Labor Day in Lubbock was so exciting that we wanted to write the columns two days in a row. Perhaps I should just go on up to doing "Star Linn" next week.

Erica has been in school since Monday when our kids live, we decided to take a trip to see my granddaughter. After we had all helped her with a picture, a little more than the day on Labor Day, the noise was so intense in the middle of the night... we went to bed.

It's really different from when we were having our own kids. They believe the scene in the middle of the night... but the labor in the large family "bathing center" continues in various departments. There are beautiful furnishings, exquisite art works on the walls, private areas and an impressive reading room.

Some fancy electronics machines show the image of a sick patient on a ticket kicking away while a large piece of graph paper rolls out of the machine, recording the ups and downs of the patient's condition. Meanwhile Morrie is being buttoned up in a gown, he enjoys visiting with her guest and doth a thing. This is our little "Mother Earth" who is going to have all her babies with no drugs. She's also going to nurse, in more, and, and, and, and, make all the baby's food. She's been taking vitamins. Wait and see!

But I digress. What I was really trying to say was that you can not begin to grasp fully the growth in family planning and the whole concept of children and sex education.

The rooms are large and airy with beautiful furnishings, exquisite art works on the walls, private areas and an impressive reading room. Sipple is three days old, now, and the little tyke ends up getting passed around like a football. As soon as our daughter Laura got home from the hospital, the tot off to a sterile nursery down the hall. The bundle of joy, while Mommy rides home with Daddy, after Daddy drove to the hospital, from one to another like a football.

"Wait," says Grandpa Bill. "I'll get a picture." Oh how cute! She's got the hiccup. How about I take a picture?" Grandpa Bill says.

The Friona Fire Department is located at 110 Main Street. The Friona Fire Department has responded to 43 per cent of the rural calls in Parmer County as high as 80 per cent. Their computations on a quarterly basis.

The city proposes to deduct 20 per cent of the actual expenses, and also to throw out accident calls and false alarms. ISSACHAR, THE NINTH SON!

ISSACHAR MEANS "HIRELING." THE FAMILY OF ISSACHAR LIVED IN THE HILLS OF GILEAD. HIS LINE DESCENDED FROM JACOB TO JESSE TO DAVID. ISSACHAR HAD TWO SONS: TOLA AND PUVAI. ISSACHAR WAS KNOWN FOR HIS WISDOM AND HIS ABILITY TO SEE THE FUTURE. HIS TRIBE NUMBERED FIFTY THOUSAND FIGHTING MEN AND, IN SHORTLY BEFORE HIS DEATH, JACOB, WITH PROPHETIC INSIGHT INTO HIS NINTH SON'S TRAITS, SAID THAT HIS TRIBE WOULD BE READY TO SUBMIT TO THEIR ENEMIES!

WHEN THE TRIBE OCCUPIED THE VALLEY OF JEZREEL, AS THEIR PORTION OF THE WILDERNESS, THE TRIBE NUMBERED FIFTY THOUSAND FIGHTING MEN AND, IN SHORTLY BEFORE HIS DEATH, JACOB, WITH PROPHETIC INSIGHT INTO HIS NINTH SON'S TRAITS, SAID THAT HIS TRIBE WOULD BE READY TO SUBMIT TO THEIR ENEMIES!

THE DESCENDANTS FORMED ONE MASTERS PROVIDED THEY PERMIT HIM TO REMAIN IN HIS PLEASANT LAND (GEN. 49:14).
Kick With 0.04 Left Edges Chiefs

The beginning of the game was uphill. The Chieftain moved the ball in the first quarter and had a turnover, but also managed an answer. A field goal by Ken Ray on a 16-yard attempt was blocked and the Chieftains were up 3-0. Chris Hansen was actually pulled into the game by a Wildcat player. Hansen had the opportunity and scored the first touchdown of the game. This was the only touchdown scored on the defense.

Overall, the Chieftain defense again played well. Looking back, the only touchdown scored on the defense. Overall, the Chieftain defense again played well.

It was the season opener, and if this wasSCOTT'S BOWLS...We are featuring Scott's Bowls for the second half of the season. We will be offering three different options: Beef, Turkey and Tuna.

