## Wet Weather Gives Farmers Concern

WE HAVE ALWAYS heard, and subscribe to the theory, that when business is bad, a business needs to advertise.

One can only wonder, then, about the 14-page special advertising section in the current edition of Newsweek Magazine, entitled "New York State—a Great Place to Do Business."

The special section brings out all of the pluses as far as the state of New York is concerned, in a special effort to lure business to that state.

One article points out the financial incentives which are available to businesses which might want to locate in New York.

"Taxes have been slashed, exports are being promoted, overseas offices are attracting foreign business, and small companies have been given a needed shot in the arm," says one quotation in the piece.

Another one brags that within a radius of 750 miles of the state's center lies: \*55 per cent of the manufacturing establishments of the United States and Canada; \*51 per cent of the retail sales in the U.S. and Canada; \*55 per cent of U.S. and Canadian personal income; \*55 per cent of all U.S. professional workers; \*56 per cent of all U.S. skilled workers, and \*54 per cent of all U.S. college graduates.

One page of the series is devoted to testimonials by ten residents, singing the praises of living in New York. One of the ten is (and not by accident, we would guess), a former resident of Texas, whose testimonial says "I'm fascinated by New York City. It's close to the country, the seashore and the mountains. In Texas, I'd have to drive for half a day to get out of Houston."

In a sense, it's funny that New York is having to spend big bucks advertising in an attempt to hold its economy together.

The New York area has always been the industrial center of our country—either New York or Chicago. But in recent years, both of these areas have lost new plants to such areas as Texas, where taxes are lower, the weather is better, and living conditions are generally more favorable.

Houston and Dallas may have done similar advertising and promotion in the Eastern markets, but by and large, the move by a lot of companies out of the old Eastern seaboard into the "Sun Belt" has reached snowball proportions.

We saw an article recently that indicated that Houston, which has probably benefitted the most by the flight from the east, has been growing by approximately 1,000 new families per week.

So, even though we're a sucker for advertising (we'd better be), we're not swayed by the special ads on New York. We're not quite ready for Central Park, the Lower East Side, Manhattan, Yankee Stadium, etc.

By the same token, neither are we ready to pick up and move to the fast pace of Dallas-Fort Worth or Houston. With all of the growth these areas are experiencing, they are also developing some of the problems the large metropolitan centers always experience.

Small towns have become our way of life, as far as providing an excellent place to live and do business, and raise your family. So—I guess you're probably stuck with us for at least a while yet.

## Farm Bureau Move Told

Parmer County Farm Bureau was in the process of moving its office this week, and planned to be in its new location on East Highway 60, the former Adams Drilling location, as of Monday, October 19.

At the same time, the agency's telephone number has been changed, according to Carroll Tucker, agency manager. The new number is 247-3963.

Area farmers, already beset by too much moisture during harvest-time, were hit a double lick this past week, as an additional two inches of rainfall was received in the local area.

Corn farmers have been waiting to get the last of their crop harvested. One estimate this week indicated that 80 per cent of the corn has been harvested, (another said 70), but those with the remaining 20 to 30 per cent of their crop in the field are still having to play a waiting game.

The area received .75 inch of rain in a booming thunderstorm late last Saturday night. Then, after having a reprieve from the moisture from Sunday through Wednesday, saw a repeat performance of the late-night boomers in the early hours of Thursday.

The rains continued through much of the day on Thursday. The official measurement in Friona was .30 inch Sunday, October 11, and 1.25 inches Thursday and Friday, October 15-16. That brought the total rainfall for the month of October to 2.55 inches, and the total for the year to 20.76 inches, after a relatively slow start.

The main crop which is being affected by the rainfall is the cotton, which is needing some more hot weather to complete its maturing process, including the opening of bolls.

The late-season moisture has caused the cotton to put on extra growth and blooms. Some farmers are considering spraying with a defoliant, or topping their crop where possible, in order to allow the sun to do its work on the green bolls.

Parmer County has its largest acreage of cotton in a number of years. The yield of the 1981 crop will strictly depend upon the weather from here on. If farmers could get a break from the weather, there is still hope for a bumper or near-bumper crop. But for this to happen, this siege of late-season rainfall will have to stop.

A few farmers were able on Wednesday, which was a nice sunny day with temperatures reaching 80, to get back to their corn harvest, but for the most part although the grain had dried sufficiently to be harvested, the fields are still too muddy and soft to accommodate combines, grain carts, etc.

A notable exception was the case of Charles Hough, just south of Friona, who credited his "minimum tillage" program for paying off once again. Hough said his ground was able to take the moisture without getting as muddy. He

finished his corn harvest Wednesday prior to the latest round of rains.

Most of the remaining corn is in an area southeast of Friona, mostly between Highway 86 and Running Water Draw. Some of those with corn remaining in the field are Garvin and Billy John Thorn and Jim Roy Daniel. "We just plant later in this area," said one farmer this week.

The main danger to the corn which is left in the field is the prospect of lodging, or falling corn, due to weakened stalks, which would mean a loss of yield.

Harvest of sugar beets has begun in the local area, but also has been interrupted by the rains. Early indications are that yields will be good.

Cal Jones, manager of Holly Sugar Corp. at Hereford, said that harvest began the first of the month, and approximately 11 per cent of the sugar beet acres had been dug.

"Yields are running above 21 tons per acre, (about seven tons above the area's average), and the sugar content is about 14 per cent, which is above last year," Jones said.

The sugar price depends on the market situation. "Statisticians say we'll consume 91 million metric tons of sugar next year, and we only expect to produce about 90 million metric tons. This situation has existed for the past four or five years, so it stands to reason that the price should get better," Jones says.

The maize harvest has begun on a limited basis. Some good yields are expected from the maize, just as there have been with the corn.

Farmers with a lot of wheat are the ones enjoying the extra rain. "We won't have to water the wheat before February," commented one farmer this week. This was before Thursday's moisture.

The main drawback, other than the weather, as far as the farmers are concerned, continues to be farm prices. The market prices for virtually all commodities are much lower than they were a year ago. Farmers, like everyone, are faced with increased costs of production, and are still hoping for an improvement in prices, in order for a "fighting chance" to make a profit.

Continued reports of a crop failure in Russia, with the prospect of increased export potential, may eventually help the price for grains. Farmers are hoping they will. Merchants are hoping. We all have our fingers crossed...

## Chairmen Named For United Way Campaign

Hal Ratcliff and Carl White have been named as co-chairmen for Friona's 1981 United Way campaign, it was announced this week by Charles Caudill, chairman of the board of directors for the organization.

The 1981 campaign will be kicked off on Monday, November 9.

Caudill said that the budget for the 1981 drive had been approved, calling for total expenditures of \$12,150. This is an approximate increase of six per cent.

Of the agencies benefitting from the United Way campaign, most budgets will remain virtually unchanged from 1980. Principal differences are in the Brownies,

Here is the complete budget:

Agency	Budget
Boy Scouts	\$2,500
Girl Scouts	2,500
Red Cross	1,200
Salvation Army	1,000
United Cerebral Palsy	800
Emergency Fund	600
Friona 4-H	200
USO	100
Texas Mental Health	150
United Way of Texas	50
Little League	1,200
Brownies	900
Cub Scouts	900
Autistic Children	50
Total	\$12,150

whose budget will be increased \$500 to \$900, and Cub Scouts, which will go from \$800 to \$900.

The Salvation Army budget will go from \$900 to \$1,000, Caudill said.

**WINS AGAIN...**Ron Cain, right, became the first contestant in the Friona Star's football season in the last several years to take first place in the weekly contest twice in one year, having won the second week's contest. He is being presented his prize check by Ron Smiley, manager of Friona Wheat Growers, one of the contest's sponsors.

**DRIVE OFFICIALS...**Carl White, left, and Hal Ratcliff, right, were named this week as co-chairmen of the 1981 Friona United Way campaign. Kickoff date for the 1981 campaign will be Monday, October 9.

## AND ASSUMES LEAD

## Cain Scores Rare 'Double' In Contest

Ron Cain pulled off something this week that not many contestants have been able to do in the Friona Star's football contest.

Cain, long one of the contest regulars, was named a weekly winner for the third time in one year, an honor which hasn't happened many times in the long history of the event.

By correctly picking 15 of the 22 contest games, Cain was one of four contestants to post this many correct games. He then claimed the weekly first prize money of \$10.00, by virtue of his tie-breaker score on the Buffalo-Miami game.

Cain picked Buffalo, 24-21, to snag

the rare second win, having previously been the winner in the contest's second week. He also placed third another week.

B.R. Mears of Clarendon placed second. He also had picked Buffalo on the tie-breaker, but his score (27-17) was eight points off the actual score. Cain's difference was seven points.

Debbie Gregory took third place, missing the tie-breaker score by 11 points (Miami 24, Buffalo 17).

The other contestant to correctly pick 15 points was Jesse Ramon, whose tie-breaker guess of Miami 24, Buffalo 21, was 13 points off the score and just out of the money.

