## News of Our CHURCHES

### BAPTIST CHURCH

Sunday School, 10:00 A. M.  
Morning Worship, 11:00 A. M.  
T. U. 6:30 P. M.  
Evening Worship, 7:30 P. M.  
If the weather and everything else prevents, we will have Y. W. A. in the Educational Building at 7:30 P. M.

Both circles of the W. M. U. will meet at 2:30 Tuesday Jan. 22.

Brotherhood will meet in the Educational Building at 7:30 P. M. Tuesday.

Prayer Meeting, Wednesday, 7:30 P. M.

Let's make an effort to attend all these services.

Mrs. Johnny Mars, Reporter.

### CONGREGATIONAL

A fair attendance at Sunday school, following which Dr. H. H. Lindeman, of Oklahoma City, pastor at large for the District of the South-west, delivered to a fair sized congregation, a more than unusually effective and impressive sermon on the efficacy of the Gospel of Jesus Christ, showing it to be the only sure foundation upon which a lasting world-wide peace may be built. The sermon was highly complimented by his hearers.

In the evening the Annual Business Meeting of the Congregation listened to a most interesting talk by Rev. L. L. Hill, pastor of the local Methodist Church, in promoting a combination of the local Methodist and Congregational Churches. His arguments were interesting, and visualized a stronger body of able and determined leadership for the edification of more precious buildings and equipment, more and better music, more adequate teaching ability and the planning and executing of a church program with a greater reach of effectiveness. The combination may be defeated only by a failure of the two bodies to agree on the terms of the combination.

It being a principle of Congregational churches that each individual church or unit shall be governed by its own constitution, independent of all other units, and the local church never having adopted such a method, a constitution committee prepared and offers to the congregation a constitution, which was unanimously adopted, under the name of "Friona Union Congregational Church."

Regular services will be held next Sunday morning with Sunday school at 10:00 and worship services at 11:00 A. M. The speaker will have something of unusual interest for his hearers and a good attendance is hoped for.

### Charlie Joins March of Dimes

Charlie McCarthy is no dummy, according to nine-year-old Hannah Toomey of 335 East 55th Street, New York City. At least, he is right there when it comes to a good cause such as the March of Dimes Campaign, January 14-31. While Edgar Bergen looks on, Hannah shows Charlie one of the new dime cards for school children. A victim of infantile paralysis, Hannah was aided by the National Foundation for Infantile Paralysis and wants to see other unfortunate children have the same care.

### Earl Booth Is Candidate For County Sheriff

The Star is authorized to announce the candidacy of Earl Booth for Sheriff, Assessor and Collector, subject to the will of the voters in the forthcoming primary election.

Mr. Booth wishes to assure the people of Parmer County of his appreciation of their support in the past and heartily thanks everyone for their cooperation in the discharge of this office, and will appreciate any consideration shown him in the coming election.

Mr. Booth is better known to the people of the county than we are and therefore needs no introduction nor recommendation from us, and he asks none. And the fact that he has never been defeated as a candidate for any office he has ever asked for and has frequently had no opposition, is, in itself an outstanding evidence that his official services have been entirely satisfactory with the people.

### American Legion Holds Meeting On January 8 Here

The American Legion met January 8, with fifteen War II veterans and seven War I veterans present.

The Legion voted to have a social meeting on the fourth Tuesday of each month, with the Legion Auxiliary. The first Social Meeting will be held, Tuesday, January 22, and each Legionnaire and each Auxiliary member is cordially invited to attend. We will have a social time and enjoy the fellowship of one another.

The Legion now has 110 members and hopes to raise the membership to 150 within the near future. Come on, veterans, and sign up. We need you and you need us. See any of the following veterans if you wish to become a member: Frank Griffith, Foster Rector, O. F. Lange, at Rockwell Bros. and Co. lumber office; France Welch at Welch's Service Station, or Milton Blaylock or Ed White at Crawford's Store. First Vice-Com. Ed S. White.

