## Federal Tax Bite \$7,828,000 Locally

NEW YORK. — With Tax Day, April 15th, rapidly approaching, residents of Floyd County are busy doing their arithmetic these days.

They are working their way down to the bottom line on their reports, which will tell them just how much their Federal income taxes will total this year.

Will they be bigger or smaller than they were last year, when their tax payments, including the amount collected via withholding, came to approximately \$7,907,000?

That was the total received from the local area, according to an unofficial breakdown of the statewide collection figures, recently released by the Treasury Department.

They show that personal income taxes collected in the State of Texas added up to \$9,884,000,000 and that residents of Floyd County produced about 0.08 per cent of it.

This year the tax load will be somewhat smaller overall, according to

the Government's expectations, as detailed in the budget submitted to Congress last month.

Many people will be paying less than before because they were unemployed part of the time and earned less. On the other hand, those who had a full year of employment and presumably earned more than in 1973, will have bigger tax bills.

The Administration counts on

individual tax returns, including payroll taxes, amounting to approximately \$203 billion, which is \$2 billion less than was collected last year.

In Floyd County, based upon income earned locally in 1974, this year's contribution will be nearly \$7,828,000, it is estimated. Some of it may be rebated later.

As for the following year, the budget provides for a cut in personal income

taxes, the purpose being to revitalize the economy by leaving more money in the hands of the consumers.

It calls for a total of approximately \$183 billion in such taxes, down some \$20 billion from the present level.

For Floyd County residents, subject to revisions that Congress is considering, it would represent a reduction of about 10 percent in their combined tax load.

BERTRAND IS pictured with miniature windmill in her front yard. Grandparents are Mr. and Mrs. William Bertrand, mother, Mrs. Randy Bertrand and her grandmother. The windmill was a gift to her. The Bertrands live about five miles southeast of Floydada. Other grandparents are Mr. and Mrs. Connie C. Bertrand, Floydada, Texas. (Staff Photo)

## Girl's District Track Meet Here Tuesday

Everyone is invited to the girl's district track meet at Floydada all day Tuesday. This includes Junior High competition as well as high school.

Coach Sally Miller was unavailable for schedule at press time as she had her track team at Amarillo, but it was presumed that the events might begin as early as 9 a.m. Tuesday.

SECOND IN STATE...FHS Whirl reporter-advertising student Freddy Garibay placed second in state competition with his advertising layouts for Thriftway. This is the second year he has placed second in state of all AA schools in Texas. (Staff Photo)

## Caprock Chat By Wendell Tooley

BUD RAINEY and I were back Monday morning, backing out of a parking lot. I was backing out of a parking lot at Quality Body Shop. I backed and stopped just as the bumper touched.

It was an uncommon accident. I looked up and down the street, backing from a parking lot. I was backing out of a parking lot at the same time.

THE SIGN of old age is when you see rings on Saturday and hope it isn't for you.

When that mean little boy comes at you, why didn't you throw a rock instead of throwing a punch?

What good would that have done? You would have missed him too.

GET CAUGHT UP... I have run my front pages for the past few years. How many first place winners have I had?

Not only do I have many winners, but I have many losers. Various organizations and individuals have won every award.

They have won every award. I have entered this competition many times. So...they have won every award.

They have won every award. I have entered this competition many times. So...they have won every award.

They have won every award. I have entered this competition many times. So...they have won every award.

They have won every award. I have entered this competition many times. So...they have won every award.

They have won every award. I have entered this competition many times. So...they have won every award.

They have won every award. I have entered this competition many times. So...they have won every award.

They have won every award. I have entered this competition many times. So...they have won every award.

They have won every award. I have entered this competition many times. So...they have won every award.

They have won every award. I have entered this competition many times. So...they have won every award.

They have won every award. I have entered this competition many times. So...they have won every award.

They have won every award. I have entered this competition many times. So...they have won every award.

They have won every award. I have entered this competition many times. So...they have won every award.

They have won every award. I have entered this competition many times. So...they have won every award.

## C.L. Record, Lucille Frizzell Lockney Outstanding Citizens

C. L. Record and Lucille Frizzell were named Lockney's 1974 "Outstanding Citizens" at the Chamber of Commerce banquet here Thursday night.

