

Thompson Youth Seriously Hurt In Car Smashup

No hope is being given the family of Mr. and Mrs. W. E. (Bud) Thompson, of their son, Billy Wayne, 19, who was seriously injured in a one-car accident about 9:30 p. m. Sunday night, a mile and a half southwest of Lubbock on U. S. 62.

Billy Wayne is the grandson of Mrs. Beatrice Duncan and nephew of Albert Duncan of Floydada. Mrs. Albert Duncan said yesterday that specialists were doubtful that the youth would survive his ordeal.

The Bud Thompson family make their home in Peetersburg and are former residents of the Sand Hill community. Mrs. Thompson is the daughter of Mrs. Beatrice Duncan.

Whirlwind Coaches Are Promoted

COACH BILL CURRY, left, and Charles Tyer were among those receiving promotions by the school board early this month. Tyer as head coach and Curry as his assistant football coach compiled a fine record in the two years they were at the helm of the 'Winds. The pair led the green and white to 19 victories in the 21 games they played, suffering only two losses. Tyer has moved up to high school principal and Curry takes over as head football coach. Curry and the school board are yet to name his assistant.

went to Amarillo Friday to spend the week end with friends, Mr. and Mrs. Bill Harwood and family, and Chester attended the Amateur Radio Convention at National Guard Armory held Saturday and Sunday.

Lee's Grocery	32	32
Russell's Cleaners	31 1/2	32 1/2
Lighthouse Electric	31	33
Dairy Mart	28	36
City Auto Service	25	39

Bill's Texaco held their lead for first place but still losing four points to Glad's which brought Glad's up to second place. They have a very good chance of winning now with only a game and a half from the number one team.

Lighthouse bowled four points from Russell's Cleaners. Bud Goen, bowling for Lighthouse Electric won the high handicap game with a 254 plus 21 pins handicap. Bud also had the highest three game series of 837, very good.

Dairy Mart won four points from Boren Furniture while City Auto Service took three points from Lee's Grocery.

There are only two more weeks to play in this league. I just wonder which will be the top team. Come out and watch the excitement with the rest.

This week we find Glad's vs Boren Furniture, City Auto Service vs Bill's Texaco, Dairy Mart vs Lighthouse Electric and Lee's Grocery vs Russell's Cleaners.

Poor Boy League
This is the standing of the last half of play which ended last week. The play off was Wednesday of last week between J. A. Noland and Son vs Lon Davis Grain Company. I believe that it was reported they were playing the best three out of four games to determine the winner of the League.

Lon Davis Grain Company won 49 23
Patzer Clinic 41 30 1/2
Assiter Insurance 41 31
KFLD 38 33 1/2
Cotton Bowl Lane 34 38
J. A. Noland and Son 28 44
Oden Chevrolet Co. 28 44
Western Supply Co. 28 44

one point from Patzer Clinic to stay far ahead to take first place in the last half of the league. Western Supply Company won three points from KFLD. Weldon Harris bowling for Assiter Insurance won the free games for high handicap game with a 221 with 42 pins handicap.

Assiter Insurance also bowled the high team score of 2388. Oden Chevrolet Company won four points from J. A. Noland and Son by a forfeit.

This may end this league for this year but I am sure if the bowlers will contact the manager at the bowling alley there will be several summer leagues starting very soon. They are as much fun as the winter leagues so if you wish to bowl this summer turn your name in to the secretary at the bowling alleys. It has been a very great league.

The 1922 Study Club asked me yesterday to send in to the Hesperian a note of thanks and appreciation to Mr. Homer Steen. He has worked with this group of women and other groups all through the years. Many times I'm sure he would have loved to tell us all just what he thought.

anyway, we would like to have our little note of thanks published. We will now have the pleasure and privilege of coming in and getting acquainted with the new manager and publisher.

Mrs. D. S. Battey, 1922 retiring president. The 1922 Study Club wants to thank Mr. Steen through the Hesperian which has been a part of him for so many years, for all the patient and helpful hours he has given us in our monthly reports of club activities, and the help given us in getting our yearly club program books out each summer. You have been so patient with us and so helpful. Thank you.

Now that you have decided to turn our excellent Floyd County paper to other hands, we wish for you and Mrs. Steen much happiness visiting your grandchildren and much time for these fishing trips others took and you never had time for. Make up for lost time now and enjoy yourselves is our wish for you both.

1922 Study Club members and Mrs. Wilson Kimble, president.

Brother Of Mrs. Simmons Claimed
A brother of Mrs. W. S. Simmons of Floydada died Saturday night, May 5th of a sudden heart attack at the Waco Court House. He was Dr. A. Penn Cagle, head of the Political Science Department at Baylor University.

Mr. Cagle had been with Baylor University for some thirty-five years and at one time served as State Representative from McLennan County for two terms. He was sixty-four years old and is survived by his wife and daughter of Waco; his mother, Mrs. H. I. Cagle; four sisters, Daisy Cagle, Mrs. Otis Milton, Mrs. Simmons, and Mrs. R. C. Tennison, the latter of San Saba, Calif.; three brothers, Fred of Amarillo, Bill of Hollis, Okla., and Rev. R. H. (Dick) Cagle of Colorado Springs, Colo.

Funeral rites were held at Waco Monday.

Of Marshall A. Formby Serious Condition

Marshall A. Formby, wife of either blacked out or went to sleep at the wheel. The tire evidently blew out when the car struck the utility pole, officers said later.

At the time of the mishap Formby was in Dallas winding up his campaign. He flew from Love Field immediately to be with his family in Hamlin.

A brother, John Formby of McAdoo, who went to Hamlin upon receiving the news of the wreck, said that Mrs. Formby had been driving herself in assisting her husband in his campaigning work. "She had been pushing herself for 12 to 16 hours a day for the past six or seven weeks", he stated.

BE PROTECTED AGAINST HAIL

AN IMPORTANT MESSAGE TO THE FARMER FOR 1962

The PANHANDLE MUTUAL HAIL ASSOCIATION has paid back to the farmers an average of \$4c of each premium dollar over the last 3 years for HAIL LOSSES. The loss benefits are the important and simple crux of any insurance policy, and much sweeter than any hidden dividend or deviation.

TEN REASONS WHY PANHANDLE MUTUAL HAIL ASSOCIATION IS ONE OF THE LARGEST CROP HAIL WRITERS ON TEXAS CROPS:

- All Texas policies are reinsured by the LLOYD'S OF LONDON with billions of dollar assets.
- All liability is mapped and limited by section and township.
- Approximately FOUR and ONE-HALF MILLION dollars paid to West Texas farmers for losses the last five years.
- A-PLUS (EXCELLENT) RATING BY "DUNNE'S FIRE AND CASUALTY REPORT."
- Required legal reserve (policy holders surplus) maintained at all times and deposits are kept in LOCAL BANKS throughout the West Texas area.
- The PANHANDLE SPECIAL cotton policy DOES NOT have the REPLANT clause and we DO NOT use the PLANT POPULATION adjustment at any time.
- We do offer the FB-10 and FB-5 cotton coverage (with replant) at reduced rates for late cotton.
- The PANHANDLE Wheat Policy is the only policy with the "Extra Harvest Expense Award" benefits, also with the 10% credit on Taxco and beardless wheat, only 48 hour waiting period instead of 120 and a premium saving in most counties.
- Free cancellation on crop failures (See Dates) . . . arbitration clause.
- Your PANHANDLE MUTUAL HAIL ASSOCIATION wants to serve you with "THE THINKING MAN'S HAIL INSURANCE."

