Crowds Gather For Rodeo Kickoff

Wednesday's Show Starts Five-Day Run

Cowboys, Cowgirls—Come-a-ridin'. It's Rodeo Time in Midland, and at 8 p.m. Wednesday the crack Midland High School Band will strike up grand entry march, heralding the formal opening of the 16th Annual World Championship Midland Rodeo. The all-steel arena directly in front of the huge grandstand at Midland Fair Park on East Highway 80 will be the scene of the activities.

Following the grand entry and the introduction of rodeo officials and dignitaries, the first wild bronc, with or without a rider, will come out of chute to launch the competition in the rugged cowboy events. From there on, it will be one thrilling, chilling, spine-tingling event after another to delight and entertain the spectators. It's the Southwest biggest and best Western attraction. Succeeding performances will be held at 8 p.m. Thursday, Friday and Saturday and at 8:30 p.m. Sunday. No afternoon shows are scheduled.

Gov. Allan Shivers told a crowd of more than 500 persons attending a "Governor Shivers Day" barbecue here Wednesday noon, "Texas' greatest needs today are good soil and water conservation programs and plenty of economy." The governor was maintaining a fast schedule as he participated in numerous events being held in connection with his visit to Midland to assist in opening the 16th Annual World Championship Midland Rodeo. A reception and a series of conferences preceded the barbecue, which was given in his honor in Indian Park with members of the Midland community.

The governor said Tom Sealy, Midland attorney, had promised to outfit him in a big hat and boots if he would attend Midland Rodeo. Shivers accepted the invitation and cowboy clothes offer, but Sealy could produce only the hat.

Midland Indians baseball team serving the food. The barbecue was given by Midland friends of the governor under the sponsorship of Midland Fair, Inc.

The governor, in an informal speech, said he is happy to be back in West Texas and is proud to have a part in the opening of Midland Rodeo. Robert L. Wood, Chamber of Commerce president, welcomed the governor to Midland, and Tom Sealy, attorney and civic leader, introduced the distinguished visitors.

Governor Shivers was to ride in the Wednesday afternoon parade officially opening the Midland Rodeo. The governor arrived here by plane Wednesday morning.

Gov. Allan Shivers was wearing a cowboy hat, but no boots, soon after his arrival here Wednesday morning.

The governor said Tom Sealy, Midland attorney, had promised to outfit him in a big hat and boots if he would attend Midland Rodeo. Shivers accepted the invitation and cowboy clothes offer, but Sealy could produce only the hat.

Midlander Is Charged In Kidnaping

FORT WORTH — (P) — Kidnaping charges were filed here Wednesday against M. W. Adams of Midland after disappearance of a 14-year-old Fort Worth girl who was married to Adams' son, 17, as climax to a weekend joyride that touched three states.

A complaint filed in Peace Justice Frank Hurley's court alleges Adams kidnaped Beverly Louise Key, daughter of Mr. and Mrs. Troy H. Key "with or without consent."

Assistant District Attorney Charles Patterson said the boy, Wharton Adams, and the girl, childhood chums when the Adams family lived here, and several other teen-agers went joyriding Saturday night while Wharton was visiting here.

They were married in Texarkana, Ark., after being turned down in Maratta, Okla., and DeQueen, Ark. when they attempted to get a license.

The girl's parents learned of the wedding when the group of teenagers returned here Sunday. Mr. and Mrs. Adams came here after being notified by Key.

Patterson said Key opposed the marriage, while the Adamses were willing to let it stand. Key said he wanted his daughter to wait until next year and that if she still wanted to marry he would then give his consent.

Meanwhile, Beverly Louise went to McLean Junior High School here Monday to take final examinations. School officials said she left in an airplane company of a youth and an older couple.

State police were alerted to be on the lookout for the girl.

'Sno Fair'

This cute miss at Denver, Colo., was all set for a weekend of fun, when a freak Spring snowstorm changed her plans. Also hurt by the unseasonal snow and cold were 50,000 budding trees.

Violence Dots Trial Of Japs Accused Of Attacking U.S. GI's

TOKYO — (P) — The rush trial of eight Japanese accused of attacking American soldiers Tuesday at a Communist rally was recessed late Wednesday.

It will resume at 8 a.m. Thursday. The court abruptly changed its plea to "go right through the night if necessary."

The prosecution asked time to study motion pictures of the attack in the Imperial Plaza, when five U. S. soldiers were beaten, kicked and stoned.

Yells of 200 university students and workers demanding immediate release of the accused echoed throughout the courtroom. The court is on the fifth floor of the downtown Japanese Police Building.

MacArthur is silent.

About 100 Japanese police and some U. S. Military Police guarded the entrances.

Acheson Asks United Effort To Halt Reds

WASHINGTON — (P) — Secretary of State Acheson told Congress Wednesday that the growing power of Russia can only be met by organizing the military might of the West into "balanced collective forces."

He appealed to Congress to support such a course, saying President Truman, Secretary of Defense Johnson and he agree it must be made to work.

Reporting on his recent cold war strategy talks in London, Acheson said the Western nations have reached "another time of decision in which they either must strengthen their North Atlantic Treaty, and Western European, partnerships or risk falling backward into 'total failure'."

The 12 Atlantic Treaty foreign ministers, including himself, Acheson disclosed, did not say anything at London which indicated "any immediate threat of war." They were concerned rather to meet a Russian threat which "will exist unless we act now to prepare our defenses against aggression."

Acheson spoke in the Library of Congress at a meeting to which all House and Senate members were invited. Three radio networks (ABC, MBS, NBC) and one television hookup (NBC) carried his speech to the nation. It was the first time he had made such a public report on a foreign minister session or North Atlantic Treaty meeting.

The creation of "balanced collective forces" would mean that each of the 12 Atlantic Treaty powers would build up troops and arms according to the needs of the whole alliance rather than strictly for its own defensive needs. Under this (Continued On Page 11)

Death Toll For Holiday Passes 500

By The Associated Press
The nation Wednesday counted a staggering death toll—far above 500—from violent accidents over the four-day Memorial Day weekend.

Millions turned to the highways for the season's first outing and traffic fatalities set a new record for the holiday.

Labor's Loss?

Elevated to chairmanship of the House Education and Labor Committee, after the sudden death of John Lesinski (D-Mich.) is Rep. Graham A. Barden, above (D-NC). Barden calls himself a middle-of-the-road legislator, and union leaders consider him anti-labor. The late Representative Lesinski was the third of a 20-year succession of Labor Committee chairmen regarded as very friendly to labor.

Reporting on his recent cold war strategy talks in London, Acheson said the Western nations have reached "another time of decision in which they either must strengthen their North Atlantic Treaty, and Western European, partnerships or risk falling backward into 'total failure'."

The 12 Atlantic Treaty foreign ministers, including himself, Acheson disclosed, did not say anything at London which indicated "any immediate threat of war." They were concerned rather to meet a Russian threat which "will exist unless we act now to prepare our defenses against aggression."

Acheson spoke in the Library of Congress at a meeting to which all House and Senate members were invited. Ken Regan Plans Rodeo Visit Here

Congressman Ken Regan, in Midland to attend the 16th Annual World Championship Midland Rodeo, said Wednesday he plans to launch an active personal campaign for reelection to Congress about the middle of June. He will return to Washington Sunday after visiting several other cities in his West Texas district, and will be back in Midland to start his vote-getting drive June 12.

He said the House program will be "pretty well completed" for this session by the middle of June, with no major legislation scheduled to be before the House of Representatives before adjourning. The House this week is observing a Memorial Day recess.

"During my reelection campaign, I will return to Washington only to take care of matters of importance to the district," Regan said.

Congressman and Mrs. Regan arrived by plane late Monday. They were to ride in the rodeo parade Wednesday afternoon, and will be guests of honor at the opening performance of Midland Rodeo Wednesday night. Meanwhile, he was visiting friends, conferring with supporters. (Continued On Page 11)

Riots Mark Red Youth's Return Home

HELMSTEDT, GERMANY — (P) — Swarms of West German police reinforcements hurried to zonal border crossing points Wednesday, fearful of new rioting in the home-ward trek of 20,000 Communist youths from the East Berlin Whit-sun demonstrations.

Hostility toward the returning Communists was heightened by Tuesday night's rioting at Helmstedt, where civilians attacked some 2,000 of the Communist youths, ripped off their blue shirts and burned the shirts in bonfires.

Heavy police reinforcements were sent into Luebeck, on the British zonal frontier, where 10,000 more Communist youths were expected late Wednesday. These will swell the ranks of 7,000 sit-down demonstrators at Luebeck who have squatted on the border since Tuesday night, refusing a state government order to undergo medical examinations. German police were stoned by some of the 7,000.

West Germans booed the main zonal border crossing point in the British zone, 600 Communist cracked through the border crossing point after threatening police who tried to inspect their luggage. But they (Continued On Page 11)

Erickson, Gambler, Named In 60-Count Grand Jury Action

NEW YORK — (P) — A New York County grand jury Wednesday returned a 60-count indictment against Frank Erickson, gambler, who recently testified before a Senate subcommittee on alleged conspiracy and other 59 counts charge bookmaking. The information charging bookmaking covers a 20-year period from 1930 to 1950, Hogan said.

Hogan said the information, which was voted last Friday and filed Wednesday afternoon, and will be returned, mentioned only one other person, Harry Richards, who is named as a co-conspirator in the information but not as a defendant.

Legion And VFW Decorate Graves

The graves of war veterans in Fairview Cemetery and Resthaven Memorial Park were decorated with flags and flowers Tuesday—Memorial Day—by members of Midland's American Legion and Veterans of Foreign Wars Posts.

Q. M. (Shine) Shelton, Legion official, said flags were placed on 98 graves. He said numerous graves of veterans undoubtedly were missed since the Legion does not have a complete list of the war dead interred in the two cemeteries here. He asked the cooperation of all residents in the preparation of a complete list of veterans buried in Midland. He said the American Legion also is interested in placing headstones on graves which do not have them.

Stockmen, Go Easy On That Toxaphene

Stockmen go easy on that toxaphene. That was the advice given Tuesday by County Agent Charles Green.

The Reporter-Telegram Sunday said in its farm and ranch column, Dirt and Squirr and Quirt, that a five per cent solution of toxaphene for cattle and a two per cent solution for sheep and goats was the advisable amount.

Green said, however, that the solution for cattle should contain only one-half of one per cent toxaphene, and the solution for sheep and goats should carry only two-tenths of one per cent of the insect killer.

For the convenience of its patients Western Clinic-Hospital announces change of clinic hours to 8 a.m. to 6 p.m. weekdays, Saturday, 8 a.m. to 1 p.m.—(Adv.)

NW Gains Stepout Flows Devonian Oil

Shell Oil Company appears to have found flowing production from the Devonian at its No. 1 Foster Oil Corporation well, Northwest Gaines County well, one and one-quarter miles southeast of the discovery and lone producer in the North Russell-Devonian field.

This prospector ran a 90-minute drillstem test in a lime, thought to be Devonian at 11,054-110 feet. Gas showed at the surface in 19 minutes and drilling mud started flowing out of the drill pipe in 53 minutes. The well was flowed to pits for seven minutes and then in the next 30 minutes it flowed 40 barrels of oil, with a shutout of four per cent drilling mud. There was no formation water.

When the drill pipe was pulled an additional 1122 barrels of oil was recovered. Gravity of the oil was 40 degrees. Gas-oil ratio was 95-1.

Operator is now making hole below 11,167 feet in lime.

This new producer and field extender is 662 feet from north and 660 feet from west lines of section 492, block G, CCSD&RGNG survey. It is 11 miles southwest of Denver City and one mile northwest of the Russell-Clear Fork field.

Armer Stakes Canyon Tester In NE Howard

L. H. Armer of Fort Worth has staked a wildcat location in Northeast Howard County, 18 miles northeast of Big Spring.

Armer No. 1, C. L. Jones will be 2,014 feet from north and 1,998 feet from west lines of section 34, block 26, H&T survey.

Intention of the operator is to test the Canyon above 7,500 feet. Road to the drillsite is now being built.

The venture is being drilled on a farmout from Standard Oil Company of Texas.

Spraberry Wildcat Slated For Dawson

Fred M. Manning, Inc., of Fort Worth has staked a 7,000-foot, Spraberry wildcat in Central Dawson County, one and one-half miles southwest of Lamesa.

Manning No. 1, Huddle will be 1,980 feet from north and west lines of section 11, block 36, T-5-N, T&P survey.

It is understood that Bay Petroleum Corporation has 2,000 acres under lease in the area and that it has turned part of its holdings over to Manning to drill the well.

Drilling is to begin in the immediate future.

Drilling is to begin in the immediate future.

Clairemont Offset Shows 70.5 BOPH

Sun Oil Company No. 1 Sampson, second exploration to find production in the Pennsylvania line in the Clairemont field of Central Kent County showed for a possible production of 70.5 barrels per hour in its drillstem test in the top of the pay horizon.

The development is bottomed at 6,751 feet in the lime, and has cemented 7-inch casing at 6,744 feet. Operator will drill the plug and test and try to complete the well the last of the week.

After topping the Pennsylvania lime pay at 6,748 feet, which was approximately flat with the top of the pay in the discovery well of the Clairemont field, the Sun exploration drilled to 6,751 feet and took a one hour drillstem test at 6,741-51 feet.

No fluid at surface. Gas came to the surface in 18 minutes. No fluid flowed out while the tester was open. However, after the tool had been closed 10 minutes to take a bottom hole pressure gauge, the drill pipe headed out oil.

The pipe headed seven times while the tester was being pulled. Total recovery was 5,150 feet of oil, and an six feet of drilling fluid. There was no formation water.

Magnolia Completes Pegasus Pool Outpost

Magnolia Petroleum Company No. 3-30 Glass, one location northwest of the nearest producer from the Ellenburger, on the north side of the Pegasus multi-pay field in Southwest Midland County, 30 miles southwest of the city of Midland, has been officially completed as a good producer.

The project reported a 24-hour potential of 1,291 barrels of 53-gravity oil, flowing through a three-eighths inch tubing choke. Gas-oil ratio was 1,290-1. There was no formation water.

The production is from the open hole in the Ellenburger between 13,015 feet and the total depth at 13,190 feet. The section at 13,055-190 feet had been treated with 5,000 gallons of acid.

Location is 1,980 feet from south and 680 feet from west lines of section 30, block 40, TP survey, T-4-S.

Discoverers Offset New Hockley Pay

Have A Laugh

By **BOYCE HOUSE**

George D. Prentice, pre-Civil War mucky editor, was famed for his biting paragraphs. When a rival for wrote, "William if afoot," Prentice rejoined, "When did our temporary lose his horse?" Ray and Parr started an opposition paper. Prentice commented, "In all that pertains to decency, is below zero, and Ray is low Parr."

Another paper, published by Bell and Topp, declared, "Prentices are made to serve masters" to which Prentice retorted, "Topp's are made to be whipped and Bells to be hung."

Judy Garland Will Start Work When Her Medicos Give O. K.

By **ERSKINE JOHNSON**
NEA Staff Correspondent
HOLLYWOOD — Exclusively Yours: Judy Garland's search for health has moved to San Francisco, where she's under the care of specialists. Judy's last session with the medicos sent her into "Summer Stock" feeling—and looking—like a new gal. Three M-G-M musicals, including "Show Boat," now await the green light from her doctors.

Esther Williams' big musical number in "Pagan Love Song" will feature the hula—performed in the water. Quick, Jeeves, my diving bell.

Stanley Kramer broke up movie precedents with "Champion" and "Home of the Brave." Now he'll break you up with "The Men," story of Birmingham Hospital's paraplegics. The film gives Hollywood a new star, Marlon Brando, and gives Kramer full title to the claim that "Movies Are Better Than Ever." This is the best.

President Truman has ordered the closing of Birmingham Hospital. "The Men" may change his mind.

Glenn Langan's wife has moved out of their home and the separation is official. She's now teaching in a children's school. . . . Ida Lupino and Howard Duff have been pulling the wool over Hollywood's eyes by dating away from the gaudier places. They were in a dark booth at the Villa Nova— their third date in one week. . . . June Haver's grandmother is seriously ill in Las Vegas. . . . Ed Gardner's pals says he's serious about that movie he'll produce in Puerto Rico. The picture is a murder mystery, "The Man With My Face," and will have a \$300,000 budget.

Modesty
Red Skelton plays himself, his father and his grandfather in "Watch the Birdie" and explains: "When I'm in a three-way shot, I upstage papa and underplay grandpa so the bum in the middle can't steal the scene."

Jack Oakie and Victoria Horne, who have had Hollywood playing a guessing game about their long romance, will be married this year. Victoria denied the rumors that they were secretly hitched and told me:

"I can tell you that we'll be Mr. and Mrs. before the year is over. We had planned to marry this coming July 4 but decided to make it a little later."

Blonde Victoria plays a man-chaser in "Harvey." When she started her scenes, there was a little Jane Russell trouble.

"Henry Koster, the director, made me assume a different posture so that my talent wouldn't be so prominent," Victoria said.

Jack Paar, who just landed a big airshow after three years on the shelf, quips: "I just turned 30. This is the year of comebacks—Gloria Swanson, Mae Murray and now me."

Well-Received
Wire to director Irving Rapper from Gertrude Lawrence following the preview of "The Glass Menagerie": "I'm still dazed by the reception of my performance."

John Carroll got a pained look in his face when I asked him about a possible reconciliation with his ex-wife Lucille Ryman.
"If somebody can talk her into it, I'll re-marry her," he said. "Right now she won't have me."
John is cutting his operatic baritone down to a crooner's whisper in "Hit Parade of 1951."

