

Better Jr. Stock Show Next Week Forecast

Floyd county junior livestock boys and girls representing the 4-H clubs and FFA organizations of the county, are grooming their fat stock to a fine finish for the annual spring live stock show here Wednesday and Thursday of next week, and the auction sale which will follow on Thursday afternoon.

The youthful exhibitors, with increasing experience in showmanship and handling live stock, are expected to stage a competitive show that will exceed any of recent years.

Exact figures on the number of animals to be entered in the show are not available. However, it is known the beef classes will be larger than last year.

Only fat animals will be shown and even these will have to pass under the scrutinizing eyes of a sifting committee. Three classes of young female animals will be shown, an open gilt class, an open heifer class under two years of age, and a ewe lamb class.

Breeding stock, including bulls, bucks and boars will have their day at the fall show when the county fair is staged in September.

Other interesting changes in the plans for the 1955 fat stock show include a class for calves (that will

Third Floor Steel was hoisted last week-end as the First Baptist church educational unit continued to go up on South Main street, adjacent to the church auditorium. The giant machine of the Irwin brothers, steel erectors, lifted the last piece of steel into place Thursday. Present prospect is that the unit will be finished ready for occupancy about May 15.

ONE CANDIDATE ON CITY LIST

With a Saturday night deadline for getting names on the city ballot there had been only one candidate filed for a city office as late as noon yesterday.

This was Mayor J. A. Patterson, who filed as a candidate to succeed himself.

In addition to the mayor's place, all five council places are also to be filled.

show for prizes) that have been bought by the boys for next year's competition.

Also the sheep classes have been divided to give both fine wool and coarse wool sheep exhibitors a better chance to get recognition. Crossbred sheep are also listed in a class.

Cash prizes for the exhibitors will total \$225. In addition 95 ribbons and four rosettes are to be distributed, the latter furnished by Fuyqua Farm Supply. Showmanship will be stressed this year, the only trophies to be distributed to be for the showmanship winners in each of the beef, swine and sheep divisions. The trophies are on hand, furnished by the Wagon Wheel western wear store.

Farm Bureau Will Be Hosts

Highlighting Thursday's activities, the second day of the show, the 4-H and FFA exhibitors, the officials of the show and the judges will be guests of the Floyd County Farm Bureau at a luncheon at noon. About 125 persons are expected for the dinner.

Firms which have furnished the cash prizes for the exhibitors are King Tractor & Motor, Floydada Drug Co., K. Crouch Motors, J. G. Wood and O. M. Watson real estate, Clark's Cleaners, Sparks Conoco Service Station, Solomon Jewelry, Goen Drug, Normans 5c to 10c Store, Ernest Carter Insurance Agency, Wester & Son Grocery, Boren Furniture, Brown-Holmes Insurance, Harmon Funeral Home, Kings 5-10 & 25c store.

Stanley Anderson and L. M. Hardgrove, of Texas Tech, will judge the show. Hardgrove will judge sheep and hogs Wednesday morning and Anderson the beef cattle Thursday morning.

County agent Ollie Limer, Bill Gunter and Gene Barnett of Hale county have consented to serve as the sifting committee this year.

The auctioneer for the Thursday afternoon sale will be Col. Jerry Gamblin of Lubbock Auction Company. Fess Whitfill will be show veterinarian.

At last year's sale the junior livestock men sold 18 fat calves, 37 head of hogs and 32 sheep through the ring, and were paid a total of \$10,578.03.

Doyle Mount will be general superintendent of the show, with Bill G. Rodgers as his assistant and secretary. Other officials of the show including several stockmen prominent in the industry include H. G. Barber, James Carroll and M. L. Brewer of the vocational agricultural schools, Chester Mitchell, Bill Beedy, W. E. Bursleson, Bill Norman, Dean Walls, R. C. Mitchell, Marvin Shurbet, E. L. Turner, Ernest Lee Thomas, Ray Smith, Olin Bryant, Jack Johnson, C. O. Spence, Bill Colston and F. L. Montandon.

The committee on showmanship awards will be Jack Stansell, Bill Goode and F. L. Montandon. Floydada Chamber of Commerce and County Board of Development, the Extension Service and Vocational agriculture departments are show sponsors.

Celebrates 83rd Birthday

Although February 29 was not around this year, N. A. Armstrong celebrated his eighty-third birthday just the same. Many friends called Monday.

New Sky-Line The environs of the city hall has a new look in the sky-line. The new elevated storage tank standing adjacent to the old, nears completion as the tiny-appearing men crawl over its surface giving it final touches before inspection, the final test and the painter. The bottom of the new tank is higher than the full water level in the old. The city put nearly five times as much money in the ground as the big tank represents in the expansion of the sewer and water system.

Statement Clarifies Tax For Road Bonds

In a signed statement this week, intended for county-wide consideration, the Commissioners court of Floyd county announced themselves in favor of the \$300,000 road bond issue, on which taxpaying voters will pass in an election Saturday, March 26.

The statement was issued principally to clarify the matter of the levy that would have to be made.

The bond issue is needed before the county can undertake to finance the purchase of right-of-way for a four-lane route on U.S. Highway 70 from the Hale county line to the Motley county line and the widening of U.S. Highway 62 from Floydada to the Crosby county line.

The State Highway Commission last summer proposed a road-building program on the two routes that would modernize both at an estimated cost of \$1,800,000. The first project—on Floydada to the Hale county line—would be undertaken this year, the Commissioners Court was told. Highway Commissioner Marshall Formby said he considers the modernization of the roads in this county the next logical step in the highway program of the area.

An estimate of the cost of the right-of-way, made last fall, is \$300,000. The court told the highway officials the county did not have any regular tax source from which this much money could be obtained. They accepted the proposal, however, subject to the approval of the taxpayers of a bond issue that would raise the money to foot the bill.

Vote on the measure, taken at the general election on November 2, did not bring out a heavy vote, but

the issue, requiring a two-thirds majority, failed by 135 votes.

In their statement of the week the members of the court said the cost to the owner of a quarter section of land, based on 1954 valuations, would be \$3.65 per year. The owner of a 1954 Ford or Chevrolet car would pay a tax of 86

cents per year for 15 years, based on 1954 valuations. A 19-cent tax levy would have to be made. This would increase the total county tax rate from \$1.28 to \$1.47.

The court has announced that 15-year bonds will be issued to meet the debt and retire it, if the voters pass favorably on the measure.

Floydada School System Ready For Inspection of the Public

Floyd county schools are set to open their doors and show their work to the public next week. Occasion for the open house is the observance of Texas fifth annual public schools week between the dates of March 7 and 12. School patrons are invited to visit the schools and see what is being done in the school system.

In Floydada I. T. Graves, superintendent of schools, announced Thursday, March 10, would be the big day when special preparations would be made to accommodate the large number of visitors expected. At 2:15 in the afternoon both Andrews ward and North ward will hold open house. Student work will be displayed, visitors can sit in on class discussions and will be free to ask questions.

Musical program at the high school auditorium will get underway at 7:30 p. m. and immediately preceding this rooms will be open to display work of the high school students.

Most Schools Join Move County school superintendent Clarence Guffee said Monday most of the rural schools will have

special programs for the week. Time and place will be announced at each school. Visitors will be welcome throughout the week.

At Lockney Superintendent W. C. Irons announced in the Beacon last week a schedule for Monday, March 7, through Thursday, March 10, when individuals and special groups will be invited to visit the schools and eat at the school cafeteria. Members of the clubs and lodge groups and individuals are asked to make reservations for the meals before 9 a. m. and will pay the regular school price for lunches.

The Texas citizens committee on the observance of public schools week which has assisted in laying plans for the annual event here is headed by J. M. Wilson, jr. Other committeemen are I. T. Graves, A. W. Coltharp, Henry Barber, A. T. Hull, B. A. Robertson, C. L. Minor, Jr., G. E. Mayo, C. T. Hollums, Wayne Russell, and Jim Morrison.

Objective of the committee is to acquaint all our people with the programs and accomplishments of our public educational system. Their slogan is: "Texas Public Schools — Democracy in Action."

Tom B. Simmons, Leader In Cotton Industry, Passes

Tom B. Simmons, 73, of Quanah, died shortly before midnight Wednesday of last week after a lingering illness at his home. Leader in the cotton ginning and cotton seed crushing industry he was also vice-president and general manager of the Quanah Cotton Oil company and had been associated with the firm for more than 50 years.

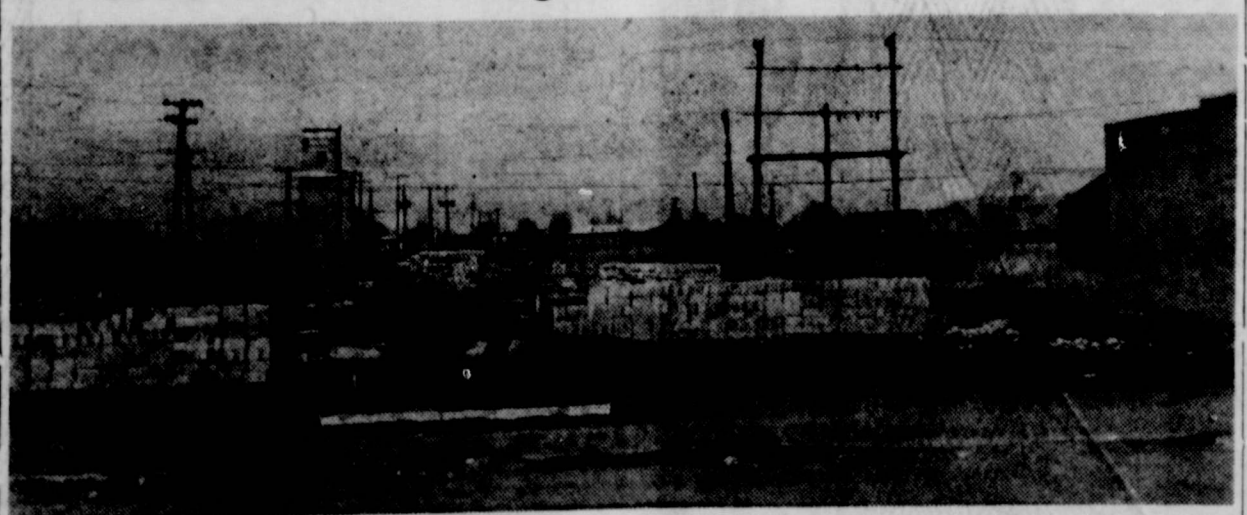

Mr. Simmons' organization is owner of Scott Gin in Floydada.

