

Star Lites

By Bill Ellis

THE ACTION BY America's armed forces in recapturing the Mayaguez and its 39-member crew, which had been pirated by Cambodia, has drawn praise from almost every quarter.

The action was a little more like the America that school children are taught about—The America that rose to a world power through the Teddy Roosevelt type policy of "speaking softly and carrying a big stick."

After ten long years in Vietnam, in which Americans were restrained from going for a "win," it was refreshing to see the nation stand up on its feet and fight for a principle it believed in.

Most folks thought we should have had similar action when North Korea stole the Pueblo back in 1964, and held its crew captive for 11 months, even to the point of torture.

It's high time that the most powerful country in the world stood up for its rights when a second-rate outfit decided to take advantage of our good nature.

Reactions like the one this week should do much to pull our nation back together as it gets into the bicentennial celebration, reminding us of the type of nationalistic feeling that has seen the nation through two World Wars, a great depression and many other obstacles.

It's that type of reactions that Americans will jump to defend, rather than debating whether or not we should be involved.

SPEAKING OF patriotism, I am reminded of one of the many interesting tales related to me by Mr. Oscar Lange (by the way—Monday, June 2 will be the 56th anniversary of his arrival in Friona.)

It seems that young Mr. Lange had a good friend in one R.S. Houlette (Dale's grandfather), a Civil War veteran and staunch patriot.

Early in 1921 these two worthies became distressed at the absence of a flag pole in the up and coming city of Friona.

Being men of action as well as imagination they decided to erect a standard upon which Old Glory could be flown to announce to one and all that patriotism was indeed keeping pace with colonization.

The question arose as to the best location and with true Texan forthrightness the center of the intersection at Main and Sixth Streets was chosen.

At this conspicuous and strategic location they dug a hole in the dirt street and therein implanted a flag pole.

And here it proudly bore our flag until the early thirties when progress (?) in the guise of the W.P.A. decreed that it must be removed in order to spread caliche rock in the roadway.

EIGHTH GRADE DAY, one of the last remaining vestiges of extra-curricular activities for the students, may be on its way out in Friona.

We don't have this officially, but from what we hear, school officials have remarked about the event being a lot of trouble.

This might be correct, but we would hasten to point out that it is the one event that all members of a class get to have a part in. Athletics and band give a certain number of students a chance to participate in extra-curricular events, but this does not cover the field.

And a lot of kids never make it to senior graduation day, so this is their only chance for "end of school" activities.

Since small towns are notorious for lack of supervised activities for the young folks, surely this will turn out to be one of those bad rumors.

Jaycees Set Breakfast

All men in the Friona area between the ages of 18 and 35 are invited to a breakfast meeting Tuesday, May 20 at Earl's Parmer House Restaurant. The Friona Jaycees are sponsoring the meeting. It will begin at 6:30 a.m.

Members of the Jaycees are especially urged to attend, according to Donny Campbell, chapter president. Election of officers will be conducted following the breakfast.

The Jaycees plan to discuss some money-making projects, with proceeds to go toward various civic improvement projects underway in the city.

Also to be discussed will be the possibility of conducting a rest stop for motorists in Friona during the Memorial Day weekend.

The Jaycees are attempting to boost their membership.

City Receives Good Rating For Bonds

The City of Friona received good news this week in the form of a letter stating that the city's bonds on the \$350,000 bond issue had been given an "A" rating, which guaranteed an

excellent interest rate by those who will be bidding on the bonds.

The rating came following a trip to New York City late last week by Mayor R.L. Fleming and city

councilman Glenn E. Reeve, Sr. The two city officials met with Benjamin F. Phillips and Thomas Pirro of Moody's Investors Service, Inc., municipal bond research division.

Accompanying the two city officials to New York was Bob Davis of Amarillo, the city's bond specialist. The representatives carried a brochure on the city, along with figures on the financial stability of the area, and color photographs of various installations in the city.

"They were very impressed by the fact that the citizens of Friona have raised \$120,000 to supplement the bond issue. I think that helped our cause considerably," Mayor Fleming stated.

The economic data had been supplied by the Friona Chamber of Commerce, and Dr. Robert Alexander, who provided the photographs.

The city is in the process of receiving bids on the bonds, and the bids will be opened at a special meeting of the council on Monday, May 19.

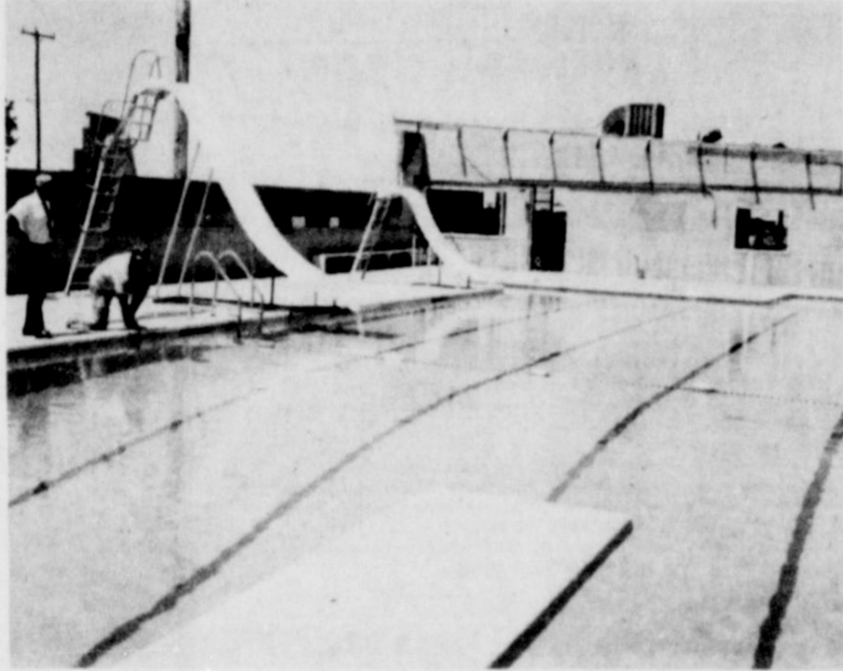

At the regular meeting of the council May 5, the city officially employed Raymond Powell of Lubbock as architect for the Nursing Home project. Powell had been especially helpful to the nursing home steering committee when it began to discuss the prospects of building such a facility in Friona.

Powell met with the building coordinators here Tuesday and went over preliminary plans for the Friona nursing home facility. Suggestions were made for the design of the nursing home.

Powell is to have a plan made to present to the State Health Department. He is to make a trip to Georgia this week, where he will be installed as president of the American Institute of Architects.

Named by the city council as a governing board for the nursing home were Charles Allen, Tom Jarboe, Andy Hurst, Dr. Robert Alexander and Percy Parsons.

The board members will serve on a rotating basis. The terms will be determined at a later date.

POOL OPENS....City manager Jake Outland and pool manager Don Powell are shown inspecting the Friona Municipal Swimming Pool, which opened this week for a three-month summer run. The pool will be open to the public afternoons and weekends through August 15.

