Floyd Receives Million Dollar Rain!

Wheat Crop Prospects Brighten

Welcome rains came across Floyd County on Friday night, Saturday night and Sunday morning to break a five month drought and brighten prospects for the 100,000 acres of wheat in the county.

There was some hail in the rainfall, but wheat was too small to be damaged.

Of course the rains were certainly beneficial for all the farm land that will be planted next month to grain sorghum and cotton. Hopefully the hard clods that have been turned up will disintegrate with the good moisture.

Lockney reported around two inches of rain and the official gauge at Producers in Floydada showed 1.76 inches.

Dougherty reported around an inch. Twelve miles east of Floydada at the Tate Jones farm, 2.6 inches were reported and David Battey Jr.

reported 2.4 inches in the Harmony community.

W. L. Davis in the Starkey community reported 1.2 inches. E. J. Kinslow north of South Plains reported over three inches.

One farmer said it was so dry before the rain that he "just had to have the rain before he could irrigate!"

Over in the west part of the county Barwise reported 2.75 inches and just north of Barwise reported four inches.

In Lockney, the rainfall totaled about two and three-quarters inches. The heaviest rains came north and west of town — Mrs. B. J. Terrell at Lone Star reported two and a half inches, but said about five miles east three inches fell. Herman King said he got about three and a half inches.

At Providence, Mrs. S. R. Jones reported about two and a half inches. At Sterley, the measurement was three and a half inches. West of Lockney at Aiken, Mrs. Tom Duvall

reported two and half inches.

Most points in the Lockney area reported some small hail along with the welcome rains. While some property damage from the hail was noted just north of the city, the hail was for the most part too small to cause much damage, either to the young wheat or to property.

New Filing Date Set In Pct. 4 Election

According to the Floyd County Democratic Executive committee anyone desiring to file for election to the office of Commissioner Precinct 4, in Floyd County may do so until March 27 at 6 p.m. The new filing deadline was created by the death of commissioner of Precinct 4 Bill McNeill.

Jack Lackey is now the only candidate running for the office.

According to the spokesman of the Executive Committee under the above circumstances, filing time may be reopened for 15 days.

County Judge J. K. Holmes said he would appoint someone to serve as commissioner of Precinct 4 until January 1, 1975, within the next month.

Judge Holmes said the county court house would close at noon today and remain closed the rest of the afternoon in honor of Commissioner McNeill.

".....man, that's rain water!"

Principals Assigned

The Floydada school board approved the assignment of the school's elementary principals at its board meeting here Tuesday night.

Former athletic director and assistant principal at high school Preston Watson will be principal at Andrews Ward, and Bob Copeland will move from Andrews Ward to Duncan Elementary.

The changes were made as Duncan principal W. P. Nicholson Jr. is retiring at the end of this term.

Council Negotiating Fire Department Building

The Floydada city council viewed bids on the new 90' x 100' fire department building at their monthly

meeting Monday night and decided to negotiate with Tom McClure of Amarillo to build the building.

Looking ahead to mosquito season the council approved the bid of Marian Air Spray Service of Plainview to spray the city this summer. The bid for chemical and spraying was 31c per acre.

The council approved the sale of one old police car and two old tractors, bid notice appears in this edition of The Hesperian.

The council instructed city attorney George Miller to draw up an ordinance on junk cars in the city limits.

Coach L. G. Wilson will be allowed to contract the swimming pool from the city again this summer.

There was a budget hearing, but no one appeared to hear it.

The council appointed Lon Davis to continue to serve on the Mackenzie Water Authority until April 30, 1976. All councilmen were present.

FHS Tennis Team Defeats Valley High

The Floydada High School tennis team defeated Valley High 11-4 on the Floydada courts Monday afternoon.

In the girl's singles Cary Brown won 6-1, 6-2; Kelly McDowell won 8-2; Tracy Puckett won 6-2, 6-4; Suzan Tidwell lost 6-8 and Belinda Covington lost 2-6, 1-6.

In the girl's doubles contests Debby Johnson and Donette Marble won 6-2, 6-1; Elizabeth Farris and Linda Norman won 6-0, 6-0; Brenda Vickers

and Nanette Burk won 6-0, 6-4.

In the boy's singles Mike Hatley won 8-3, Jimmy Parker lost 2-8, Patrick Rucker lost 6-0, 2-6, 3-6; Tracy Brown won 6-1, 6-1; Keith Tooley won 6-1, 6-3.

In boy's doubles Hatley and Parker won 6-1, 6-3, Mike Ramsey and Mark Craig won 6-2, 6-2. Hatley and Parker had to play singles as Blair Davis was ill and Danny Daniel was at the fat stock show in Lubbock.

The FHS tennis team will in Canyon Tournament Friday and Saturday.

Floydada Day Care Center Experiencing Growing Pains

At a board meeting of the Floydada Day Care Center Tuesday afternoon, considerable discussion centered around the need to expand the center. The center is approved for 35 children, and it is full, plus a waiting list.

The next jump would be to 50 children and this would probably require another rest room and another large room.

The board also discussed a new schedule on rates charged per child per day and this was referred to the finance committee.

It was pointed out that the center

needs a vacuum cleaner and some windows repaired (anyone want to help on these needs?).

It was also reported to the board that government commodities used in the children's lunches may soon be cancelled.

President of the board Alton Rose presided at the meeting attended by: Kathy Green, Billie Jordan, Annie Taylor, Wendell Tooley, Farah Burk, Mrs. J. M. Williams, Sam Baker, Louis Anderson, Fred Stewart, Mary Pearl Coward, Betty Fuller, John Campbell, Ella Reue and Mrs. Arthur Wylie.

Speech Department Participates In Tournament At West Texas State

The Floydada High School Speech Department participated in a speech tournament at West Texas State University at Canyon over the weekend of the team placing fifth out of a field of 19, along with several individual honors.

Pam Els took a first in Informative Speaking and Margwyne Giles tied for a first in Poetry.

Other local winners by the 11 students who took part in the tournament were John Willson, 4th in Prose; Ray Foster, 5th in Poetry; Billy

Marquis and Grant Hambright, who presented a Debate. LaDonna Bilbrey made it to the semi-finals in Girl's Persuasive Speaking and Mike Bean did the same in Boy's Persuasive Speaking.

Leslie Simmons made it to the semi-finals in Informative Speaking and Jimmy Kay Sales took a 4th in Persuasive Speaking.

The group plans to participate in the next District Tournament April 6 at Abernathy. Their speech teacher is Weldon Milton.

BILL McNEILL

Rites Today For County Commissioner McNeill

An apparent heart attack claimed one of Floyd County's popular county commissioners Tuesday evening. Bill O McNeill, 66, who was serving his fourth term for Precinct 4, was fatally stricken in the yard of his home while operating a power lawn mower about 5 o'clock. He was pronounced dead on arrival at Caprock Hospital.