Requiem Mass for Simmons was said in the Catholic church in Quanah Friday morning, with graveside rites conducted in Lubbock in the afternoon. Rev. Bertrand Roberts of St. Elizabeth Catholic church officiated.

Survivors include the wife, one son, Tom Simmons, jr., Lubbock, and one daughter, Mrs. Jack Henry, also of Lubbock, two sisters and two brothers.

John Gray, manager of Scott Gin, S. L. Holmes and L. O. Ferguson attended rites for Mr. Simmons.

Where Foundation is Being Laid for New Implement Building

Walls of the S. J. Latta implement building, plans for which were announced three weeks ago, will begin to go up in the course of a few days, the above picture indicates. On the East Missouri street site are ditches where foundation work already begun, with reinforcing, wall materials and steel shown on the ground. The view looks north from mid-street in the 200 block, with the Kimball elevator in the background. S. R. Duncan is the contractor. The new building will house the M-M agency, which is to move from the east side of the square sometime in the spring.

Irrigation Men To Hear Talks On Maintenance

Melvin Henry, manager of the Lighthouse Electric Cooperative said this week the irrigation machinery maintenance school next Saturday (March 5) at Lockney high school auditorium will bring to the county some of the most capable engineers in the area to present suggestions on handling pumps, motors and switches.

The suggestions to be made will cover a wide range of procedures to insure greater safety, lower costs and simplify operating problems.

The sessions will open at 9:30. Lee Rushing, president of the coop board of directors, will preside.

Among the speakers named for the day are Herb Vendrick and H. H. Bryant, apparatus engineers of Amarillo, also Ralph Wood pump engineer of Brownfield, Missouri, John Shanklin, REA agricultural engineer and Robert Rurmand, Extension Service specialist.

The program will end with a question and answer period at 3 o'clock in the afternoon.

Henry hopes to have a big attendance of irrigation farmers at the meeting.

Lay Foundation At P. O. Site

A working crew of the Killingsworth Construction Company began foundation work at the site of the new post office building in the 200 block of West California street Monday of this week. Yesterday pouring concrete began.

Clement B. McDonald, who is erecting the building to house the post office as well as Southwestern Public Service Company's Floydada office, foresees the probability that the tenants will move into the building June 1.

In addition to the general contract held by Killingsworth, the plumbing contractor is Edmiston Plumbing & Heating Company, and the air conditioning was awarded Hammond Sheet Metal. The electrical contract had not been let as late as noon Wednesday.

Quarters of the post office will take up 3,000 square feet of space in a room 37½ feet by 87 feet, with gravel parking area in the rear. The Public Service Quarters will be 25 by 87 feet.

A change made at the last minute increased the thickness of the walls for the building to 12 inches.

The interior arrangement of the post office has been blue printed to give a lobby 14 feet deep, arranged so that general delivery patrons and other patrons will not be in the way of each other. Fluorescent lighting and incandescent lighting will be combined to illuminate the post office. Non-glare glass and a Roman brick front will be used.

Silverton Girls Go To Regional

Silverton basketball girls mastered the McAdoo girls in Graves gym Tuesday night to become eligible for the regional Class B girls basketball tournament at Canyon this week-end.

The game between the two was never close. Silverton took a 14-6 first quarter bulge and ran the advantage up to 31-9 at the half. The winners coasted the last half. Pat Reddin scored 31 points to lead the Silverton girls past McAdoo.

Gay Lyn Calloway, outstanding Silverton guard, was forced out of action in the third quarter with a sprained ankle and Coach Runt Burch said that he feared she might be lost for regional play.

1955 Official Highway Map Is Available Now

AUSTIN, Texas—A special accordion wrap-around fold has been developed and is one of the features of the 1955 Official Texas Travel Map which is being published today, it was announced in Austin by D. C. Greer, State Highway Engineer. The old wheeze about needing another map as a guide for refolding an opened travel map is not true of the Texas map, he pointed out.

In addition to the simpler folding used, the map is also easier to read than ever before. The rapid growth of the Texas Highway System has presented more of a problem each year in preparing the map. The system has been growing at the rate of about 3,000 miles a year, he said, and space must be found somehow for this additional mileage. Most of the topographical relief has been taken off this year, so that more essential information may be read easily and quickly.

"The map can also be truly considered a Texas production," Greer went on to say, "since the paper is made in East Texas from Texas trees, and the map is printed right here in Texas, too." The colored pictorial side of the map this year features events and state scenes of general interest, and emphasizes the fact that regardless of what you want to see, it's in Texas, Greer stated.

One-half million copies of the 1954 map were distributed to travelers last year. Requests were almost equally divided between out-of-state tourists and Texans, Greer said.

In addition to being distributed by the Austin Office and the Highway Department's 23 district offices, the maps are distributed through the seven Highway Travel Information Bureaus on the state's borders, and are sent to those who return a special map card which they can obtain when purchasing license plates.

Doyle Grundy, a senior, presented a trumpet solo and Bobby Rainer, junior, gave a saxophone solo. The band received approximately \$45 in door sales.

News of Harmony

(By Mrs. Mather Carr)

HARMONY, March 1—Mr. and Mrs. Carrick Snodgrass returned home last week from New York where they attended an R.E.A. meeting. Mrs. Snodgrass was not feeling well when she returned home but is improved at present time.

Guests in the Mather Carr home Tuesday of last week were Wesley Carr and Mr. and Mrs. Chloma Williams. This being Wesley's birthday his mother had them for dinner, as his wife and sons could not be at home.

Mmes. Marvin Smith, R. B. Gary, Loyce Turner, Sherwood Ramsey, Chloma Williams served the Lions club dinner at Petersburg Wednesday. This is our W. S. C. S. society who helped serve the Lions and we are happy to have this privilege to serve them.

The club met Thursday evening at two o'clock at the club room with Mrs. Chloma Williams as hostess. The meeting was called to order by the president, Mrs. Zant Scott. Roll call was answered with a superstition. Following the business was the program. Mrs. E. W. Turner gave a report on garden hints, Mrs. Chloma Williams gave a demonstration on fruit whips which were prune, apricot and strawberry. The hostess served sandwiches, cookies and coffee to 24 members and some children. Recreation was led by Mrs. Loyce Turner.

Rev. Krebs and wife, Mmes. M. D. Ramsey, Marvin Smith, Everett Miller, and Sherwood Ramsey attended the week of prayer meeting at Petersburg Friday. They report this was a good meeting. Rev. Krebs joined the ministerial alliance at Petersburg Friday.

Mr. and Mrs. R. B. Gary spent the week-end in El Paso as guests of their granddaughter and husband, Mr. and Mrs. H. Nelson.

Mr. and Mrs. Wes Carpenter were guests in the Mather Carr home for a while Saturday morning. They were on their way to Plainview on business.

Mr. and Mrs. Fred Byerly of Muleshoe spent the week-end in the E. W. Turner home. They attended services at the chapel Sunday morning.

Rev. Krebs preached both morning and night at the chapel. If you want to hear some good sermons come out and listen to Bro. Krebs. We had a wonderful service Sunday morning. Had five additions to the church. Those who joined were Mrs. Ted Rutherford, Patricia and Ronnie Tucker, Dwana Beth Scott and Charles Krebs. We welcome these folks into our church and hope to help them in all that we can.

Mr. and Mrs. Chloma Williams and children went to Amarillo Sunday to visit a brother-in-law who was injured some weeks ago. He is improving.

Mr. and Mrs. Floyd Trowbridge were hosts Sunday for a birthday dinner in honor of her father W. C. Clubb of Petersburg. Guests were Messrs. and Mesdames Albert Clubb and sons of Lubbock, Harry Hungate of Canyon, Charles B. Smith, Mrs. Branham Payne and Steve Trowbridge.

Crop Help Disaster

otton farmers in Floyd beginning to sign up for their investment in the year's cotton crop. At this time, the crop is in a hazardous position. The FIC agent, said a farmer provides the farmer a level of security at his cotton cropping. In the absence of this, the farmer stands to lose his crop if disaster strikes. The farmer's policy is the same government insurance that protects your home or your car. It is a most important insurance for most of that pays for most of that the farmer believes it should have.

Practic Teaches Nature Can

ctors believe in the idea of clearing the mysteries of nature and in teaching the fullest possible understanding of the care of the body. Their basic principle is that the primary cause of disease is within the body, and on the outside, the body is designed to heal itself, has better accepted and appreciated by the people. Many other concepts of disease, Chiropractors explain that they do not "cure" disease, but rather they help the body to correct itself. They believe that the correction of faults and re-establishment of normal transmission of nerve impulses, will help the body to restore itself. In other words, Chiropractic holds that "only the body can heal," and it aims to help the body to a more natural state can have and.

HOME CALLS BY APPOINTMENT.

If we ever really want to catch up on hometown news we think we'll move away. Several of our friends have tried this with great success.

One of them wasn't interested in anyone when she lived here but a handful of her personal friends. She never courted gossip, never heard any. She prided herself on not knowing what those outside her small circle thought or did. Then she moved away. On her semi-annual visits home, she sees the same little group of friends. They, meanwhile, have forgot her likes and dislikes, chatter happily about everything. She moves from home to home, picking up news as she goes. By the time she's an authority in town three days, she's an authority on strangers, acquaintances, and friends.

Another, a born tale-carrier, moved away fifteen years ago, comes back once in three years. She hasn't mislaid a single morsel of talk in half a generation. She drags these skeletons out of her well-stored memory and makes them dance. The local girls feel as if they're picking up news from her! A third kept her counsel when she lived here, keeps her counsel still. She is everyone's confidante — they know she won't tell. Locked in her memory are treasures of heartbreak and happiness, with which she compares today's notes and foibles of her friends.

Indifferent, eager, interested — we can take our pick. But like we said, if we ever want to catch up on what's happening in the hometown, we think we'll move away.

Baker Community To Name Officers

There will be a meeting Saturday night, March 5, at 7 o'clock at the Baker community center. At this time an election of officers will be held. All members are urged to be present at this meeting.

FHA Girls Envy Cafeteria Party

(By Ann Jones)
An FHA party was held last Thursday, February 24, in the High School cafeteria at 7:30 p. m.

