

The FRIONA * STAR

VOLUME 52, NUMBER 41

SUNDAY, JULY 17, 1977

16 PAGES PLUS SUPPLEMENT

THE BLACKOUT experienced in New York this week was bad enough in itself, but reports of vandalism, looting and destruction have defied belief.

A disaster always brings out the best or worst in people, but it is hard to believe what happened in sections of New York with the city was without electrical power.

Acts such as this makes one wonder where our nation is headed. We would like to think that such acts would not happen if a similar outage happened in our area. But even if it wouldn't, what about in ten years....or twenty?

+ + + +

THE NATION'S FARMERS, and their wives, are trying hard to get the point across to consumers and Congressmen alike that the farm situation is serious.

They are not having a great deal of success, and one reason is that a great many of non-farmers still remain convinced that the farmers are having a good time, living on the taxpayer.

The Wall Street Journal, considered a responsible publication, carried a story this past week on the farmer millionaires of Iowa, citing a number of case histories which portray these farmers as men living high on the hog with few worries at

The Journal pointed out that while Iowa farmers still get up at dawn, feed the hogs and get manure on their boots, they ride in air conditioned tractors, ride to town in a new four wheel drive pickup and take the family out for a spin in a new luxury automobile.

He still hauls corn and soybeans to market in the fall, but last winter he also hauled his new snowmobile to Wisconsin and last summer hauled his new seven passenger boat to Canada. He takes his family out to

Second Suspect Is Arrested In Florida

A second suspect has been arrested in connection with the rape of a 60-year-old rural resident and the beating of her husband and deaf grandson near Farwell on June 13. Jerry Lee Persons, 24, of Naples, Fla. was arrested July 8 by Naples Sheriff's Deputies who held him on charges made by the Parmer County Sheriff's department. Charges against Persons were filed last week but he had left the area. Persons was a former employee of an implement firm in Dimmitt.

"We had his home address in Naples," Parmer County Sheriff Charlie Lovelace said. "I had a hunch he might go back there so I notified the authorities in Florida." Clues which may link the man with the assault on the family were obtained during an intense investigation and the arrest of another man

believed to be connected to the case. Reymondo Estraca of Bovina was arrested at his home last week after a period of surveillance.

Estraca was arraigned before Judge Paul Fortenberry on a charge of aggravated rape, and ordered bound over for the grand jury, scheduled to meet later this month. Persons was transferred from Naples this week by Parmer County deputies and is facing similar charges.

Both men are suspects in the burglary of the Adolf Haseloff farm house, located only two miles from where the family was assaulted. The house is believed to have been burglarized close to the time of the assaults. Articles of contraband believed to be connected with the burglary were found at Estraca's Bovina home.

Council Nixes Idea Of Housing Board

The Friona City Council decided not to establish a housing authority for the purpose of building low-cost houses and apartments in the city at their regular council meeting last week.

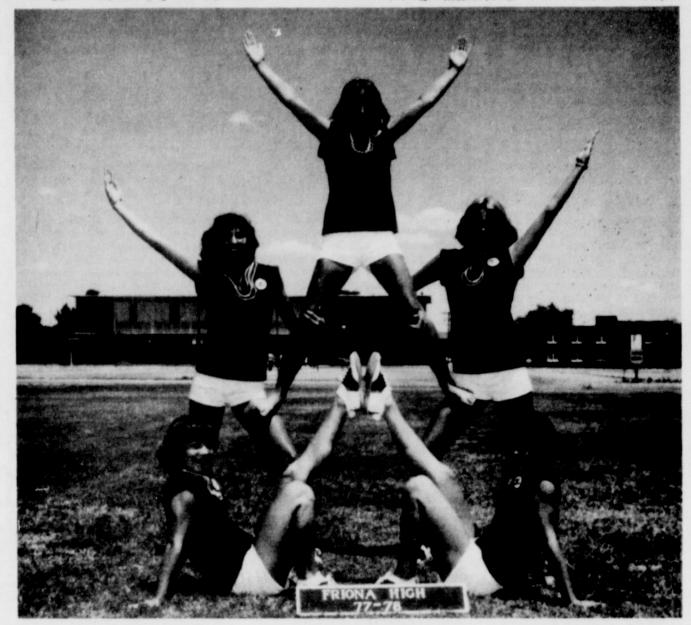

The vote was unanimous to give the program the axe, and councilmen said they were not against housing projects but feared it would turn out like government projects in other cities.

Members of the council had met July 7, with representatives from the Department of Housing-Urban Administration from the surrounding area to discuss the program and the availability of federal funds for construction of the low-income family housing within the city. At that meeting the councilmen were told if they wanted to proceed the plan the government would loan 95 per cent of the funds needed to build apartments. An authority would be set up with a board of directors and two full time employees who would be housing coordinators.

be educated to take care of the property," one councilman said. "I've seen it time and again; they tear up the place and don't care." He added that repair work could not be done fast enough to keep up with needed repairs.

In other business the council appointed Glenn Reeve, H.K. Kendrick and J.E. Hicks to the Annual Equalization Board with a board hearing set for 10 a.m. Tuesday, July 19.

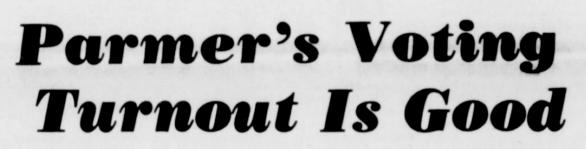

Representatives of the Friona Baptist Mission Church met with the council and asked about paving of the street adjacent to the Mexican Baptist Mission. After some discussion the council decided to visit with residents living on the street before making a decision. The paving

READY FOR FOOTBALL....The new leaders of the 1977-78 Red Rage cheering section attended a cheerleading camp this month at Eastern

New Mexico University, where they received a superior rating. Attending the National Cheerleader Association Camp were, bottom

row, left to right, Jennie Scott, M'Lynda London, Sylvia Malouf, Rhonda Parsons and Pam London.

ballots in the election, and the issue

It is the general concensus that the

national vote will not be known for at

must pass by a 2-1 margin.

dinner once a week or so and thinks nothing about paying \$8.50 for a steak these days.

The Iowa farmer the Journal publicized is Roger Reinking and they call him a "paper millionaire" because his net worth has passed \$1 million, thanks to the nationwide surge in farm land prices.

His land in Iowa is worth \$3,300 an acre now which is about five times the \$700 he paid in 1970 when he moved to the 320 acre farm.

The Journal says all this farmer wealth came about when the U.S. government eliminated grain surpluses by selling to overseas markets between 1969 and 1972, boosting grain prices.

As a result, national average price of farm land is now \$456 an acre and rising. In Iowa it is \$1,228 an acre.

Some Iowa farmers have sold out for \$3,000 an acre and moved to the Texas Panhandle where they figure \$800 an acre is a bargain.

The Journal article is no doubt accurate, but also misleading. There are no doubt farmers in Iowa and elsewhere who indeed live "high on the hog."

But there are a lot more farmers who are facing economic ruin unless the price of what they sell begins to bear some relationship to the things they have to buy. It's that simple.

However, the councilmen related instances where government housing was built in cities and a year later the buildings were torn up and the value of the neighborhood decreased.

"The type of people who rent or buy these low-cost houses just can't

County Retains 1st

In Corn Production

would cost an estimated \$10.65 per linear foot, making a total cost of about \$13,500, a cost which the city would share.

A color was picked for the new trash containers the city will begin to receive in a few months. The containers will be a uniform sandy-tan. Some suggested colors were bright red, for the school colors, a drab green, to be less receptive to scratches and battleship gray.

The next proposed meeting will be 7:30 p.m. August 8, at the city council room.

If the rest of the state and nation's cattle producers turned out like those in Parmer County did, then the beef referendum will produce a valid mandate, regardless of the outcome

As of the Star's press time this week, a total of 121 producers had cast ballots in the referendum, representing 71.1 per cent of the number of registered voters, 170. The poll was taken as of noon Friday, with a half day remaining in the referendum voting period.

Before the referendum can pass nationwide, at least 50 per cent of the registered producers must have cast

Five Friona High School girls

attended the National Cheerleaders

Association Camp of Champs July 3

Cheerleaders Earn "Spirit Stick" Award

> Gayle Murdock, the cheerleading sponsor

The first three days of the camp the Friona girls were rated excellent and the fourth day they received a evaluation of superior for the entire camp. They also received a blue ribbon for participation in leadership workshop. They also participated in a superstar workshop in which they were evaluated in dedication, spirit, techniques, organization, jumps-kicks, creativity, game knowledge and coordination.