Funeral rites for McNeill will be conducted today (Thursday) at 2:30 in the First United Methodist Church in Floydada. Former pastor of the church, Dr. Tilden B. Armstrong of Albany will be assisted by the Rev. James Tidwell. Interment will be in Floyd County Memorial Park under the direction of Moore-Rose Funeral Home.

New Members Elected To Massie Board

Four new members were elected to serve on the Massie Activity Center Board at the March 4th meeting: Mrs. C. C. Whittle, Mrs. Eugene Beedy, Bill Hardin, and Tommy Assiter. These were elected for a four-year term, and took the places of Mrs. J. H. Barnard, Ed Wester, Aldine Williams and Bob Alldredge, whose terms had expired on the rotating board plan. New members will meet with the Board for the first time Monday evening, April 1.

The commissioner was the son of the late Mr. and Mrs. J. S. McNeill and was born in Denton, Texas October 22, 1907. He came to Floyd County in 1927 and married the former Lela Jones in Floydada in 1930. She died March 29, 1970.

McNeill was appointed as commissioner of Precinct 4 in 1957 to fill an unexpired term. He was serving his fourth term at the time of his death and was seeking re-election in the May Primary.

McNeill was a member of the Methodist Church and had served on the administrative board. He was a member of Floydada Lodge No. 712 A.F.&A.M. and a Past Master. Member of Floydada Chapter No. 227 R.A.&A.M., and Past High Priest. Member of Floydada Council No. 163 R & S & Past T.I.M.

Member of Plainview Commandery No. 53 Knights Templar and Past Commander. Member of Khiva Shrine Temple in Amarillo, a Member of Lubbock Scottish Rite and a 32nd Degree Mason and a Member of Knight York Cross of Honor Texas Priory No. 23 of Waco, Texas.

Survivors include two sons, James McNeill of Lazbuddy and Troy McNeill of Dumas; a daughter, Mrs. Kent (Barbara) Covington of Dougherty; two brothers, M. J. McNeill of Floydada and Frank McNeill of Amarillo; two sisters, Vernie (Aunt Sister) McNeill and Mrs. H. E. Porter, both of Floydada and nine grandchildren.

SOUTH PLAINS NEWS

By Mrs. Murray Julian

SOUTH PLAINS, March 11—South Plains is grateful for the good rains which came Saturday evening and Sunday morning. Rejoicing in the 2 inch fall, which is pretty general over the area, are farmers who started irrigation wells this past week. Hail was piled on the ground everywhere Sunday morning, and it looked like a heavy snowfall. It stayed on until the afternoon in the 37 degree weather.

Muddy roads and a steady rain fall kept the attendance low at the South Plains Church Sunday. Visitors for both morning and evening services included Mr. and Mrs. Tony Oden of Lubbock, and Frank Perkins, who has recently moved to South Plains with his family.

Bill Gilbreath, song leader at our Baptist Church, returned Monday from his trip to Long View, Washington, where he was in revival services. Gilbreath told of rain which seemed to fall steadily every day, and Sunday morning they awoke to snow. This was his first plane trip and going by way of Denver, Colorado, he thoroughly enjoyed it and the new country he saw. The group landed at Portland, Oregon, and services were held twice daily at the Columbian Baptist Church in Long View by him and Rev. Paul McClung from Morton. It was a great experience for Gilbreath and one much enjoyed.

Mr. and Mrs. Bill Gilbreath have been among those who have spent a good deal of time the past week in the Methodist Hospital at Lubbock with Jan Hopper and her parents.

A birthday party for Shawnda Sanders was celebrated in the home of her parents, Mr. and Mrs. Curtis Sanders Saturday afternoon, March 9, from 2 to 4. Games were played, and later cake and punch served. The cake was beautifully decorated with a little hat girl in a flower garden, made by Mrs. Neil Langley. The decorations matched the table cover, plates and cups and napkins. Guests attending were Terri Marquis, Tonya Elkins, Angie Anderson, Dwaine and Kenny Boteler, Mitzi and Kristi Julian, Regina, Renee and Stanley Sanders, Sherry, Gary and Terry Sanders, Brian Sanders and the honoree, Shawnda, who was nine years old. Others present were Mrs. Richard Sanders, Mrs. Carol Boteler, Mrs. Otho Sanders and Mr. and Mrs. Roger Sanders.

Mr. and Mrs. Tony Oden of Lubbock spent Sunday here with their son and wife, Rev. and Mrs. Mike Oden. They had dinner and supper here, and attended both church services. Other guests with the Mike Odens at dinner were her parents, Mr. and Mrs. Paul Sparkman of Plainview, who had been to Lueders Saturday afternoon to attend the wedding of Miss Renda Trice and Walter D. Carlton.

Marble won reserve champion at the Lockney show, and his brother, Kelly Marble, won the fine wool championship at the Floyd County Show. They are the sons of Mr. and Mrs. Fred Marble here. Mark Beedy, whose father, Eugene Beedy, farms at South Plains, won grand champion with his Angus steer, and his smaller brother, Todd, won reserve champion with his Angus steer.

Bud Sessions, uncle of Sylvin Kinniburgh, who has been staying here with them since being dismissed from Caprock Hospital, left Tuesday for San Jose, Calif., where he will be visiting a daughter and family for the next few weeks.

Members of the Baptist WMU met at the South Plains Baptist Church Tuesday afternoon for Week of Prayer for Home Missions, in association with preparing for the Annie Armstrong Easter offering. The sum of \$200.00 has been set for the church offering. Theme of the mission study was "In Him is Life" with emphasis each day of the week on All the Lonely Faces, Lonely Choices, Lonely Days and Lonely Faces. Mrs. L. T. Wood, Mrs. M. M. Julian and Mrs. T. S. Powell gave parts, and Rev. Mike Oden presented Wednesday night's program at the regular prayer meeting time.

Jeffrey and Johnnie Taylor spent from Friday to Monday evening with their grandparents, Mr. and Mrs. J. P. Taylor while their mother, Mrs. Willie Mae Taylor was helping with her grandmother, Mrs. Hamilton, at the Lockney Convalescent Home.

Mrs. Dolris Dean, member of the steering committee and manager of the Anson Chamber of Commerce, was quick to point out at the Thursday meeting that the Burleson Day celebration would be a happy, informal get-together and not a memorial.

Friends Of Omar Burleson Plan Barbecue

The steering committee of the "Friends of Omar Burleson" Day celebration met at noon Thursday in Jamaica Inn in Abilene. General Chairman B. J. Gist announced that the work on the bronze of Congressman Burleson had been completed by Sculptress Juan Dell of Lubbock.

