Estimates Cost Of Sewer System At Over $80,000

The City Council has voted to proceed with the sewer project as proposed by the Engineering Department. The cost of the sewer system is estimated to be over $80,000.

The sewer system will extend from the north end of the town to the south end. The project will include the construction of a sewage treatment plant and the installation of a network of sewers. The project is expected to be completed within the next year.

For more information, contact the City Engineer, Mr. John Jones, at the City Hall.

New Election Is Ordered to Settle Tie in Voting

In as much as the election results included a tie in the voting for certain positions, a new election is being ordered to settle the tie.

The positions in question are: City Councilman, City Marshal, and Justice of the Peace.

For more information, contact the City Clerk, Mr. John Smith, at City Hall.

FARM Security Loans Explained By Frank Seale, Parmer County Chief

By Frank Seale, Parmer County Chief

The Farmers Home Administration has changed its loan policy to help farmers improve their farms. Loans, which have been available only to farmers who are members of the Farmers Home Administration, are now being made available to farmers who are not members.

The loans are for the purchase of land, buildings, and equipment. The interest rate is 4%, and the maximum loan is $10,000.

For more information, contact the Farmers Home Administration, at the post office.

Wrenched Rails Show Tidal Wave Force

The rails that once ran alongside the Friona tracks had been undermined by the force of the tidal wave. The rails were pushed up and down, and the force of the tidal wave had caused the rails to bend and break.

For more information, contact the Friona City Council, at City Hall.

It occurs to me that there is
somehow a lawlessness in the
ways of some of the people.
I am not sure if this is due to
the fact that the people have
left the cities, or if it is just a
natural condition.
