### Bandsmen Earn Top Ratings

Thirteen members of the Friona High School Chieftain band—including two ensembles and two soloists—qualified for the 1982 state solo and ensemble contests by virtue of achieving "Division I" ratings at the Region I solo and ensemble competition last Saturday at Lubbock.

Achieving a Division I rating was the brass sextet, composed of Winfield Davenport, David Davila, Joey Howard, Stanley Miller, Patti Hinton and Jay Norsworthy.

In addition, Patti Hinton made a First Division rating with her French horn solo, and Joey Howard did likewise with his trombone solo.

The twirlers achieved a Division I rating as a group. Members of the group are Gwen Maurer, Karla Fleming, Sherry O'Brian, Belinda Eddins, Sharon Frye, Shelly White and Erika Pope. Miss Pope, who is the feature twirler, along with Misses White and Frye, also received First Division ratings on their solo routines.

A percussion ensemble, composed of Sheri Dodson, Andy Fleming, Stanley Ellis, Judy McLellan, Brent Hinkle and Diane Johnston, received a Division II rating.

A flute quartet, made up of Kristi Britting, Judy McLellan, Julie

Wilshire and Debbie Reeve, achieved a Division II rating, as did the mixed trio of Belinda Eddins, Sandy Spring and Gayla Stowers.

Also competing were Greg O'Brian, with a cornet solo, and Sandy Spring, bassoon solo. Each of these bandsmen received Division II ratings.

"I was very pleased with the band members, and appreciate the hard work and practice by all who competed," said James Whitis, FHS band director.

### Vital Ag Meeting Is March 11

A meeting which should be of interest to all farmers in Parmer County has been scheduled for Thursday, March 11, at the Bovina High School Auditorium, beginning at 7 p.m.

Local agriculture officials and lenders have evaluated the farm sector of the U.S. teetering on the brink of a depression reminiscent of the 1930s.

"The outlook for farm income and profitability has gone beyond dismal and would have to be termed catastrophic. Net farm income in 1980 fell to about \$20 billion, down sharply from 1978 and 1979, but when this \$20 billion is adjusted for inflation, farmers received less in income than they have at any time since 1934," said one of the agricultural leaders.

The purpose of this meeting is to form an alliance and political force between the American farmer and businessmen in an effort to stimulate influence in Washington and ultimately create a more favorable economic climate for both farmers and businessmen.

A meeting will be held on Thursday, March 11, 1982 in Bovina High School Auditorium at 7 p.m., to discuss the farm situation. Everyone is urged to attend this vitally important meeting.

Although the list of speakers is rather long, this will not be a lengthy meeting.

Speakers for the meeting will be: Ted Godfrey, Pete Laney, state representative; Bill Clayton, Speaker of the House of Representatives and retiring state representative from this district; Dick White, vice president of Martin-Haley Company, and Marvin Meek, president of American Agriculture Movement.

FHS HONORS....Among the students honored in recent elections at Friona High School are this quartet. From the left, Charlie Morgan and Carl

Hand were named "Most Competitive." Penni Weatherly and Joey Howard were named "Most School Spirited."

UNITED STATES involvement in El Salvador is a topic which is coming up to the front burner these days.

Most people's first reaction is something like "Not again. Not another Vietnam. Let's keep out of this one; don't get involved," etc., etc.

That would be an easy way out; and maybe possible if this were the 18th or 19th century.

But the fact of the matter is that the world situation is not as simple as it once was. Many political experts agree that the fight is not simply for the tiny country of El Salvador, but indeed for all of Central America, and that the ultimate prize and stakes for the Communist-backed revolutionaries include the Panama Canal and the Mexican oil fields.

The administration feels that the Soviet Union is the principal antagonist in the El Salvador situation, through Cuba and Nicaragua.

However, a Gallup poll conducted last month revealed that a majority of those interviewed disapproved of the way President Reagan is handling the situation in El Salvador, and 54 per cent felt that the United States should stay completely out of the situation there.

Sixty-two per cent of those interviewed thought it was all right to provide economic aid to El Salvador, but only eight per cent felt it advisable to send troops.

Answering the question: "If the rebel forces succeed in taking over the government in El Salvador, how likely do you think it is that the same kind of thing will happen in other Latin American countries?" forty-eight per cent of the respondents said they felt it was very likely.

On the other side of the coin, 44 per cent said they felt it was very likely that the U.S. involvement in El Salvador could turn into a situation like Vietnam, where the United States would become more and more deeply involved as time goes on.

Congress has authorized \$26 million in military aid for El Salvador, and arms sales to that country and to Honduras—more sales than these countries had had in the past 27 years combined.

Salvadoran officers are taking a training course at Fort Benning, Ga., and 1,000 soldiers are learning basic military skills at Fort Bragg, N.C.

It is a sad fact that every so many years the communists try to take over weak countries. They have discovered that the only way to spread communism is to take over such countries in their weakened state. It is the only way they can gain territory. No country, in a prosperous state of being, is going to change horses in mid-stream and say "We're going communist."

And, although the "easy way" for America would be to stay out of the situation completely, we have to ask ourselves: "Do we want communism to take over our hemisphere?"

We have the example of Cuba, just miles off the coast of America, which is communist-controlled.

If the communists learn they can take over a country just by moving in, it would probably take them less than a decade to control all of Central America. The next step would then be Mexico, and we would have them at our border.

Then, why not Canada. They're basically a non-violent type of people, and might not be too hard to subdue.

Would we as a nation sit idly by and see the communists take over Mexico or Canada?

Then we have a big decision to make about El Salvador, and the decision needs to come quickly.

### Four Names On School Board List

No new names were added to the Friona school board race during the final week of the filing period.

The deadline passed with four people having made application for a place on the ballot.

Those filing are the three incumbents, Floyd Reeve, Ted Fangman and George Frye, along with challenger Katheryn Goddard.

### City Race Gets Names

The City of Friona got three candidates for the City Council during the final days of filing, with incumbent B.K. Buske filing for another term of mayor. Buske will be opposed on the April 3 ballot.

