We had not heard from James T. Guinn, Jr., Mom 2-c, of the Navy for a long time, but the following interesting letter from him tells why, and while he has had some misfortune, we are truly glad to hear he is able to be back at his post again.—Uncle John.

United States Navy,
Jan. 7, 1944.

Dear Mr. White:
I've found some time at least to write you another letter. I just got out of the hospital on Jan. 3. I had been in for about six weeks on account of gasoline burns. My hands, face, arms and chest were burned, and I got out with only a few scars on my arms, so I guess I was pretty fortunate. My eyes weren't burned at all. I am allowed to write in my letters now, that I'm somewhere in the Fiji Islands. I've received several copies of the Friona Star and I enjoyed every one of them. It seems that the boys from Friona are sure scattered all over the globe. I notice, several are in England now. I hope you had a nice Xmas and a Happy New Year. I was going to drop you a card before Xmas, but about that time I was sent to the hospital, and they put so many bandages on me that I couldn't even feed myself, much less write. I must say, though, I had some very nice nurses who would even comb my hair for me, so I guess I should be satisfied anyway. Ha! I guess that's about all the news. I'm back at work again now, and getting along fine. Here's wishing everyone at home a Prosperous New Year.

Sincerely yours,
James T. Guinn, Jr.,
Navy 130 F. P. M.,
San Francisco, Calif.

James T. Jr. is a son of Mr. and Mrs. J. T. Guinn, who live several miles north of Friona, in the Messenger District, in the west part of Deaf Smith County.—U. J.

We are indebted to Mrs. Robert Bicknell, Sr., of the Black Community, for the privilege of including in the column this week, the following letter from her son, S-Sgt. Robert Bicknell, Jr., who is now with Uncle Sam's armed forces located somewhere in India, and we are truly grateful for the privilege. If we understood Mrs. Bicknell correctly, Sgt. Bicknell is receiving the Star, though not regularly.—U. J.

India,
Dec. 25, 1943.
Dear Mother and All:
This is Christmas night and I am full of that good old Christmas feeling. Today was a wonderful day—Christmas in

India! We worked today, but we all worked with light hearts. I hope your Christmas dinner was as good as mine. It should have been better; because it was home-cooked. That is good to eat. I am sending the menu we had. So you got to go to Amarillo and saw Jay. I reckon she was glad to see you. I have written to her but I have not heard from her since I have been here. I'll try to write to her tonight, but I ate so much that I may have to wait 'til later. Today I got my first Christmas cards. One was from you and the family and the other one from Sybil. In your card there was a War Stamp, that I am sending back. You can keep it better than I can. Well, I guess I'll close for now. Write when you can.
Love,
Son.

P. S. Yes, I have been getting letters for quite a while, addressed to this A. P. O.—Son.

As our readers may be interested to know just what our boys had for Christmas dinner a way over in India, we are giving the menu mentioned in Sgt. Bicknell's letter.—U. J.
Christmas Dinner, Dec. 25, 1943: Fruit cocktail, sliced tomatoes, relish (celery hearts and olives), cranberry sauce, mashed Idaho potatoes, candied sweet potatoes, buttered baby lima beans, new peas in cream, Parker House rolls, pumpkin pie with cheese, truffle cake and hard sauce, assorted candy and nuts, demi-tasse, iced limeade."

Pvt. C. B. Hanson is still at Camp Ellis, Ill., but has been transferred to another company and still gets the Star.—U. J.
Dear Uncle John:
Well, maybe you are surprised to hear from me, but I just haven't had time to write. I have been transferred to another company. I enjoy reading the Friona Star so much. It is really a blessing to us boys to hear from our home town. Friona hasn't been my home for a very long while, but I expect to make it my home in the future. I would like to say Hello to all the boys in the service from Friona. I also want to say Hello to my wife and Mrs. C. B. Hanson of Friona. Thanks a million for your wonderful paper. Would you please send it to my new address.
Your friend,

