CONGRESSMAN KENT HANCE is completing his first year as congressman from the 19th district (and a good first year, from all reports). Hance said this week that his opinion of Washington had changed somewhat since he was elected to his position.

Hance, who is only the second congressman ever to serve the 19th District, said he was shocked to discover the size and the power exerted by the bureaucracy. He knew that the federal bureaucracy was bad, he said, but didn't have any idea it was as extensive as it is.

Another factor which is surprising, Hance said, was the extent that special interest groups lobby in Washington to get favorable legislation passed. Some congressmen get so obligated to these special interests that they cannot cast an otherwise objective vote, Hance said.

Hance says he feels as though he has accomplished what he set out to do—build a base and become known. He was able to secure some important committee appointments, in spite of being a newcomer.

We personally salute Congressman Hance for a job well done. Like his predecessor, George Mahon, we commend him for listening to your problem and being sympathetic.

When he was a student at Dimmitt High School, it is said that Hance had an ambition to meet Congressman George Mahon. Hance not only realized his ambition, but when the veteran congressman decided to retire, Hance won election to replace him in congress.

**THE ECONOMIC BAROMETERS** seem to be looking better for our country. The prime interest rate, which had hit an all-time high, and had virtually shut down the building industry, has begun to come down somewhat.

Reactions to the easing of interest rates has been good. Folks in the home building industry have a more positive attitude, as some loan money is beginning to be made available.

The automotive industry, which has seen its sales slump considerably on the national level, may also begin to recoup some of its losses, as the interest situation gets better.

Thursday's Amarillo Daily News even had a headline proclaiming that the end of the recession was in sight. This is also a step in the right direction. The national news media needs to follow suit, since they had a big hand in "talking the nation" into its economic slowdown.

Nothing responds to the daily news, rolls and falls with the tide, like the nation's economy. Wall Street goes up and down each day in relation to how the nation fares on the news front.

That's why we say it's time for the national news media to put on a "good news blitz." For a change, if they would simply accentuate the good things, it could go a long way toward curing the ills of the nation, which has been burdened by inflation, shortages and a general run of "bad news" for the past year or two.

During a community drive to round up unlicensed dogs, a policeman whistled an automobile to the curb. When its driver asked why he had been stopped, the officer pointed to the dog on the seat beside him. "Does your dog have a license?" he asked.

"Oh, no," the driver answered quickly. "He doesn't need one. I do all the driving myself."

### Joint Choir Will Begin Rehearsals

An organizational meeting of the Friona Community Choir is being planned for Sunday, June 8, at 2 p.m. at the First Baptist Church.

The Friona Chamber of Commerce is the sponsoring organization for the group and plans are underway for the group to perform at the annual Fourth of July program at the Community Center.

Gary Brogden will be the director of the musical production, "I Love America" by Peterson which was performed by the Community Choir group four years ago during the Bicentennial Celebration.

"The talented, the not-so-talented, and those who just enjoy singing, are all urged to join in making this a fantastic community happening," said a spokesman from the Chamber of Commerce.

VALEDICTORY....Kyle Barnett is shown giving the valedictory address during commencement exercises for the 1980 Friona High School senior class last Friday evening. Barnett was one of 76 seniors who received their diplomas.

HAIL AFTERMATH....Lloyd Rector, and Keith Martin are shown looking at their wheat field south of Friona which was virtually shredded by the hailstorm the past Wednesday

evening. The close-up photograph at the right shows just how badly the plants were battered by the large hailstones.

## CROPS, HOMES HIT

# Hailstorm Leaves Trail Of Damage

A vicious storm system moved across Parmer County on Wednesday afternoon, May 28, depositing rain and up to tennis ball-sized hail, leaving considerable damage behind in a strip a couple of miles wide, running mainly north of Highway 86 across the entire county.

It was the same cloud system which later spawned tornadoes that did considerable property damage at Nazareth in Castro County and Tulia in Swisher County, as the storm virtually followed the state highway for almost 70 miles.

The storm cloud was first spotted on Amarillo radar at about 6:15 p.m. that afternoon, in the Farwell area near the Texas-New Mexico state line.

It moved eastward at approximately 30 miles per hour. Considerable hail damage was noted to homes and property at the city of Bovina, and to crops in the surrounding area.

Then, as one observer said, the cloud appeared to have "made a right turn off Highway 60 and headed down Highway 86."