The college's war dead includes: Samuel Otis Archer, Bonner Baker, James Royce Barron, Munroe Belknap, Elver Brown, Jimmie Carr, Alva Clary, Melvin D. Cleek, Ray Cox, Burton Culp, Glenn Davis, C. L. Drummond, Greer Estes, Forrest Faulkner, Billy Polk Hall, Donald Hawkins, Robert K. Hunt, Tom (Snooks) Jones, Frank L. Kelly, Duncan Kirkpatrick, Capt. W. E. Lockhart, Harold Lowe, Horace Morelock, Lucius G. Penick, Jay Pietzch, James Curtis Shepherd, Buck Smalley, Leon D. Smith, Kenneth Stewart, Mack Thomas, Drummond B. Thomas, Clark Ivan (Pat) Toombs, Victor Val Verde, Raymond R. Wagner, Billie Walker, Jim Edwards Webb, Judge Williams, Wilbur P. Wofford.

Mr. and Mrs. Dave Moseley of the Hub Community, received a letter last week from their son, Hugh Moseley, stating that he had arrived on the East Coast, and expected to be home within two weeks.

Hugh is serving with the Merchant Marine and has just returned from the Pacific.

## Information Please

by MISS LORA MAE McFARLAND

(to answer your questions about THE PARMER COUNTY COMMUNITY HOSPITAL)

The latest good hospital news is moisture in the form of snow and rain. Nothing could have boosted the spirits of members and non-members any more. Even bad weather brings a slight increase in membership to 479.

Due to the snow the Directors could not make the trip to Hale Center to the meeting of the community hospitals of the Panhandle, which was held Tuesday. Perhaps others were snow bound too.

A telephone call from Mr. Walker, the architect, gives us the information that they are working on a complete prospective of our hospital. Before long we will be able to get an idea of what it will look like.

Dr. Fred Richards and his wife were here Friday to investigate the possibilities of serving in this territory. They were interested in the work in our hospital. Dr. and Mrs. Bud Barnett accompanied them. Still there are no definite decisions about a doctor.

### TICKLERS

### Servicemen Are Entertained At Baptist Church

The First Baptist Church was host to the World War II men and women of this community Thursday evening Jan. 10, at the Educational Building with a turkey dinner.

Lee Euler acted as toastmaster. Mr. Wimberly, chairman of the Board of Deacons gave an inspiring and challenging welcome. Frank Truitt responded. During the dinner Vera Ann Jones entertained with piano and accordion numbers, and following the meal Forest Osborn led the group in some songs. Each one present introduced himself and told an incident if he cared to. Chaplain L. L. Hill made the main talk of the evening which was very interesting. Those present observed a few moments of silence in memory of those boys who did not return. "God Bless America" was sung in conclusion.

Those who attended were Frank Truitt, Lee Euler, Ralph Taylor, Doug Short, Aubrey Carlton, Edward Hall, Robert H. McFarland, Boots Deathridge, Curtis Murphree, Olen White, Butch Blalock, John Mars, Albert Davis, Guy Latta, Lloyd Brewer, John Blackburn, Harold Lillard, Ernest Osborn, Alva Pope, Gordon Shackelford, Glen Cruse, J. R. Coleman, Raymond Jasper, Carl Schlenker, Owen Seamond, Hershel Johnson, Chaplain L. L. Hill, Charles Holmes, R. L. Bates, Gene Southall, J. B. Crow, Charles Gray, Raymond Walker, T. A. Williams, William Allen, E. B. Crump, Lee Spring, Bill Flippin, John Silvertooth, Cecil Foster, Juan Eskew, Charles Allen, C. L. Vestal, Joe Schernick, Elwin Collier, W. B. Norwood and Mrs. Virginia Guyer Bayless, Mr. D. O. Robason, Mr. Easley, Mr. Geo. Messinger, Mr. Clyde Hays and Mr. Wimberly were the deacons present.