Announcing Mrs. Frizzell's honor was her daughter, Jackie Lou Holt, who was Lockney's outstanding woman citizen in 1973. Jesse Garza, the 1973 outstanding man, announced Record's selection as outstanding citizen.

The Rev. Hugh Daniel was master of ceremonies for the event. Dinner music was provided by Ronnie Cunyus and Glen Lane. The Lockney stage band, under the direction of Raymond Lusk, performed several numbers.

Mayor Claude Brown welcomed guests, terming the banquet "...the highlight of our year." Out-of-town guests were recognized by outgoing Chamber president Eddie Foster, who also presented the gavel to new president Joe Cunyus. Cunyus presented the other officers, vice president Charles Smith and secretary James Race, and the C of C directors.

Officers of the new Women's Division of the Chamber were introduced. They included president Eleanor Schacht, vice president Laverne Christian, secretary-reporter Elaine Hardy, and treasurer Maria Arellano.

Dr. Tom Shipp, pastor of Lovers Lane United Methodist Church in Dallas, was the speaker. He urged the crowd: "Never be ashamed of the good things you do," and "...make champions, not losers, out of the people around you."

OUTSTANDING MAN Record was the 20th Lockney man to be honored. His wife Lucy Dean received outstanding woman citizen recognition in 1969. Record was honored for his encouragement of the town's youth. He has worked with the Lockney Band Boosters even during years when his own children were not in the band.

He was raised at Dumas and is a

World War II veteran. He and his wife came to Lockney, her hometown, in 1945. After operating a grocery store and farming for a time, he was forced to retire because of ill health. He is school bus foreman with the Lockney schools. He has been a Sunday School teacher for 20 years at the United Methodist Church, where he directs the choir and sings with a quartet.

The Records have two children, Mrs. Donna Lyn Roberson of Lubbock and Breck, an eighth grader. Donna Lyn and husband Guy have four children.

OUTSTANDING WOMAN Lucille Frizzell has lived in Lockney some 40 years. She and her husband Jack made Lone Star Community their home until some nine years ago when they moved into town.

Lucille is the mother of four children: David, her oldest, a local farmer; Mrs. Kenneth Holt, a local homemaker; Mrs. Bobby Webster, a former teacher who resides in Wichita, Kansas; and Joy, a Junior in Lockney High School.

Lucille has contributed to her community and especially to its people, in many ways.

She has always been an active church member. When her children were preschoolers, she was a Bible School teacher at Lone Star Baptist Church. She has taught Sunday School for some 20 years and has been a spiritual influence to the many young married couples she has taught for the past 15 years. Many times at Lockney's First Baptist Church she has been in charge of the sweetheart banquet honoring the Senior Class, as well as making many a promotion poster and decorations for various church events.

LOCKNEY'S OUTSTANDING CITIZENS—Lucille Frizzell and C. L. Record were honored at the Lockney Chamber of Commerce banquet as "Outstanding Citizens" of 1974. (Staff Photo by Jim Huggins)

## Letter To The Editor

Dear Sir, I have been here since February 11, 1975 and have received a copy of The Hesperian the past three weeks. I really appreciate the paper and enjoy reading it. It helps keep me in touch with people I haven't seen or heard of since moving away.

I like your column and also the various columns dedicated to farm and ranch subjects, also pieces from other newspapers.

When one is in basic training he never hears enough from his folks and friends and the newspaper helps fill the

gap. I hope, sir, that you are well and that your business is prospering. I remain, as ever,

Very sincerely yours, William Spears.

(Editor's reply: Thanks, William for the nice letter and we hope you hurry and get through that rough basic training and come by to see us when you are on leave. If anyone wants to write William a letter, his address is W. C. Spears, S. R., 924-84-0644, Co. 97, RTC-NTC, San Diego, California 92133.)

ONE ACT PLAY WINNERS...FHS young actors won at Tulia Thursday and will advance to area competition later on this month. Their play was "Hedda Gabler." (l to r) Craig Hambricht, Derrick Cheek, Dana Woody, Debbie Green, sponsor Weldon Melton, Ray Foster, Grant Hambricht, Nesa Jackson, Bill Whitaker, Greg Carthel, and Terri Hesson. (Staff Photo)

## Negotiations Fail To Return Radio Station KFLP To Proper Owners

Efforts to restore Radio Station KFLP back to its original owners April 12 have bogged down, according to gossip being spread by those in authority. The Floydada Lions club, by conniving and otherwise pressuring the management of the radio station, has contracted to ruin, er, uh run the radio station Saturday, April 12, from

signon to signoff, approximately 14 hours. No promises have been made as to the condition the business will be in when the club finishes with it. Activities ranging from the ridiculous to the sublime are threatened for the day. Watch Thursday's edition of this newspaper for pictures and details of the planned takeover.