George Mahon To Be Guest

Congressman George Mahon will be in Friona on Tuesday, May 27 for a luncheon meeting, it was announced this week by the Friona Chamber of Commerce, which is making arrangements for the visit by the congressman.

Mahon, chairman of the Appropriations Committee in the House of Representatives, will be at the Community Center at noon that day for a barbecue lunch.

All residents of the area—farmers, businessmen and their wives, are invited to attend. The lunch is intended for a "get acquainted" type meeting for those who have not met the congressman.

Coffee meetings are also to be scheduled by the congressman in Bovina and Farwell during his day in Parmer County.

In other business at its monthly directors' meeting, the Chamber set the date for the city's annual Maize Days celebration for September 16-20. The date coincides with the week that the Ray Cammack Shows can appear here. The Cammack shows played during the week of Maize Days last year, and brought

the finest set of rides and amusements that have ever come for the celebration.

The directors also discussed the July 4 program, and began making plans for that citywide observance.

Plans were made for a delegation from the Chamber to attend the hearing by the Federal Power Commission on changing the irrigation gas priority.

Saturday Observed As 'Poppy Day' In Friona

Saturday will be observed as "Poppy Day" in Friona, with the American Legion Auxiliary busy in downtown Friona urging the public to wear poppies as a tribute to the nation's war dead.

"Each year, usually on the Saturday before Memorial Day, millions of Americans walk to their homes and offices wearing the little red poppies. These small flowers are offered to the public by the women of the American Legion Auxiliary and other volunteer workers who donate their time and effort for this purpose," states Betty Smith, chairman of the Poppy Day drive in Friona.

Mrs. Smith reminded that the poppies are worn in memory of the

men who lost their lives in our nation's wars.

"By accepting one of these poppies from a member of the American Legion Auxiliary or some other volunteer, we aid the living victims of the past wars while honoring the dead," Mrs. Smith added.

The memorial poppies to be offered have been made in hospitals and workshops where the suffering of war still exists. The disabled veterans who make these flowers are able to gain a measure of support for themselves and their families.

The volunteers who offer the poppies to the public receive nothing tangible for their contribution.

Through the American Legion Auxiliary poppy program, more than \$300,000 is paid annually to needy and disabled servicemen and women who make the flowers. All contributions go directly to aid the disabled war veterans or members of their families.

Partnership Golf To Tee Off

The 11th annual Friona Partnership golf tournament will be held Saturday and Sunday, May 17-18 at Friona Country Club.

The 36-hole tournament features 16 teams in the championship flight and eight in each of the six other flights. A number of other golfers have their names on the list to play should a spot open up.

Ken Bailey and Ken Hicks of Amarillo will return to defend their title in the championship flight. Most of the other champions also will be on hand.

A barbecue supper for the participants and their wives will be held Saturday night in the backyard of Cotton Renner, club pro.

YOUNG DOCTOR....David Reeve, right, who will receive his MD degree on June 7 from the University of Texas Medical School, is shown discussing an X-Ray picture (background center) with Dr. Robert Alexander at Parmer Community Hospital. Dr. Reeve is spending a month on a family practice grant with the local hospital.

Quick Action Thwarts Robbery Attempt Here

Good timing on the part of Friona police officers here Monday morning, May 5 thwarted an attempted robbery of Monsanto Ag Center, located on the eastern edge of the city.

At approximately 4 a.m. that morning, as a city patrol car was making its rounds, a pickup was observed pulling out of the Monsanto driveway. The city patrolman noticed that the west door of the Monsanto warehouse was open.

The patrol car began pursuing the pickup, and noticed it turn north on the Cemetery Road and pull up on the south side of a house on the Jewel Wells property.

The driver abandoned the pickup, a Monsanto company pickup, before officers got to the spot. They found approximately 27 cases of chemicals in the back of the truck. Later, a 1965 Dodge pickup was found across the railroad tracks east of Friona. The pickup was registered to Eddie Baker of Post. Tracks belonging to two people were found leading from the abandoned pickup to the Monsanto plant.

The Parmer County Sheriff's office issued warrants for Baker's arrest. He was later taken before authorities in Lubbock and is out on bond. He was bound over to action by the Parmer County Grand Jury.

Friona police have arrested a local teenager and charged him with burglary of the Western Auto store here May 2.

Police Chief Bill Denney stated that a quantity of merchandise,

including several men's watches and blank keys, was recovered.

The subject was taken before county judge Paul Fortenberry, assisting juvenile judge Pat Boone. The case will be heard at a later date in juvenile court.

Jr. Rodeo Slated Here

The third annual Friona Junior Rodeo will be held Friday, Saturday and Sunday, May 16-18, at the Friona Roping Arena.

Seven events will be featured on Friday and Saturday nights at 8 p.m. and at 2 p.m. Sunday.

Events include bare back bronc riding, bull riding, tie-down roping, ribbon roping, barrel racing, pole bending and goat tying.

There will also be a calf scramble at each performance.

Belt buckles will be awarded to winners in each event. In addition, all-around buckles will be awarded. Entry fees of \$15.00 for two go-rounds will be charged. Cash or money order will be necessary to accompany each entry, along with a minor's release.

There will be two age groups, 14 and under and 15-19, except for the bending events.

Halliday Rodeo Co. of Elida, N.M. is the stock producer.

Honor Students Named For Eighth Grade Class

Honor graduates were announced Friday for Friona's eighth grade graduating class.

Valedictorian of the class will be Donna Rector, daughter of Mr. and Mrs. Floyd Rector, with a yearly average of 96.5.

Salutatorian will be Chris Barnett, son of Mr. and Mrs. Wesley Barnett, who had a 96.0 average.

Historian (third place) student was Jan Mason, daughter of Mr. and Mrs. Thomas Mason, with a 95.0 average.

