Midland's Building Permits Soar To All-Time Record

September Boom Puts 1950 Total Past \$9,500,000

A September building boom, combined with healthy construction activity during preceding months in 1950, accounted for a record total of \$9,512,551 in building permits issued up to Saturday noon, records in the city engineer's office revealed.

The total thus far this year is \$2,239,561 more than the all-time record of \$7,272,990 for the entire year of 1948.

September's commercial and residential permits amounted to about \$2,500,000.

Largest single permit during the week was for \$1,000,000, issued to David Harmon, contractor, for construction of a 14-story office building 42 by 100 feet at 112 North Big Spring, for Jack Wilkinson, owner.

Another large commercial permit issued last week was for \$500,000 to Gene Brewer, contractor, for the addition of three stories to the six-story McClintic Building at 304 West Texas Street.

The Commercial Construction Company was issued permits for construction of 26 residences, 28 by 40 feet, estimated at \$8,000 each, at the following addresses on Marianna Street: 3100, 3102, 3104, 3106, 3108, 3110, 3112, 3114, 3116, 3118, 3120, 3122, 3124, 3101, 3103, 3105, 3107, 3109, 3111, 3113, 3115, 3117, 3119, 3121, 3123, 3125; and for 25 residences, 25 by 35 feet, estimated at \$7,000 each on Delano Street at 3125, 3127, 3129, 3131, 3133, 3135, 3137, 3139, 3141, 3143, 3145, 3147, 3149, 3151, 3153, 3155, 3157, 3159, 3161, 3163, 3165, 3167, 3169, 3171, 3173, 3175, 3177, 3179, 3181, 3183, 3185, 3187, 3189, 3191, 3193, 3195, 3197, 3199, 3201, 3203, 3205, 3207, 3209, 3211, 3213, 3215, 3217, 3219, 3221, 3223, 3225, 3227, 3229, 3231, 3233, 3235, 3237, 3239, 3241, 3243, 3245, 3247, 3249, 3251, 3253, 3255, 3257, 3259, 3261, 3263, 3265, 3267, 3269, 3271, 3273, 3275, 3277, 3279, 3281, 3283, 3285, 3287, 3289, 3291, 3293, 3295, 3297, 3299, 3301, 3303, 3305, 3307, 3309, 3311, 3313, 3315, 3317, 3319, 3321, 3323, 3325, 3327, 3329, 3331, 3333, 3335, 3337, 3339, 3341, 3343, 3345, 3347, 3349, 3351, 3353, 3355, 3357, 3359, 3361, 3363, 3365, 3367, 3369, 3371, 3373, 3375, 3377, 3379, 3381, 3383, 3385, 3387, 3389, 3391, 3393, 3395, 3397, 3399, 3401, 3403, 3405, 3407, 3409, 3411, 3413, 3415, 3417, 3419, 3421, 3423, 3425, 3427, 3429, 3431, 3433, 3435, 3437, 3439, 3441, 3443, 3445, 3447, 3449, 3451, 3453, 3455, 3457, 3459, 3461, 3463, 3465, 3467, 3469, 3471, 3473, 3475, 3477, 3479, 3481, 3483, 3485, 3487, 3489, 3491, 3493, 3495, 3497, 3499, 3501, 3503, 3505, 3507, 3509, 3511, 3513, 3515, 3517, 3519, 3521, 3523, 3525, 3527, 3529, 3531, 3533, 3535, 3537, 3539, 3541, 3543, 3545, 3547, 3549, 3551, 3553, 3555, 3557, 3559, 3561, 3563, 3565, 3567, 3569, 3571, 3573, 3575, 3577, 3579, 3581, 3583, 3585, 3587, 3589, 3591, 3593, 3595, 3597, 3599, 3601, 3603, 3605, 3607, 3609, 3611, 3613, 3615, 3617, 3619, 3621, 3623, 3625, 3627, 3629, 3631, 3633, 3635, 3637, 3639, 3641, 3643, 3645, 3647, 3649, 3651, 3653, 3655, 3657, 3659, 3661, 3663, 3665, 3667, 3669, 3671, 3673, 3675, 3677, 3679, 3681, 3683, 3685, 3687, 3689, 3691, 3693, 3695, 3697, 3699, 3701, 3703, 3705, 3707, 3709, 3711, 3713, 3715, 3717, 3719, 3721, 3723, 3725, 3727, 3729, 3731, 3733, 3735, 3737, 3739, 3741, 3743, 3745, 3747, 3749, 3751, 3753, 3755, 3757, 3759, 3761, 3763, 3765, 3767, 3769, 3771, 3773, 3775, 3777, 3779, 3781, 3783, 3785, 3787, 3789, 3791, 3793, 3795, 3797, 3799, 3801, 3803, 3805, 3807, 3809, 3811, 3813, 3815, 3817, 3819, 3821, 3823, 3825, 3827, 3829, 3831, 3833, 3835, 3837, 3839, 3841, 3843, 3845, 3847, 3849, 3851, 3853, 3855, 3857, 3859, 3861, 3863, 3865, 3867, 3869, 3871, 3873, 3875, 3877, 3879, 3881, 3883, 3885, 3887, 3889, 3891, 3893, 3895, 3897, 3899, 3901, 3903, 3905, 3907, 3909, 3911, 3913, 3915, 3917, 3919, 3921, 3923, 3925, 3927, 3929, 3931, 3933, 3935, 3937, 3939, 3941, 3943, 3945, 3947, 3949, 3951, 3953, 3955, 3957, 3959, 3961, 3963, 3965, 3967, 3969, 3971, 3973, 3975, 3977, 3979, 3981, 3983, 3985, 3987, 3989, 3991, 3993, 3995, 3997, 3999, 4001, 4003, 4005, 4007, 4009, 4011, 4013, 4015, 4017, 4019, 4021, 4023, 4025, 4027, 4029, 4031, 4033, 4035, 4037, 4039, 4041, 4043, 4045, 4047, 4049, 4051, 4053, 4055, 4057, 4059, 4061, 4063, 4065, 4067, 4069, 4071, 4073, 4075, 4077, 4079, 4081, 4083, 4085, 4087, 4089, 4091, 4093, 4095, 4097, 4099, 4101, 4103, 4105, 4107, 4109, 4111, 4113, 4115, 4117, 4119, 4121, 4123, 4125, 4127, 4129, 4131, 4133, 4135, 4137, 4139, 4141, 4143, 4145, 4147, 4149, 4151, 4153, 4155, 4157, 4159, 4161, 4163, 4165, 4167, 4169, 4171, 4173, 4175, 4177, 4179, 4181, 4183, 4185, 4187, 4189, 4191, 4193, 4195, 4197, 4199, 4201, 4203, 4205, 4207, 4209, 4211, 4213, 4215, 4217, 4219, 4221, 4223, 4225, 4227, 4229, 4231, 4233, 4235, 4237, 4239, 4241, 4243, 4245, 4247, 4249, 4251, 4253, 4255, 4257, 4259, 4261, 4263, 4265, 4267, 4269, 4271, 4273, 4275, 4277, 4279, 4281, 4283, 4285, 4287, 4289, 4291, 4293, 4295, 4297, 4299, 4301, 4303, Roy Best, Colorado Penitentiary Warden, Faces Five Charges

CARON CITY, COLO.—Warden Roy Best was indicted Friday night on five counts of stealing or embezzling property of the Colorado Penitentiary he has ruled with a ready grin and an iron hand since 1929.

The indictment was handed down by the Fremont County Grand Jury. It took testimony for two weeks from convicts, workers at Best's private ranch, state officials, and others. District Attorney John Stump Witcher said it would convene October 26 to hear further testimony.

Best declared he is "ready to go into court anytime—the quicker the better." He termed the charges "petty stuff" and said they came from "disgruntled convicts and ex-employees."

District Judge Joseph D. Blunt set bond at \$10,000—\$2,000 on each count. It immediately was posted by Mayor Archie Reeves and seven other leading businessmen.

The five counts are that Best "did wilfully and unlawfully steal or embezzle":

1. Twenty sheets of plywood valued at \$230.
2. One iron, stock-watering tank.
3. One iron headgate.
4. One ton of coal.
5. Three hundred feet of iron water pipe.

Take Off Ugly Fat With This Home Recipe

Here is an inexpensive home recipe for taking off unattractive weight and helping to bring back alert curves and graceful slenderness. Just get from your druggist four ounces of liquid Baracosta. Add enough grapefruit juice to make a quart. Then just take two tablespoonfuls twice a day. Wonderful results may be obtained quickly. Now you may slim down your figure and lose pounds of ugly fat without back-breaking exercise or starvation diet. It's easy to make and easy to take. Contains nothing harmful. If the very first bottle doesn't show you the simple, easy way to lose bulky weight and help regain slenderness, more graceful curves, return the empty bottle and get your money back.

Russell Thrilled At Possibility Of Starring With Clark Gable

By ERSKINE JOHNSON
NEA Staff Correspondent

HOLLYWOOD—The Women: It's plenty OK with Jane Russell if Howard Hughes and Louis B. Mayer get together on a co-starring picture for her with Clark Gable.

"I've read that Clark wants to do a picture with me and I'm thrilled," she told me on the set of "Macao." "Just any time Clark beckons, I'll come running."

Bob Mitchum, co-starring with Jane for the second time, came over and gazed sardonically at her. "You know what?" he asked. "You exude ectoplasm." Jane grinned. "You're a doll." Jane says she's Sadie Thompson with a good heart in this one. "She's more than a dull female. I remember when I had to walk like a stuffed corpse. John Farrow let me relax in 'His Kind of Woman' and now von Sternberg is howling because I'm not leaning enough. That means relaxing. Seems like slowly but surely they're letting me be myself."

Diana Lynn carries around a 55-pound chimpanzee in U's "Bedtime for Bonzo" and is surprising even hubby John Lindsay with her muscle power.

"I hope the schedule on this picture isn't too long," Diana confided. "That chimp's a growing boy." No kicks from Diana about Bonzo's scene-stealing, though. "Chimps and kids steal pictures and I was a child actress. I guess it's one of those 'sins of the fathers' things." Lapino-Duff Duet. "I'da Lupino and Howard Duff who met during the making of "Women in Hiding" want to do another picture together.

"Only nobody's asked us to yet," Duff said from a restaurant booth he was sharing with Ida. Ida smiled. "Maybe I'm telling tales out of school, but Howard would like to be a director."

"That's right," said Howard. "I asked him if he had a hankering to be directed by Ida. "Why not?" Ida laughed and muttered something about Claire Trevor. The idea of directing a sly miff movie queen, she told me, had given her the shakes when she started work on "Mother of a Champion."

"I was never so nervous in my life. Going up to her and asking if she'd mind doing this or that. I'll say this, though. She's going to be the most sex-appealing mother ever on the screen."

Alice Canfield, who wrote "What Makes Clark Gable Tick" for a national magazine, has been an unhappy young lady ever since the year's publication. She wails: "You read the story and there's nothing in it about what makes Gable tick. The editors cut out that part, all 10 pages of it."

What makes Gable tick, according to Alice, is his "correct" marriages, his respect for publicity man Howard Strickling's advice and his knowledge that he can play only one type of role.

Word around town is that Peggy Castle's performance as Bette Davis' daughter in "Story of a Divorce" will make her U's most valuable young player. Until she snagged the sultry siren role in "The Prince Was a Thief," Peggy had done nothing on her home lot.

"All I did was travel 56,000 miles exploiting four pictures. I wasn't in and had never seen," she told me. "It was embarrassing when people asked me what I thought of the pictures."

Shudders Peggy: "I was terrified when they cast me as Bette's daughter. I thought she would cut me to pieces. But she was wonderful to me."

Mercedes McCambridge probably will play the role of Helen Morgan when Sam Goldwyn gets around to filming "Billion Dollar Baby."

"Mr. Goldwyn saw me in 'The Scarf—I sing 'Summer Rain' in it—and he thinks it's just great. He keeps saying, 'Oh, my goodness! It was wonderful!'"

Mercedes starts out as a woman of 25 and ends up as 45 and the richest woman in San Francisco in MGM's "Inside Straight."

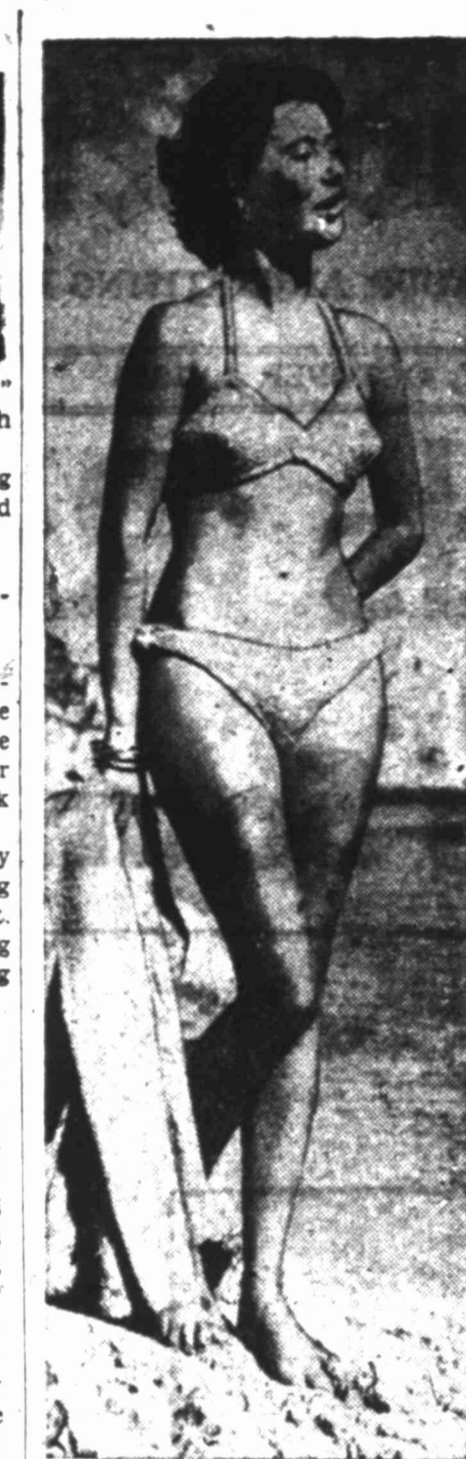

"It's a wonderful part," she sighed. "In one scene I play a hand of poker for \$3,000,000."

Blonde, busty Pat Williams, who was once Marie Wilson's understudy, gets her first screen kiss from Peter Lawford in "An American in Paris." She whispers:

"I was scared stiff, but Peter was very helpful. If you know what I mean."

MGM, according to Pat, isn't planning to make a Marie Wilson out of her.

"How could there be another one?" she asks.

IT'S OFFICIAL — City fathers of the famous Isle of Capri, Italy, officially okayed this brief bathing suit as "standard Capri beach wear for ladies."

Nina Tweez, a visitor from London, makes the most of what there is of it.

News Of Husband's Death Hidden From Hospital Patient

PORT WORTH — Mrs. Fay Watts, 20-year-old waitress, was recovering from surgery Saturday, unaware that her husband was killed in a plane crash in Japan.

Mrs. Watts underwent abdominal surgery Thursday. The death of her husband, Sgt. L. G. (Gene) Watts, 22, was reported by the Defense Department in a telegram.

Watts was one of 11 persons killed Tuesday night when a C-54 bound for Korea crashed into the sea after taking off from a South Japan air base.

Mrs. Watts' mother, Mrs. R. R. Massengill of Dallas, said "We're going to wait a few days before we tell Fay. She needs more strength."

Mrs. Massengill said she didn't believe Gene's family had been informed of his death. They reside in a small community near New Orleans. Mrs. Massengill wrote the news Friday to an aunt of Gene's, Mrs. E. L. Pilyay of Denham Springs, La.

"He always signed his letters 'Until death do us part,' Bernice Johnson, a friend of Mrs. Watts, said.

Half a teaspoonful of baking soda added to boiling frosting will keep it from running.

Clean-Up Radio Program Set Monday Over Midland Station

A round table discussion, designed to acquaint Midlanders with all phases of Clean-Up Week, will be conducted at 8 p. m. Monday over Radio Station KCRS.

Delbert Downing, Chamber of Commerce manager, will serve as master of ceremonies and will introduce representatives of the various organizations participating in the campaign.

Mayor William B. Neely also will appear on the program. The Midland City Council has passed a resolution commending organizers for initiating a clean-up campaign in the city and have pledged complete cooperation by the city on the project.

Farmer Survives Day-Long Ordeal Pinned By Tractor

BOWIE, TEXAS — A pioneer Montague County farmer was in critical condition here Saturday after lying pinned beneath his tractor all day Friday with a leg virtually amputated.

Carl E. Zahn, 70, told an amazing story of removing his shirt for a tourniquet and using his handkerchief to keep flies from the injured leg.

With his pocket knife he spent hours of agony digging the leg from beneath the wheel. The aged man was found still conscious at 7 p. m. Friday, a short distance from his tractor. He had been there since an accident at 9 a. m. had pinned his leg beneath a wheel of the vehicle.

Houston Geologist Jailed In Arizona

HOUSTON — The FBI announced that a former Houston geologist — charged in Galveston with kidnaping — has been arrested at Clarkdale, Ariz.

A. F. Lorton, agent in charge of the Houston FBI office, said the man, Melton A. Reasoner, 43, was arrested on a charge of unlawful flight to avoid prosecution.

He said Sheriff Frank Blaggne of Galveston filed the kidnaping charge last year and that Reasoner was indicted by a Galveston grand jury.

The FBI agent said Reasoner is charged with taking his two sons from the home of his former wife in August, 1949, and disappearing.

Lorton said the boys were with Reasoner when he was arrested.

Three Texans Listed Among Crash Victims

TOKYO — Army public information officers Saturday announced that three Texas GI's were among the 11 persons killed in the crash of a C-54 transport plane Tuesday night.

The plane, bound for Korea, plunged into the sea off the southern coast of Japan shortly after takeoff. Fifty-one persons were aboard. Twenty-eight were saved, 12 missing and 11 killed.

The dead included: M/Sgt. Wilson Corley, Naegodoches. Sgt. L. G. Watts, Fort Worth. Cpl. William Caffey, Groves.

Jaibreaker, Wife Start Back To Texas

CINCINNATI — (AP) — Deputy sheriffs from Dallas, Texas, Saturday started back to their home city with Edgar F. Whitaker, 35, and his wife, 27, after the couple had decided to agree to extradition.

They are due to arrive in Dallas some time Sunday afternoon. The Whitakers were picked up recently by Federal Bureau of Investigation agents. Whitaker was charged with having escaped from the Dallas jail with the aid of his wife.

The FBI said Mrs. Whitaker slipped a gun to her husband and then slugged a jailer with another gun.

LEGION ROSS — Barbara Wissing, above, is the new commander of the 97-man American Legion Post No. 13 in Haworth, N. J. Only girl in the outfit, Barbara was elected, one member said, because "she was just the best man for the job."

Modern Mickey Rides Elevator

BELTON, TEXAS — (AP) — An extra passenger showed up shortly after three young women stepped into the elevator in the county courthouse here.

The passenger was a mouse. The mouse circled the elevator, screaming. Janitor Will Harris, who had never had such an experience in 17 years in the courthouse, was elevator operator. He plastered himself against the elevator door.

Came, finally, the third floor. The mouse streaked down the hall in one direction, the women in the other. Harris, undone, fell flat on his face. He was revived quickly.

Baled Paper To Be Collected By Scouts

Clean-Up Week, which begins Monday, will afford Boy and Girl Scouts an opportunity to make some money—and every householder can help.

C. Ed Pritchard, chairman of the Clean-Up drive, has announced the scouts Thursday will tour the city, picking up baled paper which will be sold to an Odessa firm.

All householders, while going through the process of participating in the clean-up campaign, have been requested to tie old papers and magazines in neat bundles and place them at intersections so the scouts may pick them up.

Evald And Diana Johnson To Face Car Theft Charges

AMARILLO — (AP) — The two principal characters in the sensational Tex Thornton murder trial will be back in court Monday to face charges of car theft.

Evald Johnson, the 25-year-old redhead from Munising, Mich., and his pretty 19-year-old wife, Diana, won their court fight against charges of killing W. A. (Tex) Thornton.

Now they will be tried on charges of taking the famed oilfield explosives expert's big Cadillac car from Amarillo to Dodge City, Kan., shortly after Thornton's bluebonnet death in a tourist cabin here June 22, 1949.

Attorney's say Johnson has been working in a Munising mill most of the time since his acquittal. Diana, who wasn't even tried after her husband was acquitted, has been taking care of a home and two children in a Los Angeles suburb.

Birds can change the focus of their eyes instantly becoming near-sighted and far-sighted at will.

Association Asks Ban On Imports Of Mexican Cattle

COLLEGE STATION — (AP) — Directors of the Texas and Southwestern Cattle Raisers Association want the Mexican border kept closed to cattle imports until all danger of a new outbreak of foot and mouth disease is past.

They asked this in a resolution adopted at their quarterly meeting Friday.

There have been no outbreaks of foot and mouth disease reported in Mexico since last December 26. But officials of the U. S. Department of Agriculture have indicated that a minimum of two years should elapse before thought is given to removing the ban on Mexican cattle.

Officers and directors of the association took part in the dedication of a new \$110,000 Texas A&M College beef cattle center.

West Texans See Fireball Meteor

By The Associated Press
A brilliant fireball meteor flashed across North and West Texas skies Friday night and one astronomer thought it fell in Oklahoma.

Scores of persons saw the meteor, described by some as "a dull red sphere," a "bright blue ball," "a big Roman candle."

Oscar Monning, Fort Worth astronomer, did not see the meteor, but through calls from people who did, he figured it originated in the eastern or northeastern sky and ended in a northerly direction.

"It's only a guess," he said, "but I would say it probably hit somewhere in southern Oklahoma."

A crowd watching a high school football game in Wichita Falls saw the meteor and Wichita Falls Record-News Sports Editor Bob Cole said it appeared to be going eastward toward Henrietta.

Three Airmen Hurt In Helicopter Crash

WICHITA FALLS — (AP) — Three men were injured Friday when a helicopter crashed as it took off at Sheppard Air Force Base.

Sgt. 1/c Gordon R. Merrill, 26, of Fort Meade, Md., and Springfield, Ill., lost part of a leg. Cpl. John Lemon, 25, Fort Bragg, N. C., and S. Sgt. L. B. Francis, 37, of Sheppard AFB suffered minor injuries.

NEPH Week Begins Over Nation Sunday

Various organizations this week will call attention to the employment of the physically handicapped. National Employ the Physically Handicapped Week will be observed, beginning Sunday and lasting through Saturday.

All employers are urged to give consideration to the employment of some physically handicapped person during the week. Many of the handicapped, including veterans, are skilled in trades and professions which the handicap does not hinder.

National Employ the Physically Handicapped Week is held each year as an educational measure to show employers that many physically handicapped persons are capable of holding down important jobs.

THREE MEXICAN SEIZED WITH SMUGGLED ARMS
NUEVO LAREDO, MEXICO — (AP) — Three Mexicans were arrested and a station wagon loaded with smuggled arms taken Friday by custom's officers.

The station wagon, seized after a chase on the road to Monterrey, carried 20,000 cartridges, 12 pistols and extra clips.

Pre-National Release Showing!
Another "First" For Midland Moviegoers!
The exciting, humorous, human-interest story of a gun-shy, girl-shy wandering cowboy whose freedom ends when he becomes the adopted father of four small orphaned boys. His love for the lads and his sense of fair play to those who befriend him leads to his taming the roughest range war in Nevada... and to romance and a home. It is recommended and approved family entertainment for all ages—clean, wholesome, full of fun, action and novel western formula.

O Israel, thou hast destroyed thyself; but in me is thine help.—Hosea 13:9.

Fall Clean-Up Time

Midland's Fall Clean-Up Week opens Monday, with practically all civic and service clubs and women's organizations of the city actively participating in the most worthwhile project.

But a Clean-Up campaign cannot be as successful as intended unless the citizenry as a whole cooperates to the fullest extent. This drive will not go over as planned unless all residents enter into the spirit of Clean-Up Week.

Considerable thought and planning have gone into the plans for the observance and the campaign will click with clock-like precision if everyone will do his or her part.

Ever-growing Midland long has been recognized as one of West Texas' most attractive cities and a thorough clean-up at the beginning of the Fall season further will cement this city's position in that respect.

Beauty shops rank very high in American industry. Well, think of the good features they're always advancing.

We know where a husband is very likely to get punched when he tries to keep his wife right under his nose.

The less some people have on their minds the more they seem to want to talk it off.

The reason a fellow stops going with a girl is sometimes a parent.

You Can Tell 'Em Apart By The Shape Of Their Ears

DREW PEARSON ON THE WASHINGTON MERRY-GO-ROUND

(Copyright, 1950, By The Bell Syndicate, Inc.) Drew Pearson says: Farm feud rages around Stuart Symington; No beds for Korean war wounded; Truman veto of anti-Communist bill was inspired by history.

Of the more critically wounded soldiers, "ageidity" cases—amputees and others who are so badly shot up that they will never be able to return to combat. Meanwhile, General MacArthur has informed the Defense Department that hospital bed requirements (in the United States) for wounded Army evacuees of all categories will reach 19,281 by October 1—almost 4,000 more than now available.

Have A Laugh

By BOYCE HOUSE There was a smart mugger that got used to hunters shooting at her. She'd duck when she saw the puff of smoke and she was such a fast diver that the bullet would miss her.

So They Say

When American boys are dying in defense of their country, no union has a right to strike.—Sen. Wayne Morse (R-Ore).

What's RIGHT?

Your school-age child receives a letter, and he is not at home, when mail arrives. WRONG: Open the letter and read it.

Surgeons Remove Shell Bit From Heart

WASHINGTON (AP)—Surgeons performed a rare operation Friday in which they removed a jagged shell fragment from the heart of a 33-year-old sergeant wounded in Korea six weeks ago.

The FORMER MISS FREY

By Edwin Rutt Copyright 1950 by NEA Service, Inc. THE STORY: Edith Frey, the former Miss Frey, under terms of her father's will, heads the Frey & Company advertising agency.