The two incumbents, Mike Chaney and Clarence Monroe, filed for re-election, along with a third candidate, Mrs. Louise Dunnam.

STATE-BOUND....Members of the FHS brass sextet made a "First Division" rating in the regional solo and ensemble contests and qualified for state UIL competition. In the back, from left are Jay Norsworthy, Winfield Davenport and Stan Miller. In the front are David Davila, Patti Hinton and Joey Howard. In addition, Miss Hinton and Howard made Division I ratings on their solo events.

## Reactions Given To Sec. Block's Speech

A group of Friona area farmers, who were among a large crowd of farmers from the region attending the meeting with U.S. Secretary of Agriculture John Block last Thursday night in Lubbock came away from the meeting with no new solutions to their economic plight.

"He didn't tell us anything....he didn't promise us anything. He mainly said that we were in a situation that will take us some time to get out of," said W.S. (Dab) Ingram, one of the local farmers attending the meeting.

Ingram was complimentary of Secretary Block, saying that he acquitted himself real well.

"He was attentive; and didn't lose his patience with the farmers. I appreciate the fact that he came to listen to our story. At least he showed some interest by doing that, and maybe somewhere down the line he can do something to help the situation," Ingram said.

But the Friona farmer said that even after the meeting, he didn't believe that the high government official really realized the predicament that most of the area's farmers are in.

"I just don't think that he (Block) believes that it is really as bad as it is," the local farmer said.

Arlen May, who took a carload of farmers to the meeting, said that Block sounded sympathetic, but offered no solutions. "He was a good speaker. He didn't let the situation ruffle him. One thing he did promise to do was to check into the 'ripoff' some farmers say they have experienced through the cotton classing office," May said.

The Friona businessman said he thought it was worth the trip, and to have the auditorium filled for Block's visit.

He said in a way, you had to feel sorry for Block, who had questions of all sorts hurled at him, and had to come up with some kind of an answer for each one.

"One man in particular—angry asked why the cotton classing office in Memphis (Texas) had been closed. Block looked sort of stunned, and admitted that he didn't even know it had been closed, but would look into the situation," May said.

Most of those attending the "town hall" meeting were impressed with Block as a politician and a speaker. "He was very courteous and had an excellent delivery, but he never really did answer any of the questions," was a comment by Hereford area farmer John Metcalf.

"He was very good at fending off the questions, and insisted that the present programs

are working and that we don't need anything else," Metcalf said.

The Secretary of Agriculture was given a number of suggestions, in addition to the questions offered up by the area farmers, and those attending felt as though the suggestions offered were good ones.

While in Lubbock, Secretary Block met with leaders of various commodity groups, and was to get their views on the situation facing the farmers, and this was seen as a positive step.

But as one observer said: "I got the feeling that Secretary Block isn't going to do anything. It was a real nice meeting, but a real nice meeting isn't what we needed right now."

OFFICER IN CHARGE....Since February 17, Evelyn Moore of Amarillo has been the officer in charge of the local post office. Mrs. Moore, who has been employed by the post office department for the past twenty years, is here on a temporary basis, which she expects to last two or three months. She is a former teacher in the Memphis, Texas public school system and at one time served as officer in charge of the post office at Pecos, Texas. Mrs. Moore said, "I'm enjoying working in a smaller town and I find the people here very nice and cooperative."

# FRIONA FLASHBACKS

....from the files of The Friona Star

### 55 YEARS AGO--FEB. 18, 1927

At least one local farmer and stock raiser, Mr. Floyd T. Schlenker, whose farm is 14 miles west of Friona, has met with success in his efforts to grow sweet clover on the Plains. Mr. Schlenker wished to grow some pasture for his registered spotted hogs, so he sowed his clover broadcast, and then planted it to oats with a disc drill. The oats came up first, then offered some protection for the clover, which followed. The hogs grazed on the oats, and by the time they were all gone, the clover was large enough to furnish grazing for the rest of the season.

### 50 YEARS AGO--FEB. 26, 1932

The street and highway committee of the Friona Chamber of Commerce was busy with a force of men, a tractor and grader Monday, relieving Main Street and a few of the other most used streets of the many bumps and chuck holes that had reappeared in them since they were last worked on.

In this issue of the Friona Star, will be seen the announcements of Clyde V. Goodwine of Friona and David W. Ray of Black, as candidates for the office of County Judge and Ex-officio Superintendent of the Schools of Parmer County.

### 40 YEARS AGO--FEB. 20, 1942

American farmers are being asked

to come to the nation's rescue in its need for scrap materials for war weapons, and the farmers of the Friona territory will have full opportunity to do their part. To meet this challenge the farmers and businessmen of Friona have announced that they will operate in Friona a scrap collection depot to which farmers may bring all the scrap iron they can find on their farms. The metal brought to this depot will be sent as quickly as possible to factories and foundries to turn out tanks, guns and other war supplies.

### 35 YEARS AGO

(Entire 1947 issue missing from files.)

### 30 YEARS AGO--MARCH 6, 1952

Construction is expected soon on the Farm-to-Market road extending from Oklahoma Lane 17.2 miles north through Bovina to the "cross roads" corner, with Bell, Braden, Barker and Gilvin, Amarillo construction firm, being awarded the contract. The firm's successful bid was in the amount of \$144,139. The job will include grading, all structures, base and surfacing.

### 25 YEARS AGO--FEB. 21, 1957

Kenneth Thompson of Dove Creek, Colorado, and a former resident of Parmer County, has been named the new manager of Parmer County Community Hospital in

Friona, according to G.B. "Pete" Buske, president of the hospital board. Buske made the announcement this week, and the change will become effective March 1. Thompson is to replace Jimmy Baxter, who has been manager for over four years, but is resigning to go into business in Littlefield.

Johnny Mabry and Tommy Tatum are the county's best young growers of cotton and grain sorghum, respectively. The boys competed in a 4-H contest for the honors. Tommy is the son of Mr. and Mrs. Ellis Tatum of Black. Mabry is the son of Mr. and Mrs. James Mabry of Hub. Both boys, who received \$50 and plaques, are students at Friona Schools.