Producer Jack Cummings' crack after seeing rushes of Jane Powell's corset dance in "The Tender Hours." "No matter how you slice it, it's still Salome."

Leif Erikson jumped from "Stella" at Fox to "Dallas" at Warners. "Stella Dallas"? . . . Dorothy Dandridge says it this way at Larry Potter's: "Diamonds are a girl's best friend—but a mink coat is thicker than water."
Gale Storm, getting ready for a Broadway invasion, will take a play, "People Are Crazy," on the road for a series of one-nighters. . . . Ann Dvorak and husband Igor Dega are denying divorce rumors.

Maureen O'Hara was busting with wifely pride over the direction she took from hubby Will Price in "Tripoli."
"I didn't know whether I was going to get embarrassed, mad or just tearful when I started the picture," she said. "But I forgot that Will was my husband when we got going. I just had the feeling that I was working with a great talent and I sat there with my mouth open."
Even John Ford; Maureen whispers, has marked her husband down as Hollywood's coming director.

Cottonseed Burns In Lubbock Blaze

LUBBOCK—A spectacular fire at the Lubbock Cotton Oil Mill late Tuesday night destroyed an estimated 4,000 tons of cottonseed. The blaze, reported shortly before midnight, was almost out within an hour. It burned the main storage house of the mill about half-way to the ground.
A tentative estimate of damage was slightly less than \$25,000.

Sweet goldenrod, growing wild in most states east of the Mississippi, has been found to yield a colorless oil with a licorice odor.

London's Underground Silver Market Is 'Gold Mine'

No one would suspect that a fortune in silver lies a few feet under this mass of rubble in London. It's a bombed-out safe-deposit building and in its subterranean strong rooms a lively market in antique silverware does a rushing business. It has become a top attraction for American visitors, because devaluation of the pound makes British antique silver a "good buy" and no duty is asked on items made before 1830. At right, one of the dealers checks his display. The market sprang up when one dealer, whose shop was destroyed by bombs, began using the vault as a show room. He found the experiment a success and others followed.

JACOBY ON CANASTA

By **OSWALD JACOBY**
Written For NEA Service

"Both sides needed 90 points," relates a New York correspondent. "East and West had melded two nines, a deuce, and a joker. North and South had five unimportant melds on the board."
"East from the pile and it mounted up until there were nine wild cards in it, of which four were thrown by South."
"North said that this showed poor Canasta strategy. He thought South should have held his wild cards to make a canasta."
"Is this a sound opinion? Is an enormous pile full of wild cards an evidence that a poor quality of Canasta is being played?"
If that sort of situation comes about fairly often, I would say that a poor quality of Canasta is being played. It would be something like doubling and redoubling every hand at bridge.

Once in a while however, even among experts, a hand is frozen and becomes enormous. In the same way, at bridge, even experts sometimes play a hand redoubled. In short, you can tell something about the quality of your Canasta game by noticing how often you get such tremendous frozen piles. It should not happen very often in a really good game.

In the case described by our correspondent, the chances are that South should have held his wild cards to make a canasta. With five melds on the table, it could not have been hard to get a base of four natural cards, add wild cards to make a canasta, and then meld out.
However, circumstances alter cards to make a canasta. With five melds on the table, it could not have been hard to get a base of four natural cards, add wild cards to make a canasta, and then meld out.

Q—My partner touched the stock pile to draw a card at his turn, but did not actually take the card. He then wanted to take the previous discard. Can he do so?
A—No. When he touches the top card of the stock he is committed to take that card. It is too late to change his mind.

Abundant Living

By **E. STANLEY JONES**

II Tim. 2:22; I Tim. 5:6; Gal. 5:24;
I Pet. 2:11
A DISCIPLINED SEX LIFE

We have talked about disciplining the first of the three driving urges—the self. We come to the second—sex.

Life seems very heavily loaded on the side of sex. Some would think there is far too much sex for purposes of procreation. The human race, they think, could have procreated itself without the sex urge being so strong and imperious. It is probable that in normal human nature the sex urge is not so strong or so continuous as it is in abnormal modern life, but is occasional as in animals and birds—active during mating seasons, dormant the rest of the time. This is true among primitive peoples. But modern life has become strongly sexed. Everywhere the sex appeal meets one. Even advertisements carry it to attract attention. A cartoon shows a man hitting a golf ball, and a picture of a woman is drawn near the ball to make sure that he will "keep his eye on the ball." Can we not keep our eye on the ball of human living with-

Lions Band To Play At Rotary Meeting

The Midland Lions Club International Convention Band will present a special rodeo-type program at the regular meeting of the Rotary Club Thursday noon in the Crystal Ballroom of Hotel Scharbauer. Duke Jernerson is the director of the popular and widely-known band which will attend the Lions International convention in Chicago in July as the official Texas orchestra. The unit attended the Lions convention in New York two years ago.
John Butler, Lions Club member, is scheduled to speak briefly concerning the activities, plans and benefits to Midland of the community band.
Midland Rodeo officials are expected to attend the meeting as special guests.

Luncheon Is Compliment To Honor Graduate

Head figurines of "Sweet girl graduates" were interspersed with deep pink daisies for the centerpiece at a luncheon Wednesday honoring Rosalynn Leggett, daughter of Dr. and Mrs. Waldo Leggett. Rosalynn was graduated from Midland High School Tuesday night as valedictorian of her class.

Mrs. Leggett was hostess to a group of Rosalynn's friends in her home for a buffet luncheon. Pink and maroon were used for the color scheme.

Guests were Carolyn Cook, Rosemary Brazzil, Bet Studdert, Jo Ann Ragan, Jo Ann Nelson, Betty Marie Nix, Wanda Burnside, Mary Nell, Jean Blackwell, Jo Ann Boykin, Gloria Anguish, Katherine Lewis, Shirley Harrison, Maggie Murphey, Peggy Charlton.

Pat Emmons, Suzanne Young, Marilyn Wheelless, Peggy Minear, Betty Wilson, Margi Carter, Virginia Breedlove, Toya Chapple, Cynthia Parker, Marjani Forrest, Joyce Howell, June Hazlip, Adele Davenport and Sidney Smith.

Members Invited To Barbecue With Tournament Players

Members of the Midland Country Club as well as golf tournament contestants are eligible to attend the barbecue at 6:30 p.m. Wednesday in the club.

The barbecue is one of the social activities in connection with the golf activities being held at the club this week. The Professional Golfers Association's tournament is in progress with numerous out-of-city entrants and visitors.

Dance Follows Commencement As One Of Parties For Seniors

A commencement dance followed the graduation exercises Tuesday night for the Class of 1960 of Midland High School. A group of parents of the senior students entertained with the dance in the Crystal Ballroom of Hotel Scharbauer.

Class colors, scarlet and silver, were used in iridescent balls with the May flower arrangements which made a gay setting for the dancers. The punch table was centered with pink carnations.

Mrs. Henry Murphey was chairman of arrangements for the dance. The host committee included Mr. and Mrs. D. R. Carter, Mr. and Mrs. S. P. Hazlip, Mr. and Mrs. J. T. Klingler, Mr. and Mrs. W. Studdert, Mr. and Mrs. Al Boring, Mr. and Mrs. Frank Ashby, Mr. and Mrs. Larry Burnside, Mr. and Mrs. Frank Blackwell.

A large group of the graduates danced to recorded music.

Another class entertainment given recently was a dinner in the school cafeteria Friday night, with a number of senior mothers as hostesses. Mrs. C. R. Steinberger was chairman for this event.

Mrs. Roy Minear was in charge of the table decorations, which featured large plastic foam figures of a girl and a boy graduate set behind silvered cactus studded with scarlet flowers. Smaller cutouts of the graduate figures were placed along the U-shaped table, with silver leaves and scarlet blossoms scattered between them.

Piano Pupils Give Studio Recital In Mrs. Elder's Home

Pupils of Mrs. J. B. Elder were presented in a studio piano recital Tuesday night in her home, with their parents and friends as an audience. Refreshments were served after the program.

Solo pieces were "Big Bass Singer," Rolfe, and "Melody of Love," Ensignman, by Betty Bowman; "Forest Dawn," Thompson, and "Ice Carnival," Schaum, Mary Helen Metcalfe; "A.M. and P.M.," Schaum, and "Air Mail," Schaum, Ann Elder.

"Beautiful Dreamer," Foster, and "Shadow on the Moon," Schumann, Betty Lumpkin; "Elephant Frolic," Lemont, and "Pool at Night," Hanson, Jackie Seyer; and "Scherzo," Bach, and "Für Elise," Beethoven, by Marilyn Elder, a pupil of Mrs. G. J. Sevier.

Guests Dance With Promenaders Club

Promenaders Square Dance Club members brought a number of guests to their dance Tuesday night in the Midland Officers Club.

Dr. and Mrs. R. L. Spencer, the hosts, brought Mr. and Mrs. L. D. Cook as their guests. Mr. and Mrs. Jack Smith came with the Conrad Reaves and Mr. and Mrs. Chastain with the Emmet Bradbray. Mr. and Mrs. W. Sneed were guests of the A. J. Olsons and the A. E. O'Neils brought Mr. and Mrs. H. L. Hagler and Mr. and Mrs. Lloyd Zeller with them.

Other members attending were Mr. and Mrs. Floyd Bell, Mr. and Mrs. O. C. Boswell, Mr. and Mrs. W. T. Shirley, Mr. and Mrs. Joe C. Smith and R. C. Spivey.

Coffee Honors Mrs. Stalcup As Farewell

Mrs. O. L. Stalcup, who has been entertained with a series of parties before leaving to make her home in Casper, Wyo., was the honoree at a coffee Tuesday morning in the home of Mrs. L. W. Leggett, Mrs. Leggett and Mrs. M. B. Arick were hostesses.

Mrs. Frank Stubbeman and Mrs. Bert Cole poured coffee while Mrs. Willard Bumpass and Mrs. J. L. Daugherty served Cokes. Mrs. J. Black and Mrs. Stanley Erskine also were in the house party. All house party members have been associated with Mrs. Stalcup in Parent-Teacher Association work.

Adair Ratliff, nephew of Mrs. Leggett, was serving.

As a going-away gift, Mrs. Stalcup was presented with a hand-tooled leather scrap book made by Ann Arick. "The Stalcup" was written on the front of the book on a music staff.

Pastels were used in the flowers and other decorations for the coffee. About 75 guests called.

Texas Water Color Society To Exhibit Paintings Here

The first Midland exhibition of paintings of the Texas Water Color Society will begin Sunday in the Midland Palette Club Art Center.

Another in a series of exhibits coming from the Pan American Galleries in San Antonio, the showing will be sponsored by the Midland Palette Club Art Center and the American Association of University Women.

Showings are scheduled from 3 to 10 p.m. Sunday, from 7:30 to 10 p.m. Monday and from 12 noon to 4 p.m. Thursday. Hostesses will be Palette Club and AAUW members.

Among the 19 water colors to be shown are works of Cecil Casabier of San Antonio and Bror Utter of Fort Worth, artists who have conducted classes for the Midland Art Center.

Self-Criticism Can Be Risky—Someone May Believe You

By RUTH MILLETT
NEA Staff Writer

Jane would be fighting mad if any one of her friends went around running her down. Yet Jane runs herself down all the time.

All you have to do is say "Hello, Jane" to hear how terrible she looks, or find out the latest jam she has gotten herself into, or to have her give you some other evidence that she just can't cope with her problems.

Pay Jane a compliment and she'll talk you out of it. Try to get her interested in some activity and she'll convince you that she hasn't any talent for that sort of thing.

You probably know at least one Jane. If, by any chance you should happen to be one yourself, it may be that you don't realize what you are doing.

When you sell yourself short, run yourself down, and generally give the impression that you are less than you are—you are doing something that you would hate another person for doing to you.

Not Picturing Self

You are deliberately giving the world a false picture of what you are. You are covering up your talents and abilities and calling attention to your shortcomings and faults.

And don't think that your down-at-the-heels attitude doesn't have any effect on others. They may argue with you a little when you make some disparaging remark about yourself—but the remark will stick. And pretty soon you will have sold the idea that you really are pretty much of a second-rater.

It's always a good idea when you start to make some disparaging remark about yourself to think, "Would I like it if one of my friends said that about me?" If you wouldn't—then don't say it about yourself.

4-H CLUB GIRLS TO ASSIST ON PROGRAM

Jerry Fay, Elzell and Betty Acker, 4-H Club girls, will give a demonstration on making desserts and Mrs. I. J. Howard will discuss insect control at a meeting of the Valley View Home Demonstration Club at 2:30 p.m. Friday. The meeting will be held in the home of Mrs. Jess Davidson, 1201 South Weatherford Street.

RETURN FROM TRIP

Mr. and Mrs. Roy Gardner have returned from a weekend trip to the Big Bend National Monument. Gardner, his brother, Claude Gardner, and Mrs. Claude Gardner, all of Dallas.

VISITS FROM OKLAHOMA

Mr. and Mrs. Louis A. Bartha have as their guests this week her sister, Mrs. Vera W. Deets of Oklahoma City, Okla.

First Methodist Makes Good Report At Conference

An excellent report was made by the First Methodist Church of Midland at the recent Northwest Texas Annual Conference held at Big Spring.

The church received 208 new members during the year just completed. Twenty-nine infants were baptized. Dismissals and transfers numbered 113. The net gain in membership was 95.

Present total membership of the church is 1,681 including both active and inactive members. Average church school attendance is more than 600. The youth department is termed strong.

The First Methodist Church raised for all purposes last year, \$108,884. This does not include pledges to a building fund. The budget for the 1959-60 year exclusive of building fund, is \$50,342. This is compared with a budget of \$17,000 five years ago.

A \$125,000 children's building now is under construction.

Monkeys Or Parakeet, No Picnic Either Way

LOS ANGELES—(AP)—Which do you think can cause more trouble—a pair of monkeys or a parakeet? Either way, it's no picnic.

Ask Joseph La Valle. When he got in their cage to clean up, his pet Rhesus monkeys, Amos and Mandy, jumped out and shut the door on him. They would have locked it, La Valle said, if he hadn't yelled. He still was trying Wednesday to coax them out of a neighborhood tree.

Or ask Mrs. William Ferguson. Butch, her parakeet, escaped his cage last week. For six days he flew about the block giving everybody the bird. Tuesday, for reasons apparent only to a parrot, Butch appeared home.

Made a perfect two-point landing on Mrs. Ferguson's head.

Murder Charged In Fatal Prison Stabbing

HOUSTON—(AP)—A 28-year-old convict was stabbed to death by another inmate in Huntsville Prison Wednesday.

The inmate stabbed the other prisoner nine times in the back. Killed in the affray was George Erb, 28, serving two sentences from Wise County for burglary and theft.

Prison General Manager O. B. Ellis said another inmate, Weldon Green, 26, serving a life sentence from Dickens County for robbery and as an habitual criminal, admitted stabbing Erb with a homemade knife.

Charges of murder were filed against Green.

119 NEGROES GRADUATED

HOUSTON—(AP)—The Texas State University for Negroes conferred a record number of degrees, 119, at commencement exercises Tuesday.

Anthropologist, MIT President Disagree On Science's Future

BOSTON—(AP)—President James R. Killian, Jr., of Massachusetts Institute of Technology forecasts great advancements in science in the next half century if the world is at peace.

But Harvard Anthropologist Earnest A. Hooton differs with the noted scientist and sees little ahead.

Killian and Hooton participated on a fifteenth anniversary broadcast of "America's Town Meeting of the Air" Tuesday night at the fifty-ninth Annual Convention of the General Federation of Women's Clubs.

Killian looked for a new stream of ideas, products and processes to improve health and living standards if science is freed of "restrictions and suspicions of the cold war."

He said he expected "flicker-free color television, probably three-dimensional air travels at speeds up to 1000 miles an hour; more synthetic foods and better ways of preserving foods."

He also foresaw increased use of solar energy to heat homes, and possible use of the earth's heat as a new major source of energy. Peering deeper into the future he forecast "efficient conversion of sea water into fresh water."

Science Handicapped

At the moment, the MIT president said, "American science is handicapped by the restrictions and suspicions of the cold war."

"It is handicapped by too much secrecy—a false concept of secrecy as a means of security," he added.

Hooton, in taking a dim view of the next half century, said: "Man has acquired control over some of the forces of nature but no more self control and no more intelligence, without which human behavior cannot be improved."

He declared "the basic cause of warfare apart from competitiveness and stupidity is overpopulation" and added: "If we could teach mankind to stop overbreeding, most of our domestic and international problems would disappear. We could get rid of war because there would be room, food and employment for everyone."

Scientists, he held, are paying the penalty "for spending our brains upon improving machines, rather than improving man himself."

Hooton said "irresponsible science" already has "obliterated geographical barriers x x x (and) also put into the hands of predatory men terrible destructive weapons to arm the ignorant hordes they dominate."

National President Denies Probe Slated For Texas YD Branch

ST. LOUIS, MO.—(AP)—He has not ordered an investigation of the Texas branch of the Young Democrats, the national president declared.

D. W. Gilmore of Benton, Mo., said his national office is only advisory and that he has no disciplinary authority.

Gilmore said he thought the secretary of the Texas branch was "racing his motor" in a dispute in the organization in Texas.

Leslie Chappell of Corpus Christi, the Texas Young Demos' secretary, Monday night said the national president had ordered an investigation. He accused Texas President Max Triplett of Hillsboro of delaying the Young Democrats state convention.

Medals, Certificates Awarded To Students

Dwayne Chesnut and Helen Gollins, members of the graduating class of John M. Cowden Junior High School, were awarded medals by the American Legion Monday at commencement exercises. A plaque, inscribed with their names also will be given to the school.