They participated in classes on cheer, jumps, chants, pyramids, tumbling, double stunts, advanced cheers and dance routines.

Other activities included head cheerleader meetings, and a style show, where Rhonda Parons was chosen as a model.

City Board Sets Meeting

The Board of Equalization for the City of Friona will meet at 10 a.m. Tuesday, July 19 at the city offices, 623 Main Street, for the purpose of hearing citizens and taxpayers.

The meeting will stay in session only as long as taxpayers are present that wish to present their problem to the board, according to City Manager Jake Outland.

least a week. However, the results in the county and the area should be known by the first part of this next

(Continued on Page 13)

SEPARATE INCIDENTS **Two Are Charged**

Two men were arrested and placed in the Parmer County jail last week following two separate complaints in Friona.

Juan Martinez Gutierrez, 27, of

Friona was charged with aggravated assault with a deadly weapon in the multiple stabbing of his wife, Rosie Gutierrez, with a knife made from a file.

Mrs. Gutierrez was taken to Parmer County Community Hospital and immediately transferred to High Plains Baptist Hospital in Amarillo. She was reported in good condition this week.

Gutierrez was arraigned in Farwell on a third degree felony charge with bond set at \$1,000. He is scheduled to go before the grand jury later this month.

The second incident was criminal mischief charge against Rudolph Horta, Jr., 18, of Boling, Texas, in connection with damage to an automobile in excess of \$200. Horta was charged before the justice of the peace in Farwell and bond was set at \$2,500. He is also scheduled to go before the grand jury this month.

Net Tourney Announced For Friona

The first annual Friona Invitational Tennis Tournament will be held July 28, 29 and 30 at the Friona High School tennis courts.

Jerry Loflin, in charge of the team registration, said that the tournament will be played in flights and will consist of both men's and women's doubles.

Entry fee will be \$10 per team and proceeds will go toward the improvement of the Friona tennis facilities. All entries must be in by the cutoff date of July 25.

Teams interested in entering the tournament are asked to contact Jerry Loflin during the day at 265-3838 or 265-3676, or during the evening at 247-2831.

Parmer County again ranked the leader in 1976 in corn production for the state, producing 22.3 per cent of the total Texas crop, Agriculture Commissioner Reagan V. Brown has announced. County production was 40.2 million bushels.

Other counties in the top five were Castro County with 24 million bushels; Hale County with 16.7

Bank's Midyear Figures Healthy

Midyear figures released this week by Friona State Bank indicates that the area is in a healthy financial condition.

According to the quarterly statement published by the bank, its deposits had on deposit \$23,955,000 as of June 30, 1977. This represented an increase of \$808,000 over the deposit totals for the same date a year earlier.

Other figures on the quarterly statement likewise showed gains. Loans increased from \$14,715,000 in 1976 to \$16,522,000 on the current statement, an increase of \$1,807,000 or 12.2 per cent.

Total assets grew from \$25,787,000 to \$26,872,000. This was an increase of \$1,085,000, or 4.2 per cent.

In the deposit totals, continuing a trend established in statements at the bank in recent years, the time or savings deposit totals amounted to more than the demand deposits.

Total savings deposits am-ounted to \$12,621,000 as of June 30, with the demand deposit total coming to \$11,334,000.

million bushels; Deaf Smith County with 16 million bushels; and Lamb County with 14.7 million bushels.

Texas farmers produced the largest corn crop on record in 1976 with production totaling \$432 million. "All of our reports show that the 1977 crop will be even bigger in Texas, with a nine per cent increase in acreage planted thus far," Brown said.

According to the Texas Crop and Livestock Reporting Service yield per acre in 1976 was 120 bushels. This was a substantial increase from the 103 bushel yield per acre in 1975. Crop conditions were good to excellent over most of the state allowing Texas to climb four positions from its eleventh place in U.S. ranks in 1975, with 113 million bushels, to seventh place in 1976, with 180 million bushels. Illinois is the number one corn-producing state.

City Has 'Phoneout'

The blackout in New York City wasn't the only power failure experienced in the nation this week.

One area in Friona experienced a "phone out" for approximately 24 hours Wednesday and Thursday after a farm combine backed over a telephone pole in the vacinity of 9th and Grand, and touched off a chain reaction.

A number of businesses along Highway 60, as well as residential telephone services were affected.

"At least we didn't have any telephone interruptions," one businessman remarked.

through 7 at Eastern New Mexico University and came back with the Spirit Stick, the highest honor presented at the camp. Attending from Friona were Rhonda Parsons, head cheerleader, M'Lynda London, Sylvia Malouf, Jennie Scott, Pam London and

G.W. Durham died following an explosion and fire early Monday morning in the building which housed the M.H. Sylvester garage and machine shop. Durham, who slept in the building, was preparing to retire when the explosion occurred. The four walls of the building were thrown outward, and the ceiling caved in.

35 YEARS AGO-JULY 17, 1942

Repeating his statement that only a unified effort of all farmers in Parmer County can rid the county of the serious grasshopper menace, County Agent Garlon Harper reported this week that some progress had been made in killing the hoppers and that farmers who have put the poison bait out according to prescribed methods report good results. 'Hoppers are grown now, and in many cases are moving out of wheat land onto land where other crops are growing.

Newly-installed officers of the Friona Masonic Lodge include Elroy Wilson, worshipful master; Hadley Reeve, senior warden; M.L. Sylvester, junior warden; C.S. Bainum, senior deacon; Dillie Kelley, secretary; Artis Fallwell, treasurer; Wesley Foster, chaplain; Leonard Coffey, tiler; Claude Miller, junior deacon and Caycee Dunn, senior deacon.

Dr. Rex F. Johnston, former Friona teacher, has been elected as president of San Angelo Junior College, it has been reported.

20 YEARS AGO -- JULY 18, 1957

A swimming pool intended for public use is being constructed near Friona. "Completion is expected to be sometime this week," according to the builder, Ed Massey of Friona. Construction of the pool started last week, setting of forms, and concrete pouring followed rapidly. The pool is being built on the east of Highway 60 near the "loop" road intersection. The fact that Friona is operating

on a diminishing supply of water for an ever-growing populace got full attention at the meeting of the Friona city council Monday night. The problem as presented to the council by city clerk Roy Wilson is: The city is using more water; 2. The water table on one well of the three that are operating has dropped below the depth at which the pump is able to produce water; 3. Rate of water usage is creating low pressure at times during the day when use is heaviest; 4. It is going to cost some money to remedy the situation; 5. Drawdown on the wells that are producing water now is such that larger pumps and power units will

REMEMBERING...

The Bunk House

A friend of mine lived on a ranch. At one time it was a large spread of over a hundred sections but much of it had been parceled out when I knew him. His dad was the foreman and they lived in a small, but comfortable house not far from the big two-story ranch house. Behind them was the big barn, several corrals, and the bunk house. The bunk house was in-

teresting. It was somewhat smaller than a regular house and it was made out of the same rough lumber as were the corrals and barns.

It had several windows and one door. There was a shed roof across the front but no porch under it - just hard packed dirt. Inside were two rows of wooden frame bunks. some with mattresses, some without. Some cane-bottom and rawhide bottom chairs were scattered around a big black cast iron stove in the center of the one big room. A spit can (not a spitcon

how he remembered things being when he was a young just a coffee can with sand in man growing up, how he'd come to work at the ranch the bottom) sat by the stove. An old man was the only one who stayed there at that and how things had changed since then. "Why this 'ol time. He was white haired and bent shouldered with bunk house useta be full o' knotty hands and weathered ranch hands," he would say, face. He had worked there as "Now they's just me." He long as anyone could called the cowboys "wadies" remember. Oh, he didn't and would tell about them work much, just stayed sitting around the stove or

around and kinda looked under the porch playing after the place but we liked dominoes or cards, telling him because he could tell the stories and tall tales. "Times best stories. He would tell us was harder back then but they was good too," he'd

THE FRIONA STAR, SUNDAY, JULY 17, 1977, PAGE 3

Courthouse

Is Featured On New Story

The Galveston Court House in Galveston, Texas, is the subject of the first in a new series of multi-color postal cards debuting in 1977, the U.S. Postal Service announced recently.

The theme of the postal card series is Historic Preservation and future postal cards in the series after 1977 will feature other notable examples of historic American architecture, the announcement said.