### He Was Snowed Out

Most people get "snowed in"—their homes when a snow storm comes. But Roy Lovett, who lives ten miles east of Friona, and was in town Monday afternoon, got "snowed out," in other words, he was not able to get back home. He wanted to get his windshield wipers fixed and by that time it was snowing so hard that they did not good and he was forced to remain in town all night. Mrs. Lovett is visiting down at Quanah and Roy's only chores are to milk two cows, so he was not badly put out by his delay.

D. C. and Joe Hub Collier, of Ringling, Okla., visited relatives and friends here recently. They are nephews of Mr. and Mrs. Dave Moseley and Joe B. Collier, of Friona community.

### Friona Gets 12-Inch Snow On Tuesday As Drought is Broken

The weather at Friona continued about as it had been for the past many weeks—dry and mild for winter—until Monday morning, which came in cloudy with a heavy mist setting in early in the morning, and changing to light showers of rain at intervals until about the middle of the afternoon, when the rain gradually changed to snow.

The snow continued falling lightly for an hour, sending down large wet flakes that melted as they fell until they began coming so rapidly that they could not melt fast enough and the ground and everything out of doors were soon covered with the loose, wet whiteness.

At about dark, the wind began blowing from the north-east and grew rapidly colder and snow fall became heavier, and lasted throughout Monday night and far up into the morning Tuesday, leaving drifts in many places three feet or more in depth, and an estimated depth of twelve inches on the level, of good firm snow.

Traffic on the highway and on the streets was suspended and cars could be seen in many places stuck in the drifts, and parked at many angles at the curbs, or standing, covered with snow in the middle of the streets. One long trailer truck was left standing diagonally across Sixth Street, loaded with 1000 cedar fence posts.

It is understood that neither the school buses nor the mail carriers ventured out. Postmaster Sloan Osburn was able to get to the post office a little before noon, having spent the morning trying to get his car out of a ditch.

The county highway workers got out a tractor and the big maintainer, early in the morning and soon had most of the streets cleared of the snow sufficiently to admit fairly easy traffic.

The sky cleared and the sun came out at noon and wind calmed, and by sundown a large portion of the snow had melted from the roofs of houses. The amount of moisture is estimated from an inch and a half to two inches greatly benefitting wheat and pasture land.

### Card of Thanks

We take this method of expressing to our many kind friends our sincere thanks and appreciation of the unstinted kindness and sympathy, in deed and words extended to us during the death and burial of our beloved mother and grandmother. We especially include in our expression of appreciation the many beautiful floral offerings and the bountiful gifts of food that were brought to us.

The Weir family. Mrs. Carrie Lillard and family.

### Visiting in Oklahoma

Mr. and Mrs. John W. Remer and small son, Gray Lou, left last week to spend a few days visiting Mrs. Renner's parents, Mr. and Mrs. A. E. Baize, of Apache, Oklahoma.

### Blanton Butane Co. To Open Business In Friona Soon

Blanton Butane Gas Company has announced plans to open its new office in Friona just as soon as space is available.

The company will serve Friona and Bovina territories from the local office.

### District Court This Week

The January term of District Court convened at the court house at Farwell, Monday morning, with a rather short docket for its consideration.

Of the eighteen cases on the docket as shown in last week's issue of the Star, eight of them are divorce cases; nine are T. T. A. cases and one damage suit.

The grand jury is also in session and its findings may produce some criminal cases.

Frank and Jim Griffith and Mrs. Foster Rector received a telegram the first of the week, telling them of the death of their grandfather, who died at his home in Illinois at that time. They planned to drive through to attend the funeral, but the snow storm prevented them.

Dave Moseley has been confined to his home for the past ten days suffering from an attack of the flu.

