Local Plant Tells Expansion Plans

IT IS HARD TO REALIZE that it has been ten years ago this week since the United States landed the first man on the surface of the moon, winning that portion of the "space race."

We recall the anxious moments on that Sunday afternoon, which led up to the historic moon landing.

Since it was the first time anyone had been to the surface of the moon, there had arisen some doubts about the landing. Would the spacecraft burst through an outer crust, and fall below? There was also the theory that lunar dust might be several feet thick. This led to the fear that the landing module might sink several feet in this dust.

And at the last minute, the landing module, called "Eagle" had its computer become overloaded. Some of the officials at Mission Control in Houston feared the landing might have to be aborted.

But the lander, commanded by Neil Armstrong, with Buzz Aldrin as the number two man, continued, and made history on July 20 when it settled safely on the surface of the moon. "The Eagle has landed," were Armstrong's words of celebration, to a waiting and relieved world some 250,000 miles away.

Shortly afterward, the two Americans became "moon walkers," as Armstrong took the "Giant step for mankind."

Armstrong said in a recent interview that he still recalls the feeling of pride the two men felt, at having achieved their mission, and being a part of the nation which caused it to happen.

The moon landing gave all Americans a sense of pride. This "being on the winning team" was in some respects kin to the feeling of having successfully won a war, and successfully defended the cause of freedom.

Our country had rebounded from being in second place to Russia at the advent of the first Sputnik space satellite in 1957, and had set a goal and then achieved it.

When President Kennedy had announced intentions in the early 1960s of landing a man on the moon before the end of the decade, it had seemed a far-fetched idea by some, but the dream was realized.

Perhaps the main concern in America today is that we rest too much on our laurels, and perhaps slip back into the complacency that allowed our nation to be trailing the Soviets in some respects prior to the beginning of the "moon race."

Our leaders might consider this fact before signing the Salt II agreement, which gives Russia a clear lead in the arms field.

THIS WEEK IS ALSO the tenth anniversary of another, less celebrated incident. It was on July 18, 1969, that Mary Jo Kopechne, a young friend of Senator Ted Kennedy, drowned following a campaign party in Massachusetts.

Kennedy's Oldsmobile plunged off the side of a one-lane, hump-backed bridge on Chappaquiddick Island in the late-night incident. The senator managed to get out of the car, but the body of Miss Kopechne was found in the back seat when the car was recovered the next day.

The Chappaquiddick incident, and Senator Kennedy's failure to report the accident immediately, are sure to be an issue during the impending presidential primary campaign.

Chappaquiddick set back Kennedy's career somewhat during the years immediately following the affair, but some experts say that it might be less of an issue in this campaign, mainly because a good portion of the current voting population is too young to remember the incident. Eighteen-year-old voters, for example, were merely second graders in 1969.

However, most political observers feel that Chappaquiddick will re-surface, particularly if Kennedy makes a run for the nomination.

Friona's Progressive Beef Packers has announced plans for a \$500,000 addition to the plant, which would increase the slaughter capacity of the plant to 500 cattle per day.

This addition should provide an added economic boost to the community. Progressive Beef already adds an estimated \$15,500 per week in salaries to the local economy, through its plant and feedlot operation.

At the same time, Jon Juengling, foreman of the Friona plant, expressed concern and apologies for an accident last week which caused an unusual odor problem, not caused

directly by the plant, but for which the plant received the blame.

Juengling explained that a truck belonging to Amarillo Bi-Products ruptured a tank while going through Friona, and began to spill blood.

Since the Amarillo company makes regular stops at Progressive Beef, the driver brought the truck to the packing plant, parking it behind the company, where the balance of the blood leaked out. Due to the hot weather, and the prevailing wind, the city experienced a foul odor until the company could get the situation taken care of.

"We want the citizens of Friona to know that we are working on this

odor problem. We have arranged for specialists from Texas A&M University to come study our operation. They will take samples from our sewage lagoons, and will give us recommendations for taking care of the odor situation," Juengling said.

The packing plant official said that along with the proposed expansion program, the company planned to install a dissolved air flotation sewage plant, which will reduce the possible odor factor to zero. This would be the same type of sewage plant, though on a smaller scale, that the City of Amarillo uses.

"The effluent from the plant would then amount to less than most folks discharge from their own households," Juengling said.

The proposed addition to the plant will include storage area for around 400,000 pounds of beef products, plus additional shipping and cooling, which would enable the plant to slaughter up to 500 cattle per day, over double its present capacity.

The expansion will also include a small breaking and fabricating operation capable of fabricating 20 to 30 carcasses an hour.

This operation will probably incorporate some pre-packaged foods, Juengling says.

At the present time, the local packing plant employs 45 people, plus ten more at its feed yard, making it one of the biggest employers located in the city. Juengling estimated that over 80 per cent of the plant's employees live in Friona.

In addition to the weekly payroll, the plant pours approximately \$20,000 additionally into the local economy, for parts and supplies, virtually all of which are purchased in Friona.

"We enjoy being here, and have evidenced this by our plans to expand. We appreciate the help and cooperation of the local residents," Juengling said.

Carl Skaggs is manager of the Friona plant, and Carroll Bennett is manager of the feedlot. Both are Friona residents.

Progressive Beef has owned the plant for about a year. It was formerly Taylor Meat Company, and was begun as Crow's Meat Company.

Construction on the plant addition is expected to begin in mid-fall.

EXPANSION PLANS... Carl Skaggs, plant manager of Progressive Beef Packers, points to the blueprints which detail the company's proposed expansion program, which will increase the slaughter capacity of the local plant by more than double.

Sales Tax Rebate Is Received By Friona

Texas cities shared \$218 million in rebates from the one per cent optional city sales tax during the first six months of this year, State Comptroller Bob Bullock said Friday in announcing the city's June tax allocations.

This figure compares to \$196.4 million that cities received during the same six months during 1978.

Bullock said that June allocations for the more than 900 Texas cities will be \$67.7 million, compared to a 1978 statewide allocation of \$60.9 million for the month.

The city of Friona's rebate for the period, which covered business reports ending May 31, was \$10,276.27. This was very close to the amount for the comparable period a year earlier, which was \$10,271.68.

For the year, Friona has now collected \$33,894.71, up from the \$31,817.60 at the same time in 1978. This is an increase of six per cent.

Dallas will get a check for \$7.9 million, bringing the city's year-to-date payments to \$25.8 million.

Houston's payment for June totals \$14.3 million. The city has received \$45.8 million in tax rebates for 1979.

San Antonio's rebate for this month will be \$3.5 million, bringing that city's 1979 total to 12 million.

Fort Worth's check will be \$2.6

million for a yearly total of \$8.7 million.

