reported that 1,000 permits to drill were filed during the week ending May 13. ## UN Changes Setup Regarding Kashmir

**SPINAGAR, KASHMIR — (AP) —** The organization of United Nations military observers deployed along the 700-mile demarcation line between Indian and Pakistani troops in Kashmir has been revised to insure impartiality and speed in communications. Military observers have been patrolling the line between Indian and Pakistani forces in Kashmir for almost two years. The normal strength of their establishment is 40, and it now includes officers of the Canadian, Belgian, United States and Norwegian armies. Separate control rooms on either side of the line have been abolished and absorbed into a central headquarters which is to function for six months on the Indian side, then move for six months to Pakistan territory.

## No Hypnotic Dentists

**CHICAGO — (AP) —** The American Dental Association frowns on hypnotism in dentistry. The ADA Journal comments: "At the present time and with our extremely limited knowledge of the subject, hypnotism has no practical application in dentistry."

## Venetian Grind

With victory in his grasp, a student garbed as a nineteenth century cyclist quenches his thirst as he approaches the end of a "trueling" 200-foot cycle race across the square in Venice, Italy. Thousands of Venetians joined university students in celebrating the traditional matriculation day.

**ARMED FORCES DAY - MAY 20**

This year, for the first time, all branches of our military establishment are being honored as one on Armed Forces Day. For the armed services, this day serves as a symbol of the unity required to give them the strength they must have. For all America, it should serve as a reminder that eternal vigilance is the price of liberty.

**Smoking In Bed Safe With New Invention**

COSTA MESA, CALIF. — (AP) — Walter Mullins has invented a gadget he thinks will delight smokers. He says it permits them to puff cigarettes safely in bed. His "safety smoker" consists of a 7 1/2-inch high ceramic pelican and a long rubber tube with a mouth-piece. The cigarette is inserted into an aluminum holder which connects with the tube at the base of the bird's jaws. It burns in a horizontal position suspended over the bird's yawning lower bill, which acts as an ash tray. Mullins says he got the idea from an Oriental water pipe.

**Jamboree Leaders Plan Training Meet**

Simulating conditions to be found at the National Scout Jamboree June 30 to July 6 at Valley Forge State Park, Pa., Scout leaders from the Buffalo Trail Council will undergo a training course Saturday and Sunday at Big Spring City Park. Leaders of the three troops from the 17-county area will meet at 6 p.m. Saturday and will camp overnight, closing out the camp at 4 p.m. Sunday. Big Spring Scouts who are to attend the Jamboree will be the demonstration and more detailed information concerning the trip will be discussed with leaders, Thornton said.

**Andrews News**

ANDREWS—Mr. and Mrs. A. K. Bible of Vealmore were recent Andrews visitors. Mr. and Mrs. J. B. Reeves and daughter, Joyce, will leave Friday for a vacation with Mr. and Mrs. Johnny Roberts in Oklahoma, and Mr. and Mrs. Jake Hiburn in Stephenville. Mr. and Mrs. Hilburn are the parents of Mrs. Reeves. Mr. and Mrs. F. M. Robertson, Mr. and Mrs. Chic Campbell, Mr. and Mrs. A. C. Lively and Mr. and Mrs. Clyde Bream recently attended the Shrine convention in El Paso. Paul Barnhart of Houston, president of Frankel Brothers Oil Company, visited the Frankel Oil Camp employees recently. Faye Martin of Jackson, Miss., is a guest of her sister and brother-in-law, Mr. and Mrs. W. H. Hardaway, Jr. Roy Carter, governor-elect of District 2-T-2, was guest speaker at the meeting last week of the Andrews Lions Club. Carter announced the appointment of Bill Blair as zone chairman for the area. Robert Forbes was named as the club's representative at Boy's State in Austin. B&PW Club members are sponsoring an old-time box supper and political rally to help finance the club's teen-age canteen, which is held Friday night in the American Legion Hut. Date for the party has not been set. Mrs. Joe Hatton, who recently underwent major surgery at Andrews County Hospital, is reported improved. Mrs. Carl Betenbough is a medical patient in the Milling Sanatorium in Mineral Wells. Mrs. C. A. Pope recently was dismissed from Andrews County Hospital. She was injured recently in a car accident. Mr. A. L. Grant was honored recently at a surprise birthday party. Guests were Mr. and Mrs. L. C. Perrin, Mrs. John Carrigan, Mr. and Mrs. Percy Morrison, Mrs. Floyd Carter, and Mr. and Mrs. A. L. Vickers. Some 600 species of injurious insects are known to exist in the United States.

