Wounded on Palau

Pictured above is Pfc. James Thurmond Bishop, U. S. Marine Corps Reserve, son of Mr. and Mrs. L. T. Bishop of this city, who has been wounded in action. He received shrapnel wounds in action against the enemy in the Palau islands, his parents were advised. He also was previously wounded March 3, 1944. James Thurmond entered the service in June, 1943, received four months training in San Diego and was sent overseas with the 1st Marine division. His division made beachheads at Cape Gloucester, Bradkanal and Bouganville.

Congressional Medal of Honor To Thos. Fowler

Congressional Medal of Honor, nation's highest recognition of military gallantry, awarded posthumously to her husband, Lt. Thomas Willard Fowler, was received Saturday by Mrs. Ann Oakes Fowler of Wichita Falls at historic Fort Sill.

The entire massed strength of the 1st Field Artillery brigade was assembled and presented arms in honor of Lt. Fowler when the nation's most coveted decoration was presented by General Ralph McT. Pennell.

On the reviewing stand with Mrs. Fowler and the military men, who saw the thousands of troops with their rifles in the Armistice day, were members of the lieutenant's family, including his mother, Mrs. Wilson M. Fowler, of Wichita Falls, and a brother, J. W. Fowler of Floydada, and Mrs. Fowler, his sister.

Two Brothers Not Present
Two of Lt. Fowler's four brothers were not present for the ceremonies. They were Captain Mack Fowler, who is with the army in Italy, and Lt. S. A. Fowler, USNR, who is in England.

Travis Parr Proud of His Airplane Job

NORTH AMERICAN AIR SERVICE COMMAND BASE—It is a far cry from farmer to airplane mechanic but Sergeant Travis B. Parr, Route No. 5, Floydada, Texas has taken the change in stride. Entering the Army on December 7, 1940, he was sent to the Aircraft Sheet Worker's course at Chanute field and upon graduating found that airplane engines held more interest to him than sheet metal work. He is now a full-fledged airplane and engine mechanic for his Air Service Command squadron stationed in North Africa where he has been since coming overseas September 14, 1943.

The 32-year-old soldier, son of Mr. and Mrs. Clyde J. Parr, Floydada, claims that some airplanes are as much trouble as children at times the way they keep you up at all hours of the night, give you nightmares, etc., but all in all Sgt. Parr does a darn good job and wouldn't trade it for any other in the

John W. Howard, Pioneer Leader, Died Sunday

Judge John W. Howard, 75, one of the few remaining home steads of Floyd county pioneer days, died Sunday morning about 4 o'clock at his home on South Fifth street, and funeral rites were held yesterday afternoon from the First Methodist church where many new and old friends gathered to pay last tribute.

Judge Howard, who apparently was in excellent health throughout the previous day, died of a heart attack in his sleep.

Active pallbearers were Otis Mur-

ray, Efford Parrish, Creed Parrish, Clarence Guffee, Wernie Hilton and Marion Barton.

Named as honorary pallbearers were Glad Snodgrass, Col. W. M. Masie, Judge W. E. Grimes, Judge J. D. Ayres, Sid Cummings, L. B. Macey, F. M. Price, Bob Henry, L. P. Osborne, P. L. Orman, Hewitt Boteler, Bob Willis, Homer Steen, John Green, E. T. Hanks, Edgar Jones, George Fawver, Carl Minor, J. J. Thomas, J. M. Brownlow, E. C. King, Claude Fawver, A. H. Manning, Gule Snodgrass, Bob Smith, John Hollums and all intimate friends.

Sixth War Loan Campaign To Open Monday

Whirlwinds Play Spur Bulldogs On November 30

Floydada High school football squad will make another bid for the championship of District 4-A on Thursday, November 30.

Winning last Friday night against Matador gave the boys a clear-cut win in all of their conference games to date. The Spur Bulldogs, with the same kind of conference record, will be their opponents. The game will be played at Jones stadium, Thanksgiving day afternoon. Both communities are observing November 30 as Thanksgiving day.