Darrell Thompson was quoted as having seen a funnel start to form, in the cloud southeast of Friona, but the funnel went back into the cloud and did not fully develop.

Among the farmers who sustained crop damage was Lloyd Rector, who had a field of wheat located just off Highway 214 south of Friona completely demolished.

## Democratic Runoff Set On June 7

The Democratic runoff election will be held on Saturday, June 7, with all of the county's 16 polling places to be open.

Three state races will appear on the ballot. For the Associate Justice of the Supreme Court, Place 1, J.P. (Jim) Wallace and John C. Phillips are opposing.

For the Court of Criminal Appeals, W.T. Phillips and Mike McCormick are candidates for the Place 2 position. Tom Davis and Edith Roberts are candidates for the Place 3 spot on the court.

In Parmer County, Max Crim and Archie Tarter meet for the county commissioner's spot for Precinct 3 (Farwell-Lariat-Oklahoma Lane area).

"It hailed constantly at our place for 17 minutes. It was raining hard at the same time, and the wind was blowing. At times, you could not see the road from our house," stated Rector.

The Rectors also sustained damage to another wheat field near their home, although not doing quite as extensive damage as it did to the other one.

"It ruined our garden, except for a few tomato plants which were protected by cans. It's been years since we had a hailstorm this bad," said Betty Louise Rector.

The Rectors also sustained broken windows where their son Larry lives on the old Rector home place on Highway 214.

"It started out to be a nice gentle rain, and I was thinking 'this is just what we need,' when suddenly the hail started," Rector related. He said that he recovered several of the hailstones about 30 minutes after the storm. They were still the size of golfballs, after melting down considerably.

To the east of the Rectors, the Tom and Roy O'Brian farms also sustained considerable crop and property damage. The O'Brians also reported hailstones which were near tennis ball-sized.

Windshields were broken out of vehicles, and extensive damage was sustained by the barn at the Tom O'Brian place. Windows were broken in their home.

Just south of the O'Brians, J.W. Gammon reported windshields broken by extremely large hailstones.

Damage was also reported at the Howard Fleming farm near Hub. Also in the Hub area, severe hail damage was sustained at the Billy Dean Baxter farm.

Jessie Lane, who lives four miles north of Tam-Anne, reported damage, which included a vehicle windshield. Other hail and crop damage was sustained by the Buchanans, and the Tommy Jones farms, north of the Bruegel elevator.

Closer to Friona, bad hail was reported by Nancy Mingus, southwest of town. Another vehicle lost a windshield at the Mingus place, where trees and crops also were shredded.

Other area farmers who sustained hail damage included Jerry London, Arnold Daily, Charles Hough, Dwight O'Brian, Floyd Rector, Kenneth O'Brian, N.C. White, Jr., Rex Blackburn and Billy Joe Mercer.

A lot of hail was reported in the Parmerton area.

However, Clyde Woodard, who farms right at Hub, said he missed the severe hail. "We had enough hail to cover the ground, but it wasn't as bad as the others. We got about three-quarters of an inch of rain during the storm," Woodard said.

The amount of rainfall varied considerably. The official measurement by the City of Friona was .65 inch of rain during the period, while at the Terry Copley place four miles southeast of town, a total of 1.5 inches fell in a 15-minute period.

Highway 2397 in that area was under water for about three miles for a time Wednesday evening.

Wednesday's weather spell marked the third time during the month of May for the area to receive considerable rain, and at least some hail, on a Wednesday. Previous rains were received on May 7 and 14.

The City of Friona must have been near the northern edge of Wednesday's storm system. The Rhea community did not even receive a sprinkle, and the area just south of Highway 86 also missed the latest weather system.

Wednesday's rainfall brought the month's total moisture, as recorded in Friona to 4.17 inches, according to A.L. Outland, official weather recorder. Outland's report showed "pea sized to ping-pong ball sized hail" received in Friona.

## Hereford To Host Gasohol Meeting Mon.

A meeting to discuss the latest development by the High Plains GPI, who are planning to build a fuel alcohol plant in this area will be held in Hereford on Monday, June 2 at 8 p.m. at Hereford State Bank.

Guy Austin of Muleshoe, chairman of the board of directors for the High Plains GPI, will discuss the latest lease proposal from the people who will build the alcohol plant and lease it to the cooperative.

Monday's meeting will be an open meeting for anyone interested in attending, especially for farmers who are interested in joining the cooperative, according to a spokesman for the GPI board.