The first day of issue ceremony for the 9-cent postal card will be conducted at the Galveston Court House at 10:30 a.m. on July 20.

The Court House, completed in 1861, was the first Federal Building erected in Texas for civil purposes. It was originally authorized to serve as a customs house, post office, and court house simultaneously, and was probably occupied by the first United States District Judge for Texas just before he fled to the Union as the Confederacy took over. Over the years, the building has survived Civil War damage, great fires and storms and three threatened abandonments. After careful restoration, it was returned to service and dedicated in 1967. It is on the National Register of Historic Places and, in October, 1974, was commemorated as a Historic Customhouse.

The card was designed by Donald Moss of Ridgefield, Connecticut, who also designed the Tennis embossed envelope issued in 1974 as well as the Olympic Games block of four stamps issued in 1976.

The card is being printed by offset process at the Government Printing Office. The colors are black, yellow, red, blue and green printed on white stock. The size of the card is $3\frac{1}{2}$ by $5\frac{1}{2}$ inches, and 20 million will be printed.

Requests for first day cancellations should be addressed to "Galveston Postal Card, Postmaster, Galveston, TX 77550." Do not send cash. Personal checks will be accepted for orders up to the limit of 200 cards. Postage stamps are not acceptable as payment.

To eliminate the requirement for Postal Service personnel to apply return addresses, customers are requested to send self-addressed envelopes of an appropriate size or return address labels with their orders. Orders must be postmarked no later than July 20.

Court Sets Hearing On Fund Usage

A hearing for the possible use of revenue sharing money by Parmer County was scheduled by county commissioners at their regular meeting Monday.

The hearing will be held on Monday, August 8 at 3 p.m. at the court house.

In other business, the treasurer's quarterly report was approved for the second quarter of 1977. (See this report as printed elsewhere in this issue.)

A resolution was approved authorizing County Judge Paul Fortenberry to execute a continuing lease agreement with the Atchison, Topeka and Santa Fe Railway Company.

A discussion was held regarding certain excess property, which can be purchased through the Panhandle Regional Planning Commission. Judge Fortenberry is to call a PRPC representative concerning this possibility.

Payment of advertising charges to newspapers in Friona and Seminole was approved, relative to advertisement of lease bids for the county's public school lands located in Gaines County.

Other routine matters were handled by the court.

Heart Attack Fatal To Ernest Mingus

Funeral services for Ernest Mingus, 40, were conducted Wednesday, July 13, at the First Baptist Church, with Rev. C.H. Murphy, pastor, officiating. Burial was in the Friona Cemetery, under the direction of Parsons-Ellis Funeral Home.

Mingus died Sunday, July 10, of an apparent heart attack at Valley Baptist Medical Center in Harlingen, Texas, where they were vacationing.

Born February 11, 1937 in Hereford, he was a life-long resident of Friona. He was married to Nancy Gresham on February 14, 1970. A farmer. Mingus was a member of the Baptist Church and Woodmen of the World.

Survivors are his wife Nancy of the home; two daughters, Tammy Kay Kowing and Tracy Lind Mingus, both of Liberal, Kansas; two sisters, Mrs. Elsie Allen and Mrs. Mildred Agee and one brother, Lloyd Mingus, all of Friona. Two

grandchildren also survive. Pallbearers were Eune Martin, Cliff Buckner, Richard White, Jimmy Schilling, Fidel Madrid, Randol Allen and Glendel Jones

Mrs. Ellis' Services Held In Muleshoe

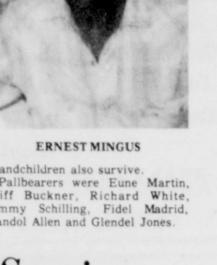

Funeral services for Dovie Ellis, 79, were conducted Tuesday at the First Baptist Church of Muleshoe. Mrs. Ellis was the mother of Star publisher Bill Ellis.

Mrs. Ellis had lived in Lubbock for the past six years, but previously had lived in the Muleshoe area for 40 years. She was born in Montague County.

Burial was in the Muleshoe Cemetery, under the direction of Singleton-Ellis Funeral Home.

Other survivors include three daughters, Mrs. Effie Colvin of Carnegie, Oklahoma, Mrs. Viola Brink of Amarillo and Mrs. Mozelle Lynskey of Garland, and a son Darrell of Lubbock.

Also surviving are three sisters. Mrs. Agnes Melton of Ozark, Arkansas, Mrs. Gertrude Hendrix of Vernon and Mrs. Leona Brasier of Oklahoma City; four brothers, Omer

Lazbuddie Crusade **Begins On Sunday**

The evangelist for the Lazbuddie Jesus Crusade is Mr. Roger McDuff, Meet Jesus Crusade is Reverend Paul H. Coxe, who has been a pastor in Midland, Texas for five years. Rev. Coxe has been in radio and television ministry for many years and is presently running the "Gardens Gospel Program" on television station KMID at 12:30 p.m. every Saturday, plus the "Gospel Disc Jockey" program for 90 minutes on radio station

KCRS-550 each Sunday from 10:30 p.m. to 12 p.m. His ministry has taken him overseas on two different mission-

ary evangelism trips, he has spoken at camp meetings for 15 years in a row, plus numerous youth camps. The Teen Challlenge program

started in his office when pastoring in New Jersey, where he and Dave Wilkerson wrote the first constitution of the Teen Challenge program.

Rev. Coxe has continued to work with the Teen Challenge program in Midland.

His last church before moving to Midland was in Toronto, Canada with the church filled with 1500 people on many occasions.

Rev. Coxe has been in the pastoral and evangelistic ministry for 41 years.

Zimmatic Low Pressure waters down overhead

Cutting overhead is one of the keys to profitable irrigation. With a Zimmatic Low Pressure System over your crop you can unlock the door to big savings. Start by cutting horsepower requirements by as much as one-third and keep saving because your system will likely be more efficient and use less water.

And choosing Zimmatic Low Pressure gives you more than an economical center pivot. You get the company that pioneered low pressure in center pivot irrigation. Lindsay developed Zimmatic Low Pressure to cut horsepower without cutting performance. Your pivot is still 100 per cent Zimmatic with all the dependable features and top-quality material that Lindsay is known for.

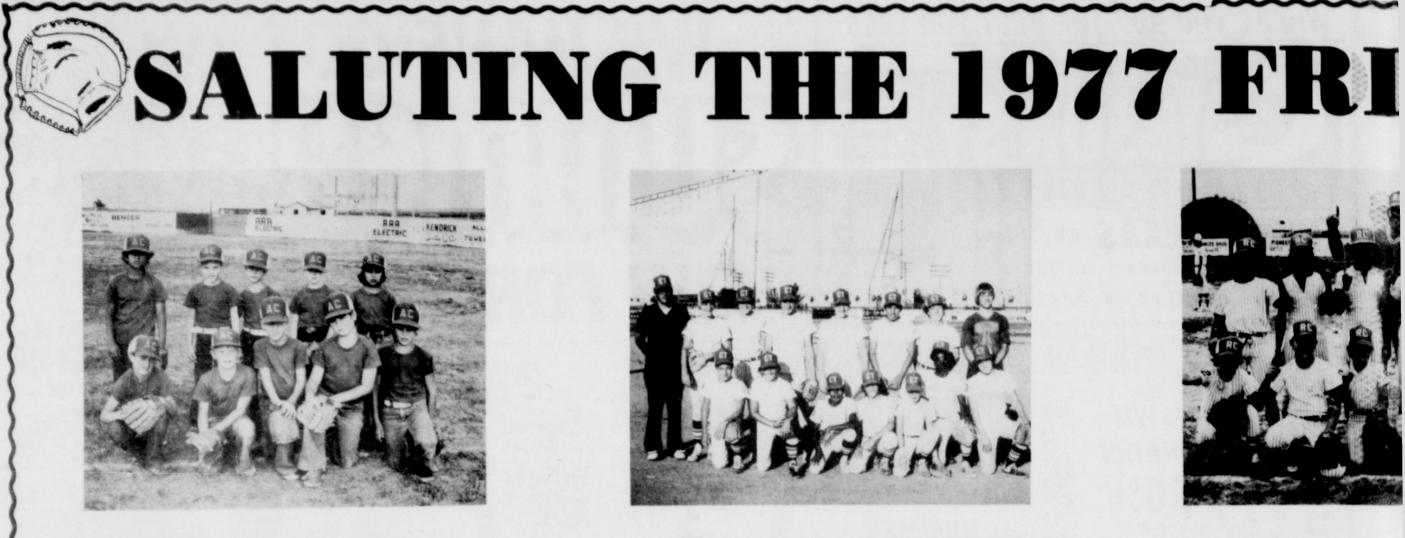

If you're considering center pivot irrigation, consider Zimmatic Low Pressure...the pioneer. Come in soon and find out how to water down your overhead while you pump up your profits.