Dear Uncle John:
I trust all in Friona had a very Merry Christmas though it was not a white one. This may seem rather late, but our mail does not always arrive on time, so if they will forgive me for being past season, I will take this opportunity to express my sincere thanks to the ladies of the Junior Women's Club for the nice Christmas card. It is wonderful for the boys to know that at such times someone other than their immediate family is thinking of them. I have been moving about rather fast lately, so have not been receiving the Star. Don't think I am blaming you, for I know it is no fault of yours. However, you will note a change in my address. I think I will have better luck in the future. There is nothing I can tell about this ship I am now on, except she is a swell ship and has a grand gang of fellows aboard. The only trouble I have is in convincing some of the boys from New York that I am from TEXAS, and was not a cowboy. They have acquired the idea that that is the only occupation prevailing in that Mighty State. Uncle John, I have certainly

Charles Reeve Receives Civilian Award

New Haven, Conn.—Charles T. Reeve has been awarded by the War Department an emblem of exceptional service during the performance of duties at the Army Air Forces Training Command School at Yale University. Civilian personnel at this station aid the Army in jobs, ranging from administrative work to class room and field instruction of aviation cadets in armament.

In recognition of this timely help, the War Department recently announced its decision to award an emblem to employees who had distinguished themselves by the length and excellence of service to the Army. The emblem, itself, is similar to a soldier's service ribbon and is identified by the wings of the Army Air Forces.

Reeve is a son of Mr. and Mrs. F. W. Reeve of this city and he and his wife now reside at 49 Victory Drive, New Haven, Conn. He has been employed as an Army Air Force instructor for the past 18 months, having served at Chanute Field, Ill., before he was transferred to Yale University, where he arrived on Jan. 11, 1943, since when he has been one of the AAF most valued instructors, in recognition of which the War Department's award was given.

Ready for Alaska

Sergt. John A. Theobald of Monterey, Calif., fits a pair of shoe packs on Yank pitcher Hank Borowy, making him ready for a trip to Alaskan and Aleutian bases, while Platoon manager Frankie Frisch, left, and Card outfelder Danny Litwiler, middle, other members of the party of touring ball-players, look on.

Parmer County Agricultural Agent, Garland Harper, was in Friona a short while Monday afternoon and favored the Star office with a highly appreciated visit, and authorized the Star to announce the coming County-wide 4-H Club program to be held in the gymnasium of the Farwell High School on Wednesday night of next week, Jan. 26, and to which all citizens of the county are invited.

The program will consist of a review and expression of the accomplishments of the 4-H boys of the various 4-H clubs of the county during the past season or year. This program will include the displaying of the 4-H County-wide Service Plag, which has been received, honoring the 4-H boys of the county who have been called to the various branches of the Armed Service of our country.

The program will also present a list of accomplishments in all lines of the 4-H work and will include several musical numbers by the Friona High School Band and a basketball game between County-wide 4H team and the Friona Chiefs. The entire program will be absolutely free to all.

The program will last practically an hour, and will be broadcast from the KICA station at Clovis, beginning at 8:00 o'clock, war time. Mr. Harper stated that it may be possible for the literary and musical portion of the program to be over in time for at least a part of the ball game to be broadcast. Please remember, that if you hear or see this entire program, you must be present promptly at eight o'clock, as radio time means just that.

While all citizens of the county are invited and urged to attend, all farmers, farmer's wives and their children should be especially interested in this program, which will be worth the time spent in attending it. Mr. Harper has been working faithfully and giving unusual attention to this part of his County Agent work, and you will feel gratified at the progress that has been made.

Mr. and Mrs. Clarence Baxter, returned home Wednesday from a trip and visit in New Mexico.

We will soon have in a car-load of spring barley seed, testing 98 per cent germination. All high quality and thoroughly re-cleaned. Friona Wheat Growers, Inc.

D. K. Roberts Is Candidate for Re-Election

D. K. Roberts has authorized the Star to announce his candidacy to the office of county and District Clerk of Parmer County.

Mr. Roberts, having already served our people in that capacity, needs no introduction on the part of the Star, but we are pleased to add our approval of the manner in which he has discharged the duties of his office since his first election. If there has been even the slightest complaint of Mr. Roberts' service as clerk, the Star has failed to hear of it.

Following is Mr. Roberts' statement to the voters of Parmer County:

To the voters of Parmer County:
I hereby announce myself as a candidate for re-election to the office of County and District Clerk of Parmer County, subject to the decision of the Democratic Primary Election that will be held in July, 1944.

I most respectfully solicit your support at the polls, and, if elected, will guarantee to the people of the county, the same careful, faithful and conscientious service that you have received during my past two years of incumbency in that office.