Mr. Gist reported that ticket sales to the barbecue and celebration were moving along at a fast pace and that predictions of the expected attendance at the celebration ranged from one thousand up to five thousand at this stage. The celebration is scheduled for five o'clock on the afternoon of

Newsprint Price Increase Looms

PORTLAND, Ore. (Special) — Another in a series of newsprint price boosts has been announced by Boise Cascade Corp. in telegrams to newspapers across the nation. J. Peter Maier, regional sales manager, said the Portland-based firm would increase the price of 32-pound newsprint to \$200 a ton as soon as approval was received from the Cost of Living Council. The move was based on exemption of newsprint from wage and price controls by the Cost of Living Council last week. Permission to boost the newsprint price was expected immediately, Maier said.

FLOYD DATA
 Rosie Luna of Amarillo and Mrs. Velma Salazar and son, Scottie of Grand Prairie were weekend visitors at South Plains with their parents, Mr. and Mrs. Lupe Luna. Mrs. Salazar and her son will remain for a two weeks visit before returning home.

FLOYD DATA

Mrs. Ruth Sanders returned home by plane over the weekend from Houston where she spent last week with her son, Eddie Childs and family. While there her son underwent surgery for a nerve problem on his right arm. He was able to be dismissed from the hospital Monday and recovering nicely.

The husband told me "a tale" of seeing a brilliant light in the wee hours the previous morning while making a trip in the upper Panhandle. He said the night darkness lit up brighter than daylight. We wondered for a time what it might have been. He said "probably a meteor" then we forgot the incident until we recently came across a newspaper story buried on the back pages. It read: A massive meteor narrowly missed smashing into the Western United States 18 months ago, a California scientist says. Had it hit, it would have had the impact of the atomic bomb that destroyed Hiroshima and Nagasaki in World War II, the scientist said. He continued that the "extraordinarily" large and "brilliant" meteor was first detected over Utah in August 1972. It skimmed within 36 miles of the earth and disappeared over Alberta, Canada, apparently without fragmenting. Had the meteor approached earth at a slightly lower altitude, "the damage would have been extensive", he added "fortunately, meteors of this size are exceedingly rare" he said.

BILL McNeill was my Commissioner and I feel already an emptiness by his death. He was a commissioner who became "involved" when there was something needing to be done in Precinct 4. In all his years in this service, he was absent but few times at the monthly meetings of Commissioners Court. He did his job well and will be greatly missed by all he served. The grip of a friendly handshake is always missed when it's gone.

WHO said it couldn't rain in March in Floydada?? Somewhere I read or heard that March will be one of our wettest months this year. Luckily the near golf ball size hail over the city didn't last long enough to do much damage.

STATEWIDE political candidates are on the campaign trail in earnest, and plenty of action is expected.

MORE gas is on the way for Texans this month. Texas will get 119.7 million gallons more gasoline in March than in February. I knew it was there all the time!

SPEEDERS beware... Department of Public Safety troopers have been instructed to intensify enforcement of speed laws. Some just won't slow to 55 MPH and complaints are being received by DPS Chief... for drivers failing to heed the speed limit and tail gating.

FLOYDADA will be represented at the Texas State Teachers Association's 95th annual convention today through Saturday in the Tarrant County Convention Center in Fort Worth.

SPRING '74 heralds the return to casual comfortable clothes for women. There doesn't seem to be a wave of dramatic change at all. A few mid-calf lengths are seen here and there; a looser top or a fuller body. Hem lines will hover at the knee; just below or slightly above. The silhouettes are loose, fluid and flattering. Fashion displays show the shirt waist dress is back as well as white collared dresses and gored skirts.

DUE to some City electric lines being broken early yesterday morning, putting electric alarm clocks out of operation, a part of the city populace was late for work, me included. It's been a while since I came to work in the daylight hours but I did Wednesday morning! I noticed too that some of the neighbors weren't even up as I drove by. Electricity was off an hour and ten minutes due to the broken lines, so that means I got in another hour of sleep and had a good excuse for being late to work. How sweet it was!

MRS. G. L. Fawver, who was a member of the Girls Basketball team at Baker School playing on a court divided into three sections, says she recalls in all of their games with surrounding schools, Baker girls nearly always won, with the exception of McCoy. She said "we just never could beat McCoy."

Future Homemakers Attend Area Meet

"Impact Now" was the subject of the Area I Future Homemakers program at Amarillo Civic Center Auditorium, March 8-9. The Rosebud FHA Chap-

ter was represented by Tracy Puckett, Nanette Burk, Kathy Green and advisor, Carolyn Hribek. They presented a singing number, "Are We Paper

Roses" at the talent show Friday night.

The HERO chapter was represented by Sherry Willis and Sylvia Vasquez; and advisor Mary Alice Craig. Sherry Willis presented a talk, "Granny We Care", describing the FHA ENCOUNTER project at the Hero Late-Nite Banquet Friday. Sylvia Vasquez led the group in the benediction.

The meeting came to a hasty close Saturday afternoon with the report that Amarillo was under a tornado watch.

session Mrs. Arlon Miller, a guest, gave the program entitled "Housewives and the Drug Habits".

A five minute demonstration was presented by Mrs. Jimmy Kelly.

Mrs. Everett Miller served refreshments to Mmes. Mather Carr, R. B. Gary, Walter Hanna, Jimmy Kelly, Zant Scott, R. N. Hopper, W. C. Snodgrass, J. R. Turner and Mrs. Arlon Miller.

Just a few years before this match, in 1874, an Englishman, Walter Crompton Wingfield, received a patent in his country for the invention of the "modern" game of lawn tennis. That same year, Mary Ewing Outerbridge got permission from the Staten Island Cricket Club to set up the first lawn tennis court in America.

During February, the centennial of tennis was celebrated at the \$50,000 S&H Green Stamp Women's Tennis Classic at the Tennis Club in Fort Lauderdale, Florida. The tournament is a stop on the Virginia Slims circuit.

Chris Evert, winner of last year's S&H Classic, headed an array of top women tennis pros.

Miss Willis Named To Who's Who

Miss Karen Willis, daughter of Mr. and Mrs. Kenneth Willis of Floydada, is among the 23 students named to "Who's Who at South Plains College" for 1974.

Selection for "Who's Who" was recently made by a faculty-student committee at the college, which studied nominations submitted by various faculty and staff members. Announcement of the honor, one of the highest given to students at the college, came from Ken Hare, director of the Office of Student Activities at SPC.

In order to be eligible for

"Who's Who," a student must maintain a 2.5 grade point average and be active in both student and community activities.

Miss Willis was winner of the Miss Caprock Beauty Pageant, freshman class secretary, cheerleader, presidential hostess, vice president of Kadettes, and member of the Student Senate and Women's Recreation Association at SPC.

Mrs. Miller Club Hostess

Harmony Home Demonstration Club met Monday in the community center with Mrs. Everett Miller as hostess. Members answered roll call by telling of pills they take that are not a drug to them.

bride's and groom's birth dates. Her wedding attire was something new. Something borrowed was her tiara that was worn by both her sisters at their weddings. Something blue was her garter.