Bovina Delegate Reports On IWY Annual Meeting

(Editor's note: Following is the beginning of a report by Mrs. Ellen Estes on a meeting of the International Women's Year which she attended last month in Austin. Due to the length of the report, it will he continued next week. Also, see the Letter to the Editor in this week's issue.)

By ELLEN ESTES

The weekend of June 24-26 Mrs. Jimmy Briggs and I attended the Texas Women's Meeting of IWY (International Women's Year) which was held in Austin. The theme was "Women at the Grass Roots: Growing Toward Unity." There was very little grass roots about it, and the only unity was that of the liberal feminists. Many attending this meeting were shocked, dismayed and frightened by what was said and done; one can hardly believe this is really happening in the United States. This meeting was a farce, so far as letting all women be represented and all points of view be heard. The meeting was completely controlled by the liberal IWY committee, and was over run by NOW (National Organization of Women), ERA proponents and lesbians. Speakers and workshop moderators were overwhelmingly pro-feminist, as were workshop topics and panel members. The Alternate Lifestyle Workshop had a esbian on the panel. Of almost 100 speakers and session chairmen, only four were anti-women's liberationists. One would not expect to attend a women's meeting in our country where mentioning home, family, love and God would be eered, but this happened at our state meeting.

This meeting certainly broadened the education of the traditional, conservative wife, mother and homemaker. Any suspicions that men are a necessary evil were confirmed. It was learned the ERA amendment encompasses much more than equal job opportunities, equal pay, equal educational opportunities and equal credit opportunities; all these have been legislated. The feminist groups want half of every thing, and they want to start at the top. It was notable there was no mention of qualifications for a job or appointment in all the resolutions passed. These women want control of government, home, school and business. A large majority would eradicate churches. vowed they would stop at nothing to achieve their goals; anyone who doubts this should have been at Austin, and they would no longer have doubts. The ERA AMENDMENT is similar to the CIVIL RIGHTS ACT. Following is one of the IWY resolutions: "The full power of the Federal Government should be used against private employers to enforce preferential employment of women. Every employer, should be compelled to reach "affirmative action" quotas for women in every job category, even when this means hiring less qualified women with no dependents; instead of more qualified men with many dependents." Women "libbers" believe being a homemaker, especially a happy one, is of rather low estate, so they are going

to improve our status. Following is part of a resolution to help us: Husbands of homemakers who are NOT employed outside the home should be required to pay an extra Social Security tax on the assumed value of the homemaker's services. The additional annual Federal Social Security tax per family would be between \$384 and \$1,128 depending on which version of the plan is adopted." You can readily see that this would place a financial burden upon our husbands, and many of us would have to go to work to pay this tax. Women who are rural, happy homemakers, wives, mothers, grandmothers, Christian and believe in God are discrimi-

nated against by the "libbers." IWY is a federally funded program, sponsored by Bella Abzug. who got a \$5,000,000 appropriation through Congress in 1975. The people who pushed this through Congress promised that both sides would be represented; it is quite evident by what happened in Austin and other states that they have forgotten their promise. Since the International Conference in Mexico City in 1975, this has been a silent movement, but the ground work was carefully laid for the state meeting to be held in 1977. These meetings must be completed by the end of this month. Purposes of state meetings were election of delegates to national meeting and passing resolutions to be presented at this meeting. Following is a quote from the of program our state meeting: "During the next three days, you will elect 58 delegates to represent you and other Texas women at the National Women's Conference in Houston Nov. 18-21. You will also vote on resolutions that will become part of the agenda of the National Conference. What you learn and say and do during the next three days will affect laws and policy decisions in Texas and the nation for the next several years. Who you meet here may change the course of your personal life, career, education or volunteer endeavors." We should pray God that this does not happen. Every thing this group is doing is being done under the guise of "HUMAN RIGHTS." The first National Commission was appointed by President Ford, when President Carter took he appointed a new commission with Bella Abzug as chairman, pardon the slip it is now simply "chair." When still in the House. Bella was the first to introduce a GAY RIGHTS amendment to the Civil Rights legislation. Her first act after becoming "chair" of the National Commission was to have all the state meetings set up workshops on sexual preference. Jean O'Leary, Co-executive director of the National Gay Task Force, was appointed by President Carter to serve on the National Commission of IWY. Following are three proposals of Ms. Oleary's LESBIANS AND THE SCHOOLS: Lesbians Studies: Schools should set up lesbian studies programs in connection with women's studies programs to foster pride in the adolescent lesbian and to show heterosexual students that lesbians have made significant contributions to society. Learning about these contributions would

foster positive feelings on the part of all students.

Libraries: School libraries should be supplied with bibliographies of lesbian literature and urged to purchase novels, stories, poetry, and non-fiction books that portray the joy of women loving women. The use of these books should be encouraged in literature and history classes.

Lesbian Clubs: Lesbian clubs should be established in the schools. These clubs would foster a community spirit among lesbians, who up until this time have been isolated due to the pressures of society. Such organizations would

help lesbians to develop pride in their life styles, and to help overcome the prejudice of heterosexual students and faculty. This commission operates out of room 1004 in the State Department. There are 41 liberals and 4 conservatives in the area of women's rights on this committee. There are pro-ERA people, homosexuals, lesbians and various other "libbers" on the commission. This group say they are representative of American Womanhood; I hardly think they represent me. The makeup of the Texas IWY committee is almost identical to that of the National.

achieve a racial balance. Thanks to

CAREER ORIENTATION....David Duncan, TPCAC Vocational Counselor, spoke Monday to 21 Parmer County summer job participants at Friona State Bank. The participants are to work under a summer job

grant from the U.S. Labor Dept. in non-profit organizations throughout Parmer County. There are about 1000 participants in the Texas Panhandle.

CETA Participants **Hold Session At Bank**

A career orientation program was held Monday morning for 21 Parmer County CETA (Comprehensive Employment and Training Act) summer job participants at Friona State Bank

The orientation was developed by TPCAC (Texas Panhandle Community Action Corporation) and consisted of both group and individual counseling sessions. In addition to personal counseling, each participant received an information packet with pamphlets on personal hygiene, applying for a job, preparing medical histories, interviewing techniques, banking terms, and filling out job applications.

The participants work under a summer job grant from the U.S. Labor Dept. in non-profit organizations throughout Parmer County. The youth receive \$2.30 per hour for forty hours per week.

David Duncan, TPCAC Vocational Counselor said there is a general misconception that CETA is a federal welfare program.

"CETA is not welfare, however. The youths are performing services

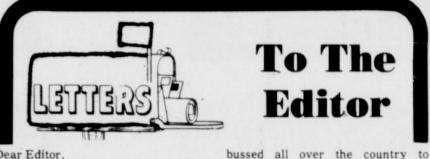

Duncan said there are three main purposes to the summer jobs program: training, work experience and establishment of references for future jobs.

"Ultimately, the objective is to prepare the enrollees for a vocation in which they can excel and enjoy, so that they can enter the labor market prepared to become productive, taxpaying citizens."

Duncan said that the CETA program provides an opportunity to obtain training and references which most of the participants would otherwise never be able to obtain. All enrollees in the program must qualify under CETA Title I or III requirements which restrict participants to lower-income families.

TPCAC Region Three Coordinator Baker Duggins said that he has a total of 55 youth under his supervision in Parmer County, and approximately 250 throughout his five-county region. There are approximately 1000 participants in the Texas Panhandle.

CHINAND PHOTO FINISHING

Dear Editor.

Since the I.W.Y is a federally funded program, it involves each of us. I would like to make some personal observations about our involvement, and what we can do to stop this. We can stop IWY with an organized effort and hard work. I realize there was nothing we could do until it was exposed. Now that it is exposed, if we remain silent, we are in effect saying I approve.

It is time for the silent majority to start being vocal and become actively involved. For those of you who believe that "they" can't do this to us, may I ask where you have been the past several years. Remember "The Sound of Music"; the Austrians would not heed Capitan Von Trapp's warning, and thought it can't happen to us, so the Nazis took control of their lives. When the naive Jews in Germany thought the same thing, what happened? They we exterminated by the millions. Perhaps these are extreme examples, so let us take a look at what has been happening in our own country that many of us thought couldn't be done to us. Businesses have been forced to hire minorities whether qualified or not.