# FRIONA FLASHBACKS

....from the files of The Friona Star

**50 YEARS AGO--MAY 16, 1930**  
At about four o'clock Sunday morning three masked men made their appearance at the front of the Friona Consumers Oil Company filling station and with their pistols staring the attendants in the face, bade them stick up their hands and keep them up, while they rifled the cash drawer of its contents to the amount of between forty and fifty dollars. No evidence of the identity of these has yet been found out.

**45 YEARS AGO--MAY 10, 1935**  
Forty-one seniors will graduate in exercises beginning Sunday morning. The number is the largest graduating class that Friona has ever had. Commencement will be Friday evening, May 17, at 8 p.m.

**20 YEARS AGO--MAY 12, 1960**  
With all the "chamber of commerce" figures going down the drain in the three towns in Parmer County, official reports from the district census director's office in Amarillo revealed that the total county population in Parmer County are as follows: Friona, 2,035; Bovina, 1,023; and Farwell, 1,009. The figures are said "subject to revision."

**15 YEARS AGO--MAY 13, 1965**  
The Friona City Council annexed a total of 52 acres of land in its meeting Monday night, bringing in two new subdivisions. The newly annexed land is comprised of Western Addition, of which 24 acres were annexed, and Welch Acres, a 28-acre plot, belonging to Nelson Welch.

**10 YEARS AGO--MAY 14, 1970**

The son of Rev. and Mrs. Paul Mohr, Skip's honor adds to an already impressive list of achievements, including class valedictorian.

**5 YEARS AGO--MAY 11, 1975**

## Six Flags Over Texas Installed Gas Station

Six Flags Over Texas has installed its own gasoline station in order to provide fuel for its guests and the general public.

The park's general manager Ray Williams said that the decisions to establish a gas station at Six Flags was made to help ease traveler uncertainty about fuel availability.

"During the gasoline crunch last year, our attendance dropped about five per cent. By installing our own pumps, we hope not only to make gasoline available, but also convenient," Williams said.

The Six Flags station, which began operation March 1 with the opening of the park's 20th season, is located in the parking lot adjacent to the picnic area on the south side of the park.

Five self-service islands, with a total of nine two-sided pumps, offer regular, unleaded and diesel fuel.

Staffed by park personnel, the Six Flags station is open for business during park operating hours. To offer complete gasoline availability information to the public, the park

has also established a gasoline hot line at 214/641-7200.

"Through the use of this telephone number, we can communicate to thousands of potential visitors information on the availability of gasoline not only in our park but also at stations surrounding the park," Williams said.

He added that Six Flags' fuel prices will be competitive.

As an additional aid to travelers, a convenience store will also be located at the station. Motor oil, ice, soft drinks, snacks, cigarettes and other convenience items will be available at the store.

"We at Six Flags Over Texas feel that this move may have a substantial economic impact on the local community. Because Six Flags is the state's major tourist attraction, any effort to attract travelers to the park benefits the local economy as a whole," Williams said.

Six Flags, which introduced its new roller coaster "Judge Roy Scream" this season, is now open for daily operation.

She ranked ninth in her graduating class of 240 students, with a four-year average of 93.7. She is the granddaughter of Mrs. Laverne Parr of Friona.**

# REMEMBER WHEN?

The Friona Wheat Growers elevator is a common sight to residents of the area, but it hasn't always been the long impressive structure it is today. The above photo, taken in 1949, shows the first concrete section of the elevator as it appeared then. The old steel elevator is shown at the left. We are happy to have served area farmers and agri-businessmen since 1949--and before.

## What you can do about **TORNADOS**

### BEFORE

- Know how to get emergency weather information in your community and know what it means.
- A National Weather Service "tornado watch" means conditions are right for tornados to form.
- A "tornado warning" means a tornado has been sighted; take cover.
- Most communities use sirens or horns to warn of a tornado sighting; know what your system is and what it means.
- Plan and practice what your family will do in case of a tornado.
- Have a prearranged place in your home (basement if you have one or in interior room or under stairway if you don't) to go for shelter.
- If you're in a mobile home, get out. If a shelter is available, go to it. If not, lie in a ditch or other depression.
- If you're in a car, get out. Lie in a ditch or other low area.
- Be sure you have the right kind of insurance and enough of it to cover all damage a tornado could do.
- Make an inventory of everything in your house and keep it in a safe place away from home (like a safe deposit box). It will be a great help in speeding payment for your losses.

