George Taylor Barely Missed By Lightning

During the rain and thunder storm Sunday night, a terrific crash of thunder rent the air and seemed to be all around George E. Taylor, as he sat in his home reading during the storm.

Mr. Taylor thought the bolt must have struck very close to him, although he felt no shock. He went to the door, but could see no sign that it had struck near, and did not discover until he came home from his work Monday night, that one of the shade trees in his yard had been struck and a strip of bark had been torn from one side of it. Mr. Taylor stated that the tree which was struck was only fifteen feet from where he was sitting at the time.

GIRL SCOUT NEWS

The Girl Scouts met Saturday, Sept. 16, and the meeting was called to order by Lunelle McFarland.

The pledge of allegiance was said, minutes were read and the roll was called, with 15 members answering with a law.

The following girls passed tests: Wanda and Nadine Wallace, Cherry Ann Smith passed Arts and Crafts No. 3; Betty DeJores Jones passed Health and Safety, No. 1, and Arts and Crafts, No. 3; Betty Louise McLeellan passed Arts and Crafts No. 4; Joyce Ann Miller, International Friendship No. 3; Alta May Wilkins passed Health and Safety No. 1, and Arts and Crafts No. 2.

We decided to have our "candlelight" services, Friday, Sept. 22. We also decided to have a paper drive. May I ask everyone who has any waste paper to please bring it to the Scout Hut, Sept. 30.

Doris Jane and Gaye Ann McFarland were visitors.

Adrian Couple Deed Land to Bapt. Foundation

Land in Oldham and Deaf Smith Counties conservatively valued at upwards of \$300,000 has been deeded by Mr. and Mrs. J. P. Collier to the Baptist Foundation to advance the work of the denomination in which they have been active leaders since they arrived in this territory in 1899.

In addition to the 3,135 acres of farm and ranch lands in Oldham County deeded by the Colliers, there is also much real estate in the town of Adrian included in the transfer. Approximately 2,740 acres of the Collier property in Deaf Smith County was also included in the transaction, which included all of the colliers' land holdings in this area.

Special Venire Reports Monday In Fox Trial

A special venire of 108 men will report at ten o'clock Monday morning when the selection of a jury for the Fox Case will get underway. Many observers predict that the selection of the jury will take most of next week and that regular court proceedings in the case in which J. W. Fox is charged with the pistol slaying of C. F. Jones will not actually begin until the succeeding week.

King Fike, the new district attorney, has qualified for the office and will probably handle the state's case against Fox. W. H. Russell of Hereford will be defense attorney.

The Fox trial will be the first murder case held here in more than 15 years.

FRIONA CAFE CHANGES HANDS

A business deal was completed here Tuesday morning when the Friona Cafe, formerly known as "Smiley's Cafe," was transferred from the ownership of Mrs. Henry Lewis, and is now owned and operated by C. L. Dunn, who comes here from Marlow, Okla.

Mr. Dunn, the new owner is a brother of Glen Dunn of the Lazbuddy community, and comes to Friona with the reputation of being a good business man and citizen.

Mrs. Lewis has owned and operated the cafe for a little more than six months and has liked the business and done exceedingly well with it.

Mr. and Mrs. Collier came to this country in 1899 on the invitation of the late Ed Connell, an old friend of Mr. Collier, and purchased land from Ira Aten, one-time manager of the Escarbada Division of the XII. Connell and Collier were partners for a number of years, and some of the land given to the Baptist foundation was part of the original holdings which Collier bought when he spent his first winter in this territory—in a dugout near Rock Lake, about one mile from the present site of Adrian, which was built on Collier's land in 1909.

Adrian was built on the Rock Island railroad, after Collier had given the company right-of-way over six sections of his land in the vicinity.

The large land gift is not the first which the Colliers have made to Baptist educational institutions. In 1921 they gave a section of land to Wayland College.

First Baptist Church

R. L. Jenkins, Pastor
This Sunday is Promotion Day. There will also be an installation service for the officers and teachers, this ensuing year. Let's have a record attendance.

Owosso is Jubilant

Thomas E. Dewey, his mother, "Annie" to the homelocks, and Mrs. Dewey lead a jubilant parade at Owosso, Mich., Dewey's home town.

