WHATEVER HAPPENED TO "government of the people, by the people....etc., etc."? We seem to be getting farther away from this concept every day.

Time after time the public has spoken their views on such issues as bussing our school children, giving away the Panama Canal, use of the metric system and Daylight Savings Time, just to mention a few. Time after time these unwanted ideas are shoved down our throats by our elected lawmakers.

Does the winning of an election automatically make a man smarter than the people who elected him? Someone in Washington has hypnotized our members of Congress into thinking they are "God" and must hold sway over the entire Universe.

The American people are getting sick and tired of their elected officials ignoring their wishes on issue after issue, and the "silent majority" is getting ready to rise up in revolt. The 13th amendment issue in California is a good indication of this. It would be very unwise for the members of congress to continue to vote as they please on very many more issues, without consulting the pulse of their people.

IT IS OBVIOUS that the people do not want the ERA passed upon them, yet the ERA supporters, in a state of panic, have high pressured congress into considering a seven year time extension for the states that have not yet ratified the amendment.

Americans have a very keen sense of fair play, and most do not look favorably on this request for the "right" to play offense 100 per cent of the time, while forcing the ERA opponents to play defense 100 per cent of the time. A time extension, without giving the states the right to rescind, would violate every principle of fairness. For this reason, many elected officials, both federal and state, who voted "yes" on ERA are saying "no" to the time extension.

President Carter went before the Illinois legislature last month and asked the members there to vote for the ERA even though they might suffer a political backlash from their constituents. That is the same as admitting that the voters do not want this amendment but asking the legislators to vote for it anyway because the President wants them to.

President Carter should be reminded that the Constitution gives him no power to take any part in the amendment process. A constitutional amendment goes straight from Congress to the State Legislatures. Presidents and governors cannot sign or veto an amendment, and they have no right to use their power or prestige to force passage.

SPEAKING OF PRESTIGE, we have seen our TV networks put on the "hard sell" in favor of the ERA these past few weeks. They've been sneaking in plugs on as many shows as possible, and getting their big glamour stars out in front of the camera to push for the amendment and for the time extension.

Of course, there's no question of giving equal time for the other side. It simply won't be done. We hope our Congressmen are intelligent enough to see that these glamour folks do not represent the grass-roots majority of Americans. After all, the TV stars are under contract to their various studios and are being told, in many cases, what they should say.

The little lighted box that sits in each of the living rooms across the country does wield a great deal of power over our thinking. We have seen TV make or break a politician depending on whether or not the

Highway Work Scheduled In City

By **ROBIN HARRINGTON**
Representatives from the Texas Highway Department met with council members Thursday to discuss plans for rebuilding sections of Highway 60 within the city limits of Friona.

George C. Wall, Jr., District 15 engineer for the department told the council of plans to tear out the median on the section of the highway running through town. He said the highway would be resurfaced and a continuous two-way left turn lane constructed.

Wall said the project would entail no cost for the city unless utility adjustments were required for water mains running under the street.

Water superintendent Clyde Fields said he anticipated no utility problems because the department did not plan to tear down past the base material. Fields said the utilities are in the sub-base material.

The department hopes to begin work in the fall of 1979, Wall said. No traffic would have to be rerouted

because construction would be limited to one section of one side at a time.

The present highway was constructed in 1956 and was designed to last 20 years with loads of 54,000 pounds, Wall said, so the road has actually lasted longer than projected. He said the road construction would be designed to carry loads of up to 80,000 pounds.

Wall said construction projects are the best rain makers. Work on the last project of this type was delayed because of rain. Several

council members asked if the department could reschedule the work for the summer.

Aldermen also discussed other problem areas along the construction site. Alderwoman Beth Thompson brought up the intersection of Highway 60 and the Rhea Highway. She said this was a very difficult curve for drivers of large trucks to negotiate.

Mayor B.K. Buske also told the department representative of problems drivers have of getting up the

Etta Drive onto the highway, especially in the winter.

Other aldermen asked about plans for widening the highway to a four-lane divided road from Summerfield to Farwell. Wall said those plans were included in the second 10-year plans for the department which begins in 1987.

Wall agreed that the work is needed.

"It's a gap in the system," he said. Wall said there would probably be a reduction in back-end collisions with the continuous left-turn lane.

DISPLAY ASSURED

Fireworks Fund At Halfway Mark

Half of the necessary money has been collected in the fund drive for Fourth of July fireworks.

Donations are still being accepted from those who would like to insure another colorful fireworks display this year.

The Friona Fire Department will sponsor the fireworks display this year and will accept donations to the drive. All donations will be tax deductible.

Donations can also be brought by the Friona Star office, which is acting as a clearing house for the fund drive.