## Revival Begins At Cedar Hill

Revival services begin Sunday at Cedar Hill Assembly of God and everyone is invited to attend. Services will begin at 6 p.m. Sunday and then be

at 8 p.m. during the week nights. Evangelist Don Martin of Arlington, Texas will be holding the revival.

Humorist Jerry Clover will be featured at the 1975 State Meeting of the Future Homemakers of America on April 19, in the San Antonio Convention Center. The Yazoo, Mississippi storyteller is currently recognized as one of the nation's top country humorists. He has made appearances on several major television shows, including the "Mike Douglas Show," "Grand Ole Opry," "See Saw" and the "David Frost Show," and is a recording artist with MCA Records.

## FREE CHILI SUPPER Independent Cattlemen To Meet

Floyd County Independent Cattlemen's Association invites the public to a free chili supper in the Lockney Junior High School cafeteria Thursday, April 10 at 8 p.m.

State Association president, W. A. Cunningham, urges all county cattlemen to attend and express their opinions of the proposed brucellosis program.

Cunningham reports the Texas Animal Health Commission plans to quarantine an entire herd when one animal is found to have

brucellosis. The entire herd would be fire branded with a "B" and would have to be sold as such, at packer buyer prices, regardless of beef quality, Cunningham said. Also, adjoining ranches with herds will also be quarantined under the proposal plan presented to the legislature. Cattlemen predict passage of the bill would finish off the cattle business in Texas.

All persons interested, livestock producers, grain and business people, are invited to the free chili supper and meeting.

## Trail Ride Scheduled

The fourth annual Trail Ride, sponsored by the Loft Western Wear and Davis Farm Supply, has been scheduled for Saturday, April 12, beginning at 12:30 from Davis Farm Supply.

Everyone is invited to bring horses and trailers for the seven mile ride to the Bundy Campbell ranch for a picnic supper served by The Loft and Davis Farm Supply.

Sid Waller will lead the Trail Ride.

Prospective riders should come by or call The Loft, 983-2235 or Davis Farm

Supply, 983-2233 to reserve a spot for the ride. All riders should be signed up by April 11 in order to know how many will make the ride.

## SILVERTON MAN GETS PATENT

The Patent Office has notified Larry Jarrett that his Patent Number 3880240 will be issued on April 29, on a row marker that he developed.

Thanks for shopping in Floyd County

## NEW INVENTION THE PERIMITECTOR

Nationwide Scientific, the nation's leader in line-carrier (ac transmission) alarm equipment was recently awarded a U.L. listing for the new PERIMITECTOR alarm system. This unique system provides perimeter protection that scares-off intruders before they set foot inside. The PERIMITECTOR will provide professional security for the first time at an extremely low price by eliminating internal wiring and large labor bills. This new concept is achieved by transmitting the violation signal over the buildings existing a-c wiring through new plug-in transmitter-receiver modules. Result - an extremely effective very low cost alarm system for home or business that accepts all fire and burglar alarm detection devices available.

**DEALERSHIP AVAILABLE**  
 We're offering a limited number of distributor-dealership opportunities in one of the fastest-growing industries in the '70's:

### A LUCRATIVE SIDELINE

- No franchise or broker's fees
  - Excellent profit margin
  - No electrical experience necessary
  - Operate from home or shop
  - Training included
  - Installation inventory and test equipment
  - Operation manuals and classroom instruction included
  - Low fixed overhead
  - Protected territory
  - Patented-registered brand names
- We will only accept ONE distributor or dealer from this area  
 For details CALL (219) 769-4242 COLLECT.

IF YOU DON'T HAVE \$3450.00 FOR TOTAL INVESTMENT - DON'T REPLY!!

## A Train Ride Through Texas By Music And Tapes Is Club Program

A train ride through Texas by colored slides and tapes was enjoyed at the Tuesday night meeting of the 1934 Study Club. Members met in the home of Mrs. Dennis Dempsey for the Texas Day program. Mrs. Dempsey was assisted by Mrs. Wilson Bond in hostess duties.