Respectfully yours,
D. K. Roberts,
County and District Clerk

Small Girls Swallows Bolt

Sylvia, the three-year-old daughter of Rev. and Mrs. Paxton Smith, while playing with some small bolts, Tuesday afternoon, placed one of them in her mouth and while it was still there, she was seized with a cough and the bolt disappeared down her throat.

The child was taken to the local physician and as it was thought the bolt had been swallowed, the usual remedies were resorted to, to remove it from the alimentary canal, but when this failed to produce the desired results, the little girl was taken to Clovis on Wednesday, where an X-ray was made which revealed the bolt lodged in one of the lungs.

Rev. Smith took the child to Amarillo Wednesday afternoon, for further examination and probable operation for the removal of the bolt from the lung, and no further word has been received at the Star office at this writing.—Thursday morning.

The bolt was about an inch and a half in length, and about one eighth of an inch in diameter.

Miss Juanita Crow And Sgt. Gray Are Married

On Thursday, December 30, 1943, Miss Juanita Bernice Crow, was united in marriage to S-Sgt. Charles C. Gray, at Alamogordo, New Mexico, where the groom was then stationed in the Army Service.

The bride on this occasion is the daughter of Mr. and Mrs. A. A. Crow, of this city, and the groom is a son of Dr. and Mrs. J. P. Gray of Welch, Iowa.

Mrs. Gray is one of the most popular and best young ladies, and is a graduate of the Friona High School and was for a long time, one of the most trusted and dependable assistants at the Friona State Bank. She has also held similar positions in a bank at Clovis and other New Mexico cities.

Her many friends here wish for her and her husband a long and happy wedded life.

You know I do not know anything much except what I hear on the streets and read in the papers, and I have not been reading an article, or an editorial or an effusion, that was written by a newspaper editor, and I do not know which of the above designations he has placed upon his writing, therefore I cannot name it with certainty.

However, it was headed, "The Cult of Hate," and was almost wholly devoted to the subject of hate, and the meaning I got from it was that if one man does not hate his fellow man, his fellowman hates him, but there evidently is "hate" one way or the other. But "love" is not mentioned at all, and it leads one to wonder if there is any such a passion left in the world. I believe there is.

He cites a number of illustrations which he uses to justify his theory, and he may be right in the case of those illustrations or examples, but he does not state whether or not

the recipients return it to the measure, the actual. Such is commonly known to be the case, and that is true and he is right, it occurs to me that this world is now fully ushered into what might justly be termed a "millenium" of hate, and just how long it may last it is impossible for anyone to know. A "millenium" is generally supposed to represent a thousand years, but it may simply refer to an indefinite period of time.

I am not criticizing the writer of that article, for I may have conceived the wrong interpretation of his language, and anyway, he is, for my part, indisputably entitled to his own conclusions or views on the matter. If he is right, then this may be the period mentioned in holy writ, at the end of which the devil was chained and cast into the bottomless pit and confined there for a thousand years, which are commonly known as the "Millenium."

But truthfully, I do not know much about such things and I get all confused when I try to classify them or to get any sense out of them, so please do not place too much stock in anything I may say about them.

But getting back to the "Cult of Hate," I am inclined to believe that the writer overestimated the amount and degree of hate on the part of those examples he mentioned. As to Hitler, it seems, by jumping at conclusions, that he may be right for it seems that he has given sufficient evidence of his hate by his actions.

As to Father Coughlin and Gerald L. K. Smith, I remember that they were most pronounced and emphatic in their disapproval of Mr. Roosevelt

and the New Deal, if I remember correctly, but I cannot recall that I ever heard either of them express any real hatred for Mr. Roosevelt himself. And as for Wendell Willkie—I feel that the leaders in the Republican party are opposed to him as a presidential candidate and not because of any hatred they may hold against him personally. And, naturally, practically all of them will vote for him should he receive the nomination.

And as for Mr. Pegler, I have read after him pretty closely, and one cannot do that without learning that he is a clever writer, a well posted man and has the courage of his convictions. I have never seen where he openly condemned union labor as such, but he has gone after the labor leaders and racketeers wholeheartedly and relentlessly for their illegal actions, not only upon the public but in some cases upon the members themselves, and he has made some of them hide out or get them up a tree. Mr. Pegler

has not chided labor as such, but has praised the manner in which labor as a whole has produced the instruments of war, and he has laid all strikes to the action of labor leaders. As for the Chicago Tribune, I know nothing much about it as I have only read it when quoted by other papers, but the least we can say about that is that it is a political newspaper and happens to be a Republican, but I would almost wager that it has never said anything worse against Mr. Roosevelt than I have read in Democratic papers about Mr. Hoover, while he was president.

