ING SUMMER CAMP TRIP—These six Floydada boys are looking over a Texas Highway map to make plans to attend the Salvation Army's summer camp at Midlothian, Texas. They will leave by bus and will return the following Sunday, June 24. Shown here, from left to right, are Kim Rose, Johnny Rowan, Earl Rowan, Johnny Summers, Tim Rose and Earl Cockrell.

Group Of Floydada Boys To Attend Camp At Midlothian

Den Peraberton, Service Unit Chairman of the Salvation Army, announces that six boys from Floydada will attend Camp Hoblitzelle at Midlothian, Texas.

Those attending will be: Kenneth Earl Cockrell, son of Mr. and Mrs. John Cockrell of 305 West Virginia St., Johnny Wayne Summers, son of Mr. and Mrs. Wayne Summers of 423 West Jackson St., Tim and Kim Rose, sons of Mr. and Mrs. Alton Rose, 428 West Missouri St., and Earl Ray and Johnny Dale Rowan, sons of Mr. and Mrs. J. T. Rowan of 416 West Virginia St.

The boys will leave Floydada at 8:45 a. m. on the T.N.M. & O. Bus Lines on Sunday, June 17, reaching Midlothian at 6:20 p. m. They will leave Midlothian the following Sunday morning, June 24, at 8:40 a. m. reaching Floydada at 3:15 that afternoon.

During their stay they will occupy beautiful redwood and brick cottages, one adult leader for each 12 boys.

Their full day of activities will consist of adventures of book, life, swimming, boating, fishing, water skiing, handicraft, camp discipline, stunts, talent hours and lots of good fellowship.

Peoples Hospital Accepted for AHA Journal Listing

The Peoples Hospital has been accepted by the Board of Trustees of the American Hospital Association for listing in its Journal, it was learned here Monday.

This action was the result of an inspection made by a member of the American Hospital Association several weeks ago. Many minimum standards had to be met in order for the hospital to qualify for this honor.

"This action is a result of a long term program of improvement initiated by the hospital," Carl W. Pritchard, Administrator, noted.

County Rain Totals Up To Seven Inches

The old proverb, "and the rains came" has done just that in Floyd County. Some farmers with the moisture they received are jubilant while others who have received over seven inches, want no more at present. Some have reported heavy damage from washed away cotton and some say, "if we get any more rain right now we are done for."

The rains came last Thursday, then Friday, scattered showers Saturday, then again Monday night. Scattered hail of no great damage fell with most of the four different storms. Monday, night, electricity in the southeast part of the city was off a brief time, and water in telephone cables disrupted only a few phones the following day, however no

great extent of damages has resulted in the city itself.

A. B. Muncy at Muncy Elevator is one who is hoping for no more rain. His wife said Tuesday that up until that time they had received over seven and one half inches of rain since the wet spell started.

On north of Lockney last Thursday that area was heavy hit again with several acres of cotton and wheat destroyed by hail. Downpours as much as four inches were recorded in places with the city of Lockney receiving 1.25 Thursday and additional moisture since.

Near Silvertown hail damage was reported and a tornado funnel spotted by several residents

south-southeast of that city on Thursday.

The city of Floydada has recorded over five inches of rain since last Thursday with no damaging hail. Pioneer Natural Gas Co., recorded all told five inches and 60 hundredths.

Over the area rains recorded Thursday and Friday showed 1.20 hundredths at Cephus Fortenberry's; A. S. Mize, northeast of the city, reported 2.90 with some hail damage; Claude Price, north-east of the city, two inches; Covington Oil at Dougherty, 6-10 Thursday, over an inch Friday and north of there some 12 to 15 miles from an inch and one half to two inches fell on Thursday.

Cedar Hill Store recorded 2.25 by Saturday; four inches Thursday and Friday at the Sand Hill store with small hail; two inches at Baptist Encampment; Ollie Cox on the former Johnny Miller farm at Barwise reported three inches, with some hail damage over some portions; Hollis McLain, over three inches;

H. P. Bertrand, west of Lakeview, 1.75; Marion Bradford, in Baker Community, over an inch; Marion Burns, three inches; Parks Oil at South Plains, 1.75 and pretty general over that area.

Monday night east of the city recorded another 2.70 and South Plains an additional 1.20. At McCoy including Monday nights rain they had recorded one inch and three quarters and on south some farmers received two and one half inches.

County agent Cecil Lewis said he believed the farmers "had the sorriest cotton crops in this area he had seen in the five years he had been here."

First it was the hot dry hard blowing winds, then hail and now too much moisture all at once. Lewis said farmers here in the county got off to a slow start and some have already planted over three times. They will try again but can't expect too much yield from such late crops, he continued.

Wheat harvesting was still at a standstill yesterday.

In making a tour Lewis said three-fourths of the county suffered complete loss to lighter damages.

David Burgess, president of the Board of Directors of Plains Irrigation Gas Users Association, has presented a proposal to Pioneer Natural Gas Company to reduce irrigation gas rates to a rate which he says would afford the company a profit. Dr. E. A. Steinberger, rate consultant of the board, prepared a list of proposed rates.

Burgess stated that the proposal was an effort on the part of farmer members of the Association to work out a fair and reasonable compromise. Burgess further stated that legislation was needed to give farmers a right to have their rates reviewed by the Railroad Commission.

The Directors of the Plains Irrigation Gas Users Association voted to accept the proposed rate schedule prepared by Dr. Steinberger on a 5-year contract if it were worked out and approved by the company within 30 days.

There will be a meeting of the Floyd County Gas Users Friday, June 15, 8 p. m., at the County Court House. All members and non-members interested in the organization are invited to attend.

Brodie Construction Awarded Water Improvement Contract

In a special meeting of the city council Wednesday afternoon, June 6, bids for the improvement of the City Water Works were submitted by five general contractors. The council reviewed the bids and the contract was awarded to the lowest bidder, The Brodie Construction Company of Amarillo.

The contract calls for the supervision, labor, materials and supplies necessary for the construction of improvements and extensions to the City's Waterworks System.

The bidding for the contract was very close with the lowest bidder, The Brodie Construction Company, submitting a bid of \$86,157.56, followed closely by The Ramsey Enix Company, also of Amarillo, which submitted a bid of \$88,706.00.

Others submitting bids were: Brown-McKee, Inc. of Lubbock, \$91,492.20; H. B. Jordan Co. of Amarillo, \$95,928.75 and Panhandle Construction Co. of Lubbock, \$97,194.00.

Parkhill, Smith and Cooper, Consulting Engineers from Lubbock have charge of the engineering on this project.

The contract calls for the drilling of new wells, the construction of water supply and distribution mains, booster pump and six fire hydrants.

Others submitting bids were: Brown-McKee, Inc. of Lubbock, \$91,492.20; H. B. Jordan Co. of Amarillo, \$95,928.75 and Panhandle Construction Co. of Lubbock, \$97,194.00.

Dixon Named As General Assembly Representative

Houston Dixon, pastor of the Cumberland Presbyterian Church of Floydada, Texas, has been named by the Western Presbyterian Church of the Cumberland Presbyterian Church as one of its commissioners (representatives) to the Church's 132nd General Assembly meeting in Little Rock, Arkansas, June 20-25, 1962.

The commissioners, representing the Church's 53 presbyteries, will review the work of the Church for the past year and will plan its future program in such areas as Missions, Christian Education Finance, etc.

Considerations will be given the institutions doing the college, seminary, and orphanage work of the Church.

Rulen A. Burrows Retired Freight Agent Succumbs

Rulen Anon Burrows, 85, a resident of the county since 1905 and a retired freight man, died in Plainview Hospital and Clinic Saturday following a long illness.

Mr. Burrows underwent surgery several months ago, was treated several days at Amarillo then returned to a convalescent home in Plainview before being transferred to the hospital.

Funeral rites were held Sunday afternoon in the First Baptist Church in Floydada. Rev. Floyd C. Bradley, officiated. Burial was in Floydada cemetery under the direction of Harmon Funeral Home.

Pallbearers were Parnell Powell, Felt Patterson, Allen Bingham, A. T. Hull, Doyle Walls and Watson Jones.

Mr. Burrows was a native of Tennessee, born Oct. 16, 1876. His first wife, Henriette, died in 1952 and several years later he married Mrs. Verda Borum. She is among survivors.

Burrows was owner of a freight line for many years in Floydada later selling to Miller and Miller where he remained as their agent until retiring several years ago.

Survivors other than his wife includes a son, Roy, of Amarillo; three daughters, Mrs. J. L. Hamm of Plainview, Mrs. T. E. McNutt of Waco, and Mrs. Buck Formy of Altus, Okla.; 12 grandchildren; 29 great grandchildren; and two sisters, Mrs. Terry Thompson, Plainview and Mrs. R.E. May of Norman, Okla.

Boys Baseball Program Hampered By Rainfall

All three leagues of the boys' baseball program in Floydada were hampered by rain this evening. Friday it will be a day of gloom.

In the Junior League action to date games have been played at Matador with the Motley County teams coming out on the long end of the scoring. First local contest in this circuit will be this evening, June 14, when VFW and First National Bank square away on the new diamond east of the high school. Friday's action will see the two Motley teams battling in Matador.

Monday night VFW plays Motley Eagles and on Tuesday First National Bank takes on Lighthouse Electric.

Freshman League play will see Martin & Co. tangle with Dougherty Grain followed by Lon Davis Grain against Oden Chevrolet.

On Friday it will be Wylie Oil Co. vs. Darty Gin and Higginbotham Bartlett vs. OK Rubber Welders.