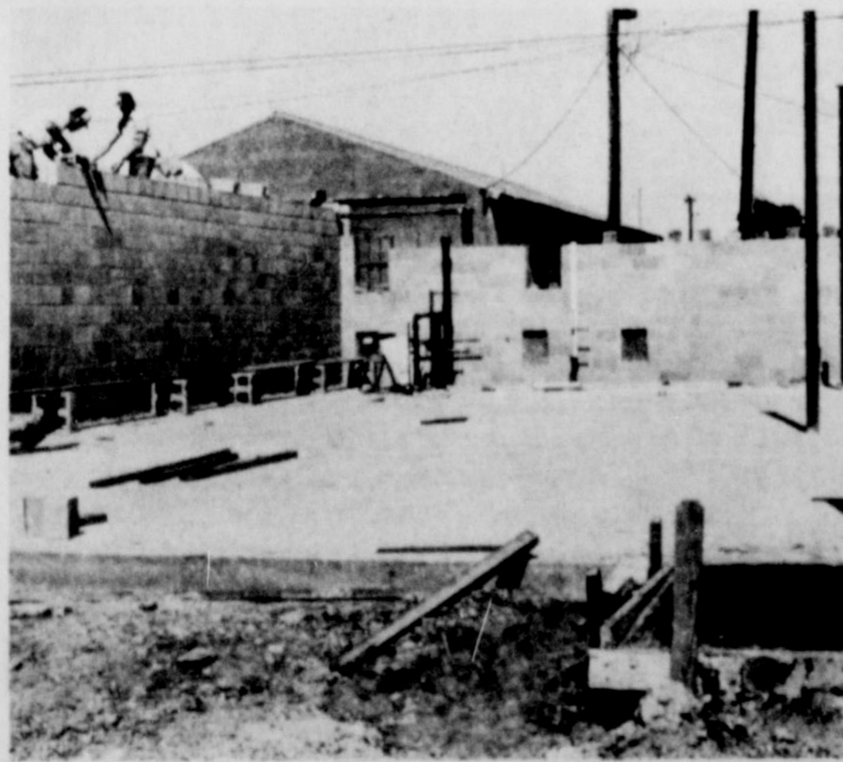

Eleven top students were announced, due to a tie for tenth.

Following the top three were:

Mark Gammon, son of Mr. and Mrs. J.W. Gammon, 94.87; Julie Owen, daughter of Mr. and Mrs. Bob Owen, 93.87; Criss Wylie, son of Bob Wylie, 93.87; Fred Garza, son of Nella Garza, 93.25.

Also, Tracy Horton, daughter of Mr. and Mrs. H.H. Horton, 92.5; Max White, son of Mr. and Mrs. L.R. White, 92.5; Terri Kindler, daughter of Mr. and Mrs. Robert Kindler, 92.25, and Valia Welch, daughter of Mr. and Mrs. Gene Welch, 92.25.

Eighth grade graduation will be Thursday, May 29.

TAKES SHAPE....The new post office building is beginning to take shape on north Main Street in Friona. Workmen are shown laying the tile blocks on the north wall of the building.

DONNA RECTOR

CHRIS BARNETT

SCS Report

The news has been full of gloom for the irrigation farmer lately.

Priority for gas for irrigation was reduced and the price for what gas can be obtained may go up. This is thought to cause a lot of belt tightening and a lot of pencil sharpening to try to keep from starving.

Now is the time to look at the efficiency of irrigation water application. Most furrow type systems can be improved to provide greater efficiency.

The slopes of the land, the length of the row, the furrow stream, and the soil type all play important roles in the design of an efficient irrigation system. An effi-

cient system can be erosive. The amount of erosion produced should also be a factor to be considered.

This all seems to be complicated and it can be, but the information needed to design a system is available free for the asking. The Soil Conservation Service provides this design service to all members of the Parmer County Soil & Water Conservation District.

Each producer must decide what he must do in case of an agricultural energy crisis. Wouldn't it be better to implement an energy saving system now and be prepared for all eventualities.

Friona Flashbacks

...from the files of The Friona Star

45 YEARS AGO—MAY 23, 1930

The election here last Saturday for school bonds resulted in a victory for the bond issue with a count of 212 for and 110 against. The proposition is to issue \$60,000 in bonds for the purpose of building a much-needed high school building.

Miss Amelia Schlenker, daughter of Mr. and Mrs. F.T. Schlenker, whose home is 14 miles west of Friona, was pronounced by the judges in a tie for first place in the state oratorical contests for rural schools, in a contest at Austin.

40 YEARS AGO—MAY 24, 1935

The long and severe drouth which was accompanied by the most severe dust storms this region has ever experienced, seems to have had its back completely broken by the arrival of good soaking rains that apparently covered the entire panhandle area last Friday and Saturday.

35 YEARS AGO—MAY 17, 1940

Harold Lillard, son of Mr. and Mrs. L.F. Lillard of Pure Bred Farm, seven miles northwest of Friona, placed his community and county on the map last week, when he won the banner and four ribbons on his entry of seven head of fine Shorthorns, on exhibition at the Plainview Dairy Show May 7-11.

30 YEARS AGO—MAY 18, 1945

The children of the Black School were taken to the Hereford Park Thursday, May 10, for an all-day picnic, where they enjoyed playing games and a basket lunch at the noon hour.

Several of the group's parents accompanied them, and furnished transportation. They are Mesdames Calvin Martin, Otey Hinds, Chas. Cobb, Clyde Hays, Carl Brunken, Clifford Crow, Kermit Deaton, Truman Johnson, Clarence Ashcraft, L.A. Murphy and the teachers, Mrs. W.B. Stark and Mrs. Will W. Jones.

25 YEARS AGO—MAY 12, 1950

Vera Ann Jones, Friona High School student, returned from Austin last week and the Interscholastic League typing contest after adding the state title to her growing list of typing accomplishments. Vera Ann surpassed all entrants in classes AA and A, chalking up a 96.69 accuracy score. Also competing in the state meet was Edmund Schlabs, in slide rule competition. Mr. Kelley and Mr. Robinson accompanied the students to Austin.

20 YEARS AGO—MAY 20, 1955

Announcement was made this week by Friona Superintendent-elect Dillie Kelley of the two notable changes in the local school faculty. Raymond Cook, present coach and popular faculty member, is being moved up to the position of high school principal. Coming to Friona to take over the head coach position will be the well-known Joe Means, past athletic ace at Phillips Junior College and West Texas State.

15 YEARS AGO—MAY 19, 1960

Three members of the Friona Squaws' basketball team have been chosen to play in the annual North-South all-star basketball game at the close of the annual Girls Basketball Coaches Association meeting this summer. Chosen are Lawana Houlette, Charlotte Brock and Jacquelyn Magness, all of whom were named all-state the past year.

10 YEARS AGO—MAY 20, 1965

Graduation exercises for Friona's eighth grade class will be held Saturday, and for the high school seniors next Monday. Honor students for the eighth grade class are Daria Perkins and Lowery Harper. Karen Osborn and Dennis Howell are the honor students for the 1965 graduating class at FHS.

5 YEARS AGO—MAY 21, 1970

The preliminary census figures announced last week by the Amarillo district offices bears out the fact that the three-county area of Parmer, Deaf Smith and Castro, often referred to as the "Golden Triangle" in recent years, really is one of the flourishing areas on the High Plains. Deaf Smith County, as expected, set the pace with a population of 18,533, a healthy increase of 5,346 over 1960's 13,187. Castro County grew from 8,923 to 10,292, and Parmer County climbed from 9,583 to 10,374.

Letter To Editor

Dear Editor:

A great deal of information has been supplied to the news media in recent weeks concerning the various educational programs now pending before the legislature. I want to share with you and your readers the impact of the program I support. Therefore I have listed below the present amount of state aid received this year by the districts in your area, compared with the state aid that would be provided to your schools under my proposal when fully implemented:

District Farwell
Current State Aid \$270,000
Proposed State Aid \$352,000

One of the main thrusts of my program is to equalize tax payer effort. With limited state dollars, some

districts of average or better than average wealth or taxing ability would not receive increased state aid, but would not be penalized in reduced state aid. Such districts are not listed above.