It was a great "equalizer" and if a person could have known which games to have picked, he could have made up a lot of ground. The high score of 15 was the lowest winning score (by four points) in the six weeks of the contest.

Only 12 other contestants scored as high as 14 for the week: Wayne Amstutz, Kirk Frye, Nancy Jackson, Glenna Holt, Sandy Spring, Jack Clark, Bobby Wied, D'Aun Watkins, Erika Pope, Marie Fleming, Patti Field and Leroy Berend.

Cain's winning score also enabled him to pull into a first-place tie in the contest standings with Jack Clark, with a cumulative total of 94 points after six weeks.

Mark Neill, the previous leader, saw his score dip to an 11 for the week, and slipped into second place with a score of 93. Kenneth McLellan, who entered the week in second place, likewise had an 11, and is tied with Wade Cargile and Erika Pope at 92.

Professional games continued to be tough to pick, but for last weekend, the high school games on the lineup also proved tricky. Several of the leading contenders missed four of the seven high school games, and some missed five.

In spite of the bad week, a total of 15 contestants have scores of 90 or better in the cumulative totals, and another 29 have 85 or better. Scores of all leading contestants may be found elsewhere in this issue.

Contestants are vying for a grand prize of \$100 in the 13-week contest, which goes over the half-way point with this weekend's event.

## Temperatures

Date	Hi-Low
Saturday, October 10	76-54
Sunday, October 11	73-54
Monday, October 12	66-52
Tuesday, October 13	79-52
Wednesday, October 14	80-51
Thursday, October 15	80-51
Friday, October 16	55-46

Moisture: trace on October 10; .30 inch on October 11; .87 inch on October 15; and .38 inch on October 16. Total for week—1.55 inch. Total for October—2.55 inches.

## W.F. Cogdill Rites Held Wednesday

Graveside services for W.G. (Bill) Cogdill, 88, were conducted Wednesday at 10:30 a.m. at Friona Cemetery. Cogdill died at his home in Truth or Consequences, N.M. Sunday, October 11.

He had moved to the New Mexico city about eight months ago, having lived in Friona since 1926. Cogdill was a retired farmer.

Rev. Archie Echols, pastor of the First United Methodist Church, officiated at the services. Parsons-Ellis Funeral Home handled funeral arrangements.

Cogdill was born February 24, 1893 in Weatherford, Texas. He married Sarah Teague June 21, 1916 at Wichita Falls. She preceded him in death on October 20, 1967.

Cogdill married Ruby Wilson December 5, 1968 in Farwell.

Survivors include his wife Ruby of the home; two daughters, Mrs. Billie Fairchild, Friona and Mrs. Helen Haws, Carthage, Missouri; one step-daughter, Mrs. Ruby King of Truth or Consequences, N.M.; one sister, Margaret Appleton, Monrovia, California; three grandchildren, seven great-grandchildren and one great-great-grandchild.

Cogdill was a member of the First Baptist Church of Friona.

Pallbearers were Dale Smith, Jack Kassahn, Eric Rushing, George Rushing, Link King and Pearl Sevier.

BILL COGDILL

## David Hough Is Member Of Angus Assn.

David Hough of Friona is a new junior member of the American Angus Association, reports Dick Spader, executive vice-president of the national organization with headquarters in St. Joseph, Missouri.

Junior members of the association are eligible to register cattle in the American Angus Association and take part in Association sponsored shows and other national and regional events.

The American Angus Association is the largest beef registry association in the world, with some 12,000 active junior members and some 26,000 active life members.

## Rites Held For Sister In Amarillo

Funeral services for Marie Roark, 46, who died at her home in Amarillo, Sunday, were conducted at 4 p.m. Tuesday from the First Baptist Church of Amarillo with Winfred Moore, pastor, officiating.

Interment was in Llano Cemetery under the direction of Schooler-Gordon Funeral Home of Amarillo, Texas.

Mrs. Roark was born February 22, 1935 in Clovis and had been a resident of Amarillo for 21 years. She was employed with the Texas Commerce Bank of Amarillo.

Survivors include three daughters, Susan Moore of Lookingbill, Texas, Cindy Louis Roark and Leigh Ann (Charlie) Roark, both of the home in Amarillo; one son, Richard Lynn Roark of Loveland, Colorado; a sister, Mrs. David Carson of Friona; three brothers, A.W. Gober of Farwell, Lloyd Gober and Scott Gober, both of Bovina; and two granddaughters.

Mrs. Roark was a victim in a murder-suicide shooting in Amarillo Sunday evening. Alvin Corbin Bicknell, 48, was also found dead at the Roark residence. He apparently shot Mrs. Roark three times, then shot himself in the forehead.

Two of Mrs. Roark's daughters, aged 15 and 18, were in a bedroom watching a televised football game when they overheard gunfire and came in to find the couple on the floor.

Contributions may be made to the Don and Sybil Harrington Cancer Foundation of Amarillo in Mrs. Roark's memory.

## Write Your Congressmen

# FRIONA FLASHBACKS

....from the files of The Friona Star

### 50 YEARS AGO—OCT. 2, 1931

For the past several weeks, the city water well has been losing interest in its job of supplying water to people of the city, until an inspection of the pump by water works superintendent L.G. Simpson revealed that the bearings in the rotary pump were so badly worn that it was necessary to send it to Amarillo for repairs.

### 45 YEARS AGO—OCT. 2, 1936

Mr. and Mrs. A.D. Smith announce that they will move to Farwell on or about the first of October for permanent residence. Mr. Smith will be elected as County Attorney on November 3. The duties of his office will require him to live at Farwell, so they have found a suitable place to live in the county seat.

### 40 YEARS AGO—OCT. 2, 1941

Announcement was made this week that the Lions Club will sponsor a Boy Scout and troop and a Cub Scout pack in Friona. An organizing committee, composed of Tiny Magness, Pete Buske, R.J. McReynolds, Glenn Reeve and Frank Spring is making plans for getting scout work started. The organizing group have named Frank Trout as scoutmaster, with Ed Williams assistant. Joe Wilson is leader of the Cub pack and Virgil Elms is his assistant.

### 35 YEARS AGO—OCT. 4, 1946

The Friona Chieftains won their first game of the season at Lockney last Friday, when they beat the Lockney Longhorns by the score of 12-6. The Chiefs showed much improvement over their previous games. Miller did the scoring for Friona.

### 30 YEARS AGO—SEPT. 27, 1951

Bids for construction of a fire station in Friona will be let quite soon, according to announcement this week by Mayor Mack Bainum. Plans are for construction to begin before cold weather of the two-truck station. Location will be on the city-owned lots just north of the park on

Main Street.

Who is going to win the World Series: Ed White, "I guess it's going to be the Brooklyn Dodgers and the New York Yankees. My favorite team is the St. Louis Cardinals, but don't think they have a chance."

### 25 YEARS AGO—SEPT. 20, 1956

Friona's gala 50th Anniversary celebration will be held this weekend, with a parade, watermelon feed, basket dinner, post office dedication, entertainment by the Serenaders of Lubbock, a free barbecue, pancake breakfast, and a pony express race highlights the event. A special program for guests and pioneers will be conducted at 4:30 p.m. on Friday.

### 20 YEARS AGO—SEPT. 21, 1966

Albert Field, Friona City Manager, officially submitted his resignation to the City Council Tuesday at 8 p.m. during a called meeting. Field will assume similar duties at Muleshoe.

Kay Burleson was crowned Maize Days Queen as a highlight of Maize Days in Friona last weekend. Miss Burleson was sponsored by the Friona Star. First runnerup was Janet Buckley and second runnerup was Sharon Reeve.

### 10 YEARS AGO—SEPT. 30, 1971

The Friona Police Department was instrumental in stopping and apprehending a man Monday who allegedly took \$89 in cash and three tapes from a Clovis store, and then tried to outrun officers in a high-speed chase between Farwell and Friona. Frederick Lee Talbot, 33, who gave officers several addresses but is believed to be from Akron, Ohio, was stopped in Friona by a road block set up by Chief of Police Bill Denney and patrolman Billy Lucas.

### 5 YEARS AGO—OCT. 3, 1976

Open House for Prairie Acres, Friona's nursing home facility that opened August 3, was held at the facility with a flag-raising ceremony beginning

the activities. Next will come a recognition of special guests, a history of the project, a dedication ceremony and a graduation ceremony for the home's Nurse Aides.

Sharla Bengel was crowned Friona's Maize Queen for 1976-77 in the annual Maize Queen Pageant Thursday night at Friona High School. The 16-year-old daughter of Mr. and Mrs. W.S. Bengel, Sharla is a junior at Friona High School. First runnerup in the contest was Diane Westbrook, daughter of Mr. and Mrs. Dale Westbrook. Second runnerup was Faith Mays, daughter of Mr. and Mrs. Harrell Mays.

## School Lunch Menu

WEEK OF OCTOBER 19-23

MONDAY--Corn dogs, peas, carrots, light bread, cake and milk.

