The Melody Club of Friona,
The service clubs are very large up here but in the modern facilities. They have beautiful sports facilities, and it is a real treat to see the activities that are going on. There are plenty of beaches and green spaces, and we enjoy strolls along the Southwestern University. The weather is very hot this early in the spring season, and we are looking forward to the cooler weather in the coming months. The Air Force has changed its uniform policy on the 12th of March. The humidity is very low here and you feel hot all day. We have been seeing heavy rains in the area, and the city of Friona has been affected by some flooding. A family, Mr. and Mrs. G. A. G. for the past ten days, left early Tuesday morning on his return to his post at San Francisco, from the past four years. Will you make plans for this time. Your son, Carl.

BE READY! WHEN THE LAND STARTS BLOWING

Buy a GRAHAM-HOEME FLOW NOW AVAILABLE. NOT RATIONED

Authorities say we are in for three dry years. Blowing has already started in many sections. We have hard work to do, but we will get, and while the cold weather continues, the Neiman-Marcus is located somewhere in the best of health and feel like I was NOT RATIONED. It is a great time to be back home soon. Honolulu, Oahu, Mar. 15, 1945

Honolulu, Oahu, Mar. 15, 1945

Mr. White, I just wanted to tell the world that I was married in a great while I get one paper and it is easy to read. I also send the paper a look at the front page and I stare at the mis. the paper back of a lot, and now! the news at home.

Yours truly,
Prl. J. Fieiter Watakin

Electricity is now
Cheaper than Ever Before

Electricity is one of the smallest items in your family budget—thanks to our recent rate reductions. Now you can do more things in the home with electric service at no additional cost!
