Some Firms Plan Labor Day Closing

A Hesperian check with downtown Floydada merchants this week revealed that some were closing, some would be open, and some didn't know what they would do Monday (Labor Day).

The September 4 holiday is one of those officially recommended by the retail trades committee of the Floydada Chamber of Commerce.

Downtown businesses which will close include City Auto, Kirk & Sons Hardware, Sears Catalog Store, Solomon Jewelry, Parker Furniture, Thompson Pharmacy, Arwine Drug, Caprock Motor Parts, Daniel Automotive, White Auto, Builders Mart, Higginbotham-Bartlett, and the Hesperian.

Beall's Department Store, Hale's, Perry Brothers, Martin & Company, and most grocery stores will remain open. Two auto dealers, Oden Chevrolet and Reed Ford, will be open Monday.

The bank, government offices and utility offices will observe the holiday closing.

Floyd County Men Attend Textile Industry Seminar

Floydada Chamber of Commerce manager Bill Flynt, Lighthouse Electric member service advisor Anthony Whitfill, Lockney mayor Claude Brown, and Gene Ehler, president of the Lockney Chamber of Commerce, attended a textile industry seminar in Sweetwater last Thursday.

The seminar, entitled "How To Get A Textile Industry In Your Town," was sponsored by the West Texas Chamber of Commerce, the Texas Industrial Commission, the Texas Industrial Development Council, and the Sweetwater Chamber of Commerce.

The basic text of the seminar dealt with the Lockwood-Greene Report, a study of the textile industry's development potential in the state of Texas. The report was commissioned by the Texas Industrial Development Commission.

Discussion topics at the oneday seminar were: introduction and history of the textile industry; potential for the textile industry in West Texas;

selling my town to the textile industry; how to present my town to the textile industry; and "What is my town willing to

Mr. and Mrs. Ernest West.... (Staff Photo)

Mr. and Mrs. Ernest West have accepted the call as pastor of the City Park Church of Christ in Floydada. West will fill the vacancy left by Steve Bracken, former minister, who with his family is now residing near Dallas.

Ernest and Syble West are parents of one son, Larry, who is also a Church of Christ minister in West Monroe, La. They have one grandchild.

A graduate of Freed-Hardeman Junior College, the new minister and his wife are both graduates of Abilene Christian College. They move to Floy-dada from Odessa where he ministered the church there for 12 years. He was in Lubbock four years where he and his wife were also owners and operators of a school and church supply office. West has been in the minis-

try for 30 years in churches in West Texas and Eastern New Mexico including towns of Levelland, Tahoka, Odessa, Lubbock, Clovis and Roswell.

He and his wife encourage members of the church and visitors as well to attend services each Sunday morning and evening and Bible Study and prayer services each Wednesday evening.

Lions Hear Coaches

At the regular meeting of the Lockney Lions Club on Thursday, August 24, Melvin Cooper presided over the program. The coaching staff consisting of Head Coach Jerry Cannon, and assistants Bill Calvert, Alton Fields, and James Poole, gave a summary on the positions they are in charge of, and talked about the "Big Red" prospects for 1972.

Lions Boss Dan Teuton, discussed the profits from the broom sale. The broom sale for the second year was a success. Also Teuton announced that the District Governor, Horace McMurtry, will be present at the meeting today (Thursday, August 31).

The "Big Red" will tangle with Petersburg following the Junior Varsity game.

Petersburg, who lost a trip to the playoffs last year by a coin toss, are primed and ready for this Fall. The Buffaloes are loaded with experienced linemen. Twelvelettermen return for Coach Ronnie Reeger this season. Among those coming back are five-offensive, and four defensive starters. The Buffs won 8 and lost 2 in '71.

Coach Reeger feels his club could go a long way if the backfield jells. Jim Young returns at quarterback as a senior, along with fullback Rich Rendon. The other backs are inexperienced.

Petersburg opens its season on the road next Friday in Abernathy.

Against Kress last Friday night, the Longhorns moved the football very well. On their first possession, the "Big Red" moved from their 30yard line only to lose the ball on a fumble. On their second possession the Horns scored on a 65-yard pass from Larry Cunyus to Willie Phillips on the third play from scrimmage.