JACOBY ON BRIDGE

By OSWALD JACOBY Written for NEA Service "It is nice to have such kind opponents," said Generous George. "I really appreciate your setting up dummy's queen of spades for me."

Bridge hand diagram showing cards for North and South, including Q1062, A752, KJ94, and AAK99.

ing another card of the suit. George had been forced to ruff with the king of trumps, but this left the good queen of spades in dummy.

George cashed the queen and ace of trumps. This left him in dummy, where he wanted to be. A lesser player might have cashed the good queen of spades right then and there.

Dummy's queen of spades would have been good for a discard again, but George would not be able to throw West in since the throw in trick would set the contract.

RIGHT: Begin to give your child all possible privacy when he is still small. Not opening his mail is just one small way in which you can give him a feeling of having some privacy within his own home.

While with one hand we deny machine tools to Russia, with the other we give England, Italy, France and West Germany money to help build up machine tool industries which are shipping to Russia and satellite nations.

Truth must prevail throughout the world if we are to have a just and lasting peace.—President Truman.

The kind of tyranny that America opposes today in Korea and elsewhere is not a modern intellectual theory of economic organization. It is simply as stupid and as old as unbridled brutality.

There should be coast-to-coast television by 1952, according to estimates. Congressman Matthew Lyon of Vermont, a Republican and an Irishman, was arrested for writing in a letter that Adams had an "unbound thirst for ridiculous pomp, foolish adulation, and selfish avarice."

Reagan listened. He showed no surprise, no elation. When she finished he said, quietly, "This makes all the difference in the world."

WASHINGTON COLUMN

Lots Of Legislation Unfinished As Congress Heads Back Home

By PETER EDSON NEA Washington Correspondent WASHINGTON—So President Truman says the 81st Congress gave him what he asked for—substantially. There were a few things not finished, of course, the President adds.

True, the Congress appropriated all that was asked for—some \$30,000,000,000—for defense purposes alone. And more than \$20,000,000,000 for non-defense purposes of general government.

But a look at the record shows that when Congress comes back to Washington after election and after Thanksgiving, it still will have plenty of unfinished business before it. To say nothing of new business needs certain to arise between now and then.

Unfinished business in national defense: passage of Universal Military Training legislation; creation of an Air Force Academy to rank with West Point and Annapolis; setting up and appropriating for a U. S. civil defense program.

In social welfare, the President's pet plan for a compulsory health insurance plan has gone begging in Congress. So has: extension of unemployment compensation benefits and payments; additional health services for school children; more aid for medical schools; more aid for local public health services; granting of cabinet rank and department status to the Federal Security Administration which handles all these things.

The aid-to-education bill, authorizing grants to the states for primary and secondary education, is stymied completely in a congressional fight over inclusion of parochial schools. This and many of the other social-reform programs now look dead for the duration. And conceivably they could be campaign issues in 1952 if the war scare has quieted down some by then.

Some Farm Legislation That goes for the Brannan farm plan, too. But while Congress did extend Commodity Credit Corporation lending authority by \$2,000,000, to increase price support payments, additional farm legislation may be asked for when Congress returns to meet war conditions.

In the field of natural resources, the President's proposal for federal control over tides and rivers was untouched. Also, his Columbia, Missouri, St. Lawrence, New England and Central Valley development schemes were passed over.

The President's special message to Congress on aid to small business went largely unheeded. Other ignored requests affecting business include: revision of the postal rate structure; strengthening of the anti-trust laws; extension of Securities and Exchange Commission regulation to some 1,800 unlisted stocks; regulation of Commodity Exchange speculation.

Finally, the President got nowhere on his Civil Rights program nor on repeal of the Taft-Hartley act. If he's satisfied with this record, he's an easier man to please than most congressmen thought.

Reagan said slowly, "No, Dan. I don't think you're crazy. Only I—I didn't see this coming." He had turned his head. "Then you do know what I mean?" "Yes," Edie's voice was barely audible. "I know—now."

(To Be Continued)

Pressure Builds Up For Heated Session Of Texas Legislature

AUSTIN —(AP)— Pressure already is building up for an explosive fifty-second general session of the Legislature in January.

The session opens January 9, just a little more than three months away. All the advance signs indicate money—where to get it and how to spend it—will be the No. 1 issue.

While virtually all state agencies have submitted budget recommendations asking for increased spending, economy forces are lining up for a last-ditch battle.

Typical of actions taken by business and trade groups at meetings thus far this year was a recommendation laid Friday before a meeting of hardware and implement men at San Antonio. Ray Souder, secretary-manager of their association, urged a "strong program of real economy" to forestall any additional tax burden on consumers.

The whole problem focuses in the deficit outlook brought on essentially by increased spending approved by the last two sessions, coupled with not enough money to meet these obligations. Proposals for a sales tax as the answer would touch off a big battle, as would plans to boost the levies on natural resources.

Against New Taxes
Gov. Allan Shivers has said he hopes no new taxes will be needed, especially if further crude oil production cuts can be avoided.

Allowable production was cut for October because of inadequate transportation facilities. The governor has said he will look to his Statewide Economy Commission's recommendations before he makes any suggestions to the Legislature.

But money isn't the only prospectively-hot issue. This is the year the Legislature must redistrict itself to equalize representation with the 1950 census. Under a new constitutional mandate, it must either do the job itself or let a board handle it.

Other Suggestions
Here are some of the other suggested topics for study by the lawmakers:

A constitutional amendment to double the length of the terms of district and county clerks.
A stiffer penalty for drunken driving—possibly a one-year suspension of the driver's license of a person convicted of this offense.
Revision of the accident insurance rating laws, backed by the Texas Association of Insurance Agents.

Study Of Education
A study of results obtained in the state hospital and special school reform program.

A study of the entire question of higher education.

A new effort to put into force the three-year old probation law. No funds have been provided for probation officers and a request for \$83,000 to \$100,000 for this purpose is in the mill.

New funds for the prison system, to finance the segregation program authorized by the last general session.

Funds to provide for isolation and segregation of different types of inmates of the Gatesville Training School for Boys.

An appraisal of workings of the Gilmer-Aikin school reform laws. A statewide advisory committee meets here October 9 to start this study and to plan further educational system projects.

Most of the three leading brands of cigarettes are manufactured in North Carolina.

Permits—

Hoekendorf, \$400, store room, 10 by 14 feet, 806 North Big Spring Street; Myrl Heald, \$4,500, residence, 27 by 27 feet, 802 North Weatherford Street; J. S. Kirkpatrick, \$2,500, garage, repair and paint shop, 25 by 108 feet, 2700 West Wall Street; Miles Hall Buick Company, garage, repair and paint shop, 25 by 108 feet, 2700 West Wall Street; Jack Boyce, \$5,000, residence, 30 by 33 feet, 943 North Edwards.

W. F. Prothro, \$7,500, residence, 40 by 42 feet, 1608 North Main Street; D. B. Davis, \$900, garage, 20 by 30 feet, 807 North D Street; C. Cunningham, \$22,000, office and work shop, 40 by 80 feet, 2706 West Indiana Street; Bob White, \$2,000, addition, 24 by 30 feet, 407 West Liddon Street; S. P. Clark, \$4,500, repair office, 24 by 52 feet, 509 West Texas Street; Hank Avery, \$10,000, residence, 50 by 72 feet, 2002 Bedford Drive; Hank Avery, \$10,000, residence, 38 by 28 feet, 2001 Harvard Street; Mrs. C. V. Romer, \$2,100, servant quarters, 20 by 25 feet, 1409 West Wall Street; C and M Construction Company, \$5,000, residence, 32 by 40 feet, 2622 Roosevelt Street.

AND THEN THERE WAS CATSUP—A mess of ripe tomatoes and a wrecked car and truck were the results of this highway crash near Elkhart, Ind. Neither driver was hurt when a rear axle of the trailer gave way and toppled the load onto the auto.

President Signs Juvenile Legislation

WASHINGTON —(AP)— A bill arming the federal courts with new powers to attack problems of juvenile delinquency, received President Truman's signature Saturday.

The measure, endorsed by the American Bar Association, judicial groups and others, allows the federal courts wider latitude to seek causes of delinquency and attempt their cure through the examination and treatment by mental specialists of young offenders.

UN Forces—

(Continued From Page One)

The South Korean Assembly unanimously urged United Nations forces to seek out and smash the tag-ends of the North Korean Army in North Korea.

The Korean Republic, created under United Nations auspices, claims sovereignty over all Korea, as has also the Soviet-sponsored Northern Red regime.

Planes Smash City
The U. S. Tenth Corps sent steel-tipped spearheads toward the boundary.

U. S. Marines left Seoul for Uijongbu, 12 miles north of the capital and 18 miles south of the Red border. Planes smashed Uijongbu flat.

The Marine fliers used 1,000-pound "Tiny Tim" rockets to crush the town.

The road north from Uijongbu leads to Chorwon, 48 miles north of Seoul, headquarters of the North Korean army-in-retreat.

A South Korean Army spokesman says 100,000 Communist have massed in Chorwon. Most were believed poorly and lightly-armed conscripts rounded up in haste.

American officers said they had no solid information on the reported gathering.

Northwest of Seoul, the U. S. 18th Airborne Regimental Combat Team rammed out of Kimpo Airfield to within 24 miles of the 38th parallel.

Seoul Will Rebuild
The 187th was to clear Reds from the Inchon peninsula, extending northwest of Seoul between the Han River and the Yellow Sea. They met little or no opposition.

In Seoul the only action was the mopping up of small Red groups. The old capital was in bad shape.

Its power and water systems were damaged or destroyed. Many streets still were choked with war debris.

President Syngman Rhee seemed philosophical. "Lives were saved and the people were made free," he said. "We can and will rebuild."

South of Seoul, the U. S. Seventh Division advanced 25 miles east of Suwon to Ichon, rail-highway junction.

Mop-Up Operations
Other Seventh Division infantry cleared out a Red pocket seven miles south of Suwon.

In the huge mop-up operation farther south, the U. S. 25th Division sent spearheads to Kusan, west coast port.

Two destroyers, the Canada Atahaskan and the Australian Bataan, shelled Kusan.

The American 24th and South Korean First Divisions pared Red pockets around Kumchon, Yongdong and Taegon.

The British cruiser Ceylon put a party ashore on Teohong Island, within ten miles of the 38th parallel off Korea's west coast.

U. S. warships bombarded both coasts. The cruiser Toledo pounded Red territory northwest of Seoul. Other units blasted Red-held points on the Ongjin Peninsula. On the east coast, the U. S. Navy shelled Samchok and vicinity, 75 miles south of the parallel.

The United States produces approximately 40,000,000 handkerchiefs annually.

Four Texans Given AEC Scholarships For Atomic Studies

WASHINGTON —(AP)— The Atomic Energy Commission Saturday announced the award of 148 government scholarships, four of which go to Texans, in an effort to increase the supply of atomic scientists.

The 148, designated as "pre-doctoral fellows," were sized up first by the National Research Council of the National Academy of Sciences, and were appointed by AEC regional fellowship boards.

The Texans: Jerry P. Conner, Houston, to study nuclear physics at Rice Institute, was appointed by the Oak Ridge Institute of Nuclear Studies; Alexander J. Sulzer, Abilene, to study osteology at Vanderbilt University, appointed by the same group.

The Midwestern AEC Fellowship Board appointed Manus R. Foster, Canyon, to study physical science at the University of Kansas, and Fred Ribe of San Antonio to study the subject at Chicago University.

The awards provide \$1,600 a year study in the physical sciences and \$1,500 in the biological sciences, with extra sums for dependents. They apply to the 1950-51 academic year.

The AEC said the new fellowship winners will study in fields closely enough related to atomic energy to fit them for employment in the atomic program.

Explosion Rips New Arkansas Coke Plant

EL DORADO, ARK. —(AP)— A section of the Pan-Am Southern Corporation's new coke producing plant blew up with a thundering roar shortly before noon Saturday.

At least three workmen were injured, one believed critically.

The explosion which ripped apart the plant's pump house occurred a few hours before the multi-million dollar plant was to be dedicated.

A spokesman said a leak in the pump house, which supplies petroleum to the plant, caused the explosion.

LARGEST CRATER
Ngorongoro, in East Africa, is the world's largest volcanic crater. Fifty thousand wild animals live in the crater, the floor of which covers an area of 110 square miles.

Most Texas Cities Have No Plans Worked Out To Cope With A-Bomb Attack

By ROBERT E. FORD Associated Press Staff

If an atomic attack strikes your town, will you know what to do—

Where to go for greatest safety, how to find food and water, where to obtain medical attention, how to help your neighbor if you escaped death and injury?

Do your city officials and leaders have a plan to:

Warn of impending attack, fight fires, care for the dead and wounded, provide essential services such as electricity, procure radiation-free water and food?

The answer to these questions is a big no, if you're a typical citizen of a typical Texas town or city. The Associated Press found that out in a survey of Texas cities.

Tom Sanford of the Brownsville Herald summed up the situation very pointedly:

"Everyone feels that something should be worked out, but no one seems to know where to start," he said. "There is no organization and many seem to have but a very faint conception of what atomic defense actually means. They think in terms of previous natural disasters and seem to shy away from the complete implications of atomic attack."

Report Some Confusion
Many other Texas cities report the same confusion as to where to begin. But this month, the state government set wheels spinning and within a few weeks coordinated plans may be in the making at the city government level. Then the confusion and lack of direction may end.

Gov. Allan Shivers said in Dallas Friday that Texas is far ahead of other states in planning for a civilian defense organization. His executive secretary, William L. McGill, heads the defense setup. He told the governor by telephone from Chicago that "Texas is almost the only state with any real plan as yet."

McGill was in Chicago to confer with other state civilian defense directors.

The brightest atomic defense spot in Texas appears to be Fort Worth where a disaster program has been set up.

Fort Worth has a program to use auxiliary firemen to supplement the regular force. And the city plans to mobilize volunteer fire departments in nearby smaller cities. If these smaller cities go undamaged, Fort Worth apparently doesn't think the plans are premature.

Some city officials are going to Washington during October for an atomic defense conference.

Ordinance Broadened
An emergency disaster ordinance passed after the May, 1949, flood has been broadened by the Fort Worth City Council to include civilian defense. Eighth air force officers have been consulted. And T. R. Buckman has been employed for the full-time job of planning for atomic defense.

The city has even developed mobile disaster units to be sent to other cities if they are attacked and Fort Worth is not.

The preparedness drive has spread to River Oaks, a suburb of Fort Worth. City officials have disclosed a plan to evacuate the suburb's 7,113 inhabitants to Denton, 38 miles to the north, if an atomic attack occurs. Each inhabitant will receive a printed plan, including evacuation routes.

In Austin, officials are preparing to push defense plans. State Health Officer George W. Cox said "planning emergency medical and health services in event of an atomic disaster."

All-metal air liners can be struck by lightning without damage to either plane or its occupants.

Agreement Provides Wage Increase For AFL Yardmasters

WASHINGTON —(AP)— A monthly raise of about \$54 for 7,000 railroad yardmasters was announced Saturday by the White House.

The agreement was reached between the AFL's Railroad Yardmasters of America and representatives of the nation's railroads with the aid of John R. Steelman, assistant to President Truman.

Settlement terms are over and above the 18-cent hourly boost recommended by a presidential emergency board. In addition the yardmasters get five cents an hour, for a total of 23 cents increase.

The agreement, effective October 1, calls for a three-year ban on any union contract demands and provides for an additional penny-an-hour pay boost for every point increase in the government's cost of living index.

Five-Day Week Provided
The agreement, similar to one negotiated by the AFL's Switchmen's Union on July 6, provides for a five-day week. But it stipulates the 40-hour week will be set aside at least one year and be thereafter "subject to the desires of the employees and the manpower situation."

Thus the yardmasters, like the switchmen, will continue on a 48-hour week for the time being.

A White House statement said President Truman approved Saturday's settlement and congratulated both sides for their willingness to compromise their differences.

Similar terms have been rejected by the trainmen and conductors brotherhoods, whose strike threat during the Summer led to government seizure and operations of the railroads since August 27.

Meanwhile, 16 unions representing 1,000,000 rail workers were reported getting ready to start a new wage increase drive. They have scheduled a strategy meeting here on October 11.

Two U. S. Pilots Capture 12 Ko-Reds Without Firing Shot

A U. S. AIR FORCE BASE IN KOREA —(AP)— Two American pilots last week "captured" a dozen North Koreans while flying their F-51 Mustangs at 250 miles an hour—and never fired a shot.

Capt. Joe V. Lane of Dillon, S. C., and First Lt. Owen T. Brewer of Arcadia, Fla., were patrolling near Taejon when their attention was attracted by several thousand South Koreans waving flags in a village.

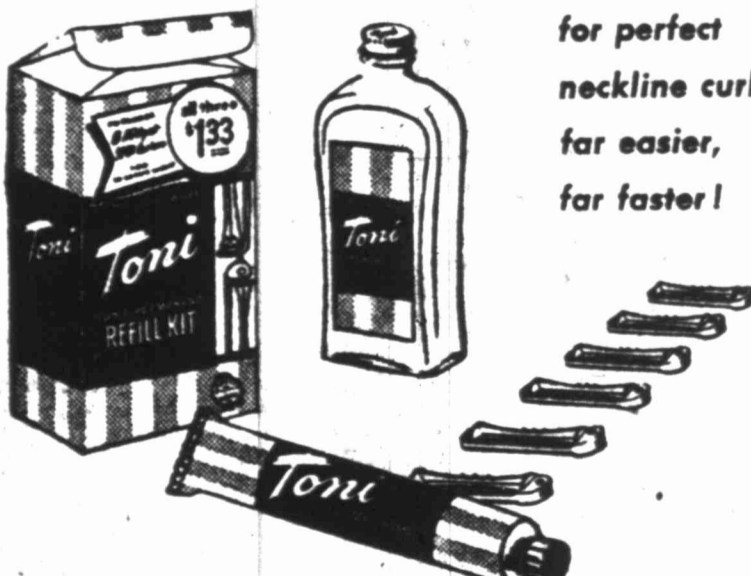

They circled for a second look and saw soldiers run out of a house. "There were 12 of them," Lane said. "They stood in two columns in the middle of the road and at perfect attention. The guy in front was waving a big white flag."

Lane and Brewer replied by wagging their wings.

"Flying low, the airman got the Communist troops marching toward American lines, the fliers reported, where they were picked up by U. S. troops.

Then Lane and Brewer returned to their base.

You Hear Strange Things About Catholics

Yes, you can hear some strange things about Catholics. You hear it said that Catholics believe all non-Catholics are headed for Hell... that they believe non-Catholic marriages are invalid. Some think Catholics believe the Pope is God... that he can do no wrong... that they owe him civil allegiance and that he should have the political power to rule America. It is said that Catholics want religious freedom only for themselves... that they oppose public schools and separation of Church and State as evils which should be destroyed. The claim is made that Catholics pay the priest for forgiveness of their sins... that they must buy their departed relatives and friends out of Purgatory... that they adore statues... the forbidden to read the Bible... use medals, candles and holy water as sure-fire protection against the loss of a job, lightning or being run down by an automobile. But what is worse, some say, Catholics corrupt the true teachings of Jesus Christ with the addition of pagan superstitions and practices that are nothing less than the inventions of the devil. If all these things—or any of them—were true, it would be a pity. For at least one out of every six Americans is a Catholic—and it would be a national tragedy if one-sixth of all Americans entertained such erroneous ideas. The Knights of Columbus is an organization of 700,000 Catholic men of reason and intelligence. In our ranks will be found statesmen, scientists, historians, physicians, movie stars, lawyers, educators and others representing every cross-section of American life. And for each and all of them loyalty to the Catholic Faith is the act of a reasonable man. We are deeply interested in the welfare of our Church and our Country. And we believe the interests of both will be served best when fair-minded people know the Catholic Church as it is—not as it is sometimes mistaken to be. If you have heard and believed any of these false claims, and want the truth, we will gladly send you a free booklet which explains many aspects of Catholic belief and practice concerning which people are commonly misinformed. Write and ask for Pamphlet No. 1-N.

CONOCOS CELEBRATE—More than 900 persons attend the Continental Oil Company's Seventy-Fifth Anniversary party held in Odessa recently. The affair was one of a series of celebrations being held by Conoco executives and employees through the United States. Shown seated around or on the table, immediately after the serving of the barbecue supper at the party are, left to right, Hugh L. Johnston, Fort Worth, area production superintendent; C. A. Perlitz, Jr., Houston, vice president and general manager of the southern region; Ira H. Cram, Houston, vice president and manager of exploration and production; John N. Post, Houston, manager of the Industrial Relations department; and E. W. Webb, Houston, manager of the production department. Back row, left to right, Harry Miller, Midland, division production superintendent; E. L. Mount, Midland, geophysical superintendent for the Permian Basin; Donald Coombs, Midland, division land superintendent, and Charles D. Vertrees, Midland, division geologist.

Daly To Supervise GGC Activities In West Texas Area

John Daly, former Honolulu Oil Corporation geologist has been named supervisor of the West Texas District for General Geophysical Company and will make his headquarters in Midland. Daly has been in charge of seismograph work in West Texas, New Mexico, Colorado and Mississippi for Honolulu Oil Corporation. He is a graduate of California Institute of Technology with a BS degree in science and an MS degree in geology and paleontology.

All our present-day flowers are descended from buttercups, according to many plant authorities.

TEXAS OIL ROUNDUP—

Less Powerful Gasoline For Motorists Is Likely

By MAX B. SKELTON
HOUSTON—(AP)—Civilian motorists soon may be using a less powerful gasoline. Department of Interior officials last week indicated unspecified quantities of special ingredients used in processing high quality gasoline may have to be diverted to production of aviation gasoline.

Secretary of the Interior Oscar L. Chapman told the National Petroleum Council the armed services are threatened with a critical aviation fuel shortage.

The National Petroleum Association last week reported the Armed Services Petroleum Purchasing Agency has not found suppliers for some 2,400,000 barrels of the 17-

DPA Establishment Is Definite Victory For Oil Industry

WASHINGTON—(AP)—Establishment of a Defense Petroleum Administration (DPA) last week was a definite victory for the oil industry in its aim to keep aloof from the other divisions of the new Minerals and Energy Administration (MEA).

Meeting with Secretary of the Interior Chapman, who is to serve as defense petroleum administrator, the National Petroleum Council held out against a previously announced Chapman plan to handle oil and gas through the MEA. Chapman also is head of the MEA, but a deputy actually will direct operations of the agency in the fields of solid fuels, minerals and hydro-electric energy.

It originally was intended that this deputy head of oil and gas operations, but under the plan finally agreed upon a deputy defense petroleum administrator will be responsible directly to Chapman.

Plavsic Is To Speak For MGS Luncheon

Col. Milan N. Plavsic, Director of Public Safety for the City of Midland, will speak for the Midland Geological Society at its luncheon Tuesday noon in the Crystal Ballroom of Hotel Scharbauer. His subject will be "Programming for Youth."

Plavsic began his career in police work 26 years ago in Northern Kentucky.

In 1934 he joined the police force in Saginaw, Mich., where he became interested in juvenile problems. As a result of his work there he was appointed to the Governor's Youth Guidance Commission. He worked with the commission for two years.

Plavsic moved to Midland recently to be head of the Department of Public Safety. Max David is president of the Midland Geological Society and John E. Galley is program chairman.

Pan Am Employees Get Wage Increase

Pan American Production Company and Pan American Gas Company today announced a general wage increase of six per cent for all their employees, effective October 1, 1930.

The minimum increase will be 10 cents an hour for hourly paid employees and \$17.33 per month for salaried employees. The maximum increase for salaried employees will be \$80.00 per month.

Operations are to commence on the No. 1 Auld and Johnson in the immediate future.

Rutherford Acquires 960-Acres In Howard Area For Large Cash Outlay

P. R. (Pat) Rutherford of Houston and Midland has acquired the oil and gas leases on 960 acres in East-North-Central Howard County for a cash payment of \$500,000, plus \$1,000 per acre to be paid out of oil.

The acreage starts in about three-quarters of a mile south of the nearest completed producers from the lime reef on the south side of the East Vealmoor field.

The leases cover checker-boarded quarter sections in full sections where Rutherford already owns the other quarters. The tracts covered by the deal are the northwest quarter and the southeast quarter of section 22, the northeast quarter and the southwest quarter of section 23, and the northeast quarter and the southwest quarter of section 24, all in block 27, H&TC survey.

In addition to now having the leases on all of sections 22, 23 and 24, Rutherford also has 280 acres more in the East Vealmoor area, to give him a total of 2,180 acres in that district.

The leases were acquired from B. D. Buckley of St. Louis, Mo., and associates. Rutherford is preparing to start a drilling program on the properties in the near future.

cut five-inch casing set at 6,894 feet and pulled it up to 5,875 feet and re-cemented it at that point. The prospector is now plugged back to 6,018 feet waiting for shot at 5,875-6,018 feet. That interval will be shot with 900 quarts of nitroglycerin.

Pay in the lower Permian lime in the Strawn is at 5,950-6,005 feet. Operator plans to shoot the hole Sunday.

The explorer was drilled to a few feet below 7,500 and tested water in the Ellenburger. Operator tested back up the hole to its present plugged back total depth and did not find possibilities of commercial production.

Location of the No. 1 Brooks is 660 feet from north and west lines of section 21, block 3, H&TC survey.

Goldston Is To Drill 10,000-Foot Tester In C-E Terry Region

Goldston Oil Corporation will drill a 10,000-foot wildcat three miles north of the two well Mound Lake field in Central-East Terry County. It will be that concern's No. 1 Auld and Johnson.

Location will be 660 feet from north and 1,980 feet from east lines of section 14, block 4X, EL&RR survey and 10 miles northeast of Brownfield.

Drillite will also be three and three-quarters miles north and slightly west of Champlin Refining Company No. 1 Lindley, a drilling wildcat.

Projected destination of the No. 1 Auld and Johnson should take it to the Pennsylvanian lime, which is the formation yielding oil in the Mound Lake pool.