Neighborhoods have been forced to allow minorities to move in for a racial balance; children are being

GAS PUMP FIRE Friona firemen hosed down a gas pump Thursday on the JeDon Gallman farm southeast of the city. Firemen said the fire was started by an electrical short in the pump motor, and could have been very dangerous. Five hundred gallons of water were used and firemen were at the scene for about 45 minutes. (Star Photo)

Cattlemen To Have **Annual Convention**

Prominent state and national leaders will headline as guest speakers at the Independent Cattlemen's Association 3rd annual convention in Austin August 4-7, President T.A. Cunningham announced recently.

Austin's Mayor Carole McClellan will give the welcome address when the convention officially opens for business Friday, August 5 at 10 a.m. Keynote speaker that morning at 10:30 will be Gov. Dolph Briscoe, a South Texas rancher as well as the state's top political leader. Briscoe will be joined at the speakers' podium by U.S. Rep. Bob Krueger.

Saturday, August 6, activities include talks by Dick Ray, vice president of the Independent Food and Energy Producers; Sen. William N. Patman, Senate agriculture subcommittee chairman; and Rep. Joe Hubenak, Texas House agriculture and livestock committee chairman.

House Speaker Bill Clayton will address the convention participants at 11:30 a.m. Saturday.

Convention headquarters are at Austin's Sheraton Crest Inn overlooking the Colorado River. Convention activities will be staged at Municipal Auditorium near the downtown area. Participants are promised a full slate of activities including a reception, a western dance and election of new officers. Pre-registration will be from 1-10 p.m. at the Sheraton Thursday, August 4. Providing entertainment for the general assembly Friday morning wil be the Bastrop High School Band. Austin county western singer Jess DeMaine and his band, Texas Silver, will play for the western dance Friday, August 5.

The convention will end Sunday, August 7, after ICA directors and councilors have met.

Cunningham said that convention speakers will provide an excellent overview of this nation's agricultural policies and he expects hundreds of cattlemen to converge in Austin during the weekend of the convention.

He noted that, "everyone in any way connected with the Independent Cattlemen's Association and the cattle producing industry in Texas can benefit from the programs on the agenda.

New Nuclear-Powered USS Texas To Receive Commission

Remarks by Secretary of State Mark White to 2 p.m. press conference July 7, in Austin:

"On Saturday, September 10, at the Norfolk, Virginia, Naval Station a new USS TEXAS will be commissioned into the fleet of the United States Navy. This nuclearpowered, guided missile cruiser will be the fourth U.S. Navy ship to bear the proud name of TEXAS.

"Texans have a special interest and pride in this ship. And, to make sure that the ship receives a proper Texas send-off, the Governor has named a USS TEXAS Liaison Committee to work with the ship on its commissioning and on future visits to its home state. It is my privilege to serve as chairman of the

namesake with silver serving pieces. That has been an item of top priority with the committee, and we expect to have suitably engraved silver ready for presentation to the ship at the commissioning ceremony. A coffee and tea service, punch bowl and 36 cups, four candelabra, two fruit bowls, two oval bread trays and a large serving

"We are at this time officially beginning our statewide fund drive to raise funds for the silver and commissioning expenses.

Plainview Man Named Ag Man Of Year

Ray Joe Riley of Plainview, who has been active in the seed business, has been named a "Man of the Year in Texas Agriculture" for 1977 by the Texas County Agricultural Agents Association.

One of the seven Texans selected for the honor, Riley was nominated by county agents in District 2 (South Plains) of the Texas Agricultural Extension Service.

The awards are presented annually to outstanding leaders in agriculture and related industries, said McLennan County Extension Agent Billy M. Collier, president of the state association. The awards also recognize the contributions made by these leaders to improving levels of living and economic growth in their communities, counties, state and nation.

Riley will receive his award during the association's annual meeting July 31-Aug. 3 at the LaQuinta Royale Motor Inn in Corpus Christi.

Riley has served the state of Texas through his knowledge of plant breeding and has managed a family-owned seed business at Hart, Riley Yieldmaster, for the past 18 years. He is generally concerned with cotton, sorghum and corn production.

"That's the background, now here's what's happening. First, it is

liaison committee.

traditional for a state to provide its tray have been ordered. The cost of this silver will be about \$25,000.

"The two days after the

families an old-fashioned Texas barbecue, with Texas entertainment. Two parties are required because, as you are probably aware, once a ship is commissioned in the United States Navy, it must at all times maintain part of its crew on board in ready status. Thus, we plan to fete half of the crew and their families on each of the two days. Texans across the state are already giving their support. The meat packers of Amarillo have donated 1,200 pounds of beef for the barbecue. Chuck Gallimore, the Panhandle's restauranteur of the year, and Sutphen's Pit Bar-B-Que have volunteered to fly to Norfolk and oversee preparation of the meal. The reigning chili champion, Albert Agnor of Marshall, also plans to fly up and serve the crew and their families a bowl of red that will make them appreciate the State's official dish. For the crew's entertainment, we have Texas stars that are indeed

big and bright. Donating their time

commissioning, we plan to give the crew of the TEXAS and their

and talent for the Texas party are The Astro-Country-Gold group from Astroworld, Ray Price, Willie Nelson, Johnny Rodriguez and Dotsie Brodt.

"For commissioning decorations. the Lone Star Nursery of Tyler is providing 200 dozen yellow roses, Six Flags Over Texas is providing a specially-made Texas flag for the ship's quarter deck. The Naval ROTC Unit, University of Texas, Austin, has given the ship a set of longhorns (not Bevo's). Fort Worth has provided Texas hats for the ship's skipper and executive officer, and Tony Lama and El Paso have provided proper ceremonial Texas boots bearing the ship's seal. That's what's taken place to date.

"Now we are inviting interested Texans, businesses, and cities to join in this USS TEXAS project by sending contributions for the ship's silver to the USS TEXAS Liaison Committee, Box 12428, Austin, Texas 78711. All gifts are tax deductible and will be acknowledged."

Bovina Man Acts To Save Own Life

(From The Bovina Blade)

Robert Pesch, 20, working on the Bruce Caldwell farm, Oklahoma Lane, last Saturday morning, had bent over to adjust pipe when an unseen rattlesnake bit him.

Mrs. Joe Pesch, Robert's mother, recounted the following sequence of events, as told to her by her son:

After the snake struck, young Pesch, forcing himself not to panic, killed the serpent and, knowing that he was alone and had to help himself, emptied the bed of his pickup of the pipe that was in it.

Driving from the Caldwell place to Bovina Medical Center, Pesch found there was no doctor there to assist him. Always aware that time would make the difference in his chance of survival, he did not hesitate but ran to his pickup and headed, still alone, for Friona.

As Pesch drove up Parmerton Hill, he told his mother, he was in great pain, his hand and tongue were swelling and his throat began to constrict.

munity Hospital, he stumbled through a door and gasped to a nearby orderly that he was dying. Pesch gives all the credit due the orderly, whose presence of mind, he is convinced, helped save his life. He was able to tell those assisting him what had happened as they began

After some three hours of intensive medical attention and several doses of antivenom, Pesch was deemed to be out of immediate danger, although he was in intense pain for a long period after treatment because no sedatives could be given for fear of counteracting the earlier injections. He was scheduled to be released from the hospital early this week. Mrs. Pesch told The Blade her son,

caring for him.

painfully aware now of the potential danger, believes every person working a farm should carry a survival kit. As he says, the lack of even a tourniquet could mean loss of

Frionan's Kin Set Auction Pace

(Editor's note: The following story is from the Nevada, Missouri Herald. Welty is a cousin of the late Charles Schlenker family. Larry Potts, a second cousin, seems to be following in the footsteps of the relatives discussed in the article).

By JIM W. PINKERTON

After 57 years of conducting a weekly auction and "never missing a single one," Col. M.L. Welty is "still going strong" selling livestock, property and "just about everything else.

During his auctioneering career, he has conducted 9,000 auctions, 'according to official figures," at which at least \$50 million changed hands. Politicians, including Harry Truman, often have shown up at the auctions.

He and his late brother, John C.F. Welty, "the best auctioneer of all time," also started something that "spread all over the nation."

This was the weekly community auction sale.

"It used to be," Welty recalled, "that people around here would bring things they wanted to sell down to the courthouse Square. We sensed the need for a big sale. So we came up with the idea of having a weekly community sale. This spread over the state and the country. Every county got one.