The Horns showed good power moving up the middle with fine blocking by Sam Fortenberry, Barton Cooper, Ricky Gross, Joe Rodriguez, and Albert Ochoa, John Clark, Robert Delgado, Paul Moore and Dart Carthel showed fine running ability at the running back posts,

Longhorns, Petersburg Scrimmage In Lockney Friday Nigh In summary, the Horns looked good in moving the ball up and down the field, and the defense did an excellent job of

containing Kress. A few weaknesses were sighted but the Horns are busy this week making corrections.

In the Junior Varsity scrimmage, the Horns met the Valley High School Varsity. Valley High School is the new name for the consolidated schools of Quitaque and Turkey. Each team managed to push across three touchdowns in that one.

Zach Cummings, quarterback for the Junior Varsity, showed good confidence and determination. Fullbacks Reuben Guerrero and James Smith, along with halfbacks Armando Gonzales and Ed Rodriguez did a fine job as well. Roland Hayes, Paul Cooper, Scott Stansell, Archie Jones, and Mark Griffith did fine jobs of blocking for the Junior Varsity Horns.

The Freshman scrimmage between Lockney and Kress was fairly close all the way. Lockney scored one touchdown, while Kress was unable to score.

The Lockney touchdown came on a 28 yard pass from Bernie Ford to Charles Sterling. Also doing a fine job for Lockney was Chris Johnston.

The Longhorns coaches were real pleased with the efforts of the "Big Red" on Friday with Kress. Head Coach Jerry Cannon said "some phases of our game were a little weak, but it is early in the year, and time for improvement is still on our side,"

This Friday night the "Big Red" Junior Varsity will take on Valley High again beginning at 5 p.m. The freshman and varsity scrimmage will follow that one. The Big Red will open their

season at home next Friday night at 8 p.m. entertaining Coach Bobby Davis and the Post Antelopes.

First Christian Church Is Setting For Miss

Nancy Nichols, Gary Campbell Wedding

The First Christian Church in Floydada was the setting Saturday afternoon, August 26 for the 4 o'clock wedding of Miss Nancy Carole Nichols and Gary David Campbell, Performing the double ring ceremony was the pastor of the church, Rev. Dwayne Grimes,

Parents of the bride are Mr. and Mrs. James L. Nichols and the bridegroom is the son of Mr. and Mrs. David L. Campbell. Both families reside in

Given in marriage by herfather, the bride wore a flocked voile dress with multicolored pastels of yellow, apricot and pink print. The dress was fashioned with an empire waist, low cut neckline and short double tiered bell sleeves. She wore sprigs of Baby's Breath in her hair and carried a bouquet of yellowand white daisies with a halo of Baby's Breath, For something borrowed, the bride wore a diamond pendant belonging to her mother, and sewn in her blue garter made by her mother, was a German Pfenning, given the bride from

Biloxi, Miss., sister of the bride, was matron of honor and Mrs. Larry Hunter of Lubbock, cousin of the groom, was bridesmatron. They wore ensembles styled like the bride's with the matron of honor wearing pink with print pastels in blue and green and the bridesmatron wore blue, with matching pink print and green, Both carried single yellowrosebuds and wore chokers of velvet with rosettes matching their dress-

Gale Campbell of Lubbock, brother of the groom, was best man, and Greg Campbell, Floydada, also a brother, was groomsman.

Sharron Huggins was organist. Tommy Weathersbee of Lubbock sang "My Sweet Lady" and Coleta Pulley of Lubbock sang "Follow Me." They accompanied themselves on the guitar.

Mrs. Jimmy Nichols, sisterin-law of the bride, registered

At the reception which followed, Mrs. Art Reinfro and Miss Coleta Pulley, both of Lubbock, and Mrs. Don Wason of Plainview, aunt of the groom, served.

The table was centered with the bridal cake made by Mrs. Don Wason, It was decorated in pale yellow with white cornelli lace work, yellow daisies with the base in the shape of a four leaf clover. Between the three tiers were small white doves which carried out the theme of the top ornament which was selected by the bride and groom,

For traveling to Ruidoso, the bride changed to a yellow popcorn knit hot pants suit with a white wrap around skirt. Upon returning the couple will reside at 716 E. 13th St., in Littlefield.