It was a costume party. Refreshments of punch and cookies were served and games played. The group sang several songs in unison.

We wish to thank Mrs. Emmons and the refreshment committee and entertainment committee for this party.

Several attended and we hope next time all will be there.

Girls Plan Trip
The FHA girls of Floydada plan a trip to Amarillo for their annual meeting which was held at Canyon last year.

The meeting will take place at the high school, Saturday, March 5.

This is to be a business meeting, entertainment and fun for all. Joy Porter is to represent us in entertainment at the session, she will sing accompanied by Carolyn Downing.

There is to be a lunch served in the cafeteria at the high school and an hour of free time before returning home.

Lakeview News

(By M. S. D. C. Harrison)

LAKEVIEW, Mar. 1—The community party entertainment held at the school auditorium Friday night was well attended not only by people of this community but by people of the adjoining communities.

The program committee was some what surprised but indeed happy and proud when we found so much talent in the community. We think it was one of the nicest events that has taken place in quite some time and to discover the good singers, piano players and comedians. The program was arranged as follows:

Two harmonica solos by Charles Johnson, piano solo by Earl Edwards, jr., a trio by Earl Edwards, jr., and Mr. and Mrs. Jimmie Price with Mrs. Edwards at the piano, a solo by Mrs. Jimmie Price also by Mr. Price with Mrs. Edwards at the piano, songs by Bill and Chick Owens with Bill playing the guitar;

Two solos by Dale Smith with Mrs. Earl Edwards, jr., at the piano, two solos by Fay Hart with Mrs. Hart at the piano and piano solos by each of these: Misses Scarlett Smith, Freda Smith, Charlene and Cleta Sue Wright and a skit by Mrs. Earl Edwards, jr., and Mrs. Roy Fawver.

This concluded our local talent show. To make a good program better, Bill Powell and his East Plains Playboys took over the western hill-billy and popular tunes that the audience enjoyed for over an hour. We wish all these boys from Crosbytown great success and will furnish more of this good music some time soon.

Cecil Johnson, Warner Johnson, W. C. Brister of Corpus Christi and R. L. Johnson left last Thursday for points in Oklahoma. Mrs. Cecil Johnson is staying with Mrs. R. L. Johnson while their husbands are away.

C. T. Morrison, A. L. Smith and Shorty Morrison of Ralls are in Arkansas and Missouri this week.

Choice Smith had friends from Crosbytown visiting him Saturday and Sunday. They were Ray Garrison, Wayne J. Parker and Mickie Cooper.

Mr. and Mrs. Weldon Hammonds and family moved to their home on the four sections this week. They have been living in the Baptist church parsonage at Lakeview for the past few years.

Mrs. Bird Oats of Lubbock visited Mr. and Mrs. A. L. Smith and family last week. Mrs. Smith visited in Lubbock with her mother, Mrs. Oats Tuesday.

Mr. and Mrs. Wayne Allen of Lubbock were guests of Mr. and Mrs. John Wimberly and family Sunday night.

Lale Owens of Yuma, Arizona, is here for an indefinite stay with his parents, Mr. and Mrs. Jim Owens and family.

Mr. and Mrs. D. C. Harrison went to Big Springs Monday on business. Visitors in the R. H. Peel home over the week-end were Mr. and Mrs. B. L. Breed, Mrs. Roy Fawver, Mr. and Mrs. Grayson, Mr. and Mrs. Tom Ball and James Rue of Lubbock. Mr. and Mrs. Peel visited Mr. and Mrs. Charlie Battey Sunday afternoon and were in Crosbytown Monday visiting.

Mr. and Mrs. Lewis Pyle had as their guests over the week-end relatives from Thalia.

H.D. Club To Meet
The Home Demonstration club will meet Thursday, March 3, with Mrs. R. L. Nichols as hostess. Miss Lella Petty will be present and give a demonstration on records and health. Meeting time will be at 2:30 p. m.

Mr. and Mrs. Jim Owens visited with Mr. and Mrs. R. L. Nichols Monday night. Mr. and Mrs. Owens brought a record in which George Owens, their son who lives in Yuma, Arizona, plays and does all the singing for their band that consists of four players. Mrs. Nichols states that George did a wonderful job of singing.

Nancy Nichols spent Sunday and Sunday night with her grandparents Mr. and Mrs. R. L. Nichols.

Mr. and Mrs. Homer Newberry and daughters visited Sunday with Mrs. H. L. Newberry and family and Mrs. J. L. Newberry in Floydada.

Mrs. Homer Newberry spent last Friday in Lubbock.

Visitors in the Warner Johnson home over the week-end were Mr. and Mrs. Barry Brister of San An-

gelo on Sunday night and Mrs. R. L. Johnson and Cecil Johnson.

Mr. and Mrs. Fred Claude spent Friday with her parents, Mr. Fred Jones and Mrs. Sunday guests of Mrs. Jones.

Mr. and Mrs. Homer and Mr. and Mrs. Fred proud owners of Mrs. H. J. Nelson turned on fell but is now up and feel more now Mr. and Nelson spent Sunday in home.

County-Wide Session Is Held
The County wide 4-H clubbers met at 7:30 Monday evening at the business session and dinner. What new members came to the meeting were enjoyed.

Bobby Green presented their agent, Lella Petty with a "going away" card.

Those attending included agent Bill Rodgers, Mrs. Ken Swanner, David man Brins, Gary my Moore, Gene Teague, Carolyn Huckabay, Sue Marquis, Darlene nie Jenkins, Lowell Nixon, Bobby Green Milton.

Stockman Drops Injunction Suit

DALLAS—By agreement of both sides an injunction suit against the Federal Government by Bernard B. Carter, Amarillo farmer-stockman, was dismissed here by U.S. Judge W. H. Atwell.

Earle B. Mayfield, jr., Carter's attorney, told the judge that Carter and the government have about agreed on the amount of back taxes and penalties Carter owes. And Carter will get an \$85,000 loan on an 8,000-acre ranch in Reagan said Mayfield.

Carter sued for the injunction against the government's planned sale of the ranch. The government had liens on the property for the \$100,000 in back taxes and penalties which it said he owed. Mayfield said the ranch's mineral rights are worth at least \$407,000, and that's why Carter wanted to stop the sale.

Busted Water Line Adds Up to 2-Day Fishing Expedition

A busted water line at Curley's Cafe resulted in a nice vacation and fishing trip last Friday for the owner and his family.

Water was noticed seeping out from under the building during the day and a plumber discovered the cause. However the reason the water line began pouring water was not known, and before long the Cafe was sitting in a little river. The city water department used a pumping machine to keep the flow of water from the building.

All in all, Curley decided that this would be the perfect time for a fishing trip. So he closed the cafe, gave his employees a two-day leave of absence and he with the Missus and daughter, Kay and her friend, Mary Newberry left for Lake Diversion. They returned home Sunday and the cafe was open for business on Monday.

FFA Boys Exhibit At Amarillo Show

The annual Amarillo Fat Stock Show was the scene for several Floydada F. F. A. boys to show their livestock on Monday.

Don Chester of South Plains took 2nd place in the Heavy Poland China division.

Other boys entering were Rex Lackey, Hampshire division; Randal Jones, Duroc Jersey division; Newton Davenport, Hampshire division; Keith Reeves, Poland China division.

Dennis Whitfill, Larry Stewart, Newton Davenport will be the FFA grass judging team. Floydada F. F. A. will also have a livestock judging team which has not been picked at this time.

June In March Is Current Weather

It looks as if June had hit the Plains early this year. March is still a winter month and it isn't too late for a wintry blizzard yet, but for now the weather calls for more of the same as has been the past few days.

Pioneer Gas Company reported a high of 75 on Monday, 76 on Tuesday and at noon Wednesday the temperature was already at a warm 74 and expected to go higher. The low for the week was Tuesday morning with a 28 degree reading.

Most farmers are taking advantage of the June-like weather and are irrigating. Housewives with a green thumb are seen out already getting their yards and garden spots in condition for the summer months ahead.

The K. Terrell family last week moved to Plainview, after making their residence in Floydada for several years. Mr. Terrell has disposed of his farm here and more recently his residence in west Floydada, which he sold to Walter Hollums. Mr. Terrell has moved his stockfarming operations to South Dakota.

Mr. and Mrs. J. J. Henington of Anchorage, Alaska, left Monday after spending a month here visiting his sister, Mrs. W. H. Finley and other relatives in Floydada. Plainview, Amarillo and Denver City.

FOR URANIUM PROSPECTORS

AUSTIN, Texas—A circular on uranium prospecting in Texas is available through the University of Texas Bureau of Economic Geology and State General Land Office.

The two agencies published the bulletin because of many inquiries about uranium occurrence in Texas and regulations covering prospecting and mining of uranium in the state, University Bureau Director John T. Lonsdale said.

The circular includes discussions of Texas geological provinces from the prospecting standpoint, information sources, and methods of prospecting, assaying and marketing.

Known occurrences of radioactive minerals in Texas are described and shown on a map.

The circular may be obtained from the University Bureau of State General Land Office without charge.

TO THE CITIZENS OF FLOYD COUNTY

On February 14 your commissioners court were presented a petition to call a road bond election in the sum of \$300,000 for the purchase of right-of-way for the widening of Highway 70 from the Motley county line to the Hale county line and for widening Highway 207 from Floydada to the Crosby county line.

This petition bore the signatures of 133 citizens of the county.

After checking the tax rolls and considering the matter the court on February 17 voted unanimously to call the election and set the date for Saturday, March 26, 1955.

For your information, in considering the matter we give the following information:

The taxable valuations of Floyd county for 1954 were \$14,811,200.
The tax rate for 1954 was \$1.28 per \$100 valuation.

To finance a bond issue of \$300,000 to be paid out in 15 years an increase of 19 cents in the tax rate would be necessary. This would increase the tax rate from \$1.28 to \$1.47 per \$100 valuation.

On this basis the increased tax on a quarter section of land would be \$3.65 per year to pay off the bond issue in 15 years. The increase on a Ford or Chevrolet, 1954 model, would be 86 cents per year.

We, the members of the Commissioners Court, are in favor of this bond issue. The county has a favorable record for ability to pay. We hope this information will be valuable to the voters in making up their minds.