Monday evening will bring games between OK Rubber Welders and Darty Gin in the opener and Oden Chevrolet Co. and Wylie Oil Co. in the nightcap. Tuesday will pit Dougherty Grain against Lon Davis grain in the first game and Higginbotham Bartlett against Martin and Co. in the finale.

T-shirt schedule will see Bennett Building take the field against Consumers Fuel Association.

Young Thompson, grandson of Mrs. Beatrice Duncan and nephew of Albert Duncan of Floydada, was seriously injured in a one car mishap on the night of the sixth. His physical condition is greatly improved but local relatives said it would be a matter of time before the 19 year old boy would recover completely from his brain injury.

A brother, Edward, who was flown home from service in France, left Monday for Fort Sil, Okla., his new temporary quarters.

The Thompson family are former residents of the Sandhill community in Floyd County.

Doc Ulmer White was brought home Tuesday from Methodist Hospital where he underwent surgery last week. He is reported to be steadily improving. His son, Bob and his family of Weatherford, have gone home after being here last week to spend some time with Doc White.

Sam R. Ross Is Suicide Victim

Funeral rites for Sam Russell Ross, suicide victim, were held Friday afternoon in the First Baptist Church in Floydada. Rev. Jim DeWese, pastor of the Dougherty Baptist Church, officiated, and was assisted by the Rev. G. C. Tiner of Lockney.

Burial was in Floyd County Memorial Park under the direction of Harmon Funeral Home.

Pallbearers were Roy Crawford, Henry Hinton, Sam Graham, Robert Ward, Dale Smith and Jack Covington.

A verdict of suicide was returned Thursday morning by Justice of the Peace Ed Griffin in the death of Ross. A .22 caliber rifle was found near the body, and a bullet wound in the left temple.

The 26-year old man had been despondent since receiving first degree burns over the upper portion of his body and face last September. He was burned while cleaning work clothes with gasoline which exploded. He spent 10 months and 18 days in the Veterans Hospital in Amarillo and was due to receive plastic surgery this week. He had talked against going back but had finally consented and was preparing to leave for the trip just prior to the incident around 3 a. m.

Ross was discovered by his younger brother, Billy, who heard the shot from an adjoining bedroom, in the family home located in the Antelope community near Dougherty.

The victim was born June 12, 1935 in Cone. He graduated from McAdoo High School and enlisted in the service in 1950. He served two years in the Panama Canal Zone and was a member of the Reserves. Ross had been a member of the Dougherty Baptist Church since the age of 12.

Survivors in addition to his parents, Mr. and Mrs. W. J. Ross are three brothers, James of Dougherty, Bob and Billy of the home.

Noles Is Named Game Warden

Jerry D. Noles, who was commissioned by the Texas Game and Fish Service in November, has moved with his family to Matador where they plan to make their home.

Noles will be in charge of Motley and Floyd Counties.

He is a married man and the father of two children, Debra, age three and Brenda, who is two. The family formerly lived at Rotan.

Lockney Farmer Suffers Wounds

Johnny Race, Lockney farmer, suffered three gun shot wounds and slashed wrists, self-inflicted, one day last week in his Lockney home. The man was taken to Lubbock Methodist Hospital, according to the local sheriff's office who received the report from the attending physician at Lockney and Deputy Lowell Bilyear.

Race, a congenital cripple, had been despondent for some time. Using a .22 rifle, he inflicted three superficial wounds in his head, then slashed his wrists, said the doctor's report.

New Farm Supply Store Now Open At Dougherty

Dougherty Farm Supply is now open for business in an all new plant located on the pavement in Dougherty, Texas. The firm is housed in an attractive all-steel building, complete with chemical tanks and facilities to give first rate farm chemical service to a wide farming area.

Manager of the farm supply store is Ray Gene Carthel who has wide experience in this line being associated with Carthel Fertilizer & Oil in Floydada.

Dougherty Farm Supply still has some signs to put up, some cleaning up to do but the construction job for the most part is over and the plant is ready to go. Telephone number is YU-3-2972.

The Dougherty plant is centrally located to serve a wide area on the east plains around Dougherty and McAdoo communities as well as the Roaring Springs and Matador territory under the caprock.

Carthel says the Dougherty location is miles closer to this rich farming area that has had to be served from the outside for

Thompson Home From Hospital

Wayne Thompson, son of Mr. and Mrs. Bud Thompson of Petersburg, has been returned home from Methodist Hospital where he had been receiving treatment for head injuries since the sixth of May.

Young Thompson, grandson of Mrs. Beatrice Duncan and nephew of Albert Duncan of Floydada, was seriously injured in a one car mishap on the night of the sixth. His physical condition is greatly improved but local relatives said it would be a matter of time before the 19 year old boy would recover completely from his brain injury.

MYSTERY SOLVED --- SKULLS BELONGED TO PHRENOLOGIST

Two human skulls found near Lockney Sunday by three youths have turned out to be "not quite a mystery" after all. After the story broke, Easton Blendon, Lockney farmer, said the skulls had been in possession of the late Ned Walker, a phrenologist, who died in 1939.

It was reported that the Blendon farm was previously owned by O. C. Bailey, mayor of Lockney. Bailey and Walker were friends and at the time of Walker's death the mayor was given

several articles, among them the skulls. He put them in a garage and forgot about them. After the farm was purchased by Blendon one of his workers found the skulls and took them to the Justice of Peace in Lockney, who then summoned Deputy Lowell Bilyear. He went back to the dumpgrounds for the other and called in a Texas Ranger.

A Lockney doctor examined the skulls and found they were human. They were later sent to Austin for further examination, it was reported.

NEW ORLEANS AND THE FEDERALISTS—New Orleans has fallen into the hands of the Federalists. Gen. Lovell, commanding the Confederate forces, as well as the mayor and city council, refused to surrender the city, but said they yielded to the superior force of the enemy, and thus permitted the Federalists to take possession. The military stores were mostly destroyed. We still hope for the best, and our faith is unwavering that the independence of the Confederate states will still be attained. Let no one despond. Let us get the enemy away from his gunboats, and we can and will whip him. We shall never feel like giving up until Jeff Davis and the Confederate

County Fair Asso. Monthly Meeting Held

The Floyd County Fair Association met Tuesday night at the Lighthouse Electric Co-op for their regular monthly meeting. Hershel Carthel, president of the board, presided over the meeting. It was pointed out that Anderson-Clayton Co. would erect a sign over the entrance to the Fair Grounds and that the Lockney Chamber of Commerce would gravel a road from the entrance to the ticket office. Estimates made not yet been made for the repair of the roof of the building. It was decided that if the bids are submitted before the next meeting, the executive committee would meet with the building committee and they would let the contract if reasonable. It was reported to the board that the Lockney Beacon would print the Fair Catalog again this year. The board also heard a report from the Treasurer that the association is in good financial condition. In other business it was decided that as before, there would be two judges for food and one judge for clothing. Also that the prizes would pay for all the prizes in the Old Fiddlers Contest. The next meeting will be held July 19, in Lockney at the First National Bank.

Money Awarded \$13,200 By Jury

The one remaining suit involving right-of-ways in land acreages to be used by the state in widening and improving Highway 70, ended last week on Wednesday when Bob Muncy was awarded \$13,200 by a jury in Floyd County Court. The original appraiser set the value of the right-of-way to \$7,800 which was refused by Muncy, then a special commission set the value at \$8,200. This was also refused resulting in the court trial which gave Muncy a considerable increase in the value. The 24 acres involved in the suit lies west of the Muncy home which will divide it off from the main part of his farm, the jury was told. The highway now runs between the Muncy elevator and the Muncy home. After completion of the new highway it will swing to the west of the two Blackbourn, Port Arthur and 10 grandchilden

David Campbell On Winning Team In Pro-Am Match

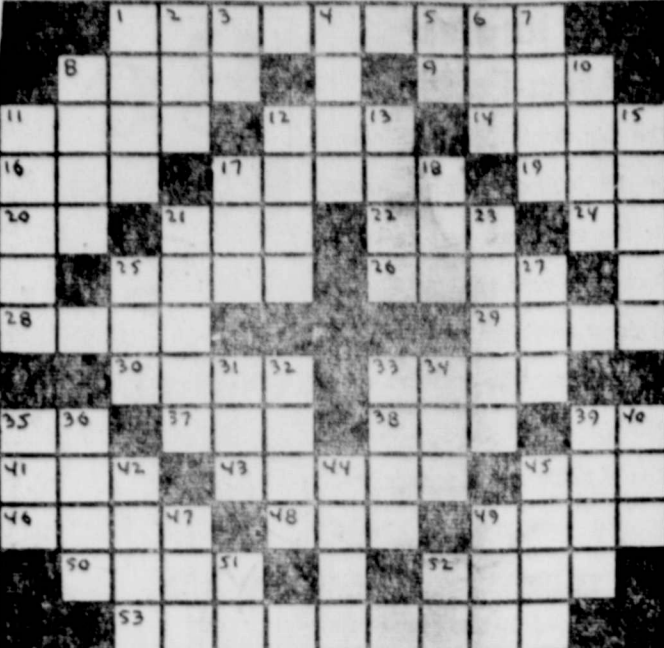

The team of David Campbell of Floydada, Robert Harvick, Bob Raymond and Bill Murphy all of Tahoka shot a low ball of 59, which is 13 under par, to win team honors in the Floydada Country Club pro-am tournament Monday. The team of Bill Dubois and T. W. Batty of Floydada, and Glenn Day and Jim Graves of Plainview came in second in team competition with a low ball of 60, which is 12 under par. There was a two team tie for third place honors, one of these teams was composed of Lane Decker of Floydada, Jim Hundley Jr. of Post, Hoyett McCloud and Horace Gearhart of Plainview. The other team was an all Floydada group composed of Aaron Carthel, Alva Sparks, Joe Nolan and Woodrow Wilson. These two teams tied with a 61.