TUESDAY--Salisbury steak, green beans, potatoes, hot rolls, cookies and milk.

WEDNESDAY--Burritos, pinto beans, mixed greens, cornbread, fruit and milk.

THURSDAY--Sausage with cheese, beets, blackeyed peas, hot rolls, cake and milk.

FRIDAY--Taco Joe sandwich, potato chips, beans, buns, fruit and milk.

**NEW AREA LAKE....**The new lake which has been created at the dam on Running Water Draw near Lazbuddie has had a considerable amount of water in it lately. The water had reached a high level about a month ago following heavy

rains in the area, and still has a good amount of water. With the "wet season" hanging on, we may someday have a recreational lake in Parmer County.

### Director Named For County Spelling Bee

The director for the 1982 Parmer County National Spelling Bee has been named by the Amarillo Globe-News and West Texas State University, sponsors of the annual educational program. In charge of the county's bee arrangements will be David Gobble, principal of Farwell Elementary School. The director will choose a date for the county contest and name a winner prior to April 3, 1982. The county champion will participate in the 34th Regional Spelling

Bee in Amarillo on April 24 and will compete for numerous awards, including the top prize—an all-expense paid trip for two (courtesy of the newspaper) to Washington, D.C. in early June for the national event. Rules for participation are established by the national sponsors, the Scripps-Howard Newspapers, Cincinnati, Ohio. The two basic requirements are 1. students must not have passed beyond the eighth grade at the time of their

individual school finals; and 2. they must not reach their 16th birthday on or before the date of the national finals, June 1. Contests begin with classroom eliminations, then school spelldowns and finally the county event. Words for study are prepared by the national sponsors. This is a small booklet containing in excess of 3,000 words. The cost is 40 cents each and the list may be purchased from Spelling Bee Editor, Amarillo Globe-

News, Box 2091, Amarillo, Texas 79166. Interested students who wish to take (Continued on Page 16)

# Chiefs Impressive In River Road Win

The Friona Chieftains scored their third win in a row, evening their season record at 3-3, ambushing the River Road Wildcats, 19-7 in a game at Chieftain Field last Friday night.

The win was the most impressive by the Chiefs thus far. River Road entered the contest with a 3-2 season record, and with some impressive credentials. They were a large team, and potentially one of the most explosive that the team had faced this season.

The first half of the game was a defensive struggle. Friona's hard-hitting defense limited the potent Eagles to only a net of 47 yards and three first downs.

Friona had done little better, until the last minute of play, after the team had held on downs at their own 32-yard line.

Richie Malouf ignited the team's sagging offense, with one run of ten yards, and then a 20-yard burst up the middle. The latter run gained to the River Road 35, and Friona called the time out with 17 seconds left in the half.

On the next play, quarterback Mark Tucker faded to pass, and lofted the ball downfield. Eloy Caballero gathered in the ball at about the five, side-stepped a defender, and went into the end zone for the game's first score.

The play brought a big response from the home crowd. Mark Montoya came in to kick the PAT, and Friona led, 7-0, with ten seconds left before halftime. All the Eagles could do was recover the flat kickoff, and run the clock out.

Friona threatened to score early in the third quarter, after getting the second half kickoff in good field position. Malouf ran for a 14-yard gain to the Wildcat 30. Fourth down found the team back at the 32, and Montoya came on to try a long field goal. The kick had the distance, but was wide to the left.

At this point, the visitors put together their only sustained drive of the night, and caused some concern by tying up the game. In fact, their scoring drive came very quickly.

After picking up a first down at their 45, River Road was penalized back to their own 41. On a third and 13 play, tailback Allen Sanders took the ball on a reverse play, found himself in the clear at the sidelines and raced 59 yards for the score.

Todd Miller kicked the PAT, to tie the score at 7-all, at the midpoint of the third quarter.

But the Chieftain offense got another boost, this time from fullback Robert Osborn. On his first carry in the game, Osborn burst through the line of scrimmage (Friona's 42), and wrestled free of a would-be tackler after about ten yards, and romped 58 yards for his first touchdown of the season.

A high snap from center foiled the point-after try, but Friona had regained the lead at 13-7. Osborn's run came with just seven seconds left in the third quarter.

Needing another score to clinch the outcome, since their lead was just six points, the Chieftains got what they wanted on their second possession of the fourth quarter.

Friona had punted River Road into a hole at their own 13, and when the Amarillo school could not move, Mike Neill fielded a short Wildcat punt at the visitors' 42 and returned it to the 38.

Osborn and Malouf gave Friona a first down with gains to the opponents' 28 yard line.

Two running plays found the team back at the original line of scrimmage, where Friona again called a pass play. Caballero was streaking up the left sideline, and was all alone in the end zone when Tucker let the ball fly.

Eloy snagged the ball, for his second TD of the game, and after a passing attempt for points failed, Friona had a 19-7 lead. Only 3:30 remained on the game clock.

Forced to their passing attack, the visitors ran into some bad luck on their second offensive play, when Nelson Jackson stepped in front of the intended receiver at about the Wildcat 30.

Jackson ran the ball into the end

zone for an apparent touchdown, but an illegal block against Friona brought the ball back. Friona was able to run out the clock, advancing the ball to the Wildcat seven, with reserves seeing action.

It was another great defensive game for the Chieftains, who allowed only 119 total yards for the game. Friona's defense now ranks fifth among class AAA teams as rated by the Lubbock Avalanche-Journal, yielding an average of just 172.8 yards through six games.

Friona's offensive attack showed the most balance of the entire season. Malouf was the leading ground-gainer, with 94 yards, followed by Osborn with 70 and Jackson with 51. Caballero gained 63 yards on two touchdown passes.

## FHA Sets New Interest Rates

The Farmers Home Administration in the U.S. Department of Agriculture will start charging higher interest rates today on several of its loan programs as a result of legislation enacted by Congress.

Dwight O. Calhoun, Acting Associate Administrator of FmHA said higher rates are required for community facility, water and waste disposal, emergency farm and limited resource farm loans. The changes were included in the budget reconciliation bill passed by Congress just before the August recess.

In addition to the new rates, the use of prime farmland for development purposes will be more costly in some cases under provisions of the 1981 legislation. Calhoun cited as an example an extra 2 per cent interest

on loans used to finance community facility and certain other projects on "prime" or "unique" farmland.

"Prime" farmland is described as having the best combination of physical and chemical characteristics for producing food, feed, forage, fiber and oilseed crops. It also must be available for those uses.

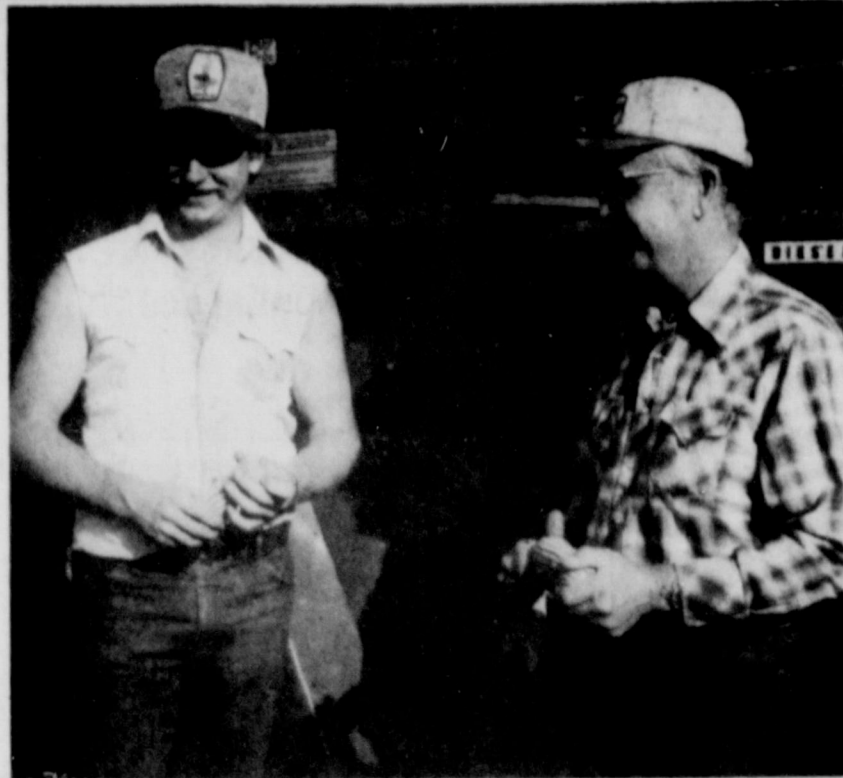

"Unique" land is other than prime land having special combinations of soil quality, location, growing season and moisture to economically produce high quality or yields.

Calhoun said the interest premium for use of prime or unique land will not apply if the applicant is a public body or Indian Tribe and can demonstrate to FmHA that it cannot suitably locate on other land.

The community facility and water and waste disposal rate of 12.25 per cent was derived from the statutory requirement that it not exceed the current municipal bond yield. This rate must be calculated quarterly based on market conditions.