Friona Fire Chief Ralph Shirley said that the fireworks, along with the necessary security bond, have been ordered, and a display at least as large as those held in the last two years will be staged.

Members of the Friona Fire Department have for a number of years provided the physical work and expertise in staging the display.

Those businesses that have donated to the fund are Cortese Engine Service, Friona Veterinary Clinic, Bengor Aero Spraying, Monsanto Ag Center, Adams Drilling, Welch Auto and Piggly Wiggly.

Also contributing were White's Auto, Dalton Caffey, Wilhelm TV, Friona Industries, Rockwell Bros., Friona Wheat Growers, Ethridge-Spring Agency, West Friona Grain, Tri-County Savings and Loan, Friona State Bank and the Friona Riding Club.

Wheat Harvest Is Less Than Usual

The area's harvest is down considerably from last year's, according to spokesmen for area grain elevators.

Ronald Smiley of Friona Wheat Growers said so far the crop has been down 75 per cent from last year. He said there's not going to be a whole lot of wheat around.

Larry and Ricky Rector brought in the first load to the elevator of the late and short season, Smiley said.

He said a lot of farmers have plowed up their crop because of the dry weather.

Dub Anthony said there were a few weedy patches north and west of Friona that would probably produce between three and 12 bushels per acre.

Many farmers are grazing their wheat and there are very few pastures. Anthony said the weather has hurt the crop.

There also was a reduction in the number of acres planted because of the strike and farm production requirements, he said.

Anthony said he thought that wheat planting was down about 20 per cent. More cotton was planted this year, but more was lost because of the hail and sand, he said.

Ancel Renner of West Friona Grain said they had barely gotten started with the wheat harvest.

Renner said the irrigated wheat was not making too good and the dryland sure isn't. He said so far it's not looking good.

O.L. McMurtrey of Hub Grain said they just haven't had much of a harvest. He said the number of acres being planted in the Hub area was down considerably. With about a quarter of the wheat harvested, McMurtrey predicted the crop for the area would be down at least 50 per cent.

PROVIDES SIGN....Rosella Landrum built the new sign which adorns the entrance to Prairie Acres Nursing Home. The frame is from

an old bed headboard, and adds to the western motif at the Friona nursing facility.

NEW EQUIPMENT ADDED.... Thanks to the benevolence of the Eastern Star, Prairie Acres now has a new whirlpool bath, a lift and a

large hot water heater. From the left are Bessie Boatman, Prairie Acres resident and charter member of the OES, administrator Merv Noah,

resident Willie Mae Ross, a former worthy matron of the Bovina OES, and Lillian McLellan, representing the Friona OES chapter 990.

Band Named Honor Band

Friona High School Band has been selected as the Honor Band of Region I-AA, according to Scott Houston, band director.

A tape submitted by the band was judged by Richardson High School band director Howard Dunn to be the best from all AA bands in the region, Houston said.

The tape will be played in the State competition of Honor Bands at the Texas Bandmaster Association Convention July 30. The winning band in the state competition will be named the State Honor Band, Houston said.

The State Honor Band will play a concert for the TBA Convention that will meet in February.

Church To Celebrate 70th Anniversary

The Union Congregational Church will celebrate their 70th Anniversary Sunday, June 25. Pastor Norman (Skip) Sircic will give a program and burn the mortgage note.

Cake and ice cream will be served. The Class of 1928 will celebrate their 50th reunion the same weekend and have been invited to worship with the church.

Three groups participated in State University Interscholastic League competition June 2 in Austin.

A trumpet trio of Joe Bermea, Jane Aguilar and Maria Villanueva and their accompanist Johnny Walters made a III in state competition.

A flute trio of Tracy Horton, Kipi Fleming and Sharla Duggins earned a II rating from the judges.

A brass sextet of Roger Coffey, Roy Brito, Kimber Britting, Charlene Seale, Lynn Welch and Burk Vestal also made a II.

Houston said the average ratings for the ensembles in the competition was between a III and IV and he believes the students did a fine job.

Others attending were Karen Britting, Mr. and Mrs. Scott Houston and Bill Prescott.

MBPXL To Open Expansion Phase

Expanded facilities at the MBPXL plant will be open Monday, according to plant manager Scotty Cronin.

One hundred employees will be added initially, Cronin said, with the plant addition expected to reach full capacity in 90 to 120 days, said plant superintendent Jim McConnell.

At full capacity 250 persons will be employed in the expanded area. Approximately 70 persons will transfer from the slaughter section on the other side, McConnell said,

and 30 more employees are being hired.

On Monday, an orientation program for the new employees will be presented including a short program on working with knives, McConnell said.

