## C Will Conduct Area Survey Hospital and Doctor Needs

Chamber of Commerce with the Texas Hospital Association in conducting a survey to determine the needs for hospital facilities in the area. The survey will be conducted by a committee headed by John Reue, C of C manager here, and will include representatives from the local hospital and medical community. The survey is being conducted in an effort to determine the need for hospital facilities and the type and size of hospital needed. The survey will be completed by the end of the year.

## Sugar Refinery Officials Visit In Plains Area

A good-sized party of Great Western Sugar Company officials visited this area on Tuesday, July 24, to discuss the company's plans for a new sugar refinery in the Plains area. The party was led by Philip B. Smith, director of agricultural development. The refinery is expected to be completed by the end of the year.

The Assiter Insurance White Sox Team finished the season as co-champions of the T-Shirt League holding the title jointly with The Builders Mart Pirates. The White Sox pictured above include from left to right Ricky Biggs, Tim Assiter, Ronnie Graham, Andy Hale, Dirk Campbell, Don Cardinal, Wayne Fancher, Larry Guffee, Jesse Johnston, Mike Collins and Armando Morales. Manager Tommy Assiter is shown at rear of squad. Absent from picture was made were team members Jerry Heaton and Donald Wayne Barnes.

These five young ladies were high winners on Tuesday of last week in the annual 4-H county Food Show held in Floydada. Mary Starkey and Paulette Kropp, second and third from left, were winners and Beverly Pierce, extreme right was junior winner. On the left is Elaine Starkey, alternate and fourth from left, Doris Favver, senior alternate. The two senior winners and winner were in Lubbock Tuesday of this week for competition at the District I 4-H Food Show.

## Jack Cox Gets Warm Welcome At Republican Rally In Floydada

An estimated crowd of more than 200 persons were on the court lawn and making everyone feel at ease during the informal occasion. Jack Cox, who was 91 years young the 11th of this month, commented, "I've never voted other than Republican since I was old enough to vote." Asked what he thought of Mr. Cox's talk, Mr. Goins said, "I think he made a good talk and I think he will make us a good governor." Asked if he would like to meet the Republican nominee, Mr. Goins said, "Sure I did twice. Shook hands around the hospital just to shake hands."

JACK COX — Republican Nominee for Governor of Texas was well received in Floydada when more than 200 turned out to greet him on Saturday. Cox is shown here as he addressed the gathering striking one of his familiar fighting poses. Pictured in the background are Mrs. Lon Davis Jr., and Mrs. Kinder Farris who were instrumental in bringing the candidate to Floydada.

## HD Council Has Eight Clubs Represented

Floyd County Home Demonstration Council met in regular session on July 20 in the council room at the court house. Eight clubs were represented with two officers, fourteen members and the agent, Phyllis Roggenhoff, present. Mrs. G. W. Smith, chairman, presided. Committee reports were heard followed by Mrs. Sam Jones, secretary-treasurer, giving the financial report. Mrs. Smith asked for reports from each club and each gave an interesting one. Mrs. Earl Edwards Sr., gave her year book report and Mrs. Brock gave one on citizenship. The agent reported on her trip to Florida which was also very interesting. Other reports were from Mrs. O. G. Mayfield on THDA and Mrs. Bob Hopper on 4-H.

Sand Hill Club had the exhibit on display which was very nice and Starkey is to bring the exhibit in September. Mrs. Lynn Miller gave recreation for the meeting. An annual report was brought up by Miss Roggenhoff and she reminded each club that their reports were due in October. Delegates named to the state meeting were Mrs. Tom Porter, Mrs. Arlon Miller, Mrs. Johnny Cates and alternate delegate, Mrs. O. G. Mayfield. The state meeting will be at the Baker Hotel in Dallas on September 19-20.

## Lone Star Farmer Degree Awarded Two Local Boys

Curtis Sanders and Robert Overstreet received Lone Star Farmer degrees at the State FFA Convention in Fort Worth last week. Both Floyd County boys had completed outstanding records in FFA work in the Floydada schools under their instructors Gerald Thompson and Henry Barber. Curtis is the son of Mr. and Mrs. Otho Sanders north of Floydada on the Silverton highway. Robert is the son of Mr. and Mrs. R. W. Overstreet in the eastern edge of the county. Robert was not present for the presentation ceremony in Fort Worth being away on a scout trip in Canada at the time. Attending the state convention were Curtis Sanders, John Callahan, and Billy Wheeler, all voting delegates to the convention. Mr. and Mrs. Henry Barber were in Fort Worth with the boys. The Floydada FFA Chapter has compiled an enviable record of accomplishments down through the years. The recognition of these two outstanding members of that organization point again to its value in our community.

## Baseball Tournaments Are Set

Freshman Loop Games Start Today; Junior League Action Begins Mon.

The District 4 Tournament for Texas Teenage Baseball Association, Freshman League division is scheduled to start in Floydada this evening (July 26). Games will be played on the local Freshman League Diamond with the first contest due to get underway promptly at 6:00 p. m. The tournament will bring together the Dougherty Grain Co. Giants, winners of the Floydada League, and the Roaring Springs, Texas, champs of the Motley County League. The teams will play a best two out of three series with the winner eligible to advance to the state tournament at Corsicana early in August. Admission prices for the tournament games will be 50c for adults and 25c for school children. Added to the Giants roster for the playoffs have been the two players allowed by rules and they chose Butch Ernt of the Cardinals as an extra pitcher and also selected Lester Stidom of the Colt 45's.

In Floydada Last Friday In July

T-Shirt League Winds Up In A Two-Way Tie

The Floydada T-Shirt League wound up in a two-way tie at the close of the regular schedule. Assiter Insurance White Sox and Builders Mart Pirates having identical win lost records. The two teams are presently co-champions but a play-off has been set. The championship will be decided in a one game (sudden death) play-off this afternoon (July 26) starting at 5:00 p. m. On Friday afternoon there will be an all-star game between two picked teams of stars from the league. League officials have tried to divide team strength equally and hope for a good close game. Bill Hale will manage the National League all-stars made up of Steve Arner, Mike Burk, Donald Cardinal, Miles Davis, Andy Hale, Walter Harris, James Hinton, Jesse Johnston, Joe Martin, Steve Puckett, Kim Rose, Bob Simpson, Johnny Bill Ware. Tommy Assiter will manage the American League team made up of Tim Assiter, Greg Campbell, Mike Collins, Jim Crawford, Jeffrey Feuerbacher, Richard Hale, Amado Morales, Mike Simpson, Will Siner, Jody Southard, Glenn Switzer, Mark Whitte, and Willy Wayne Williams. The boys are listed alphabetically and not necessarily in the order chosen.

Irison C. Kirk Claimed, Rites Held Sunday

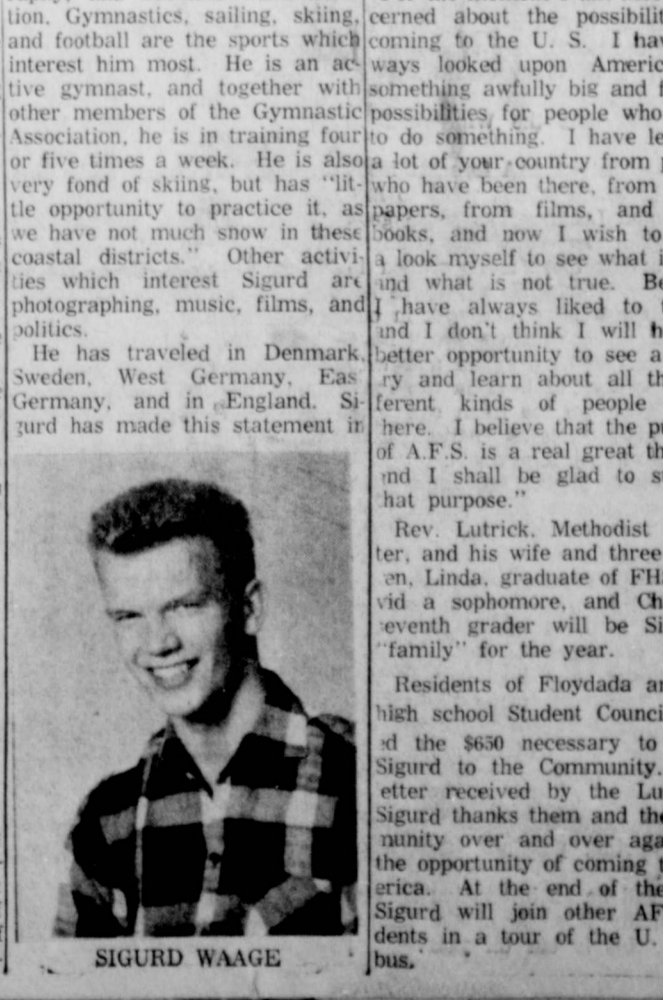

An extended illness of some eight years claimed the life of a Floyd County farmer last Friday in a Slaton Hospital where he had been critically ill for several weeks. He was Irison C. Kirk, 57, of Harmony community. Mr. Kirk and his wife maintained their home in southwest Floyd county until he was taken to the Slaton Hospital and at that time they sold their equipment to a son and purchased a residence in Slaton. Their daughter, Mrs. L. A. (Cleo) Reasoner, member of the Slaton Hospital staff, had been caring for her father as much as possible. Funeral rites were conducted Sunday afternoon in the Church of Christ in Petersburg. Buster Mullins, minister, officiated. Interment was in Floydada cemetery beside the body of a son, I. C. Kirk Jr., who was killed in an auto accident several years ago. Pallbearers were Cecil Stanton, Donald Finkner, Jesse Glover, Clifford McDonough, J. C. Thompson, and Earl Davis. Honorary pallbearers were Buddy Smith, Bill Boren, Coyt Thompson, Swain Biggers, Jack Harris, L. A. Noels, Milton Shore, Arthur McClanough, Leslie Pearsons, and Delbert Williams all of Petersburg.

hurry in to Floydada stores and see the host of big value buys you can find. Look over the advertisements in this issue of The Hesperian for a sample of what is in store for you. Last Friday "Dollar Day" is an institution in local stores so be ready to blast off early Friday morning for a shopping spree in Floydada. The finals are scheduled for 8:00 p. m. on Saturday when a champion will be named. Admission prices of 50c for adults and 25c for school students will be charged. The Freshman League wound up on Friday. The boys are listed alphabetically and not necessarily in the order chosen.