No school district in Texas would be required to increase local taxes to pay for any part of my plan except those wealthier districts which would need to increase their effort to provide for any teacher salary increase approved by the legislature.

The time has come to substantially equalize educational opportunities and taxpayer efforts in the state system of public education. If we do not, I can assure you that the courts will. We have as choices a legislative solution or a court-ordered

solution. I prefer—and think the vast majority of Texans prefer—legislative action now. It can be done in this regular session of the legislature, within available state revenues and without new taxes.

It is my feeling that the citizens served by your newspaper should have the above information and I would appreciate your making it available as soon as practical.

Sincerely,
Dolph Briscoe
Governor of Texas

Bond Sales Are Given

County Bond Chairman Frank A. Spring announced this week that sales of Series E and H United States Savings Bonds in Parmer County during the month of March totaled \$4,191.00. Sales for the first quarter of 1975 were \$38,207.00 for 38 per cent of the yearly goal of \$100,000.00.

Sales in Texas amounted to \$18,518,450 during the month while sales for the first three months totaled \$61,992,164 with 26 per cent of the \$234.3 million goal achieved.

Putting People first makes you Number ONE with us and that's pretty important to all concerned.

WITH Joe Mexia PEOPLE COME FIRST

We are happy to give Friona State Bank's salute this week to our bookkeeper Joe Mexia. Joe is starting his second year with us and he runs the incoder machine. He graduated from Friona High School in 1973 but received most of his education in Sanger, California.

He lives at home with his mother and four younger children. In his spare time he enjoys reading and swimming.

He is active in the functions of St. Teresa's Catholic Church where he serves as Secretary of the Parish Council and belongs to the Men's Club.

We at Friona State Bank believe that having active young people like Joe on our staff gives us a well-rounded outlook toward our customers. Just another way in which we say that at Friona State Bank "People Do Come First" with us.

Putting People First makes you Number ONE with us and that's pretty important to all concerned.

Social Security Benefits Available

Some divorced women may not be aware of possible social security benefits payable to them on the account of a former husband, according to William Ent, social security field representative. "Women who were divorced from their husbands after being married for 20 years or longer may qualify for benefits much the same as if they never were divorced," William Ent continued.

"A woman whose divorced husband is still alive may qualify at age 62 provided the marriage lasted over 20 years, she is unmarried (even though she may have had a later marriage and divorced), and is not entitled to a larger benefit on another record."

"In the case of a deceased worker, his surviving divorced wife may be entitled to benefits as early as age 60, or at age 50 if the woman is severely disabled. The other requirements of not being currently married, of having been married for over 20 years, and of not being eligible for a higher benefit on another account also apply. The 20-year requirement is not involved if she has in her care a child under 18, or in some cases an older disabled child, who is entitled to benefits from the deceased worker's number."

"Any divorced woman who feels she may qualify for benefits should contact any social security office," William Ent concluded.

Grain Official Begins East Europe Tour

Elbert Harp of Abernathy, Texas, chairman of the U.S. Feed Grains Council, left Lubbock last Thursday for a four-week tour of eight European countries to promote long-term commitments for purchases of U.S. grain.

Harp, executive director of the Lubbock-based Grain Sorghum Producers Association and Texas Grain Sorghum Producers Board, will visit Yugoslavia, Italy, Spain, England, Germany, Hungary, Switzerland and Poland.

The USFGC official will participate in a series of seminars at the Novi Sad Trade Fair in Yugoslavia where he will be joined by John Baumgardner, animal science professor at Texas Tech University. Discussions will center on animal nutrition and the role of the U.S. farmer in world grain production.

During a visit to Vienna, Harp will meet with

Austrian officials to consider establishing a central location for trade seminars between the western nations and those of East Europe and the Soviet Union.

Harp will conclude negotiations with Polish agricultural leaders in Warsaw for construction of two demonstration feedlots. During a visit to Budapest, the USFGC official will discuss potential of feed grain production and consumption and will tour corn production areas of Hungary.

The U.S. Feed Grains Council is a 15-year-old organization in which private enterprise and the U.S. government work cooperatively to develop overseas markets for feed grains. Council negotiations recently resulted in a three-year trade agreement between this country and Norway for purchase of 500,000 to 1 million tons of grain to be exported to Norway.

The council has marketing programs in 20 countries, stimulating demand for U.S. feed grains and helping to expand domestic agricultural production.

Harp will be accompanied by his wife, Clara, and Darwin Stolte, of Washington, D.C., president of the council.

Rate Increases On Unpaid Taxes

The interest rate for taxpayers who are delinquent in paying Federal tax bills, or have been granted extensions of time to file, will jump to 9 percent per year beginning July 1, 1975, according to the Internal Revenue Service (IRS).

A.W. McCannless, district director of IRS operations in North Texas, said recently that the higher interest rate will be charged on all overdue taxes as a result of legislation enacted on January 1, 1975. The present rate is 6 percent per year on most taxes.

The government, which now pays 6 percent per year on overpayments by taxpayers, will also pay 9 percent interest starting July 1. Interest becomes payable if the overpayment is refunded to a taxpayer more than 45 days from the due date of the tax return, or from the date the return is received by the IRS, whichever is later, McCannless said.

In addition to hiking the interest rate to 9 percent, the law provides for increasing or decreasing the rate in the future, to keep it in line with the prime interest rate commercial

banks charge their largest customers.

McCannless pointed out that there has been no change in the percentage charged for the late payment penalty. The penalty remains one half of one percent of the unpaid tax for each month or part of a month the tax remains unpaid, to a maximum of 25 percent of the unpaid amount. Penalties may be imposed on top of interest charged for late tax payments.

KWAHADI INDIANS TO APPEAR

Boy Scouts Plan Gala Open House

(Editor's note: The Kwahadi Indian Dancers will perform here Tuesday, May 22, 8 p.m. at the Community Center as part of the open house activities for the new Boy Scout Hut.)

The Panhandle's Kwahadi Indian Dancers present a panorama of folk art.

A person would have to travel thousands of miles over two or three weeks to see the concentration of dances of the various American Indians that the Kwahadis perform.

The aim of the Kwahadis, a group of Explorer Scouts, 11 to college age from across the Panhandle, is to generate an interest in the public in folk art, provide a form of entertainment and increase their own knowledge of the American Indian arts and crafts.

The Kwahadis, founded in 1945, put on more than 40 performances each year, some for various national meetings which have taken the Explorer group from Los Angeles to Pennsylvania.

The summer and winter night ceremonies each year are held in the Kwahadi Ceremonial Kiva on Plains Boulevard at Bellaire in Amarillo.

Adviser of the program, Charles Ritchie of Amarillo, said they would like eventually to be able to attract audiences as the musical, "Texas," does.

The Friona appearance is part of the effort to advertise the Kwahadis more.

During 1973, plans for a new theater and museum designed by Terrance Doane, Amarillo architect, for the Kwahadis have been under way. In five to 10 years, if not sooner, they hope to have the \$300,000 adobe structure built.