Church Groups to Sponsor Drive for Clothes for Europe

Help war victims in liberated Europe. Faith and hope have supported the United Nations in their fight for freedom. In the hour of liberation they need our help. The emergency collection of clothing for Europe will be conducted the week of September 24th in co-operation with the United Nations Relief and Rehabilitation Administration. Clothing, used or new—is urgently needed by men, women and children. Bring your gifts to the receiving stations, which will be announced at the earliest date possible for the Friona territory.

Winter means hardship in liberated Europe. Give all the clothes you can spare. The women's organizations of the various churches of Friona are cooperating in this charitable move, and will make the necessary arrangements for collecting and forwarding of all clothing that may be collected here. Watch for posters announcing the places and time for the donations to be delivered.

Many Foods May be Canned Shipped Overseas in Soldier Xmas Packages

Stating that many requests have been received in her office for instructions for preparing fruit cake for shipment overseas, Miss Sadie Lee Oliver, county home demonstration agent, this week prepared directions for packing of fruit cake and also for the preparation of other foods for servicemen's Christmas boxes.

"Use your favorite recipe for fruit cake, plum pudding or Boston brown bread," says Miss Oliver. "Mix as usual; then pack into greased plain tin cans and fill to within one and one-half inches from the top. Seal the first roll on the can and steam in pressure cooker, leaving the petcock open. Or the cake, bread or pudding may be steamed in a water bath. Be sure the water does not bubble up into the partially sealed can."

"Steam number one cans for 60 minutes, number two cans for 75 minutes. Complete the seal, return to cooker and process at ten pounds for 30 minutes."

Other foods which may be processed for overseas shipment include jelly and preserves, which can be sealed hot into the dark-colored "R" enamel cans. Fill the cans full, seal and cool in cold water. Jelly cans should not be handled until cold.

Use "R" enamel cans for pickles. Seal hot, cool, wash well and the cans are ready for mailing.

Honey - cookies, molasses cookies, butterscotch cookies and those made with dried fruit and nuts usually ship well. If packed in tin cans they are protected better against gases, grease, water, rats, insects and odors.

One club woman seals cookies and candies in tin cans; then in packing she uses waxed paper and pop corn. Recommended candies are fruit nut candies, peanut brittle, taffy and crystallized fruits; but do not try to ship chocolate fudge—it cannot endure high temperature and long storage.

Send canned chicken if the chickens are mature, and barbecued chicken and beef and chili and tamales may also be sent; but don't try to send such foods as eggs or potato salad.

Miss Oliver says that recipes for many food items suitable for overseas shipment may be found in Extension Service bulletins and invites the public to make use of the bulletin service.

NEW BUSINESS OPENS

It is reported that Nelson Welch and his uncle will in the near future open an automobile supply store in Friona. According to the report they have secured the O. G. Turner building north of the Bank on the west side of Main Street as the location of their business.

Mr. and Mrs. Howard Ford and Mr. and Mrs. W. C. Norwood returned Tuesday from Colorado, where they visited with relatives last week.

Mrs. Flippin Burned When Oven Exploded

Monday morning when Mrs. Bill Flippin went to light the fire in the oven of her gas range and inserted the match in the oven door, escaping gas caused an explosion and she was burned severely on the arms, face and lower limbs.

First aid was given by covering the burned places with unguentine which slightly relieved the pain until she could be taken to a physician. The worst burn was on her right arm and hand, which was pronounced a second degree burn, and protective and healing treatment was applied to that burn. The other burns, while painful, were not considered serious by the physician and Mrs. Flippin was at work in the post office most of the day.

Rodeo, Cattle Show Featured At Castro Fair

A rodeo, a large variety of general exhibits and a cattle show will be featured attractions at the annual Castro County Fair to be held in Dimmitt next Wednesday and Thursday, Sept. 27 and 28; and Castro county residents this week were urged to get their entries in by the date. Cattle entries were accepted up to 9 o'clock Wednesday morning, Sept. 27, and food entries were accepted at the exhibit day, Sept. 28.

Already entered in the show are 25 registered Holsteins, which will be judged by Ed East. In the other cattle divisions are 25 milking Shorthorns and 35 Jerseys. Sponsors also say that an excellent 4-H pig show is in prospect and that much interest has been shown in the general exhibits.

On Thursday, Sept. 28, the regular program will start with a horse parade at noon and the rodeo will be held in the afternoon.