Mother Of Mrs. Fullerton Dies

Rev. and Mrs. Paul Fullerton and sons returned Monday night from Burton, Tex., where they were called due to the death of Mrs. Earl Blackburn, mother of Mrs. Fullerton. Mrs. Blackburn, who would have been 71 in October, had been in failing health for about two years. She and her husband would have celebrated their Golden Wedding anniversary in November. Mrs. Blackburn and her husband both were born and reared in Burton and married there. They had formerly lived in Port Arthur where Mr. Blackburn had been with the Texas Company for 48 years until he retired and the couple moved back to Burton in 1956. Rites were conducted Friday in the First Christian Church in Burton where the deceased was a member. Survivors other than her husband and the one daughter, Mrs. Fullerton, are three sons, Cyrus Blackburn, Brownfield, Reuben Blackburn, Beaumont, Paul Blackburn, Port Arthur and 10 grandchildren.

NEW ORLEANS AND THE FEDERALS — New Orleans has fallen into the hands of the Federals. Gen. Lovell, commanding the Confederate forces, as well as the mayor and city council, refused to surrender the city, but said they yielded to the superior force of the enemy, and thus permitted the Federals to take possession. The military stores were mostly destroyed. We still hope for the best, and our faith is unwavering that the independence of the Confederate states will still be attained. Let no one despond. Let us get the enemy away from his gunboats, and we can and will whip him. We shall never feel like giving up until Jeff Davis and the Confederate

County Fair Asso. Monthly Meeting Held

The Floyd County Fair Association met Tuesday night at the Lighthouse Electric Co-op for their regular monthly meeting. Hershel Carthel, president of the board, presided over the meeting. It was pointed out that Anderson-Clayton Co. would erect a sign over the entrance to the Fair Grounds and that the Lockney Chamber of Commerce would gravel a road from the entrance to the ticket office.

Estimates have not yet been made for the repair of the roof of the building. It was decided that if the bids are submitted before the next meeting, the executive committee would meet with the building committee and they would let the contract if reasonable.

It was reported to the board that the Lockney Beacon would print the Fair Catalog again this year. The board also heard a report from the Treasurer that the association is in good financial condition.

In other business it was decided that as before, there would be two judges for food and one judge for clothing. Also that the association would pay for all the prizes in the Old Fiddlers Contest.

The next meeting will be held July 10, in Lockney at the First National Bank.

TOBACCO — We wonder why the Confederate Government does not furnish to the soldiers rations of tobacco. If the soldier could be supplied with his tobacco, one part of his great trouble would be removed. Because it never has been done, there is no good reason why it should not be done.—THE BELLVILLE COURIERMAN.

NO LICENSES TO FOREIGNERS — A law passed both branches of the Virginia Legislature on Monday prohibiting the issue of licenses to sell any kind of merchandise to any other foreign-born citizens, than those who are naturalized. There are numbers of the foreign born population in active business all over the state who upon a call for Militia have thrown themselves upon the protection of foreign powers represented by consuls in the Confederacy. This law passed with so much unanimity by the Legislature, will bring those gentlemen to their senses.—THE HOUSTON TELEGRAPH

Muncy Awarded \$13,200 By Jury

The one remaining suit involving right-of-ways in land acreages to be used by the state in widening and improving Highway 70, ended last week on Wednesday when Bob Muncy was awarded \$13,200 by a jury in Floyd County Court. The original appraiser set the value of the right-of-way to \$7,600 which was refused by Muncy, then a special commission set the value at \$8,300. This was also refused resulting in the court trial which gave Muncy a considerable increase in the value.

The 24 acres involved in the suit lies west of the Muncy home which will divide it off from the main part of his farm, the jury was told. The highway now runs between the Muncy elevator and the Muncy home. After completion of the new highway it will swing to the west of the two houses belonging to the Muncys on the west side.

In other business it was decided that as before, there would be two judges for food and one judge for clothing. Also that the association would pay for all the prizes in the Old Fiddlers Contest.

The next meeting will be held July 10, in Lockney at the First National Bank.

David Campbell On Winning Team In Pro-Am Match

The team of David Campbell of Floydada, Robert Harvick, Bob Raymond and Bill Murphy all of Tahoka shot a low ball of 59, which is 13 under par, to win team honors in the Floydada Country Club pro-am tournament Monday.

Gene Mitchell, pro at the Lubbock Country Club was low professional with a three under par 69.

Jim Hundley Jr. of Post and Harvick of Tahoka tied for low amateur, each posting an even par 72.

Runner-up in the pro competition was Jim Terry of the Gaines County Country Club with a 70. Ed Jones of Tulla came in third with a 72.

The team of Bill Dubois and T. W. Battey of Floydada, and Glenn Day and Jim Graves of Plainview came in second in team competition with a low ball of 60, which is 12 under par. There was a two team tie for third place honors, one of these teams was composed of Lane Decker of Floydada, Jim Hundley Jr. of Post, Hoyett McCloud and Horace Gearhart of Plainview. The other team was an all Floydada group composed of Aaron Carthel, Alva Sparks, Joe Nolan and Woodrow Wilson. These two teams tied with a 61.

Mother Of Mrs. Fullerton Dies

Rev. and Mrs. Paul Fullerton and sons returned Monday night from Burton, Tex., where they were called due to the death of Mrs. Earl Blackburn, mother of Mrs. Fullerton.

Mrs. Blackburn, who would have been 71 in October, had been in failing health for about two years. She and her husband would have celebrated their Golden Wedding anniversary in November.

Mrs. Blackburn and her husband both were born and reared in Burton and married there. They had formerly lived in Port Arthur where Mr. Blackburn had been with the Texas Company for 48 years until he retired and the couple moved back to Burton in 1956.

Rites were conducted Friday in the First Christian Church in Burton where the deceased was a member.

Survivors other than her husband and the one daughter, Mrs. Fullerton, are three sons, Cyrus Blackburn, Brownfield, Reuben short growing season on the high plains.

Harmony News

By Mrs. Mather Carr

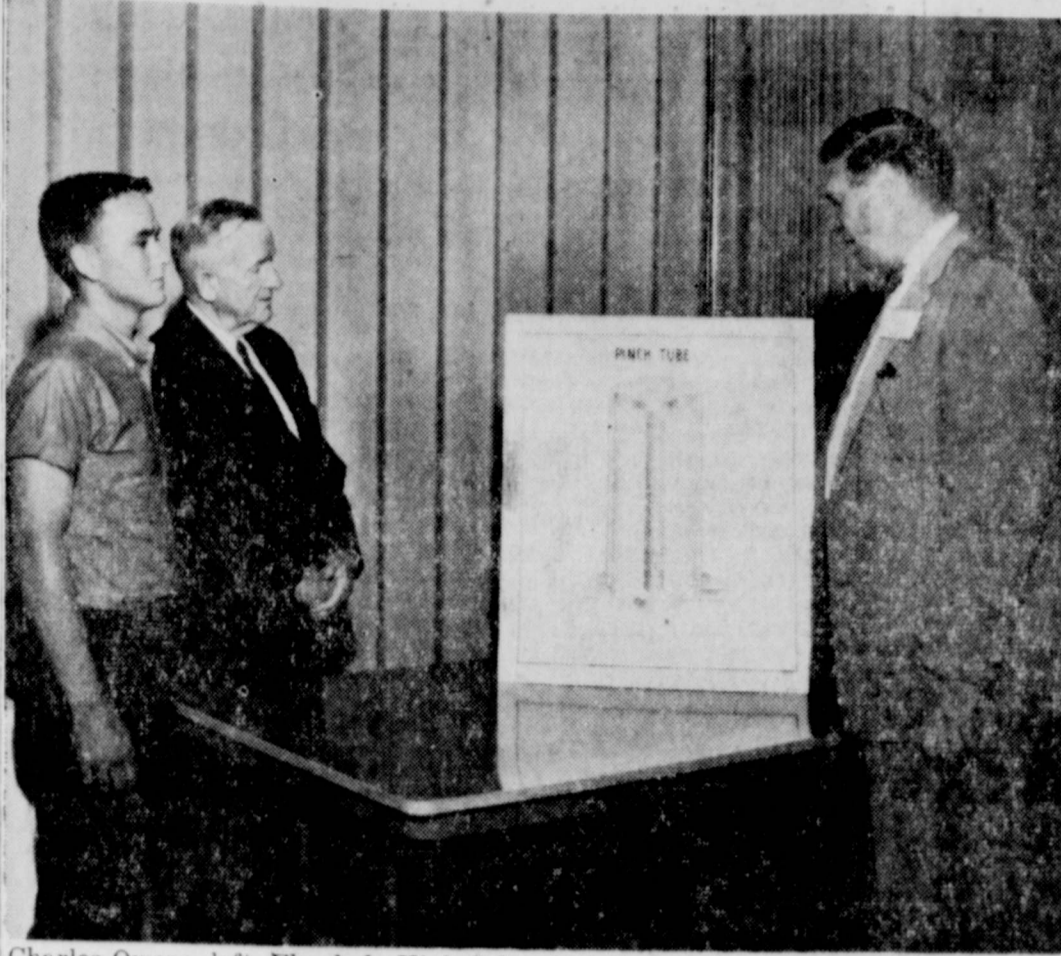

HARMONY, June 11 — Mrs. Bob Hopper and son, Ronnie, left Tuesday for A & M where Ronnie tried out in speech. Ronnie placed eighth. We think this was pretty good as there were some who had been in for five years. They went down on a chartered bus. They returned home Thursday night.

