Kiwanis Minstrel Needs 40 Singers A call for singers for the Kiwanis Minstrel Show, to be staged in October, was issued Saturday by Jeff Williams, director of the chorus for the show. "We need 40 men who like to sing and will," Williams said. The next meeting of the chorus is to be held at 8 p.m. Tuesday in the main studio of Radio Station KCBS.

TONIGHT U.S. STEEL HOUR BEGINS ITS 6th SEASON OF Theatre Guild on the Air WITH THE BROADWAY HIT Edward, My Son STARRING ROSALIND RUSSELL and CHARLES LAUGHTON

★ IN HOLLYWOOD ★ Double-Takes At Double Bills? You're Looking At Twin-Types

By ERSKINE JOHNSON NEA Staff Correspondent HOLLYWOOD — A Hollywood television doll who has indexed the noses, ears, and chin shapes of every movie star from Betsy Drake to Lassie is worried about the faces that are being flashed on the screen from the nation's projection booths. While everybody's been fretting about the hydrogen bomb and whether Ginger is going to really catch Greg, pretty Norma Gilchrist poured it into my ear that something pretty awful has been taking place right under the beezers of Hollywood's producers.

Stanton News—STANTON—J. C. Mott recently underwent surgery at Memorial Hospital here. The "Barn Yard Degree" was given and proceeds were put in a fund for when the Rebekah Lodge met recently. Attending were A. T. Angel, Alice Angelo, Audrey Louder, Pauline Graves, Mildred Hastign, Margie Clardy, Marjorie Sanders, Evarene Christopher, Charlie Christopher, Francis Butcher, Vera McCoy, Irene Stephens and Edna Davidson.

CAROLINA PEACH — Pretty Carolyn Edwards, 18, of Leakeville, N. C., does her bit—and bit—to help open the Carolina peach season by sampling this year's crop. Carolyn will represent her state in the "Miss America" contest at Atlantic City.

New Cattle Breed To Be On Display At Livestock Show

DALLAS — Mid-Century progress will be exemplified in a dramatic display of Santa Gertrudis cattle, first distinctively North American beef breed, during the Mid-Century Livestock Exposition of the 1960 State Fair of Texas, October 7-22. Ray W. Wilson, manager of the fair's livestock department, has announced. The famed King Ranch at Kingsville, originator of the breed, is cooperating with the State Fair in the presentation of this outstanding educational exhibit, Wilson said.

TEXANS IN WASHINGTON— Teague May Head Special Committee

WASHINGTON—(AP)—You're likely to be hearing more about Rep. Olin E. (Tiger) Teague of College Station in the near future. The 40-year-old former postal employe and World War II veteran is in line for chairman of the new nine-member special House committee which will investigate the veterans' educational program.

The program, administered by the Veterans Administration, has provided training for all vocations, from doctors to piano tuners, at a cost of some \$10,000,000,000 since the end of World War II. The Teague committee probably will determine, or at least greatly influence, whether similar educational benefits will be extended to veterans of the Korean fighting and those who will serve in the armed forces in the future.

President Truman recently signed a bill providing for the legal entry into this country of the Japanese wife of Cpl. Richard C. Kelly of Dallas. Serving in the occupation forces in Japan—or perhaps now in Korea—Kelly soon will receive official word that he can bring his bride, Hissae Kawauchi home with him when he returns.

Two Whole Days Before She Can Return To School

Here's a little Midland girl who wants to go to school every day. She is Susan Petzel who is attending South Elementary and its first year of school. Saturday she lamented to her mother, Mrs. Rita Petzel: "Mommy, just think, it will be two whole days before I can go to school again."

Texas Takes Good Care Of Students

AUSTIN—Texans now are taking good care of their million and a half school children including the transporting of 320,000 of them 55-550,365 miles during the last school year, the Texas State Teachers Association pointed out Saturday. Almost 6,000 public school buses carried the children to and from their homes during the 175 days last school term a distance equal to 2,222 trips around the world at the equator. The daily total of travel was 317,431 miles.

State school funds provided for transportation averaged a little more than \$30 per pupil for the year, or a total of \$10,346,175. Only children living two or more miles from their school are provided transportation. A total of 25,212 more pupils were carried by school buses during the last scholastic year than during the 1948-49 term. The increase was partly due to the consolidation of more school districts and more districts qualifying for state aid, but most of it was caused by increased enrollment.

Apology Can't Undo Blunder

President Truman's blunt attack on the Marines is inaccurate and unforgivably damaging to the prestige of his office and of the United States.

Even his letter of apology to General Cates of the Marines isn't satisfactory, Truman doesn't really back-track. He doesn't undo the harm. He simply says he made an unfortunate choice of language.

You don't have to join in any choruses of "The Halls of Montezuma" to acknowledge the great role the Marines have played in U. S. military history.

DREW PEARSON ON THE WASHINGTON MERRY-GO-ROUND

Washington—Johns Hopkins University is preparing an announcement that will make GOP Senator Joe McCarthy, the State Department's No. 1 detractor, most unhappy.

Nothing there about a mere "police force." Indeed, when war actually comes, the Marines inevitably find themselves going well beyond the official limit of their duties.

Secretary of State Dean Acheson, who attended the secret meeting, fully agreed with the Republican congressman from Michigan that the only recourse for the freedom-seeking Chinese people is the friendship of the United States.

So They Say

We know that our system of free enterprise has worked. To make it work in the underdeveloped areas is the challenge. If we do not rise to that challenge, the mantle of world leadership will pass to another system.

East returned the device of spades at the second trick! South played, and dummy won with the king.

Two weeks have gone by since you sent a wedding gift—and you have received no thank-you note from the bride.

JACOBY ON BRIDGE

By OSWALD JACOBY, Bridge Columnist. Every bridge player learns certain rules of defense almost as soon as he takes up the game.

Bridge hand diagram showing cards and suits

cards in the suit, he has a chance to play after declarer without the risk of being topped by the dummy.

West opened the four of diamonds and East won with the ace. When the king dropped from the South hand, East indulged in a little thought.

It's a race for the rice harvest in Southwestern Korea's farm belt. If the North Koreans get the crop, it means a bigger food deficit for South Korea.

WASHINGTON COLUMN

Korean Rebuilding Problems Are Washington's New Worry

By PETER EDSON, NEA Washington Correspondent. WASHINGTON—Arthur C. Bunce, head of the Marshall Plan mission in Korea, has returned to Washington for planning conferences on future Economic Cooperation Administration aid to that war-torn country.

That gives you a rough idea of conditions. The most amazing thing about all this confusion, says Dr. Bunce, is that so far there has not been one act of sabotage reported.

Questions and Answers

Q—What is the organization known as the Ninety-Nines? A—It is an international women's aviation organization and requires a pilot license for membership.

Have a Laugh. BY BOYCE HOUSE. They had been studying about evolution so, that afternoon when little Eddie came home, he asked, "Mama, am I kin to a monkey?"

The FORMER MISS FREY

By Edwin Rutt. THE STORY: Although the former Miss Frey had never been forgiven for eloping with the former Miss Frey, she had her father, Cornelius Frey, send for her from the dead-end. There is a full reconciliation, but Cor-

"It won't be easy, Ede." Old Cornelius shook his head. "Things have been slipping lately. We've lost a couple of accounts and a couple of others are shaky. That's because I wasn't myself these last few months. I couldn't see to things properly. Reagan's done his best, but he couldn't save those accounts." "And Peter, Dad," she said, "gentle. You're not still—still sore about that, are you?"

WILDCAT TACKLE—Bob Davidson, 190-pound Port Arthur product, came back to Abilene Christian College September 1 with the announced determination of making himself abundantly useful to the Wildcats this season. All-state Class AA high school tackle for Port Arthur in 1947, he co-captained the Texas Aggie Freshman team in 1948 before transferring to ACC. He is a ministerial student. He'll play with ACC against Sul Ross State in Midland the night of September 23.

ACC Wildcats In Training For Sul Ross Battle Here

ABILENE—The Abilene Christian College Wildcats, who will get their second showing of the 1950 season September 23 in Midland's Memorial Stadium, are hard at work in preparation for a tough schedule. Coach Garvin Beauchamp, former Midland High School assistant coach, is at the helm this year.

The Wildcats haven't been picked by many as a title threat but Coach Beauchamp says he has a promising squad.

Everyone was agreed Spring training saw more hustle and spirit and keen desire to play football than had been evident for several years. Coach Coleman had the "time of his life" as he worked with the squad for the last time, and the boys literally ate it up. Sideliners kept saying it was the best display of football in practice since the war.

Sixteen of the 27 lettermen and a number of 49 squadmen will be on hand. They include able Peter Ragus; James Muns, the rough boy from Sweetwater who was one of three freshmen who lettered last Fall, and Ray Hansen, ends; Paul Durham, Harry House, Lester Wheeler, Charles Broom and Jack Baker, tackles; Bobby Bailey, Sonny Cleere, Bob Davidson and Seth Adams, guards; Wally Bullington and Rob Orr, centers; Ted Sutton, quarterback; Sam Davidson, Bailey Woods, Jerry Mullins, James Lyda, Dick Felts, halfbacks; Alton Green, Bill Hoffman and Tommy Hinson, fullbacks.

Promising Lineman
One boy who has played for ACC but who was not on the '49 squad is known to be capable of stepping up into the ranks of the Wildcats' all-time greats.

He is Tiny Moore, 275-pound guard and tackle, who played in '48 as a freshman.

Coaches have said that Moore can become the greatest tackle the conference has had in years.

Another lad with a brilliant high school record as an end who was enrolled last session but did not play football could mean a lot. He is Roger Knight, who has told Coach Beauchamp he wants to play this Fall.

Another '49-'50 student who looked good in Spring training was Don Smith, California end. He'll try out this time.

Other Transfers
Other promising transfers expected to take up abode in the athletic dormitory include these:

Dick Mier, San Angelo Junior College end; Oscar Dorney, 195-pound basketball star of last season, from San Angelo Junior College, who'll try in football; Lowell Roberts, Fussellville, Ark., Junior College tackle; Jerry Campbell and

Sports

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, SEPT. 10, 1950—9

Indians Blank Swatters 5-0

The Midland Indians closed out their 1950 home season in regal fashion Friday night, whipping the Sweetwater Swatters 5 to 0 on Lefty Leon Hayes' four-hitter.

Hayes had his stuff all the way and the Swatters were fanning the air most of the time. The left-hander walked only three and struck out seven.

Lou Lockhart hurled a fine game for the Swatters, too. He allowed the Indians only five bingles but got shoddy support from his team mates.

The Indians gave Hayes perfect support in the field. "Farewell and Appreciation Night" was held just before the game and each Midland player received a gift. It seemed to pep them up and they repaid the fans with some top-notch ball playing.

How They Scored
Midland went ahead in the first with one run when Scooter Hughes singled, stole second and scored on an error.

The Tribe added two in the second on two walks and two Swatter errors.

Came the sixth and the Indians finished it up with two more. Quentin Basco opened with a walk and George Firnback tripled him home. Firnback's blow was the only extra base knock of the ball game.