### 20 YEARS AGO--FEB. 22, 1962

Parmer County Gas Users heard a review of the growth, purpose and accomplishments of the organization Monday night in the Friona School Cafeteria. W.T. "Bill" Millen, candidate for state representative, and Andy Rogers, state senator, were also present at the meeting. Although several of the men present had worked to secure passage of gas legislation during the past session, a considerable amount of discussion was devoted to the subject.

### 15 YEARS AGO--FEB. 23, 1967

The Floydada High School Whirlettes failed to be overwhelmed by a tremendous Friona opening quarter, and came back with three steady quarters to earn a 62-49 win

over the Squaws and with it the District 3-AA championship.

One streak continued, but another was broken at the 11th annual Parmer County Junior Livestock Show conducted in Friona last weekend. A Lazbuddie entry was judged grand champion of the barrow show for the seventh straight year, but Friona entrants' domination of the championship of the steer division was halted. Nine-year-old Jacquelyn Langford, a Farwell 4-H Club member, had the grand champion steer. In the barrow division, Rickie Seaton won the championship for the second straight year.

### 10 YEARS AGO--MARCH 2, 1972

Friona's top citizens were honored Tuesday evening at the annual banquet of the Friona Chamber of Commerce and Agriculture. Charles Allen was chosen as "Man of the Year," Mrs. J.T. Gee was named "Woman of the Year," Mrs. Frank Truitt was picked as "Teacher of the Year," and Ronald Smiley was honored as "Most Courteous Employee."

In the new awards instigated this year, Bill Bailey and Sally Kendrick were chosen as the community's outstanding young people.

### 5 YEARS AGO--MARCH 6, 1977

For the second straight week, the Friona area has been blasted by almost gale force winds, which could be interpreted as a beginning of the spring season. Wednesday was the "wind day" for the week with gust from 45 to 60 miles per hour during the day.

The Parmer County Historical Association has announced that it is wishing to receive information on family histories for Volume Two of the Parmer County History. The second edition of the county history is to focus on the 1930s and 1940s.

A proposed ordinance to establish a city emergency operator and an ambulance service for the City of Friona and Parmer County will be considered by the Friona City Council at its regular meeting Monday, March 7.

# REMEMBER WHEN ?

IT CAN RAIN....A reminder that at times the local area can get a flood of rain is seen in this photo, also rare by today's standards by the presence of the Santa Fe passenger train. The draw area had flooded to the extent that local

officials had to meet the train on horseback to get the mail dispatch. This photo was made in June of 1941. We at Friona State Bank are happy to have brought you this glimpse of yester-year in Friona.

### LOOK FARMER,

#### Low-Cost, High-Quality Seed From Funk

Have you compared prices this year??  
 I think we can save you some money on your seed bill. Look this chart over.  
 These are our main line, high germ seeds. We also have some silage corn "200" for just \$22.50 per bag - 80,000 kernel and some 80 germ sorghum.

Hybrid Sorghum	Germ	Unit Full Retail	25 Units	50 Units	100 Units	300 Units	
FUNK	G-623	90-95	\$34.90	10% Disc \$31.41	12% Disc \$30.72	15% Disc \$28.87	17% Disc \$28.97
	G-623*	80	\$29.87	\$26.71	\$26.11	\$25.22	\$24.83
PIONEER	8311	high	\$35.60	\$35.60 No Disc	\$35.60 No Disc	\$35.60 No Disc	
DEKALB	DK59	high	\$38.90	7% Disc \$36.16	8% Disc \$35.79	10% Disc \$35.01	13% Disc \$33.85
Hybrid Corn	Germ	Unit Full Retail	25 Units	50 Units	100 Units	300 Units	
FUNK	G-4507 F & B and R18	90-95	\$60.50	10% Disc \$54.45	12% Disc \$53.25	15% Disc \$51.43	17% Disc \$50.22
	PIONEER	3184 small to med	high	\$65.60 Between \$69.80	\$65.60 Between \$69.80	\$65.60 Between \$69.80	\$65.60 Between \$69.80
DEKALB	7288 small	high	\$63.90	7% Disc \$59.43	8% Disc \$58.79	10% Disc \$57.51	13% Disc \$55.60

The only fair way to figure corn seed cost is to figure the cost of one kernel of corn times the number of seeds dropped per acre. Example: 80,000 seeds per bag cost \$60.50 per bag which equals .00075 cents per kernel, take this times how many seeds you plant per acre. If you plant 25,000 X .00075 = \$18.90 per acre for seed.  
 Second Example: \$50.22 per bag - 80,000 = .00062 cents per kernel X 25,000 seed drop per acre = \$15.69 per acre seed cost.  
 Remember seed comes from some companies in 40,000 to 120,000 seeds per bag - Funk tries to keep it simple with 80,000 seeds per bag.

To help you even further, you can add all your Funk sorghum units and your Funk corn units together to get the maximum quantity discounts. Funk hay grazor count also: 99F, 1990, 88F or 83F. (Pasture Pasture omitted from all discounts.)

Funk's Quantity Discount Chart For All Seed Other than F.P.

10 - 24 UNITS	6%

# Chiefs, Squaws Ready For Track-Weather Permitting

The Friona Chieftains, who seem to always field a strong track and field team, were entering a full slate of events this weekend in the Boys Ranch Invitational Track and Field Meet (weather permitting).

The Squaws, who are defending District 2-AAA track and field champs, were to open their 1982 season at Plainview Saturday, weather permitting. Due to a short school week, their roster and events were not obtained in time for this week, and will be presented later.

Eloy Caballero was entered in the 400-meter relay and 400-meter dash. Robert Caballero was entered in the

long jump, 400-meter relay and 200-meter dash. Other members of the squad, and

events they were entering this week include:

Tony LaFuente, 3200, 1600-meter runs; Troy Crutchfield, 3200 relay, 3200 run; Harvey LaFuente, 3200, 1600-meter runs; Bruce Patterson, 1600-meter run.

Robert Escalante, 3200 relay and 800-meter run; Richie Malouf, 3200 relay, 800-meter run; Charlie Veazey, 3200 relay, 800 meter run; Charlie Morgan, long jump, 400 relay, 100 and 200-meter dashes.

