

Star Lites

By Bill Ellis

"HELLO, MR. ELLIS. You are the resident at telephone number 247-3053, are you not?"

"Well, I have some wonderful news for you. Your telephone number has been drawn as a winner in our spring promotion. In a few weeks, you will be receiving Mechanics Illustrated in the mail. Now, that wouldn't make you mad, would it?"

"In order that the magazines qualify for paid circulation, all we ask is that you set aside 60 cents per week. This allows us to send you the magazines through our advertising services."

Also, the company has authorized us to send you 156 issues of TV Guide through the services. Now, most folks say it would be well worth it for that. Don't you agree?"

"With this cheap price, you know there has to be a catch, don't you. Well, there is. You need to agree to take our offer for a minimum of five years. Now, that isn't asking too much, is it, Mr. Ellis?"

THE FOREGOING was an actual telephone call we received earlier this week, and according to others we have talked to, apparently the city is being pretty well canvassed by a company out of Oklahoma City, informing our residents that they have "won" the right to receive some "free" magazines.

The only catch, of course, is the 60 cents per week. A little quick arithmetic by most folks reveals to them that this adds up to \$31.20 per year, and even in this day of inflated prices, you could subscribe to the magazine of your choice at less than the "premium price" being offered, and not have to receive other magazines you aren't particularly interested in.

We asked our telephone interviewer if her company had a license to solicit for magazines in Friona, and she said she was sure they did.

City manager Jake Outland says that while there is a city ordinance requiring salesmen to register before doing door to door selling, it does not apply to telephone solicitation. The only thing a person might do would be to complain to the telephone company.

We don't appreciate out of town telephone solicitations in the first place. We particularly don't appreciate being led to believe we have won something, only to find out that they expect you to pay for it—every bit of it and then some.

If you haven't received your call informing you of your "good fortune," then be on the alert. We doubt that few residents will be missed on this "give away," especially when they have a WATS line, and convincing-sounding girls to give you their spiel.

Those of you who okayed the deal might want to think twice before you sign the authorization card the company plans to send you. For the amount you're agreeing to, you could get TV Guide, plus a year's subscription to the Friona Star, and still have money left over.

ALONG THE LINE of misrepresentation, there is another "racket" that seems to be making the rounds. It is the "honors" racket.

"Dear Nominee," the letter will start out. "Your name has been selected by our editors for biographical inclusion in the 1975-76 edition of Who's Who in Texas," stated a letter we received the other day. We immediately tossed ours in the trash.

The fact of the matter is the letters are mailed wholesale to everyone the company can find names and addresses. They don't even know anything you have done. A few blanks are provided for the "honor recipient" to list his or her accomplishments.

Here is the way the companies get their money—

"You may reserve your copy of this publication and save money at the same time. Only \$45 for the two-volume set, or if you wish to purchase the volume that your biography appears in, it is only \$32.50."

The volumes usually contain around 10,000 names, so you can see how much money these companies are making off people's ego, vanity, etc.

Here at the newspaper, we are besieged with "news releases" for this type of "honor." They compile them for everything from soup to hay.

We have probably compounded the matter by publishing some of the honors.

Our newspaper friend at Olton said that last year at Hart High School, virtually every senior received a letter from the same office stating that they had been

STREET WIDENED....Work to widen Grand Street, which is an extension of Highway 214, began last week, and workmen are shown placing forms for the new curb and gutter along the east and west sides of the street. Warm weather has helped keep the highway and overpass project moving at a good pace in recent weeks.

Delegates Named For Girls-Boys State

The 1975 delegates from Friona to the Boys' State and Girls' State conventions were announced this week by the Friona American Legion Post 206 and the American Legion Auxiliary.

The Boys' State delegate will be Kent Miller, a junior at Friona High School and the son of Mr. and Mrs. Ross Miller.

The American Legion Auxiliary is pleased to have as their delegate to Girls' State Denise Shipp, also a junior at Friona High School and is the daughter of Mr. and Mrs. Dean Shipp.

The Friona Post and Auxiliary also have the privilege of sponsoring delegates from Bovina and Farwell schools. The Student Activity Fund at Farwell High School finances their delegate and the Bovina Women's Club from Bovina has been sponsoring a girl from Bovina to Girls' State.

This year Farwell is sending two boys and two girls—Jacquelyn Langford and Terri Boling and Bruce Kaltwasser and Brad Jones. Miss Connie Ware is the delegate from Bovina.

The American Legion and Auxiliary have sponsored students who are juniors in the present school

term to Boys' State and Girls' State for the past 20 years. The Post sends one boy and the Auxiliary sends at least one girl each year.

The purpose of Boys' State and Girls' State is to teach our young people the responsibility of state government. This is establishing a 51st Mythical State.

This process is started from the City level to Precinct to State. This gives these students the real experience of campaigning for every political and appointive offices in our state government.

In addition to campaigning; these students are taught the process of drafting and passing legislation. This is truly "Government In Action" and these students learn by doing. This program is sponsored and financed by the American Legion Post and Auxiliary.

The students attend the sessions at different times. The boys attend Boys' State at the University of Texas in Austin. The girls attend Texas Lutheran College at Seguin, Texas. They are fully supervised and are kept quite busy.

The boys' program is for one week and the girls stay for 10 days. After the State officers are elected then they go to the Capitol Building and

are inaugurated into the several offices to which they have been elected from the Governor down.

From this group of students there are delegates chosen to attend Boys' Nation and Girls' Nation which is held in Washington, D.C. for the purpose of organizing the national government.

The boy and girl elected Governor of Boys' State and Girls' State are not necessarily chosen to attend Boys' and Girls' Nation. The delegates to the sessions elect the State officials but the delegates to Boys' and Girls' Nation is chosen by the supervisors of this program.

These students not only "Learn By Doing" Government but they also learn how to become acquainted with students from all over the state of Texas. Every delegate attending Boys' State and Girls' State are juniors in their school and have never attended these programs before. This makes them all equal.

The Friona Post and Auxiliary are proud of this program and invite all interested citizens to get better acquainted with this program and join the American Legion and Auxiliary in supporting this program and all programs of the American Legion.

Stone Named UIL All-Star

Gary Stone was named to the all-star cast and Phillip Duggins gained honorable mention, at the state one-act play contest in Austin Thursday.

Friona High School's play, "Alsop's Falables," was presented at the state UIL Literary meet. The play did not win, but its exact placing was not known at press time this week.

Nursing Home, Landfill Site On City Agenda

Selection of an architect to draw plans for the proposed Friona Nursing Home is expected to be a highlight of the Friona City Council meeting Monday at 7:30 p.m. at the City Council meeting room.

Architects, along with interested contractors, are expected to meet with the council at that time.

The nursing home's steering committee is hoping to have the project underway by June 1.

In other business, the council is slated to act on the proposed purchase of a 40-acre tract southwest of the city for use as a sanitary landfill. The proposed site was approved last month by the State Health Department, and a permit has been issued to the city.

These will be the two main items of business on the city's agenda.

"Bob Owen Day" Set Saturday At Canyon

When West Texas State University's proposed 1975 football team meets the alumni Saturday (May 3) at Buffalo Bowl, it will be "Bob Owen Day."

The annual game, which concludes spring football training at WTSU, has been designated to assist the Owen family with hospital expenses. Game time Saturday night is 7:30 p.m. Pre-game activities begin at 7:15.

Owen, the head football coach for the past seven years at FHS, is recovering from a heart attack he suffered in February. He was hospitalized at Fort Worth following his attack.

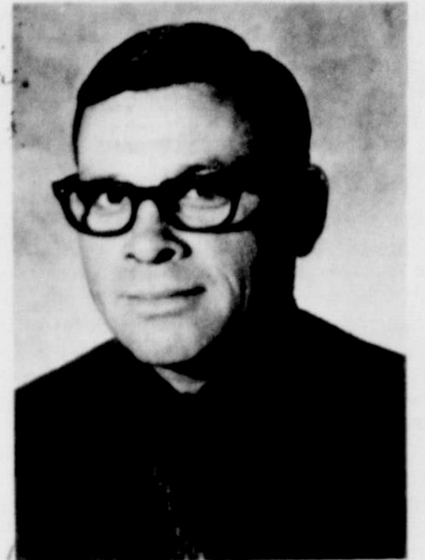

Owen's wife Maxine also has had more than her share of hospital stay, being released only this week after an extensive stay at Hi-Plains Baptist Hospital in Amarillo.

A spokesman for WTSU said here last week "Bob has always been very kind to West Texas State, and we wanted to in some way repay this kindness."

Admission to the game will be \$2 for adults and \$1 for students. Since the game is a benefit, even the WTSU students are being asked to purchase tickets.

A number of former stars for the Buffaloes will be in action for the alumni team. The current Buffalo

★★★

BOB OWEN

squad has been hit by injuries during the spring drills, with 15 players on the disabled list according to WT coach Gene Mayfield.

At halftime, awarding of All-Missouri Valley plaques to the Buffaloes picked by the coaches and league sportswriters to the all-conference team last fall will be presented.

Historical Society To Issue Medallion

The Parmer County Historical Survey Committee has announced plans to issue a Bicentennial commemorative medallion for the county later this year.

At the same time, the committee announced a contest for the designs for the two sides of the coin. Professional and amateur artists of all ages are invited to submit designs for the coin.

The historical survey committee suggests that the front (obverse) side be representative of Parmer County. The reverse side could commemorate the Bicentennial.

Designs may be in pencil or pen and ink, but not crayon. School children may submit ideas for the medallion, and if selected, their designs will be redrawn by a professional, a spokesman for the

committee said.

The artwork may include several themes—agriculture, landmarks, or anything typical of Parmer County. Several areas of interest should be incorporated into the design.

Designs must be submitted by June 15, 1975. Drawings should be 8 1/2 X 11 inches and should be submitted in a manilla envelope to Mrs. Glenn E. Reeve, 510 West 10th, Friona, Texas.

A suitable prize for the winner will be awarded. Details on the prize will be announced at a later date.

Mrs. Reeve said that the survey committee is also interested in establishing a flag for Parmer County, and she would like to receive sketches on suggested flag designs, as well as designs for the medal.

Contract Awarded On New County Maintainer

Peak Industrial Tractor Parts Co. of Amarillo was awarded the bid to supply a new motor grader for Precinct 1 in Parmer County at the regular meeting Monday of the Commissioner's Court.

The Amarillo company's bid was \$17,000, which included a trade-in by the county.

The commissioners approved employment of Bill C. Moore of Amarillo as appraiser for the right of way involved on the widening of State Highway 214 south of Friona. It was thought that Moore would have his appraising work finished by the end of May.