Born in Iowa but raised on a farm near Nevada, Welty served in World War I.

After the "big war to end wars," Welty said he had no idea what he wanted to do. "My brother was already an outstanding auctioneer, and I finally decided to join him," he said.

Welty attended an auctioneer school in Kansas City during August 1919

In 1920, the brothers took over a livery building on the site of a building now occupied by a chiropractor, Dr. Ben Mendenhall, and started their auction business.

The business "boomed real fast" and in 1932 the brothers built the still-used auction barn at 108 W. Hunter.

"We always have had big crowds," Welty said. "So the politicians would come to give talks, because that's where the people were.'

Truman opened his campaign for the U.S. Senate at the Welty auction pavilion.

"He's the most famous person to use our place for a talk," Welty said. "But we also got other big-name politicians."

He mentioned former U.S. Sen. Stuart Symington, Governors John Dalton and James Blair and Congressman Bill Randall as "the big ones" who gave political talks at the Nevada pavilion.

During his career, Welty said he has sold "many unusual things. The most unusual were some monkeys.' He also sold some funeral parlor

items. "Everything went pretty well

until we got to the hearse," Welty said. "People just weren't interested in it.'

His biggest single item sold at an auction was a parcel of land in Vernon County about five years ago. It brought \$45,000.

One of the smallest was a litter of 11 spotted Poland pigs. "It was back in the Big Depression," Welty said, "and the first bid was for 10 cents. They were sold on the second bid for a penny more.'

In contrast, he sold the first \$1,000 bull in Vernon County.

His longest sale day was five auctions, "one after another."

Not all of his auctions have been in the pavilion.

"We would go out wherever there was something to be sold," Welty said.

He has never missed or called off a weekly sale in the pavilion. "A couple of times," he said, "we couldn't have a sale someplace else because the roads would be closed due to weather and the people couldn't come."

He has conducted sales "in all kinds of weather. The coldest was minus 17 degrees. The hottest 117 degrees. "The sale had to go on," Welty said.

He said he is proud of "facing millions of people over the years and never having an argument with any of them.

Asked his secret of getting along with customers, Welty laughed and coming, beat them to it."

Welty said he earned the title of "colonel" by being "a good auctioneer. This is reserved for good auctioneers. My brother really deserved the title, because he was just about the very best."

Welty said "the auction is the only business with a tremendous drawing power week after week. Why? Because people are enticed with the possibility of getting a good bargain. It never fails.

He said he is "often asked about the future of the auction business. I have studied it. I believe the local livestock auctions are going to disappear and be replaced by big area ones where choice cattle will be shown on a television screen from Chicago. Times are changing fast, real fast."

Looking ahead for himself, Welty, 84, said, "I just want to keep on having auctions. My health is still the best. My voice is as strong as ever. My ability is still the best. And I'm still available for a sale."

He said he also will continue to have "a strong interest" in politics. He has been active in the Democrat party, having served as county chairman.

"I have always voted Democratic," mused Welty. "That's one reason I've always had wonderful health. I've never drank. And never smoked.

Also, he said, "I've always had a nice public to work with. They've

All-Stars Slate Tourney Action

All-Stars have been named for Friona's Senior and Major Leagues, and competition is slated for the teams in the next couple of weeks.

The Major League all-stars will see action Monday in Dimmitt, facing the South Randall County All-Stars in a game to begin at 8:00 p.m. Monday.

The first game in the Dimmitt tournament will find Bovina facing Dimmitt at 6 p.m. Winners of the two games will meet Tuesday for the right to advance. The winner goes to Borger for a game later in the week

The Senior League all-stars will

Scouts Plan Play Day

This summer instead of a week-long Day Camp, the Girl Scouts and Brownie Scouts will have a Play Day at Spohn Ranch, the favorite campsite of Friona Scouts for many years.

Scouts will meet their troop leaders at the Girl Scout House at 9 a.m., Thursday, July 21, and be transported to Spohn Ranch. The day will be packed with fun things Scouts enjoy--hiking, games, food, nature studies, singing, crafts, etc.

One of the highlights of the day will be the evening cookout down by the lake. The families of the girls are especially invited to join us for supper and homemade ice cream. Following the meal, the Scouts will present a brief bit of entertainment. The girls will be back at the Scout House at 10 p.m.

Play Day will be postponed until Tuesday, July 26 if it rains. Additional information is being

mailed to each Scout.

Sheila Fillingim, treasurer of the District 2 Scholarship Fund. The scholarship is offered by the home demonstration clubs in District 2 To join the 900,000 who have each year based on best record book already seen "TEXAS," write Box and other criteria to a 4-H girl majoring in home economics at

In addition to senior level

A Beef Board will be appointed if the vote is favorable and the board will consist of not more than 68 members from across the nation. They will be selected from the ranks of beef producers by the Secretary of Agriculture as nominated by their producer organizations.

Representation on the board would be proportional to the number of cattle produced in each state or geographical area. Based on its cattle production Texas will have seven producers on the board.

If producers approve the program it is possible that the board might meet late this year; however, it would probably be sometime in 1978 before a research and information program could be developed.

Susan Vestal, Dr. Richard Bechtol **Exchange Vows In Garden Setting**

Susan Gaye Vestal of Friona and Dr. Richard Harris Bechtol of Amarillo exchanged wedding vows Sunday, June 19 at 2:30 p.m.

The garden ceremony was performed at the home of Mr. and Mrs. Leland Abbott, 2803 S. Parker, Amarillo. The bride is the couple's niece

Rev. Jake Armstrong, pastor of Calvary Baptist Church of Dumas, officiated at the ceremony.

The bride is the daughter of Mr. and Mrs. C.L. Vestal of Friona. The bridegroom's parents are Mr. and Mrs. J.B. Bechtol of Amarillo.

The garden was decorated with a thick carpet of rich green grass, evergreen, ivy, and an assortment of shrubbery and trees.

As the bride was presented in marriage by her father, she wore a white eyelet gown with fitted bodice, floor length skirt and was sleeveless. A large eyelet scalloped ruffle gathered at the oval neckline and extended to the waistline. An eyelet ruffle accented the bottom of the skirt. The waistline was accented by

a sash tied in a bow at the back. She wore a white straw hat with white eyelet bow tied at the crown of the hat. Streamers of bow hung to her waistline.

She carried a colonial bouquet of white daisies, daisy mums, stephanotis and baby's breath.

Carrying out bridal tradition, she carried her bouquet atop a New Testament presented to C.L. Vestal, Jr. in 1942 for something old. C.L. Vestal carried this New Testament with him during World War II and the bride's mother carried the same Bible in her wedding in 1947. She borrowed a string of pearls and diamond earrings from her aunt, Mrs. Leland Abbott. For something new she wore the jade ring set in gold, which was a gift from the groom. She also wore a gold wedding band belonging to her paternal grandmother. The band was 64 vears old.

Linda Smith of Amarillo, cousin of the bride served as maid of honor. She wore a red and white

gingham dress designed along the same line as that worn by the bride. A ruffle at the neckline and skirt was accented with eyelet trim. She wore a white hat with red and white gingham bow.

She carried a colonial bouquet of yellow daisies, daisy mums and baby's breath.

The groom wore a navy blue suit with white daisy bouttonniere.

Greg Bechtol of Oklahoma City, Oklahoma, nephew of the groom, was best man. He wore a navy blue suit with yellow daisy bouttonniere. A reception in the home followed the ceremony.

The table was decorated with a three tiered white wedding cake decorated with white flowers. Satin white bells topped the cake. Cranberry cocktail punch was served from a crystal punch bowl. The centerpiece was a bouquet of spring flowers, yellow and white daisies, baby's breath, asters, lilac irises and pink carnations. Two white china doves accented either side of the bouquet.

Cake and punch were served by Juliann Bechtol of Oklahoma City and Carla Bechtol of Canyon, nieces of the groom. Finger sandwiches and nuts were also served.

Mrs. Leland Abbott and Mrs. Hoyt Smith assisted with the reception.

Special guests attending the

Center at Northwest Texas Hospital. The bridegroom is a 1966 graduate of Amarillo High School, 1971 graduate of Oklahoma State University, Stillwater, Oklahoma with a bachelor of science degree in physiology, a 1977 graduate of Autonomous University of Guadalajara Medical School, Guadalajara, Mexico, and will be doing internship in Amarillo.