It appears that Goldston made some sort of a deal with Sohio Petroleum Company, which holds a lease on the acreage, to drill the exploration. The Sohio lease expires in 1935, according to maps of that area.

Operations are to commence on the No. 1 Auld and Johnson in the immediate future.

Tom Green Wildcat Swabbing Petroleum

The Ohio Oil Company No. 1 Bryant, Southwest Tom Green County wildcat, is swabbing at the rate of two barrels of oil per hour from perforated interval at 5,480-5,558 feet.

No formation water is being recovered with the petroleum. The above interval, which has already been washed with 2,000 gallons of acid, is due another acid treatment of about 6,000 gallons.

After the injection, operator will continue to clean out and test. This prospector is 1,640 feet east and 660 feet north of the southwest corner of section 1146 1/2, EL&RR survey.

It drilled to a total depth of 7,036 feet in Ellenburger. That formation was entered at 4,870 feet, on a datum of minus 4,808 feet. That formation made only sulphur water.

Operator plugged back and cemented 5 1/2-inch casing at 6,720 feet. The hole has been tested through perforations all the way from 6,874 feet, back up to the section which is now showing possibilities of production.

None of the tests below 5,558 feet have shown any production.

Reef In W-C Kent Develops Oil Show

General Crude Oil Company No. 1-194 Coleman on the north side of the Salt Creek-Canyon field in West-Central Kent County, about 12 miles northwest of Clearmont, topped the reef lime at 6,406 feet to give it a datum of minus 4,236 feet on that marker.

It drilled to total depth of 6,580 feet. The section from the top of the reef to the current bottom was flakey lime with good shows of oil and gas.

The zone has not been drilled stem tested. Operator is taking electric log surveys and will then run casing and make production tests.

The showings in the samples indicated the project could be completed as an oil well and as an extension to the Salt Creek field.

Location is 660 feet from south and west lines of the east half of section 194, block G, W-NW survey.

The prospector is one location east of Superior Oil Company No. 8-114 Wood, tight well which is supposed to be drilling somewhere below 7,000 feet on a permit to go to a possible bottom of 8,000 feet.

The Superior exploration has been drilled "tight" and there is no accurate information available regarding what it found in the Canyon reef.

Permian Basin OIL & GAS LOG
James C. Watson
Oil Editor

W-C McCulloch Gets Shallow Prospector

A 900-foot cable tool wildcat has been staked in West-Central McCulloch County by Clinton E. Smith of San Angelo.

Location for No. 1 G. W. Davenport is 450 feet from west line of the 51-acre lease which forms a right triangle. Drillite is five and one-half miles northwest of Brady. Operations will begin immediately.

Exploration Plugged In SE Fisher Region

Skelly Oil Company No. 1 T. G. Stevenson has been plugged as a wildcat failure in Southeast Fisher County.

Operator quit this test on total depth of 4,003 feet in the Swastika after recovering only salt water on a drillstem test at 3,970-4,003 feet.

It was 467 feet from south and east lines of John Rodman survey No. 5 1/2 and one and one-half miles southeast of Longworth.

About six miles northeast of Ekota in Southeast Fisher County, Stanolind Oil and Gas Company has plugged and abandoned its No. 1 W. L. Barbee. Total depth is 5,100 feet.

This dry hole is 2,150 feet from north and 660 feet from east lines of a lease in the George Creath survey and one mile east of the

Ekota pool which produced from the 4,400-foot level of the Pennsylvanian.

Tide Water Stakes Two Midland Tests

The Two Tide Water Associated Oil Company projects, to be drilled on the west side of the Tex-Harvey field of Central-East Midland County, are the No. 1 Coleman and No. 2 Colman.

The two ventures were reported Friday as the No. 1 and 2 Burrellson. The No. 1 Coleman will be 1,980 feet from south and 660 feet from east lines of section 8, block 37, T&P survey, T-3-S.

The No. 2 Colman will be 1,980 feet from north and 660 feet from east lines of section 8, block 37, T&P survey, T-3-S.

Both prospectors are to drill to around 8,000 feet to explore the Sprberry sand, the producing horizon in the Tex-Harvey field.

Failure In Runnels Is Plugged, Abandoned

Carrey and Hurt, Inc. No. 1 Edmund Engler, wildcat failure in West-Central Runnels County has been abandoned at 5,275 feet in Ellenburger.

Location was 660 feet from south and west lines of section 9, H&GN (Continued On Page Seven)

Rutherford Acquires—

(Continued From Page Six) survey and one mile southwest of Norton.

The failure is one mile south and slightly west of Standard Oil Company of Texas No. 1 Lilly, 5,451-foot Ellenburger dry hole.

Midland Explorer Is To Plug Back

Humble Oil & Refining Company No. 1 Midkiff, Southeast Midland County test, has recovered fish and is preparing to plug back from total depth of 7,520 feet in sand to 7,425 feet and try to complete from the Spraberry section where it flowed some off. The plugging back is calculated to eliminate most of the water this prospective wildcat discovery has developed.

On the last gauge reported, it made 7 1/2 barrels of fruit which was 74 per cent oil and 26 per cent salt water in six hours. This fluid came from the zone at 7,451-7,520 feet.

The prospect had previously flowed an average of 8 1/2 barrels of 34-gravity oil plus 1 1/2 barrels of salt water per hour for 20 hours from the top of the Spraberry between 7,281 and 7,347 feet. This was before it was deepened to 7,520 feet.

The No. 1 Midkiff is 660 feet from north and west lines of section 46, block 38, T-4-S, T&P survey and 25 miles southeast of the City of Midland.

Drilling Ahead

C. W. Murchison of Dallas No. 1 Canon, wildcat 660 feet from south and east lines of section 13, block 51, T-4-S, T&P survey, 24 miles southwest of the City of Midland and four miles east of the Sweetie Peck field, is progressing below 10,686 feet in lime and shale.

This project also indicated production from the Spraberry section.

Drillsite is one and three-quarter miles north and one-quarter mile west of the Pegasus field.

Magnolia Petroleum Company is drilling below 10,657 feet in lime and shale on its No. 1 H. F. Timmerman, wildcat in West Midland County.

Location is 11 1/2 miles south and west of the City of Midland, and 660 feet from north and east lines of section 8, block 40, T-3-S, T&P survey.

Magnolia Explorer

Magnolia No. 1 H. S. Collings, Central-West Midland County exploration is making hole below 11,458 feet in lime.

This development, which is one location north of the discovery well of the Parks-Ellenburger field, 11 1/4 miles southwest of the City of Midland, has shown for commercial production in the upper Wolfcamp at 9,181-9,250 feet.

Cumberland and Ted Weiner No. 1 Powell is deepening below 8,585 in lower Permian lime and shale. This test is at the center of the southwest quarter of the northwest quarter of section 4, block 36, T-2-S, T&P survey.

Operators will go to around 13,000 feet or to commercial production with rotary. It is two miles northeast of the Germania discovery.

Wildcat in Ector Is Drilling Ahead

Vina Bagley estate of Midland No. 1 E. W. Cowden, wildcat in Southeast Ector County, four miles northwest of the Sweetie Peck field, is drilling below 6,210 feet in lime and shale.

It is on a spread of 2,000 acres out of the E. W. Cowden ranch which was purchased by Wright and McMillen of Midland.

They turned part of the acreage to the Bagley estate to drill, and retained some of the leases including some offsetting acreage.

It is being supported by General American Oil Company and Phillips Petroleum Company.

Exact location is at the center of the northwest quarter of the northwest quarter of section 48, block 42, T&P survey.

Test In Martin Develops Water

Ashland Oil & Refining Company of Kentucky No. 1 Tant Lindsay, 3,000-foot wildcat in Central Martin County, has taken a drillstem test at 4,274-4,300 feet in a Permian lime section.

Tool was open one hour and bled 15 minutes for a bottom-hole pressure gauge. There was a strong blow of air throughout the test.

Recovery was 440 feet of oil cut mud and 930 feet of slightly oil cut water. Operator is now going in the hole to drill ahead below 4,300 feet.

Flowing bottomhole pressure was from 350 to 750 pounds and 15-minute shut-in bottomhole pressure was 1,000 pounds.

No. 1 Lindsay is 12 miles north and slightly east of Midland and 12 miles northwest of Stanton. Exact location is 330 feet from south and west lines of section 17, block 38, T-1-N, T&P survey.

Chief Oil Corporation No. 1-E-B George W. Glass, Southwest Martin County wildcat, 18 miles west of Stanton and 12 miles north of Midland, went in the hole with tubing and packer to swab on perforated section at 10,635-655 feet, in the Pennsylvanian.

The tubing plugged shortly after 18 was run and operator is now pulling it out of the hole to clean out.

The perforations are in a five-inch liner which is cemented at 10,821 feet. Drilled out depth is at 10,787 feet.

This prospector drilled to a total depth of 12,915 feet in the Ellen-

burger and made water in that formation.

It has been plugging back and testing since then in various sections up the hole which indicated possibilities of petroleum.

Up to now no sort of oil well has been developed.

Location is 1,980 feet from north and east lines of section 13, block 39, T-1-N, T&P survey.

Ten Canyon Ventures Scheduled For Scurry

Locations for 10 new Canyon explorations in the Scurry County area and for one Clear Fork test in the same county have been reported to the oil and Gas Division of the Railroad Commission of Texas.

In the Kelley-Snyder field of Scurry County, five tests were scheduled for immediate drilling with rotary tools.

Cities Service Oil Company No. 1-B Popone is 467 feet from north and west lines of northeast quarter of section 158, block 3, H&GN survey and four miles north of Snyder. Projected depth is 7,500 feet.

The Texas Company spotted their No. 4 Mae Lemons, et al 467 feet from north and 1,980 feet from east lines of section 204, block 97, H&TC survey and seven miles west of Snyder. It will be drilled to approximately 7,000 feet.

Tide Water

Tide Water Associated Oil Company staked location for No. 8 F. O. Sears to be drilled to 6,900 feet. Drillsite is five miles north of Snyder and 467 feet from north and 1,947 feet from east lines of south half of section 22, block 1, J. P. Smith survey.

Skelly Oil Company No. 4 L. M. McClammy is located 467 feet from north and east lines of southwest quarter of section 298, block 97, H&TC survey and about eight miles northwest of Snyder. It is scheduled to be drilled to 7,100 feet.

Phillips Petroleum Company No. 2 Gaudie is to be three miles northwest of Snyder and 467 feet from south and east lines of southwest quarter of section 291, block 97, H and T, survey.

In the Cogdell field of Central-South Scurry County and eight miles north of Snyder, Stanolind Oil & Gas Company staked location for No. 3 Dora E. Cunningham. It is located 2,177 feet from north and 1,981 feet from east lines of section 613, block 97, H&TC survey.

Sun Stakes Four

Sun Oil Company has spotted four new projects in the Diamond M field of Southwest Scurry County. All these tests will be drilled to 7,000 feet with rotary tools.

Sun No. 5 H. E. Eiland is located 660 feet from north and east lines of south half of section 202, block 97, H&TC survey and nine miles west of Snyder.

No. 6 J. W. Voss is 660 feet from west and 1,981 feet from north lines of section 203, block 97, H&TC survey.

Location for Sun No. 7 J. W. Voss is 660 feet from south and west lines of section 203, block 97, H&TC survey and nine miles west of Snyder.

Sun staged No. 8 J. W. Voss and associated 1,980 feet from south and 660 feet from west lines of section 203, block 97, H&TC survey.

Clear Fork Test

Robinson Drilling Company will drill the Clear Fork test in the Diamond M area to Southwest Scurry County to 3,250 feet.

Rotary tools will be used to drill the test and operations will begin immediately.

It will be No. 1 W. A. McGlaum and is located 330 feet from north and west lines of section 177, block 97, H&TC survey and 15 miles southwest of Snyder.

Shallow Prospector Slated For Crockett

Four and one-half miles southwest of the Midway Lane-Ellenburger field, James H. Snowden and others of Fort Worth have spotted a shallow wildcat in Northeast Crockett County.

The exploration will be the No. 2 Hugh Andrews trustee, slated to go to around 7,000 feet with cable tools.

Drillsite will be 1,650 feet from south and 990 feet from east lines of section 43, block UV, GC&SP survey.

Kelley-Snyder Gets Two More Ventures

Magnolia Petroleum Company has scheduled two 7,000-foot projects for immediate drilling in the Kelley-Snyder field of Scurry County. Rotary tools will be used in drilling to projected depth.

Magnolia No. 2-A LeFors-Moor is located 660 feet from west and 2,006 feet from south lines of section 336, block 97, H&TC survey and about six and one-half miles northwest of Snyder.

No. 3-D McDonnell Estate will be six miles northwest of Snyder and 660 feet from west and north lines of southeast quarter of section 336, block 97, H&TC survey.

Cogdell To Get Two More Explorations

Two new locations have been staked in the Cogdell-Canyon field of Central-South Kent County about 22 miles northeast of Snyder. Operations will begin immediately on both these tests. Projected depth is 7,000 feet and rotary tools will be used to drill the projects.

Chapman & McFarlin Producing Company No. 3-A Cogdell is 1,980 feet from west and 1,975 feet from north lines of section 772, block 97, H&TC survey.

Chapman & McFarlin No. 29 D. M. Cogdell is located 660 feet from west and 2,027.5 feet from south lines of section 715, block 97, H&TC survey.

Magnolia No. 1 Sams-State, wildcat in Northwest Lea County is miles

Texas Petroleum Industry Leaders To Meet In Dallas

DALLAS—Texas petroleum industry leaders will converge on Dallas Wednesday for a two-day examination of issues involving development of the state's oil and gas resources.

Several hundred Texas oil and gas operators are expected at the 31st Annual Meeting of the Texas Mid-Continent Oil & Gas Association at the Adolphus Hotel here, Wednesday and Thursday, Charles E. Simons, general manager, announced today.

Members of Texas' largest and oldest petroleum organization, they will hear a panel of eight speakers, name two outstanding oil men of the state for this year's Distinguished Service Awards, compete in golf and skeet tournaments, and end the meeting with an all-membership dinner Thursday night.

The Wednesday program will include addresses by: Frank M. Porter, president of the American Petroleum Institute, whose paper will be, "Is End-Use Control of Oil and Gas in the National Interest?"

R. B. Anderson, of Vernon, association president, on trends affecting the Texas petroleum industry.

William T. Tierney, New York, Texas Company scientist, on an "octane-less" engine which he helped develop to cut fuel consumption.

William J. Murray, Chairman, Texas Railroad Commission, on the role of price and other factors in the conservation of natural gas.

Brig. Gen. Robert J. Smith, Dallas, vice chairman of the National Security Resources Board, on governmental plans for use of strategic resources in military emergency periods.

Awards will be presented in the afternoon session Wednesday. Thursday's program includes addresses by: Historian Carl Coke Rister, University of Oklahoma, author of "Oil Titan of the Southwest," on historical and social significance of petroleum.

B. Brewster Jennings, New York, President, Socony-Vacuum Oil Company, on the petroleum industry's part in the nation's security.

The Thursday night dinner program at the Baker Hotel includes an hour and a half show featuring Chuck Foster's orchestra, the Wier Brothers, the Condos and Branos dance and musical act, Paul Regan, Jan Risko and Nina, and Eileen O'Dare.

The annual oil men's golf contest for the W. B. Hamilton trophy and other awards will be played at Brook Hollow Country Club. Skeet shooters attending the convention will compete at the Dallas Gun Club.

Ladies entertainment programs for both days include: a coffee at Brook Hollow Country Club Wednesday and a Neiman-Marcus Style Show and Luncheon at the Mural Room, Baker Hotel, Thursday.

United States crude oil output last week registered its first drop in several weeks, falling 44,280 barrels to a daily average of 5,894,050 barrels. Texas, with an emergency West Texas production cutback resulting from jammed transportation facilities, accounted for 42,750 barrels of the decline.

All four of the principal refined petroleum products registered storage gains, rising to a total of 249,769,000 barrels, compared to the previous week's 247,226,000.

A year ago storage of the four products totaled 279,434,000 barrels, with heavy fuel oil 25,824,000 barrels higher than last week and light fuel oils 6,335,000 barrels higher.

Trend Is Reversed

Crude oil storage also reversed its trend during the week ending September 16, climbing 717,000 barrels to 237,155,000.

A U. S. Bureau of Mines report shows crude storage having declined 8.6 per cent or 21,254,000 barrels in the past year. The Rocky Mountain-California area accounted for 39 per cent of the decline.

National crude output will take another tumble next week. A 130,000 barrel per day cutback becomes effective Sunday in Texas.

Louisiana, however, has placed its October daily allowable at a record 611,993 barrels, 4,686 above September.

The Oil and Gas Journal last week estimated world crude production in July at a record 10,874,000 barrels daily, 103,100 barrels above June, the previous record month.

B. Brewster Jennings W. T. Tierney Carl Coke Rister
TO SPEAK IN DALLAS—The three men pictured will give addresses before petroleum industry leaders at the Thirty-First Annual Meeting of the Texas Mid-Continent Oil & Gas Association, which will be held in Dallas Wednesday and Thursday. From left to right, they are B. Brewster Jennings of Socony-Vacuum Oil Company, Inc., New York City; W. T. Tierney of The Texas Company, New York City; and Carl Coke Rister of the Department of History, University of Oklahoma at Norman.

Gasoline—

(Continued From Page Six) motorists face gasoline rationing but Department of Interior officials have indicated some sort of controls may be developed to reduce octane ratings of automobile and commercial gasoline.

Is Major Problem

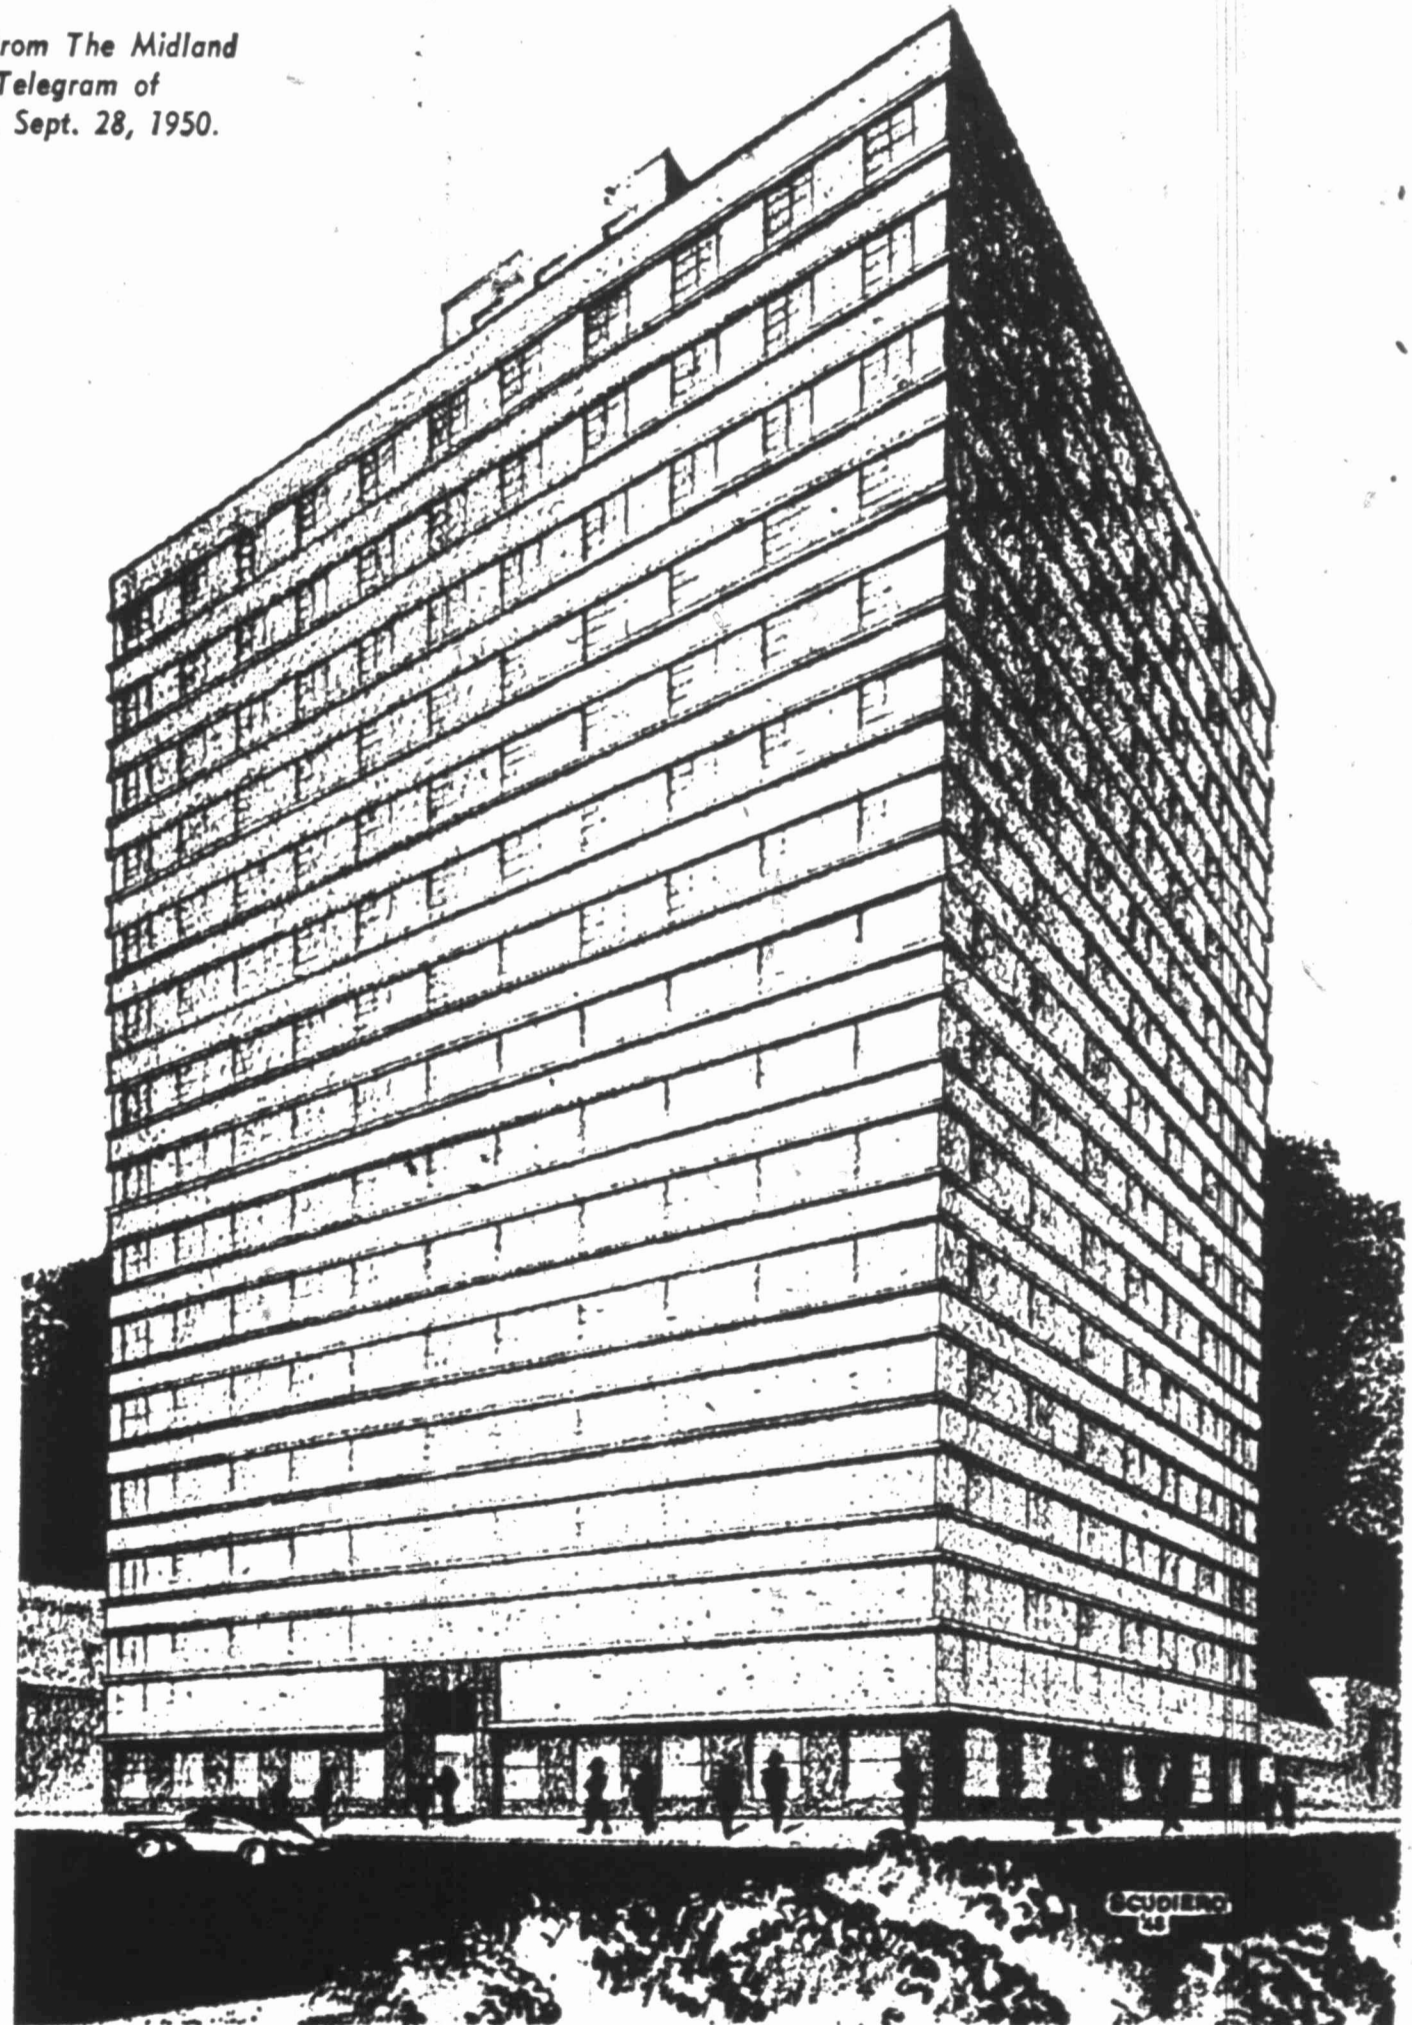

J. R. Parten, new petroleum mobilization consultant to Chapman, said transportation is a major problem behind the aviation gasoline shortage.