Lefty Hayes scored Firnback with a long fly to left.

The box score:

	A	B	R	H	O	A
Sweetwater	4	0	3	0	2	
Rose, 3b	4	0	0	4	1	
Abbott, lf-2b	4	0	0	4	1

Seminole Humbles Crane By 27 To 7

By DALMON McNAIE
Reporter-Telegram Staff

CRANE—Seminole's High School Indians paraded a whole gridiron full of fleet running backs here Friday night to bury the Golden Cranes 27-7 in a season football opener for both elevens before an audience of 2,500.

The victory raised the stock of the Indians in the District 5-A race and lowered the Cranes' hopes of doing big things in this tough loop in 1950.

Guinn Hood, 185-pound quarterback, combined some slick ball handling with brilliant clutch passing to lead his Indians to a near-rout of the home club.

Richard Lindley and Jerry Phillips, two starting halfbacks, led a parade of Seminole ball carriers who rolled up 279 yards of net rushing to 66 for their hosts.

Guinn connected with three of his six pass attempts for a total of 128 yards. Clark Lee Presley, Crane flipper, completed three of 11 attempts for a total of 82 yards.

Strike Early
The Indians struck with lightning-like fury early in the first quarter with a 43-yard pass play from Hood to Buel Wharton. Wharton sneaked behind the last Crane defender, grabbed the pass on the 10 and raced

Norma Rust, head cheerleader for Crane High School, was knocked unconscious Friday night when Jackie Sparks, Seminole halfback, was tackled out of bounds near the Crane cheering section. She was taken to a Crane hospital for examination and returned to see the last quarter of the District 5-A game between Crane and Seminole.

across the goal untouched. Bert Affleck converted.

The Indians came back minutes later to score another touchdown after Maloolin Garrett, Crane halfback, had fumbled on his own 15. Hood pushed across for the marker on a quarterback sneak and Affleck's conversion sent the Indians out front 14-0.

Seminole began another drive toward pay dirt late in the first quarter after taking over on their own 17. Lindley out loose for a 71-yard

Three From Midland On Star Teams

ABILENE—(P)—Seven clubs placed players on the Longhorn League's All-Star Team picked by sports writers over the circuit.

Unanimous choices were Catcher Tom Jordan of Roswell, N. M., Pitcher Cotton Russell of Vernon and Third Baseman Carlos (Potato) Pascual of Big Spring.

The scribes' vote for a second baseman ended in a deadlock with Al Monchak of Odessa and Dom Chiola of Sweetwater.

Only San Angelo failed to place a man on the first team, but the Colts had four on the second team.

First team selections:
Jim Prince, Midland, first base; Al Monchak, Odessa, and Dom Chiola, Sweetwater, tie, second base; Carlos Pascual, Big Spring, third base; Scooter Hughes, Midland, short stop; Pat Stasey, Big Spring, Stu Williams, Ballinger, and Bill Cleary, Odessa, outfield; Tom Jordan, Roswell, catcher; Cotton Russell, Vernon, right hand pitcher; Ernie Nelson, Vernon, left hand pitcher.

Second team:
Leo Eastham, Odessa, first base; Ken Kowalik, San Angelo, third base; Fred Haller, Sweetwater, short stop; Steve Follett, San Angelo, Julian Pressley, Roswell, and Bob Crues, San Angelo, outfielders; Kenneth Jones, Midland, catcher; Ray Knoubauch, Odessa, right hand pitcher; Jimmy McClure, San Angelo, left hand pitcher.

LOTS OF HELP

DENVER—(P)—The Denver Bears registered four assists on a strike-out in a Western League game with Sioux City. The Sioux City batter swung at a low pitch which rolled off Catcher Pierce McWhorter's glove. The batter had turned toward the dugout when his teammates yelled at him to run. The Bears by this time were whipping the ball around the infield in traditional manner, but they got it to First Baseman Moose Womack in time for the putout.

CHAMPIONSHIP TEAM—The Midland JayCee Swimming Team which copped the West Texas Invitation Tournament here last month for the second year in a row, recently was honored at a Junior Chamber of Commerce luncheon in Hotel Scharbauer. The swimmers, back row, left to right, are: Bill Mims, Roy Kimsey, Glen Pine, Tim Cornwall, Paxton Howard, Bill Erskine, Nick Harrison. Second row, Carolyn Curd, June Hazlip, Enid Little, Retta Hazlip, Janeda Wilcox, Mary Herndon, Betty Sivalls, Jane Ann Curd, JoAnne Cunningham and JayCee President Art Joseph. Front row, Coach Wade Whiteley, Bucky Herndon, Ruth Ann Erskine, Mary Louise Erskine, Mary Johnson, Peter Lekisch, Jerry Herndon, Bobbie Lekisch, Lulla Jo Wright, Pat Curran.

Plastic Defeats Rotary

Jack Dunlap elbowed Western Plastic to a 9 to 6 victory over Rotary Engineers in the third game of the City Major League softball playoffs Friday night at Wadley Park.

The win gives Plastic a two and one edge in the playoff series and Rotary will be out to even the count when the championship resumes Tuesday.

Western Plastic counted two runs in the third inning to start slipping up on Rotary's 5 to 0 lead. Rotary had garnered five big ones in the second.

Rotary added another one in the fourth to take a 6-2 lead but Lefty Martin couldn't hold it. He weakened in the fifth, sixth and seventh frames.

Plastic counted three in the fifth to bring the score to 9-5 and went ahead with three more in the sixth. The victors added another in the seventh for good measure.

A MESSAGE OF SINCERE APPRECIATION

To the People of Midland . . .

During the past year, which was our first year in business as The Allen Company, we have made many new friends, and have been extended the opportunity to serve many Midland residents.

On this our first business birthday, we would like to express our sincere appreciation for the manner in which Midland residents have shown their confidence in The Allen Company. In the past 12 months, we have sold more real estate, processed more real estate loans and written more insurance than we thought possible during the initial year of our operation.

Along with our thanks to the public for this widespread acceptance of our services, we desire to offer a pledge of continued service to the best of our ability...we fully intend to "live up to" the confidence you have placed in us!

The Allen Company
Wemple Bldg. Midland
R. W. (Smokey) ALLEN, Owner
Telephone 3537 Day or Night

To The Allen Company . . .

Our first year of association with The Allen Company in Midland has been a very successful and pleasant one, and we desire to publicly express our deep appreciation for the fine manner in which The Allen Company has represented the Mortgage Investment Corporation as our exclusive representative in the Midland area.

A quota of \$1,000,000 worth of real estate loans was set up for The Allen Company during the first year of operation — we are pleased to announce that R. W. (Smokey) Allen, owner of the firm, has exceeded the quota by a substantial amount. This outstanding record has brought the total amount of our real estate loans in the City of Midland to over \$4,000,000.

We are proud of the part we are playing in "building Midland" ...and proud of the reputation being established by The Allen Company!

GOOD-BYE TEACHER—Tommy West and Susan Sloan say good-bye to their teacher, Jo Ann Cole, before they leave after their first day at West Elementary School. Pictured below, Mrs. Geraldine Loveless, first grade teacher at the new David Crockett Elementary School, reads a story from Peter Rabbit to her class. The children are, left to right, back row, Mary Jacqueline Wallace, Sara Dale Cunningham, Elizabeth Ann Eason, Linda June Burge, Kay Janice Tisdale, Terry Huff, Howard Lynn Palmer, Tommy Hogue, Gayelynn Hall, Dona Lee Bassham, Billy Ray Koonce; middle row, Thelma Stansell, Timothy Waters, Jessie Guajardo, Charles Rickard, Shirley Jean Essary, Lila Byerley; front row, Warren Norton, Richard Mogle, Sharon Williamson, June Banks, Karen Schuelke. Although the school isn't finished the children enjoy the well lighted and ventilated rooms.

OH, LOOK AT THIS—Fascinated by all the pictures these first graders at North Elementary School waste little time investigating each and every book in their library. Illustrated in color, these books interest even those who would rather be outside playing. Gathered around the table from left to right are Mary Adell Hardie, Dwayne Holden, Marian Wilkinson, Jerry Lea and Carl Schreiner.

School Days

Each Fall when September rolls around, school bells start ringing and a new group of children start their education. Holding tightly to their mothers' hands, these little ones are filled with wonder and amazement as they attend school for the first time.

A total of 408 first graders started to school Tuesday at North, South, West and David Crockett Elementary Schools.

South Elementary enrolled 121 youngsters in the first grade. They are in four rooms taught by Mrs. Laura Clemens, Dollye A. Littlefield, Mrs. Ida Stracener and Mrs. Alph Lynn Tillman. C. D. Johnson is principal at South Elementary.

The new David Crockett Elementary School ran a close second with 120 first graders. They are divided in five rooms. First grade teachers are Mrs. June Boggs, Mrs. Ruby Burton, Virginia Bush, Mrs. Geraldine Loveless and Velerie Ann Williamson. The principal of the new school is Frank Blackwell.

According to Leslie Hinds, principal of West Elementary, 106 students were enrolled in the first grade at that school. They are in three rooms taught by Jean Bachman, Mrs. Grenade Peters and Jo Ann Waller.

North Elementary has 61 first graders this year. The school has three first grade classes and they are taught by Mrs. Helena Grant, Mrs. Lucille McCree and Lela Robbins.

WHAT FUN—First graders at North Elementary not only enjoy the books from their library but other things catch their interest, too. For instance, the black-board tempts them to draw pictures. The pictures on the bulletin boards help them to use their imagination. Pictured above, left to right, are Audrey Dorman, Woody Gwyn, Joyce Bryant, Sue Kay Tremmier, Anita Joyce King, Nancy Ann Savage, James Martin, Vickie Beckmann, Judy Lindsley and Frank Ryon Monroe. Pictured below, looking at the picture books are, left to right, Barbara Clark, Jimmy Gillies, David Putnam, Glenda Adamson, Marilyn McCullough, Linda West, Douglas Pyle, Ronnie Johnson, Russell Smith, Bob Hill, III, and Jim Abbott. These children all are in Mrs. Helena Grant's first grade room.

SCHOOL'S OUT—The first day of school is over for these first graders and from the expressions on their faces it was a happy day. These children are leaving West Elementary. From left to right they are Shirley Ann Smith, June Chase and Wayne Lanham.

AREN'T THEY PRETTY—Beginners at West Elementary School stop to admire the trophies of their school on the way home after their first day. These children already are acquiring school spirit and are proud of their school's trophies. Admirers, left to right, are Wayne Hargrove, Marilyn Burton, Beverly Pittman, Spencer Kirkpatrick, Joyce Hollingshead and James Edwards.

Mrs. Hodge Has Meet In Austin

Mrs. J. Howard Hodge, president of the Texas Federation of Women's Clubs, held a presidents' parley with the eight district presidents, Wednesday through Friday in Austin.

The district presidents work with Mrs. Hodge in directing the work of around 1,200 clubs whose combined membership numbers approximately 75,000 women in Texas.

Topics for discussion were the plans for club work for the coming year and the part the women of Texas Federated Clubs will take in plans for National Defense and World Peace. The theme of Mrs. Hodge's administration is "Education for World Citizenship."