Breakfast Meet Concludes 1922 Study Club Year

Mrs. Lon V. Smith and Mrs. Kenneth Bain were hostesses Thursday morning for a breakfast in the home of Mrs. Smith, in observance of the final meeting of the 1922 Study Club members.

The dining table was attractively laid with a white linen cloth and centered with an arrangement of spring flowers. The menu consisted of tidbits of strawberries, pineapple, grapefruit and orange sections. Also served were link sausages, tator-tots, butterflake rolls, jelly, hot

tea and coffee. Mrs. D. S. Battey, club president, presided at the silver service.

Other tables were laid with white linen cloths centered with bud vases holding colorful flowers.

In the business meeting, presided over by Mrs. Battey, a committee was appointed to serve with other club committees of other towns in planning projects for the coming year that will benefit our own city. Mrs. J. M. Willson and Mrs. Lon V. Smith were asked to serve this committee along with Mrs. Battey.

Mrs. Smith reported wonderful progress had been made the past year on the literacy project. She has taught a class and was well pleased with the results.

Mrs. Henderson was leader of the program, the theme being, "Path to Literacy." For the devotional she read from the writings of Norman Vincent Peale. Prayer was led by Mrs. Joe Wilson.

Mrs. Battey presided over the installation of officers who will serve for the new year. To each officer she presented a small plaque of the state of Texas.

Members present for the breakfast meeting were Meses J. H. Barnard, W. M. Stanforth, Jr., D. S. Battey, P. W. Bell, D. W. Burke, W. H. Henderson, J. H. Barnard, W. M. Stanforth, Jr., D. S. Battey, P. W. Bell, D. W. Burke, W. H. Henderson, J. V. Daniel, Edd Johnson, Harry Knoen, E. J. Morehead, Glad Soudgrass, W. O. Tye, Joe Wilson, and the hostesses, Mrs. Smith and Mrs. Bain.

The club adjourned to meet again the first Thursday in September.

June 23 Wedding Plans Announced

Mr. and Mrs. Charles O. Denning of Lompasas, former Floydada residents, are announcing the engagement and approaching marriage of their daughter, Donna Letz, to Glenn Curtis Hunt Jr., son of Mr. and Mrs. Glenn Curtis Hunt of Dallas.

The marriage will take place in Lovers Lane Methodist Chapel in Dallas at 2 p. m. on June 23, 1932.

Miss Denning attended Texas Woman's University and the prospective bridegroom is a graduate from the University of Texas.

The future bride is the granddaughter of O. W. Denning of Floydada.

SHARON CULPEPPER

S. Kay Culpepper Joe B. Laminack Vows Read May 5

Wedding vows for Sharon Kay Culpepper, daughter of Mr. and Mrs. William Culpepper of Lubbock, and Joe Bryan Laminack, son of Mr. and Mrs. Howard Laminack of Garland, were read at 3 p. m. Saturday, May 5 in New Liberty Baptist Church at Garland.

The Rev. Kenneth Ashlock, pastor, officiated at the double-ring ceremony. Wedding selections were presented by Mrs. Linda Ashlock.

The bride's father gave her in marriage. She wore a waltz-length gown of Chantilly lace and carried a white Rainbow Bible.

Miss Linda Laminack, sister of the groom, served as matron of honor and Jerry Cunningham was best man.

The bride is a graduate of Lubbock High School and Central Technical Institute at Kansas City, Kan. She is presently employed by Collins Radio at Richardson.

Her husband is completing his schooling at Garland and is associated with his father in the Garland Floor Covering Co. Mr. and Mrs. Laminack are at home at 2157 Saturn Rd., in Garland.

THDA President Will Speak Today At Meth. Church

Mrs. Milton McGehee of Wadesboro, president of the Texas Home Demonstration Association, will be guest speaker at a luncheon today in observance of National Home Demonstration Week.

The luncheon and program will be held in the First Methodist Church Fellowship Hall.

Each Home Demonstration Club member is to bring her favorite salad and the recipe. Mrs. Earl Edwards Sr., of Lakeview is chairman of the program committee for the affair. Those on the luncheon committee are Mrs. Truman Dunavant and Mrs. Bob Hopper of Harmony community and Mrs. Roy Fawcett of Lakeview.

1929 Study Club Has Program On Health Problems

An interesting program on mental health was presented Thursday for a gathering of 1929 Study Club members. Mrs. C. W. Denison was hostess in the PCA community room.

Mrs. Hollis R. Bond, president, opened the meeting after which a prayer poem was read from McGuffey's third reader by Mrs. Bill Colston.

The program was in charge of Mrs. Jack Jordan, who gave a short review of her visit at the State Hospital in Wichita Falls recently. She also showed articles she bought there which were made by the patients.

A film of mental health and hospitals were shown by Mrs. Jordan, showing the understaffed and overcrowded institutes.

Those present for the meeting were Meses Fred Battey, J. B. Bishop, Hollis R. Bond, Bill Colston, C. W. Denison, R. E. Fry, Clarence Goins, Tate Jones, Jack Jordan, S. J. Latta, J. D. McBrien, Jewel Norman, J. B. Smitherman, Q. D. Williams, Henry Willis, George Smith, and Mrs. Vern Gaunt.

The next meeting will be with Mrs. Bond on May 17. This will be the final meeting of the club year and all members are urged to attend.

Honor Graves' Reception To Sunday, May 20

A reception honoring Mr. and Mrs. I. T. Graves will be held on Sunday afternoon, May 20, between the hours of 3 and 5 p. m. The affair will be in the High School cafeteria and is open to the general public.

Present and former trustees along with their wives will assist in the houseparty.

In the receiving line with the honored couple will be Mr. and Mrs. A. E. Baker and present trustees, W. L. Davis, Ernest Lee Thomas, Howard Gregory, Greet Christian, L. D. Simpson, Ralph Johnston and Jack Stansell.

Burgetts Enjoy Trip Downstate

Mr. and Mrs. Z. A. Burgett have recently returned from San Antonio where they were house guests of their son, Kenneth and wife. The local couple found the weather very cool due to recent rains.

During their stay there they enjoyed reserved seats at the grandstand on the Alamo Plaza to view the Flamball parade. It was the climax of the week-long celebration of an annual affair called the Battle of Flowers.

The parade was three hours in passing. Mr. and Mrs. Burgett said and was led by Governor Price Daniel. The beautiful floats were lighted by Phosphorous torches and had some thirty bands participating.

The gowns worn by the Fiesta Queen and her maids cost approximately \$10,000 each, the Burgetts related.

Mr. and Mrs. Burgett also visited the zoo which is among the four largest in the United States, the Alamo Missions and a number of business centers in the city.

While away from Floydada the couple spent some time with the Jim Houstons and B. B. Kings, former business people of Floydada, who sent their regards to the good people in the community.

RANDOM REASONING. Real courage of convictions shows when a person denounces an evil that is putting money in his pockets. It is much easier to be indignant about that which does not bring benefit to ourselves.

ASK A CANNIBAL. University of Michigan psychologist, Dr. James V. McConnell, has revealed that experimental tests showed that the flatworm called planaria can learn by eating his educated brother. The experimenters chopped hundreds of trained flatworms into pieces and fed them to untrained planaria, which are cannibals.