Michael Deaton, high jump, long jump, 100-meter hurdles; Lance Wilson, 100-meter dash; Joe Garza, 400-meter run; Mark Montoya, pole vault.

Thomas Merritt, pole vault; Conrado Perez and Carl Jackson, shot put; Mike Chaney, Martin Lopez, Jesse Gonzales and Danny Auburg, discus; Anthony Brady, 100 and 400-meter dashes.

## Duo Wins Awards In Gymnastics Event

Two youngsters from Friona won first place ribbons and trophies at the Nard's Gymnastics Competition Saturday, February 27 at Amarillo.

Renee Martin, six-year-old daughter of Mr. and Mrs. Mike Martin, won first place in Division 3-A of the meet. She did back handsprings in the competition.

Yolanda Garza, six-year-old daughter of Mr. and Mrs. Robert Garza, won first place in her division, 4-A. She did back flips in the competition.

The two girls were the only contestants from Friona, and did acquitted themselves quite well.

**GYMNASTS...** Renee Martin, left, and Yolanda Garza, won first place in their respective divisions at the Nard's Gymnastic contests last week in Amarillo. The young ladies received trophies and ribbons for their efforts.

**FRIONA DIET CENTER 247-3523**

### Diet facts & fallacies

These nutritional tips brought to you by DIET CENTER

**Mary Joyce Barnett**

Portion-control is important in losing and maintaining weight. Many people feel that as long as they stick to the foods listed on their diets, they can eat as much as they want. Twice as much food has twice as many calories. It is important to realize that overeating is a habit. It really doesn't matter if you are overeating cottage cheese or ice cream, the habit is the same. We tend to eat with our eyes. If the food looks good, we eat more. It is very hard for many people to leave any food on their plates. Try making it a new habit to eat everything in smaller portion, regardless of the caloric value.

Learning new behavior takes time and patience. The Diet Center Program includes extensive behavior modification training. Only by developing new eating habits will you be able to maintain your ideal weight.

## New FmHA Policy Directive Offers New Hope For Farmers

Many farmers on the verge of bankruptcy may gain new hope for another year as the result of a new Farmers Home Administration policy directive.

The directive, revealed this week by FmHA Administrator Charles Shuman in testimony before a House agriculture subcommittee, calls for FmHA offices to "consider all available rescheduling, reamortization and deferment of present FmHA loans under certain conditions to give the borrower the best possible chance to succeed."

Three major provisions of the policy revisions are:

1. Low market prices are now included with natural disasters as "uncontrollable circumstances" in a farmer's inability to repay previous loans.

2. Many loans which were in FmHA's "demand payment now" category might now be reamortized—and under the old interest rates instead of new rates.

3. For FmHA borrowers who will need credit for 1982 from other sources, the agency will use its funds, where possible, to supplement that credit, and may subordinate its security to private lenders to help farmers obtain the loans.

Texas Corn Growers Association President Carl King, who has been lobbying on several fronts for financially distressed farmers, said Congressman Kent Hance "had a lot to do with the wording of the new policy directive. In fact, he was the driving factor behind it."

King added that the new directive "isn't the answer to our problems, but I think it will go a long way toward easing the situation."

King urged affected farmers "to get in and file application with the FmHA office right now."

A spokesman for Congressman Hance's office said Wednesday that

the congressman "feels this directive is the best thing the FmHA has done this year, and he thinks this will help the FmHA to stay with the borrowers for another year."

Hance testified before the House agriculture subcommittee this week that approximately 400 farmers in his 19th Congressional District were in danger of foreclosure unless the FmHA moved to ease the situation.

Castro County FmHA Supervisor Terry Wadkins reported that 292 farmers in the county are now carrying 1,048 active FmHA loans, but said that "only a very small percentage here," are in any danger of foreclosure.

Under terms of the new directive, the FmHA will continue to work with present borrowers who meet these five criteria:

1. Acted in good faith in trying to meet their agreement with FmHA.
2. Made an honest effort to pay but could not due to circumstances beyond their control.
3. Apply recommended and recognized successful production and financial management practices.
4. Maintain and account for security property.
5. Have a reasonable chance to repay any new loan for 1982 production purposes plus the interest accruing on that loan.

HENRY HONEA

## Senator Names Aide

Senator Bill Sarpalius announced this week that Henry Honea, 37, who is a Boys Ranch alumnus, has joined his staff as executive administrative assistant. Honea is a native of Swisher County and has been district office manager for the past year.

Honea will continue to travel the district in the Mobile Office. Senator Sarpalius represents the 31st Senatorial District which covers the top 26 counties of the Texas Panhandle. The purpose of the Mobile Office is to give rural residents an opportunity to participate in state government on a grass roots level.

The Mobile Office has been successful in relieving the feeling of isolation of many Panhandle and South Plains residents because of the distance between them and Austin. When he is not traveling the district, Honea will be in Sarpalius's Amarillo office at 10800 Canyon Expressway.

Before joining Sarpalius's staff, Honea was an Amarillo firefighter for 14 years. He is married to the former Deann Hartman of Romero, Texas, and they have one son, Russell, 14. Honea is a graduate of Amarillo College.

## A.L. Black Resigns As FI Director

Friona Industries, Inc. announced that it has exchanged the stock of its subsidiary, Poarch Bros., Inc., with A.L. Black for 105,875 shares of Friona common stock held by Mr. Black.

Poarch Bros. is engaged in the steel fabrication and erection business with headquarters in Hereford, Texas. The net book value of the assets of Poarch Bros. on the date of the exchange amounted to approximately \$750,000.

Friona Industries also announced that Mr. Black has resigned as a director of Friona Industries, effective February 8, 1982. Mr. Black, one of the founders of the Company, has served as a director since 1963. He resigned as a director in order to devote his full time and attention to Poarch Bros.

## Senator Sarpalius Calls For End To Drunk Drivers

In an effort to stem the tide of highway deaths in Texas concerning drunk drivers, Senator Bill Sarpalius announced he would carry new legislation in the next legislature that would require mandatory penalties and faster determination of the amount of intoxication of drivers.