Mrs. Phil Lemons, sister of the bride, was matron of honor and Mrs. Bill Bigham also sister of the bride, was her bridesmaid. Both were attired in blue princess style full length dresses with long puff sleeves trimmed with white lace. Blue matching bows were worn in their hair. Each carried a nosegay of white baby mums trimmed with blue satin streamers tied in love knots.

Kent Taylor of Plainview was best man and Billy Savage, brother-in-law of the groom, was groomsman.

Following the ceremony the couple was honored with a reception in the bride's home. The table held a traditional three tiered wedding cake, which was topped with a miniature bride and groom. Crystal appointments were used in serving.

For travel the bride wore a blue three piece double knit suit with black accessories and a corsage.

Following a trip to Red River, New Mexico, the couple will reside in Plainview.

HECE Members Hold Dinner

(By Debbie Medley) HECE members met for a dinner meeting Monday night in the home of Sylvia Vasquez. Members brought individual dishes for the Mexican menu.

Attending were Mrs. Charles Craig, HECE sponsor, and Phyllis Guffee, Nan McCulley, Connie Anderson, Sylvia Vasquez, Sherry Willis, Terry Stovall, Marta Martinez, Debbie Medley and Janet Vick.

Connie Anderson, president of the club, presided over the meeting during which time an employer's banquet scheduled in the spring, was discussed.

Love Fund Started For Jan Hopper

Friends have started a Love Fund at the First National Bank in Floydada for Jan Hopper, 17 year old girl who was critically injured in a motorcycle accident Tuesday a week ago. The fund is to help offset expenses incurred for hospital treatment.

Those wishing to contribute may deposit donations in the First National Bank to the "Jan Hopper Hospital Fund."

Miss Hopper continues to improve slightly each day, according to friends, but is still in a semi-conscious state. Her hospitalization and convalescing will be lengthy, according to physicians' report to the family.

Miss Hopper's brother, David, who suffered a broken arm in the same mishap, was dismissed last week from Caprock Hospital and continues to improve.

AS IT LOOKS FROM HERE

Omar Burleson, M.C. 17th District, Texas WASHINGTON, D.C. - Hastily conceived legislation to meet the energy shortage proposes cures worse than the disease. Operating under an emotion, emanating from angered citizens who are inconvenienced and pay high prices at the gasoline pump, Members of Congress are motivated to support measures which will further strangle the National effort to achieve energy self-sufficiency. This pressure caused the Congress to roll back crude oil prices as a part of the Emergency Energy bill. It was vetoed by the President and on second thought the U.S. Senate upheld the veto. There continue to be efforts to attach a similar provision to every piece of legislation now coming up which has to do with energy and especially oil and gas.

Because oil prices have increased dramatically, about every Member of Congress has an idea as to what may be done to bring prices down but a lot fewer ideas as to how to get production up, resulting in lower prices. The law of supply and demand still holds and this is one which cannot be repealed. The effort at trying to control prices of crude oil and gas only reaches that which is domestically produced. It is these - mainly the independents - who must be looked to for increased exploration and new discoveries. The effort at a price rollback and other limitations which are actually punitive in nature hits at the very part of the industry on which we must rely for additional supplies. This sort of action only affects less than 2.5 million barrels a day out of 17.5 million barrels per day used in the country. High priced foreign crude and a shortage results in high gasoline prices.

Advocates of a rollback in price, the imposition of so-called "windfall profits," the elimination of depletion allowance and other incentives for more drilling is self-defeating. The question put to those who would support such ideas is, what good would be lower gasoline prices if none is available. The independent oil operators drill at least 75 percent of the wells in this country and unless the profit motive is there the trend of less production, which has been the case during the last decade, will continue. It is paradoxical that while we are seeking self-sufficiency in energy in this country that the domestic oil production would be penalized while at the same time allow these same incentives to go into vast overseas exploration.

Because of the surge in fuel prices, there is a rush to do something to reduce the profits to the oil companies. The fact is the profits accrued to the big multi-National corporations who are paying tremendous prices to the foreign oil producing nations and not the domestic

Girl Scouts Celebrate Anniversary

Some 7,000 girls and adult leaders in the Caprock Girl Scout Council are observing the 62nd anniversary of Girl Scout Week this week, March 10-16.

Unique as a voluntary girls' organization, Girl Scouting links girls worldwide throughout the World Association of Girl Guides and Girl Scouts in 90 countries. There are 3,538,000 girls in the USA who are members, or one out of every seven girls.

The Caprock Girl Scout Council was chartered in 1912 and serves 18 counties throughout the South Plains area. The Council office is located at

2600 Avenue P in Lubbock.

A total of 5,612 girls and 1,213 adult leaders are members of the Caprock Council which is supported by federated and nonfederated campaigns throughout the Council.

Lone Prairie Gas Elects Two Officers

The annual stockholders meeting of the Lone Prairie Gas Association was held February 28 in the Sterley Community Center. Two new directors were elected - C. L. King was named president of the association and Hansel Sanders was elected as a director.

According to an announcement by Fred Carthel, secretary of the LPGA

board, anyone who has business with (or questions about) the Lone Prairie Gas Association should contact King (phone 652-3676, Lockney) or Carthel (phone 296-5073, Plainview).

Lone Prairie Gas Association owns natural gas pipelines in north Floyd County and buys gas from Pioneer Natural Gas Company for use on farms in the area, according to Carthel.

DIVING IS DIVINE

Scuba diver Judy Gail May and the underwater environment get along swimmingly. Thriving on diving, she is also an author and photographer who took the plunge several years ago and recently wrote an in-depth study of her hobby.

In her volume, "Scuba Diver's Guide to Underwater Ventures," she gets to the bottom of things by telling of techniques that help the beginner as well as the advanced diver go beneath the surface.

Her report, published by Stackpole Books, explains equipment, leases, settings, lighting and gear for fantastic still or moving pictures of the incredible beauty to be found in the depths. It invites new visitors to the deep to enjoy fish-watering, details which specimens can

be captured and maintained in a marine aquarium, and guides collectors to the variety of shells to be gathered and identified underwater. Local bookstores can get you a hard-cover copy of the book, which retails for \$5.95, by writing to Stackpole Books, Cameron and Kelker Sts., Harrisburg, Pa. 17105.

Representatives is now in the process of finding a formula for levying a "windfall profits" tax. When the hearings started the presumption was that we were looking for ways to encourage more drilling and greater production in the country. These considerations have now reached the point that the emphasis is on reducing incentives and putting a greater tax bite on the independents for more Federal revenue. Again, this is the result of the complaints of fuel users, shortages and higher prices

NANCY PUCKETT TO PLAY IN ALL-STAR GAME

AMARILLO — Nancy Puckett, outstanding Floydada forward, has accepted an invitation to play in the 4th annual Golden Spread Girls High School All-Star basketball game March 16 at the Amarillo Civic Center Coliseum.