### Skincare Helps Complexion Problem

By ALICIA HART  
NEA Staff Writer

On the basis of any glowing skin, fresh complexion, is cleanliness. Contrary to what you may hear, washing your skin with water and bland soap won't do it.

Washing removes dead and withered cells which accumulate on the surface of the skin. Correct washing takes away dirt and surplus, leaving the glands open and clean to continue their function of supplying lubricating oil.

Water you use on your skin should be soft. Hard water is irritating, and doesn't form a good film. If the water where you live is hard, soften it by adding one teaspoon of borax and one teaspoon of soda to a basin. In addition, use special hard-water soap.

When you wash your face with soap, don't use soap again in the morning. Just rinse it with warm water followed by cold water.

If your skin is very oily, wash it several times a day, using a slightly rough cloth. Try a little glycerine in water to soften the skin.

Your skin is thin and dry, wash it once a day and be sure you use lanolin soap. And remember, much hot water removes the natural oil from dry skin, thus increasing dryness.

### Put Dad On Your Baby-Feeding Team

THIS LITTLE FELLOW knows that Dad is on his side, when it comes to providing good food and affection.

By GAYNOR MADDOX  
NEA Staff Writer

Fathers are no longer "displaced persons" in the baby world. Young GI's played a big part in establishing today's 50-50 parental relationship in their joy at returning to normal family life. They wanted to share the fun as well as the extra work of parenthood.

"A woman owes it to her husband to give him a place in the business of child care right from the beginning. The more he can do comfortably for the baby, the more he will love the baby, hence the sooner he will feel right about having a third person around," according to "Living With Baby," a practical bulletin published by the New York State College of Home Economics at Cornell University.

When possible, adjust baby's schedule to father's hours, so that he can romp with his youngster.

In many households, Dad gives baby his evening meal, relieving mother for preparation of the family food. Entering into this new program are the many convenient strained foods which even the tired business man can open and serve.

Here's a little nutritional cocktail any dad can prepare for his young hopeful while mother is busy getting dinner.

**Tomato-Strained Meat Cocktail**  
(1 large serving)

One cup tomato juice, chilled  
1/2 can strained meat (liver, veal or beef)  
1 teaspoon lemon juice, salt to taste, or in keeping with diet.

Blend ingredients and serve cold or serve heated as a soup.

### Services Complete Another Unification Step On Saturday

WASHINGTON (AP)—The military services will pass through one more step in their somewhat painful unification process on Armed Forces Day, May 20. They'll be cheering for one another and jointly putting on parades, demonstrations and parties. But many of the celebrants will undoubtedly be sadly recalling the past, when each service had a day of its own.

The last individual celebration was Army Day, April 6, 1949—the anniversary of America's entry into the first World War. This afternoon President Truman and Secretary of Defense Johnson watched a parade. That night Johnson spoke to the Military Order of World Wars, a civilian organization of ex-Army officers who had promoted and sponsored Army Day from its origin in 1928.

Johnson took the occasion to announce to his hosts that they were celebrating their last Army Day. He and the President, he said, had decided that afternoon there would be no more individual "days," that in the interest of unification they'd all get together in 1950 on one day. His hosts received the announcement coldly.

On Aug. 30, 1949, Johnson announced that Armed Forces Day would be celebrated on the third Saturday in May. When the time

came for Air Force Day, the second Saturday in September, the occasion passed unnoticed. It had been celebrated only once—in 1948 commemorating the founding of the Air Force Sept. 17, 1947.

Secretary of the Navy Matthews chose Navy Day, Oct. 27, 1949, as the occasion for dismissing the popular chief of Naval operations, Adm. Louis E. Denfeld. It was a double blow to many Navy men. They missed the old-time fanfare and public demonstrations. And many of them had warmly approved Denfeld's criticism of the cuts in Navy strength in hearings before Congress.