## FHS Will Get Norway Student

Sigurd Waage, foreign exchange student from Norway, will arrive in Floydada on August 3 or 9 where he will make his home with the Rev. Charles E. Lutrick family for the coming year. Sigurd will arrive in New York on August 7, then will fly to Amarillo where the Lutricks will meet him. Sigurd will be a senior student at Floydada High School this year. He was chosen by the American Field Service International Scholarships to be a part of their program of exchange students the world over. Purpose of AFS is to increase understanding and friendship among the peoples of the world. Sigurd is one of the 2000 students who will make their homes in more than 2000 communities of America. These students represent more than 50 foreign countries. Sigurd is 18 years old and was born on March 24, 1944. His father is a fishing and coastline captain along the coast of Norway. His mother is a housewife and he has three brothers, 16, 15, and 10 years old. Sigurd lives in Sandnes in the province of Rogaland, Norway. The Norway student has studied English for 5 1/2 years, approximately 4 hours a week. He also has a good knowledge of German and a fair knowledge of French. He is interested in English, economics, German, geography, and business administration. Gymnastics, sailing, skiing, and football are the sports which interest him most. He is an active gymnast, and together with other members of the Gymnastic Association, he is in training four or five times a week. He is also very fond of skiing, but has "little opportunity to practice it, as we have not much snow in these coastal districts." Other activities which interest Sigurd are photography, music, films, and politics. He has traveled in Denmark, Sweden, West Germany, East Germany, and in England. Sigurd has made this statement in regard to coming to the U. S.: "For the moment I am most concerned about the possibility of coming to the U. S. I have always looked upon America as something awfully big and full of possibilities for people who want to do something. I have learned a lot of your country from people who have been there, from newspapers, from films, and from books, and now I wish to have a look myself to see what is true and what is not true. Besides, I have always liked to travel, and I don't think I will have a better opportunity to see a country and learn about all the different kinds of people living here. I believe that the purpose of AFS is a real great thought, and I shall be glad to support that purpose."

Rev. Lutrick, Methodist minister, and his wife and three children, Linda, graduate of FHS, David a sophomore, and Chuck a seventh grader will be Sigurd's "family" for the year. Residents of Floydada and the high school Student Council raised the \$630 necessary to bring Sigurd to the Community. In a letter received by the Lutricks, Sigurd thanks them and the community over and over again for the opportunity of coming to America. At the end of the year Sigurd will join other AFS students in a tour of the U. S. by bus.

FINE BASEBALL PROGRAM HERE

The entire Floydada area as well as the parents of boys who have participated in the baseball program here owe a debt of gratitude to the fine staff of workers who have made this summer recreation possible.

It has taken a great deal of time, effort and no small amount of money to keep the leagues rolling along smoothly. League play has been interesting and most parents have followed the fortunes of their sons as the games were played.

Now that the season is about over it is a good time to say "thank you" to the managers, coaches, league officials and umpires that made the playing of baseball not only possible, but entertaining as well.

In gatekeepers scores and league standings through the season not once did I hear a single worker complain about his job. They all seemed to enjoy the work and enjoy being with the boys.

The umpires need everyone's cooperation in teaching the boys good sportsmanship. The managers need this too and we should always be ready to help when called upon.

We should never be guilty of looking on the younger leagues as ready made baby sitters where we can dump the kids and then go somewhere else and enjoy other entertainment of our own choosing.

We hope to see many more baseball seasons as good as the one of 1962.

Football Forecast Time

Well, it is the time of year for the football experts to start their predictions for the 1962 season and as usual you will find about every kind of forecast that you care to look for.

One early edition entitled "Texas as Football" is now on news racks. The magazine sells for 50c and covers college football in the southwest and Texas high school football as well.

The writers lean toward the University of Texas and Arkansas in the Southwest Conference and show a lot of strong points for Texas A&M, TCU, Rice, Baylor, Texas Tech, and SMU.

Most fans will agree that Texas will be a strong contender, especially with Coach Darrell Royal still at the helm and after his brilliant showing in the Cotton Bowl last January 1.

The Southwest Conference usually dislikes pre-season favorites, however, and a lot of football will be played before the curtain drops on December 1.

In their high school predictions in class AA the writers can remember nothing but Denver City, and their high scoring Mustang team that trounced such "powers" as Tahoka, Post, Stanton, and Stanton last fall.

Listed behind Denver City they name Jacksboro, Childress, Bellville, Sweeny, Hillsboro, Lockney, Mineola, Daingerfield and Refugio for the top ten in that order.

For district 2AA Lockney is Crobyton. The favorite with Canyon, Tulia and Abernathy listed behind the Longhorns. And they mention the fact that Floydada expects to field a team again this fall but puts the whirlwinds in the cellar.

This district 2AA forecast looks like a bunch of hot wash to me. Granted Lockney has some good material as does the Canyon team, but there is no reason to put the whirlwinds anywhere beside the number one spot in our books. The whirlwinds will have a fine defensive squad and with the number of boys in the football program, the team can take graduation losses better than most of their opponents.

Adenauer's Hour

The recent pomp and ceremony staged by the French for Chancellor Konrad Adenauer in Paris and elsewhere in France is clear evidence that the aging Chancellor is the key figure in the maneuvering between the United States and France — for the leading voice in guiding affairs in Europe.

Kennedy's Move

All the signs in the business and economic world seem to be saying that, in the parlance of chess, it's President John Kennedy's move. He and his associates have been watching and seriously studying the economic scene for some months now; clearly the health of the nation is better in some ways than it was a year ago, but still there was a need for decisive action.

A Mystery In Our World's History

Americans have always placed some degree of emphasis on their heritage and history. Most Americans are familiar with a general history of the United States, as well as Europe, and possibly a few of the earlier civilizations. It is generally not as well known that on the American continent two of the most advanced civilizations of their time thrived.

HOMEMAKING HINTS

Tips on Buying Wash-Wear Cottons

Now while the summer sales are on is a good time to buy a few needed dresses to wear the rest of this summer and to have the next year also.

Wash and wear cottons are attractive and easy to care for so you may want to watch for these.

Here are some tips which may help you with wash-wear selections. The New York State College of Home Economics at Cornell University did research on easy-care fabrics recently, and came up with these suggestions.

If you are looking specifically for easy care, select a wash-wear dress that has a gathered skirt and few frills. This will make it easier to touch up the dress.

Also pick out a garment that has set-in sleeves rather than those of kimono design. The resin that makes the fabric wash and wearable also makes it less resistant to tearing. Because of the weakened fabric, look for a style that fits easily and has only a few strain points.

According to the research, the higher priced garments in wash-wear lines took less care, wrinkled less during wearing and looked better after repeated launderings. But—because of the high resin finish which made these features possible—the fabric in these garments had low strength. The dresses could not be expected to wear as well as those of the less treated fabrics.

4-H Camp

The County 4-H Camp for 4-H members of high school age and older is this Thursday and Friday at Roaring Springs. 4-H'ers who are going will meet at the County Extension office at 10:00 a. m. Thursday to go to camp.

The Program and Recreation Committee met in our office Monday afternoon to complete the plans for camp. Those at the meeting were: Louise Jones, program committee chairman; Randy Laceywell, Beverly Jefferson, Recreation committee chairman; Bob Hopper, Janice Miller and Paulette Kropp, Council chairmen.

BARKER FAMILY IN ILLINOIS STORM, RETURN HOME

Mr. and Mrs. J. E. Barker returned home this week after visiting at Crystal Lake, Ill., with their daughter, Mrs. L. V. Assiter and family. The Floydada couple reported the weather there chilly and it rained everyday they were there. Still it was nice and cool enough to enjoy every minute of their stay.

The Assiters home is in Cherry Lanes Walk-up Woods, a beautiful place in Crystal Lake several miles from Chicago.

Mr. and Mrs. Barker were fortunate in not being hurt in a tornado which hit the south side of Chicago the night they departed. They were aboard the train and leaving when wind, hail, and rain started. Mrs. Barker said a person couldn't see it was so dark. She made the remark to her husband "If this happened in Texas I would say we were in the middle of a cyclone". She found out later they were only it didn't dip down close enough to damage the train.

She said her son-in-law informed them later that the tornado struck in that area. Mrs. Barker said the storm continued through Newton, Kan., and into Amarillo where the night before their arrival that city had received an abundance of rain.

PETE FUGLAAR NOW UNDER NEW HOSPITAL TREATMENT

Mrs. W. C. Sims said Tuesday she talked by phone to Pete Fuglaar, former Floydada Junior High Coach, and that he related he was doing as well as could be expected. Mrs. Sims said Fuglaar was taking a new treatment in order to shrink tumors but he didn't know just how successful they would be. Fuglaar has been critically ill for several months but is home most of the time returning to the Veterans Hospital in Big Springs for his present treatments.

Fuglaar visited here in July with friends and was overnight guest of Mrs. Sims, where he lived when residing in Floydada. Mrs. Sims said she found him in good spirits at the time but

Dr. Salk Coins A Word: Bionauts

"Super stars" of science will make up the research team of the Salk Institute for Biological Studies.

Dr. Jonas Salk, who will direct the Institute at San Diego, Calif., quite often draws analogies between sports and science.

He once said, modestly referring to his historic role in developing the polio vaccine, that "I just happened to be in the right place to catch a long forward pass."

Today he might select another sport and say that the Institute faculty members are the Mickey Mantles of science—they can hit home runs from either side of the plate. Dr. Salk points out that in recruiting his Institute Fellows he searched for and found versatile scientists "who have all been trained in a field other than that in which they are working today."

Varied Abilities

They possess more than one skill or field of knowledge. They are not limited to biology. Some of the 10 Fellows already appointed are equally at home in higher mathematics and physics, or history and literature.

This unique combination of professional skills, versatility, imagination and intellectual curiosity has been described by many as the magic formula needed today to achieve the conquest of disease—from the common cold to cancer. They believe firmly that an assault on disease of the kind and magnitude planned by Dr. Salk and his colleagues could pave the way to revolutionary breakthroughs.

Just as the Mickey Mantles on the baseball fans who pay their way through the turnstiles, construction of the Salk Institute will depend on contributions from the general public.

\$15 Million Goal

This summer all across the nation a campaign is in full swing to raise \$15,000,000 to build and equip the Institute. The drive is sponsored by The National Foundation through the March of Dimes. It is a renewal of the partnership between all Americans and Dr. Salk—the man who did so much for them in developing the polio vaccine, and will do so much more as director of the Institute.

As another way of describing the scientists who will work at

Dr. Salk coins the word "bionauts" if we can speak of astronauts." He asks, "why can't we think of 'bionauts'—scientists who are capable of doing in biology what has now been done in the fields of space and of atomic physics?" He envisages the Salk Institute as a sort of launching pad for the gifted "bionauts" of the scientific world who will comprise his faculty.

The conditions under which the Salk Institute "bionauts" will pursue their studies are probably unique. The physical atmosphere of the Institute has been designed so that the individual scientist can concentrate fully on productive work and thought. Laboratory equipment will of course be the most modern. A highly specialized reference library on biology and related fields will be maintained. The whole environment is designed to spur the Institute Fellow toward daring and uninhibited original thinking on how to reach the goal he is seeking—faster.

In most great universities and other research centers scientists are obliged to invest a great deal of their time in teaching and in administrative detail. There will be none of these time-consuming duties for the faculty of the Salk Institute. Its members will spend all of their time on pioneering projects. Moreover, they will have complete freedom to launch whatever projects they elect and may change the direction of their research if they wish.