The area will begin work on fabrication and finish about 100 head of cattle per hour. Each day the process will speed up, McConnell said more new employees will be added as the process is increased.

The slaughter capacity will be increased to 1150 cattle per eight-hour shift, Cronin said. A second shift is expected to increase slaughter capacity per day to 2400 cattle.

The new portion of the plant adds approximately 50 per cent more floor space to the plant. It is built just north of the original plant and runs the entire length of the original plant, which opened in 1986.

The expansion program had some delays and some changes from original plans, which caused some slight delays in the opening schedule.

City Asks Aid

In Bug Problem

City Manager Jake Outland said the city is currently working on spraying the lakes and applying chemicals by hand to control the mosquitoes.

Outland urges all residents to mow their own weeds and empty any stagnant water to help control the mosquitoes.

Star Wins Plaque In TPA Contest

The Friona Star won a first place plaque at the annual Texas Press Association Better Newspaper Contest. The awards were presented during the 99th Annual TPA Convention in Amarillo this weekend.

The Star's award was in the feature writing division and marked the second consecutive year that the paper had won that particular plaque.

The features entered were written by Jan U. Turner. One of the features appeared in the Star's Maize Days edition of 1977 and concerned high school senior Sheri

Noah and her hobby of being a clown.

The other feature told about the anxiety of a Dimmitt couple, Mr. and Mrs. Carroll Webb, who were involved in a plane crash in Ireland, in which Webb sustained a broken leg.

The plaque awarded the Star 100 points in the newspaper contest and made it a runner-up in the general excellence competition.

The newspaper competed with other papers across the state with up to 2,000 circulation. There were 40 newspapers entered in the feature writing contest.

The award was accepted by Star publisher Bill Ellis.

News And Views From American Agriculture

Since President Jimmy Carter's action to allow an additional 200 million pounds of beef into the U.S., the American farmers and ranchers have seen the commodity markets steadily deteriorating.

Based on total production due to the drop in the fat cattle market, the American cattlemen have lost approximately \$1.7 billion. The American grain producers have seen their markets fall also.

Based on total production, the wheat producers have lost approximately \$470 million, the corn producers \$760 million and the soybean producers \$830 million.

For just these four basic commodities, the American producers have lost a total of \$3.8 billion in value in just the past two weeks alone.

Since this comes off the top, it could be taxable income to the producer. This would cost the National Treasury just over \$1 billion in lost tax revenue from this one action. This loss of tax revenue cost the American taxpayer approximately \$5 for each imported pound of beef.

If the President wants to balance the budget, he should not deprive the nation of potential revenue.

We contacted a typical local meat market to see what effect the President's action has had on the price of a pound of hamburger. Three weeks ago the price was \$1.15 per pound and today it is \$1.18 per pound.

It apparently is having no effect at the meat counter but at the same time, is costing the American producers \$3 billion plus.

In the long run, it will cost Americans, as a whole, more than the American consumer will ever realize in savings at the meat counter.

The imported beef is costing in lost revenue for the American producer and treasury. The importation of beef is taking jobs away from U.S. citizens and making them tax recipients instead of taxpayers.

The U.S. Department of Agricul-

ture has falsely represented the facts. There is no way there can be a surplus of domestic beef. Supply has not kept up with demand for the last two years.

The American Agriculture Movement is pushing for tariffs for foreign beef that would make imported beef the same price as domestic beef and cut the unfair advantage overseas producers hold.

The movement is also working for labeling of imported beef.

With the lax bookkeeping methods of the USDA, there is no way the American people can know how much imported beef is coming into the country and how much over the quota this amount is.

There is now approximately 500 million pounds of beef that has been consumed in the U.S. but was not produced in the U.S. and cannot be accounted for.

In the past three weeks, \$1,000 less head of cattle per week have been killed in feed lots. This is just since the President's announcement.

In the Senate now, Senator Bentsen has introduced a bill to

change the import laws. The bill permits imports to increase when domestic production decreases and would cause imports to decrease at a time of domestic over-production. The current import formula has just the reverse effect.

STRIKE NEWS: Area farmers and cattle producers are headed for Fort Worth to try to meet with President Carter over the beef importation problem. They will on horseback demand a meeting with the President.

All interested persons are encouraged to meet in parking lot No. 4 of the Tarrant County Convention Center at 10 a.m. Friday. Carter will be in Fort Worth to speak at a fund raising luncheon for Rep. Jim Wright.

By the way, Wright's opponent is the only candidate so far endorsed by the American Agriculture Movement.

The appreciation dinner for Gerad McCatheran has been postponed until July 8.

Donations are still being accepted at Strike Headquarters for the chance at winning the Chevy pickup.

