TO DOUBLE PAYROLL

ARE YOU ONE of the "In" people around town? We were reading a magazine article recently about status symbols and it set us to thinking about what might be the current status symbols in our local area. The article had listed some of the "ins" and "outs" from various places around the country, so we decided to do a quick informal survey of our own little community. If you want to be an "in" person in

Friona you must have most of the items on this list. Check through the list and see where you stand.

1. Trip to Hawaii. You must have just seen or be about to go. Of course if you're traveling to other foreign countries, too, so much the better. 2. Own a cabin in mountains of

New Mexico. 3. You must jog, play tennis or

bike around town on your ten-speed. Never alone, of course, always with a neighbor, friend or spouse. 4. Own a four-wheel-drive vehicle,

a van or a club-cab pickup. 5. Wear large sunglasses.

6. Own at least five houseplants.

Naturally, the more houseplants you have, the better. Some of these should be hanging from your ceiling with their own handmade macrame plant hanger.

7. Own a camper. 8. Play bridge. 9. Own a race horse. 10. Have a TV in every room of

your house. 11. Eat at El Monterrey in Clovis

on Friday nights. Saturday is okay if you can't get there on Friday.

12. Be a big worker in your church. You must be seen sitting in approximately the same spot in church every Sunday morning. We haven't yet figured out how you're going to do this and get any use out of your mountain cabin, your camper or your four-wheel-drive

Giant Expansion MXPXL Corporation released addition of a shift would just about

details this week on the proposed \$7 million expansion program for its Friona plant.

An additional 50,000 square feet is to be added to the present plant, which contains approximately 80,000 square feet of space.

The additional space will be used to fabricate the beef carcasses, a step which will enable MBPXL to greatly enlarge its market capabilities for finished beef.

"We will also add another shift at the plant, which will allow us to slaughter an additional 800 to 1,000 cattle per day," said MBPXL **Corporation president Dave LaFleur** of Wichita in a telephone interview this week with the Friona Star.

LaFleur, who at one time was manager of the Friona Plant, said the expansion both in space and the

double the number of employees at MBPXL, which presently is 350 people.

The payroll would be expected to double as well. Last year, the plant labor alone accounted for over \$3,000,000 in payroll.

The MBPXL president says his company hopes to break ground for the new addition within the next 30 days, with completion expected "in early 1978." An official groundbreaking ceremony, to include community and Chamber of Commerce officials, is in the planning stages.

"I hope that Friona can take advantage of this expansion, and keep most of the money it will generate there at home," LaFleur said. "The housing situation seems to be somewhat better than when the

plant first opened, although the city could still use some sort of low-cost housing. We also notice that there have been several additions to the business district in recent years," LaFleur continued.

MBPXL Slates

Community leaders were excited about the prospects, as well as the challenge that the proposed expansion brings for Friona.

and should help our entire area. We need payrolls such as this. And when expansion would be necessary. you speak of spending \$7 million, this will help the area in itself," said Friona Mayor R.L. Fleming.

get set up to take care of the increased number of workers to be needed at the plant, it could mean more to the community in the long could pull in that many families any run

"I'm hopeful that there will be a sagging cattle market," the mayor push in the Carter administration to provide houses for the working class of people," Fleming remarked. He merce president, said "I think it's said that hopefully, when the project kicks off there should be some type of federal program available to provide some type of large complex, such as apartments.

The mayor said that as far as the city's water and sewer system was "It will be a big shot in the arm, concerned, that the city was adequately prepared for whatever

"We have recently applied for a \$200,000 cost-share from the federal government for paving in our Fleming said that if Friona could minority areas. This announcement demand for cattle, and help the might help us in that regard," Fleming said.

"It's just great. There's no way we other way. It should also help our

concluded.

Bill Wilshire, Chamber of Comgreat that MBPXL had the confidence in Friona to spend that kind of money. We're fortunate to have that kind of industrial expansion come our way.'

Jack Carrothers, president of Friona Industries and former president of the Texas Cattle Association, said that the proposed increase in the number of cattle slaughtered at the plant should be an asset to the cattle industry.

"That would create more of a industry in the long run," said Carrothers, who pointed out that cattle statistics in the "big seven" feeding states are down 350,000 to 400,000 cattle from last year.

A sixteen-year streak came to an end at the 30th annual Parmer County Junior Livestock Show Friday.

Lazbuddie's longtime winning streak in the barrow division was ended when Brent Green, Farwell

afternoon, to be followed by the steer show at 7 p.m. Friday. The auction sale is set for 1 p.m. Saturday. Breed champions and reserves from Friday's barrow show were as

vehicle

13. Your wife does some sort of handwork, preferably needlepoint, under the hairdryer in the beauty shop each week.

14. You must never ever have a weed in your front lawn. It's okay to have weeds in the back because most folks don't see them back there.

15. You should wear lots of denim suits, ski sweaters, you and the spouse should have matching jump suits, too.

We also came across a few things that are "out" in Friona or are on their way out things that have been popular for a time and the novelty is beginning to wear off, such as CB radios and long hair for men. There was a pretty long list of these things but we decided it would be best not to print the whole list. because too many of our readers might get mad at us.

By the way, the editor has decided he doesn't consider himself an "in" person

You might be interested in how we differ from other parts of the country in our likes and dislikes. For instance, membership in private clubs and owning season opera tickets were big in New York. Also having a phone in your bathroom and owning a Rolls-Royce were on the "must" list for the "in" folks in the big city. Transcendental meditation was a biggie in Atlanta, Georgia.

In Chicago you need to have a cabin cruiser, a whirlpool bath, a limousine with a bar and a color TV and you must own a piece of original sculpture. Folks in California seem

plants, jogging and denim clothing. They also go in for wine cellars, recreational vehicles and pottery making.

Well, we were glad to see that the tastes of Friona folks are not quite as rich as those in New York or Chicago. It must really be difficult to keep up with the Joneses in those places.