The presentation in music and slides of Texas under six flags was given by Mrs. Carolyn Cheek, vocalist, a public school teacher, private piano teacher and director of the junior choir at First Baptist Church; Mrs. Adrian Helms, pianist and school choir accompanist and director of children's choir in First Baptist; and Mrs. Ray McDonald, violinist, school teacher and

special violinist in the Episcopal Church and president-elect of Texas State Teachers Association.

Ranching in Texas was the most important until oil was discovered. This brought many settlers to the state, German, French and Spanish descents along with Indians. Voices on the tapes compared living during these eras as compared to the present time, in music, customs and styles.

There were monologues of Travis, Crockett, Bowie and Sam Houston, taking club members through the scenes of the Battles of Texas.

The program concluded with Mrs. McDonald leading the singing of "Texas Our Texas."

Mrs. William Bertrand,

final selection of nominees was made by a faculty committee.

Faculty committee making selection of nominees included Carole Blair, dean of women, head of the committee; Earl Gerstenberger, dean of students; Ken Hare, director of student activities; Buddy Moore, instructor in mid-management; Gail Burrier, associate professor of biology; and Mrs. Shirley Foster, academic counselor.

Tickets for the banquet are \$1 for women off-campus and \$1.75 for faculty women and wives. On-campus women students will be admitted with their meal ticket.

**RECEIVES AWARD...** Steve Cannon, son of Mr. and Mrs. J. W. Cannon of Floydada, recently received a certificate of recognition in the automotive mechanics program at South Plains College.

## Karen Willis In "Woman Of Year" Event

LEVELLAND—Twenty young women have been nominated for the honor of "Woman of the Year" at South Plains College, among them Karen Willis of Floydada.

Name of the winner will be announced Tuesday night (April 8) at the seventh annual "Women's Recognition Day" dinner sponsored by the SPC Faculty Women's Club. Carleen Schlenker of Lubbock, last year's "Woman of the Year," will present a plaque to her successor.

Featured speaker for the 6 p.m. dinner in Texan Hall will be Dr. Alice French, host and producer of "People Place" on KCBT-TV. Nominations were submitted by campus organizations and

FLOYD DATA  
Ester Luna has returned to her job in Amarillo after

were developing for the May tour of the Mackenzie Dam planned for members and their husbands.

The hostess introduced the speaker for the conservation program, Harry Campbell, who is Dickens County Extension Agent. He brought a beautiful, interesting and most informative film on "So Little Time", a conservation film wild life in North America. Especially featured were the birds of that area with commentary by Roger Tory Peterson, which depicted ways of preventing the extinction of the birds and animals and promotion of their well being. This film was made with much of the commentary being done in song.

After the program Mrs. Campbell served Boston Fudge pie, coffee, tea and mints to Mmes. H. O. Cline, C. W. Denison, Clarence Goins, Clay Henry, Ian Moore, S. W. Ross, Q. D. Williams, J. M. Willson Jr., and speaker, Harry Campbell.

## Founders Day Plans Made By Alpha Mu Deltas

Plans for Founder's Day were discussed by members of the Alpha Mu Delta chapter of Beta Sigma Phi April 1 in the conference room of Farm Bureau. Mrs. L. H. Koch, president, presided over the business session.

Mrs. Doyle Warren discussed her progress on the County Fair, and members decided to hold a covered dish supper with entertainment on Founders Day.

On a motion made by Mrs. Bud Henderson, the chapter voted not to meet during the summer months, however socials are being planned.

As a kind jester to club members, the chapter served dinner to the Cecil Jackson family Thursday night.

Program for the meeting was given by Mrs. Doyle Warren on "Thought". Taking a conversation and breaking it down, she spoke on what thoughts one had before answering.

Refreshments were served to Mmes. Doyle Warren, L. H. Koch, Bud Henderson, Jim Nichols, Glenn Bertrand and Dean Watson.

## Caprock Hospital Auxiliary To Meet

The Caprock Hospital Auxiliary meeting is scheduled for Monday, April 7 at 10 a.m. in the hospital dining room.

The previous regular meetings have been the first Tuesday in each month. A change has been made and now the meetings will be on the first Monday of each month.

All members and interested persons are urged to attend.