And as to people going about "hating" and making themselves unhappy and letting their prejudices and hates ruin their minds and their judgment, I feel it is a mistaken attitude, pessimist though I may be. I know I have some good friends as any man could have, and there may be some who dislike me—very deeply possibly—but I doubt very much if any of them really "hate" me. And I know of lots of other people who have many of the best of friends, and I believe that Friona is only a fair example of our country and that throughout our entire domain, there is far, far more of "peace and good will" expressed and practiced than there is of "hate." And such are by contentions.

I read not so long ago, where congress had given some of our bureaucratic leaders until a certain day to change some of their orders, or congress would get. The day set for such action has passed, but I have seen nothing in the papers to the effect that the bureaucrats have changed any of their selfmade laws or orders or that congress has taken any action in the matter.

Anyway, since when has it been constitutional for our great and august law-making body, the "United States Congress" to sit and idly take orders from any source whatever? Had our congress been composed of statesmen instead of politicians, during the past many years, and that congress had taken action on its own account, it occurs to me that

much and perhaps all of the horrible mess that we now find ourselves in would have been averted.

But I am getting on dangerous ground, and may tread on somebody's toes, and that I do not want to do, for it hurts to tread on people's toes. I know from self experience, for I have a bunch of sensitive toes on my own feet.

A good friend asked me today, what method I observed in writing this stuff—if I sorted it out and outlined it and then wrote from the outline. I told him I had no method and never made any outline of what I would write about. I just write when I have time and can think of anything to write about, and that is probably why I write so much and say so little. I have never had the advantage of any journalistic training whatsoever, and all I have ever had from those for whom I have worked has been meager indeed.

I used to do a little work for Tom Howorth, when he was editor of the Tribune at Chester, Ill., and all he ever told me was to write the story as I saw and understood it and just as I would tell it to him in an ordinary conversation. I also worked for Mr. S. B. Holman for about two years, and Mr. Holman was a good writer; but the only instructions he ever gave me was to steer shy of libel suits. Both of these men

were good writers and good editors and held a high rank among their fellow newspaper men, but I got little or no instruction or training from either of them. And another who is in the same class with those two men and who ranks "tops" in Panhandle newspaperdom, is Dave Warren, whom I worked for for about two years, and Dave never told me anything. So, you see I am sadly lacking in journalistic training. All I know is to write a thing just like I would tell it out on the streets to J. M. Bradley, Oscar Pope, Tom O'Brian, V. L. Todd, Alex Boatman, Arthur Appel and many others. And that is why you never see any of those august and high-flowing expressions in the Star, that one sees in any other paper one may pick up.

But here is something that I read somewhere, that is worthwhile:

When a bit of sunshine hit ye,
 After passing of a cloud,
 When a fit of laughter gets ye
 And your spine is feeling proud,
 Don't forget to up and fling it
 At a soul that's feelin' blue,
 For the minut that you sling it
 It's a boomerang to you.

new directive from the War Department makes it possible for women enlisting in the Women's Army Corps to be specifically assigned to any one of 20 different occupational jobs working with the ground or service forces of the army at any post or base of their choosing within the service command from which they are enlisting, according to Lt. Helen Wade of officer in charge of the Amarillo WAC recruiting office.

This applies only to women enlisting in the ground or service forces. Air Waacs will still be classified at the recruiting office and assigned to a special job either within the continental United States or overseas.

Army officials in Washington are calling for thousands more women for the Women's Army Corps and more than 155 different jobs within WAC ranks are waiting to be filled.

BOOMS TO RENT? TRY & WANT AS

This farm boy stopped bullets intended for you . . .

Joe Martinez, Colorado farm boy, his battalion bogged down under withering fire from Jap positions on Attu, arose alone and advanced into a hail of bullets to clean out trench after trench so his battalion could advance. He died with his rifle at his shoulder, pumping lead into the enemy, while his mates were able to move up behind him and successfully take the pass. For this, Joe Martinez has been posthumously awarded the Nation's highest military honor. Let every man who was once a farm boy himself buy an extra War Bond in Joe's honor . . . for Joe took the bullets aimed at the heart of America!