Challenging The Champions
Bid of the Whirlwinds for district honors is distinctly a challenge by an underdog team to the district champions of three years standing and with a much more impressive season record. While Coach Murry was still struggling to get a team whipped together and in condition to play, the Spur stalwarts were already in their stride and winning games in fast company. Their squad is largely one of experienced men from last year's victorious team. The Whirlwinds on the other hand, have been beset with injuries, with line and backfield illnesses, injuries and changes. Only three weeks ago did a scoring combination begin to click for the Murry squad and the coach yet has to find how well his backfield will be able to function against a strong contender. His team's line play has been progressively improving throughout the season.

Friena Game Called Off
To add to the Green and White's list of woes, it was announced the first of the week that the Friena game set for tomorrow afternoon had been called off. Championship play in District 1-A was unexpectedly thrown into a three-way tie, Tullia and Hereford being the other contenders with Friena for honors. Efforts to get a game with any school in a reasonable distance have been unavailing, according to report this morning from Superintendent Graves. Murry will attempt to get at least one practice scrimmage with some neighboring team if at all possible. Barring this the team will be idle except for practice workouts until the date for the game.

J. L. Johnson, 53, Died at Baylor Hospital Friday

Funeral rites were held Monday afternoon at 4:00 o'clock at the Lakeview Baptist church for James Luther Johnson, 53, who died in the Baylor hospital, Dallas, Friday afternoon, at 4:30 as a result of a brain tumor operation performed November 8.

He was born March 18, 1891 and reared in central Texas and was married to Zela Yoakum in Hill county in 1910.

He came to Floyd county about 28 years ago, and has lived at Lakeview and several communities in the county. At the time of his death he was engaged in farming in the McCoy community.

He is survived by his wife, six sons, two of which are in the service; one daughter, Mrs. David Leathman; three grandchildren; his mother, Mrs. Hannah Johnson; four brothers and two sisters.

Services were in charge of Elder Grady Prier of Floydada and Rev. Sidney Johnston of McCoy. Pallbearers were Claude and Oscar Payne, P. D. Helms, A. G. Eubanks, George Smith and Willie Hulsey.

Geo. A. Stewart Rites Held Friday At Fairview

Funeral services were held last Friday afternoon at 3:00 o'clock at the Fairview Baptist church for George Alva Stewart, 75, who died Wednesday morning in the Plainview Hospital.

Victor E. Green Assigned Duty As Bombardier

VICTORVILLE ARMY AIR FIELD, Victorville, Calif., Oct. 28—Augmenting the striking power of the Air Forces, another class of bombardiers was placed on active duty today as flying officers in the United States Army Air Forces.

Trained as bombardiers, the graduates of Victorville Army Air field, a station in the AAF Training command, are also qualified gunners and navigators. Each officer to complete the 18-week AAF course is capable of performing all three assignments aboard a medium bombardment plane.

Among the men to graduate at Victorville today was Second Lieutenant Victor Eldon Green, 20, son of Mr. and Mrs. James E. Green, Route 3, Floydada, Texas.

Victor has been at home for a rest and visit with his parents, Mr. and Mrs. Jas. E. Green, for several days. He reports for assignment to San Marcos Army Air field, when his leave is up.

School Enrolls 100 Per Cent In Red Cross

The Junior Red Cross is the American Red Cross in the schools and Floydada has the distinction of having the Floydada public schools, both the high school and the R. C. A. Ward school enrolled 100%, according to reports by Mrs. Louise Hought, Floyd county chairman for the Junior Red Cross.

High school Home Economics teachers Miss Geneva Marr and Miss Alice Osborn are in charge of the Junior Red Cross program in high school. School programs are financed by the pupils themselves with each pupil giving a donation to establish a Service Fund.

Opportunities are given the Junior Red Cross boys and girls to relate learning to community service through projects carefully integrated in the school curriculum.

The Junior Red Cross began in 1917 when President Woodrow Wilson invited American school children to become members of the American Red Cross and contribute directly for the nation's service.

Exceed Quota In Campaign For War Chest

Floyd county has exceeded its tremendously big quota for the War Chest, County Chairman E. L. Norman announced yesterday morning. At that time the subscriptions had reached \$6,628.23. Quota was \$6,244. Every community in the county is represented in the final figures, said Mr. Norman. Contributions were still coming in this week.