The article did say, however, that status symbols are more important in a small community such as ours where everybody is known to everybody else. For instance if you are carrying a shopping bag from a very exclusive store as you walk down the street of a big city, who are you going to impress? Perfect strangers who couldn't care less and whom you'll never see again.

4-H youngster, showed his Duroc entry to champion of show honors. In a highly competitive barrow show, Friona and Farwell youngsters had four of the five breed winners, two each. Only in the cross breed division did Lazbuddie manage a champ, and that entry, shown by Mickey Powell, was

Green's Duroc was the first non-Lazbuddie shown barrow to win the county show since E.C. Wilson of Friona won it with a Poland China in 1960.

A total of 194 barrows were entered in the show, and judge Travis Allen called it the most competitive he had seen.

Detour At Bridge To Begin Monday

The detour at Running Water Draw will be put into use beginning Monday, it was announced this week by Rhea Bradley, resident engineer, Texas Highway Department. The detour will be in use for

NEW PRO....Tim Percival is the new pro at Friona County Club, having assumed his duties February

1. Percival is a native of Garden City, Kansas. (See Story Page 3)

approximately 60 days while the old bridge is torn out and the new bridge constructed for the improved Highway 214.

"We urge the public to use caution in this area," Bradley said.

The highway official said that it would require approximately two weeks to tear out the old bridge and build the dirt embankments. Construction on the new facility will take around six weeks.

The new bridge will be five feet taller than the old one, which was at the bottom of the draw. It will also be 120 feet long, with a 48-foot wide roadway. In addition, the sight distances are being improved by grading the top of the draw.

Bradley indicated that progress on the Highway 214 project was proceeding at a good pace. On the regular portion of the highway, the project is providing two 13-foot travellanes with nine-foot paved shoulders.

Boswell and Crafton Construction Co. of Lubbock is the general contractor on the project, which is under the direction of District Engineer George C. Wall, Jr. of Lubbock

Break To **Begin Here**

The mid-winter break in classes for Friona schools, referred to by some as the "Ski Break," will be held next weekend, when classes dismiss on Wednesday, February 23 at 2:45 p.m.

Students will be out of school on Thursday, which will be a teacher in-service day, Friday, and Monday, February 28. School will resume on Tuesday, March 1.

The break will be the last for school students until the Easter weekend in April, when a similar long weekend will be held.

READY FOR SHOW....Shown sprucing-up his prize steer on weigh-in day at the Parmer County Junior Livestock Show is Jody Menefee of the Friona FFA chapter. A record number of animals, 374, had been

entered by FFA and 4-H Club youngsters from all corners of the county for the 30th annual show which concludes on Saturday afternoon with the auction sale beginning at 1 p.m.

Testimony Heated In Weather 'Trial'

A large crowd of area farmers and officials has been on hand for hearings in Lubbock this week on the proposed renewal of licenses for hail suppression operations in the High Plains area

Testimony has been heated in the first two days of the hearings Wednesday and Thursday. The hearing was to conclude on Friday. Parmer County commissioner Jimmie Briggs of Lazbuddie produced evidence on Wednesday indicating that published notices concerning the hearings that would tend to lead some residents to believe that their land was not

requested permission to fly cloudseeding operations above, when in reality, it was.

Briggs had traced maps of the area shwoing the parts that the

notice omitted. Attorney Harrell Feldt, representing the Citizens for Natural Weather, moved to have the entire hearing ended due to the flaw, but was unsuccessful

However, Briggs told the Friona Star Thursday evening that he believes the citizens opposing the hail suppression are getting a fair hearing, and based on the evidence and testimony being given, he feels that it is doubtful that the license for the California-based company will be renewed.

Public sentiment among the farmers, especially in the dryland or

Plains, has been that the planes, which seed possible hail clouds to prevent damage to crops, also cause the clouds to disperse and cost the farmers valuable rainfall.

Two Spots Expire

Two members will be elected to the Friona School Board in the April 2 election, it was announced this? week by Superintendent of Schools' Tom Jarboe.

During the recent school board meeting, an election was called to fill the positions created by the expiration of the terms of David Grimsley and Jerry Hinkle. Hinkle has filed for re-election, but Grimsley, who has served two three-year terms, has indicated that he will not be a candidate for re-election. Deadline for filing will be March 2, 1977. Those wishing to file may do so in Jarboe's office. Also filing on Friday morning was Jerry London.

Holdover members of the board are George Frye, Wesley Barnett, Ronald Smiley, Teddy Fangman and Floyd S. Reeve.

Court To Hear Criminal Cases

Seventeen criminal cases are to be scheduled in District Court before Judge Pat Boone, Jr., beginning next week in Farwell. Jurors are to report on Tuesday, February 22, to begin what is expected to be a full schedule.

One hundred seventeen prospective jurors have been notified by Sheriff Charles Lovelace to report for possible jury duty.

Those charged with criminal offenses are:

Thomas F. Barker, theft; Chris-topher F. Webster, credit card abuse; Don Barnes, possession of marijuana; Frank Mendoza, burglary; David Ramos, burglary and criminal mischief.

Terry Dwayne Fite, possession of tetrahydrocannobinal; Johnny Dean Broyles, aggravated assault; Charlie Castillo and Arthur Castillo, forgery; Roy Fuentes, burlary; James Field, burglary; A.D. Williams, theft.

Randy Blankenship, forged pre-scription; Alvin Arnold, rape; Benito Mejia, DWI; Kenneth Poe, possession of marijuana; Esteban Saldana, failure to stop and render aid.

The jury list is as follows: TUESDAY, FEBRUARY 22, 1977 AT 9: 30 A.M.

Raymond Martin, Gary Lynn Harris, Versie Ansley, Eva Lou Rector, Harry Sheets, Cindy Weatherly, Lou Reed, David Lee Meeks, Benny W. Callaway, Andrew H. Wilson, Wade Cecil English and Robert Lee Douglas, Jr.

Also, Mrs. Dean McCallum, Fred Earl Cochran, Conchita Maria May, William Larry Webb, James David Grimsley, Ruth Beatrice Inman, Fay Louise Reeve, Antonia D. Baca, Mrs. Hugh Preston, Harlin Obenshain, Ethel May Johnson and Van Earl Nichols.