### Hermann, You're Looking Thin

Hermann Goering's girth nowadays just goes to show what losing a war will do to a man. At left he's shown arriving at the Nuernberg courtroom where he is standing trial with other high Nazis for war crimes. Note the looseness of his unfiled-out uniform. At right hefty Hermann is shown in a picture taken in 1938, when "today, Germany" was a reality and "tomorrow, the world" was a fixed aim in the plans of the Nazis to run things.

GREEK women in patched rags wait in line as clothing collected in America's nation-wide spring drive is distributed in their land. Seven million other bombed-out Greeks with no clothing, shoes or bedding face the bitter winter living in frail lean-tos. Give all your spare clothing to the Victory Clothing Collection for overseas relief, January 7-31.

## Cox Warns Against Pneumonia Danger

AUSTIN, Jan. 15—According to Dr. Geo. W. Cox, State Health Officer, pneumonia caused over 1,934 deaths during the first ten months of the past year in Texas, a reduction over the previous year but still too high. It is more prevalent during the winter and spring months.

Pneumonia is usually caused by a germ called the pneumococcus, which many of us have lurking in our throats ready to start trouble when our resistance to it is lowered. We can keep up our resistance by avoiding undue fatigue and avoiding unnecessary exposure to extreme weather conditions. When we go out into the cold, additional wraps should be worn, sufficient to protect us. Keeping the temperature of our homes as low as is consistent with comfort will greatly lessen the difficulties encountered in adjusting ourselves to the cold when we go out.

## Baby's First Step

son the difficulties encountered in adjusting ourselves to the cold when we go out.

Another method of prevention in pneumonia is not to neglect a cold, for the common cold often results in pneumonia when neglected. A person with a severe cold should stay at home, and call his physician for advice if temperature persists or the cold lingers on. He should follow his physician's advice until the cold has disappeared.

## COGITATIONS and APHORISMS of Jodok

It has formerly been my custom to state that I know nothing except what I read in the papers and magazines, or hear from the radio, but I feel, that to be perfectly truthful, I must curtail that expression and omit the radio.

Yes, I have a radio at home, and when I am there and sit down to read or write, it is within reach of my left hand, I almost never turn it on, and when I do I seldom hear anything that is worth remembering or that adds anything to my incomprehensibly small store of Knowledge.

Why? Because, as to humor and wit, I receive a small pamphlet from Rockwell Bros. and Co. here at Friona called "The Builder," another from the Kerr Paper Company at Amarillo called "This Week," and another from the Gilbert Paper Company, called the "Gilcraft-er," and there is a column in my home-town paper, the "Herald-Tribune," of Chester, Illinois, entitled "Upper Crust," and they have some of the best wit and humor, that I have been able to find anywhere, and it is all pure and clean, and these beat the radio humor from big "A" to little "z".

I can hear some "rip-roaring" sermons on Sunday mornings, while I am trying to brush out the "Lodge" a little, but I find that these sermons are very much inclined to make of me a worse atheist than I already be. Anyway, I can go to any church in Friona and hear a much more sincere and sensible sermon than those radio sermons be. And I suppose I should go to church. And as for the radio commentators and news projectors, they rattle their stuff off so rapidly that I am unable to retain much of it. Anyway, they mostly come on the air when I MUST be out on the street corner, if I am to see and hear all that said and done there. Or, after I have gone to bed or before I arise in the morning.

Now, I do not intend this as a disparagement or denunciation of the radio, but they just do not fit in too well with my modes of life or my way of thinking. On the other hand, at five, ten or fifteen minute intervals during the day or in the evening, while I am alone at the "Lodge", I can read after such men as Peter Molyneux, in his "Southern Weekly," or Westbrook Pegler and Drew Pearson, in the "Amarillo Times," or Clyde Warwick in his "Canyon News," or Upton Close and R. C. Hollies in the Clovis "Evening News-Journal, in their column, "Close Up" and "Common Ground," or Wes Izzard's editorials in the "Amarillo Daily News." And by these short intervals of reading, I find that I can keep myself better post-

ed on the events of our nation and the world at large, than by listening to the radio.