### AFTER

- Cooperate fully with law enforcement and disaster service officials. Check your local news media for instructions and information on emergency services available.
- Notify your insurance agent of your loss as soon as possible. He can advise you what to do next.
- Stay with your property to guard against vandalism or looting until law enforcement agencies organize protection.
- Protect against additional damage; board up broken windows or holes in the walls or roof; cover or otherwise protect furnishings from further damage by rain or wind. If necessary, have utilities turned off to prevent damage from explosion or fire.
- Don't be rushed into signing repair contracts. Fly-by-night repairmen often prey on tornado victims. Be sure you know with whom you're dealing. Your insurance agent or adjuster should be able to help, or ask your Better Business Bureau or friends or relatives to recommend someone.
- Keep receipts for all repairs and additional living expenses. Most homeowners insurance contracts will reimburse these costs; casualty losses exceeding \$100 that aren't reimbursed are generally tax deductible.

Tornados can strike almost anywhere in the United States. They can occur any time of year but March through August are the "danger" months. Between 1974 and 1978 there were 4,338 tornados reported in 48 different states. State Farm Fire and Casualty Company, a major home insurer, offers these tips on what you should do in case a tornado hits your community.

JERRY HARRELSON

RAY LYNN MURPHREE

## Murphree Is Named Head Coach

Ray Lynn Murphree, a 1967 graduate of Friona High School, has been named head coach at Midway High School in Waco, it was announced this week.

Murphree spent the past year as an assistant coach at Henderson County Junior College at Athens. Prior to that he coached eight years at Borger.

He is a 1971 graduate of Wayland Baptist College. He and his wife Cheryl have two children, Marsha, eight, and Jason, seven. His parents, Mr. and Mrs. Ray Murphree of Tucumcari, are former Friona residents.

## J. Harrelson Gets Pact From NMMI

Jerry Harrelson, Friona High School senior, has received a football scholarship to New Mexico Military Institute in Roswell, N.M.

Dwight Burns, the offensive coordinator for NMMI football, said this week, "We feel very fortunate in being able to get Jerry, both for his football ability, and for his character. Because of these attributes, we feel he will make a great college football player."

Harrelson is the son of Dorothy Harrelson of Friona and was a starter for the Friona Chieftains.

Burns said that NMMI was losing

virtually all of their offensive line from their 1979 team, and would have to rebuild. "We are looking at Jerry as one of our top prospects as an offensive tackle," he said.

Harrelson is one of several players signed by NMMI from this area. Others include Richrd Lowe of Bovina. The Roswell school also has signed two players from Clovis, two from Amarillo and one from Kress.

NMMI is coming off a 6-4 record in 1979, and is expecting better things in 1980. Head coach is Lefty Stecklein.

Recent guests in the home of Mrs. J.M. Watson have been Mr. and Mrs. Clyde Watson of Belton, Texas; and Mrs. Dalton Teague and daughter, Beth Keefe and son, Ryan, of Cheyenne Wells, Colorado.

Also, Mr. and Mrs. Milfred Herring of Cloverdale, California. The out-of-town visitors also visited with Watson's daughters, Martha Bates, Lorraine Welch and Doris Boggess, and their families.

Laverne Burrow has had out-of-town visitors. Mr. and Mrs. Jeff Wofford and daughters, Tempa Lori and Jodi, who live in Stamford, Texas, have been here.

Mrs. Wofford is the former LaVoyce Burrow.

Mrs. Burrow reports that her other children, Mr. and Mrs. John Burrow and daughters, Tina and Toni, who have been living in Long Island, New York, were moving to the Middle West.

John has been employed in the Chevrolet division of General Motors for a long time and has recently had a nice promotion.

He is currently a zone manager for four states and will be working out of Omaha, Nebraska, where he and his family will be living.

Bob, Terri, Ben and Katy Welch had company last weekend. Terri's parents, Mr. and Mrs. Ray Bailey and sister, Debbie, came up from Carlsbad, New Mexico.

Bob Bailey, who is a student at Texas Tech University, came up from Lubbock and Tim Bailey came from

Austin. Bob and Tim are Terri's brothers.

Sheri Beth Ratcliff, daughter of Mr. and Mrs. Hal Ratcliff, was recently named valedictorian of the 1980 graduating class of Hartley High School.

The Ratcliffs will be moving to Friona soon. He will be Friona High School's first new principal in a number of years. Mrs. Ratcliff is the former Charlotte Bock, a 1960 graduate of Friona High School.