Jack Frost Plays 'Hide and Seek' With the Crops

Jack Frost still flirts with the thermometer in Floyd county. As late as this morning the low temperature for this area this season still stands at 33 degrees, and although a bit of ice has been in evidence in many early-morning farm scenes, on chicken troughs and shallow bits of water, the real thing is yet to happen.

Green tomatoes are still green, cotton and feed have only exposed leaves showing the effect of Jack Frost's antics, flowers still bloom.

Wednesday morning, the weatherman's promised below-freezing temperature was a big flop. Thermometer readings in Floydada stood at 35 degrees, two degrees higher than the season's low of 33 degrees.

Helps Maize, of Course
Every day the registers stay hung at temperatures above freezing adds a bit to the sucker forage feed crop in the county, which is now apparently some three-fourths matured. How much of it will be saved depends upon the way the winter weather comes in. Blowing cold with some moisture wouldn't be helpful for the weakly sucker stems.

Cotton harvest has progressed only fairly good in the county despite good weather and many fields needing harvesters. Only the farmers with irrigated cotton and heavy production are able to get plenty of workers. As a result gins at Lockney and Aiken have been busier than other gins of the county. In the 15 days since November 1 some 1,500 bales of cotton have been turned out in the county. On November 1 the ginning record of the Census bureau for the county stood at 1,422 bales. Most of the gins are idle this morning due to a light sprinkle of rain in the early hours and cotton is too tough for pulling on most farms.

Stewart Felton At San Antonio Army Hospital

Stewart (Cap) Felton, who made it through the North African and the Italian campaigns as a member of the American army without injury, only to be wounded by a German land mine in the invasion of Southern France, is now at an army hospital in San Antonio.

News that he had arrived back in his native state was received by his mother Mrs. P. M. Felton, here the first of the week. He had sent word from New York, when he landed back in the states, that he anticipated returning to Texas soon to continue his convalescence.

Four Methodist Pastors Return to Work With Floyd Co. Churches

Four Floyd county pastors of the Methodist church have returned for another year of pastorate, while one takes a sabbatical leave in an effort to regain his health.

Returning are Phil H. Gates, who returns to Floydada charge for his third year, W. B. Vaughn, who returns to Lockney for his second year, C. A. Hartley who comes back to Floydada circuit churches for his fourth year of service, and W. J. Knoy, who begins his third year as pastor of Lockney circuit churches.

Horace Standlee, who has served the Aiken and Carr's Chapel churches for the past three years was given leave for a year on account of his health.

Among neighboring congregations are Petersburg, where Horace Brooks was returned for another year as pastor in charge, and Matador, to which Rev. G. E. Turrentine was returned. Floyd Dunn goes from Flomot-Whitflat churches to McAdoo as pastor and the Flomot-Whitflat churches will have J. Baughman, Aiken-Carr's Chapel is to be supplied.

With an overall quota of \$310,000 Floyd county people will begin the effort Monday to subscribe and pay in its part of 14 billion dollars asked for by the U. S. Treasury department in the Sixth War loan.

Beginning Monday the campaign will continue through December 16, if need be, to raise the amount asked.

With an army and navy personnel between 11 and 12 million men and women, and a much more costly period of war against the Japanese in the beginning phases of the knockout campaign the treasury will spend far and away more money than ever, and has set the goal of the present drive up to the limit of what it is believed the people of the country can and will subscribe.

Bitter Nazi Fighting
Returned veterans from the European front also bring news that does not fit in with the complacent talk which has come from many high sources. The campaign to conquer Germany has only begun, they say. Another year or two years may be required to finish that job at a tremendous cost. Just now is the big offensive being prepared for.

Today the battle has been one largely of supplies. Thousands of lives and billions of money is yet to be spent there.

This is the picture that forms the backdrop for the present money-raising campaign. J. M. Willson, county chairman of the U. S. Treasury War Finance committee, believes the county's quota will be met.

The campaign personnel has been set up in every community in the county. In view of the fact that harvest has been delayed by weather and shortage of labor ready money from this source may be more difficult than in previous campaigns and people will have to dig deeper into their funds earmarked for other purposes.