Bullock also announced tax allocations totalling \$53.5 million to the state's two Metropolitan Transit Authorities. San Antonio will receive MTA tax rebates of \$1.6 for June and Houston will receive \$12.7 million.

Total payments for the 1979 fiscal year to San Antonio's MTA amount to \$11.2.

Blanks Are Ready For Queen Event

Entry blanks are available at the Friona Chamber of Commerce office for contestants in the 1979 Maize Queen Contest, according to Linda Hubbart, Chamber secretary.

Businesses or organizations may sponsor contestants in the event by contacting their queen entry, and paying the \$25 entry fee.

Contestants must be a junior or senior at Friona High School this fall.

Maize Days will be the week of September 3-8.

Energy Crunch? Gomez Offers One Solution

Jack Gomez of Hobbs, N.M., whose hobby is piloting glider airplanes, stopped overnight in Friona last weekend while returning a craft which had competed in the Cross-Country Derby, from Hobbs

to Hutchinson, Kansas last week. Gomez stopped in Friona while returning the plane to Hobbs, for a visit with his daughter, Lynda Grimsley, and her family.

Hobbs is the site of the national

glider soaring finals, and Gomez is president of the local glider organization. He has served as contest manager for five soaring contests.

The plane Gomez was flying, a

Sperber, has a 65-horsepower engine, which enables it to get up under its own power. The engine has a ten-gallon gasoline capacity, and the craft has space for two passengers.

The Sperber has a 26-1 gliding ratio, meaning for every mile gained in altitude, it can glide for 26 miles. This varies, he said, according to the wind direction and velocity. A tailwind will increase the glide ratio, while a head wind cuts into it considerably.

Gomez, an insurance salesman in Hobbs, and has been involved in soaring for a number of years. "This is actually solar flying—it is one answer to the energy crunch," he stated.

The Hobbs resident said that a friend of his in the soaring field, Paul McCready, was the designer of the man-powered craft which recently crossed the English channel, the first such craft to accomplish this feat.

BOB OWEN

Chieftains' regional finalist mile relay team this past spring.

One of Owen's first duties as Bovina Superintendent will be to locate a new high school girls coach, to replace former coach Joel Nelson, who resigned this week to accept a similar spot at class AAA Sweetwater.

Nelson had guided his Fillies' track team to four consecutive district championships, and a state title in 1978. His girls basketball team was runnerup to Vega in 1979, posting a 19-11 record, and a good nucleus returning.

"Joel Nelson is one of those rare individuals in the coaching field, and will be very hard to replace. I had looked forward to working with Joel, and this is a disappointment, but you can't fault him for improving his situation," Owen said.

Weather Cooler Here

The weather in the Friona area has been cooler than average during the past few days, with a threat of rain Tuesday through Thursday. It has been cloudy and overcast most of that time.

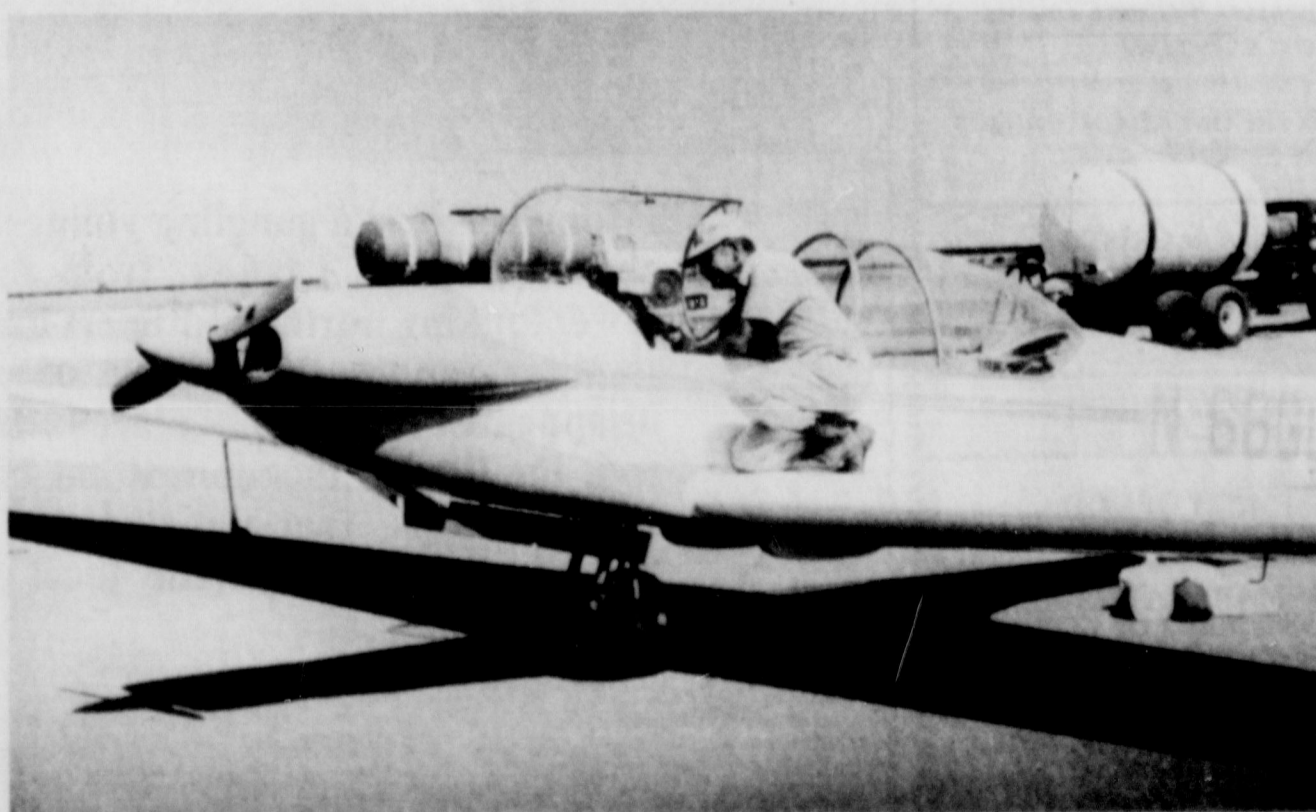

However, the immediate area did not receive the rain which would have been most welcome. Beneficial rainfall was reported to the south and southeast of Friona. Only measurable moisture here was .21 inch from the thunderstorm last Sunday afternoon, July 15. At least, the clouds brought relief from the high temperatures.

Farm Safety Week

Moisture: .21 of an inch July 16; trace on July 20.

GLIDER PILOT... Jack Gomez of Hobbs, N.M. is shown getting his glider ready for its next flight. The flying enthusiast, whose daughter is a

Friona resident, stopped off here last weekend while returning a plane from a cross-country contest.