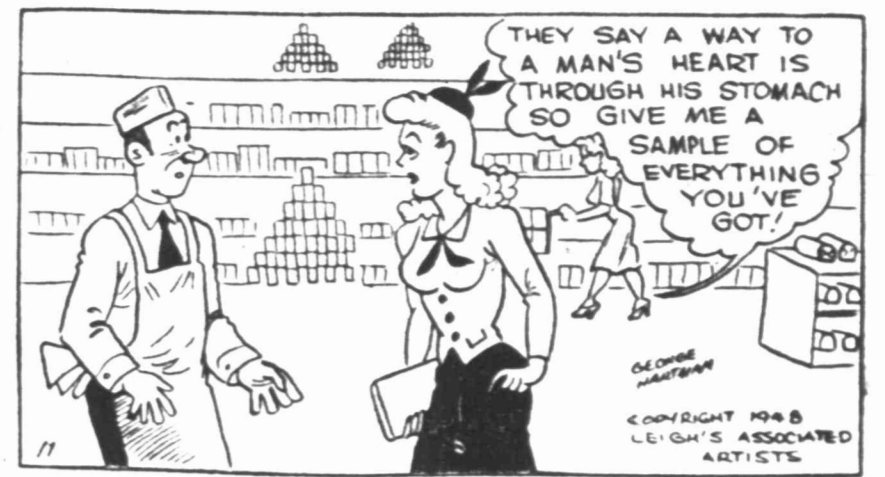

**Sponsored By League**

The Navy had been celebrating its day since 1922. It had been sponsored by the Navy League, another civilian organization. It commemorated the founding of the Navy in October 1775 and the birth of President Theodore Roosevelt, a "big Navy" man.

When the time came for the Marine Corps Birthday, November 10, the corps fared better than its brother services. Johnson let the Marines continue to celebrate on their posts, as long as it was just a family birthday party. They held formations of troops, gave parties, cut cakes—all on their own reservations. The Leathernecks had been

If there are young children in your family, are the adults like highly seasoned food, be sure to add the seasonings after the children's portions are taken off. In this way it is not necessary to cook two sets of dishes.

Add shredded cabbage or finely cut celery to canned tomatoes; simmer and season with salt and a little butter or margarine. Serve in individual sauce dishes (to be eaten with a spoon) and top with crisp buttered croutons.

### JACOBY ON CANASTA

By OSWALD JACOBY  
Written For NEA Service

"Last night," writes H. M. B. of Denver, "I discarded a deuce to freeze the pack. I held six cards and my partner held three, while each of the opponents had at least a dozen cards. Each side had already made a canasta, and they had more melds down on the table than we had."

"I thought that this was a good time to freeze, but my opponents said it wasn't. They said it was

contrary to all of the Jacoby rules. It worked out well for me. My partner got rid of two cards that were making a nuisance of themselves in her hand, and then she melded out. She said it was a fine play and who is this guy Jacoby anyway?"

"All of this puzzles me. What have you got to say for yourself? I've got plenty to say, but it won't do me much good. You'll hear lots of people quoting "Jacoby rules" that don't exist except in their own imagination. The next time somebody springs one on you, ask to see it in print—either in one of my newspaper articles or in one of my books."

Actually, you picked a very fine time to freeze the pack. You had every reason to expect what eventually took place. You and your partner were right to be playing for one since the opponents had more melds down on the table and more cards in their hands. Your partner had the better chance, with only three cards in her hand, and your freeze was shrewdly planned to help her get rid of unwanted cards so as to build up some sort of going-out meld.

Incidentally, your partner had the right idea when she scoffed at "rules" and the people who make them. The advice of a card expert is useful only if it works. Don't pay any attention to impractical advice. Stick to tactics that win, no matter what the experts say. But remember that if the advice is silly enough the expert probably never gave it to begin with.

Q—Your side has already made a canasta, and you hold only one card. You draw a joker. Can you meld the joker and just refuse to discard? You don't want to meld out.

A—No. If you meld the joker, you must automatically meld out. If your other card is meldable, you may meld it; otherwise you must discard it. Either way, you are out. If you don't want to meld out, you must discard one of your two cards and keep the other in your hand.

Q—Your side has no canasta. You hold only one card, and draw a joker. Can you meld the joker and discard your other card without melding out? In other words, you come down to no cards, and simply draw one card and discard it when ever it is your turn to play.

A—You are not allowed to do that. Coming down to no cards at all is just what is meant by melding out; and that automatically brings the hand to an end. However, you are not allowed to meld out when your side has no canasta. In the situation described, you cannot meld. You must discard either the original card or the joker, and continue to play with one card still in your hand.
