star Late Score Tops Lites By **Bill Ellis**

FOR HIS LAST official public appearance as State Senator for the 31st District, Max Sherman favored Friona with not one but two appearances.

٠.

Sherman, who had earlier resigned his senate post to become the new president of West Texas State University, spoke for the installation of the new Student-Faculty Congress officers at Friona High School, and then brought the program for the Friona Noon Lions Club

Sherman told the Lions Club that serving in the Texas legislature had been the highlight of his career. And Sherman had been recognized for his hard work at Austin. A state magazine, "Texas Montly," rated the senator in its list of "top ten legislators" on three separate occasions.

He said that he thought the recently-passed education bill and the highway program would greatly benefit the state's residents. Over one-third of the state's \$3 billion surplus went into the education fund. A number of communities in the state were aided by the bill, although Friona did so to a much lesser degree than some.

The highway program which was adopted should give the state the money it needs to finance highway construction for the next 20 years, Sherman believes.

Sherman voted against a corporate income tax for Texas in 1975, and the measure failed in the Senate, 16-15, with Sherman's vote weighing heavily. "We figured that if this had passed, an individual state income tax would have been the next step," said the popular legislator, who is proud of the fact that no new state taxes have been necessary in recent years.

Explaining why he would leave the legislature after such a successful stint, and having three full years remaining on his term of office,

The Friona Chieftains played a stout game against Floydada in their season opener here Friday night, falling 14-7 as Floydada rallied for a final-period touchdown.

The Chieftains showed flashes of greatness both on offense and defense against a strong District

eighth.

Fleming Resigns Mayor's Position

R.L. Fleming, long time mayor and resident of Friona, handed the city council his resignation Wednesday and was honored with a coffee on Friday as he begins his retirement.

Fleming held the mayorship of Friona for nearly seven terms, over 13 years, and has lived in Parmer County for 24 years. He first was elected mayor in 1958 and served until 1964. He held the office again from 1970 until this week. Thursday, September 1 was officially his last day as the mayor of Friona.

"It is with deep regret that we accept your resignation," mayor pro-tem B.K. Buske told Fleming. "But we realize that your retirement and move from Friona make it necessary.

Fleming came to Friona from the Melrose, N.M., on a speculative venture in the business of building. He and his son, Ray Dean, have erected more than one hundred residences, two apartment complexes, and several business buildings in the city.

"Marie and I hate to leave Friona and the many friends we have here," Fleming said. "We have built a home in Breckenridge and hope to enjoy much of our future lives taking it easy there, and working on the side. He said there has always been problems confronting the city administration, but there had always been pleasure and satisfaction in seeing them resolved and the city progress.

needed early in the final quarter, to claim the opening night win. The teams traded fumbles twice in an opening quarter that truly looked like opening game jitters. After the

But the Whirlwinds turned a

fumble recovery into the break they

second Friona fumble, Floydada proceded to drive 23 yards for a relatively easy score. But the Chieftains blocked the extra point kick, to hold the score at 6-0. The score came with just 42 seconds elapsed in the second quarter.

Friona dominated the second quarter. The Chieftains ran 23 plays to Floydada's five, and it put Friona right back in the game.

The Chiefs drove to the 'Wind 42, but elected to punt. Kevin Kothmann's kick went into the end

Floydada went to the air, but Jeff Whiteside was ready. He intercepted the pass at the Friona 41, giving the ball right back to the Chieftains.

Friona then mounted an impressive 59-yard drive that took 15 plays. and ate up most of the period.

The running of Glen London and Whiteside sparked the drive, although a pass to Terry Wilcox and a six-yard run by the same player each produced first downs to keep the drive going.

On a third down from the Floydada one, sophomore David Fleming crashed over for the touchdown. Jeff Peak's kick was maybe a foot over the crossbar, but it was plenty to give Friona a 7-6 lead in the hard-fought contest.

Friona's TD came with just 1:49 left in the half, and the 7-6 score stood up at halftime.

Friona had a good scoring chance in the third period, driving from their own 32 to the Floydada seven, where a fourth down play missed by a couple of feet and Floydada took over.

The next time the team got the ball, early in the fourth quarter, it looked again like the Chiefs might

MISS SEPTEMBER...Our calendar girl for September is Shirley Milloy, Friona High School senior. She is shown surrounded by a fall arrangement of Thailand Poppies, the Friona area floral shops are

Maize Days Plans Are Taking Shape

It has been called Friona's most fun days of the year, and this year's Maize Days celebration is lining up to be even greater than last year's 200th birthday edition.

As always, the highlight will be the crowning of the new Maize Days Queen, Thursday, September 15. But added attractions such as the return of past queens, will grace the festivities this year. The annual parade, to be held at 10 a.m. Saturday, September 17, will have such attractions as the Amarillo Antique Car Club, the KGNC Blimp, a 12 foot long Urethane coated blimp, and several area bands. Numerous clubs and organizations will give away prizes at 4 p.m. on September 17 at the city park. A \$25 money doll will be given away by the Progressive Study Club. It is 10 cents a chance, tickets can be obtained from study club members and you don't have to be present to win. The Friona Booster Club will give away a shot gun. Tickets are selling for \$1 and can be purchased from a Booster Club member. The Friona Volunteer Firemen are selling chances for three C.B. radios and a Magic Chef microwave oven. The Friends of the Library will have a booth in the park and will be raffling away a Cobra C.B. base set.

a plate barbecue at the city park. Bingo games, raffles, talent shows and pet shows will also be held. The Methodist Youth Fellowship will sponsor an "Almost Anything Goes" contest. Texas Speaker of the House Bill Clayton will also be here for the

day The "Almost Anything Goes'

Sherman reminded the Lions of the old quotation which closes "The fate of empires depends upon the education of our youth."

He spoke of the many strong influences that his childhood teachers had had upon his life, and also praised the scholarship program, which enabled him to complete his college degree work.

"I know that many of you attended other colleges and universities than West Texas State-just as I did. Let me ask that you 'adopt' WT as your 'second school'," Sherman asked the Lions.

The new WTSU president pointed out that the wide range of fields which are now open to students attending the Canyon university. He praised several programs and leaders at WT, including the new head coach, Bill Yung, noted choir director Hugh Sanders, and the outstanding WTSU band department.

"There have been some problems, and some wounds in the past. I think we can all work together to solve these problems, and bind up the wounds, and make West Texas State University the resource it can and should be," Sherman concluded.

PRAIRIE ACRES is facing a critical need for Licensed Vocational Nurses, according to Merv Noah, administrator.