Thursday the group visited the Gonzales Warm Springs. The meeting ended with a breakfast Friday morning.

This week Mrs. Hodge will visit Lamesa, San Angelo and Fort Hancock. Tuesday she will speak at the Democratic convention in Mineral Wells.

TO UNMOLD GELATIN DISHES

To remove a molded gelatin dish dip the mold in warm (not hot) water for a few minutes, then invert on a dish, and holding both the cup and the mold together with firm fingers, shake loose.

ALMOND ROCCA
A gift that is long remembered.

You'll enjoy ALMOND ROCCA... a choice of candy lovers, everywhere. Every crunchy piece brings the goodness of milk chocolate over a crisp butter-rich center. Almonds fill the center, top the chocolate coating. ALMOND ROCCA is always fresh, always delicious. ALMOND ROCCA's freshness is guarded with a special vacuum tin. Give it proudly. It will be long remembered. One-pound vacuum tin.

North Elementary students were Mary Ann Adams, Pat Aday, Jim Allison, Vicki Anderson, Tommie Beauchamp, Rita Bleyberg, James Brady, Patsy Breith, Anne Bryan, Carol Lynn Burke, Janis Jo Burke, Lloyd Campbell, Jr., Joe Canon, Carolyn Kay Cole, Ginger Culp, Sarah Deats, Norma Jean Dowdle, Cynthia Dupury, Mary Louise Er-

Midland Soldier, Wounded In Action, Returned To States

Mr. and Mrs. W. P. Parrott left Saturday for Corpus Christi where they will visit their son, Cpl. Glenn H. Parrott, who is in an army hospital there.

Cpl. Parrott was wounded in action in Korea August 12 and last week was flown back to the United States from Japan for medical treatment. His condition is said to be "good."

The Midland soldier was wounded when he and other members of an Army patrol were ambushed by North Koreans. A bullet pierced Corporal Parrott's arm, entered his side and came out his back.

The corporal was stationed in Japan when the Korean war started.

C. Of C. Directors Postpone Meeting

The September meeting of directors of the Midland Chamber of Commerce, scheduled Monday night, has been postponed until September 18, Manager Delbert Downing announced Saturday.

The postponement was said to be due to unavoidable conflicts.

'Melody In Fashion' To Be October 5

"Melody in Fashion," the fourth annual style show to be presented by the three Beta Sigma Phi Chapters in Midland, is scheduled October 5 in the Midland High School Auditorium.

Proceeds will be used for charitable and welfare purposes. Each year the Midland City Council of Beta Sigma Phi, which represents the administration of Beta Delta, Xi Theta and Iota Beta, selects one principal project to support, along with other welfare functions.

1960-61 Plans

For 1960-61, plans have been made to help support Gristown, USA, near Whiteface, Texas, by donating funds obtained from local projects. All contributions are made through the city council.

Mrs. Randolph Rubin is general chairman for the style show, and is assisted by Mrs. Otto Wink and Carolyn Cates as co-chairmen. Models have been selected from members of Beta Sigma Phi. They will exhibit new Fall fashions for Midland merchants.

Various Benefits

In connection with various benefits in the past, the city council voted to help with the graduation expenses of a high school girl.

A heated bassinet was donated to the new Midland Memorial Hospital. Members also raised their quota to help buy the Texas X-ray Unit—which was presented to the Texas Tuberculosis Association last Fall. The X-ray Unit was a state project and Texas Beta Sigma Phi raised approximately \$23,000 in 12 months.

TABOKA VISITOR

Mrs. A. D. Woody of Taboka is visiting her daughter, Mrs. Don Gwyn, on the old Andrews Highway.

The ruby-throated hummingbird flies 500 miles across the Gulf of Mexico on its Spring and Fall migrations.

WILSON'S

A good trick to remember when you're sewing buttonholes in flimsy material: first rub a little library paste on the wrong side of the fabric. Makes for easier handling and helps you keep a grip on the flimsy stuff.

Dream Home In One Room Is Possible

Andrews News

ANDREWS—The 1950-51 school year was officially opened September 4 with an assembly of parents and students in the high school auditorium. A short musical program was presented by the Andrews High School Band. Invocation was by the Rev. Raymond VanZandt. Supt. Thomas D. Hamilton made announcements as did four principals, M. O. Wooliam, H. O. Smith, John Lee Smith and J. B. Youngblood.

First day registration ran behind last year's record enrollment. The high school received 238 students and junior high enrolled 186. Elementary students numbered 602. More are expected.

Mrs. Bob Luck, the former Joyce Alexander, was honored at a recent bridal shower. Mrs. Roland Tilly presided at the guest register. Hostesses included Mrs. Bill Farmer, Mrs. Ray Davidson, Mrs. E. W. Thames, Mrs. Roland Tilly, Mrs. Bill Walker, Mrs. Allan Jackson, Mrs. E. W. Burkett, Mrs. Marie Merony, Mrs. Bill Pinnell and Mrs. Billy Cox.

The Tuesday Study Club recently held its first business meeting of the season. This year's slate of officers includes: Mrs. E. F. Wright, president; Mrs. Charles Alcorn, first vice president; Mrs. Max Goldsmith, second vice president; Mrs. Vernon Payne, recording secretary; Mrs. Grwald Rogers, corresponding secretary; Mrs. Charles S. Dean, treasurer; Mrs. Woodrow Walker, parliamentarian; Mrs. M. M. Fisher, Jr., reporter.

Other members include: Mrs. Florence Boatwright, Mrs. Charles Carruth, Mrs. J. G. Fulkinger, Mrs. O. D. Huckabee, Mrs. Gene Irwin, Mrs. Knox Irwin, Jr., Mrs. A. C. Mize, Mrs. D. C. Nix, Mrs. Bill Pinnell, Mrs. W. E. Sanders, Mrs. R. M. Stillwell, Mrs. L. B. Williams, Mrs. J. B. Youngblood, Mrs. Raymond VanZandt.

"Leak-proof" the tears or rips in your raincoat. Just press a strip of adhesive tape inside the coat, across the ripped section.

This is the way the kitchen of the one-room apartment looked before it was redecorated. It was cluttered and inefficient.

This view of the living-room shows clearly the cramped look of the apartment before it was redone. Window space is poorly handled; drapes are unattractive; there is little comfort.

Here is the same corner of the room after it had been done over. Drapes are individually planned for windows; pictures regrouped.

By GAILE DUGAS
NEA Staff Writer

NEW YORK—Transforming a dark and cluttered one-room apartment into a light and cheerful dream home isn't a matter of working a miracle. Neither does it cost a fortune, nor does it mean scrapping old furniture and buying new.

The problem of the cramped apartment or too-small house is one that faces lots of American families. One room serves as bedroom, living room and dining room. It's a room which often has a tiny kitchen concealed at one end, and

is always short on storage space, heavy on clutter and lacking in balance. The one-room apartment chosen for this NEA home decorating series was typical. There were just two windows and a glass-paneled door opening onto a tiny terrace. All three faced a large court where other apartment buildings cut off the light.

A minute kitchen, concealed behind double doors, occupied one side wall. There was a tiny foyer and bath. That was all. The actual room size, 13x16, seemed smaller because of the accumulation of furniture and small ornaments. A single chest of drawers provided the only storage space for clothing, bedding, and other household linens. Cabinets ranged under the windows were crammed with china, glassware and kitchen utensils which would not fit into the tiny kitchen cabinets.

The room lacked balance because of the furniture arrangement and because a bookcase at the left of a centered fireplace gave that end of the room a lopsided look. There was no adequate place for books, magazines or newspapers or for the small china bibelots which the owner had collected over a period of years. The problem, then, was to make a tiny room look larger, a dark room look light, and a cluttered room look uncluttered without removing many of the existing pieces. It was also essential to provide much storage space without using up the precious available floor space.

Donald Bell To Visit Homeland

Donald Bell, 502 West Pennsylvania Street, will sail Tuesday for England and Scotland for a six-weeks visit to his homeland.

Leaving from New York on the Ile de France, he will land at Plymouth, Devonshire, England, and will drive along the coast through Wales and North England to Macombe Bay near the lake district. He also will visit Tombermayo, the birthplace of his mother, on the Isle of Mull in North Scotland.

Bell has become a naturalized citizen of the United States, and this is his first trip back to England since 1927. He will visit his mother, two brothers and two sisters. He will return on the French liner, Liberte, in October. Bell was born in Ballock, Dunbartonshire, North Scotland. He has been employed by the Shell Oil Company the last 15 years.

Civilian Jobs Open At Camp Polk, La.

AUSTIN — Newly reactivated Camp Polk, La., needs more civilian help, according to an announcement by Col. T. J. Brascher, chief of Fourth Army civilian personnel.

Despite extensive recruiting efforts in the Camp Polk area, Colonel Brascher said, the following positions remain unfilled:

- Automotive mechanic, heating equipment repairer, sign painter, combat vehicle (tank), artillery repairer, fire control instrument repairer (electronics), radio repairer, radar repairer, shop superintendent (clothing and equipment), traffic clerks, photographer, photographic technician, engineering draftsman (general), medical technician (x-ray).

Add a dash of bluing when laundering black garments to keep them dark-as-new. This will prevent their acquiring a brownish tinge.

Kermit To Get New Housing Projects

KERMIT—Rep. Ken Regan's office in Washington announced Friday that the Kermit Chamber of Commerce will receive two public housing projects from the government to operate as low-cost housing projects.

The two projects comprise 121 living units. It is expected they will be rented to veterans.

Congressman Regan has been working on the project several months.

The Kermit Chamber of Commerce now operates several housing projects. Charles Green is manager of the Kermit chamber.

Parisian Designers' Fashions Make Most of Feminine Figures

"Minklet" This mink neckpiece on a Pierre Balmain model shows off the 1950-51 Paris accent: fitted flaring jackets in contrasting bright-brushed or teddy bear wool. Jacques Fath, who showed off the "column" with mannequins who looked like ballerinas, stresses narrow skirts almost like the hobble variety for daytime wear. Sometimes a back or front panel is buttoned at the hem to allow more freedom of movement. Most of his suits have short, unfitted cooie coats with narrow fur edging. He considers the short evening gown as no longer fashionable.

Jean Desses uses the tunic theme in every way imaginable, always combined with the basic sheath dress. Belts sport a handkerchief square which cascades down the side, and suit skirts have an "X" or "Y" effect at the back for ease of movement.

Carven, following the same silhouette, adds the "lantern" idea with sleeves gathered at the shoulders, others pagoda-shaped, and some gathered into deep pleats. Alwyn, a relative newcomer presenting his second showing, moulds the silhouette mummy-like from neck to hem, and adds fan effects with pleats or draperies that spring from the knee regions.

In all collections, skirts are about 14 inches from the ground; velvet is a favored fabric, and black is as smart as ever.

The extra touches are in lavish accessories—rich embroideries on one hand, and amusing items like little stylized gramophone records strewn across bodice and skirt.

Likewise, fur is everywhere, with every size, shape and pet featured in muffs, trimmings, collars, and even on the anklets of a trousered skirt Balmain calls "Pantajudo."