Although Ritchie said the location has not yet been decided, nor have

funds been raised for the project, they would like to locate the theater and museum at the site of the Zoological Society's proposed zoo near the Helium Monument on E. Interstate 40.

It would contain a theater-in-the-round whereby the Indian dancers could enter by ladder from the roof top. Ritchie said it also would contain museum facilities and rooms so Scouts could hold their meetings and weekly craft sessions there.

The Kwahadis present building is owned by 80 Scouts, Inc., which sponsors inter-Amarillo city troops and Explorer Troop 80. It is 80 Scouts which also owns the two buses the Kwahadis use when they go on road shows or tours.

The Kwahadi Indian Dancers trace their beginning to an April, 1945, camporee when Scout Troop 9 staged an Indian Dance for its skit.

The group was organized formally by Ralph Irelan of Amarillo, and Dr. C.E. Colgate, now deceased. As the program grew, Explorer Post 80 was organized to direct activities.

Today, Ritchie reports 80 active Kwahadi members, 35 to 40 of which are trained for the dances. The Kwahadis draw some of their membership from Scout troops in Dumas, Hereford, Canyon, Adrian and Dalhart.

A boy must work up an organizational ladder when he joins the Kwahadis before he can become a dancer, Ritchie said.

When a Scout joins he is known as a candidate. Ritchie said he learns the various Indian crafts such as tying feathers, beading and some dancing. The next step is Second Class.

It is not until the youth has reached the third rung of the ladder that he becomes a papoose and is

allowed to go on trips with the more advanced Kwahadis and help backstage.

Ritchie said that it is at this point the boy builds his own costume using whatever materials are available to him. In some cases, Ritchie said, the youth will have his own Indian artifacts that he may use.

Sometimes, the Scout will solicit the help of a mother or sister to help with stitching or special beading on the costume.

After demonstrating the proper use of costume, he becomes a Chippewa. As a Chippewa, the Scout takes a minor role in the dances.

The Chippewa is then grilled on his knowledge of costuming, dancing and other Indian folk art by the braves. With a majority vote of the braves, the Chippewa can become a brave and take an active part in the dancing.

The time between a candidate and a brave can vary from four months to three years, depending on the youth, said Ritchie.

There is a final rung on the ladder-chief-which involves administration and counseling.

Ritchie said their goal is to someday have 100 to 150 qualified dancers. At present he estimated there are 40 braves.

The summer ceremonials, performed in the middle of the Kiva, concentrate on the dances of the Plains Indians. They also include a few dances from the Pueblos of the Southwest and a few dances done by the Indians of Mexico.

The winter ceremonials are completely different and concentrate mainly on the dances of the Pueblo tribes.

Ritchie said there are about 15 dances in each 100-minute perfor-

Dancers To Appear...

(Continued from Page 4)

mance, although they know between 70 and 80 dances. Among their favorites are the Hoop Dance, Belt Dance and Deer-Buffalo Dance.

The Scouts can, and most do appear, in more than one dance and will often change costumes as many as seven or eight times during a performance.

Each member is free to pursue one of the three styles or clans the group is divided into—the Sioux, Kiowa and Hopi, all of which have different costumes. The Sioux specialize in beadwork, the Kiowa go in for feathers and the Hopi or Plains Indians provide the drum-

ming and chanting.

In addition to the ceremonials, four performances of which already have been held this summer, the Kwahadis take their programs on the road. Ritchie said they do about 30 to 40 of these each year.

These are usually performed within a 300-mile radius of Amarillo on a weekend. Ritchie said they have put on performances in gymnasiums to courthouse lawns.

One year the group took the performance to the Naval Base at San Diego and then to a National Disabled Americans Convention in Los Angeles.

Looking at WASHINGTON

For some time, Secretary of State Henry Kissinger was both the darling of the press and the star of the Ford and Nixon administrations.

That was because Kissinger, primarily under Richard Nixon's direction, achieved outstanding results as a negotiator in Russia, China and the Middle East.

No such dazzling series of accomplishments could continue forever; the Secretary's most recent mission failed and Kissinger is in trouble with Congress for allegedly not being fully candid on several subjects.

Thus critics, long without ammunition, are currently firing away with relish and in volume. It's rumored Kissinger will resign. And some of the President's Palace Guard are working to divide Ford and the Secretary.

Whatever happens from here out, Kissinger's record, overall, must be judged one of the more memorable and productive in the history of the United States.

Three Friona Youths Selected For Camp

A free, one week vacation is in store for three boys from Friona this summer at the Salvation Army's Camp Hoblitzelle near Dallas, according to A.L. Outland, Salvation Army Service Unit camp chairman.

Boys chosen to attend the camp this summer are Arthur Castillo, Martin Mercado and Jess Trevino.

They will leave for Dallas by bus on June 7, and will be met there by a Salvation Army official who will drive or send them by Salvation Army bus to the camp near Midlothian.

"This will be a never-to-be-forgotten experience for these boys who have never been to a real summer camp," Outland noted, "and Camp Hoblitzelle activities are comparable to those found at the most expensive and exclusive boys camps in the nation. Our boys will enjoy horseback riding, swimming, boating, fishing, hiking, archery, handicrafts and group sports as well as worship services and Bible study.

Coaches and counselors supervise all organized activities. Campers are housed in brick and redwood cabins and well-balanced

meals are served in the camp dining hall.

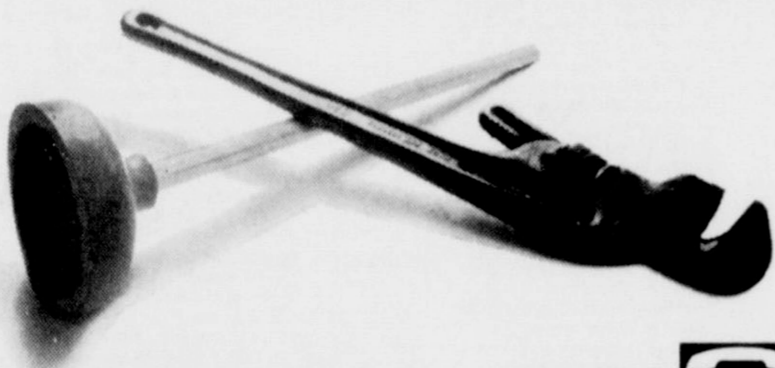

Each boy's trip is financed by the Salvation Army Service Unit Committee which is supported by contributions from citizens in the community," Outland said.

Located on 360 wooded acres with a 30-acre lake, Camp Hoblitzelle is completely equipped with recreational facilities. It is owned by the Salvation Army and operated by the organization for children who could not otherwise enjoy a camp experience. Over 900 boys are expected to attend the four summer camps which the Salvation Army reserves each summer for boys from Service Unit communities.

YOUNG—Embroidered cotton organdy gives a delicate air to this A-line skimmer for the summer bride. Cotton guipure lace edges the jewel neck, short sleeves, and hemline of the detachable chapel train. Designed by William Cahill of California.