To The Editor

Dear Editor,

Don has 11 stitches in his arm and face from a bird dog bite. (Roaming Dogs). He got bitten trying to put the dog out of our back yard. This dog jumped a 5 foot fence to get in.

The initial hospital Dr. bill will be over \$50 plus 2 return visits to remove stitches, antibiotics and tetanus shot.

The police are no help in controlling dogs that go where they please and the owners don't care.

The policeman suggested "that we lure the dog into the back yard and kill it there by shooting it." That would take care of that dog but what about all the others. In the first place I don't want that dog or any other in my back yard for any reason.

The policeman said that "they didn't have anything to do with dog control, that it was Mr. Outland's and Howard Love's responsibility."

We had problems with dogs last summer and did kill a dog. We had the police here 3 times to see damage done by the dogs. He said "If you had 2 dogs, you should have had more than a single shot rifle, you needed at least 2 bullets."

There is a law against shooting firearms within the city limits (also firecrackers), also an ordinance against dogs running loose. There would be no need for firearms if the dog leash law was enforced. The questions seem to be-by whom? When?

Perhaps the city policemen aren't underpaid after all-or perhaps we need a new city manager (if the dog law is his to enforce).

I've chased dogs out of my front yard every day since I moved back to Friona. The dogs have broken shrubbery, dug in the worm pits, dug up bulbs, broken off flower buds and flowers running through the beds.

I dispise mowing over their huge manure piles. Did you know one can get a type of worm from dog manure dust (thrown up by lawn mowers) that affects the heart?

I sympathize with Madge Crow.

I'm glad we were home when the dog came over the fence into our back yard. I'm grateful my small 3 year old granddaughter was not outside.

It's past time that the citizens of Friona insist the dog law be enforced.

Steer Tagging Is Scheduled

The steer tagging will be held on Thursday, June 29, at 8 a.m. until noon at the Jerry London pens located approximately three miles west of Hub, according to County Agent Seth Ralston.

This program is part of the state steer validation necessary for major livestock shows. This validation is not required for the county show.

Please contact the County Extension Office (481-3619) sometime before June 29 to let us know how many steers you plan to tag, Ralston said.

RANDY ELLIS

Randy Ellis Is Cast Member

No matter that he had a degree in advertising from Texas Tech. No matter that he had been farm director for a Clovis, N.M. radio station.

When Randy Ellis read an article in "Pickin'" Magazine and later saw the show "Texas-Cradle of Giants," his career took a turnaround. The article informed him about the program in country-bluegrass music offered by South Plains College of Levelland, one of the few of its kind in the world.

And the "Giants" show, a production of SPC and the first road show in its 20-year history, gave him a chance to see the results of SPC's country music program in action.

"I saw the show last summer in Bovina the second time it played there (the first time was rained out)," said Ellis, a 1968 graduate of Friona High School who earned a bachelor's degree in advertising from Tech in 1973.

He is the son of Mr. and Mrs. Eugene Ellis of Friona. "I won a hat during intermission, and I really liked the show," he said. The history of country music in Texas from the early 1900's to the current progressive country sounds is condensed into a two hour show of songs, historical narrative and skits. Cast members are faculty and students at SPC, carefully selected from the College's country-bluegrass and related departments.

Ellis contacted John Hartin, director of the country music program, auditioned and won a partial guitar scholarship to the program.

A guitar for a birthday present instead of the asked-for go cart started Ellis on a musical career as a sixth grader. He learned on his own for the most part, except for a couple of private lessons as a Friona High School sophomore.

He played lead guitar for rock and roll bands during high school and performed with fraternity rock and roll and blues bands while at Tech.

In the early 70's, his interest in music shifted to folk as a single performer and later to bluegrass as a result of his friendship with Jan Lammers, now a Houston architect who performed with John Denver at Tech. "Jan was a studio musician, too, and he had played with some pretty good people, like Denver," said Ellis. "My interest in bluegrass sprang directly from that."

Following graduation from Tech, Ellis returned to his father's farm at Friona and played several engagements with a country band at the Friona Country Club.

By the middle 1970's, Ellis had gotten a job in radio and television work as a farm director for a Clovis radio station and he was playing with "Grass Valley," a bluegrass group featured at the Western Skies in Clovis, the Portales Hotel and at Saturday night dances at Elida, N.M.

Then came the article in "Pickin'" Magazine and a year later the "Giants" show at Bovina, and Ellis was hooked.

As bass guitarist and vocalist for the show, he is featured in a dozen numbers, including "California Blues," "Waitin for a Train," "Stay All Night," "Pistol Packin Mamma," "Don't Let the Stars Get In Your Eyes," "White Lightning," "If You've Got the Money, Honey" and "Blue Eyes Cryin in the Rain."