Hal and Charlotte also have a younger daughter, Ronda Marie, who is ten.

Incidentally, the oldest McReynolds daughter, Pamela Ann, who was born here, is being married in Stratford, Saturday, June 7, to Miles Alan Tollison.

At least five Frionans visited relatives, old friends and neighbors in Northwestern Oklahoma over the Memorial Day weekend. Irvin and Eula Henderson spent several days at Gage.

The highlight of their trip was Irv receiving a fifty year Masonic pin

from the lodge there. Even though he moved to the Friona area soon after becoming a member of the lodge, he has retained membership in the Gage Lodge.

Then, Lucille Rocky and Bud and Arvilla Elmore attended a Memorial Day get together in Woodward County. They left Friona early Saturday and returned Monday.

Glen and Richie Herring took a day off from farming and crop spraying and spent Saturday, which just happened to be Glen's birthday, fishing at Ute Lake.

On Sunday they were joined by Marca Lynn, Christi, Jamie and Jill, who were accompanied by Shannel Woodward.

Glen and Richie saw some of the Frionans who participated in the Saturday bass tournament. Randy Weatherley, Jess Shirley, Donnie Gustin and Ed Clark were some of the local participants in that event.

Olive and Meryle Massie arrived home Thursday after spending one week visiting in the home of Mr. and Mrs. David Towle of Richmond, Virginia. Mrs. Towle is the former Merylene Massie.

Olive and Meryle made the trip by air, so had time for an enjoyable visit with Merylene and David.

Mr. and Mrs. Arvil Henry of Big Spring came up Friday especially for Janice's high school graduation. Then on Saturday the Henrys accompanied Janice and her parents, Mr. and Mrs. Leon Coffey, and brother, Roger, to the Coffey summer cabin.

The Coffey cabin, which is located near Las Vegas, is nearing completion. The work on the cabin has been done by members of the family and all of them are looking forward to the time when they can go to the mountains to relax rather than to work.

Of course, they always manage to squeeze a little bit of fun time in every weekend they spend working on the cabin.

Weekend visitors in the home of Mrs. C.H. Horner were Mr. and Mrs. Jim Reed and sons, Todd and Jeremy.

The Reeds, who are former Friona residents, now live in Woodward, Oklahoma. Jim is the son of George and Jean Reed, who live at Keyes, Oklahoma.

Mr. and Mrs. Keith Blackburn were here for the Memorial Day weekend. They visited in the home of Jean's father, Howard Mayfield, as well as those of Keith's brothers, Claude, John and Dean.

# The Happy Homemaker

By June Floyd

If you are growing zucchini in your garden, you will soon have an ample supply. This delicious vegetable is nutritious as well as attractive regardless of how it is served.

Homemakers who are not growing gardens will probably soon have an ample supply, too. For a number of years zucchini was baked or boiled on rare occasions. For the most part it was served fried in batter.

In more recent years, recipes for zucchini dishes have been showing up in just about all the new cookbooks as well as in the cook's section of newspapers and magazines.

This week we're featuring some of our favorite recipes using this tasty vegetable which always seems to produce profusely. Any grower generally has enough to supply everybody in the neighborhood.

Anyone who enjoys omelets for breakfast should try this one.

### Zucchini Omelet

3 small zucchini  
1 small onion, chopped  
6 eggs, well beaten  
½ cup grated cheese  
Salt, pepper, parsley, garlic and seasoning salt to taste  
Cracker crumbs to cover  
Boil zucchini until tender; mash. Brown chopped onion in small amount bacon drippings or melted butter. Combine all ingredients

except cracker crumbs. Mix well. Cover with crumbs. Bake at 375 degrees 45 minutes or until a silver knife comes out clean.

Then, for lunch you might like to serve Zucchini Casserole. To make it you will need the following: 2 pounds zucchini-six to eight small to medium size; ½ medium size green bell pepper, chopped; salt, pepper and garlic salt to taste; 1 medium onion, chopped; 2 tablespoons butter or margarine; 2 beaten eggs; ¼ cup bread or cracker crumbs and ½ cup shredded cheddar cheese.

Slice zucchini and cook with green pepper, onion and seasonings in small amount of water until tender.

Add beaten eggs and cracker crumbs. Mix well and put in a buttered 1½ quart size casserole dish and top with shredded cheese. Bake for 30-40 minutes in 350 degree oven.