Noah says that the problem is not to the point of affecting the level of care at Friona's nursing facility, but is to the point of causing some extra work on the part of staff personnel. The nursing home official said that Prairie Acres desperately needs nurses for P.M. duty. He points out that it is not a requirement to have an LVN on duty at nighttime, but that Prairie Acres is attempting to stay above standard in that regard.

One of the problems, Noah says, is that facilities such as Prairie Acres and the hospital tend to lose prospective nurses to seasonal, better-paying jobs.

School Holiday

Friona Schools will be closed Monday, Labor Day, for the first official school holiday in the 1977-78 school term.

School will resume at the regular time on Tuesday, September 6, according to Superintendent of Schools Tom B. Jarboe.

"I have enjoyed working with the city manager, Jake Outland, all the

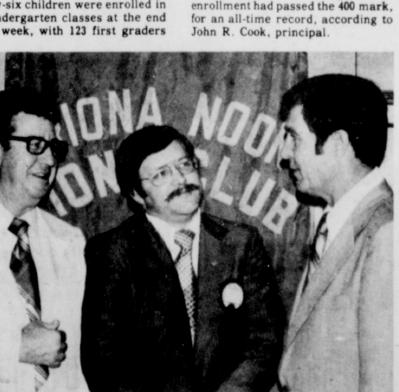

3,565 as set by the city council just different councilmen, and all city this past month.

Enrollment Close To '76

Friona schools got off to a good, smooth start this year, with enrollment down by only eight students from a year ago, according to Superintendent Tom Jarboe.

Enrollment throughout the school system stands at a present total of 1324 compared to 1333 last year at this time. Jarboe said there had been no problems in enrolling students or starting classes and Friona was off to "a real good start."

Fifty-six children were enrolled in the kindergarten classes at the end of the week, with 123 first graders

get a drive going. Wilcox ripped for four yards, and Fleming followed suit

Then, it appeared Fleming had a first down at the home 45, but he fumbled as he went down and Floydada pounced on it. "I thought the play could have been called dead," said Coach Lonnie Phillips, echoing the way it looked to many of the home side fans.

Floydada took the break, and marched 45 yards in just eight plays. Larry Jones got the touchdown with 6:21 remaining in the game. The Winds surprised and went for two,

Plea Issued **For Histories**

The Friona Star is issuing a final request for club histories, to be included in the annual Maize Days edition of the newspaper.

As of press time this week, only four clubs have turned in their information. The Star is seeking to get as many of the clubs written up as possible. Deadline for turning the information in will be Wednesday, September 7.

The Starhas information forms available.

Most Stores Set Holiday

Only five local businesses will be open Monday, Labor Day, according to Carole Weatherley, secretary of the Friona Chamber of Commerce. All restaurants and cafes will be closed, along with most businesses on Main Street and Highway 60.

Remaining open during the Monday holiday will be Houser's, Gibson's, Piggly Wiggly, Dairy Queen and Bi-Wize Drug.

Labor Day will be the only Monday holiday of this month. However, October will see three: Columbus Day, Veteran's Day and Halloween all fall during next month.

After October the Monday holidays will be over for the year, as Thanksgiving falls on its traditional Thursday in November and Christmas and New Year's Day both come on Sundays this year.

Immediately after the parade on Saturday morning, there will be a \$1

contest will begin at 4 p.m. at the football stadium. There will be an adult division for persons in the ninth grade and older and a junior division for fifth through sixth grades. Contest rules require three males and three females to be on each team. Entry fees are \$30 for the adult divison and \$24 for the junior division. Deadline for signing up is September 14, and teams may enter by calling 247-2116 or 247-3045.

The Friona Riding Club will sponsor team roping at the roping arena at 6 p.m. on Saturday September 17. Buttons and Bows Square Dance Club will meet at p.m. at the old Parmer County Implement Company on Fifth Stree to have one of their biggest shin-dig of the year.

The Ray Cammack Carnival be set up in the city park this ye which will help fulfill the delights . area children. And last, but r least, the band will have a car who so everyone can say they help smash up an automobile.

Twenty-Three Enter Maize Queen Event

Six more entries were received this week as the deadline for the Maize Days Queen Contest draws near. Eight Little Miss contestants also tossed their names in the hat this week.

The Queen and Little Miss contests are scheduled during the annual celebration to be held September 13 through 17 in the city. The Little Miss Contest will be held September 13 and the Maize Queen will be crowned on September 15. Deadline for the contests is September 8.

Tickets for the Queen's Contest are on sale at the Friona Chamber of Commerce office for \$2.50 each, and Chamber officials say good reserved seats are going fast. Entry fee for the Little Miss Contest is \$10, and \$20 for the Maize Queen entries.

Rules for the Maize Queen Contest require the new queen to remain single until her reign is over, otherwise she will give up her crown to the first runner-up. The reigning

Queen's duty will be to represent city while attending functions at request of the Chamber, schoo city. She will also represent Fr in the Miss Wheatheart of Am Contest held August 19-20 of year in Perryton.

The contest has been a big eve Maize Days since 1957 when Agee Wetzel (now of Midland crowned the first queen. Since new queen has graced the pos honor every year.

All the past queens hav invited back to ride in the which starts at 10 a.m. S September 17.

Entering the Queen's Con week were Johnna Thorn, s by Hub Ladies Club: Sylvia sponsored by Friona State Renae Monroe, Parmer Farm Bureau; Kathy Mart Auction Service; Robin Ze Young Homemakers: Shirl loy, New York Life, Ager

PAGE 2, THE FRIONA STAR, SUNDAY, SEPTEMBER 4, 1977

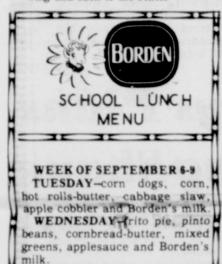

Back when I grew up airplanes were not a common sight in our community. The nearest airport was near a day's drive from our house and it was nothing more than an abandoned cotton patch that had been smoothed out with a drag bar. An old barn

served as the only hanger. But about once a year they would hold an air show and literally hundreds of people would turn out. We didn't miss many since they were our only chance to see airplanes up close. There would be all kinds on display and some were open so people could get inside. Sometimes you could even sit in the pilot's seat and a man would tell you what everything was and let you hold the stick and look outside to see the flaps moving. Some of the planes belonged to the Army Air Corps and they had real guns on them and places for bombs and everything! I saw my first jet at an air show and I remember folks staring at it saying they just couldn't understand how the thing could fly without a propeller.