Also, Balty Buentello, Ruby M. Jones, Jackie Lynn Rando, A. Don Billington, Thomas R. Lee, Jr., John Agee, Loy W. Spears, Richard Lawrence Homer, Vana Stevenson,

Mrs. Thomas Rhodes, Jr., and Audelia O. Serna.

Also, Barbara June Cockerham, Mrs. Richard D. Chitwood, Marion Claude Osborn, H. Percy Parsons, John David Jones, Vernon Freman Davis, Melvin Lingnau, Virgie Milton Ferguson, Mrs. Dale Westbrook, Mrs. C.W. Bradshaw, Debbie Schilling and Mary Belle Davison. Also, Travis Light, Sherri Jo Thorn, Bonnie Jean Paine, Billie Flo Brown, Troy Crutchfield, Radford Oscar Venable, Annie Ruth Smith, Wilma Johnston, Maria Rangel Madrid, Billy Don Read, and Mrs. Calvin Johnson.

Also, Marvin R. Jordan, Lloyd Calvin Mingus, Mrs. R.L. Fleming, Edgar Fletcher, Terry Jay Sherrill, Carrie Melear, Chester William Rogers, Sandra Linn Smith, Marcos Madrid, Jr., Jimmy Parson, Randy Max Bush and Woodrow Morris Bradley.

WEDNESDAY, FEB. 23, 1977 AT 9: 30 A.M.

J.B. Young, Jr., Sara Florence Dean, Lanny Chris Trussell, Gary Michael Smith, Mrs. Carl Schlenker, W.G. Harlan, Terry Lewis Phipps, Mrs. Richard Haseloff, Pamela Gay Miller, Clyde Schilling, Mrs. R.W. Sheiton and Charlie Huey Wise. Also, Cassandra Cargile, David

Henry Clark, Susie N. Howard, Mrs. G.A. Collier, Tom Guene Lovelace, Lois Lorena Duggan, Mrs. T.A. Kelley, Ralph G. Wilson, Mrs. Ova Outland, Norvell Strawn, Charles Danny Jones and Laverna W. Parr.

Also, Louva Grace Kersey, Fidel Magin Madrid, Stephen R. Jones, Thomas DeLeon, Herbert Day, Letha Patsene Clark, Mrs. Philip Brockman, Nancy Pauletta Curtis, Glenn Ray Fant, R.W. Anderson, Ina B. Coker and J.O. Stroud.

Also, Mrs. Onie Bradshaw, Mrs. C.A. Norton, Jo Hammonds, Teddy P. Tucker, Clarence Johnson, Dick Geries, Eddie LaNelle Mays, Ethel Ruth Spring, Iris Wanda Claborn and Lola White.

......from the files of The Friona Star

50 YEARS AGO-FEB. 18, 1927 At least one local farmer and stock raiser, Mr. Floyd T. Schlenker, whose farm is 14 miles west of Friona, has met with success in his efforts to grow sweet clover on the Plains. Mr. Schlenker wished to grow some pasture for his registered spotted hogs, so he sowed his clover broadcast, and then planted it to oats with a disc drill. The oats came up first, then offered some protection for the clover, which followed. The hogs grazed on the oats, and by the time they were all gone, the clover was large enough to furnish grazing for the rest of the season.

45 YEARS AGO-FEB. 19, 1932 The annual exhibit and entertainment of the McCormick-Deering line of farm equipment will be held by its local dealers, Buchanan & Rosson, in their show rooms across west of the court house in Hereford from 1 to

6 p.m. next Tuesday afternoon. On Friday night of last week, as a number of young people were returning from a basketball tournament at Farwell, their car whipped crosswise in the road and turned over. Mrs. Edward Spring was driving. No one was seriously hurt.

35 YEARS AGO-FEB. 20, 1942

American farmers are being asked to come to the nation's rescue in its need of scrap materials for war weapons, and the farmers of the Friona territory will have full

opportunity to do their part. Rev. Paxton Smith, of Ft. Worth, the newly called pastor of the local Congregational Christian Church, is announced to preach his initial sermon here Sunday at the 11 o'clock hour.

+ + + +30 YEARS AGO

(1947 volume missing from files)

25 YEARS AGO-FEB. 21, 1952 County Judge Dent of Lamb County emphasized the obligations of the individual and the farmer in better government in his talk Monday evening before the Parmer County members of the Farm Bureau in its annual meeting, held this year in Farwell.

Bill Sheehan, local attorney, now has a private office in the American Legion Building in Friona. Sheehan is located in the old library room,

adjacent to the Chamber of Commerce offices which he formerly occupied.

+ + + +

20 YEARS AGO-FEB. 14, 1957 Fifty persons attended a meeting of Hub community residents at the Methodist annex Friday evening. The purpose of the meeting was to discuss the possibility of building a community center. Bill Wooley acted as presiding officer, and the Hub Community Association was organized. Wooley was elected president of the association; James Mabry is first vice president, Dean Bingham, second vice president and Melba Burleson, secretary-treasurer.

+ + + +

15 YEARS AGO--FEB. 15, 1962

Political fever hit the area. Announcements were carried for B.M. Nelson, Dimmitt, for state representative. (Previously announced were Bill Clayton, Springlake, and W.T. (Bill) Millen, Muleshoe); J. Frank Ford, Hereford, for state representative (Republican ticket). For the first time in recent history, there is a substantial number of Republican entries, and a Republican primary will be held in Parmer County this

year.

10 YEARS AGO-FEB. 16, 1967 Rev. W.G. (Bill) Burton, pastor of Friona's First Baptist Church for the past six and one-half years, tendered his resignation during the morning service at the church last Sunday.