Dalhart Man Named as D. A. Of 69th District

Ed King Fike of Dalhart Tuesday was appointed district attorney of the 69th Judicial District to succeed John Honta, who is taking up private law practice in Fort Worth.

Fike was onetime county attorney of Hartley County. Atty. Gen. Grover Sellers ruled this week that there is no legal way to place a democratic nominee for Judge of the 69th district on the November election ballot. John H. Aldridge, appointed to the position after the resignation of James

Good Rain At Friona Sunday

The Friona territory and surrounding localities, extending as far west as Farwell and ten miles or further south and fifteen miles east received a rain Sunday night.

The rain began here at dusk lasted about an hour, and the amount of moisture received is estimated at a half inch or better, which seems to be about the amount estimated over the territory covered.

Word was received here that the rain at Farwell was accompanied by considerable hail and wind, which did considerable damage.

Farmers locally feel that the rain, while not badly needed, has done lots of good to the freshly sown wheat and row crops.

Crop Prospects at Record Levels

The Friona country is now showing some of the finest row crop prospects in history—in if the frost holds off for two or three weeks longer.

With amount of moisture now in the ground that was received from the rains of about three weeks ago, all row crops have made amazing growth, and are now looking fine.

Most all crops are in full head, but only a few with the grain fully developed, and as without any showing of frost, but in nearly all heads are large, and the grain has developed full, and the

in if favorable weather conditions to prevail for but a few weeks longer.

As for the wheat, in most fields that have been sown the young wheat has come up to a splendid stand and is growing nicely, and with still apparently enough moisture to carry it far into the winter. Thus far the crop prospects are truly encouraging for the farmers.

W. Witherspoon, has announced his candidacy; but according to Sellers ruling the only recourse left to voters is to write-in the name of the candidate. It is likely that this same condition will prevail with regard to naming Fike as official Democratic nominee.

District Attorney Fike will probably be in charge of the state's case when J. W. Fox goes on trial here next week for the murder of C. F. Jones; and County Attorney Carl Gilliland, who has handled the state's case thus far, says that he will cooperate fully with the new district attorney.

MRS. GUY WALSER

Sunday School and church were attended by 84 Sunday morning. Taft Holloway of the P. O. W. Camp preached Sunday morning as Rev. Rexrode is still away. Sunday night a special number was rendered by Mr. and Mrs. Houser, J. B. Noland and Taft Holloway. Mr. and Mrs. Elmer Jones of Dawn and Mr. and Mrs. Glen

Roberson were visitors in the home of Mr. and Mrs. D. C. Walser Saturday night.

Word was received this week that Cecil Coker had landed safely in France.

Mrs. M. D. Rexrode and children spent the week end with her parents, Mr. and Mrs. T. K. Stephens of Clovis.

Several from the church attended the Worker's Meeting at Hereford last Friday.

Mrs. Dave Alexander, Mrs. R. A. Daniels and Mrs. Carl Jennings called on Mrs. Ray Johnson last Tuesday.

A family dinner was enjoyed in the Lee Curry home Sunday in honor of Carpenter's Mate 3rd Class William Howard Black, nephew of Mrs. Curry, who has just returned to the States after being across for 18 months. Those enjoying the occasion were: William Howard Black of Calif., Mr. and J. A. Black, Mrs. Dick Ford, Mr. and Mrs. R. A. Baker and Juanita Jean Baker of Amarillo. Mrs. W. A. Davis of Clarendon, Mr. and Mrs. Guy Walser and family and Mr. and Mrs. Lee Curry.

Mrs. Emma Lee Smith of Columbia, Ga., is visiting her sister Mrs. Everett Storey this week.

Seaman 2nd Class Perry McMinn of Seattle, Wash., is visiting friends and relatives here this week.

Pioneer Club met at the home of Mrs. B. E. Roberson last Tuesday for the opening luncheon meeting.

Mr. and Mrs. Cotton Houser of Hereford spent Sunday with

Nearing the End of His

Mr. and Mrs. J. B. Noland.