FRIONA FLASHBACKS

...from the files of The Friona Star

50 YEARS AGO—JULY 19, 1929

W.W. Standiford of Amherst, has leased the J.T. Browning feed mill here and will put it in operation at once, grinding all kinds of feed for the public. He will also install a special mill for grinding meal.

The large storage building recently erected on Washington Avenue between Sixth and Seventh Streets by Fallwell Brothers, is now roofed and part of the siding has been put on. A number of large bins have been arranged in the building which are now being filled with wheat growers by the owners of the building.

45 YEARS AGO—JULY 13, 1934

On Monday of last week, Mrs. Ray Springer and Mrs. Oscar Bell, who have been operators at the local telephone central office for the past two years, relinquished their positions there and the city is now being served by two new operators. The new operators are Miss Ruth Staggs as chief operator, and Mrs. Velma Lippard as assistant, both of Ropesville.

40 YEARS AGO—JULY 14, 1939

According to information reaching the Star office, the Lubbock Poultry & Eggs, a Lubbock institution, has rented the J.B. Weir building commonly known as the Corner Filling Station, at the corner of Main and Sixth Streets and will open there

a general produce station. The building is being repaired and improved.

35 YEARS AGO—JULY 21, 1944

A charge of murder with malice and forethought was filed here this morning against J.W. Fox, 51-year-old day laborer, in connection with the fatal shooting of C.F. Jones, 45, of Silvertown, Oklahoma. The shooting occurred last Wednesday night around 11 o'clock in front of the Jones shack, south of the City Water Works, after J.W. Fox, accompanied by his son and Allen Johnston, went to the home of Jones and called him out. Johnston and C.F. Fox, son of J.W. Fox, were released early this week. No charges have been filed on either of these men.

25 YEARS AGO—JULY 15, 1954

Dr. Lee Spring officially began practice at the Parmer County Community Hospital, Tuesday. He will be in association with Dr. Paul Spring and Dr. Tom B. Smith.

Indicative of community growth and increased activity here, postal receipts of the Friona post office took a considerable jump the first six-month period this year to reach a total of \$9,291.14.

20 YEARS AGO—JULY 16, 1959

J.T. Gee, vocational agricultural

instructor since 1935, has resigned from that position effective August 31, to accept the position as principal of the Friona Elementary School.

A strip about four miles wide and 12 miles long east of Lazbuddie was battered by high winds and hail that came barreling out of a small thunderstorm about 4:30 Wednesday afternoon. Cotton in the storm's path was destroyed and feed was badly damaged by the hail.

15 YEARS AGO—JULY 16, 1964

The Tex-Mex Communications Company warned this week that it will not tolerate any further vandalism to its tower two miles north of Friona. A representative of the company said this week that a total of approximately \$1500 in damages had been suffered by the tower in the past year. Such damage is a violation of the Federal Communications Commission rules as a public carrier, and is punishable by a \$10,000 fine and 10 years in jail.

10 YEARS AGO—JULY 17, 1969

The Friona area will be host on Friday to the largest delegation of Washington legislative officials to ever visit the area, when Congressman Bob Price brings a special delegation for a visit to Missouri Beef Packers.

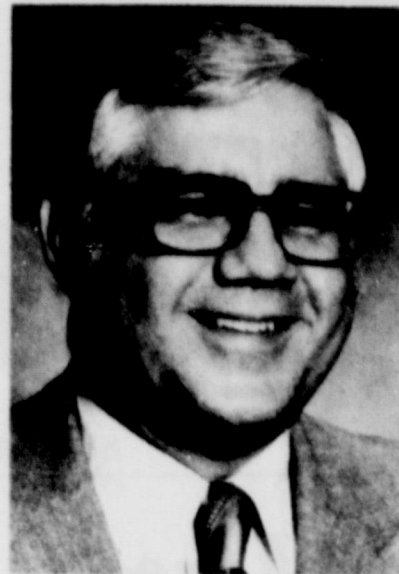

Teachers in the Friona Independent School District will receive \$500 above the new state recommended minimum salaries, according to a motion passed by the district's board of trustees at their meeting last Saturday.

5 YEARS AGO—JULY 21, 1974

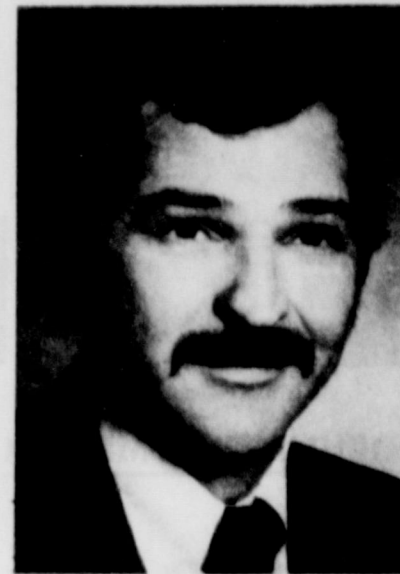

Larry D. Johnston of Friona has earned "Distinguished Student" ranking at Texas A&M University, announced Registrar Robert A. Lacey.

Dale Cary, who has served as manager of the Friona Office of Production Credit Association for the past four years, has resigned to accept a position with a bank in Beaver, Oklahoma, it was announced this week.

Rev. David Plumb has been named pastor of Friona's Union Congregational Church. The new pastor will be in charge of services at the church this Sunday.

DAVID GODDARD

CHARLES H. HUGHES

David Goddard Gets Promotion

David J. Goddard has been promoted to senior vice president in charge of corporate development for Friona Industries, Inc., and Charles H. Hughes has been appointed financial vice-president and treasurer.

Goddard was formerly financial vice president and secretary-treasurer. He will continue to serve as corporate secretary. Goddard, who has been with Friona Industries for the past seven years, is also on the board of directors. Prior to that he held management positions with banks in Lubbock and Odessa, Texas, and was a National Bank Examiner. Goddard graduated from Texas Tech University with a BBA degree in finance.

Hughes was vice president and treasurer of Western Beef, Inc. in Amarillo. He had been with Western Beef for 10 years. From 1964 to 1968 he was with a public accounting firm in Amarillo, of which he is a native. Hughes holds a BBA degree in accounting and an MBA degree in finance from West Texas State University. He is a Certified Public Accountant and a member of the American Institute and the Texas Society of Certified Public Accountants.

Friona Industries is an agribusiness firm primarily engaged in the

manufacture and sale of commercial cattle feeds, the retail marketing of animal health supplies, custom cattle feeding and the sale of company-owned cattle. The Company, whose shares are traded on the American Stock Exchange, has annual revenues in excess of \$80 million.

REMEMBER WHEN?

Friona was just a gangling youngster when the above photo was taken, from the old water tower looking north. Oldtimers may spot some familiar landmarks, many of which have disappeared or been replaced. If you could spot the Bank's location, it has changed also. But one thing that remains the same is the friendly service from the local folks which make up our bank.