"Last session, we passed a law raising the legal drinking age to 19. That law saved lives. Next session, we want to save more lives by taking drunks out from behind the wheel," Sarpalius said.

Sarpalius said he has visited with Governor Bill Clements and Colonel James Adams, and that he intended to work closely with the Governor's Task Force on Traffic Safety and the Department of Public Safety to strengthen the state's DWI laws.

If Sarpalius succeeds in his project, Texas will be following the lead of other states that have started to crack down on drunk drivers, he said.

"This is a nationwide problem. Last year, about 25,000 people were killed in accidents involving drunk drivers. That's about half as many people as all the Americans killed in Vietnam. One million people were injured and 200 million dollars in property damage was caused by these accidents," he said.

"Texans also feel strongly about DWI," Sarpalius said. "There is a chapter of MADD (Mothers Against Drunk Driving) and a Duck club (another anti-DWI group) right here in Austin."

"The best example is California. California recently enacted a mandatory 48-hour jail sentence. The judge has no discretion. Anyone

convicted gets at least that much," Sarpalius said. "In addition, the record of the conviction stays on the books."

"The problem with DWI law in Texas is the judge has discretion to allow the drunken driver to go free. The offender too often either gets probation or deferred adjudication."

"In fact, the conviction rate for DWI in Texas is only about 30 to 40 per cent. Only three per cent of those convicted go to jail or prison. This is in a country where one of every 50 drivers on the road is drunk at any given time," he said.

"One cost that is not even included in that figure is the cost of rounding up these drunk drivers and gathering evidence against them. It can take up to three hours for an officer to arrest a suspect and analyze his breath. These officers are off the street for that time. We want to find a way to speed up the process of finding intoxication," Sarpalius said.

Sarpalius said if the judge's discretion is taken away from sentencing in Texas law, Texas still by no means would have the strictest DWI penalties.

"The law here requires a three-day to two-year jail sentence plus a fine," Sarpalius said. "In South Africa, DWI carries a 10-year prison sentence. In San Salvador, drunk drivers are executed by firing squads. In Malaysia, the drunk driver is executed and his wife is sent to prison."

Sarpalius stated this will not be an easy task next session, but that so many felt so strongly about drunk drivers that he was sure he had a lot of support all over the state.

## 55 MPH--A Law We Can Live With!!

During 1981, Parmer County was rated second out of fifty-four Panhandle counties for highway traffic fatalities. Our county produced eleven fatalities in 1981 alone, and has already produced two in 1982. This growing tragedy has become one of the main concerns of the law enforcement departments and officials of Parmer County.

Officers Lindel Davis and Mark Ancira, both patrolmen with the City of Friona, have recently sent out letters to local and a few area schools offering a free program to any classes or clubs within a school system or community. The program will be over safety driving, and will be presented in a manner as to obtain ideas and questions from the viewers of the program.

Also assisting in the presentation of the program will be Bovina City Marshall John Detten.

Matter of concern: 1775-1980, 1,186,654 Americans died in all the U.S. wars.

## Sheriff's Report

There were only two incidents reported to the Sheriff's office this past week, and those were two reported thefts.

Lawrence Widner of Bovina, reported that 42 bags of hog feed had been taken from his property about February 23. The value of the feed was placed at \$300.00.

W.O. Chadwick of Farwell, reported that he had a battery stolen from a truck, while the truck was parked at Farwell Gin on February 23. No amount was given for the battery.

Economic activity is booming in Texas. In the first nine months of 1981 alone, over nine billion dollars in new construction was begun in our state. Yet another group of businessmen are experiencing much of the same success...They are drug smugglers, and their operations have reached in excess of three billion dollars annually.

Texas is a large and geographically diverse state, but this can be a drawback. With 644 miles of coastline and a 1200 mile border with Mexico, Texas has become a haven for drug smugglers.

Airplanes, boats and land vehicles enter Texas daily, carrying tons of drugs and leaving countless victims behind, making drug trafficking the number one crime problem in Texas.

Law enforcement officers cannot adequately battle these cunning criminals without the aid of concerned citizens. The Crime Stoppers Advisory Council is ready to help bring a screeching halt to this lucrative drug business in Texas.

For the month of March, the Council will focus the "Crime of the Month" on drug smuggling. Any citizen having information on drug smuggling and trafficking operations is asked to call the anti-crime hotline at 1-800-252-TIPS. Cash rewards are available for information leading to the arrest and indictment of these criminals. Citizens do not have to reveal their name, just their information, and they will be given a unique code number for identification purposes.

Governor Clements and the Texas Legislature have provided tough new laws to fight drug trafficking, but they cannot do it alone. Call 1-800-252-TIPS today with any information you may have on drug smuggling in Texas. Help shut down this menace to our state.

## Judicial Poll Set

As part of its public education program, the State Bar of Texas and the Committee for the Selection, Compensation and Tenure of State Judges will conduct the 1982 Judicial Poll, which is held every even year. Attorneys throughout the state will be asked to decide which candidates they consider best qualified for the Supreme Court of Texas, the Court of Criminal Appeals and the Court of Appeals.

The poll will be mailed on March 15 to the 35,000 attorneys licensed in Texas. Ballots must be returned postmarked no later than March 29, 1982, for tabulation.

Purpose of the 1982 Judicial Poll is to give citizens a chance to see how attorneys evaluate the candidates. Since it is an impartial poll, the results are not intended to endorse any candidate or candidates by either the State Bar of Texas, the Committee or any affiliated organization. The poll results will be announced after the tabulation is completed on April 2, 1982.

## Board Has Meeting

The Parmer County Child Welfare Board met February 23, for their regular monthly meeting at the Community Room of First State Bank of Bovina.

The Board spent most of the evening preparing a proposal to the regional council of child welfare boards.

The Regional Council has funds available for individual boards to use in conjunction with the 50th anniversary of Child Protective Services in Texas, which is this year.

The Board created a proposal aimed at education and prevention of child abuse and neglect in Parmer County.

The Regional Council will make the final decision as to which child welfare board in our region get funds for different programs and how much each board will receive.