Runners-up for the awards, which are given for scholarship, character, leadership, service and sportsmanship, were Tommy Edrington and Virginia Kroenlein. Both were awarded certificates.

Kiwanis Group Gets Chest X-Rays

Members of the Midland Kiwanis Club are shown lining up for free chest X-rays at a mobile unit located at the City-County Auditorium. The club was the only service group to take its members for X-rays. Several thousands of Midlanders already have taken advantage of the opportunity to undergo the free checkup. The unit, a gift to the State of Texas from Beta Sigma Phi, cultural and social sorority, is to be in Midland until Friday. The drive in Midland is part of a statewide drive, sponsored by the Texas TB Association. The Midland TB Association, with Dr. C. S. Britt, president, is sponsoring the appearance of the unit here.

Beserk Negro Plays Hide-And-Seek With California Officers

NAPA, CALIF.—(AP)—A grim game of hide-and-seek which might go on for weeks was being staged by a muscular, six-foot-four negro with officers after his fourth escape from mental institutions.

The wooded terrain around Napa State Hospital offered ready concealment for 180-pound Edmund E. Whitfield, 25, former University of Southern California athlete and Yale graduate. Although unarmed, he was listed as "dangerous."

Whitfield, husband of a white girl, spied an open, unguarded door Tuesday while being transferred to a new wing of the hospital. Still possessed of the agility he displayed as a junior varsity halfback at USC, he sped through it to the outside. Several white-coated attendants easily were outrun.

Perfect For Hiding

"All that brush and woods is perfect for him," a Napa County sheriff's officer said.

"He could hide out there for weeks if he can find something to eat."

Whitfield previously had escaped three times from a state hospital in Southern California. After the third escape, his capture was preceded by a two-hour chase across mud flats of an arm of San Francisco Bay. News photographs of that capture attracted nationwide attention.

Whitfield was graduated from Yale with a bachelor of science degree in 1947. After he returned to California, he became ill mentally and was committed to Camarillo.

He was awaiting transfer to Camarillo when he escaped.

His wife and eight-months-old son live in Los Angeles.

Labor, Suffering Ways To Green Pastures Of Freedom, Commencement Speaker Says

Midland High School graduates Tuesday night heard a stirring appeal by Dr. D. M. Wiggins, president of Texas Tech in Lubbock, speaking on Freedom versus Security at commencement exercises in the new auditorium.

Dr. Wiggins pointed out that the German people had traded freedom for security under Hitler, and had wound up as slaves. He emphasized the importance of freedom, and illustrated his talk with an allegorical tale of a young man's search for freedom.

Seeking the "green pastures" of freedom, he sought the advice of an old man, who told him that it lay "down the steep bank of labor and across the river of suffering."

He warned that freedom once won is not necessarily maintained, and said that as long as men won't struggle to be free they deserve to be slaves.

More than 1,200 graduates, parents and guests attended the exercises, and saw the cap-and-gown clad seniors receive diplomas from R. W. Hamilton, president of the school board. Frank Monroe, superintendent of schools, and Charles Mathews, high school principal, assisted in the awarding of diplomas.

Program Listed

The program opened with the procession, played by Helen Hollowell, and an invocation by Dr. Matthew Lynn, pastor of the First Presbyterian Church.

Marilyn Wheelless, second highest honor student in the class, delivered the salutatory address.

A piano solo, "Polichinelle," by Obie Lee Stalcup, president of the senior class and an outstanding band student, followed.

The valedictory speech, by Rosalynn Leggett, top honor student of the group, expressed the appreciation of the group for the values received in high school.

Jeanne Blank, music teacher, North Elementary School, sang "Prelude," accompanied by M. Frank Miller.

Following the address by Dr. Wiggins, diplomas were awarded, and the program was concluded with singing of the high school "A.M. Mater," led by Ann Boring, Virginia Breedlove, Helen Cartwright, Bob Wayne, Bill Burnside, Bob Evans, Helen Hollowell played the "Trusty March from Aida" as the processional.

Dancing Pupils To Perform Wednesday

Nadynne Griffin's third annual production of "Stars of Tomorrow" and Georgia Goss Harston's "T Shop Ballet," featuring young dancing pupils, will be presented 8 p.m. Wednesday in the high school auditorium.

The Optimist Club is sponsoring the productions.

But he answered one of them, and said, Friend, I do thee no wrong; didst not thou agree with me for a penny?—Matthew 20:13.

Larger Economic Pie

William Green, president of the American Federation of Labor, plans to campaign for higher wages and lower prices as a cure for unemployment he thinks is growing serious proportions.

The actual workings of the economy are a bit more complex. Lower prices are indeed a desirable goal wherever possible, but they must be founded on lower costs if a business is not to sell at a loss.

A second route is to increase productivity—output per man—either by better organization of work, by improved methods and machinery or by greater individual efficiency among workers.

This is the path most businessmen must take to lower prices. With their costs cut, they feel reasonably safe in offering products at reduced figures.

When the market thus is built up, fair-minded businessmen pass on some of the added returns to workers as higher wages.

But, except where wages have been held down arbitrarily to unreasonably low levels, it should be plain that higher pay unaccompanied by greater productivity or rapidly expanding markets actually is an obstacle to lower prices.

The key to both lower prices and higher wages is the ability of a business to produce the same amount of goods at less cost. That process adds real wealth to the nation, wealth which can be divided fairly among all who take part in production.

This is an elemental fact that Green and others in labor apparently refuse to accept. They persist in policies which assume there is a fixed amount of pie and the job of union leaders is to see that labor gets a bigger slice.

The real task before labor and everyone else involved in the economy is to increase the size of the pie.

A Massachusetts doctor told a little boy to cough—and up came a dime. Too bad other patients don't cough up as easily.

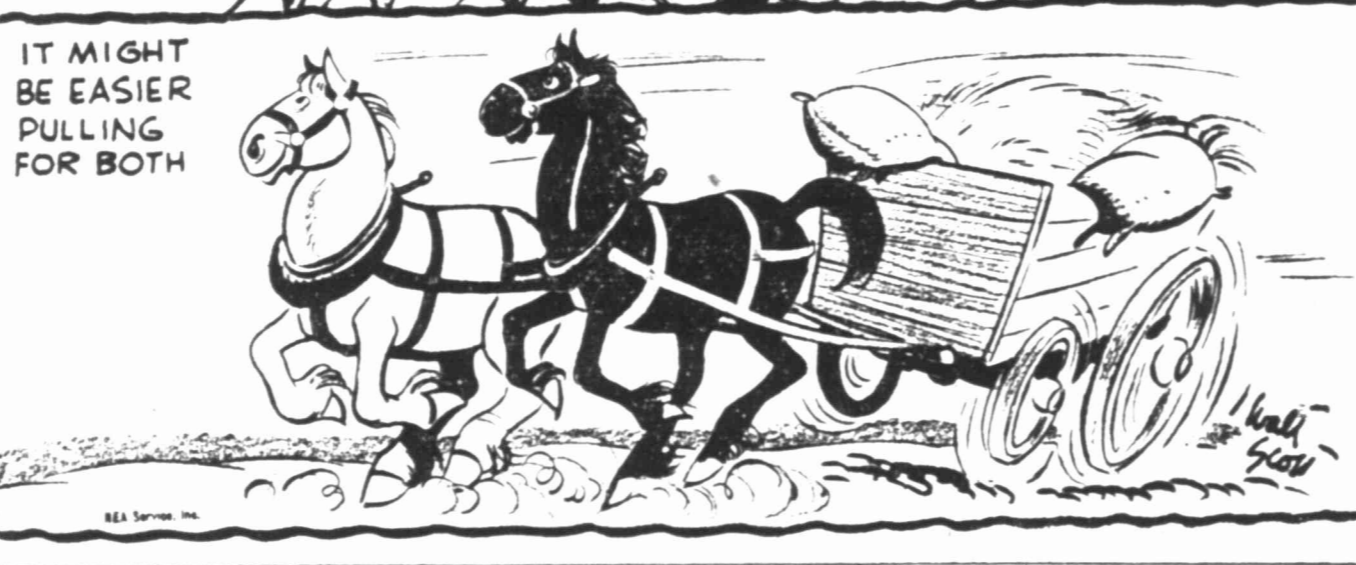

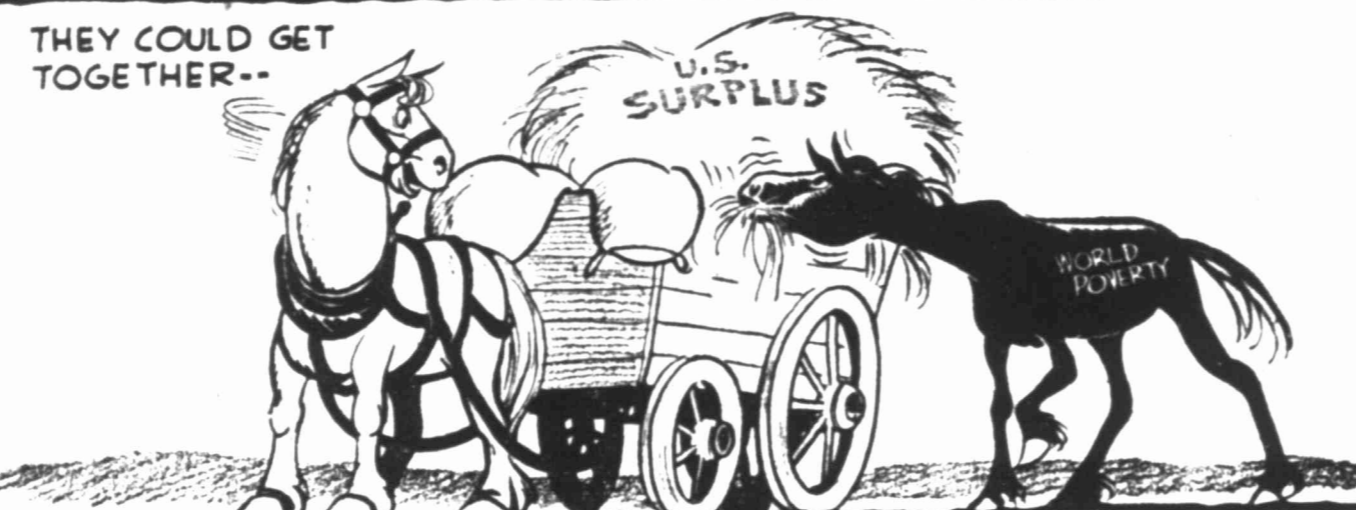

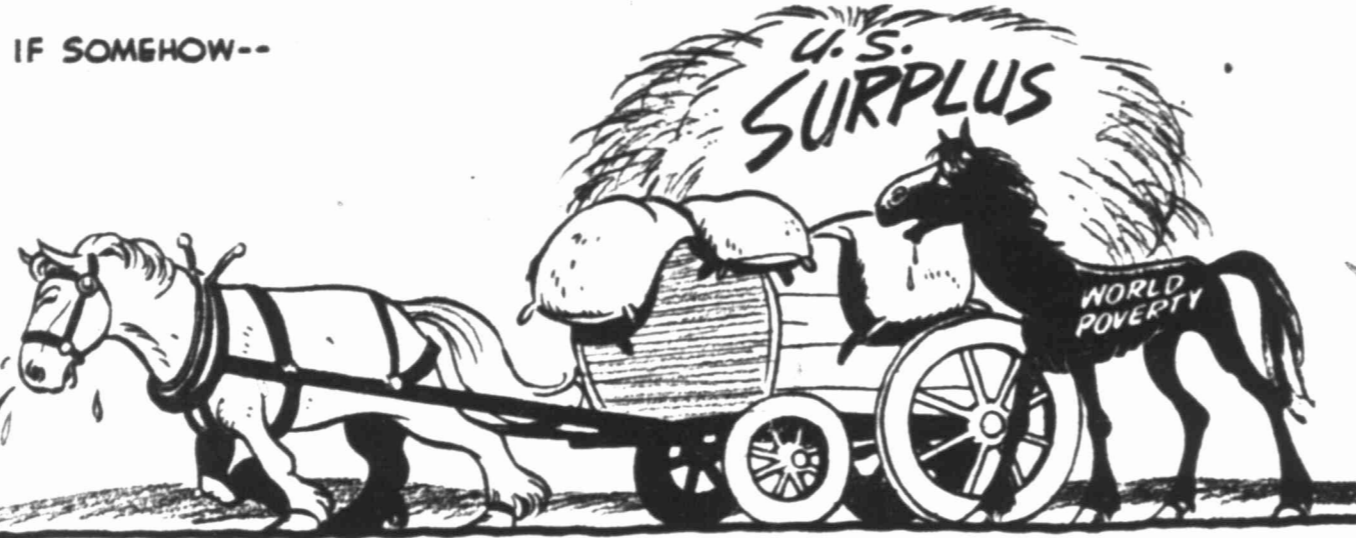

A professor says most of the American profanity was in use 800 years ago. Isn't it about time we're swearing off?

It's a shame colleges don't teach everything that some of the graduates think they know.

By OSWALD JACOBY, Written for NEA Service. "Why don't you take off those rose-colored glasses?" demanded Hard Luck Joe.

Bridge hand diagram showing cards for North, East, South, and West. Includes a dealer's hand and a table of card counts.

East took the ace at once. After dropping the king of clubs at the first trick, East returned a low club, and South ruffed.

At this point, Joe had already lost three tricks and also had to lose a diamond to East's queen. He was therefore set one trick.

High production per man and well-distributed income is more important for farm prosperity than government aid.

So They Say—On the informational front, we have fought lying propaganda of the Communists—with the truth and nothing but the truth.

THE DOCTOR SAYS

Don't Overdo Sun-Tanning; You May Hurt Your Health. The morning after the first hot Sunday or holiday of early summer brings to every office a crop of sun worshippers whose bright red skins and blisters show a lack of good sense in exposing themselves to the sun.

Strangely enough it is the same people who year after year forget their past experiences and over-expose themselves to the sun in spite of the discomfort which they previously have suffered.

Now severe sunburn is not only uncomfortable but can be dangerous. Furthermore, sunburn is no help to health. The sun's rays are necessary for the growth of plants and help in maintaining the health and well-being of human beings and animals.

One of the benefits which the sun can give is to aid the human skin to produce a substance called vitamin D, which is necessary for complete good health and which prevents rickets in children.

When the skin is burned by sun the outer layers are killed and have to be replaced from the layers below. After a severe sunburn, for example, the outer layers are shed in sheets and pull off.

People who are not accustomed to much sunlight and do not show tanning should be careful about the first few exposures. They should be especially careful not to fall asleep in the sun.

WASHINGTON COLUMN

Agreements, Orders Tend To Stabilize Farmers' Markets

By PETER EDSON, NEA Washington Correspondent. WASHINGTON—The growing extent to which Department of Agriculture "marketing agreements" and "marketing orders" are used to control production and sales of perishable farm products is little realized.

The principal products covered are milk, fruits, vegetables, nuts and hops. There are now in effect 35 milk marketing orders. There are 28 fruit and vegetable agreements and orders.

Ordinarily, these agreements and orders might be considered violations of the anti-trust act. But the Agricultural Marketing Agreement Act of 1937, under which these things are set up, carefully provides that all agreements and orders shall be protected against anti-trust prosecution for combination and conspiracy.

Let any farmer under a marketing order violate his contract, however, and there is the piper to pay. Civil suits may be filed and court injunctions issued to prevent further violation of the order and to enforce compliance.

Marketing orders are issued by the secretary of Agriculture. The orders are binding on all the handlers of the commodity, regardless of whether they sign and approve the order.

Marketing orders apply principally to metropolitan milksheds, Boston, Chicago, Cincinnati, Cleveland, Clinton (Iowa), Columbus, Dayton-Springfield, Dubuque, Duluth-Fall River, Fort Wayne, Kansas City, Knoxville, Lima, Louisville, Lowell-Lawrence, Minneapolis-St. Paul, Nashville, New Orleans, New York, Omaha-Council Bluffs, Paducah, Philadelphia, Quad Cities (Ill.), St. Louis, Sioux City, South Bend, Springfield, Toledo, Topeka, Wichita, Worcester, and the area where Ohio, Kentucky and West Virginia come together are covered today.

Marketing agreements are much more loosely arranged. They are voluntary contracts entered into between the secretary of Agriculture and the growers. Growers who don't sign the agreement don't have to abide by its restrictions.

Among the more important agreements are those for Arizona-California oranges, grapefruit and lemons, Florida oranges, grapefruit and tangerines, California Tokay grapes, Bartlett pears, plums and peaches, California dried prunes and raisins, Colorado fresh peas and cauliflower, California, Oregon and Washington winter pears, Colorado, Georgia and Utah peaches.

Orders Are Voted On—Oregon and Washington filberts, California, Oregon and Washington walnuts, Alabama, Florida, Georgia, South Carolina and Mississippi pecans, California, Oregon, Washington and Idaho hops.

Potatoes are under agreements in Colorado, California, Oregon, Michigan, Oregon, Minnesota, North Dakota, Washington, New Jersey and Maine.

Not all proposals for issuance of marketing orders go through. California potato growers, except for two counties, recently turned down an order for the production of potatoes for an order before it is issued.

The secretary of Agriculture also must approve the order, so he has a

kind of veto power to check bad orders and agreements. If amendments are sought for any order, the secretary must approve. Most orders and agreements are made for one, two or three years.

About the only news which gets out on these agreements is when the secretary of Agriculture announces appointment of some committee, like the Oregon-Washington Filbert Control Board, or the Utah Peach Administrative Committee. They are strictly local news.