The 4th WAR LOAN is your opportunity to do something about it!

It's Time to Take the Offensive. Your Government has the men it needs to do the job in the front lines—great men all! But it doesn't have the money it needs, by a long way. That's your job! And the immediate task is the Fourth War Loan—Your chance to take the offensive not only in support of the men who are fighting and dying for you and your loved ones, but also in support of your own future!

What are you going to do about a wornout tractor, about repairing fences and buildings, about replacing depreciated machinery and equipment? Will you be ready with money in the bank when these things are needed?

You will if you take the offensive now! Put every extra dollar into U. S. War Bonds—the best form of financial reserve ever offered you. Think! You are asked to make a sound and prudent investment—not a sacrifice!

When Your Boy Comes Home

Will your boy come back to a farm or ranch with no financial reserves, no future? Or will you greet him at the gate with a bundle of War Savings Bonds—for working capital, new machinery, better buildings? And if your children are going to college, why not be sure they get there by buying today the Bonds that will pay the cost.

No need, really, to tell an up-to-date farmer or rancher what he needs financial reserves for. You know more reasons than anyone else can enumerate for setting aside extra dollars to meet the future. Now is your chance to do it . . . and help fight the war too!

Go on the offensive! Buy all the Bonds you can—today!

You Never Get Less Than You Lend! And you get 3/8 more than you invest. When held 10 years, War Bonds yield 2.9% interest compounded semi-annually. You get back \$4 for every \$3.

Cash When You Need It. If an emergency comes along, your War Bonds are like money in the bank. Uncle Sam will redeem them in cash—at full purchase price—any time after you've held them 60 days. Don't cash them unless you have to. And don't hold back a single dollar unnecessarily from the purchase of War Bonds. YOUR HELP IS NEEDED.

Facts About War Bonds (Series E)

Ginn Attends State Supt.'s Meeting

On Tuesday, Jan. 4, O. B. Ginn, superintendent of the Friona schools, journeyed to Austin to attend the 11th Annual Mid-Winter Conference of the Texas School Superintendents and Teacher Trainers. The trip was made with another superintendent of a nearby school with both sharing gas and tires to make the trip.

The three day meeting which was held on the 13-15 of January had the following purpose: "To provide opportunity and encouragement for leadership, to re-think and re-shape the program of education in Health, Guidance and Vocational Training, Conservation of Our Natural Resources, Prevention of Juvenile Delinquency, and Inter-American Relations to meet better general emergency and individual community needs."

The programs and meetings were of different variety with some being talks and some being music. The Mission Choral Club gave an excellent program on Thursday evening and on Friday evening a musical program on Latin-American music was presented by Spanish children.

Some very good addresses were given and they gave helpful and interesting information and ideas on the subjects re-

lated with the theme and purpose of the conference. Dr. John C. Patterson of the division of Inter-American Educational Relations at Washington D. C. gave an outstanding talk on Inter-American Relations. Judge Weaver Baker gave a talk on the training schools at Gatesville and Gainesville, Texas. Homer P. Rainey, president of the University of Texas, spoke on the Juvenile Delinquency in Texas.

Mr. Ginn stated on his return to Friona on Sunday that all the superintendents present reported a great shortage of teachers and a critical need for them. He was the only superintendent from Parmer County who attended the conference this year although all of the superintendents attended last year. He also reported that he had a good trip and that it was of great help to him.

One of the seventh grade students, Betty Louise McLellan, has a new baby sister. She was born on Jan. 7, 1944 and her name is Doris.

Girls' Basketball Schedule

Jan. 21-22 — Dumas Tournament.

There are some open dates that will be announced later.

Are You Making Progress?

Here we are in the first month of another year. Have we made any resolutions? We don't have to write out a long list of resolutions. We can just make up our mind that we will do better this year and the years to come. What's the use of living if one does not improve or better himself. Whether it's school work, respect for elders, courtesy or whatnot, we should try to improve as we go along. Anyone can run along in a rut and it takes no brains.

If we have no high ideals or goals, we will get nowhere, but the fellow who sets up high standards and makes up his mind to meet them is the person who gets places fast. If you think you can't do a thing, you can't.