The first rocket-lift-off countdown occurred in the 1920's. Fritz Lang, a motion-picture director made a science-fiction movie, *The Lady In The Moon* featuring a mammoth rocket, which looked uncannily like the ones we launch today. He decided that greater suspense could be obtained by switching from the conventional "one two three" to the reverse.

Going to church regularly may not be your habit, but it would be a good habit for you to have.

Mrs. Outland Recuperating

Mrs. A.L. Outland continues to recuperate after undergoing exploratory surgery at Wilford Hall, San Antonio on April 11.

Although undergoing cobalt treatments and suffering the normal effects of nausea and diarrhea, she

states that she is "feeling well under the circumstances."

Mrs. Outland says she wishes to express her thanks and appreciation for the cards, letters and flowers she has received. It is expected that she will conclude her treatments about June 15.

David Reeve Observing Local Hospital Techniques

David Reeve, who will receive his M.D. degree from the University of Texas Medical School, Houston on June 7, is spending the month of May at Parmer County Community Hospital on a family practice grant from UT.

Dr. Reeve, who spent a summer at the local hospital earlier as an orderly, says this has given him a chance to see the "all around" aspects of the hospital.

In his new capacity, Reeve has been seeing the overflow patients at the hospital, and making some house calls. He has had the opportunity of making his own diagnosis, checking with the regular staff members of PCCH.

Reeve has been working in Dr. Robert Alexander's office, and has had the opportunity to observe many of the techniques used at the local hospital.

"It has been quite a change of gears, going from the rotation at the university to one of actual practice," Reeve says. "They can tell you in class about a certain disease hitting one of ten people, but when you actually see it in person, it makes more of an impression," the Friona

native says.

After receiving his medical doctor's degree in June, Reeve will enter a three-year residency (intern) program, then has two years of service he owes the Navy, since the Navy sent him to medical school.

Reeve will do his residency at Corpus Christi, having been placed there through the UT Med School's "matching" program.

He plans to be certified in the Family Practice field, and says he likes the community type hospital.

As to where he might practice after his five-year obligations are up, Reeve says he still has an open mind. He says it is "not out of the question" that he might choose to practice locally, but quickly adds that it isn't a "sure thing," either.

"In effect, I'm 'buying time' with my five years. It will give me an opportunity to beef up my knowledge and expertise, and give me a chance to evaluate the situation," Reeve says. Reeve cited the several Friona young men who have chosen to pursue medical careers, including Mike Wooley, Joel Osborn, Rick Hurst and Mike Riethmayer besides himself.

"It is a tribute to the community that this many would choose the medical profession, but the community can't expect them all to come home to practice," Reeve warned. He suggested that the local health committee work on recruiting local products if they want them, because they will be seriously recruited by other areas.

"There are both advantages and disadvantages to returning to one's home to practice. You have to decide which weighs the heaviest," states Reeve.

The son of Mrs. Fay Reeve, David and his wife Julie, a native of Abilene, are staying with his mother during his month of observation.

Reeve is a 1968 graduate of Friona High School. He received his BA in chemistry from McMurry College in 1972.

DE STUDENT OF WEEK...Honored as Distributive Education's "Student of the Week" this week is Connie Lindeman, a senior in Friona High School this year. She is

historian for the DECA Club. Connie is employed at Friona State Bank and her supervisor is J.H. Branham. She is shown with Charlene Harper in the bookkeeping department.

Dale Schueler Named Distinguished Student

Dale R. Schueler of Friona has been named a Distinguished Student in veterinary medicine at Texas A&M University, announced Dean George C. Shelton.

The honor is awarded to students who have excelled academically in the College of Veterinary Medicine professional program leading to a

doctor of veterinary medicine degree. Dean Shelton noted a 3.25 grade point ratio or better out of a possible 4.0 is required during the spring trimester.

Schueler, a second year veterinary medicine student, is the son of Mr. and Mrs. Raymond Schueler of Friona.

Local Couple Receives

AF Commendation Medals

Sergeants William R. and Helen R. Hardin, U.S. Air Force husband and wife, have each received the U.S. Air Force Commendation Medal at Laughlin AFB, Texas, for meritorious service at Kadena AB, Okinawa.

William, a material facilities specialist, is the son of Mr. and Mrs. William O. Hardin of 4730 Third Ave., South Shore, Ky., and graduated in 1970 from McKell High School.

Mrs. Hardin, daughter of Mr. and Mrs. Arthur Stokes of 1006 Pierce

St., Friona, Texas, and a 1971 graduate of Friona High School, serves as an inventory management specialist.

The sergeants are assigned to the 47th Supply Squadron, a unit of the Air Training Command.

Simple and Quick

One simple way for a woman to safeguard herself against breast cancer is to practice breast self-examination each month. Your American Cancer Society has a free leaflet that tells you how.

Rex Hands Have Son

Mr. and Mrs. Rex Hand are the parents of a baby boy born Saturday, May 3, at 2:34 a.m. in Northwest Texas Hospital in Amarillo.

He is the first child for the couple. The baby weighed six pounds, thirteen and 3/4 ounces at birth and was named Jonathan Boone.

Grandparents are Mr. and Mrs. John Hand and Mr. and Mrs. E.G. Phipps, all of Friona.

Great-grandparents are Mrs. Carrie Shirley, Mr. and Mrs. Charlie Phipps, all of Friona, Mr. and Mrs. Guy Elliot of Midland, Texas and Mrs. Pearl Hand of Ojai, California.

GUEST SPEAKER..Reverend Reed Harris, an assistant vice president of the Southern Baptist Radio and Television Commission, Fort Worth, will tell members of Calvary Baptist Church about the work of the Baptist agency at 8 p.m. Sunday, May 18. Rev. Harris, the son-in-law of Mr. and Mrs. W.H. Brooks of Friona, will show a film, "LEON," produced by the Radio and Television Commission.

Some serious talk about West Texas gas

By K. B. "Tex" Watson, Pioneer president

Living in the middle of an area known for its abundant gas deposits, it's hard to imagine West Texans threatened by a shortage of natural gas. However, there is the possibility that governmental regulations could create a shortage here. If we are not vigilant, we could see much of our gas supply allocated to other areas. Or we could see price controls make it impractical for producers to drill additional wells in this area. What can the average citizen do to prevent that from happening? I would suggest that he be aware of the problem and support Pioneer's efforts to maintain our gas reserves.

DEBBIE HERNANDEZ and ROGELIO PUENTE...Mr. and Mrs. Jose A. Hernandez of Friona announce the engagement and approaching marriage of their daughter, Debbie, to Rogelio Puente, son of Rev. and Mrs. Roque L. Puente of Muleshoe. The groom's father will perform the wedding ceremony on Saturday, June 14 at 7:30 p.m. in the First Baptist Church in Friona.

Study Club Has Annual "Mother's Day Tea"

Black Study Club members met Thursday, May 8 in the Community Room of Friona State Bank for their annual "Mother's Day Tea."