In justifying what might in some sense be considered this "regimentation" of farmers, the Department of Agriculture points out that these agreements and orders do not directly stabilize prices. They do stabilize markets. Any prices set are minimum prices that must be paid to producers. They do not set retail prices, though they influence them.

In stabilizing markets agreements and orders may provide for selling only top-quality products, or scheduling flow of crops to market so as to prevent glut and price collapse. Quotas have to be voted in by producers. All this is authorized by act of Congress.

Questions and Answers

Q—What lake was formed by an earthquake? A—Reelfoot Lake in Tennessee was formed by a series of severe earthquakes which caused the land to sink from 8 to 25 feet. This depression was filled by the waters of the Mississippi River.

Q—What was the fastest train run ever recorded on the railroads of the United States? A—On June 12, 1905, the Pennsylvania Special ran three miles in Ohio in 85 seconds, or at the rate of 127.06 miles per hour.

Q—What is the range of the American Larch? A—It is the only tree which occurs from Newfoundland across the entire continent to Alaska, and extends beyond the Arctic Circle to the limit of tree growth.

Q—Where is the highest point in Missouri? A—It is Taum Sauk Mountain located approximately 10 miles southwest of Ironton. It has an elevation of 1,771 feet according to the Resources Map.

Q—How do scientists measure noise? A—Noise is measured by scientists in decibels, called decibels; ordinary conversation averages 40 decibels and a noisy office often hits 70 decibels.

WRONG: Make your apologies after you arrive. RIGHT: Telephone your hostess to tell her that you have been detained and ask her not to wait for you, if you are to be more than a few minutes late.

What's RIGHT?

You realize that you are not going to be able to arrive on time when you have been invited out to dinner.

THE door had barely closed before she slid the night lock so no one could open it from the outside, flew to the icebox and yanked out the pie. With hands shaking with excitement she cut through the crust with a silver knife and it hit something hard at once.

Careful, she warned herself, don't make too big a hole so the Bononis will know. When the tip of her knife pulled up a large green stone so that she could see it, she felt actually sick with all. Gloria Brown had the necklace the whole Brooklyn police force were looking for, the necklace two people probably had been murdered for, right in her icebox!

She had found out long ago that soaking the body peacefully brings the same results as soaking the head before a college examination; it helps one to concentrate. And because her own and MILTAD's whole life would be influenced by what she decided. She poured geranium bud salts lavishly into the tub, turned on the water, and soon was soaking luxuriously, thinking furiously, but every now and then a shiver would run over her lovely pink and ivory body floating in the warm caress of the water.

(To Be Continued)

The LONESOME BRIDE

By Grace Nies Fletcher

THE STORY: Gloria Brown, a lonesome bride, learns how to take a little more from Mrs. Bononi who lives in the apartment next to her. She is a murderer and she has a husband in jail.

She suddenly she knew without a shadow of a doubt not only what had been in the hatbox, but why Mrs. Bononi had locked her in the bathroom and what was baked into the pie in her icebox this very minute. "Maybe it was something else," she finished lamely.

"The jewels," the lieutenant nodded. "Yeah. But our most experienced operators went over the whole apartment yesterday and last night again."

She held her breath as he looked at her sharply but he didn't say anything about her being there last night, so she let the breath out in a long, slow exhalation. When she saw Hansen again she'd say thanks.

"The necklace simply isn't there. The Bononis must have taken it with them when they skipped. You're sure," he demanded, "you haven't remembered where they are?"

"HOW could I remember what I never knew?" she asked reasonably, but her heart quickened its thuds. How was she going to evade Hansen long enough to take the pie to Tony the Fruitman? If she went—even thinking of it made the palms of her hands go damp. "Hasn't Miss Strong any idea where she left the necklace? People do misplace things."

"Not," Lieutenant McGann told her, "a necklace a foot long with a lot of heavy doodads and things. She says the only visitor she had during the show that night was sister Sal."

"Sal!" Gloria gasped. "Haven't you seen the morning paper? Alida and Sal are sisters all right, but she swears Sal wouldn't steal her necklace. She admits her sister was the black sheep of the family. Alida used to get her bits but she blew her lines too often when she got coked. But Alida insists Sal was honest in her way. Families are

she did not expect him to take one but he did. He calmly took a sample of powder from the ivory powder box on her dresser, opened both little drawers to be sure there were no other boxes.

"Ariadne says she has no delivery boys," he changed the subject casually. "They're all girls. Sit down why don't you? It doesn't cost anything."

"Well, I see the Cork certainly brought Mrs. Bononi's hat," Gloria told him stubbornly. Then she remembered she hadn't seen the hat. She gulped, hesitated, for

Takes Office

Mrs. J. A. Graves was installed as president of the First Methodist Boone Bible Class at a service held in the church recently. Mrs. Russell Hayes, left, the retiring president, is pictured pinning a corsage on Mrs. Graves' shoulder after she had inducted her successor into the office.

Thomas Are Hosts To Weekend Guests

MCCAMEY—Mr. and Mrs. W. T. Thomas and daughter Janeira, had as weekend guests in their home a number of visitors to a meeting of the Church of Christ in Rankin.

The guests were Mr. and Mrs. Dewey Shaw and son David of Littlefield, Peggy and Paul Coats of Seagraves, Lawanda, Adraine and Sue McDaniel of Rankin, Thomas Langford of Jay, Okla., Leon Kesler of Savannah, Ga., Roy and Adrian Pitts and Mary Katharine Skeene of Kerrville, Burke and Elaine Isbell and Coy Lee Cook of Texon and Mr. and Mrs. Earnest Gover, Daphne and Dwight of McCamey.

Mrs. Hodge, Alpine Club Will Receive Award At Convention

"Alpine and I are all set to win a Better Communities prize for Texas tonight; be sure to listen in," said a telegram from Mrs. J. Howard Hodge of Midland, president of the Texas Federation of Women's Clubs, sent from Boston Wednesday morning.

Mrs. Hodge, with several dozen Texas clubwomen, is in Boston for the General Federation of Women's Clubs convention. The prize to which she referred is to be awarded El Progreso Club of Alpine Wednesday night at the official close of a national "Build a Better Communities" contest.

The Alpine Club, sweepstakes winner in the contest in Texas, was notified several weeks ago it is one of the national winners, but its exact place among the winners will not be revealed until the prizes are given. Large cash prizes will be awarded to all the finalists.

Establishment of a library in Alpine and its extension to serve a number of cities in its own and adjoining counties, was the project for which the Alpine club will be honored. Mrs. Henry J. Bailey is president of El Progreso Club and is in Boston to receive the prize. She recently visited Midland and, with Mrs. John Newell, librarian at Alpine, spoke to the Altrusa Club and guests.

Mrs. Hodge is to be a speaker Wednesday night, which will be the State Presidents' program of the convention. She is heading the Texas delegation to the annual meeting and will deliver the state's invitation to the general federation to hold its next meeting in Houston.

BAPW CLUB TO HAVE PICNIC THURSDAY

The Business & Professional Women's Club will have a picnic at the home of Ruth Donnell, 2509 West Brunson Street at 7:30 p.m. Thursday. This is in lieu of the annual breakfast held following the state convention, when reports of the convention delegates are heard. All members are urged to attend.

SOCIETY

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, MAY 31, 1950-5

Summer Rush Rules Are Set In Panhellenic

Rules for Summer rushing activities of Midland sorority alumnae groups were set at a meeting of the Midland Panhellenic Tuesday morning in the home of Mrs. A. H. Hedden.

This was the last Panhellenic meeting until Fall. No Summer rush forum will be held.

A limit on the amount of money each alumnae group may spend for Midland parties was set and the number of parties was limited to two for each group. The Panhellenic representative of each group was asked to call Mrs. Hedden, president, when the dates for parties are set.

Mrs. C. M. Chase, rush chairman, reported on rush rules and read the list of Midland rushees.

Attending the meeting were Mrs. Frank Paup, Kappa Alpha Theta; Mrs. W. H. Stoltenberg, Gamma Phi Beta; Mrs. Chase, Delta Zeta; Mrs. Hedden, Pi Beta Phi; Mrs. P. K. Landtner, Alpha Chi Omega; Mrs. Tom Flewharty, Delta Gamma; Mrs. Herbert Marshall, Chi Omega; Mrs. H. E. Davis, Alpha Delta Pi, and Mrs. J. E. Keyser, Zeta Tau Alpha.

Bishop To Be Guest Of Episcopal Church

The Rt. Rev. George Quarterman of Amarillo, Episcopal Bishop of North Texas, will be in Midland Thursday to conduct confirmation and give the sermon in the Trinity Episcopal Church at 7:30 p.m., the Rev. R. J. Snell, rector, announces. Mr. Snell will present the confirmation class to the bishop for the service of confirmation and the sermon will follow.

Picnic Will Close Year For Xi Theta

Xi Theta Chapter of Beta Sigma Phi sorority will close its season Thursday night with a picnic in Cole Park.

The picnic will begin at 6:30 p.m. and is for members, their dates, husbands and children. Reservations should be in by noon Thursday and may be made by calling Mrs. Art Dimney, telephone No. 115.

Brown-Brooks Wedding Party Is Entertained

After the rehearsal for the wedding of Roy Brown and Delbert C. Brown Jr. which is to be solemnized in the First Christian Church Wednesday evening, members of the wedding party were entertained with a dinner Tuesday night in the home of Mrs. Edelle Daily, 404 West Kansas Street.

Pink ponies were arranged with ice blue candles in the centerpieces of two lace-covered tables where the dinner was served. The pink and ice blue color theme has been selected by the bride-elect for the wedding.

Guests in addition to the couple were her mother, Mrs. Walter Brown of Snyder; his parents, Mr. and Mrs. Delbert C. Brooks; her sister, Robbie Jo Brown, who will be her maid of honor; Victor Chancellor, the best man.

Gordon Gettes, Matthew Barkley of Lubbock, Bill Herrington of Penwell and Richard Clutter of Wichita, Kan., who will be ushers; Mrs. Clutter and Mrs. Gettes; Janet and Tommy Cotton of Fort Worth, the bride-elect's niece and nephew who will be the ring bearer and flower girl; Woodie Holden, who will read the double ring ceremony, and Mrs. Holden.

Patsy Arrington and Betty Pickering, who will be the wedding soloist and organist; Alice Mattix, aunt of the prospective bridegroom; and Billie Walker, who are to serve in the reception house party; Ray Brown of Lubbock, who will give his sister in marriage, and Mrs. Brown.

Coming Events

THURSDAY
Children's Service League will meet at 9:15 a.m. in the home of Mrs. 400 West Storey Street.

Palette Club studio will be open all day for members who wish to paint. A pot-luck luncheon will be served at noon.

Veterans of Foreign Wars Auxiliary will meet at 8 p.m. in the VFW Hall.

Monthly business meeting of the First Presbyterian Session will be held at 7:30 p.m. in the church.

First Baptist Margie Shumate Women's Auxiliary will meet at 7:30 p.m. in the home of Mrs. Evelyn Yearby, 311 North Main Street. Men of the church will have a prayer meeting at 7 a.m. and the women's prayer meeting will begin at 10 a.m.

National Secretaries Association will meet at 7 p.m. in the KCRS studio.

Xi Theta Chapter of Beta Sigma Phi will have a picnic for members, their dates, husbands and children at 6:30 p.m. in Cole Park. Reservations are to be made by Thursday noon by calling Mrs. Art Dimney, telephone No. 115.

FRIDAY
First Baptist Young People's luncheon will be held at 12 noon in the recreation hall.

Executive Board of the Woman's Council of the First Christian Church will meet at 3 p.m. in the home of Mrs. E. N. Gideon, 2003 West Washington Street.

Sashaway Square Dance Club will meet at 8 p.m. in the American Legion Hall.

Ladies Golf Association will have its luncheon at 1 p.m. in the Midland Country Club with Mrs. Frank Johnson, Mrs. Charles Wilson and Mrs. W. D. Lane as hostesses. Members are asked to make reservations early in the week.

Valley View Home Demonstration Club will meet at 2:30 p.m. with Mrs. Jess Davidson, 1201 South Weatherford Street.

SATURDAY
Story hours will be held at 10:30 a.m. in the Midland County Library and its Terminal and Dunbar branches.

Rainbow Girls will meet at 3 p.m. in the Masonic Hall.

Senior Girl Scout Troop 8 Ends Year With Entertainment

Members of Girl Scout Senior Troop 8 were entertained at a party Monday night in the Little House. This was the last troop activity for the year.

Mr. and Mrs. Howard Ford were honored guests. After playing baseball and games, the group danced.

Attending were Sue Johnson, Ronnie Estel, Shirley Harrison, DePhane Tabor, Peggy Charlton, Ben Gray, Ileta Terry, Wayne Richardson, Wanda Burnside, Max Shafer, Joyce Howell, Jo Ann Nelson, Earl Chapman, Obie Stalcup, Toya Chappie, Gloria Anguish, Bobby Manning, Bill Burnside, Ann Boring, Suzanne Young and Graham Mackey. Leaders, Mrs. Don Johnson and Mrs. E. W. Anguish, with Mr. Johnson and Mr. Anguish, chaperoned the group.

Miss Braly Honored At McCamey Dinner

MCCAMEY—Ruby Nelle Braly of Midland, daughter of Mr. and Mrs. S. R. Braly of McCamey and bride-elect of M/Sgt. W. E. Noyes of Roswell, N. M., was honored with a Mexican dinner in the Bluebonnet Cafe Saturday. Mrs. J. L. Robertson and Mrs. James E. Keefe were hostesses.

A fruit arrangement centered the table, which was laid in Mexican motif. Members of Miss Braly's Spanish class were guests and presented her with a gift for which she expressed thanks in Spanish. Present with the honoree and her parents were Mrs. Robert Slagle, Charles Suter, Bill Noyes and James E. Keefe.

DADDY RINGTAIL

By WESLEY DAVIS

Daddy Ringtail And The Great Fall

It happened in the middle of the Great Forest. Sammy Ringtail, the monkey boy, once fell out of the top of the very tall tree—the tree where the monkey house was. It hurt Sammy so very much that he couldn't talk. Dr. Shooobug came like the wind up the Elephant Path as fast as he could run. It was a long time before he said that Sammy would be all right. Then Bobby Ringtail went into

the kitchen, where Mother Ringtail was washing Sammy's clothes, and said: "Mother Ringtail, why did Daddy Ringtail cry?" "Did he really cry?" Mother Ringtail asked, looking down at Bobby with a gentle smile. "Well," Bobby said, "I thought he was crying. If he wasn't crying, then his eyes were sweating." Mother Ringtail sat down on a kitchen chair. She took Bobby up on her knees. "Would it be so

Mother Ringtail smiled very gently. She wanted Bobby to understand. "Daddy Ringtail loves his boys," she said. "Daddy Ringtail saw Sammy fall and get hurt. And that made Daddy Ringtail hurt—just as much as the fall hurt Sammy." "Did it hurt Daddy Ringtail as much as it hurt me—when the cow stepped on my tail?" Bobby asked. "It hurt him even more than that," Mother Ringtail said, "because it happened to one of his boys."

Bobby thought about this, and then he decided that there might be times when a daddy could cry. Anybody can cry if they hurt bad enough, and they don't have to be a cry-baby to do it. Not all the time, but once in a while was all right. Bobby decided, because tears sometimes will wash a hurt away. But did you know that there was once a Train-Chaser in the Great Forest? That's the adventure I'll tell you tomorrow. Happy day!

terrible if Daddy Ringtail cried. Indeed it would, he said. He thought that only girls and mothers cry—never grown-up fathers—and boys, hardly ever. "Daddy Ringtail is my daddy," Bobby said. "He shouldn't cry," Bobby was quite, quite sure about it.

Experimenters in color television report that some types of interference will put rainbows in the picture.

Deep-Frozen Yarn May Confuse Cook

NEW YORK—Keeping Aunt Agnes' knitting out of the icebox may be a future headache of housewives, a household hint in Business Week Magazine forecasts.

The magazine reports that nylon yarn, given a deep-freeze treatment, will be easier to handle and knit, for sub-zero temperatures tend to make it more pliable. It doesn't say, however, how to distinguish it from leftover spaghetti.

Many scientists classify this as an era of electronics, successor to the industrial turnover that came in the previous decade.

Electronic Mechanic Job Listed By CSC

The Civil Service Commission announces an examination for filling vacancies in the position of laboratory electronic mechanic at entrance salaries ranging from \$3,450 to \$5,400 per annum.

Employment will be with various federal agencies in the state of Texas. Application forms and additional information may be secured from the Midland Post Office or from the Regional Director, Fourteenth U. S. Civil Service Region, 210 South Harwood Street, Dallas 1, Texas.

A fine light honey has been produced from Lima bean blossoms in California and Maryland.

Glass that will conduct electricity has been developed with the idea it can be used for a wide variety of heating purposes.

American Angel

Dressed in his angel's smock, six-year-old Johnny McMahon of Boise, Idaho, gets his curls adjusted by younger brother, Patrick, for his role in the Passion Play at Oberammergau, Germany. Johnny, son of Maj. J. McMahon, who commands the military police in Oberammergau, is believed to be the only American ever to have a part in the historic play. (Photo by NEA-Acme staff correspondent Bert Ashworth.)