The commission's second meeting in May was changed to Tuesday,

May 27 due to the Memorial Day holiday.

The amendment election returns were canvassed.

DELEGATES NAMED....The delegates and alternates to Girls' and Boys' State conventions were announced this week by the American Legion and the Legion Auxiliary. From the left are alternate Lisa Edelman, delegate Denise Shipp, alternate Joe Jones, delegate Kent Miller, and Geneva Williams, representing the American Legion Auxiliary.

Friona Flashbacks ...from the files of The Friona Star

45 YEARS AGO--MAY 9, 1930

Steel workers have arrived in Friona and started work on the new elevated water tank, which is to supply the water works system. When completed the tank will have a capacity of 50,000 gallons. It is known as the hemispherical bottom type. Elevated storage will give Friona a water system which will be economical to operate and efficient in service. A small pumping unit fills the tank in a short time and will be able to keep it full

at all times to meet the demand. This reserve flows by gravity to all parts of the system. The tank is to be elevated to a distance of 92 feet above the ground which means the water will always have a gravity pressure of at least 40 pounds.

40 YEARS AGO--MAY 10, 1935

The Baptist congregation has purchased a part of the J.L. Landrum building on Euclid Avenue and moved it to the lot adjoining their church property. The building is being converted into a cottage to be used by the pastor as a parsonage. The carpenter work is being supervised by Rev. E. Ray Lansdown, assisted by members of the congregation.

35 YEARS AGO--MAY 10, 1940

Paul Spring, arts and science junior at Texas Technological College, has been elected president of the American Chemical Society to serve during the next school year. He is the son of Mr. and Mrs. F.L. Spring of Friona.

30 YEARS AGO--MAY 11, 1945

Two Friona girls, Misses Anna Lee and Eula May White, daughters of Mr. and Mrs. Ed S. White, were injured near Black Tuesday night, in a car wreck when the car in which they were riding turned over. A blow out on one of the tires was the cause of the mishap. Anna Lee received a severe cut on the leg, but her sister received only minor scratches and bruises.

25 YEARS AGO--MAY 5, 1950

Work is now underway on the \$60,000-\$70,000 church building being built for the First Baptist Church in Friona. The new unit will consist of auditorium with seating capacity of 500, offices and additional Sunday School facilities. Steel, concrete and brick are being used in this modern functional-designed building. Being supervised by G.G. Gilliland, the plans are from the drawing boards of architects Shaffer and Merrill of Clovis. Rev. Tommie B. Allen is the local Baptist minister, being here since May, 1947.

Contract was let Tuesday morning for a new 250,000 bushel elevator for the Black Grain Company, according to announcement just made by J.R. (Pete) Braxton, manager. This will more than double the present capacity of 200,000 bushels in the elevator just completed.

20 YEARS AGO--MAY 6, 1955

Announcement of the honor students of the high school graduating class was made this week by Principal Dillie Kelley. Valedictorian is Gay Cass, who has a four-year grade point average of 95.6. She is the daughter of Mr. and Mrs. Kenyth Cass. Zelma Fay Beaty is salutatorian with a grade point average of 94.5. She is the daughter of Mr. and Mrs. Joe Beaty. Denise Magness was in third place with an average of 93.3. She is the daughter of Mr. and Mrs. H.T. Magness.

15 YEARS AGO--MAY 5, 1960

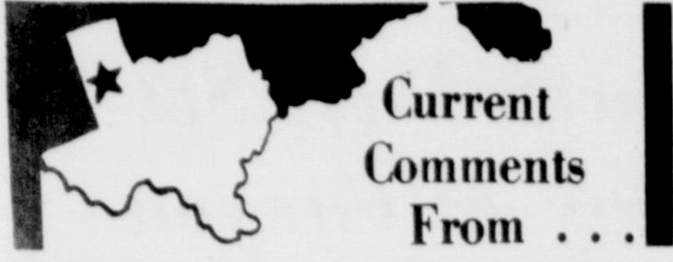

Jackie Hight, a senior student in Friona High School, was injured in a car-pickup wreck about four miles west of Friona on FM 1731 Saturday afternoon about 3 p.m. David Kelley, who works for Doris Buske, was traveling west on the road and stopped at the twin lakes to see how the fishermen were making out. While he was stopped, Hight rammed into the rear of his pickup. Witnesses said the visibility was impaired by dust. The Hight auto, a 1955 Chevy, was a total loss. He was taken to Parmer County Community Hospital, where he was treated for head injuries.

10 YEARS AGO--MAY 6, 1965

Danny Murphree will be entered in the Class AA 220-yard dash at the state track and field meet in Austin this weekend. Murphree, who has a 21.0 timing this season, one of the fastest in the state, left on Wednesday, with his coach, Bob Owen.

5 YEARS AGO--MAY 7, 1970

Archie Tarter was elected to a full term as county judge in Parmer County in the race which highlighted the primary voting locally last Saturday. Tarter defeated W.L. (Preach) Edelman of Friona by a total vote of 964-537. Edelman was given majorities only at Friona and Black. Tarter won the other six precincts, as well as the absentee box.

HAROLD HUDSON in THE PERRYTON HERALD: During the school tax suit here a couple of years ago, considerable time was devoted to the proposal that the fair way to tax land would be to tax it on its productive capacity rather than the current market value which is what the state constitution says now.

Well, it just might be that landowners would not really like such a change. In fact, they might go into shock if it ever happens.

Would you believe that some of our farmland could go on the tax roll at about \$1,200 per acre?

That's what could happen if the current school financing bill is approved by the legislature.

The bill provides that all property "except as provided in the section, shall be valued at market value."

On land used for agricultural purposes, however, the bill provides for the taxable value to be determined on the basis of the "capability of the land to support livestock or produce farm crops or forest products using accepted income capitalization methods or other productivity indices of valuation."

Orpha Click, tax assessor of the Hereford school district, told the Hereford school board that all farm land would be boosted greatly in taxable value. Right now, because of a depressed cattle market, the value of grass land might go down.

There is no tax rate set in the proposed school financing bill, but Click said a state average of 60 cents per \$100 valuation has been tossed around. Click told the Hereford school board that a section of land in the Hereford district could have its taxes more than doubled.

Dryland wheat acreage is valued in the Hereford school district at \$200 per acre, and under the proposed change would be boosted to \$400 per acre. Dryland wheat acreage in Ochiltree County is valued at \$175 per acre so if these calculations are correct, dryland wheat would go to \$350 per acre.

Using the proposed formula for production values, irrigated land producing corn and milo would go to \$800 per acre. Irrigated land producing sugar beets would move to \$1,200 per acre.

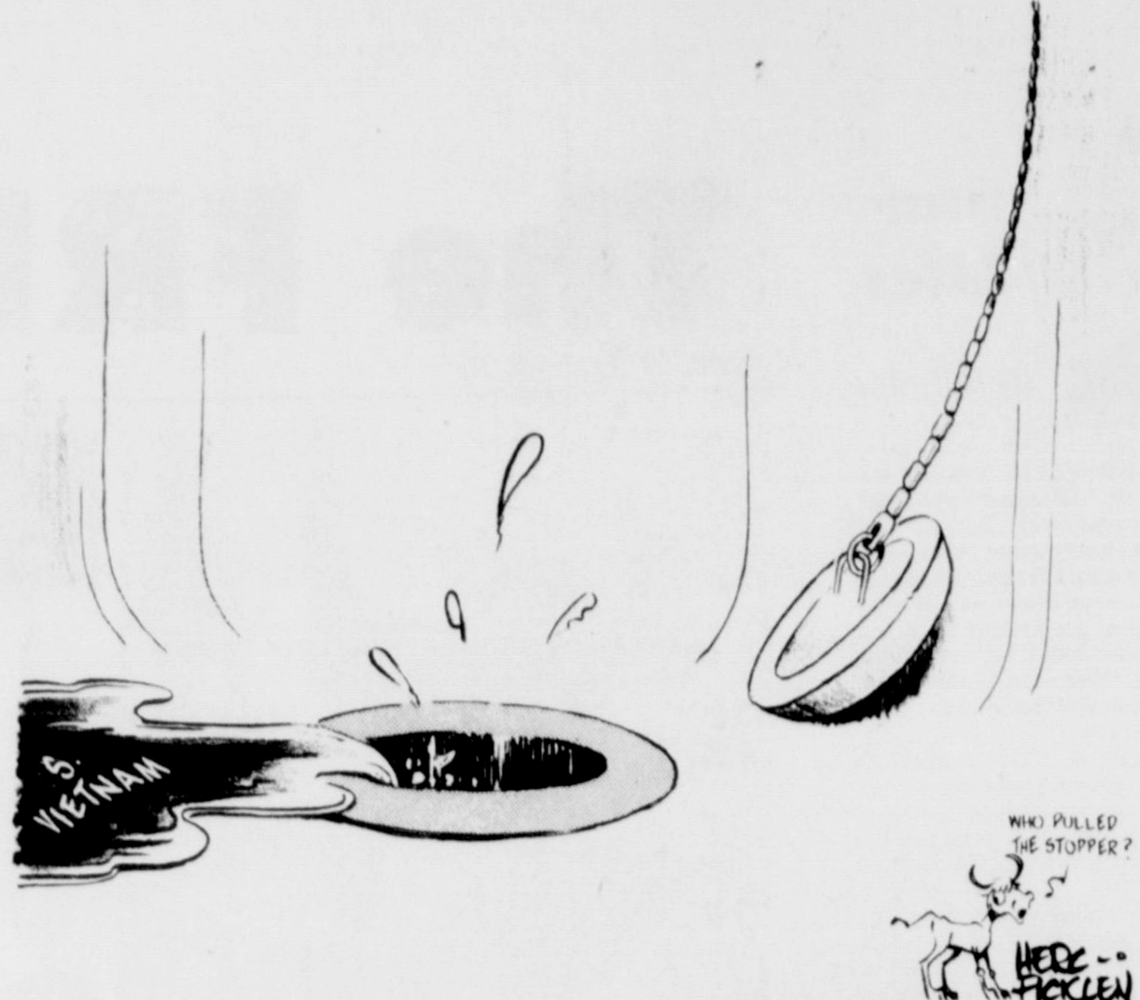

When the implications of the governor's school finance bill became apparent, people over the state became upset, and they began to visit Austin. Last week a legislative panel at the Panhandle Press Association in Amarillo, including our own Rep. Bob Close, spoke about the implications of the proposed change in taxation.