Both the bride and groom are graduates of Floydada High School, Mrs. Campbell is employed by Citizens National Bank in Lubbock. The bridegroom received a B.S. degree in mechanical engineering from Texas Tech, and has been granted a teacher's assistantship at Tech and will be working on his master's degree in

mechanical engineering.

WHILE on the subject of Buicks and City Auto, Shorty and Louise Turner emplaned this morning from Lubbock to Dallas, then to Kansas City where they will join other Buick personnel for a trip to Greece. This is another trip won by City Auto. Louise and Shorty are looking forward to being in Athens, romantic Vienna and Danube for a couple of weeks.

IT'S good to have the bright sunshiny days again which should dry out the cotton in a hurry. I know the farmers will be happy and when they are happy everyone seems to smile. One remarked during the rain that he really had a "gully washer" at his place, said the bed of his pickup was full of water, then to stretch the talea little farther, he said "the tailgate was down too."

Wedding Vows Unite Jean Zinch And William Aston

Miss Jean Carol (Jeannie) Zinck, daughter of Mr. and Mrs. James H. Zinck of 206 Mulberry St. in Luling, became the bride of William Raymond Aston, son of Mr. and Mrs. Ray Aston of Rt. M in Lockney in a double ring ceremony August 15 in St. John's Catholic Church in Luling, Texas, with the Rev. Peter DeBoer officiating.

The pew markers were flowers of white mums, gypsaphelia and ivy with white ribbon streamers. The main altar was a fan arrangement of white gladiolas, white mums and gypsaphelia on pedestals. Beside the main altar were two triangular arrangements of white mums and greenery.

Organist for the wedding was Mrs. Susan Allen.

Maid of honor was Miss Denise Fitch and senior bridesmaids were Miss Patty Berchelman and Mrs. Linda Allen. Junior bridesmaids were Misses Julie Zinck, sister of the bride, and Susan Steely. The attendants' dresses were floor-length yellow organdy with scoop necklines and short puff sleeves and long yellow sashes, Senior bridesmaids wore white wide-brim straw hats and the maid of honor wore a gold straw hat. They carried bouquets of white wicker baskets filled with pink and yellow snowflakes mums and white daisies with greenery and pink ribbon.

Best man was Ronnie Aston, brother of the groom from Lockney. Groomsmen were Terry Allen, Gary Crain, and usher was David Boyd.

The bride was given in marriage by her father, Dr. James Zinck. She wore a dress Empire-styled of flocked organdy with square neckline, short puff sleeves and three large gathered tiers to floor length. Her dress was trimmed with lace. She wore a veil with Lilies-ofthe valley forming a framework with a finger-tip length white illusion veil. She carried a bouquet with a colonial arrangement of yellow roses and daisy poms with one long cascade and long white ribbon and greenery.

The bride was attended by Miss Rita Griffith of Lockney, aunt of the bride. Bridesmaids were Miss Brenda Thomas of Irving, Miss Sarah Schacht of Lockney, and Miss Tony Bybee of Lockney, cousin of the bride. Flower girls a light green spun polyester with matching accessories and a corsage of a white Jaffet orchid trimmed in gold. The groom's mother wore a light green dress with a matching green lace coat. She also wore a white Jaffet orchid trimmed in gold.

The reception was held at the Luling Club House. The bride's table was covered with a white taffeta and tulle cloth with a lovely centerpiece of yellow, pink and white carnations, gypsophelia and greenery. Two silver candelabra held six embossed white tapers. The silver punch bowl contained champagne punch and a fourtiered wedding cake with white, yellow, pink and white handmade sugar flowers adorned the table. Winds Look Good In First

The Floydada Whirlwind offense, starting over this season with a complete new set of backs, showed good potential Friday in a scrimmage with

"We were pleased with the potential of our backs and of-

fensive line," head coach L.G. Wilson remarked," but we must get consistent, which is nothing new for this time of year."

On the 'Wind offensive line, Wilson said Drew Lloyd did a fine job at the guard position and Steve Hale turned in a good effort at center. Both quarterbacks, Mike Hale and John Cagle, impressed the Floydada coaching staff with their play Friday. Rance Young, a juniorvarsity quarterback last season, shows good promise as a receiver. On defense, Wilson said line-

backers Tony Goen and David Marricle, both veterans from last year, gave a quick and

formance. Jay Jones dida good job for the 'Winds at corner linebacker, and tackle Terry Bunch added another good performance in the scrimmage, Wilson said.