Mr. and Mrs. George Storey were host and hostess to a dinner in honor of their son First Class Petty Officer Everett Storey and Seaman 2nd Class Perry McMinn. Those enjoying the dinner and visit with both boys were Mr. and Mrs. Roy Coker, Floyd, Bob and Paul and Mrs. Ruth Coker and Mrs. Bessie Coker of Hereford, Mr. and Mrs. Bill Turner and baby of Friona; Miss Thelma McMinn of Hereford; Mr. and Mrs. Britt Clark, Mr. and Mrs. Jim Clark and boys; Misses Joyce and June Roberson, and Mr. and Mrs. Clinton Lundy of Hereford, Mrs. Everett Storey and Bobby, and Miss Lorina Storey and the host and hostess.

Some men marry poor girls to settle down. Some marry rich girls to settle up.

rie Lillard and other relatives.

Dr. Paul Spring of the U. S. Army, who is attending medical college at Dallas, is here spending a furlough with his parents, Mr. and Mrs. F. L. Spring. Dr. Paul says he has been trying to catch up with his sleeping and resting while at home.

Cpl. Leonard Parson arrived at home here, Tuesday for a short stay with Mrs. Parsons and other relatives.

Ethel Behrends Makes Bible Reading Record

Ethel Behrends, 11-year-old daughter of Mr. and Mrs. H. G. Behrends, has read the complete New Testament and nine books in the old Testament and has completed all requirements in a Bible Memory Contest in connection with her work in the Presbyterian Sunday School. The period for the work was from July 16 to Sept. 1.

Ethel, a member of Mrs. Paul Mathers' class in the intermediate department, has read, in addition to the New Testament, the books of Psalms, Genesis, Isaiah, Proverbs, Ruth, Daniel, Johah, Esther and the Song of Solomon.

In the Bible memory contest, she has memorized the beatitudes, the names of the books of the Bible, the ten commandments, two commandments listed in Mark 12-30-31, the 23rd, 27th, 100th and 121st Psalms, the Christmas story in Luke and the Easter story in Mark. As a reward for her work, Ethel received a Bible and a copy of Hurlbut's "Story of the Bible," presented by Reavis Kerr and Mrs. Clay Ridgway.

New "A" Gas Books Have Safety Features

New "A" gasoline ration books now being issued to motorists for use beginning Sept. 22, have two new safety features, according to Ely Fonville, district OPA rationing executive.

"A" coupons will now have serial numbers useful in spotting stolen coupons. When issuing the new books, War Price and Rationing Boards record the serial numbers of the coupons along with the name of the person to whom issued. Another safety feature is that new coupons are printed on a special kind of safety paper which responds to a secret test known only to government identification experts. Counterfeit coupons on imitation paper may look the same to the untrained eye, but will show up the minute this secret test is applied, Fonville pointed out.

Endorsement of the coupons is a safety feature, though it has been required all along. "If not endorsed, coupons are invalid and may be revoked," he said. "As long as it is necessary to ration gasoline, it is important to guard against the misuse or counterfeiting of the currency that assures each citizen a fair share."

Woman's wish is to be weighed and found wanting.

The smart man has will power; the clever woman, wile power.

B-3 and C-3 Coupons Expire on Sept. 30

"B-3" and "C-3" gasoline ration coupons will be invalid for motorists after Sept. 30, the District Office of Price Administration announced today. At the same time "T" coupons marked "3rd. qtr" will expire for commercial motor vehicle operators.

Filling station operators will have through Oct. 10 to turn them in to their supplier for gasoline or exchange them at their local War Price and Rationing Board for ration checks. Distributors will have until October 20 to deposit these

coupons in their ration bank accounts.

Holders of invalidated "B-3" and "C-3" coupons which were issued for use beyond September 30 may exchange them for valid coupons at their local board.

Mr. and Mrs. L. F. Sheffy of Canyon stopped here for a brief visit with the Knox Kinards last week enroute to Dimmitt for a visit with relatives.

Contoured Acres Grow More

Contour cultivation is basic conservation farming, essential to increased production for war today and the preservation of America's soil for the farmers of tomorrow, says the War Food Administration.

Contouring cuts down erosion by preventing water from carrying off the soil. It increases acre-yields of crops, maintains their quality by holding the fertile topsoil in place, and increases the moisture content of the land. Combined with other practices, it adds to their effectiveness.