Alabama Democrats Loyal To National Party Win Election

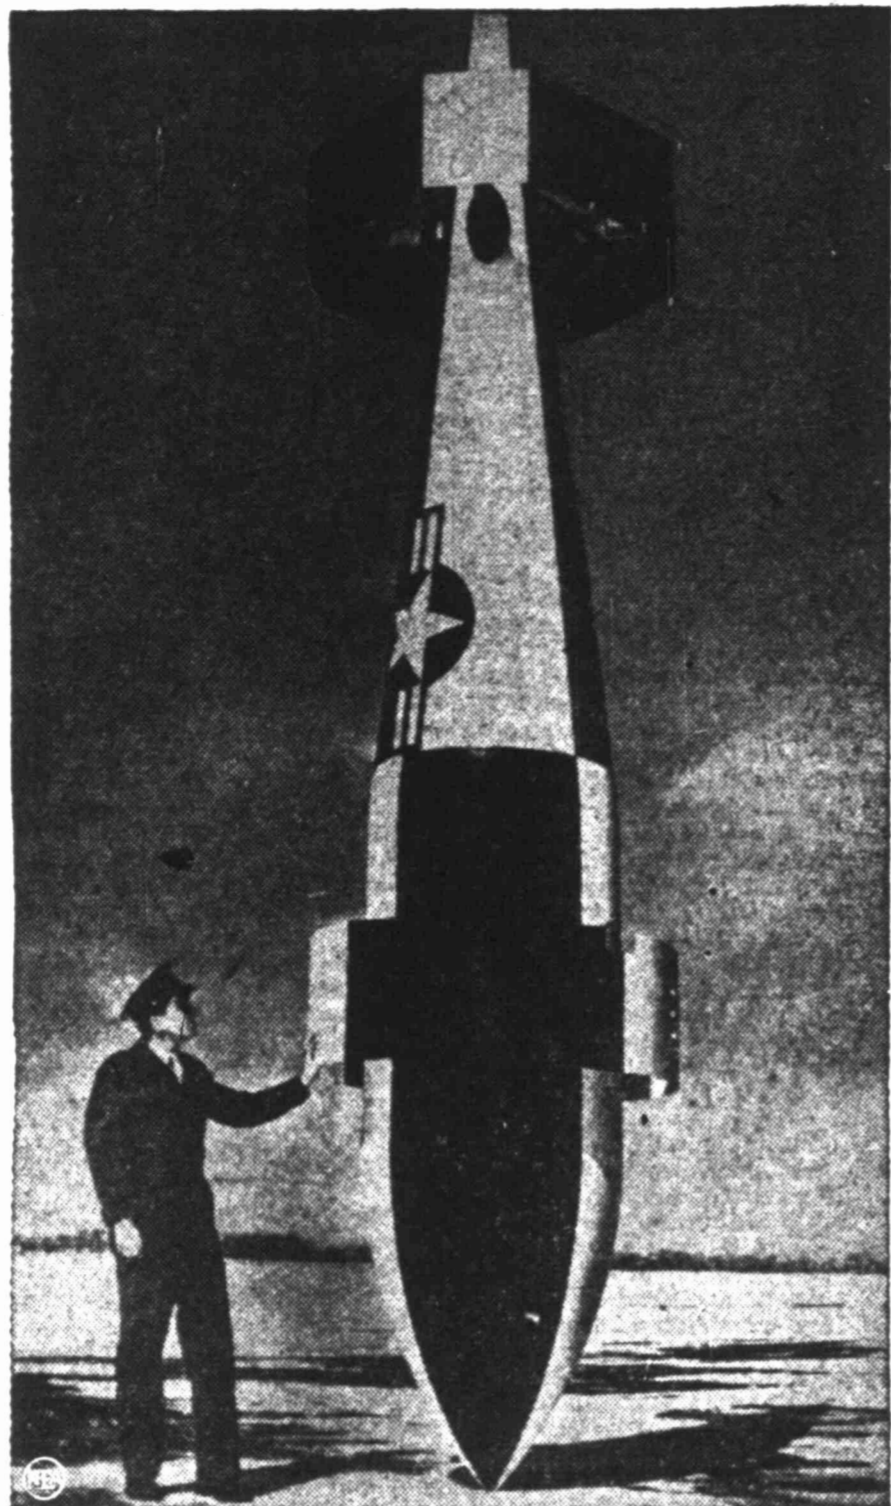

BIRMINGHAM, Ala. —(AP)—Alabama Democrats loyal to the national party have clinched control of state party machinery they wrested from States Righters. Regular Democrats won five of seven places on the State Democratic Executive Committee in Tuesday's runoff primary, on the basis of unofficial but apparently conclusive returns. Loyalists captured 38 seats on the 72-man committee in the May 2 primary, but four places were contested by States Righters. By taking five places in the Sixth District runoff, the regular Democrats were assured of 39 seats—for a majority—even if the contested seats were lost. States Righters added the two runoff seats in the Ninth (Birmingham) District to the 26 won in the first primary. One other winner May 2 was committed to neither side. The majority membership on the state committee thus reverts to regular Democrats. The committee controls party machinery in Alabama. Kenneth A. Roberts, Amniston attorney, apparently won the Fourth District seat in Congress in his runoff with Probate Judge Wilber B. Nolen of Ashland.

Guard Unit Removed From Enka Plant

MORRISTOWN, TENN. —(AP)—A battalion of National Guardsmen has been removed from the strike-ridden American Enka Corporation's plant here. Brig. Gen. D. L. McReynolds ordered the guardsmen from Maryville—58 enlisted men and eight officers—to return to their homes Tuesday night. Withdrawal of one battalion of guardsmen from the strike scene left some 240 officers and men here to preserve order. The troops were sent here Monday to put down disorders after Sheriff Robert Medlin told Gov. Gordon Browning the situation was out of hand. The company meanwhile announced it had resumed shipping rayon products from the plant.

ODESSA YOUTHS TO END OUTING THURSDAY AUSTIN —(AP)— More than 100 Odessa boys and girls will wind up a five-day trip Thursday at Lake Austin Metropolitan Park. The group arrived Sunday for the outing, sponsored by the Odessa YMCA. Attending are members of the Tri-Y and Hi-Y Clubs. Bob Clark of Odessa is adult supervisor.

Blockbuster—1950 Model

Sgt. Robert Craig looks like a midget as he admires a 12,000-pound radio-guided bomb of a type being manufactured by Bell Aircraft at Niagara Falls, N. Y. Designed to be dropped from conventional heavy bombers, the blockbuster is guided to its target by remote radio controls.

Reporter Sticks Head Through Rodeo Pen Crack, Saying 'Howdy' To Mean Brahman

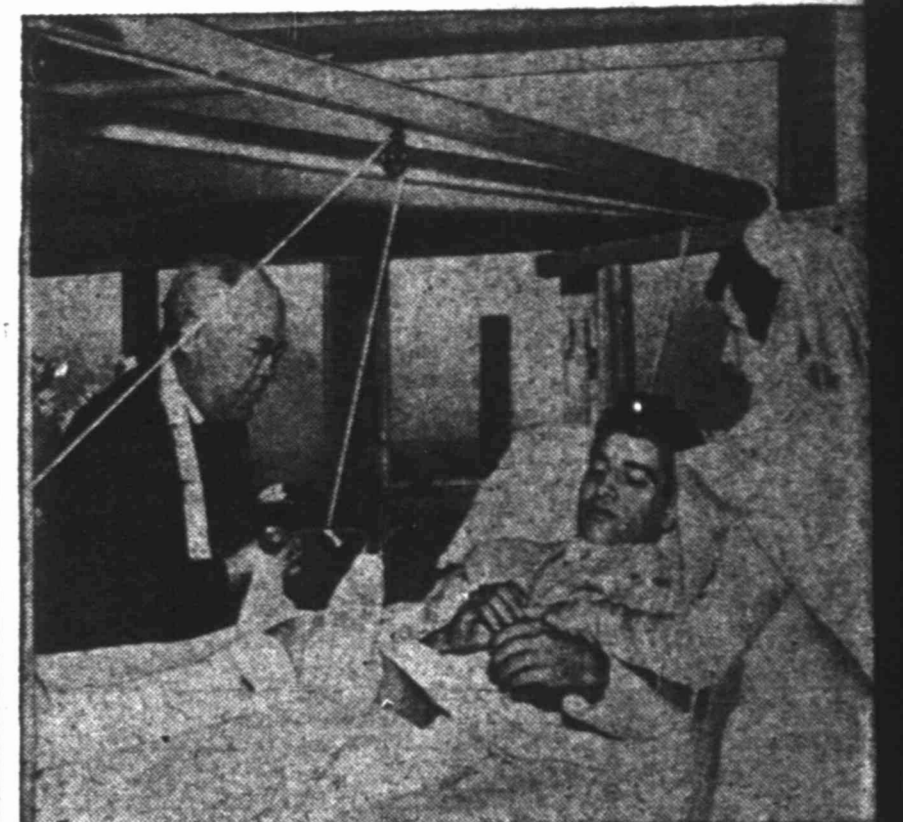

By DALMON McNAIR There are a few head of cattle quartered out at the Midland Fair Grounds, but they aren't the kind you'd want your kids to get within 50 yards of. They're Brahman bulls and brother, if you ever shot the bull you'd take dead aim when one of them started after you. We went out to talk to the animals which are labeled the wildest and toughest in the Southwest. We thought we'd had some tough interviews in our day. You oughta try talking sense to a Brahman. We walked up to a pen where some two dozen Brahmans were milling around and stuck our nose through a crack. "Howdy," we said. "Whadda ya want?" "asked" the meanest looking animal in the Permian Basin. "Just wanted to ask you a few questions about the upcoming championship rodeo, and find out how you feel about being ridden," we meekly answered. "I ain't ever been ridden—and I ain't gonna be, in Midland or Madison Square Garden or anywhere else."

Englishman Acquitted Of Dousing Envoy

NEW DELHI, INDIA. —(AP)—Bearded John Edwards, the Englishman who doused Argentina's ambassador with water in a nightclub squabble, was acquitted Wednesday of assault charges. A crowded courtroom applauded the acquittal verdict. District Magistrate Ramewshwar Dayal in his verdict said Edwards had provoked in his action May 5 in a New Delhi hotel because Ambassador Oscar Tascheret's party persisted in blowing whistles and stopping the floor show. Edwards testified he asked the ambassador to behave and Tascheret laughed at him. After he poured water on the envoy "to cool him off," he said the Argentinian threw a drink in his face. The Englishman was arrested on the complaint of embassy staff members. Edwards' motive was not political as one prosecution witness charged, the magistrate said, since Edwards did not know Tascheret's identity when he knelt the water pitcher.

Alternating current, the kind available in most households, gets its name from the fact it is alternately positive and negative.

The Groom Wore Splints

Salvatore R. Chilone, Jr., of Hartford, Conn., fell and broke his four days before he was to be wed, but he didn't let that interfere with his plans. He is seen in the hospital with his bride, Anna Chilone, 19, as the Rev. Joseph A. Otto reads the marriage service.

Civil War Veteran, 105, Attends Two Holiday Ceremonies

LOS ANGELES —(AP)— For a fellow of 105, Douglas Story showed the youngsters a thing or two about stamina. He's resting Wednesday but he had "a wonderful time" attending two Memorial Day ceremonies Tuesday, even though the exertion left him pretty tattered.

The Civil War veteran, one of the nation's oldest, went with his daughter, Mrs. Dulcy Potee, 66, on the holiday jaunt which involved traveling at least 30 miles, being introduced and receiving an ovation twice.

Story was introduced at the observance in the Veterans Administration Cemetery here where lie 30,000 war dead. It is second in size only to Arlington National Cemetery.

Story was introduced, heard Attorney General J. Howard McGrath give a patriotic address, had his picture taken at a graveside and then was off to another exercise. He had to travel about 15 miles to Los Angeles Memorial Coliseum where in the afternoon Gov. Earl Warren was the principal speaker. The old soldier was introduced to the respectful throng.

Drouth Pinches Panhandle Stockmen

AMARILLO —(AP)— Drouth—the plains country blight which spoiled the 1950 wheat crop—is pinching cattlemen over a wide area of the Texas Panhandle. Dry weather is squeezing stockmen so hard the general cutback of herds, as well as shipments to greener pastures, has become serious.

The troubled areas, where extended drouth seems to be hurting the most, include the North Plains of the Texas Panhandle, north and west of Amarillo. Extended drouth reaches even farther—into Eastern Oklahoma, Southeastern Colorado, the Oklahoma Panhandle and Western Kansas.

The extent of movement of cattle from these parched areas to market is reflected in receipts at the Amarillo Livestock Auction Company. Receipts Monday totaled \$516,049.46 for 4,194 head. This was the largest run for a single day since the firm opened under its present management five years ago.

Particularly significant was the sale of about 1,000 pair of cows and calves—nearly all of them aged drouth-stricken ranges where grass has failed to green up, where cattlemen are tired of feeding supplementary hay and cake.

In the 1930's, the drouth was widespread, everywhere," Taylor said. "There was no place to go. Today there is grass on the east side of the Texas Panhandle and on part of the South Plains."

Mystery Of Death Of Divorcee Still Unsolved By Police

JOPLIN, MO. —(AP)— A coroner's report indicated Wednesday that Gwendolyn Creekmore, 49-year-old divorcee, may have attempted suicide on the night she met a violent death.

Her burned and beaten body was found in her home Sunday night. Coroner W. W. Hurst said considerable quantities of mercurochrome were found in the victim's stomach and kidneys. The coroner said the medicine would not have caused death but it was evidence that she may have attempted suicide.

The post mortem examination failed to determine the exact cause of Miss Creekmore's death. Hurst said, however, death from choking or shock were possibilities. He reported that blows she received on the head were not sufficient to cause death and that third degree burns on the body might have caused unconsciousness but not immediate death.

Police theorize Miss Creekmore was murdered and her body set afire. She was the adopted daughter of the late W. J. Creekmore, wealthy Oklahoman.

Night croakings of the frog in his country pond produce various musical patterns on a sound spectrograph, scientists have found.

Every Woman Should Ask Her Husband THIS QUESTION . . . "Will we always have a home?" You and your husband have worked hard, saved and sacrificed to get it and to make it comfortable for your family. Since your home is one of the most important things in your family's life, you want them always to have the feeling of happiness and security that your home provides. One of the greatest hazards to the family home is the fact that the husband might not live to pay off the mortgage. This is an important question and Mortgage Insurance is the most practical answer. State Reserve's Mortgage Insurance plan is tailored to fit the obligation of your mortgage at a surprisingly low premium. Call your State Reserve Agent today; find out how easy it is to make sure your family will always have a home.

COLLEGE GRAD CROP GROWS

Graduates are pouring out of the nation's colleges in ever increasing numbers, this year's crop being an estimated record 450,000. Today there are about 4,500,000 living college graduates; some educators predict that 20 years from now there will be 10,000,000. One result is increased competition for jobs among graduates, with more and more beginning jobs requiring college degrees.

Conference Urges UN Negotiations To End Cold War

CHICAGO —(AP)—An end of the cold war with Russia through negotiations within the United Nations was urged in statements adopted Tuesday by the Mid-Century Conference for Peace.

Some 1,200 delegates recruited through 116,000 notices to churches, clubs and groups organized specifically to prevent war joined in the two-day conference.

In a statement of policy, the conference said it was "convinced that the possibilities for negotiations with the Soviet Union have not been adequately and sincerely employed."

It hailed Trygve Lie, UN secretary, for his "courageous effort to bring about understanding and negotiations between the principal powers of the world in the interest of ending the cold war through negotiations within the UN."

Pledge Support

"We stand with you and pledge our continued support in the determining will of the people for peace."

Lie, in a message to the conference said "The examination of avenues for peace are the obligation of every citizen."

Forty-three persons were listed as initiating sponsors of the conference. Dr. Willard Uphaus of Chicago, executive secretary, said the movement started when Dr. Thomas Mann, noted author, and Albert Einstein, famed scientist, met last year and formed a continuing committee. A policy committee of 20 members will be named to continue the work of the conference.

CARNIVAL

"Good afternoon, sir! For a while it looked as though there was nobody home at your place!"

America, Praying For Peace In Memorial Day Services, Pledges Stand For Freedom

By The Associated Press

Americans paid tribute to their dead Tuesday with prayers for peace and pledges to remain firm against tyranny and oppression.

General of the Army George C. Marshall led the nation's Memorial Day services with a call for support of the United Nations as a forum "where words can be used instead of bullets."

President Truman, on a holiday cruise aboard the presidential yacht, had sounded the keynote of the observance in a proclamation calling on his fellow citizens to "unite in prayer x x x for divine aid in bringing enduring peace to a troubled world."

Spring flowers and small American flags decorated the graves of America's war dead in countless cemeteries here and abroad.

"The Communist mayors of Anzio and Nettuno, two famous Italian beachhead towns in World War II, spoke in tribute to Americans who fought and died there."

"The Americans were brave boys," said Mario de Franceschi, mayor of Nettuno. "I saw them fight. I hope there will never be another war. That's the hope of humanity."

Services were held in Britain, France, Germany, Belgium, and on the far-flung islands of the Pacific.

General Marshall spoke beside the tomb of the Unknown Soldier in Arlington National Cemetery, across the Potomac River from Washington.

Another war would shatter the world, he said, but even that is "better than appeasement" and "far better than submission to tyranny and oppression, because without freedom and respect for human dignity life would not be worth living."

In London, U. S. officials paid homage to American dead in two world wars, and at grim old Dartmoor Prison, decorations were placed on the graves of Americans who died there as prisoners in the War of 1812.

Six Nations Ready For Steel-Coal Pool

PARIS —(AP)— Six European nations Wednesday were ready to pool their coal and steel industries but Britain maintained a "wait and see" attitude toward French Foreign Minister Robert Schuman's Economic union plan.

The French Foreign Office announced Belgium, Luxembourg, Italy, The Netherlands, West Germany and France had agreed to set up an international authority to administer their coal and steel production.

The six nations will meet next month to work out the pool arrangement and put it into effect.

British sources in London said their country was anxious to join in the talks but had refused a French invitation to approve the French plan before the talks start.