Those who visited Mr. Ramsey Monday and Tuesday to help celebrate his birthday were Mr. and Mrs. Perry Tipton, Mr. and Mrs. Wesley Carr, Mr. and Mrs. Floyd Trowbridge, Mr. and Mrs. R. B. Gary and Mrs. Mather Carr.

Mrs. Cecil Stanton made a business trip to Littlefield Tuesday. Bob Hopper and son, Norman, and Phillip Danavast made a business trip to Brownwood Thursday returning home Friday night.

Mr. and Mrs. Horace Carr left Friday for Abilene where they will spend several days with Mrs. Carr's relatives.

Ronnie Hopper was on KFLD Friday giving the story of his trip to A & M Tuesday. Mrs.

Charles Owens, left, Floydada High School student and Ira Colley, Floydada High School Science teacher, listen as Dr. P. H. Miller, Jr., Nuclear Scientist from General Dynamics Corporation explains a nuclear physics demonstration chart at the Second Texas Nuclear Science Symposium for high schools held in Austin June 10-13. Owens and Colley were guests of Southwestern Public Service Company and the program was presented by the Texas Atomic Energy Research Foundation and the University of Texas.

Former Resident Vert Brown Dies

Vert Brown, former resident of Sand Hill and son of Mrs. J. R. Brown of that community, died Saturday in Brownwood from a sudden stroke. Rites were conducted Monday afternoon in Brownwood where the family resided.

Brown is the father of Eddie Brown of Lamesa, who is married to the former Lois Burgett, daughter of Mr. and Mrs. Zollie Burgett of Floydada.

Other survivors include his wife, Estelle; one other son, Dale, of the home, and a sister, Nellie Brown of Sand Hill, who is in the Lockney School faculty.

The Burgetts as well as other local relatives attended the rites.

Laura Marler, Troy Neff Pledge Wedding Vows

Wedding vows between Laura Marler and Troy Neff were pledged Sunday afternoon in the Nazarene Church in Floydada. Rev. Tommie Martin, pastor, read the double ring ceremony.

The bride is the daughter of Mr. and Mrs. H. B. Marler, Floydada and the bridegroom is the son of Mrs. L. A. Holland of Hobbs, N. Mex., and A. C. Neff of Tolleson, Ariz.

Lana Davis was at the piano and played the wedding march and accompanied Elaine Anderson, soloist.

Mrs. Frank Taylor of Plainview was matron of honor and Mrs. Gary Pate of Floydada, sister of the bride, was bridesmaid. Each was dressed in blue satin sheaths with white accessories consisting of white hats styled with brief veils and corsages of white roses.

The bride, given in marriage by her cousin, Orville Marler, wore a white street length dress of satin, fashioned with elbow length sleeves and fitted bodice. Her elbow length veil fell from a bow hat and she carried a white Bible covered with satin on which was topped a single orchid.

Sue Edmunds and Richard Marler, cousin of the bride, served as candlelighters.

Gary Pate attended the groom as best man, and Frank Taylor was groomsmen.

Sandra Marler registered guests.

Following a brief trip the couple have returned to Floydada where they will make their home at 226 W. Crockett St.

The bride is a 1962 graduate of Floydada High School. Her husband is employed at Bob's Fin Station.

Sheriff and Mrs. Walter Hollums and Mike are vacationing in Anderson, Mo., where they are visiting their son, Don Hollums and family, with plans on returning home about the 19th of this month.

Homebuilders Met June 5th

The Homebuilders H. D. Club met at the home of Mrs. Judy Roberts on June 5th with eight members and one visitor present. Mrs. Doris Huckabay, visitor, later joined the club. Our President, Mrs. Merle Mayfield, called the meeting to order with the roll call. "Some Unnecessary things I carry in my purse." The devotionals were given by our hostess.

Committee reports were given by the Exhibit Chairman on "Old Settlers Day." The float, "Pioneer Recreation" and the window display, "Things our Grandmothers Used" won first places. The Health and Safety chairman reported that 4 members met and worked in the Cancer Room at the Peoples Hospital with Mrs. Gladys Snodgrass, on May 22nd and will meet again on June 12th to roll bandages.

Mrs. Merle Mayfield was elected as nominee to council as delegate to the state T. H. D. A. meeting in Dallas September 18, 19, and 20th.

The five minute demonstrations were given by Mrs. Ginn on "Fallout Protection" by Mrs. Roberts on "Soils for Household Plants" and the program was given by Mrs. Sawyer who gave a very interesting talk and illustrations on "Gardening the Year Round."

The meeting was adjourned by the president. It was decided to meet with Mrs. Dovie Kendrick on June 19th.

MRS. MURRELL STEPHENS nee Frances Summers

Frances Summers Murrell Stephen Exchange Vows

The Calvary Baptist Church was the scene Saturday evening for the wedding of Miss Frances Summers and Murrell Stephens. Parents of the couple are Mr. and Mrs. David J. Summers of Floydada, and Mr. and Mrs. Earl Stephens of Lubbock.

Rev. Vance Zinn, pastor of the church, performed the double ring ceremony before an arch of white wrought iron tied with wedding bells and white satin, flanked by spiral candelabra and baskets of white gladioli.

Sandra Moore played traditional wedding selections and accompanied Mrs. Betty Marquis, sister of the bridegroom, as she sang "Wither Thou Goest" and "I Love You Truly."

The bride was given in marriage by her father. She wore a gown designed and made by her mother which featured a full floor length skirt of billowing satin overlaid with scallops of chanelly lace. The molded bodice was caught at the back with matching tiny covered buttons enhancing a Sabrina neckline and petal point sleeves. Her elbow length veil of silk illusion was attached to a tiara of seed pearls and she wore a single strand of pearls, a gift from Mrs. Ronnie Moss, Bert King, Myrah Amburn, Hettie Bennett, Stella Gunter, Jennie Burgett, Audrey Nelson, Ester Freeman, and two guests, Frances Summers Stephens and Debbie Ferguson.

At the next meeting on July 5 in Lighthouse Electric, members will have a demonstration on salad making. Mrs. Bulah Baker will be hostess.

Among guests from out of town here for the wedding were Mr. and Mrs. Oder Wellmaker of Magazine, Ark.; Effie Mae Cline, Amarillo; Mr. and Mrs. Harroll Thrasher and family, Turkey; Mrs. Austin Hughes, sister of the bride of Seminole; Mr. and Mrs. Leon Chambers, Amarillo, and Mr. and Mrs. Earl Stephens of Lubbock.

Mrs. Grady Walker and son, Ray, have returned home after visiting in Austin with Mrs. Walker's sister, Mrs. E. J. Moore and family, and at Victoria with a brother, N. L. Broyles and family. While there they attended the wedding of a niece, Lyne Broyles, and were accompanied home by another niece, Shelagh Jones. Mrs. Carroll Patton of Lubbock served as matron of honor. Each wore floor length formal and rhinestone tiaras and carried a single stem red rose.

Debbie Chambers of Amarillo and Leslie Hall of Floydada, cousins of the bride, were flower girls. They wore blue nylon dresses, white satin headbands with nylon veils and carried baskets of roses trimmed in pink nylon and net.

Ricky Chambers of Amarillo, also a cousin of the bride, served as ring bearer.

SOUND OFF

By Beth Pratt

THIS AND THAT — When I first began this column, Mr. Steen asked me what I would do when I sat down to face a blank sheet of paper and the words wouldn't come. I don't remember now what I answered, but I am sure that he smiled to himself at my vast inexperience. I always feel grateful to those of you who mention the column to me, but more and more do I feel the responsibility that goes with expressing opinions on various subjects — thank you for being so kind.

Now experience is a very fine thing for which we all strive in one field or another. Just think a minute what it would be if we were born with the experience that we desire and seek. Where would enthusiasm be and without enthusiasm, where would we be.

Many times new ideas are born in the heart of a novice because of the very lack of experience. Experience many times will say "it can't be done" and inexperience will go ahead and try because it doesn't know any better. The two make a more compatible pair than might first be thought.

PUBLIC SERVANT BLUES — In a recent conversation with the head of a sales department in a large store, the lady mentioned that she ordinarily did her best to please a customer even if it meant working on her day off.

However, she had little sympathy for the customer who made an appointment with her, failed to keep it or notify her otherwise, and then expected to come in at closing time and close the deal, taking it for granted that the salesperson will work on her day off to deliver the product at the time that is desired.

She went on to say that she is happy to go out of her way to help someone who is equally considerate of others, but for those who are pushy and inconsiderate, they do not encourage quick service with their arrogant manner. I dislike seeing a salesperson be obsequious to anyone.

MRS. JAMES LAWRENCE HALE nee Thelma Jean King

Ceremony Unites James L. Hale-Miss Jean King

Thelma Jean King, daughter of Mr. and Mrs. John Barton King of Dimmitt, and James Lawrence Hale, son of Mr. and Mrs. Roy Hale of Floydada, exchanged vows Sunday afternoon, June 10 at the First Methodist Church in Dimmitt.

The Rev. Charles E. Lutrick, pastor of the Methodist Church in Floydada, performed the double ring ceremony.

Miss Laurel Ivey, served as organist and accompanied Mrs. Noel Gallehon, who sang the "Hawaiian Wedding Song", the "Wedding Prayer" and as a recessional for the bride and groom sang "Walk Hand In Hand".

The wedding vows were pledged before an arch of greenery and white wedding bells, flanked by baskets of white glads, snap dragons and emerald trees. The family pews were marked with white satin ribbon.

Given in marriage by her father, the bride wore a formal gown of white nylon tulle and lace over taffeta. The molded bodice of lace was fashioned with a scalloped neckline accented by embroidered florets of lace touched with pastel sequins and pearls. Cap sleeves were complemented with mits of nylon tulle. Wide panels of lace adorned the full skirt front and back. The back panel extended into a chapel-length train and touches of pastel sequins and pearls embellished the full flowing skirt.