\$165,000 of Series E Bonds
Quota for Series E bond purchases in Floyd county has been set at \$165,000. Bonds of eight kinds are being offered to meet the needs of all types of investment funds.

First Floyd county subscription announced in advance of opening day for the quota is that of the Quanah, Acme & Pacific Railway company. Its president, Chas. H. Sommer, has advised Chairman Willson that their investment allocated to Floyd county in the Sixth War loan will be \$25,000.

Olson Is J. P. Filling Judge Howard Term

O. B. Olson, retired pioneer merchant of Floydada, will complete the unexpired term of Judge Jno. W. Howard, deceased.

Mr. Olson was named yesterday afternoon at a called session of the Commissioners court following the last rites for Judge Howard. The unexpired term ends January 1.

Judge Howard was re-elected to the place in the election on November 7, results of which had been canvassed and declared by the court the first of the week.

EDITORIAL MUST DO SOME PAVING

At this writing we have no idea what the reaction of Floydada people is going to be to the plan for paving to the schools. If the city or the P-T association, or the citizens are not practically unanimous over the set-up failure almost surely would have to follow.

Not having a cross section of the community sentiment we wouldn't know what the outcome will be.

However, we do know this: that more paving is sorely needed, not only to the schools, which is the irreducible minimum, but in many other portions of town, notably to the churches. We can't help knowing that most everybody in Floydada and Floyd county is making more money than in years. Most of the white collar folks even are doing better. Only a few caught in the jam of circumstances peculiar to their own situation when the war hit, are not doing better. From which we arrive at the conclusion that it isn't a matter of having the money to do this civic job and carry on with bond buying, but a matter of what one considers a major need.

THE BOYS ARE WONDERING

Do you know that the Floydada boys who have been a way from home a year or two have some question marks in their minds about us? They are wondering just what is the matter that we let the town that they call home look ragged and run down at the heel. We hate to say this but we know it is true. And if you don't know it you had just as well.

We are their pas and mas and their big brothers and sisters. They don't want to hurt anybody's feelings and so they don't talk much. But you get down to the heart to heart basis with them and you'll find out. They know we are short-handed and have this and that handicap, that we can't do first and last all the things we'd like to do. Fact is, are we not careful to give them that picture somewhat eagerly and before they ask? Even in a bragging manner to an extent to

As A Farm Woman Thinks

(By Nellie Witt Spikes)

Saturday, Sweetwater, Texas. For the past several days I have not been thinking, just listening to the expressed thoughts of others with joy and prayer in my heart for this great privilege.

Mrs. Roxie Travis and I came to Sweetwater Wednesday for the Northwest Texas Methodist conference annual meeting. I feel like a sponge that has been dried of its every drop of its ocean moisture, soaking up drops of the West Texas water, as the old loved songs and the mighty words of God fill the cells of my soul that have been dried out by things material.

There is a glory in the bright fall sunshine of this lovely little city, set like a jewel among low green hills. The blue, blue sky is flecked with powder puff clouds, and the trees drop red and yellow and brown leaves at the feet of the visitor as if holding welcoming messages.

The glory of the Lord shines from the faces of everyone as the servants of the Lord's work sit under the spell of kindly Bishop Seelman.

Aged preachers with snow white hair sit side by side with the young preachers, and the old men look back on work well done and the young men look ahead with vision in their eyes for a world of God and peace. Their past year's work is reported and they unfold their napkins and give good reports of the talents the Lord entrusted to their hands. Every time the large crowd is dismissed there is such a hand-shaking and fellowship we catch a glimpse of the last dismissal from earthly cares into the fellowship of God and the Saints.

It is our happy privilege to be in the home of our former pastor and good wife, Rev. and Mrs. M. L. Moody. The peace of the Lord has been on this home so long, we feel like we are on holy ground.

There have been so many things to delight and please us in this town with the refreshing name of Sweetwater. The visit to see Jake Rains, the cowboy my husband has told me so much about. How they

give them proof that we are in the war, too. They know you're telling them the facts but they wonder why it would be harder on us than in other communities from the east to the west coast. Why should Floydada, of all towns, be the one that looks ragged and run down at the heels?

We don't offer a bill of particulars. If you want this, one of them might give it to you, if he doesn't fear that you will not understand and that your feelings will be hurt.