The game, played in conjunction with National Women's Invitational Tournament (NWIT) starting March 14, features the best senior players representing the East and West of the Texas Panhandle.

Miss Puckett, an all-district selection the last two years, will play for the East, said Bill Webb, chairman of the all-star committee for the sponsoring Amarillo Chamber of Commerce.

The 5-foot-8 Miss Puckett, a three-year letter winner, averaged 17 points a game during the past season, hitting on 40 percent of her field goals and 72 percent of her free throws. She also averaged four rebounds and two steals per game.

The NWIT brings together some of the best women's collegiate teams in the country, including Wayland Baptist, John F. Kennedy, UCLA, Belmont, Mississippi State College for Women, Phillips and Temple and Ranger junior colleges.

FLOYD PHILOSOPHER

Gets About Halfway Serious This Week

Editor's note: The Floyd Philosopher on his Johnson grass farm gets about half-way serious this week.

Dear editor: I was looking through a copy of a news magazine the other day and ran across an article on the plight of a young couple in these inflationary times.

They got married in 1968, and shortly thereafter when the man's salary reached \$16,000 a year they bought by the small down-payment route a 4-bedroom house, an air-conditioned Pontiac LeMans, and an expensive pedigree dog. Probably paid cash for the dog, but I'm not sure, the article didn't say. They went bowling five nights a week and on weekends went to the movies and dined out at a famous lobster place.

Lately though, due to cutbacks in production the man's salary has dropped to \$14,000 a year and that coupled with inflation has just about ruined them. They've sold the big house and moved to a smaller one, sold

the big car and bought a used Volkswagon, and they gave the dog away. The man blames the government for his plight, adding, "I've lost faith in everything the government says."

Understand, I'm in favor of blaming the government for everything you can, but I was just thinking, times have changed: It used to be that a young couple started out with a small house and worked up to a big one, but nowadays they start out with a big one and frequently work down to a small one. Their economic philosophy seems to be: bowl now and bowl later.

Speaking of young people, a neighbor has asked me what I think of those college kids' streaking. I am unimpressed. I mean, the kids apparently think they're doing something original and daring, but shucks, there are tribes in Australia and Africa that have been running un-clothed through a clearing for thousands of years without causing a single giggle.

Yours faithfully, J.A.

IRS Will Compute Your Tax

PLAINVIEW — Many taxpayers again may have the Internal Revenue Service compute their income tax and retirement income credit, Walter I. Perry, Administrative Officer for the Plainview area said today.

He said the IRS on request will compute the tax

for persons with incomes of \$20,000 or less, who take the standard deduction, and whose income is solely from salaries, wages, tips, dividends, interest, pension and annuities.

If the taxpayer also wants the IRS to compute his retirement income credit, he should include the basic

information on Schedule R and attach it to his Form 1040, Mrs. Perry said. He should also enter "RIC" on line 17, Form 1040. Instructions on Schedule R explain which items need to be provided.

For those persons who qualify, the IRS will compute the tax, whether the return is a Short Form 1040A or the regular 1040.

Mrs. Clyde Bagwell

FAIRVIEW, March 11 — We are all rejoicing over the wonderful rain received during the weekend. Nearly 2 inches fell here in town, along with some hail.

The rain out in the community was from 95/100 of an inch to 2 inches. Rain was heavier toward the south portion of the community.

We talked by phone Sunday afternoon with our brother and sister, Mr. and Mrs. P. L. Joiner at Creswell, Ore. and they have had so much rain there this winter that sunshine was something for them to rejoice over. They reported they had two days of sunshine last week which was helping dry out things.

Mrs. Walton Wilson was in Plainview Wednesday and visited Mrs. M. O. Stapleton, then both visited Mrs. Jim Stewart and Mrs. Maelaire Williams. Mrs. Stewart had recently broken her arm, from a fall at her home.

Frank Pratt and Dewey Parson visited in the home of Mr. and Mrs. Clyde Bagwell Tuesday night.

E. W. Walls, Walton Wilson, and Lee Burton attended the men's meeting and fish fry at First Baptist Church Monday night.

Mr. and Mrs. Walter Hollums visited Saturday night with Mr. and Mrs. Lindsey Graham.

Mrs. Edna Phillips and Mrs. Kate Crabtree enjoyed lunch together Wednesday in Plainview.

Mrs. Edell DuBois visited Mrs. Clyde Bagwell Tuesday. Mrs. Walton Wilson visited Mrs. Bagwell Friday.

Mr. and Mrs. Jim Harper of Floydada visited Mr. and Mrs. A. S. Mize Saturday night.

Those visiting Mrs. Jewell Teague during last week were Mrs. C. W. Payne, Mrs. Clyde Bagwell, Mrs. Earl Baker, Mrs. Gladys Collins, Kerry Reed and Maurice Burton.

Mr. and Mrs. Bill Beedy and Charles Beedy of Claude were here for the stock show last week. Mrs. Beedy remained until Thursday with her sister, Mrs. Bill Tye and they visited Thursday with Mr. and Mrs. A. S.

Mize. Mr. and Mrs. T. L. Perry were Sunday dinner guests of Mrs. J. T. Perry and Mr. and Mrs. J. W. Gilbreath.

Mrs. Clyde Bagwell visited Wednesday afternoon with Mrs. Cecil Payne, Mrs. Doyle Jackson, Mrs. C. H. Wise and Mrs. R. F. Hall, and her daughter, Mrs. Ruby Shoemaker.

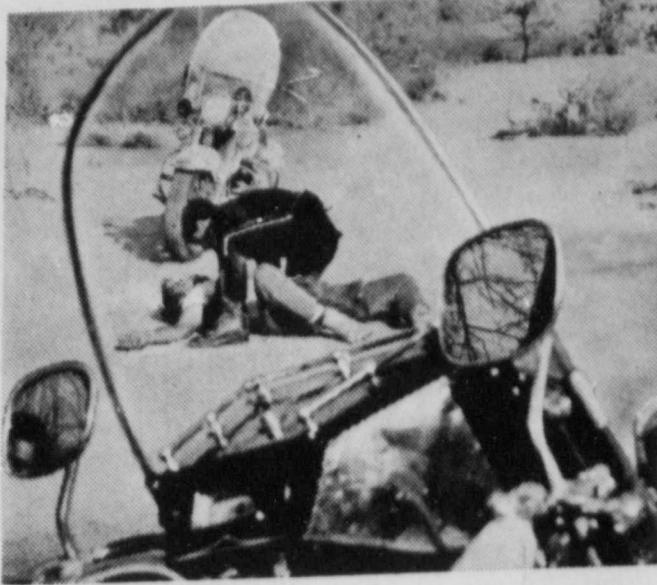

Mrs. Ruey Irwin returned home today from a week's visit to Skellytown, Pampa and Amarillo. She visited at Skellytown with her daughter, Mr. and Mrs. Gene Pace and at Pampa with her granddaughter, Mrs. Owen Long and her daughter, Mrs.