The British, these sources said, felt they had been asked to give a binding commitment before learning how the merger would affect their industries.

Brooklyn Teen-Age Gangs Trade Pistol Shots With Cops In Memorial Day Affray

NEW YORK —(AP)— Two gangs of Brooklyn teen-agers traded 40 pistol shots Tuesday in Memorial Day gunfights before police could get them under control.

The junior gunmen used both real pistols and homemade "zip guns"—the latter put together with pipe and springs, and strong enough to fire small cartridges.

The gangs, negro groups from the tough Bedford-Stuyvesant section, were the "Nits" and the "Greene Avenue Stompers."

Liberty Bell Visit Opens Independence Bond Drive Here

The 1950 Independence Savings Bond drive opened officially here Tuesday afternoon when an exact replica of the famed Liberty Bell, symbol of the bond sales campaign, rang out loud and clear during a three-and-a-half hour visit. The bell, which arrived at 12:30 p.m., was on display in front of the courthouse on Wall Street.

A ceremony was held at 2 p.m. in connection with the bell's visit to Midland. John P. Butler, Midland County U. S. Savings Bond chairman, presided, and the prayer of dedication was by the Rev. Robert J. Shell, rector of the Trinity Episcopal Church.

Other speakers included City Manager W. H. Oswald, County Judge C. C. Keith, Mrs. Nancy McKinley, representing the Midland chapter of Daughters of the American Revolution; Perry Pickett, American Legion; Leonard Miller, Veterans of Foreign Wars; Robert Pugh of Lubbock, national service officer for Disabled American Veterans, and Delbert Downing, manager of the Midland Chamber of Commerce.

Slogan Cited

Butler announced the 1950 bond drive and stressed the importance of meeting local, state and national quotas. He reviewed the history of the Liberty Bell replicas now touring the nation, and urged his listeners to "Save for your Independence," which is the campaign slogan.

Midland County's quota in the Independence Drive is \$187,000. The drive ends on Independence Day, July 4.

Following the ceremony the bell remained on exhibit until 4 p.m., with scores of persons inspecting and ringing it.

The bell is transported on a specially designed truck.

When PeeWee Reese of the Brooklyn Dodgers recently was ejected by an umpire, it marked the first time he had been thrown out of a game in more than 1,000 major league contests.

Despite the hall of lead, casualties were light. One boy was nicked behind the ear with a bullet, and the forehead of another was creased with a flying slug.

For at least two weeks the gangs had advertised their plans for a showdown in Prospect Park on Memorial Day—a traditional date for gang grudge fights, and police had saturated the area with 106 patrolmen.

Reaches Killing Stage

The feud had reached the killing stage last April 28, when a 15-year old Stomper, Raymond Wilson, was stabbed to death in a six-block battle that brought 17 arrests.

Although police were pretty well prepared Tuesday for the park fight, the first outbreak started on a street about a mile away.

Sixteen youths suddenly began shooting it out in Lincoln Place, between Utica and Schenectady Avenues. Women screamed, apartment dwellers ran to the windows, and passers-by caught on the street dived for shelter in doorways and gutters.

William Siegfried, an off-duty patrolman, was walking into church with his three-year-old daughter, Joan, when the shooting started. Shoving her into a doorway, he drew his gun and badge and moved into the fray, ordering the boys to disarm. He arrested one and a traffic patrolman tackled another, but 14 escaped.

The second fight came in the park itself and was quickly broken up by the waiting police. About 20 boys were involved. Thirteen were captured. Those with weapons were charged with violation of the Sullivan (concealed-weapons) Act, and the others were booked for adolescents court.

Chow Down

Stretching for that next bite of breakfast are these three baby robins, whose home is a nest on the bedroom window sill in the home of Gertrude Celico of Cleveland, Ohio. Mrs. Robin doesn't know it, but her choice of a homestead has prevented the Celicos from opening the window or putting up a screen. Not until the babies are flying size will they be evicted.

South African Leader Reported Improving

JOHANNESBURG, UNION SOUTH AFRICA —(AP)— Field Marshal Jan Christian Smuts was reported making satisfactory progress Wednesday after a pneumonia attack. He is 80 years old.

An official bulletin said Smuts' wartime leader is responding to treatment.

Smuts earlier had been reported suffering from a back ailment attributed to a sciatic nerve. Sunday he cut short a week-observance of his birthday because of illness.

The first broadcast of a presidential inauguration was of Coolidge's in 1925. The first cast of such an event was that of 1949 of Harry S. Truman's.

The Wise Builder Looks Ahead To A Shepard Roof

The wise builder looks ahead when selecting materials and especially does he place importance on the type of roofing materials which will stand the test of time.

Trout Poachers Are Cleaning Up

LONDON—(AP)—Highly-organized gangs of poachers are making fortunes raiding trout and salmon streams of England and Scotland. To get the fish which they sell in London and other cities they use explosives, poison and electrical devices to stun the fish, says a committee set up by the secretary for Scotland.

Many of the poachers are making \$280 a night by raiding salmon and trout, the committee says. To break up poaching the committee suggested watchers for rivers and lakes, confiscation of equipment, including cars and boats; wider powers to search and license for dealers in salmon and trout. Now the maximum penalty for salmon or trout poaching is \$14.

Rustlers Terrify Burmese Villagers

RANGOON—(AP)—Cattle rustlers have halted rice cultivation at Kodang, a large village south of Rangoon, according to the Rev. U Ottama, a Buddhist monk.
U Ottama, here to seek government protection for the farmers, said the village-folk are considering mass evacuation of their homes. The monk said the rustlers are also kidnapping for ransom the more wealthy among the farmers. He stated the village was "terrified beyond words."

Lightest honey found in the U. S. probably is that made from wheat in the northwest.

In addition to replacing roofs, there is a large labor cost. This can be avoided to a great extent when permanent type roofs are installed by expert workmen.

Shepard Roofing Company, 1811 West South Front Street, can show you figures to prove that the cheapest roof in the long run is the one which is made of quality materials. Clay tile roofing, which the firm handles, will stand the test of time to bear out the laboratory tests. You will be surprised at its comparatively low cost.

All quality roofing material is handled by the Shepard Roofing Company, including composition, cedar and asbestos shingles. Asbestos siding also is stocked by the company.
Uninterrupted Service
Something else which should be taken into consideration is the uninterrupted service of a roof made from quality materials. Inferior roofs, besides adding greatly to the maintenance cost, also can be expensive in the loss of service when the need for repairs occurs.

The Shepard Roofing Company also carries a complete line of sheet metal, in addition to rock wool insulation. Estimates will be given gladly on any type of residential or commercial work which calls for sheet metal installation.
The management requests that you check with Shepard Roofing before beginning that next job of construction or repair.
The telephone number is 887.

Movie Causes Lion Shortage In Europe

ROME—(AP)—Europe is in for a lion famine this Summer. Except for zoos, there'll hardly be a lion to be seen. Circus won't have them.
The reason: the movie "Quo Vadis," being filmed this Summer at Cinecitta outside Rome, had to have 50 to 60 lions for its Circus Maximus scenes. And that's just about as many lions as there are in postwar Europe. The film producer leased the whole lot of them.

(Continued From Page One) porters and attending to personal business matters in his Midland office.

A busy schedule will keep the congressman well occupied during the remainder of the week. He will be in Fort Stockton Thursday and El Paso Friday, Saturday, he and Mrs. Regan will attend a barbecue in Alpine, and Sunday he will head back to the nation's capital, Mrs. Regan will return to Washington Tuesday or Wednesday. Regan addressed Odessa Jaycees there Tuesday noon.

PARIS HAS HORN TROUBLE PARIS - (P) - Prefect of Police Roger Leonard has promised a deputa-tion of municipal councillors he will see what can be done about reducing the noise of motor-horns in Paris. A suggestion that use of horns might be banned entirely was rejected on the ground that it would slow traffic and make the congestion worse.

TOUGH STOCK The veteran rodeo producer said the stock he brought here this year is by far the wildest, toughest and meanest he ever has handled. He expressed some concern as to whether the cowhands will be able to handle the broncs, steers and Brahman bulls.

GOVERNOR - (Continued From Page One) private plane from Austin at 10:30 a.m. He was met at Midland Air Terminal by a group of Midland civic leaders, including Tom Sealy, attorney; Clarence Scharbauer, Jr., president of Midland Fair, Inc.; City Councilman H. E. Chiles, Jr.; Robert L. Wood, Chamber of Commerce president; City Manager W. H. Oswald and Chamber of Commerce Manager Delbert Downing.

GOVERNOR - (Continued From Page One) The governor was to make an appearance at the Midland Country Club at 2 p.m. to meet and visit with golfers participating in the PGA tournament underway there.

GOVERNOR - (Continued From Page One) Following the reception in the hotel, Governor Shivers conferred with representatives from area cities and counties. Representatives from McCamey, Odessa, Snyder, Andrews, Big Lake, Big Spring, Stanton, Kermit, Monahans, Fort Stockton, Seminole, Lamesa, Pecos, Garden City and other Permian Basin Empire cities were present.

GOVERNOR - (Continued From Page One) Parathion and tetraethyl pyrophosphate sprays have been found effective against green bug, a pest damaging wheat, oats and barley.

Independents Sweep Korean Elections

SEOUL, KOREA - (P) - Independents snowed under government members and party regulars as returns reached the two-thirds mark in South Korea's first self-conducted election.

With returns reported for 140 of the 210 National Assembly seats, the Independents had taken 84.

Both are supporters of President Syngman Rhee, who holds office for another two years.

The anti-Rhee Democratic Nationalists captured 12 seats.

The election indicated primarily that South Koreans want new faces in their one-house Legislature. It is not known how the Independents will line up. Some are party stalwarts who failed to win nominations.

Voters disregarded warnings from Rhee that outlawed Communist Party members might run under Independent labels. In this sense, at least, the election was a sound defeat for the Administration.

Rhee indicated the Administration would crack down on some candidates suspected of disloyalty. "We have the proof," he said.

Accused Czech Pleads Guilty Of Spying For West

PRAGUE, CZECHOSLOVAKIA - (P) - The top-ranking defendant among 13 accused of plotting with Westerners against the Czechoslovak government pleaded guilty at the opening session of the trial Wednesday, the Prague radio reported.

The defendant, a woman named Dr. Milada Horakova, testified that "the National Socialist Party's functionaries were receiving their directives from the American, British and French diplomats," she broadcast said.

Dr. Horakova, a former deputy of the now-outlawed National Socialist Party, told the court she considered herself guilty of sabotage and spying.

With the others, Dr. Horakova is accused of organizing the biggest underground group discovered in Czechoslovakia since the Communist Party came to power early in 1948.

The defendants were linked in the indictment with the late Laurence Steinhardt, former U. S. ambassador to Czechoslovakia; former French ambassador Maurice Deleane, and many other western diplomatic officials and newspaper correspondents.

Some fruits and vegetables are raised in the valleys of Tibet.

Acheson-

(Continued From Page One) system the United States, officials say, would spend relatively more on Air Force and Navy than on Army development.

"The President has authorized me to say," Acheson declared, "that he supports Secretary Johnson and me in our view that we must make this principle work, for we can see no other way to accomplish the job of defense and at the same time to get ahead with the constructive task of building a successfully functioning economy in the free world."

Discussing costs, Acheson said that "a very large economic and financial effort" is needed to meet what he called "a dangerous situation."

"The work of the North Atlantic Treaty organization in the first year of its existence has shown that the task of defense is so large, its cost in labor and material resources so high, and the problem of security so indivisible, that only a combined effort will be adequate."

Rhee indicated the Administration would crack down on some candidates suspected of disloyalty. "We have the proof," he said.

This was viewed as a plea for congressional approval of a \$1,225,000,000 second-year American arms aid program which President Truman is expected to submit to Congress this week.

The program, approved by the State Department and the Budget Bureau, proposes spending an additional \$1,000,000,000 for arms in nine Atlantic Pact nations and the balance in other nations in the path of possible Communist aggression. The funds would be available for use during the fiscal year starting July 1.

No Immediate Threat Acheson reported he had found at the London meeting "a new vigor in European life and European leadership."

"The Atlantic Community is on the right road," he said. "We have gone some distance down it, and we know where we are going."

In noting that none of the 12 foreign ministers said anything which "indicated that there is an immediate threat of war, Acheson said:

"It was our unanimous view that this is not the problem. The problem is to meet a threat which, in view of the known program of the Kremlin, will exist unless we act now to prepare our defenses against aggression. x x x

"We hope never to need them. But so long as any dictatorship builds powerful armed forces, so long must democracies, if they are to be left in peace, evidence their determination to defend themselves by maintaining adequate forces in being and an adequate state of preparedness."

Riots-

(Continued From Page One) submitted to luggage inspection at the railway station, where most took trains to their West German homes.

Luebeck police said between 2,000 and 3,000 policemen now patrol the 60-mile Schleswig-Holstein border line, charged with enforcing the order for medical examinations for all Communists returning from the huge but peaceful Whitsun demonstrations in Berlin.

Many of the police were mounted. Others patrolled with dogs. Heavy police trucks lined up across roads to halt possible mass breakouts.

The 7,000 youths massed in Luebeck shouted defiance at 1,000 German police. From across the border they waved their huge flags, shouting "Long live Stalin, only friend of the German people."

By evening, however, many of the Luebeck blue-shirts were sneaking away to submit to the medical examinations. Cries of "traitor" were hurled at them by their comrades.

Along the American zonal border, police from inland towns swarmed to the crossing points at Hof and Coburg to back up border police units.

PICKUP RECOVERED

A pickup reported stolen last week by the Car-Trux Rental Company here has been recovered in Snyder. Police Chief Jack Ellington said Snyder officers found the pickup abandoned. No arrests have been made.

PROWLER REPORTED

A prowler was reported Tuesday night at 600 South Pecos Street. Officers investigated but could not locate anyone in the area.

Haskell Nosecount Bears Out County To City Movement

LUBBOCK - (P) - The population of Haskell County dropped from 14,006 in 1940 to 13,619, 1950, census figures show.

District Census Supervisor Whiteley released figures for Haskell County Tuesday. The City of Haskell showed a gain of 781 from 3,051 to a figure of 3,832.

Whiteley said a decline in the all population of Haskell County is in line with a trend shown movement toward the cities.

"All counties within our district which are predominantly agricultural have borne out this fact," he said.

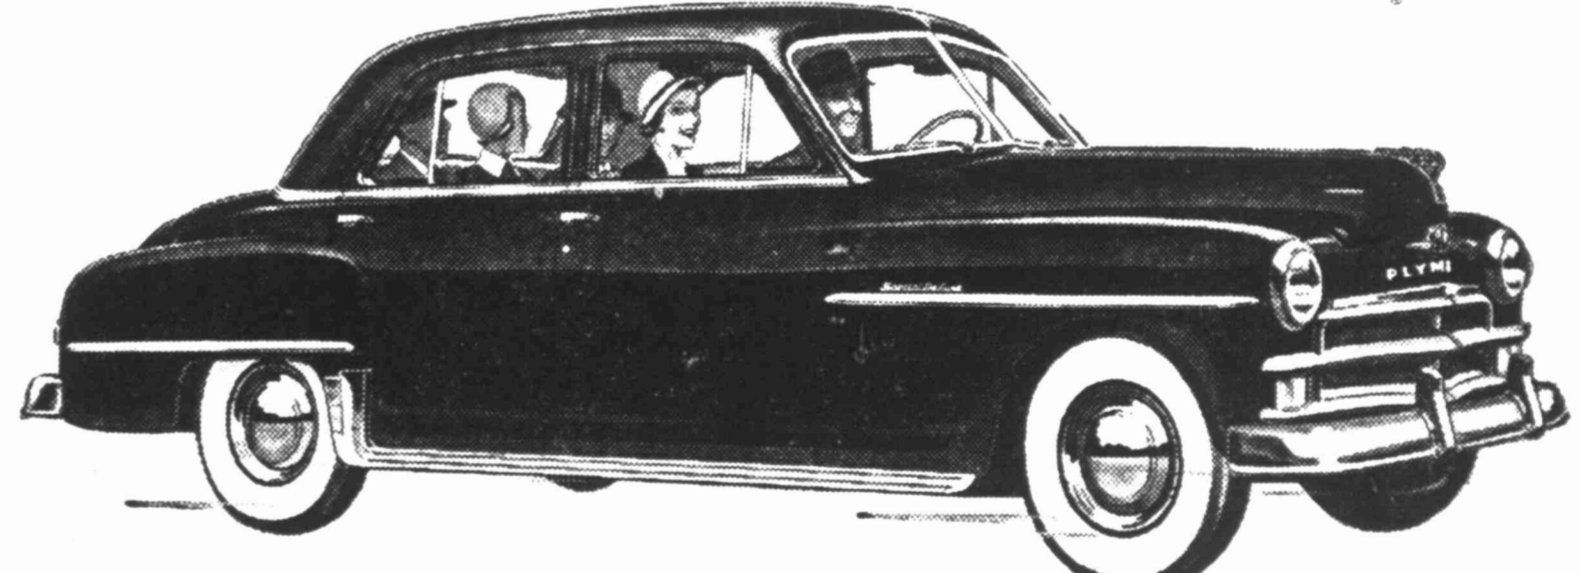

Population totals of other counties in Haskell County showed: Rule from 1,195 in 1940 to now; Rochester from 611 in 1940 to 767; Weiner, which was not incorporated until 1944, a total of now.

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, MAY 31, 1960

Klein Tops Field With 135; Pro-Am Related Wednesday

Chuck Klein, the hefty belter from San Antonio, fired a 66 Tuesday at Midland Country Club to come into his own in the qualifying round for the National PGA. Klein's was the best score of the day and most folks figured it more like the scores Klein should be posting.