Her fingertip veil of pure silk bridal illusion edged with lace was held by a double row scalloped tiara complemented by teardrop pearls. Her flowers were white rosebuds with white satin streamers tied in loveknots and carried on a white Bible.

The bride wore the traditional something old, wedding band which belonged to her great grandmother; something new, the pearls she wore given to her by the bridegroom; something borrowed and blue was a blue garter belonging to her sister-in-law, Mrs. Neville King.

Miss Janice Glaze of Tarzan, Tex., cousin of the bride, was maid of honor. Miss Carole Norris, Plainview, served as bridesmaid, and Jan Weatherford was flower girl.

Feminine attendants were attired in street length dresses of yellow silk organza over yellow taffeta. The boat necklines were covered with a large pleated collar, fitted over the shoulders. They wore yellow mid-length gloves which matched a large yellow taffeta bow at the side waist over a full pleated skirt. Their hats were yellow, pearl enhanced head pieces with nose tip veils of pure silk bridal illusion. They wore yellow matching satin slippers and small gold necklaces which were gifts from the bride. Each carried a single long stem yellow rose.

The flower girl wore a yellow organza dress with white lace trim, a matching hat trimmed with yellow flowers of self material, white shoes and gloves. She carried a yellow basket filled with yellow rose petals, white pom-poms and baby's breath.

Carroll Jake Sims served as best man to the groom. Charles Carr of Lubbock was groomsmen, Jay Holmes, usher, and Barry and Dan Hale, brothers of the groom were junior ushers. Randy Hale, cousin of the groom, was ring bearer.

After the wedding a reception

was held in the church parlor. The four tiered wedding cake was trimmed with yellow and white flowers and yellow punch from a white linen covered table, which the bride's bouquet lay on a mirror decorated with yellow net.

When the couple left for a honeymoon in New Mexico the bride was wearing a winter white sheath dress trimmed in gold, with gold hat, shoes and bag and white gloves. She wore the pearl necklace and also pearl drop earrings, which was a gift from her grandmother. Her corsage was white rosebuds from the bridal bouquet.

The bride is a spring graduate of Dimmitt High School. Her husband attended Floydada schools and served sixteen months in the Navy.

The couple will be at home southwest of Floydada where the groom is engaged in farming. A rehearsal dinner was given Saturday, June 9 in Fellowship Hall of the First Methodist Church in Dimmitt. The serving table was laid with a yellow cloth and a bouquet of yellow roses.

Attending were Mrs. Farris and Mrs. Dennis of Dimmitt, the bride couple, their parents, Mr. and Mrs. Sammy Hale and David of Floydada and members of the wedding party, Rev. and Mrs. Charles Lutrick, Janice Glaze, Carole Norris, Jan Weatherford, Randy Hale, Carroll Sims, Charles Carr and Mrs. Carr, Jay Holmes, Barry and Dan Hale, Miss Laurel Ivey, and Mrs. Noel Gallehon and Mr. Gollehon.

Fun-loving Bob Hope's advice to Georgetown University graduates "who are going out into the world don't go!" adds a bit of merriment to the ponderous advice given college graduates. "You fortunate few... in this nuclear age, you must... you inherit many serious problems... It's no wonder that graduates, already bewildered at the prospect of facing hard realities want to duck back into the cloistered halls for further study. More and more of them are seeking scholarships to work for advanced degrees. The old-time eagerness to try one's wings hardly exists any more.

By now, several hundred commencement and baccalaureate addresses have percolated through this school teacher's head. Some have been heartening, some discouraging. A few have stimulated thinking, but most were dull recitals of obvious truths. Bob Hope's frivolous sally is refreshing. So was a truly appropriate address given this spring by an alumnus of the college where we heard him speak.

He had returned to his native state from New York City as a successful executive for a large oil company; yet he talked as one of the students. He had sat where they were sitting, and despite success he had not forgotten his self-doubts and sense of insecurity. "Don't be afraid to try new ideas..." "Be glad you're graduating at such an interesting time in history..." "Skeptics have always said there was nothing more to be discovered." An engineer, he saw the world as

Mrs. J. M. Tye Attends P.T.A. Texas Congress

Mrs. J. M. Tye of Lockney, Delegate from Crosby-Floyd B. County Council of P.T.A. returned home Thursday from attending a three day Program Parley with Citizenship Emphasis, sponsored by the Texas Congress of Parents and Teachers June 4-7 on the campus of the University of Texas in Austin.

State President, Mrs. T. W. Whaley of Kossee, presided and introduced the planning committee, composed of F. H. McKay of Dallas, State Workshop chairman, Mrs. Linus D. Frederick of Coppertown, chairman of the state program committee, Wesley Martin of Greenville, state chairman of citizenship.

Highlights included Table Talks on "Citizenship Participation and Thinking in Anytown."

Objectives: To promote better understanding of broad concepts of the P. T. A. program which shall be educational and shall be developed through conferences, committees, and projects. To help P. T. A. personnel feel more secure in accepting and carrying out leadership roles were just a few of the long list of objectives.

About 200 persons participated, these included the state board and the district chairman of citizenship and council presidents or a delegate.

The executive committee met before the parley on June 3, Council Presidents or delegate met the night of June 6 and the morning of June 7, with Mrs. T. W. Rutledge of Dallas, State

scientist, humanitarian, business man and citizen. He put a heart-beat into his statements.

Commencement addresses must be made, of course. But a dash of humor adds a nice sugar-coating; and sincere understanding gives a fifth dimension.

Modern? That's like when you've got Gas Air Conditioning!

A real hard word to explain. Like, fr' in you were talking about the "newest" in comfort — the Sun Valley Gas air conditioning — the "most" in summer comfort, because the "coolest," and "cleanest" and stays that way when it's "hottest" outside. You might say "economical," too, because it uses low-cost, dependable GAS. And no moving parts in the cooling cycles make it the "maintenance free"est" of any unit on the market.

You'd say "modern" ends everything with an "est," like the Sun Valley does.

KING-SIZED FILTER
Mama says it'll be all right for daddy to stay in the house to smoke his cigar now, thanks to Sun Valley's new twice as big filters.

BUDGET-SIZED ECONOMY
It's never too soon to learn the dollars and cents about utility bills. She says "constant efficiency" it keeps you cool all the time, and any more when it gets hot.

NO MOVING PARTS
Sun Valley works like a coffee percolator, and who ever heard of a percolator wearing out?

Sprinkler Irrigation Is Ideal on Sloping Land

Sandy Soils Are Easy To Water With Sprinklers

By Richard Gentry
Engineer — SCS
Lubbock, Texas

Farmers in the Floyd County Soil Conservation District will, in the future, be seeing more and more sprinkler type irrigation systems replacing some of the conventional furrow type flooding methods of irrigation.

The sprinkler method of irrigation is especially desirable on sandy soils, on uneven land when leveling is too costly or the soil too shallow, and in areas where the wells produce small quantities of water.

The sprinkler method of irrigation offers many advantages over other methods. It is much easier to apply the desired amount of water without the unnecessary waste that occurs in furrow irrigation. The farmer usually wants a good heavy pre-plant irrigation. He can attain this with 24 hour sets, or longer, using a sprinkler. Possibly when he plants, some of his seed dry out, as was the case this year, then he can apply an inch of moisture and get the seedlings on their way to optimum growth.

Proper design is essential for proper irrigation using any method, but it is especially important that the sprinkler system be properly designed. Pipe sizes, lengths and nozzle sizes should be chosen that will give the desired results and avoid excessive friction and pumping cost.

When we speak of a properly designed system we mean one that will apply the water no faster than the soil will take it so there is no puddling or runoff, nor any soil erosion. It will apply water evenly throughout the irrigation length, not excessive losses of water on one end and a lack of water at the other end. However, the best designed system is of no value unless the farmer used the designed system accordingly. He should plan his irrigation and irrigate by his plan. He can, with a properly designed system, apply the exact amount of water that he wants by using one variable-time. He is provided with the inches per hour that he is applying, and by multiplying this by hours he can determine the exact amount of moisture applied in inches.

Study these factors: More even water distribution - consequently more even crop growth; better

control over the amount applied and most important of all, the saving of our soil and water. Underground, high pressure pipelines can be installed with assistance of the Great Plains Conservation Program. The Soil Conservation Service will be glad to assist in the design and layout of a sprinkler system for YOU.

SOIL CONSERVATION DISTRICT NEWS

By Joe J. McEntire
Work Unit Conservationist

Sprinkler irrigation systems are needed on a minimum of 15,000 acres of land located in the Floyd County Soil Conservation District. These areas are located below the "Caprock" on the sandy type soils with rolling slopes and along the draws on top of the "Caprock". Also, sprinkler systems on grass would be more effective than surface systems on the grayish, high lime

soils of the Lockney and Aiken areas. Leroy Durham and R. I. Bennett are cooperators with the Floyd County S.C.D. who have recently installed sprinkler systems on their farms. Such installations are to be used on cropland being converted to irrigated pastures of Midland bermudagrass.

Mr. Durham's system is on his farm northwest of Sand Hill store on Running Water Draw and covers an 80 acre field. Mr. Durham recognized that the steeper slopes along the draw were better suited to grass and that a sprinkler irrigation system would apply a more uniform application of water without erosion as compared to a surface system. He requested technical assistance from the Soil Conservation Service in planning the system.

The advantage of a Great Plains Conservation Program contract was discussed with Mr. Durham while planning his sprinkler system. The G.P.C.P. is a new, long-term conservation program for the Great Plains region of Texas and nine other states. This program was authorized by Congress in 1956 under Public Law 1021 and first made available in this area in 1958.