FRIONA STATE BANK

RALPH MCBROOM
Rites Held
Locally For
R. McBroom

Funeral services for Ralph McBroom, 68, were held Wednesday, July 18 at the Sixth Street Church of Christ with D.L. Harguess, former minister, and H.D. Simmons, Jr., minister, officiating.

Burial was in Parmer County Memorial Park under the direction of Parsons-Ellis Funeral Home.

McBroom died at 1:30 p.m. Sunday, July 15, at St. Mary's Hospital in Lubbock.

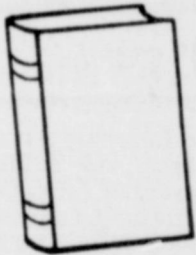

Born March 12, 1911 in Woodbury, Tennessee, he was married to Buelah Beils on December 2, 1933 in Altus, Oklahoma. He was a retired farmer and a member of the Sixth Street Church of Christ and had lived in Friona for the past 21 years.

Survivors are his wife Buelah of the home; one daughter, Mrs. Jesse Moore of Odessa, Texas; three sisters, Mrs. Charles Fincher and Mrs. Lindell Vanderveer, both of Fort Worth, Texas and Mrs. Larris Hargett of Zion, Ill.; one brother, Dave McBroom of Altus, Oklahoma.

Also two grandchildren, Jason and Jeremy Moore of Odessa, Texas also survive.

Pallbearers were Floyd Reeve, James Procter, Alvin Gaines, Bill Wilshire, Rene Snead and John Hays.

Honorary pallbearers were E.G. Phipps, Nelson Welch, Glenn Floyd, T.A. Williams, Tom Pruett and Arthur Drake.

Book
Talk

By NELSON LEWIS

Every now and then a book comes along that has a very limited audience. This does not mean that said book is not entertaining. Perhaps the audience should be larger. Some authors do not aspire to the best seller list, they say what comes from the heart and hope that readers will appreciate their efforts.

Such a book is "Crazy Women in the Rafters" by Paul Patterson. Little Paul was next to the youngest in a large family of poverty stricken South Texas people. He tells it as it was in the first two decades of our century. No effort is made to glamorize the drifting from town to town. The Pattersons were dirt poor, but family ties and love overcame economics.

There exists a strong lesson in the true values of life. Mr. Patterson does not preach, however, the reader gets the message. In short if the Pattersons made it—anyone can!

I recommend it to spoiled children.

Personal note: Our son Reid and his lovely wife Judy are spending a few days with us. They are both teachers in South Carolina and big library boosters. For some obscure reason they have chosen to teach children who have been denied a fair chance at happiness. Their personal advancement is an indication of their success in this field. More power to them!

Mixed Softball
Tournament Set

A mixed softball tournament is being planned for August 4 and 5. A mixed team consists of five men and five women.

Entry fee will be \$2.00 per person and you need not have a sponsor. Proceeds go to help pay for lights at the Reeve Lake field.

Anyone needing information about the tournament should call Charles Hamilton, 265-3471.

Enter your team with your line-up, team name and entry fee by August 1.

Boxed Beef is only the useable portions of the carcass skillfully trimmed and packaged through ultra-modern processing, then vacuum sealed and boxed for ease of handling. Cutting these portions to desired roasts and steaks does not require a trained butcher. In fact, many housewives across the country prepare the boneless cuts to their own requirements right in their kitchens. What a fine way to get just exactly the cuts you need and save dollars on quality beef at the same time. However, on any Boxed Beef purchase you make with us we gladly cut and wrap it to your own specifications.

ADVANTAGES:

1. Boxed Beef is naturally aged, thanks to its patented vacuum wrapping.
2. More sanitary-less bacteria.
3. You buy meat without the surplus waste fat and bone.
4. You save money in buying meat instead of bone, fat, and trimmings.
5. Quality controlled beef. Only the best beef is selected to go in the Boxed Beef program.
6. You can buy only the part of the beef that you want.

WE RESERVE THE RIGHT TO LIMIT.

NEW "BOSS"...Joe Tongate, left, hands over the gavel, symbol of leadership, to the new president or "Boss Lion" of Friona Noon Lions

Club, Jay Beene. Beene was one of the group of new officers installed by the club at its meeting Thursday, June 21.

Three Directors Named To Board

Three new directors have been elected to the Texas Wheat Producers Board, Agriculture Commissioner Reagan V. Brown has announced.

Robert Graves of Perryton will represent the Northern Plains area; Leo Witkowski of Hereford, the Central Plains area, and Winston Wilson of Quanah, the Rolling Plains area. Wilson is also president of the National Association of Wheat Growers.

The board of directors oversees the research, promotion, marketing and educational programs of the Texas Wheat Producers. Three directors are chosen every other year to complete the nine-member board.

The Texas Wheat Producers is one

of the eight commodity boards which are administered by the Texas Department of Agriculture. Under the Commodity Referendum Law, farmers can form a statewide association and assess fees on marketed produce to create funds for their programs. The Department certifies their elections and assists them in their goals.

Other members of the Board are Dwight Hamilton of Olney, Otis Harman of Tulia, Ken Kendrick of Stratford, W.R. Moore of Munday, and Troy Sloan of Spearman. C.L. Edwards of Panhandle is the current chairman. Bill Nelson serves as the executive director for the Board.

Service Point Is Discontinued

The official grain inspection service point at Hereford, Texas, is being discontinued, effective July 16, the U.S. Department of Agriculture (USDA) has announced.

Leland E. Bartelt, administrator of USDA's Federal Grain Inspection Service (FGIS), said the Plainview Grain Inspection & Weighing Service, Inc., Plainview, will continue to provide official inspection services at Hereford on an as-needed basis.

Bartelt said no comments were

received in response to a proposal published in the April 25 Federal Register to discontinue the Hereford service point. The action was proposed because of insufficient demand there to justify the full-time employment of an inspector.

FGIS is administered in the Southwest by Jerry Cotter, Regional Director, USDA-FGIS, 1100 Commerce, Room 7C34, Dallas, Texas, 75242, phone (214) 749-3096.

AAM BARBECUE

Roming, Green Are Speakers At Function

The chairman of the Texas House of Representatives' agriculture committee, Forrest Green, along with committee member Ralph Roming of Bovina, were featured speakers last Thursday at a barbecue hosted by the Bailey County American Agriculture Movement.

Green lauded the work of the recent Texas legislature, which provided a number of tax breaks and reductions for Texas residents, such

as the taxing of farmland on productivity, rather than market value; the \$5,000 homestead exemption for small property owners, and the \$10,000 tax exemption for persons 65 years of age or disabled.

The speaker, who is state representative from Corsicana, also mentioned the production of gasohol, and cited some of the benefits which could be derived from the construction of fuel alcohol plants in Texas.