Honored by the Friona Chamber of Commerce last Thursday were W.L. Edelmon, man of the year; Mrs. Frank Spring, woman of the year; Iola Nelson, most courteous employee; and Mal Manchee, teacher of the year. + + +

5 YEARS AGO--FEB. 17, 1972

It was a long, foggy trip back to Friona from Plainview Tuesday night for the Friona Squaws and their fans. To the victors belong the spoils -- Slaton probably had clear sailing going home to the south While the temperature outside hovered around the freezing point, it was even colder at times inside the gymnasium for the Squaws, who dropped a 37-30 bi-district game to the Slaton Tigerettes, to wind up their 1971-72 season on a sour note

that registration ssociation, sai will be from 11-11:45 a.m. at the Community Center. The meeting will follow the luncheon. Black, who is master o ceremonies, is a former director and ast president of the Association of Texas Soil and Water Conservation Districts. He also helped organize and was a director of the Parmer

Tim Percival Is New C-Club Pro Tim Percival, 26, became he says. Percival's pro shop

first of this month. Percival is a native of

Garden City, Kansas, and moved with his wife Sandi from Panhandle, where he had served as golf pro for the past 18 months.

The new Friona resident attended college at Seward County Junior College in Liberal, and at Southern Illinois. He served as assistant golf pro at the Mountain Valley CC at Burleson, and had been assistant greenskeeper in Illinois and at the Great Southwest CC of Arlington before going to Panhandle.

"We really love it here. This part of the county is more like home to us than some of the places we have lived," Percival says.

He said he wanted to make it clear that he wished to serve the entire community and area, and not just the country club members. "Most people don't realize

that as a golf pro I am an independent businessman."

the new professional at carries the top name brands Friona Country Club the ingolf equipment, as well as clothing, and of course, he gives lessons.

Percival and his wife of six years are members of the Methodist Church. They have no children. "We are looking forward to getting acquainted with the folks of the Friona area. We invite everyone--country club members or not--to come out and meet us," they say.

Kiwanis Set Show

The Friona Kiwanis Club is planning a second annual talent show to be held on March 5.

'We had a very successful show last year, and those who missed it missed out on lots of fun and enjoyment," said a spokesman for the club.

The Kiwanis say they will appreciate the help of all residents of Friona in putting on another show this yer. Proceeds from the show will be put back to work in the community.

Numbers to call to enter a talent act, or to tell about someone the club might want to contact, are 247-3271 from 8 a.m. to 5 p.m.,

Never leave a key under the doormat or hidden anywhere else outside.

PAGE 4, THE FRIONA STAR, SUNDAY, FEBRUARY 20, 1977

Serena

Sparkman

Serena Emaline Sparkman, 78, died at High Plains Baptist Hospital in Amarillo on Friday, February 11, following a lengthy illness.

Funeral services were held Sunday, February 13 in the Friona United Methodist Church with the Rev. Bobby McMillan, pastor, and the Rev. Ron Trusler of the Calvary Baptist Church officiating.

Burial was in the Friona Cemetery under the direction of Parsons-Ellis **Funeral Home**

Born May 29, 1898 at Stigler, Oklahoma, she was married to Ernest E. Sparkman on March 23, 1919 in Maud, Oklahoma. Mr. Sparkman preceded her in death. She had been a resident of Parmer County for the past 33 years. Mrs. Sparkman was a member of the Methodist Church and was a member of the American Legion Auxiliary.

Survivors are four daughters, Mrs. Jesse Springfield of Tecumseh, Oklahoma, Mrs. James R. Cook of Amarillo, Mrs. J.C. Parvin of Friona and Mrs. Troy L. Kemp of Duncanville, Texas; two sons, Glenn E. Sparkman of Amarillo and Eldon D. Sparkman of Abernathy.

Three sisters also survive: Mrs. Maud Rutledge of Tecumseh, Oklahoma, Mrs. Mary Collum of Odessa and Miss Annie Tiffin of Maud, Oklahoma, and one brother, Ed Tiffin of Port Lavaca, Texas. Nineteen grandchildren and 24

great-grandchildren also survive. Pallbearers were Clyde Fields, Pete Hollis, Howard Love, A.L. Jutland, Raymond Fleming and Wayne Mills.

Lawis E. Lee

Funeral services for Lawis E. Lee, 79, were conducted last Saturday, February 12, at the Spur United Methodist Church. Burial was in the Spur Cemetery.

Lee had been a resident of Friona for the past six years, moving here from Spur. He was born in Richmond, Texas, and was a retired retail building supply merchant.

He was a 50-year member of the Masonic Temple and the Eastern Star, and while at Spur had served as a volunteer fireman, and had served as mayor, was on the city council and school board.

Lee also was a veteran of World War I, was a member of the VFW and the American Legion.

Survivors include his wife Gladys of the home, one daughter, Winifred Hurst of Friona and two grandchildren, Rick Hurst of Houston and Ann Graves of Friona.

Alfonzo Aragon

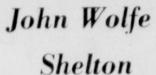

Funeral services were conducted Tuesday in Friona for Alfonzo Aragon, 64, who passed away Sunday. Services were held at St. Teresa's Catholic Church with the Rev. Dermot O'Brien officiating.

Burial was in Friona Cemetery, under the direction of Parsons-Ellis Funeral Home.

Mr. Aragon was a retired farmer. Survivors include his widow, Leandra; four daughters, Frances Rando of California, Rosa Guiterrez of Florida, Susan Gonzales and Cecelia Galesia, both of Friona; two sons, Steve Aragon and Raphael Gonzales, both of Friona; four sisters, Alice Garcia of Hale Center, Juanita Martinez of Friona, Ophelia Fifnero of Raton, N.M., and Julia Anfara of Oxnard, Calif.; five brothers, Pete and Ross, both of Canyon, P.C. and Fred, both of Ingleside, and Paul of Friona; 26 grandchildren.

The family requested that memorials be made to Prairie Acres Nursing Home.

Pallbearers were Pete Diaz, Jesse Bermea, Matilde Castillo, Natividad Saldana, Isidoro Saldana and Ismael Madrid.

John Wolfe Shelton, 95, the father of four Friona residents, passed away February 14. Shelton had lived in Friona the past six months, coming here from Greenville.