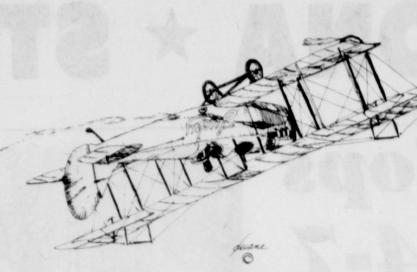

The air show I remember the most had a stunt flyer. His name was "Lucky' something or other and everybody called him a daredevil. He had an old plane that was called a 'Jenny." It had two front wings and looked to me like

it was held together with lots of sticks and wires. It was painted bright red with 'Lucky'' in large yellow letters on its sides.

Another man flew the plane and Lucky walked out to the tip of the bottom wing. He climbed up to the top wing and back to the center

THURSDAY-fried chicken, mashed potatoes, hot rolls-butter, buttered carrots, chocolate cake

REMEMBERING... Air Shows

of the plane where he stood firmly while the plane turned upside down two or three times! Then Lucky got in and flew it toward us, barely missing the hanger and then with his wing tip he took a handkerchief from a man standing on top of a model "A" Ford. Next he flew straight up real high and turned upside down and the other man fell out! We all screamed and a bunch of people said, "Oh, No!" But just then a bright red parachute opened and he floated down amid cheers from the crowd of relieved spectators

We missed one air show because Dad had business in town that day. That afternoon a plane flew real low over the house and we ran out to see what the commotion. It flew back over barely above the tree tops, dipping first one wing then the other. It did several other stunts as we gawked up at it and ran all around the house to get a better look. The man in the plane waved at us and then flew away. We could hardly wait for Dad to come home so we

our very own. When he came could tell him that even though we didn't get to go to the air show we had one of

in we were all talking at once with such excitement. Dad said, "I know what you're going to tell me. A plane flew over the house real low and the pilot waved at you." We were astonished, then he laughed and said he was riding inside the plane. Dad had gone to the air show after finishing his business and a man there was taking people up for rides for a small fee. He told us how we looked from the air, running back and forth, pointing, with our mouths open and our heads thrown back. We all laughed and laughed.

Friona Flashbacks

..... from the files of The Friona Star

45 YEARS AGO-SEPT. 9, 1932

Friona Schools opened Monday with total enrollment of 550. There were 198 in high school on the opening day and 352 in the grade school, making a total of 550, or an increase of 50 over last year's total enrollment.

Coach Bill Stevens of Friona High School reports that he has about a half hundred good husky boys who are aspirants for the 1932-33 football squad.

Mrs. Bertha Harry, Merle and Ruth moved to Lubbock Saturday evening, where they will remain at least during the coming term of school.

35 YEARS AGO-SEPT. 4, 1942

Both the Lakeview grade and high school students will attend the Friona schools this year. The trustees of the Lakeview school district called a mass meeting of the patrons of that school for a discussion of the teacher situation and the state aid set-up of the district, and when it was learned that they could not maintain a two-teacher school, they voted to bring all pupils of the district to the Friona school this year. One additional teacher was required in the grade school in order to take care of the added enrollment.

30 YEARS AGO-

(Entire 1947 issue missing from Star files.) + + + +

25 YEARS AGO-SEPT. 4, 1952

First load of 1952 milo was delivered last Thursday, August 28th at the Santa Fe Grain Company. N.A. Curry brought in the load of over 9,000 pounds, receiving \$3.00 per hundred. Curry farms west of Friona on the former Lonnie Baxter farm.

Twenty-seven Friona FFA members, with director J.T. Gee, have returned from a trip through New Mexico and Colorado, spending nights at Cannon City, Salida, Denver, Colorado Springs, Colorado and Raton, New Mexico.

20 YEARS AGO-SEPT. 5, 1957 L.A. Jones, 26, died Sunday afternoon about 6 o'clock of injuries received in a one-car accident three miles southwest of Friona Sunday

about 2:30 p.m., and Russell Massey is in the hospital with broken vertebrae at two places of his back, in gradually improving condition. Mrs. Russell Massey will probably be released from Parmer County Community Hospital this weekend. She has a broken ankle. The three were riding in the front seat of a 1957 car when it left the highway and ricocheted off one tree, knocked over another at the base and overturned on the enbankment of a railroad track adjacent the highway.

The barrack-type structure at the intersection of Seventh Street and Columbia Avenue, known as the FFA barns, and in recent years the scene of fairs and community activities, is to be sold and removed from the lots it occupies in Friona. + + +

15 YEARS AGO-SEPT. 6, 1962

Construction work started Tuesday on a farm-to-market road connecting Parmer and Deaf Smith County highways. The new road will begin on State Highway 214 six miles north of Friona, and will extend north and east 7.951 miles to FM Highway 1058, connecting Friona with the "Harrison Highway," which runs east and west in Deaf Smith County.

Sunday evening at 7 p.m., Rev. Ervin A. Binger will be installed as pastor at Immanuel Lutheran

Inc.

Church in the Rhea Community.

10 YEARS AGO --- SEPT. 7, 1967 Twenty-nine girls are entered in the 1967 Maize Queen contest, just one short of last year's record entry list. The contestants will be featured on Cotton John's Farm & Home Show on Channel 4 Amarillo, at 12:30 Saturday. Other Maize Days officials will be featured on the show.

Wilson & Co., Inc., Chicago-based subsidiary of Ling-Temco-Vought, Inc., will establish a multi-million dollar major beef processing plant in the Panhandle Country of West Texas near Hereford, its first such operations in Texas. Roy V. Edwards, Wilson & Co. president, said August 30 that the plant will be built on a recently purchased 400-acre tract approximately three miles from Hereford.

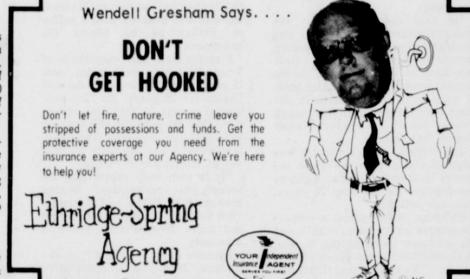

+ + + +

5 YEARS AGO--SEPT. 7, 1972 E.E. (Dutch) Sparkman was presented a plaque and watch which he was given by the City of Friona and city employees, respectively, on the occasion of his retirement last Thursday after 20 years of service to the city.

Three entrants were added to the 1972 Maize Queen's contest by the September 1 deadline, making a total of 26 girls in this year's event.

Letters To The Editor

(Editor's note: The following is a letter written by A.L. Outland to Senator Lloyd Bentsen)

Dear Senator Bentsen:

I feel it unnecessary to write you about the President's give away program of the Panama Canal, however, I do want to let you know that I am strictly against the program.