"Our defensive front four has a lot of work to do to make a championship-caliber unit," Wilson said, and "Our defensive secondary was a little over-aggressive right at the first but settled down after getting burned on a long touchdown pass. We feel the secondary will come around - we have the boys to make a real good defensive secondary."

The Whirlwind coaches were, naturally, pleased with

Brownfield scrimmage, which the 'Winds "won," scoring three touchdowns to the Cubs' Wilson added that, as a team,

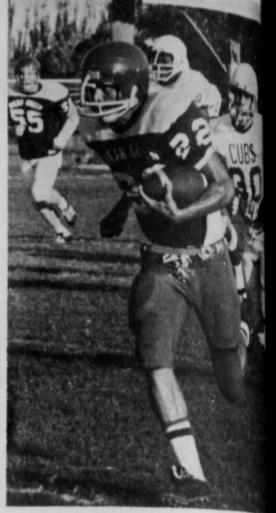

the 'Winds may be further along than the coaches had anticipa-

The team came out of the scrimmage without injuries other than the usual knocks and bruises, and all players looked to be in top shape in workouts this week.

The Whirlwinds are scheduled to scrimmage Tahoka here at 7 p.m. Friday, when they hope to "iron out the flaws and become a smoother unit" before the season opener the following Friday at Crosbyton.

Q. When I went to the hospital earlier this year, I had to pay \$68. They told me this was my deductible. I thought I met my deductible earlier when I had some doctor bills. Now I'm really confused. Can you tell me why I had to pay the deductible twice?

A. You didn't pay the same deductible twice. There is a deductible under each of the two parts of Medicare. For the hospital part the deductible is \$68 for each benefit period and for the doctor bill part the deductible is \$50 a year. You had met the \$50 deductible with your doctor bills, but you had not yet met the hospital insurance deductible when you went into the hospital

Milton, Lou Ann Watson and Dana Woody make up the female percussion group.

The drum-bell-cymbal section is not hard to explain considering the nearly fourto-one girl-boy ratio that exists in the Floydada High School band, Among junior high band members, the ratio is more even - "just about fifty-fifty," Swofford says - so the high-school situation may change starting next year. Band members, by the way, may participate in just about all other school activities even football - and several members are active in basketball, football and other sports, and some are cheer-

leaders.

The 52-member band is composed of 19 freshmen, 18 sophomores, 7 juniors and 8 seniors. Girls number 41 and boys 11 in the FHS band, There are 66 in the Floydada Junior High band, and 44 seventhgrade youngsters started a summer beginning band program August 14. Two beginning bands for sixth graders are scheduled to start the last week in September. The prospective sixth-grade bandsters are now getting "foundation training" in the flutophone pre-band instrument. The high-school band started workouts August 7.

The Floydada Junior High band, incidentally, won Sweepstakes (first place rating in concert, sight reading and marching) last year, and took the highest total of individual and gold first-place medals at the Spring Band Festival sponsored by the Texas Music Educators' Association last May.

In addition to performing at halftime at Whirlwind grid contests, the 'Wind band looks forward to playing for FHS football pep rallies - it gives them a chance to play some jazz numbers. Quality Set Aside Provisions Strengthened For 1973 Farm Programs

WASHINGTON, Aug. 10-Because payment deductions for less - than - average - quality set-aside land are being increased for the 1973 programs, producers can be better assured of equitable application of set-aside provisions in the 1973 wheat, feed grain, and cotton programs, the U.S. Department of Agriculture announced today.

For wheat and feed grain farms, when low-quality acreage is offered for set-aside that is acreage not representative of land on which the farm's crops are grown - the entire payment will be based on the productivity of the set-aside

For cotton, the reduction will be computed in the same manner as in 1972, except, that the deduction rate will be 13 cents per pound instead of the 1972 rate of 6 cents.

exceed an average of 2 per head. First application should be made when 30 to 50% of heads have just begun to bloom. Repeat in 3 to 5 days if midge population warrants. The adult midge is orange-colored and resembles a fruit fly. The best way to check for midge is to

place a fruit jar or plastic bag over the head of sorghum. The midge will fly to the top and can be easily counted. Check for the proper chemical from your local chemical dealer or aerial applicator.