Contour farming means plowing, harrowing, planting, cultivating, and harvesting on the level rather than up and down the slope—around the hill rather than over it. The furrowed ridges slow down the movement of water off the field, allowing more moisture to soak into the ground, and stopping the soil from being washed down to lower levels. When contouring cuts the speed of the water run-off in half, for example, its capacity for carrying soil drops about 75 percent, according to WFA reports. In controlled tests covering a 1-year period, land cultivated up and down hill lost almost two and a half times as much soil per acre as land farmed on the contour.

Contouring has many variations such as contoured intertilled crops, contour strip-cropping, contour seeding of small grain crops, and contouring for water conservation. But WFA points out that the basic principle is the same—working across the slope instead of paralleling it. Assistance in carrying out these and other contour practices is available to farmers under

the conservation program administered by the Agricultural Adjustment Agency.

Type of soil and steepness of slope both influence the retaining capacity of contour furrows, says WFA. Contouring may be all that is required to control erosion on land with open, porous soil, easy slopes, or where rainfall is gentle. Under less advantageous conditions, additional practices such as terracing, cover crops, and soil waterways may be required to achieve the best results. Conservation of moisture, soil, and plant nutrients through contouring has had a notable effect on acre-yield of crops, says WFA. In specific areas startling increases were reported, such as 23 bushels more corn an acre in Iowa, an increase of 62 bushels per acre of soybeans in Illinois, 44 more bushels of potatoes an acre in New York, an increase of 4 bushels of wheat per acre in the Great Plains, and 29 pounds more cotton per contoured acre in Texas.

Most of the farmers who have been using the contour method of handling their crops report that it calls for less fuel, less power, and less work than going up and down the slope. Experience has shown that on an 8-percent slope a farmer can plow 10 percent more land on the contour in a given period, and that he will use 10 percent less tractor fuel per acre. In Illinois it was reported that costs had been reduced as much as 95 cents an acre for man labor, 25 cents an acre for horse and machinery expense, and 72 cents an acre for total farm expenses, compared with costs on uncountoured farms.

PERSONALS

CONGREGATIONAL CHRISTIAN CHURCH
A fellowship dinner will be held in the basement Sunday following the morning worship service, which may be the last service conducted by Rev. Paxton Smith, who will leave Friona soon to become pastor of the First Congregational Church at McGregor, Iowa. By special request he will speak at 12

Cpl. Aubrey Cannon, who spent two weeks at home on furlough with his parents, returned the first of the week to Oregon, where he is stationed.

Mrs. Ted Rutherford, the former Martha Slagle, of Richmond, Calif., and her twin baby boys arrived here last week for an extended visit with her parents, Mr. and Mrs. Roy Slagle.

The Friona Girl Scouts will receive "scrap" paper all day, Saturday, Sept. 30, at the Scout Hut in the Park.

Mr. and Mrs. Wilbur Brookfield and children of Calif., are here visiting their parents, Mr. and Mrs. F. P. Brookfield and Mr. and Mrs. A. W. Woods.

Price Brookfield, who is with the armed forces, stationed in Iowa, spent a few days here last week with his parents, Mr. and Mrs. F. P. Brookfield.

Miss Melba Welch, left last week for Abilene where she will again enter college for the coming term.

Mr. and Mrs. A. J. Mans of the Hub community were in Friona Monday afternoon.

Mr. and Mrs. Ralph Durstine left Sunday for a trip to Colorado. They expect to return to Lubbock this week.

If you have "scrap" paper of any sort—old newspapers or magazines, wrapping or other kind of waste paper, tie it up in bundles for the Girl Scouts at the Scout Hut, in the park, Saturday, Sept. 30.

Mr. and Mrs. E. H. Cummings and son Doyle, shopped in Clovis, Wednesday.

KEEP ON Backing the Attack! WITH WAR BONDS

rector is Cecil Yarbrough, who was appointed by Dr. L. A. Wood, state superintendent. "Sporadic" campaigns won't do the job. We must work for safety every day if we want to wipe out this ghastly indictment: One OUT OF THREE school-child deaths are caused by an accident." Dr. Woods said he appreciated the association's action and that he believes the present course is the best way to curb the "Alarming number of accidents."