As one witness at the openings observed, "Mink is used like the vulgar rabbit."

Everybody, unless Schiaparelli is counted as a dissenter because of the iron-fist accents, seems to be following the pace set by Christian Dior whose collection was the first unveiled. Here are some of the ways the top-name designers express the idea:

Pierre Balmain takes his theme from Central Asia and the Near East, with fullness as part of the main construction of his dresses, introduced at side or back in deep points. Easy-to-wear little dresses in wool and jersey—smart from dawn to eve—are teamed with unfitted flaring jackets in contrasting bright-brushed or teddy bear wool.

El Centro District Sets Program Meet

Scoutmasters, assistant Scoutmasters, Cubmasters and El Centro District Committeemen will meet at 6:30 p. m. Tuesday at the First Christian Church for a supper and meeting to plan the Fall program. It was announced by J. M. McDonald, district chairman.

All Scoutmasters are urged to be present for the meeting to assist in working out plans for the program. McDonald said. The meal will be served on a share the cost basis, he said.

Mrs. Ken Waller Honored With Bridal Shower

A miscellaneous bridal shower Thursday in the home of Mrs. Hazel Henderson, 2603 West Kentucky Street, honored Mrs. Ken Waller.

Mrs. Waller, married September 1 in Lovington, N. M., is the daughter of Mr. and Mrs. W. L. Donaho, 406 North Fort Worth Street.

Co-hostesses for the shower were Mrs. Frances Holliman and Juanda Ruth Lord.

The table, laid with a white cloth, with handkerchief lace, was centered with pink and white asters.

Attending the party were the bride's mother, Mrs. W. L. Donaho, Mrs. Jim Prince, Mrs. J. V. Young, Mrs. J. S. Young, Mrs. A. R. Young, Mrs. Inez Brittan, Mrs. Reta Alexander, Mrs. Valma Lockhart, Mrs. O. C. Robbins, Mrs. Mable Titworth, Mrs. C. N. Hancock, Mrs. L. L. Wood, Mrs. Margy Walker and Mrs. Marty Cook.

Wisconsin Inventor Has Own Factory

RACINE, WIS.—(AP)—If necessity is the mother of invention, then Albert J. Dremel has many needs. He owns patents on 85 devices used in the home, office and shop. Dremel, 62, has invented home appliances, electric phonograph motors, electric clippers and small power tools.

His first important invention was a widely used wringer with a special fast-opening safety device. That started him on a series of Dremel inventions that have put him in the manufacturing business here. His plant employs 75 people.

In 1935, Dremel designed the "Moto-Tool." It is a small grinder used by home craftsmen and hobbyists. His newest invention is an electric eraser. The machine was created for architects, accountants and others whose work requires pinpoint erasing.

PRESERVING CHEESE
Keep processed cheese in the refrigerator during warm weather. Use grated over scrambled eggs, in sandwiches with ground ham, and sprinkled over vegetable dishes.

PUBLIC AUCTION SALE

The Monahans Furniture Co.

on the Wink-Kermit Highway, Monahans, Texas—after 17 years is quitting the furniture business.

Make A Date To Attend The Auction Which Will Continue All Next Week

regardless of weather conditions, and will continue with two auctions daily, at 2 p.m., and 7:30 p.m., until the entire stock in store and warehouse is closed out to the bare walls!

Owing to illness, Mr. Dick Burgess, on doctor's orders, must retire from business. This is a forced disposal of thousands of dollars worth of brand new high grade furniture, household goods, heating stoves and ranges—all to be sold quickly to the highest bidder for cash regardless of cost or former value. If you need furniture, come!

This auction will be a revelation in furniture bargains, coming at a time when the buying public is facing rising prices, allotments, shortages and controls—giving you a lifetime opportunity to buy the furniture you need at great savings. We invite you and your friends to come and participate in the feast of bargains. Please tell your friends and neighbors about this auction and please check the name, the place and time of sales.

Now In Progress
Sales Daily At 2 p.m. And 7:30 p.m.
UNTIL ENTIRE STOCK IS COMPLETELY SOLD OUT!

Monahans Furniture Co.
On the Wink-Kermit Highway

Abundant Living

By E. STANLEY JONES

Acts 17:26; Col. 3:11; Rev. 8:10-10.

THE KINGDOM AND RACE

We must continue our study of the Absolute Order, the Kingdom of God, as it makes an absolute demand on all relative orders to submit and to lose themselves in this higher Order that they may find themselves again. In Nazism the Kingdom of Race was supreme and absolute. But not alone in Nazism. Many of us have the religion of being white. Where there is a clash between the Kingdom of God and the Kingdom of Being White, we choose and act upon the fact of race. It is our god. We cannot live abundantly unless we offer our race on the altar of God. Then we can paraphrase Paul and say: "He, being in the form of the dominant race, counted it not a thing to be grasped at, but made himself of no reputation, and took on him the form of a servant, and was made in the likeness of men . . . therefore God hath highly exalted him." How can the white race be supreme? Only in one way: Let white people become the servant of all; then they will become the greatest of all. No race can be great except as it greatly gives itself to the service of others. Those who rule the world in the future who serve the world. That is an inexorable law written into our universe and therefore inescapable. But note: "servant of all." Some are will-

Slim Sheath Has Many Uses

The slim sheath dress, which sets the straight and narrow line for fall, can appear in many guises. In this design by Greta Platry, a charcoal gray menswear flannel sheath dress can go to the country (left) with a white cotton blouse, become a short evening gown with addition of overskirt (center), or with pearls and chiffon handkerchief (right) convert to a late-day or dinner dress.

By GALE DUGAS
EA Staff Writer

NEW YORK—The fashion spotlight for Fall is focused sharply on the slim and narrow line of the sheath dress. It's seen in daytime and in evening. It may be straight and unadorned or it may have panels which float from the waist, giving it freedom and motion. But no matter how it's done, it's seen everywhere.

A budget-priced basic sheath dress which can convert to wear for many occasions is the brain child of designer Greta Platry. She uses menswear flannel in the new charcoal gray for her sheath. There are shoulder bands which button on and off with shiny pearl buttons and thus help effect the conversion trick. There are trouser pleats over the hips and there is a narrow natural calf belt.

For country wear, this sheath can

take a lantern-sleeved cotton blouse or a sulphur yellow and gray rib knit worsted jersey blouse. Then, as the shadows lengthen, the straps can come off and with a velvet belt, a colorful chiffon square and pearls, it's a bareheaded dress for the day.

A block away a white and brown bird dog ran from beside another house—1117 North Russell—and nipped the lively, red-haired youngster on the leg.

You can bet that when Tommy told his folks about how "Sissie" bit him, his mom and pop decided not to press the matter.

Because Tommy is the son of Walter Rogers, Democratic candidate for Congress in the November 7 election. And the two-year-old bird dog belongs to Ben Guill, Texas' only Republican congressman and Rogers' opponent this Fall.

The fact the two candidates represent the far-flung Panhandle district live only a block apart on the same street isn't the only unusual angle of the campaign. Others:

1. Guill may have a chance. In strongly-Democratic Texas, that's downright fantastic.
2. The two families have been close friends. Guill used to date Mrs. Rogers—before she was Mrs. Rogers. Mrs. Guill and Mrs. Rogers spent many evenings together while their husbands were away campaigning for the same job.
3. It's Rogers' fourth campaign in seven months for the job—and Guill's second. The fact Rogers is bothering to campaign against a Republican is, in itself, somewhat unusual in Texas.

Guill, 41-year-old business man, won the post in a special election last May 6. The unrestrained joy this brought to Republicans, both in Texas and throughout the nation, partially obscured one fact: Guill won because the Democratic vote was split among 10 candidates. Guill, the lone Republican, polled more than 8,000 votes. But the combined vote of the 10 Democrats ran to about 28,000.

Rogers was one of the 10 Democrats. He placed fourth—behind Mrs. Altavene Clark of Amarillo, second, and J. Blake Timmons of Amarillo, third.

Hits Trail Again

Rogers then hit the campaign trail again—for the July 22 first Democratic primary. He ran second this time to Mrs. Clark but neither got half the total votes, which were split among four candidates.

So Mrs. Clark and Rogers had to run again in the August 26 second Democratic primary. Republicans hoped Mrs. Clark, a government career woman, would win. They figured Guill would have a better chance against a woman than a man. But Rogers won hands down.

Now he faces Guill in the general election and must campaign again. The former district attorney is beginning to feel like a professional.

Guill has taken advantage of the short congressional recess to come home to do what he can to convince Panhandle voters he should be returned to office.

Hits Bureau

The 41-year-old Purple Heart Navy veteran of World War II is hitting hard at federal bureaucracy, federal encroachment on states' rights, etc.

And that sounds mighty like the platform of Rogers, a 42-year-old civic affairs leader. The difference is that Rogers calls it "Jeffersonian Democracy"—a phrase well liked by Southern Democrats out of sorts with the Administration.

And there you have the final, or almost similarity, between the two candidates: Their platforms are a great deal alike.

When they go to church here—the Pump, Episcopal Church, of which both are members—or attend the Rotary Club—both are members—they shake hands with the same friends.

It's a hard choice for Pampa people, and for the Panhandle.

Midland County HD Council Has Meeting

The Midland County Home Demonstration Council met Friday in the assembly room of the courthouse.

Mrs. E. L. Mason, chairman, called the meeting to order and club reports were heard from the West Side, Homemakers and Valley View Clubs.

Mrs. O. B. Phillips and Mrs. Mason gave reports on the Texas Home Demonstration meeting held August 23-25.

The council voted to have a countywide "Achievement Day" to be held in October. At the time the demonstrations of the clothing demonstrators and home improvement demonstrators will be visited.

Mrs. I. J. Howard, Mrs. L. H. Moncrief and Mrs. O. E. Sherman were appointed by the chairman to nominate council officers for 1961.

Others attending were Mrs. J. C. Hudman, Mrs. Joe Heidelberg, Mrs. Robert Howard and Pauline McWilliams.

ON FRYING BACON

To pan-fry bacon, use a cold large heavy pan and heat the bacon slowly, separating the slices as the fat melts. It's not necessary to pour off the drippings during the frying; as a matter of fact the slices float in the fat, if it's left in the pan, and brown more evenly this way.

To prevent accidents when canning, keep sterilized jars, glass lids, rubber rings and metal screw caps in hot water until needed.

Watch for Dory

Dory is a gal you're going to like the minute you see her in the comic strip.

BOOTS AND HER BUDDIES

Hired from an agency, she takes charge in the Ruggles home after Boots sprains an ankle. And she REALLY takes charge! Davey, Pug and even Rod toe the mark with Dory on the job. She gives them some real laughs—and you'll laugh, too!

Boots And Her Buddies Appear Daily In The Reporter-Telegram

Mrs. Vera McLeRoy Is Party Honoree

A surprise birthday party Friday night honored Mrs. Vera McLeRoy in the home of Mr. and Mrs. H. B. McNeill, 1204 South Fort Worth Street.