The announcement of their decision will be at the regional council meeting in Hereford on March 18. Several of the Parmer County Board members will attend the meeting.

The board discussed other items of county business and adjourned.

Present at the meeting were Robert Gallman, Ona and Jack Patterson, Mrs. Gladys Kaltwasser, Mrs. Carrie Christian, Bessie Holt, Judge Porter Roberts, Rev. Skip Sircic, and one new member, Daria Ivy.

# did you know?

The average SPS customer spends the same percentage of his budget for electricity as he did in 1976. SPS keeps electric service costs lower by engineering and designing its own power plants, cooling towers and certain pollution-control devices. SPS is continuing its research into alternative energy sources to guarantee that our customers will have a reliable supply of electric power.

Jim Martin, district manager, Clovis

SPS employees pay the same rate for electric service as do the Company's other customers. Although some utility companies in other areas offer special employee rates, SPS employees do not receive a discount on their electric service.

Jim Steinhilper, senior rate analyst, Amarillo

SPS must build new power plants to take advantage of coal, a more reliable, less expensive fuel. Gas-fired plants cannot be economically converted to other fuel sources, so SPS must construct coal-fired plants to meet the energy needs of its customers. Coal-fired plants are more expensive to construct than gas-fired, but the SPS engineering and design staffs are able to build coal-fired plants at about one-half the national average.

SORGHUM HYBRIDS

# SeedTec D701G

Versatile sorghum hybrid tops independent yield trials.

During the past three years, SeedTec D701G has become one of the top-yielding hybrids in independent performance trials throughout the Sorghum Belt. In the Texas A&M Coastal Bend Extension District 14 grain sorghum trials, D701G produced the highest average yield over the past three years combined. The same holds true for extension service trials in Calhoun and Victoria counties. In fact, this medium-late sorghum finished among the top five hybrids in 41% of the yield trials in which it was entered.

Results from yield trials in Kansas and Nebraska prove that SeedTec D701G adapts to a wide variety of growing conditions. In the 1981 Kansas grain sorghum tests, D701G tied for first in the Thomas County (fallow) trial and ranked among the top five hybrids in Brown, Ellis, Ford, Reno, Republic and Stafford counties. Even as far north as Auburn, Nebraska, SeedTec D701G placed second in the extension yield trial while recording the lowest moisture content of all hybrids entered.

Consistent performance like this is no accident. It reflects the fact that D701G is adapted to both dryland and irrigated conditions. Resistance to downy mildew and Biotype C greenbugs, plus tolerance to smut and MDMV, also enable SeedTec D701G to produce heavy yields of high test-weight grain.

### SeedTec 652G ranks high in state performance test.

Over the past four years, SeedTec 652G has compiled an impressive record in the Kansas grain sorghum trials. In Greeley and Thomas counties, 652G produced the highest average yields during the past four years combined. Four-year yield averages also show that this medium-early sorghum finished among the top four hybrids in Ford, Finney and Republic counties.

Year in and year out, SeedTec 652G has what it takes to make the most of a little water. Even in hot, dry weather, 652G comes through with big yields of bright red grain. Its other strong points include excellent seedling vigor, fast-drydown, and tolerance to smut, MDMV and Biotype C greenbugs.

### Disease-resistant SeedTec 710DR produces healthy sorghum yields.

SeedTec 710DR offers the kind of disease resistance a sorghum hybrid needs to produce consistently high yields. With resistance to downy mildew and head smut, as well as tolerance to MDMV, this medium maturity hybrid performs well under most growing conditions. These features, plus strong emergence and excellent standability, make 710DR a wise choice for growers who want truckloads of attractive, bronze-colored grain.

So call your SeedTec dealer today and ask him about the complete line of SeedTec sorghum hybrids.

## Hardesty Rites Are Conducted

Funeral services for Wesley W. Hardesty, 76, were held Monday, March 1, 1982, at 2:30 p.m. in the First Baptist Church of Friona with Dr. Carrol Green, pastor, officiating.

Burial was in the Friona Cemetery under the direction of Parsons-Ellis Funeral Home.

Born November 23, 1905 in Summerfield, Texas, he moved with his family to Abertnath, Texas in 1908. He married Faola Warren November 5, 1928 in Stinnett, Texas. They made their home in Abertnath until December, 1944 when they moved to Friona. Mrs. Hardesty preceded him in death September 9, 1956.

He married Chlotis Johnson October 12, 1958 in Amarillo. He was a member of the First Baptist Church where he had served as a deacon since 1944 and taught a men's adult Sunday school class. He was a retired

WESLEY HARDESTY

farmer and former employee of Friona Wheat Growers. Mr. Hardesty died Friday, February 26 in Parmer County Community Hospital after a brief illness.

Survivors include his wife Chlotis of the home; three daughters, Mrs. James (Donna) Smith of Hereford, Mrs. Leon (Laura) Coffey and Mrs. Charles (Luann) Hough, both of Friona; one brother, James Marion Hardesty of Bernardville, New Jersey; one step-son, Gene Johnson of Garden Grove, California; one step-daughter, Jaynell Wigley of Fort Worth; 12 grandchildren and 3 great-grandchildren.

Pallbearers were M.C. Osborn, Doyce Barnett, Sam Mears, Danny Murphree, Benny Pryor and Philip Weatherly.

Honorary pallbearers were Jeacons.

## Wilson Is Honored At Supper

A Mexican supper in the home of Mr. and Mrs. Buck Bush prior to Richard Wilson's departure for Pampa, Texas, where he began work as the postmaster February 20, was a courtesy for him.

Local postal employees presented him with a desk set.

Present besides the hosts and their granddaughter, April Bush, were Wilson and his daughter, Mendi; Troy Bass; Mr. and Mrs. Floyd Wilkins; Mr. and Mrs. Valton Howard and Julie; Mr. and Mrs. Dale Hart and Jeremy; Mr. and Mrs. Joe Mann; and Mr. and Mrs. Roy Clements, all of Friona.

Also, Mr. and Mrs. Noyle Wood and Mr. and Mrs. Harry Watkins of Friona, and Mr. and Mrs. Houston Bartlett of Bovina.