When the local farm folks advocated a tax based on production a couple of years ago they had in mind a lowering of their tax on farm and ranch land. It turns out that they won't get this, but a shocking increase. Maybe current market value is best after all.

JOHN GETZ in THE STATE LINE TRIBUNE: We haven't asked our local school systems but would suspect that they are in the same boat as Lovington, N.M. The school system there is serving MORE free lunches each day than paid-for lunches.

Of course, now it's only a matter of declaring a "need" and no questions asked. This state of affairs is courtesy of "Big Daddy" on the Potomac. Those of you who "bled" last week as April 15th passed need not worry where your money goes. Our politicians take care of that minor detail for us.

Oh yes, the little tykes are not to be embarrassed over this fact. They can grow up thinking that sponging off someone else is the proper way of life. What's this about the establishment rip off? Sounds like ripping off the establishment is a government-sanctioned way of life.

WITH Jamie Lou Lillard PEOPLE COME FIRST

Friona State Bank says hats off to our teller Jamie Lou Lillard this week. She has been with our firm for 8 years and she deals pleasantly and efficiently with our customers in the bank. In private life she is Mrs. Harold Lillard. Her husband is a local dental technician. The two have three grown children. They are Jim Carl Lillard of Tulsa, Oklahoma, Nan Alsop of Galveston and Miles Lillard who is attending college in San Marcos. They belong to the Church of Christ and are active in the functions of the church. Jamie Lou says her hobby is reading and keeping up on all the best sellers. They also enjoy visiting with their children when they have some time off. We are proud of all the "home folks" who work at Friona State Bank. These are the people who make our slogan come to life...."People Come First."

FRIONA STATE BANK

Putting People First makes you Number ONE with us and that's pretty important to all concerned.

Putting People First makes you Number ONE with us and that's pretty important to all concerned.

Letter To Editor

Dear Friend:

It is time to begin thinking of gardens-and, as every year, I am struck anew by the wonderous business that anything so unassuming as a seed could ever produce, say, a tomato. There are directions, of course, (plant so many inches deep, so many inches apart) but the crucial directions are locked up in the seed itself, and all one can really do is to enhance their realization.

I don't think it is stretching the analogy too far to suggest that this is what Girlstown, U.S.A. is all about. I believe the role of our home is to be that of an enabler, and at Girlstown, over a thousand young women have gone on to lives of sensitivity, achievement and creativity, their poten-

Bookmobile Schedule

The High Plains Bookmobile is at the factory for repairs, but if the bookmobile is back in time, the following stops will be made:

Wednesday, May 7--Needmore, 9-10 a.m.; Stegall, 10:30-11:30 a.m.; Threeway, 12 noon-1 p.m.; and Enochs, 1:30-2:30 p.m.

Thursday, May 8--Oklahoma Lane, 9-10 a.m.; Rhea Community, 10:45-11:45 a.m.; Friona, 1-1:30 p.m.; and Black, 1:45-2:45 p.m.

Friday, May 9--Hub, 9-9:45 a.m.; White's Elevator, 10-11 a.m.; Lazbuddie, 12 noon-1 p.m.; and Clay's Corner, 1:15-2:15 p.m.

Saturday, May 10--Farwell 9-11:50 a.m.; and Friona, 1-3:45 p.m.

tial hopefully enhanced by their stay at Girlstown. Your participation in this enabling process makes it all possible at Girlstown. Your gifts provide the realization.

It is the business of Girlstown to plant for a better future. We hope you continue to be a part of it. Sincerely yours, Marshall W. Cooper Executive Director

At Home In Parmer County

Jana Pronger

ATTRACTIVE SEED catalogs and colorful seed packets on store shelves are a great temptation to the impulse buyer. But, vegetable varieties and seed must be selected with great care.

Often the success or failure of a garden depends on the kind and variety of vegetable selected. Varieties differ in the time of maturity, quality and disease resistance. Such information is usually noted on seed packets. Some companies also indicate which varieties are best suited for preservation by canning or freezing.

Choose varieties with built-in resistance to diseases. This added protection can prevent many problems and assure a better crop. New disease resistant varieties are continually being developed, and current listings are available through the county extension office.

When buying seed, purchase only the amount

Friona School Lunch Menu

Week of May 5-9

MONDAY--creole spaghetti, buttered English peas, hot rolls-butter, buttered beets, peanut butter and gravy and milk.

TUESDAY--cubed beef and gravy, mashed potatoes, hot rolls-butter, green beans, coconut cake and milk.

WEDNESDAY--tacos, pinto beans, cornbread-butter, lettuce and tomato salad, apple sauce and chocolate milk.

THURSDAY--barbecued chicken, mashed potatoes, hot rolls-butter, buttered carrots, brownies and milk.

FRIDAY--French fries, hamburgers, lettuce, tomatoes, pickles, catsup and milk.

needed for the current year. This will save money, and fresh seed can be purchased next year. Plan carefully, measure the length of row to be planted of each vegetable, and purchase accordingly. Plant sufficient seed to insure a good stand.

If a larger planting of a particular vegetable is to be made, the larger and more economical packets can be purchased.

The thought and care taken in choosing seed and varieties can produce a better garden and save time and energy later.

If you would like more information from the experts, join us Tuesday, May 6 when Dr. Roland Roberts, Vegetable Specialist, Dr. Bill Clymer, Area Entomologist and Dr. Robert Berry, Area Plant Pathologist will discuss caring for your garden, new methods of irrigating the home garden and controlling insects and diseases.

The program will begin at 7:30 p.m. in St. Ann's Parish Hall in Bovina.

FOR TSTI RODEO

Frionan Makes Prize Saddle

We wish to thank all our friends and neighbors in Parmer County for the food, flowers, visits, cards, calls and many other expressions of sympathy during the long illness and death of our loved one. A special thanks to Dr. Paul Spring and the nurses at the Parmer County Community Hospital during Alice's stay there. May God bless each of you for your kind acts and thoughts.

The Charles Lovelace Family 30-1tc

Legal Notice

Parmer County will receive bids for paving certain areas around the Courthouse in Farwell, Texas. The specifications, location, and descriptions can be had by contacting the county judge.

Address all bids to Parmer County Judge Paul Fortenberry, Box 506, or the Courthouse at Farwell, Texas. Bids must be received by 10 a.m. May 12, 1975 and will be opened at 11 a.m. May 12, 1975.

Parmer County reserves the right to accept the lowest bid or to reject any or all bids. 30-2tc

A \$500 hand-crafted saddle will be given away at the fifth annual rodeo to be staged in Amarillo Friday by the Livestock and Ranch Operations program at Texas State Technical Institute.

The saddle was made by two students in the Saddle and Tack Making program at State Tech. Delbert Davis, Friona, fashioned the saddle on a Chuck Shepherd tree, with stainless steel deer rings. Debbie Lizotte, Allentown, Pa., designed the stamping and hand-tooled it. The students spent about a month of class time on the project.

Tickets are on sale now, at \$3.00 for adults and \$1.50 for children, for the barbecue and rodeo, which will be held at the LRO arena on the Mid-Continent Campus in Amarillo. One ticket is admission to both activities.

Some 50 contestants are expected to participate in 11 events: bareback bronc riding, bull riding, calf roping, team roping, barrel racing, pole bending, goat tying, scoop racing, rescue racing, wild cow milking and chute dogging.

All State Tech students, ex-LRO club members, staff members and immediate family members are eligible to enter the contests. Winners will receive trophy buckles. Stock is being furnished by James Martin of Spearman.

Bob Middleton, LRO program chairman, says that about 500 people attended last year's festivities, and "we expect it to be bigger and better this year."

The meat is cut for the meal by the students in Meat Processing and Marketing at State Tech. The meal is then prepared and served by LRO club members. Some 25 students are in the LRO club. The barbecue will be from 5 to 7 p.m. The rodeo will begin at 8 p.m.

Western Day will be observed all day on campus. The preceding evening, Thursday, the Student Congress will sponsor a western dance in the Campus Activity Center.

Other instructors in the

LRO program are Joe Easter and Mike Whitten. Earl Irwin is program chairman for Meat Processing and Marketing. Wayne Cates heads the Saddle and Tack Making program, assisted by Larry Duggan and Jean Cates.

MONEY SAVING TIPS FOR TRAVELERS

You don't have to spend a lot of money making long distance calls for reservations at foreign hotels. You can reserve a room at any one of the 1,700 Holiday Inns on six continents around the world simply by calling a nearby Holiday Inn before you leave home.

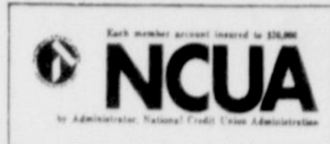

*** Never deal with money changing strangers in the streets of foreign countries. Their exchange rate may be good, but their money is often bad.

THIS FOWL IS FAIR

A barbecue recipe on which you can stake your reputation as a cook, this turkey has a saucy dressing that makes it taste better than you probably thought a bird could be.

BARBECUED TURKEY STEAKS

Have the meat man electric-saw a large frozen turkey crosswise into 1 inch slices. Cut large center slices in half for the grill, remove and reserve gizzards and bony ends for other uses. Brush the frozen steaks with Barbecue Sauce (below) and thaw at room temperature. Grill 5-6 inches from the coals, about 20 minutes in all, until cooked through. Turn and baste often with the barbecue sauce.

BARBECUE SAUCE

1/2 cup oil
1/2 cup Bourbon
1 onion, sliced
2 cloves garlic, mashed
1 teaspoon crushed black peppercorns
1 teaspoon salt
1 tablespoon vinegar
Blend well, use to marinate and broil turkey steaks. Makes about 1-1/4 cups.

OLD LANDMARK....One of Friona's old landmarks, the old elevator formerly used by Santa Fe and Continental Grain and currently owned by Friona Wheat Growers, began to be dismantled by workmen this week. Exact date of the elevator was not known for sure, but it is thought to be one of the oldest in the area.

SAYS SWCD

Soil Stewardship Week Set In May

Soil Stewardship Week, a nationwide observance which emphasizes man's responsibility to protect and conserve soil, water, and other natural resources, will be May 4-11 this year, Leon Grissom, Chairman of the Parmer County Conservation District announced recently.

This year's theme, "Test of Strength," emphasized "how the many changes now occurring in the nation affect our continuing responsibility to be good stewards of the land," said Grissom.

Grissom also cited the energy shortage, environmental pollution, and the growing concern over land

use as examples of changes and developments affecting the use of America's natural resources.

"We hope," stated Grissom, "that during Soil Stewardship Week, millions of Americans will pause for a moment to consider their responsibilities for the protection and use of the Lord's earth."