After the honoree opened her gifts, the group played canasta. Oats and coffee were served to Mrs. J. B. McCoy, Mrs. R. E. Baker, Mrs. Willie Perry, Mrs. F. G. Crum, Mrs. John Molten, Mrs. C. G. Robson, Mrs. Leo Baldrige, Mrs. R. C. Mason, Mrs. Grace Wallace, Mrs. George McDonald, Mrs. L. T. Burnside and Mrs. G. G. Hazel.

Sending gifts were Nettie Johnson, Mrs. Vida Severance, Mrs. DeAlva Brewer, Mrs. Bernard Collins and Mrs. Dewey Pope.

Fall Round-Up Date Is Named

The annual Fall Roundup of the American Association University Women will be held September 16 at 9:30 a.m. in the home of Mrs. Carl Westlund, 801 North Marfield Street.

All members and prospective members are invited to attend and "get acquainted." Persons interested in joining AAUW may contact Mrs. Ray Seifert at telephone number 1360.

Committee chairmen already named are Mrs. E. G. McFarland, hospitality; Mrs. Seifert, membership; Mrs. B. W. David, social; and Mrs. C. L. Davenport, entertainment.

Ben Guill, Opponent Live In Same Block, Have Same Friends

PAMPA — (AP) — A few days ago seven-year-old Tommy Rogers ran from his home at 1206 North Russell Street here, jumped on his bicycle and took off.

A block away a white and brown bird dog ran from beside another house—1117 North Russell—and nipped the lively, red-haired youngster on the leg.

You can bet that when Tommy told his folks about how "Sissie" bit him, his mom and pop decided not to press the matter.

Because Tommy is the son of Walter Rogers, Democratic candidate for Congress in the November 7 election. And the two-year-old bird dog belongs to Ben Guill, Texas' only Republican congressman and Rogers' opponent this Fall.

The fact the two candidates represent the far-flung Panhandle district live only a block apart on the same street isn't the only unusual angle of the campaign. Others:

1. Guill may have a chance. In strongly-Democratic Texas, that's downright fantastic.
2. The two families have been close friends. Guill used to date Mrs. Rogers—before she was Mrs. Rogers. Mrs. Guill and Mrs. Rogers spent many evenings together while their husbands were away campaigning for the same job.
3. It's Rogers' fourth campaign in seven months for the job—and Guill's second. The fact Rogers is bothering to campaign against a Republican is, in itself, somewhat unusual in Texas.

Guill, 41-year-old business man, won the post in a special election last May 6. The unrestrained joy this brought to Republicans, both in Texas and throughout the nation, partially obscured one fact: Guill won because the Democratic vote was split among 10 candidates. Guill, the lone Republican, polled more than 8,000 votes. But the combined vote of the 10 Democrats ran to about 28,000.

Rogers was one of the 10 Democrats. He placed fourth—behind Mrs. Altavene Clark of Amarillo, second, and J. Blake Timmons of Amarillo, third.

Hits Trail Again

Rogers then hit the campaign trail again—for the July 22 first Democratic primary. He ran second this time to Mrs. Clark but neither got half the total votes, which were split among four candidates.

So Mrs. Clark and Rogers had to run again in the August 26 second Democratic primary. Republicans hoped Mrs. Clark, a government career woman, would win. They figured Guill would have a better chance against a woman than a man. But Rogers won hands down.

Now he faces Guill in the general election and must campaign again. The former district attorney is beginning to feel like a professional.

Guill has taken advantage of the short congressional recess to come home to do what he can to convince Panhandle voters he should be returned to office.

Hits Bureau

The 41-year-old Purple Heart Navy veteran of World War II is hitting hard at federal bureaucracy, federal encroachment on states' rights, etc.

CRANE NEWS

CRANE—Enrollment in Crane schools during the first day were: elementary, 499; eighth grade, 79; high school, 183. The total was 761.

An invitation to a seminar to be held in Monahan's September 28 was extended to the Crane Methodist Church WSCS at a recent meeting. Attending the last meeting here were Mrs. Burt Barnett, Mrs. A. L. Westbrook, Mrs. Lulu

Chaney, Mrs. Fred Field, Mrs. Jesse Davis, Mrs. Cecil West, Mrs. R. O. Warren, Mrs. H. G. Bell, Mrs. Cecil Sneed, Mrs. C. A. Shaffer, Mrs. Kelly Sims, Mrs. R. E. Wesberry and Mrs. R. O. Tomlinson.

A recent social meeting was held by the Willing Workers Class in the home of Bonnie Covill. Hostesses were Mrs. B. C. Chaffin and Mrs. F. W. Corbell. Attending were:

Evelyn Riden, Mrs. Leon Neeley, Mrs. Clyde Orr, Mrs. Jack White, Mrs. Albert Fielding, Mrs. C. B. Currie, Mrs. R. B. Brandon, Mrs. J. R. Brandon, Mrs. R. R. Balzon, Mrs. H. C. Jones, Mrs. Jerry Cowden, Mrs. F. W. Corbell, Mrs. Basil Chaffin and a guest, Mrs. White of Andrews.

Mr. and Mrs. R. N. Brantley of Burras, La., are visiting here with his parents, Mr. and Mrs. W. D. Gooch.

Mr. and Mrs. W. O. Murray have returned from a visit at Temple where

he went through a clinic. Mrs. C. B. Lee of McCamey recently visited here with Mr. and Mrs. J. D. Buchanan.

Attended Roping
Mr. and Mrs. W. B. Gooch and the Rev. R. O. Tomlinson attended a matched roping in Midland.

Rita and Francis McCasland, daughters of Mr. and Mrs. White McCasland, recently underwent tonsillectomies in Crane Memorial Hospital.

Ben Webb announces his purchase of the market in Luther's Grocery.

All Crane is proud of the play of the Crane Oilers in the National Softball Congress tourney at Greeley, Colo. The Oilers won their first two encounters and still were in the running this weekend.

Mr. and Mrs. Willis B. Gunn of Lubbock have been visiting here in the home of his parents, Mr. and Mrs. W. B. Gunn.

Mr. and Mrs. Forrest McCall of Memphis, Tenn., were recent visitors in the J. L. Browning home here. Mrs. McCall is the former Mildred Cloud of Crane.

Fire originating from welding equipment sparked ignited a portion of the Eubanks Paint and Body Shop building recently. Loss was estimated at \$2,000.

R. A. Young has been seriously ill in the Crane Memorial Hospital.

If your cosmetics are all kept together on one beauty tray, they can be transferred from bedroom to bathroom and back again with ease.

Women Adapt Male Styles

Attracted by distinctive patterns and materials of men's ties, women are transforming them this fall into scarves and costume accents. Wife (right), wearing a bow tie, converts her husband's worn four-in-hands to her own uses. She adjusts (upper left) the rosette choker that brightens her evening gown, and models (lower left) an opened-out long tie entwined with pearls to dress up her suit.

By ALICIA HART
NEA Staff Writer

Ever on the alert to adapt male styles to their own uses, women will be raiding the tie rack this Fall. Luxurious ascots and pert bow ties, long the object of envious feminine glances, will be sharing the limelight with the ordinary four-in-hand.

It's because of distinctive patterns and weaves that women are invading haberdasheries rather than depending upon dress goods counters to supply scarf fabrics. Another point in favor of this source of supply is the ease with which ties can be adapted. Since they are already lined and hemmed, it takes only a few stitches to complete the job.

Following the trend away from the nude look for bare shoulders is the rosette choker. The broad end of the tie is looped into a soft rosette which is dramatized by a scatter pin fastened at its center. The neckband is formed by the narrow part of the tie, which fits smoothly around the neck. Excess length is snipped off; a hook-and-eye is used for conceal- ed fastening beneath the rosette.

To dress up a suit, ties in satin and other rich materials may be opened out and tied loosely at the neck. The fullness is gathered in not by the conventional knot but by an entwined necklace of pearls, jet or crystal. For variety, a large bright costume pin may be used to catch the folds together. Excess length in this version is eliminated by cutting out a portion of the band in back, and reseaming.

A softer, more feminine version of the ascot results when it is knotted with the long end extending many inches below the short end. The extra length is then doubled up until the ends are even again. A small pin holds the loops in place and adds a touch of dressiness.

For more tailored effects, a bow tie may be used. It is effective when tied in a simple knot at the throat.

ZIG ZAG ATTACHMENT
A zig zag attachment for the sewing machine now being introduced at local sewing centers achieves a variety of zig zag stitching from almost invisible stitches to decorative effects for women's and children's clothing, lingerie, linens and draperies. The lever is adjustable so that you can straight stitch without removing the attachment.

In 33 games with Wyoming, Denver has won 29 and tied one.

Panama Canal Toll Dispute Proving A Stormy Controversy

WASHINGTON —(AP)— President Truman decided back in March 1948 that there ought to be a little hike in the toll rates for the Panama Canal.

Canal Zone expenses had gone up a lot since the last toll rate rise in 1938.

Toll rates in the privately operated Suez Canal have been raised from 28 Egyptian piastres in 1939 to 39 piastres. The President announced that on Oct. 1, 1948, the rate for the Panama Canal would rise from 90 cents to \$1 per ton for laden ships.

But the rate rise never has gone into effect. It has become involved

in one of the stormiest controversies now raging in the capital—involving such issues as the building of a new canal and reorganization of the canal's administrative and operating set-up.

At the suggestion of Congress, the President has repeatedly postponed the effective date of the rise while Congress studied the issues. Now it is set for April 1, 1951.

Shipping interests protested to Congress when the raise was first announced. They said ship operators were barely able to make both ends meet and some were losing money. Besides, they were already being charged too much in tolls, they con-

tended, because in setting toll rates the government made them pay for items which should be charged to national defense.

The House Merchant Marine Committee was instructed to make an investigation. It recommended that the whole theory of Panama Canal tolls be examined. The current practice is to charge tolls which will defray the costs of operating and maintaining the Canal Zone facilities, besides giving the government a three per cent return on its investment.

True Expenses Unknown

But nobody knows the true operating expenses of the canal, the

investigator pointed out, because there is no business accounting system. The Hoover Commission asked a reorganization of canal administration to simplify accounting.

At the suggestion of the House committee, the President had the Budget Bureau make a study. It recommended a reorganization, substantially along the lines of the Hoover Commission plan. A bill now is before Congress.

Here are some of the arguments brought in hearings on the bill:

Shipping men contend that half the interest charges should be paid as national defense. The interest charges, about \$15,000,000 a year, account for 75 cents of the 90-cent toll.

Cross-continent railroad men, on the other hand, say that no such allowance should be made for national

defense, that it would amount to a subsidy for shipping.

The subsidy, they add, would go to foreign vessels as much as American ships. Treaties require equal toll rates.

The new canal also is involved. Will toll rates be based on interest charges on that vast new capital outlay?

If so, the rise might be fantastic. A government study in 1948 recommended the construction of a sea-level canal, primarily for defense purposes. It estimates the cost at \$2,482,000,000. Since then many prominent engineers have questioned the advisability of such a canal and have said the cost might be as high as \$30,000,000,000.