It provides for cost-share rates of from 50 to 80 per cent on such line. Conservation practices are grass planting, irrigation pipelines, land leveling, terraces, diversions, brush control and other practices needed in our area. It helps to accelerate the carrying out of a conservation plan by making cost-share available up to a maximum of \$25,000 for each contract with a limit of \$2500 for irrigation work.

The Soil Conservation Service administers the program and will be glad to assist any one in developing their plan. Application for assistance is on a voluntary basis and must be made before contract is developed. These applications are reviewed for eligibility and for purpose of setting priority and does not obligate a person to enter into a contract in any way.

Mr. Durham developed a plan of operations under the G.P.C.P. and cost-share for the underground pipelines and grass planting of Midland bermudagrass were set-up. At present he has installed the sprinkler irrigation system and is using portable aluminum laterals to apply water. He has made plans to try a move-course lateral system mounted on dically than any other wheels which can be moved all at once with a small gasoline en-

gine located in the middle of the field. This type of system, Mr. R. I. Bennett has installed on his Midland bermudagrass field on White Canyon at Lakeview. This system is easy to operate since it can be moved in 20 minutes. He can irrigate in slightly over 7 days each setting. The system allows controlled irrigation so as to meet the requirements of the crops and soil runoff occurring.

Contact the Soil Conservation Service office for assistance in planning conservation on your farm or ranch. Further information on the Plains Conservation Program is available.

Producers Institute Steering Committee Meets

With this volume of money and its none too soon when we understand accelerated challenge cotton faces from its synthetic competitors. It was pointed out at the meeting that cotton suffered a direct competitive loss of 200,000 bales to rayon during the first 3 quarters of 1961.

Roy Forkner said, "The Cotton Producers Institute is a must if we are to survive as a major industry in the face of these new competitive threats."

The steering committee spent a great deal of time working out a method for the election of West Texas Trustees to the Institute. Based on the formula of one Trustee for each \$150,000.00 raised on the Plains is allocated 2 Trustees this year.

The steering committee unanimously agreed to submit a mail ballot to all participating growers to let them select who they want to represent them at these important posts. The 33 man steering committee nominated Roy Forkner of Lubbock County and Allen Webb of Castro County for Place 1 on the ballot, and Le Roy Durham of Floyd County and H. L. King of Terry County for Place 2. The participating growers have written in privileges but is asked to vote for one man at each place.

Mr. and Mrs. Billy Cornelious were at the bedside of her brother, Elbie Stocton in Amarillo a few days last week. We surely better study the effect of re-charge upon the underground. Seems Mrs. Arvis Moore formation. The well will be used to study ground water movement; the effect of suspended solids in recharge water upon the formation; and the effect of acids and detergents on these solids.

The well will be cased with 6 5/8 X 0.188 inch casing down to the red beds with perforations beginning approximately 10 feet above the static water level. The observation well will be located 200 feet southeast of the recharge well.

Casing for the new observation well was presented to the Foundation by four Lubbock pipe firms interested in the development of the recharge program. Two four-inch observation wells now located 50 and 100 feet northwest of the recharge well are being moved to the southeast for additional testing in connection with the new observation well.

The research on recharge wells has been conducted since the Foundation was first organized in January 1957. The Foundation is

one of the national leaders in this field of research, and the work will be continued as a major part of the overall research program at Halfway.

Hi-Plains Highlights

A new observation well for the artificial groundwater recharge program will soon be added at the High Plains Research Foundation.

James Valliant, Associate Water Engineer, stated the new observation well was being added to better study the effect of re-charge upon the underground. Seems Mrs. Arvis Moore formation. Broadway News

By Mrs. T. E. Thornhill

BROADWAY, June 11 — Once again the community received showers. Still not as much as the farmers had hoped for on Monday morning, but this Monday morning the sky is heavy cloudy all across the North so maybe there will be more moisture before the day is over. If not the farmers will have no choice but to try to plant on the moisture they have.

Bible School closed with the Commencement exercise Friday night, with a very good report. Attendance was good and both the workers and students enjoyed it very much.

Sunday School attendance was better this Sunday than last. Mr. Carl Halcomb and son Gene were Saturday night visitors in the home of Mr. and Mrs. J. C. Joplin.

Many from our community attended the lovely bridal shower given by our community and McAdoo at McAdoo on Tuesday afternoon of last week honoring Mrs. Milton Joplin.

Mrs. W. H. Rathel and her mother, Mrs. C. H. Moore were at the hospital in Lubbock Wednesday last week where Fred Gerlack underwent surgery. Mr. Gerlack is the husband of the former Miss Myrtle Moore, daughter of Mrs. C. H. Moore. At the last report Mr. Gerlack was doing as well as possible. Vickie and Julie Rathel, daughters of Mr. and Mrs. Arnold Rathel were Saturday overnight visitors with their grandparents, Mr. and Mrs. W. H. Rathel.

Mr. and Mrs. Duane McClure and girls were Saturday afternoon callers in the Hoyt McClure home.

Now Mrs. M. R. Givens is going to Lubbock and taking piano lessons. Seems Mrs. D. D. Thornhill didn't care for the idea of going alone while Mrs. Homer Smith was gone on vacation.

Mrs. T. E. Thornhill was a Wednesday afternoon caller last week in the W. H. Rathel home. Mrs. W. H. Leatherwood was a Wednesday afternoon caller in the home of Mrs. D. D. Thornhill.

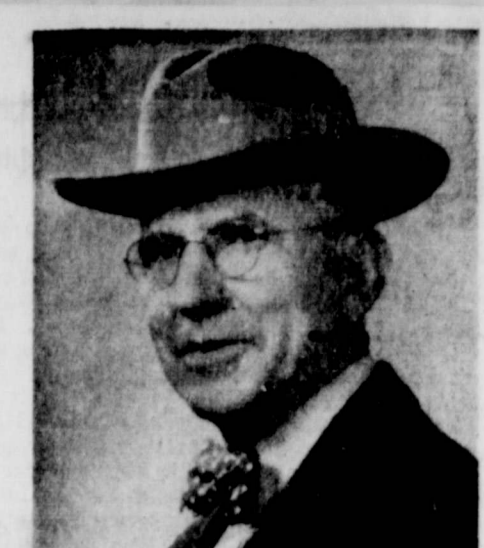

C. B. Leatherwood and D. D. Thornhill were Tuesday afternoon callers in the T. E. Thornhill home.

Joe Phelphrey Is Transferred

Joe Phelphrey of Plainview, and father of Mrs. Billy Joe Baker of this city, was transferred last Wednesday week from Amarillo Veterans Hospital to Dallas where he is awaiting surgery for the removal of gall stones. The operation was planned sometime back but due to the collapse of his throat muscles just prior to surgery, it was postponed. Mr. Phelphrey also suffers from a heart condition.

Mrs. Baker said the first of the week that her father was doing as well as expected and that she and her family would go to Dallas to be with her father and mother during the operation.

Gordon Hambright, employe at the Floydada Post Office, is vacationing this week. He and his family are in Tulsa, Okla., visiting Mr. and Mrs. Harvey Nichols and plan to go on to Prior where they will spend some time with Dr. and Mrs. Pat Williams and family before returning home the latter part of this week. Dr. Williams and his family are former Lockney residents.

J. M. WILLSON, local business man, was presented a 50 year pin from Masonic Lodge Saturday night during a regular meeting, for faithful services rendered. Making the presentation was Wendell Smith of Plainview, District Deputy of the 96th District. Mr. Willson received the pin un-

WMS Program Theme "Pakistan"

Theme for the program of the Women's Missionary Society of the First Baptist Church Wednesday, June 6, was "Pakistan, A Major Challenge". Mrs. Joe McEntire was leader and also gave the devotional and introduced a group who impersonated wives of missionaries.

Mrs. Ted Bell impersonated Mrs. Frank Bough; Mrs. Andrew McCulley, Mrs. James McKinley; Mrs. Cecil Baxter, Mrs. Harold Cummis; and Mrs. Claud Weatherbee, Mrs. Truman Moore. The four gave a panel discussion on the mission work in East Pakistan.

Mrs. Weatherbee wore a Sari and demonstrated how to drape the material to form a dress.

Closing prayer was voiced by Mrs. Charles Craig.

During business, conducted by Mrs. McCulley, the call to prayer was read by Mrs. Weatherbee. Prayer for the Missionaries was voiced by Mrs. W. S. Simmons.

A note of thanks was read from Mrs. Jean Law, and a nominating committee recommended Mrs. Weatherbee to prayer chairman replacing Mrs. Law, and Mrs. Nathan Abbott as Sunday school leader to replace Mrs. Clifford Helms.

WMS is meeting twice monthly in the summer and the next meeting will be on June 20 for Mission Study. The Book, "Bible and Campus at Levelland." Those attending are: Doris Fawcett, Floyd C. Bradley, Programs will start at 8:30 and close at 11:30. Paulette Kropp, Louise Jones, Bob Kropp, Steve Belt and David Mitchell of Lockney 4-H Club.

Mrs. Bill Hardin led prayer to close the business session at which 14 women were present.

SINGING SCHOOL MONDAY AT STERLEY

An area wide non-denominational Singing School will be held Monday night, June 18, at the Sterley Methodist Church. This is for everyone, all ages, and Joe Reeves will be in charge. Everyone is urged to attend, learn to read music and sing together.

Local Woman's Brother Dies

Walter W. Fogerson, 76 year old brother of Mrs. W. N. Garrett of Floydada, was buried Saturday in Silvertown following rites conducted in Steed Funeral Home Chapel in Clovis. Mr. Fogerson died Thursday afternoon in Clovis Memorial Hospital following a lengthy illness.