Irwin got to see her great-great-great granddaughter while at Pampa. Mr. and Mrs. Carl Nelson of Dimmitt met Mrs. Irwin at the home of Mr. and Mrs. George Burgett in Amarillo where all visited over the weekend. George Burgett brought his mother home and they found the high wind during the rain storm Saturday night had blown part of the roof from the kitchen at her home. George is helping Ruey repair the roof today.

A number of us are attending the revival at First Baptist Church this week.

Mr. and Mrs. Marion Burns visited relatives in Dallas and also at Hugo, Okla. from Friday until Sunday.

Benton Ritchey of Lubbock visited Mr. and Mrs. C. H. Wise Monday and had lunch with them.

cars already on the freeway. If you try to force your car into the traffic flow, you could force a driver to hit his brakes and he could receive a severe jolt in the rear from the car following him.

Getting on a freeway safely is your problem, not the problem of drivers already there. If they vary their speed to accommodate you, they could cause a major pileup.

Entrance ramps usually lead to an acceleration lane, and it may be a long one or a short one, or it may branch off into an exit. If traffic is heavy, you must find a gap between cars and time your approach to bring you to that gap as close as possible to the prevailing speed of the other cars.

Turn on your turn signal, check your rear-view mirrors, and take several quick glances over your shoulder. If you are alert, you will usually be able to blend into the traffic flow. If you are follow-

Archeological Symposium Set

Plainview will be site for the Southwest Federation of Archeological Societies' 10th annual symposium scheduled Friday through Sunday, March 22-24, at the Holiday Inn.

The three-day session, hosted by the South Plains Archeological Society based at Texas Tech, is expected to attract professional and amateur archeologists from West Texas and Eastern New Mexico.

Registration will begin Friday, March 22 from 7 to 9 p.m. and continue Saturday morning. Art-

ifact displays will be exhibited Saturday with presentation of papers scheduled from 9 a.m. until 4:30 p.m.

Dr. Jack T. Hughes, chairman of the Department of Anthropology at West Texas State University, will be speaker for the banquet which begins at 7 p.m. Saturday. His subject will be the "Mackenzie Reservoir Salvage Project" which he supervised and during which a number of sites, dating from Paleo to historic times, were excavated.

On Sunday, roundtable discussions will be conducted from 9 a.m. until noon on the subject "Historic Indian Occupation in the Federation Area."

All sessions will be at the Holiday Inn according to Kent Green of Plainview, president of the South Plains Archeological Society. Cost for attending the symposium is \$2 for registration and \$4.50 for the banquet. The public is invited and membership in an archeological society is not required.

Floydada FTA To Host Eighth Grade

BEST FLOYDADA EIGHTH GRADERS — pictured are the Floydada FTA host the eighth graders to a visit at high school Monday. (Left to right) Robert Rodriguez, Ellen DeLeon, Rudy Garibay, Margwyne Giles, Teresa and Kelli Parsons. [Photo by Brad]

Eighth grade students and their parents are invited to visit Floydada High School on Monday, March 18, at 8 p.m. This will be an orientation program for

Survivors include two sons, Billy Gee of Fort Lupton, Colo., and Robert W. Patterson of League City; a daughter, Mrs. Herman (Patsy) Galloway of Idalou; a brother, John Fort of Big Spring; a sister, Mrs. Jack Epperson of Fort Worth; nine grandchildren and three great grandchildren.

Rev. James Tidwell, minister of the church, officiated for rites. Interment was in Floydada Cemetery under the direction of Moore-Rose Funeral Home.

Pallbearers were Preston Watson, Bob Copeland, A. E. Baker, W. P. Nicholson Jr., Howard Drysdale and W. W. Webb of Idalou. Honorary pallbearers were Ben Galloway, Cotton Wilson, and J. M. Williams.

Survivors include his wife, three daughters, Miss Jean Douglas of Laguna Beach, Calif., Mrs. Vonnie Cox of Amarillo and Mrs. Joan Kernell of Plainview; three sons, Embree of Lockney, and Bobby and Jimmy, both of Plainview; two brothers, three sisters; 11 grandchildren and two great grandchildren.

Mrs. Patterson

Services for Mrs. Minnie E. Patterson, former Floydada resident, who had resided in Idalou for the past year, were conducted Monday afternoon in the First Methodist Church in Floydada. Mrs. Patterson died Friday morning in Highland Hospital in Lubbock following a lengthy illness.

Mrs. Patterson was a retired school teacher of 32 years and a member of the Methodist Church. She was born in Beckville, Texas, October 8, 1894 and married Lon B. Patterson in Sturdivant, Tex., in 1912. Mrs. Patterson moved to Floydada from Swisher County in 1960 and to Idalou in 1972. Her husband died in 1960.

Rites Pend For Ware Infant

Rites were pending yesterday at Moore-Rose Funeral Home for the stillborn infant son of Mr. and Mrs. Jessie Ware of Floydada, who was born prematurely Tuesday in Plainview Central Plains Hospital. The baby's mother, the former Karen Hart, daughter of Dr. and Mrs. Kenneth Hart of Amarillo, former Floydada residents, was in a critical condition for several hours following the baby's birth but was reported to be improved late yesterday. Relatives said the young mother was suffering from kidney poisoning, but physicians gave them hopes after her critical condition began to show slight improvement.