Funeral services were held Wednesday, February 16 at the Coker-Mathews-Peters Funeral Home Chapel in Greenville. Burial was in the Merit Cemetery, Merit. Born January 11, 1882 in Gate City, Virginia, he was a retired farmer and was a member of the Methodist Church.

Shelton married Estella Mae Clapp on February 7, 1907 in Greenville, Texas. Survivors include three sons, John

L., Tom L. and Ralph W. Shelton, all of Friona; three daughters, Mrs. Eula Henslee of Greenville, Mrs. Nellie Ray of Friona and Mrs. Erma Hudson of Yucaipa, California.

Also surviving are five sisters, 15 grandchildren and 15 great-grandchildren.

What makes eating our words so difficult is having to swallow our pride at the same time.

THE FRIONA STAR, SUNDAY, FEBRUARY 20, 1977, PAGE 5

cation. We are the folks to see . . . whatever the need.

Call Soon for Appointment

The Friona freshman girls dropped a pair of games to wind up their 1976-77 season. On February 7 in a game at Littlefield, the girls fell, 34-25, and then on Thursday, February 10, the team travelled to Canyon only to lose, 29-24.

Friona held only one lead in the Littlefield game, when Dana Miller scored with only 43 seconds gone for a 2-0 Friona advantage. Karen Patterson gave Friona a 4-4 tie with 1:29 left in the quarter, but Littlefield burst out to an 8-4 lead. The second quarter was all Littlefield, as the hosts outscored Friona 16-5 and took a commanding 24-9 lead at the half.

At Canyon, the game was much closer. Friona held leads of 2-0 and 42, and the score was tied three times before Canyon took an 8-6 lead

Dana Miller 7-1-15; Sarah Mears The score was 10-6 when Miss 2-1-5; Kimber Britting 1-0--2; Karen Miller scored to cut the margin back Patterson 1-0--2. Guards: Minnie to two at 10-8 with 4:46 remaining in Aragon, Penny Whiteside, Jeanette the half. Canyon got seven of the last Gilliam, Sylvia Bermea, Pam ten points scored, to open up a 17-11 London and Rosa Garza. halftime lead. MEET

The Canyon team took two seven-point leads, and with 2:31 left in the third quarter and their longest lead at nine points, 24-15. A five-point deficit was as close as

Friona could come in the final minutes.

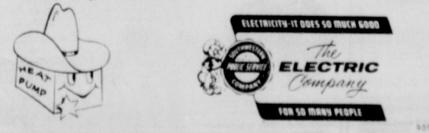

4 9 14 25 Friona Littlefield 8 24 26 34 Dana Miller 5-9--19; Karen Patterson 2-0--4; Sharla Duggins 1-0--2; Sarah Mears, Shannon Parr, Kimber Britting, Tammy Schmidt. Guards: Diana Gustin, Minnie Aragon, Penny Whiteside, Pam London, Jeanette Gilliam, Rosa Garza, Sylvia Bermea, Becky McLellan, Martha Mendoza, Sally Leal, Evelyn Hart and Jamie Fulks.

the heat pump captures lost heat, SAVES YOU MONEY

Make sure your new heating system pays off in savings for you. The electric heat pump saves energy, so it saves you money. By using otherwise wasted Lost Heat present in utside air, the electric heat pump delivers as much as two units of heat for every heat unit of electricity it uses.

Call The Electric Company and find out about the heat pump. that saves energy and saves money

7th Graders Top Canyon

The seventh grade Maidens ended their season last Thursday night with a win over the Canyon Eaglettes. It looked like bad news for Friona as Canyon led 10-2 at the end of the first quarter.

The score at halftime was 14-8, still in favor of Canyon. In the last half of the game Friona began to have a comeback as Canyon got into foul trouble and the Maidens were hitting 64 per cent of their free shots. Sunny Horton was high point for Friona with ten points followed by Teresa Loflin with six and Lesa Bermea with three. The final score was 19-18.

Guards playing and doing an exceptional job were Rachel Perez, Rene Noland, Joann Flores, Gwen Maurer, Erin Davila. Other fowards playing were Jyl Hight and Cara Hand.

This win brings the season record to 12-6 with 5-3 in district.

CPR course held at the Hub Community Center last week. Twenty-two persons attended the course.

Court Has Lengthy Session

Parmer County Commissioners Court met Monday morning to consider a lengthy agenda. The first item concerned accepting bids for a new tractor and backhoe for Precinct No. 2. The bid from Tucker Equipment Company of Clovis in the amount of \$10,910.00 difference was accepted and the County Judge was authorized to issue a purchase order for same.

In the next order of business, Rhea Bradley from the Highway Department met with the Court and reported that he expected the middle section of Highway 214 to be completed around the first of July. He also stated that one gate on the Sue Stevens property would need to be moved south, the exact location to be decided at a later time. The Court agreed that this would be no problem.

Further discussion was held relative to signs and blinkers being placed on county roads where irrigation water falls. No decision was made as to what should be done water

It was also resolved that upon the

and 64, Kelly "H," be routed two miles north, thence west, if said road becomes inundated by permanent water. Irrigation permits have been requested which would change the principal spillway crest to 3818.5 from 3797.5, which would flood the road referred to above by 3.5 feet of water, before the principal spillway starts to function

The next order of business had to do with a bank depository for the ensuing two years. Bids were received from all three banks of the county, and it was agreed that the Friona State Bank be designated as depository bank.

Other discussion had to do with the disposing of any items that the county might possess and want to sell. It was pointed out that there is no set law that specifies any value or any procedure on disposing of county-owned property. It was felt by the court that a plicy should be established.

Therefore, after much discussion, it was agreed that any item,

bids will be accepted and sale consummated. In case there are no bidders as a result of such public advertising, sale can then be made by private treaty with anyone interested.

Michael Edmiston of the Department of Health Resources of Canyon met with the court in regard to the garbage and waste disposal in the Lazbuddie community. The court generally felt that the site at Lazbuddie was sufficient, and it was agreed by the Commissioner of Precinct 4 and Edmiston that certain items might help the situation. However, since this site is on private property and the county does not have jurisdiction nor the money or equipment to do many of the things Edmiston recommends; therefore, the items agreed on are only the things that could be done at the present time. Further contact will probably be made at a later date.