Then, there is still another means of gathering information, and that is by listening instead of talking while others are speaking. I find myself practicing that art and learning it a little at a time. I even occasionally get some information by listening to George McLean and John Silvertooth, and I know that neither of them intend to impart any information while speaking to me.

But, as a further evidence of the value of this art, (Believe it or not,) I attended Sunday School a few weeks ago and sat in with the "Adult" class, and was mentally delighted when a young lady, a college student, voiced her opinions on some of the topics of the Sunday school lesson. The question expounded by the teacher or leader was something like this: "What will be the best plan or means of bringing about a permanent and satisfying world-wide peace?"

To this, an old white-haired man, sitting beside me, answered: "The organization of a world government." At this the young lady, sitting just behind us, ejaculated—"World Government, Pooh!" And at this the elderly gentleman inwardly chuckled, for that was just what he wanted to hear. Then the young lady went on to explain her attitude on such matters. I cannot quote her exact words, but as I understood them, she said that a lasting and satisfying world peace can come only through individual concept, and that each individual, or an overwhelming majority of the individuals throughout the world, must accept and truly practice the teachings of "The Golden Rule" as stated by Jesus the Christ, and the strict adherence to and practice of the teaching in His "Sermon On the Mount."

That is putting it in a few words, and "them's my sentiments, to the "scratch of a gnat's heel." Another encouraging feature of that young lady's remarks, is the fact that I personally know this lady and am aware, through talking with her, that the above expressed sentiments represent her profound belief and mental attitude concerning such matters. Another

encouraging feature of the whole matter is the fact, that, for one of her years, she has done quite a lot of traveling over the country, and a large portion of it has been in attending religious and patriotic conferences of young people from all parts of the country, and her attitude has undoubtedly been broadened and strengthened by her contact with some of the most fertile young minds of our land.

And, one more thought along this line, and that is—say what you please in the criticism of the common Sunday school—that it is my firm conviction that she gathered many of the incentives for her present line of thinking, from what she has learned from her regular attendance at Sunday school, Sunday after Sunday, throughout her past life. So—

Don't give way to foolish sorrow. Let this keep us in good cheer; Brighter days may come tomorrow. If we try and persevere. —Author unknown

## Long Distance Phone Service Returns As Strike Ends Monday

Long distance telephone lines are available to local users after a four-day tie-up which began last Friday.

All long distance calls through the Amarillo exchange were halted last week when striking installation workers of the Southwestern Bell telephone company began picketing the offices in that city. Telephone operators, refusing to cross the picket lines of the union, quit work.

The strike ended Monday afternoon when the picketing workers laid down their placards and left the company's sidewalks. Long distance service was resumed almost immediately.

**Mrs. V. C. Weir Dies at Friona On January 2nd**

Mrs. V. C. Weir, 85, pioneer citizen of Friona, died at her home there on Wednesday night, January 2. Her death followed a period of several weeks of ill health during which time she was twice in a nursing home at Hereford.

Funeral services were conducted at 2:30 p. m. on January 5 at the Church of Christ in Friona. Minister Cummings of Pampa conducted the services. Interment was under direction of Black Funeral Home.

Mrs. Weir was the mother of Glenn Weir of Hereford.

Mrs. Weir was born in Constance, Kentucky, on June 26, 1860. She was married to Virgil C. Weir, on January 13, 1884. Her husband died two years ago.

Mr. and Mrs. Weir moved to the Texas Panhandle in 1910, and settled on a ranch northeast of Friona, where they lived for several years before moving to Friona.

Surviving are five children, Virgil E. Weir of Ludlow, Kentucky; Holten D. Weir of Chillicothe, Ohio; J. G. Weir of Hereford; Marshall S. Weir and Carrie Allene Weir Lillard of Friona; twelve grandchildren, and nine great-grandchildren.

**Survey Shows Milk Profits Are Low**

Sometimes figures are the most fascinating of facts, and the figures behind the quart of milk on your doorstep are always interesting.