Respectfully Presented,

W. E. GRIMES,
County Judge

J. K. HOLMES,

PEOPLE'S FORUM
Logic Of Pioneer Favors Bond Issue

Just a few thoughts by an old man who has continuously made his home in Floyd county since 1887.

I have seen land sell in our county for \$1.00 and even 75c or less per acre and on up to the present \$100.00 to several hundred dollars per acre. Have seen people come here financially broke and become wealthy. Others came here the same way and still others come pretty well fixed financially and leave with nothing or perhaps stay here about the same way. Has depended to a great extent on individuals and circumstances.

Some like myself had such a dread of indebtedness that we let wonderful opportunities pass and a lot of us failed to see the opportunity before too late to grasp it. Some saw the chance and took advantage of it at the proper time and made good. Still others thought they saw how to make big money and tried it only to find that it wasn't what they thought it was, so lost much or perhaps all.

Some failed to realize that if we care for the nickles, dimes, quarters and dollars that the \$10.00 and the \$100.00 will usually care for themselves.

Some Did Well, Some Didn't
 Some saw their relatives or neighbors with better houses, barns furniture, or clothes for themselves and children than they themselves could afford but permitted a spirit of envy and jealousy to enter their hearts and control their actions. Found later that it was much easier to make debts than to pay them off so lost heavily and in some cases lost all. This spirit didn't seem to die completely a generation ago but we see some today who lose their homes or opportunity to own one by giving way to this spirit of false pride because they want to put on a show equal to or better than others.

Perhaps you will say this is none of your business. I suppose that is right but some times I wonder if such is really business at all. No, I don't blame anyone for wanting

things better than they have. I think such is natural and to be commended but are we financially able to make these strides and do we want them for our own family or do we want such to out-do some one else?

Another contrast I have noticed here. Sixty-seven years ago we could take our course in any direction and go without having to follow or cross roads. Very few cow trails those days.

When we came to a rough lake or one filled with water we only had to go around it. Later people began to plow out land so we had to go around such and open gates and go through pastures.

Then came The Lanes
 Further down the line our travel was confined to lanes. These lanes we still had to circle around or build a grade across. Then still later most main roads were graded. Our main highways got real pavement. Then we saw the need for farm to market roads. All this cost a lot but we found by experience that it cost us more to do without.

Most of us furnished without cost the right-of-way. Personally I furnished all the right-of-way for several hundred yards and had a corner of our land cut completely off but feel that we are well paid by having paved roads direct to Floydada, Lockney, Plainview, and Petersburg, and from these points to almost any part of the U. S. A.

Now, we have come to the place that our main highways must have some work done on them and many think the best way to do this is put them in shape to handle the traffic not only at present but for years to come.

Will cost a lot to do this widening and put in proper condition for the present and future needs.

Should Have Reasonable Pay
 Most of those people along the road have donated the right-of-way. I do not believe we should ask them to give again for this extra widening but should have reasonable pay. True, they will be benefited by a better road. So will we each whether resident or transient. So let all of us be reasonable about this matter. None asking too much nor trying to get the land for too little.

Some say if we don't take advantage of this opportunity other counties will get the big help offered. I suppose this is true but as I see it if we improve our roads Motley, Hale and other counties will be encouraged to do likewise. So we will have better and safer roads when out of our own county.

No, I don't like debts, personal or otherwise, but have found times that the only way to carry on reasonably well was to shoulder an obligation and go on with it.

I think this is not so much a case of can we afford to do this but the main question with me can we afford not to do so.

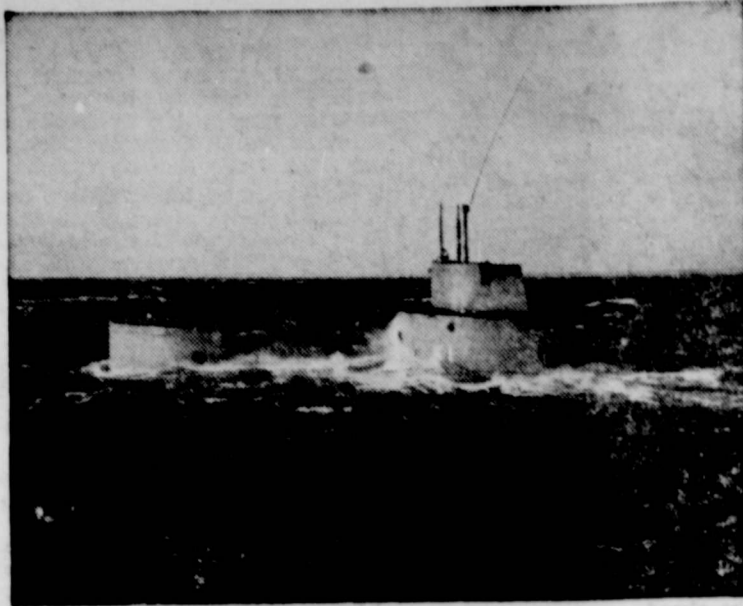

Personally I am not out on the highways much but would like to have as good and as safe a road as possible when I am. No, a divided highway will not eliminate all danger. Fools and drunks will continue to get behind steering wheels and even we might make a mistake but not apt to prove serious with a better road.

Two-Lane Tragedy
 If that road in New Mexico late last year had been more properly constructed that Jones family might have been with us today. We often read or hear of serious occurrences away off yonder and think just too bad, but if it is our neighbor or still closer as in the case of the remaining Jones relations and the Tubbs, that is different.

If a few dollars extra tax paid by me or by you will save a life and especially if that life be a neighbor, close friend or relative or even mine, am I not well paid for those few dollars that it cost me?

When you go to the polls on March 26 think seriously before you vote against the road bond proposition.

If, by these few remarks, some one is constrained to think ser-

South Plains News

(By Mrs. Murray Julian)

SOUTH PLAINS, Feb. 28 — 93 were present at Sunday school Sunday morning. Ten new members were enrolled and many new faces were seen. Mrs. Jinx Taylor and children were among those who were visitors. Mrs. Widener was a visitor in the adult class. Several teen-agers were present and with the regular members were very welcome. The South Plains church will welcome a group of churches on Tuesday for a Week of Prayer program given by the WMU members Sand Hill church will be unable to attend because of illness in their community.

After church Sunday those who went home with Mr. and Mrs. Sim Reeves to have dinner were Rev. and Mrs. Larry Faus, Vassie Beth and Bobbie Faus, and Mr. and Mrs. H. S. Calahan, Jr. and daughters Vickie, Dianne and Cathy.

Friday night Rev. Larry Faus, Mr. and Mrs. Bryan Karr and Mrs. L. T. Wood went to Plainview to take a group of the young people of the church to a skating party. Among those who enjoyed the event were Sue Wilson, Barbara Sue Milton, Yvonne Karr, Kay Taylor, Marilyn Kinnibrugh, Jimmie and Price Pritchett, Bobby Faus, Frankie Jones, June Marble and Juanel Wood.

Miss Virginia Taylor was hostess at a slumber party Tuesday night at the home of her parents, Mr. and Mrs. J. P. Taylor. They enjoyed a supper party and games during the evening. Guests were Winnie Hartman, Bonnie Upton, Betty Blum of Floydada, Juanel Wood and June Marble.

Cub Scout Banquet
 The cub scouts of South Plains celebrated the anniversary of their second year in scouting with a banquet held at the recreation room of the school house Monday night, February 28. Scouts made the place cards, napkins and candle holders. All parents were present with their families except I. H. Parks, who was ill, Shelby Calahan was in Louisiana and Newton Deavenport was in Amarillo attending the stock show. Places were set for fifty guests. Guests of the scouts were Mr. and Mrs. R. G. Dunlap and children, and Ray Howard, scout executive of Plainview. The home demonstration club sponsors the scouts here. Members serving at the banquet Monday night were Mmes. George Weast, Grigsby Milton, Bryan Karr, Frank McClure and Harry Hartman. Master of ceremonies was John Key West. Numbers on the

program included skits by the scouts, short talks by the scout parents and a brief address by Mrs. Dunlap, president of the home demonstration club. The main address was given by Mr. Howard. New officers named were committeemen John Wilson, Murray Julian, Leighton Teeple, and Early Pritchett. Shelby Calahan is cubmaster, with assistant Roy Bledsoe. Den mothers are Mrs. I. H. Parks and Mrs. Shelby Calahan, with assistants named as Mrs. John Wilson and Mrs. John K. West. Thanks go to each one who helped make the banquet such a wonderful one.

Farmers from here who went to Amarillo Tuesday to attend the four hour sorghum support price hearing were Grigsby Milton, Bryan Karr and Kenneth Bean. Whether any good will come from this meeting is not known, but the farmers will send a delegation to Washington to try for higher support prices on their sorghum grains.

Donita Milton and Kendis Julian played in the annual winter Whirlwind Band concert Friday night at the high school auditorium. Many attended from here. The Floydada Whirlwind Band are planning a trip to Sweetwater March 4 where they will compete with about 30 bands in a contest.

Mr. and Mrs. W. Fred Cox from Edmonton, Alberta, Canada, flew here this past week to visit her father and brothers and families. Mr. and Mrs. Jack Smitherman, from Hart, met them at Plainview. They all came to the home of Mr. and Mrs. John Smitherman where they had a family reunion Thursday night. Supper guests were Mr. and Mrs. W. Fred Cox, Mr. and Mrs. Jack Smitherman, P. M. Smitherman and Mr. and Mrs. Ernest Smitherman and Larry. Friday night they were all together again at the home of P. M. Smitherman where they had supper. Saturday the Coxs and P. M. Smitherman went to Dallas and Fort Worth where they will visit the Cox's daughter and family for a few days.

The FFA chapter at Floydada gave a father and son banquet last Tuesday night, February 22, with about fifty sons and fathers attending. Main speaker of the evening was I. T. Graves, superintendent of schools. H. G. Barber and J. M. Carroll, agriculture teacher, presented certificates and ribbons to those who won in the district.

Master of ceremonies was J. E. Waller. The dinner had for its main course fried chicken. Present from here were Harry Hartman and James, Cherry Mullins and Roy Hartman. H. L. Marble and Keith John Wilson and Johnny, Murray Julian and Kindis, John Key West and Winfred and board member, R. G. Dunlap. There are about 3707,000 FFA boys in America today. The organization started

26 years ago in Kansas. A. B. Kerns was taken to the hospital in Lockney Monday of last week suffering with the flu. John Kerns was home with his parents over the past week-end from college at Canyon where he attends West Texas State.