At present U. S. government ships use the canal toll free. The reorganization bill provides that they

Portrait Honors Bryan's First Lady

BRYAN —(AP)— A new portrait hangs in Carnegie Library here as a tribute to Bryan's white-haired "first lady."

She is Mrs. Lee J. Rountree, a strong but kindly woman who was catapulted into a career of business and public service when her husband dropped dead on the floor of the Texas Legislature almost 30 years ago.

Mrs. Rountree is publisher and shall henceforth pay tolls or that the canal shall otherwise be reimbursed.

This is a step in the right direction, say the shipping men, but they feel that under the plan the government still wouldn't be paying its full share for national defense.

managing editor of the Bryan Daily Eagle—and has been since she took over, when her husband died, "to prove a woman can succeed."

She succeeded. She served a term in the Legislature. She became president of the Chamber of Commerce—first woman to head a Texas chamber. She served as Texas vice president of the National Editorial Association. She built a new newspaper plant, and put in a new \$73,000 color press.

But the recent unveiling of her portrait was the first opportunity for citizens of Bryan to put their appreciation for her in concrete form.

The portrait was painted by ar-

ist Seymour Stone, who attended the unveiling. In accepting the portrait on behalf of the city, Mayor Roland Danahy expressed hope "future generations will follow the example set by this good woman in having been x x x a leader in all that is good and righteous in our community."

The gold-framed portrait then was hung opposite that of Andrew Carnegie.

FLYING SCHOOL TEACHERS

LUCKY TO BE ALIVE—Pfc. Robert Roberts, 1st Cavalry Division trooper who hails from Sparta, Tenn., points out hole in his helmet made by enemy bullet to show how narrowly he escaped death when Communists overran his outfit's position in a night attack. Another bullet grazed the helmet and a third scraped his back. He's just hoping his luck holds out.

Eyes That Bat .300 Judge The Bathing Beauties

By RICHARD KLEINER
PALISADES PARK, N. J. (NEA)—Have you ever wondered how judges at bathing beauty contests pick a winner? I have, so I volunteered my services as a judge to find out.

Before you start drooling all over the newspaper, you must realize that judging bathing beauties is tough work. It's not simply a question of picking the best-looking tomato in the basket. You have to study such commodities as legs, hips, waist, bust, and general conformation. As I said before, it's tough work.

We—two other judges and myself—were appearing at one of the preliminary eliminations in the Mrs. America contest. There were 14 girls—three blondes, two red-heads, seven brunettes and some in between.

To Pick Four
We had to pick four who would compete in another elimination to compete for the Mrs. New York City title to compete for the Mrs. America title. It was sort of a quarter-quarter-quarter final.

The other judges were old hands at this sort of thing. They could look at 14 gals in skimpy bathing suits without batting an eye. My eye batted well over .300 during the evening.

The 14 started parading around the stage. At first, I was so overwhelmed by the enormity of my task that all I could see was a blurry flash of bathing suits and legs. The other judges whispered that we should choose eight before we finally picked the four winners.

Which Eight
"Which eight have you picked?" they asked me.
"I haven't even started looking yet," I said.

So they had the girls walk around the stage again, for my benefit. The sense of power was gratifying. A platinum blonde in a blue velvet bathing suit caught my fancy. Also a redhead with long hair streaming down her back. And a cute brunette in a two-piece suit. But outside of those three, I had no favorites.

After all, they all came equipped with the same accessories.
So I decided to compare legs. Which is a nice hobby on a warm Summer evening. A platinum blonde in a blue velvet bathing suit caught my fancy. This time, she held it. Begin Parading

The other two judges picked the eight, and then they began parading. It was the same thing all over again. Very boring.

I made a conscious effort to look at their faces, figuring that possibly I could make a selection on that basis. A platinum blonde in a blue velvet bathing suit caught my fancy. Looking at her face I had discovered that her bathing suit was cut lower than the others.

Judge's eye-view of a bathing beauty contest: First you pick eight, and then you pick four.

"Which four do you like?" the judges asked.
I waved my hand nonchalantly. "Let's go around again," I commanded them. They did.

The blonde was number four. The redhead with the queen-sized hair was number six. The brunette in the two-piece job was number 10. I decided those three were in, solid. To pick the one remaining winner out of the other five was difficult. I concentrated on legs again.

As each pair tripped by, I made a mental note. Then, when I decided which pair was the best planned, I looked up. They belonged to a platinum blonde in a blue velvet bathing suit.

"I pick number four, six, 10 and—four," I said.
The other judges picked the fourth winner. Fortunately, we all agreed on the first three. Proving that the other judges were human, too.

So you see, judging bathing beauties is a tedious task, one that demands long years of experience. And plenty of red-blooded male intuition.

ELECTRIC TRANSLATOR
Italy reports development of an electric translator on which one merely types words of one language such as English, and the machine prints them in Italian, Greek, or any other language.

Blind To SYMPTOMS

You owe it to yourself and your family to have a complete and reassuring yearly examination.
Too Many Men and Women Shut Their Eyes to the actual symptoms of serious disabilities that should have early and immediate attention. It is not always cost, but often fear that blinds. However, the quicker you allow a bad physical condition to be cleared up the better.

There are few diseases not curable to a large extent, if treatment is started in time.
Early symptoms of Bright's disease are pain to the physician, and should have earliest possible attention. Cancer can be prevented and cured in many cases by the doctor having a chance at it in time.
Tuberculosis can be detected and cured in the early stage. Serious heart trouble can often be avoided, if the physician is given opportunity to treat conditions leading up to it—in time.
A little time and care may add many years of health to your life.

McCamey News

McCAMEY—Mr. and Mrs. Dewie Jones, former McCamey residents who moved to Abilene a year ago have returned to McCamey, where Jones is employed at Bender's Department Store.

Mr. and Mrs. W. C. Putnam recently attended a party in Colorado City, given by A. F. Terrill for the president of Shell Oil Company.

W. D. Gregory, construction superintendent of Shell Pipeline Company, has been transferred to Caracas, Venezuela. He arrived in South America by plane September 1. His wife is to join him later.

H. K. McKinnon and Francis Falcon, both employes of Shell Oil, have been transferred to Houston.

Mr. and Mrs. E. V. Dwight and sons, Don, Jim and Pat, toured the Davis Mountains and visited McDonald observatory recently.

Mr. and Mrs. Scott Fletcher and Mr. and Mrs. W. M. Whitfield and children visited in Abilene and Fort Worth over the Labor Day weekend.

Mr. and Mrs. J. L. Werst and grandchildren, Beth, John and David Werst of Big Lake, visited in Dallas and Baird recently.

Mr. and Mrs. Fannie Woodward and Mrs. Burch Woodward, of Orlum, and children were McCamey visitors recently.

Mr. and Mrs. J. T. Gibbs visited recently in Iraan with their son, W. D. Gibbs.

Mr. and Mrs. Gail Cummins and children, of Goldsmith, are guests in the home of his father, G. W. Cummins.

James L. Plumlee, a service man for Southern Union Gas Company, recently was honored by the company at the completion of 10 years of service. Plumlee is a veteran of World War II, and recently received a call to active duty. He is married and has one child.

R. E. Rubie, district manager of West Texas Utilities Company, recently announced a reduction of 18 per cent in operating cost of pumping water from wells 10 miles south of the city.

A low bid of \$72,199.87 by the Roger Smith Contracting Company of Waco was accepted by the city council recently, for construction of a sewage disposal plant and for laying and extending the new sewer system in the south part of the city. The bid was read at a recent council meeting, presided over by Mayor C. W. Brown. The job is to be completed in 90 days. The new construction will double the present capacity of the city's sewer lines.

VFW District Commander D. S. Nichols of Granddallas has announced the District Encampment will be held in Kermit September 16 and 17. Registration for McCamey members attending will be at 10 a.m. September 16. Cletus Brooks, McCamey commander, has been named a member of the district council and is to head the McCamey delegation.

Looking for a Money Saver?

Better Buy Buick!

YOU CAN SEE here how smart it is—don't have to be told that it's the most quickly identified car on the road today.

You probably know that the engine under that broad bonnet is a Fireball straight-eight valve-in-head engine and a lively stepper in any company.

FOUR-WAY FOREFRONT—This rugged front end (1) sets the style note, (2) saves on repair costs—vertical bars are individually replaceable, (3) avoids "locking horns," (4) makes parking and garaging easier.

You can check the abundance of its room by the simple expedient of taking the family and trying out its spaciousness at the nearest Buick dealer's—and a very few minutes on the open road will satisfy you that all-coil springing, low-pressure tires and Buick's torque-tube drive really do produce a ride that is matchless for its soft comfort.

BUT RIGHT NOW, it may be that the money angle is the thing uppermost in your mind, and on that we'd like to make two points:

All our records go to show that this is the most economical Buick ever built. It is easy on gas, on oil, on tires, on upkeep.

And if you choose it with Dynaflo

Drive,* it immediately eliminates all chance of friction-clutch repair and replacement—not to mention greatly reducing rear-axle and transmission maintenance.

Best of all, your initial outlay is a highly favorable one—whatever Buick you buy. For these brawny straight-eights—built rugged and solid for durable service—are priced at a level that makes them a standout buy in any price class.

Yes, better buy a Buick. Your dealer will be glad to demonstrate, glad to work out all the arithmetic of a deal. See him right away and get an order signed.

*Standard on ROADMASTER, optional on other Buick models.

WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM

The Washington Merry-Go-Round

By Drew Pearson

(Copyright, 1950, By The Bell Syndicate, Inc.)

Drew Pearson says: U. S. prestige in Europe reaches low ebb; As result of Korean war its doubtful that Western Europe would fight Russia; Military mistakes at top lose G.I. lives at front.

WASHINGTON — Unpublished intelligence reports reaching Washington from various parts of the world tell a depressing story of lowered American military prestige as a result of Korea.

Confidential reports from friendly British sources bear this out. The British embassies in France, Belgium and Holland, for instance, report that in case of war with Russia those countries probably would not fight. Our embassies substantiate this.

Even the published reports tell a story that is bad enough. From Paris The Associated Press reports: "The crisis in Korea has brought the American position in France to a low point. . . . There has been a wave of dismay at American reverses. . . . It is staggering to hear Frenchmen talk about capitulation (to Russia)."

And in Germany, where most Americans blithely have figured we could raise a German army to support us, comes the opposite note from our best friend, Chancellor Adenauer, who says that Germans need American troops to support them, rather than German troops to support the U. S. A.

"Until now," says the chancellor, "Germany maintained its spirit against the spread of communism by faith in the American armed forces. But events in Korea have had a noticeable effect, and there is a sense of helplessness that the Russians will take over."

"American troops in Germany, therefore, should be increased by three more divisions in three months, with a total of 10 divisions later."

The above is a cross-section of reaction from our friends in Western Europe. Intelligence reports from areas less friendly, such as the Arab states and the Orient, are far worse.

Military Mistakes
Precedent in the War and Navy Departments has been against prying into military mistakes. After previous war, the files dealing with military blunders have been locked up. A dozen or so high-ranking U. S. generals were "busted" in the European Theater during World War II, but only fragmentary facts concerning the boners ever leaked out. And in the Pacific, MacArthur exercised even tighter censorship regarding certain errors, including his own still unexplained error in letting all his planes get destroyed at Clark Field shortly after Pearl Harbor.