The person who accomplishes things is well-liked by everyone and is given many more opportunities. Friendliness is something that many people

Eagles Tounce Chiefs In Tight Cage Contest

In the High School Gym last Friday afternoon, Jan. 10, the Friona Chiefs were defeated by the Canyon Eagles in a hard fought battle of basket ball by one point with the final score being 25-24. The Chiefs had a 3 point lead for most of the game with the score at the half being 8-11 in their favor. At the end of the third quarter the score was 18-21 in their favor also. In the last quarter the Chiefs began to hit the basket and scored 8 points to the Chiefs 4 and won by a one point margin.

Trieder was high point man with 12 points to his credit and Reid was second with 6 points. Gordon was high point man for Canyon with 10 points. The Chiefs made an average of 19 per cent of their shots which is an improvement over previous averages.

This was one of the best games that the Chiefs have played this season. Canyon seems to be one of the strongest teams in the district conference and they will be tough competition in the

district tournament which will be held in Dumas on the 18-19 of February. The Chiefs drew the Eagles for the first game. The Chiefs will enter two other tournaments this year also. They are the Olton and Dimmitt Tournaments.

Fourth Grade Teacher Resigns Position Here

School officials announced last week that one of the school's best teachers had resigned. Mrs. John Silvertooth has resigned her position as 4th grade teacher to go to California to join her husband who is employed in a telephone and telegraph company there.

Mrs. Silvertooth has been teaching in Friona Grade School for about three months and has become one of the best liked teachers in Friona. She was an excellent teacher and she will be missed immensely. Her resignation took effect on last Saturday, Jan. 15, and she left for California on Monday.

Her position has not been filled yet and Supt. Ginn stated that he was having a very difficult time finding a teacher.

The second teams also played a game Tuesday night. The Canyon Eagles also won this game by a score of 15-25.

JUNIOR PLAY POSTPONED

Due to bad weather and the basketball season the junior play "Don't Darken My Door," is being postponed indefinitely. It is believed that it will be put on some time in March, but no definite date has been set as yet. The play will be given so watch for the date.

Brothers Enroll At Friona High School

"Friona High is O. K." Not Alexander Pope but Smith Pope said it. If this latter name sounds unfamiliar to you let us introduce you to him. He is one of the two new boys in Friona High, the other is his brother, James Pope. They moved from Poydada here. Smith is taller than his brother, James, and he has a right to be (age you know.) He is a Sophomore while James is yet a freshman. They both have the same favorite sports—basketball and football, and there is no fighting over the control of the radio dial for Fieber McGee and Molly is the radio spotlight for both. Smith may be considered one of the seven workers of Friona High—His favorite subject, of all courses, is Algebra! Several of the faculty members have commented on these two boys' excellent manners in class. They are heartily welcomed to Friona High School.

Chieftain Receives Card From Roy Hart, Former Member of the Staff

Pvt. Roy L. Hart, former student of Friona High School, sent the CHIEFTAIN a lovely Christmas Card which consisted of several pictures of the camp at which he is stationed. Roy was a faithful member of the CHIEFTAIN staff and was inducted into the army in the spring of 1943. He was first sent to Camp Wallace where he stayed for most of the summer and then he was moved to Fort Bliss. We wish to thank Roy for remembering us and we wish him the best of luck for the future.

Where Dirt Collects

Due to the snow and frost, there has been little dirt. It is mostly mud, and that makes it too damp to print! After working on the "Walker Wholesale Grocer" books in bookkeeping class, some of the students were asking for holidays and week-end "flings." Bob Jones and Ouida Shaffer are always together, in the halls, at the basketball games, in the cafeteria, and everywhere. Who's whose shadow?

Dear Uncle John:
I guess you know this is my first letter, but I have enjoyed the paper and my mates' letters very much. The reason I have not is because I've been at sea most of the time, and there is nothing I can tell. "Military Secrets." I'm sending you a poem that some of the fellows and myself have made up. I don't want some of the fellows at home to take this wrong, because you need some of them. And some of them are turned down. So this is to the one's to whom it may concern. Uncle John, there are some of the boys that I would like to get in touch with, so I'm putting my address down. So, until my next leave,
"Fight for Victory,"
Arthur.

We understand that Arthur has felt considerably alone since enlisting in the Navy, and letters from any of his friends in the service will be greatly appreciated by him. His poem follows:
To whom it may concern:
"The Draft Dodger"
I'm writing you this letter, And every word is true, Don't look away 'draft dodger' For it's addressed to you.