REHEARSAL DINNER

The rehearsal dinner was hosted by the groom's family, Mr. and Mrs. Bennie Bechtol, Mr. and Mrs. Currie Bechtol and Dr. and Mrs. David Bechtol.

Special guests were Mr. and Mrs. C.L. Vestal and Mr. and Mrs. J.B. Bechtol, parents of the bride and groom, Mrs. Hoyt Smith and Linda Smith, Mr. and Mrs. Leland Abbott, Burk Vestal and Phillip Veazey.

The table decorations and food were prepared by Sandy Bechtol of Oklahoma City, Mary Bechtol of Canyon and Anne Bechtol of Houston, sisters-in-law of the groom. The dinner was held in the home of

Dr. and Mrs. David Bechtol in Canyon.

The centerpiece was spring flowers with yellow streamers with the bride and groom's names written on the ribbon.

Dr. and Mrs. Richard Bechtol

Five Members Added To Study Club Roll

Bovina Show Re-Scheduled

The Chamber of Commerce takes this means to say we appreciated everyone that came out to see the show, "Texas--Cradle of Giants" on Tuesday night, July 5.

Due to the rain, the show had to be cancelled and is scheduled to return to Bovina on Monday, July 25 at 8:45 p.m. at the football field.

The proceeds from the program will go toward the coming Bull Town Days fund. The "Days" will be held August 18 through 20.

The prices for tickets remain as previously charged: Adults, \$1.50; students, \$1.00; children under six, free.

The Chamber assures anyone still holding ticket stubs from the July 5 cancelled performance that these stubs will be honored on July 25, with no extra charge to the holder.

First Child Is Born To L. Anthonys

Mr. and Mrs. Larry Anthony of Arlington, Texas became the parents of a baby boy on Sunday, July 3 at 9:51 a.m. in Arlington.

His name is Trent Michael. He weighed six pounds, ten ounces and was twenty inches long at birth. Trent Michael is the first child for

the couple. Grandparents are Mr. and Mrs. A.W. Anthony, Jr. of Friona and Mr and Mrs. J.H. Meadows of Abilene,

Texas. Great-grandparents are Mr. and Mrs. A.W. Anthony, Sr. of Friona

and Mrs. C.H. Meadows and Mrs. T.L. Johnson, both of San Angelo, Texas.

RECEIVE CAPS....Three nurses from Friona and one from Bovina were in a class of Licensed Vocational Nursing Students who completed the first five months of their training course from Amarillo

* *

Oats will thrive in poorer soil and in colder climates than other grains.

College School of Vocational Nursing, through the Hereford branch. Bottom row, left to right, are Maria Garcia, Karen Fangman, Fran Holt, Kathy Spearman, Joyce Hughes of Bovina and Barbie Last. Middle row: Terry Baca, Sue Walters and Ruty Woody, all of Friona, Sondra Whitehead and Cissy Malon. Top row: Betty Rudus, Lorraine U-Ming, Lee Walker and instructor Peggy Oakes.

Anniversary program held by the Elgin Avenue Baptist Church at Lubbock last Sunday.

Preaching the sermon at the morning worship service was Rev. W.G. (Bill) Burton, former pastor of Friona's First Baptist Church, who helped organize and served as first pastor of the Lubbock church.

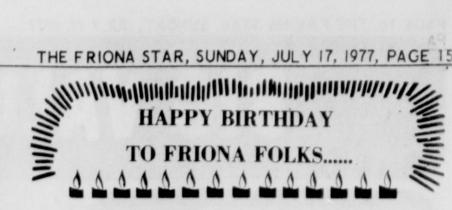

Reading the church history was Mrs. Lora Ellis. Mrs. Ellis also had presented a new grand piano to the nurch in memory of the late

Friona had more than indicental ber of years. When Paul retired, the tie-ins during a special 10th couple moved back to their former home, Nocona.

After spending a couple of days in Friona, the Whitecottons have gone to Bovina to visit with another nephew and family, the Billy Whitecottons, who are co-owners of Bovina Supermarket. + + + +

When the Noon Lions Club held their beef dinner here on July 4th, the club advertised that proceeds from the project would go to Girlstown, USA -- which they will. But another worthy institution

has a birthday coming up soon, call the Friona Star at 247-2211 by Wednesday of the previous week and let them know about it.

Library Report

'Running For President 1976, The Carter Campaign" by Martin Schram is available at Friona Public Library.

Here is the number one success story of our time.

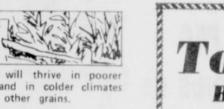

Martin Schram, Newsday's Washington Bureau go-for-broke adventure of Jimmy Carter, coming up out of nowhere and beating all the better known Democrats and the incumbent to become President of the United States. This book, which rivals the finest political journalism ever written, tells it all like it's never been told before.

Martin Schram takes you on the campaign trail, vote by vote and

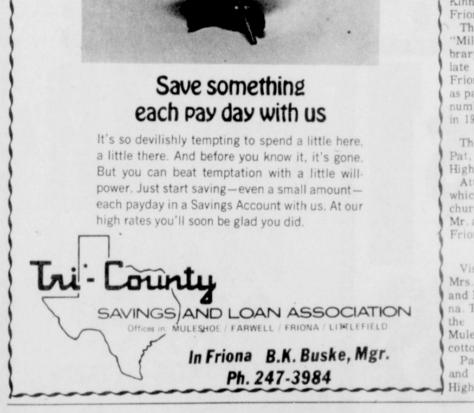

shows you how the game was played and won. You see the tactics and maneuvers; the misplays and the mishaps; the daily, weekly, monthly build-up of tension. You experience the exhilarating coups and exasperating blunders, the physical strain and emotional overload of the days between the nomination and the very close, final election, the anger and comic relief which provided an outlet for the tensions of the campaign.

Jimmy Carter's story is the American dream come true, the phenomenal rise of a man from relative obscurity to the most celebrated job in the world.

Kinneth Ellis, who has relatives in Friona.

The church library is known as the 'Mildred Burton Memorial Library," and is named in honor of the late Mrs. Burton, also a former Friona resident. Rev. Burton served as pastor of the Friona Church for a number of years, moving to Lubbock in 1967.

The Burton children, Billy and Pat, both graduated from Friona High School.

Attending the special ceremony, which included a luncheon at the church during the noon hour, were Mr. and Mrs. Bill Ellis and family of Friona

Mrs. Bill Ellis this week were Mr. and Mrs. Paul Whitecotton of Nocona. The Whitecottons were to attend the funeral of Bill's mother in Muleshoe on Tuesday. Mrs. Whitecotton is Bill's aunt.

Paul and Alice Whitecotton owned Highway 84 in Muleshoe for a num-

Prairie Acres, turned out to be the winner when the club came up with several pounds of extra beef following the luncheon. The Lions donated the additional

beef to Prairie Acres, so the residents there were able to enjoy the meat.