Interest rates will remain at 5 per cent for facilities required to meet health and sanitary standards in areas where median family income is below the poverty level established by the Office of Management and Budget, currently \$8,450 a year.

Other Farmers Home loan rates are not affected by these changes.

GARVIN THORN, left, is shown with DeKalb dealer Marvin Mimms of Lazbuddie. Thorn had the top corn yield among farmers in a test group in this area.

### Ex-Resident's Death Noted

Word has been received that Levi Nicholas Ritter, a Friona resident in the 1930s, died recently at his home in Santa Monica, California.

In 1933, he and his brother-in-law, Harvey Matthews, were partners in a 1600-acre wheat ranch southeast of Friona. Later they moved to town and were partners in a pool hall.

Ritter moved to Santa Monica in

the early 1940s, where he made his home for many years. He was employed at Douglas Aircraft for several years.

While at Friona, Ritter had been a member of the local Masonic Lodge.

Survivors include a wife, Mary; his daughter, Mrs. Kay Schnoor; a grandson, Darryl Rothering; and a sister, Viva Matthews, and a number of nieces and nephews.

## Look For R-Value In Insulation

If you're in the market for home insulation, "Don't shop for inches...it's R-value that counts," says the Federal Trade Commission.

Only R-value scientifically measures insulating power. Thickness of insulation doesn't.

Every kind of home insulation carries an R-value rating. The higher the R-value, the more "resistant to heat flow your insulation will be," says the FTC.

A 1980 FTC rule requires insulation dealers and installers to provide fact sheets on R-value to home insulation buyers.

"Before you add new insulation to old, determine the total R-value you need," says the FTC. "Call your local utility company or energy office to find out what R-value's right for you."

The agency notes the insulation retrofit market is booming. Consumers need to know about R-value to make an informed choice among all the products available.

"If you don't know the R-value of your insulation, you really don't know what you're buying," says the FTC. "Don't shop for inches...it's R-value that counts."

For more information, write for the R-value brochure: Federal Trade Commission, 6th and Pennsylvania Ave., N.W., Room 720, Washington, D.C. 20580.

# WTSU Has Unique Agriculture Setup

THE WINDMILL at the Nance Ranch provides water for the livestock and a climbing chore for Randy Bailey. (WTSU Photo)

Available campus facilities and nearness to various phases of the agriculture industry provide unique opportunities for students in West Texas State University's Department of Animal Science.

According to Dr. James T. Thompson, dean, School of Agriculture, the WTSU School of Agriculture gives students "theoretical and practical knowledge and experience that will give them a very relevant basis to continue the learning process while on the job."

"Our students can get experience in beef cattle production, swine production, sheep production, cattle-feeding, ration formulation, dairy management, breeding and marketing. The meats laboratory provides experience in the processing of beef, lamb and pork," said Dr. Theodore Montgomery, professor and head of animal science.

The Nance Ranch, which is located six miles east of Canyon, is one of several steps in the past years which have helped WTSU's agriculture program become one of the best in the state.

The purpose of the Nance Ranch is to provide livestock and facilities where students may gain experience in all phases of modern meat-animal production and related agricultural sciences. The ranch provides livestock and facilities for an ongoing meat-

animal research effort with the major thrust being on nutrition and health and also provides livestock and facilities for community resource service, such as field days, 4-H and Future Farmers Association judging contests.

The ranch, which consists of 2,393 acres, includes more than 600 acres in dryland cultivation. The crop land is used to produce forage for the beef cow herd and feedlot cattle. The balance of the land is in buffalo and grama grass native range, which is used for spring, summer and fall forage for the cow herd. The range area is divided into four large pastures and five small traps. The practice of a high intensity, low frequency rotation system is used in range management.

The headquarters area includes a heated pavilion, which is 60 feet by 80 feet, and is used as the primary teaching area on the ranch, as well as for livestock meetings and field days.

A 225-foot-by-45-foot barn includes a ranch office, conference room, livestock working facilities, pen space to serve as winter quarters for the herd, as well as to house other livestock for teaching purposes.

Other buildings in this area include livestock, shelters, storage and ranch manager housing.

Dr. Joe A. Sagebiel, WTSU associate professor of animal science,

is in charge of the cattle and feedlot sections.

There are 120 steers and 12 pens. Each pen consists of 10 steers, in which four pens are controlled for applied feeding trials.

According to Sagebiel, the controlled animals are under research study.

"These animals are used by drug companies. We handle the study," he said. "The drugs must be proved for safety. We compare how the drug works with other drugs on the market."

Sagebiel also is in charge of 120-cow herd, which is composed of purebred Herefords and Angus. The herd is managed in a semi-confined scheme, with the cows maintained in confinement where they are fed a silage ration through winter, and a short spring calving season.

In addition to the 12 pens, a pinpointer, which is an electronic feed measuring device, is used to give a daily printout on how much each cow eats each day. It is the most powerful technique in nutrition research, said Sagebiel.

The feedlot was constructed primarily as a research unit used for nutrition and health studies. This area includes a functional cattle working setup, with scales, a laboratory, an office and a pit silo.

The swine herd is an expansion

phase, developing toward a 130-sow capacity per year. Dr. James D. Chapman, assistant professor of animal science, said that when the production from the sows is finished the swine are then sold on the local market. The pigs produced are utilized in classwork and for research projects.

Chapman has practiced using chemical compounds to control farrow time. He said that when the animal is due to give birth on Wednesday, he would inject it with the compound on Monday and the results will be that the animal will give birth on Wednesday between 8 a.m. and 5 p.m.

"By using this method," said Chapman, "We don't have to hang around here late at night waiting for her to give birth."

Montgomery is in charge of the sheep herd. There are 150 sheep, which are maintained at the ranch for teaching purposes and later are prepared for market.

Thompson explained that the late Lucille Nance Jones, widow of George Nance, and her husband L.L. Jones, agreed to donate the ranch to the university "with reservation of life estate in the property to themselves, but with WTSU having full use of the property by lease agreement after January 1, 1971."

Nance, who at one time had one of the largest registered Hereford herds in the Southwest, died in 1954. Mrs. Jones died in 1977.

Thompson said that the gift of the Nance Ranch would today be valued at \$2 million. He also explained that it is difficult to keep the ranch on solid funding especially when there are no funds from the state.

"The income for the Nance Ranch comes from selling livestock and a little support from a few research programs. However, we are proud of the Nance Ranch and we have a fine product," he said.

## P. Johnson Re-Elected To SWCD Board

Phillip Johnson of Friona was recently re-elected to the Parmer County Soil and Water Conservation District board of directors October 6. Johnson represents Zone III of the district.

The purpose of the Parmer County S.W.C.D., with headquarters in Friona, is to promote sound soil and water conservation programs on farm and ranch lands within the district and to serve as a voice for farmers and ranchers on conservation matters and other issues affecting private property rights of landowners.

The board of directors coordinates the conservation efforts of various local, state and federal agencies and other organizations and has authority to enter into working agreements with these governmental agencies and private concerns to carry out its purposes.

As one of five individuals serving on the district board of directors, Johnson will be responsible for district policies and procedures for carrying out the district program within the framework of the Texas soil conservation district law.

Phillip and his wife Trudi have two daughters, Beth and Lindsey. The Johnsons live and farm in the Hub area.

In Texas there are 201 soil and water conservation districts. Each is a legal subdivision of state government organized by local agricultural landowners with the assistance of the Texas State Soil and Water Conservation Board. Unlike most other legal subdivisions of state government, SWCDs do not have the powers of taxation or eminent domain. All conservation programs managed by the districts are of a voluntary nature to the landowner or operator.

Organized in April 1948, the Parmer County SWCD has worked jointly with the Soil Conservation Service to serve all landowners and operators equally.

**FRIONA POLICE**  
The Friona Police Department reported a call at 3:46 a.m. October 14 to 906 Maple, where Louis Spears, 23, was arrested for burglary of a habitation.

Spears had reportedly entered the residence.

According to the police report, earlier in the evening Spears had assaulted Jimmy Walker with a knife. Reason for the attack is under investigation.

Spears has been transferred to Farwell to the sheriff's office, where charges of burglary have been filed.

Walker was transferred to Northwest Texas Hospital in Amarillo for further treatment, after being taken to Parmer County Community Hospital after the attack.

In other reports by the Friona Police Department, the department received two calls October 7 and 8, reporting a disturbance at the Budget Motel, but after checking, found the reports to be false. Finally, a Linda Plunkett came into the police department October 8 and told officers there was a disturbance at the motel. Again, the report proved false.

Later that day, at 4:46 p.m., officers were called to Shirley's Cafe, where they were advised that Linda Plunkett had assaulted Linda Osborn, an employee of the cafe. Linda Plunkett was taken into custody and charged with assault. She later was transferred to the MH/MR Center at Plainview for observation.

The local police investigated two prowler calls on October 7 and two more on October 11. On October 8, two theft reports were handled, one for theft of a bicycle and another for clothes taken from an automobile.