The district, upon request, will provide local churches with copies of this year's observance booklet. The material was prepared by the National Soil Stewardship Advisory Committee of the National Association of conservation districts. The advisory committee is composed of churchmen of different faiths.

The Lonely Heart

Nineteen-seventy-five will be the 20th consecutive year the Parmer County Conservation District, along with almost 3,000 similar districts throughout the nation, has sponsored soil stewardship week. The custom of setting aside special "Rogation Days" for this purpose began more than 1,500 years ago in France when French peasants prayed for help after crop failures had brought widespread hunger.

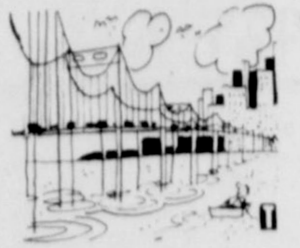

JUDGE SPEAKS....County Judge Paul Fortenberry is shown as he spoke to an assembly at Friona Junior High School recently. Fortenberry, along with County Attorney Johnny Actkinson, spoke to the students on the subject of school attendance law, also touching on the subject of drug violations, and what the various penalties are for violations.

The world's biggest residential palace is the Vatican in Rome, Italy. Covering an area of 13 1/2 acres, its rooms, chapel and halls total 1,400!

The world's biggest single-span bridge is the Verrazano-Narrows Bridge in New York. It's 6,690 feet between anchorages, and the two main towers are 1 5/8 inches out of parallel to allow for the curvature of the earth!

SCS Report

President Ford has proclaimed May 4-11, 1975 National Soil Stewardship Week. The Parmer County Soil and Water Conservation District takes this opportunity to back this proclamation.

The District's Board of Directors are Leon Grissom, chairman; Leroy Johnson, secretary; Dick Rockey, Jimmie Cockerham and Dan Smith. The directors are all involved in agriculture and are aware of the problems and the joys the use of the land can present.

God gave us the land and he gave man the intelligence to figure out how to use it right. Future generations will have to eat and be clothed. If the soil is misused now the future will be bleak for all who live there. The soil is the basis for all living creatures. City dwellers are as dependent on the soil as rural residents.

With the realization that so much is at stake a new generation of pioneers is emerging. This generation may not be taking their lives in their hands as the early settlers did, but they are experimenting with the basis of their livelihood. This new breed is called conservationist. This group is not the misinformed, ill advised radicals that are gaining so much publicity. These are individuals who

on their own are quietly revolutionizing the treatment of the soil.

Parmer County has an abundance of these quiet revolutionaries. To name them all would be an impossible task. To mention a few would be a credit to them all.

Sprinkler irrigation in combination with minimum tillage has practically eliminated erosion and has increased irrigation efficiency on the Charles Hough farm.

Joe Buchanan can see how both moisture and soil are conserved by minimum tillage on her farm.

Wendol Christian and Ed Corn have started on a conservation plan that many will think is radical, but when it is completed the efficiency of the use of natural moisture, fuel and irrigation water will be at an all time high on this farm.

These producers and the many others in the county have faith in the future—even now in these difficult times they express the same confidence that made our forefathers strong.

Now is the time for the test of strength. Will the revolutionaries win the battle for the future or will the skeptics win with their powerful weapon of ridicule because it hasn't been done that way before. Now is the time to choose which side you are on?

Now is the time . . .

to buy that new home!

WIN REGIONAL

Clark Jumps His Way To State Meet

High jumper Dave Clark earned a trip to the state track and field meet in Austin next weekend, by virtue of winning the Region I title last weekend in Odessa, outjumping 15 of the other top class AA jumpers in West Texas to earn the regional crown.

Clark won the high jump event with a leap of 6-2. Arthur Lane of Crane also cleared 6-2, but Clark was awarded first place by having only one miss through the 6-2 height. Lane had two.

"I felt like Clark should win regional, and sure enough he did. He is pretty darned consistent, and it wouldn't surprise me a bit if he brings back the state title," stated Friona coach Larry Dyess.

In other events, half miler Ronnie McLellan clocked a 1:59 in the finals to place third. McLellan was edged out of second place and a state meet berth by only a step or two. Second place time was 1:58.4. The 1:59 was by far McLellan's best time of the season.

Mitchell Wiseman threw the discus 137-8, for sixth place in that event. Davy Carthel, who also competed in the event, did not place at regional.

Broad jumper Bobby Zetzsche, who had won the district meet, came up with his best jump of the year, a 20-foot, six-inch effort, but it missed placing by only three-quarters of an inch.

High hurdler Dale Cleveland placed fifth in his heat, and did not qualify for the finals.

In the high jump event, the jumpers started at 5-10. Six of the jumpers cleared that mark. Clark and Lane were the only ones to clear 6-0, each making it on their first

tries. With the bar at 6-2, Clark made it on his second jump, with Lane taking his third and final effort to clear the height.

The bar was then moved to 6-4, and Clark narrowly missed clearing that height on his second try. He has consistently cleared 6-4 in workouts, but hasn't jumped it officially yet this year.

Lane, who also qualified for the

state meet, was the winner in the pole vault, so will be entering both events at Austin.

Clark and his coaches plan to leave next Wednesday afternoon for the state meet. His competition will be held beginning at 6:30 p.m. on Friday, May 9 in Austin.

McLellan had been bothered by a stomach virus early in the week, but rebounded for the best performance he had ever done.

Cleveland Gains Additional Honors

Dale Cleveland, basketball stand-out for the 1974-75 Friona Chieftains, continues to rake in the honors.

Cleveland, who earlier was named as the outstanding player on the Amarillo Globe-News Panhandle-Plains Super Basketball team, as well as the most valuable player both in District 3-AA and on the class AA All-South Plains teams, has been selected for yet two more honors.

The 6-4½ Chieftain star, who helped pace Friona's 28-4 season record, was the only player from this part of the state to be named first team all-state by the Texas Sports Writers Association.

In addition, the all-around athlete was selected to play for the "North" all-star team in the Texas High School Coaches Assn.'s annual all-star game in Fort Worth on July 30.

Dale was one of 12 players from all classifications in the state selected

DALE CLEVELAND

for the "North" team. Others selected from this part of the state were Mark Sherrod of Channing (class B), Steve Aderholt, Sanford-Fritch (AA), and Jim Vaszauskas, Lamesa (AAA).

The all-state selection was the second time for Cleveland, who is the son of Mr. and Mrs. W.L. (Dub) Cleveland of Friona. As a junior, both Dale and Gene Strickland made the all-state tournament's first team, after the Chieftains went to the finals against the Bowie Jackrabbits.

Sharing the spotlight throughout his varsity career with Strickland, Cleveland is the only basketball player in the history of Friona High School to score over 1,000 points and haul down over 1,000 rebounds.

Dale scored 1434 points during his varsity career. He averaged making over 50 per cent of his field goal shots during his career. As a senior, Dale averaged 17.4 points per game, and 15.4 rebounds.

Cleveland earned a berth on the Panhandle-Plains Super Team both his junior and senior years.

A pair of players from Dimmitt were chosen on the all-state second and third teams. Craig Williams was named to the second team as a forward, and Steve Myatt of the Bobcats made the third team.

REGIONAL ATHLETES...Six members of the Friona Chieftain track and field team competed in the regional meet at Odessa last week. Standing are Davy Carthel, who had won district in the discus, Mitchell Wiseman, a point-winner at regional; Dave Clark, regional high jump champion, and Bobby Zetzsche, also a district winner in the long jump. Kneeling are Dale Cleveland, who ran the high hurdles, and Ronnie McLellan, who ran a 1:59 half mile and placed third.

TENNIS TEAM...The Friona varsity boys tennis team is shown here with coach Mickey Griffin. In the back are Hal Blackburn, Griffin and

Mark Neill. Kneeling are Keith Martin, Don Maynard and Eddie Allen.

FHS Tennis Team Winds Up '75 Season

Friona High School's varsity tennis team wound up its 1974-75 season with the District 3-AA meet at Morton.

Prior to the district meet, the team had met Muleshoe for the third time this year, and defeated the Mule netters for the third time, this time by a score of 6-2.

Hal Blackburn defeated Mike Bland of Muleshoe, 8-3 in the first round. Eddie Allen, Friona, downed Steve VanZandt, 4-6, 7-5.

Clint Mears defeated Grover of Muleshoe, 9-8. Jimmy Murphree of Friona downed Mike VanZandt, 7-5, 6-0.

In the second round, Bland came back to down Blackburn, 9-7.

In doubles, Mark Neill and Don Maynard defeated Slayton-Gutierrez, 6-4, 3-6, 6-3 and Joe Lafuente and

Keith Martin downed Davis-Jones, 6-3, 6-2. Slayton-Gutierrez defeated Friona's number two doubles team, Lafuente-Martin, 8-3.

FHS Golfer At Regional

Steve Darnell, a junior student at FHS, competed in the regional UIL golf meet at Odessa Wednesday, Thursday and Friday of last week.

Darnell, who earlier had won the medalist title in the district meet, is coached by Jackie Morgan.

The Friona High School golfer had also participated in the regional meet last year as a sophomore.

Little Loop Trials Set

Little League tryouts have been scheduled for Monday, May 5 at 1:30 p.m., according to a spokesman for the local Little League program.

The Senior League and Tee-Ball leagues will compete at the "Big" park south of Fifth Street. The major and minor leagues will compete at the East Park.

A total of 185 boys and girls have signed up for the Little League program to date, according to Dewayne Howard. This year for the first time locally, girls will be trying out for the teams.

A separate league for girls had been considered, but the number expressing an interest was not sufficient for a girls' league.

League play will begin on June 2 and end July 11. Several coaching vacancies exist at this time, and anyone interested in coaching is urged to contact Howard at 247-3603.

"We are planning a meeting of parents of Little League players, to discuss Little League and all its facets. The date for this meeting will be announced later," Howard said.

All mothers who have not paid their \$5 yearly dues should do so as soon as possible. Checks should be made payable to the Friona Little League and mailed to P.O. Box 625, or given to Diane Morgan.

Relayers Shooting For Title

The Friona Squaws' mile relay team was in the state track and field meet at press time. Their race was slated for Friday night.

The team, made up of Paige Osborn, Jaton Widner, Lucinda Aguirre and Terri Patterson, have a number of goals at the state meet.

One was to make amends for last year, when the team apparently had placed fourth in the state finals, only to be disqualified for a lane violation.

Another will be to clip the school record for the mile relay, set at Austin last year, at 4:05.1.

Lastly, they will be out to beat district-mate Olton, whom they have pushed all the way to state. Coach F.G. Crofford was of the opinion that if the team can beat Olton, they probably would win first in state at the same time.