You feel at ease from danger, Back in the old Home Town, You cooked up a pitiful story, So the Draft Board turned you down.
You never think of the real men Who leave there, day by day;

You just think of their girl friends You can take while they're away.

You sit and read the papers, You jump up and say, "We'll win."

Just where do you get the "WE" stuff? This war will be won by men.

Just what do you think, "Draft Dodger?" That the U. S. A. would do, If all the men were slackers, And scared to fight, like you?

Well, I guess that's all, Mr. Slacker; I suppose your face is red; America is no place for your kind; And I mean every word I've said.

Ginn Attends State Supt.'s Meeting

On Tuesday, Jan. 4, O. B. Ginn, superintendent of the Friona schools, journeyed to Austin to attend the 11th Annual Mid-Winter Conference of the Texas School Superintendents and Teacher Trainers. The trip was made with another superintendent of a nearby school with both sharing gas and tires to make the trip.

The three day meeting which was held on the 13-15 of January had the following purpose: "To provide opportunity and encouragement for leadership, to re-think and re-shape the program of education in Health, Guidance and Vocational Training, Conservation of Our Natural Resources, Prevention of Juvenile Delinquency, and Inter-American Relations to meet better general emergency and individual community needs."

The programs and meetings were of different variety with some being talks and some being music. The Mission Choral Club gave an excellent program on Thursday evening and on Friday evening a musical program on Latin-American music was presented by Spanish children.

Some very good addresses were given and they gave helpful and interesting information and ideas on the subjects re-

lated with the theme and purpose of the conference. Dr. John C. Patterson of the division of Inter-American Educational Relations at Washington D. C. gave an outstanding talk on Inter-American Relations. Judge Weaver Baker gave a talk on the training schools at Gatesville and Gainsville, Texas. Homer P. Rainey, president of the University of Texas, spoke on the Juvenile Delinquency in Texas.

Mr. Ginn stated on his return to Friona on Sunday that all the superintendents present reported a great shortage of teachers and a critical need for them. He was the only superintendent from Parmer County who attended the conference this year although all of the superintendents attended last year. He also reported that he had a good trip and that it was of great help to him.

Are You Making Progress?

Here we are in the first month of another year. Have we made any resolutions? We don't have to write out a long list of resolutions. We can just make up our mind that we will do better this year and the years to come. What's the use of living if one does not improve or better himself. Whether it's school work, respect for elders, courtesy or whatnot, we should try to improve as we go along. Anyone can run along in a rut and it takes no brains.

If we have no high ideals or goals, we will get nowhere, but the fellow who sets up high standards and makes up his mind to meet them is the person who gets places fast. If you think you can't do a thing, you can't.

The person who accomplishes things is well-liked by everyone and is given many more opportunities. Friendliness is something that many people

Eagles Trounce Chiefs In Tight Cage Contest

In the High School Gym last Friday night, Jan. 10, the Friona Chieftains were defeated by the Canyon Eagles in a hard fought battle of basket ball by one point with the final score being 25-26. The Chiefs had a 3 point lead for most of the game with the score at the half being 8-11 in their favor. At the end of the third quarter the score was 18-21 in their favor also. In the last quarter the Eagles began to hit the basket and scored 8 points to the Chiefs 4 and won by a one point margin.

Trieder was high point man with 12 points to his credit and Reid was second with 6 points. Gordon was high point man for Canyon with 10 points. The Chiefs made an average of 19 per cent of their shots which is an improvement over previous averages.

This was one of the best games that the Chiefs have played this season. Canyon seems to be one of the strongest teams in the district conference and they will be tough competition in the

can improve on. It costs nothing to be cheerful and it constantly gains friends. According to scientific discovery it takes less energy to smile than to frown. So, conserve energy and smile!

Fourth Grade Teacher Resigns Position Here

School officials announced last week that one of the school's best teachers had resigned. Mrs. John Silvertooth has resigned her position as 4th grade teacher to go to California to join her husband who is employed in a telephone and telegraph company there.

Mrs. Silvertooth has been teaching in Friona Grade School for about three months and has become one of the best liked teachers in Friona. She was an excellent teacher and she will be missed immensely. Her resignation took effect on last Saturday, Jan. 15, and she left for California on Monday.

Her position has not been filled yet and Supt. Ginn stated that he was having a very difficult time finding a teacher.