There are surpluses of aviation fuel ingredients on the East Coast, he said, but shortages on the West Coast, from where most of the Korean war military shipments have been originating.

Reservations Now Being Accepted For Space In The McClintic Building Addition

Midland's Largest Office Building

Reprint From The Midland Reporter-Telegram of Thursday, Sept. 28, 1950.

ANOTHER SKYSCRAPER—Work started Thursday on the addition of three floors to the six-story McClintic Building in downtown Midland. The project is the initial step in a plan to increase the height of the structure to its originally designed 15 floors, as pictured. Gene Brewer has the general construction contract. Ralph Geisler is the building manager.

Offices in the three-story addition will be arranged to suit tenant requirements.

WASHINGTON OIL— Oil And Gas Industry Wins Complete Victory Over Department Of Interior

By JOSEPH HUTTLINGER
WASHINGTON—The oil and gas industry won a complete victory over the Interior Department this week about the form of agency to be created to mobilize the industry for defense. The industry then asked government aid in obtaining steel and in meeting aviation gasoline needs of the military and essential civilian uses.

Interior Secretary Oscar Chapman, who had been plumping quietly for a single energy agency to control oil and gas, coal, power, metals and minerals had gone so far that he announced creation only last week of a Minerals and Energy Administration.

Oil men had been fighting just that type of administration for a month. They saw in it a threat of end-use controls over oil and gas, while they would be encouraged to take over additional markets. A complete hamstringing of oil might result, they said.

As a result, they went into an "emergency session" of the National Petroleum Council September 28 fighting mad and with much uncertainty. But Chapman, in his first address to the council since he became secretary, said the minerals agency is only "temporary." Any oil agency would be "vertical" and report directly to him, who would be administrator, he said. He asked all men for their ideas and said, in advance, he was ready to adopt them.

The council immediately named a committee under B. Brewster Jennings, Socony-Vacuum Oil Company, to write up the council's ideas, and the committee reported back three hours later in favor of a "vertical" agency, with direct access to the secretary, staffed by oil men, and with no non-oil agencies with any veto powers.

The new agency is to carry out powers contained in the Defense Production Act. The powers include allocations, priorities, requisitioning, stimulation of production and others.

Chapman also asked the council for suggestions on personnel for the new agency. The council named a committee headed by W. Alton Jones, Cities Service Oil Company, to make suggestions. Bruce K. Brown, Pan-Am Southern Corporation, and J. Howard Marshall, Ashland Oil and Refining Company, are being offered the top

spot. If dollar-a-year-men are permitted to serve, either might be interested. In the past, policy has forbidden government officials to accept pay from a private company, except in emergencies.

Tipoff that Chapman had succumbed to mounting pressure from oil men, came this week when he named J. R. Parten of Houston, Co., as his consultant to set up the new agency. Parten, who was persuaded by a personal telephone call from President Truman, accepted a post turned down earlier by Brown and Ralph K. Davies, former deputy petroleum administrator for war.

The second major item on the council's agenda was the problem of increasing output of aviation gasoline, of which the military says it is short three million barrels out of total needs of 16 million for the six months ending in December.

Some in the industry don't like it broadcast, but the industry answer to this problem is to have financial help from the government, and to gain antitrust law exemption from the Justice Department. Without these steps, according to a new report by the Military Petroleum Advisory Board, the avgas production won't be there.

To help finance the task of rushing avgas production, the report to the military and Chapman and the industry, asks government financial help in the form of accelerated depreciation, aid in new construction costs, and in payment of freight costs for shipping avgas components as needed.

Further, the industry must have a government go-ahead on voluntary cooperation looking toward swapping of supplies of avgas and components and, possibly, orders for the product. This means exemption from the antitrust laws.

Any exchange program, says the report, would apply to butylenes and isobutylenes, alkylation feed stocks, tank cars and polymerization operations.

Steel needs of the oil and gas industry will be hefty, the council's steel requirements committee told the council and Secretary Chapman, whose job is to claim from the steel industry whatever steel is needed to get out the oil.

A record high demand of 11,850,000 tons will be needed next year for the oil and gas industry, said the report. Of this, 2,888,000 tons will be needed for oil and gas production, a record. This year, the production end will take 2,732,000 tons.

J. Ed Warren of Midland, chairman of the production subcommittee, explained: "Substantial new reserves must be developed in addition to those which merely offset production, if productive capacity is to keep pace with demands."

The United States should have 43,400 new wells next year, compared with 42,200 this year, he said.

Ward Made Division Geologist In Midland For Mid-Continent

H. E. Ward is the new division geologist in Midland for Mid-Continent Petroleum Corporation. He came here recently from Wichita Falls, where he had been district geologist for the concern.

In his new position Ward will supervise the district geological departments of Mid-Continent in Midland and Wichita Falls.

The Ward family has recently occupied a new home it has acquired in this city.

Date Scheduled For SEG Coast Meeting

The annual Autumn meeting of the Pacific coast section of the Society of Exploration Geophysicists has been scheduled for October 19-20 of this year at Los Angeles.

The meeting will be jointly sponsored by the Pacific Coast sections of the AAPG, SEPM and SEG and will be held in the Ambassador Hotel.

A dinner dance, likewise sponsored by the three national societies, is scheduled for Friday evening, October 20th at the hotel.

The technical program includes the following papers and authors: Safety procedures in seismicograph exploration (film) by R. C. Dunlap, Jr.; routine Delta-T analysis for field crew by Carl H. Savi.

Anomalous deep reflections in Big Horn Country, Montana by Arne Junger; frequency studies of seismic waves by J. J. Jakosky; magnetic core orientation by N. A. Riley; Limestone pore space study (film) by Stanolind Oil and Gas Company; and how seismograph interpretation is related to changes in the sedimentary section in West Texas and New Mexico by John Daly and C. N. Page.

IPAA Members To Hear Oil 'Goods' Report At Meeting

ST. LOUIS, MO. — Reports on the outlook for adequate oil field tubular goods will be made to members of the Independent Petroleum Association of America here, Monday by sources from both "field and factory."

Officials of IPAA, which opens its annual meeting with advance committee sessions here Sunday, announced that Henry V. Wallace, vice president in charge of sales for National Tube Company, will discuss "Oil Country Tubular Goods" at a luncheon Monday in the Jefferson Hotel.

Preceding Wallace's address, a recently-appointed 25-man Oil and Gas Field Materials committee will submit a report on material needs of the oil industry. The committee also will recommend means of equitable distribution of essential oil country pipe and materials.

Bryan W. Payne, Tyler, is chairman of the materials committee which will base its recommendations on reports of short supplies and delayed deliveries of tubular goods in every major oil producing area.

Wallace will give a steel industry analysis of availability of oil field tubular goods. National Tube Company is a subsidiary of United States Steel Corporation, and is one of the nation's largest manufacturers of oil field pipe.

Permian Pete

Research Grants Given Students Total \$25,000

AUSTIN — Petroleum industry fellowship and research grants totaling more than \$25,000 to the University of Texas got formal acceptance today from the University Board of Regents.

The Texas Mid-Continent Oil and Gas Association has sent the University Bureau of Business Research \$2,500—the first installment of a \$7,500 grant for an economic survey of the natural gas industry, with special reference to Texas.

Gayle D. Edwards and Ju-nam Chew of Austin and John P. Brand of Lubbock received \$1,250 Humble Oil and Refining Company fellowships in chemistry, chemical engineering, and geology, respectively.

Frensey Is Elected Mag Comptroller

The election of L. E. Frensey as comptroller of Magnolia Petroleum Company was announced Wednesday following a meeting of the Board of Directors. He succeeds the late S. R. Harwell in that position.

Frensey came to the comptroller's office in July, 1935. Subsequently he spent four years in tax and accounting work with Socony-Vacuum Oil Company organizations in New York and South America, returning to Magnolia in September, 1941.

Also announced was the election of Warren M. Albert as assistant comptroller of Magnolia. Albert, who has been chief of the comptroller's systems and planning section, has been with the organization 22 years.

Elected by the Board of Directors of Magnolia Pipe Line Company to be comptroller of that organization was Fred H. Pennington, who has been Magnolia Tax Accountant in the Comptroller's Department.

J. B. Morgan, Chief Accountant of Magnolia Pipe Line, was named as assistant comptroller.

McKee Leaves Job In RRC District Office In Midland

N. D. (Dave) McKee has severed his connection with the Midland district office of the Oil and Gas Division of the Railroad Commission of Texas.

He submitted his resignation on August 31, to be effective on October 1.

Area Road Projects Listed In Federal Highway Aid Plans

AUSTIN—Plans for primary Federal Aid Highway System work to cost \$60,000,000 in the next two years were announced Saturday by the State Highway Commission.

Funds for the projects were authorized by the Federal Aid Highway Act of 1960, recently passed by Congress.

Half the money comes from the federal government, half from the state.

The next step is submission of the projects to the federal government for approval. When this is given, engineering work will start and taking of bids will follow.

Front Street By-Pass
The projects, by counties, include: Midland—U. S. 80, Midland east to Martin County line, 11.3 miles grading, structures and surfacing.

Midland—U. S. 80, from near west city limits Midland east along North Front Street to east city limits, 4.3 miles, grading, structures, surfacing.

Ector—U. S. 80, in Odessa from Tom Green Street to east city limits, 9 mile grading, structures and surfacing; from east city limits of Odessa east, 1.3 miles grading, structures and surfacing; U. S. 80, from Monahans draw east to west city limits Odessa, 7 mile grading, structures, surfacing; U. S. 80, from west city limits Odessa east to County Road Street, 3 mile grading, structures, surfacing.

Tom Green—U. S. 87, Coke County line to nine miles northwest of San Angelo, 14.8 miles reconstruct grade, structures and surface.

Tom Green—U. S. 87, 12 miles west of San Angelo, 1.5 miles middle Concho River Bridge and approaches.

Inter-Arab Phones Will Be Restored

CAIRO—(AP)—Inter-Arab telephone communications, disrupted by the Palestine war, are to be restored and developed soon.

The Arab League political Committee, at its Alexandria meeting in August, drew plans for establishment of new telephone lines to connect the seven League states. These are Egypt, Saudi Arabia, Iraq, Syria, Lebanon, Yemen and Hashemite Jordan. Plans provide for a submarine cable across the Gulf of Aqaba, linking Jordan with Saudi Arabia. From the main cable lines will be extended to Syria, Lebanon, Iraq and Egypt.

Reader Urges Change In Names Of Avenues

PRAGUE—(AP)—Prague avenues named after British Field Marshal Lord Montgomery and American Gen. Dwight D. Eisenhower ought to be rechristened, a reader wrote in to the newspaper "Mlada Fronta."

"These gentlemen, initiators of a new war, are also enemies of the English and American nations," he argued.

WAR ON 'HOPPERS' HERBERT, SASKATCHEWAN

(P)—Seagulls by the thousands depended on this district and waged war on hordes of grasshoppers. By the time they had filled themselves, the grasshoppers' ranks were depleted.

Lea Wildcat—

(Continued From Page Seven)
feet in shale, which some observers believe is the Abo of the lower Permian.

Contract depth of the No. 1 Daugherty is 6,500 feet.
Location is 1,767 feet from south and 3,067 feet from west lines of section 45N-35E and 23 1/2 miles northwest of Clevis.

DeKalb Agricultural Association No. 2-X-A Compton-State has been plugged and abandoned at total depth of 7,121 feet in Ellenburger.

This failure was a wildcat in South-Central Chavez County located 960 feet from north and east lines of section 15-11-27E.

The project ran a drillstem test from 7,060-7,121 feet. Recovery was 120 feet of mud with a sulphur odor. No signs of commercial production were found in any section of the hole.

Dry, Abandoned
Honolulu Oil Corporation No. 5 State, north outpost to the Chisum field of South-Central Chavez County, has been given up as a dry hole at total depth of 6,615 feet in Siluro-Devonian.

That formation was topped at 6,598 feet.
The last operation reported before it was abandoned was a drillstem test at 6,590-6,615 feet. Recovery was 5,800 feet of oil cut sulphur water.

Location of the dry hole is 1,980 feet from north and 1,880 feet from east lines of section 13-11-27E.
Allen Hargraves No. 1 Hanks, wildcat in Central-South Eddy County has been abandoned at total depth of 2,302 feet in Delaware sand.

SIGMON IS ADDED TO GULF SCOUTING TEAM

Jack H. Sigmon is now a member of the scouting department of Gulf Oil Corporation in Midland. He has formerly been a scout for that company in Amarillo.

Sigmon has been with Gulf for 16 years.

Big Crowd Expected For Tulsa Gathering

One of the largest American Association of Oilwell Drilling Contractors gatherings ever held is predicted for the Tenth Annual Meeting, to be held in Tulsa, October 8-10.

Room reservations are substantially ahead of those made at this time last year for the meeting held in Dallas.

A good program is lined up for the meeting. Dr. Waldo Stephens, vice president of Stephens Petroleum Company will speak at the annual banquet which will be held in the Cimarron Ballroom October 10.

Cocanower Is Voted Sooner Club Prexy

R. D. (Bob) Cocanower is the new president of the Midland-Odessa Sooner Club—the Permian Basin organization of the ex-students of the University of Oklahoma.

He was elected to that position Friday night at a club barbecue at Cole Park in Midland. More than 100 persons attended.

Cocanower is of Odessa. He is with the Western Company.
G. A. Grimm of Midland, with Tide Water Associated Oil Company was selected vice president and Mrs. Fred Forward, also of Midland was named secretary-treasurer. Mrs. Howard's husband is with Phillips Petroleum Company.

Cocanower succeeds H. L. Beckmann of Midland, who is with Humble Oil & Refining Company, as president of the organization.
Wayne Hammond, with Magnolia Petroleum Company, was vice president last year. Mrs. Tom L. Ingram, now of San Angelo, is the retiring secretary-treasurer.

Thompson Resigns Job With Sunray; Joins Independents

Leland Thompson has resigned from Sunray Oil Corporation and is to operate as an independent broker and trader.

O. & G. Journal Is To Establish District Office In Midland

Roy F. Carlson is preparing to open a district office in Midland for the Oil and Gas Journal, weekly petroleum industry publication.

He has already established his residence in this city and will have a downtown office as soon as suitable quarters can be secured.

Carlson will carry the title of district editor for the publication. He came from Dallas where he has been working as an engineering writer for the publication.

Wadlington To Join EPNGC Engineers

Rudy Wadlington, former engineer with the Railroad Commission of Texas' Midland office, will join the engineering staff of El Paso Natural Gas Company.

Wadlington, who received a BS degree from the University of Texas in January of this year, will work in the Midland office of El Paso Natural Gas.

Davis and Smith are new employees of Sunray G&LD
Carl Davis and Melvin Smith are new employees in the Midland district office of the geological and land department of Sunray Oil Corporation.

Pay Increase For Plymouth Employees

Plymouth Oil Company has given all its employees a pay increase of six per cent of the base rate, effective October 1.

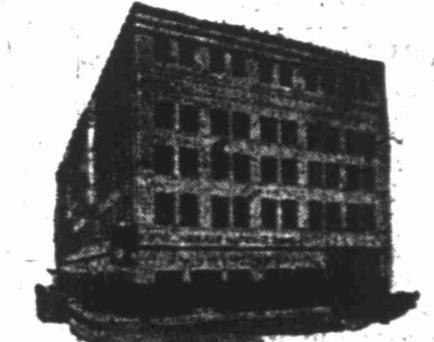

The raise applies to all personnel on the payroll of the concern below the \$10,000 per year bracket.

The increase amounts to at least 10 cents per hour for employees on hourly rates and at least \$17.50 per month for all persons on a straight salary basis.

THWARTS COUNTERFEITERS

TEL AVIV, ISRAEL—(AP)—There's a shortage of American dollars in Israel, so four ingenious Jews tried making their own. Police who arrested them said they were part of a group which had operated counterfeiting rings in other countries. The four were accused of forging and circulating hundreds of dollars and passing off copper coins as gold.

Dunlap's

MELODY IN FASHION—To publicize "Melody in Fashion," posters are being made as a replica of the lyre held by Mrs. Randolph Rubin, general chairman of the Beta Sigma Phi Style Show and president of Beta Delta chapter. Mrs. Jack Stackpole, right, designed the posters and was assisted by Lee Ida Pinkston, center, and Mrs. Rubin. Pictured below girls modeling for Pauline's, are selecting their ensembles for the fashion review to be held in the high school auditorium at 8 p.m. Thursday. Pictured from left to right are Mrs. Jack Wood, Reta Beights, Mrs. R. N. Hillon, Jo Winders and Mrs. E. W. Jennings, assistant manager of Pauline's.

For Girlstown, U.S.A.

A homeless child—a juvenile delinquent. Sociologists tell us these things go hand in hand and that homelessness is the basic cause from which juvenile delinquency stems.

This is a story of a home—a home for girls, a Texas woman and an organization in Midland seeking to help the home and the Texas woman in her efforts.

Fayrene, the little girl pictured at left with her dog, is one of the many girls who have found a real home at Girlstown, U. S. A., a small community located on a 1,425-acre ranch eight miles south of Whiteface.

Girlstown was founded in March, 1949, by Amelia Anthony and she still is serving as director of the home.

As the first and only Girlstown in America, it is operated with the purpose of exerting increasing force in the prevention of juvenile delinquency.

Miss Anthony is firm in stating that Girlstown is not an institution. "It is a home," she says, "and will be operated as a home. Never, in any way is it to be called or referred to as an institution."

In explaining the purpose of Girlstown, Miss Anthony said, "It is our aim and desire in Girlstown to do for girls what Boystown, Neb., has done for boys. We want to take neglected and homeless young girls prior to the time that they might become delinquent."

Eligibility for becoming a resident of Girlstown lies in being between the ages of infancy and 15 years of age. Girls are not accepted who have been married or who have been in any sort of penal institution. No girl living in the home may be adopted.

The girls lead a very normal life and attend the public schools in Whiteface. The girls are trained in the arts of homemaking and are taught dramatics, music, speech, voice and art. They also learn to sew, knit, crochet and embroidery.

Girls who come there to live stay until they have completed their education at Texas Technological College or a business course. They are required to attend the church of their choice each Sunday.

"Miss Amelia Anthony is a woman with a dream and the determination to realize it. Hers was the cherished ideal of a home for homeless girls, where the basic principles of life might be learned in a kindly environment, and where Christian fundamentals might be instilled in young lives through example and teaching. Miss Anthony's dream of yesterday is the Girlstown of today. The road has been full of sacrifice, with a decade of her life given to raising enough personal funds to start Girls-

town. During that time, Amelia Anthony tutored herself in workable practices and sound principles for future direction of Girlstown families to useful places in society. Twelve of her humanitarian 35 years have been spent as a social worker. By her own testimony, she has plenty left, and each will be dedicated to making Girlstown live!"

T. B. Duggan of Lubbock gave Girlstown the tract of land on which it is situated as well as \$20,000 in cash. Girlstown received a state charter in November, 1949.

Incorporated under a state charter and with federal approval, Girlstown, U. S. A., is financed and developed through a simple partnership plan, rather than by a board of directors or stockholders. Partnerships are received by giving to Girlstown. This way, everyone in America can have a part.

The tenth anniversary goal is 500 girls by March 13, 1959. At present there are 700 applications from 47 states for a home at Girlstown.

Miss Anthony's plan for Girlstown includes nine additional dormitories, a dining hall, a chapel and other buildings for instruction and recreation.

For this plan to become a reality Girlstown will need the interest and support of the people of Texas.

With helping Girlstown as their goal, the local chapters of Beta Sigma Phi, are planning a style show to be held at 8 p.m. Thursday in the Midland High School Auditorium. Proceeds from the style show will go to Girlstown, U. S. A.

In helping Girlstown, the Beta Sigma Phis of Midland are joining other Beta Sigs throughout Texas who have decided to aid Girlstown for their 1950 project.

The Beta Sigma Phi style show is an annual affair and "Melody in Fashion" is the fourth to be held in Midland. Models will be girls from the four local chapters, Beta Delta, Xi Theta, Iota Beta and Nu Phi Mu.

"Melody in Fashion" will feature Fall and Winter fashions from the racks of Midland stores.

Carolyn Oates and John DeFord will be narrators for the show. Mrs. Randolph Rubin is general chairman and is assisted by Mrs. Otto Wink and Carolyn Oates.

Tickets are \$1 including tax and may be purchased from any member of Iota Beta, Xi Theta, Beta Delta or Nu Phi Mu, the junior organization.

The money received from the style show will help to curb juvenile delinquency and will help make more good citizens of tomorrow.

DECORATIONS—Every style show requires a little decoration to supply a background suitable for the clothes to be shown. Clothes in the forthcoming style show will be from Midland merchants' racks. Preparing the Midland High School Auditorium for the Beta Sigma Phi Style Show, Betty Cook stands on a ladder to hang a musical note while Elizabeth Knox, left, and Sara Johnson are ready to assist her.

a New radically different treatment for dry skin

Elizabeth Arden's
Moisture Treatment
makes dry skin radiantly soft!

Only Elizabeth Arden, who has devoted her life to beauty, could create this treatment. In one fleeting week, it makes sun-dry or naturally-dry skin... radiantly soft, fresh, moist. Care lines and wrinkles seem to disappear.

Smooth on Elizabeth Arden's Moisture Oil, a soothing, firming, skin-softening oil. Then, Elizabeth Arden's Moisture Cream, a rare blend... it is actually made of fresh eggs and looks and smells good enough to eat! Leave it on for 30 minutes, rinse it off... and... incredible surprise... dry skin comes soft, and your skin looks exquisitely fresh and moist!

AAUW Will Have General Meeting

The American Association of University Women will hold a general "Neighborhood Meeting" from 10 a.m. until 3 p.m. Thursday in the Chesterfield Room of the Manhattan Restaurant. A luncheon will be held at noon.

AAUW members from Abilene, Alpine, Big Spring, Brownwood, San

Angelo and Winkler County will attend.

Guest speakers for the meeting will be May Jones, state president, and Dr. Blanche Dow, southwest regional vice president.

May Jones

Before becoming state president Miss Jones was president of the Stephenville branch and was chairman of the fellowship, education and International Relations committees.

Her state AAUW work has included serving on the state education committee, state treasurer and a member of the State Executive Board.

Miss Jones has served as state president since June, 1949 and attended the National Convention in Seattle. In April she attended the Regional Conference in Wichita, Kansas and in June attended the

May Jones

Dr. Blanche Dow

State Presidents Conference in Washington, D. C. She was also present at the National Education Association in St. Louis in July.

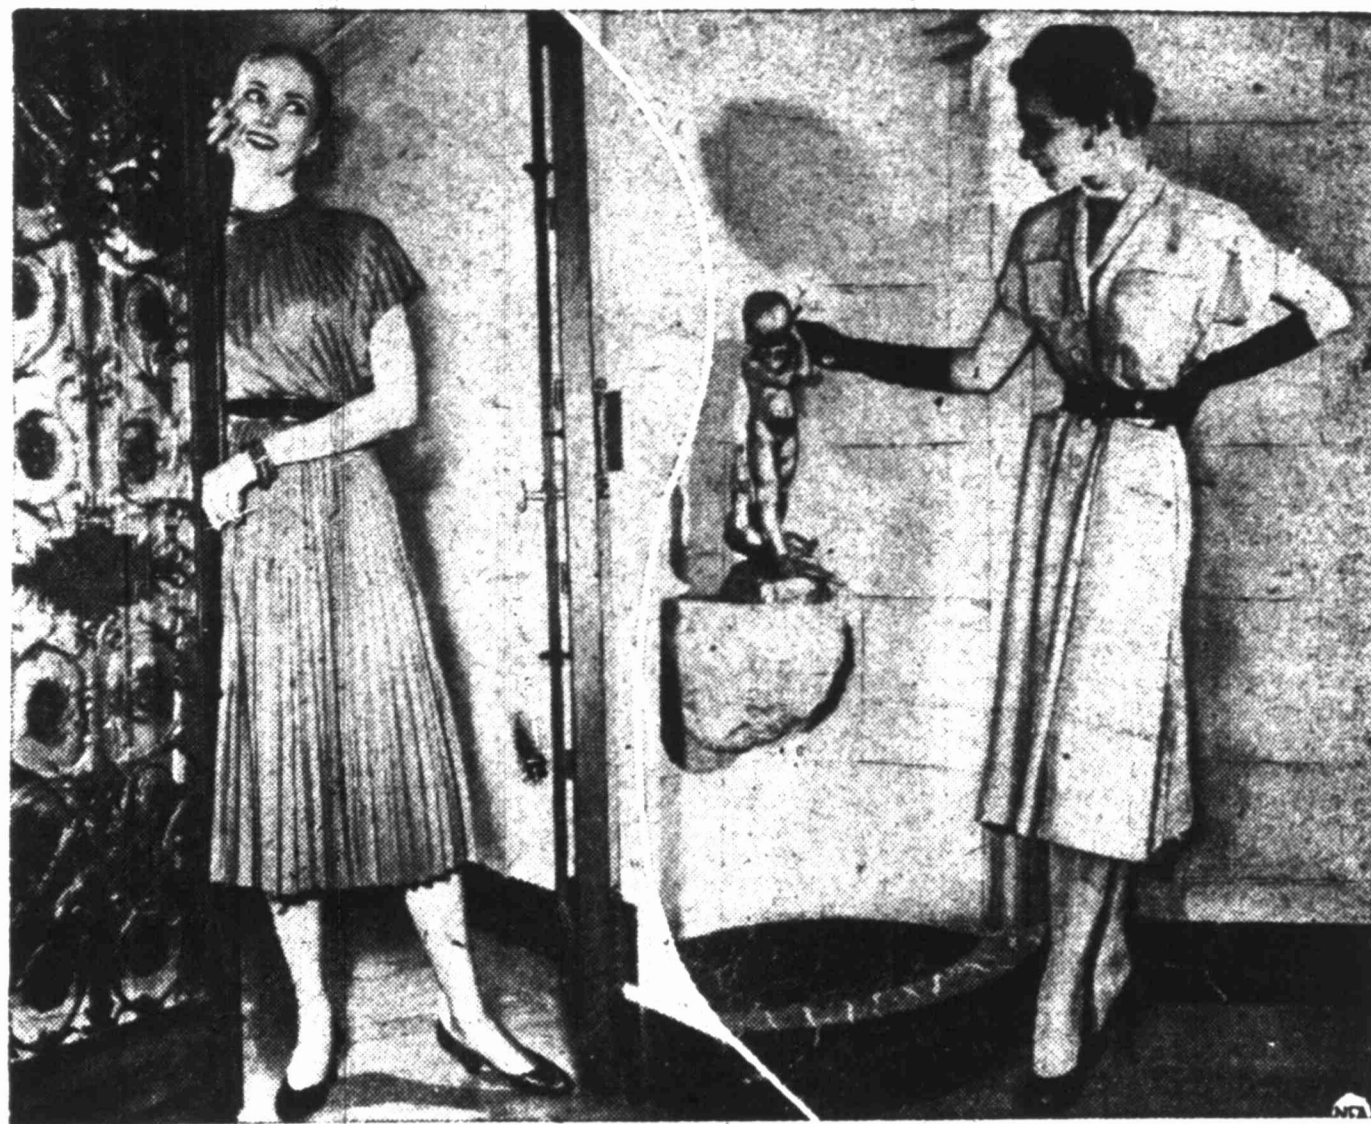

Dr. Dow

Besides being Southwest Regional Vice President Dr. Dow is President of the Cottey Junior College in Nevada, Missouri.