Green chastized Governor Bill Clements for vetoing a tax break for the use of fuel alcohol, and the availability of low interest loans for construction of gasohol.

"Fuel alcohol could be a renewal of the source of gasoline, and since the Arabs hold a gun to our head, as they keep boosting prices for imported oil, we could, by utilizing agriculture in this state, produce fuel at a much cheaper cost," Green said.

Roming also spoke to the more than 75 people attending the barbecue at the Bailey County Exhibition and Coliseum.

Roming told the group he had heard a state representative say "The American Agriculture Movement has broken more ice this year than I have seen in my 12 years as a house member."

Roming said, "I will be the first to admit that the American Agriculture Movement has made some minor mistakes, but, at least they were trying to correct the gross injustices that exist in agriculture today. Show me that person who does not make mistakes and I will show you the person who is doing nothing."

He commented, "We have seen our elected officials become as confused as 'Chicken Little,' running around saying 'The sky is falling'. Because on one side he had the farmers saying one thing and on the other he had the farm organizations in direct opposition."

Roming added, "In some instances, we have seen our proposals become a political football for some politicians egotistical, political ambition," also, "It is a pity to realize that we as farmers who represent 3 per cent of the populace in the state, and are that source of the state's largest industry are under the control of a commissioner of agriculture who is elected by the 97 per cent of the consumer populace."

He added, "We have also seen the

STATE OFFICIAL FLYS IN....Texas State Representative Forrest Green (right) of Corsicana, flew in to Chuck's Spraying last Thursday to speak before an AAM

meeting in Muleshoe. Bovina farmer Ralph Roming (center) who is presently working with the State Agricultural Committee, also flew in with Rep. Green and spoke to the

group. Clifford Carter, (left) of Lubbock, a newly elected member of the Producers Board met them at the airstrip.

time when our elected Senate thought it more appropriate to spend precious time in the closing hours of the session discussing the immortal armadillo than discussing very important farm legislation."

"The American Agriculture Movement in its infancy has made some tremendous accomplishments, probably more than some of its people will ever realize, but we must at this time start to mature with age. Just as a babe has to learn to crawl before he walks, so did we," added Roming. "We are at the walking age now, and with maturity comes sophistication. With sophistication comes better directive. We will be better unified and all working for the same goal of 100 per cent parity."

Roming continued "With this maturity, we must accept our responsibility to become active in the farm and commodity groups, to redirect these organizations into the true farm representatives that they were originally designed to be. By redirecting these farm and commodity groups, we will all speak with a unified voice. With the

advantage of all speaking with one voice, our representatives cannot use the division of voice as an excuse for non-action. In many instances it is our fault that these farm and commodity groups have become misguided, lost direction and have lost the true feel of the farmers and ranchers."

He also commented, "We must become more astute of political issues

and the candidates who are running. No longer can we afford to elect people from name association only as has been true in the past. On any major election in the past decade, the rural vote would have changed the outcome of the election. The rural vote is one that is not sought after by most of the major candidates. This is the reason that we must be unified in our choice of candidates."

"PIPER" PLAYS...Michael Workshop production Friday, Griffin, right, who played the Pied practices his art, while the "rats" become entranced. From the left are Tiffany Osborn, Amy Blankenship, Leigh Ann Neelley, Amber Cook and Stormi Upton.

Stars Fall In District Tournament

The Dimmitt all-stars pushed across an unearned run in the bottom of the fifth inning, and made it stand up for a 7-6 win over the Friona stars in the District Little League playoffs here Monday.

It was a close, hard-fought game all the way, with first one team, then the other scoring runs.

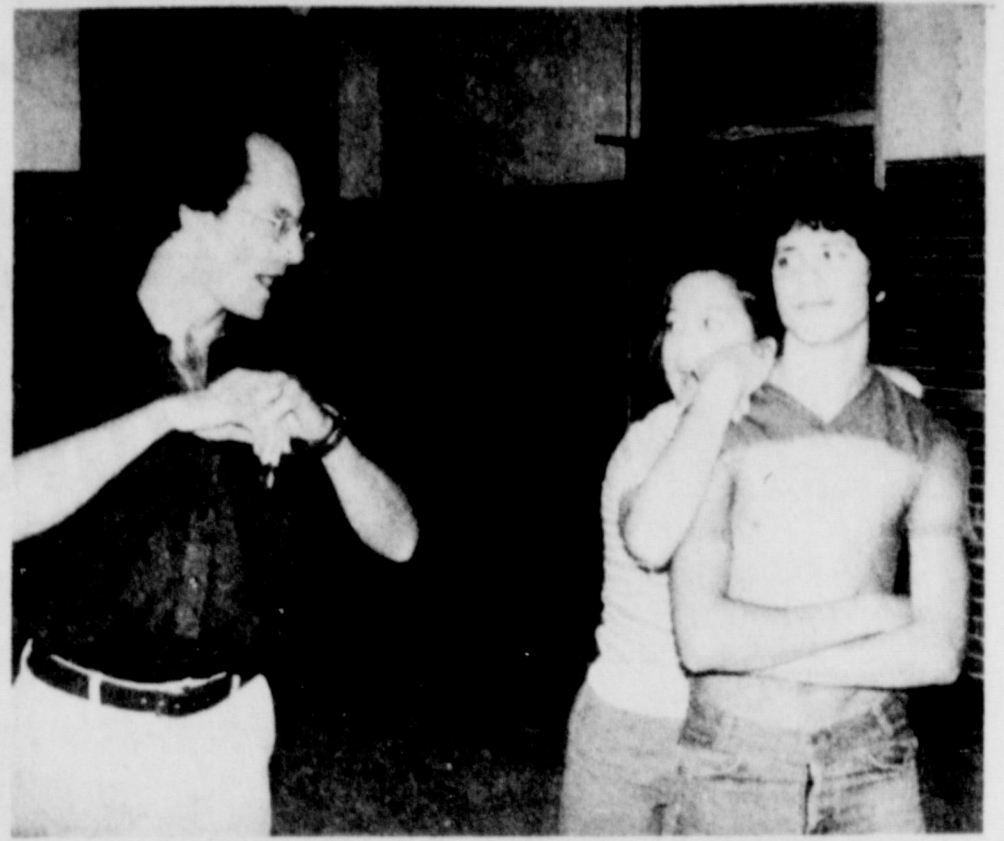

Friona had the tying run on third base in the last inning, but the Dimmitt pitcher bore down to strike out the last batter to end the rally.

The score was tied, 5-5 after three innings. A good pitching job by Ricky Barnett in the Dimmitt third kept the visitors from scoring more, when they got two men on base and no outs. Barnett bore down to get the side out without a run scoring.

Dimmitt did score a tally in the fourth, but Friona came back to tie it in the fifth.