Experts familiar with the scientific world and its leaders agree that the 10 Fellows selected thus far are in the stage of their careers. Their average age is 49 years but some are even younger.

Dr. Warren T. Morgan, president of the National Foundation and a Salk Institute Nonresident Fellow, described the statesmanlike research of Dr. Salk, a famed microbiologist now with the Institute of Paris, as a "gift of life" to the world.

Dr. Leo Stieglitz, professor of biology at the University of Chicago, described Dr. Salk as an "architect of the future." Dr. Edwin Lemley, a microbiologist at the University of California at San Diego, said that Dr. Salk is a "resident of the future."

Dr. Jacob Bronowski, a Resident Fellow at the Salk Institute, said that Dr. Salk is a "resident of the future."

Dr. Salk is a "resident of the future."

Sharon Baker, talented daughter of Superintendent and Mrs. A. E. Baker, made high honors in a recent audition held in the studio of her music teacher, Mrs. Ohmer H. Kirk. Sharon entered the National Guild of 1961 after six and one-half months of study, played a ten piece program and made a Superior rating. She entered the National Guild in 1962, played a 20 piece program and won International Medal plus Superior plus rating. She made the highest average in 1962 in her elementary class and was presented an International Pin this year. Mrs. Kirk's summer work has just closed. Average high, grades and awards are to be presented early this fall.

Floydada, Route 4: Anna Jean True and her David, Route 1 Plainview; Claude Weathersbee, Delbert Smith and Nancy Morckel, Lighthouse Electric attended this meeting. The Brewers brought a big freezer of delicious homemade ice cream, that along with some homemade cake and the good fellowship made it a most enjoyable occasion - a real party indeed!

You Can Afford Good Lighting According to Ted Cox, American Home Lighting Institute - good lighting is neither a luxury nor an exclusive feature of expensive homes.

Anyone can afford to have their homes properly lighted according to the basic requirements of Light for Living Standards developed by the American Home Lighting Institute. No one can afford not to.

There are four major requirements of proper lighting, and they are designed for both safety and decoration.

Adequate lighting should:

1. Provide balanced general lighting to eliminate glare and to bring to life the colors, designs and textures of furnishings.
2. Provide low, medium and high levels of lighting to complement different moods;
3. Give lighting for specific seeing tasks, such as reading, sewing, meal preparation, house-keeping work, shaving, make-up and recreation;
4. Supply decorative accent lighting to add sparkle and enhance the colors and designs of the decorating plan.

Fixtures should be placed to provide both general lighting throughout an interior and local lighting at eye-work centers.

The kitchen should have at least one fixture, 12-inches or more in diameter to accommodate 150 watts of incandescent lighting or a minimum of 30 watts fluorescent, for general lighting purposes. This fixture should be supplemented by local lighting over the sink, range and work counters. A light bracket for every four feet of counter space is recommended by home economists as well as lighting experts.

Bathroom and lavatories, which rank as "worst lighted rooms," require one fixture at each side of the grooming area and one on the ceiling or wall above the grooming area. Each should hold one 20-watt fluorescent or two 40-watt incandescent, or one 60-watt incandescent. Wall-to-wall mirrors should have a row of shielded fluorescent tubes extending the full length of the mirror.

At least one ceiling or wall fixture of the type recommended for the kitchen is called for over each principal work area in the laundry, utility room, workshop to basement.

One ceiling fixture, wall bracket or recessed fixture accommodating a 60-watt bulb should be provided for every 10-feet of hall or passageway.

A fixture should be provided in every full-door closet and at the top and bottom of each stair flight.

Homeowners should have at least one fixture or receptacle using one 100-watt bulb at both sides of each parking area in the garage or carport.

Living areas which include the living room, dining room, recreation room, den, bedroom, study, library, enclosed porch, or sun room require at least one wall fixture.

The standards recommend that a minimum of one permanent lighting unit per room must be on switch control at room entrances or entrances when they are 10 feet or more apart. Portable lamps or equivalent fixtures should supplement the installed fixtures.

Kitchen injuries can be greatly reduced by proper lighting.

Good lighting is also decorative lighting.

Mr. and Mrs. Jerry Thomas and son of Garland spent two days last week visiting Mr. and Mrs. Doyce Smalley.

**New Attendance  
Mark Looms For  
All-Star Games**

LUBBOCK, July 23 - A strong possibility exists that the attendance record already held here for the Coaching School All-Star game will be broken Friday night, Aug. 10.

Current record of 5,996 was established when the All-Star game was played in the Coliseum in 1956. Nearest approach came last year in San Antonio, when the turnout was 5,900.

But the list of players known to this area's cage fans is imposing enough to encourage good attendance.

Among the players for the North are Sammy Johnston of White Deer, John (Dub) Malaise of Odessa, Bob Measels of Seminole, Eddie Pruitt of Fort Stockton, and Russ Wilkinson of Lubbock Monterey.

Malaise, Measels, and Wilkinson have signed letters of intent with Texas Tech.

Reserved basketball tickets are \$2 and \$1.50. Mail orders, including a 25-cent mailing fee, may be sent to the Texas Tech Athletic Department. Reserved admissions to the North-South football game, slated for Saturday night, Aug. 11, are \$2.50 and \$2.

and Mrs. Clyde Wideman, Lubbock.

Miss Laqueta Ogle returned recently from two months stay with her grandmother, Mrs. J. M. Sizemore in Hobbs, N. Mex.

Miss Kay Fisher, Lorenzo was a weekend guest of Miss Mollie Mara. On Saturday night Mr. and Mrs. Roy Mara, Mollie and Kay attended a surprise birthday supper honoring Pat Yoakum, given by Mrs. Yoakum in their home near Lubbock.

Miss Carolyn Martin was a Sunday guest of Miss Carla Center.

Mr. and Mrs. Wayne Ogle and family; Mr. and Mrs. Bill Ashley and children; and Mr. and Mrs. R. L. Martin, Vicki and Roland visited recently with R. L. Martin's grandmother, Mrs. Alexander at Cleburne, did some fishing on the Brazos River and visited Six Flags over Texas near Ft. Worth.

Miss Joyce Cox, Lubbock, spent the weekend in the home of her parents, Mr. and Mrs. Bud Cox. Saturday night guests in the Alfred Clark home were Mr. and Mrs. Lester Baccus, Idalou and Mrs. Baccus' mother, Mrs. Alexander from Oklahoma and Mrs. Fred Clark, Floydada. Mrs. Alexander and Mrs. Clark were girlhood friends.

Mr. and Mrs. Joe Jackson and Carl Lynn and Mr. and Mrs. H. R. Nance and Rachel were visitors at the Primitive Baptist Church in Plainview, Sunday. Jackson preached in the morning service.

Mrs. Thelma Jones, Floydada was a recent Sunday afternoon guest of Mrs. J. D. Travis.

Rev. and Mrs. D. L. Cleveland visited Sunday afternoon in the Dan Flurry, Sid Waller and Emma Noble home. Mrs. Noble was to have entered a Lubbock hospital on Monday.

Mr. and Mrs. Ralph Shrum and Guy Len were called to McAlester, Oklahoma Friday to the bedside of her mother, Mrs. T. A. Phillips who was seriously ill in a hospital there. They returned home Sunday and reported Mrs. Phillips much improved.

The Cone Methodist Revival begins Sunday, July 29 and continues through the following Sunday. Rev. E. H. Martin, Margaret, Tex. will be the evangelist and will also lead the singing. Mrs. Martin will be pianist. Services will be at 10 in the mornings and 7:30 each evening. Every one is cordially invited to attend every service. Rev. D. L. Cleveland is pastor.

Junior boys going to camp the first of the week were Mark and Melton Wiseman, Larry Center, Jimmy Kirby and Mrs. Thurman Kirby.

Guests in the home of Mr. and Mrs. Alfred Clark and Jill on Sunday night included Mr. and Mrs. Charlie Wright, Lakeview, Mr. and Mrs. Dennis Taylor and Tom, Crosbyton, Mr. and Mrs. David Stewart and Rhudy, and Mr. and Mrs. Joe Jackson.

A bridal shower, honoring Miss Joyce Cox, bride-elect of Wesley Delman Hilton, was given Monday morning, July 16, in the home of Mrs. D. A. Barnhart. Mrs. Walter Ellis Gillon registered guests and Mrs. Roy Mara and Mrs. Dale Jones presided at the refreshment table. Guests included the bridegroom-elect's mother, Mrs. Fern Allsup and his sister, Miss Twanna Hilton both of Lubbock.

Hostesses were Gillon, Jones, Mara, Barnhart and Mrs. R. R. Reed, Mrs. Haney Wideman, Mrs. W. T. Center, Mrs. Thurman Kirby, Mrs. Morris Wideman, Mrs. Clayton Thornton, and Mrs. Earl Martin. Hostess gift was an electric perculator and bedspread.

Miss Cox and Hilton will marry Saturday night at the First Baptist Church, Cone.

Rev. and Mrs. W. Donald Harris and children, Anne and David arrived yesterday from Scarsdale, N. Y. for a visit with Mrs. Harris' mother, Mrs. Wilson Kimble and other relatives. The Harris family made the trip by car and plan to vacation for about a month before returning home.

Mr. and Mrs. Red Gregory visited Six Flags Over Texas over the weekend. They were accompanied by her sister and her husband, Mr. and Mrs. O. C. Detenheim of Quanah.

Mr. and Mrs. Wiley Rogers spent several days recently in Red River, N. Mex., vacationing.

Mr. and Mrs. E. B. Chesnut were dinner guests Sunday in the home of Mr. and Mrs. C. B. Lyles.

Mrs. Ludie Stiles and her sister, Mrs. Smith, were visitors in the E. B. Chesnut home Sunday evening.

Buck Marriclie and Jackie Duke visited two Westinghouse plants (transformer and meter) last week, at Athens, Ga., and Raleigh, N. C. It was very interesting as well as educational. A sort of newsletter printed and distributed around the plant had this to say:

"A posse of Texans from around Lubbock and Amarillo (all unarmed) pulled up to our front gate this morning to look over our spread. Podders, nothing, nothing could tickle us meter-making Rebels more than to share our bunkhouse and beans with you all. It ain't like your "Ponderosa" and Lone Star beef but it's the best there is outside of Texas. In fact, 'bout the only thing our State's got that Texas ain't are the best dang meter making people in all out doors. Like we said, a Texas-type welcome Tarheel-style, to Messrs. Jackie Duke and Buck Marriclie from the Lighthouse Electric Co-op." It went ahead to list the others from this area and to say further, "all of us here hope you all stay a spell."

Something to think about: - It is said, "There is no cosmetic for beauty like happiness."

BASEBALL PROGRAM HERE

The entire Floydada area as well as the parents of boys who have participated in the baseball program here owe a debt of gratitude to the fine staff of workers who have made this summer recreation possible.

It has taken a great deal of time, effort and no small amount of money to keep the leagues rolling along smoothly.