River Road had a speedy running back, Danny King, and the defense did a good job shutting him down.

In the second quarter, things looked bleak for the Chieftains as River Road returned a punt for a touchdown. With 8:00 left in the quarter, Juan Gamboa blocked a punt and Jay Belcher ran it in to kick it up and run it in for a touchdown. "I never imagined in my dreams I would go for touchdown. It was the key play that switched the momentum back to Friona.

During the third quarter, the Friona offensive defense was kept off the key plays by the Chieftain line. River Road bobbled the snap on a punt and Friona earned a point.

Sandra Berend Nails A "16"

Sandra Berend made the first week of the Friona Star's football contest look like child's play, as she correctly picked all 16 games in the contest lineup, to run away with the weekly top prize.

She received $10 cash for her "perfect paper" in the kickoff week of the contest. Six contestants correctly picked 15 games, and from this group the other two weekly winners were determined:

Larry Rogers took second place, after missing the Dallas-Austin game by one point. His only miss on the slate of games was Minnesota-Los Angeles Raiders. Rogers received $75.

Mrs. Berend's husband Roddy, who was the overall winner of the contest a year ago, took third place for the opening week, after missing the tie-breaker score by 21 points. His only miss was the San Francisco 49ers-Pittsburgh Steelers game. Berend received $5 for his efforts.

Other contestants correctly picking 15 games were Shirley Ferguson, Jerry Hinkle, Myrtle Melton and John Seright.

Five contestants correctly picked 14 games, missing by one after having a shot at one of the weekly cash prizes. They were Jimmy R. Walker, Moses Reyes, Alan Monroe, Rick Carr and Sam Ryan.

Twenty-six contestants picked 13 games; eleven more picked 12 games, nine picked 11 games and nine picked 10 games correctly.

The contestants are vying for a cash prize of $100 to be awarded at the close of the promotion.

**Notice of Tax on Vote Rate**

The Friona ISD Board of Trustees is scheduled to vote on the tax rate at a public meeting to be held on September 13, 1993 at 7:30 P.M. at the Friona ISD Administration Board Room.

**THE ACCOMPANYING TAX NOTICE IS WRONG!**

The Friona Independent School District is required by state law to publish this accompanying tax notice in this form, even though the notice is deceptive. Because of an omission in the recently-enacted state law, Friona I.S.D. may not include revenue collected by the county education district in the calculation of taxes for the 1992-93 school year. The effect of this is to underestimate last year's actual school tax rate and produce an inaccurate comparison of last year's tax rate to this year's tax rate.

The correct comparison of tax rates is as follows:

- Last year's (1992-93) total school tax rate (including county education district taxes): $9850
- This year's (1993-94) proposed school tax rate: $1.09
- Percentage change: 10.65

Friona ISD will receive $300,000 less state funds in 1993-94 than it received in 1992-93.

**THE FRIONA STAR, SATURDAY, SEPTEMBER 11, 1993, PAGE 9**
Gary and Gail McComb bought the 75th wedding anniversary Monday, August 23, married for 75 years and a trip to Hawaii and stayed there through Friday. In addition to Hawaii, the big island was visited for the first time. Kaua Maria and Maui and enjoyed seeing the Na Pali Coast, the Kilauea Volcano, as well as the volcanoes and other points of interest.

On one helicopter tour they could see the widespread devastation of Hurricane Iniki and were surprised at the amount of damage that has been made in re-building. Gail pointed out that "This was the first time I had ever seen the Pacific Ocean up close." The trip was wonderful and they highly recommend it to others.

Ben Franklin was known as a scientific experimenter and a political pamphleteer. But in 1715, when the House of Representatives of the state of Pennsylvania met for the first time, Franklin also addressed them, immediately raising a stormy issue.

They had played before them the history of their state. And here is the first experiment. And here is the first experiment. What is the result? A general uproar. And here is the first experiment. What is the result? A general uproar. And here is the first experiment. What is the result? A general uproar.

The longer I live, the more convinced I am of this truth: That God governs in the redistribution of public goods, that he is the keep of the highways of the world, and has made it impossible for an empire to rise without his aid or without his fall.