Mr. and Mrs. Frank McClure and guests, their son, Donald McClure and wife, went to El Paso and Juarez, Old Mexico, last Thursday on a sight seeing trip. They returned home Friday. The Donald McClures left for their home in Houston Sunday morning.

Mr. and Mrs. J. A. Kinnibrugh from Vera, and Mr. and Mrs. John Kinnibrugh and Beverly from Gilliland, spent Saturday and Sunday as guests of Mr. and Mrs. Sylvain Kinnibrugh and daughters at South Plains. Sunday Mrs. Kinnibrugh served a birthday dinner to all the guests including Mr. and Mrs. F. M. McCuiston from Ralls, who spent Sunday there. The dinner was in honor of Sylvain's father, J. A. Kinnibrugh.

We are sorry to hear of the sudden passing Sunday night of Mr. Prince Calahan, brother of Mr. H. S. Calahan, Sr., who died at his home near Simsboro, Louisiana. Those who went from here to attend the funeral services were Mr. and Mrs. Zach Cummings, H. S. Calahan, Sr., Shelby Calahan, H. S. Calahan, Jr., and Jack Calahan. Mr. Prince Calahan visited all his relatives here the past summer. We offer our sympathy to the sorrowing family.

Mr. and Mrs. Grigsby Milton and daughters had as their guests to dinner after church Sunday, Mr. and Mrs. Bryan Karr, Yvonne and Elton, who spent the afternoon with them.

Monday night the minister, Rev. Larry Faus, Mrs. Faus and Vassie Beth visited Mr. and Mrs. L. N. Johnson and children and Mr. and Mrs. Thos. Pierce and children of South Plains. Thursday Rev. Faus and family made a business trip to Lubbock.

Garden Hint Topic
 Roll call was answered with superintending by members of the South Plains Home Demonstration Club Wednesday afternoon, February 23, at the home of Mrs. John Wilson. Mrs. Fred Fortenberry was co-hostess. All were very sorry to hear of the resignation of Miss Leila Petty, who gave a good demonstration on Family Spending and Planning. Each family needs a different sort of planning, depending on size and income. Each family also needs to know

where their money is spent, letting each member have a share in the saving and spending of the income. Mrs. H. L. Marble gave garden hints, and it will soon be time to plant early gardens. This year try planting your garden with a week between plantings, so that it will not all be ready for use at once. Mrs. Dunlap gave a splendid report on the week she spent at the recreation school at Kerrville. Mrs. L. T. Wood gave the council report. There will be a tea given in honor of Miss Petty on March 12, at the First Christian Church in Floydada. The next meeting of the club will be in South Plains at the home of Mrs. I. H. Parks, on March 9. The hostess served refreshments of sandwiches, cherry pie and coffee to the following members and guests, Miss Leila Petty, Mrs. Cecil C. Taylor, Mrs. Donald McClure, and Mmes. Roy Bledsoe, J. C. Castle, R. G. Dunlap, M. M. Julian, S. D. Kinnibrugh, H. L. Marble, Bryan Karr, Frank McClure, Grigsby Milton, I. H. Parks, Paul Smitherman, George West, J. K. West, Walter Wood, Bailey, and L. T. Wood. Mrs. Paul Smitherman week to go to Telescopio ham, Texas, where she is for her aged father. The P.T.A. will meet Friday March 4. A program will be sent by the 6, 7, and 8 students and a special for the club scouts.

This meeting is important in the election of officers and present.

playing volleyball. Robert Stovall had an operation on his leg not too long ago, and I on just haven't gotten around to saying anything about it. His cast was taken off recently and he seems to be recovering rapidly.

The band had their annual concert Friday night. It was really a success. Bobby Rainer and Doyle Grundy played excellent solos and did a grand job. Thanks to all you swell people who support our F.H.S. band.

The band is out marching at 8:00 o'clock each morning. We're getting ready to travel down Sweetwater way, Friday, March 4. We will play two concert pieces, "Call of Adventure," and "Men in Gray." We will also put on an exhibition of marching for the judges. When entering on the field we will form a "USA," a cross, and a "P." The "P" will march the entire field. Wish us luck, for we hope to make good.

Daniene Bryant and Bill Fulton, Myrna Webb and Buddy Widener, Joann Swanner and Kirk Slater, Wandell Russell and Virgil Boothe, Carolyn Tye and Fred Marbie are all engaged couples. The best of luck to you all.

There was a big dance, Saturday night, February 19, at the V.F.W. Hall. The dance was paid for by the Freshman boys who didn't even attend. The Senior boys invited the crowd. Couples seen around were Nita Jo Lightfoot and Jack Womack, Sherre Darden and Max Crawford, Joyce Hammonds and Elvis Lowrance, Vanda Carter and Carroll Guthrie, Cheryl Crawford and Jackie Henry, Carolyn Collier and Gene Swanner, Doris Campbell and Gary Cartmel, D'Ann Witkowski and Stanley Vickers, Christine Brints and Jim Bell, Gerry Graves and Jackie Johnson, Pat Helms and Bobby Carmack, Fontaine Fowler and George Chapman and some stags.

Bobby Carmack is moving to town so his house was vacant last Saturday night, February 26. He threw a great big dance and what a time everyone had. In addition to some of the couples already mentioned earlier, Sonja Wilson and Don Barber, Beuna Holmes and Jackie Henry, Nita Jo Lightfoot and Glad Norman were seen.

Oh, yes, Carolyn Collier and Elton Turner, Cheryl Crawford and Johnny West, Gloria Cartmel and Pete Johnson, Nandean Bow and Ken Swanner, D'Lene Witkowski and Waldo Baxter, Gail Clark and J. E. Waller, Jerry Floyd and Jimmy Collins, Wanda Jones and Huck Huckabee, Anne Pinley and Pee Wee Ferguson have been around.

Some of us had a picnic Sunday. Take my advice it's not quite picnic weather yet.

Sue Nelson, you and Don quit this "feuding, fussing and a-fighting." It's not worth it.

4-H CLUB NEWS
(By Ida Trevino)

The Sand Hill 4-H club president called the meeting to order and the 4-H motto was said by the members. The secretary called the roll and read the minutes and then Miss Leila Petty showed some pictures on hand sewing.

Miss Petty presented Elfa Womack a second year pin and papers on garden, sewing and food.

The cast was removed from the arm of Clifford Jones last week and exercises have begun to strengthen it. Dental work is being done this week, relatives said, and the cast on his leg is expected to be removed within two weeks. Clifford is in the Methodist hospital in Lubbock.

Mrs. S. S. Daniel, formerly of Andrews, has moved to Floydada to make her home with a daughter, Mrs. L. L. Clark, Jr., and family.

A. G. Hopkins and daughter, Gail, of Lubbock, were here Saturday visiting his mother, Mrs. E. A. Hopkins, who is ill.

Healthy Increase In Scholastics of Lockney District

A final count on scholastic enumeration in Lockney Independent School District, completed last week, showed a total enrollment of 977, according to a report from Supt. W. C. Irons. This is an increase of 129 over the count for 1954 which was 848.

The colored students enumerated this year total 51 as compared to 21 last year, an increase of 30. White students enumerated this year total 926 as compared to 827 last year, an increase of 99.

Road to McAdoo Will Be Built

Ten miles of new pavement in northeast Crosby county and northwest Dickens will give added outlet for Floyd county towns to the south and east, and will make a hard-surfaced road for McAdoo and east Crosby county people who want to journey to Dougherty, Floydada or other points north.

The work on the draft boards now. Part of the road will be built from the Floyd county resident engineer's office and part from the Childress district office.

The road to be built out of Floydada will run two miles south from the Dougherty road—FM 28—where it will form a tee, one prong extending west two miles to tie into FM 1441 at the old Wake school house corner, and the other prong extend something more than a mile east to the Dickens county line.

The Dickens county part of the road will extend one mile east from the boundary line, thence south five miles to tie into the newly-built hard-surfaced road that runs into McAdoo.

Letting Set For April

Another five miles of road Floyd county people have been interested in getting under way for years is the road tying in east and west between Providence and Lone Star in north Floyd county. This is known officially as FM 788. The plans have been completed and the engineers now expect it to be in the highway commission's batch of April lettings. The road is about five miles long.

Assurance that needed right-of-way will be provided was given the highway department by the Commissioners court this week. The court advised the department that if they are unable to reach agreement with land owners condemnation proceedings will be instituted.

Permit For Radio Station Is Sought

Mrs. Alna Holmes of radio station KFLD in Floydada, will leave Lubbock Saturday by TWA plane for Washington, D. C. Accompanying Mrs. Holmes on the trip will be B. C. Dyes of the Radio radio station, and Mike Leroy of the Muleshoe station.

Mrs. Holmes will remain in Washington until Wednesday of next week where she will appear during that time before the Federal Communications Commission. The board is considering her petition for a radio station at Muleshoe.

Mrs. Holmes will return by plane.

County Provides Nice Dormitory For Women Jurors

Floyd county was better prepared for the change in the state constitution providing for women jury service than some of the other counties of the state.

In the new court house the planners built into the second floor arrangement a jury women's dormitory, which, when the constitutional amendment was passed, the commissioners court only had to fit up to provide comfortable and not unpleasant quarters for women who may be called up for jury service.

In January the commissioners bought six beds for the room, which is just off the petit jury room, with four comfortable easy chairs, a dresser, two portable wardrobes and a drinking fountain.

The large room is equipped for central heating and air-conditioned for the heat of the summer. Adjoining are a lounge and showers.

Good Fire Record Credit 10 per Ct.

Local insurance agencies this week are receiving unofficially the news from their special agents that Floydada is to have a good fire record credit rating once more.

According to these reports the new rating will be effective on April 1.

The credit of 10 percent on gross insurance premiums for risks takes the place of a penalty of 15 percent which has been effective the past year.

G. W. Giesecke, one of the local insurance men, said this week the change from penalty to credit on insurance premiums seems to indicate the town is "getting over" the court house fire.

Highway 70 Group Meet at Muleshoe

Parnell Powell, president of Texas Highway 70 Association, and N. W. Williams, secretary, made a trip to Muleshoe Thursday night to help lay plans for organizing a highway group there.

Powell reported interest high among highway boosters there with more than 75 in attendance at the meeting and supper held at Gerald's cafe. The group heard J. W. McCarty of Portales, New Mexico, who is president of the New Mexico 70 association.