Could you tell the difference between an AngGal and a Spots? Would you know a Dutch Belt if you saw one; how about a Grotics, or a Hackney?

All these are breeds of cattle, hogs or horses. They're listed in the Livestock Directory published by the Texas Department of Agriculture. If you would like to purchase any of the above breeds plus the better-known breeds you can find breeders and their addresses in the directory.

In all, there are 29 different breeds of cattle, three breeds of goats, 11 breeds of horses, nine breeds of sheep, and 10 breeds of swine from which to choose. More than 2,500 breeders are listed in the directory.

The largest single group is Hereford Breeders with a total of 420 listed; second largest in the cattle category is Charolais with 307 breeders listed.

Cattle breeds listed in the directory are AngGal, Angus, Beefmaster, Brahman, Brangus, Brown Swiss, Charolais, Char-Swiss, Chianina, Dutch Belt, F-1, Galloway, Guernsey, Hereford, Holstein, Jersey, Limousin, Longhorn, Maine Anjou, Murray Grey, Polled Hereford, Red Angus, Red Brangus, Red Poll, Santa Gertrudis, Shorthorn, Simmental, Sussex, and Grotics.

Goat breeds are Angora, Dairy, and Spanish.

Horse breeds are American Saddle, Appaloosa, Arabian, Hackney, Paint, Ponies of America, Quarter, Shetland, Thoroughbred, Welsh Ponies, and Mini-Mule.

Sheep Breeds are Columbia, Corriedale, Debouillet, Delanie, Dorset, Hampshire, Rambouillet, Southdown, and

Swine breeds are Berkshire, Chesterwhite, Crossbred. Duroc, English Large Black, Hampshire, Landrace, Poland China, Spots, Yorkshire.

MILK production in Texas during July totaled 266,000,000 pounds. This is two percent below the July, 1971 production and one percent below the previous

Milk production per cow averaged 750 pounds during July. This is 15 pounds below a year earlier and 10 pounds below the previous month.

Nationwide, July milk production is two percent more than a year earlier. Milk production per cow averaged 861 pounds.

SCREWWORM regulations have been modified to give farmers and ranchers more time to get their animals inspected before shipment.

Livestock producers now have 72 hours in which to have livestock inspected and certified free of the parasites before being shipped interstate from the screwworm-infested areas of the Southwest. The time allowed for this previously was 24 hours.

Screwworms continue to be completely out of control throughout the state, and the only relief will come when freezing weather arrives.

COTTON harvesting is picking up momentum throughout the southern half of the state. Early stalk destruction can reduce insect infestation for the next crop

The first of a series of stalk destruction dates for the state is August 31 in the lower Rio Grande Valley.

However, cotton producers are urged to destroy stalks just as soon after harvest as possible.

Narrow Row Cotton To **Be Field Day Attraction**

cotton production will be one of the featured attractions at the 63rd Annual Field Day and Open House at the Texas A&M University Agricultural Research and Extension Center at Lubbock on September 12. Tours of field plots will begin

According to Dr. Jack Gipson, field day chairman, visitors will have opportunity to see first-hand the extensive research program that is underway to find cotton varieties more suitable for the narrowrow method of production. Various cultural aspects will also be discussed, with special emphasis on weed control and harvesting.
"One of the things we are

looking at this year in our field plots is dryland production of narrow-row cotton," points out Dr. Levon Ray with the Texas Agricultural Experiment Station who heads up the cotton breeding research program at

Elmer Hudspeth, agricultural engineer with USDA's Agricultural Research Service, notes that dryland narrow-row cotton at the Center is being cultivated to control weeds. Weed control has been one of the problems of this type of production system.

"We are continuing to look closely at narrow-row cotton as a means of increasing production on the Plains," say the researchers. Narrowrows have increased yields as

LUBBOCK - Narrow-row much as 25 percent with available commercial varieties, but new varieties being developed specifically for narrow-rows will give a big boost to this system of production. In narrow-row tests last year, the experiments yielded about 50 percent more than better adapted standard varieties, The new varieties in the narrowrow production system can reduce the growing season by three to four weeks, according to Ray and Hudspeth. And with the shorter growing season, some of the adversities of weather can be avoided. It is anticipated that several narrowrow varieties will be available to growers within the next three years.