The Olton girls, with a big delegation of state meet qualifiers, was expected to make a good showing toward the state team title.

Star Lites.....

(Continued from Page 1) chosen for "Who's Who Among American Teenagers." Even two drop-outs received the letter.

We admit that several deserving people receive letters such as we have mentioned, and that there are a few legitimate "Who's Who" publications.

But mainly, it has developed into a way for certain publishing houses to "rip off" certain gullible people, making them think they have received a big honor.

Dale Signs With Amarillo College

Dale Cleveland, three-year star for the Friona Chieftains, this week signed an athletic scholarship agreement to play basketball at Amarillo College.

The two-year all-stater, named this week to the north team in the annual Coaches All-Star basketball game in Fort Worth this summer, was one of the main goals of AC Badger coach Bill McDonald.

"Dale has his basketball future in front of him," McDonald said this week in announcing Cleveland's signing. "He played so many sports in high school, his basketball improvement will be rapid on the college level by playing only one sport."

"He's strong, can shoot and jump well, rebounds well and gets up and

down the court quickly."

In the finals of the Amarillo American Legion Holiday Basketball tournament, Cleveland scored 29 points and pulled in 31 rebounds in leading the Chiefs to a 63-41 victory over Childress.

Cleveland was a three-year letterman for the Chiefs in both football and track, in addition to basketball. He was a two-way all-district pick in football last year as a tight end and defensive end. In track, he cleared 6-2 as a high jumper, and qualified for the regional meet in the high hurdles.

The son of Mr. and Mrs. Dub Cleveland, Dale plans to major in physical education at Amarillo College.

Brownfield Win Over Friona, 15-6

The Friona Six Packs dropped a 15-6 decision to the Brownfield team last Sunday at Brownfield. It was the team's second loss to that team, and left their season mark at 2-2 after four games.

Friona outhit the Brownfield team, 14-10, but the Six Packs left 14 men on base, and that proved to be their undoing.

Lalo Castillo was the starting pitcher for the Six Packs, and was touched for six runs in the first inning as the home team bolted to a 6-0 lead. Manuel Quintana came on in the third, and the pitching ace of the 1974 team gave up seven more runs before the game ended.

"Errors still killed us. Also, the playing conditions were much worse than we are used to. The sand and wind make it impossible for the outfielders to see the ball," said manager Frank Castillo.

Trailing 8-1 in the third inning, Friona attempted to get back in the game with a rally.

Frank Galvan doubled, center-fielder Ismael Iglesias doubled to score Galvan. David Davila reached base on an error, and manager Castillo, who was the catcher Sunday, scored both runners with a single. The Brownfield pitcher bore down to get the third out, and preserve an 8-4 lead.

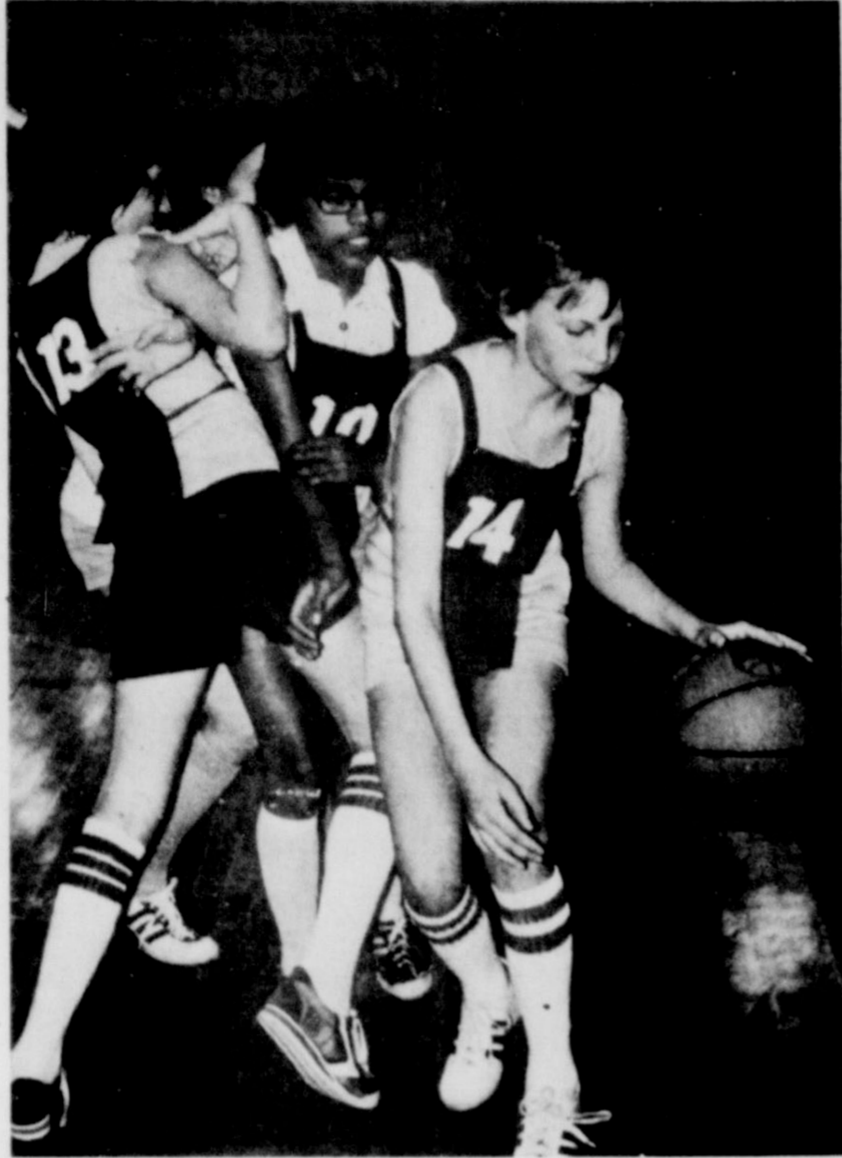

Friona scored a run in the fifth on a walk and singles by Quintana and Galvan. In the eighth, Iglesias singled, and came around to score on Davila's double. Davila was out trying to go to third.

Quintana struck out nine batters, but Brownfield had a potent attack, scoring in every inning but one.

Friona hosts Dimmitt and Muleshoe in a doubleheader Sunday. The Dimmitt game begins at 2 p.m. This was one of the four teams that beat Friona last year.

Rites Held Here For Mack Hollis

Mack Roy Hollis, 75, died Tuesday at Tyler.

Services were conducted at 2:30 p.m. Thursday, May 1, at Calvary Baptist Church with the Rev. Ron Trusler, pastor, officiating. Burial was in Friona Cemetery.

Born in Dallas, Hollis had lived in Alpine for a number of years. He was a former Friona resident.

A retired blacksmith, Hollis married Laura Davis in 1918. He was a Baptist.

Surviving are two sons, Pete of Friona and Robert H. of Alpine; one daughter, Mrs. Beulah Wolfington, Fort Worth; two sisters, Miss Maggie Hollis and Mrs. Winnie Fielding, both of Pampa; three brothers, Robert, Frank and Tommy, all of Pampa; four grandchildren and seven great-grandchildren.

Pallbearers were Ralph Shirley, Joe Reeve, Troy Young, Glenn Reeve, J.C. Blankenship and Ruben Taylor.

Guilty Verdict Returned - -

Carlisle Given 25 Years For Ex-Wife's Murder

David Carlisle, 30, a Plainview truck driver accused of murdering his young ex-wife, Betty Ann, 22, was assessed punishment of 25 years in prison after being convicted Friday, April 25, in District Court in Farwell, by a jury of seven women and five men.

It took the jury three and a half hours of deliberation before rendering a verdict of guilty and another three hours before they decided the punishment.

Carlisle was tried for murder in connection with the August 1, 1974, shooting death of his ex-wife Betty Ann who was a waitress at Hereford. Her body was found in a car parked at the side of Bob's TV Repair Shop in Farwell. She had been shot five times.

Carlisle is now in custody in the Parmer County Jail, awaiting formal sentencing. No date has been set for sentencing as yet. He was previously out on \$25,000 bond.

Under Texas law, the defendant is given "constitutional time" to allow his attorneys time to file motions in his behalf. Formal sentencing cannot be scheduled sooner than 10 days from the time punishment is assessed.

District Attorney Jack Young of Muleshoe introduced expert testimony linking three slugs found in the young woman's body to a 38 calibre pistol belonging to Carlisle. Two of the slugs were positively identified as having

come from the defendant's gun, according to a spokesman from the Parmer County Sheriff's office.

Defense attorneys Tom Kendrick of Amarillo and Burrell Evans of Tulsa attempted to prove that the Carlises had been victims of an unidentified hitchhiker who took over their car after finding Carlisle's pistol under the front seat of the car.

The defense attorneys also introduced testimony indicating that Carlisle had been

forced at gunpoint to swallow a quantity of tranquilizers and beer.

The defendant took the stand and told jurors that he "vaguely remembered" what happened on the day his ex-wife was slain.

The murder trial lasted five days and was presided over by District Judge Pat Boone, Jr., of Littlefield.

Local Communities Compete For Prizes

Judging will be held next week Tuesday and Wednesday, May 6 and 7, for three entries in the 1975 District 1 Community Improvement Program, according to District Agents Paul Gross and Sue Farris, coordinators for the Texas Agricultural Extension Service.

The judging schedule is as follows: Tuesday, May 6--Wildorado Community, Oldham County, 9:30 a.m.; Adrian Community, Oldham County, 2 p.m.

Wednesday-- Kerrick Community, Dallam County, 10 a.m.

The winning community will receive a check for \$100 and advance to the regional competition where it will vie against the best from three other Extension Service districts.

Second place will receive \$75, third place \$50 and fourth \$25.

Judges will be Tim Shaunty, Extension resource development specialist, Amarillo; Mack

Heald, Parmer County Extension Agent; and Mrs. Joyce Shipp, Deaf Smith County Extension Agent.

The district winner will be judged in the regionals the week of May 12-16. The state finals, matching the four regional winners, will be decided the week of May 26-30.

Gross said a total of 158 communities from 69 counties will be competing this year for statewide recognition and \$7375 in cash awards. The state champion will earn \$850 and a silver tray enroute to its No. 1 position, he noted.

The 1974 state winner was Dike from Hopkins County in northeast Texas.

Participation in the program is restricted to communities of fewer than 1,000 people.

It has been sponsored since 1959 by a number of investor-owned Texas electric utilities in cooperation with the Texas Agricultural Extension Service.