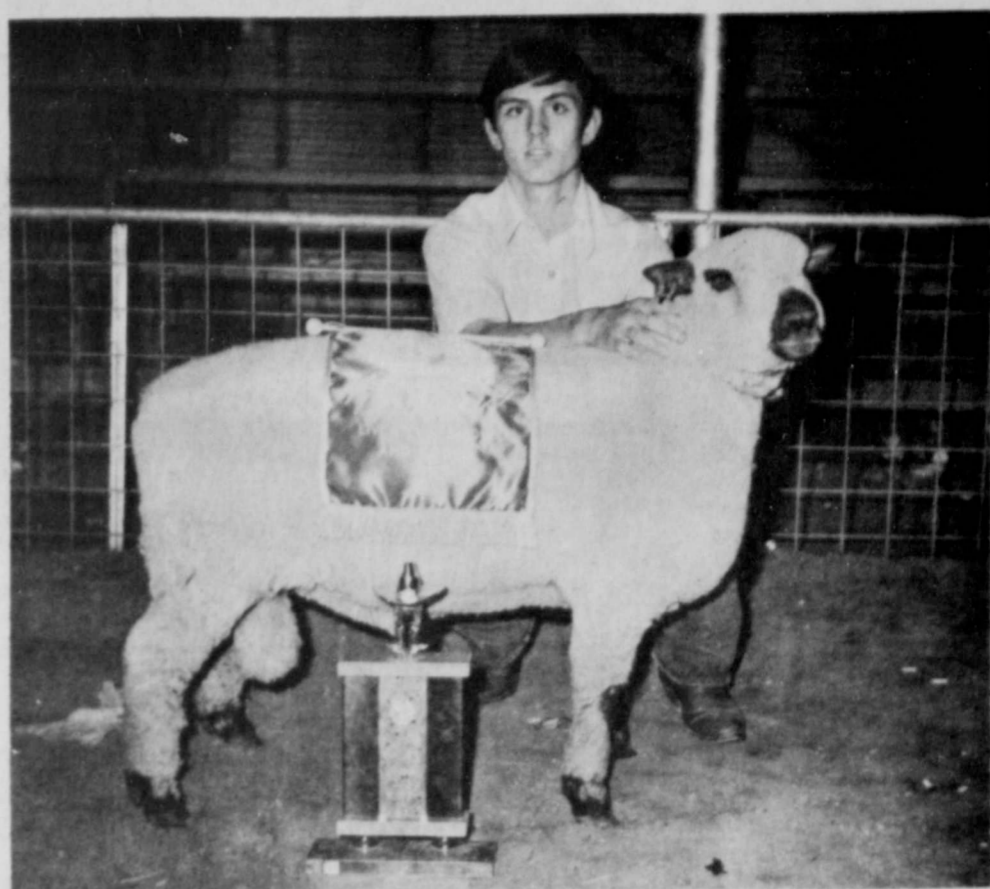

The baby is survived by his parents, grandparents, Mr. and Mrs. Orville Ware of Floydada and Dr. and Mrs. Kenneth Hart of Amarillo. Mrs. O. R. Beard of Floydada and Mrs. Leland Hart of Idalou, former

them to become acquainted with the building and with the different courses offered. Future Teachers of America members will be hosts for the meeting. They will guide tours through the building and serve refreshments in the cafeteria.

Monday morning Mr. Tyer, principal of Floydada High School, will meet with the eighth grade students in Junior High School. He will discuss registration for classes next year. The meeting Monday night will be a follow-up to help students and parents plan for the freshman year and also for their four years in high school.

With the help of Mrs. Emily Potts, Counselor, eighth grade students make four-year plans for high school. These are tentative plans that are not binding. They help pupils to consider the different possibilities and to understand that there are prerequisites for many courses.

Mr. Tyer and several teachers will discuss the different classes and answer questions. Students from different organizations will tell about opportunities in extracurricular activities.

Floydada Mayor On SPAG Committee

Mayor Parnell Powell has been appointed to the South Plains Association of Governments' Criminal Justice Planning Committee. The purpose of the committee is to gain citizen input into the annual Criminal Justice Plan and aid the SPAG staff in determining regional criminal justice problems.

The Committee will strive to acquaint all cities and counties with available programs and funds for which they might qualify. The need for each requested project must be justified in the Plan in order to qualify

an agency for Texas Criminal Justice Council funds.

The Committee is made up of elected officials, professionals in various criminal justice fields, and interested citizens. Citizen involvement is essential in determining local crime problems, says Walter Head, SPAG Criminal Justice Coordinator.

The Planning Committee will hold its first meeting in Lubbock, March 13 at 10 a.m. in Room 424 of the Lubbock National Bank Building. All interested persons are cordially invited to attend.

Over 30 Floydada Jr. High students participated in local tennis tournament here last weekend. Jill Poage defeated Connie Bradford 8-6 to take the girl's singles championship. Donna Reid and Kelly Hagood were semi-finalists. Valynnda Chandler and Lisa West came out champions in the girl's doubles division by defeating Kara Copeland and Tracy Tyer 8-2. Leanne Ferguson-Janie Guest and Teresa Stewart-Mitzi Hale were semi-finalists. Bobby Whitaker was champion in the boy's singles by defeating Charles Bradford 8-6, 10-8. Semi-finalists were Joe Williams and Lupe Garza. In the boy's doubles division Greg Carthel and Larry Jones came out victorious over Bill Starkey and Carmen Soliz 8-6 in the championship bracket. Semi-finalists were Cruz Enriquez-Chele Duran and Rodney Ratheal-Danny Tinney.

Floydada DECA Students Return From Dallas

Some 2000 student leaders and faculty advisors in marketing and distribution attended the 28th Annual State Leadership Conference of the Distributive Education Clubs of America (DECA) in Dallas last week. Students Lonnie Robinson, Roxanne Fry, Bill Whitaker, Edwin Ellis, Wayne Gilbreath, Karin Kunkel, Janie Quilantan, Cathy Clappitt, Thelma Morales, Dana Woody, Vicki Smith, and Leslie Hall, from Floydada High School in Floydada attended the two-day session March 8 and 9 where they heard from nationally-known leaders in marketing, education and government. Also, while in Dallas the Floydada students participated in a concentrated program of workshops, seminars and contests. Contest categories included public speaking, sales demonstration, job interviews, advertising, display, chapter of the year, student of the year and outstanding service station trainee. FHS Co-ordinators who accompanied the students were Bob Alldredge and Benny Locke.

bought a plane together for their yearly trips. Both men are pilots. For six years the doctors worked in Honduras with the British Methodist Foreign Mission Board on the Island of Utilia Bay in the Atlantic Ocean about 30 miles northeast of Honduras, until a hurricane wiped out the island. Dr. Jordan said everybody in Utilia Bay had worms, anemia, malnutrition and tuberculosis, but not much malaria. Although they opened offices in the missionary's house, the doctors also made house calls to those unable to come to the clinic. Dr. Jordan took vitamins, antibiotics and various medicine and supplies, not only to use while there, but also to leave behind for the missionary to use. Also the Floydada men gave him money and often such things as shampoo, said dressing and apples and pears which are a luxury although citrus fruit was plentiful.

Twice To Panama
Working with the Southern Baptist Home Mission Board, the area men made two trips to Panama. Once the doctors took over for the missionary who had left for a week's vacation. Dr. Craig was the first dentist to come among the San Blas Indians on the Island of Alegandre near Panama. Residents of this unusual island all have the same blood type — there has been no intermarriage with outsiders except for one white man, an author, who had married an island woman. Fairly dark skinned, the San Blas Indians believe that a long nose is a sign of beauty and draw a black line from the lower forehead to the tip of the nose to accentuate it. Dr. Jordan delivered several babies while there. If in feeding a baby, the bottle was pressed too close to its nose, the mother instantly pulled the bottle away, afraid it would shorten the nose. These Indians make a unique cloth called "mola" which has several layers with a pattern cut down to the layer desired. The women wear garments made of "mola" but the men dress in regular shirts and pants. The women adorn their necks with gold chains and ornaments. Around their ankles they wrap rows of beads so tight that they actually cause deformities and other problems. The women wear their black hair cut short. Farming, fishing and raising lobsters are main occupations of the Indians on Alegandre. Most of the residents work on the mainland of Panama, rowing back and forth in canoes, and farm in the flat areas, raising potatoes, corn and other crops.