Dr. Dow received a B.A. degree from Smith College and M.A. and Ph.D. degrees from Columbia University. She received a diploma from the school of Expression in Boston and has done graduate work at the Sorbonne, Paris.

Dr. Dow is the Assistant Honorary Treasurer of the International Federation of University Women. She was one of the five voting delegates from the American Association that went to the IFUW meeting held in August in Zurich, Switzerland.

Season-Changers Bridge Gap

By GAILE DUGAS
NEA Staff Writer

NEW YORK—The dresses which women pick for the short, but often trying, weeks from Summer into early Fall must have certain characteristics in order to pay their way. They must be made of fabric which is cool to the touch; they must be based on simple silhouettes. They must be lightweight for

simmering days. And they must also forecast Autumn.

A crisp, lightweight shantung (right) which meets all requirements is in glowing saffron. It's from the hands of designer Hannah Troy. This dress is set off by a simple roll shawl collar. Hip to hemline panels are set into the skirt to give it front fullness for free action. Hip pockets are deep

and jutting. Accessorized with black patent belt and pumps and small black velvet coat, this dress will go fashionably into, cool days.

Another such dress from this designer is a two-piece red rayon jersey with slim, verticle lines (left). Sunburst pleats flare from neckline to hem of the full-swinging skirt. Brief cap sleeves round the curve of the shoulders.

Dress Shields Save Clothes

By ALICE HART
NEA Staff Writer

Dress shields may be your solution if deodorants and antiperspirants offer insufficient protection against the unpleasant and damaging effects of perspiration.

Since individuals vary both in the amount and alkalinity of perspiration, only experience can determine for you what steps should be taken to maintain personal cleanliness and preserve your clothes.

If you find underarm preparations are not enough, there are a variety of shields from which to choose. Although styles vary, most of them offer a water-repellent material in combination with other fabrics.

Some types are held in place by pinning to the seams of your dress or blouse, or by elastic straps which are secured to arm and shoulder.

Others include bandettes or blouses of such lightweight materials as net or sheer batiste, into which the shields are sewn, as well as regulation brassieres which offer underarm protection as well as uplift.

ODESSAN INJURED WHEN PIPE LOAD CHAIN SLIPS

Hampton L. Peters of Odessa was given emergency treatment early Saturday at Midland Memorial Hospital.

He suffered a head injury when he was fixing a chain on a load of pipe. The boom slipped and struck him in the head. Also he was injured by falling to the ground.

TONSILLECTOMY

Nancy Lee Locke, five, 414 East Elm Street, was admitted to Midland Memorial Hospital Saturday morning. She is to undergo a tonsillectomy.

Our best sources of calcium are fresh milk, concentrated and dry milks, ice cream, and cheese. We need calcium to build and maintain sound teeth and bones.

Midland Memorial Hospital Will Soon Have Gift Shop

A new gift shop will be open in Midland soon. It will be the Hospitality Gift Shop on the first floor of the Midland Memorial Hospital and will stock such articles as booties, sweaters, carriage robes, scarfs, rag dolls, stuffed animals, shawls and bed jackets.

The Midland Memorial Hospital Auxiliary which has been considering and working on the plan for many months, has almost completed work on the shop.

They request that all persons who make the above articles please notify Mrs. Dan Hudson, phone No.

3488, or Mrs. Harry Russell, 2208 West College Street, or phone No. 2772-W.

The auxiliary believes this also would be an opportunity for shut-ins to find a market for their work.

Profits from this shop will go into the auxiliary treasury and be spent for various hospital projects and interests. All funds of the auxiliary are spent on Midland Memorial.

To boil onion slices, dot them with butter or margarine and season each slice with a little Worcestershire sauce.

Joint Honorees Given Shower

Mrs. George Marshall and Mrs. Everett Smith were joint honorees at a pink and blue shower held Wednesday in the home of Mrs. W. Hatfield. Mrs. Hatfield was assisted by Mrs. L. O. Justis.

Others attending were Mrs. Gerald Fuller, Anna Joyce Streeter, Mrs. E. F. Conner, Mrs. H. M. Glass and Bobby.

McCamey Study Club Has Assembly Tea

McCAMEY—Sixty-three members and guests attended the Assembly Tea of the Woman's Study Club held recently in the Upton County Park Building.

The reception committee included the club officers, Mrs. George Ramer, Mrs. Joe Conger, Mrs. Newton Key, Mrs. R. E. Ruble, Mrs. Charles N. Adkisson, Mrs. R. S. Cope, Mrs. J. P. Godwin, Mrs. W. J. Campbell, Sr., Mrs. Howard E. Stoker and Mrs. Jim Langdon.

Mrs. Conger, program chairman, delivered the welcome address and introduced Mrs. Ramer, club president, who spoke on "The American Dream, a Challenge to American Women."

Mrs. Ramer introduced a parliamentary skit led by Mrs. Campbell, club parliamentarian. Members in the skit were Mrs. Walter Harris, Mrs. Dee Breeding, Mrs. Conger, Mrs. Adkisson, Mrs. L. E. Windham, Mrs. Stoker and Mrs. Bill Van Atta.

Music was furnished by Elizabeth Cope, Mrs. Ruble, Mrs. Charles Morris, Jeanna Conger and Carolyn Slaughter.

State Child Welfare Worker Speaks To Altrusans On Welfare Program

Rosalind Giles, acting director and supervisor of the field staff of the State Department of Child Welfare, was the guest speaker Thursday at the Altrusa Club meeting. "Social Welfare Today" was Miss Giles' topic.

"Social work not only aims to meet the immediate needs of the individual," Miss Giles stated, "but tries to know his needs, to help him

HEALTH OFFICER—Dr. George W. Cox, state health officer, has been named as a qualified diplomat of the American Board of Preventive Medicine and Public Health. He has headed Texas public health activities the last 14 years.

to be self-sustaining and to regain confidence in himself. Problems of social workers are economic, health and recreational programs.

"All the work by paid employees would not make a successful program if it were not for the help given by local service groups," she added.

European Trip
Mrs. Willie Harding, Midland Child Welfare unit supervisor, introduced the speaker. Mrs. Alma Thomas, of Austin and a former member of the club, was introduced by Maurine Mims. Mrs. Thomas presented a report on the highlights of her recent trip in Europe. She was a guest at the UNESCO meeting and also saw the Passion Play.

Mrs. Harding reported on the vocational guidance club organized in the high school and sponsored by the Altrusa Club. She recommended that a scholarship be given and that plans be made for educating a girl for nursing.

Another guest of the club was Hughie Presley, educational director of the First Methodist Church. Bertie Boone, club president, asked that members attend the seventh district conference in San Antonio October 27-28.

Other members present were Lucy Mashburn, Annie Ford, Nettie Johnson, Laura Jesse, Katherine Shriver, Grace Wallace, Virginia Hoffman, Iva Cox, Nettie Romer and Lucille Carol.

Star Study Has First Meeting

The first Fall meeting of the Star Study Club was held Thursday in the home of Mrs. Leo Baldrige, 600 South Fort Worth Street.

The newly elected president, Mrs. Edyth Marie Anderson, presided at the meeting.

Other members present were Mrs. Vera McLeRoy, Mrs. Leo Baldrige, Mrs. Fred Wycoff, Mrs. Ed Edwards, Mrs. Irma Hyde, Mrs. Earl B. Newland, Mrs. Jessie K. Baker, Mrs. Jay Johnson, Mrs. Fran Bradshaw, Mrs. Elate Cates and Irma Driver.

Add a little molasses to the dipping mixture when you are making French toast; use two tablespoons of the molasses to 1 cup of milk and 1 egg.

+ Crane News +

CRANE—The executive committee of the Elementary Parent-Teacher Association has recommended in a petition that the P-TA will not sponsor a Halloween party this year. A committee will be appointed by Mrs. S. S. Bangeman, president, to recommend a project.

The door prize will be continued and a \$150 room award is to be given for the best attendance. The room count for the initial meeting was awarded to Miss Walker's first grade and Mrs. George Crane's fourth grade. Mrs. C. A. Carroll won the door prize.

The standing committee chairmen were named as follows:

Mrs. C. C. Swift, membership; Mrs. L. R. Jones, publicity; Mrs. Roy Hazle, hospitality; Mrs. A. B. Meiner, budget and by-laws; Mrs. Hayden Wilmoth, magazine publications, and Mrs. Dorothea Strickland, year-book.

Mrs. Dorothy Evans is the program chairman for October, with the seventh grade teachers and mothers as hostesses.

The introduction of teachers and social hour followed the business session. Present were Mrs. G. H. Wilmoth, Mrs. W. L. Lee, Mrs. Billy Gene O'Neal, Mrs. F. V. Schuster, Mrs. Tyra Hamilton, Mrs. Fred Westmoreland, Mrs. J. C. Kinsey, Mrs. Roy Hazle, Mrs. E. D. Richman, Mrs. J. H. Green, Mrs. J. J. Phillips, Mrs. K. P. Looney, Mrs. W. A. Majors, Mrs. G. H. Barnes, Mrs. A. L. Caskey, Mrs. Ike Williams, Mrs. Ray Iles, Mrs. W. W. Gardner, Mrs. H. H. Currie, Mrs. P. O. Vines, Mrs. A. F. Taylor, Mrs. Quay Clark, Mrs. Ila Gooch, Mrs. Ray Maxwell, Mrs. K. H. Gray, Mrs. W. L. Gregory, Mrs. Ted Green, Mrs. P. B. Griffin, Mrs. J. H. Davis, Mrs. Cecil West, Mrs. H. G. Huffman, Mrs. H. A. Williams, Mrs. J. D. Kilgore, Mrs. R. D. Bonner, Mrs. Lois Virdell, Mrs. W. O. Bower, Mrs. J. G. Brunson, Mrs. Brady Nix, Mrs. Thomas Knael, Virginia O'Gwin, Bobbie Henderson, Jeanie Abernathy, Mrs. Hawley Van Court, Helen Carroll, Mrs. D. W. Tillman, Mrs. Bill Edwards, Mrs. D. L. Weiser, Mrs. A. C. Dulin, Mrs. M. C. Burnette, Mrs. F. F. Adams, Mrs. H. C. Jones, Mrs. Tom Rives, Mrs. Joe Boyd, Mrs. George Chrane, Mrs. J. H. Wright.

Mrs. P. F. Griffin, Mrs. Roy Browning, Mrs. B. E. McDonald, Mrs. G. Hunnicutt, Mrs. W. C. Scribner, Mrs. W. C. Barber, Mrs. H. C. Lange, Mrs. A. B. Meiner, Mrs. W. E. Hostesses for the Palette Club Art Exhibit have been named. The exhibit, which opened Thursday, will end at 9 p.m. Sunday.

At 4 p.m. Sunday A. V. Hester, who accompanied the exhibit to Midland, will present a discussion on some of the outstanding pieces of the show.

Hostesses are: Mrs. Earl Johnson, Mrs. Robert Bogardus, Mrs. William Pierce, Mrs. J. D. Bodkins, Mrs. Sam Geffen, Mrs. W. A. McFadden, Mrs. R. M. Barron and Mrs. Naomi Lancaster.

Mrs. Kenneth Wood

AAUW Board Has Meeting

An American Association of University Women Board meeting was held Thursday night in the home of Mrs. Terry Tidwell.

Final plans were made for the general meeting to be held Thursday.

Those attending were Mrs. Roy Selfert, Mrs. K. E. McFarlin, Mrs. Max Hendrick, Mrs. C. L. Davenport, Fannie Reeves, Mrs. H. E. Davis, Mrs. A. D. Slover, Mrs. W. H. Catter, Mrs. Leonard Thomas, Mrs. John Norris, Mrs. Brandon Rea, Mrs. B. W. Davis, Mrs. James Marberry, Mrs. R. B. Lambert, Mrs. William Sandeen and Mrs. R. F. Carroll.

W. A. Mays To Head Wayland Trustees

PLAINVIEW —(P)— W. A. Mays, Amarillo rancher, is the new chairman of the Wayland College Board of Trustees.

He was elected Friday to succeed Dr. Ralph Grant of Lubbock, who resigned, saying the duties of the church of which he is pastor were too pressing.

Re-elected vice chairman was Mays Osborne of Plainview. W. B. Davenport of Plainview was renamed secretary.

TESCO Launches Campaign For Home Lighting

A campaign to improve the lighting in the home has been launched by the Texas Electric Service Company, in co-operation with Midland stores that sell lamp bulbs, R. L. Miller, district manager, announced.

Feature of the month-long campaign is a "bonus bulb" coupon that has been mailed to all customers of the electric company. This coupon may be exchanged during October at any store that sells lamp bulbs for a 150-watt inside frosted bulb after the customer has purchased six other bulbs of 60-watt size or larger. Practically every lamp bulb dealer is co-operating in the program and will redeem the bonus bulb coupons, Miller said.

Surveys made by the electric company reveal that many women work in a poorly-lighted kitchen, standing in their own shadows with far too little light to work comfortably and quickly. They suggest that the 150-watt light-saving bulb offered in the campaign be tried in the kitchen, or in other places around the home where good light is needed for easier seeing.

Conservatives Plan Jubilee For Churchill

LONDON —(P)— Winston Churchill was elected to the House of Commons for the first time 50 years ago Sunday, and on Tuesday the Conservatives will give him a "Golden Jubilee" dinner.

He has sought reelection 16 times and suffered defeat four times.

Marianne Tidmore, Kenneth Wood Wed

Marianne Tidmore and Kenneth Wood were married Friday evening in a double ring ceremony in the First Methodist Church. The Rev. H. H. Hollowell was the officiating minister.

Mrs. Wood is the daughter of Mr. and Mrs. Dave Tidmore. Wood's parents are Mr. and Mrs. D. B. Wood, Sr., of Olney.

White gladioli and asters decorated the church. Mrs. Charles Reeder, organist, accompanied Bill Wolfe who sang "I Love You Truly" (Jacobs-Bond), "Because" (D'Hardelot) and the traditional wedding marches.

Bridal Gown

The bride, given in marriage by her father, wore a full length gown of white slipper satin with deep illusion yoke and long sleeves forming a point over the hands. Her full length skirt had a chapel train and the fingertip veil of illusion was fitted on a braided coronet of white satin and stephanotis. The bridal bouquet was of white roses and stephanotis.

Mrs. Tom Houston of Pecos, sister of the bride, served as matron of honor. Her dress was of ivory brocade satin with fitted bodice and sweetheart neckline. Her corsage was of white asters.

The junior bridesmaid, Kay Tidmore of Lubbock, is the niece of the bride. Her dress of white satin was fashioned with a shirred yoke and corded skirt. A bridled satin coronet fitted over the head and her corsage was of sweetheart roses.

Flower Girls

Flower girls, Mary Alice Houston, Pecos, and Suzanne Patterson, are nieces of the bride. Their dresses were styled identically to the bridesmaid's gown.

Roy J. Bulls, Eunice, N. M., served as best man. Ushers were Jim Tidmore, brother of the bride, and Otis B. Allred.

Skipper Ray, nephew of the bride, was ring bearer for the ceremony.

Wedding Reception

After the wedding a reception was held in the bride's parents' home, 1007 North D Street. Mrs. Max Tidmore, Lubbock, presided at the bridal book. Mrs. W. G. Ray ladled punch and Mrs. Charles Patterson served the three-tiered wedding cake. The table was laid with a lace cloth centered with a crystal bowl of roses flanked by white tapers.

Mrs. Wood left for the wedding trip to San Antonio wearing a cinnamon colored suit with black accessories. They will be at home at 306 North San Angelo Street upon their return.

Mrs. Wood is a graduate of Midland High School and attended Texas Technological College. Wood is a graduate of Olney High School and also attended Texas Tech. He is a geologist with Sinclair Oil and Gas Company.

Region Nine Scout Director Speaks About Youth Program

Eunice Prien, director of Region IX of the Girl Scout organization, spoke Thursday to a group in the Little House.

Miss Prien, who spoke to those interested in presenting a varied and constructive program to the youth of Midland, said, "there is no national youth program, but we do have many fine organizations for youth who have national programs." The Girl Scouts are one of the agencies which is a member of the National Social Welfare Council composed of representatives who plan together to improve the entire youth program.

Girl Scouts do social planning through committees in the United Nations and have representatives in

the White House conference which will include two Texas girls. The national Girl Scout organization is a member of the World Association of Girl Guides and Girl Scouts composed of two and one-half million members in 28 countries.

Other Meetings
Troop 19 made plans Thursday to elect officers at the next meeting. Members present were Sandra Burkett, Sandra Daniels, Nancy Darden, Gay Dorsey, Judy Beesley, Allison Gray, Mary Murphy, Jackie Sayer, Juana Sanchez, Johnny Taylor, Sandra White and Jean Diley.

A new song was taught to the group by Carol Beesley, a visitor from Troop 20. Scout leaders are Mrs. Frank Shinkle and Mrs. Bruce Beesley.

Letter Carriers Auxiliary Meets

Plans for a barbecue were made Thursday at a called meeting of the Ladies Auxiliary of the Midland Chapter of the National Association of Letter Carriers.

Hostess for the first meeting of the year was Mrs. Charles Robson, 2613 Roosevelt Street.

The barbecue will be given for members and their families in the home of Mr. and Mrs. Jack Wallace, Andrews Highway.

Others present for the meeting were Mrs. James Pliska, Mrs. R. E. Puller, Mrs. Roscoe Frazier and Mrs. D. Spott.

Member Is Honored By Eastern Star

McCAMEY—Mrs. Callie Fisher was honored recently with a dinner in the Community Building by officers and members of the McCamey Chapter No. 818 of the Eastern Star.

Place cards were of black and silver with pictures of the Holy Bible and bearing the years "1925-1950." The name "Callie," cut from plastic foam, was placed on the honoree's table.

James Gaddy presented a talk in appreciation of the years of service Mrs. Fisher has given to the organization. She has been a member for 31 years and served as worthy matron of the Monette Chapter of Monette, Ark. She is a charter member of the McCamey chapter and has served in the station of chaplain since its organization.

Others present were Mrs. James Gaddy, Mr. and Mrs. J. T. Gibbs, Mr. and Mrs. Ott Haley, Mr. and Mrs. Tom Simmons, Mr. and Mrs. Velt Rice, Mr. and Mrs. Perks, Mr. and Mrs. Olin Smith, Mr. and Mrs. G. C. Pauley, Mrs. Ethel Moore, G. C. Cain, Mrs. Leo Plumlee, Mrs. H. R. Maxcey and Mrs. Irene Nettleship.

Kent, Scurry, Borden Merger Hearing Set

AUSTIN—Oil operators in the Gogdell field, Kent and Scurry Counties; Kelley-Snyder, Diamond "M" Canyon Lime, Sharon Ridge Canyon fields, Scurry County; and Von Roeder field, Borden County, will be asked to show cause November 3 why these fields should not be combined into one field.

The Railroad Commission also will take evidence to determine the most efficient rate of production for the field as well as the Salt Creek field, Kent County, and the Reinecke field, Borden County.

Lydie Watson

Lydie Watson Is Made Life Club Member

Lydie Watson recently was made a life member of the Fine Arts Club and is a charter member of the club which was founded in 1928.

Capacities in which Miss Watson has served her club are reporter, historical secretary, parliamentarian and president. Her two club scrapbooks in 1937 and 1940 won awards at the district convention.

Outside of the city club, she has held district and state offices. She was the first second vice president of the Eighth District, district chairman of the Fine Arts Club, twice delegate to the state convention for her own club and many time delegate for her club to the district convention. She represented all the Midland clubs in the national convention at one time.

One of her outstanding talks was at Balmorhea in 1938 which was entitled "Fishes Along the Trail."

Miss Watson is a graduate of Galloway College, Searcy, Ark. Landan's Conservatory and the Dallas and American Conservatory. She is a member of the Texas Music Teacher's Association, local chairman of the National Music Week for 11 years, and is one of the charter members of the music club here.

Appointments are being made now for Portraits for Christmas Gifts.

+Rankin News+

RANKIN—Mr. and Mrs. W. D. Price of Cisco are the parents of a baby girl born Monday. The baby weighed six pounds, 14 ounces and has been named Vicki Jean. Commissioner and Mrs. W. J. Price of Rankin are the paternal grandparents.

J. M. Lackey, president of the First State Bank of Rankin, is reported to be "doing as well as could be expected" after undergoing surgery in a San Angelo hospital several days ago.

Starch is the basic food for both human and animal consumption.

Welfare Workers Will Attend Meet

Mary J. Johnson, field workers and public assistant in the State Department of Public Welfare office here, will leave this week for a tri-state welfare conference in Santa Fe, N. M. Accompanying her will be Frances Tomlinson, county social worker, and Mrs. Willie Harding, county welfare supervisor. Mrs. Johnson will vacation in Dallas following the convention, and will return to her office October 23.

SATURDAY
The Western Dance of the Midland Country Club will be held from 9 p.m. to 1 a.m. in the club house. Jack Free's orchestra will furnish the music.

Rainbow Girls will meet at 3 p.m. in the Masonic Hall.

35 Stricken With Food Poisoning At Bay City Festival

BAY CITY, TEXAS.—(AP)—Thirty-seven persons — including five candidates for queen of Bay City's Rice Festival — were hospitalized Friday after eating at a luncheon to launch the fête.

Dr. H. C. Matthes, attending the ill persons, said they were victims of food poisoning. He reported every nurse and doctor in the Bay City area was attending the sick, and that he believed all would recover.

The winning candidate for queen "Brenda Somerlatte" of El Campo, was not stricken.

About 350 persons attended the luncheon. They ate ham, baked beans, potato salad, raw carrot salad, buttered rolls, ice cream and rice pudding.

Specimens had been taken Friday night but no tests made to determine what caused the poisoning.

Fire Truck Service Creates Dilemma

QUESNEL, BRITISH COLUMBIA.—(AP)—The fire department at nearby Smithers is in a dilemma. Quenel's weekly Cariboo Observer reported that the other day the fire department took its "new" fire truck to a dealer for the 1,000-mile service inspection. The dealer refused to do it.

His reason? First, the truck was purchased in 1928 and had taken 32 years to run up its first 1,000 miles. Second, the original dealer had long since sold out.

Joyce Hendrick And Clifford Howell Wed

In a double-ring ceremony Saturday morning, Joyce Hendrick became the bride of Clifford Howell. The wedding was held in the First Methodist Church with the Rev. H. H. Hollowell officiating.

The bride is the daughter of Mr. and Mrs. J. G. Hendrick of Odessa. Howell is the son of Mr. and Mrs. Howell of Ballinger.

White gladiolus, asters and greenery decorated the church. Marjorie Hendrick, sister of the bride, sang "O Promise Me" and "The Lord's Prayer."

Given in marriage by her brother, Sgt. James Hendricks, the bride wore a white lace street length

dress with a white velvet hat. She carried a bouquet of white carnations and stephanotis.

The maid of honor, Dorothea Hendrick, wore toast colored lace street length dress. She carried a bouquet of purple carnations.

Both mothers chose dark red dresses with white carnation corsages.

For a wedding trip to New Orleans the bride chose a gray suit with navy accessories.

After the wedding trip the couple will be at home in Midland.

Almost 400 types of cheese are produced in the United States.

OCTOBER BRIDE—Mr. and Mrs. H. C. Adams, 1011 North Colorado Street, announce the engagement and approaching marriage of their daughter, Mary, to Harold Bolton. Bolton is the son of Mrs. J. Stubblefield of Snyder. The wedding will take place October 28 in the home of Mr. and Mrs. J. W. Carroll, 1208 South Baird Street.

AT HOME IN KANSAS—Mr. and Mrs. Van Cummings are at home in Wichita, Kan., after their wedding, September 16, in the First Presbyterian Church, Bartlesville, Okla. The bride is the daughter of Mr. and Mrs. John Jay Dufford of Bartlesville. Cummings is the son of Mr. and Mrs. F. C. Cummings of Ponca City, formerly of Midland.