On the trip the Floydada pair stopped in Earth to discuss plans for organizing there.

WORKING ON GAS PLANS

J. K. West, Billy Stanforth, jr., and Billy Stanforth, sr., are in Dallas this week on business to further their plans on the natural gas lines for irrigation wells in Floyd county.

The project is a part of an extension program throughout the county, with others now underway in the Harmony, Lakeview, McCoy, Dougherty, Lone Star and Baker areas.

C of C Banquet Tickets on Sale

Tickets go on sale Monday for the annual Floydada Chamber of Commerce banquet which is set for March 22. Ed Wester heads the ticket sales committee which will contact over 200 members and friends and invite them to the banquet.

The South Plains Community club and South Plains Home Demonstration club will serve the dinner. Mrs. L. T. Wood and Mrs. R. G. Dunlap announced their menu this week of baked ham, green beans, potato salad, apple sauce, fresh relish dish, peach salad, rolls and pecan pie.

Dr. John W. Raley, president of Oklahoma Baptist University will be the speaker. The musical portion of the program will be furnished by Maurice Jones and members of the Floydada high school band.

Chamber of Commerce activities will hit their peak within the next two weeks when two of the chamber's biggest events of the year, the 1955 4-H and PFA Junior Livestock Show and the annual banquet, are scheduled within ten days of each other.

Cubs Celebrate At Big Banquet

"Let Freedom Ring" was the theme for celebrating the 45th birthday of scouting Thursday night when 117 cub families, Den chiefs, and adult leaders, gathered for a banquet in the Andrews Ward lunch room.

The program began with a candle ceremony, in which 18 cubs received advancement in rank, achievements. Three boys became Bobcats, thus becoming new members of the Cubbing family. As the program got along, the Cubs were inspected by the Pack committee for appearance and uniform.

The Floydada Lions club, sponsors of Pack 57, furnished a beautiful decorated cake, which was served to each guest. The Lions also furnished entertainment for the evening by showing "Our Gang" comedy, to the delight of all the children present.

The "stunts" put on by each den were rated excellent by the judges. Den five, under the leadership of Mrs. Jack Kassahn and Mrs. E. R. Rucker, won first place with a negro minstrel number, and Den 1 won second place with a musical number.

Other Den mothers who worked throughout February, and who guided the Cubs through the program were: Mrs. Russel King, Mrs. Alton Goen, Mrs. B. F. Patrick, Mrs. J. J. Hendricks, Mrs. Floyd Fuqua, and Mrs. Charles Horton.

Boy Scouts who are serving as Den Chiefs to assist the Den mothers are Bobby Christian, Ray Walker, Randy Hollums, and Don Garrett.

G. E. Mayo is cubmaster.

RIMMERS HAVE NEW SON

Mr. and Mrs. Kenneth Rimmer are proud parents of a new son born March 1 at Peoples hospital in Floydada.

The young man weighed 7 pounds and 14 ounces and has been named Ronnie Bert. He has a brother, Kenneth Dale, age 11 and sister, LaJuana Ann, age 9.

Both mother and baby are reported to be doing fine at the hospital.

Mr. and Mrs. Glad Snodgrass are home from Mineral Wells, where they spent 19 days at the health resort.

NEW IRRIGATION WELL IS GOOD ONE FOR C. M. MASSIE

Charles M. Massie, who has been hospitalized for the past three years, and is now in Methodist hospital at Lubbock, recently contracted for an irrigation well on a section of land he owns southeast of Floydada four miles.

Last week-end he had a report from his brother, J. M., that the new well is an excellent one.

The land has been operated by P. F. Bertrand for a number of years.

NEWKIRKS HAVE A SON

Mr. and Mrs. W. R. Newkirk have a son born Wednesday night of last week in Plainview hospital. The new baby, weighed five pounds and 15 ounces at birth, has been named Roy Allen. He is the couple's first child. Mr. Newkirk is manager of the meat department at the Powell Grocery and Market.

Mrs. Willard Willis and daughters of Abilene, were here over the week-end, guests of Mrs. Willis' father, George L. Pawwer. Mrs. Willis is a teacher in the Abilene public school system.

Mr. and Mrs. Jew Harkins and family of Crosbyton were here Sunday visiting Mrs. W. B. Jones, a patient in Peoples hospital. Others visiting Mrs. Jones included Mmes. R. F. Hall, Sam Lide, Tifford Taylor, Mrs. Lewis Blum and daughter, Betty, Mr. and Mrs. C. W. Giesecke, Mr. and Mrs. Menard Field and Gordon Downing and Mrs. Downing.

ASSUMES DEPUTY'S DUTIES

Mrs. Truitt Hartsell, the former Fern Patterson, is new deputy tax assessor-collector. Mrs. Hartsell replaces Mrs. A. D. Fultz, who resigned in early February. Mrs. Hartsell's duties began on February 28.

Mrs. Ronald Evans is new receptionist at Kimble Optometric clinic. Mrs. Evans, the former Alvene Reeves, replaced Mrs. Floy Bishop who resigned in February.

CARD OF THANKS

We would like to thank those who expressed sympathy in our recent bereavement. These expressions have been deeply appreciated.

Mrs. S. S. Daniel and children.

KEEPS 'EM ROLLING

The tubeless tire, biggest news in the rubber industry since the development of balloon tires 33 years ago, will be standard equipment on most 1955 automobiles. Tests show the new tire gives blow-out protection, and practically eliminates the need for changing tires along the road. When the casing is injured, it goes flat gradually, carrying your car along as much as eight miles before all the air is lost. This development was made possible by oil-derived rubber. Former efforts to manufacture tubeless tires failed mainly because natural rubber was too porous. Made to fit all passenger tires, the tubeless tires are also being used experimentally on planes, tractors, earth movers, and even wheelbarrows. Developments like this emphasize the huge job the industry faces in keeping up with the increasing demands for petroleum products.

COWS EAT POISON

Helena, Mont. — After breaking into an old shed on Peter Suta's ranch, 70 cows ate some saw dust stored there. Thirty-five of the cows died. Suta said arsenic had been mixed with the sawdust some twenty years ago to be used as grasshopper bait.

Mr. and Mrs. Ken Walker of Clovis, New Mexico, were guests of Mr. and Mrs. L. T. Hickerson and Mr. and Mrs. Buck Hickerson here Sunday.

Mrs. Kenneth Ring mother, Mrs. J. W. Ring, had been taken to hospital there in critical condition following...

Louis Reddy and Dan... were in Austin this past week-end in Fort Worth visiting old school mates.

Mr. and Mrs. Will... the week-end in Fort Worth and Clifton, Texas.

Mr. and Mrs. O. M. Watson visited Sunday in... Mr. Watson's nephew, son and family.

Mrs. Ray Cook is said to be in this week after... ever stay there a while.

McMurry College Lectures Are for Week of March 6 to 11

(Sp.)—An outstanding theology, and the past the ten largest Methodist congregations in the nation, began preaching at the age of 14. He has chosen "Unshaken Foundations in a Shaking World" as his general theme.

Dr. Copeland will draw his six lectures from the teachings of I and II Timothy, aiming them at the two major segments of the lecture-audience—ministers and students.

Established in 1946

The Willson Lectures were established and endowed for McMurry College by J. M. Willson, Floydada businessman. In 1946, Willson and his family set up a perpetual endowment fund for three Texas Colleges—McMurry, Texas Wesleyan and Texas Technological College.

In 1950, West Texas State College and Southwestern University received similar gifts, and in 1952, Oklahoma City University was awarded a Willson Lectureship.

Interest from the endowment funds is used for annual lectures at each of the six colleges on the general theme of "Science or Technology, and Religion."

Religious leaders of all denominations who have directed their thinking and preaching along these lines are engaged as speakers. The lectures, pointed primarily toward college students and faculty members, are always open to the public. Many of the Willson Lectures have been published in book form.

Willson, chairman of the McMurry board of trustees, received his college degree from Southwestern University in 1912. He holds the honorary LL.D. degree from Texas Wesleyan College. Willson is a veteran of service in World War I, and he is a past president of the West Texas Chamber of Commerce.

Car Registration Office is Opened

Frank Dodson began the registration of motor vehicles in Lockney at the "Whitey" Bacon Motor Co. Tuesday, announced T. T. Hamilton, assessor-collector of taxes for Floyd county.

Mr. Dodson will maintain the registration office through the month of March. New tags must be on all vehicles by April.

Passenger car numbers to be sold are BC3000 to BC4050, Mr. Hamilton said. Farm trucks numbers are 5D7200 to 5D7500.

It will be necessary for the vehicle owner to bring his 1954 registration receipt and his certificate of title with him to secure his 1955 tags.

LAFAYETTE, La.—The Louisiana National Guard boasts the only American-born, French-speaking battalion in the U. S. Army.

Second Battalion, 156th Infantry Regiment, is Cajun French to the man—and proud of it. With true military courtesy, they speak English when outsiders are present, but revert to the French of their childhood when among themselves.

Battalion rolls read like a French telephone directory—Broussard, Cormier, Dronet, Guidry, Fusilier, Herbert, Hural, Landry, Lattialais, LeBlanc, Patin, Vuillmot.

But for all that, the battalion is as American as apple pie. Their French names were known along the bayous before there was a U. S.

NEW MERCURY WINS RAVE REVIEWS FROM AMERICA'S TOP AUTO EDITORS

"In my book, the 1955 Mercury Montclair is the best-looking car made in America regardless of price... The '55 Mercurys have nearly everything—looks, top performance and roadability."
TOM McCAHILL
True Magazine's "Automobile Yearbook"

"On looks, (Mercury) is sleek enough to draw whistles... a doozy to drive—quick, smooth, and sure-footed. It is the kind of car you would want as a good companion on a long, fast trip."
FRANK ROWSOME, JR.
Popular Science Monthly

"With its all-new styling and high speed, (the new Mercury Montclair) may become 1955's most popular car... I love its looks, visibility, speed and handling... It's hot as a pistol."
HARVEY B. JANES
Auto-Age

"Performance-wise, all three lines (Custom, Monterey, and Montclair) are bombs, triggered by big 292 cubic-inch engines with plenty of torque for spine-tingling pickup when you want it."
AUTO EDITORS
Mechanix Illustrated

Mercury Montclair, Monterey, Custom on the test track at Dearborn, Michigan. All 10 models in Mercury's 3 new series are powered by new Super-Torque V-8 engines (198 horsepower in the Montclairs, 188 horsepower in the Monterey and Customs). Dual exhausts are standard equipment on the Montclairs and Monterey. Mercury's pickup and passing power has been boosted in every speed range. Tests show acceleration increases of as much as 30 per cent, and you get far more usable power for safer passing and hill climbing. Get behind the wheel of a new Mercury. Feel the difference yourself.