I can see certain considerations in relation to the rest of the world feeling that The United States is imperialistic, dictatorial in control etc., etc., but, be that as it may, they must not overlook the fact that the canal was American engineered, American financed, American built, and that legal and legitimate compensation has been made to Panama over the past years and will continue to be made in the future.

Surely the world can realize the terrific international economic catastrophe that would result when communistic control and possible blockade of the canal, such as was the case with the Suez Canal a few years ago.

In my humble opinion it is pure assinity to even consider turning over control of the canal by the year 2000. We have fought for the safety of These United States for two hundred years; there is simply no sense in giving it away in the next twenty years.

I earnestly solicit your vote against the give-away program when it comes to a vote.

Thank you sincerely, Arley L. Outland Lt. Col. USA-Ret

Dear Bill:

11 J

One of the rewarding experiences of serving in the Texas Senate is the opportunity to work with people from throughout the district and the state. I sincerely appreciate the suggestions and comments you have made during these few years.

In September of this year, I will assume the presidency of West Texas State University in Canyon, Texas. It was a difficult decision to leave the Texas Senate, but the anticipation of working with young people and other students is challenging and exciting.

My family and I are looking forward to this new experience. If I can ever be of any help or assistance to you in this new position or in our part of the state, please let me know. Sincerely, Max Sherman

Girl Born

To Casses

Mr. and Mrs. Jerry Cass are the parents of a baby girl born Tuesday, August 30 at 3:07 a.m. in Parmer County Community Hospital.

She weighed eight pounds, eight ounces and was $19\frac{1}{2}$ inches long at birth.

Named Mary Frances the new arrival has one brother, John, seven years old, and one sister, Jennifer, five years old.

Grandparents are Mr. and Mrs. Raymond Milner and Mr. and Mrs. Kenyth Cass, all of Friona.

Great-grandmothers are Mrs. Ester Milner of Tulia, Texas and Mrs. Hattie Jones of Hereford.

McCormick

Trial Set

October 31

The murder trial of Robert McCormick of Bovina has been set for October 31 in the Ninth District Court in Clovis.

The trial is scheduled to begin on that date at 9 a.m., with Division II District Judge Fred T. Hensley presiding. McCormick is represented by Clovis Attorney Tom Harden, while District Attorney Bill Bonem and his staff will represent the state.

McCormick, 46, is accused of fatally shooting his wife, Betty, last May 26 in the Levi Strauss parking lot in Clovis. He is charged with first degree murder and aggravated battery with a deadly weapon.

Mexican Meal

The Guadalupana Society of St. Ann's Catholic Church, Bovina, announces that their annual Mexican Dinner will be held September 11 at the Parish Hall.

Serving will be conducted from 11 a.m. to 2 p.m. A donation of \$2.50 per plate will be accepted at the door.

THE FRIONA STAR, SUNDAY, SEPTEMBER 4, 1977, PAGE 5

Cerebral Palsy Is United Fund Agency

Cerebral Palsy is not a single disorder, but a group of ailments having quite a variety of symptons. All are brain-centered and all affect muscular control. "Cerebral" means brian-centered, and "Palsy" describes lack of muscle control. A popular misbelief is that cerebral palsy is a disease, but it isn't. It is a variety of conditions involving nerve and motor dyfunctions which are caused by damage to the brain. Brain damage usually occurs during birth and people live with it all of their lives. Cerebral palsy cannot be cured but often it can be managed so that people affected with CP can function productively and enjoy life.

Cerebral Palsy is our nation's leading child crippler. Because CP is not an ailment which physicians are required to report to their State health departments, no official figures are available. Estimates by the United Cerebral Palsy Association suggest that about 750,000 persons have CP. About 15,000 babies are born with CP each year, or one newborn in every 200 live

WALLET

CREATIVE

(010

Thursday, Sept. 8th

births. There are approximately four CP individuals per 1,000 population. It is estimated that 12 to 16 live in Friona and the surrounding area

Local donations made to United Cerebral Palsy through your United Fund drive are retained in Friona and immediate area for the needs of those qualifying for aid. These funds are used for the needs of the Cerebral Palsied individual and include medical diagnosis, evaluation and treatment, vocational training, social and recreational programs, parent counseling, special and therapeutic equipment and other needs. The equipment ranges in cost from \$45 for corrective shoes (which must be replaced twice yearly) to \$500 and \$600 wheelchairs or \$900 leg braces and other prescriptioned equipment.

Due to your donations the past two years to the United Fund you have purchased three wheelchairs and one specially designed school desk for local CP children.

Friona's United Cerebral Palsy chairwoman is Mrs. Dale Houlette. If you know a Cerebral Palsied

individual (child or adult) who is in need of aid call Mrs. Houlette at 247-3228.

LARRY WOOD

WAYNE LaCAVA

Calvary Baptist To Host Larry Wood

Calvary Baptist Church will hold a revival meting September 11-16, it was announced this week.

Evangelist for the series of services will be Larry Wood of Fort Worth. Wayne LaCava of Springtown will be in charge of the music. Services will be held nightly at 7:30 p.m., as well as a noon service

from 12 to 1 p.m. The noon meeting will feature a covered dish luncheon, and will be held at the fellowship hall of the church

Sunday services begin at 11 a.m. and 6 p.m. The public is invited to attend, according to Rev. Ron Trussler, pastor.

"As a pastor I know that you must sense that we are living in urgent times. In our western world we find

ourselves in uncertain times yet never before has there been such great opportunity for Christ," Rev. Wood says.

The evangelist was ordained in Bentonville, Arkansas in 1970. He spent three years as a pastor in Arkansas, and since then has been involved in full time evangelism. He was a staff member on the school of evangelism for the "Greater Southwest Billy Graham Crusade" in 1971.

"It is my firm conviction that the local church is God's ordained instrument for reaching and training men. In these urgent and challenging times let us claim His power and grace together," Rev. Wood has said.

Friona J.V. Deadlocks

With Morton Indians

The Friona Junior Varsity Chiefs completely dominated their grid match with the Morton Indians Thursday night but could not outscore them.

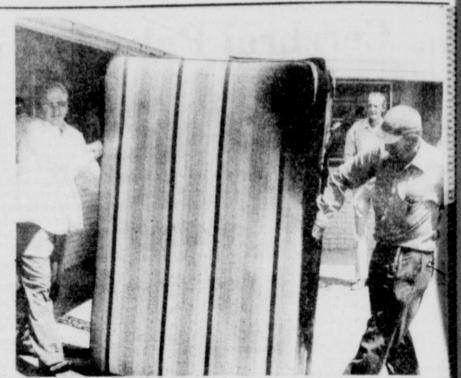

The J.V. Chiefs picked up 231 total yards to Morton's 58, but when the final gun sounded the score was tied 6-6.