Unbelievably, the uneducated flatworms demonstrated thoroughly conditioned reflexes as soon as dinner was finished!

Dr. McConnell is trying now to prove that memory is laid down in certain body cells by giant protein molecules of nucleic acid called RNA by extracting RNA from educated worms and inducing memory in untrained worms by feeding them the RNA. Doesn't this make interesting speculation?

RELAX AND LAUGH: Last week I took a copy of Jean Kerr's "THE SNAKE HAS ALL THE LINES" to the laundry with me and came home feeling much refreshed. Her essays are just the thing to restore a tired sense of humor. I'm sure that many mothers would be agreeable to her suggestion that the floor of the car be lined with nails so nobody could stretch out there — especially on Sunday morning! In "A Child's Garden of Manners."

Miss Kerr writes about teaching children respect for the property of others: "You don't like anybody to play with your tractor, do you? Well, Daddy doesn't like anybody to play with his tape recorder."

"Sometimes it's hard to know just what to say. Last winter I found on the breakfast table a letter addressed to Mommy Kerr. It was on my very best stationery, and there were ten brand-new four-cent stamps plastered all over the envelope. When I pulled out the letter, the message read:

Dear Mommy,
John is mad at you because you don't let us put our snowballs in the freezer but I am not mad at you because I love you.

Your Friend, Colin
Well, there you are. When you get right down to it, it was worth forty cents.

Yes, it was, Jean Kerr, and when you get right down to it, your book was certainly worth the cost.

Miladies' Club Enjoys Program On Wall Plaques

Miladies Club met May 3, with Mrs. Mirah Amburn for their regular monthly meeting. Roll call was answered with a house hold hint.

During the program Burlan Dunavant taught members how to make flower plaques.

For the next meeting on June 7th with Mrs. Ronnie Birchfield, each member is to between now and that time, piece two nine patch quilt blocks and bring them to the meeting.

Present for Thursdays session were Vida Womack, Bulah Baker, Virgie Summers, Ronnie Birchfield, Ruth Dutton, Tommie Rowan, Pernie Leatherman, Bethelene Webb, Ester Freeman, Ruth Carlton, and the hostess, Mrs. Amburn.

L. G. Withers is back home from Plainview Hospital and Clinic where he underwent surgery last week. He is up and about a good deal of the time.

Dougherty News

By Mrs. W. J. Ross DOUGHERTY, May 7 - Sunday evening services at the local Baptist Church will be dismissed Sunday evening, May 13, so that the membership may attend the Baccalaureate sermon of the Floydada High School which will be at the Floydada High School Auditorium at 8 p. m. Sunday evening, May 13. Henry Ewing will present the sermon. The following pupils from the

Dougherty district are in the graduating class: Nita Cage, daughter of Mr. and Mrs. Harlan Cage, Bill Daniel, son of Mrs. Ruth Daniel, Max Campbell, son of Mr. and Mrs. Maurice Campbell. Mr. Wilmer, principal of the Dougherty School announces the close of school program for 8 p. m. Tuesday, May 15. It will be a variety type program with a one act play presented by students of the 5th, 6th and 7th grades. The close of school picnic has been announced for Friday, May 18, at Mackenzie Park, Lubbock. The group is requested to meet at the usual place just east of the pool at 10 a. m. The skating rink has been reserved from 1 to 2 p. m. A basket lunch will be served at noon. Everyone is invited. Mrs. Henry Hinton, retiring president of the Community Club, expresses her appreciation and thanks to everyone who assisted in the food booth at the tournament. The tournament is reported a success with six schools participating. The South Plains team won the trophy in the big boy division. The Dougherty little boys will meet the Providence little boys at Floydada at 2:30, Friday, May 11, to decide the winner of the trophy in that division. The Dougherty girls play Cone girls at Cone Tuesday, May 8, to determine the trophy winner in that division. At the regular meeting of the Community Club Monday afternoon the following officers were elected for the school term 1962-63: President, Mrs. Jesse Perrell, vice president, Mrs. Kenneth Poole, secretary, Mrs. Weims Norman. Citizens of our community all ways respond graciously and helpfully when a neighbor has an emergency or a bit of bad luck. Among those who responded actively to the biblical injunction to do unto others as you would have them do unto you were Roy Crawford, Weims Norman, Mac Ward and Kenneth Poole who took their equipment and planted cotton for Joy Ward Friday. Joy, Birdie, Tim and Cindy wish to express their heartfelt thanks for this kindly deed. After approximately a week at home Joy was hospitalized again Sunday. On further examination the surgeon decided to try traction and physical therapy. At this time it is indefinite if he will have surgery or how long he will be in the hospital. His room is 240 Methodist Hospital. R. D. Holly has been home from the hospital since Tuesday. He is reported to be improving as well as can be expected. He and Juanita have enjoyed brief visits from a large number of friends from the surrounding area. Mr. and Mrs. Holly express their thanks to everyone for their kind and thoughtful deeds for the lovely potted plants, floral arrangements, cake, pies and other kindnesses. Sam Ross had a check-up at the VA Hospital, Amarillo Monday. His condition continues to improve and he is to report for plastic surgery early in June. Mr. and Mrs. Kenneth Poole and Lance and Mrs. J. T. Poole attended a reunion of the Moore family at Burleson Sunday. George Scott, of West Texas State College, visited his parents over the weekend. Mr. and Mrs. B. F. Priddy, of Ralls, visited in the W. J. Ross home Friday. S. J. McIntosh assisted by Mmes. Morrison, Daniel and Cage officiated at the Dougherty Democratic primary election polls Saturday. There were 81 votes cast. At the Republican booth with Mrs. Carmel Eastham officiating six votes were cast. Mr. and Mrs. S. J. McIntosh and family attended a reunion of his mother's family at the home of Mr. and Mrs. Ebbie Grant, of Shallowater Sunday. This was the first reunion of the Lee family since the death of their mother. Twenty-two were present. Mrs. Weims Norman and children also attended the Lee family reunion. Sara Eastham is returning home today after visiting her grandparents Eastham at Topeka, Kas., for two weeks. Supper guests in the home of Mr. and Mrs. R. H. Crawford

Saturday were Milton Wiley, Corpus Christi, Mrs. W. A. White, Lubbock, Rev. Vance Zinn, Mrs. Zinn and children, Mr. and Mrs. A. C. Pratt and sons, of Floydada. Milton went to Friona Sunday afternoon but will visit his sisters in the area again before returning to Corpus Christi. Mr. and Mrs. Ray Tinney and sons have returned from visiting relatives in Oklahoma.