Dated Milk Is Seen by Rogers As Texas Need

AUSTIN, Feb. 25—A bill introduced this week by Senator Andy Rogers of Childress would require that milk be shipped into Texas by out-of-state producers be "fresh, sanitary, and able to meet Texas health standards."

The 30th District lawmaker introduced a second bill, S. B. 232, that would permit cities to set requirements for butter fat in milk up to

4 per cent. Present law provides for a minimum 3.75 per cent butter fat. The main purpose of Senate Bill 233, Rogers said, is to protect the health and welfare of Texas consumers by requiring that each container of milk—railroad tank car or pint bottle—be labeled plainly with the date of the milk's production. A secondary result of passage would be to "give the Texas producer an even break with those who ship their milk surpluses into the state in competition with home producers," he said.

"This bill would enable the State Health Officer to register and license into-state shippers and let our own consumers know how much time has elapsed since the milk left the dairy," Sen. Rogers said. "Too many times, Texas consumers have been victimized by old milk

shipped in during the winter shortage period to which has been added all kinds of chemicals designed to slow the natural aging process. "It is not my purpose to erect any sort of state trade barrier," he said, "but only to insure that all milk products consumed by Texans are up to Texas standards."

PREACHING ANNOUNCEMENT

Rev. Raymond Morris of Memphis, Texas, will be at the Fundamental Baptist church Sunday to preach both morning and evening services.

Everyone is cordially invited to attend.

News was received here this week that 15 year old Nancy Hart, daughter of Mr. and Mrs. Cecil Hart, Amarillo, former residents of Floydada, has been very ill the past three weeks in the North West Texas hospital there. Nancy underwent surgery recently and was said to be improved, but she will not be able to return to school this term. Mr. and Mrs. O. G. Glassmeyer visited Nancy and family Tuesday of this week.

Lt. and Mrs. Weims Norman and son arrived Friday from Port Benning, Georgia, for a months visit with his parents, Mr. and Mrs. Bill Norman and other relatives. Lt. Norman will report for duty with the Air Corps in Seattle, Washington, in April and from there expects to be transferred to Alaska. Mrs. Norman and their son plan to go with him.

Mrs. John Freeman of Lubbock, mother of Mrs. Dorris Jones, is recovering nicely from major surgery in the Methodist hospital in Lubbock. Mrs. Freeman is expected to be returned to her home the latter part of the week.

Clyde D. Wright Briscoe Official, Pioneer, Succumbs

County attorney and former county judge Clyde D. Wright of Briscoe County, died last Thursday in his home at Silverton. He was 77 years old.

Mr. Wright had spent many years in public office. He came to Briscoe county with his parents in 1891.

He was a member of the Presbyterian church and a member of the council. He was also a member of the Lions club and was a Mason.

Funeral rites were held Sunday in the Silverton Baptist church with the Rev. N. D. Neddton, pastor of the Silverton Presbyterian church, officiating. Burial was in Silverton cemetery.

Survivors include his wife, a son, Jack Wright, Raleigh, North Carolina; a daughter, Mrs. Elva Lee Ownby, Phoenix, Arizona; a sister, Mrs. Eva Pond, Dallas, and four grandchildren.

Words cannot adequately express our deep appreciation for the many kind and sympathetic acts that came to us at the time of our recent bereavement.

Mrs. George Waits
Stanley Waits and family
Monroe Waits and family.

Mrs. Katie Headstream of Lubbock was a Sunday night guest of Mr. and Mrs. S. D. Medley.

District 4A IL Spring Events Are Scheduled

District 4A interscholastic league events for this spring are all scheduled. Practically all of these contests will be held in Floydada at the two schools and at City Park tennis courts. Exception to this is the preliminary tennis meets that will be held in Abernathy and Paducah.

Golf is on the doubtful list this year as no definite plans have been made. The Floydada Country club course was used for the district contests last season, but is undergoing a face lifting and will not be available this year.

At the league district meeting last November, I. T. Graves was elected superintendent and A. E. Baker, secretary. Crosbyton, Spur and Paducah were voted into the district since their average enrollment in high school was less than 210.

The schedule of events follows. Literary Events — April 15th. These events will begin at 1:30 p. m. The high school events will be held in the Floydada high school and the grade school events in the Floydada grade school.

Track and Field—Saturday, April 16th. High school and grade school events will begin at 9 a. m. at Floydada Wester field.

One-Act-Play—March 25th. Time for beginning will be determined by the number of entries. Part of the plays will be presented March 24 if it takes more than one night. Definite announcement will be made after entries are received.

Volley ball for girls—Both high school and grade school—will begin at 9 a. m. Saturday, April 16th at Floydada. High school games will be played in Graves gymnasium and grade school games in Andrews Ward gymnasium. It was voted that A. E. Baker draw and arrange bracket for the tournament.

Softball for grade school will be at Floydada grade school beginning at 9 a. m. Saturday, May 7th. Tennis for all Divisions: Preliminary tournament will be held for all schools March 19th beginning at 9 a. m. Abernathy, Lockney, Tulla and Oton will meet at Abernathy in tournament. Crosbyton Floydada, Paducah and Spur will meet at Paducah for their tournament. The finals will be played at Floydada beginning at 9 a. m. March 26th at City Park tennis courts.

It was agreed that a starter for the truck meet be secured from some place that is not a member school of the District 4A. It was decided that no trophies be awarded but individual awards be presented for first, second, and third places for all events.

"AN ORDER CALLING AN ELECTION ON THE PROPOSITION OF THE ISSUANCE OF \$300,000.00 ROAD BONDS AND THE LEVY OF A TAX IN PAYMENT THEREOF.

WHEREAS, there has been presented for the consideration of the Court a Petition signed by Chester W. Mitchell and 133 other persons praying that an election be held in Floyd County on the proposition of the issuance of Road Bonds of said County in the amount of \$300,000.00 and the levy of a tax in payment

thereof; and WHEREAS, the Court has found that said petition is signed by more than fifty (50) of the resident qualified property taxpaying electors of Floyd County owning taxable property in said County and who have duly rendered the same for taxation; and

WHEREAS, the amount of bonds to be issued will not exceed one fourth of the assessed valuation of the real property of said Floyd County;

IT IS THEREFORE ORDERED ADJUDGED AND DECREED BY THE COMMISSIONERS' COURT OF FLOYD COUNTY, TEXAS:

1. That an election be held in said County on the 26 day of March, 1955, which is not less than thirty (30) days from the date of this order, to determine:

Whether or not the bonds of Floyd County, Texas, shall be issued under Article III, Section 52 of the Constitution in the amount of \$300,000.00, bearing interest at a rate not to exceed 2-1/4% per annum, and maturing at such time as may be fixed by the Commissioners' Court, serially or otherwise, in not to exceed Thirty (30) years from the date thereof, for the purpose of the construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes or in aid thereof throughout Floyd County, Texas; and whether or not ad valorem taxes shall be levied annually on all taxable property in said County sufficient to pay the annual interest on said bonds and provide a sinking fund sufficient to pay the bonds at their maturity. The proceeds from the bond issue will be used for the purchase of right-of-way in the following projects:

1. For the purchase of right-of-way for widening U. S. Highway No. 70 in Floyd County, Texas, from the Motley County Line to the Hale County Line.

2. For the purchase of right-of-way for widening U. S. Highway No. 62 in Floyd County, Texas, from the City of Floydada to the Crosby County Line.

3. That said election shall be held under the provisions of Chapter 3, Title 22, Revised Statutes of 1925, as amended by Chapter 16, Acts of the First Called Session of the 39th Legislature.

4. All persons who are legally qualified electors of this State and of this County, and who are resident, qualified property taxpaying electors of this County, owning taxable property in said County and who have duly rendered the same for taxation, shall be entitled to vote at said election, and all electors shall vote in the election precinct of their residence.

5. The said election shall be held at the several polling places in Floyd County, Texas, and the following named persons are hereby appointed as officers of said election at the several voting precincts as follows:

Highlights And Sidelights From the State Capitol

(By Vern Sanford, Texas Press Association)

AUSTIN, Texas—Insurance bills have lagged. Water conservation measures are embroiled in dispute. And virtually no start has been made on a taxing program in the legislature.

As a result, lawmakers are eyeing a possible special session. Theoretical date for such a session is May 11. On that date the legislators' pay for the regular session stops.

It has been suggested that Governor Shivers may have forseen a bog-down in the regular session, and therefore has not pushed his administration program. During a special session, he would have full control of subject matter which may be introduced.

Tax Bill

Rep. Jerry Sadler of Pexilla introduced the biggest tax bill of all. Promising a lot of controversy, the bill would levy a one-cent per gallon processing tax on all gasoline and distillates produced in Texas. It would: Raise an estimated \$160,000,000 a year, repeal the present four-cent gas sales tax, and head off the administration's two-cent gasoline tax increase.

Sadler said its effect would be to reduce the price of gasoline to Texans three cents a gallon. Sixty per cent of the gasoline is exported, tax-free, he said.

Meantime, Rep. Charles Murphy explained he hadn't yet asked for committee hearing on the administration's two-cent gas tax bill wanting sentiment to jell.

Some Fared Better

Passed by the House were bills outlawing sale of lewd and depraved comic books; permitting women to serve on juries; and regulating leasing for uranium and hard metals.

Amendments to the women's jury service bill narrowed considerably the list of those who may be called to serve.

Furiously debated, the uranium bill was attacked as a "give away."

Rep. Walling of Wichita Falls added two amendments. One will limit each lease to 80 acres to prevent one minor development from freezing exploration on large tracts. Another limits the primary term of leases to five years.

Interest was heightened by reports of a real uranium ore strike in Karnes County.

Rep. Maury Maverick's bill to prohibit cross filing of candidates by taxable political parties won a favorable report to the House.

Also favorably reported was Rep. Tom Joseph's bill to bring trust companies under supervision of the State Banking Department.