Parmer Ranks 2nd In Cattle Feeding

By Lou Nuttall
Editor, Bovina Blade

Parmer County feed yards, although off from the previous year's total, finished 1974 as the second leading cattle-feeding county in the state, according to figures released in the annual Southwestern Public Service Fed Cattle report issued this past week. Parmer County also finished second for 1973.

The seven feed yards situated in Parmer County, which fed a total of 437,000 cattle in 1974, fed a total of 428,825 during 1973, some 12,175 less. However, the reduction in Parmer County totals was less than that of the remaining top 10 counties.

Each of the top 10 counties were off in production, with the figures ranging from Parmer County's low

to a high of 160,680 in Hansford County, which fell from fourth place to 10th in the survey.

The top 10 counties—Deaf Smith, Parmer, Castro, Swisher, Randall, Sherman, Hale, Hartley, Moore and Hansford—fed a total of 508,026 less cattle this past year than in 1973.

The fed cattle industry in Texas and the remainder of the nation has been in a severe "slump" the past 18 months since the industry was shocked by a series of events which resulted in an over-supply of cattle and a drop in prices on the market. Spokesmen in the industry claim the unworkable market has been caused by two factors—high feed costs and the over-supply of cattle.

The series of events which combined to plague cattlemen began

with a late 1973 beef boycott by Eastern housewives which led to a beef-price freeze initiated by then President Nixon. An additional setback occurred in early spring of 1974 when a nationwide trucker's strike slowed transport of beef out of the state.

The slumping cattle market has forced the closing of several feed yards in the Panhandle area and resulted in financial difficulties for numerous others.

Taking top spot in the state's cattle feeders again this year was Deaf Smith County with a total mark of 503,045, down some 99,844 from the previous year. Eight feed yards are listed in Deaf Smith County.

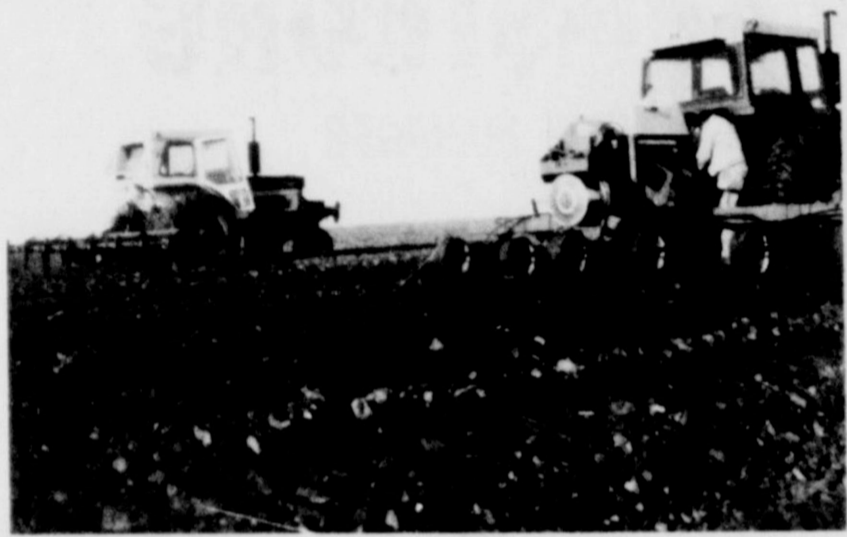

Other top counties in 1974 were: Castro, third; Swisher, fourth; and Randall, fifth.

Statewide, Texas fed a total of 3,326,875 head of fat cattle last year compared to 4,016,268 the previous year, a drop of 689,393 head. The top 10 counties account for almost 74 per cent of the drop in production of fat cattle. Texas had led the nation in fed cattle production but dropped to second place for 1974 behind Iowa.

Parmer County's seven feed yards include Bovina Feeders, Inc., Parmer County Cattle Company, Cattletown, Inc., Far-Tex Feedlot, Friona Feed Yard, Inc., Paco Feed Yard and Hi-Plains Feed Yard.

Below is a list of the state's top 10 cattle feeding counties. Listed in parenthesis is the 1973 rating.

	1973	1974
1. Deaf Smith (1)	602,889	503,045
2. Parmer (2)	437,000	424,825
3. Castro (3)	388,500	347,193
4. Swisher (5)	231,895	196,254
5. Randall (6)	228,584	180,000
6. Sherman (7)	212,700	178,800
7. Hale (9)	190,100	176,750
8. Hartley (8)	194,499	162,704
9. Moore (10)	187,750	157,000
10. Hansford (4)	315,680	155,000

TRACTORS ROLL... It's planting time in Parmer County and farmers have turned out in full force the past two weeks to plant corn and milo crops. The moisture situation, aided by the near two-inch rainfall almost

three weeks ago, is considered, for the most part, ideal. Above, a Parmer County farmer adjusts an air planter as warm weather the past several days has encouraged the speedy seeding of corn.

SECOND IN CATTLE... Parmer County, although feeding 12,175 less cattle in 1974 than the previous year, retained its second place ranking in the top 10 cattle-feeding counties in Texas, according to a report released by Southwestern Public Service Company. Over a half-mil-

lion less cattle were fed in the top 10 counties in '74 than in '73. The reduction in numbers is attributed to the slump in the cattle market the

many others facing financial difficulties. Although the situation was not as severe in Parmer County,

evidence of the loss in feed lot numbers may be seen by the empty pens in the far right background of the above picture.

Program To Begin Tuesday

The second in a series of three programs on "Your Garden From Seed to Shelf" will begin at 7:30 p.m. Tuesday at Parish Hall of St. Ann's Catholic Church in Bovina, according to Jana Pronger, county extension agent.

Dr. Bill Clymer, area entomologist, Dr. Robert Berry, area plant pathologist, and Dr. Roland Ro-

berts, area vegetable specialist with the Texas Agricultural Extension Service will be featured speakers on the second program, entitled "Caring for Your Home Garden."

Dr. Roberts will discuss maintenance of the home garden, including irrigation and weed control. A question and answer session will be held following the presentations. Canning and freezing workshops, the final program in the series, will be conducted at each community in the county at dates to be announced later.

"SERVING CLOVIS AREA SINCE 1934"

Television Star Sets Amarillo Appearance

Television personality Ann B. Davis arrived in Amarillo May 2 for a week of rehearsals prior to opening May 9 at Amarillo Little Theatre in "The Nearlyweds."

Known to millions of fans from six to sixty-six, Miss Davis is best remembered for her roles as Schultz on "The Bob Cummings Show" and more recently as Alice on "The Brady Bunch," with Florence Henderson and Robert Reed.

Twelve performances are scheduled between May 9 and May 24, with curtain time at 8:15 in the ALT auditorium, 2019 Civic Circle in Amarillo's Wolfen Village. Other performances include May 10, 15-17 and 21-24, with a 2:30 matinee curtain time on May 18.

Reservations may be made by calling or writing Amarillo Little Theatre. Tickets are priced at \$5.00 for adults and \$2.00 for students. 1975-76 Season Tickets will also be on sale and may be purchased at this time.

Those attending the opening night performance May 9 will have an opportunity to purchase tickets for a gala after-theatre supper in honor of Ann B. Davis at the nearby Bank of the Southwest for \$12.50 per person. Schnozz Dunn and his orchestra will provide music for the occasion. Gala reservations should be made when tickets are reserved for the opening night production for those who care to attend the supper.

"The Nearlyweds" is a new comedy written especially for Miss Davis by Wendell Burton and Lloyd Schwartz. It was tailored to fit her unique talents, and as Dallas drama critic John Neville writes, "it's a perfect fit."

Other cast members, chosen through auditions by Managing Director Peter Fox, Jr. include Linda Dee Hughes, Jim Caldwell and Jim Goodhue.

In "The Nearlyweds," Ann B. Davis plays the mother of a 23 year old daughter she wishes desperately to see married. But the daughter's boyfriend is a shy, retiring young library researcher who she feels needs a little pushing—or rather a good shove—toward matrimony. However, her methods are a little far-out, and the results are even more unpredictable. The whole

family should enjoy Alt's "The Nearlyweds."

Ann B. Davis is one of the busiest actresses around. She has graced stages in every state except Alaska and has not missed a single season of summer stock since 1958. She appeared for eight months in the National Touring Company's production of "No, No, Nanette."

Film credits include "A Man Called Peter," "Pepe," "All Hands On Deck," with Pat Boone, and "Lover Come Back," with Doris Day and Rock Hudson.

ANN B. DAVIS

Members Report On DCCW Meeting

St. Teresa's Ladies Society met April 24 after the evening mass.

Evelyn Ball and Helen Fangman reported on the DCCW meeting in Bovina on April 16. Fr. John Coppinger explained the Equal Rights Amendment and the history of the diocese.

A thank you note to the ladies of St. Teresa's from St. Ann's Society of Bovina for serving morning coffee and afternoon tea was read.

Hortencia Bermea reported that there were approximately 120 present at the brunch held Sunday, April 27 in the parish hall.

Sylvia Roth gave the names of golden age citizens having birthdays and anniversaries during the month

of May.

Fr. Coppinger reported the Youth Club entertained the golden age citizens. The society will buy the rewards to be given as first and second prizes in each CCD class and also the perfect attendance.

Hostesses for May will be Evelyn Ball and Stella Shirley. The society will present a get-well gift to Irene Bermea.

Refreshments were served to Fr. Coppinger, one new member, Feliz Crutchfield, Angela Bermea, Evelyn Ball, Isidra Villalobos, Toni Castillo, Hortencia Bermea, Sylvia Roth and Helen Fangman by Matilda Caballero and Mary Lou Venhaus.

A film "Abortion—a Woman's Decision" was shown.

Book Available For Heart Attack Victims

Just received at Friona Public Library are seventy-seven new volumes concerning health. The library is striving to collect an especially excellent group of books concerning any health situation.

You will find a book to suit you and to answer any questions you may have concerning any particular subject.

"How to Survive Your Husband's

Heart Attack" is authored by two women who are both wives of recovered heart attack victims. They are the organizers of a group of "heart attack wives" who have banded together to help others in similar circumstances.

The book tells you what you and your husband must do to cut down the chances of his having another attack. Knowing what to expect is half the battle, the authors contend. They share with the reader all the ways they and other "survivors" have successfully coped with the situation.

How can you best provide for your husbands care when you visit the hospital and when the patient comes home? What can you do if your husband flouts all the rules? What do you do if he seems to have a personality change? Should you cook meals just especially for him? What about finances? How about his job?

For an informative and supportive and realistic book, the wife of heart patients will want to read "How to Survive Your Husband's Heart Attack."

ilities at the TAMU Research Annex.