In the Korean crisis, however, congressional sentiment is growing for a forthright examination of our military errors and woeful lack of

preparedness. Senator Lyndon Johnson of Texas, himself a naval commander in the Pacific, has been picked tentatively as the committee chairman to do the probing, and here are some of the things he will be asked to examine:

1. Lack of troop training — MacArthur had the biggest segment of American troops under him in Japan. They were on a war footing, with plenty of time for maneuvers. Yet all reports from the battle front indicate that his troops were softer, greener, less prepared than troops trained in the U. S. A.

2. Bazookas — It was known at the end of World War II that Russian tanks were powerfully armed. It also was known that our four-inch bazookas were inadequate. Yet we sent men into battle with these same almost useless bazookas. This was sheer murder. The military had five years to prepare a new type of bazooka, but none were on deck in Japan when the Koreans were broke. It is reported that heavy orders placed for the smaller bazooka, and not countermanded toward the end of the war is part of the answer. These factories just kept on making useless bazookas.

3. Tanks — During most of War II, U. S. tanks were inferior to German tanks, while the Russians publicly chided us regarding the lend-lease tanks we sent them. After the war we junked thousands of our own tanks, apparently without making any serious attempt to develop a tank that could meet the Russians. In brief, the Pentagon planners were woefully asleep.

4. Air Force — MacArthur had the largest chunk of U. S. air power to be found anywhere in the world when the Korean war started. But for many agonizing days at the start, 70 per cent of his planes were kept on the ground. This was not due to bad weather alone, but to the fact that MacArthur feared a Russian air strike at Japan. Many military men disagreed with him on this, pointing out that planes over Korea required only an hour to get back to defend Japan, and that time in the Korean war was priceless.

5. Slow troop movements — In the first weeks of Korean fighting, troops

Pheasants Are New Crop For Florida Farm

PANAMA CITY, FLA. — (NEA)—A Florida man has a new slant on small farms for retiring businessmen.

W. E. Banzhaf is the owner of Florida's first pheasant farm near Panama City. After three years of operation, he now has approximately 4,500 birds of various sizes confined in the wire pens strung over his five acres.

Not only is it unusual to find pheasants in such a domesticated setting, but they are far from their normal haunts in semi-tropical Florida.

There have been attempts during the last five years among Southern sportsmen to bring the pheasant to their area as wild game. Amendments a few years ago to the regulations of the Florida Game and Fresh Water Fish Commission provide for raising of pheasants for propagation and food purposes only.

Bustest Seasons
Spring and Summer are the bustest seasons for the pheasant farmer, since that is the time the young are hatched. All eggs must be hatched in Banzhaf's 800-egg incubator because the sensitive birds refuse to sit on their eggs in confinement. Pheasant eggs require 24 days in the incubator.

Banzhaf packs most of his birds for northern markets during the Fall and Winter months. They go mostly by order to private clubs, although he also has a growing local market.

The farm has drawn numerous visitors and, reflecting his old love of the outdoors, his visitors mean more than just prospective customers. It was his first ambition to stimulate interest in helping to bring back the pheasant as wild game.

S. P. McDonald, Florida state conservation officer, explains that the state while endeavoring to keep a reserve of other types of game, has never considered the pheasant a sound investment since the species requires good farming territory with an abundance of grain.

"I'd sure like to change their minds," Banzhaf confessed.

FLOUTS REDS—Defying Poland's Communist government, which demanded his return to Warsaw, Minister Janusz Zoltowski, above, and two other high-ranking officials of the Polish embassy in Washington left their posts and requested sanctuary from the State Department. He was Poland's top financial representative in this country.

Kashmir Watching Northern Passes

SRINAGAR, KASHMIR — (AP)—A close watch is being kept on the passes connecting Tibet with Ladakh, Kashmir, to keep out potential "trouble-makers" and to prevent arms smuggling, informed sources say.

Under an order in force, travelers from Tibet or Sinkiang must leave their arms at Leh, Ladakh, until their return journey.

Narrow mountain trails which cross 18,000-foot passes and dangerous glaciers are used mostly by traders from Asia's interior.

Many western varieties of grapes will keep considerably longer if placed in cold storage.

Youngest Republic Hopes To Be Most Neutral Country

JAKARTA — (AP)—The world's youngest republic — the United States of Indonesia — is trying for a second distinction. She would like to be the world's most neutral nation. According to the stands they have taken on the Korean war, all other Asian countries can be sorted roughly as either Russian or American sympathizers.

Indonesia has carefully avoided lining up on either side. Government officials sighed with relief that the six-month-old republic never became a member of the United Nations. If we had joined the UN, they reasoned, we might have been forced to take sides on Korea.

Indonesia was led into her neutral position by Indian Prime Minister Jawaharlal Nehru. On a state visit here in June, he pleaded in a dozen speeches for a "third neutral force" as a balancing power in the growing struggle between Communists and non-Communists.

By strict neutrality, India and Indonesia might show the way toward peace, Nehru said. He advised the Indonesians to concentrate on their own internal problems and avoid mixing in outside conflicts. Indonesians heeded Nehru's words, and no opposition was heard when Premier Mohammed Hatta laid down a policy of tight isolationism in regard to Korea's war.

The press and most political parties rallied behind the government standpoint. Even Communist leaders, usually critical of Hatta's policies, agreed that Indonesians must concentrate on "building a strong national front to safeguard the country's neutrality."

Leaders Get Jolt
Indonesian leaders got a jolt when India suddenly abandoned her policy of rigid neutrality and supported UN military measures to halt the Communist invasion of South Korea.

It was admitted here that India's move caught the USI by surprise and left her alone on her neutral pinnacle. But we still can afford to be aloof, one top official explained, because we are far from the centers of trouble. India had to act, he said, because the Chinese Communist are close on her flanks.

Indonesia's union partnership with the Dutch will not influence her toward the Allied side, USI officials have been quick to explain, pointing out that each party in The Netherlands-Indonesia union can determine its own foreign policy. It was carefully explained that Java's big naval base at Soerabaja must not be looked on as a base of operations in the Korean war simply because a Dutch destroyer departed from there in early July to join Allied forces off Korea.

The area was left in Dutch hands, and Holland and Indonesia were to negotiate a settlement before the end of 1950.

As neither has given up claim to Western New Guinea, the next round of negotiations in Holland are almost certain to end in a deadlock. Then it is likely that the problem will be thrown to the UN for solution.

The Tigris - Euphrates valley, site of the world's first large-scale irrigation project, could support six times its present population of 8,000,000 if irrigation was developed to its full limits.

Mussolini's Men Aid Foe, Is Charge

ROME —(P)—The East vs. West Cold War is a hot political battle in Italy with mud-slinging and name-calling in which even the newspaperman is fair game.

"L'Unita," official Communist newspaper started one fight with a full page charge that eleven of the leading writers and executives of anti-Communist newspapers were once important cogs in Benito Mussolini's Fascist press.

A week later "Il Quotidiano" Catholic Action paper used a full page to contend nine former Mussolini propagandists now were among the leading writers and editors of Italy's pro-Moscow press.

Planned Storage Is Distinct 'Must' In Today's New Home

Planned storage space is a distinct "must" in the planning of a new home, says American Builder, most widely circulated building industry magazine.

The publication defines planned storage space as storage walls, built-in closets and lockers.

This storage wall, with closets and drawers, is in a child's room, but the unit also would be suitable for a recreation room, a bedroom or sewing room. Hardwood plywood faced with birch veneer in a natural finish provides a durable, easy-to-clean surface.

In cabinets, wardrobes, drawer cases and closets.

The magazine concedes that "most experts agree two-thirds more dead storage space can be provided in a basement than on the first floor for an equal expenditure of money."

September, October Are Good Months For Painting Jobs

COLLEGE STATION — Since proper preparation for a good painting job takes some time, W. S. Allen, extension agricultural engineer, buildings of Texas A&M College, suggests that farmers start making plans now for painting this Fall. He points out that September and October are the best months for painting because the weather is too hot during the Summer and too cold or rainy later on during November and December.

Allen cautions farmers to prepare the surface to be painted before applying the new coats. Remove all the loose old paint and make sure that the surface is dry. He says that even the best paint will fall if it is applied immediately after a shower.

Right Paint He points out that the paint job is no better than the paint applied. Too much oil causes paint to dry slowly and become dirty and faded, while too little oil causes it to wear off rapidly. Cracking is the result of temperature changes on hard, quick-drying paints. Wrinkles show up because of improper brushing of heavy oily mixtures. Chalking usually is caused by using too much thinner or by skipping on the number of coats applied.

Allen reminds farmers that, although painting a house or barn makes it look nicer, the real reason for painting is to protect the building. He states that now is the time to prepare for painting farm buildings which have not been painted during the last four or five years.

Three important points to remember about painting are: pick mild, dry days to do the painting, buy the paint by the label on the can, and do a good job of applying the coats.

AGREEABLE LINES — Imaginative treatment of the exterior of this house led to its being selected as a model plan. The roof line is the principal distinguished mark, making the house appear different from most other dwellings in the moderate - price class. The window area is generous, in keeping with contemporary architectural preferences. The two - bedroom house also has many interior features.

Major Revolution Has Taken Place In Home Construction

The new ranch house down the street and the two-story home built a generation ago both provide shelter for a family, but there the similarity ends.

The observance of the National Home Week points up the fact that a major revolution has taken place in home construction. More than half the houses being built today are one-story, open-plan types. The dining room usually is combined with either the living room or the kitchen, the utility room replaces the basement of a generation ago, and the tiled bathroom, once a novelty, today is a standard feature.

Greatest changes of all have been made in the kitchen. The inconvenient pantry of 50 years ago has given way to base and wall cabinets at each center. Work tables have been replaced with counters adjusted to the housewife's height and finished with such easily cleaned and durable materials as clay tile.

Finally, such automatic equipment as electric dishwashers, mixers and temperature-controlled ovens have eased work and given today's housewife much more leisure time than her mother or her grandmother ever had.

Prankster Provides Meal For The Guests

MOUND CITY, ILL. —(P)—When a prankster invited 25 guests to dinner at the home of James Finley, Mound City school superintendent, Finley was equal to the situation. He instructed some of the "guests" to slip out and raid the suspect's own icebox. They gathered coffee, cakes and utensils, returned to the Finley home, and served the loot.

"The suspect knew his own silver and his wife recognized her own cakes, Finley chuckled.

Special Arithmetic Class For Parents

STOCKPORT, ENGLAND —(P)—The local Education Department has announced it will start a special class in arithmetic—for parents.

Mom and pop have been getting too many wrong answers on Johnny's homework, the department explained.

Texas Yellow Pine Shipments Increase

HOUSTON — Shipments of Texas yellow pine during the week of August 26 showed a sharp gain of 15.6 per cent compared to the previous week and 1.6 per cent compared to a corresponding week in 1949, according to a report of comparative samplings from 25 identical Texas mills.