FOOTBALL FORECAST TIME

Well, it is the time of year for the football experts to start their predictions for the 1962 season and as usual you will find about every kind of forecast that you care to look for.

One early edition entitled "Texas as Football" is now on news racks. The magazine sells for 50c and covers college football in the southwest and Texas high school football as well.

The writers lean toward the University of Texas and Arkansas in the Southwest Conference and show a lot of strong points for Texas A&M, TCU, Rice, Baylor, Texas Tech, and SMU.

Most fans will agree that Texas will be a strong contender, especially with Coach Darrell Royal still at the helm and after his brilliant showing in the Cotton Bowl last January 1.

The Southwest Conference usually dislikes pre-season favorites, however, and a lot of football will be played before the curtain drops on December 1.

In their high school predictions in class AA the writers can remember nothing but Denver City, and their high scoring Mustang team that trounced such "powers" as Tahoka, Post, Stanton, and Stanton last fall.

Adenauer's Hour

The recent pomp and ceremony staged by the French for Chancellor Konrad Adenauer in Paris and elsewhere in France is clear evidence that the aging Chancellor is the key figure in the maneuvering between the United States and France—for the leading voice in guiding affairs in Europe.

The lavish reception and honors bestowed upon the German symbolize the new importance of western Germany's status among the western powers and also the decline of U. S. influence in Europe. President Charles de Gaulle seems to have won Adenauer's hand in political and economic marriage.

Kennedy's Move

All the signs in the business and economic world seem to be saying that, in the parlance of chess, it's President John Kennedy's move. He and his associates have been watching and seriously studying the economic scene for some months now.

A Mystery In Our World's History

Americans have always placed much emphasis on their own history and heritage. Most Americans are familiar with a general history of the United States as well as Europe, and possibly the earlier civilizations.

Mt. Blanco News

MT. BLANCO, July 23 — Bro. Bob Terrell of Plainview filled the pulpit Sunday in the absence of Rev. Reed. Rev. and Mrs. Reed are visiting in Kansas with their daughter and family, Mr. and Mrs. G. C. Mills, Jamie, and Gwen. They are visiting in Lake City.

Friday Mrs. Weldon McClure and Mrs. Wayland Jones, Julie, Steve and Greg stopped in Lubbock. Sunday afternoon Mr. and Mrs. Holt Bishop visited in the home of Mr. and Mrs. Howard Bishop and family.

Mr. and Mrs. Brice Allen, Judy, Nancy, Janie, and Susan were Thursday night guests in the home of Bro. and Mrs. Clayton Watkins, Franklin, Judy, and Jan at Sumnerfield. Returning home they stopped in Lockney and visited with their parents, Mr. and Mrs. J. B. Allen, on Friday.

Tuesday morning Mrs. Billy Wayne Jones, Susan, and Sherry visited Mrs. Weldon McClure. Mr. and Mrs. Anthony Latta, David, Sam, Carol enjoyed a backyard supper in the home of Mrs. S. R. Mother Of Fred Zimmerman Dies

Mr. and Mrs. Fred Zimmerman were called to Tucson, Ariz., last week due to the death of his mother, Mrs. L. D. Stephens. She had been in ill health a lengthy time and died in a hospital in Tucson. She made her home in Tubac, Ariz., and St. Helena, Calif., and was a former resident of Floydada having lived here before the death of her former late husband, Fred Zimmerman Sr.

The deceased was taken overland to St. Helena where funeral rites were conducted the first part of the week. Survivors include the local son, one daughter, Mrs. Corolla D. Fede of St. Helena, six grandchildren, and her husband.

Lakeview News

LAKEVIEW, July 23 — There are showers falling in the community this Monday morning. This moisture is needed on the cotton and I am certain there are happy farmers around here.

Mr. and Mrs. Warner Johnson, Novis, Wesley and Sue Murphree, of Corpus Christi, returned home Wednesday after a trip to the World's Fair in Seattle, Wash. The Johnsons were gone two weeks and reported a wonderful time. On the way to the Fair they visited relatives in various places.

Mr. and Mrs. Charles Johnson, of Lorenzo are the parents of a baby boy born July 11 in the Crosbyton Clinic Hospital. The baby, named James, Truett, weighed six pounds, fifteen ounces. The paternal grandmother Mrs. R. L. Johnson lives in the Lakeview Community.

Mr. and Mrs. Dick Wheelless and Leon Isaacs, in Medford, Ore., visited Jackie and Juandella Bennis. From Oregon the Johnsons came on down through the Red Woods and over the Golden Gate Bridge. While in California the group visited with Mr. and Mrs. Rube Johnson, of Hollister and Mr. and Mrs. Thilman Johnson and family in Los Angeles.

Mrs. Johnson reported that the weather was nice and cool in Washington, Oregon, Utah and California but the heat of the desert coming home was terrific and also the heat here seems worse than before. A change from this summer heat would be nice wouldn't it?

Sunday afternoon Mr. and Mrs. Wayland Jones and children visited Mr. and Mrs. J. W. McClure. Also present in the McClure home were Mr. and Mrs. Frank Moore and Mr. and Mrs. Brice Allen and girls.

Sunday dinner guests of Mr. and Mrs. Warner Johnson and Wesley and Novis were Lurie of Lubbock, Mr. and Mrs. Carl Brook and Terri and Mrs. R. L. Johnson. Sunday night visitors were Mr. and Mrs. Gene Johnson and Shirley and Larry Johnson went to the Methodist Church in Crosbyton Sunday night with Novis and Wesley Johnson.

Those from this community who enjoyed an ice cream - n - cake social in the Community House at Mt. Blanco Friday night were Mr. and Mrs. Billy Joe Hambricht, Mr. and Mrs. Edmund Brown, Rex and Scott and Mr. and Mrs. Wayland Jones. This social was for the young married peoples Sunday School Class of the Mt. Blanco Baptist Church. The group also enjoyed games of 12.

Kathy and Todd Hambricht, children of Mr. and Mrs. Billy Joe Hambricht, visited their grandparents, Mr. and Mrs. Gene Brown Friday night while the Hambrichts attended a social in the Mt. Blanco Community Center.

Tuesday afternoon visitors in the home of Mr. and Mrs. Weldon McClure were Mr. and Mrs. Garret Jones, and Mr. and Mrs. Paul Ely. Rudolph McCurdy carried the Junior Boys, David Latta, Philip McCurdy, Jimmy Mitchell and Dean Watson, to the Camp Monday afternoon. They will return from the Baptist encampment Wednesday.

HOMEMAKING HINTS

Tips on Buying Wash-Wear Cottons. Now while the summer sales are on is a good time to buy a few needed dresses to wear the rest of this summer and to have the next year also.

Wash and wear cottons are attractive and easy to care for so you may want to watch for these. Here are some tips which may help you with wash-wear selections. The New York State College of Home Economics at Cornell University did research on easy-care fabrics recently, and came up with these suggestions.

If you are looking specifically for easy care, select a wash-wear dress that has a gathered skirt and few frills. This will make it easier to touch up the dress—and all wash-wear cottons require some ironing.

Also pick out a garment that has set-in sleeves rather than those of kimono design. The resin that makes the fabric wash and wearable also makes it less resistant to tearing. Because of the weakened fabric, look for a style that fits easily and has only a few strain points.

According to the research, the higher priced garments in wash-wear lines took less care, wrinkled less during wearing and looked better after repeated launderings. But—because of the high resin finish which made these features possible—the fabric in these garments had low strength.

Mr. and Mrs. Q. D. Williams and James spent the weekend in Crosbyton with Mr. and Mrs. Edgar Jones. Nancy and Monty have been visiting there for the past two weeks and came home with their parents. Also returning with them were Ruth and Jacqueline Brown of Graham and they will spend this week with the Williams.

Last Saturday Mr. and Mrs. Q. D. Williams and James were on hand at the Floydada airport to greet Jack Cox who is Republican candidate for Governor of Texas. Mrs. Williams was a hostess who greeted Jack Cox.

Mr. and Mrs. Charles Johnson, of Lorenzo are the parents of a baby boy born July 11 in the Crosbyton Clinic Hospital. The baby, named James, Truett, weighed six pounds, fifteen ounces. The paternal grandmother Mrs. R. L. Johnson lives in the Lakeview Community.

Mrs. Q. D. Williams was hostess for a coffee in honor of Dennis Taylor at the P. C. A. Office in Floydada last Monday. Mr. Taylor is candidate for Congressman of the 19th District. He is running on the Republican ticket. The 4-H Cooking Class is meeting this Monday afternoon in the home of Mrs. Q. D. Williams. Mrs. Earl Edwards, Jr. will be teaching the class.

Mrs. R. L. Johnson has been spending the last two weeks in Crosbyton Clinic Hospital caring first for Mrs. Charles Johnson and then Mr. Charles Johnson and Mrs. Charles Johnson are home now and I'm sure Mrs. R. L. Johnson is glad to be back in her home for a much needed rest.

Plans are being made for the Girl Scout Day Camp to meet on the Williams' ranch this week and the camp will last for two days and approximately 20 girls are expected to attend.

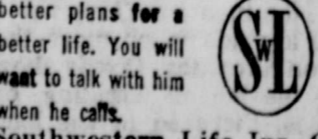

Mr. and Mrs. J. E. Barker returned home this week after visiting at Crystal Lake, Ill., with their daughter, Mrs. L. V. Assiter and family. The Floydada couple reported the weather there chilly and it rained everyday they were there. Still it was nice and cool enough to enjoy every minute of their stay.

Dr. Salk Coins A Word: Bionics

Dr. Salk

"Super stars" of science will make up the research team of the Salk Institute for Biological Studies. Dr. Jonas Salk, who will direct the Institute at San Diego, Calif., quite often draws analogies between sports and science.

He once said, modestly referring to his historic role in developing the polio vaccine, that "I just happened to be in the right place to catch a long forward pass."

Today he might select another sport and say that the Institute faculty members are the Mickey Mantles of science—they can hit home runs from either side of the plate. Dr. Salk points out that in recruiting his Institute Fellows he searched for and found versatile scientists—who have all been trained in a field other than that in which they are working today.

They possess more than one skill or field of knowledge. They are not limited to biology. Some of the 10 Fellows already appointed are equally at home in higher mathematics and physics, or history and literature.

This unique combination of professional skills, versatility, imagination and intellectual curiosity has been described by Salk Institute as the magic formula needed today to achieve the conquest of disease—from the common cold to cancer. They believe firmly that an assault on disease of the kind and magnitude planned by Salk and his colleagues could pave the way to revolutionary breakthroughs.

Just as the Mickey Mantles depend on the baseball fans who pay their way through the turnstiles, construction of the Salk Institute will depend on contributions from the general public.

This summer all across the nation a campaign is in full swing to raise \$15,000,000 to build and equip the Institute. The drive is sponsored by The National Foundation through the March of Dimes. It is a renewal of the partnership between all Americans and Dr. Salk—the man who did so much for them in developing the polio vaccine, and will do so much more as director of the Institute.