So far a dozen performances remain on the "Giants" schedule for its second season. Among their stops, Ellis and the "9" other cast members will be performing June 27 at Littlefield and July 1 at Bovina before the final show July 4 on the SPC campus.

The cast will host receptions for current and ex-SPC students about an hour before showtime at each stop.

high-honchos at the networks were for him or against him. The American people must become more cautious in allowing the TV to do their thinking for them.

THE ERA HAS BEEN considered in all 50 states. A number of these states have decided "no" to the amendment, some as many as five and six times. To regard a "no" vote by these states as not permissible is to make a mockery of the entire amending process and would surely promote even more voter disillusionment with our Congress.

We don't know of anyone who would not agree that we should have equal job opportunities and equal pay for both men and women. These things can be done without putting another amendment into the hands of our power-mad legislators and the Supreme Court.

The people who oppose this amendment are merely trying to look ahead and forestall such absurdities as women in front-line combat during wartimes, and the sharing of public toilets by both men and women, not to mention all the side issues concerning abortion, gay rights and education of our children. The pro-ERA people, when

confronted with these possibilities, usually shrug them off and say, "Oh, those things would never happen." Perhaps they are not aware that the last little phrase of the amendment gives the Congress and the Supreme Court "Carte Blanche" to tuck on any kind of absurd laws they can dream up over the future years.

The phrase reads like this... "Congress shall have the power to enforce, by appropriate legislation, the provisions of this article." So, you see, it is not the amendment itself that is so threatening, but the legislation that will surely follow immediately on the heels of its amending.

If the gay-rights people and the prostitution groups hadn't all come crawling out of the woodwork to lobby for this amendment, we might possibly not have become aware of its implications until it was almost too late to do anything about it.

If we don't try to protect our little daughters and granddaughters from these groups now, they may not be able to protect themselves in the future.

KNOWLEDGE humbles the great man, astonishes the common man, and puffs up the little man.

LONESOME...This week-old baby donkey looks a little lonesome as he surveys the great big wide world on the Noel Woods farm. He was

captured here on film with a wistful look in his eye. He was probably just looking for his "Mommy."

Sales Tax Payment Received By City

State Comptroller Bob Bullock said Thursday that city sales tax allocations for the first half of 1978 are running a healthy 17.5 per cent ahead of last year.

Bullock announced that his office has sent checks totaling \$60.9 million to 900 Texas cities as their June share of the local option one per cent tax.

The latest checks raise the cities' share to date this year to \$196.5 million, compared to \$167.2 million for the first half of last year. That's a 17.5 per cent increase.

Of the state's larger cities, Houston continued to chalk up the biggest percentage increase in city sales tax collections.

The city received a check for \$12,356,904, bringing its total for the year to \$40.8 million, a 20 per cent increase over the same period last year.

City sales tax allocations for the year are up 11 per cent in Dallas, 15 per cent in Fort Worth, 10 per cent in San Antonio and 17 per cent in Austin.

The tax is collected by local merchants along with the state sales tax and is rebated to the cities monthly by the Comptroller's Office.

Friona received \$10,271.68 in the current allocation. This is a 9 per cent increase over the same period a year ago. The total received for 1978 is \$31,817.60.

Alert Sounded For Equine Encephalitis

A state wide alert for Western Equine Encephalitis has been issued by the

Texas Department of Health, according to Dr. John D. Galbreath, regional veterinarian.

Dr. William Bilderback, the health department's Director of Zoonosis Control said this disease is on the rampage, especially in horses.

One of the main contributory factors for this problem is the increase in breeding areas for mosquitoes due to the recent heavy rains throughout the state and particularly in the Panhandle and South Plains area, Dr. Galbreath said.

The health department intends to carry out a mosquito surveillance program to the maximum extent of their capacities in the hope they can keep the county informed of any northward advances of the disease, he said.

Horse owners are strongly recommended of the potential hazard and veterinarians advise immunization procedures that are necessary to protect the equine population against all encephalitis, Dr. Galbreath said.

We're going to have something new in Friona. Where else can a person have a genuine closet cleaning and have all the left overs picked up and hauled off for free.

Members of the American Legion Auxiliary are going to be offering this free service for several weeks. Then, they're going to have a rummage sale. Their Girl's State fund is almost depleted and they need to make some money for this project.

All you need to participate in the project is to clean the cabinets, closets and other storage areas then call Marlene Drake at 247-3206; Jewel Wells at 247-3013; or Geneva Williams at 247-3249.

Then, they will pick up the rummage or have someone else do it and store it until time for the sale, which is being planned for sometime next month.