Kitchen And Field Report

M is for May - M is for Mother - M is for memories. It seems the merry month of May brings us so many things. It brings us the story of the Maypole - an old English custom that originated during the medieval days when the first day of May was celebrated as a popular holiday. A Maypole was constructed in an open area of the village to mark the center spot for the merry-making and sport activities of the day. It was quite tall and usually made of birch and attractively decorated with colorful ribbons, streamers, wreaths and garlands of flowers. A tea is a wonderful way to celebrate Mother's Day or honor your graduating classmates. Whatever the occasion tea fare, by all rights, should be pretty and dainty. Some PENCHE BON BONS served with tea or coffee make nice refreshments - and they are something that can be made a head of time. The oatmeal makes them extra nutritious - as well as delicious. Here is the recipe: 2 cups brown sugar; 1 1/2 cups milk; 1/4 cup butter or margarine; 1 teaspoon vanilla; 1/2 teaspoon salt; 20 large, fresh marshmallows; 2 cups oatmeal, uncooked (quick or old-fashioned). Combine brown sugar, milk and salt in saucepan. Cook over low heat to soft ball stage (until a little of the syrup dropped into cold water forms a soft ball). Remove from heat; add butter, vanilla and marshmallows. Allow to cool for 5 minutes. Beat until butter and marshmallows are completely melted. Beat 2 more minutes. Stir in oats. Drop by teaspoons onto greased waxed paper. When set, roll in coconut or powdered sugar. Mr. and Mrs. Claude Weatherbee attended the Lion's Club Convention in Lamesa last Saturday. Mr. and Mrs. Buck Marricle and boys and Buck's father, E. J. Marricle spent Sunday in Lubbock with Mr. and Mrs. Carl Shipman. Sylvia Buchanan and children of Plainview spent the week-end with Mr. and Mrs. L. C. Ferguson and children. Mr. and Mrs. Bud Goen, Mark and Melinda were supper guests Sunday evening in the Ralph Rucker home. Mr. and Mrs. E. B. Chesnut were dinner guests Sunday of Mr. and Mrs. E. J. Barker. Mr. and Mrs. Tom Hutchins and Dale spent Sunday in Amarillo with her mother, Mrs. F. L. Campbell, and other relatives. Mr. and Mrs. Rex Lackey and Jana visited Mr. and Mrs. E. B. Chesnut Sunday afternoon. David Hutchins of Abilene spent the week-end with his parents, Mr. and Mrs. Tom Hutchins and his brother, Dale. Harry Morckel and I attended the fish fry at Mt. Blanco, last Friday night. It was held at the community building. More than one hundred attended this delightful affair. The men fried the fish in large black pots of deep fat out in the yard. The women brought salads and desserts until the tables "groaned" beneath their load of "Goodies". Maurice Campbell was a co-op visitor Monday morning. Molly Fullerton, Harriet Schuppert, my mother, Mrs. J. H. Buchanan, and I enjoyed Open House at Naomi's Ceramic Shop near Wake, Sunday afternoon. If you haven't seen her lovely shop be sure to stop by any time you are passing. My mother, Mrs. J. H. Buchanan, returned last Saturday from Inglewood, California, where she had been since last September visiting my sister and her husband, Mr. and Mrs. Hershel Friedels. Mrs. Clyde Farish of Lockney and her sister Mrs. Clayton Terrell of Plainview were co-op visitors Monday morning.

Staff Reporter's Mother Injured

Curtis Martin, a Lighthouse Employee, went to Oklahoma City Sunday and returned Monday with a new truck and hole digging machine. Mrs. J. F. King, mother of Peggy Medley Hesperian staff reporter, is improving some from a cracked hip and bruises suffered in an accident at the Air Base Hospital in Amarillo on May 25, where she is employed. "Whatever your lot in life, be sure to build something on it." Mr. and Mrs. O. M. Watson Jr. and Lou Ann visited recently in Paradise, Tex., with Mrs. Watson's parents. USE HESPERIAN WANT ADS

Observance Of Mother's Day

Sunday is Mother's Day. Invitations are extended from local ministers to attend church that day for a Mother's recognition. No special services have been planned other than Mothers will be honored guests at all churches.

At the First Baptist Church, as always in the past, the oldest and youngest mother present will receive a gift and other mothers will be recognized during the morning worship.

Other churches will have song dedications in memorials to mothers.

Old Settlers

(Continued From Page One)

The cost for the job will be approximately \$225. The motion was made and carried by the Association members Saturday. The stand will be built near the concrete slab and under the trees for protection from the sun.

A. T. Swepton, chairman for the pioneer dinner, said he had secured Jetton Catering Service to serve the noon meal. Those eligible for the free lunch will be those who came to the County 50 years ago or longer.

Wild flowers of the county and antiques will be on display through the day. Prizes for the wild flower exhibit will be \$7.50 for first place, \$5 for second, and \$2.50 for third. County Is Over Goal In Cancer Crusade Drive

The final summer meeting of officers of the Floyd County Cancer Society was held Monday afternoon in the community room of the First National Bank.

Mrs. Clay Henry, retiring president, presided. Reports were heard by committee women present on the Cancer Crusade held in April. Mrs. Lane Decker, chairman of the county-wide drive, reported on deposit at both banks, Lockney and Floydada, \$3,012.74 with Lockney still having two communities unreported.

The goal for Floyd County this year was set at \$1700. Last week Mrs. George Webster Jr., Lockney area chairman, said \$1181.53 was on deposit there from surrounding communities with Muncy and Peasant Valley still to report their collections.

At the meeting Monday, chairman of the service committee, Mrs. Carrick Snodgrass, said the local society was caring for one cancer stricken patient at present in Floyd County. They will continue their services through the summer as prior and an appeal is going out to community residents for assistance. Mrs. Snodgrass said they were still needing workers to roll bandages and prepare other medical needs at the cancer work room at Peoples Hospital. Those having the time to contribute are asked to call the chairman.

Officers for the 1963 Floyd County Cancer Society were elected Monday. These are Mrs. Snodgrass, president; Dr. W. J. Mangold, vice-president; Mrs. I. H. Parks, secretary; and Mrs. Lane Decker, Crusade chairman.

Bill Hale underwent an emergency operation on May 4 in Peoples Hospital and is said this week to be improving nicely. Bill, who is associated with his father in Hale's Dept. Store, was stricken ill on Friday and before an appendectomy could be performed his appendix had ruptured. He stood the operation fine but it will be sometime before the business man will be up and about.

Mr. and Mrs. Jerry Patterson of the Sandhill community are parents of a baby daughter who arrived May 3 in Peoples Hospital. The baby weighed six pounds, thirteen ounces at birth and has been named Melinda Lea. She has an older brother, age three and a sister, who is one.

Grandparents are Mr. and Mrs. L. E. Kiker and Mrs. H. R. Patterson.

May Is Planting Time for Irrigated Pasture Land

20,000 Acres On Slopes Is County's Need

By Joe J. McEntire
Work Unit Conservationist

Pasture planting time for irrigated land has arrived. This past week has seen several landowners start preparation for planting of Midland bermuda grass sprigs. It has been determined that as many as 20,000 acres of steeper slopes in the Floyd County Soil Conservation District need to be established to permanent grasses to protect the land from wind and water erosion. Also the steeper slopes in permanent grass are better able to utilize rainfall by holding the rain where it falls, stopping excessive runoff.

This year's diverted acreage program offers an excellent opportunity to get grasses established. Since the diverted acres are not to be grazed until Jan. 1st this will give the grasses an excellent opportunity to get established before being stocked.

During the last two years approximately 1,000 acres of irrigated pastures have been planted with some outstanding results being cited. Mr. J. S. Noland of Lockney who established 14 acres of Midland bermuda grass in 1960 reports his management and stocking rates as follows:

From planting date until frost the first year he did not graze it, since he wanted the stand to be well established. After frost 90 cows were wintered for 6 weeks on the dormant grass and then put on silage. After prewatering in the spring of 1961 he started grazing in late April with 68 head of cows.

He continued until frost on the 14 acres with this rate except for 6 weeks during the peak growth season when he stocked with 108 head of cows and 76 calves. Also during this period of time he was digging sprigs off of about 5 acres of land.