"Increased shipments during the current week represented withdrawals from stocks on hand rather than increased production," said Jim Ben Edens, president of the Texas Lumber Manufacturers Association. Edens pointed out that "production was up only 1.4 per cent so the increased shipments resulted in a reduction in stocks on hand at the end of the week, which are down 41.6 per cent compared to the corresponding week in 1949."

Orders booked during the week were up 13.1 per cent above the preceding week but were down 28.7 per cent compared to the corresponding week in 1949, but total orders on hand at the end of the week were 36.4 per cent above the corresponding period in 1949.

The stratospheric air above 40,000 feet is one-fourth as dense as the air at sea level.

Counters That Fit The Woman Seen As Kitchen Timesavers
The efficiency kitchen, the kitchen that can be run as smoothly by Mrs. America as her husband runs his office, is just a dream for many women. They still are a lot of inefficient kitchens around, the experts say.
Many housewives, however, have cut their kitchen work time a great deal by installing modern appliances. But just as important to the housewife, home economists point out, is an efficiently arranged kitchen which features the use of labor-saving materials. Wider use of clay tile, an easy-to-clean material for floors, walls, coats, counter tops and splashbacks is proof that the wiser homemakers are working forward to a shorter day in the kitchen.
One of the big reasons some housewives needlessly are putting in extra, tiring hours in the kitchen, most home economists agree, is that counters don't fit the woman. A good height for counters is 32 inches. That's just about right for the average five-foot, four-inch American housewife. But the height of counters should vary for the taller or shorter woman.
Some kitchens need larger counter tops. Since dishwashing is from right to left, the counter just to the right of the sink should be at least 36 inches long, and to the left, at least 30 inches. The depth of these counters again depends upon the homemaker's size. About 24 inches is best for the average housewife.

Off-Street Parking Is Registering Boom
CHICAGO —(P)—An increasing number of localities are attempting to alleviate their parking woes by providing off-street facilities through zoning, according to the American Society of Planning Officials.
At least 185 localities have ordinances requiring the provision of off-street parking spaces in connection with one or more property uses. This total included local governments of all kinds — cities, towns, villages, boroughs, counties and townships.
Only five of the 13 cities with a 1940 population of more than 500,000 were found to have a zoning ordinance requiring builders to provide off-street parking facilities for tenants or users of new buildings. These cities were Cleveland, Chicago, Detroit, Los Angeles and Washington, D. C. Since completion of the survey, however, New York City has adopted such a zoning amendment.
Two heavily populated counties — Cook (Chicago) Ill., and Milwaukee, Wis.—were found to have county-wide zoning laws requiring property owners to furnish car parking areas to their tenants. Twenty other places of more than 100,000 population also sought relief from their parking problem through zoning laws under their police powers.
Ohio has more than 10,000 curious mounds built by the ancient moundbuilders.

Scot On Lonely Isle To Get Suit

DES MOINES —(P)—A Scot on lonely Tristan de Cunha Island in the South Atlantic soon will be the best dressed man on the island, thanks to an Iowa utilities executive and an Iowa banker.
Last December the cruise ship Caronia anchored off the island, sometimes called the "world's loneliest outpost." Ben Webster, Des Moines, secretary of the Iowa Utilities Association, was one of the few passengers who risked the rough trip ashore in one of the small boats in which the islanders rowed out to meet the ship. Webster's "native" oarsman, William Gordon Glass, confided the thing he wanted most in the world was a new suit of clothes. This Webster promised to send.
Back in Des Moines, Webster sized up Albert Robertson, first vice president of the Iowa-Des Moines National Bank and Trust Company. Webster knew he had the problem solved. "Got an extra suit?" Webster asked the medium-built banker.
Hence when William Gordon Glass opens his soon-to-arrive package on tiny Tristan de Cunha Island, he'll find a suit to fit.
When Napoleon was exiled to St. Helena 135 years ago, a British garrison was stationed on Tristan de Cunha. After a year's duty the troops were withdrawn. But seven of the garrison, mostly Scots, elected to remain. The island's 250 present inhabitants answer to just seven family names and are descendants of those seven soldiers and their imported wives. It's a good bet that none of them ever had such a conservative suit before.

ADDY RINGTAIL

By WESLEY DAVIS

ddy Ringtail And Idles In The Sky

ddy Ringtail lives in a monkey high in the top of the very tree, right in the middle of the Forest.

After breakfast he was standing on the porch, looking out and at the tops of the trees, far to the West where Old Mr. was going down the other side of the world to China. The clouds blue from the sky, red from the sun. How pretty! Then the red gone with the sun. The purple was gone. And the blue clouds looked like castles there in sky.

"Daddy Ringtail! Scrambled coconut for supper!"

"Other Ringtail was calling from the house, saying that a fine

supper of scrambled coconut was ready on the table.

Oh, Mother Ringtail always had said that people should come to supper when people were ready, and that no one ever should have to go

and across the trees at the castles in the sky.

Mother Ringtail then came out the door. "Daddy Ringtail," she said, "You are always hungry for supper, and the scrambled coconut is ready."

Mother Ringtail stopped very still. She too was looking now away and across the trees of the forest. She saw the castles of cloud away there in the sky. Oh, they were giant castles of great beauty, but castles of a kind that no hand could ever build.

They are built of a sun that is gone, of a wind that is still, and of clouds as big as mountains. They really aren't built at all, I guess. They only happen sometimes when people have eyes to look and see.

Mother Ringtail watched the clouds. Daddy Ringtail watched them. The children too came out to

after them. I mean that people should come to supper when they are called, but Daddy Ringtail didn't go. He was busy with looking away

watch until the night had pulled a curtain of black across the world. Then the family had their supper. What a fine, happy supper with happy talk of castles in the sky. And a mother should maybe let supper wait sometime for a happy thing like that, I guess, don't you? Happy day!

Celebration Brings Change Of Slogan

FILLMORE, N. Y. —(P)—The "Century of Rigor Mortis" celebration here not only put money in the till but brought a change of slogan. The committee announced it had refunded \$1,400 to local merchants who underwrote the July centennial celebration and it has a "substantial balance" besides. The "rigor mortis" slogan—which admitted no progress in this Western New York village for the last century—has been changed to "no rigor but more vigor."

WAC's Fighting Excess Poundage War As The Calories Go A-Rolling Along

WASHINGTON—(NEA)—Join the WAC's, girls, and get yourself a streamlined figure as a dividend while you lend a hand in the Korean crisis.

It just so happens that the lady soldiers are in the middle of fighting a "fat WAC" war, too. If you join up now you'll be exposed to a new painless military way to reduce. That's if you need it, of course. If you're skinny the program'll give you curves. It's all hall magic.

The 3,600-calories-a-day diet the Army gals had been getting up to now was the same one the boys got. Result was a very high cost of providing new, expanded uniforms, no whistles from the boys, and dress parades which looked like beef trusts on the march.

The new order of the day for the uniformed ladies is 2,400 calories a day and separate mess halls whenever possible.

Silent On Amount It's either a military secret or natural feminine reticence, but the Women's Army Corps isn't saying just how much surplus poundage the average member carries. The only figure on figures releasable is an

Present fork might be the command for this WAC non-com at chow-time. If she needs to, she'll be put on a 2,400-calorie, weight-reducing diet.

estimate that somewhere near 50 per cent of the gals are overweight. And that brings the WAC, and Women's Air Force spokesmen especially, to a very touchy subject. They think that the maximum allowable weights in the regulations for girls who enter the service are now too high. They say that today's standard demands a slimmer girl than the old maximum weights provide. For instance, a five-foot girl has to be at least 106 pounds and not more than 133 pounds to get in. They think the maximum and most desirable weight for this height is 114 pounds. For a gal five-foot-two, it's 105 minimum, 140 maximum, with the desired weight 120 pounds.

Most Desirable About 127 pounds is the most desirable weight for a gal five feet, four inches, WAC doctors claim, but you can be 147 at this height and still get in. Regulation maximum for a six-foot WAC is 186 pounds. However, they say, 159 pounds is what it should be. The problem period in the weight of a WAC is during basic training. For the first time in most of their adult lives they're suddenly subjected to regular hours and regular meals. If they enter the service heavy, they usually get heavier. If they go in slim, it takes considerable will power to stay that way during basic.

The new 2,400-calories-a-day diet is supposed to change all that. It differs from the men's 3,600-calorie intake in that it provides smaller portions, and more fruits and green vegetables in place of sugars and starches. Highlight Is Given Anyone who has tried a tough 1,000-calories-a-day diet will be pleased to discover that the military doctors claim it's possible to lose weight on 2,400 a day. Here are some of the new diet's highlights:

You can have meat for breakfast twice a week. If you have toast you shouldn't have hot cakes. You can have a half-pint of milk each morning and a pat of butter. No cream or sugar in the coffee. For lunch you can have a lot of lean meat, plenty of vegetables, a moderate dessert and a tablespoon of dressing on your salad. A small potato is permissible. Dinner permits more lean meat, vegetables, big salad, bread, butter and one pastry, or pudding. Like breakfast, there's no cream or sugar in the coffee. To their credit, it's reported the gals are taking this whole thing with true military stoicism. Their one small gripe: they're really not as plump as people say. "It's the uniform that makes us look that way," they all insist.

SIDE GLANCES

"The first thing we're gonna do is get in condition. I bet you guys let yourselves get soft during summer vacation!"

Israel Gives Warning To Visiting Aircraft

TEL AVIV, ISRAEL.—(P)—Israeli army authorities have issued a new warning any foreign civil or military aircraft flying over Israel outside prescribed air corridors will be fire upon by anti-aircraft units or Israeli fighter planes. Any flights outside the corridors leading to the Lydda and Haifa airfields must be specially authorized, the Army said. Israeli authorities long have complained about foreign aircraft flying over the country without permission and fighter planes have forced many of them to land.

WT Citizens Invited To Inspect Hospital

BIG SPRING—West Texans are being invited to inspect the new six-million-dollar 250-bed general medical and surgical hospital erected for the care of their veterans. Gen. Carl Gray, Washington, D. C., administrator of veterans affairs, will dedicate formally the eight-story structure in brief ceremonies at 2 p. m. Sunday. The afternoon will be devoted to a tour of the building by all who wish to inspect it. Activated on July 17, the big Veterans Administration hospital now has 135 beds open, and by the end of the year, the entire plant will be in full operation. Besides the big main building, which extends a distance of about 700 feet from tip to tip, there are 11 other structures on the hospital property. It is located on a 31-acre tract donated by the City and Howard County at the south end of Gregg Street.

Ethiopia Accepting Displaced Persons

ADDIS ABABA.—(P)—New homes and a new life in Ethiopia await 171 displaced persons, including wives and children, in International Refugee Organization camps in the American, British and French zones of Germany. Displaced persons willing to accept resettlement in Ethiopia were offered three-year contracts for permanent settlement. Agricultural workers were offered land and government subsidies for setting themselves up in farming. Professional and skilled workers were offered salaries ranging downward from \$275 monthly. Of those chosen, 37 are agricultural workers. The rest represent various professions and skills, from doctors, engineers and architects to mechanics, plumbers and bricklayers.