Eight traffic citations were issued during the week: including two for running the red light at Main and Highway 60, and two for contest of speed (drag racing).

One minor accident was investigated during the week.

### SHERIFF'S REPORT

In reports the past week in Sheriff Bill Morgan's office the following reports were taken:

On October 9, Dale Widner of Friona reported that a farm house had been broken into. Among the items missing were a can opener, heater, stereo, some tapes, as well as articles of clothing. The value was placed for these items at \$400.

Edward Romero of Clovis reported that his pickup truck parked on the Missouri Beef parking lot had been broken into and the perpetrator took several tapes in a tape box as well as a cassette tape player, speakers, a watch, pair of sunglasses, necklace, all of which were totaled about \$1000.

Allen Brockman of Friona reported that People's Gasohol plant had been broken into and one check from People's Gasohol Company was missing. The number of the missing check is 1207.

Coy Jameson, Friona, reported a break-in at a house north of Friona. Nothing was reported missing and the sheriff's office is still looking into this matter.

Ben Rejino reported that a large

number of tools were taken from a tractor and a pickup on October 11. It was estimated that the value would be around \$500.

Robert Zetsche of Friona reported that a 1975 Ford pickup truck was stolen. The vehicle was a 3/4 ton blue and white Ford, with Texas license No. 1 TA 602.

Judy Autry of Farwell reported that \$52 was taken from her home sometime over the weekend.

In arrests logged in the sheriff's office, Sequell Balderaz of Hereford was charged with driving while license was suspended and paid a fine of \$100 plus court costs.

On October 10, Rogelio Arce, 27, of Lazbuddie, was charged with public intoxication and disorderly conduct and was fined \$200 plus court costs.

### DPS REPORT

The following reports were given to the Blade by Troopers Art Lopez and Steve Talkington of Friona.

Conrado Perez of Muleshoe was cited for unsafe speed and no driver's license after he rolled his pickup on US 84 7.7 miles southeast of Farwell on October 10.

Apparently the driver fell asleep at the wheel and the vehicle failed to make a curve.

He sustained only minor scratches. Trooper Talkington was the officer who handled the call.

Raul Joel Valasquez of Santa Fe, N.M. was arrested on possession of marijuana, less than two ounces, which is a misdemeanor, by Trooper Steve Talkington on October 11, at 2:14 a.m.

The subject posted a \$300 bond according to Talkington.

On October 8, Trooper Art Lopez was called to the site of a truck turnover, in which Elvina D. Williams of Amarillo was the driver. It occurred 3 miles east of Bovina and the driver apparently fell asleep while operating the truck and the wheels dropped off of the pavement and the driver lost control of the vehicle.

No injuries were reported and the driver was cited for unsafe speed.

Howard W. Gipson of Roswell was operating a truck-tractor semi

westbound on US 60 when Leo W. Bennett of Clovis pulled from an intersection in front of the Gipson vehicle, from the intersection of Highways US 86 and 60. According to Trooper Lopez, Bennett said he looked both ways prior to entering the roadway, but apparently did not see the oncoming truck.

Bennett was cited for failure to yield right of way and stop at an intersection.

There were no injuries.

## Book Orders Being Accepted

The Parmer County History Book committee is accepting prepaid book orders now until November 1.

Prepaid price for the book is \$35.00, \$37.50 if book is to be mailed to you. Make checks payable to Parmer County History Book, P.O. Box 606, Friona, Texas 79035.

The book will contain 600 pages. The pages will be 8 1/2"x11" and will be bound in a wine colored leatherette cover.

"We urge everyone to send in your prepaid order now," says Grace Whitefield, co-chairman of the Parmer County History Book committee.

# WINTERIZE YOUR BACK YARD DURING OUR

# GAS GRILL SUPER SALE

Now, you can save 30% on a big selection of gas grills . . . bargains you'll relish year 'round. ## Party Honors Anita Taylor On October 8

A "Good Luck" party was held in the home of Geneva Riethmayer, Thursday evening, October 8 from 7-8:30 p.m. in honor of Anita Taylor. Anita moved to South Fork, Colorado last Friday. The come-and-go affair was hosted by Mrs. Steve Struve and Geneva Riethmayer.

Refreshments of punch, coffee, banana bread and pumpkin bread were served to approximately thirty guests.

The coffee table was covered with a beige cloth and was accented with china and silver appointments.

The other table was covered with a lace cloth and held crystal and silver appointments from which punch was served. The centerpiece was a floral arrangement of greenery and roses at the base of a brass colored money tree covered with pink and green ribbons in a brass pot. A crystal heart containing two yellow gold wedding bands announcing the approaching marriage of Anita to Darrel Harris of Creed, Colorado, was in the greenery.

Out-of-town guests attending were Martha McNeil of Clovis, Mrs. Dwayne Bishop and Mrs. Jack Miller of Dimmitt.

MR. and MRS. RUDOLPH RENNER will be honored with a reception on the occasion of their sixtieth wedding anniversary on Sunday, October 25 from 3-5 p.m. Their

children will host the reception which will be held in the Senior Citizens Friendship House in Friona on North Washington Street.

## Steve Messenger Named TSCPA Chapter President

Certified public accountants have elected five of their peers to lead their professional organization.

The Panhandle Chapter of the Texas Society of Certified Public Accountants (TSCPA) chose Steve Messenger, CPA to serve as president for the coming year. The newly-elected president of the 300-member organization is a partner in the public accounting firm of Steve Messenger & Co.

Acting as president-elect is Bart Templeton, CPA, a manager in the firm of Arthur Young & Company. The vice president's position is filled by Doyle Bunch, CPA, secretary/treasurer for Southwestern Public Service Co.

Brad Wilson, CPA will serve as secretary for the group. He is a partner in the firm of Brooks, Wilson & Company. Senior accountant in charge of special projects for Santa Fe Energy, Randy Mullins, CPA is the treasurer for the year.

The officers for the 1981-82 year were installed October 9 at a meeting of the organization at Amarillo's Tascosa Country Club.

The statewide voluntary organization of CPAs actively pursues programs which strengthen the professional and ethical standards of Texas CPAs. Such activities involve continuing professional education, public affairs and other programs

which enable CPAs to better serve the public interest.

The Panhandle chapter is one of 20 local organizations within the 17,000 member Texas Society of CPAs. Each chapter is instrumental in the progress of TSCPA, the third largest statewide professional accounting group in the United States. The Panhandle Chapter includes these Texas counties: Armstrong, Briscoe, Carson, Castro, Collingsworth, Dallam, Deaf Smith, Donley, Gray, Hall, Hansford, Hartley, Hemphill, Hutchinson, Lipscomb, Moore, Ochiltree, Oldham, Parmer, Potter, Randall, Roberts, Sherman, Swisher and Wheeler.

## Three Area Students Are OST Honorees

Three students from the Friona area have been named honor students for the just-completed summer trimester at Oklahoma State Tech, Okmulgee.

Each earned a 3.0 or better grade point average on a 4.0 system throughout the 15-week summer trimester. Most students attended 30 hours of classes per week.

Grade point averages are computed on the student's grade in his major area of study and related general education subjects. All of the technical-occupational college's programs of study earn college credit hours. Most students are enrolled in programs leading to the Associate of Technology degree.

Local honor students, their program of study and hometown, include: Rory L. Brito, diesel mechanics, Friona; Juan A. Cano, automotive parts, Hereford; and Coy D. Mason, diesel mechanics, Summerfield.

Tech, the residential, technical branch of Oklahoma State University, is the largest college of its type in the nation. Some 1,897 full-time students were enrolled for the summer trimester.

NICK RAY HAND

## Rectors Present YH Program

The Young Homemakers met October 1 in the high school living room.

Twenty-two members, three sponsors and four guests, Elwanda Campbell, Betty Smith, Sharon and Janet Rector, were present for the meeting. Sharon Rector gave a program on handicapped children and Janet sang a song and said some poems for the group.

Refreshments were served. Vickie Florez won the door prize.

The next meeting will be November 5 at 5 p.m. in the high school living room. Anyone interested in joining Young Homemakers should contact any member for information.

## Nick R. Hand Commissioned DPS Trooper

Nick Ray Hand of Friona has been commissioned as a Trooper with the Texas Department of Public Safety.

Hand received his commission as a State of Texas law enforcement officer from Colonel Jim Adams, DPS director, in a graduation ceremony at DPS Headquarters in Austin.

Hand completed a rigorous 18-week training course at the DPS Academy. The intensive course, recognized as one of the best programs of its kind in the U.S., included instruction in traffic law enforcement, accident investigation, criminal investigation techniques, crime prevention, first aid, riot control and other subjects related to law enforcement.

"These men and women have been trained to deal with extremely sensitive, stressful and sometimes dangerous matters on a daily basis," said Colonel Adams. "But their foremost duty is to faithfully serve the citizens of Texas."

Trooper Hand, 31, has been assigned to the Highway Patrol Service and will be stationed at Vega.