The visitors then got a runner on in their half of the fifth on an error, and he advanced around the bases on throwing errors, and that was the difference.

The Dimmitt team came back for another 7-6 win over South Randall County on Tuesday for the district title. The Canyon team had ousted Bovina, 12-0 in Monday's first round.

TIP FROM DEL....Del Lewis, left, is shown coaching Sharla Duggins and Mark Blankenship as they practiced

this week for the Summer Drama Workshop production. The workshop concluded on Friday.

Tennis Meet Slated In August

A tennis tournament will be held in Friona the week of August 13, with competition slated in both men's and women's doubles and singles, as well as mixed doubles.

Deadline for entering the tournament will be August 8.

Those wishing to enter may contact Ron Smiley or Paul J. Smith, or call 247-3211 or 247-3213. An entry fee of

\$5 per person will be charged for each event, and must be paid prior to playing the first match.

Proceeds from the tournament will go to assist the Friona High School tennis program.

Trophies will be awarded to first, second and third place in each division.

Eye Safety Is Emphasized Through Farm Safety Week

Everyday farm chores that can result in sudden, blinding accidents can usually be circumvented simply by wearing safety goggles, the Texas Society to Prevent Blindness (TSPB) notes in connection with Farm Safety Week, July 25-31.

Working with agricultural chemicals, particularly anhydrous ammonia fertilizers, is dangerous and always necessitates wearing goggles, TSPB

Eye Safety chairman Bobby Williams said.

"Ammonia is so dangerous because it penetrates the eye virtually on contact, and total blindness can result as soon as in 10 to 15 seconds," Williams added.

"In the event such an accident occurs, the eye should be flushed with water for at least 15 minutes," he said, "and then medical help should be sought at once."

Under no circumstances should ointments or salves be used, since they tend to seal ammonia into the eye and might only increase the damage, Williams continued.

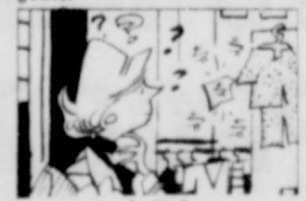

Wearing goggles and taking other common sense precautions can also prevent blindness that could be caused by other farm accidents, such as a strand snapping when stretching barbed wire, he said.

To acquaint the public with the dangers in using anhydrous ammonia, TSPB has a 16-minute movie, "For The Rest Of Your Life," which it will loan without charge to interested groups.

The movie and informational pamphlets, including "Blinding Facts About Eye Safety On The Farm," are available by contacting the TSPB at P.O. Box 13400, Houston, Tx. 77019, or at

FACTS & FIGURES

At \$1,000 a yard, shah-toosh may be the dearest cloth in the world. More expensive and considered even finer than vicuna, it is a brown-gray wool made from the throats of Indian goats.

What may stick in many people's throats could be increases in the price of cotton. The National Cotton Council points out that unless the Occupational Safety and Health Administration's regulations are halted by the courts, their cost—over \$2 billion—may have to be tacked onto the price you pay for fabrics and clothing.

Some people in the audience probably coughed and cleared their throats when they saw a dress designed by Serge Lapege in the January 1977 Schiaparelli collection. Called "The Birth of Venus," the dress was studded with 512 diamonds and priced at \$1,500,000.

Town Talk

By June Floyd

Phone 247-3681 With Your News Item

Mr. and Mrs. Grady Tucker of Clovis visited in the home of Mrs. T.E. Lovett early last week. Tucker is Velma's brother.

Funeral services for Hubert Fulks of Hollis, Oklahoma, were conducted there Saturday of last week. He was a brother of J.V. and the late Neal Fulks of Friona.

Frionans attending the funeral were Mr. and Mrs. J.V. Fulks Sr., Mr. and Mrs. J.V. Fulks, Jr. and Bobby Fulks.

Mrs. Jay Sturm and son, Beau, of San Antonio have been visiting in the home of Judge and Mrs. Paul Fortenberry.

Mrs. Sturm is the former Paula Fortenberry. At least seven young women living in the Alamo City at the present were students at Friona High School a few years ago.

They are Monta Sue Welch Bailey, Susie Spring, Ginger Murphree, Kathy Cook Wooley, Amy Sue Renner Watkins, Paula Fortenberry Sturm and Cheryl Patterson.

There are also at least two young men there who were classmates of the young women. They are Dr. Mike Wooley and Gary Shackelford.

Mr. and Mrs. Byron Hardgrove, who live over in the 1400 block of Jackson Street, are in the process of moving to Plainview.

It seems that Mr. Hardgrove has made a habit of sectioning his work into seven year periods. Before the Hardgroves moved to Friona, they had both taught in the Muleshoe public school system seven years.

After teaching here seven years, he became associated with Equitable Life Insurance. Now after seven years in the insurance business here, he's

moving to the Hale County Capital to pursue the same line of business.

Mrs. Hardgrove, who has been teaching third or fourth grade here for fourteen years, will be teaching third grade in the Hillcrest Elementary School in Plainview.

The couple's son, David, a 1974 graduate of Friona High School, will be graduating from Texas Tech University in August. He will receive a bachelor of business administration degree and has accepted a position with an accounting firm in Amarillo.

He and his wife, the former Glenda Reeve—also a member of the 1974 graduating class of Friona High School—will be moving to Amarillo the last of August.

Mr. and Mrs. Roy Pugh of Lemoore, California, have been visiting in the home of her sister, Agnes Fulks.

Other out-of-town visitors in the Fulks home have been Mr. and Mrs. Ed Blackwell and son, Jon, of Hereford; and Rev. and Mrs. Jackie Lee and children, Jared and Becky, of New Home, Texas.

All of the out-of-town folks also visited in the home of Mr. and Mrs. Bobby Fulks and daughters.

Mr. and Mrs. Tommie Hamilton left Amarillo by plane Sunday for Newport, Indiana, after receiving word that Mrs. Hamilton's father, Elver Roy Newlin of that city had died.

Survivors, besides Mrs. Hamilton, include his wife, Julia, and nine other children. Mr. Newlin observed his eightieth birthday July 3.

The Floyds visited in the home of Mr. and Mrs. Gerald Floyd, Jason and Sarah, at Elkhart, Kansas last weekend. We noticed that some wheat in the Oklahoma Panhandle had not been harvested yet.

We also learned of the recent marriage of Robert Sherwood, a former Friona resident, in Lander, Wyoming. Robert was a senior in Friona High School before moving to Wyoming. He is the son of Mrs. Jerry Taylor.

About 75 members of the family of the late Mr. and Mrs. Jud Shotts of Rush Springs, Oklahoma, gathered at Memphis recently for their annual two day reunion.