> How is this year's narrow- ters. row crop doing?

'Actually, this year should be a good test for much of the narrow-row acreage in the area," points out Ray. "With the cool weather. blowing sand, disease problems, hail and other adverse conditions that we've had this year, most of the narrow-10w cotton is still progressing well."

The researchers estimate that from 25,000 to 30,000 acres were planted to narrowrow cotton on the South Plains this year.

Looking at the harvesting situation for this fall, Hudspeth believes that narrow-row harvesters will be plentiful. "There should be about 100 of these harvesters in operation. In 1969 when narrow-row cot-

ton first got started, there were only three. "We hope to have several of

the new harvesters on display here during the field day," adds Hudspeth. Other attractions of the field

day will include drip irrigation, oilseed crops, cotton diseases and varieties, soil fertility, vegetable crops, and grain sorghum breeding and insect control.

Field day visitors will be able to spend as much time as they desire at the various field locations to obtain detailed information on items of their particular interest, Special discussions on weed control and the weather will be conducted at the Center headquar-

48 Persons **Expected To Die** Over Holiday

Approximately 48 persons are expected to die on Texas streets and highways over the Labor Day weekend, according to estimates by the Texas Department of Public Safety.

The DPS will conduct Operation Motorcide from 6 p.m. Friday through midnight, September 4. This will be one of four 78-hour holiday periods that will be critical for all motorists. Major C. W. Bell, DPS Re-

gion 5 Commander said that all available uniformed patrolmen will be put into action for maximum enforcement of traffic laws. Major Bell said, "Each driver should drive defensively at all times." Major Bell suggested that each inpractice driving dividual friendly - the Texas way! DPS records show that the

majority of traffic fatalities are caused by excessive speed and the drinking driver. The DPS reminds the motoring public that 0.10% blood alcohol in one's body is the presumptive level of legal intoxication under Texas law.

Approximately 500 National Guardsmen will assist the uniformed patrolmen in the Dal-Tyler, Houston, Corpus Christi, San Antonio, and Austin areas. Many of these guardsmen will be riding in DPS patrol cars through the Labor Day weekend to enable the Department to have more units and personnel on the

Motor Vehicle Inspection Sergeant John Mason of Region said two per cent of all fatal accidents on Texas highways are caused by mechanical failures. He strongly urges all motorists to be certain that their inspection sticker is up to date.

Capt, Shelton of the Driver License Service warns the unlicensed driver to not jeopardize his life, because last year seven per cent of all 3594 Texas traffic fatalities involved the unlicensed driver!

It is the fervent hope of the DPS that Texans, and out of state motorists, will enjoy this American tradition of celebrating the Labor Day weekendin a sensible, safe manner.

For a change in your menu serve sausage meats for a quick and easy meal. In fact, sausage just might have been one of our very first convenience foods. Sausage is any chopped seasoned meat stuffed into a container or casing.

Usually artificial casings are used for precooked, smoked or fried meats and natural casings are used for fresh or smoked link pork sausages.

More than 200 types of sausages are avaiable in the market, including hot dogs, salami, lunch meats of all kinds and the traditional fresh pork sau-

sausage is given a light cure, ground or chopped and mixed with different spices for flavor. A standard specifyingingredients for frankfurters, bologna and other cooked sausages recently was established by the U.S. Department of Agriculture. It states that these products may contain meat and meat by-products no more than

30 percent fat, 10 percent added water and 2 percent corn syrup. They may contain 3.5 percent cereal, and non-fat dry milk is allowed, also, with the product name showing the addition. Not more than 15 percent poultry can be used unless its presence is shown in the name of the product. The products labeled "all

meat" has the same limitations as listed above except that only muscle tissue with natural amounts of fat can be used. No extra fat meat by-products, cereal, non-fat dry milk or other binders may be used. The "All Beef" label indicates exclusive use of beef - no other fillers are permitted. Labels of each package state content of the hot dog or other sausage product with the ingredients listed in descending order by weight.