Approximately 200 persons undergo the special training and graduation from the DPS Academy each year.

THE DEAL MAKIN' MAN says,

"I never met a deal I couldn't beat!"

# FORD'S UP-FRONT MONEY

A better way to beat the high cost of financing.

Ford and your participating Ford dealers are offering money up front on some of their best-selling highest mileage cars. 1981 and 1982 cars. Money to help finance the new car you need. It means you can lower your monthly payments by applying the savings to your downpayment and financing with Ford. Or get a check directly from Ford. It's your choice.

**CASH UP-FRONT** Others make you wait up to four years to get your car money's worth. But Ford can put cash in your pocket sooner.

Not a required annual percentage rate, but cash up front.

**MAKE YOUR BEST DEAL** Then top it off with America's lowest financing rate. Save \$100 on Ford's APV. Save up to \$500 on front-wheel-drive Ford Explorer. And save \$600 on America's most popular sports car, Ford Mustang. Dealer contribution may affect customer price. Amounts may be lower in Texas. Limit up to per customer.

**ORDER NOW** To get your share of Ford's

**UP-FRONT MONEY**, see your Ford dealer and order between now and November 22.

**MORE VALUE NEWS** Remember if you're looking for a midsize family car, Ford Fairmont Future & Door is actually in over 1000 dealers that sell year. On top of that, Ford's offering special value packages on many other popular models. So be sure to check out all the value news from Ford for 1982.

**A PUBLIC HEARING TO DISCUSS THE PROPOSED PARMER COUNTY BUDGET FOR 1982 WILL BE HELD IN THE COUNTY COURTROOM ON OCTOBER 26, 1981 AT 5:00 P.M. IN FARWELL.**

Porter Roberts,  
County Judge

## Thespian Troupe Gives Production

The Friona Thespian Troupe 1379 has been in rehearsal for the production of "Hello, Dolly," which will be presented Monday and Tuesday, October 26-27 at 7:30 p.m. at the high school auditorium.

The production is based on the play "The Matchmaker," by Thornton Wilder. Music and lyrics for the production were written by Jerry Herman. The book was by Michael Stewart.

Amber Smith will play the lead role of Dolly Levi, and her unwitting suitor, Horace Vandergelder, will be played by Joe Kyle Reeve.

Other cast members include Gwen Maurer as Ernestine; Cindy Drake as Ermengarde; Christy Benge as Irene Malloy; Sunny Horton as Minnie Fay; Christie Wiseman as Mrs. Rose; Heather Fortenberry as Miss Flora Van Huysen, and Sandy Spring as cook.

Also, Stanley Ellis as Ambrose Kemper; Stan Miller as Cornelius Hakcel; Andrew Fleming as Barnaby Tucker; Frank Barham as Rudolph; Matt Loftis as Stanley; Tory Taylor as chief no. 1; Ricky Barnett as chief no. 2.

The dancers are David Small, Kim Barnett, Brian Jones, Diane Johnston, Monte Smith, Jessica Maurer. Waitresses are Rene Noland, Sheri Dodson, Kim Tucker, Penni

Weatherly, Darla Butler and Judy McLellan.

The townspeople are played by Patti Hinton, Rhnea White, Ana Rameriz, Gayla Stowers, Lisa Ulen, Twyla Chesher, Melanie Blackwell, Stephanie Miller, Cherith Randolph and Becky Osborn.

The production staff is as follows: Music--Teresa Buske, Nelda Ellis and Linda Murphree; choreography, Phillip Duggins and Gerri Maize.

Costume coordination--Gaye Tannahill; sets--Andrew Fleming, Stan Miller and Joey Howard.

Stage crew--Matt Osborn, Brian Jones, Monte Smith, Julie Wilshire and Debbie Reeve; stage manager, Joey Howard.

Sound--David Small; lights--Joey Howard, Kemal Tongate, Wendy Gresham and Sarita Ellis.

Props--Virginia Jennings; tickets--Teresa Loflin and Rocky Nichols.

Programs--Virginia Cleveland; publicity--Julie Wilshire, Debbie Reeve, Stacey Loftis, Kriste Herring, Shannel Woodard, Sheila Gresham, Wanda Wilhelm and Tammy Bush.

Ushers--Jo Flores, Mary Madrid, Belinda Eddins, Shawn Osborn, Kristi Britting and Dianna Madrid; student directors, Heather Fortenberry, Rhnea White and Patti Hinton.

DR. BOBBY EKLUND

## Local Church

### Sets Revival

The Alive in Christ Revival begins this Sunday, October 18 at the First Baptist Church at 10:50 a.m.

The revival services will be led by Dr. Bobby Eklund, pastor of First Baptist Church, Hurst, Texas. Dr. Eklund has pastored several churches since 1953: Baptist Chapel, Brady; First Baptist Church, Van Horn; Valley View Baptist Church, El Paso; First Baptist Church, Baird; First Baptist Church, Anson; Park Heights Baptist Church, San Angelo; and First Baptist Church, Hurst. He has pastored at Hurst since 1972.

Dr. Eklund graduated from Brady High School in 1951. He continued his education, receiving degrees from Howard Payne University, Southwestern Baptist Theological Seminary and Luther Rice Seminary. His education has covered three major areas: Theology, Religious Education and Preaching. He has been active in all areas of Southern Baptist life serving on numerous committees at state and national level. He has just recently returned from crusade work in Brazil.

Dr. Eklund and his wife, Janis, have three children, Mrs. Janet Smartt, Robert and Richard.

Special features of the revival will be the noon meal, Monday through Friday; a hot dog supper for children, a pizza supper for the youth, Old Fashion Night (pie supper to follow for the Senior Adults) and a mini concert on Saturday by Lynn Garrett, the revival singer.

The revival schedule will be: 10:50 a.m. and 7 p.m. for the Sunday services on October 18 and 25. During the week the services will begin each night at 7:30 p.m., Monday through Saturday. The noon luncheon and service will be Monday through Friday. A church nursery will be provided for all services. Everyone is cordially invited to attend the revival services.

## Happy Birthday To Friona Folks

### WEEK OF OCTOBER 17-24

Friona residents having birthdays next week are:

October 17--Teresa Loflin and Joe Malouf.

October 18--Shirley Smith and Rhea Foster.

October 19--Johnnie Bingham, Danny Kendrick, Hollis Horton III, Nellie Shelton, Sherri Shelton, W.B. Norwood, Jr., Becky Norwood, E.H. Lewis, Harry Watkins, Lee Smith, Lori Sandoval, Lee Sifford and Kenny Sifford.

October 20--Brian Edelson, Mrs. Leila Penn, Monty Ray Schueler, Jehnifer Vasquez, Cecelia Garza, Gena Wright, Wayne Sifford, Bambi Varner, Naomi Stephens and Michelle Sandoval.

October 21--Lindy Varner, Walter Eastep and Rex Wagoner.

October 22--Carrie Schueler, Howard Fleming, Doug Carthel, Delbert Davis, Cheryl Emerson and Terry Carson.

October 23--Pamela Joy Spring, Linda Norwood, Wendi Rena, Barbarbee, Randy Lewis and Mary Bell Westbrook.

October 24--Jack Moseley, Ann Graves, Benny Vasquez, Jr., Thomas C. Hartwell, Winfield Davenport and Patsy Bandy.

If you or someone in your family has a birthday coming up soon, call the Friona Star at 247-2211 by Thursday noon and report it.

## Nine Attend Rhea Meeting

The Rhea Extension Homemakers Club met Monday evening, October 12 at the Rhea Community Center.

Gay Taylor called the meeting to order. Roll call was answered with "My remedy for a cold." Present were Judy Potts, Kathy Terry, Ona Patterson, Velma Schlenker, Gay Taylor, Cecelia, Donna, Shirley and Martha Schueler and one guest, Nathan Terry.

The Rural Homemakers Day will be held October 15 in Amarillo. The members discussed the meeting and some Rhea members will attend.

A Halloween party for the community was discussed and Martha and Donna Schueler and Kathy Terry will plan the party.

The club will be sponsoring a table at the annual Christmas in November Bazaar in Friona November 20 and 21.

Kathy Terry served hot spiced cider and doughnuts. Cecelia Schueler read a devotion called "On Being An Angel" and then showed the group how to make angel dolls.

## Special Guests Present Program At DKG Meet

The Iota Eta Chapter of Delta Kappa Gamma Society International met October 8 at 7 p.m. at Clara's Cafe in Texico, New Mexico.

The program, "A Trip Down The Nile" was presented by Polly Turner and Aladin Mahgoub.

Polly, a student at Farwell High School, presented an entertaining dance routine and history of King Tulank-hamun. Aladin Mahgoub of Cairo, Egypt, an international graduate student at Eastern New Mexico University, presented a program of his native country.