As another way of describing the scientists who will work at the Institute, Dr. Salk coined the word "bionauts." "If we can speak of astronauts," he asks, "why can't we think of 'bionauts'—scientists who are capable of doing in biology what has now been done in the fields of space and of atomic physics?" He envisages the Salk Institute as a sort of launching pad for the gifted "bionauts" of the scientific world who will comprise his faculty.

The conditions under which the Salk Institute "bionauts" will pursue their studies are probably unique. The physical as well as the intellectual atmosphere of the Institute has been designed so that the individual scientist can concentrate fully on productive work and thought. Laboratory equipment will of course be the most modern. A highly specialized reference library on biology and related fields will be maintained. The whole environment is designed to spur the Institute Fellow toward daring and uninhibited original thinking on how to reach the goal he is seeking—faster.

In most great universities and other research centers scientists are obliged to invest a great deal of their time in teaching and in administrative detail. There will be none of these time-consuming duties for the faculty of the Salk Institute. Its members will spend all of their time on pioneering projects. Moreover, they will have complete freedom to launch whatever projects they elect and may change the direction of their research if they wish.

**New Attendance  
Mark Looms For  
All-Star Games**

LUBBOCK, July 23 — A strong possibility exists that the attendance record already held here for the Coaching School All-Star game will be broken Friday night, Aug. 10.

Current record of 5,936 was established when the All-Star game was played in the Coliseum in 1956. Nearest approach came last year in San Antonio, when the turnout was 5,900.

But the list of players known to this area's cage fans is imposing enough to encourage good attendance.

Among the players for the North are Sammy Johnston of White Deer, John (Dub) Malaise of Odessa, Bob Measels of Seminole, Eddie Pruitt of Fort Stockton, and Russ Wilkinson of Lubbock Monterey.

Malaise, Measels, and Wilkinson have signed letters of intent with Texas Tech.

Reserved basketball tickets are \$2 and \$1.50. Mail orders, including a 25-cent mailing fee, may be sent to the Texas Tech Athletic Department. Reserved admissions to the North-South football game, slated for Saturday night, Aug. 11, are \$2.50 and \$2.

Sharon Baker, talented daughter of Superintendent and Mrs. A. E. Baker, made high honors in a recent audition held in the studio of her music teacher, Mrs. Ohmer H. Kirk. Sharon entered the National Guild of 1961 after six and one-half months of study, played a ten piece program and made a Superior rating. She entered the National Guild in 1962, played a 20 piece program and won International Medal plus Superior plus rating. She made the highest average in 1962 in her elementary class and was presented an International Pin this year. Mrs. Kirk's summer work has just closed. Average high, grades and awards are to be presented early this fall.

Floydada, Route 4: Anna Jean True and her David, Route 1 Plainview: Claude Weathersbee, Delbert Smith and Nancy Morckel, Lighthouse Electric attended this meeting. The Brewers brought a big freezer of delicious homemade ice cream, that along with some homemade cake and the good fellowship made it a most enjoyable occasion - a real party indeed!

**You Can Afford Good Lighting**

According to Ted Cox, American Home Lighting Institute - good lighting is neither a luxury nor an exclusive feature of expensive homes.

Anyone can afford to have their homes properly lighted according to the basic requirements of Light for Living Standards developed by the American Home Lighting Institute. No one can afford not to.

There are four major requirements of proper lighting, and they are designed for both safety and decoration.

Adequate lighting should:

1. Provide balanced general lighting to eliminate glare and to bring to life the colors, designs and textures of furnishings.
2. Provide low, medium and high levels of lighting to compliment different moods;
3. Give lighting for specific seeing tasks, such as reading, sewing, meal preparation, house-keeping work, shaving, make-up and recreation; and
4. Supply decorative accent lighting to add sparkle and enhance the colors and designs of the decorating plan.

Fixtures should be placed to provide both general lighting throughout an interior and local lighting at eye-work centers.

The kitchen should have at least one fixture, 12-inches or more in diameter to accommodate 150 watts of incandescent lighting or a minimum of 80 watts fluorescent, for general lighting purposes. This fixture should be supplemented by local lighting over the sink, range and work counters. A light bracket for every four feet of counter space is recommended by home economists as well as lighting experts.

Bathroom and lavatories, which rank as "worst lighted rooms," require one fixture at each side of the grooming area and one on the ceiling or wall above the grooming area. Each should hold one 20-watt fluorescent or two 40-watt incandescent, or one 60-watt incandescent. Wall-to-wall mirrors should have a row of shielded fluorescent tubes extending the full length of the mirror.

At least one ceiling or wall fixture of the type recommended for the kitchen is called for over each principal work area in the laundry, utility room, workshop to basement.

One ceiling fixture, wall bracket or recessed fixture accommodating a 60-watt bulb should be provided for every 10-feet of hall or passageway.

A fixture should be provided in every full-door closet and at the top and bottom of each stair flight.

Homeowners should have at least one fixture or receptacle using one 100-watt bulb at both sides of each parking area in the garage or carport.

Living areas, which include the living room, dining room, recreation room, den, bedroom, study, library, enclosed porch, or sun room require at least one wall fixture.

The standards recommend that a minimum of one permanent lighting unit per room must be on switch control at room entrance or entrances when they are 10 feet or more apart. Portable lamps or equivalent fixtures should supplement the installed fixtures.

Kitchen injuries can be greatly reduced by proper lighting. Good lighting is also decorative lighting.

Mr. and Mrs. Jerry Thomas and son of Garland spent two days last week visiting Mr. and Mrs. Doyce Smalley.

Mr. and Mrs. Gary Jones and daughter of Lubbock, spent the weekend with Mr. and Mrs. Ed Pollan and family.

Curtis Martin was a Matador visitor last Saturday.

Mary Phillips and Sharla of

Amarillo visited us Sunday afternoon.

Delbert Smith attended the State FFA convention in Fort Worth last week. About twenty five boys from our area attended this meeting.

Mr. and Mrs. Jerry Bourland of Abilene spent the weekend with her parents, Mr. and Mrs. Pete Hickerson.

Corkey Guffee is back after a week's vacation. A few days were spent at Sunray visiting relatives; however most of his time was spent farming.

Shorty Neff is back after his two-weeks vacation. He and his family spent a few days in Oklahoma and East Texas visiting relatives. A few days were spent in Colorado vacationing. They were accompanied on this trip by his sister and her husband, Mr. and Mrs. E. H. Guffee, of Plainview.

Mr. and Mrs. Red Gregory visited Six Flags Over Texas over the weekend. They were accompanied by her sister and her husband, Mr. and Mrs. O. C. Detenheim of Quanah.

Mr. and Mrs. Wiley Rogers spent several days recently in Red River, N. Mex., vacationing.

Mr. and Mrs. E. B. Chesnut were dinner guests Sunday in the home of Mr. and Mrs. C. B. Lyles.

Mrs. Ludie Stiles and her sister, Mrs. Smith, were visitors in the E. B. Chesnut home Sunday evening.

Buck Marricle and Jackie Duke visited two Westinghouse plants (transformer and meter) last week, at Athens, Ga., and Raleigh, N. C. It was very interesting as well as educational. A sort of newsletter printed and distributed around the plant had this to say:

"A posse of Texans from around Lubbock and Amarillo (all unarmed) pulled up at our front gate this morning to look over our spread. Podners, nothing could tickle us meter-making Rebels more than to share our bunkhouse and beans with you all. It ain't like your "Ponderosa" and Lone Star beef but it's the best there is outside of Texas. In fact, 'bout the only thing our State's got that Texas ain't the best dang meter making people in all out doors. Like we said, a Texas-type welcome Tarheel-style, to Messrs. Jackie Duke and Buck Marricle from the Lighthouse Electric Co-op." It went ahead to list the others in the area and to say further, "all of us here hope you all stay a spell."

# Jean Johnson Success School For Women

Self Improvement -- Refinishing Course

## Coming to Petersboro

### Floydada Invited To Join

Since 1954, Jean Johnson has been teaching courses for women in self improvement. She was trained by the National Directors and Vice President of Dale Carnegie Inc. from New York City. She is an instructor for the Dorothy Carnegie Course. She taught the first Dorothy Carnegie Course in Texas and furnished much material for this course. Jean Johnson attended Texas Technological College. Mrs. Johnson has been writing and doing research for her course for the past eight years. She has helped hundreds of women to gain more courage and self confidence through her training.

Mrs. Johnson is a graduate of every self improvement school, success school and lecture course through out the country. She had additional training to help women gain what they desire from this training. She is recognized as an authority in the world of self-confidence, fashion, beauty, gracefulness and charm.

Mr. and Mrs. Bob Johnson are the parents of two children, Debbie and Todd. They are the owners of the Johnson House Restaurant in Lubbock. They are now building a two-story Johnson House Restaurant, seating 350 people, also a 61 unit motel, 48th St. and Ave. Q, Lubbock, Texas. They invite you to visit the Johnson House Restaurant.

A survey was made to see why men and women are successful. The survey was made by Cornell Magazine and Andrew Carnegie Foundation. They spent \$100,000 and interviewed 10,000 people. They found that 38 per cent of our success in life depends on our ability to get along with others. Only 15 per cent depends on our technical knowledge of our job. In this training you will learn how to get along with others.

A University of New Mexico survey revealed startlingly that of four thousand office employees who were dismissed from their jobs, 89 per cent were fired because of unacceptable character and personality traits.

With more confidence, says one psychologist "Women are likely to be less anxious, therefore less hostile", and hostility is often a major handicap. Even the way a woman says something is important. Even "Good Morning" can sound like "Drop Dead". With such nebulous desires as "to be liked" as their goals, and sometimes, desperately in search of peace, confidence, and more money -- self improvement graduates include men, psychologists, school teachers, local business men, doctors and lawyers.

"We cooperate, we have first lesson in life not everyday -- Right."

"We only use our latest model."

"If a man is in his head -- it from him -- knowledge above divided."

This course is actually several courses in one. It includes:

1. Personality Development
  2. Walking, Sitting, Standing.
  3. Human Relations.
  4. Exercise and diet.
  5. Courage and self-confidence.
  6. Speaking in Public.
  7. Latest trends in use of make-up.
  8. Etiquette and social graces.
  9. Fashions for the individual. Learn your best style.
  10. Giving a book review-Reading.
  11. Modeling.
  12. Conversation improvement.
  13. Planning your goal in life.
  14. Become a more interesting woman.
  15. Beauty of soul-self appreciation.
  16. Introductions.
- Now the decision is yours. We invite you to join one of the most successful courses ever offered for women. In accepting this in-course you will ever have the opportunity you will find the amazing powers of charm and personality! I can sincerely say you will be ruddy within you. You will learn how to be practically overnight how to assert itself. This self-confidence. If we are not progressing we are degressing. We never stand still.
- This is not a charm course. It has all the essentials of making a woman beautiful physically as well as mentally.
- NOW IS THE TIME!  
JEAN JOHNSON
- Women have come to me and said, "I would like to take this training but I will never become a model." We teach modeling to help any woman become more graceful-even if she never models in her life. We learn to be more graceful and have better control of our body through modeling.
- On Thursday August 2nd, we will have our first class to begin at 7:00 to 10:00 p. m. and August 4th, on Saturday, 2:30 to 5:30 p. m. For your benefit all must be enrolled before class starts. Come earlier for enrollment.
- This course is specifically planned to help today's woman whether she is a wife, debater, or a young girl. After you enroll in our Success School self-improvement course for a week. You will learn by doing, hearing -- being -- barressed.
- You will be able to use your potential as a model. You will be amazed at how accomplished you will be with a new self feeling of confidence and sparkling personality. This Course your money back. Please Call Mrs. Frank Mrs. Gene for reservations.