His management this spring includes 260 pounds of 32-0-0 fertilizer in March per acre followed by prewatering. He started grazing about April 15th with 41 head of livestock and will in-

crease to 65 or 70 during the year.

Before each irrigating this year he plans to apply 60 to 80 pounds of actual nitrogen per acre. From all research information it appears that nitrogen in this amount is definitely needed if high sustained yields are to be realized.

Cost-share for establishing grasses under the Great Plains Conservation Program where a complete conservation plan is carried out is offered at the rate of 80 percent of the average cost for establishment except for Midland bermuda grass.

For Midland bermuda grass the cost-share for seedbed preparation, sprigging operation and sprig cost is \$10.90 per acre. If you are interested in grass plantings on your land this year contact the local Soil Conservation Service office for additional information and planting assistance.

Grass Needs Time For Root System

By Truman Gregory
Soil Conservationist

Several Floyd County farmers are establishing irrigated grasses for permanent pasture. Some will find this to be more profitable than others due to management of grasses.

Farmers trying to establish grass should not plan on any grazing the first year. It is very important to let the grass establish a sound root system. This will pay off in increased yields later.

When the grass is well established begin grazing when the plants reach the early root stage. This is a critical stage. One should not try to get back all his expense at once. The farmer should adjust his grazing so that not more than 50 percent of the current growth is removed.

Since the leaves of the plant are the manufacturing system of the plant, removing over one-half of the growth has about the same effect as a damaging freeze. It takes time for recovery after each grazing.

Temporary electric fences could be used to rotate cattle in small patches. The protein content of grass is the highest at about the early boot stage. This means that one could expect higher

gains from livestock if utilized at this time.

There is some merit in the statement "grow more grass to grow more roots to grow more grass." This has been proven by research and field trials.

With a combination of good practices and sound management it could be possible to produce as much as 2000 pounds of beef per acre on irrigated grasses in Floyd County.

This has already been accomplished in the High Plains area of West Texas. One of the factors that should be considered with rotating cattle about every 12 days is time and frequency of irrigation.

Cattle should be off the grass after watering long enough to regain its strength. Plenty of clean cool water should be available at all times. Also good quality dry hay should be fed free choice and the farmer should use good quality cattle to make fast gains.

Farmers planting grass should work out a safe stocking rate and not overgraze their grass. The available feed supply to car-

ry cattle through winter months should be considered and any needed adjustments made.

Soil Conservation Service technicians will be glad to assist in the development of plans for a livestock operation on your farm. Cost-share can also be obtained under the Great Plains Conservation Program.

Fertilizer Has Important Part

By Lewis McCustian
Soil Conservationist

Fertilization plays a very important role in the success of an irrigated pasture. Some grasses such as Bermuda grass are capable of utilizing very high levels of nitrogen. Proper irrigation is very important with an irrigated pasture just as with a cotton crop.

In early spring the pasture should be fertilized with at least 50 to 60 pounds of nitrogen and phosphorus. Also a good irrigation at this time is needed to

get the grass off to a good start. During peak use of moisture, irrigation should be applied about every 12 days since the grass removes about one-fourth inch of moisture per day and only about three inches can be efficiently applied per irrigation on our tighter soils which are predominant in this area. This means that rotation and fertilization should be geared to fit the irrigation system.

Bermuda grass has shown that it has the ability to utilize up to 900 or 1000 pounds of nitrogen per acre without reaching the point of diminishing returns. Also, protein content and palatability are directly related to nitrogen level in the soil.

Bermuda grass can withstand the winter much better if adequate moisture is available. An irrigation in the fall will prepare the pasture for the winter and help prevent winter kill such as several farmers experienced this past winter.

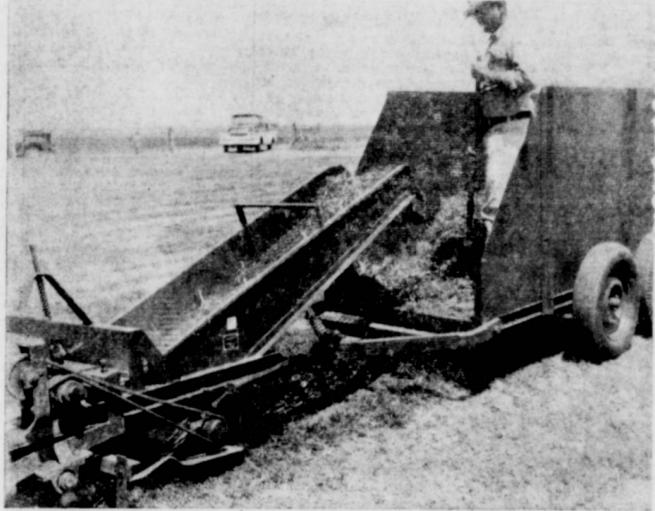

Your local Soil Conservation Service can give you assistance with your irrigation system and management problems.

Value of irrigated grasses is not limited to grazing by livestock and protecting steep slopes from erosion. Shown here is Eddie Fortenberry of Lockney harvesting grass seed. Side Oats Grama last summer. Grazing after seed harvest can then be made by live-

Left, and his father, J. A. Noland, are shown here looking over the lush and early growth of their Midland Bermuda grass. The grass grows surprisingly fast and will carry a heavy load of cattle.

Joe Noland is pictured here in trailer behind machine that digs Bermuda sprigs. Beside making excellent pasture this Midland variety produces a strong growth that allows sprig digging and comes back quickly. The sprigs will be used to put in additional acres or for sale to others interested in this type grazing.

STATE CAPITAL Highlights AND Sidelights

by Vern Sanford

TEXAS PRESS ASSOCIATION

AUSTIN, Tex. — Annual payments of corporation franchise taxes helped knock down the enormous deficit in the state's General Revenue Fund in just 12 days.

On April 24, State Treasurer Jesse James reported a deficit of \$80,341,045. Twelve days later, the deficit was down to \$28,053,885.

James noted that the deficit was markedly lower than the \$180,000,000 peak reached a little more than a month ago. But he did not state when the next big revenue fund—which might make the deficiency soar again. However, State Comptroller Robert S. Calvert said the state will send more than \$34,000,000 to public schools early in the summer.

STATE WINS ESCHEAT SUIT

FOOTE BUTANE & OIL CO. is the winner in a suit to determine whether Texas, Pennsylvania or New Jersey has the right to escheat \$37,853 that Sun Oil Company owes to more than 1,800 people whose whereabouts are unknown.

Texas claims the money because the transactions were made here. New Jersey filed suit because Sun Oil was chartered there. Pennsylvania wants to attach it because the company headquarters in that state.

IMPORTED STEEL TO BE BANNED — District Judge Herman Jones of Austin has given notice to both sides of the case of the Texas Association of Steel Importers, Inc., versus the State Highway Department that he will uphold the Highway Commission's authority to order a ban against imported steel in constructing state highways.

Steel importers challenged this authority when they brought suit in January. A five-day trial in March ended in a hung jury.

Highway Commissioner Herb Pety Jr. testified that some imported steel was found to be "inferior", and stated that it was not "worth the risk."

Judge Jones concluded that the importers had failed to show the invalidity of the highway department's order. He is expected to enter judgment for the state next week.

COMMISSION ADOPTS TEACHER SERVICE

TEC Administrator R. L. Coffman announced that the commission will run a placement service as a clearing house for applications from teachers. Also they will list vacancies.