Alta Merrill Has Needlework Collection Of 150 Pieces

By ANN CAROTHERS
When Alta Merrill, 609 North Main Street, was nine years old, she began her first piece of needlework, which was a stamped cup and saucer on a dish towel.

"Mother never did like for us to be idle, so I started piecing my first quilt when I was nine. By the time I was 14, I had completed it."

Approximately 150 pieces of needlework are stacked away in dresser drawers and chests in the Merrill home. Dresser scarfs, cup towels and vanity sets are in the majority, with a dog design running wild over several of the towels and scarfs. An apron and a bedspread are in the collection.

Midland, Area Leaders Will Attend Austin Education Meeting

Mrs. J. Howard Hodge and M. C. Ulmer of Midland, Mrs. Webb Armstrong of Pecos and Mrs. J. S. Reynolds of Monahans have accepted invitations to participate in the 1950 Citizens Advisory Conference on Education to be held in Austin October 9, according to R. B. Anderson of Vernon, president of the State Board of Education.

Others in the 16th Congressional District also have received invitations to attend the conference. More than 300 lay citizens, representing many different ideas on education from all areas of the state, will attend the conference, which will be held in connection with the inaugural ceremonies for the Texas Education Agency and the commissioner of education.

Purpose of the conference is to determine what basic ideas of Gilder-Aikin legislation have accomplished in their first year of operation, and what next actions should be taken to improve the state educational system, Anderson said.

most time to work while I'm baby sitting." During the war, Miss Merrill met a large number of service men's wives. Before most of them were transferred from Midland, they promised to send her pieces of needlework from their next stopping points. That is one manner in which the collecting leaped over the state boundaries.

"I've only given away one piece and that was to a friend in Washington," Miss Merrill recalls. "I still have some pieces I received on my twelfth birthday and eighteenth Christmas."

Other Collections
Before the war, I collected post cards and handkerchiefs, but that grew and grew and I decided to drop it and just concentrate on the needlework."
"One thing mother taught me about sewing was never to start another piece of embroidery until I had completed the first one. But when I get tired of working on one, I usually switch over to a different type of stitch on some other piece."

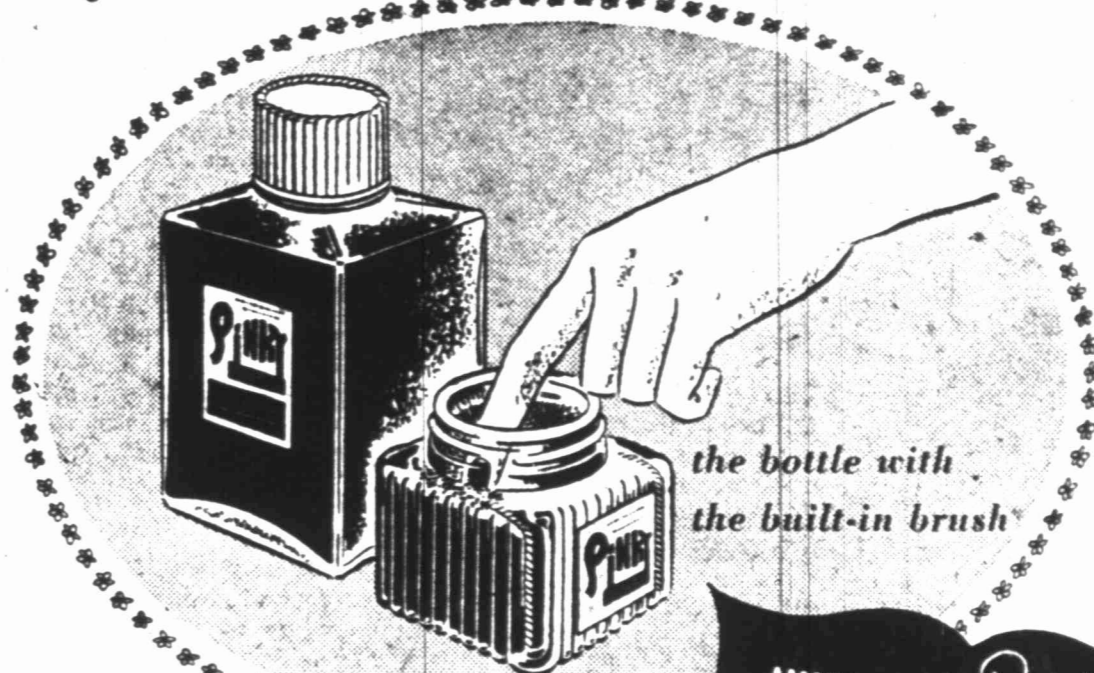

INSTRUCTOR—J. D. Osborne, head of the extension department of Hardin-Simmons University, will conduct a series of night classes for area residents, starting next week, in the Big Spring High School. An organizational meeting will be held at 6 p.m. Tuesday in Big Spring.

CBI VETERANS

Dorcas Class Elects Officers

Officers were elected at a meeting of the Dorcas Sunday School Class of the Calvary Baptist Church Tuesday night in the home of Mrs. Chuck Houston.

Other hostesses were Mrs. L. J. Absher and Evelyn Bamley. Officers elected were Mrs. Albert Smith, president; Mrs. Absher, and Mrs. Don McPeak, vice presidents; Mrs. Vern Dawkins, secretary; Mrs. Preston Best, assistant secretary, and Leota Stewart and Pave Means, group captains.

Mrs. A. L. Teaff reviewed the duties of the officers and plans were made for the year's work.

Others attending the meeting were Mrs. Albert Smith, Mrs. Earl Baker, Mrs. Dale Hines, Tylen Schneider and Mrs. Glen Stewart.

Mrs. J. Roach Is Andrews Chairman

ANDREWS — Preliminary steps for the organization of a Parent-Teacher Associations for Andrews have been taken by the Progressive Study Club. Mrs. J. P. Roach has been appointed chairman.

Mrs. J. J. Black of Midland, president of District 16 of P-TA will be in Andrews Tuesday to assist in organizing the unit.

A nominating committee will make a report at the meeting. A committee to draw up a constitution and by-laws also has been named.

The meeting will be held in the school building.

The 1948 cranberry crop of the United States was the second largest in history.

Elks To Organize Midland Chapter

Elks and prospective Elks of Midland are invited to a barbecue and organizational meeting scheduled from 8 to 10 p.m. Thursday in the American Legion Hall.

A Midland chapter of the BPOE is in the process of organization. More than enough members already have been contacted, but more are desired.

Only the Elk chapter is being organized at present but later there will be a women's auxiliary of Does, a leader said.

Applications may be made with Percy L. Trout, Room 15, Basement, Crawford Hotel.

All prospective members of the new chapter are urged to attend the Thursday night event. Plans call for the building of a chapter house here that will be a credit to the city.

Teachers To Know Exchange Plan

Communication was recently received in the office of Superintendent Frank Monroe requesting that he acquaint the teachers of the Midland school system with the Fulbright Exchange Program, which is a plan for the exchange of students, teachers and researchers with foreign countries. Countries active in the program are the United States, Australia, Belgium and Luxembourg, Burma, China, Egypt, France, Greece, Iran, Italy, The Netherlands, New Zealand, Norway, Philippines and the United Kingdom.

Funds for the program grew out of the sale of United States war-surplus materials in foreign countries at the end of World War II. In most instances, maintenance, educational materials, incidental expenses and travel expense are paid for by the government. The teacher's salary may be paid by the school board from which he is getting leave-of-absence, or it may be paid by the foreign country, according to the desires of the school system.

The Department of State declared in the pamphlet "Educational Exchanges Under the Fulbright Act" that "the international understanding which the act is expected to promote can be gained by sponsoring the travel of foreign nationals to this country..." and that "Americans, in turn, can gain understanding of foreign countries by attending school abroad, and at the same time, provide to the foreigners with whom they are associated a vital expression of the American viewpoint."

HINT TO MOTORISTS

When replacing a storage battery in a car, it is a good plan to note if the ammeter arm shows discharge when the lights are turned on, to be sure the battery is installed correctly.

Annual Girl Scout Council Meeting Is Held In Odessa

The annual meeting of the permanent Basin Area Girl Scout council was held Friday night in Odessa. Mary Ethel Dunn, Fort Stockton, presented the report on the meeting of the finance chairman in Monahan in July. From this meeting stemmed the idea of having a simultaneous drive for funds headed by Earl Crow of Pecos.

The Rev. R. J. Snell, Midland, presented the 1950-51 budget, which was increased to \$16,000.

Mrs. J. J. Black, Midland, gave a report of the Girl Scout Camp at Mitre Peak. There were 428 camper weeks, a cook-out every day, hiking, nature study, including the building of a nature trail, with

Crockett Rooms Elect Officers

Elections recently were held in Rooms 115 and 116 of the sixth grade at David Crockett Elementary School.

Officers for Room 115 are: John George, president; Tommy Freeman, vice president; Sally Cooper, secretary; Pansy Rinehart, reporter; Graham Tyner, chairman; and Don Clay, treasurer.

Officers for Room 116 are: Ruby Treadway, president; Tony Logsdon, vice president; Judy Pogue, secretary; Peggy Fouch, treasurer; and Kathy Tilton and Harvey Johnson, monitors.

To prepare an easy supper dish, spread mashed potato over a greased shallow baking dish or pie plate, top with well-seasoned flaked fish and another layer of the mashed potato. Bake in a moderate oven for about 20 minutes, or until top is puffy and lightly browned.

the Business and Professional Women's Club of Pecos providing permanent name plates for the trees and plants along the trail. She also added that the \$500 remaining from the camp income will be used to purchase tents and needed Scout equipment.

Mrs. M. C. Puckett, Fort Stockton, training chairman, presented a report of the Scout leadership training by Mrs. I. A. Searles, Midland, who served as field director.

Mrs. J. E. Starley, executive director, Pecos, reported on the three day camps which were held in Fort Stockton, Monahan and Midland. She announced she would begin giving training courses in the area next week and would be in Midland in early November. An area bulletin will be issued on October 15 and Mrs. Starley asked that all news be sent to the Pecos office promptly.

Officers Named
Mrs. George Ramer, McCamey, nominating committee chairman, reported the following slate of officers which were elected unanimously: M. C. Puckett, president, Fort Stockton; Charles C. Green, first vice president, Midland; J. C. Hubbard, second vice president, Odessa; Mrs. H. L. Roberson, secretary, Kermit; and R. C. Patee, treasurer, Pecos.

Bunice Prien, regional director from Dallas, gave a talk stressing cooperation with the executive board and with each other.

Cities represented at the meeting were Fort Stockton, Odessa, Midland, Royalty, Monahan, McCamey. Those attending from Midland were: Mr. and Mrs. Black, Mr. and Mrs. C. E. Bissell, Mrs. C. Rinker, Mrs. Vernon Bottom, Mr. Snell, Mr. and Mrs. Greene and Mr. and Mrs. Searles.

PAID HIS DEBTS

Sir Walter Scott, swamped under a debt of \$600,000 at the age of 55, swore to pay off every cent, although he was broken in health. At his death, just six years later, not one penny of debt remained.

Keeler Elected TSSA Director

W. G. Keeler of Midland has been elected a district director of the Texas Service Stations Associated organization. Territory which Keeler represents is included in the 16th Congressional District. The headquarters of TSSA in Brownwood made the announcement of Keeler's election.

Lucky 13 Meets At McClurg Home

The Lucky 13 Club met Thursday night in the home of Mrs. J. A. McClurg. Tallismans roses decorated the room.

Guests at the meeting were Mr. and Mrs. John M. King, Jr. Members present were Mr. and Mrs. O. H. Jones, Mr. and Mrs. J. C. Hudman, Mr. and Mrs. C. H. Sheppard, Mr. and Mrs. H. S. Collings, Mr. and Mrs. S. P. Hall, Mr. and Mrs. Conner, Mr. and Mrs. Jim Walker, and Mr. and Mrs. Houston Sikes of Odessa.

A Proclamation

I, William B. Neely, as mayor of the City of Midland, Texas, do hereby designate October 1-7, 1950 as:

NATIONAL EMPLOY THE PHYSICALLY HANDICAPPED WEEK in the City of Midland, and do call upon all citizens to support the objectives of this week by working together to obtain civilian assistance in the rehabilitation and employment of the physically handicapped men and women by public and private agencies and organizations.

(signed)
William B. Neely, Mayor
City of Midland

Plans For Training Courses Formed At Council Staff Meet

At a council-wide staff meeting of the Buffalo Trails Council held here Thursday and Friday in the office of P. V. Thorson, Council Scout Executive, plans were completed for training courses for 10 districts of the Boy Scout council.

These courses are to include training for Scouts and Cubmasters and advisors. Courses for the advisors are to be on a sectional basis. Districts in the eastern part of the Buffalo Trail Council will send their advisors to either Colorado City or Sweetwater while districts in the western section will send theirs to Monahan or the Buffalo Trail Scout Ranch, 24 miles southwest of Balmorhea in the Davis Mountains.

At the meeting, plans also were discussed for public demonstrations in each district. Midland Scouts and Explorers would present as their part a camporee and district mobilization, to be held somewhere in downtown Midland.

First Aid Meet

Plans were completed for the Council First Aid Meet, to be held December 5 in the County Auditorium at Odessa. This meet will be preceded by meets in each district at which winning teams will be selected to go to the council meet. Winners will be presented handsome trophies. This meet will be under the supervision of R. J. Kneidl, Sr., Odessa, chairman of the Council's Health and Safety Committee.

Tentative plans discussed at the meeting indicate that area Scouts may shortly take active part in civil defense. This work is being pushed by Regional Scout Headquarters at Dallas.

The annual Winter camping trip to the Buffalo Trail's Scout ranch was set for December 27 through January 1. The cost will be \$2.00 to each explorer or scout and a limit of 120 has been set for the trip. The camping trip will be under the leadership of H. D. Norris, scout director, of Sweetwater.

Present at the meeting here were: H. D. Norris, Sweetwater; Bob Estes, Snyder; J. O. Hale, Big Spring; J. V. Niedermayer, Pecos; S. G. Painter, Odessa; George Holland, Dallas deputy regional Scout executive; and P. V. Thorson, Midland, scout executive.

On the best soils, young Douglas fir trees grow more than three feet in height annually.

To Install DeMolay Officers Monday

Officers of the Midland DeMolay chapter will be installed at a meeting at 7:30 p.m. Monday in the Masonic Temple here.

A barbecue at 6:30 p.m. will precede the installation.

An Odessa chapter team will be the official installing unit.

Gene Justice, grand sentinel of the Grand Chapter of Texas Order of DeMolay will be present for the ceremony. Installing officer will be Sandy Havens of Odessa, past master councilor.

L. L. Thompson of Odessa, Chapter Dad, will head the visitors from that city.

Secretary Of State Announces Foreign, New Charters Here

AUSTIN — Secretary of State John Ben Shepperd announces approval of the following new domestic corporation in Midland:

The Midland Society For Prevention of Cruelty to Animals, Inc., 5005; humanitarian; capital stock none; incorporators Mrs. A. S. Donnelly, Mrs. Lee Ford and D. C. DeVito.

The Secretary of State also announced the dissolution of the existing domestic corporation: The Western Company of Midland, Texas, dissolved.

He also announced the following foreign corporation was granted a permit to do business in Midland: Home Oil Company of Kentucky; Kentucky; 10 years; pipeline home office, 1409 Winchester Avenue, Ashland, Ky.; Texas office, Midland; Texas agent, D. E. Wahl Republic Bank Building, Dallas; capital stock, \$5,000.

TCU Officials To Be Parley-Speakers

FORT WORTH — Four Texas Christian University officials will be convention speakers at meetings of Disciples of Christ church districts soon. Dr. M. E. Sadler, president of TCU, will speak in Dallas October 4 and in Fort Worth October 5.

Roy E. Curtis, director of living endowment for West Texas, will talk at Weslaco, Corpus Christi, Elgin, Belton and Richland Springs.

Ben F. Hearn, Sr., director of living endowment for East Texas, will address conventions at Houston, Athens and Greenville. Noel Keith, special assistant to the president of TCU, will appear before meetings in Marfa, Midland, Lubbock, Spearman and Quanah.

Streamers in the sun's corona extend outward as much as 10,000,000 miles, according to the Encyclopedia Britannica.

Texas Insurance Commissioner Will Speak Here Tuesday

The October meeting of the Permian Basin Association of Life Underwriters will be held at 12:05 p. m. Tuesday in the Chesterfield Room of the Manhattan Restaurant here, with a record attendance of area insurance agents expected. President Joe C. Davis said Saturday.

George B. Butler of Austin, state fire insurance commissioner and

George B. Butler

chairman of the Texas Board of Insurance Commissioners, will be the honor guest and principal speaker. "Recodification of the Texas Insurance Laws and Why" will be the subject of his address.

Davis said the message will be of interest to persons other than those engaged in the insurance business, and that the public is invited to attend.

The insurance commissioner is scheduled to speak in San Angelo Monday and in Lubbock Wednesday. Underwriters from Midland, Big Spring, Odessa, Andrews, Kermit, Wink, Monahan, Lamesa, Pecos, Crane, McCamey, Rankin and other Permian Basin Empire cities are expected to attend the meeting here.

Officials predict a record attendance at the luncheon.

Altrusans Pack Clothing For Korea

The International Relations Committee of the Midland Altrusa Club met with the Big Spring Club in the home of Mrs. Ann Eberley for dinner Friday night.

Helping pack clothes to send to Korea were Mrs. Ada Phillips, chairman, Mrs. Irene Mims and Grace Wallace.

Auxiliary Plans Social At Meet

A new meeting date was named for the Carpenter's Auxiliary when it met Thursday in the Labor Temple.

Meeting time in the future will be at 7:30 p.m. on the second and fourth Thursday of each month in the Recreation Hall on the Garden City highway.

A social was planned for Thursday in the home of Mrs. Dan Chadwick, 321 South Baird Street. All members are asked to bring a guest.

Mrs. Howard Attends Cancer Society Meet

Mrs. Paxton Howard, Woman's County Commander for the Texas Division, American Cancer Society, Friday attended a Division Two meeting of the society in Big Spring.

Mrs. Howard was in charge of a meeting Friday morning. Speakers for the occasion were Mrs. H. W. Smith, Howard County Commander, who welcomed delegates, and Dr. Rosco B. G. Cowper, of Big Spring, medical councilor for Division Two, who spoke on "The Importance of Cancer Education."

Members of service clubs in Big Spring held a joint meeting at noon

Friday to hear J. Louis Neff, executive director of the Texas Division, and Mrs. Joseph M. Perkins, state Woman's commander speak. Approximately 200 attended.

The American Cancer Society is an educational organization set up to educate the public and medical personnel regarding the disease. It is not a charitable organization.

Fluorspar is the mineral from which the freons used in refrigerator and cooling systems are made.

P-TA Membership Drive To Start

The month of October has been designated as membership enrollment month for the Parent-Teacher Association. Activities soon will be getting underway in the local P-TA units to increase enrollment.

This will be membership enrollment month all over the United States as designated by the National President.

10 Midlanders Enrolled At ACC

TEXANS IN WASHINGTON—

Texas Congressmen To Go Home During Recess

WASHINGTON (AP)—All Texas members of Congress plan to go home at one time or other during the recess which lasts until November 27, but half a dozen of them have family situations that will keep them here a great deal of the time.

The six, with children enrolled in local schools, are Reps. Wingate Lucas of Fort Worth; Ed Gossett, Wichita Falls; Olin Teague, College Station; Tom Pickett, Palestine; Albert Thomas, Houston, and Paul Kilday, San Antonio.

As chairman of the newly created House committee which will investigate the veterans education program, Teague will be busy all fall. As soon as his appointment was announced he began to ring continuously, wires and letters poured in.

From all parts of the country came requests for the committee to check various situations.

Both Texas Senators Connally and Johnson plan to spend part of their time in Texas and each hopes to get in a brief vacation. The Senate has been in continuous session since the first of the year.

The Johnson Defense Investigating Committee, which recently issued a report on the rubber situation, soon is expected to go into the ordinance production question. That will account for much of the "Junior Texas" senator's time.

Speaker Sam Rayburn, as he has done for 37 years, plans to spend much of his time resting at his Bonham farm and ranch. Late in October he may make a few campaign speeches in doubtful states to help out Democratic candidates. He usually does that in election years.

From San Angelo has come definite information about the origin of the Texas State Society of Washington.

Recently Mrs. Masin G. White, wife of the Interior Department solicitor, asked that anyone now back in Texas who knew of the society's origin send in the facts. She is historian of the organization.

Her request, printed in the San Angelo Standard Times, was read by Walter E. Suddarth of San Angelo. He wrote to Rep. George Mahony that he had helped organize the society 45 years ago while here with the government.

The first meeting of displaced Texans here was on Dec. 29, 1904, in the home of Dr. and Mrs. Oscar Wilkinson. The elderly couple still reside here at the same address. Mrs. Wilkinson, formerly resided in El Paso.

On Jan. 19, 1905, the Texans, 33 of them, held their organization meeting and elected the then Fort Worth representative, O. W. Gillespie, as the first president.

Other officers in the first year, during which the membership increased to nearly 100, were: William H. McNeil of Denton, a Treasury Department employe, first vice president; H. C. Wilmoth, also from Denton, a Treasury employe, second vice president; Mrs. T. J. Robertson, Gainesville, third vice president; Suddarth, then a legal secretary; Gustave Bender of Welmar, a War Department employe, corresponding secretary; and Mrs. Fanny Gresham, an author of western and Texas novels, who gave her address as Henderson, Va., historian.

Object Is Stated The object of the Texas Society, as stated in the 1906 directory Suddarth sent here, was to foster a fraternal spirit among Texans in the national capital, "to render assistance when necessary to all worthy sons and daughters of the Lone Star State, and to increase their patriotic love for Texas and the American nation."

On the last page of the directory was a song entitled "The Flag with the Single Star," which was sung at the close of all society meetings. The words of the first and last

of the four verses (music not printed) and the chorus were: "Oh Lone Star, Flag of Texas, thou emblem of the free; what banner of the nations, hath story like to thee? Within a lonely cabin, from home and friends afar, a woman's fearless fingers, first wrought thy single star."

Chorus: "Unfurled! Unfurled! Unfurled our flag on high; with its red and white, like our prairies bright, and the blue of the Texas sky.

"Long as our hearts remember, the deeds of soldier sires, the blood of Texan martyrs, and freedom's altar fires; upon the day we honor, in time of peace or war, shall float from every flag staff, our own, our single star."

Chorus: "Unfurled! Unfurled! Unfurled our flag on high; with its red and white, like our prairies bright, and the blue of the Texas sky.

Chorus: "Unfurled! Unfurled! Unfurled our flag on high; with its red and white, like our prairies bright, and the blue of the Texas sky.

Chorus: "Unfurled! Unfurled! Unfurled our flag on high; with its red and white, like our prairies bright, and the blue of the Texas sky.

Chorus: "Unfurled! Unfurled! Unfurled our flag on high; with its red and white, like our prairies bright, and the blue of the Texas sky.

Chorus: "Unfurled! Unfurled! Unfurled our flag on high; with its red and white, like our prairies bright, and the blue of the Texas sky.

Chorus: "Unfurled! Unfurled! Unfurled our flag on high; with its red and white, like our prairies bright, and the blue of the Texas sky.

Chorus: "Unfurled! Unfurled! Unfurled our flag on high; with its red and white, like our prairies bright, and the blue of the Texas sky.

Dirt, Squirt and Quirt

FARM, DAIRY AND RANCH NEWS

By DALMON MENAIE

Better grade stocker cattle, especially calves and yearlings, were more plentiful at Midland Livestock Auction Company's sale Thursday.

The market was strong and active on all classes of the 650 head consigned and sold.

Fat calves and yearlings drew \$26 to \$30; mediums, \$22.50 to \$26; commons and culls \$20 to \$22. Fat cows sold for \$21 to \$22.75 and heiferette kinds went higher. Medium cows moved at \$19 to \$21. Cannerns and cutters cashed for \$14.50 to \$19. Bulls brought \$22.50 to \$24.75.

In the best run of stocker cattle in recent weeks, steer calves auctioned for \$25 to \$31 and heifer calves were bid higher. One group of Hereford heifer calves that averaged 365 pounds sold for \$36. Another bunch of 23 black Angus heifer calves that weighed 333 pounds each went at \$34.50. Steer yearlings ranged from \$29 to \$31 and heifer yearlings sold mostly by the head for \$125 to \$170.

Cattle receipts at major market centers, including leading auction sales in West Texas and New Mexico, are increasing as they usually do at this time of year. However, country trading is slower than it has been for several months.

Calves still are quoted to 30 cents on up. Angus heifers are being advertised for 36 cents and more.

Texas Technological College gradually is becoming the Texas A&M of West Texas.

Added emphasis on agriculture courses and a broad expansion of the department is placing the Lubbock school in a position to give a well-rounded curriculum to West Texans who desire schooling in agriculture.

According to reports from Tech, there is a large demand for agricultural engineers in the vast West Texas area—and the school already is expanding to help supply the demand.

A new Agricultural Engineering Building and four greenhouses, valued at \$45,000, now are under construction on the Tech campus. Three new departments also are being created. They are agronomy, agricultural engineering and horticulture and park management.

Budgets already have been set up for the new departments.

Dean W. L. Stangel of the agriculture division has pointed out that numerous requests of Tech students for more specialized training necessitates the setting up of the three departments.

Mechanization on the farm is increasing steadily, he says, bringing on an unusually heavy demand from students for an intensive course in agricultural engineering. A need for horticulture training has arisen following the extensive spread of irrigation in the Tech area.

Cotton prices continue to rate tops, however, and the labor situation in this vicinity is good. Local labor is being used to a large extent but Mexican Nationals are being used on some of the larger crops.

Candidates for a place on the Texas Tech livestock judging team are training in preparation for two contests.

The first event will be the American Royal Livestock Exposition at Kansas City, October 14. The International Livestock Exposition at Chicago, November 25, will be the big event for the team.

A registered quarterhorse stallion has been purchased by the agriculture division of Texas Tech from R. L. Underwood, Wichita Falls breeder.