Informed shoppers look for buying guides on each package of sausage. Guides to quality are the Federal Inspecting Stamp and the package label which tells what the product is, weight of the contents, and the ingredients. Mr. Wendell Tooley Floyd County Hesperian Floydada, Texas Dear Mr. Tooley:

I enclose a report of the third California Floyd County, Texas Picnic we held in Long Beach, August 19th. I am also enclosing picture of Mr. Marvin Jeter who is our eldest former Floyd County resident attending. Since the snapshot is in color, I doubt that it is suitable for the newspaper, but you can put it on your bulletin board - as a reminder of our thanks for your help in publicizing the home town picnic through the Hesperian.

Sincerely, /s/ Betty Shirey Betty Shirey

The third annual California Floyd County Texas Picnic was held in Bixby Park of Long Beach, California Saturday, August 19 with 39 people attending. Norvill Rainer was the Master of Ceremonies when the following recognitions were made: Mr. Marvin Jeter of Tulare, California was the eldest former Floyd County Texas resident attending.

Earl Newell, who left Floyd County in 1923, has been away from the hometown the longest. Margaret Snead left the most recently of those present.

Mr. and Mrs. Ronald McPeak of Salinas, California traveled

the farthest to attend. Our youngest picnicker was three year old Eric Taylor, grandson of Mrs. Ovelene Atchison of Woodland Hills, California, and a great grandson of Mrs. J. T. McLain of Floydada,

The hosts for the next picnic will be Mr. and Mrs. Oran Beck and Mr. and Mrs. Virgil Breit. The picnic will be held in San Diego the third Saturday of August, 1973. The location will be announced in the Floyd County Hesperian in July of next

The people of this community have been saddened by the passing of Mrs. Pearl Dickenson. We all have lost as well as the immediate family, someone very dear to us. We all like to express our sympathy and prayers to the family.

Several important issues were discussed in last Tuesday's Community Meeting. plans were made to have the center open Saturday, Sept. 2 for youth night. Information had been received on the development of Washington Park site and the residents considered carefully what had been proposed to put on the Park. City Manager Bill Feuerbacher will meet with the people in their next meeting to talk on the

drama, "Texas", by Paul Green, played the last performance of the seventh season Saturday, August 26, 1972. As the final notes of the bugle sounded and the blazing lights faded on the great cliff facing the audience the patrons walked very enthusiastically down the ramps, remembering the sweep of the finale with the galloping riders carrying the six flags which have flown over Texas. As they reach the patio, they greet the cast, explore the concession building, watch the wax works - played by members of the company holding positions so quietly that they do not seem alive, and finally drive up the great Canyon trail to the top, following a coiling line of red car lights winding up to the top cliff a thousand feet high.

People travel many miles to come. In 1972, 25% of the audience came from out of state, 64% of the people traveled more than a hundred miles each way. 34% were returning for the second (or third or even in one case, the fortieth) time, and many of those who were returning had traveled great distances to do so,

In 1972, "Texas" drewmore patrons than in previous years. On August 24, the record attendance of 1970 was broken and the total for 1972 was 82,248.

The "Texas" dates for the eighth season in 1973 will be from June 21 through August 25. There will be one Sunday performance on July first and the other Sundays will be dark. For information about auditions for this coming season, write to "Texas", Box 268, Canyon, Texas 79015.

CENTER NEWS by Mrs. J.E. Green

CENTER, Aug. 28 - Today is bright and sunny after a rainy weekend. But church was well attended in spite of periodic showers. So pleasant, too, and such good sermons. Time to count our blessings, and hope

for more, Mrs. Fred Battey and Mrs. Ola Warren were in Lubbock Friday accompanying Mr. and Mrs. Burl Huckabee, to visit their brother, Charley Huckabee, who isn't well.

Mr. and Mrs. Battey visited Mr. and Mrs. Burl Huckabee Sunday p.m. and later saw Mr. and Mrs. Henry Willis. Mr. and Mrs. Earl Cooper

of Lockney visited Mrs. Cooper's mother, Mrs. C. E. Finley Sunday p.m. Mrs. James Hartline and boys of Levelland visited re-

cently with James' parents, Mr. and Mrs. W. L. Hartline. The Thomas Warrens report about one inch of rain over the weekend,

Claud Carpenter, who is in a Lubbock hospital, since Aug. 20, is reported much better and may be home soon.