Chuck Nichols found paydirt for the J.V. Chiefs in the second quarter with a 20 yard run, but the try for the extra point failed and the score stood at 6-0 at halftime.

Friona fumbled the opening kickoff of the second half and an Indian fell on the ball. That started a 30 yard drive for the Indians only score of the night. With only minutes gone in the third quarter the score stood at 6-6. Friona's leading groundgainer was Chuck Nichols with 77 yards in 14 carries. Robert Jackson had 68 in 16 rushes, Rod Owen 42 in 12, Kenny Walters 30 in 4, Milon Dixon 10 in one carry, and Quarterback Mike Gowens 4 in 4. Gowens also hit Willie Braillif for a 17 yard pass reception. Leading on defense was Dixon

with 12 tackles, Owen had one interception, Jackson had 13 tackles, andKirkFrye had 11. Doug Massey and Scott Fangman both nailed the Morton quarterback for one sack each, and Ramon Ramos recovered one fumble which was caused by a hit from Joel Hight.

The J.V. Chiefs picked up 20 first downs in the contest. Their next opponent will be Dimmitt, here on September 8.

SMOLDERING MATTRESS....Friona assistant fire chief Glenn Reeve, Jr., left, and Ruben Taylor carry a burned mattress from a room at the Budget Motel Wednesday, while Rex Williams stands ready with a water

hose. The fire department received the call about 2:50 p.m. and were at the scene about 45 minutes. Fumes from gasoline used for cleaning is thought to have caused the fire. Damage was estimated at \$500.

Speir noted that "they will be spread

thin covering the thousands of

highway miles in Texas, and we are

hopeful that motorists will join in the

effort to make Labor Day safe."

Drivers Reported Careful During Recent Holidays

Drivers seem to be displaying more cooperation and alertness on Texas highways during major holidays. At least that's the opinion of the director of the Texas

Department of Public Safety who says the 1977 Labor Day period could be safer than the same weekend in 1976.

Even so, Colonel Wilson E. Speir

has warned that Texas traffic collisions from 6 p.m. Friday, September 2, to midnight Monday, September 5, may claim 44 lives. During the 1976 Labor Day

During the 1976 Labor Day weekend, traffic accidents killed 50 persons in the state.

Speir said that so far this year, traffic deaths are running five to six per cent higher than during the same period in 1976. He noted that during recent years, "we have experienced considerable increases in the number of vehicles, the number of licensed drivers, as well as the number of miles driven."

"However," he added, "holiday drivers seem to be exercising more restraint and we hope this trend will continue."

The DPS director urged motorists to refrain from drinking during the Labor Day period, keep their speed under control, and not take unnecessary chances.

PARMER COUNTY FARM BUREAU

What you pay to lease a Zimmatic depends on the price of corn.

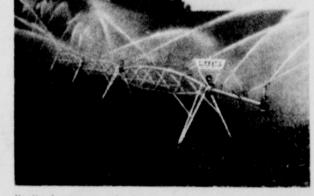

Here's another first from Lindsay ... the Zimmatic Corn Crop Lease. Instead of a fixed lease payment, you pay for your Zimmatic based on the price of corn. If corn prices plunge, so does your lease payment.

By offering this new lease, Lindsay is sharing some of the same risks that you face every year. Corn prices fluctuate, which affects your profit picture. That's why Lindsay developed the exclusive Zimmatic Corn Crop Lease ... a revolutionary program that tailors your lease payments to the changing price of corn, from one year to the next.

The Zimmatic Corn Crop Lease is designed so you can lease a Zimmatic without using your normal operating credit sources ... your Zimmatic pays its own way by turning on your production.

The number of Zimmatics available under this program and the time period of this offer are

LINDSAY

limited so come in soon and get all the details on the Corn Crop Lease and other exclusive leasing programs available only through Lindsay Credit Corp.

Take advantage of a program that has never been offered in the industry before ... it's the lease we can do for you.

of fiscal 1976. The Company company had net income of \$1.2 continued to pay its 5 cents per

12 OZ.

million, or 98 cents per share, share quarterly cash dividends on revenues of \$51.6 million. in fiscal 1977.

'Improvement in cattle prices Net income in the fourth during the fourth quarter, plus quarter was \$518,000, or 41 cents per share, on revenues of lower feed ingredient costs. \$14.1 million, compared with made it profitable to market company-owned cattle." said John G. Carrothers, President. cents per share, on revenues of \$11.6 million in the final quarter 'Income from custom feeding in the fourth quarter was also the highest for the year as occupancy increased at the company's feedvards." During the total fiscal year.

custom feeding was the leading income producer for the company and was only slightly below the 1976 level for this line of business.

Income from commercial feeds and animal health supplies was substantially ahead of the prior year, and steel fabrication made a small contribution to pre-tax income. Animal health supplies

would have done even better if it had not been necessary to take a sizable non-recurring inventory write-down at yearend," Carrothers commented.

The combined loss from transportation and grain operations was about the same as in fiscal 1976. These two lines of business are instrumental in essisting the

Assessment Tests Offered To High School Students

Students at Friona High School who are considering attending college after graduation will have five opportunities during the 1977-78 school year to use the ACT Assessment Program, a guidanceoriented service that is used each year by students throughout the nation as part of their college and career planning.

The first of five national test dates on which the ACT Assessment tests will be offered is Saturday morning, October 8. Junior or senior students planning to take the exams on that date must have registered by September 12, it was announced by Baker Duggins.

He said the full 1977-78 schedule of national test dates (with registration periods in parentheses) is: Oct. 8, 1977 (Aug. 8-Sept. 12); Nov. 29, 1977 (Sept. 26-Oct. 21); Feb. 11, 1978 (Nov. 14-Jan. 13); April 1, 1978 (Feb. 6-March 3); June 17, 1978 (March 27-May 19).

At area test centers on those dates it take students about three hours to complete four standardized exams (covering subject areas of English, math, social studies, and natural sciences) that make up the Test Section. The ACT Assessment's other important section is a two-part questionnaire that is completed by students at home as part of the registration process.

The test scores provide an

assessment of general educational development and the questionnaire section information focuses on academic and nonacademic accomplishments and interests, anticipated needs, as well as educational and career plans.