It is part of a broad spectrum of training provided by TEES to help make life better for the people of Texas. Other TEES divisions conduct programs for firemen, municipal inspectors, vocational industrial teachers, law enforcement officers and heavy equipment operators, among others.

Frionans Earn Degrees

Applications for degrees have been filed by 523 Southwestern State University students in Weatherford, Oklahoma, who expect to graduate next month at the end of the spring semester.

Registrar Harrel Kennedy said all of the candidates should complete requirements before the university's 71st annual Spring Convocation on May 16.

In addition to these 523, another 232 students who finished their studies last December are to be awarded degrees. Southwestern does not hold graduation exercises at mid-term.

Sixty have applied for bachelor of arts degrees; 13, bachelor of arts in

education; 23, bachelor of music education; 191, bachelor of science; 116, bachelor of science in education; 69, bachelor of science in pharmacy, and 51, master of education.

Two former Friona graduates will be receiving their degrees at the services.

Sharon Crofford Mills, daughter of Mr. and Mrs. F.G. Crofford of Friona, will be receiving her bachelor of science degree in education.

Glenn Arthur Rebber will receive his bachelor of science degree in pharmacy. He is the son of Mrs. Joyce Wells of Friona.

Gerald Loftis Attends

Three-Week School

Gerald Loftis of Friona and the West Texas Rural Telephone Co. has enrolled in a station installation school at Texas A&M University.

The three-week school continues through May 9.

It is conducted by the Power and Communications Division of the Texas Engineering Extension Service at TAMU.

Instructor Marvin Moss is working with 12 students in the course that emphasizes hands-on experience and practical applications. The trainee receives basic instruction on installation of business and residence telephone service.

Each student completely disassembles and reassembles a telephone and is taught its theory of operation. A complete installation according to industry specifications is required of each trainee.

Use of test equipment is taught by actually clearing troubles placed in laboratory installations by the instructor. Variations in methods of service installation from aerial and buried plant are covered.

The training is conducted in completely-equipped permanent fa-

NOTICE

With warm weather here, we are doing a lot of changing out of wiring on our system. There may be short periods of time when certain areas will have their television reception interrupted, but it will be only for a short time in each case.

We are continually striving to upgrade our system, and hope to be able to offer subscribers to the cable system the very best possible in programming and reception.

CAROL ANN BAVOUSSETT

JEANINE JARBOE

Eva Miller Presents

Students In Recital

Eva Miller will present Carol Ann Bavousett and Jeanine Jarboe in a vocal and instrumental recital on Sunday, May 11.

The recital will begin at 2:30 p.m. in the First Baptist Church.

Miss Bavousett is the daughter of

Mr. and Mrs. Steve Bavousett. Miss Jarboe's parents are Mr. and Mrs. Tom Jarboe.

The Trebelaire, a local singing group, will be special guests at the recital. Everyone is invited to attend.

JATÓN WIDNER

LISA EDELMON

Hospital Report

ADMISSIONS--

Dixie Barnes, Lazbuddie; Betty Lamb, Texico; Mrs. Donnie Miller and baby girl, Friona; Jiselle Malouf, Friona; Calvin Talley, Friona; Mrs. Vicente Montes and baby boy, Bovina; Wilfred Quickel, Farwell; Marcus Reyes, Friona; Mrs. Holdem Curry and baby boy, Farwell; Samuel Baxter, Loving, N.M.; Dennis Sims, Hereford; Lance Venhaus, Friona; Sam Billingsley, Bovina; Esther Cabrera, Hereford; Mrs. Ismael Cardoza and baby girl, Farwell; N.C. White, Jr., Friona; and Georgia Fields, Friona.

DISMISSALS--

Mrs. Robin Mahaney and baby

boy, Betty Lamb, Athelea Neel, Willie Rodriguez, Weaver Burk, Bob Knight, Bessie Boatman, Jiselle Malouf, Mrs. Alan Sumrall, Marcus Reyes, Mrs. Daniel Hernandez and baby girl, Mrs. Vicente Montes and baby boy, Jean O'Neal, Lucy Estep, Wilfred Quickel, Charles McDaniel, Dixie Barnes, Samuel Baxter, Baby Girl Sumrall, Dennis Sims, N.C. White, Jr. and Lance Venhaus.

PATIENTS IN HOSPITAL--

Sherry Curry and baby boy, Anna Cole, Mrs. Donnie Miller and baby girl, Calvin Talley, Lucy Welch, Georgia Fields, Esther Cabrera, Sam Billingsley and Clara Cordoza and baby girl.

Mrs. Kenneth (Joyce) McGehee of Lazbuddie has been nominated for inclusion in the "Outstanding Young Women of America" by the Muleshoe ESA Sorority, according to information received from that organization.

Mrs. McGehee was cited by the sorority for volunteer work with the Muleshoe Hospital and Nursing Home. She works with the Hospital Auxiliary and as a volunteer nurses aide for the West Plains Hospital. In 1974, she was chairman for the Auxiliary's Project Christmas Card, which raised funds to purchase equipment for the hospital, and was active in the drive by the Hospital Citizen's Committee, which raised funds to "help save the Muleshoe hospital." She was also active in the KMUL hospital radiothon and worked in the door-to-door fund drive.

In the Lazbuddie Community, where the McGehee family resides, she is active in the Young Homemakers, Church of Christ and represents Lazbuddie on the Parmer County Advisory Board of the Central Plains Mental Health-Mental Retardation Center at Plainview.

As vice president of the Young

Two Local Pianists Win Nat'l Honors

Two Friona pianists were named "Critics Circle Winners" in the National Piano Playing Auditions on April 24, 25 and 26.

Jatón Widner, 16-year-old daughter of Mr. and Mrs. Dale Widner has played in the Guild Auditions six years and is a six-year national winner.

Lisa Edelson is the 16-year-old daughter of Mr. and Mrs. Vaughn Edelson. She has played in the Guild Auditions six years and is a five-year national winner.

They are students of Eva Miller. This is the highest honor a student can receive in the Guild Auditions.

Michael Parsons Earns B.B.A.

Some 2,000 Southern Methodist University students are being recognized for their academic achievements during the past semester, including Michael D. Parsons of Friona.

He has achieved SMU's annual "Honor Roll" of scholars with high grade averages. He earned a 3.693 grade-point average on work completed at SMU through Fall 1974.

Parsons, a senior student at SMU, earned his B.B.A. degree from the School of Business Administration with the class of 1975.

He is the son of Mr. and Mrs. Percy Parsons of Box 308, Friona.

McIntosh Earns

PFC Promotion

Robert G. McIntosh Jr., son of Bobby G. McIntosh of Route 3, Friona, was promoted to Army private first class.

He was assigned as a clerk in the 6th Cavalry Brigade at Ft. Hood, Texas.

Homemakers, Mrs. McGehee was responsible for collecting \$350 of merchandise from Muleshoe and Lazbuddie business merchants which was sent to the Lubbock State School. She was also in charge of a dinner meeting at which Dr. William Rankin, Lubbock gynecologist, was guest speaker. She is a member of the Ladies Bible Class at the Lazbuddie Church of Christ and has taught Bible school at her church. She attended the Young Homemakers state convention as the voting delegate for her chapter.

Also a writer, Mrs. McGehee has had two articles published in a quarterly magazine, the "Mother's Manual." The articles were titled, "Hints on how to record children's medication" and "How to improve your personality."

A native of Carlsbad, N.M., Mrs. McGehee is the daughter of Mrs. Fannie and the late Hudson Vollette of Bryan. She was graduated from Lazbuddie High School in 1964. She was married to Kenneth McGehee in 1964. The couple has three children--Lisa, 7, Amy, 4, and Kevin, 3.

Mrs. McGehee is presently enrolled in classes at the Muleshoe campus of South Plains College. She is maintaining a 4.0 grade point average.

A banquet will fete Mrs. McGehee in Muleshoe at a date in May which will be announced later. The banquet will be hosted by the Muleshoe ESA Sorority.

DIAN DAY...Mr. and Mrs. Herbert Day of Friona announce the engagement and approaching marriage of their daughter, Dian, to Dennis Anthony, son of Mr. and Mrs. A.W. Anthony, Jr., all of Friona. The couple will exchange wedding vows on Saturday, June 7 in the First Baptist Church of Friona. Miss Day is a graduate of Friona High School and is presently attending Texas Tech University in Lubbock. Anthony is also a graduate of Friona High School and will graduate from Texas Tech in May.

MR. AND MRS. ERBERT HUME....Charlotte Goldsmith, daughter of Mr. and Mrs. Bill Goldsmith of Dimmitt, Texas, and Erbert Hume, son of Erbert D. Hume of Dallas, were married on Sunday, April 12 in the home of Mr. and Mrs. Royce D. Hume of Friona. D.L. Harguess, pastor of Sixth Street Church of Christ, officiated. D'Won Goldsmith of Dimmitt was her sister's bridesmaid. Bob Clark of Friona served as best man. The couple will make their home in Friona. He is employed at Big T Pump Co., Friona.

Jim Westmoreland To Serve At Amarillo

James Westmoreland, who has served as minister of music and youth at First Baptist Church in Friona for the past 16 months, began a new ministry in Amarillo with the Trinity Baptist Church beginning May 1.

He will be filling a similar position at the Amarillo church, and his duties will be the same as they were in Friona, Westmoreland said.

Pastor of Trinity Baptist in Amarillo is Rev. James Bond. Rev. Coffman is educational director.

While in Friona, Westmoreland has been active in civic affairs as a member of the Chamber of Commerce. He directed the activities for young people of all faiths at the Civic Center with the "After the Game Thing."

His regular activities each week included the church's young people, the adult choir, the children's choral musicals, etc. He directed the adult choir's presentation recently of the musical production "Alleluia!" which was well received.

Westmoreland said "Friona has been one of my greatest experiences in the faith, and the most rewarding challenges with the youth and adult choral musicals. It will be hard for

Sherry and I to ever forget the excitement, love and expressions of gratitude received in these 16 months of service. Praise the Lord."

"I can see great things ahead for Friona, and am proud to have been a part of this community," he concluded.

Barnett Selected Outstanding Student

A Departmental Awards Convocation Wednesday, April 30, at South Plains College recognized students who have excelled through scholastic achievements in the academic, technical, vocational and occupational programs at SPC.

Faculty from each program selected one outstanding student from each area of study for the honor.

Cindy Barnett of Friona was selected as an outstanding student in the Nursing Department, where she holds a B.S. degree. She is the daughter of Mr. and Mrs. Doyce Barnett of Friona.