Fogerson was a native of Lebanon, Mo., and came to Briscoe County at the age of five. He lived there until 1931 when he moved to Clovis, N. Mexico. He was in the wholesale food business until retirement five years ago.

Survivors other than the local sister include his wife; a son, Ware Fogerson, Silvertown; four brothers, Pat of Fort Worth, Herman, Zeth, and Dewey of Clovis; six sisters, Mrs. Mary Sides, Greeley, Colo., Mrs. Bertha Gerdes, Tulsa, Mrs. Ray Cox, Wichita, Kansas, Mrs. Anna Mason, Amarillo, Mrs. Anna Long, Canyon, and Mrs. Garrett of Floydada and two grandchildren.

Local Girls Win Medals - Trophies

Janis Moore and Jan Stansell came home recently with a trophy each won in a twirling contest held by Bennie Evans at the Evans High School in Lubbock.

Janis won her trophy in solo along with four medals in solos, duet and strutting. Jan won a medal in duet. Her trophy was duet and strutting. Jan won a medal in duet. Her trophy was for Miss Majorette.

Suzanne Collier won six medals in solos, duet, strutting and Miss Majorette.

Janet Kay Moore won two medals in strutting and Miss Majorette and Bobby Reue won a medal in duet.

The five girls were judged by Bonny Black of Quanah and Mrs. Grayson of Lubbock.

Cotton Marketing Conference To Be Held In Dallas

DALLAS — (Special) — Major marketing problems of the U. S. cotton industry will be examined at a meeting here, July 10-11, according to the National Cotton Council.

Attending the Cotton Marketing Conference at the Statler Hilton will be farmers, ginners, merchants, spinners, machinery and instrument manufacturers, research and education workers, and others associated with this phase of the industry.

Burris C. Jackson of Hillsboro, president of the Council, will open the conference with an address on the need for increased efficiency in producing and marketing cotton.

Program for the first day will include reports on the value of "area" programs in quality improvement, preservation, and marketing; impact of modern mill processing on quality; potential influence of Common Market on U. S. exports; tolerances and fiber specifications in marketing; fineness and strength values in merchandising; length and other properties important to manufacturing; and data processing in merchandising and manufacturing.

The second day will feature discussions of the influence of ginning practices on market values; economics and effects of multiple lint cleaning; and new developments in instrumentation.

HOMEMAKING HINTS

SHOES AND HOME ACCIDENTS

Most accidents occur in the home, according to the National Safety Council, and approximately 25 percent of the home accidents involve the feet.

High heels contribute to many of the home accidents. They catch on kitchen ladders and cause falls, or the homemaker in heels often turns an ankle as she busies herself about the house. Wet linoleum can be a real hazard for women in heels.

By going barefoot or wearing sneakers, the homemaker invites mashed toenails or bruised feet when cans drop off of shelves. Or she may fracture a toe as she hurries about performing household duties in open sandals.

Properly fitted shoes, which provide protection for the feet of busy homemakers, can help reduce home accidents as well as fatigue.

4-H LEADERSHIP WORKSHOP

Eight Floyd County 4-H members will attend the District Leadership Workshop next week on the South Plains Junior College campus at Levelland. Those attending are: Doris Fawcett, Floyd C. Bradley, Programs will start at 8:30 and close at 11:30. Paulette Kropp, Louise Jones, Bob Kropp, Steve Belt and David Mitchell of Lockney 4-H Club.

Mrs. Bill Hardin led prayer to close the business session at which 14 women were present.

Rites For Mrs. Nelson Sunday

Mrs. E. P. Nelson accompanied her Dallas cousins to Amarillo where they attended the funeral of Mrs. E. C. Nelson, wife of Judge Nelson.

The three women, Mrs. Lottie Byrd, Mrs. Alva Moore, and Mrs. Alvis Blackburn, are all nieces of Judge Nelson.

Rites for Mrs. Nelson, who died on May 19 in Athens, Greece, were held in the First Baptist Church in Amarillo. Burial was in Llano Cemetery.

Col. Jackson Makes Keynote Address At Cotton Congress

HARLINGEN, Texas (Special) — Cotton must return to a one-price system as quickly as possible, Col. Burrill C. Jackson, Hillsboro, stressed in an address keynoting the 23rd Annual American Cotton Congress.

Colonel Jackson is general chairman of the Congress and president of the National Cotton Council.

Pointing out that U. S. cotton is hard pressed in its competitive fight with foreign grown cotton and with substitute fibers, he called on the industry and the government to work together in solving the problem. If the American cotton industry is permitted to go down the drain, he emphasized, it would be a stag-

gering blow to the economy of the United States.

"The urgency for stepping up every effort to become truly competitive has never been more evident," the keynote speaker warned. "It is accentuated sharply by what happened last year. We saw a rise in the price of cotton. Rayon came back to life on the domestic market. It made the greatest competitive gain it had ever made in a single year."

"Overseas we could see the danger of a new upsurge in cotton acreage and synthetic production. The price rise brought with it an increase in the export subsidy and a further price advantage for foreign manufacturers over domestic mills. The overall cost of the government cotton program was increased, fanning new flames of criticism of the expense of subsidies.

"So we find 40 per cent of our market dependent on a program that is far from popular in some quarters. Furthermore, we are being underpriced by our biggest competitor on the domestic market. What more do we need to spur us toward a competitive price for cotton?"

The long-range answer to a truly competitive price for cotton, he said, lies in greatly reduced production costs through research and its application. More efficient control of insects, weeds, and diseases, labor saving techniques, and increased processing and marketing efficiencies for lower costs.

Referring to "cotton's international situation," theme of the Congress, Colonel Jackson said trade is vital to the strength and unity of the Western world, to expansion of our economy, growth of industry, and to our efforts to curb inflation.

Cotton, he added, is the single most important commodity in world trade, bringing almost a billion dollars a year into this country — "dollars that are welcome indeed in view of our critical trade balance."

With cotton truly competitive in price, quality, and promotion, the Congress chairman stressed, the potential for bigger markets is great. IT PAYS TO ADVERTISE. USE HESPERIAN WANT ADS

tremendous. Demand for fiber is strong in this country, population is increasing, and living standards are continuing to rise. "Possibilities for greater overseas markets stagger the imagination," he said. "The six countries in the European Common Market have a combined population of 170 million. The United Kingdom, Turkey, Greece, and the rest of Free Europe are expected to become a part eventually. This would mean one big market of more than 335 million people."

If per capita consumption in Europe reaches 75 per cent of that in the United States, this would mean a potential market for 14 million bales by 1975, he observed. He said that through Cotton Council International programs to build greater markets already are under way in 16 countries, 13 of which are in Europe.

Miss Sherlyne Teeple will go to Anson over the weekend to attend the wedding of her room mate, Miss Janell Green. Sherlyne will be Miss Green's maid of honor.

Mr. and Mrs. Raymond Upton visited her mother, Mrs. H. S. Callahan at Lockney Hospital Sunday afternoon then went to Plainview Hospital to visit J. H. Harper.

Mrs. Bryant Karr spent Monday at Lockney with her mother who is a patient at Lockney Hospital, Mrs. H. S. Callahan.

Mrs. Albert Stewart is keeping her grandchildren this summer. The children are Joe Neal, Debra Kay, Timmy Greer, children of Mrs. Wayne Greer.

The following men are the pulp committee of the Baptist Church who went to Shamrock, Okla. Sunday: Bryant Karr; Roy Burk, Garvin Beedy, Bob Reeves and L. N. Johnson.

Well, we are all still receiving rain and hail. So many of our community received more damaging hail Friday night and again Sunday night. Rainfall the past week has ranged from three and one-half inches to four inches. Work is at a stand still.

FROM COUNTY AGENT'S OFFICE

BY CECIL LEWIS County Agent

COTTON PRODUCTION The turbulent weather of hail and hard rains has played havoc with much of the cotton particularly in the northern part of the county.

Research work done at the Lubbock Experiment Station shows that cotton planted after June 9 tends to decrease sharply in yields and gross income per acre — see table.

From Lubbock sub-station No. 8, the following table gives the planting date, 1960 - 1961 Cotton lint yields, and Loan value per pound (cents):

June 1: 864, 29.57;
June 9: 715, 28.32;
June 21: 487, 28.08;
June 30: 285, 24.21.

Proper management of late planted cotton often means the difference in profit and loss. The use of large amounts of nitrogen and excessive watering are especially critical on late planted cotton.

In many cases it is best to farm late planted cotton as dryland so that the cotton will have a chance to harden off and mature. The selection of early maturing cottons can increase yields.

BAGWORMS CONTROL

Bag worm season is rapidly approaching and shrubs and trees should be watched closely for control measures. Best control can be obtained when the worms are small and are feeding on the leaves.

Recommended insecticides for the control of bag worms are malathion, toxaphene and lead arsenate. Also several combinations of insecticides are on the market that will give a good job of control. Sprays are preferred over dust for bagworms control. Always following the directions and safety precautions on the label.

ARIZONA CYPRESS TREES

We have received many calls and have seen many Arizona cypress trees that are dying. Part of this damage is possibly due to the extremely low temperatures and dry soils. In many cases we see what is called "Twig Blight." This is a disease where the branch tips die. This disease can be controlled by the use of a fixed copper spray or Bordeaux mixture three or four times at two to three week intervals during the winter and summer. The pruning off of dead branches during the dormant season can aid in preventing re-infection.