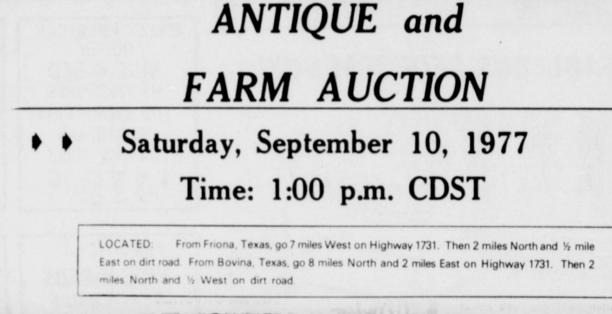

The resulting test scores and extensive questionnaire information are used by students and their counselors and families to assist in education and career planning. The information is also used by colleges for academic advisement, admissions, counseling, course sectioning and placement, student services,

and institutional research.

The basic student fee is \$7.50 for the ACT Assessment Program, which is recommended or required for use by student applicants at more than 2,600 colleges and scholarship agencies.

The ACT Assessment Program one of several guidance-orient educational services provided students and educational institutio by ACT (The American Colle Testing Program). With its nation headquarters in Iowa City, Iowa, th non-profit organization also main tains 13 regional offices in othe parts of the nation.

Curry County Fair Set September 6-10

The 1977 edition of the Curry County Fair will be staged September 6-10 at the fairgrounds east of Clovis. This year's week-long fair will feature such popular events as a tractor pull, competition in different livestock shows, exhibits and cultural divisions.

Perhaps the largest single attraction at the Curry County Fair will be the New Mexico Championship Tractor Pull to be held September 8-10.

The Class-A pull offers more than \$5,000 in prize money. Of the four Class-A pulls held in New Mexico the Clovis pull is the biggest one.

Entrants in the event accumulate points at each of the pulls and the one with the most points at the end of the season wins the all-around trophy.

The trophy will be offered for the first time this year. The over-all winner will be determined at the Clovis pull.

Only one tractor pulls at any time. Each tractor hitches up to a sled which can be adjusted to different weights, and the tractor put the sled as far as possible without bogging down.

A "full pull" means that the driver has pulled the sled to the end of the track. If more than one competitor makes a "full pull,"

weights are added to the sled and the run is completed again.

Next Thursday night (September 8) only local pullers from Curry and surrounding counties in New Mexico will be allowed to compete. The class weights that night will include a 12,000, a 15,000 and an 18,000 to 21,000 pound tractor class.

The final class on Thursday will include a 5,000 and 6,000 pound class for four-wheel drive vehicles.

Also on Thursday a special garden tractor pull will be held for youngsters under the age of 15. The three weight classes for this event will include 600 pounds plus 50, 800 pounds plus 50, and 1,000 pounds plus

Both local and out-of-state competitors will be participating in the Friday and Saturday competition. Contestants will weigh-in at 1 p.m. each day with the pulls beinning at 6 p.m.

Clovis farm implement dealers are selling advanced tickets at a cost of \$8 for all three nights. Tickets will cost \$11 at the gate.

The tractor pull is sponsored by the Curry County Fair Board and all proceeds will go back into the fair. Livestock shows will also be a big part of this year's fair. Sheep, cattle, swine and other animals will be exhibited and shown in daily competition.

The Board of Trustees of Friona Independent School District has awarded a contract to McMorries and Company of Hereford, to appraise all of the properties in the School District.

The Board spent much time in arriving at this decision, however, in view of laws passed by our legislature requiring local fund assignments of school district to be based on market value, as determined by Boards set up in Austin, and in view of the assigned values set by the Governor's Office Education Resources and the additional fact that in the new school finance bill "Senate Bill No. 1," passed by the recent Special Session of the Legislature, which provides in part for the withholding of State funds, if a School District does not maintain equal and uniform values

and values that are reasonably close to market value figures. The State under Senate Bill No. 1

will make checks of every School District's values within the State to see that School Districts are working toward equalization of their properties and obtaining a reasonable market value total of all properties in a School District.

School Employs Firm

For Property Appraisal

"During our Board of Equalization hearings, the Board has determined that our values are not equitable," Friona Superintendent Tom Jarboe said. "Our residences are not equal in value, our agricultural lands are not equal, and cost to do this type of work is increasing rapidly.

In considering all facts, the Board of Trustees believed it was now time to do the re-evaluation.

"The Board has the assurance of

TSTA Schedules **District Workshop**

District and local leaders of the Texas State Teachers Association in and Wheeler a 26-county area have been invited to attend the TSTA District XVI fall workshop Tuesday evening, September 6, at Amarillo High School.

The workshop will run from 5 p.m. registration until adjournment at 9:15 p.m., and will include a dinner meeting

Teachers are expected from the 33 TSTA local associations in District XVI, which includes the counties of Armstrong, Briscoe, Carson, Castro, Childress, Collingsworth, Dallam, Deaf Smith, Donley, Gray, Hall, Hansford, Hartley, Hemphill, Hutchinson, Lipscomb, Moore, Ochiltree, Oldham, Parmer, Potter,

Randall, Roberts, Sherman, Swisher

Local leaders will receive information, ideas and materials, and will provide input for the 1977-78 programs of TSTA.

High School and president of TSTA District XVI, will be in charge. He will be assisted by other

district leaders. Stacey of San Antonio (Lackland of water.

ISD) will be a featured speaker. TSTA staff members who will provide information are Earl of pumping," he said. "We hope that Cantrell and Tom Llewellyn of the every owner will be thinking about Austin office, and Bill Potts of the what their wells are pumping, and if Plainview regional office.

funds

Plainview PCA directors Billy W. Carthel, vice president, and A.W. Anthony, Jr., both of Friona, join PCA officials throughout Texas in Arlington recently for the annual Production Credit Association Directors Conference.

Other Plainview PCA directors attending include H.L. Porter, Jr., president, Petersburg; Ray Robertson, Dimmitt; and Harley Wells, Plainvlew.

James A. Rogers, Plainview PCA Swisher counties. general manager who will accom-

The company will determine its schedules on all types and classes of property in the district, based upon sales information obtained within the district, every parcel of property will be inspected, on-the-ground, by a qualified appraiser, all buildings that have any value will be measured and classified, all lands will be inspected.

All agricultural lands will be graded according to its soil type, slope and the amount of irrigation water a well is capable of producing will be a consideration in determin-

ing the value, a landing grading system similar to that used by Soil Conservation Service will be used, there will be eight grades of farm land and eight grades of pasture land; grade number one will be the best, etc.