## Travel Time Tips

There are 224 hours in a two-week vacation! And you can put each to use if you plan your time before vacation starts. Decisions on what routes to take, what side trips to make, car all be planned before the trip by careful attention to maps and brochures. Also, check your car before you start to avoid possible mechanical delays which are time consuming.

For any trip, keep one small overnight bag easily accessible, packed with pajamas, toilet articles and other basic essentials. You'll save time each evening and morning and gain additional hours for travel and sightseeing.

A Travel alarm clock can be your best friend on a vacation. The new compact Travelite by Weckler is only 1 inch high when closed. It slips easily into a suitcase pocket or glove compartment of your car. It can be set to signal times for activities, meals -- and will get you up bright and early each morning for a quick start -- the best time of day to cover many miles of highway safely.

# A&M Will College Time Work

STATION, Texas — An officer in the U. S. Merchant Marine, (2) become an ensign in the U. S. Naval Reserve (Inactive) if physically qualified, and (3) to earn a bachelor of science degree in marine engineering or marine transportation." Capt. Dodson pointed out.

The complete four-year course of study includes three summer training cruises in a maritime academy training ship to Europe, the Caribbean, and South America.

Major purpose of the Academy is to prepare deck and engineering officers for ocean-going vessels in the nation's merchant fleet.

Cadets completing the academic and training program and who pass licensing exams may qualify as a third-officer—a position commanding a starting salary of \$550-600 a month plus overtime and numerous allowances, Dodson said.

Few realize the importance of the huge maritime industry in the Gulf states or the leading role Texas port cities play in international trade. It ranks first among all states in tons of waterborne cargo, foreign and domestic, loaded or unloaded in its 13 modern seaports, Dodson pointed out. And, it runs a close second to New York state in the number of seagoing ships entering and leaving port.

For this reason, Texas Maritime Academy graduates have a definite place in both Gulf area and international trade.

### So. Plains News

## FROM COUNTY AGENT'S OFFICE

BY CECIL LEWIS  
County Agent  
Wheat Production

Soils in Floyd County vary considerably in the amount of nitrogen and phosphate available for plant use. A soil test together with cropping history, water supply, and anticipated yields gives the best information for proper fertilization.

Nitrogen is the key element in wheat production. However, in recent years where intensive farming with high irrigation and heavy nitrogen uses have been practiced, phosphorus has become deficient. The addition of phosphorus on research experimental stations and farm demonstrations have given good yields with nitrogen. About 60 lbs. of nitrogen is removed from the soil when 50 bushels of wheat is produced. Much more if the wheat is grazed.

To get the most for the dollar spent on phosphorus it is important that the material be placed preplant in the seedbed where it will be within reach of permanent roots. Unlike nitrogen, this highway they really did get good element moves very little from point of placement.

A soil test is an excellent tool for determining the amounts of fertilizer to use on a particular block of land.

### Cotton Insect Infestation

Bollworms were noted in one field in the Dougherty community this past week. However, the infestation was light. Many fields are running 25 per cent infestation of flea hoppers. Late planted fields should be checked closely for fleahoppers. The first

## Summer Is for Salads

Salads and summer go together—but this hearty salad is one you might want to serve year 'round. It's a Rice Salad, made especially good and nutritious with golden cubes of a pasteurized process cheese spread and crisp, chopped vegetables. And to heighten all these summer flavors, a lively, flavor-teasing, salad dressing is used. It's a salad you'll serve as a luncheon main dish with fresh-chilled fruits and hot rolls, or for dinner with broiled lamb chops, a green vegetable and your finest dessert.

### Rice Salad

- |   |                                      |
|---|--------------------------------------|
| 3 cups cooked rice  | 1/4 cup thinly sliced stuffed olives |
| 1/2 lb. Velveeta Pasteurized Process Cheese Spread, cubed | 1/4 cup finely chopped onion         |
| 1/4 cup chopped celery                                    | Dash of salt                         |
| 1/2 cup chopped green pepper                              | Dash of pepper                       |
| 1/4 cup chopped pimiento                                  | Miracle Whip Salad Dressing          |
|   | Bibb lettuce                         |

Combine rice, Velveeta, celery, green pepper, pimiento, olives, onion, seasonings and enough salad dressing to moisten; toss lightly. Serve in lettuce lined salad bowl.

## Harmony News

By Mrs. Mather Carr

HARMONY, July 23 — Harmony 4-H Club met Monday night. The meeting was called to order by the president, Ronnie Hopper. The 4-H pledge and motto was led by Don Ramsey. Ann Battey read the devotional. Songs were led by Donna Schulz.

After the business meeting an interesting program on compiling records was given by our leader, Mrs. Bob Hopper. Records are due in the Agent's office by August 1. We have a number of boys and girls planning to attend senior camp at Roaring Springs Thursday and Friday.

The host, Don Ramsey, served refreshments to Ronnie Tucker, Ann Battey, Phil Dumavant, Barbara, Donna, Monroe Schulz, Larry Scott, Ronnie Hopper, the host, Don Ramsey, Mrs. Zant Scott, Mrs. David Battey, Jr., Mrs. Carrick Snodgrass, Mrs. Sherwood Ramsey and the leaders, Mr. and Mrs. Bob Hopper.

Our hearts were made sad again at the passing of our longtime neighbor, I. C. Kirk. Mr. Kirk had lived here many, many years but had purchased a home in Slaton in June. Mr. Kirk entered the hospital in Slaton on Monday, July 9 the last time and passed away July 20. His wife moved to their new home Friday, July 13. Mr. Kirk never got to live in his new home. The family have our sympathy.

Mr. and Mrs. Bill Edwards and Jimmy returned home Monday from Mt. Whitney where they had been fishing. The Edwards did not catch a fish, said the lake was so hot. Suppose the fish went to the bottom where it was cool. Mr. Edwards met two of her sisters and two brothers at Mt. Whitney and they had a family reunion.

The 4-H Club had their last cooking lesson for the year Wednesday at the Club room. Mrs. Glenn Pool and Mrs. Carrick Snodgrass were the leaders. After the lesson Mrs. Pool and Mrs. Snodgrass surprised Larry Scott on his birthday with cake and ice cream. Larry received gifts from Donice and Anne Battey, Mrs. Bob Hopper, Joe and Donna Reid, Mrs. Snodgrass, Mrs. Pool and Donna Clevenger.

Mr. and Mrs. Dale Courtney and family, Lisa Scott, Debbie, Beverly and Robert, from South Dakota, were visitors Wednesday in the home of Mr. and Mrs. Glenn Pool. Mrs. Courtney is a niece of Mr. Pool.

Mr. and Mrs. Chloma Williams visited Saturday night in Floydada with Mr. and Mrs. Leon Williams.

Mr. and Mrs. George Oliver, Wanda and Bobby, from Albuquerque, N. Mex. spent Saturday night in the Cecil Stanton home. Wanda and Bobby remained in the Stanton home for some time.

The most of the community attended the funeral Sunday for I. C. Kirk in Petersburg at the Church of Christ. Burial was in Floydada.

Rev. Merriman preached both Sunday morning and night at the Chapel. Rev. Merriman announced that the Carr's Chapel revival would begin August 5 with the District Superintendent, Rev. Shurbert preaching. Everyone has a cordial invitation to attend these services that will last till August 12.

Mr. and Mrs. Charles Mather Carr, Lubbock, and Oliver Gross, from Bellview, Hale County attended services at the Chapel Sunday.

Mr. and Mrs. Marvin Smith and Judy, Mr. and Mrs. Horace Carr and Mrs. Mather Carr visited Sunday night after church with the Chloma Williams.

Mr. and Mrs. Billy McClennen and Patti, of Duncan, Okla., spent the weekend with Mr. and Mrs. Charlie Reid. The McClennens also visited Sunday with Mr. and Mrs. Everett Miller. The Millers had Sunday dinner with Mr. and Mrs. Charlie Reid.

Mr. and Mrs. Joe Smith and children, Amarillo and Mr. and Mrs. Marvin Smith and Judy were dinner guests Sunday of Mr. and Mrs. Buddy Smith, Petersburg.

Mr. and Mrs. Wesley Cobb, of Odessa, visited Sunday afternoon with Mr. and Mrs. Bill Edwards.

They spent Sunday night with Mr. and Mrs. Glenn Pool. They left Monday for Carlsbad, N. Mex. to visit with their son, Buddy and family.

Mr. and Mrs. Aubrey Bradford, Petersburg, visited with Mr. and Mrs. Wesley Carr Sunday evening.

Mr. and Mrs. Everett Miller visited with Harry Miller and Mrs. Miller Sunday.

Those visiting in the M. D. Ramsey home during the week were Mrs. Bill Finkner, Lubbock, Mr. and Mrs. Raymond Williams, Floydada, Mrs. Anne Carr, Lubbock, Mrs. Wesley Carr, the Marvin Smiths, Mrs. Joyce Davis and Jeanne, the Sherwood Ramseys and the Rev. Merrimans.

Mr. and Mrs. Allan Gross and girls visited Sunday evening with Mr. and Mrs. Fred Gross, Sand Hill.

Mr. and Mrs. James Hartline, Floydada, were supper guests Sunday night in the Allan Gross home.

Rev. Merrimans had Sunday dinner with the R. B. Garys.

The W. M. S. of the Baptist Church, Petersburg, met Monday with Mrs. Steve Trowbridge.

Mr. and Mrs. Carrick Snodgrass spent several days at Lake Stamford, guests of the Leo Sawyers, Floydada.

We have had about one-half

inch of moisture this Monday morning.

## EIGHT COUNTY GOSPEL SINGERS MEET AT DICKENS JULY 28 - 29

There will be an eight county gospel singing at the Methodist Church in Dickens, Texas, on Saturday, July 28, and Sunday, July 29. The Saturday session will start at 7:30 p. m. and on Sunday activities will get underway at 1:00 p. m.

An invitation to all lovers of gospel music has been extended by Charlie Eller, president of the association, who says come and bring some one with you.