Wilson came to Friona from Lubbock about four years ago. Mrs. Wilson and the couple's two children, Lance and Mendi, plan to stay in Friona until the end of school.

# Town Talk

By June Floyd

Call 247-3681

L.D. and Tiny Taylor of Friona, Roy and Ruth Miller of the Lazbuddie Community and Fred and Pearl Charlett of Kinsley, Kansas, have had a real interesting winter vacation in Mexico.

This group, which usually confines its outside activities to fishing, switched over to sightseeing and visiting this time.

Some highlights of the trip included Copper Canyon, Mazatlan, a twenty-two hour ferry ride from Pourte Vallarta, Mexico, to Cabo, San Lucas.

Enroute home they drove up the west coast to Baja, California, then to San Diego, where they spent several days. They also visited friends and went sightseeing in Fontana and Los Angeles.

The Taylors came home from Los Angeles and the Millers and Charletts stopped in Truth or Consequences, New Mexico, for some relaxation and hot baths.

We see and hear so much about the difficulty of making all the decisions we are required to make every day, but very little about the proper way to go about making the right ones.

I like the following: "There are no born decision-makers. The most successful decision-makers follow a set of rules that help them select the best alternative under the circumstances.

Below is a procedure that incorporates the basic rules of decision-making. It involves six steps:

1. State the apparent problem or situation you face.
2. Gather the facts.
3. Organize and interpret the facts.
4. State the real problem or situation.
5. Develop alternative solutions.
6. Select the most appropriate alternatives.

This was copied from "Supervisory Management."

As a clincher, I would like to add 7. Set your eye on the goal you have decided upon and keep it there.

June and Aubrey Rhodes had a

most enjoyable "ski break," without even seeing any snow. They spent several days in the Duncan-Rush Springs, Oklahoma area, where they grew up and married before moving to Bovina more than 30 years ago.

They also visited June's mother, Iona Wiggins, who had her eighty-eighth birthday Saturday. Other guests in the Wiggins home were Doris and Duke Cooper of Stillwater, Oklahoma. Mrs. Cooper is June's sister.

Sunday afternoon the two couples hosted a reception honoring Mrs. Wiggins. Other relatives attending included three granddaughters, three great-granddaughters and two sisters of the honoree.

A special guest was Oklahoma's Lieutenant Governor, Spencer Bernard, a former Rush Springs resident. He presented the honoree a citation naming her Honorary Lieutenant Governor of Oklahoma.

The best man at Aubrey's and June's wedding, Burrell Arterburry of Duncan, was also present. Former Frionans attending were Conrad and Susan Renner and their children, Brandon and Misty.

Incidentally, the Renner children attend school at Empire, which is where June taught prior to moving to Texas. Several of her former students, including one retired Air Force Major, were also present.

If anyone happens to notice a "wondering" look in Weldon Fulgham's eyes, it just may be that he's wondering what to do with his time since he has retired.

After having been a full time employee of Barrett-Crofoot nine years, he has retired. His retirement was noted with an informal party in the office one afternoon last week.

Gary and Kay Snead and children, Holly, Charley and Josh, returned home Tuesday after spending several days visiting her mother, Mrs. Alice Surber in San Angelo.

Sunny Horton flew down to Houston Friday afternoon for a visit

with her sister, Kathy, who lives there.

Mrs. Alvin Gaines and Kay spent the weekend visiting in the home of Rev. and Mrs. Kenneth Gaines and daughters, who live in Olney, Texas.

Loy and Vuthil Loafman returned home Sunday evening after a two week visit in Central Texas. They visited in the home of Mrs. Oran England in Garland at the same time Mr. and Mrs. Weldon Logsdon of Houston and Mr. and Mrs. T.B. Logsdon of Sulphur Springs were there.

Mrs. England and Mrs. Loafman are sisters of the Logsdon men.

Later they visited in the Logsdon home in Sulphur Springs and in the home of Mr. and Mrs. Numan Loafman and daughters, Jennifer and Brooke, in Fort Worth.

Frances Hilley of Smyer, a former Friona resident, is a guest in the Loafman home this week.

Frionans who have grown accustomed to being greeted by Josie Long's smile when they enter the City Office, are going to miss it. She and her sons recently moved to Amarillo, where she is employed.

Even though we will be missing Josie, we will be enjoying having Jayn Massie Looper taking over where she left off.

Mike and Bonnie Fallwell Pope and children, Charlie, Amanda and April, recently moved their mobile home from a local trailer park to 1305 Columbia, where Josie and the boys lived.

Happiness is not given, it is exchanged.

## Trees Still Available

Windbreak trees are still available through the Parmer County Soil and Water Conservation District.

Anyone interested in ordering windbreak trees or shrubs needs to place their order by March 15, 1982.

All trees are grown by the Colorado State Forest Service Nursery in Fort Collins, Colorado.

Most species have local Colorado seed source except Redcedar (Nebraska), Austrian Pine (Yugoslavia), and Scotch Pine (France).

Those interested in ordering trees can pick up an order form at the Soil Conservation Service in Friona at 1306 W. 9th, or call 247-2220.

## Now there are four ways to solve your phone problems

At General Telephone, we're committed to improving service in your area. In the last couple of years, we've spent millions of dollars to modernize equipment. And we have more good people than ever to help you if you're having a problem with your phone.

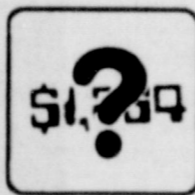

### \*For repairs

Call your 24-hour local repair service number if something is wrong with your telephone. In almost every case, they can solve your problems.

### \*Billing problems

Residential customers can call your Billing Center from 8:30 a.m. to 5:00 p.m., Monday through Friday (except holidays). They have all the information necessary to straighten out your bill. Business customers need to call your business office representative. Phone numbers are in your directory and shown on your GTE telephone bill.

### \*Call the manager

If you don't think your problem is being handled properly through normal channels, go straight to your Division or District Manager's office, from 8:00 a.m. to 5:00 p.m., Monday through Friday (except holidays). Their phone number is in your directory.