Figures Do Lie

Not even the busy life of an Army nurse can keep a gal from window shopping, so at Sens, France, you see Lts. Margaret Weston, left, of Steubenville, O., and Patricia Sheridan of Cleveland, O., sizing up a girldie display. (Signal Corps photo.)

o'clock on "The Building of The Temple." Rev. Smith will also address the "rough-neck" Bible class at the American Legion Hut at 10:30, Sunday morning. The pastor resigned Sept. 3, and had planned to speak here Sunday Oct. 1, but he has been asked to make a special effort to be present at Northeast Iowa Association of Congregational Churches meeting at Decorah, Oct. 2 and 3, and may move a few days earlier than he had originally intended. He stated he would be glad to greet visiting friends as well as members of his church who have been attending more or less irregularly at next Sunday's service and diner.

Word has been received from Ohio that the church's new pews which have been ordered more than a year, have been finished, and should arrive in Friona soon.

NOTICE
All people of this country, regardless of party affiliations, who believe we should have a change of administration at Washington, and have a right-about face away from the bureaucratic governmental tendency of the past several years, are invited to make contributions to the Dewey-Bricker Campaign Club.

We realize that this style of a call is not in the usual "partisan sense." It is prompted purely by patriotic motives, and an honest desire to re-establish our cherished American liberty and free enterprise.

Although I am Republican County Chairman, I assure you that any contributions to the Dewey-Bricker Club will not

A man on the water wagon really feels better off.

A live wire is never down long.

Do not take loose papers to the Scout Hut, for the girls cannot handle it loose. Tie it in handy bundles with strong cord and leave it at the Hut.

BUTANE AND NATURAL GAS HOT WATER Heaters

We have an exceptionally large stock of these Hot Water Heaters and will be glad to figure with you on your needs along this line.

DO IT WITH WAR BONDS!

DID you ever get ready to blast a stump and wish you had Hitler and Tojo tied on top of one?

Well, you are giving this pair of varmints approximately the same treatment when you buy a War Bond. Because the money from that Bond is what enables our boys to work their way ever nearer and nearer to Berlin and Tokyo, smashing up a lot of Nazis and Japs on the way.

And here's a thing to think of: those Bonds will enable you to buy new equipment and machinery, repair and rebuild buildings, refurbish your home. For you get back all that you put in, plus substantial interest at maturity.

So let's obey that impulse to blast Tojo and Adolph to the skies . . . where we've already sent the Duce. Let's buy the Bonds that will help do it!

5 REASONS FOR INCREASING YOUR WAR BOND PURCHASES

1. The tempo of this war is hitting its highest point. Government expenditures for war are at the peak. MORE MONEY IS NEEDED . . . NOW!
2. In proportion to WHO HAS THE MOST MONEY, individuals are not buying their share of War Bonds. America must correct this situation.
3. War Bonds provide the farmer and rancher with the financial reserve he must have to survive the ordinary ups and downs of farming as a business.
4. Money will be needed urgently at a future date to replace and repair farm equipment, machinery, and buildings. War Bonds will provide it.
5. War Bonds are the safest investment in the world, return a good rate of interest, are easy and convenient to buy . . . from bank, post office, rural mail carrier or Production Credit Association.

For America's Future, for your Future, for your children's Future

LETTERS FROM OUR READERS

Amarillo, Texas, Se
Dear Mr. White:
Enclosed check for cover subscription Star for two years very sorry to learn Smith and family Friona, for we know a loss it will be to community. We Smiths for very d and feel that we ha them always. I know feel as we do, that the best people in th the little town of F and I as well as th are always anxious school items. I was to learn that the s teria is being enla basement has been well as a kitchen. W sized more than eve have moved away, wonderful the scho is, for our childr access to such a ca We learned yesterd Blackwell Hardware nture has been sold wondering if Frion losing the Blackwel new owners of the our very best wish cess and we feel tha make a success of a they might decide u you again for kee the mailing list, at best of everything yours.

Yours very tr
Mrs. Guy F.

Dear Mr. White:
I was happy to Star. I knew that reading your paper I've been gone I just how much I Thank you so muc it coming. I know "Sons in Service" I am not a son an the service. The car beautiful. You sho and see it. Or, b you are interested Dr. Knollhoff abo buildings are also I'm going to like here after I get ac accustomed to bein home. One nice th I don't have hay but, on the othe water doesn't com water at home. I leave home I sw going to take a te of water with me, strange reason I room for it. I wa you before I left didn't have time thought, was the thing, Daddy has you what I'm ta I won't bore you I will say this— much different school and I'm ha more now than I my whole life.

TICKLE!