Not Faring So Well

Stymied in a House committee was a bill to increase the filing fee of candidates for the Legislature to \$300.

Killed by a Senate committee was Sen. Crawford C. Martin's omnibus water conservation bill. It embraced nine subjects carried in the series of administration bills offered by Chairman D. B. Hardeman of the water resources committee.

Martin warned that unless the Senate reconsidered and kept his bill alive, all others would be subjected to being knocked out on a constitutional point of order.

Grand Juries Take Over

Meanwhile, three grand juries have stepped in on the veterans' land investigations.

Bexar County's grand jury was quickest on the draw, with two felony indictments. Then the DeWitt county grand jury at Cuero fired a double-barrel broadside of 195 indictments against six persons. DeWitt County Attorney Wiley Cheatham started the whole land inquiry.

Travis County grand jury, with venue in every veterans' land transaction, had piles of ammunition and District Attorney Les Proctor had his thumb on the hammer.

Grand juries in 10 other counties have had some contact with the question.

Work by the senate investigating committee had dribbled down to a schedule of sessions only every other Thursday.

In intensive hearings each week-end, the House committee approached the question of administration and operations in the Land Office and Veterans Land Board.

Attorney General Shepperd predicted there will be "hundreds of indictments," and indicated more civil suits were in prospect.

Education

UT President Logan Wilson told the legislative finance and appropriations committee the university must have more money, or face the problem of halting its growth or lowering standards.

Requested for two years for its main establishment, was \$9,700,000. The governor's budget recommendation cut this by \$2,400,000.

University and college students were to gather in protest of a bill by Senator Otis Lock. Hearing was set for March 2. The bill would authorize a compulsory \$20 per semester student activities fee.

Fair and Calmer

Austin's weather bureau has been in a tizzy answering the many telephone calls from weather-wary Austinites. To calm the atmosphere in the tower at Municipal Airport, a mechanical telephone answering device has been installed.

Callers now are told, "Your call is being answered automatically because the forecaster is busy." A complete weather report follows.

New Highway Maps

Issued by the Highway Department are 500,000 state highway maps for 1955, with a new and simpler fold.

D. C. Greer, State Highway Engineer, pointed out that the old wheeze about needing another map as a guide for refolding an opened travel map, is no longer true.

Auto license purchasers can obtain a special card for use in requesting a copy of the new map.

Cotton Ginners Keep Pace With Changing Times

COLLEGE STATION, Feb.—Texas cotton ginners today are operating plants designed and equipped to give cotton producers the best possible grades. But fifteen years ago, says E. H. Bush, extension cotton gin specialist, 25 percent of the state's cotton was docked by buyers because of rough preparation. In the past few years, he adds, this figure has dropped to less than half of one percent for all cotton ginned in Texas.

Bush believes the widespread interest among ginners in the Seven-Step Cotton Improvement Program is a big factor in this record. One of the seven steps in the program covers harvesting and ginning practices. Ginners during this same time, points out the specialist, have faced new problems brought on by the rapid spread of machine harvesting and regulations to control the pink bollworm.

These problems have been met by the installation of additional seed cotton cleaning and conditioning equipment and through educational training meetings for gin operators and employees. During the past year Bush used 93 7-Step and Ginners meetings in presenting his information aimed at further improving the ginning job and cutting costs. He made recommendations to individual ginners for machinery improvements totaling almost a half million dollars.

It has been estimated that work done by the extension cotton gin specialists amounts to an additional three million dollars each year for Texas cotton farmers.

The 1740 cotton gins in Texas have an estimated value of \$147,445,000 and a modern plant equipped to gin cotton under almost any condition may represent an investment of close to \$250,000.

To Relieve Misery of **COLDS** take **666** LIQUID OR TABLETS - SAME FAST RELIEF

This forward progress, says Bush is just another example of what teamwork, plus research and education can do when fully utilized by those concerned with common problems.

Basketball Girls Are Supper Guests

After the supper a short program followed headed by Mrs. Gordon Downing.

Special guests for the evening were Mr. and Mrs. I. T. Graves and Coach and Mrs. Paul Huntington.

Girls on the first string include Charlotte Johnston, Shirley Johnston, Texi Kennamer, Christine Brints, Beuna Holmes and Nita Jo Lightfoot.

On the second string are Margie Turner, Sonja Beth Wilson, Gayle Vickers, Margaret Dunn, Patricia Robertson, Carolyn Stewart, Joyce White, Janette Marquis, Carolyn Downing, Barbara Potteet and Sandra Collier.

HOSPITAL NOTES

Mrs. Jim Holmes was reported to be improved this week and resting more comfortably in Peoples hospital. She is a medical patient.

Mrs. W. B. Jones was admitted to Peoples hospital Monday night for medical treatment. Her condition is improved.

Don Chesser, 15 year old grandson of Mrs. W. R. Slater, received an appendectomy Friday in Peoples hospital.

Zeke Pope, who has been in Peoples hospital with burns, was able to return to his home Monday.

Patients at Pitts hospital this week include O. L. Head, who is a medical patient, Betty Gail Holmes, daughter of Mrs. Alma Holmes, appendectomy; and Mrs. Ella Johnson, a medical patient.

Rev. and Mrs. Luther Kirk of Plainview were Sunday guests of Rev. and Mrs. Tilden B. Armstrong. Rev. Kirk was the evening speaker at the First Methodist church.

Mr. and Mrs. L. J. Welborn left Monday for a trip to Waco. They will visit their daughter Ann while there and several other friends.

S. S. Daniel Rites Said At Plainview

Sam. S. Daniel, 88, father of Mrs. L. L. Clark, Jr., was found dead Thursday morning in his bed by members of the family at Andrews where he made his home with a son. Death was attributed to a heart attack. Mr. Daniel had been in poor health for a number of years.

Rites were held Friday in the First Methodist church in Plainview. Conducting the service were Dr. Owen W. Carter of Midland, Dr. J. O. Haynes, pastor of the church, Rev. R. H. Campbell, Olton Methodist church and Rev. N. S. Daniel, son of Mr. and Mrs. S. S. Daniel, pastor of the Andrews Methodist church.

Burial was in Plainview Memorial cemetery under the direction of Carter Funeral home of Lockney.

The Daniels moved to Plainview in 1910 from Waco. He was corporation judge for ten years there. In 1952 they moved to Lockney with their son, and from there to Andrews with him and his family when the son took the pastorate at the Methodist church in Andrews. Mr. and Mrs. Daniel had also made their home here with Mrs. Clark temporarily in 1953.

Survivors include his wife, three sons, Rev. N. S. Daniel, Andrews; Frank Daniel, Hereford; Raiford Daniel, Olton; three daughters, Mrs. Clark, Floydada; Mrs. C. H. Allen, Bakersfield, California; and Mrs. J. A. Williamson, Long Beach, California, two sisters, 16 grandchildren and 5 great grandchildren. Grandsons of the deceased were pallbearers.

Health and Safety Topic at Lakeview

The regular meeting of the Lakeview Home Demonstration club was held February 17 in the home of Mrs. Curtis Williams.

Mrs. Louis Pyle gave a report on the causes of death in Floyd county. Mrs. Buell Neff and Mrs. Roy Pawver also had a part on the program which pertained to health and safety precautions.

The club adopted Miss Joy Wallace as their shut-in and voted to shower her with gifts on her birthday which is the 21st of April.

Mrs. R. L. Nichols will be hostess to the club on March 3, "even if the dirt blows", she said. Everyone is urged to be there at 2:30.

Mrs. William Bertrand gave a 10-minute demonstration of pressing fabrics.

Refreshments were served to a visitor, Mrs. Ray Howell and daughters and Mmes. Roy Pawver, R. L. Nichols, Earl Edwards, Jimmie Price, Buell Neff, Louis Pyle, Verlon Wright, and the hostess, Mrs. Curtis Williams.

Dwina Glassmoyer of Midland and her roommate, Sara McDonald, spent the week-end here with Dwina's parents, Mr. and Mrs. O. G. Glassmoyer and family. Dwina is with the Humble Oil company at Midland.

LIBRARY NEWS

(By Mrs. Lee C. Goughly)
March 7 through 12 is Public Schools Week. We are happy to report that school students are using the library in securing helps for some of the displays they are preparing for this special event. In the library at Floydada and also in the branch library at Lockney there will be displays from several schools in the county. Come in and see what the students have provided for the library, then visit our schools during Open House.

We are happy to report several gift books this week. The South Plains P-T-A have given a book to the library in appreciation of Mrs. Hollis Bond, who recently reviewed for their organization "Love is Eternal" by Irving Stone. The book they selected is "Tennis Technique Illustrated" by Wynn Mace.

Burl Ives' Tales of America will be ready for circulation in a few days. It has been given by Mrs. Maud E. Hollums in appreciation of Mrs. J. H. Barnard for the efficient service she has rendered in establishing and maintaining the library.

"The Kingdom is Yours" by Louis Evans has been given by Mr. and Mrs. Bennie Liebfried in memory of W. J. Rhoades.

Mr. and Mrs. Joe McBrien have given "The Art of Real Happiness" by Norman Vincent Peal in Memory of W. J. Rhoades.

Call in or come in to select a gift or memorial book. We will be happy to assist you in any way possible.

Whirlwinds May Be Entered In Regional Meets

High school athletes working out for track and field events are continuing to get into condition when the weather permits. Coach Watson has rejoined his staff of assistants following an operation two weeks ago, and plans for the squad are beginning to take shape.

No try-outs had been held through last weeks sessions, but are due to come up soon. The coaches are anxious to get the boys squared off and take on some outside competition when they gain the proper conditioning.

At present Watson is eyeing the calendar of events offered track men in the spring meets and hopes to take either a complete team or several entries to the following:

Canyon Reef Relays—Snyder - March 12;

Southwest Recreational Track and Field—Fort Worth - March 18 and 19;

West Texas Relays—Odessa - March 25 and 26;

Sandies Relays—Amarillo - April 8 and 9.

The district meet will be held here April 16 and on the following week-end the regional meet at Lubbock.

Texas Tech is planning a track meet for the week following the regional meet when they will invite regional winners to compete on their new cinder track at Lubbock.

Mr. and Mrs. Lon Davis, Jr., and son returned home Tuesday of last week from Denver, Colorado where they met Mr. and Mrs. ... from Pierre, South Dakota a few days visit.