Mrs. Potts Presents Program On Macrame

Mrs. Jay Potts presented a program on macrame at a meeting of the Rhea Home Demonstration Club Monday night in Parish Hall of the Lutheran Church.

Those attending discussed an arthritis clinic held at the Hilton Inn in Amarillo on Wednesday, April 30, a gardening clinic set in Bovina, and a trip was set for May 5 to Clovis where members of the club will lunch at a restaurant there before touring Madery's Flowerland, McDaniel Furniture and Bryson's Furniture. A letter from the Friona Chamber of Commerce was read requesting the club's assistance in a Clean-Up Friona campaign. Also discussed was the ERA (Equal

Rights Amendment) bill with members of the club urged to contact Speaker Bill Clayton before May 1 asking Clayton to vote against the amendment.

Refreshments of sandwiches, chips, dips, cake, brownies, spiced hot tea and coffee were served to Mrs. Potts, Mrs. Larry Potts, Mrs. Cordie Potts, Mrs. D.T. King, Mrs. Herman Grissom, Mrs. Jack Patterson, Mrs. Elmo Dean, Mrs. Chris Drager, Mrs. Walter Schueler, Mrs. Wendell Garner, Mrs. Keith Garner, Mrs. Norbert Schueler, Mrs. Houston Bartlett and three visitors, Mrs. Martha Yarbrough, Mrs. Floyd Schueler and Mrs. Oberlin DeLeon.

Lea Looper Weds Russell Lindeman

Francis Lea Looper and Russell (Rusty) Lee Lindeman, both of Friona, exchanged double ring wedding vows on Friday, April 25.

The ceremony was performed in the Friona Methodist Chapel by Rev. McMillan, pastor of the Methodist Church.

The bride's parents are Mr. and Mrs. C.B. Looper, Sr. of Route 3, Friona. The groom's parents are Mr. and Mrs. Homer Lindeman of Route 1, Friona.

The bride wore a blue two-piece suit. She carried a bouquet of white carnations trimmed in blue.

Connie Lindeman, sister of the groom, served as matron of honor.

Randy Ellis of Clovis, New Mexico served as best man.

Jayn Looper, sister-in-law of the bride, attended the wedding cere-

Two Local Students Honored At Reception

Students who achieved a 4.0 grade point average during either the spring or fall 1974 semesters at South Plains College in Levelland were recently honored at a reception and awards presentation.

Certificates in recognition of outstanding scholastic achievement were presented to the honor students

by Nathan Tubb, academic dean at SPC, at a reception Monday, April 28, at the college.

Two area students received certificates. They were Roger D. Gallman and Lagayla Self.

Miss Self is a graduate of Friona High School. Gallman is a graduate of Lazbuddie High School.

A wedding supper was held Saturday, April 26 in the home of Mr. and Mrs. L.D. Gosner, grandparents of the bride.

Those attending were Homer and Joy, Connie, Ted, Rusty and Lea Lindeman, C.B. and Jayn Looper, Ralph and Dean Broyles, Toby and Kiley, Randy Ellis, Jackie, Clara and Gary Looper, Edna Tambough, Johnny and Carol Broyles and Leonard and Ruby Gosner.

GLENN REBBER of Friona, accepts the 1975 "Brother of the Year Award," highest honor conferred by the Delta Beta chapter of Kappa Psi pharmaceutical fraternity at Southwestern State

University, Weatherford, Okla. Making the presentation is Scott Courtney, Centralia, Ill., fraternity regent. Rebber is a senior pharmacy student at Southwestern. He is the son of Mrs. Joyce Wells of Friona.

Former Frionans To Graduate From ENMU

Two students from Friona are among the 147 master's degree candidates for graduation this spring at Eastern New Mexico University at Portales.

Baccalaureate and commencement services begin at 8 p.m., Friday, May 2, in the Physical Education Complex Arena. United States Senator Pete V. Domenici will deliver the main commencement address on "Can Democracy Survive."

The list of candidates for graduation includes 49 associate's degrees, 465 bachelor's degrees, 147 master's degrees, and three for the education specialist degree. One hundred and twenty will graduate with honors.

Honors notations include summa cum laude, 3.8 to 4.0 grade point average; magna cum laude, 3.7 to 3.799; cum laude, 3.6 to 3.699; and special honors, 3.3 to 3.599.

Michael Edwin Pavalus will receive a master of arts degree in mathematics, while Donny Ray

Carthel will receive a master of science degree in physical education.

Bill Kents Have Boy

Mr. and Mrs. Bill Kent of Clovis, New Mexico, became the parents of a baby boy on Thursday, April 24.

The baby was born at 5:22 p.m. in Deaf Smith Hospital in Hereford. He weighed seven pounds, eight and one-half ounces and was twenty-one and one-half inches long at birth.

Named Kelton Kade, he is the second child for the couple. He has an older brother, Wade, 10 years old.

Grandparents are Mr. and Mrs. Weldon Fulgham of Friona and Mrs. Polly Kent of Sudan, Texas. Mrs. S.L. Fulgham of Henrietta, Texas is the child's great-grandmother.

Kent is manager at Monsanto in Farwell. The Kents are former Friona residents.

Report Says County Business Booming

For its size, Parmer County supports a large number of business establishments.

According to figures recently released by the government, there are more businesses in operation locally, in proportion to population, than in many communities across the country.

The findings are reported in a new study by the Department of Commerce, entitled "County Business Patterns." It is based upon data compiled by the Department of Health, Education and Welfare from tax reports filed last year by employers.

In it is listed, for every county in the United States, comparable data on employment and payrolls for firms engaged in retail and wholesale trade, manufacturing, finance, services and the like.

In operation in Parmer County are some 210 separate businesses that employ one or more persons, the figures show. In addition, there are an untabulated number that have no employees and are owner-operated.

Of the 210 listed, there are 106 that have from one to three persons on their payrolls, 55 with four to seven

and 36 with eight to 19. There were 13 businesses with 20 or more employees.

Although firms of long standing make up the bulk of the local business community, each year witnesses some changes as new enterprises are started and some older ones are discontinued for one reason or another.

As in most parts of the country, small and medium-size businesses predominate locally. They have proved to be quite durable, despite the competition from chain stores and other large companies.

The report shows that 94 percent of them have 20 employees or less. Nationally, 84 percent are of that size.

At last count, businesses in Parmer County were providing gainful employment for some 1,828 men and women in non-farm, covered jobs. By "covered" is meant employment that falls within the scope of Social Security.

Not included are self-employed people, domestic workers, members of the armed forces and government workers.

Because wages and salaries have

been going up, year by year, the annual payroll for these covered workers has also been rising. It has reached a high of \$11,792,000.

Two years before, when a comparable survey was made, the total was \$6,160,000.

Lions Schedule Ladies Night

Friona Evening Lions and Noon Lions will hold their joint Ladies Night banquet on Thursday, May 8th.

The banquet will be held at the Friona High School cafeteria, beginning at 7:30 p.m.

**On The Farm
In Parmer County**
MACK HEALD
County Agent

OVER FIFTY 4-H youngsters and their parents attended the 1975 Parmer County 4-H Roundup in Farwell on April 19. This event was staged to qualify the youngsters for the District contest in Canyon on May 3.

The first part of the contest was the rifle match on Saturday morning. Eighteen youngsters participated in the match. Fifteen of these were in the junior division and three were in the senior division. Winning in the junior division were:

1. Dennis Steinbock, Lazbuddie, 118 points, blue ribbon; 2. Charlie Rose, Farwell, 88 points, blue ribbon; 3. Terry Steinbock, Lazbuddie, 79 points, blue ribbon; 4. Andy Rogers, Lazbuddie, 72 points, blue ribbon; 5. Randy Gerles, Farwell, 72 points, blue ribbon; 6. Mac Langford, Farwell, 61 points, red ribbon; 7. Charlie Trimble, Bovina, 59 points, red ribbon; 8. Mickey Powell, Lazbuddie, 51 points, red ribbon.

Also, 9. Tim Grissom, Bovina, 37 points, red ribbon; 10. Brent Green, Farwell, 36 points, red ribbon; 11. Darren Darby, Farwell, 33 points, red ribbon; 12. Danny Powell, Lazbuddie, 31 points, red ribbon; 13. Sid Howard, Farwell, 30 points, red ribbon; 14. Mark Owen, Farwell, 25 points, red ribbon; and 15. Phillip Hagler, Farwell, 17 points, red ribbon.

Winning the senior division were: 1. Jimmy Fallwell, Friona, 138 points; 2. Charleson Steinbock, Lazbuddie, 100 points; and 3. Steven Brantley, Lazbuddie, 70 points.

The demonstrations contest was conducted Saturday afternoon in the Hamlin Memorial United Methodist Church in Farwell. Serving as judges for this part of the roundup were: Mr. Randy Upshaw, Assistant County Extension Agent, Swisher County; Donna Huffaker, County Extension Agent, Hemphill County; Cathy LaRoe, Assistant County Extension Agent, Carson County; and Marilyn Shirley, Home Economics teacher in Dimmitt.

Following are the winners and their divisions: Cheryl and Linda Gohlke, Oklahoma Lane, Sr. Horticulture Preparation and Use, blue ribbon; Susan Mimms, Lazbuddie, Sr. Speech, blue ribbon; Quentin Mimms, Lazbuddie, Jr. Speech, blue ribbon; Joe Dan Briggs, Lazbuddie, Jr. Horse Demonstration, blue ribbon; Jana Briggs, Lazbuddie, Jr. Food and Nutrition Demo., blue ribbon; Russell Windham, Lazbuddie, Jr. Natural Resources Demo., blue ribbon; Johanna and Berny Mesman, Oklahoma Lane, Jr. Sheep Demo., blue ribbon.

These youngsters will compete in the District I Roundup Contest on May 3 on the Campus of West Texas State University in Canyon.

PPA Donates Books To Library

The Parmer County Planned Parenthood Association has donated four books to the area public library at Friona, according to Mrs. Connie Garza of Bovina, Outreach Worker for the association.

"Since many people have requested information on birth control, population statistics and other related topics, the Planned Parenthood agency is making these books available to the public," said Mrs. Garza. "Anyone doing research papers or just needing

information may visit the library or contact the local Planned Parenthood representative," she noted.

The following books have been reviewed and selected by the education committee of Planned Parenthood to be placed in the library at Friona: "Human Sexuality," by James McCary; "Parents Answer Book," by Charlotte Solar; "Toward the End of Growth," by Charles Westoff; and "Population, Evolution and Birth Control," by Garrett Hardin.