Indian Language
The Indians speak their own language but two or three Indian girls employed in the hospital acted as translators for the flying doctors. The 12-bed hospital was "stacked" with 63 patients at one time. The last three annual treks have been to Southern Mexico, to the state of Oaxaca where Dr. Craig and Dr. Jordan have enjoyed working with a group of Wycliffe Translators, a protestant, non-denominational organization. The translators make a written language and then translate the Bible into the Indian language, a 10-to-20-year task. Santa Olsson, daughter of one of the translators, Don Olson, has come from San Antonita, Ocotlan, Mexico to attend Wayland Baptist College. In 1973 the Floydada men worked among the Chinacentic Indians at Lalana, Mexico with Dr. Jordan treating them for malnutrition, anemia, hookworms, some tuberculosis and malaria. The two want to go into the Lacandone Indian area with the Wycliffe Translators next year. In this part are the last of the Mayan Indians near the city of Tuxla Gutierrez. The natives have let few people come in until recently.

No Danger
"We have never been threatened by the Indians, or felt that we were in any danger," said Dr. Jordan, "but have been well treated and had no unpleasant experiences. The flying doctors' only near misfortune was four years ago when the plane's engine quit and they thought they would have to land in the mountains; however, they made it back safely to the airport at San Pedro, Sula, Honduras. "I do this work because I like to," Dr. Craig said, "and I do it also because every man should do something, even though it is a little thing, for somebody without pay. I feel that if a lot of people do a little, a lot will get done." They feel the work is rewarding, yet overwhelming. "I feel as if someone had handed us a shovel and told us to move Pike's Peak," explained Dr. Jordan. "We have only just scratched the surface."

Flying Dentists
The Floydada residents' project started when the Christian Dental Society of which Dr. Craig is a member, and the National Flying Dental Association asked dentists to go to Central America to do tooth extractions. Dr. Craig has served as president and secretary and is now missions chairman of the Flying Dental Association. Dr. Craig had no plane at the time and asked Dr. Jordan, who owned one, to join him in the undertaking. They have been good friends and co-workers ever since and four years ago

AND A SCHOOL TEACHER

Two Doctors Treat Remote Area Tribe

By MARIE HARRIS
Regional Editor

FLOYDADA — Only two patients came the first day — but the word spread — and 32 arrived the second day. On the third day 52 of the Chatino Indians received the services of the white dentist and doctor from the United States.

The two-man team from Floydada — Dr. Charles C. Craig, dentist, and Dr. Jack G. Jordan, MD — was on its February 1974 visit to an outlying area south of the border. This year's destination was Taltaltepec, in Oaxaco State in southern Mexico, an interesting land of Mayan ruins. For the past 11 years the pair has flown to a remote region to give free medical aid to people lacking such care.

Also accompanying the doctors was Floydada high school teacher Jack McIntosh.

Jack helped schedule the patients and observed the farming procedures.

Dr. Jordan was the first medical doctor who had been to Taltaltepec in five years and Dr. Craig, the first dentist in 10 years, since the missionaries had been there, and perhaps the only one, as there are no previous records. They were an eight-hour walk from the nearest road. The only way to get into these villages was by walking, riding burros or to be flown in by the Mission Aviation Fellowship — the latter means was used by the Texas doctors.

Eat Tortillas
Sharing what the Indians had, Dr. Craig and Dr. Jordan slept on straw mats in the huts with thatched roofs and mud floors. They ate tortillas, stuffed with beans and peppers, cooked on a piece of metal that served as a stove, and the good bread made from corn baked in big, mud outdoor ovens. The women ground the corn with curved flat stones resembling rolling pins.

Dr. Craig and Dr. Jordan started doctoring the men, women and children as soon as there was enough light to see each morning and worked into the night, using lanterns. The

dentist would have two patients "numbing" while he pulled teeth for a third one.

On the journeys Dr. Craig mostly pulls the bad teeth of the natives — teeth destroyed by bad diet, by chewing sugar cane and by lack of professional care. In Honduras and Panama Dr. Craig was able to fill and restore teeth because electricity was available to operate the equipment he began taking on the second trip. In Southern Mexico he could do was to extract teeth because there is no electricity.

The Floydada residents' project started when the Christian Dental Society of which Dr. Craig is a member, and the National Flying Dental Association asked dentists to go to Central America to do tooth extractions. Dr. Craig has served as president and secretary and is now missions chairman of the Flying Dental Association.

Dr. Craig had no plane at the time and asked Dr. Jordan, who owned one, to join him in the undertaking. They have been good friends and co-workers ever since and four years ago

SOCIAL SECURITY INFORMATION

Q. I've been farming for the past 3 years, and I had a net profit each year of about \$2,000, but I've never paid any social security contributions. Can I go back 3 years and get social security credit for these earnings?

A. Yes, you can get social security credit if you file

tax returns reporting the earnings. Get in touch with any office of the Internal Revenue Service to file returns and pay the social security contributions. The Internal Revenue Service will forward the information to the Social Security Administration.

Q. My brother, who's 67, can't work because of a heart condition. He gets \$100 a month from Social Security. Can he get more?

In 3 seconds you'll know which electric typewriter to give this Christmas

Smith-Corona's new Cartridge Ribbon

The only one with the 3-second ribbon change. The quickest, cleanest ribbon change there is.

Also, Coronamatic™ Ribbon Cartridges come in nylon and carbon film (usually available only with office typewriters).

So in the same 3 seconds it takes to change a cartridge, you can change to a carbon film cartridge for typing that looks like printing.

And for mistakes, there's a correction ribbon in a Coronamatic cartridge, so you can correct errors in seconds.

There's also an assortment of colors, so you can add color to your typing.

Now with Smith-Corona's new cartridge ribbon typewriters you know which electric portable to give.

The question is who to give it to.

ter News

...dance each day. ... are hard at ... this week. Thanks ... to each one who helps. We ... are looking forward to more ... helping soon.

Ladies from the Love Class of the First Baptist Church visited Thursday afternoon and gave cookies to be served. Everyone will enjoy them, I'm sure. Bingo was fun as usual. We played several games. Our big winners were Ellen Love and Bessie Palmer. We are thankful for the nice rain. Hope it will make everyone feel better.

We are very happy to welcome a new resident, Mrs. Rillar Hall. We hope she will be very happy here.

PIGGLY WIGGLY

HELP PIGGLY WIGGLY SAVE ENERGY

Piggly Wiggly has taken many steps to help save energy including lowering our thermostats, reducing operating hours, using recycleable egg cartons and many more. We want you to help us with one more. Will you please bring back all your re-usable large grocery bags when you shop so we can use them again to bag your new order. Thank you for helping us.

We Welcome Federal Food Stamp Customers