The schedules will provide for an amount of acres that can be irrigated by the size of the irrigation well, say an 8" well can water 160 acres, a 6" well only 90 acres, and a 4" well 40 acres, etc., the irrigated acres will be valued by the grade of the land at irrigated prices, yet to be Jack Sharp, a teacher at Tulia determined, and the balance of the land at reduced prices per acre

according to the land grade. McMorries stated that because a well had an 8" discharge pipe did not State President-Elect Virginia mean that the well was pumping 8"

We will put forth every effort to determine what each well is capable any owner has any doubts of what his wells are pumping, it would be good to meter the wells, we will welcome all information regarding irrigation water, this will insure that

an owner is not being over-valued." participants will bring directors "We will attempt to talk to all up-to-date on farm financing at the owners or operators," a McMorries official said. "We definitely will inspect every parcel of property, Federal Intermediate Credit Bank however, in our 19 years in the of Houston, source of most PCA loan business, we find it impossible to see every owner.

Plainview PCA has loans out-In case the appraiser does not get standing of approximately \$67.7 to talk to the owner or operator, it is million to area farmers and suggested that well information be ranchers in Bailey, Briscoe, Carson, given the districts Assessor. He will Floyd, Hale, Lamb, Parmer and give such information to the appraiser. McMorries stated that

equity is what is expected to be achieved, the more facts we have, the closer to equity the end product will be.

A letter will be mailed to each owner, in about June 1978, stating a time and place where an owner can meet with the appraiser. He can review the values put on his property and review the values placed on other owner's property, then if an owner feels his property is not valued equitably and desires he can appear before the local Board of Equalization Board at a later date. Not all taxes will be increased. Some property will reduce, older homes that have not been given consideration for age and depreciation in years, may reduce in value, farm land that had good irrigation water some years ago, but water has depleted since the value was placed on the property and has not been changed, likely could lower, but the good land with good water likely will increase.

The appraisers will begin work in the City of Friona about September 6, 1977. Each appraiser will have a business card with him, showing the company name and his name, the appraisers will knock on every door, he will ask some questions, (how many baths, etc.) then will measure the outside of each building, and classify each building.

In the event you are not at home, the business card will be left on your door, but, the appraiser will measure the outside of the buildings.

The appraiser does not need to enter the home, unless he thinks there is a need to see the inside construction, to insure equity, then he will ask permission to look at the inside construction.

However, the appraiser will not need to see throughout a home. The living room and kitchen will show him what he needs to see. In the event an owner requests the appraiser to enter the home to show him something he should see, then the appraiser will be happy to make an inside inspection of the home.

The appraiser will not know what value will finally be placed on the property when he is making the inspection, the appraiser is only gathering information, measuring the building and classifying them, for use in calculating the final value of the property.

McMorries stated that he and his employees welcome any and all information from the owner, and our people will be cooperative and open minded at all times.

Odout 2 Kick Och Che

Town Talk

By June Floyd

Phone 247-3681 With Your News Item

The Floyds are home again. Last week we went to Garland to take two of our grandchildren, Joel and Heather Osborn, who had been visiting us about ten days home and to visit two of our daughters and their families.

Getting acquainted with our newest grandson, Brandon Dickson, was a special treat. He's just one month old and all the adjectives grandparents usually use when talking about a new grandchild couldn't describe him property. He's great!

Enroute home Monday we stopped at Roscoe to visit Jimmy, Dixie, Steve, Randall and Susan Smith. The Smiths lived here several years ago and are now growing maize, wheat, cotton and hogs in the Roscoe-Lorraine area.

Steve is a freshman at Texas Tech University, Lubbock; Randall is a high school senior and Susan is in junior high. Dixie is teaching again. We also stopped in Merkel to visit L.B. and Pearl McClain, but missed them. The McClains have done a lot of travelling around since Pearl retired from teaching, but are now living in L.B.'s old home town.

+ + + +I've not had the pleasure of meeting Bobbie Gilliam, but have been hearing some good reports about her. She and her husband, Gilbert, live in the Hub Community and this year she's serving as president of the ladies club.

Activities began with a meeting in the home of Pat Fleming in Friona. Attendance was good and we will probably be hearing more about this group of fine ladies.

The Home Arts Club also had its first meeting last week. Members of this club are women who are interested in making things with their hands and most of them have a lot of talent in one field or another.

Mrs. Mabel DeLong of Mesa,

Arizona and a former resident of Friona will be here for about the

next six weeks visiting her daughter Kelley Harrelson. She is recuperating from recent major surgery and would enjoy visits from all her Friona friends.

Mr. and Mrs. Pug Collier of Amarillo and granddaughter Angie Jesko of Lazbuddie recently flew to Florida and spent the week at Disney World. They visited Mrs. Collier's son, Randy Jacobs, who is a lodging host at the Contemporary Hotel where they stayed.

+ + +

The home of Madge and Clifford Crow was the scene of a joyous reunion of the four Settle sisters. Eva and E.A. Dabney came from Sun City Center, Florida; Gladys and John R. Guyer came from Pasco, Washington; and Lillian Warren came up from Bovina.

With two sisters living at opposite corners of continental United States, it takes some travelling for them to meet. Madge and Lillian think it is nice that they live near one another and about half way between Florida and Washington.

Vicki Barnett, daughter of Mr. and Mrs. Gerald Barnett of Las Alamos, New Mexico, has enrolled at New Mexico State in Las Cruces as a freshman petroleum engineering

Lamesa recently. Nell and Buster Davis went down on Sunday for the annual old timers reunion

James and Sue Procter have been down several times due to the illness of Sue's mother, Mrs. J.O. Peterson, who has been hospitalized. She's home now, but is seriously ill.

Then, Geneiva Riethmayer went down last weekend to visit Mrs. Otto Riethmayer and other relatives and friends.

The Davises, Riethmayers and Procters all moved from Dawson County to Parmer County a number of years ago.

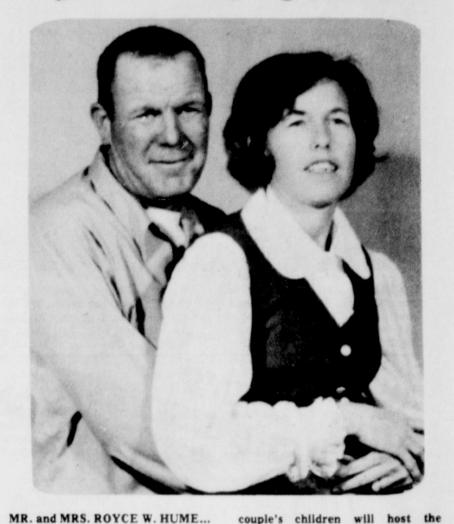

+ + + +

Mr. and Mrs. Otis Neel spent last weekend visiting in the homes of Mr. and Mrs. Gene Bryan and Mrs. Floyd Farrington in Littlefield. Mrs. Neel, Mrs. Farrington and Mrs. Bryan are sisters.