Visitors in the Leo Frizzell home last week were: Bro. Bradley on Wednesday, and Walter Collins Thursday, Mrs. Ava Jackson spent Sunday with the Frizzells

Mr. and Mrs. Joe Lee Dunn of Houston came by last Tuesday to pick up their baby who had been the guest of grandmothers in this area while the rest of the family vacationed in Colorado, Grandmothers are Mrs. Son Jackson and Mrs. Frank Dunn, From here Joe Lee and family visited relatives in Lubbock, and Mrs. Dunn accompanied them. The Houston children left for home Saturday and Mrs. Dunn came home Sunday. Mrs. Dunn reports heavy rains in Lubbock,

Mr. and Mrs. Milton Mensch of Lubbock visited over the weekend with her parents, Mr. and Mrs. Hal Thomas.

Mrs. Thomas had a long distance call Sunday p.m. from her sister, Mrs. Price Scott of California, One good piece of news she related was that their car, which had been stolen awhile back, was found parked in Kansas City. Mr. and Mrs. W. C. Plum-

lee visited in PlainviewFriday p.m. with their daughter, Mary and Johnny Hines and family. Many Centerites spent a quiet weekend at home because of the rainy weather and are

about ready for some sunshine.

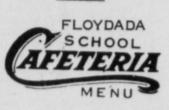

Mrs. R. B. Gary of Harmony and daughter, Mrs. Estelle Turner from Colorado, visited the Charley Spences Thursday. Friday, Charley Spence fell out of the front dooor on the concrete patio, but was fortunate in sustaining only a black eye and a stiff shoulder, and some scratches about his face. Remember the Center-Fairview reunion Sunday, Sept. 3, Labor Day weekend, Bring a

basket dinner. Coffee and tea will be furnished. FROM CALVARY CHURCH Mrs. Ora Clemmons, Mrs. Viola Chastine and Mr. Mack

of Lorenzo visited Mr. and Mrs. Elbert Parks Thursday. Mrs. P. F. Threadgill and Maurice had company over the weekend - her sister, Mrs. Flo Boise and a son and wife, Mr. and Mrs. Los Threadgill, all of Dallas. All attended services at Calvary Sunday morn-

Mrs. Bonnie Cage is in the John Sealy Hospital of Galveston, but feeling better.

The J. E. Greens, with the Clyde Greens of Peralta, N.M., were in Plainview one day last week. J. E. got a checkup, and all dined with the Vic Greens.

SCS Announces Field Day

A field day will be held September 13 at the Soil Conservation Service plant materials center at Knox City, State Conservationist Edward E. Thomas announced this week.

The center serves Texas and Oklahoma.

Livestockmen, seed dealers, sportsmen, and others interested in the search for improved plants are being invited to attend the field day.

Harvey Davis of Temple, executive director of the Texas State Soil and Water Conservation Board, will be the principal speaker.

New grasses, forbs, legumes and other plants under evaluation at the center will be discussed during the day. Some 1200 strains of 325 plants are being grown at the center.

Chief goal of the SCS plant materials work is to find new strains of plants that will solve specific conservation problems. Since livestock and wildlife co-exist on the same land, the search extends to grasses, legumes, forbs and shrubs which have dual values. Such plants are needed by landowners and operators for including in range seeding mixtures, for use in travel lane seedings, in border plantings, or for other

Strains that appear promising at Knox City are then grown and evaluated under field conditions on farms of soil and water conservation district cooperators under a wide variety of conditions. Selections that prove superior to other plants available commercially are then released by conservation districts to seed growers. These producers then grow seed and sell it to the public.

A new grass variety, Mason sandhill lovegrass, was certified and released earlier this year as a result of work done at the center in cooperation with the Texas Agricultural Experiment Station. Selection 75 kleingrass was released in 1968. Other grass strains proven and put into use by SCS include El Reno, Uvalde, and Vaughn sideoats grama; King Ranch bluestem; green sprangletop; and Grenville switch

Some of the groups who cooperate with SCS in its plant materials work in Texas include Agricultural Research Service, Texas Agricultural Experiment Station, Texas A&M University, Texas Tech University, Prairie View A&M, Abilene Christian College, U.S. Air Force, U. S. Corps of Engineers, Texas Parks and Wildlife Department, and soil and water conservation dis-