Tommy and Wanda Jones and sons, Joe and Johnny, have returned home following a trip to Pensacola, Florida. Tommy's and Wanda's daughter, Marilyn Harkey, came to Texas for a few days.

The Jennings sisters—two of them, that is—have done a fantastic job on their latest enterprise. Gaye Tannahill and Tito Milner always do a good job at anything they go at, but you just have to see The Apple Barrel to understand what I'm trying to tell you.

Present plans are to keep the shop open Thursdays, Fridays and Saturdays of each week. Anyone who desires something unusual in the hand made department is likely to find it there.

They have some paintings—oils and water colors—tole painted articles and a lot of other things. The Apple Barrel is one of the most attractive things that has happened to Friona's business section in a long long time.

Rev. and Mrs. Howard Rhodes and children, Amber, Jeff and Greg, who live in Sanford, Texas, where he is pastor of First Baptist Church, visited their parents, Mr. and Mrs. O.C. Rhodes and Mr. and Mrs. Walt Mabry, a few days last week.

Mr. and Mrs. J.L. Junell and son, Ray, of Amarillo, spent the weekend with Friona kin. Mrs. Junell is the sister of Rosco Ivie and Mrs. Irvin Henderson.

Arrangements have been made with Friona State Bank whereby anyone interested in making contributions to Friona Senior Citizens as a memorial or honor for a friend or loved one may do so. All you need do is call the bank and

ask Charlene Harper to take care of the arrangements. An appropriate card will be mailed to the person or persons honored or to the family when a memorial contribution is made.

MH-MR Center Opens Two New Facilities

Central Plains Comprehensive Mental Health and Mental Retardation Center proudly announces the opening of two new facilities to serve clients living in Parmer, Castro, Swisher, Briscoe, Bailey, Lamb, Hale, Floyd and Motley Counties.

These homes and the programs with which they interface are designed to prepare each client resident for independent community living over a period of several weeks to months. Many of the residents will be returning from state hospitals, where practically all individual needs are taken care of by the institution. Other residents will be persons who would probably need to go to state hospitals if these facilities were not available closer to their homes.

We will be attempting to teach the residents such basic "daily living" skills as how to plan and prepare simple meals, how to do laundry, how to open and maintain a bank account, how to complete applications and interview for jobs, how to get along better with other people, ways to use leisure time, and many other specifics that add up to

increasing each client's personal responsibility and independence.

One facility will house up to twelve (12) adult residents, the other will house up to twelve (12) adolescent residents. Each house will have a full time live-in manager and a relief manager for weekends. Other service units of the MH-MR Center will be involved with residents as planned on an individual basis to provide such other services as individual or group therapy, medication, job placement assistance, music therapy, occupational therapy, and recreational therapy.

This is the first program of its type for this area and required over three years to plan and complete. Funding for the majority of the construction was provided by a federal mental health grant.

The public is invited to attend Open House ceremonies to be held from 2:30 to 4:30 p.m. Sunday, June 25 at the 405 Ennis Street Home in Plainview. The other home is located at 404 Floydada Street. Speaker of the Texas House of Representatives, Bill Clayton, will

cut the ribbon. State Representative Pete Laney will also be present. The program will begin promptly at 2:30 to be followed by tours and snacks.

4-H Plans Dress Revue

On June 29th, Parmer County 4-H members will model garments made during 4-H clothing projects.

The 1978 Dress Revue theme this year is "Sew Your Way Through the USA." This year's style show will be held at the Hamlin Memorial United Methodist Church in Farwell. The style show and awards program will be at 3 p.m. The public is encouraged to attend.

The Dress Revue is a national 4-H awards program conducted in Texas by the Texas Agricultural Extension Service for youths ages 9-19.

All programs and information of the Texas Agricultural Extension Service are available to everyone without regard to race, color, religion, sex, age or national origin.

Becky Powell, Joe Menefee United In Church Ceremony

Rebecca Jean Powell of 1207 West Eighth St., Friona and Joe Dwan Menefee of Route 1, Friona exchanged wedding vows Friday, June 9 at 6 p.m.

The ceremony was performed in the First Baptist Church of Friona with Brother Charles Broadhurst of the Littlefield Baptist Church officiating.

The bride is the daughter of Mr. and Mrs. Donald Powell of Friona. The bridegroom's parents are Mr. and Mrs. Dwan Menefee of Route 2, Fort Lawson, Oklahoma.

Musical selections were presented by Belle Maynard, aunt of the bride, Grady Sorley, uncle of the bride and Dorothy Sorley, aunt of the bride, vocalists. Eva Miller accompanied at the organ. They presented "The Twelfth of Never," "The Lord's Prayer," and "Always."