If you are one of the homemakers who enjoy preparing and serving pickles and relishes, you will want to clip the following recipes for use in that department.

**Red Cinnamon Pickles**  
Peel and seed large fresh zucchini. Then cut in cubes, strips or half circles. Cover two gallons of prepared zucchini with 8½ pints of water in which you have dissolved 2 cups of lime. Let set overnight.

Drain and rinse several times in cold water. Let set 3 hours in ice water. Drain well and cover with a mixture of 1 cup vinegar, 1½ small bottles of red food coloring; 1 tablespoon alum and enough water to cover. Simmer for three hours.

After draining liquid off, mix 3 cups apple cider vinegar, 2 cups water, 9 cups sugar, twenty ounces red hot and 1½ teaspoons salt.

Heat to boiling and seal in hot sterilized jars. Let set one week to ten days before serving.

**Zucchini Relish**  
Grind twelve cups zucchini and four cups onions. Add five tablespoons salt, mix well and let set overnight. Next morning, drain well and rinse two times in cold water. Drain thoroughly.

Add one red bell pepper and one green one, which have been ground; three tablespoons each nutmeg and tumeric and one tablespoon powdered mustard.

Also add 1½ teaspoons celery seed; ½ teaspoon black pepper, 4 cups sugar and 2½ cups vinegar.

Mix ingredients well. Then simmer for 30 minutes before sealing in hot sterilized jars.

Then, for a tasty addition to your dessert recipes, add the following:

### Zucchini Bread

3 eggs  
1 cup salad oil  
2 cups grated zucchini  
2 teaspoons vanilla  
3 cups flour  
½ teaspoon baking powder  
1 teaspoon salt  
3 teaspoons cinnamon  
Chopped nuts, if desired  
Beat eggs and add oil, sugar, zucchini and vanilla. Mix well. Add dry ingredients. Turn into greased and floured bread pans. Bake one hour at 350 degrees.

Happy is the home where peace and contentment dwell.

AT SIX FLAGS....Laura Ellis will be a member of the summer dance troupe which is performing at Six Flags Over Texas at Arlington this season. Her group will do six shows each evening starting at 6 p.m. in the Southern Palace at Six Flags. Laura is a 1979 graduate of Friona High School and the daughter of Mr. and Mrs. Bill Ellis. She attends WTSU in Canyon where she was on the Dean's Honor Roll the past semester.

TALL LADDER...A repairman is shown making repairs to the sign at Friona's Fina station this week. The sign is one of the tallest in town, and had been damaged earlier this year by strong winds. (Photo by Stanley Ellis)

### Sheriff's Dept. Makes Battery Theft Arrests

Parmer County Sheriff Charles Lovelace reports that three arrests have been made in relation to the recent outbreak of battery thefts in the county. As reported last week, the county had several businesses and individuals report batteries stolen from cars, trucks and equipment. The thefts were centered around Friona. Monday night saw another outbreak of battery thefts from tractors, combines, spraying rigs and irrigation motors all over Parmer County but still centered around Friona.

Ralph Garner, 31, Jeffrey Carter, 18, and Michael Colley, 23, all of Friona, were arrested and charged with felony theft. The arrests were made after the trio allegedly delivered a pickup load of batteries to a salvage company in Clovis.

The three have been arraigned, bond was set by Justice of the Peace Albert Smith at \$3000, and are presently in custody. On May 27, D.C. Herring of Friona reported the theft of two guns from a pickup parked in front of Herring Implement. The robbery had occurred on May 22.

Albert Segura, 26, and Willie Garcia, 19, both of Dimmitt, have been arrested and charged with car

theft regarding the car stolen from Stewart Motor Company that was reported by the Sheriff last week. Bond has been set for \$3000 each and the men were bound over for grand jury action. They are both in custody.

Lenney Petree northeast of Friona reported a cutting torch and two flex planters, valued at \$400, taken from his barn between May 19 and 25.

Lawlis Gin office in Bovina reported a television, office equipment and a calculator stolen during lunch hour when the office staff was out. The office was not locked.

Kim Rundell reported a Honda motorcycle stolen from his farm about 5 miles northwest of Bovina.

According to Lovelace, the sheriff's department is still investigating the attempted burglary of the Bovina post office.

There was some damage done to the grass at the Farwell school by a car driving on the lawn, Lovelace said.

The sheriff's department recovered a child's bicycle abandoned just east of the Farwell school. The sheriff said that no stolen report has been filed and they don't know to whom it belongs.