The last order of business resolved that the Commissioners Court of

The Chieftain Junior Varsity won one of its final two games, to climax its 1976-77 season with a 12-10 won-lost record.

The team won its first eight games of the season, and nine of its first ten, but then suffered through seven straight losses, and nine in 11 games before righting their ship by winning three of their final five outings.

The team dropped a hotly-contested game at Muleshoe last Friday, 50-46, but came back on the final day of the season to outpoint Littlefield, 58-48 for win number 12.

The Chieftain Jayvees led for much of the game at Muleshoe, but found themselves in foul trouble. Edward Castillo fouled out of the game, and Sandy Peters finished with four fouls.

Friona led 10-8 after the first quarter, and 22-21 at the half. Littlefield took a 35-32 lead into the final stanza

At Littlefield, Friona bolted into an early lead, and were never overtaken. All five starters scored

Chiefs Terminate Year On Bad Note

The Chieftain varsity basketballers dropped a pair of four-point District 3-AA decisions in the last week of the 1976-77 season. Both games were played away from home.

The Chieftains lost five of their last six games, and four of the losses were by six points or less. The last two losses left Friona with a 17-14 record for the season, an improvement over last year's 11-17 record.

At Muleshoe last Friday, the Chiefs dropped a 53-49 decision after holding an early lead. Friona had downed the Mules, 54-48 in a game at Friona in January.

The Chiefs, on the first-quarter shooting of Jeff Whiteside and Mark Neill, jumped out to an early lead. Whiteside and Neill scored a pair of baskets each, and Neill added a pair of free throws. When the buzzer sounded to end the opening quarter, Friona had a 12-7 lead.

But Billy Vinson personally led a rally that propelled the Mules into a lead they were not to surrender. Vinson simply could not miss in the second quarter. His shooting gave the Mules the lead at 17-16, and they went on to take a 27-21 halftime lead. Vinson accounted for ten of Muleshoe's 20 points in the period. Scoring fell off for both teams in

the third quarter, with Friona outscoring the hosts by three to cut their lead to three points, 35-32. Whiteside was the only Chieftain with more than a basket to show for the quarter

Pilot Bails Out; Plane Demolished

James Haskell (Hack) Corbell of Friona, who has 20 years of flying experience, narrowly escaped serious injury or death last Wednesday near Muleshoe while flying aerobatics.

The homemade, experimental silver plane he was flying, with an open cockpit, went into a flat spin at approximately 8,000 feet. Corbell told investigating officers that when he realized the plane would not recover from the spin, he bailed out, landing in a nearby field.

However, the plane spun downward into a hangar at Farmer's Flying Service, sitting adjacent to Highway 70, approximately three miles east of Muleshoe. The motor and front of the ill fated plane was inside the hangar, and the tail section and back of the plane was on the outside, just on the highway right of way. No debris threatened the highway following the crash.

Approximately 15 feet from where the plane hit the building was another plane housed in the hangar,

TIME TO RENEW County tax

assessor-collector Hugh Moseley

reminds motorists that it is time to

get their 1977 license renewal

stickers. Moseley will be in Friona

however, it was not hit by any part of the plane. A portion of the roof and back wall was demolished on the hangar and the plane was totally destroyed.

Corbell, who flies with Benger Flying Service in Friona, and is a resident of Friona, built the plane at a cost of approximately \$33,500, and the plane was jointly owned by Corbell and Gary Coker. Coker, a former resident of Friona, now flies for a spraying service in Muleshoe.

A witness to the crash was Frank Sneed of AVI, Inc. who was working nearby. When he saw the plane going down, he radioed for the police and an ambulance. However, Corbell immediately bailed out and landed without injury.

Corbell said that he had performed the particular maneuver a number of times in the past, but just could not recover this particular time.

RESOLUTION

THE STATE OF TEXAS COUNTY OF PARMER CITY OF FRIONA

I, R.L. Fleming, in my capacity as Mayor of the City of Friona, Texas, do hereby order that an election be held in said City of Friona on the 2d day of April, 1977. for the purpose of electing the following officials for said city:

THREE (3) ALDERMEN

That in accordance with an order adopted by the City Council of the said city, said election shall be held at the following place in said city, and the following named persons are hereby appointed officers for said election:

In Election Precinct No. I, at the City Fire Station Building, 102 East 8th Street, in the City of Friona, Texas: Mrs. Ray Landrum, Presiding Judge; Mrs. Bill Stephens, Judge; and Clerks, Mrs. T.I. Burleson, Mrs. Maurine Dunn, Mrs. Glenn Floyd, Mrs. Floyd Millican, Mrs. David Smith and Mrs. Joe Talley.

That the said election shall be held in accordance with the Election Code of this State and only resident qualified voters of said city shall be eligible to vote at the said election.

That immediately after said election is held, the officers holding the same shall make returns of the result thereof to the City Council of this city as required by the Election Code of this State.

That the City Secretary shall give notice of said election by posting a copy of this order in each of the election precincts of said city which posting shall be done not less than 30 days prior to date of fixed said election.

A copy of this order shall also serve as a writ of election which shall be delivered to the above appointed Presiding Judge for said election.

Clinton Joe Cox, son of Mr. and Mrs.

Corn growers in this area have high yields. You need the com- next time you plant. See your

parents, Mr. and Mrs. Guy Elliott of Midland, and a brother, Bill Elliott, who recently returned to Midland

1

learned that head smut means sizable losses in yield and profit.

That's why next planting season you need more than hybrids with just claims for

plete performance of Asgrow hybrids...with head smut resistance...with harvestable high yield potential.

Now's the time to make plans to protect corn yield and profit

Asgrow dealer and reserve head smut resistant hybrids while supplies last. Because Asgrow resistant hybrids meet head smut head-on.

These corn growers meet head smut head-on with Asgrow hybrids.