+ +

J.B. and Anita Taylor of Center, Colorado, have been visiting here. Their local kin are Mr. and Mrs. Ancel Renner, Mr. and Mrs. John Taylor and daughters and Mr. and Mrs. Jim Taylor and daughter.

their 25th Wedding Anniversary. If you desire to gain a good The reception will be held on Sunday, September 4 from 2-5 p.m. at the Community Center. The reputation, endeavor to be what you desire to appear.

Mr. and Mrs. Royce W. Hume of

Route 3, Friona, will be honored

with a reception on the occasion of

couple's children will host the reception. They are Royce Dale Hume, Mr. and Mrs. Roy Sanford, Karla Hume, Lawanna Hume and Mr. and Mrs. Donald Hume of Hereford. Mr. and Mrs. Hume were married on September 6, 1952 at Ft. Sumner, New Mexico.

WESTERN AG SALES CO., INC.

DRYERS

The three temperature "Sensor" Automatic Dryer utilizes a ten inch compartmentalized grain column permitting more air flow and uniform drying. Unique air-foil blade design produces more Cubic-Feet of Air per Minute (CFM) at low horsepower. Ram Jet Burner/Plenum for more efficiency. Many sizes available - some sizes in stock.

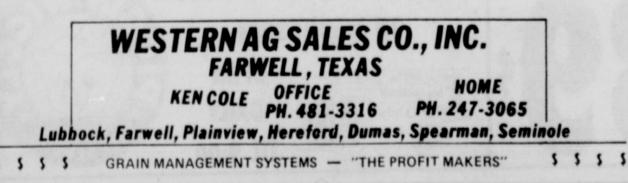

STORAGE

Meets the needs of both small and large operators. Heavy duty wall stiffeners resist downward pressures and are computer-designed to support drying loads and stirring devices. Easily adapted to include any number of bins and any size drying capacity. Your dealer can help you plan for the grain drying and storage you'll need.

HUTCHINSON

AUGERS

Galvanized, seamless welded tubes provide greater strength and durability. Pre-Assembled to save you time and to eliminate parts shortages. Choose the power that's right for you, gasoline, electric, P.T.O, Hydraulic. Features include heavy channel, longlife drive, heavy-duty flight, heavy duty shaft, selfaligning bearings, high quality gear box.

An important message to our customers.

The House of Representatives has just voted to raise the price of your electricity' And the Senate is looking at the same Legislation. These bins are going to cost you plents in hearty \$50,000,000 sizes for the next tich years. That is almost had a billion dollars'

Who cares? Of course you care. And we care. That's the reason we want you to know what's happening in Washington.

Not only did the House vote to raise your electric bill there's a strong chance you'll get leas tellable service, too. The Government is trying to take over regula-tion of your electric company. That's right: A Washington bureaucrat will decide who gets electric power and how much instead of your state and local officials.

That means your electric company will use control over how we operate our own power transmission lines and facilities. We might not be able to give you our oustomers — first priority. The Endersi Government could use some of the money you pay for your electric service to make your electric company build a transmission line for a government subsidized utility. You pay twice that way in your electric bill and in your takes. And you don't even get to use the line.

Let's not beat around the bush. The cost of doing business is going up. It costs you more for your electric service than it used to. But now when you plyour electric bill, you pay only what it costs to serve you, plus a controlled profit, so that we can keep updating our generation facilities and our technology to keep serving you better

Well, if some Congressmen have their way, some people will pay less that their fair share of the electricity cost. Who will decide who gets the special rates' You can bet it won't be you ... or us ... or our state and local government

who know our needs best It will be some government official in Washington'

That's a dandy. It's the one that taxes you because some of your electri-generated with natural gas. The gas users tax is a case of the Government us to build coal fired power plants faster than you can afford them

It's as though the folks in Washington just woke up one day and decided there was an energy crisis and decided to try to right all the wrongs over night. The facts are that your electric company has been doing something about our dimenshing natural gas reserves for more than six years. We haven't planned or constructed a gas fined generation facility since 1971. And since that same time we ve been planning to use coal as our primary generation fuel. We ve just compared and put into operation Hamington Station — a coal fined Generation plant near America. near Amarillo

But we need the opportunity to phase cut the gas-fired facilities at a saving economical to you, our customers. New power plants cost money cost you money because you are our only source of money. We have a program that makes it possible for us to stop using natural gas to make electricity by 1995 at the latest

It's a program you can afford. It's a program that will help alleviate rising costs. Sure, you'll pay more for electricity in the future. You'll be paying more for everything, but under our plan you'll pay a lot less than you'll have to pay if Senate Bill 1472 passes. \$423,000,000 tess between 1983 and 1990.

Why? Because Senate Bill 1472 says that even though we are building ceal-free power plants as fast as you can afford them, you're still going to be penalized by almost a haif billion dollars. Just because some staft member in Congress thinks you should build them faster. And remember it is your money that builds these new plants.

The Good News in all this is that your Congressman voted **against** raising your electric bill, voted **against** giving you poor service . . . but he was out voted. Now what you can do is write your United States Senator. His name and address are printed below for your convenence: and tell him to **vote against** Part E in Senate Bill 1469 and against the gas users tax in Senate Bill 1472 Why? BECAUSE YOU CAN'T AFFORD THESE BILLS. And that is a dam good reason. Let the people in Washington know that YOU CARE what they in with YOUR MONEY!

Thank you

END OF LINE Chieftain defender David Fleming comes in to make a good tackle on Floydada's Ricky Day. Brian Landrum (60) comes up in case Fleming needed help. Floydada scored in the fourth quarter to edge Friona, 14-7 in the season opener. Fleming had Friona's touchdown on a one-yard burst.

(Photo by Stanley Ellis)

Chieftains (Continued from Page 1)

as the holder raised up and rifled a pass good for two points and a 14-7 score. Friona couldn't get any-

F

thing going in the last six minutes. The bruising game may

have been a costly one for the Chiefs. Leading rusher Glen London hurt a hand when an opponent hit him with his headgear. He was having X-rays made Friday night to determine if the hand might be cracked.

Jeff Whiteside, the little halfback who added 57 yards to ably back up London's 71, suffered from cramps and a pulled muscle, and like London, missed the final quarter.

Fleming sustained a cut on his chin that required stitches, and Bandy may have had a slight concussion.

But the game had its bright spots, and Coach Phillips said "We definitely feel that we can come back and get in the win column, and we intend to start with next Friday's game.'

The game was played in near ideal weather except for a steady south breeze. A fine crowd of around 2,000