Mrs. Troy White gave a reading, "To My Mother or Grandmother." Tammy Kelley played three selections on a portable organ.

Roll call was answered with each person introducing themselves and telling when they moved to the Friona area. Mrs. Troy White narrated a spring style show.

Guests were Ella Mae Wilkins, Lillie Taylor, Lucille Collier, Grace Taylor, Irene Pope, Opal Strickland, Neva Knight, Emma Elmore, Mrs. T.J. Presley, Ann Shackelford, Anna Anthony, Annie Scott, Rita Agee,

Maggie Tims, Martha Euler, Mary Dixon and Ima B. Coker.

Also, Olive Rector, Willard Stewart, Robbie Hughes, Bula Jarrell, Kitty Loveless, Eufaula Ethridge, Bessie Boatman, Addie Moyer, Viola Treider, Fern White, Pam Hamilton, Janice Hamilton and DeWayne, Tammy Kelley and Doug Carthel.

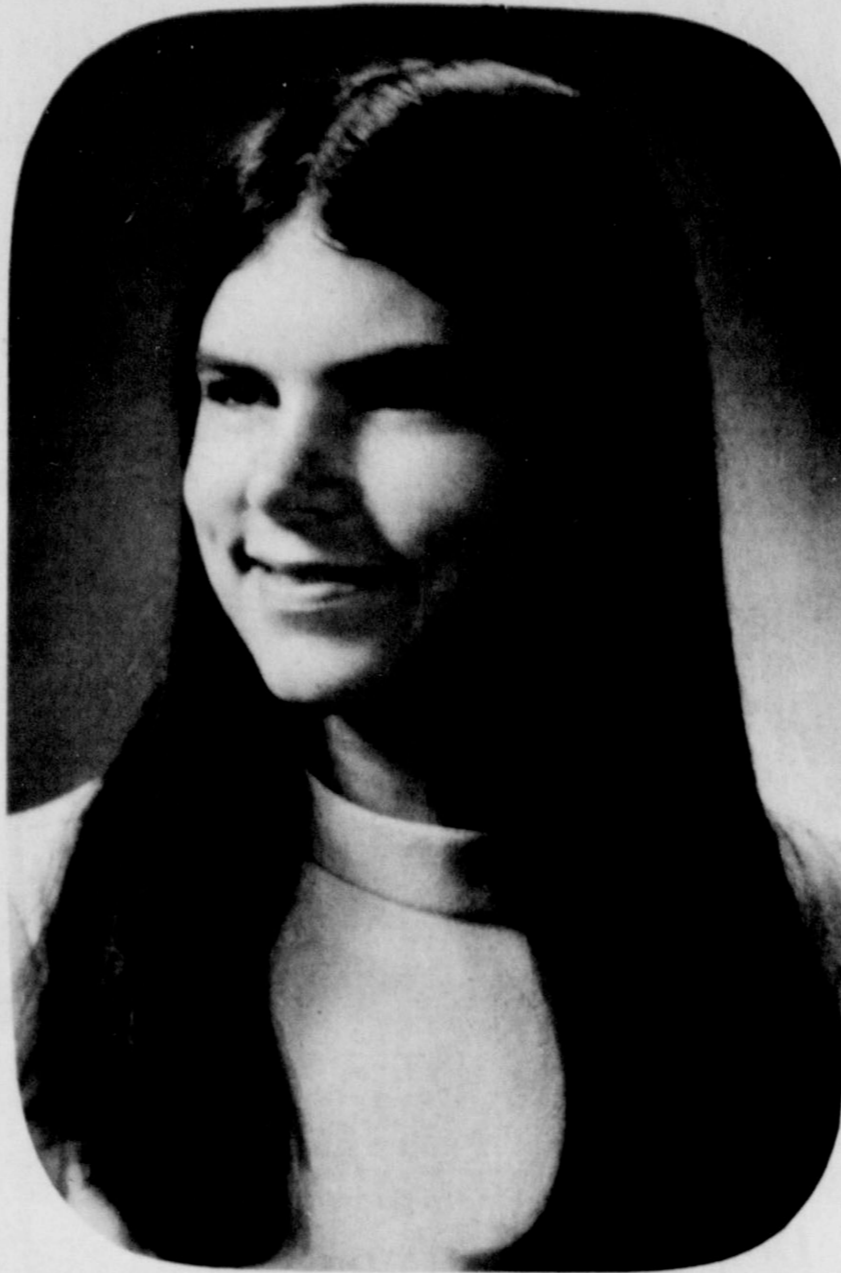

Members present were Ethel Benger, Lois Weatherly, Reba Allmon, Genevieve Ivey, Veva White, Wildred Barnett, Mildred Welch, Martha Hamilton, Randy Hamilton, Chad and Chris, Hannah Lookingbill, Ann Kelley, Carrie Tatum, Ann Carthel, Lucille Rockey and Ruby Stone.

Stage Band Sets Concert

The Friona High School stage band will give a performance Monday, 8 p.m. at the grade school auditorium.

The band will perform ten numbers, including Midnight Crawler, Proud Mary, The New Generation, Pretty One, Mantilla Lace, House of the Rising Sun, Joy to the World, Bless the Beasts and the Children, Suburban Soul and Moon River.

Admission of \$1.00 for adults and 50 cents for students will be charged. Charles Faulkner, high school band director, directs the stage band.

JUDITH KAY GUARD...Mr. and Mrs. John E. Guard of Mt. Carmel, Illinois, announce the engagement and approaching marriage of their daughter, Judith Kay, to Howard Denney, son of Mr. and Mrs. Bill Denney of Friona. The couple will exchange wedding vows at St. Mary's Catholic Church in Mt. Carmel on Friday, June 6 at 7 p.m. Miss Guard is a 1974 graduate of Mt. Carmel High School. Denney is a 1973 graduate of Friona High School and is presently stationed at Camp Lejeune, North Carolina with the U.S.M.C. The couple will return to Friona following the ceremony.

VICKI BECK is a candidate for a bachelor of science degree in secondary education from Texas Tech University at commencement exercises at Tech May 17. The daughter of Mr. and Mrs. J.C. Beck, Vicki majored in psychology and minored in history. She made the dean's honor roll with a 3.4 grade point average. While at Tech, she was a member of the Student Education Association and Alpha Lambda Delta, an honor society. Vicki is a 1972 graduate of Friona High School.

Golden Year Mothers Honored At Luncheon

The sixth annual Mother's Day observance honored Golden Years Mothers of Sixth Street Church of Christ Thursday, May 8 with a noon luncheon in Room 2 of their building.

Gold colored twin streamers centered the full length of the serving table with that color accentuated in the yellow and gold floral arrangements.

A choral group composed of Louise Hays, Neida Miller, D.L. and Ruth Harguess and Mildred May entertained with several selections.

Marie Fleming and Uldene Grimsley each presented a poem, and Vuthill Loafman replayed a recording from last year's program.