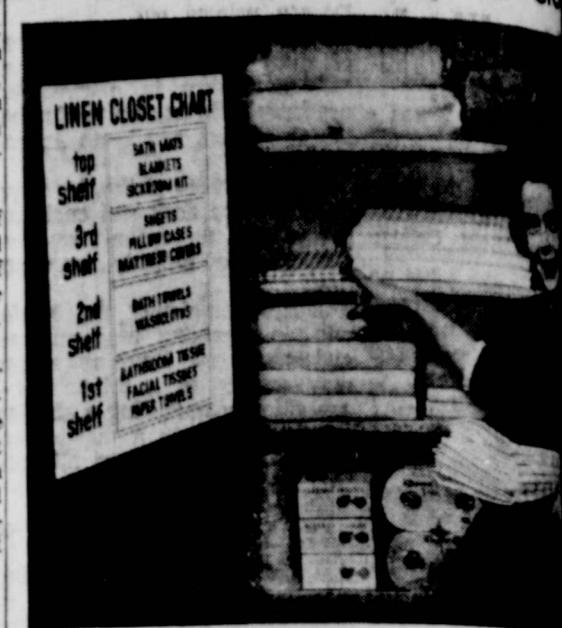

J. S. Walton, Lubbock, father of Mrs. Sammy Hale, has improved enough that he was able to return home from Methodist Hospital. Mr. Walton was in a critical condition for several days. He is to re-enter the hospital for surgery the latter part of August, Mrs. Hale said.

### YOUNG IDEAS from Polly Ponds

When a boy agrees to tote your gear, don't hand him a large assortment of small objects that will create a bulge in his pocket or force him to fish around whenever you want to repair your make-up. Avoid, too, giving him anything that might spill and ruin his jacket, like loose powder or perfume.

Limit your equipment to a tiny, slim "Date" case containing spill-proof pressed powders, an undersized comb, and a small-sized lipstick with a firmly attached cap.

He may not mind carrying these things for you once or twice, but if you make a habit of it, he won't be dating you for very long!

Floydada received additional rain yesterday morning and farmers are indicating "it's just what we needed". The spotted showers have missed some communities but farmers say they are not hurting from lack of moisture yet.

Up to mid-morning yesterday Floydada had received 87 hundredths with showers continuing. No report or strong winds have been reported from any of the thunderstorms which started in the city Monday. A good rain also fell Monday night with sprinkles on Tuesday.

Four communities near Floydada were put on the alert Tuesday when menacing clouds dropped a tornado funnel near Lockney. Lowell Bilbrey of that city, a Floyd County deputy sheriff, said he chased the tornado more than 30 minutes in his patrol car and alerted the communities in its path.

The funnel was noted shortly before 1 p. m. by Mrs. Kendall Cummings, 16 miles northeast of Lockney. She called Bilbrey who alerted South Plains, Silvertown,

Leading Floydada entry in the local Junior League has been VFW team coached by Bates McClung. Over the weekend the VFW boys were in second place just behind the Motley Eagles and with an outside chance of tying up the standings if they could manage two wins on Monday night. Pictured back row left to right are John DeLeon, Conley Bradford, Keith Teague, Garland Martin, Gary Campbell and McClung; Front row in same order are John Martinez, Sammy DeLeon, Randy Dyson, Robbie Becker, and Frankie Morales. Bob Goen a team member who was injured was absent when shot was made.

### JOE J. McENTIRE IS BACK FROM UNIVERSITY OF KENTUCKY

Joe J. McEntire, work unit conservationist, for the Soil Conservation Service of Floydada, has been attending the University of Kentucky this summer under a scholarship awarded by the W. K. Kellogg Foundation. The field of study was on Agricultural Adjustment and Public Policy as it concerns Southern Agriculture. The course started July 9 and was completed July 27. It was designed primarily for the agricultural workers who are in direct contact with the farmer.

JEAN JOHNSON

McEntire was one of twenty workers selected from the thirteen southern states to receive the scholarship from the Kellogg Foundation. He was nominated by his state Soil Conservation Service office and selected on a competitive basis by the University of Kentucky agriculture economics department staff.

Nominations from the County Extension Service, Soil Conservation Service, Agricultural Stabilization and Conservation Service, Production Credit Association, Vocational Agriculture teachers, Farmers Home Administration and the Federal Land Bank Association were made with the twenty who received the scholarships being selected from this list.

McEntire graduated from Texas A & M in 1950 and has worked for the Soil Conservation Service since 1951 at Fredericksburg and Kerrville before coming to Floydada in 1959. While he was attending the University of Kentucky this summer Lewis R. McCusick served as acting work unit conservationist for the local office.

### Johnson Success School Is Coming To Petersburg

Jean Johnson, of Lubbock, and well known to Petersburg people, is bringing her Success School For Women to Petersburg, beginning Thursday, August 2nd. She has an announcement in this weeks Hesperian read it. Jean and her husband, Bob Johnson, a former Petersburg citizen are now engaged in the restaurant business at Lubbock.

Right now Jean is mighty busy as a judge of Beauty Contests throughout the country. On July 27-29 she will go to Hobbs, N. M., as one of five judges in the Miss New Mexico pageant. She was also one of the judges in the Miss Lubbock contest held recently, and helped select top beauties at Texas Tech in 1960.

In the past, Mrs. Johnson has been winner of several honors in her own right. She was National

Colston said at the next meeting, which will also be a breakfast at 6:30 at Rogers, August 22. The organization would set their goal for the cotton in the district above the ground. He said the county and each worker would be given their duties. All more than three-fourths of a mile persons interested are encouraged to attend the breakfast back into the cloud to be seen no more by Bilbrey.

The funnel cloud formed near Silvertown, it was said, crossed Highway 207 and went between South Plains and Silvertown. At mid afternoon yesterday four reported resulting in no damages. One was at 11:30 a. m. northwest of Crosbyton near the canyon, two between 2 and 2:30 p. m., west and south of Crosbyton and the third north of Petersburg at about the same time.

### SAFER AND SANER

Families that have seat belts in their cars and use them will have a safer and saner Fourth of July holiday than families that don't. Seat belts work. The National Safety Council says they increase your chances of walking away from a traffic accident. If every one used them we could save at least 5,000 lives a year... reduce serious injuries by 1/2! There's still time to install seat belts in your car for the Fourth.

# Bollworm Infestation Is Costly

Since young bollworm larvae are hard to find, control measures should be started when 5 percent of the young fruits are injured regardless of the number of worms present, according to the report. Relatively low percentages of injured bolls, if sustained over a long period, may result in yield losses.

Bollworm attacks on cotton can be severe, especially if the worms are allowed to destroy the bolls. In many cases the worms may not completely destroy the boll by feeding but they allow rot organisms to enter the bolls which cause a lowering of the grade of seed cotton, per the report states.

To control the bollworm efficiently, insecticide applications must be started while the larvae are small.

For details on the results of the study on yield and quality losses at different levels of bollworm infestation write the Agricultural Information Office, College Station, Texas, and request a copy of Progress Report 2235.

# Telstar Model To Be At 1962 State Fair

A full size model of the Telstar satellite which was launched into orbit early in July will be a feature of the new Telephone Exhibit at the 1962 State Fair of Texas, Oct. 6-21, in Dallas. The Telstar, shown here undergoing tests, is 34 inches in diameter and has 72 flat faces or facets. The Telephone Exhibit, to be completely redesigned for the 1962 Fair, will occupy a prime exhibit area in the World Exhibits Building.

# Hi-Plains Highlights

**Ground Beautification at High Plains Research Foundation**  
HALFWAY, Texas — The grounds around the new office building, greenhouse and residence at the High Plains Research Foundation at Halfway have been beautified through the generosity of Nurseries in the area. Thirty-four different varieties of trees and shrubs have been presented. Some of the trees to complete the program will be available in the Fall after frost when they can be successfully moved.

A new feature of ground beautification will be a group of 15 plots of lawn grasses and clovers. The demonstration plots are 12 ft. 10 inches by 15 ft., each of which will have signs identifying the type of grass or clover planted. Aluminum dividers separate the plots. The one foot dividing strip will be treated to prevent spreading between plots. Paths through the plots make viewing of each variety easy.

The lawn grasses and clovers planted include common bermuda, African bermuda, Tifton bermuda, Texas turf grass No. 10, Kentucky blue grass, Merion Kentucky blue, English blue (fescue), Seaside bent, Highland bent, European blue (English rye), Buffalo, W. D. Clover, and Dicandia, U 3 bermuda and St. Augustine.

Gifts of shrubbery, trees and grasses have been presented to the Foundation by Lurie Hughes Nursery, Kress Nursery, Stark Nursery, Hi-Plains Nursery and Plainview Seed House of Plainview; Texas Tech, Simpsons Landscaping Service, Toms Tree Place, Vaughn's Plant and Tree Farm, Wolfes Nursery of Lubbock; and Kershner Nursery of Carlisle.

Dr. Earl H. Collier, Director of the Foundation, said "The gifts of these firms are appreciated, for it will make the Foundation headquarters more attractive to the thousands who visit us every year."

# Mrs. Brown Feted On 100th Birthday

Several persons from this area were in Lockney Sunday for the 100th birthday celebration honoring Mrs. Fannie Brown, mother of Mrs. Hugh Counts, in whose home the occasion took place. Mr. and Mrs. Counts along with the celebrity's two other daughters, Mrs. Susie Draper, San Antonio and Mrs. Dona Harper of Modesto, Calif. were all present for the open house.

Mrs. Brown was born July 22, 1862 in Marshall County, Miss. She was one of the thirteen sons and daughters of the Wiley E. Blounts. She was married to Garland Henry Brown at the age of 22, and mothered six children, five daughters and one son with only the three daughters now remaining. Her husband died in 1899. Eight years later she and her family moved to Lockney and settled on a farm one and one half miles northeast of the city.

Mrs. Brown has been a member of the Methodist Church 91 years. She gave up maintaining her own home at the age of 97 and since that time has resided with Mr. and Mrs. Counts. She has 17 grandchildren, 32 great grandchildren and 22 great great grandchildren.

# Sand Hill News

**By Mrs. James Jeffress**

SAND HILL, July 23 — The hot summer has finally gotten here and everyone has been hoping for a good general rain. Much of the feed has already been watered twice and just about everyone has started watering cotton. Some say we make better crops in dry years but it kinda makes you wonder. Any way a rain would make it cooler.

Jimmy and Timmy Jeffress were honored with a swimming party and hamburger supper last Saturday in Floydada. The R.A.'s enjoyed swimming then went to the park and met the rest of the party for a hamburger supper and ball game.

Those attending were Steve and Stan Pierce, Johnny and James McGuire, Kenny and David Bloys, Randy Miller, Terry Turner, Johnny Noel, David Parr, Kerry Miller.

Jack McIntosh, Floydada reared boy, who qualified in engineering at Texas A & M then went to the war along with most of the other men when war broke out, is in the printing business in Brownwood, being part owner of the West Texas Printing Co. of which he is manager.

Mr. and Mrs. Fred Zimmerman Jr., were hosts for a Jaycees Barbecue and installation of officers Tuesday night.