District Tournament which will be held in Dumas on the 18-19 of February. The Chiefs drew the Eagles for the first game. The Chiefs will enter two other tournaments this year also. They are the Olton and Dimmitt Tournaments.

The second teams also played a game Tuesday night. The Canyon Eagles also won this game by a score of 15-25.

JUNIOR PLAY POSTPONED

Due to bad weather and the basketball season the junior play "Don't Darken My Door," is being postponed indefinitely. It is believed that it will be put on some time in March, but no definite date has been set as yet. The play will be given so watch for the date.

Brothers Enroll At Friona High School

"Friona High is O. K." Not Alexander Pope but Smith Pope said it. If this latter name sounds unfamiliar to you let us introduce you to him. He is one of the two new boys in Friona High, the other is his brother, James Pope. They moved from Floydada here. Smith is taller than his brother, James, and he has a right to be (age you know.) He is a Sophomore while James is yet a freshman. They both have the same favorite sports—basketball and football, and there is no fighting over the control of the radio dial for Flibber McGee and Molly is the radio spotlight for both. Smith may be considered one of the seven workers of Friona High—His favorite subject, of all courses, is Algebra! Several of the faculty members have commented on these two boys' excellent manners in class. They are heartily welcomed to Friona High School.

Chieftain Receives Card From Roy Hart, Former Member of the Staff

Pvt. Roy L. Hart, former student of Friona High School, sent the CHIEFTAIN a lovely Christmas Card which consisted of several pictures of the camp at which he is stationed. Roy was a faithful member of the CHIEFTAIN staff and was inducted into the army in the spring of 1943. He was first sent to Camp Wallace where he stayed for most of the summer and then he was moved to Fort Bliss. We wish to thank Roy for remembering us and we wish him the best of luck for the future.

Where Dirt Collects by Ima Rugg

Due to the snow and frost, there has been little dirt. It is mostly mud, and that makes it too damp to print!

After working on the "Walker Wholesale Grocer" books in bookkeeping class, some of the students were asking for holidays and week-end "flings."

Bob Jones and Ouida Shaffer are always together, in the halls, at the basketball games, in the cafeteria, and everywhere. Who's whose shadow?

Camp Maxey, Tex.,
Jan. 13, 1944.

Dear Mr. White:
Just a few lines and I hope everybody is feeling fine at home and around good old Friona. The army finally decided to move me from "Good Old Texas" and I want the Friona Star to follow me, so I will have to ask you to change my address.

Thank you,
Virgil Weis.

The following letter is from P. A. Thompson, S. I.-e. of the Navy. He is a son of Mr. and Mrs. W. O. Thompson of this city. Arthur includes a song that he and his mates have composed. He wants it understood that they are not in anyway referring to any of the

boys in any line of the service, who are manfully doing their part, or to those who have been inducted and later discharged on account of physical disability.—U. J.

Jan. 3, 1944.
Dear Uncle John:

I guess you know this is my first letter, but I have enjoyed the paper and my mates' letters very much. The reason I have not is because I've been at sea most of the time, and there is nothing I can tell. "Military Secrets." I'm sending you a poem that some of the fellows and myself have made up. I don't want some of the fellows at home to take this wrong, because you need some of them. And some of them are turned down. So this is to the one's to whom it may concern. Uncle John, there are some of the boys that I would like to get in touch with, so I'm putting my address down. So, until my next leave,

"Fight for Victory,"
Arthur.

We understand that Arthur has felt considerably alone since enlisting in the Navy, and letters from any of his friends in the service will be greatly appreciated by him.

His poem follows:

To whom it may concern:
"The Draft Dodger"
I'm writing you this letter,
And every word is true,
Don't look away 'draft dodger'
For it's addressed to you.

You feel at ease from danger,
Back in the old Home Town,
You cooked up a pitiful story,
So the Draft Board turned you down.

You never think of the real men
Who leave there, day by day;

You just think of their girl friends
You can take while they're away.

You sit and read the papers,
You jump up and say, "We'll win."

Just where do you get the "WE" stuff?
This war will be won by men.

Just what do you think, "Draft Dodger?"
That the U. S. A. would do,
If all the men were slackers,
And seared to fight, like you?

Well, I guess that's all, Mr. Slacker;
I suppose your face is red;
America is no place for your kind;
And I mean every word I've said.