Weed District Treats 171.6 Acres In May

FLOYD COUNTY NOXIOUS WEED CONTROL DISTRICT By Douglas Degge, Supervisor

During the month of May the Weed District treated 171.6 acres of land for weed control, 70.8 acres of this was in the form of soil sterilants of which 60.1 acres of bindweed on 25 separate farms, while the balance went on highway and county rights-of-way and commercial parking and storage lots. The District also treated 49 acres of county bar ditches and 51.3 acres of farm land with 2-4-D for the control of bindweed and bur rag weed.

Since Jan. 1 the Weed District has treated a total of 276 acres of land for the control of bindweed and other weeds.

Douglas Degge, Supervisor of the District, states that higher graduate from the ministry, therefore, the Watchtower Society, directive agency, arranges a District in keeping up with their continuous expansion program individually and organizationally would like to, but he urges that for Jehovah's Witnesses, all farmers and landowners planning together often; besides two arrangements each year, we District to make the application either have a district, national, or international assembly each year, and then there are five meetings a week in our local Kingdom halls where Bible instructions are given and problems of the ministry are discussed.

W. R. Thomas, district supervisor of part of Oklahoma, Texas and New Mexico, and M. C. Harbeck, supervisor of Texas Circuit No. 9, are the principal speakers for the event that will St. Mary's Hospital, Lubbock, open Friday, 6:45 p. m., in the where she recently underwent Hobbs High School Auditorium surgery.

Floyd County 14 Years Ago

(from the files of the Hesperian dated June 17, 1948)

S. H. Horn, 73, who had made his home in Floydada since 1918, died at his home here Tuesday after a three weeks illness. Rites were held Wednesday. Survivors include his wife; five sons and three daughters.

While on her way to Lubbock Monday afternoon Mrs. Eld Johnson cracked a vertebra in her back when her car swerved to avoid hitting a house that was being moved, just north of Canyon. Mrs. Johnson continued on to Lubbock, having x-rays taken and discovered the extent of her injuries then. She was put in a brace and brought home last night.

Fire Chief Carl Rodgers has been in the Plainview Hospital since Monday suffering from a paralytic condition caused from high blood pressure.

Mrs. John A. Fawver is still in critical condition at her home following a fall Wednesday morning of last week. Her injuries were internal.

Ted B. Bell was commissioned in the U. S. Air Force Officer Reserve corps at Texas Tech last week.

Wedding vows were exchanged Saturday evening between Miss Geneva Richardson, daughter of Mr. and Mrs. J. N. Richardson, and Harold Wayne Bennett, son of Mr. and Mrs. Wayne Bennett, all of Floydada.

Miss La Neil Harmon, bride-elect of Jack W. Cogswell, was feted with a bridal shower in the home of Mrs. H. G. Parker Thursday.

Staff Sergeant Elena Simmons, daughter of Mr. and Mrs. W. S. Simmons, and Sergeant Robert R. Hill, were married in the Lincoln Chapel of the New York Avenue Presbyterian Church in Washington, D. C. June fifth. Before entering service Mrs. Hill attended WTT at Canyon and taught school in Floyd County.

Mr. and Mrs. Walton Hale returned home Monday from Thorp Spring where they attended last rites for O. R. Vick, father of Mrs. Hale. He died Saturday at his home.

THE CAPITAL Highlights AND Sidelights by Vern Sanford

THE TEXAS PRESS ASSOCIATION

The first time the campaign for the November general election. Jack Cox of Breckenridge, the Republican nominee for governor, is backed by a slate of 20 nominees for the 23 seats in Congress; 15 candidates for the 31 state senate seats, and 86 candidates for the 150 house seats.

Also there are candidates for county and precinct offices in many counties. Lined up with Connally will be Waggoner Carr of Lubbock for attorney general, opposed by T. Preston Smith of Lubbock for lieutenant governor, opposed by Albert Fay of Houston; John C. White of Wichita Falls for agriculture commissioner, opposed by Harry Hubbard of Marfa; Ben Ramsey of San Augustine for railroad commissioner, opposed by Bernold M. Hanson of Midland; Jesse James of Austin for state treasurer, opposed by Allen Lacy of Abilene; and Robert S. Calvert of Sweetwater for comptroller, opposed by Mrs. Hargrove Smith of Houston. Republicans are not contesting judicial seats.

The Constitution Party also has fielded a slate of candidates for state office, all but one of them from Houston.

SPEAKERSHIP — One of the more important offices in state government is the speakership of the house. Unlike the Senate, however, the people have no voice in the selection.

The speaker is elected by the 150 members of the house. Rep. Byron Tunnell of Tyler laid out the names of 95 Democratic nominees who have pledged to support him, and called on his opponents for the speakership to withdraw.

Rep. C. W. Pearce Jr. of Temple did. Another opponent, Rep. Ben Glusing of Kingsville, was defeated in the runoff primary so he no longer is eligible. Rep. Alonzo Jamison of Denton remained in the race. He had claimed 61 pledges.

FACULTY FIRING — Dr. Rupert C. Koeninger's firing as professor of sociology at Sam Houston State College may cause Texas to be "blacklisted" by the American Association of University Professors.

No reasons were given when the board of regents for state teachers colleges fired Dr. Koeninger. Also no criticism of his teaching ability was brought out at the hearing.

The college professors association does not employ a strike or a picket line when it feels a professor has been done wrong. It merely "blacklists" the school by giving notice to other college teachers that it is not the best place to accept employment.

Gradually, over the years, faculty members who feel Koeninger was done wrong will accept jobs at other schools which are not on the "blacklist."

IN THE RED AGAIN — Heavy payments of state aid to the schools in May pulled the state's main checking account — the general revenue fund — into the red again.

When May started, the deficit was \$73,934,636. But heavy collections of corporation and insurance taxes wiped out the deficit, which has been present for nearly four years. This put the fund into the black by the middle of the month.

But when the school payments came due, it pulled the fund \$9,391,468 into the red at the end of May. Early June expenditures made the deficit \$23,015,900. It will go back into the black when sales tax payments reach the treasury in July.

CROOKED HOLES — State investigators from the Railroad Commission report that of the first eight oil wells in the East Texas Field tested, seven were "deviated" beyond the three per cent allowed by commission rules.

The work is slow, so it may be months, or even years, before the extent of the crooked-hole drilling program in that giant field is known.

Jack Hightower of Vernon, O. Atty. Gen. Will Wilson has filed L. Bell of Quanah, Ralph O. an civil lawsuit, contending that a group of operators drilled four wells on a slant so the bottoms of the holes were on someone else's property, and that they plugged two more wells with cement before they could be tested.

Civil suits are being filed by oil companies against owners of crooked holes have drained away oil which belonged to them. So far, eight such suits have been filed.

Center News
By Mrs. J. E. Green
CENTER, June 11 — My! We had two fine rains over the weekend. The most locally reported was on the Silverton Highway at the Vinson place and east on the hill at the C. W. Denissons, four or five inches of rain in all. There was a shower also at the Duns this morning. Now it is clear and still good growing weather.

There was also some hail that damaged gardens in town. We are thankful for the rain and that there were no hard winds with it. And was there ever more sheet lightning than we had Friday night? Again there is water in the lakes, some over the roads.

Sunday morning was beautiful and it was good to be at church. Brother Zinn is away for the week helping hold a revival so Hollis Payne filled the pulpit at Calvary Baptist Church at both services. Mrs. Zinn and children are visiting relatives in Friona this week.

We had another beautiful wedding at Calvary Saturday evening when those nice young people, Francis Summers and Meril Stephens took the vows. This makes four for this season in this church. Congratulations to all.

Mr. and Mrs. Nolan Arney and Steve and JoAnn Welborn have returned from a vacation trip to East Texas. The Arneys were in Canyon visiting the James David Welborns and Donna.

The Charles Hortons dined Sunday with her parents, Mr. and Mrs. Walter Sims. Jack Fuqua and Gene Smith visited Bruce and Phil Horton during the weekend. Bruce made a trip to Pueblo, Colo., recently with the Harmon Robert's family.

Mr. and Mrs. Tony Balios and Mary Dunn, of Lubbock, visited homefolks, the Frank Duns, over the weekend. Also for Sunday dinner in the home was Eddie Parks. Visitors in the afternoon were Mr. and Mrs. I. H. Parks, of South Plains, and Mr. and Mrs. J. D. Welborn.

Mr. and Mrs. Hal Thomas and Sue are expected home today. They have been visiting relatives in California for several days. The Frank Duns visited Friday evening in Plainview with Mr. and Mrs. Floyd Montgomery.

Mr. and Mrs. H. B. Mankins were Sunday dinner guests of her brother and wife, Mr. and Mrs. H. C. Burke, of Lockney. Mr. and Mrs. O. C. Vinson spent

Death Claims Floyd Barber

Funeral rites for S. F. (Floyd) Barber, one time mail carrier at Lockney, former employe of Magnolia Petroleum and Consumers Fuel there, were held Saturday in the Baptist Church at Lockney.

Mr. Barber died late Wednesday afternoon of last week after suffering a heart attack the previous Monday and one again Wednesday which claimed his life, in Lockney General Hospital.

Barber was born in 1886 in Throckmorton and moved to Lockney with his parents, Mr. and Mrs. M. F. Barber in 1891. He had made his home there most of the time since.

He and Miss Lula Livesay were married June 6, 1909, celebrating their Golden Wedding anniversary three years ago.

Mr. Barber was an agent for Magnolia Co., in Lockney 10 years and was manager of Consumer's Fuel there also for ten years. He had served one term as a member of the board of trustees of Lockney School district, and had served as church treasurer and Sunday School teacher at the Baptist Church where he had been a member for the past 49 years.

Survivors in addition to his wife includes one daughter, Mrs.

Roberta Bowers of Paulsboro, Wash., one son, Floyd Barber Jr., Lockney; two sisters; four grandchildren and one great-grandchild.