New plan is expected to afford teachers a wider selection of teaching opportunities and provide school administrators with a choice of instructors from all over the state.

Local offices of the employment commission are stocking application forms, which also may be secured from the Austin office.

UT LEASES UP FOR SALE

Some 35,000 acres of oil and gas leases owned by the University of Texas will be offered for sale at a public auction in the Commodore Perry Hotel in Austin on June 28.

All of the 101 leases on West Texas land parcels, ranging from 82 to 343 acres, will be sold for a term of five years, or as long as the oil or gas on the lands is produced in paying quantities.

Big difference in this 45th public auction is that the royalty from gross production has been raised from the one-eighth charged previously to one-sixth. Land Commissioner Jerry Sadler insisted on the change since state public school lands long have been sold on a one-sixth basis.

The New York Stock Exchange made a survey of security transactions in Texas and reported that the number of stockholders in the state zoomed from 160,000 in 1956 to 375,000 in 1959, with one Texan in every 26 a shareholder.

State Highway Department is arranging with Civil Defense officials to make departmental buildings available as public fallout shelters in the event of enemy attack.

Twenty-one inspection stations were closed by the Department of Public Safety as it began a crackdown on stations suspected of improper inspection of motor vehicles.

Albert B. Fay of Houston, Republican national committeeman, asked Gov. Price Daniel to proclaim May 26 "Republican Day" in Texas.

Governor Daniel saluted the 176 livestock markets in the state and designated the week of May 7-12 "Livestock Market Week."

B. P. W. Club Set Pioneer Roundup

The Plainview Business and Professional Women's Club has announced May 19th as the date for the 1962 Pioneer Round-Up. This will be the 34th year the club has sponsored this annual event.

Mrs. Gladys Richardson, president of the B. and P. W. Club, has appointed committees for the Round-Up and chairmen of each committee.

Pioneer Round-Up through the years has become a part of Plainview, Hale County and surrounding area and attracts former residents who now live in distant cities as well as local people.

The full day's activities will begin with the reception at the City Auditorium in the morning. Highlighting activities in the afternoon will be a parade with the supper and program in the evening.

The traditional dance concludes the Round-Up.

Purpose of the event is primarily to honor pioneers on this day, giving old-timers a chance to get together and to meet those who will be the pioneers of tomorrow.

Partnerships, corporations and other such business organizations which operate dairy farms will be entitled to only one vote regardless of the number of partners, shareholders, or others interested which make up the organization.

The Agricultural Marketing Agreement Act of 1937 under which the proposed marketing order would be issued, authorizes a cooperative association of producers to cast a single ballot on behalf of all of its members who qualify as producers.

The referendum agent will announce the names of cooperatives that qualify. Producers in these associations will not receive a referendum notice, and will not be expected to cast individual ballots.

The proposed Federal milk marketing order on which producers will vote in this referendum is based on evidence received at a public hearing held in Lubbock, Texas on June 6-10, 1961.

Jimmie Snead and Miles Davis are patiently awaiting the close of school so they can leave for summer camp. The two have enrolled for a summer adventure at Camp Silver Spruce for boys on the Florida River in southwestern Colorado near Durango.

Jimmie is the son of Mr. and Mrs. Tom Snead and Miles is the son of Mr. and Mrs. Lon Davis or disapproval of a proposed Federal milk marketing order will be held within the next few weeks according to A. T. Radtgen, Referendum Agent of the U. S. Department of Agriculture.

The Lubbock-Plainview marketing area will include all the territory within the seventeen

contiguous Texas counties of Bailey, Castro, Cochran, Cottle, Crosby, Dickens, Floyd, Gaines, Garza, Hale, Hockley, Lamb, Lubbock, Lynn, Morley, Terry and Yoakum.

One of the first steps in the referendum will be to determine those producers who will be eligible to vote. As defined in the proposed order, these are persons or firms which delivered milk to the regulated handlers in the marketing area during January 1962. Their names will be supplied to the referendum agent by milk dealers.

A notice of the referendum will be mailed to each known qualified voter giving the date the referendum will be held. No voting by proxy will be permitted. Each producer will be entitled to only one vote regardless of the number of farms he operates.

Local Firemen Aid Boys Ranch Fire Department

A seven-year drive by the Panhandle Firemen's Association to get fire protection for the nearly 300 boys at Cal Farley's Nationally-famous Boys Ranch comes to a climax Saturday, May 12th, when the new fire station will be dedicated during the Association's semi-annual meeting at the Ranch.

The fireman of Floydada, Texas have joined hands with approximately 1,200 others of the Panhandle and South Plains to present the ranch with a 500-gallon pumper truck and a 300-gallon booster fire truck.

Mr. and Mrs. V. E. Hafner of Chillicothe donated the funds for the fire station which has been completed.

An estimated 75 communities are expected to be represented by the firemen when they will be the guests of the boys and ranch personnel during their convention. All but five of the towns have volunteer fire departments.

To raise funds for the 500-gallon pumper the firemen sold candy, chewing gum, fire extinguishers and other products for the \$12,650 that was needed.

The Howe Manufacturing Co. of Anderson, Indiana, built the pumper at cost. The 300-gallon booster was built by Lubbock firemen from a truck chassis.

While at Boys Ranch the firemen will be the guests of the boys and ranch personnel during their convention. All but five of the towns have volunteer fire departments.

Social Security Representative Here Each Monday

Almost 12 million people 65 and over are now receiving social security benefits. Are you one of them? If not, should you be?

In years past, most people over 65 couldn't receive any social security benefits if they earned more than \$2,000 in a year. That's changed now.

Under the law as it now stands, a worker over 65 can have fairly substantial earnings and still receive some social security benefits for the year.

How much can you earn and still receive benefits? Depends on how much your benefit is and whether any of your dependents also qualify for benefits.

The folks in the social security office at Lubbock, Texas will be glad to help you. If you find it difficult to get to the office, give them a call. The representative of the Lubbock Social Security Office will be in Floydada on each Monday in the Court-Roswell, New Mexico house, Room 106 at 9:00 a. m. Monday Inn Motel.

Clarence Foster Memoirs

good. I found out there was a new home. Christmas at the Methodist Church. This was a very small one-room building. I found a seat on the back row, and watched the people enjoy themselves. I was very happy because I had found the right kind of candy.

Sixty-One Years Ago

Yes, this is January 24, 1962. Sixty-one years ago to this day we landed on the plains, in Floyd County.

It was a very beautiful clear day, the nights were very cold. I will go back and start from the first. My Dad, Mother, two sisters and one brother.

My brother-in-law came down from the plains, with his wagon and team to help us. We had two wagons. We loaded the sea-trucks with food, clothes, household furniture, corn for stock, and a few farming tools. Dad bought a new surry with Christmas fringe all around the top. This was something outstanding for me. First I went those days. Now we were really ready to start for the plains. I found it; they were they!

It was January the second or third, 1901, before we got started from Jack County. We were living ten miles west of Jackboro. We are on our way getting a long just fine, making from one town to the next town in a day. Olney was the first day stop for the night. Seymour the second night, and we should have passed Benjamin, but not knowing what we were driving into, we spent the night near the house of a distant relative of my mother.

Quarantined Fifteen Days

We were on our way early the next morning, looking forward to spending the night in Guthrie. Well, to our great surprise, here I drove up beside us a man in a two-horse buggy. Seemed so nice, like he wanted to help us, and sure enough he did. Told us his business, stating he was Sheriff of Knox County, and he would have to quarantine us.