Amigo Man, a sorrel sire by Amigo Brown and foaled by Sugar Baby, will replace Sire Chubby, present herd stallion.

The new stallion, a coming two-year-old, will be the fourth sire owned by Tech since the herd was started. There now are eight mares and seven foals in the Tech herd.

Grain sorghum in the Midland area continues favorable—but another good rain may ruin ripening and result in considerable smut damage. Hot, dry weather is needed to lower the moisture content of the grain and permit harvesting to begin.

An excellent supply of green range and pasture feed continues available in north and northwestern areas and heavy rains have added further to the excess moisture in most of those areas. Welcome rains last week in the central, southeastern and southern counties will start clovers and winter grasses.

All classes of livestock are making good gains in the west, north and northwest, according to the Texas Weekly Crop and Weather Bulletin. Demand for stocker cows, ewes and ewe lambs continues strong.

Don't let the family shirk good breakfast fare even in warm weather. The first meal of the day should supply one-quarter to one-third of the daily food needs.

It's no secret you can save money on automobile insurance with Farmers, because...

Farmers issues a continuing form policy with the premiums payable each 6 months. This eliminates the yearly resale cost—the saving is passed on to you.

Tougher Times Ahead On Home Front After Final Korea Victory

By SAM DAWSON

NEW YORK (AP)—After final victory in Korea, it's going to be tougher than it is now—tougher for you as consumer and taxpayer, tougher for you to do business if you're a businessman.

Maybe you think you're going to relax when the shooting ends. You're on notice that you aren't. Top officials tell you: the cost of living is going up; taxes are going to be higher; controls are around the corner; there'll be fewer guns in the stores so that more guns can be made.

This won't stop with the fighting in Korea. Washington reaffirms. Korea was the straw that broke the back of the Democracies patience. From now on they are rearming.

For the United States this means that the present 14-billion-dollar-a-year defense bill will be hiked to 30 billion dollars by next summer. Some think it will go to 40 billion dollars the following year, perhaps to 50 billion dollars.

Hasn't Really Started The important thing is that the program hasn't really started yet. You've scarcely felt it yet, either as a consumer or as a merchant or manufacturer.

Let's leave the special problems of the businessman and look at what economists, as well as Washington officials, say is in store for everyone. If the end of the Korean war doesn't reverse public support for the rearmament program to which we are committed:

1. Taxes. Less take-home-pay. Even less next year. The drive to "pay as we go" is going to be tougher on your pocketbook than you now realize, says Treasury Secretary Snyder.

2. Prices. Living costs are going up. The Commerce Department predicts. Already near the 1948 peak, prices in general will go still higher.

3. Controls. Government controls "are not too long away," says Commerce Secretary Sawyer. Some think price controls are due early next year, unless commodity prices break sharply and stay down, which many think unlikely. Wage controls may follow, to halt the inflationary spiral.

4. Credit curbs: Present mild restrictions on installment buying are like to be tightened further before the year is over to make it really tough to buy on the cuff. New restrictions on home mortgages may be clamped on even sooner.

5. Homes. It will grow harder and costlier to finance the building of a new home. Defense plans will take more copper, zinc, steel and lumber. Only one-third as many homes will be started next year as are being built this year, the Commerce Department thinks. The National Retail Lumber Dealers Association, however, believes the home building boom will deflate so rapidly that within two months there will be more lumber than the public will buy.

6. Goods in the stores. The rush to build up inventories of consumer goods has swamped some manufacturers with orders. But if the defense program really gets into high gear next year, production of civilian goods will be slowed.

For one thing, there will be short supplies of steel, copper, aluminum, rubber, nylon and so on, for purely civilian production. Defense production will have first call.

For another, factories making purely civilian goods will lose labor to factories making war goods.

Industry after industry has assured us that it can meet the demands of defense and fill all the essential needs of civilians—if the defense program doesn't go beyond announced plans.

For a supper dessert on a hot night, children often like crisp ready-to-eat cereal with fruit, sugar and milk. Use berries in season, applesauce, or sliced bananas.

Casualties in Korea

WASHINGTON — (AP) — Seven Texans were reported killed, 36 wounded, five injured and six missing in action in Korea in casualty list No. 111, released Saturday night by the Defense Department.

Killed in action: Pfc. Leonel Aleman, Driscoll; Sgt. 1/c Robert G. Burciga, San Antonio (previously reported missing in action); Cpl. Dominique Clavierie, Fort Arthur

Servicemen Disabled in Korean War Are Eligible For DAV

American service men disabled in Southern Korea are eligible for membership in the Disabled American Veterans and are entitled to certain government benefits, the Disabled Veterans, J. O. Rotan Chapter 48, announced.

Cmdr. Dave Allen, commander of the chapter, said that the DAV constitution provides membership to service men and women injured or disabled during time of war.

While our nation is not officially at war, the requirement "during time of war" for membership eligibility shall also be met if it is determined that the applicant's wound, injury, or disability was incurred at any time as a direct result of armed conflict, or while engaged in extra-hazardous service, including service under conditions simulating war.

"It is the hope of the DAV," he said, "that few become eligible. But to those who are, we offer the full facilities of our organization in obtaining their just benefits for themselves and their families."

War-time Rates

The DAV commander said the Veterans Administration has ruled that service men in Korea who are injured or become ill in line of duty are eligible for disability compensation at wartime rates. Dependents of service men who lose their lives in the Korea action are entitled to death compensation at full wartime rates.

At the present time the GI Bill of Rights and Public Law 16, the disabled veteran's law, do not apply to Korean service, although measures have been introduced into Congress that would extend certain provisions of the bill, and passage is urged by the DAV.

(previously reported missing in action); Sgt. 1/c George H. Dillard, Dorchester; Cpl. Floyd A. Ginn, Lindale; Cpl. Oliver Tennell, San Antonio; Marine Pfc. Armando Almaraz, San Antonio (died of wounds).

Wounded in action: Pvt. Donald N. Bette, Cameron; Pfc. Melton V. Billings, Whittier; Pvt. Virgil W. Bolton, Galveston; Cpl. R. A. Boyd, Hamlin; Pfc. Virgil Brown, Jefferson; Pvt. Buford B. Brown, Dickens; Pfc. O. K. Allen Brown, Shelbyville; Cpl. Billy E. Burke, Memphis; Pfc. John R. Carter, Thornton; Pvt. Guadalupe F. Chavez, El Paso; Pfc. James L. Clement, Fort Worth; Pfc. Robert L. Cook, Fort Worth; Pfc. Richard D. Friend, Dickinson; Sgt. Robert L. Fulton, Baytown; Pvt. Paul G. Garcia, Alamo; Pfc. Francisco Gonzalez, McAllen; Pfc. Joe T. Granada, San Antonio; Pvt. Ariel S. Hernandez, El Paso; Pfc. Archie L. Holloway, Rosebud.

Pfc. Joe Hopper, Stanton; Pfc. Joe L. Hopper, Stanton; Cpl. Murray Johnson, Beaumont; Cpl. James E. Jones, New Boston; Sgt. Chester L. Liggett, Bellevue; Pfc. Benito H. Lozano, Corpus Christi; Pfc. Alexander R. Martinez, San Antonio; Pvt. Rodolfo Martinez, Laredo; Pfc. Jessie E. Perez, Houston; Pfc. Marion L. Schlitz, Dallas; Sgt. Cloris R. Taylor, Athens; Pfc. Eduardo T. Tenorio, Marfa; Pfc. Howard Thompson, Groesbeck; Pfc. Lawrence E. Thornton, Lexington; Sgt. Ben Vavricka, Kingsville; Sgt. Ben L. Walton, Waco; Pvt. Joe Zapata, San Antonio; Marine Cpl. Odell Clark, Whitesboro.

Injured: Pfc. Ferman Anderson, Marlin; Rct. H. A. Ashmore, Crockett; Sgt. Gerald Elam, Gatesville; Pfc. Mager D. Oldfield, Forney; Pvt. Cleo F. Wachel, Bremond.

Missing in action: Lt. Bruce Bromley, Jr., San Antonio; Pfc. Salvador T. Cantu, Jr., Corpus Christi; Cpl. Thomas E. Coppinger, Greenville; Sgt. George H. Williams, Dallas; Pvt. Carl H. Hudson, Houston; Pfc. Antonio D. Vasquez, Beeville.

Larry Buckingham Is At Tyndall AFB

Mrs. Elmer Smith, Route 2, Box 101-E, Midland, has been notified that her son, Larry Buckingham, has finished Air Force basic training at Lackland Air Force Base, San Antonio.

He now is stationed at Tyndall Field, Fla., and is attending an Air Force school.

Buckingham is remembered as one of the greatest all-around athletes Midland High School ever produced. He was graduated in 1949.

ARMY NAVY AIR FORCE MARINES

Ensign M. K. Lake In Final Phase Of Naval Air Training

Ensign Michael K. Lake, USN, completed the advanced air training phase as a student carrier pilot at the Naval Auxiliary Air Station, Cabanis Field, Corpus Christi, Texas, Sept. 22, 1950. He then received orders to report to Carrier Qualifications, Pensacola, Fla. There he will complete his final stage of flight training, be presented with Navy Wings and designated a Naval aviator.

Lake graduated from the Whittier Union High School, Whittier, Calif., in 1943, and attended Carroll College in Helena, Mont., the University of Washington and the U. S. Naval Academy at Annapolis, Md., where he received his commission in 1949. He received his primary and basic flight training at Pensacola, Fla., prior to reporting to Cabanis Field. Cabanis Field is the Navy's advanced training base for student carrier pilots. There they are taught to fly carrier-type aircraft such as the P4U Corsair, AD Skyraider (both currently being used by the Seventh Fleet in the Korean conflict) and the F2F Bearcat.

Lake is the son of P. W. Lake, 1204 West Storey Street, Midland, Texas.

Donald Albright Is Air Force Trainee

SAN ANTONIO—Pvt. Donald H. Albright of Midland is among recent trainees to report for duty at Lackland Air Force Base here.

Albright, 21, is the son of Mr. and Mrs. O. P. Albright, 1209 Bedford Street, Midland.

He will begin the Air Force basic airman indoctrination course at Lackland for preparation as technical trainee or for assignment to specialized duty.

Prestons Are In Two Theaters

T Sgt. Thomas W. Preston, who writes from Japan, says he has been very busy since the outbreak of the Korean war. He was sent to Japan last March.

Preston returned to the states from Germany last February when he was in the Eighth Air Force and later with the Army of Occupation in Germany.

His brother, Capt. James E. Preston, still is in Germany. They are sons of Mr. and Mrs. Raby Preston of Midland.

Stanton Officers Called To Duty

STANTON—Capt. Poe Woodward and First Lt. Alfred Stanley of Stanton have been called to active duty. They are members of the Headquarters Company, Replacement Training Center, Camp Chaffee, Ark.

Woodward is a former cashier in the First National Bank. Stanley is secretary-treasurer of the Martin-Midland National Farm Loan Association with headquarters in Stanton.

New Policy Announced On Recalling Naval Enlisted Reservists To Duty Assignment

Lt. Cmdr. J. E. Callan, officer in charge of the Houston Navy Recruiting District announced a new policy affecting all enlisted Naval reservists being recalled to active duty, effective immediately.

Heretofore enlisted Naval reservists being recalled to active duty have reported to the main Navy Recruiting Station of this area, which is Houston, and if found physically qualified have departed for a receiving station on the same date. This has in many cases been both

confusing and inconvenient to many enlisted men who were under the assumption that their recall for the immediate period consisted primarily of a physical examination and that actual recall placing them on active duty and under the uniform jurisdiction of the Navy for assignment would be effected at a later date.

Advance Notification
Commander Callan stated that the secretary of the Navy desires that the maximum practicable advance notification of recall to active duty be given to all enlisted reservists, and, in this connection, that physical examinations be conducted in advance of reporting dates in order that individuals recalled may have firm knowledge of their acceptance.

The new procedure for this program will be that enlisted personnel ordered to active duty will report to the main Navy Recruiting Station and establish their physical fitness and if found physically qualified may then return home at their option for a period of time which will be noted in their original orders issued. If the individual has taken the option of returning home rather than proceeding direct to his ultimate duty station, he will be provided with future transportation and instructions as to when and where to report. For full information, contact the Navy Recruiting Station, Post Office Building, San Angelo.

Marine Enlistment Policies Listed

SAN ANGELO—A rundown of the current Marine Corps enlistment policies was announced by Master Sergeant Boyd Knowles, Marine recruiting sergeant.

Regular enlistments are for three or four years. Men with no prior Marine Corps service are sent to the Recruit Depot, San Diego, Calif., for training. Ex-Marines are sent to Camp Pendleton or El Toro, Calif., if they are aviators personnel. Ex-Marines with dependents may now reenlist.

Reserve enlistments are for an indefinite period. These enlistments may be for immediate assignment to active duty, or can be for the volunteer type. The latter means that the man will wait for the Marine Corps to call him at a later date. Men registered for the draft are not exempt from it under this type of enlistment. Dependency is no bar for enlistment in the reserves.

Enlistment for women is also for three or four years. Recently the age minimum was dropped from 20 to 18 years old. Women under 21 must have parents consent. Women are sent to Farris Island, S. C. for training.

Two Servicemen Of Pecos Get Orders

PECOS—Jimmy Howell and W. E. Taylor, both of Pecos, have received orders to report for duty with the Second Armored Division at Fort Hood.

Both the men are part of the Permian Basin Reserve group alerted for active duty recently.

Dee Bradford Back To Air Force Duty

BROOKS AF BASE — H. Dee Bradford, Jr., a corporal in the Air Reserve, and son of D. H. Bradford of Midland, has been recalled to active military duty.

Bradford reported to Brooks AFB in San Antonio to have his records brought up to date prior to assignment to a regular Air Force unit.

After finishing processing at Brooks, Bradford will go to his regular station as assigned by the Air Force. He has more than two years of prior Air Force service.

Bradford is married to the former Miss Gypam Cooper of Lubbock.

The weedy crabgrass that infests so many American lawns is an importation from Europe, according to the Encyclopedia Britannica.

His Business Now In Korea

HASKELL—This ad appeared in the Haskell Free Press: "For Sale: Magnolia service station, doing good business. Must sell and move to Korea. See Felton Everett immediately."

Everett, 21, passed his pre-induction physical and expects to be drafted by October 10.

COUNTING NOSES—A German workman, one of those engaged in demolishing the war-wrecked Royal Castle in the Soviet sector of Berlin, looks over the heads of some of the statues that decorated the 200-year-old mansion. The one-time home of Kaiser Wilhelm II is being razed to make room for a gigantic square where public meetings and Red demonstrations will be held.

• The Washington Merry-Go-Round

By Drew Pearson

(Copyright, 1950, By The Bell Syndicate, Inc.)
Drew Pearson says: Navy-Air Force feud revived in Korea; The governor of South Carolina confers with the governor of Georgia; A job for Senator Brewster.

WASHINGTON — Army - Navy unification now is working pretty well in the Pentagon, but behind the fighting in Korea, the Navy and Air Force have revived the same feud which almost split unification wide open last year.

Explosive notes have been exchanged between the admirals and generals, while Lt. Gen. George Stratemeyer, Air Force chief in the Far East, has complained privately to General MacArthur against the Navy. Finally, Adm. Forrest Sherman, chief of Naval Operations, has stepped in with stern orders to Rear Adm. Ed Ewen in Korea to stop criticizing the Air Force.

The boys in the Pentagon are trying to shush up the squabble, but here is what happened.

Navy pilots teed off the argument by complaining to newsmen that carrier planes weren't getting a fair crack at Korean targets. They wanted more cracks at the enemy and blamed the Air Force, which has been directing the Korean air war.

While it is true that carrier pilots have been forced to wait for targets, the fact is that the skies over Korea have been so overcrowded with planes, that both Navy and Air Force pilots have had to stack up in the air waiting for assignments. Also it has been difficult to fit carrier pilots into the bombing pattern, because their floating carrier bases shift up and down the Korean coast.

This friction simmered quietly for a while. Then it hit the boiling point when the Navy leaked a story to the press that the Marines moved faster and suffered fewer casualties at Chinnju, because their air support was better than the Army's. The truth was exactly the opposite. For Army units, fighting side by side with the Marines, had lighter casualties and actually had to wait for the Marines to catch up.

Other news stories debunked the Air Force's F-80 jet fighter, but uttered not a single unkind word against the Navy's Panther jet fighter—though both planes are almost identical.

Air Force Fires Back

Naturally these anti-Air Force stories got under the skin of Air Force Chief General Stratemeyer. He stormed in to see General MacArthur, protesting bitterly. MacArthur listened, seemed sympathetic, claimed to be "greatly disturbed."

Stratemeyer also fired a sharp note to Admiral Ewen, whose carrier pilots had been spreading most of the stories. Stratemeyer angrily asked Ewen why he didn't make his complaints through official channels instead of the press. Ewen wrote back coldly that he couldn't con-

rol the press nor the way his officers felt about how the Air Force was running things. Ewen admitted, however, that some of the news reports had been one-sided.

Still not satisfied, Stratemeyer sent another note to Lt. Gen. Walton Walker, American commander in Korea, asking for his comments. Walker replied that the coordination between air and ground forces had been better than during World War II, but suggested that it could have been even more effective, though perhaps not practical, to have specific planes assigned to each ground division.

Meanwhile, reports of the Navy-Air Force bickering got back to Washington, and Gen. Hoyt Vandenberg, efficient Air Force chief of staff, called a huddle with Admiral Sherman. For the sake of unification, they agreed to put a stop to the feuding. Admiral Sherman now has ordered Admiral Ewen to call off all Marine Corps and Navy pilot bickering.

Two Governors

What the governor of South Carolina said to the governor of North Carolina is now a legend of the South. No legend as yet, however, is what the governor of South Carolina said to the governor of Georgia when he called him up privately last week.

The governor of South Carolina, No. 1 Dixiecrat Strom Thurmond, happens to be a cousin of the governor of Georgia, Hedman Talmadge. And the initial reason for calling him was to invite Talmadge to the Southern Governors' Conference at Fort Sumter in November, when Gen. Lucius Clay of Atlanta is scheduled to speak.

After issuing this invitation, Governor Thurmond asked: "How's everything down there?"

"Fine," replied Cousin Herman. "My farm's fine. But the niggers are trying to take over our schools down here."

He referred to the fact that negroes now have brought court action under a Supreme Court ruling against segregation, and are trying to enter white grade schools.

"Most of the white people," added Governor Talmadge, "are sitting up their rifles and shotguns."

Governor Thurmond remarked that he didn't think the negro folks would be able to win their battle.

"Hell," replied Talmadge, "I am ready to spend \$10,000,000 to fight this if I have to."

NOTE—The incident illustrates a situation little realized in the North, that racial feeling in Georgia has reached a high point as a result of the court action to abolish segregation in the Atlanta schools.

A meeting of radio network rep-

resentatives and the Rural Electrification Administration was thrown into convulsions the other day when an REA representative, outlining a stunt to publicize the rural telephone program, said, "We'll tap the telephone conversation between President Truman and a Virginia farmer, and record it for radio use."

"Isn't that," came a voice, "a job for Senator Brewster?"

Still etched on the minds of capital insiders is the helter-skelter, topsy-turvy Senate cloakroom on the night of the closing filibuster:

The marble, mirrored reading room converted into a makeshift bedroom . . . senators and page boys stretched side by side on coats and couches . . . shoes and socks scattered over the marble floor . . . New Mexico's Senator Chavez looking for his shoes which someone had kicked completely out of sight . . . Senator Darby of Kansas snoring so loudly that the vibrations woke up Senator Robertson of Virginia. Senator Holland of Florida trying to outscore Darby.

The first seven senators to hit the hay commandeered the reading room's black leather couches, leaving one couch vacant. But it was directly under a light built so Louisiana's Russell Long slyly moved the couch away from the light and curled up on it . . . Tennessee's Senator Estes Kefauver, the crime investigator, arrived to find a negro attendant had swiped his pillow and blankets. Finally, the Senate crime buster solved the case, recovered his pillow and blankets . . . Only senator who looked embarrassed was O'Connor of Maryland. After stripping off his shirt, the outline of a girdle showed beneath his shirt . . . Big Senator Kerr of Oklahoma had trouble fitting on even a large couch, hugged his knees under his chin, pulled a blanket over his eyes, then a sheet of paper, then the tail of his shirt to shut out the light.

Finally, as the senators were peacefully settled, a quorum call routed them out of bed.

Baptists Set Church Writers Conference

ABILENE — Church workers of West Texas will be in attendance at the third annual church news writers institute which will be held on the Hardin-Simmons University campus Tuesday through Friday. The meeting is open to all denominations.

The institute is being sponsored by the Baptist General Convention of Texas. It is designed to help writers of religious news in their dealings with both the religious and public press. It has been styled for greatest benefit to pastors, educational directors, and church secretaries. The program will include formal talks and panel discussions.

Midland Scottish Rite Masons Set Thursday Banquet

A capacity attendance is expected at 7:30 p. m. Thursday when the Midland Scottish Rite Club, oldest unit of its kind in Texas, celebrates the Feast of the Tabernacle with a banquet-meeting in the Crystal Ballroom of Hotel Scharbauer.

E. A. Wells and Arthur E. Long of El Paso, prominent in Masonic circles of the Southwest, will be the guest speakers. A special musical entertainment program also will be presented.

Officers of the Midland club are Ed Edwards, president; Emil Rasmann, vice president, and Larry Burnside, secretary. Banquet reservations may be made by contacting any one of the officers.

Ruth Chatterton is said to be the only film actress to have piloted her own plane across the United States.

CALL THE BUCKET BRIGADE—Four-year-old Diane Cohen turned pale when her brother Michael, 2, caught his head in the sand pile during playtime in Chicago, Ill. The children show how it all happened after firemen sawed Michael out.

Put your **BONUS BULB** in your kitchen fixture, study lamp, floor lamp, or wherever you need better light; and notice how much brighter and more pleasant it makes your room.

Your **BONUS BULB COUPON** will be redeemed at most grocery stores, drug stores, variety stores, electrical appliance stores, hardware stores, department stores, or at other stores selling lamp bulbs. Don't delay! Redeem your **BONUS BULB COUPON** right away and prove to yourself that better light means easier seeing.

TEXAS ELECTRIC SERVICE COMPANY

FUNCTIONAL MODERN—The wood grain of these functional modern pieces in solid American walnut in natural finish enhance the design. The double shelf desk has a bookshelf on one side and drawers on the other. The coffee table, set on metal legs, combines glass, wood, metal and transite, the latter used for the top of a storage compartment.

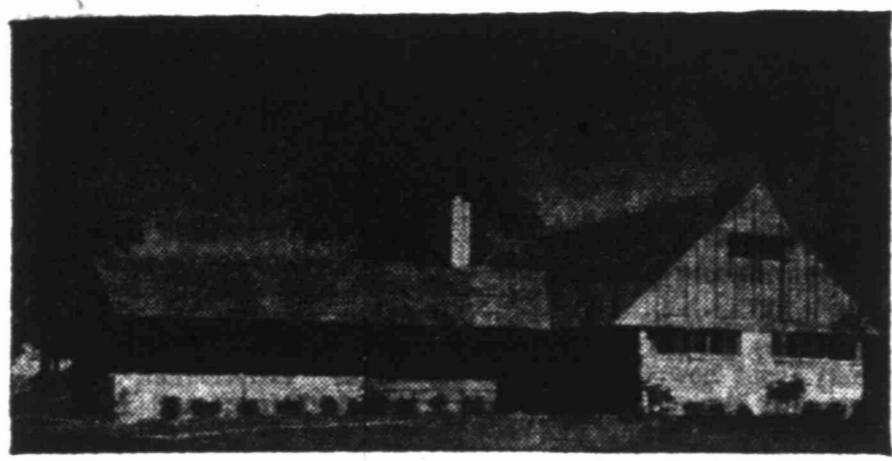

Housewife To Spend Less Time In More Colorful Kitchen

Gone is the inefficient kitchen of Grandma's day. And going with it is the drabness where the "lady of the house" spends an average of ten years of her life.

A big objective of home economists and manufacturers of kitchen materials and equipment in recent years has been to cut those ten years down while making the kitchen as colorful as any other room in the house.

In fact, one survey shows that the housewives themselves want more color in the kitchen. Seventy-seven per cent said white must go. Of these, 17.9 per cent wanted yellow, 15 per cent picked blue-green, 13, gray and eight, green. The rest preferred a variety of colors.

Along with color comes the "tailored kitchen." Another survey shows that cabinets at exact reaching distance from the sink, electric dishwashers and pedal operated faucets are cutting sink time from the annual 600 hours of 30 years ago to close to 400 hours today.

INTEGRATED DESIGN—This house and garage are integrated with each other as fully as possible. Forward-sloping windows at the garage end add unusual visual interest. The asphalt shingle roof, in a blended color, is carried from one section of the building to the other without a break.

'Crawl Space' Construction Termed Important To House

By HENRY J. WINGATE
Nationally-Known
Architectural Engineer

With the advent of the basementless house, the term "crawl space" is a familiar one in the housing field, but few homeowners fully understand what it means or how damage to the house must be prevented in this type of construction.

Crawl space is that area beneath a building where there is no basement and the first floor is raised above the surface of the ground. The space may be only a foot or two, or several feet, in height. However, sufficient headroom should be provided so workmen can move about in the area, the purpose of which is to give access to plumbing, wiring and other equipment beneath the floor.

It is highly important that all crawl space be adequately ventilated to avoid moisture condensation beneath the house and resulting rotting of wood flooring or structural member. Moisture is extremely prevalent when the space is not ventilated, or when ventilator openings are not large enough. Cross-ventilation should be provided so that air can circulate freely.

Year 'Round Home Air Conditioning May Reach Mass Market

Year 'round home air conditioning, once a "class" item exclusively, may become available to the mass homes market in the foreseeable future if present trends continue. This forecast comes from W. Paul Jones, president of Servel, Inc., which recently began the first nationwide distribution of 12-month-a-year air conditioning for homes in the \$15,000 bracket and up.