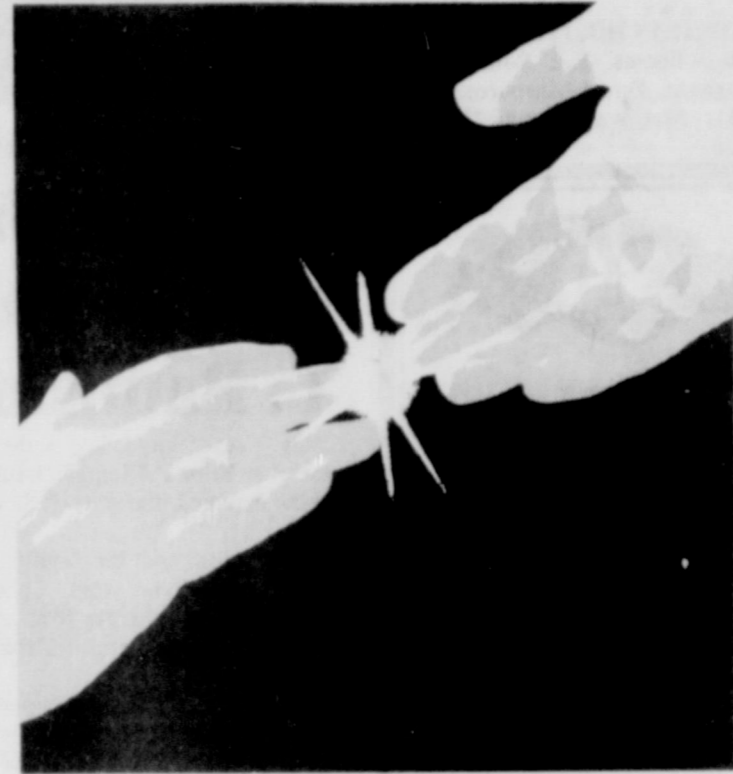

The meditation was given by Edith

Martin.

Members present were Elizabeth Phillips, Jeanne Moseley, Elizabeth Gore, Bettye Jarboe, Margaret Duggins, Edith Martin, Emma McCluskey, Tommie Mercer, Kathy Caudill, Valarie Osborn, Thelma Coffey, Lora Mae McFarland, Vera Beil, Mary Bavousett, Wana Brewer, Faye Reeve, Karolene Inman, Judy Howard and Charlotte Ratcliff.

Guests were Polly Turner, Sandra Turner and Aladin Mahgoub.

The program closed with the group singing the Delta Kappa Gamma Song.

# Electricity. Knowing what it's worth is worth knowing.

One thing we've probably all learned is to have an appreciation of things that have worth and to know their value. How would you rate yourself on knowing the value of the electricity you use? Take this simple exercise

1. How much was your electric bill last month? \$ \_\_\_\_\_
2. Divide 30 into your answer to Number 1. This was the approximate cost of your electricity per day \$ \_\_\_\_\_
3. How many people are in your family? \_\_\_\_\_
4. Divide Number 3 into Number 2. This was the cost of your electricity per day per family member \$ \_\_\_\_\_

Knowing what electricity is worth is worth knowing. Just look around.

SOUTHWESTERN PUBLIC SERVICE COMPANY

# ENERGAS

Gas heating saves \$226 per year!

Compared to the heat pump, gas heating can save you \$226 per year on your utility bills. So if you hear that a heat pump is "more economical", remember, that is comparing it to other electric heating... not to gas! No other heating system even comes close to gas for economy. At Energas, we are committed to help you get the most for your heating dollar. Gas heating, combined with good conservation practices, saves energy, too.

# Hospital Report

**ADMISSIONS--**  
Cleo Routon, Farwell; Elaine Glasscock, Bovina; Linda Williams, Olton; Doris Thomas, Friona; Misty Cole, Friona; Rev. Ronald McGovern, Bovina; Joanna Estrada, Hereford; Kenda Atwell, Friona; Floy Cottingham, Friona; and David Murphree, Friona.

**DISMISSALS--**  
Beverly Harris and baby boy, Janie Aguirre, Nellie Gonzales, Sharon Young, Elaine Glasscock, Linda Williams, Doris Thomas, Misty Cole, Cleo Routon and Kenda Atwell.

**PATIENTS IN HOSPITAL--**  
Sam Williams, E.E. Miles, Floy Cottingham, David Murphree, Rev. Ronald McGovern and Joanna Estrada.

Mr. and Mrs. Art Lopez

# Cindy Auburg, Art Lopez Exchange Wedding Vows

Cindy Kay Auburg and Arturo Lopez, both Friona residents, exchanged wedding vows Monday, September 28 at 7 p.m.

The ceremony was performed in the home of Zell Auburg of Friona, grandmother of the bride. Francis Euler of Friona, Justice of the Peace, performed the wedding ceremony.

The bride is the daughter of Mr. and Mrs. Raymond Auburg of Friona.

The bridegroom is the son of Mr. and Mrs. Ricardo Flores of El Paso, Texas.

As the bride was presented in marriage by her father, she wore a candlelight chiffon street length dress. The dress featured a Lady Diana ruffled neckline with matching yoke and tiny accordin pleats. The full sleeves were gathered to the wrists. The full half circle skirt was slightly gathered with a handkerchief hemline and self belt. Tiny buttons accented the waistline.

She carried a bouquet of blue silk roses and baby's breath cradled in French vanilla cream lace with cream lace ribbon cascading into love knots.

The bride wore her grandmother's wedding band for something old and borrowed. Her dress was new and she wore the traditional blue garter.

The reception was held in the dining room of her grandmother's home.

The table was covered with a white cloth with blue lace overlay gathered at the corners with blue satin bows. The table was decorated with the bride's bouquet, crystal punch bowl and a centerpiece of blue and white carnations.

The two tiered wedding cake was decorated with blue daisies and white sugar bells. The cake was topped with

a white wedding bell.

Letha Cunningham and Paula Wilson, both of Friona, served at the reception.

Following a wedding trip to El Paso, Texas, to visit the groom's parents, the couple will reside at 902-A West Ninth Street.

The bride is a 1981 graduate of Friona High School and is employed at Friona Industries, Inc.

The bridegroom is a 1976 graduate of Parkland High School, El Paso. He graduated from the Department of Public Safety Academy in 1979 and is employed by DPS Texas Highway Patrol.

## Rev. Smith New Pastor T. Bautista

Rev. Glenn Smith, 42, is the new pastor of Friona's Templo Bautista, having assumed duties as of Sunday, October 11.

Rev. Smith and his family have moved to Friona from Lockney, where he served as pastor for the First Mexican Baptist Church for the past seven years.

Rev. Smith has 25 years experience in the ministry. He has attended Wayland Baptist College, and has served churches also at Robstown, Big Spring and Brownfield.

He was one of the first Mexican preachers to work in the "River Ministry," and has preached along the Mexican border from Juarez to Reynosa. He has worked with this program, which has proven very successful, for the past 12 or 15 years.

Rev. Smith was president of the Latin American Association in Corpus Christi for two years. He was a member of the Brotherhood of the Mexican Baptist Convention of Texas.

The Smiths are parents of four children: Ester, 22, Joe, 18, Roy, 16, and Orfa, ten.

REV. GLENN SMITH

## 300 Served At Sausage Dinner

St. Teresa Catholic Church Ladies Society held their annual Sausage Dinner on Sunday, October 11, and served approximately three hundred people.

Winners of the door prizes were: Pam Perez, wrought iron plant stand; Charles Fangman, crystal cruet set; and Mrs. Bob Beville, crystal dishes.

The Ladies Society also held a Country Store with their dinner and sold sausage, kraut and homemade items made by the members.

## UCC Group Has Meeting

The Women's Fellowship of the Union Congregational Church met September 13 for their regular monthly meeting. Nine members were present.

Grace Whitefield presided at the meeting. Roll call was answered with "autumn quotes."

Viola Treider, secretary, read the minutes from the previous meeting. Orma Flippin gave the treasurer's report. New business discussed included the forthcoming bazaar and food sale, to be held November 20 at the Friona Community Center.

Mrs. Treider had the program, on "The Haystack Prayer Meeting." Hostess for the day was Marie Sanders.

Cheer Up,

Every dark cloud has a silver lining.

Before long, so will your hair!

HAPPY BIRTHDAY, DANNY!!

# THANK YOU

We wish to thank the folks who attended our Grand Opening and Dinner last Saturday.

The day was a big success, due to your participation.

## SWCD Directors To Meet In Amarillo

Approximately 1,000 soil and water conservation district directors and other conservation officials from Texas' 201 soil and water conservation districts are expected to attend the Forty-First Annual State Meeting of Soil and Water Conservation District Directors, October 26-28 in Amarillo. The meeting will be held in the Amarillo Civic Center.

Speakers scheduled for the meeting include State Senator Bill Sarpalus of Hereford; State Representative Gibson Lewis of Fort Worth; Milton E. "Bud" Mekelburg of Yuma, Colorado, vice president, National Association of Conservation Districts; Norm Berg, chief, USDA's Soil Conservation Service,

Washington, D.C. and Don Strickland of Liberty, a businessman and civic leader.