WHY PUT IT IN PRINT?

Why put this kind of thing in print you ask. Why should The Hesperian join the anvil chorus? Are there not enough people complaining and griping already? There are indeed. But none of them about anybody spending too much money trying to make the old town look better and be better for the boys and the girls and the defense workers to see when they come home for a brief visit.

There may be something in this. Anyway it is worth digging into. We mean definitely so. Perhaps if the boys feel that way our customers and friends around over the country feel the same way. If we need jarring out of a couple-cent state of mind, the sooner the better.

Floyd County 14 Years Ago

(Issue of November 20, 1930)

J. F. McCarty, a pioneer citizen of Floyd county for 26 years died at his home near Rio Hondo, in the Rio Grande Valley of Texas on November 4, following an illness of almost a month. Mr. McCarty is the father of Mrs. John L. West and Edgar McCarty. He was widely known over this part of the country.

First classes in the new \$6,750 brick veneer school house at Center were held this week. The building was erected by L. B. Maxey and son, contractors.

Removal of the F. C. Harmon furniture stock from their former location on South Main to their new location on the west side of the square was completed last week-end and the new store arrangement will be completed this week. For the past five years, the furniture store and undertaking parlor occupied the Snodgrass building immediately north of the Hesperian office.

First notice that winter is on the way was served by the weather man yesterday and last night, when the tail of a blizzard of considerable proportions brushed across Floyd county and made the temperature here drop slightly below the freezing point.

Mrs. R. A. McPeak, 86, who has been seriously ill for the past two weeks at the home of her son, S. N. McPeak, one mile north of Floydada, is reported to be slightly improved this morning.

Shifty "Big Ben" Eady with his teammates on the re-vamped Little Breeses eleven of Andrews Ward school slashed through the heavy Plainview Junior high aggregation to a thrilling 19 to 0 victory on the local gridiron Friday afternoon. The win was all the more impressive due to the fact that the same team had given the Little Breeses a 24 to 0 trouncing at Plainview earlier in the season.

Miss Etta Lee Fitzgerald, formerly of Amarillo, arrived in Floydada yesterday afternoon to take charge of the Palace Beauty shoppe, located in the Palace Barber shop. Miss Fitzgerald will be manager of the shoppe as well as operator. She plans to make her home here.

14 Years ago, Issue of November 23, 1916: Kenneth Bain, of Silverton, is having his residence moved to Floydada this week. Mr. Bain will open an office in Floydada and engage in general law practice.

Harry H. Campbell, prominent cattle man of Motley county, and Miss Ollie Hand of Matador, were married Monday in this city.

"Of course I remember Cone," laughed Brother Jamison. "It was there I stopped my covered wagon, hobbled out my team and made the biggest stack of flap jacks you ever saw. Made them of flour and water and plenty of baking powder. And did they rise! I got over being hungry but they settled on my stomach like so many rocks."

Mrs. Travis and I will see to it if he and his wife will come again to Cone. We will make flapjacks with milk, serve them with plenty of country butter and crisp country bacon.

We got a new viewpoint on the extent of the Northwest Texas conference from Rev. Mitchell and Mr. Cockerell from the far east line of the district of Baylor county. We are sending special regards to Mrs. Mitchell and that darling six month old baby daughter, who we hope to see at next year's conference.

It made us sad when we reached home to learn of the passing of Mr. Dakin of Cone. Will miss him as we go to Cone as many many times we have seen him sitting on the porch of the home of his sister, Mrs. Lamb.

Rev. and Mrs. L. A. Doyle and sons left this week for Alexandria, Louisiana, where they will visit with their son, Lt. Lonnie Doyle, Jr. They will also visit their parents at Jackson, Mississippi before returning home.

We used to ride a lot

Wistful young America may not be able to understand why those long, lovely rides in the country are now only a memory.

But their patriotic fathers, meeting the necessity for conserving gasoline and for prolonging the life of tires and cars, have reduced their driving to a minimum. They know that "Care for your car—For your country" is more than a slogan, that such care is important lest the nation face a wartime crisis in domestic transportation.