In a nation-wide survey by the Indiana University Bureau of Business Research, the story of a great industry is told in statistics.

For every quart of milk, the profit of the distributor is less than one-third of one cent.

The cost of raw milk delivered to the plant, including wages and the salaries of employees, amounts to nearly 82 cents of each sales dollar.

Plant and office expenditures, plus delivery and services, take 7.28 cents of each dollar of sales, and 5.96 cents go into taxes, insurance and depreciation. Added together, the operating costs per dollar reach 98.02 cents, leaving an operating profit of 1.98 cents. The Indiana University report is based on data furnished by 244 milk distributors throughout the country.

When you buy milk, it certainly looks as if you get your money's worth.

Ever notice how we compare people with animals? We say they are meek as a lamb, sly as a fox, fleet as a deer, gentle as a dog, sound as a hound's tooth, strong as an ox, savage as a lion, graceful as a fawn, dirty as a pig, awkward as a newborn colt, and stubborn as a mule.

**Health Department Warns of Danger In Eating Rabbit**

Austin, Texas, Jan. 9. During the winter months hunting rabbits is a popular sport and a wild rabbit makes a very fine food, but according to the State Health Department, extreme care should be used in the handling of wild rabbits to prevent a possible infection with tularemia.

"Those little cottontail rabbits are not always as harmless as they look," states Dr. W. Cox, State Health Officer, "for some of them are infected with tularemia. This serious disease which is also known as rabbit fever usually is acquired by human beings through contact with infected rabbits or through contact with the infected insect that spreads it from animal to animal."

Dr. Cox cautioned that hunters should shoot only the rabbits that run away at his approach. A rabbit without the energy to scamper away from the hunter is likely to be a sick one that can transmit tularemia.

"It is necessary to handle uncooked rabbit meat cautiously," Dr. Cox said. "The use of rubber gloves will protect your hands since the germs may enter the

**Former Hereford Residist Dies**

Fred Curtis, 73, of Cashmere, Washington, formerly a resident of Hereford, died suddenly Wednesday morning, January 9, of a heart attack at his home in Cashmere. Funeral services were held there last Monday. Born in Iowa in 1872, Mr. Curtis grew to manhood in that state and later moved to Texas. He was married to Flora Shuette in 1918. Mr. and Mrs. Curtis moved to Washington in 1929. Surviving are his wife and three sons, Leverett of the U. S. Marine Corps, Carl of the U. S. Navy, and William, recently discharged from the army.

Harry Orchard, 80-year-old life term convict at Idaho State Penitentiary who has served 40 years for confessed murders of 26 men, reads his Bible every day to atone for his crimes. He's read the Bible 40 times—once a year—so far. He says he's ready to die.

### Men in Enlisted Reserve Corps May Retain Regular Army Grade

The West Texas US Army Recruiting Service with enlistment stations in Amarillo, Abilene, Lubbock, Big Spring and San Angelo, Texas, today received a War Department communication by telegraph which is of vital concern to men who have been released from the Army, and who are now on inactive status in the Enlisted Reserve Corps, particularly those who have been discharged more than twenty (20) days, thus being ineligible for retention of the grade held upon discharge if they desire to reenlist in the Regular Army.

According to the telegram received, all members of the Enlisted Reserve Corps on inactive status who request enlistment in the Regular Army on or before 31 January 1946, may be administratively discharged from the Enlisted Reserve Corps and enlisted in the Regular Army in the grade held in the Reserve Corps.

The telegram further stated that "members of the Enlisted Reserve Corps on an inactive status, who request enlistment in the Regular Army on or after February 1946, will be administratively discharged from the Enlisted Reserve Corps and enlisted in the Regular Army in the grade of private; except, that such individuals may be enlisted in the Regular Army in such higher grades as may be authorized by War Department instructions in effect at the time of enlistment in the Regular Army for persons who are not members of the Enlisted Reserve Corps."