Raymond Gafford, the defending champion of the Texas PGA, shot a 137 but was tied with Gene Mitchell in Plainview. Both were one stroke back of Frank Champ, a former state PGA winner now playing out of Lake Charles, La. Eddie Forrester of Hobbs, N. M., topped in winning a place in the fifty with his 138. Five places were decided for the national tournament in Tuesday's round here. Troy Marti, the Houston pro who won the pace Monday, came in with 80 in Tuesday's round. Byron Nelson rolled in late Tuesday but didn't have time to get in practice round. He will be one of the favorites in the state tournament, however. Nelson was to play Wednesday's Pro-Amateur. The PGA meeting—a closed affair—was held Tuesday night and officers were elected. H. T. Hornsby, Odessa Country Club pro, presided.

Wednesday's field was expected to number more than 150 with dozens amateurs battling for the 96 qualifying places for the State PGA tournament which opens Thursday. Texas professionals do not have to qualify.

The results of Tuesday's qualifying round follow:

Name	Score
Frank Champ, Lake Charles, La.	67-69-136
Byron Nelson, Houston	72-65-137
Gene Mitchell, Plainview	71-66-137
Eddie Forrester, Hobbs	68-70-138
Troy Marti, Houston	70-70-140
Ed Bost, San Angelo	68-72-140
Walter Ward, Corpus Christi	71-70-141
Beckman, Houston	75-67-142
Phie Williams, Houston	66-75-141
Tommy Adams, Paris	70-73-143
Bill Calderwood, Brownwood	70-73-143
T. Hammett, Breckenridge	70-74-144
Tommy Widener, Kilgore	74-71-145
Jimmy Whitcher, Marshall	75-71-146

Name	Score
Warren Smith, San Antonio	73-73-146
Beard Mims, Dallas	73-74-147

WT-NM League

Lamesa Wins Under New Skipper Beeler

A couple of victories over Amarillo Tuesday night gave Albuquerque the runnerup spot in the West Texas-New Mexico League. By itself.

The Dukes broke a second-place tie with Lubbock by bouncing the Gold Sox 12-7 and 9-4.

Lubbock, meanwhile, took advantage of walks and errors for six unearned runs and a 7-6 victory over Abilene.

In other games, Borger clung to first place with an 8-5 decision over Clovis and new Lamesa, Manager Jodie Beeler helped the Lobos beat Pampa 10-4.

Beeler hit his eighth and ninth home runs of the year. He was named manager Tuesday to succeed Jay Haney, who resigned as manager because of his health. He will continue as a player, he said, as long as the club needs him.

Catcher Everett Johnson made his pro baseball debut in 1947 by hitting a pinch home run with the bases loaded for Hutchinson, Kan., in the Western League.

End In Deadlock

Wally Harden of El Paso, left, fired a 64 on the last 18 holes at Midland Country Club to come from behind and tie Elroy Marti, right, Houston professional in the qualifying round for the USGA National Open. Both golfers had totals of 133 for the 36 holes. Harden's pair of 32's on his last round are the best for 18 holes this week.

Washington, White Sox Make Big Swap

WASHINGTON—(P)—Clark Griffith wants to keep his Washington Senators in or near the American League's first division and he thinks "a young infield combination" will do the trick.

"Bucky Harris wanted Cass Michaels for second base and I went out and got him," was Griffith's explanation of the six-player trade with the Chicago White Sox announced Tuesday night.

"It's the first good infield we've had since my 1923-24 team and you can't go any place without a good double-play combination," Griffith added.

The deal sent First Baseman Eddie Robinson, Pitcher Ray Scarborough and Second Baseman Al Kozar to the Chicago White Sox for

SPORTS SLANTS

by SHORTY SHELburnE

Pat Lorenzo, the ex-Longhorn Leaguer, has been shipped to Lufkin by the Longview Texans.

Carl Carter, the Lufkin manager, has been trying hard to get his hands on Lorenzo and finally succeeded.

He might know just how to talk to Lorenzo to make him hit, too.

Pat clouted a three-run homer in his first game with Lufkin.

A good story recently came out about Lorenzo. It happened while Pat was with the Big Spring Bronchos, who brought him into baseball.

None of the Bronchos were mch at reading menus so Pat, like all the others, pointed out what he wanted.

The story says he succeeded in ordering three bowls of soup, having pointed to three things on the bill of fare.

He did all right with the first two but had to pass on the third.

Max Harris, the ex-MHS Indian hurler, is trying to get together a semi-pro team to enter in the National Baseball Congress District Tournament slated here June 24-25 and July 1-2.

Several players have joined up but he probably could use some more.

Anyone interested should get in touch with Max. If you can't find him anywhere else—he's always at the ball park when the Indians are playing at home.

All white or Latin American teams in the area are invited to enter the big NBC tourney. You can get full details by getting in touch with this writer.

Invitations are being mailed out to many teams in the area but it is highly possible we don't have yours listed. Just the same, you are invited. You'll have to enter right away, however.

One of the most interested and interesting figures on hand for the Texas PGA here is Molly Hardwicke, the striking and sharp young daughter of Pro and Mrs. J. C. Hardwicke.

Molly hopes to be quite a golfer herself one of these days. She is going to take lessons from her dad.

The young miss attracts much attention among the pros as she flits about the clubhouse area.

Chances are she is the hit of the tournament.

Gene Mitchell of Plainview came within one stroke of tying the course record for nine holes at Midland Country Club Tuesday.

He fired a 30 on the last nine for the best nine holes of the week so far.

Jack Maloy of Tulsa, Okla., owns the course record for nine—a 29.

We doubt if it will be tied or beaten because 29, my friend, is mighty low for nine holes on anybody's course.

A total of 95 men have managed teams in the American League since it was formed in 1901.

Blair In Relief Stint Again As Indians Triumph

The Midland Indians, after doing duty in the serving line at a barbecue for Gov. Allan Shivers Wednesday noon at Indian Park, moved to Sweetwater to open a five-day road trip.

LeRoy Jarl is the probable starter against the Swatters in the opener. Ernie Nelson will go Thursday night.

The Goose Scoreboard, a novelty attraction, will be on display at Indian Park when the team returns home June 5.

The Midland Indians scored five runs in the first inning Tuesday night at Indian Park and coasted to a 9-6 win over the Vernon Dusters to sweep the two-game series.

Glen Patton, the starting hurler, had to have help from Ralph Blair in the eighth. Blair put the Dusters down in order in another great relief stint.

The Indians were off to a good start when Cutton Russell had control trouble and walked four men in a row after Scooter Hughes had opened with a double in the first.

Kenny Jones, Jim Prince, Tex Stephenson and Quentin Basco were the men getting free passes. Bob Phillion gained first on an error after Prince had walked.

George Firnback's single greeted Ken Faulkner as he came on to relieve in the initial frame with one out. Hughes, Jones, Prince, Phillion and Stephenson crossed the plate.

Patton kept the Dusters in check until the fourth. Singles by Bill Peeler and Carl King and a walk to Arnold Davis gave Vernon two runs.

But the Indians got those two back and then another one in the last half of the inning.

Lou Dawson walked, Jones got on by an error and Prince singled, leading the bags.

Stephenson again. Phillion forced Prince. Tex Stephenson, who was the hero of Monday night's game, lined a single to center to drive in Dawson and Jones. Arnold Davis booted the ball and Phillion scored and Stephenson went to third on the error.

A single by Bill Windham and a double by Bill Peeler gave Vernon another run in the fifth.

The fighting Indians got it back in the sixth. Kenny Jones singled

and advanced home on a wild pitch after moving to third on two outs. That was all the Midland scoring.

Singles by Larry Roach and Art Herring and two errors added a pair of runs for Vernon in the sixth.

Blair Puts Out Fire. Carl King's triple and Roach's single produced the final Duster tally in the seventh.

Ralph Blair came on in the eighth after Patton had given up two consecutive hits. Blair got the next two men on a pop-up to first and a strikeout. Patton got credit for the victory.

Texas League—

Fort Worth Gets Another One-Run Win Over Tulsa

By The Associated Press

Much has been made of Fort Worth's hitting but the fact remains that if the opposition can't get as many as the Cats there's little chance of overtaking them in the Texas League race.

Take Tuesday night: Fort Worth won its thirty-fifth game of the campaign 2-1, doing it with seven hits. But Tulsa, the victim, got only three.

Bobby Bragan, who manages the Cats and also does a lot of the catching, was the man of the moment again. He hit two doubles to drive in all the Cat runs.

One-run defeats are all the vogue in the league this year. There probably are more than ever before. Tuesday night's was Fort Worth's fifth one-tally decision over Tulsa in seven games.

Houston also is a one-run loser. The last-place Buffs have lost three games by one score in three nights. Tuesday night they took a 3-2 trimming from Beaumont as Ernie Nevel kept eight Houston hits well-scattered.

Ocearomps

It wasn't a one-run affair at Oklahoma City, however, where the Indians scalped Dallas, 10-6 with 23 hits bouncing off the bats of both teams—Oklahoma City getting 13 of them. The Indians got six runs in the eighth to nail down the decision.

Shreveport pushed into a tie for sixth with Dallas by licking San Antonio 7-2, each club getting seven hits. Charley Grant homered with a man on base for the Mission tallies.

The current season of harness racing at Roosevelt Raceway is the 11th campaign for the Westbury, N. Y., track.

Johnny Parsons Wins Memorial Day Auto Race

By DALE BURGESS
INDIANAPOLIS—(AP)—It was top billing for Johnny Parsons in the auto racing world Wednesday.

The one-time child vaudeville star added the 500-mile Memorial Day Race victory Tuesday to his 1949 National Driving Championship.

The blue-eyed, slender pilot from Van Nuys, Calif., got an assist from a rain-storm that stopped the contest at 345 miles. But he had driven that far faster than he had traveled in 33 previous "500's."

Parsons did it with style, or call it born-and-bred showmanship, in his Harley yellow Kurtis-Kraft.

He and Mauri Rose of South Bend, Ind., three-time winner, swapped the lead four times in the first 275 miles. The third time Rose zipped past Parsons on the main straightaway. Parsons whooshed around Rose about 100 feet down the track—driving with one hand and waving to the crowd.

It was only the second Indianapolis race for Parsons, who ran second last year to Bill Holland of Reading, Pa., for a neat two-year average. Parsons' speed was 124.002 miles an hour for the distance although the caution light slowed the field to 90 miles an hour for almost five minutes after the rain started.

New Record?

There was no exact comparison with Holland's record speed at the same stage of the completed 1949 race. At 300 miles Parsons had averaged 124.607 miles an hour, compared with Holland's record of 121.009 for that distance.

Holland was the only leader Tuesday besides Parsons and Rose and might have come closer to a repeat victory if he hadn't lost time on a false stop at the pits. Trying to stop for fuel, he overshot his pit and had to make another circuit of the track under speedway rules.

It took nine hours for the American Automobile Association timers to determine who was second.

Tony Bettenhausen of Timley Park, Ill., had been given the runner-up spot on the unofficial figures, but the official report took a lap away from him and dropped him into fifth. Bettenhausen was driving relief for Jolie Chittwood of Reading, Pa., in the Wolfe Special.

The revision moved Holland into second, giving him three seconds and a championship in four tries.

Texas Fourth

The check also placed Rose in third place, ahead of Cecil Green of Houston, by 99 100 of a second. Rose had been ranked, unofficially in fifth, behind Green, and had posted a complaint that Green passed him illegally while the caution lights were burning. Because of the revision, the protest was not considered.

Green remained in fourth place because of Bettenhausen's drop.

It was the first time in four years a Blue Crown won the race, but owner-designated Moore of North Hollywood, Calif., didn't do too badly. He had Holland second, Lee Wallard of Altamont, N. Y., in sixth and George Connor of Los Angeles in eighth.

The revision dropped Connor from sixth and moved Wallard up from seventh.

Rain Stops Race

The rain stopped one of the best races since the first Memorial Day classic in 1911. It was, by far, the best field ever, as shown by the tremendous speed and the amazing durability of the hard-pushed cars. Twenty-five were still running at the finish for another record.

There wasn't a serious accident, although two drivers did fancy skids and spins which helped influence the management to stop the race.

Most of the racers were reluctant to pull off the track in the first light shower. Some took another lap or two in spite of the red light. Then the rain began falling in buckets and the boys gave up.

Rose, running in his fourteenth Memorial Day race, had one of the day's narrow escapes. A crewman's clothing caught fire as Rose's Howard Keck Special was being refueled. He and the car were doused with chemicals and the fuel did not ignite.

The crowd was estimated unofficially at about 150,000.

Thomas Appeals For His Freedom

WASHINGTON—(AP)—J. Parnell Thomas, former congressman convicted of padding his office payroll, has appealed to President Truman to free him from prison and cancel an unpaid \$10,000 fine.

Under White House routine, the petition was sent to the Justice Department, where a spokesman said Tuesday there has been no recommendation made on it.

William H. Collins, who represented Thomas at his trial last December, told a reporter the petition was sent to President Truman "quite some time ago."

Thomas, a New Jersey Republican, was convicted of defrauding the government by putting on his payroll persons who did no work and arranging for them to kick back their salaries to him.

Sentenced to six to 18 months in prison and fined \$10,000, he will become eligible for parole June 6. If paroled, however, he still would be liable for the fine.

Collins said he understood Thomas was not able to pay the fine.

MIDLANDERS' MOTHER DIES AT SAN ANGELO

SAN ANGELO—Mrs. F. H. Estep, 42, died at her residence here Monday.

Funeral services have not been scheduled pending word from a son who is with the Navy in Sicily.

Among survivors are two sons of Midland, Alvin and Corbett.

Dodgers' Chief Scout Cheers For Opposing Player

BROOKLYN—(AP)—Dick Sisler, Philadelphia left fielder, caught the ball on the fat of his bat and banged it against the rightfield scoreboard for a triple.

Over on the Brooklyn side of the field, the Dodgers' chief scout, a slender fellow with a weather-beaten face, beamed.

Sisler later connected again and this time the ball was out of a screaming single.

The old Dodger scout couldn't contain himself. He broke into a wide, happy smile.

In the seventh inning, the Philadelphia flycatcher made a diving, sprawling catch of Gene Hermanski's low liner.

The Brooklyn operative rose to his feet and, with a great show of self control, managed to restrain applause.

"I sure do love to see that kid hit," he enthused. "That catch wasn't bad either, was it?"

Treason? Naw, just family pride.

The old Dodger scout was George Sisler, diamond hero of another era. The star of the first Brooklyn-Philadelphia game at Ebbets Field Tuesday was his son.

Longhorn League—Odessa Blanks Big Spring 4-0; Tribe Wins 9-6

By The Associated Press

Roswell was in second place in the Longhorn League Wednesday but no closer to the front-running Odessa Oilers.

The Rockets moved into the runner-up spot Tuesday night by beating Ballinger 10-6 as Big Spring lost a 4-0 decision to Odessa.

Roswell showed six runs across in the third inning to win, using eight hits and a base on balls. Julian Presley hit a two-run homer in the fifth for Roswell.

Odessa got an unearned run in the second and shoved over three solid ones in the fourth on doubles by Emil Ogden and Bill Cearley to whitewash Big Spring.

Midland scored five runs in the first inning and went on to a 9-6 victory over Vernon, leading all the way.

San Angelo whammed Sweetwater 9-0 with Durwood Cox pitching one-hitter and facing only 28 batters. It was his tenth hurling victory of the season.

The scores:

Vernon	000 212 100—6 12 4	R. H. E.
Big Spring	000 000 000—0 6 3	
Midland	500 301 009—9 8 3	
Russell, Faulkner and Herring; Patton, Blair and Jones.		
Odessa	010 300 000—4 6 0	
Big Spring	000 000 000—0 6 3

Home Just Finished; It Burns To Ground

DANVILLE, CALIF.—It took the George Helebrandts two years of hard labor to remodel their six room frame house.

They finished it Tuesday in the heat of the day.

As they sat in the patio resting from their hard work, they heard a crackling sound inside the house. Rushing inside they found the house aflame.

It burned to the ground.

Golf Clinic Wednesday

The Pro-Amateur which precedes the Texas PGA opened Wednesday morning over the Midland Country Club course with a field of more than 150 shooting. The low-scoring amateurs will qualify for an estimated 50 places in the state tournament.

Byron Nelson, the famous Texas pro and a former PGA champ, was shooting with Willard White of Dallas, an amateur who accompanied Nelson here Tuesday. They teed off at 1:45 p.m. for the 18-hole tournament.

Nelson's famous golf clinic is scheduled at 6 p.m. preceding a barbecue for Midland Country Club members and tournament contestants and their wives.

Big Gallery Expected

The NCC's clinic is expected to attract the top gallery of the week so far.

Raymond Gafford, the defending champion, drew the largest crowd Tuesday as he played in the qualifying for the National PGA and won a spot with a 137.

Other fans split up to follow their favorites. Chuck Klein and Elroy Marti drew sizable followings.

The PGA tournament proper opens Thursday for a four-day run. The finals are scheduled Sunday over the MCC course. All rounds will be 18 holes.

Sam Schneider, Frank Champ, Gafford and Nelson are former champions entered in the meet.

Sayles To Help In Opening Shorthorn League Here June 5

Hal Sayles, president of the Longhorn League, will throw out the first ball when the Shorthorn League opens play June 5 at Borden Field. Sayles Wednesday assured league officials he will be on hand for the big event.

Sayles also will lead a parade which will be held at 4 p.m. in downtown Midland.