So now, more than ever, they want a quality oil to preserve and protect their motors. Their only question is: How can I tell which are the quality oils?

Here is one easy answer, in a very frank statement by Phillips: If you want our best oil, remember we specify that Phillips 66 Motor Oil is our finest quality . . . the highest grade and greatest value . . . among all the oils we offer to average motorists.

Experts recommend changing oil every two months. Especially, don't neglect the seasonal change this fall. Get rid of contaminated, summer-thin oil. Drain and refill with a quality lubricant. Ask for Phillips 66 Motor Oil.

Tom Fowler—

(Continued from First Page)

The Southwest Pacific War theatre. The Fowler boys, including Thomas, have divided much of their time in the past several years between Wichita Falls and their Floyd County farm, and Mrs. Fowler, his mother, also makes her home here a part of the time. J. W. (Bill) Fowler is carrying on alone with the farm while the other boys of the family are away.

Thomas Fowler, jr., 8-month-old son of Lt. Fowler, was given the medal of honor by his mother. The little boy had never seen his father.

His citation reads:
"The White House, Washington, D. C.
"The president of the United States takes pride in Awarding the Medal of Honor posthumously to Second Lieutenant Thomas W. Fowler, cavalry, 191st Tank Battalion, United States Army for service set forth in the following:
"For conspicuous gallantry and intrepidity, at risk of life, above and beyond the call of duty, on May 23, 1944, in the vicinity of Carano, Italy. In the midst of full-scale armored-infantry attack, Lieutenant Fowler, while on foot, came upon two completely disorganized infantry platoons held up in their advance by an enemy mine field. Although a tank officer, he immed-

for numerous offices in the county throughout a residence extending through a half century. At the time of his death he was serving as justice of the peace of Precinct No. 1 and as member-at-large and chairman of the county board of school trustees.

Previously he had served as commissioner of Precinct No. One for four years and on two occasions as county judge for a total of six years.

Native of Indiana
Born June 25, 1869, in Ellisville, Indiana, Judge Howard moved to Texas in early youth and was married in Jack county 53 years ago to Della Youngblood, the widow who survives him. The family moved to Floyd county in 1901, although Mr. Howard previously had been here in the second year of the county's organization.

Judge Howard is survived by his wife and ten children, six sons, Weaver, Pueblo, Colorado; Lee and O. D. of Floydada; Orland of Dougherty; John, U. S. N., stationed at Shoemaker, California; Seaton, in the army overseas; and four daughters, Mrs. F. G. Tye of Amarillo; Mrs. Murphy Chapman of Ralls; Mrs. Alton Birchfield of Lamesa; and Mrs. Walter Miller of Sentinel, Oklahoma. One son, Bill, was killed in a car wreck September 25, 1941.

Also surviving are 24 grand children and six great grand children, five brothers, T. E. of Charlotte, N. C.; O. W. and Frank of Paris, Texas; Homer of Lockney; and Edgar of Monett, Missouri.

He has two sons and six grandsons in the service and one of his sons, Lee, is sheriff of Floyd county.

lately reorganized the infantry. **Lifts Mines With Hands**
"He then made a personal reconnaissance through the mine field clearing a path as he went, by lifting the anti-personnel mines out of the grounds with his hands. After he had gone through the 75-yard belt of deadly explosives, he returned to the infantry and led them through the mine field, a squad at a time. As they deployed, Fowler, despite small arms fire and the constant danger of antipersonnel mines, made a reconnaissance into enemy territory in search of a route to continue the advance.

"He then returned through the mine field and, on foot, he led the tanks through the mines into a position from which they could best support the infantry. Acting as scout 300 yards in front of the infantry, he led the two platoons forward until he had gained his objective, where he came upon several dug-in enemy infantrymen. Having taken them by surprise, Fowler dragged them out of their foxholes and sent them to the rear; twice when they resisted, he threw hand grenades into their dugouts.

"Realizing that a dangerous gap existed between his company and the unit to his right, Fowler decided to continue his advance until the gap was filled. He reconnoitered to his front, brought the infantry into position where they dug in, under heavy mortar and small arms fire, brought his tanks forward.