"Since we began volume production of year 'round air conditioning units, inquiries from speculative and progressive builders have been in such large numbers that it is evident the pace-setters in the building industry soon will be bringing year 'round air conditioning to a greater number of homes," Jones said.

Cost-Cutting
The history of other products once considered as luxuries substantiates his prediction that air conditioning is for the masses, Jones believes. "Central heating replaced the big, black, parlor stove in a matter of decades, once technological techniques made it possible to produce hot air furnaces at moderate cost for homes in all price brackets," the manufacturer explained. "The motor car went through the same transition, as did radio and television. Cost-cutting manufacturing methods and volume production eventually bring the so-called 'luxuries' down to the price where the man on a modest income can afford to have them."

Progress in manufacturing methods of a new article always is followed by obsolescence of its predecessor, Jones continued. "Year 'round air conditioning by means of a single unit which cools a home in summer and also heats it, in cold weather is a normal extension of central hot air heating alone," he said.

Mortgage Loans Hit \$108,700 In August

Midland builders received \$108,700 during August in mortgage loans closed by the Prudential Insurance Company of America, it was announced by Emmet McGauley of Dallas, manager of the company's state mortgage loan office.
 During the month, San Antonio led all Texas cities in Prudential mortgage loan closings with \$1,047,252. Houston was a close second with \$1,040,950, and Dallas placed third with \$815,744.
 During August, the Prudential closed 741 mortgage loans of all types throughout Texas for a statewide total of \$6,664,013, McGauley said.
 The Papuans of New Caledonia drink water by throwing it into their mouths from the hollows of their hands.

Home Design Contest Is Open To Registered Architects, Students

NEW YORK—The most valuable home design contest in history, with national, regional and local cash prizes, expected to total \$100,000, was announced here by the National Association of Home Builders and Architectural Forum, the magazine of building, joint sponsors of the competition.
 Under rules of the contest, one person can win as much as \$15,750 with a single entry.
NAHB President Thomas Coogan said the contest, open to all registered architects and architectural students in the United States, was a contribution of the building industry to the development of increasingly higher standards of home livability for the majority of the American people.
More, Better Homes
 "Architects and private home builders, working together, have given the nation more and better homes than can be found anywhere else in the world," Coogan said. "We are not content with this achievement. We hope, through this contest, to encourage and inspire more architects and more home builders to work together with increased understanding of the problems involved in giving Mr. and Mrs. America useful and beautiful homes."
 Contestants will be asked to design a detached, one-family, low-cost house suitable for a lot, 60 feet wide and 100 feet long. The house must have three bedrooms, no basement and a floor area of 1,000 square feet or less. Design and construction must meet general FHA and VA requirements.

House With Unusual Charm

Clever arrangement of vestibule, foyer and cross hall gives access to any part of the house while maintaining privacy of the other rooms. The plan packs into its 58' 8" width 3 large bedrooms; spacious living- and dining-rooms; kitchen with eating space; garage, 2 baths, 11 closets. A full sweep of 24' from front to rear is achieved by eliminating dividing wall between 18'x13'4" living-room and 11'x11'4" dining-room. Each has picture-window. Living-room has fireplace, 12'x11'4" kitchen has 2 windows, rear entrance. Front corner bedroom 10'4" x 11'4" has 2 closets, cross-ventilation. Adjoining bedroom 9'x10'4" also has 2 closets. Master bedroom has 3 closets, cross-ventilation, private bath. Horizontal and vertical siding combined with brick give charm to the house exterior. Shuttered windows, covered entrance porch and long architectural lines beautify it. Garage has storage space for garden tools, bicycles. Mineral wool insulation in walls and roof area prevents loss of heat in winter, makes house as much as 15 degrees cooler in summer. Insulation in wall between garage and house is a fire-safety measure. Expansion attic will accommodate 2 large bedrooms, bath, hall and closets.

Doorway Can Serve To Hold Shelves

An unused doorway can be converted into a space-saving bookcase or china cabinet by removing the door and door stops and building shelves to fit the space.
 If shelves are made as a complete unit, they can be removed without damage to the door casing if the doorway again is needed for its original purpose.
 The frame for the shelves is made of two vertical six-foot boards the height of the doorway, held together by horizontal boards at top and bottom. Cover the back of this frame with strong building board and then fasten shelves with counter-sunk screws properly spaced. The front of the shelf frame can be enclosed with light wood or glass doors.

DADDY RINGTAIL

By WESLEY DAVIS

Daddy Ringtail And Gooseberry Pie

Everyone was down in the Great Forest playing before time to eat the picnic supper. But Pattycake, the monkey girl, had stayed up in the monkey house with Daddy Ringtail. She was going to help Daddy Ringtail put the picnic supper in the picnic basket.

Together they slid to the ground from the top of the tree where the monkey house was. Daddy Ringtail put the basket of picnic supper

on the ground beneath the tree to wait for picnic supper eating time. He played a game of try-and-find-me with Sammy and Bobby and Mugwump—Pattycake, too.

But at last Daddy Ringtail went back to the picnic basket to get out the food, he saw that someone had eaten almost all the gooseberry pie. "Somebody should have waited for me to give them some pie," Daddy Ringtail said. And then he called to all the monkey children and asked them who hadn't waited. Nobody answered. Nobody said a word.

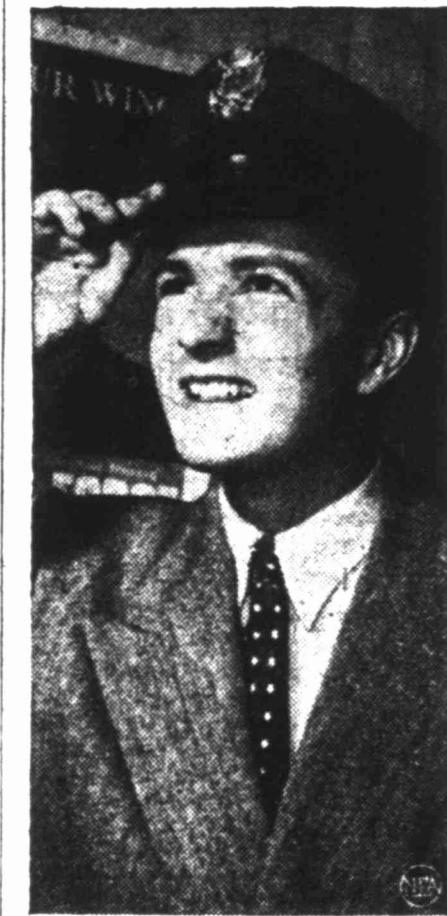

Daddy Ringtail waited a minute, but then he said: "Pattycake, you should have waited for your gooseberry pie—and when I asked who had done the eating, you should have said that it was you." Daddy Ringtail's voice was an unhappy thing to hear, and he was unhappy indeed—unhappy that Pattycake had eaten the pie without asking.

Pattycake was unhappy too—unhappy that she had made Daddy Ringtail unhappy, because she knew that he expected her to be the best little monkey girl in all the

Great Forest. And she really was about the best you ever saw—most of the time.

She decided to try even harder than ever to do all the things she knew she should do. But do you know how Daddy Ringtail knew who had eaten the pie? There Pattycake's face had pie all over it, and your face will always show the things you have done, if someone looks who loves you.

THE BULLDOG

Written By The Journalism Class Of Midland High School

Bulldogs Taste 'Sweet Victory'

Big red apples were presented to the football boys by superintendent Frank Monroe in a pep rally Wednesday, September 27, in the high school gymnasium. This was in appreciation of their victory over Yaleta. The apples represented a taste of victory.

Cocher Audrey Gill, who went to Dallas to see what the Bulldogs had to compete against this week, said Forest High had good passers and that the Bulldogs would have to watch the passers again this week. Gill also said he hoped to see lots of MHS students at the game. The cheerleaders Toya Chapple, Maxine Hill, Peggy Charlton, and Larry Mayfield led the students in a few very appropriate yells at intervals through the program. The students were very enthused over the Yaleta victory.

JOURNALISM CLASS OFFICERS—Recently elected as officers of the Journalism Class of MHS are, left to right: Buddy Johnson, Peggy Simmons, Suzanne Young, Annie Lee Everett, Sue Francis, Dianne Anderson, Shirley Winter, Jo Underwood, Jean Ferguson, Marianne McRae and Leon Cline. Corky Moss is not pictured.

Journalism Class Elects Staffers

The Journalism Class, which edits "The Bulldog," elected staff officers this week.

Among the officers is Leon Cline, editor, who is general overseer of "The Bulldog." Co-editor, Jean Ferguson, shares this responsibility.

In charge of the sport department is Sports Editor Corky Moss.

The exchange editors are responsible for getting other school papers for the benefit of the Journalism Class. These positions are filled by Marianne McRae and Buddy Johnson.

Writing up club activities is done by Club Editor, Sue Francis, while Peggy Simmons writes up other social affairs, being Social Editor. Keeps The Files.

Annie Lee Everett keeps past issues of "The Bulldog" for reference uses in her job as Files Editor.

Last, but not least, are the Copy-readers who are responsible for the accuracy of all news printed. "Bulldog" copyreaders are Dianne Anderson and Shirley Winter.

Journalism instructor and "Bulldog" advisor is Josephine Parr.

At A Glance

By CLINE
Football is in the air. The MHS campus tingled with school spirit this week. The Yaleta victory or plans for the Dallas trip entered into every conversation.

Faye Massey's Family Relations Class was given instructions on preparing a Spring garden. The field trip took them to the home of Mrs. W. H. Spaulding at 1206 North Main Street.

The A Cappella Choir will make its first public appearance of the year October 5, in the Crystal Ball Room of the Scharbauer Hotel. The performance will entertain the Scottist Rite Party.

"Goodnight Irene" was the top tune of the week in the girls P.E. shower room. (No! I didn't take the poll.)

Some organization which seeks recognition can end its hunt if it will place badly needed trash cans on the campus grounds.

The future generations will be well educated. "Bumpy" Wallace, Jim Ervin and Corky Moss are among the officers of the Future Teachers Club.

Bert Marks gets Call to Service

Thursday, October 5, Midland High School will say goodbye to Bert Marks, general math teacher. Marks has received his orders to report to Cleburne, his county seat address, October 9.

From Alvarado, Texas, Marks graduated from Arlington State University and Texas Western College. He presently is doing graduate work at the University of Texas. Sponsor of the Geology Club, he holds a degree in geology and a graduate degree in math.

Marks has resided in Midland since last February and when questioned about his feelings about leaving, he replied, "I certainly hate to leave because I have enjoyed teaching and I like Midland." MHSers will watch him go with a heavy heart and want to wish him the "Best of Luck."

Dance Honors Football Team

An informal dance at the Youth Center, Friday night, September 22, after the ballgame, was given for the students of MHS and Yaleta High.

The Midland students were in high spirits after a victory over Yaleta.

Three bus loads of Yaleta students stayed for the dance. The crowd was one of the largest in the history of the Youth Center.

Funch and cookies were served at the snack bar of the Youth Center. The music was furnished by the juke box.

Chaperones were Mr. and Mrs. Ray Leggett; Mr. and Mrs. Earl Chapman; Mr. and Mrs. Stanley Erskine; and Mr. and Mrs. Bassham.

Remember When—

Do you remember when—just a year ago...

Tucker Johnson had just been elected president of the Senior Class?

Pifi Pryor, now a freshman, was leading yells for the junior high section at football games?

The new gym was just completed and all assemblies were held there while the auditorium was under construction?

Classes had just received MHS handbooks?

Obie Stalcup, Joe Barnett, Bill Emmons, John Klingler, Kenneth Wright, Don Scott, Tony Dunagan, and Rusty Fuller (many of these have graduated) were elected band officers for 1949-50?

Nancy Webb had just arrived at MHS and had been chosen head band majorette?

Katherine Lewis was elected Bulldog editor?

Spanish students and the MHS band went to the Big Spring Centennial?

Some of the faces which now are familiar to us were among the 70 newcomers? Some of these are Mary Nell, Martha Frick, Jo Underwood, Harold Hensley, Margie Cramer, John Van Buskirk, Fran and Fern Claybrook, Guy Vanderpool and David Lavery?

Enrollment was 720 over the 620 for the previous year?

Two Years Ago—

Jimmy Chauncey and Dan Dickinson had leading roles in the Junior play, "Remember the Day?"

Students were becoming acquainted with "Stinky," Bob Short's skunk?

Katherine Lewis, Howard Ischar, Ronnie Estel, Carol Glahn, Mike Brunner, Marijan Forrest, Peggy Greathouse, and George James were among the new students.

Enrollment At MHS Totals 824 Students

The enrollment of Midland High School is larger than in previous years. The Freshman Class boasts 314 students; the Sophomore Class, 219, and the Junior Class 150.

The seniors are proud of their 147 students, which will be the largest Senior Class ever to graduate from MHS.

The total enrollment is 824 students.

Students Comment On Moon Eclipse

By DIANNE ANDERSON

Monday, September 25, at 8:31 p.m. through 12:01, there was a total eclipse of the moon.

Several students were asked for their comments on the eclipse and here are the answers:

Agatha Tabor: "It looks like a fungus growth on the north side of the moon."

Janetta Early: "Looks like someone took a bit out of it."

Barbara Whitson: "It's ugly."

Bill Franklin: "Looks like Indian Blood on the moon."

Joyce Howell: "Very interesting!"

Eugene Cooper: "It should happen to some of the bright people around here, instead."

Gene Schaffer: "Hope I never live to see another one."

Margie Cramer: "It hasn't impressed me as yet."

Dephane Tabor: "Looks like I am looking through a microscope in biology class."

Dale Stice: "It looks pretty."

Tracked Like Cheese

Pete English: "It proves Einstein's theory."

Arnold Drake: "Looks like cheese to me."

Bob Burks: "It proves that the sun covers the moon."

Guy Vanderpool: "First one I ever saw. I think it is super!"

Jack Burris: "Where were you when the moon went out?"

Larry Friday: "It's okay but you can't see but hat of it."

Jerry Linds: "Real pretty!"

Lovella George: "I can't see that far."

Sue Johnson: "I prefer moonlight."

Peggy Read: "I thought it was beautiful."

Pat Boles: "I wouldn't know I didn't see it."

Frances Heffen: "It was sort of mysterious."

Dan Black: "Looked like a spoiled egg to me."

Loren Roberts: "No comment. Didn't see it."

Reed Gilmore: "Didn't see it. I was studying."

Don Adams: "Didn't see it. I was getting geometry."

Dalton Byerley: "Didn't even see it."

Bill Spence: "It was dark."

Mrs. Massey: "I was just awed by the majesty of the universe."

Andy Anderson: "I don't know what to tell ya."

Madelon Schabrum: "I'll have to wait until next time to see it, because I missed it."

Camilla Birkhead: "Very pretty."

Mark McKinsey: "So—dark!"

Diana Daugherty: "Took me too long to see it."

THE BARKS

BARKS

By CORKY MOSS

A big, fighting bunch of bulldogs moved down the Yaleta Indians in fine fashion for their initial win of the season.

The Bulldogs journeyed to Dallas to tangle with Forest High School Friday, September 25.

A less-experienced "B" squad suffered defeat at the hands of Big Lake Ovis. The "B" Bulldogs fought hard all the way, and the Ovis had to come from behind to take a 25 to 13 decision.

The Midland Freshmen dropped a 14-14 decision to Crockett Junior High School of Odessa. The game was much closer than the score indicates. It was tied at 14-all before Odessa forged ahead to win.

Softball has been completed in the boys P.E. Classes, and listed are the winning teams and their captains: Gary Throckmorton led his team to victory in the first period P.E. Class. Members of his team are Gene Lophshire, John Pope, Gene Boyd, Jack Pennington, Dave Breedlove, J. K. Shelton and Bill Heidberg. The winners of the second period were captained by Louis Sweeney. Those on the team were Kay Doster, Marshall Meeks, Bob Price, Keith Franklin, Hugh Moore, Carroll McKnight and Roland Blocker. Winfred Brinson captained his team to victory in the Third Period Class. The champs were John Richters, Roy Ripley, Lynn Tiller, Don Sowell, Stan Putnam, Gerald Meeks, Clifford Wilcox and Ray Leggett. Don Bradshaw captained the 4th period champs to victory. The players include Bobby Turner, Leon Barron, Valentine Reyes, Bob Harmon, G. W. Jackson, Jim Hardin, Calvin Purdie, Bob Martin, Tommy Miller, Leonard Pike, Morris Bassham, Bobby Presley and L. C. Barron.

Girls P.E. classes now have three squad-leaders for each class. The newly appointed leaders are Billie Henson, Shirley Bethel, and Peggy Vineyard in the second period class; Leora Crawford, Phyllis Bufkin and Dorothy McQuerry, third period; Ann Ashby, Joyce Elliott and Donna Howard, 4th period; Shirley Pulliam, Eddy Lou Tanner and Peggy Lucas in the fifth period. These girls will lead their squads for the rest of the year in the various sports activities.

Martha Stone Is In Junior Play, 'Growing Pains'

On Feb. 10, 1935, in Tulsa, Okla., Martha Marie Stone made her first public appearance. Her latest performance is that of "Mrs. McGintyre" in the Junior play, "Growing Pains."

Reaching the height of five feet, five and one-half inches, Martha has brown hair and hazel eyes. "That's unfair," was her quick reply when asked about her weight. Among her special likes are blue and red, spaghetti, and all the boys. Her favorite pastime is playing with her pet parakeet, "Foolie." To you who don't know, a parakeet is a species of bird.

A resident of Midland since June, Martha came here from Alhambra, Calif. "I just love Midland and all the kids I know here," she said when questioned about her new home. "California is wonderful but it's too big with too many people."

Having seen the Bulldogs play against Yaleta, she thinks it is a swell team and declares the game was the most exciting one she has ever seen. A Cappella, drama, bookkeeping, office, Spanish, and English keep her very busy at school and at home.

Recently elected vice president of the business club, Martha is thrilled about her honor. If you don't know this pretty junior, she works in the office of Charles Mathews, principal, during the fourth period and always is ready with a friendly smile to make a new friend.

Students Cooperate In Cleanup Drive

The Midland Chamber of Commerce is sponsoring a city wide cleanup campaign. This drive started October 2 and ends with a bon-fire of all the trash collected, October 6.

This program is sponsored in order to make Midland a more attractive place to live.

The Art Department of Midland High School is working on the advertising project, by making posters. These posters will be placed in the store windows, and one in each of the Midland Schools.

To make Midland a more orderly city, let's, the students and faculty alike, support the "cleanup campaign."

HAPPY BIRTHDAY— Sign Of October Brings 78 Personalities Of MHS

By PEGGY SIMMONS

Signs of the zodiac! October looms ahead, bringing not only crisp morning and harvest moon, but birthdays galore. Seventy-eight MHSers claim October as their birth month.

Artistic temperaments, strong will, truthseekers, of a companionable nature—that's what nature bestowed on October's children.

So here they are, and Happy Birthday to you!

October 1—Larry Lindsley, Sadie Nugent, Ray Miles and J. P. Mooney.

October 2—Bobbie Jim Brown, Swan Hagler, and Betty Sivals.

October 3—Ann Miles and Mary Jo Hajl.

October 4—Peggy Greathouse, Ruby Ballard, and Gary Hall.

October 5—Charles Worthen, Sherry Page and Barbara Ware.

October 6—Norma Dobbs, Joe Brodigan, Joan Fitzgerald, and Ann Fitzgerald.

October 7—Virginia Garrett and Mary Schneider.

October 8—Charlotte Frasher, Fred Underwood and Jackson Crites.

October 9—Delano Craft.

October 10—Wanda Steele, Walter Stevens, and Atrelle Pace.

October 11—Martha Scharbauer and Roxie Smith.

October 12—Louise Burrow.

October 13—Doris Ann Alexander, Arlene Watkins, James Dobson, Kay Doster, Martha Frick, and Mary Herndon.

October 14—David Anguish and Jack Jerome.

October 15—John Perryman, Patsy Willis, and Joe Streum.

October 16—Charlie Patterson, Richard Robbins, and Carole Ann Loop.

October 17—Jim Hammett, Kenneth Freemster and Ray Young.

October 18—Kylene Kindley, Luther Towery, Dot Hightower, L. D. Whigham, and Helen Hollowell.

October 19—Tressa Standley, Shirley Beauchamp, and Patsy Hammons.

October 20—Ralph Arnett, Norma Peter and Paxton Howard.

October 21—Asa Bland and Raymond Leggett.

October 22—Maret Brannon and John Pittman.

October 23—Paula Spady.

October 24—Vearl Hudson and Georgia Stamp.

October 25—Linda Skelton, Sue Taxington, and Leora Crawford.

October 26—Lakay Bowers and Mary Nell.

October 27—Stormy, Colemanm, Lanette Early, John Kennedy, and Roberta Stewart.

October 28—Paul Patten.

October 29—Jean Marie Corbell and Patricia Nance.

October 30—Jean Marie Corbell and Patricia Nance.

NOTICE

Complaints have been received from the Coca-Cola Company telling us that too many bottles are being lost and broken. As a result, our Coke machine may be taken out.

This can be avoided if students will place their empties in the conveniently located cans about the Coke machine. The whole student body will profit from such action.

Supervisor Visits DE

Roy L. Reinerz, the West Texas District No. 1 distributive education supervisor, was in Midland Monday.

Reinerz visited Ruth Donnell's DE classes at Midland High School, and Lada Davis' waitress courses at the Scharbauer Hotel.

Reinerz said West Texas had gotten started earlier this year in Distributive Education than ever before.

Distributive Education is a co-operative training program between the high school and Midland business men. The students receive training in business hours during the afternoons and on Saturdays.

Bridge The Gap

One objective of DE is to bridge the gap between school and employment for high school graduates. It does this by giving the students an answer to the very popular question, "Have you had any experience?"

Other objectives are:

1. To teach the youth responsibilities of working at an adult job.

2. To offer the high school youth an opportunity to learn and possess a marketable skill that will qualify him for full time employment after graduation.

3. To give these trainees proper guidance and counseling on how to learn to adjust themselves to a work schedule.

4. To give the trainees "job-conditioning" necessary for success.

Education By Sound Films

Audio-visual education, one of the newest and most interesting forms of education, now is available at MHS. This type of education consists of sound films.

Midland public schools presently have 50 sound films for all age brackets. Throughout the year films may be ordered from the State Film Library.

Every course has films related to it. Some films which might be of interest to high school students include: "Bookkeeping and You," "Foreign Policy," "Vocabulary," "Sound Waves and their Sources," "Body Defense against Disease," "Electrodynamics," "Molecular Theory of Matter," "Atomic Energy," "Foods and Nutrition," "Democracy," "Industrial Revolution," "Light Waves—Their Uses" and "The Development of Transportation and Communication."

To carry out this program, Midland High School is equipped with a visual-aid room. This room has black-out curtains and a blower for air-conditioning.

J. R. Cuffman, Vocational Agricultural instructor, started the Midland visual-aid program in 1946. He presently is visual-aid advisor to the faculty.

Business Club Holds Election

The Business Club held its first meeting Monday, September 25. The officers elected were: Shirley Winter, president; Martha Stone, vice president; Marion Sewler, secretary; Nancy Webb, treasurer; and Camilla Birkhead, reporter.

Veda Watson and Fannie Reeves are the sponsors.

The Business Club wants to affiliate this year with Future Business Leaders of America, the national organization of business clubs.

Miss Watson and Miss Reeves plan to teach the students how to apply for a job and how to dress and conduct themselves on the job. Business films and guest speakers are also included in their plans. There are 35 members.

There are 35 members.

Weaver's Class Debates Rearms

By ANNIE EVERETT

"Should Western Germany be rearmed," was the question put before the debating team, Wednesday, September 27, in Josephine Weaver's fifth hour Civics Class.

The team which took the affirmative side was Ralph Arnett and Tommy Parker. The negative side was taken by Robert Stubbsman and Keith Franklin. Ralph and Tommy said: "We should moderately reararm Western Germany" and went on to give their plan of rearmament while Robert and Keith gave their reasons for disagreement.

The chairman of this group was Shirley Boyett.

"Should we aid undeveloped countries," was the question put before a second debating team of Fern Claybrook and Dot Hightower who made up the affirmative. Shirley Boyett and Annie Lee Everett made up the negative. The chairman was Lynn Griffith.

Good Reasons

Fern and Dot gave very good reasons why we should help these undeveloped countries. Shirley and Annie Lee gave points on why we should not help them.

The American History classes also had these topics to discuss. The topics came from a small current paper, "Our Times," which each student in these classes gets four times a month.

Big Black Bats Invade Classroom

Mr. Bass' third period English Class began in the usual manner on Tuesday morning, September 26. Suddenly it was interrupted by two intruding bats. As soon as the presence of the bats was announced, every boy in the classroom jumped on top of his desk and started swatting at the bats with various types of books. Mr. Bass picked up a yard stick and immediately started whacking the boys. (Bob Wood was honored with the first lick) to get them back in order.

Then the bat flew straight at Bob and he took careful aim with his book. The results—a knocked-out bat.

Dwayne Bush threw a book at one, which caused him to lose his balance and this resulted in a most graceful fall, plus the book sliding out the window with the greatest of ease.

The only casualty was Jimmy O'Neal, who was bitten on his finger twice.

Finally Jimmy and Bob, the heroes of the day, captured the terrible bats and turned them over to the Science Department.

A Graduate, Don Mears, Writes

Midland High School received a letter from Don Mears is a graduate.

Don now is a freshman at Texas Tech. He graduated from Midland High School last spring. He appeared in the senior play, "The Great Big Door Step." He also had a part in the double cast of the contest play, "The Importance of Being Earnest."

Don said to tell everyone in "dear old MHS" hello and good luck. He also states that there are a great many people at Tech from Midland that he never thought he would see again.

Don said, "There are plenty of pretty women down here but more boys than girls. The ratio is 5-1."

He would be very happy to hear from some students from MHS if you care to write.

His address is: Don Mears, Men's Dorm Number 1, Texas Tech, Lubbock, Texas.

Don said, "There are plenty of pretty women down here but more boys than girls. The ratio is 5-1."