### If all else fails call our customer action line: \*505-397-6363

This number will put you in direct contact with a Customer Relations Supervisor. Our representative is ready to provide fast assistance when unresolved problems do occur.

No matter what kind of problem you are having, let us know about it right away. We will handle it right away.

\*No charge if call placed from GTE exchange.

General Telephone

## Gen. Tel. Gives New "Hotline"

General Telephone customers who have unresolved or lingering phone service problems can now get action by calling the toll-free number of the new GTE Consumer Action Line, according to O.D. Hearn, General Telephone's Brownfield division manager.

Hearn said the Consumer Action Line is for customers who have already called General Telephone's repair service or business office but feel their problems still haven't been satisfactorily resolved. The primary purpose of the action line is simple—to get prompt action for the customer, he said.

Customers can call the no-charge number at 505-397-6363 from 9 a.m. to 5 p.m. Mondays through Fridays, except holidays. If a customer calls after 5 p.m., a recording will give the Consumer Action Line hours. It also will advise the customer to call the company's repair service listed in the directory if an emergency exists.

The Consumer Action Line serves General Telephone's Brownfield and Hobbs divisions, which provide phone service to some 77,300 customers.

## Society Discusses Meeting

St. Teresa's Ladies Society had a called meeting on Tuesday, February 23, to discuss the regional Deanery meeting that will be held in Friona on Wednesday, March 24, from 9 a.m. to 3:30 p.m. at St. Teresa's Parish Hall.

One hundred fifty persons are expected to attend this meeting from churches around the Diocesan of Amarillo. The theme of the meeting will be "One Bread, One Body."

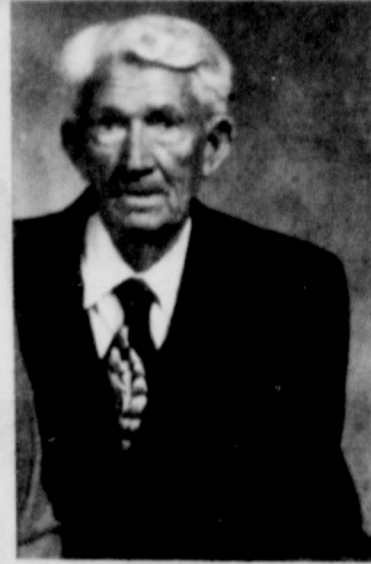

Twelve members of the Society were present. Appointed chairman for the lunch was Angela Bermea; those elected to prepare packet's were Matilda Baca; setting tables, Margaret Aragon; display table, Helen Fangman and Sylvia Roth. Refreshments were served Society members by Angela Bermea.

**WIN RATING....**The FHS twirlers received Division I ratings at the solo and ensemble contests last weekend in Lubbock. In the back, left to right, are Gwen Maurer, Sharon Frye and Karla Fleming. Seated: Sherry O'Brian, Shelly White and Belinda Eddins. Not present for the picture was feature twirler Erika Pope.

**SOLOISTS....**Joey Howard and Patti Hinton received Division I ratings at the regional solo and ensemble contest last week. Joey plays the trombone, and Miss Hinton plays the French Horn.

T. J. PRESLEY

## Presley Rites Are Held Here

Funeral services for T.J. Presley, 90, a Parmer County resident for the past 51 years, were conducted Monday afternoon at the First United Methodist Church of Friona. Rev. Bill Kent of Muleshoe officiated.

Burial was in Restlawn Memorial Park, Hereford, under the direction of Parsons-Ellis Funeral Home.

Presley died Saturday, February 27, at Parmer County Community Hospital following a long illness.

He was born March 28, 1891, in Indian Territory. A retired farmer, Presley moved to Parmer County on January 1, 1931 from Custer County, Oklahoma.

Survivors include his wife Altha; one son, Eugene of Maricopa, California, one daughter, Mrs. Lois Whitaker of Friona; one sister, Mrs. Ollie Beckham of Garden Grove, California, four grandchildren and five great-grandchildren.

Pallbearers were Eldon Rape, Gene Welch, Charles Fangman, Travis Stone, Glyn Hamilton and J.B. Eubanks.

Honorary pallbearers were Fern Barnett, Elroy Wilson, Leslie Deaton, Ellis Tatum, Harry Lookingbill and Bud Elmore.

## Drug Pushers Robbing Kids

Drug traffickers are robbing our kids of their future. Over 17,000 Texas high school seniors are daily drug users...an alarming statistic that merely scratches the surface.

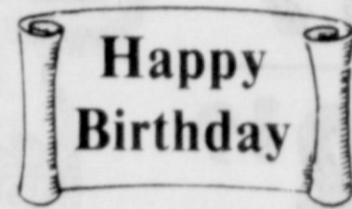

Kids from age twelve to seventeen are the victims. Their innocence earns these criminals easy money. Now is the time to shut down this business in Texas. It won't be easy. Dealers are just the bottom of the drug dealing pyramid. These pushers get their drugs from the kingpins...those at the top of the network...the drug traffickers.

Drug dealing to minors is a hideous crime and these criminals must be stopped. A joint effort by law enforcement and concerned citizens is necessary in declaring war on drug traffickers.

There are no absolute answers but a major step has been taken. Governor William P. Clements and the Texas Legislature have created a statewide anti-crime hotline through the Crime Stoppers Advisory Council. This hotline is designed to aid law enforcement in a crackdown on drug traffickers.

For the month of February, the Crime Stoppers Advisory Council is focusing its statewide "Crime of the Month" on drug trafficking. Any citizen having information about major drug trafficking is asked to call the Texas Crime Stoppers Advisory Council at 1-800-252-TIPS. Cash rewards are available for information leading to the arrest and indictment of criminals. Citizens do not have to reveal their names, just their information, and they will be given a unique code number for identification purposes.

Texas Legislators and our Governor have helped provide the criminal justice system with the punch it needs to find drug traffickers and put them behind bars. But they can't do it alone. Call 1-800-252-TIPS today with any information on major drug trafficking in Texas. Help stop this growing menace to young people of our state.

### Happy Birthday