James Cook-Olton, Texas In 1975, Mr. Cook used RX 100 for the first time on 50 acres and had a yield of 10,640 lbs. dry corn. In '76, he expanded use of RX 100 to 120 acres. "I like RX 100 better than anything I've planted. I like the way it stands-good stalk with no lodging. I have no head smut in my fields."

Paul Chisholm-Sudan, Texas Over the past three years, Mr. Chisholm averaged over 10,000 lbs. on 310 acres of RX 100. Much of this was grown under stress conditions including hail damage and

has the ability to pollinate under adverse conditions. This is particularly important under stress conditions like this year. And, they sure like RX 100 at the elevator because it's such a clean corn to bring in. Head smut has been observed in this area, but I've had absolutely none."

Bob Jones-Muleshoe, Texas This is Mr. Jones's fourth year with RX 100. He reports, "My yields farm for testing, but I keep coming

Last year, even with hail damage, it

made just over 8,000 lbs., but '76

looks like it's going to be my best

year ever. It stands well, too-no

no head smut whatsoever."

Dale Widner-Friona, Texas

Mr. Widner was one of the first on

he also uses RX 100. "This year I

had eleven different hybrids on my

trouble with lodging. And, I've had

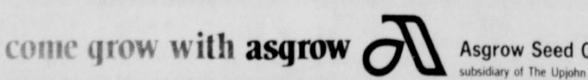

back to proven winners like RX 90 and RX 100. RX 100 has consistently yielded in the 9,500 to 10,000 lb. range. There's no comparison to other hybrids in grain quality. This year I have 120 acres of RX 100 and 40 acres of RX 90.1 have no head smut that I know about."

O.L. (Mac) McMurtrey-Manager, Hub Grain Company-Hub, Texas Mr. McMurtrey sees a lot of corn during a year's harvest and is a good judge of quality. "Of all the grain that comes across our scales, I've never seen better than RX 100. It's always of consistent good quality."

Jim Clements – Dumas, Texas Mr. Clements is a cash grain farmer. In 1976 he planted 200 irrigated acres of RX 90 in 40 inch rows at a population of 24,000 plants per acre. Average yield per acre was 13,552 lbs. dry weight. "This was the best corn I've ever

WARMAN.

Jerry Goheen-Fieldton, Texas Mr. Goheen is a user of both RX 90 and RX 100. "Last year my RX 90 made 9,600 lbs. with two waterings. That was a good year. This year it looks like it's doing just as good and this is a bad growing year. It stands good and has no head smut. The grain quality of my the High Plains to plant RX 90, and RX 100 is so good that I got a 40¢ premium from the grain buyer. And, I had no head smut."

Asgrow Seed Company subsidiary of The Upjohn Company

LISA BUCHANAN

Rainbow Girls Install New Worthy Advisor

Lisa Buchanan, daughter of Mrs. Joe Buchanan, was installed as Worthy Advisor in an Open Installation of Friona Assembly No. 275 of the International Order of The Rainbow for Girls, held on February 3. 1977 at 7:30 p.m. at the Friona Masonic Temple.

Installing officers for the installation were Marsha Carlan, installing officer; Robin Martin, installing marshal; Eddie Mays, installing recorder; Jonell Clark, installing chaplain; and Owaissa Fallwell, installing musician.

The following girls were installed by the above officers: Treva Bridgeman, charity; Mindy Moseley, hope; Charity Mays, faith; Shirley Milloy, drill leader; Faith Mays, recorder; Robin Martin, treasurer; Donna Campbell, chaplain; Lisa Darby, nature; Diann McKillip, immortality; Becky McLellan, patriotism; Judy McLellan, choir director.

Barbara Armstrong, Eddie Mays, Mary Ellen McKillip, and Lillian McLellan were installed as board members for the upcoming year.

Mrs. Jackie Carlan was installed as Mother Advisor for another year.

Robin Martin, Jr. Past Worthy Advisor, was presented a gift from Barbara Armstrong, Worthy Matron of Friona Chapter No. 990 Order of the Eastern Star, for all of her hard work and dedication of the past four

months Miss Buchanan's theme was friendship; colors, daisies and yellow roses; song, "Today"; emblem, smile; charity project, Heart Association; Bible verse, John 15:11-13. Her song was sung by Sharla Benge, reigning Maize Queen, accompanied by Eva Miller on the piano.

Miss Kayla Mabry, daughter of Mr. and Mrs. Larry Mabry presented Miss Buchanan with a bouquet of daisies. Chocolate cake, punch, mints and

nuts were served by Ronnie Hudson, Connie Merrell, and Marsha Carlan to the following guests: Randy Lewis, Mike Fallwell, Carl and Bess Rea, Otho and Grace Whitefield, Larry and Rose Mabry and Kayla, Cathy Buchanan, and Carolyn Buchanan, sisters-in-law of the honoree, and Miss Candy Kerr, Grand Officer from the State of New

4-H Assists Youths

In Planned Projects

4-H is a youth development program of the Texas Agricultural Extension Service which focuses on the needs, interests and concerns of the young people. Its aim is to help youth gain a positive self-concept, rational social behavior, knowledge and problem-solving capabilities. All boys and girls between 9 and 19 may participate.

Through planned individual projects, meetings, group activities and participation in local, county, regional, state and national events, members develop new skills, learn cooperation, develop leadership abilities, improve their citizenship and have fun

Youth participation is the essense of 4-H. Education through 4-H occurs only when youth are involved. The greater the participation, the greater the educational opportunity. Avenues for participation are many.

One avenue is the Club. The meetings are conducted by the members through the elected officers under the supervision of one or more volunteer leaders. The meeting is opened with a prayer, Pledge to the Flag, the 4-H motto and pledge. At each meeting reports are given of any activities since the last meeting. It may be about a Council meeting, projects in progress or completed, a fair, banquet or whatever any member or group has participated in during the

month. This has a two-fold purpose. It provides the member giving the report an opportunity to be recognized and it also lets the other members who did not participate in that particular even, know what is

happening The business meeting provides a basic lesson in citizenship. Members

Club Has **Program** On Family Living

Friona Woman's Club held their regular meeting on February 9 at the Club House with ten members present to answer roll call on "Household Hints."