Frionans attending were Mrs. Hardy May; Mr. and Mrs. Ross Miller, Curt and Dana; Mr. and Mrs. Kent Miller, Lanette and Emile; Mr. and Mrs. Arlan May, Keith and April; and Mr. and Mrs. Sterling Graham and Ky.

Mr. and Mrs. Stan Dement of Hobbs, New Mexico, also attended.

Mr. and Mrs. Newman Jarrell Sr. were unable to attend. Mrs. Jarrell and Mrs. May are daughters of Mr. and Mrs. Shotts.

Other family members came from Edmond, Tulsa, Rush Springs, and Chickasha, Oklahoma and from Keenesburg, Colorado.

Mr. and Mrs. Art Robinson of Enid, Oklahoma, have been visiting in the home of Mr. and Mrs. W.V. Elmore.

Mr. and Mrs. Arthur Drake and Mr. and Mrs. Earl Drake returned

home Friday after a visit with relatives of Arthur's and Earl's in Blockton, Iowa.

These four were guests in the homes of Mr. and Mrs. Bert Drake, Mr. and Mrs. Stuart Hoover and other cousins in the Blockton area.

Probably the biggest surprise of the trip happened at Topeka, Kansas. The Drakes had stopped to eat and as they were going through the line they discovered two other Frionans nearby.

Hank and Ova Outland were on their way to Omaha, Nebraska, to visit some of his relatives and just happened to stop at the same place the Drakes had stopped.

Enroute home the Outlands visited Mr. and Mrs. Loy Dearing and Mrs. Myrtle Dearing in Wichita, Kansas. Loy is Ova's brother and Myrtle is her mother.

Don and Donna Light, 4203 Langtry Drive, Amarillo, were honored recently with an anniversary dinner in the home of their daughter and son-in-law, Mr. and Mrs. Danny Thomas, also of Amarillo.

The Lights were observing their Silver Wedding Anniversary. The dinner was hosted by the Thomases and Diane Light, who is also a daughter of the couple.

Don will probably be best remembered here as "a winning coach." He guided the Friona Chieftains to their first victory and several successful seasons after a "long dry stretch" which lasted several years in the early sixties and was the longest no win period in the history of Friona High School football.

JO MARIE JONES....Mr. and Mrs. William L. Jones of Clovis, New Mexico announce the engagement and approaching marriage of their daughter, Jo Marie, to Jody Tom

Lewellen, son of Mr. and Mrs. Joe Lewellen of Friona. Wedding vows will be exchanged Friday, August 17, at 7 p.m. in the home of the groom's parents at 1504 Jackson, Friona.

Showers Fete Bride-Elect

Courtney Cannon, bride-elect of Hollis Horton, III, was honored with prenuptial courtesies July 14.

A tea in the home of Mrs. Hollis Horton was held in the afternoon from 3-5 p.m.

Refreshments of tea, sandwiches and cookies were served by Kathryn, Tracy and Sunny Horton, sisters of the prospective groom.

Guests were greeted by the honoree, Mrs. Horton, and Mrs. J.G. McFarland, the groom's grandmother.

Assisting with the party were Mrs.

Von Edelman, Mrs. Steve Bavousett, Mrs. Calvin Talley and Mrs. M.C. Osborn.

Saturday evening the bridal couple was honored by Mrs. Lee Cranfill and Mrs. J.G. McFarland with a dinner in the McFarland home.

Out-of-town guests attending were J. Cranfill of Dumas, Mr. and Mrs. Jay Messenger of Amarillo, Kathryn Horton and Hollis Horton of Lubbock, and the bride-elect, Miss Courtney Cannon of Austin.

HAPPY BIRTHDAY TO FRIONA FOLKS....

- WEEK OF JULY 21-27**
- Friona residents having birthdays next week are:

GOOD MONDAY OR TUESDAY NIGHT JULY 23 - 24

LEARN TO READ YOUR ELECTRIC METER AND SAVE!!!

Learn to read your electric meter. You can determine how many kilowatt hours you use in a given period of time... by hour, a day, a month or a year. That's how electricity is measured - by kilowatt hours (kwh) used.

Your residential electric meter will have either 4 or 5 dials.

Electric meters are easily read from right to left as you look at the meter. If the pointer on a dial is between two numbers, write down the smaller number. When the pointer is directly on a number such as one (1), use either dial - however, then read it as 1. If the pointer on the next dial is almost to the right but has not yet reached zero, however, read it as 11. If the pointer on the next dial to the right has not yet reached zero, however, the dial above read from left to right: 9-3-1-1-5. If however, the pointer on the second dial from the right shows values between 9 and 0, however, the pointer that would read as a zero.

Now let's read the same meter 24 hours later.

The new reading is 9-3-1-3-8. Subtracting the first reading, 93115 from the new reading of 93138 - the answer is 23. That you would have used 23 kilowatt hours in the 24-hour period. Each kilowatt hour costs approximately 6¢ per kwh.

When you learn to read your electric meter, you will be able to see where you are using too much electricity. You will be able to see where you are using too much electricity. You will be able to see where you are using too much electricity.

 SOUTHWESTERN PUBLIC SERVICE

FRIONA STUDENTS....Five students from Friona are in the Upward Bound program at West Texas State University, Canyon. From Friona are, front row, left to right, Chitto Caballero and David Bermea. In the back row, left to right, are Lupe Brailiff, Terry Salas and Maria Villanueva.

Five Students Attend Program

Disadvantaged students are given a taste of college life each summer through the Upward Bound program on the West Texas State University campus.

Now in its 12th year, the program has a total of 51 students participating this summer from Amarillo, Hereford, Tulia, Canyon and Friona.

Friona residents in the program include Maria Villanueva, Terry Salas, Lupe Brailiff, Ramiro Caballero, Jr. and David Bermea.

According to Roger C. Scott, Jr., Upward Bound director, the purpose of the program is to give students a look at college before they graduate from high school. It also enables students to receive intensive individual counseling, and helps them

to decide on the type of program they might wish to pursue.

Enrichment programs for college credit are offered to the "Upward Bounders" during their six week stay on campus. Courses are available in math, reading, biological sciences and government.

Academic achievement is not the only area broadened by the summer session. The program also includes museum and concert trips, and most recently the students just returned from a three day holiday in New Mexico. While there, the group visited different college campuses and cultural sites in Albuquerque, Santa Fe and Las Vegas.

Their parents are Mr. and Mrs. Ramiro Caballero, Mr. and Mrs. Jose Bermea, Mr. and Mrs. Thomas Ramirez, Mr. and Mrs. Joe Salas and Mr. and Mrs. Brailiff.

Prairie Acres Party Line

Olga Weaks will be having a birthday next Wednesday, the twenty-fifth of this month.

We have ordered some material from the Texas State Library. They have talking books available for the physically handicapped. This is a service provided free of charge. We have a number of residents who would enjoy and benefit from this service.