There was quite a small posse scare in Enjinamin. We were out about fifteen miles from Benjamin in what is called the little Arizona Brakes. As I said before, he was very nice and considerate of our welfare. He said there is a stock tank about three miles from the road, and we would be welcome to stop there, plenty of wood and water. Now the water was the same color of the ground, a nice rich red.

So over to the tank we went, and pitched camp, for fifteen days. We did have a good tent, about eight by ten. We did have something to be thankful for, it did not rain or snow the days we were tied up. At last we were released, and we were on our way again, and spent that night in Guthrie.

Out early the next morning, on our way to Matador, we did not reach Matador that day, for this was sure enough ranching country and was very slow traveling. On this road I saw the largest herd of antelope, some eighty.

five head, it was very exciting to see them.

Before we reached Matador we had to cross Tonsie River and this was quite a job, as the sand was so deep. The next day we reached Matador but did not spend the night there. We went to White Flat.

My brother, George was teaching school at that place, the winter of 1900 and 1901. The weather was still very nice in the day time, at night it was very frosty and cold. The next day we reached the plains about three p. m., January 24, 1901.

One Room and a Dugout

We are now about five miles from our destination. The place that was waiting for our arrival was a one room house sixteen by sixteen feet, and a dugout. You can't get very much in a one room house and a dugout. Well, we didn't have too much. We set the tent up beside the house and dugout. What we couldn't get in the dugout and house we placed in the tent. There was one thing we had to put in the tent - Mother's steel range cook stove.

It was just a little hard for us to adjust ourselves to all the conveniences we had and didn't have, so mother had to adjust herself to a two-eye batchler stove with the oven on the first joint of stove pipe above the top of the stove. This was not much for looks, but we had something to eat.

I will tell you just a little more about the dugout. We used it for a kitchen, dining room and bed room. The most of the time brother Kent and I had our bed on the dining table, because we didn't like too many in the bed at the same time - waterdags were very plentiful and friendly like February was a bad month, quite a lot of snow. I would get up in the snow and look until I found a rabbit track and it wouldn't be too long before I would catch a jack rabbit. We would dress them, throw them out on top of a building and let them freeze over night, so this helped keep us in fresh meat the rest of the winter.

High Winds In March

March soon came and then the high winds. My, how bad they were. One morning fairly early the wind was at its worst. We looked in the west, and it looked like all the west was on fire. Dad and I caught a couple of horses, and did not take time to saddle them. If we did it would be too late. So we started out bare back and it was about eight miles west to our closest neighbor, Mr. and Mrs. Rushing.

We got there, knocked on the door and Mrs. Rushing came to the door. We asked her about the fire in the west. She looked, and smiled saying it was dust blowing up in New Mexico. This was our first experience with March winds. We lost most everything we had in the tent except the heavy cook stove.

Well, spring is here and it is time for us to get our farming tools out and get them all greased up. There was a Georgia stock, a double shovel, a breaking plow, and a one row planter. There was no place for seats on these tools, so we just walked.

This place we moved to was not my Dad's, it belonged to my brother. We had about thirty acres in farm. I don't remember but I am sure I flat broke it. Our crop was crooked neck maize, corn and cane. This was the finest I ever saw grow. The only use we had for this feed was for our stock, there was no market for it.

We brought our cattle up from Motley County. We had plenty of range for them. We were located in the Matador Land and Cattle Company eighteen section pasture on the plains.

There were two sections in the place we were on and Dad had two sections. Lee Montague had one section, Frank and Fannie Montague had two sections. There were twenty five or more sections in this pasture.

Hauled Lumber From Childress

I can't recall whether we stayed one or two years on this place. I really think it was two years. In 1903 Dad built on his place. We hauled the lumber

from Childress, Texas. Canyon and Childress were the only railroad towns close to us. It would take us a week to make a round trip. We had to make several trips for the lumber. We built three rooms with up stairs over the kitchen.

It was on one of these trips that a Mr. Walls was loaded with supplies to build a telephone system in Floydada.

Dad got a Mr. Kropp to build our house. While this was being built we fenced about thirty or forty acres for field.

Dad looked around and found a second hand sod braking plow. Now you got to get this gentleman set just right or you won't get any sod broke. If this plow is right you can do a nice job, the sod will lay over flat on the ground.

So we planted our maize, kafir corn and cane. This was planted while I was breaking the sod, in the third furrow or the third round. At first some one had to follow me and drop the seed.

Later on someone told us how to fix this thing that we could fasten on the plow down in the furrow. This was made with wash pan and lumber. Don't ask me how to build one or how it works because I don't remember.

How to Harvest Maize

Before I forget I want to tell you how we would harvest our crop. We built about a six foot slide. About half the length we would add on another width. Now so to the blacksmith and get him to cut you a two-foot piece of steel two or three inches wide, hammer out one side, and sharpen it, then build this to your slide, giving it slight slope back. Now ready to start to harvest, get one mule, hitch him to your slide, get a driver, sit flat down on the slide by the side of the knife and catch the feed in your hand.

Yes, it was loose, shocked loose, and hauled out of the field loose and put in a stack.

A New School District

I will tell you about our school. There was a new school district organized. The name is Hillcrest. I think it was organized in 1902. The first teacher was my brother, George and the second teacher was Miss Emmie Garrison, now Mrs. Bourland of Florist.

We lived about seven miles from school. Dad got hold of the running gear of an old buggy. We built the bed and two seats on it. It did not have a top, so all we had to do was sit up and face the cold north-east wind for seven miles. Quite often we would go horse back, and still there was nothing to break that north wind.

The Hillcrest School didn't last too long. So then we went to Fairview, and it was about the same distance, the same old buck board or horse back whichever we liked.

We had church once a month at Hillcrest. Bro. R. E. L. Muncy preached often for us. Then Bro. G. I. Britain preached. We went most to church at Fairview. We went to Cedar Hill quite a lot. There was a number of young people there. Few of them are left yet. There is Fortenberry, Lackey, and I believe sister, Mrs. Mize are all that are left out there.

The girls and boys went horse back most everywhere, had quite a lot of parties, had good times, plenty of good horses and saddles to ride. From ten to twenty miles we would go to a party, and think nothing of the miles.

After we got our house built and moved in it was quite a lot better for the family.

Fuel was a problem for everyone. It was too far to haul coal, so there were only two fuels for us to burn.

Hauling Wood From the Matadors

The Matador Land and Cattle Company didn't care for people to get the bad wood, but that didn't last too long. So then we would have to go late in the evening and hope we wouldn't get caught. Mr. Frank Leonard was the line rider for the Matadors, and he lived at the Mot Camp. We were out of wood, had only a few sticks left, and there was a bad cold spell on us. Brother Kent and I started for the brakes after wood.

We waited until we thought Mr. Leonard would be at home, not out riding that late in the cold. We got to the brakes, and where the wood was. I was using the ax and my brother was loading it on the wagon. We had about two dozen sticks cut and loaded. Here rode up Mr. Leonard. We spoke. I knew him real well. I had worked for him, and had stayed at the Mot Camp.

The first night I was there Mr. Leonard came back to the room where the men stayed. This was one room built with logs. It was very old then. The other part of the house was fairly new. As I said Mr. Leonard came back and wanted to know if I was afraid of hants. Well, that was the only thing I was afraid of. He went ahead and told me, they say this room is hanted. Two men stood and shot themselves until they fell dead, one across the other. Yes, I would wa-pe-up and would hear all kinds of sounds.