Counterattack
"A few minutes later the enemy began an armored counterattack. Several Mark VI tanks fired their cannons directed on Fowler's position. One of his tanks was set afire. With utter disregard for his own life, with shells bursting near him, he ran directly into the enemy tank fire to reach the burning vehicle. For one half hour under intense strafing from the advancing tanks, although all other elements had withdrawn, he remained in his forward position, attempting to save the lives of the wounded tank crew. Only when the enemy tanks had almost overrun him did he withdraw a short distance where he personally rendered first aid to nine wounded infantrymen in the midst of the relentless incoming fire.

Lieutenant Fowler's courage, his ability to estimate the situation and to recognize his full responsibility as an officer in the Army of the United States, exemplify the high traditions of the military service for which he later gave his life."

Sgt Howard Bishop 7th AAF Bomber Gp. Commended

A 7TH AAF BASE IN THE GILBERTS, Nov. 5 (Delayed)—Staff Sergeant Howard W. Bishop of Box 155, Floydada, Texas, serving with the maintenance forces of a 7th AAF medium bomber group, has been commended, along with other members of his outfit, for outstanding performances of duty.

He is a veteran of four major 7th AAF blows against the Japs, having participated with his group in the Gilberts, Marshalls, Carolines and Marianas campaigns. The commendation was issued by Colonel Murray A. Bywater, commanding officer of the group.

"I have infinite praise for, and pride in, those of our men who make up our ground crews for maintaining our airplanes," Colonel Bywater said. "We owe them much more credit than they usually get, and in many cases we owe them our lives."

"They have kept our 7th AAF B-25 Mitchell bombers flying over thousands of miles of the vast Pacific ocean, and only those who have flown over the Pacific can realize just how vast it really is."

"The ground crews and maintenance men have done their jobs well, and have won the respect of all those who have had the opportunity of working with them."

Sergeant Bishop entered the armed forces May 23, 1941, and has been serving with the 7th AAF in the Central Pacific as a transportation man since October 20, 1943. His parents, Mr. and Mrs. W. P. Bishop, reside at the Floydada address.

Major L. G. Mathews, stationed at Baton Rouge, Louisiana, with the Quartermaster corps, U. S. army, was over Floydada one day last week, friends here have learned, but he was a bit high to get much detail of the old home town.

Some 20,000 feet high the major could make out an elevator or court house spire or something of the kind. He was on a hurry up trip to Colorado Springs for a conference and return.

Tomatoes while still green are good food.

Green mature tomatoes rank close to ripe tomatoes in vitamins A, B-one, and C. Even small unripe fruits have vitamin value. Green tomatoes have vitamin value. Green tomatoes may be cooked and served stewed, stuffed, baked, fried, scalloped with crumbs, or in cream soup. Their extra tart flavor makes them suitable for special dishes like green tomato pie, or mincemeat, and marmalade to put up now for winter use. The following recipe for saving green tomatoes comes from home economists of the U. S. Department of Agriculture.

Mincemeat (about 3 quarts): 4 qts. green tomatoes, 2 qts. pared and cored apples, 1 pound seeded raisins, 4 tablespoons chopped citron (or lemon rind, cooked in sugar sirup), 4 teaspoons cinnamon, 1/2 teaspoon allspice, 1/4 teaspoon cloves.

How women and girls may get wanted relief from functional periodic pain

Cardui, many women say, has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come. Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes. Try it!

Whirlwinds Best Matadors to Get Whirl at Bulldogs

The Matador Matadors last Friday night were reasonably easy for the Whirlwinds in their semi-final conference game the green and white taking the big end of a 31 to 0 score. The game was played on Wester field.

Johnny Collins got two scores, one in the first and one in the fourth. Ralph Womack one each in the first and third, and Jimmy Morrison one in the second quarter, for a total of 30 points. Glen Carmack, in the kicking assignment, got one good one, four off one point for the evening. However, he did a good blocking job down field throughout the evening, the four backfield men locking better on their assignments than in any previous game this season. Collins' score in the fourth was on a run through the line from the Floydada 29 yard stripe.

The Whirlwind reserves got considerable practice throughout the game after the second quarter. The second string played the Matadors on approximately even terms.

Pass plays were the best offensive used by Coach Gatewood's team.