Time is not far distant when Southwestern Bell Telephone will be activating the first of their more than 600 rural telephones of the Floydada exchange. First will come the Dougherty line sometime early in August. Other new lines will follow as they are made ready by construction crews.

Sunday morning with east Lockney still hanging fire it seemed certain and no doubt that G. C. Tubbs and Tom W. Deen, both former county judges of Floyd County, will be squared off in the second primary on August 28 for the office. Tubbs is high man with 1014 votes to Deen's 814. Elected for sheriff is Leland Hart with out a run-off, winning over Whitaker and Adams.

Floyd County Cooperative hospital in Lockney Thursday had hundreds of visitors for its open house and dedication day.

# Club Sees 4-H Program

The Sand Hill Home Demonstration Club met Wednesday afternoon in the home of Mrs. James Jeffress with the president, Mrs. Lynn Miller, calling the meeting to order. Judy Bullock gave the devotional from Ecc. 12:1. The club voted to make a donation to the County 4-H Club fund. The Fair dates were announced for September 6, 7, and 8 and everyone was asked to be making plans to have several entries and help make a better fair. The Sand Hill Club and 4-H Club will combine their August picnic this year. It will be a weiner roast with each family bringing buns, weiners and marshmallows for their families.

The 4-H girls presented the program. Trudy Miller gave a five minute demonstration on "Treatment of Snake Bites". Those modeling their dresses were Judy Bullock, Trudy and Becky Miller, Janice Miller and Mary Starkey. Those giving demonstrations that were used in the favorite food plans were Ronnie Miller, Becky Miller, Beverly Pierce, Janet Watts and Judy Quisenberry.

Attending besides the 4-H members were Mrs. R. L. Bullock, Arlon Miller, Lynn Miller, Tom Pierce, Doris Quisenberry and Mrs. Red Watts. Visitors were Mevance Prudy and Randy and Tally Corden, of Ft. Worth. Refreshments were served to all present. The next meeting will be September 5 with Mrs. Bill Stringer as hostess.

Robbin and Kelly Becker have enjoyed several days at Lake Thomas. They made the trip with their grandparents, Mr. and Mrs. Pierce, of Lubbock.

Tally and Randy Corden, of Ft. Worth, have been visiting in the home of their aunt and uncle, Mr. and Mrs. Lynn Miller and family for the past several days.

Mr. and Mrs. James Jeffress and family and Norma Sue spent last Sunday in Silvertown visiting in the home of Mr. and Mrs. Shafe Weaver and family.

Mr. and Mrs. Kirk Slater and family visited in the home of Mr. and Mrs. Jerry Patterson and family Sunday night after church.

Plant Onions September 15 Says Marshall

(By L. A. Marshall)

For several years I have carried on an experiment garden in my back yard to secure information on vegetables that could help our farmers to make more money. I established the date to plant onion seed so the harvest could be about ten days ahead of onion plants set in spring. The date to plant onion seeds is September 15. Plant them four rows to the bed. They may be planted about four pounds to the acre for onions that will not require thinning, or they may be planted eight pounds or more if you wish to sell plants in the spring. If seed is planted earlier they are inclined to make too many seed stems, if planted later they do not get enough growth and sometime will freeze out in winter. It might be smart to plant something in the middle to help protect the plants in winter, like vetch or sudan. These will help in winter or for early winds in the spring.

An interesting experiment this year is called "ice box" tomatoes. This is a small tomato that freezes satisfactory. They may be frozen and kept a year or more or will keep under refrigeration for months. It is a potential money maker. It would be wonderful to have fresh tomatoes Christmas. I have found this tomato fairly satisfactory and better than anything so far. They could be marketed throughout the year. Tomatoes fresh are one of the costliest vegetables the wife buys out of season. Mr. and Mrs. Jerry Williams think this is one of the best things we have found so far. The seed is a dollar for 60 seed. I shall save some seed for free distribution next season.

Another money maker is the boysenberry. It grows here equal to California. I raised some one inch and a quarter long and one inch thick. It takes two years to the first harvest as the canes that produce the berry must be raised the year before. I found the canes must be protected in winter with cotton burs or they will winter kill and no berries the next year. I have a thornless boysenberry that is a very heavy producer. There are no thorns to hinder harvest.

Lettuce is sometimes a profitable crop here if you can arrange to have the crop harvested around November 10th for the Thanksgiving market. It is generally a good price. If you are going to raise any vegetable for commercial sale make arrangements with your market or broker at least one day of Mr. and Mrs. T. T. Ham-year before harvest. Give them a chance to arrange for the sales ahead of time.

Our farmers will never get very far financially in vegetable food market. Do their processing and freezing here at home. My experiments this year include Blakemore strawberries, an annual two everbearing strawberry and Streamliner and Ozark beauties; McDonald blackberry; youngberry, a dewberry and blackberry cross, an Austin dewberry, a thornless and thornily, boysenberry; Texas and California Jumbo garlic; broccoli and cauliflower; three tomatoes: ice box, jumbo and Oklahoma Orange, an anti-acid tomato. I also raised a jumbo water bill.

Textbooks are those which the State Textbook Committee is studying for the 1963-64 school year. Number must be sifted down to 82 by October. This approved list then will be turned to the State Board of Education.

Between September 1 and 15, the committee will hear any objections private citizens may have to the books. Last fall, there were plenty of protests.

Major complaint was that the objectors didn't know which books were being considered in time to examine them fully.

**STRONG VOICE SILENT** — When the Texas Railroad Commission held its monthly hearing to determine the August oil allowance, representatives from all the major companies and independent producers were heard, but the strong voice of Commissioner Gen. Ernest O. Thompson was missing.

As one oilman after the other went up to urge a low eight-day allowable, no member of the Railroad Commission challenged them. If "the General" had been there, he might have done so, but he was seriously ill in his home in Amarillo.

**PROPERTY TAX STILL LOW** — The State's Automatic Tax Board kept to the lowest legal minimum when it set the State ad valorem tax rate for next year at 42 cents on each \$100 valuation.

Tax boards have kept the State's property "tax take" down to the minimum for several years now. It was up to 77 cents per \$100 valuation before a 30-cent general revenue tax was abolished in 1951.

Coke and Tom Green counties and the Dallas County Flood Control District are the only exceptions to the "new rate." Rate is 30 cents in these three areas.

The 42-cent tax rate will provide 35 cents for free public school purposes; two cents for Confederate and Texas Ranger pensions and the State Building Commission fund; and five cents for the college building fund.

**Short Snorts**

While many other state departments were recommending increases in the biennial budgets, the General Land Office decided to ask for an \$82,000 cut. Commissioner Jerry Sadler said new electronic accounting equipment could get credit for the proposed cut.

Att. Gen. Will Wilson collected a \$185,873 judgement from the U. S. government to cover cost of re-routing 3.7 miles of F. M. Road 184 in Coryell County, which the federal government wanted to develop Fort Hood.

Members of the Texas Water Commission and the Water Development Boards have been conferring with the Governor's Water Conservation Committee to map out plans for conservation storage in the Constitutional Amendment on that subject passes in November.

**Young Men Are Needed For Law Enforcement**

An invitation has been issued state-wide by the Texas Department of Public Safety to any and all high calibre young men in the State who wish to compete for one of the 150 positions now available in State Law Enforcement. "The challenge of the rigorous qualifications for patrolmen in the four field services; Highway Patrol, License and Weight, Driver's License, and Motor Vehicle Inspection; is expected to attract many outstanding young men."

Major Harry Hutchison, Commander of Resion No. 5 of the Department of Public Safety, said today.

Assignment to one of the above services will be made on the basis of aptitude, interest and ability at the conclusion of a period of basic training, then specialized training in the assigned service will be given in the field and in the classroom after which a home station will be designated. Applicants must be between 21 and 35 years old, between 68 and 76 inches tall, weigh not less than 2 pounds or more than 3 pounds per inch of height, and be in sound physical condition. They must have a high school education or the equivalent and their record must be able to stand rigid examination as to character and citizenship. Selection procedures will include written and oral examinations.

"Any young man who wants to measure himself against these high standards is urged to pick up or write for the necessary forms from any D. P. S. Field Office throughout the state" Major Hutchison said. Formerly examinations were given only three times per year. They are now being administered monthly, the second Saturday of each month, at each of 17 centrally located examination centers throughout the State.

"In addition to offering a challenge which separates the men from the boys," Major Hutchison said, "the Department of Public Safety offers a rewarding career to men who want to follow law enforcement as a profession. There is always an opening and room for advancement for this type of men in the Department," he concluded.

The hundreds of thousands of Texas people served by rural electric cooperatives know they are in good hands.

Dependable, efficient electric service is the result of more than a quarter century of experience by these locally owned electric systems, built for the people by the people they serve.

The power lines that span the remote areas of the state are a standing tribute to the dedicated people who built these electric systems and who now own, operate and control them locally.

These people, your rural neighbors, are furnishing a dependable electric service today while building a brighter tomorrow.

**Young Men Are Needed For Law Enforcement**

An invitation has been issued state-wide by the Texas Department of Public Safety to any and all high calibre young men in the State who wish to compete for one of the 150 positions now available in State Law Enforcement. "The challenge of the rigorous qualifications for patrolmen in the four field services; Highway Patrol, License and Weight, Driver's License, and Motor Vehicle Inspection; is expected to attract many outstanding young men."

Major Harry Hutchison, Commander of Resion No. 5 of the Department of Public Safety, said today.

Assignment to one of the above services will be made on the basis of aptitude, interest and ability at the conclusion of a period of basic training, then specialized training in the assigned service will be given in the field and in the classroom after which a home station will be designated. Applicants must be between 21 and 35 years old, between 68 and 76 inches tall, weigh not less than 2 pounds or more than 3 pounds per inch of height, and be in sound physical condition. They must have a high school education or the equivalent and their record must be able to stand rigid examination as to character and citizenship. Selection procedures will include written and oral examinations.

"Any young man who wants to measure himself against these high standards is urged to pick up or write for the necessary forms from any D. P. S. Field Office throughout the state" Major Hutchison said. Formerly examinations were given only three times per year. They are now being administered monthly, the second Saturday of each month, at each of 17 centrally located examination centers throughout the State.

"In addition to offering a challenge which separates the men from the boys," Major Hutchison said, "the Department of Public Safety offers a rewarding career to men who want to follow law enforcement as a profession. **Air Conditioning experts agree... WATER cooling is BEST!**

Youngsters learn mighty early about the cooling effect of water when the weather's hot. And air conditioning engineers know that water cooling is far more efficient than air cooling. The reason is simple... 85° water can absorb more heat from your home than 100° air.

That's why ARKLA-SERVEL Sun Valley's CAS air conditioners are WATER cooled! Water cooling, plus Sun Valley's "no moving parts" principle, gives you two big advantages unavailable with other air conditioners. One, a Sun Valley gives you **CONSTANT EFFICIENCY**, while air cooled units lose as much as 15% efficiency. Two, Sun Valley operating **COSTS REMAIN CONSTANT**, while air cooled equipment operating costs rise as much as 23%.