The John H. Cowden Junior High School Band, the Boy Scout Color Guard, the Midland Indians and the Sweetwater Swatters of the Longhorn League and all eight teams in the Shorthorn League will participate in the parade.

The newly-organized league is for boys 14 years of age and under. They will play a 70-game schedule.

Rodeo Parade Entries Are Listed In Order

Here is the order of entries in the parade officially opening the 16th Annual Midland World Championship Rodeo:

Flag bearers.

Midland High School Band.

Governor Allan Shivers, Representative Ken Regan and Clarence Scharbauer, Jr., mounted.

Leonard Proctor, senior member of the rodeo committee, and Everett Colborn, rodeo director, mounted.

Marion Flynn, John Dutton, Jr., Roy Parks, Jr. and Buster Cole, mounted.

Rodeo officials and judges.

Trick riders and members of Colborn's staff.

Rodeo contestants and cowgirls.

Sheff's Posse units.

Midland Junior High School Band.

Ranch cowboys.

Chuckwagons, buggies and other horse-drawn vehicles.

Miscellaneous riders.

Kid riders.

Floats.

Automobiles.

Armored units from National Guard.

Motorcycle riders from Midland Motorcycle Club.

Donaldson Cuts More Postal Cuts May Be Ordered

WASHINGTON—(AP)—There may be still more cuts in mail service unless Congress restores some of the money the House pruned from Post Office Department appropriations.

Postmaster General Donaldson ordered reduction in service last April 18 after the House Appropriations Committee voted to trim the funds. Among the cuts was a reduction to one mail delivery a day in city residential areas. There also were some reductions in service to business firms.

Then the House, in passing the \$29,000,000,000 general appropriation bill for the year beginning July 1, approved a cut of more than \$200,000,000 for the Post Office Department.

Tuesday, Chairman Maybank (D-SC) of the Senate Appropriations subcommittee handling postal funds disclosed that Donaldson had written the committee that such a cut would "seriously disrupt" both the transportation and delivery of mail. He said it would restrict service for both city and rural areas.

The Rochester Red Wings baseball team joined the International League in 1955.

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, MAY 31, 1950—13

MAJOR LEAGUES—Records Smashed In Major League Holiday Rampage

By JOE REICHER, Associated Press Sports Writer

Memorial Day, 1950, long will be remembered by 83 punch drunk pitchers who were pounded for 40 home runs and shelled for 191 runs Tuesday as the hitters went on the biggest single day batting rampage in baseball history.

An aggregate paid attendance of 284,326 who sat in on the doubleheader massacres at the eight big league ball parks saw the following records smashed:

1. Most home runs in both leagues on the same day—40.
2. Most runs scored in both leagues on the same day—191.
3. Most hits made in both leagues on the same day—333.
4. Most pitchers used in both leagues on the same day—83.
5. Most home runs hit in the National League in one day—24.

When the smoke cleared away, it was found that the New York Yankees had whipped the Boston Red Sox twice 11-7 and 5-3 to increase their American League lead to three games over the Detroit Tigers. Detroit divided a pair with Cleveland, winning the second game 5-2 after the Indians had won the first 4-0.

Bums Sweep Two

Brooklyn replaced Philadelphia at the top in the National League, thrashing the Phils twice, 7-6 in 10 innings and 6-4. The St. Louis Cardinals also swept past the Phils, moving into second place a game behind Brooklyn by trouncing Pittsburgh twice, 17-13 and 8-5. Chicago's White Sox pounded out a double victory over the St. Louis Browns, 14-2 and 12-9. Philadelphia's Athletics defeated Washington 5-1 after the Senators had won the opener 4-3. In the National League, Boston beat New York 7-3 in the opener, but the Giants came back to win the nightcap 10-3. Cincinnati and Chicago also split. The Reds won the first 4-1 and the Cubs took the second 7-4.

They are the top pitchers. When they weren't throwing home run balls or ducking line drives, they were handing out free tickets to first base. In all they walked 160 batters, an average of 10 per game.

The White Sox and Browns set a new American League record when they used 12 pitchers in the second game of their doubleheader. The Browns used five and the Sox seven. Dick Weik of Washington walked eight batters in less than three innings. Brooklyn's Cliff Barney was the only pitcher who walked more than six as did Boston's Walter Masterson and Brooklyn's Jack Banta. How Larry Jansen of the Giants got involved in Tuesday's Shenanigans is hard to figure. He was the only hurler to pitch a walk-less game.

In all, only eight of the 32 starters were still around at the finish. Cleveland's Bob Lemoh hurled the only shutout, a seven-hit affair. Art Houtteman, his losing opponent, was the only pitcher to be hit by a home run. Houtteman joined Houtteman as the two Detroit route-goers by holding the Indians to five hits for his third straight triumph in the nightcap. Others to go all the way were Ken Raffensberger, Reds; Johnny Spier, Braves; Ellis Kinder, Red Sox; Bob Kuzava, White Sox; Bob Hooper, Athletics and Jansen.

Thirty-five players slammed the 40 homers which topped the previous high of 32 set in 15 games on June 13, 1937. Two dozen were hit in the National, bettering the previous high of 20 hit on June 19, 1938. Duke Snider slammed three successive round trippers for the Dodgers. All came in the second game. The outfielder missed by four feet hitting four homers in a row. He got a single on a line drive just below the top of the right field screen.

Longhorns Get Baseball Awards

AUSTIN—(AP)—Varsity baseball letters were awarded 13 University of Texas championship baseball players Wednesday by Athletic Director Dana X. Bibbe.

Six other members of Bibb Falk's title-defending national collegiate champions received reserve awards and managerial letters went to two.

Nineteen awards went to members of Ed Price's freshman squad.

DALLAS CANDIDATE CHANGES OBJECTIVES

DALLAS—(AP)—George Harwood of Dallas has decided to run for Place 3 on the Texas Supreme Court—not Place 1.

Will Wilson, Dallas district attorney, is running for Place 1 and Harwood said "Two men running from Dallas would split the vote."

Methodists Score Double Softball Win In Church Loop

The Methodists scored a double victory in the Church League Tuesday night at Wadley Field.

The Young Adults Class downed the Presbyterians 17 to 14 in the opener and the Young Adults won 13 to 7 over the Baptists in the nightcap.

The Fellowship-Presbyterian tilt was a seesaw battle with the lead swapping hands several times. In a Howard buried the Young Adults to victory over the Baptists. He allowed only four hits.

The Methodists got only five bingles off Wood but wild pitches, passed balls and errors aided their cause.

No games are scheduled for the remainder of the week. Softball has been suspended to avoid a conflict with the Midland World's Championship Rodeo, which opens Wednesday night.

New Home Planning ARE YOU BUILDING IN NEW HOME DREAMS?

You want a plan that will be a home, not just a house? You want to select colors for the living room? For the kitchen? For the outside? To get away from the "sameness" of these new houses? You can do this by getting your own lot and building BUT you spend hundreds of extra dollars needlessly. We have homes started with all city utilities, choice of floor plans, choice of colors, closets, paper or texture, landscaping as you want it, and many other details that go into building a real home. We can give you a choice and save you money at the same time!

Let us prove this with facts and figures!

Lindabelle
...is a "COTTON BELLE"
by Seamprufe.

A prize of a slip that sizes you up so sweetly! Four inches of nylon net and Val lace trims the beguiling belle V-front and sweeps the saucy hem. Of luxurious Wamsutta cotton (Sanforized, shrinkage less than 1%), it washes and wears like a wonder, is modestly priced too! In Debut White,

GRAMMER-MURPHEY
MIDLAND'S STORE FOR MEN AND WOMEN

He Buys 'Em By The Pound

Garage owner James A. Chambers of Memphis, Tenn., presents a new dog, just rescued from the city pound, to little Ann Marie Williams. Learning that the pound had hundreds of pets that must be disposed of, Chambers put up the money for 200 youngsters to bail out dogs and claim them for their own.

**Reward Great For Persons Succeeding
In Business But Competition Is Tough**

By SAM DAWSON
NEW YORK—(AP)—So you want to get out from under the boss and start a business of your own. So do a lot of other persons—more, in fact, than a year ago when many business-men were taking gloom. Current earnings statements show the rewards are great—to those who succeed. America was made by those who started out on their own. But don't forget the risks are perhaps greater, before you leave the security of the weekly wage and take a chance.

over-borrowing: "In the retail field at least 50 per cent of the capital should be put up by the owner, and 75 per cent if possible."
Rude Awakening Due
When you're your own boss, "hours don't stop at 40 a week," they warn; nor are you "going to be able to keep golf appointments at three p.m." and don't fool yourself by "living off the shelves"—keep your books right to show your true costs, including reasonable pay for your own services. "Otherwise," they counsel you, "you may have a rude awakening some day to a realization that you have been operating at a loss for years."

If you yield to that temptation, let's see what you're up against, what you'll need to succeed, what's most likely to trip you up.
You'll have plenty of company—in other words, competition—in your venture. There were 25,986 new business incorporations in the first three months of this year, 18.6 per cent more than in the first quarter of 1949. Dun & Bradstreet reports:
But bankruptcies were up 22 per cent—from 2,098 in the 1949 first quarter to 2,559 in 1950. Perhaps even a larger number of firms folded quietly without having to go through bankruptcy. This gives you still another idea of how the competition is growing tougher, and rougher.

But bankruptcies were up 22 per cent—from 2,098 in the 1949 first quarter to 2,559 in 1950. Perhaps even a larger number of firms folded quietly without having to go through bankruptcy. This gives you still another idea of how the competition is growing tougher, and rougher.
Handbook Published
"About one-seventh of all business enterprises in the United States normally close their doors and an equal number open for business during the year," according to "Your Business," a handbook published by the State of New York's Department of Commerce in Albany.
The going is roughest the first year you start. The New York State fathers studied the history of 5,000 retail businesses in existence at one time or another during the last 80 years in Poughkeepsie. Thirty per cent lasted only a year; 15 per cent died in their second year, nine per cent in their third, and so on, in decreasing numbers.
Depressions furnish plausible excuses for business failures, but are not the chief cause, the state fathers say. They counsel against

Jeers Peers' Leers

American singer Dianne Adrian, above, accused in England's House of Lords of singing "leering lyrics" that drew big crowds and took dollars out of England, visited Parliament to protest. Miss Adrian said she noted the "leering leers" of several peers when she attempted to confront Lord Cherwell and demand an apology for his "referring to my midriff lightly." Cherwell, she said, hid in his chambers and wouldn't look when she offered to show her trim midriff, but "I think he was peeping."

**\$270,000,000 In
NSLI Dividends
Is Yet To Be Paid**

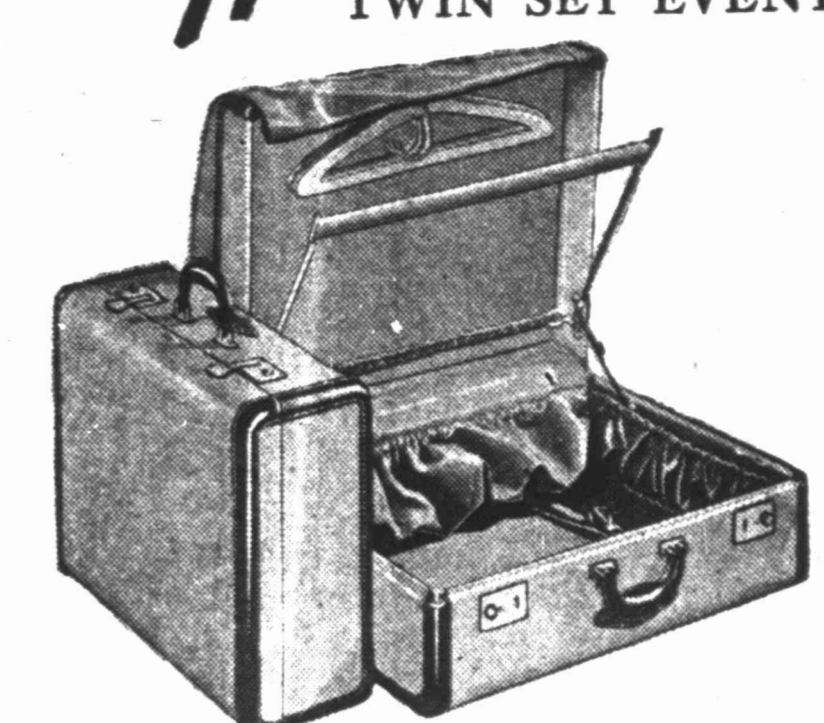

WASHINGTON—(AP)—Just \$270,000,000 remains to be paid in National Service Life Insurance dividend money to veterans and survivors in the first "special dividend" rebate.
That's not much when compared to the \$2,537,681,649 already paid. But it may take about as long to get rid of all that last \$270,000,000 as it has to distribute the billions already disbursed, because almost all of it involves what the Veterans Administration calls "problem cases," most of which must be processed by hand.
Here is the latest tally:
Checks have been mailed to just under 14,000,000 veterans. About 15,000 a day are going out now.
Last January, when the paying job started, the rate was more than 1,000,000 a week and the work was done by special punch-card machines.
The VA cannot say exactly how many more veterans (not survivors of dead veterans) will rate a dividend.
They say about 15,290,000 veterans are living today. But not all of them had National Service Life Insurance. In fact, the VA says one tabulation shows that as many as eight per cent of all servicemen never took out the insurance.

**Officers On Alert
To Prevent Violence
At Atomic Project**

OAK RIDGE, TENN.—(AP)—City policemen and members of the Atomic Energy Commission's safety force were on the alert here Wednesday to prevent any violence as workers returned to \$250,000,000 worth of construction projects at this atomic city.
Members of the International Hodcarriers Building and Labor Union, AFL, Local 818, voted Tuesday to return to their jobs after a week-long wildcat strike.
The union agreed to go back to the job after assurance that the National Arbitration Committee would hand down a decision on its wage grievance within the next 15 days.

**Yugoslavia Closes
Albania Legation**

BELGRADE, YUGOSLAVIA—(AP)—Yugoslavia has closed its legation in neighboring Albania and won't reopen it until Albanian officials "change their attitude toward Yugoslav diplomats."
The official News Agency Tanjug said the closure resulted from "discriminations and ill treatment" of Yugoslav citizens, a tactic in the Cominform campaign against Premier Marshal Tito's government. Albania supports the Russian-led Cominform's drive against Tito.

McCamey News

MCCAMEY—The Upton County 4-H Rifle team won second place in District 6 competition at Big Lake Saturday, and will be entered in the state meet to be held June 12 at College Station. Members of the Upton team are Paul Brown, Dee Ann Gambin, Scottie Howard and Loyd Yocham. Jim Miller is coach of the team.
Members of the American Legion Auxiliary reported a good sale of poppies Saturday, with receipts of \$204.24. Of the proceeds, \$68 will go to the Hospital Rehabilitation Fund, the balance to child welfare work.
Mr. and Mrs. Claude DeFord and daughter, Donna, accompanied by Mrs. E. R. Stephens, will leave Friday for Dallas where DeFord is to enter a hospital. Mrs. DeFord and Donna will visit friends in East Texas. Mrs. Stephens will be in Corsicana visiting her mother.
Beth, John and David West, all of Big Lake, are visiting in the home of their grandparents, Mr. and Mrs. Lee West, while their father is in Fort Worth. Their mother is attending a wedding in San Angelo.
John Cole, rancher, is confined to his bed at his home near McCamey. He has been ill six weeks.
Robert Lee Lowe, formerly of McCamey, died Thursday in a car accident near Ogden, Ark. Mr. and Mrs. Lee Shipman of McCamey, cousin of Lowe, attended funeral services held Saturday in Dallas. Survivors include the widow and two children.

**Tito, Poland Move
Nearer Total Break**

WARSAW, POLAND—(AP)—The official radio Tuesday night announced the recall of Poland's ambassador to Yugoslavia, Jan Wende. Informed sources said each nation in the future would be represented in the other's capital by a charge d'affaires. Yugoslavia's ambassador here, Radje Pirpicevic, declined, however, to say whether he would leave for Belgrade.
Poland is one of the Cominform countries which have been opposing the regime of Yugoslav Premier Marshal Tito since 1948.
Man has eaten truffles for thousands of years.

**Council Takes Pity
On Garbage Driver,
Restores His Job**

BEWINGTON, ENG.—(AP)—The City Council took pity Wednesday on Sidney Cooper and gave him back the job he lost for driving his garbage truck in Queen Elizabeth's procession.
Cooper fell from grace May 3 when he maneuvered his bright orange garbage truck into the procession only three cars behind the queen as she passed through here on her way to Birkenhead for a ship-launching ceremony.
The City Health Committee, which fired the 46-year-old driver last week, accused him of taking bows for cheers intended for the queen.
Cooper, father of eight, denied it. He said he just got caught in the traffic and couldn't get out.
He was rehired and his right to a pension restored, the council said, as an "act of clemency" to start the term of the new mayor, S. J. Statham.

**Nation's Crude Oil
Output Soars Again**

TULSA, OKLA.—(AP)—The United States' crude oil production during the week ended May 27 hit a new record for the fourth straight week. The Oil and Gas Journal reported Tuesday.
The Journal said the total daily average production was 5,062,375 barrels, a gain of 8,925 barrels over the previous week's 1950 high of 5,053,450.

Cotton

NEW YORK—(AP)—Wednesday noon cotton prices were 45 cents to \$1.50 a bale higher than the previous close, July 33.44, October 32.48 and December 32.38.

NO DAMAGE FROM FIRE

A fire broke out Tuesday night on a vacant lot between G and H Streets but no damage was reported.

HIT-AND-RUN CASES

Midland police Tuesday night received reports of two hit-and-run accidents here. No personal injuries were reported in either but cars were