Summed up, this means that

men now in the Enlisted Reserve Corps who wish to avail themselves of family allotments, and the twenty year retirement benefits have until the 31 January 1946 to reenlist and also retain their rank held at time of discharge. Those men who have been in the enlisted reserve on an inactive status for less than 90 days and who receive a discharge from the Enlisted Reserve Corps and reenlist in the Regular Army within the 90-day period are also eligible to receive the reenlistment allowance of \$50 a year for each previous year of service on their last AUS or RA enlistment prior to their recent discharge.

For further information and necessary forms, all veterans interested are urged to contact the nearest United States Army Recruiting Station.

Recruiting stations are also located in Dalhart, Pampa, Borger, Wellington, Childress, Plainview, Lamesa, Odessa, Sweetwater, and Ballinger, Texas.

### Price Control Will Be Trump Card for Texas Farmers

**COLLEGE STATION**—Price Control in 1946 will be a trump card for Texas farmers and their families. Control holds stable the prices on things they need and must have for efficient production and better living in the home.

On things farmers buy, says Tyrus R. Timm, economist in farm management for the A.

### "One Swallow Does Not Make A Summer"

No! And a MILLION of them would not make a summer here TO-DAY. But, This steadily falling snow will HELP to make a

### SANTA FE GRAIN COMPANY

Buyers and Sellers of Grain and Seeds

and M. College Extension Service, inflationary pressures are vastly greater than on the things farmers sell. Compared to farm prices it seems that without controls prices of things farmers buy, including building materials, hardware supplies, trucks, refrigerators and clothing would go up faster and higher, and stay up longer.

Accordingly, he adds, the least their government can do is to maintain an adequate price control program until supplies of basic things which farm families need come into balance with demand.

Tim points out that after V. J. day in August most of the nations farm leaders thought that prices of many farm commodities likely would settle below ceilings by this time. Instead, farm prices today generally are at or near ceilings for most of the important commodities.

"Even though price controls are bothersome and in some instances prevent further rise in prices which would occur for at least a brief period in the absence of controls," Timm continues, "perhaps farmers and ranchmen welcome this opportunity to sell today at or near government ceilings rather than at the expected 'at or near' government support."

Texas farm families worked hard and long to win the war and save their money so they could buy many things they needed. One reason their profits showed pretty high during wartime, Timm explains, was that farmers were unable to buy many things they desired. He believes that they are entitled to protection by the government of the value of their savings as well as the value of the current dollars they are receiving for their crops and livestock so they will be able to buy on the same basis as other consumers their fair share of scarce commodities.

Medal and the Bronze Arrowhead.

### Four Bowl Teams on Texas Tech 1946 Football Schedule

Lubbock, Texas—Four teams which participated in New Year's bowl games again will be featured opponents of the Texas Tech Red Raiders on the 1946 football schedule, Morley Jennings, director of athletics at Tech, announced.

Jennings said the Oklahoma Aggies, winners in the 1946 Sugar Bowl; New Mexico university, winners in the Sun Bowl; and Denver university, Sun Bowl loser, will invade Tech, while Tulsa, loser in the Oil Bowl, will be met in Tulsa.

Also on the 1946 schedule are four Southwest conference teams, SMU, Rice, Baylor and Texas A & M.

The Red Raiders next fall are expected to present a much stronger front, with many former lettermen back from the armed forces, numerous other ex-servicemen who have not competed in college athletics, and many high school stars of 1945 on hand to bolster the squad.

The 1946 schedule announced by Jennings includes: Sept. 21—West Texas State at Lubbock. Sept. 28—Texas Aggies at San Antonio. Oct. 5—Southern Methodist at Dallas. Oct. 12—Tulsa at Tulsa. Oct. 19—Baylor at Lubbock. Oct. 26—Denver at Lubbock. Nov. 2—Rice at Houston. Nov. 9—New Mexico at Lubbock. Nov. 16—Oklahoma Aggies at