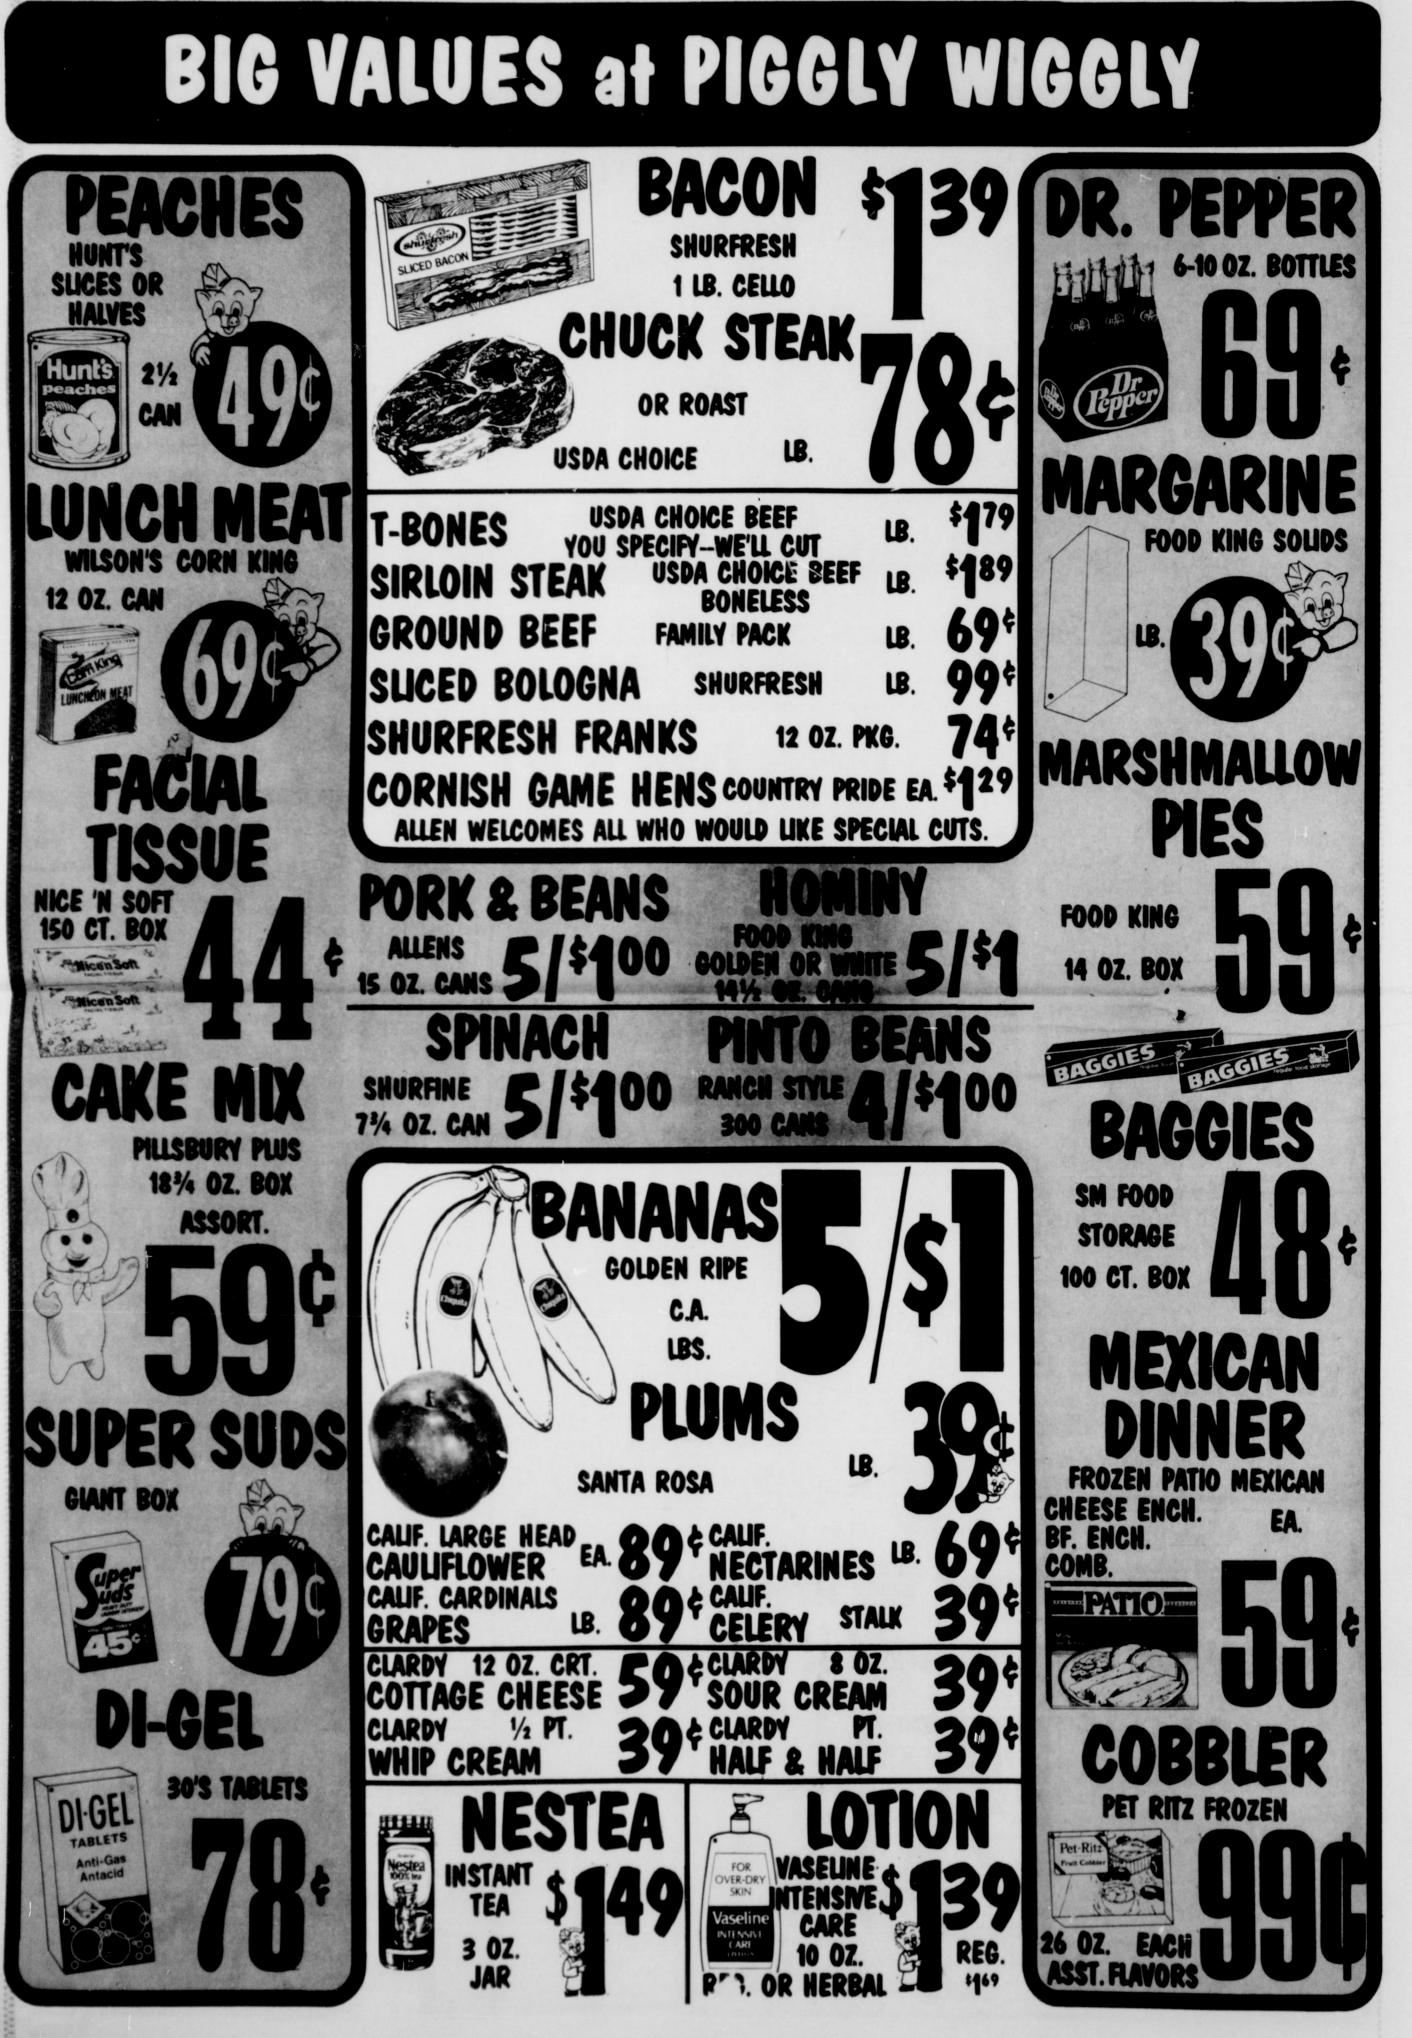

Friendship Sunday School Class of the Friona United Methodist Church held a reunion of past and present members last weekend at Ute Lake. Attending were Mr. and Mrs. Bob Gore, Portales, N.M.; Mr. and Mrs. W.H. "Gene" Awtrey, Ulysses, Kansas; Rhonda Gore, Amarillo; Mr. and Mrs. Billy Sides, Oklahoma Lane; Mr. and Mrs. Baker Duggins Visitors in the home of Mr. and and Sharla, Mr. and Mrs. Floyd Rector and Donna, Mr. and Mrs. Loyd Rector, Mr. and Mrs. Shirley Smith, Tammi and Monte, Mr. and Mrs. J.T. Gee, Mr. and Mrs. Lewis Gore, Bryan and Sonya, all of Friona.

The group enjoyed skiing, fishing and operated Paul's Cafe on West and boating and also held an outdoor worship service on Sunday.

Need an airline? We implore you Let your fingers land it for you.