They have catalogs and a wide variety of books and magazines are available to meet the various interests of individuals.

We need some flowers in our landscape. If anyone has perennials they will be dividing in the fall or next spring and would like to share with us let us know.

We would also appreciate any magazines you have read and would like to donate.

Sr. Citizens Set Meeting

The Friona Senior Citizens will meet Friday, July 27, at the Congregational Church, for their regular monthly meeting.

Games will start at 10 a.m. with a covered dish luncheon to follow at noon. After the luncheon a quartet from Hereford will entertain.

At the June meeting there were 43 present and Madie Schmidt presented the program concerning Prairie Acres.

The goal for the July meeting is to have 50 persons attend.

Pattersons Have Girl

Mr. and Mrs. David Patterson of Friona are the parents of a baby girl born Wednesday, July 11 at 9:44 a.m. in the Littlefield Hospital.

Named Jamie Lee, the new arrival weighed seven pounds, eleven ounces and was twenty-one inches long.

Jamie is the first child for the couple.

Grandparents are Mrs. Frankie Fitzhugh of Silver City, New Mexico and Mr. and Mrs. Shaun Aguirre of Friona.

Great-grandparents are Mr. and Mrs. O.T. Patterson of Amarillo, Mr. and Mrs. Eldon Lilley of Kingsland, Texas, Mr. and Mrs. Francisco Rivera of San Antonio and Mrs. Paula Aguirre of Nixon, Texas.

Community Reunion Set

August 1 is the deadline for reservations for the Black, Texas Community Reunion.

This year's reunion will be held Saturday, August 11 at the Villa Inn Acapulco-Barcelona Room, 3618 E. Interstate 40, Amarillo.

Registration will begin at 9 a.m. and lunch will be served at 1 p.m. The cost will be \$7.50 per person and must be paid in advance.

Send reservations to Beulah Deaton, 3411 Lewis Lane, Amarillo, Texas 79109.

Brian Landrum Makes Honor Roll At TSTI

Brian Landrum was recently named to the Vice-President's Honor Roll at the TSTI Amarillo Campus, according to Dr. James A. Bird, General Manager of the Amarillo Campus. Membership to the Vice-President's Honor Roll is attained by maintaining a 3.5 grade average.

Brian is majoring in aircraft mechanics and is a graduate of Friona High School.

CARLA BAUER and DOUG FULLER....Franklin Bauer of Route 2, Everton, Missouri announces the engagement and approaching marriage of his daughter, Carla, to Doug Fuller, son of Mr. and Mrs. Jerry Fuller of Route 2, Ash Grove,

Missouri. Carla is employed at Boatmen's Union National Bank. He is employed with The Paul Mueller Company. Both are 1976 graduates of Ash Grove High School. Wedding plans have been set for September 1 in Mt. Vernon, Missouri.

Brunworth, McFarland Exchange Wedding Vows

Dr. and Mrs. David McFarland

Traditional wedding vows were exchanged between Ann Louis Brunworth and Dr. David Charles McFarland, Sunday, June 24, at 3 p.m. in the Trinity Lutheran Church in Edwardsville, Illinois.

Parents of the bride are Mr. and Mrs. Melburn Brunworth of Edwardsville, Illinois.

The bridegroom is the son of Mr. and Mrs. J.G. McFarland of Friona, Texas.

Pastor Carl Aufdemberg performed the double ring ceremony before an altar decorated with white flowers and flanked by candelabra holding white candles.

The bride was given in marriage by her father and was attended by Miss Christine King of Logan, Utah.

Attending the groom as best man was his brother, John Bill McFarland of Austin, Texas.

Ushers were brothers of the bride, David, Dan and Greg Brunworth.

Mrs. Gordon Block was organist and accompanied Mrs. Dennis Brandt, soloist.

A reception at the home of the bride's parents followed the ceremony.

The bride attended Edwardsville High School and was graduated from

Northern Illinois University School of Nursing in DeKalb, Illinois. She is presently employed by the University of Utah Medical Center in the surgical intensive care unit.

Dr. McFarland attended school in Friona, was graduated from St. Stephens Episcopal School in Austin and received his bachelor of arts degree in biology from the University of Texas at Austin. He studied medicine at Southwestern Medical School in Dallas where he obtained his M.D. degree, and is currently studying as a surgical resident at the University of Utah Medical Center.

The couple will reside in Salt Lake City, Utah.

Attending the wedding were Mr. and Mrs. J.G. McFarland, Mr. and Mrs. Wesley Barnett and Mr. and Mrs. Hollis Horton, all of Friona; Dr. and Mrs. Lee Cranfill of Dumas; Miss Kathryn Horton of Lubbock and Mr. and Mrs. John Bill McFarland of Austin.

TO GRADUATE SOON... When Southwestern Oklahoma State University has its graduation ceremonies at Weatherford, Oklahoma, July 28, one Friona High School graduate will be among the candidates for degrees. Melissa Fae Pruett, a 1972 graduate of the local high school, holds a Bachelor of Arts degree from Southwestern and has been teaching several years. Her first teaching assignment was in the Hobart, Oklahoma, public school system. At the present time she teaches at Mustang, Oklahoma. Her parents, Mr. and Mrs. Tom Pruett and sister, Priscilla, plan to attend the ceremonies. Melissa will receive a Master of Education degree.

Hospital Report

ADMISSIONS--

Ray Landrum, Friona; J.E. Stengel, Friona; Susie Cunningham, Friona; Juan Ramon Trevino, Friona; Laura Blackburn, Friona; Vivian Myers, Friona; Olga Gonzales, Friona; Lacy Hardage, Muleshoe; Daniel Deleon, Hereford; Yantie Kellum, Texico; Mary Gustin, Friona; Shelly White, Friona; Delia Rios, Friona; George Kellum, Texico; Bill Cole, Bovina; and Marion (Cap) Dennis, Friona.

Reunion Is

Set July 29

At Westway

The Westway community reunion will be held Sunday, July 29 at the Community Building.

All former residents and all present residents are urged to bring their lunch and come for a short program and visit, according to a spokesman.

Homer Rudd, president of the association, will be in charge of the program, naming the largest family group present, recognizing the oldest man and woman attending, and also the person who has travelled the farthest distance.

50th ANNIVERSARY... Mr. and Mrs. Shirley Kesner of 511 Ashland Avenue will be feted on August 5 from 2:30-4:30 p.m. at Friona State Bank's Community Room, on the occasion of their 50th wedding anniversary. The couple was married

on August 10, 1929 in Greenwood, Arkansas. They have three children, Manuel Kesner of Borger, Norma Gazzaway of Hobbs, N.M. and Elton Kesner of Hobbs, and five grandchildren.

Clip this and bring it with you Monday or Tuesday Night....