Luella Maurer, president, called the meeting to order and after roll call, the various committees were called for reports and discussions after which Mrs. Jordan brought an interesting and informative program on various forms of "Family

Living" and its values.

learn parliamentary procedure and the group decision-making process.

We try to have a program at each meeting. We feel this is a very important learning experience. The program should be of interest to the entire group. It may be slides, films, guest speakers, project talks, demonstrations or panel discussions.

Another important avenue of participation is projects. Some of the projects our members are carrying are: livestock (steers, lambs, swine); foods and nutrition; clothing; horse; rifle, rabbits. Some other projects that could be

carried when leaders are available are: leathercraft, photography, hand skills, woodworking, safety, bicycle and many others.

Other activities our clubs participate in are: The Parmer County 4-H Fair; the County Achievement Banquet -- members are presented year pins and other awards earned during the year; livestock shows-some of the shows our members participate in other than the local and county, are Amarillo, Hereford, El Paso and Houston Livestock Shows. Still other activities include: livestock and dairy judging contests, rifle contests, food shows, dress revue, horse shows, method demonstration, camps and tours.

The key to a successful 4-H Club is the volunteer leaders. They have the opportunity to help young people develop into responsible and productive individuals. Working with youth is exciting and challenging and provides personal satisfaction.

One of the greatest accomplishments of the 4-H Club is leadership development. Many of the older members help younger ones with project work, records, and club activities, and many times teach classes in projects such as foods and nutrition.

Parmer County has approximately 240 4-H Club members in seven 4-H Clubs under the supervision of County Extension Agents, Jana Pronger and Mack Heald. Bovina has two clubs.

The County also has a 4-H Council, made up of representatives from each club in the county. Purpose of the council is for the 4-H Club members to plan various county events by working with other members from clubs over the county and to learn the responsibilities of leadership

By W.L. (Preach) Edelmon to drain very slowly from the square and bloom to An interesting development in cotton research has provide food for insects been the discovery of which are attracted to this

early food supply. The nectariless plants do are more resistant to insect not have the drain holes that The nectari, or small drain nectar and are therefore not as attractive to early infestations. When

planted in separate fields But when planted side by side with other cottons it has not had the advantages

Research Results

when isolated. Although this nectariless development is of interest it

does not mean much to us from other cottons the now as there is no seed nectariless cotton has shown available of the nectariless to have less insect damage. types in the varieties adapted to the High Plains, it may be worth watching in the future.

Another development in the nature of the cotton plant in recent years was the gossapal free cotton which provided a wider use for the seed than was possible before. Gossapal free cotton seed meal became useable in swine feeds which had formerly been restricted to soybean meal. Also these seeds provided meal or flour for human consumption of a rather high quality. As you may know ordinary cotton seed meal is yellow in color due to the gossapal, or very fine yellow specks in the

kernel of the seed. The development that removed the yellow specks from the seed may still have great possibilities for high protein food.

Due to the fact that some of the materials to be used in a foliar feeding program may be hard to get on short notice, it might be well to talk to chemical suppliers in order to be ready when the need arises.

Also, there may be different forms the materials are in when put in the liquid mixtures from that applied in the soil. The mixing of the plant foods must be done with understanding or the results may not be the best. If it is possible to get the first spectrum of N P K S Zn Fe Mn Co in the foliar feed with an insecticide with twenty gallons of water per acre good results should obtain. In order to have the soil warmed for early planting it might be well to get the land ready for irrigation in the near future. Usually irrigation thirty days prior to planting will allow the ground to warm and mellow for a good seed bed. A good early start could mean as much as a late freeze next fall.

Since the Congressional hearings on the new farm progrm was scheduled for February 17 a discussion of the proposed bill be covered in next week's remarks.

In Aid To Cotton

12 Wrecks Reported In County

The Texas Highway Patrol investigated 12 accidents on rural highways in Parmer County during the month of January, 1977 according to Sergeant W.E. Wells, Highway Patrol supervisor of this area.

These crashes resulted in no persons killed and ten persons injured.

The rural traffic accident summary for this county during the first month of 1977 shows a total of 12 accidents resulting in no persons killed and ten persons injured.

The rural traffic accident summary for the 60 counties of the Lubbock Department of Public Safety Region for January, 1977 shows a total of 560 accidents resulting in 11 persons killed and 244 injured, as compared to January, 1976, with 373 accidents resulting in 11 persons killed and 175 persons injured. This was 18 more accidents, the same killed, and 69 more injured in 1977 at the same period of time.

the month of January, 1977. occurred in the following counties: one each in Cochran, Hale, Jack, Lubbock, Palo Pinto, Terry, Wise, Gray, hall, Ochiltree and Randall.

The Lonely Heart

One Horse of a Hybrid

for Parmer County

If you ever cowboyed for a living, you had one horse you liked best. It may not have been the prettiest or fastest but it rode easy and got the work done no matter what.

Pioneer brand 3306 is that kind of corn hybrid for a lot of farmers in this area. It's the hybrid that brought corn back to this country ten years ago and there is nothing to beat it yet for good steady

NO HEAD SMUT.

In the big Texas Ag Extension Service Head Smut Test west of Dimmitt last year, they compared everything that would sprout to 3306. This included the new glamour girls that look so good . . . until it gets a little dry or a little wet or the wind blows. 3306 showed no head smut. It was still standing straight up with ears firmly attached when the big judge - the combine - got there.

TAKES STRESS IN ITS STRIDE.

3306 is the most dependable corn hybrid ever grown on the High Plains. It can adjust to almost any kind of stress ... over planting, drought, extreme heat, early freeze, high winds, bugs, disease . you name it and 3306 has been there and produced a good corn crop.

If you're not farming in a greenhouse, tell your Pioneer dealer to save you some 3306.

PIONEER HI-BRED INTERNATIONAL, INC., Southwestern Division P. O. Box 788, Plainview, Texas 79072