As the bride was presented in marriage by her father, she wore the gown worn by her mother in her own wedding. The formal length gown of white bridal satin was enhanced with chantilly lace. The figurine bodice had a yoke of the lace, featuring a rounded neckline and long tapered lace sleeves. The bodice extended to a deep point at the center back where the extreme fullness of the sweeping skirt was laid in deep folds. A full length panel of the lace was inset at the front of the skirt which terminated at the back in a chapel train.

A bandeau of iridescent sequins held the bride's chapel length veil. She carried a bouquet of yellow roses and daisies.

Carrying out bridal tradition, her wedding dress was something old. Something new was her veil and the diamond necklace, which was a gift from the groom. She borrowed her mother's diamond earrings and

wore the traditional blue garter. The bride had pennies minted in the year of their birth in her shoe. The pennies were given to them by their third grade teacher, Mrs. June Rhodes.

Tammy Powell of Dumas, cousin of the bride, was the maid of honor.

Bridesmaids were Diane Westbrook of Portales, Debbie Menefee of Fort Lawson, Oklahoma, sister of the groom and Deann Shipp of Friona.

The feminine attendants wore rainbow colored dotted swiss formal length dresses. The bodices of the dresses featured dropped shoulders. They carried matching long stemmed roses.

Leslie Broadhurst of Abilene, Texas served as best man.

Groomsmen were Mitchell Smiley of Lubbock, Chris Ingram of Friona and Wade Cargile of Lazbuddie, cousin of the groom.

Serving as ushers were Stan Powell, brother of the bride, Jimmy Menefee, brother of the groom, Johnny McDonald, cousin of the groom, Mark Lunday and Clifford McClellan.

Kellie Burkhalter of Olton, a cousin of the bride, was the flower girl. She is the daughter of Mr. and Mrs. Jackie Burkhalter.

Jason Jones, cousin of the bride of Lubbock, was ring bearer. He is the son of Mr. and Mrs. George Jones. Candelighters were Brad Powell, brother of the bride and Sharon Frye.

A reception followed the ceremony in the Fellowship Hall of the church. Barbara Rhodes presided at the guest register.

The table was covered with a satin cloth with a chiffon ruffle. The centerpiece of pastel daisies in a gold candle arrangement accented the table setting.

The bride's three tiered wedding cake was decorated in white trimmed in pastel colors. The cake was topped with wedding bells.

The one layer chocolate cake trimmed with carriage and horses with a bride and groom, was served from the groom's table. A centerpiece of fruit and sterling silver appointments completed the table setting.

Serving cake and punch were Randa Allen, Mindy Mosley and Debbie Parker.

Others assisting in the houseparty were Mrs. Connie Thoman and Miss Dana McDonald, cousins of the groom and Miss Diana Clark.

Candlelight Ceremony Unites Loy Christian, Joe McLellan

Loy Beth Christian became the bride of Joe Lynn McLellan in a candlelight ceremony read Sunday, June 4, at the Oklahoma Lane United Methodist Church. Rev. C.H. Murphy, pastor of the First Baptist Church of Friona, officiated at the double ring ceremony.

Parents of the couple are Mr. and Mrs. Wendol Christian of Oklahoma Lane and Mrs. Lillian McLellan of Friona.

The couple exchanged vows before an altar centered with a brass candelabra arch holding fifteen sonia cathedral tapers. Two seven-branch brass candelabrum holding the sonia tapers flanked the arch. Completing the altar setting were two large fan-shaped arrangements of gladioli, sonia carnations, and baby's breath. The couple knelt on a pre-dieu in front of the arch to seal their vows. To complete the ceremony, the couple lit a memory candle using sonia tapers arranged on a brass stand. Sonia satin bows marked the family pews.

Traditional wedding music was provided by organist, Mrs. Dot Christian of Farwell, aunt of the bride. Mrs. Christian also accompanied Lynn Blankenship of Lubbock as he sang "Twelfth of Never," "Whither Thou Goest," and "The Wedding Prayer."

Todd Christian of Farwell, cousin of the bride, and Johnny McLellan of Friona, son of the bridegroom, served as candlelighters. Trumi Wiloth of Albany, cousin of the bride, registered guests.

Given in marriage by her father, the bride wore a white polyester organza gown. The gown was fashioned with a v-necked empire bodice with long flowing sleeves edged in Venice lace. The empire waist had a cummerbund trimmed with rows of Venice lace. The long a-line chapel length skirt was edged in the matching lace. The fingertip veil was attached to a Venice lace cap with matching lace edging.

The bride carried a nosegay of sonia and white carnations inter-

persed with white roses and baby's breath, decorated with seed pearls and Sprengri streamers. She presented each mother with a long stemmed red rose.