Joe Montgomery of Abilene, president, Association of Texas Soil and Water Conservation Districts will also address the group. John R. Frantz of Hartley, president, Panhandle Association of Soil and Water Conservation Districts will welcome the group to Amarillo.

Senator Sarpalus, who will speak at the Tuesday morning general session, served as a member of the Senate Natural Resources Committee and Subcommittee on Agriculture during the last legislative session. He was also a member of the Human Resources and Economics Development Committee.

Representative Lewis, who will also address conservation district directors at the Tuesday general session, is a past chairman of the House Natural Resources Committee. With a major interest in environmental and conservation issues, Representative Lewis played a key role in the passage of the Texas Surface Mining and Reclamation Act.

Mekelburg, a farmer and business, is a spokesman for the nation's 3,000 soil and water conservation districts. NACD's primary purpose is to serve its member conservation districts in the conservation, orderly development and wise use of the nation's natural resources. Mekelburg is also scheduled to speak at the Tuesday morning general session.

Strickland, who is a noted public speaker, will present the address following the Tuesday evening banquet. He is a past director and vice president of Rotary International. Strickland also served as chairman of the 1980 Rotary International Convention.

Berg, who will speak at the Wednesday morning general session, served on the Secretary of Agriculture's Coordinating Committee for the Soil and Water Resources Conservation Act and as a leader of the RCA Management group. He also served as chairman of the USDA Land Use Executive Committee.

Four concurrent workshops will be conducted on subjects of interest to SWCD directors on Tuesday afternoon.

The workshops will feature discussions on oil and gas leases, conservation legislation, district operations and a session on recent technological developments in conservation tillage in Texas.

Regular elections for Association of Texas Soil and Water Conservation District directors for State Areas I, III and V will be held on Tuesday afternoon in the area sessions. A president and vice president of the State Association will be elected at the Association's business session on Wednesday.

**NICE CROP....** Roy M. Miller, right, and his son Roy Don Coker, left, are shown at the edge of a field of maize on their place southeast of Friona, which was planted in early July, following a wheat crop. Miller thinks the crop, which is still "making," would yield at least 5,000 pounds per acre if harvested now, not bad for a late crop. In the center is DeKalb seed dealer Marvin Mimms, also of the Lazbuddie area.

## FI Reports 1981 Operating Profits

Friona Industries, Inc. reported net earnings of \$2.3 million, or \$1.02 per share, on revenues of \$190 million for its 1981 fiscal year ended June 30.

This compared with net earnings of \$2.2 million, or \$1.01 per share, on revenues of \$161 million in fiscal 1980.

"The Company achieved what management considers unusually good profitability in view of the uncertainties in the overall economy, inflation, high interest rates and, most importantly, the downturn in cattle prices during most of our fiscal year," said Ron Davenport, president.

Five of the Company's six industry segments achieved operating profits, and four of them had better results than in the previous year. Only Company Cattle sustained an operating deficit, but the loss was considerably less than in the prior year—\$391,000 versus \$698,000 in fiscal 1980.

During the fourth quarter the Company had net earnings of \$654,000, or 29 cents per share, on revenues of \$46 million compared with net earnings of \$205,000, or 9 cents per share, on revenues of \$32 million in the fourth quarter of fiscal 1980.

"The major reasons for the substantial improvement in quarter-to-quarter results were in the segments of Meat Processing and Distribution and Company Cattle," explained Davenport.

"The situation in the cattle industry at our fiscal year-end was

about the same as it has been for well over a year—fewer cattle in feed yards, continuing large supplies of pork and poultry, and overly high interest rates which make livestock raisers reluctant to place cattle in feed yards," said Davenport.

"With the distribution system in place for the Village Meats, Inc. subsidiary, the Company can further expand its meat processing and restaurant services and begin to realize the full potential of this acquisition," he said.

During fiscal 1981 the Company initiated a venture in the energy industry through participation in a limited partnership agreement. By mid-July, 1981, the Company and its two partners had acquired approximately 40,000 net acres of oil and gas leases and top leases in the Williston Basin of North Dakota.

Friona's common stock is traded on the American Stock Exchange under the symbol FI.

## Cub Scout Report

By JOHN EDD DUKE, JR.

In Cub Scouts I am in pack 56, Den 7. My leaders are Dale Mann and Deanna Duke. Others in Den 7 are Jeffery Stowers, David Reed, Michael Mann, Clint Deaton and Scotty Armstrong.

We are working to earn our Bear Badges. We are learning about American Folklore. I wrote a story about Davy Crockett. We went to Wildlife Refuge in Muleshoe. We saw different kinds of birds. We went to Camp Akela Day Camp in June.

## Treasurer

## Distributes

## Road Fund

State Treasurer Warren G. Harding announced that early next week \$25,770,675.15 will be distributed to the 254 Texas counties. These funds are the Lateral Road Fund administered by the State Treasurer's office as allocated by the sixty-seventh legislature.

The Parmer County allocation is \$117,337.62, and the funds will be used for the construction and improvement of county roads. The lateral road fund is comprised of monies derived from gasoline taxes collected at the pump. The county allocations are based on the county square mile area, the rural population, and the county lateral road mileage. Expenditures of the funds are reported by the counties to the State Treasurer.

Treasurer Harding stated that the distribution includes money appropriated for fiscal years 1980, 1981 and 1982, as well as interest earned on these funds. The 1982 funds are being distributed now rather than at the completion of the fiscal year.

## Letter To The Editor

Mr. Bill Ellis  
Publisher  
The Friona Star  
P.O. Box 789  
Friona, Texas 79035

Dear Mr. Ellis:

As you plan to celebrate National Newspaper Week, October 11-17, we wish to thank you and the people who work with your newspaper, Bovina Blade, for a job well done during the past year. We will keep in mind the close cooperation your newspaper has had with the Department of Highways and Public Transportation in helping to keep the public informed of our problems and our needs. Truly the newspaper in America is "A Free Press—Your Window to the World."

May your future be a successful one, and may our country always be one with a free press.

Sincerely,  
G.W. Nall, Jr.  
Acting District Engineer  
District Five

Dear Bill,

Thank you for filming the Queen's Pageant so Friona could enjoy watching it on t.v. We appreciate the time and work you put in on Maize Days to make it successful. Thanks again.

## Local Girls Entered In Miss Tri-County

Four local young ladies will represent their hometown of Friona in the Annual Miss Tri-County Pageant this Saturday, October 17 at 7:30 p.m. in the Muleshoe High School Auditorium.

Holly Grimsley, eight year old daughter of Jimmy and Linda Grimsley, will be relinquishing her crown as "Little Miss Tri-County" which she won in the pageant last year.

Holly's five year old sister Poppy Grimsley will be entering the "Miss La Petite" portion of the pageant. She is the currently reigning Little Miss Friona.

Teresa Mann, the 10 year old daughter of Mr. and Mrs. Eddie Mann, will be entering the Jr. Miss portion of the pageant. She will be representing her sponsor, Property Associates of Friona.

Erika Pope, seventeen year old daughter of Mr. and Mrs. Jimmy Pope, will be representing Friona in the Miss Tri-County Pageant as the first runner-up in the recent Maize Queen Pageant.

Misty Cole, nine year old daughter of Mr. and Mrs. Lester Cole, was entered in the pageant but had to drop out due to an emergency appendectomy. Misty was Friona's 1978 Little Miss.

Winner of the Miss Tri-County pageant will receive a \$300.00 scholarship from the Muleshoe Jaycees.

Tickets for the pageant will be available at the door for those who would like to attend and lend their support to the local girls.

## State Level Major Crimes Increase

The number of major crimes reported in Texas during the first six months of 1981 rose 3.3 per cent compared to the same period last year, according to DPS Director Colonel Jim Adams.

"Although this is a significant increase, it does indicate that the volume of major crimes in our state is rising at a lower rate than we saw last year," Adams said.

In 1980, major criminal offenses in Texas increased 9.9 per cent in comparison to 1979.

Major index crimes recorded by the DPS Uniform Crime Reporting Bureau during the first half of this year totaled 431,409.

"Based on reports from Texas police agencies for the

first six months of 1981, burglary showed the largest increase by category, rising 8.2 per cent to 133, 621 cases," Adams pointed out.

The DPS director said one of the major crime categories actually registered a decline.

"Murder cases reported during the first half of this year totaled 1,143—a decrease of 2.1 per cent from the same period in 1980."

The remaining violent

crime categories showed increases, with aggravated assaults up to 3.8 per cent and rape and robbery each posting increases of 3.5 per cent.

The property crime categories of motor vehicle theft and larceny-theft rose 2.5 per cent and point-five per cent respectively.

Total property loss attributed to major index crime in the first half of 1981

was estimated at \$400 million.

In addition, state police agencies investigated 3,941 arson cases during the period which resulted in estimated property losses of \$50 million.

Three police officers were killed in the line of duty by criminal action during the six-month reporting period. Three other officers perished in duty-related accidents.