Back to the wood. Mr. Leonard got to the point right quick. He said, "Clarence, you will have to throw the wood off." My, it was cold, misting rain. As it hit it would freeze. We went home without any wood.

Kent and I went back the next day, and it was a littler later in the evening when we started so we didn't have any trouble getting a big load of wood. This wood we are talking about is Mesquite.

The people on the plains didn't think it was wrong to get this wood. It was there and it was not doing anybody any good. I remember after we moved to town my brother-in-law and I went to the brakes after a load of wood and I took four head of horses. This was the biggest load I ever brought out of the

THANKS

To the voters of Precinct 4 for the good support you gave me in the First Primary.

I am asking you, as well as those of you who voted for my opponents, for your continued support and influence in the Runoff Primary, June 2nd.

"Modern?" That's like when you've got Gas Air Conditioning!

"Modern" is a real hard word to explain. Like, for instance, if you were talking about the "newest" in Summer comfort—the Sun Valley Gas air conditioner. It's the "most" in Summer comfort, because the air is the "coolest," and "cleanest" and stays that way when it's "hottest" outside. You might say it's the "economical"est, too, because it uses low-cost, dependable GAS. And no moving parts in the heating or cooling cycles make it the "maintenance free"est of any unit on the market. So I guess you'd say "modern" ends everything with an "est," like the Sun Valley does.

KING-SIZED FILTER
Mama says it'll be all right for daddy to stay in the house to smoke his cigar now, thanks to Sun Valley's new twice-as-big filters.

BUDGET-SIZED ECONOMY
Mama says it's never too soon to learn the dollars and sense facts about utility bills. She says "constant efficiency" means it keeps you cool all the time, and doesn't cost any more when it gets hot.

NO MOVING PARTS
Sun Valley works like a coffee percolator, and who ever heard of a percolator wearing out?

Rev. Sam Hilburn Speaks For WSCS District Session

The annual District meeting of the Women's Society of Christian Service was held Thursday with the local First Methodist Church as hosts. Mrs. M. J. McNeill was chairman of activities.

Theme for the day long session was "To Tell All To The World."

Featured speaker was Rev. Sam Hilburn, Missionary to Japan, in the States on leave.

Rev. Hilburn told of his and his wife's experiences while living in Japan and of the hardships occurring to Japanese farmers.

The Missionary, who teaches at the college in Koby, Japan, said upon retirement he plans to devote his full time in assisting farmers in the village where he lives. At this time he and his wife live in a small home in the village.

While in the States his primary concern is to raise funds for "Operation Cow". Each family in the village have an average of two and one-half acres of farm land to work and no cattle, Rev. Hilburn said.

His plans are to start with a dairy herd of cattle, approximately ten, and as the herd increases see that each family in the village have a milk cow.

After his retirement, Rev. Hilburn said he and Mrs. Hilburn will continue to make their home with the Japanese people and to assist them in any way possible. The Missionary was also in Floydada last night to speak at the church family night.

A sack luncheon and business meeting followed Rev. Hilburn's talk.

Mrs. Copus Boyd, Tullia, president of the District WSCS, gave a report after which Mrs. W. V. Terry gave a report of secretary of promotion.

Dr. J. E. Shewbert of Plainview, District Superintendent of the Methodist Church, spoke, and

ist church will be dismissed Sunday night in order that members may attend Baccalaureate services for the graduating seniors. There will be Training Union, however.

Broadway News

By Mrs. T. E. Thornhill
BROADWAY, May 7 - Well, it looks as if some of our neighbors had some winter cotton seed. Anyway, Monday afternoon of last week we drove over to the J. W. Stewart farm and he almost had a stand of cotton up then. Also there is quite a bit of feed up over the country. So maybe it is really Spring. Soon it will be summer and those hot lazy days.

If you should drive by the Broadway Gin don't get real excited because the building is gone, tho it really does look odd, just machinery sitting out in the open, but one of these days there will be a new building there over the machinery.

Injuries Slight To Floydada Man

SPEARMAN - Leory Lipham, 23-year-old construction worker who resides in Floydada, was injured in a pickup accident last Thursday morning about a mile and a half from Morse, Tex., near Spearman.

Lipham and Sherman Tivis of Plainview had been working on a construction job at Guymon, Okla., and were on FM highway 278 when the mishap occurred. Tivis was driving the vehicle when it hit a guard rail on a bridge, bounced into the other side, then

careened off traveling through the air and landing on its top on the other side of the creek. Had the pickup landed in the creek both men would have probably drowned as both were knocked unconscious.

Lipham said he remained unconscious for about two hours and when he came too he walked a mile and a half to a farm home to get aid. Tivis regained consciousness after being taken to the hospital.

The Floydada man was treated at the Hansford County Hospital and released about noon. Tivis was still hospitalized at last report with no serious injuries.

Mrs. J. E. Arnold, Carrollton, visited her brother N. L. Jones last week. Also visiting last week was Frank Taylor, brother of Mrs. N. L. Jones.

SH Community Club To Meet

The Sandhill Community Club will hold their regular monthly meeting Friday night at 7:30 in the Community Center. All in that neighborhood are urged to be present.

Mr. and Mrs. Pat Bullock and Mr. and Mrs. Tom Pierce will be hosts and hostesses for the occasion.

The Lester Britton family, along with his mother, Mrs. J. T. Britton have moved back to Floydada after living in Wichita Falls the past year or so. The family took up their former living quarters in a rent home of Mrs. Pearl Sims. Mr. Britton is still in the trucking business.

Attention Farmers

We have a good supply of Lankart 57 Planting Seed from Waco.

These seed were carried over from last year. I had a State Germination Test run on them and they germinate 91%.

We have reduced the price to **\$12.00 PER HUNDRED POUNDS**

in order to move the seed this year. They are all acid delinted by Rogers Delinting Plant in Waco.

Corren Home Week

on the floor. Instead of sit in a chair, insists on taking off his shoes before entering the house, and has the tendency to bow when meeting someone. Keep cool when he brings his own silverware to the table, pours a skoshy bit of gravy on his peaches or mixes the mashed potatoes with the salad.

Be tolerant when he takes his mattress off the bed and puts it on the floor to sleep. Don't panic if he starts shouting "Danger" and give me "Camp Howe" at the telephone operator and says "Sayonara" when he hangs up. Don't get shook if he won't drive down the block without a trip ticket or if he says he's "gonna cut a chogie" . . . it means he's moving on.

In a relatively short time he can be taught English again. All he needs to do is "meter-meter" on the time of the land of the big PX, all night generators and two-toned staff cars. Never ask why the boy next door held more rank. If he tells you any combat stories, be patient.

Although they may be far-fetched, he's only passing on what he heard. For the first few months until he's broken, be especially watchful when he is in the company of round-eyed women. He may ask them to walk several paces behind him, or expect them to do all the work. But his intentions, although out dated, and perhaps peculiar, will be sincere.

Keep all these words of wisdom in mind, and with kindness, tolerance, and plenty of home cooking. You will, in due time rehabilitate this hollow shell of a civilian who has returned to you from the mysterious, exotic Far East, and remember, send no mail to the APO, cause most

skosh, he'll be home.

Sgt. Morren left Korea the 28th of April and his parents, Mr. and Mrs. James Morren of this city, have received word he will be home sometime this week.