For something old, the bride wore a diamond necklace given to her mother by her father. Something new was her wedding gown. She borrowed the veil belonging to her sister, Mrs. Dennis Willard, and she also wore the traditional blue garter.

Tammy Willard of Bovina served her sister as matron of honor. Judy McLellan of Friona, daughter of the bridegroom, was bridesmaid. The bridal attendants wore identical sonia gowns of polyester organza lined in woven acetate. The gowns had ruffled front and back v-necklines with bow trim. The ruffles formed the capelet sleeves. The flared skirts were gathered up in the back and secured with a fabric flower at the center backwaist. The attendants also wore sonia sun hats with ruffles complimenting the ruffled gowns. They carried sprays of sonia carnations and baby's breath tied with ribbons matching their gowns.

Serving the groom as best man was his brother, Kenneth McLellan of Friona. Groomsman was Richard Carpenter of Farwell, cousin of the bride. Ushers were Rickey Rector of Friona, nephew of the bridegroom, and Dennis Willard of Bovina, brother-in-law of the bride.

For her daughter's wedding, Mrs. Christian chose a light pink formal length gown with long sleeves, lace wristlets, and white accessories. Mrs. McLellan wore a blue formal length gown with white accessories. Each also wore a corsage of gardenias.

Following the ceremony, a reception was held in the Fellowship Hall of the church. The bride's table was covered with a satin and lace cloth over a white gathered dacron lace skirt. The memory candle centered the table. A three-tiered wedding cake made by Betty Louise Rector of Friona, sister of the bridegroom, was topped with a miniature bride and bridegroom underneath an arch of white roses and lilies of the valley. The cake

Mr. and Mrs. Joe McLellan

was trimmed with sonia colored roses. Wedding punch, nuts and sonia mints were served from milkglass and silver appointments. Sharmy Christian of Farwell, cousin of the bride, and Becky McLellan of Friona, niece of the bridegroom, served at the table.

For the wedding trip, the bride wore a blue and white polyester jumpsuit with blue accessories.

The couple will be residing southwest of Friona where the bridegroom farms. The bride is a teacher in the Friona Schools.

REHEARSAL DINNER

A rehearsal dinner was given in the home of the bride's parents on June 3. It was hosted by the bride's aunts and uncles. Forty-seven persons attended.

Teachers Attend DKG State Meet

Two members of the Iota Eta chapter of The Delta Kappa Gamma Society International have recently returned from the 49th annual Alpha (Texas) State Convention of the organization. Held in Abilene, the convention attracted some one thousand key women teachers from all parts of the state, as well as guest members from several other states.

Newly-elected presidents of Alpha State's (Texas) 256 local chapters participated in a Leadership Development Workshop held on the campus of Hardin-Simmons University at the beginning of the convention. State president Mrs. Laginia Hale of Austin and vice presidents, Mrs. Bettye Mischen of Plano and Mrs. Mary Rowlette of Lubbock directed the workshop. Planning for the twelve area fall workshops took place the second day of the convention with incoming presidents and area coordinators participating.

Miss Phyllis Ellis was honored for her service of over a quarter of a century as state executive secretary. The State Achievement Award was presented this year to Carolyn Larrison, Jo Clark, Ruth Tabert, Mary Rowlette, and Dorothy Stallings.

As a climax to the convention, the 251 outgoing presidents received special recognition during the final banquet in their honor. The Founders and Presidents Banquet annually highlights the lives of the dozen women educators who pooled their dreams during a time when women were treated as second-class citizens. Dr. Annie Webb Blanton, who initiated the idea of such a group, later became the first woman in Texas to hold an elective state office, State Superintendent of Public Instruction.

The Society organized by a group of twelve women educators on May 11, 1929 in Austin has grown to nearly 150,000 women educators in the United States and nine additional countries. The international convention will take place in Chicago in late July with over three thousand members expected to participate.

Members of the four Abilene chapters of Mu, Zeta Phi, Zeta Chi and Zeta Psi planned convention activities and aided by members of area chapters served as hostesses during the convention. Mrs. Ellen Turner served as general convention chairman.

Members of the state planning committee met on Sunday morning to plan the state's Golden Anniversary convention set for San Antonio next summer.

In addition to the business and luncheon meetings, highlights of the convention included a variety of exhibits by chapters and committee workshops chaired by state committee chairmen and state and international personnel.

Local members attending the convention included Leota Hardgrove and Lois Miller.

PEGGY LYNN MARTINEZ and JOE DAVID MARTIN...Mr. and Mrs. Marty Martinez of Portales, N.M. announce the engagement and approaching marriage of their daughter, Peggy Lynn, to Joe David Martin. Martin is the son of Mrs. Jo Anne Martin of Lewisville and the