Golden Years Mothers attending were Mrs. Lessie Watson, Mrs. Vivian Myers, Mrs. Pearl Brannon, Mrs. Ella Dukes, Mrs. Robbia Hughes, Mrs. Beulah Jarrell and Mrs. Sally Cocannouer.

Hosting the occasion were Mesdames Raymond Fleming, David Grimsley, Loy Loafman and Hardy May.

Program Highlights Study Club Meeting

The Progressive Study Club met at 8 p.m. on Monday, May 12 at the Federated Club House.

Jeanine Jarboe, Pam Veazey, Carol Bavousett, Phillip Duggins and Gary Stone with the help of Joy Morton, provided the entertainment. They demonstrated exercises to loosen up before plays and ways they are taught to think on their feet. Then the whole group participated in presenting skits with only four minutes preparation time.

The business meeting was called to order by Betty Mabry, president. Carolyn George presented a meditation. Roll call was answered by fifteen members and Mary Echols was welcomed as a new member.

Projects and Ways and Means for the 1975-'76 club year were presented by Nancy Edlemon and Maxine Loafman. They were discussed at length and will be voted on at the club's final meeting to be held on May 26.

The group voted to spend one day working on the yard around the Club House as the project in conjunction with the Chamber of Commerce's

"Beautify Our City" campaign. Homemade ice cream and cake were served by Maxine Loafman and Jeannette Maurer.

Gayla Self Initiated In Honor Society

Fifty-nine new members of Kappa Mu chapter of Phi Theta Kappa were recently initiated during ceremonies at South Plains College in Levelland.

In order to be admitted to the honorary society, students must maintain a 3.25 overall grade point average and a 3.5 GPA the preceding semester while carrying at least 12 semester hours.

Ron Carden, associate professor of history at SPC, is chapter sponsor.

Gayla Self of Friona was among the new members initiated into the chapter.

When You Build, Build-In the Comfort of Electric Heat

When you build a new home to be heated "the electric way," take these steps toward total comfort.

- **INSULATION.** Install the proper amount and proper kind of insulation best suited to your new home and needs. First consult the expert at your Rural Electric.

- **DUCT SYSTEM.** Provide for an even distribution of air flow through your entire home.

- **STORM DOORS, WINDOWS & WEATHER STRIPPING.** Keep the warm air in and the cold air out. Proper attention here can be a real money saver!

- **SIZE.** Your new unit should be large enough to handle the job. But not so large as to waste electricity and your money.

Electricity is too important to waste. Contact your Rural Electric system for money saving, electric efficiency hints.

Overweight Problem Is Subject Of Book

"Fat Can Be Beautiful" will be of interest to you if you are one of the twenty million Americans born to be fat.

So claims the author of the book, Dr. Abraham I. Friedman who has specialized in treating obesity and metabolic diseases for over 25 years and is affiliated with Beth Israel Medical Center and Lebanon Hospitals in New York. And who, from his picture on the flap, does not appear to have the problem about which he writes.

The thesis of the doctor is that some 20 to 30 million Americans are born to be fat because of genetic and metabolic causes. In any event, a third of all Americans, or 70 million, are overweight and to stabilize one's weight is the crucial need.

Fat not only is inevitable, Dr. Friedman contends, but need not be unattractive and to prove this he

cites case after case of famous and not-so-famous fatties who are notably happy, healthy, and successful socially and professionally.

The mania for slimmness leads to almost invariable unsuccessful dieting regimens, according to the doctor. Faddist doctors victimize the public by exploiting what amounts to epidemic anxiety and can be harmful, he explains.

Obesity is not harmful, the author states, and explains how some of the most widely circulated truisms about overweight and heart disease are untrue or are contradicted by the latest statistical evidence.

Be healthy, beautiful and sensuous, Friedman advises. If you need encouragement and help with a diet or understanding of why you are shaped like you are, you'll enjoy this book. You can get it free at Friona Public Library!

BIG NEWS FOR YOU WHEAT FARMERS

DONAHUE

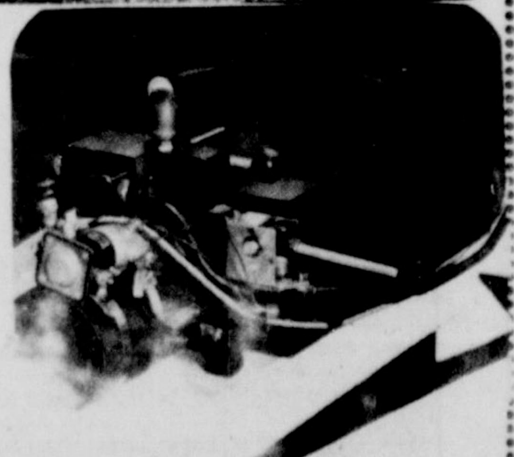

GRAIN TRAILERS

Discounted For Wheat Harvest

Powerful hydraulic pump operates jack stand and bed hoist, from the electrical system of your pickup or farm tractor. New hydraulic jack stand raises gooseneck for quick hookup, even when fully loaded. Complete hydraulic system is standard equipment.

Hydraulic pump feature handy dual controls. To lever raises and lowers stand, bottom over rail and lowers bed hoist. Bed hoist also can be raised using control located on rear of carrier, near end gate.

FRIONA MOTORS

UNUSUAL RODENT... John Allen, Jr. is shown holding what is believed to be a kangaroo rat, a rarely seen resident of this area. The small rat is about five inches long, with a seven-inch tail, and can make big hops with his large hind legs. Allen found the animal in a tailwater pit on the Joe Talley farm.

Easy Livin'

Here's a great treat for your child's sweet tooth:

SKRUNCH

- 2 cups corn flakes
 - 1 cup crisp rice cereal
 - 1/2 cup semisweet chocolate chips
 - 1 cup broken pecans or walnuts
 - 3/4 cup light or dark corn syrup
 - 1/4 cup sugar
 - 2 tablespoons margarine
 - 1/2 teaspoon vanilla
- Mix together cereals, chocolate chips and nuts in large bowl; set aside. Mix together corn syrup, sugar and margarine in a small or medium

saucepan. Stirring constantly, bring to full boil over medium heat and boil three minutes. Remove from heat. Cool 10 minutes. Add vanilla. Beat mixture with wooden spoon about three minutes or until mixture turns a lighter color and thickens. Pour over cereal mixture all at once. Toss to coat evenly. Press firmly into Dixie "X" nine-oz. kitchen refill cups. Insert wooden sticks or lollipop sticks. Chill until set - one to two hours. Loosen Skrunch with spatula and slip out of cup or slit cup lengthwise and remove. Does not require refrigeration after Skrunch is set. Makes six bars.

Had trouble saving?

Your tax refund could be the start you need.

With the high cost of living...and taxes...these days, we know how difficult it is to start a regular savings plan. Your tax refund could be just what you've been waiting for to start you on the road to financial independence. Rather than letting all that "unexpected" money slip through your fingers, deposit your refund check in a savings account with us and watch it grow with compound interest.