## LOCKNEY LOCALS

Mr. and Mrs. Johns Cox and Marjorie Martin attended the wedding of Cindy Sinkler and Dwain Mussey, Friday night at the Bellair Baptist Church in Lubbock.

Mr. and Mrs. Freddie Ivy of Arlington also attended the wedding. They came home with the Coxes to spend the weekend.

Saturday Mr. and Mrs. Freddie Ivy, Marjorie Martin, Mr. and Mrs. Johns Cox all went to Hart to visit with their daughter and family Mr. and Mrs. Max Marble and boys. They also visited Mrs. Cox's brother and wife, Mr. and Mrs. Obie Sweet in Plainview on their way home.

Weekend visitors in the Johns Cox home were Charlotte Marten and Little Nephew Carey of Hereford, Texas and Jerry Blazier of Cactus, Mr. and Mrs. Max Marble, Larry and Marlin at Hart, Mr. and Mrs. Freddie Joe Ivy of Arlington and Marjorie Marten.

## HALE GETS AWARD FROM KAPPA PHI

Samuel Andrew Hale, son of Mr. and Mrs. Sammy Hale of Floydada, was among fraternity members to receive an award from the Kappa Psi Central Office for 3.0 or better grade-point average earned during the two semesters immediately preceding the current one.

Hale is a pharmaceutical student at Southwestern Oklahoma State University at Weatherford, Okla.

## County Agent's Corner

### By Doyle Warren Floyd County Agent

#### PLANNING YOUR VEGETABLE GARDEN

Time spent in late winter and early spring to plan your vegetable garden will provide fresh vegetables for eating and preservation with less work, believes Doyle Warren, county agent with the Texas Agricultural Extension Service.

The first important consideration is to choose vegetables that the family likes best. If only one or two members of the family like a particular vegetable, it may be cheaper to buy it at the supermarket and use the garden space for those vegetables enjoyed by all.

Secondly, choose those vegetables that have a superior taste and flavor when freshly harvested as compared to the usual store bought produce. Tomatoes, sweet corn, peas and snap beans are good examples of vegetables that taste better when harvested garden fresh.

Space is another consideration, adds Warren. A small garden can provide many meals if vegetables chosen do not require a lot of garden space. Also, dwarf varieties of many vegetables

## Teresa McLaughlin Honored

Miss Teresa McLaughlin of San Angelo was the recent honoree at a bridal shower held in Trinity Lutheran Church at Providence. Miss McLaughlin, a former Providence resident, and her fiance, Michael Leary will marry May 2 in San Angelo, and then will go to England where he will be stationed with the U.S. Air Force.

Misses Lisa Scheele and D'Lyn Mathis registered guests from a table laid with a blue cloth. An arrangement of flowers surrounded the blue candle which was on the table.

Centerpiece on the serving table was a money tree which was presented to Miss McLaughlin. The table was laid with white linen cloth. Blue ribbon and white daisies were used on the centerpiece.

Mrs. Helmuth Quebe and Mrs. Albert Scheele served refreshments of fruit punch and white cake squares topped with blue icing

## FLOYD DATA

Mr. and Mrs. Roger Poage and children enjoyed an Easter vacation in Ruidosa, New Mexico where they joined Mrs. Poage's mother and her husband, Mr. and Mrs. Ben Landess of Amarillo, at their cabin home. The group enjoyed skiing and sledding while at Ruidosa.

## Warren Recommends Home Gardener Start With Relatively Small Garden

Warren recommends that the inexperienced home gardener start with a relatively small garden and select vegetables that are relatively easy to grow. A garden 20 feet by 20 feet can provide abundant fresh produce for a family of three or four if managed properly. Beans, peas, tomatoes, radishes, leaf lettuce and squash are good vegetable crops for beginning gardeners.

Finally, a frequently overlooked consideration is the planned date of the family vacation. If at all possible, plan crops to mature before or after the vacation. Or perhaps a neighbor or friend will be willing to take care of the garden during your absence for a small part of the crop.

So, take time now to begin planning the home garden, suggests Warren. Sketch out the garden plot, list the crops to be grown, and indicate the number of rows, distance between rows and anticipated planting dates of each vegetable.

In developing a garden plan, keep these points in mind:

Borger also were here to visit with all the Scheeles and with Mr. and Mrs. Randy Duckworth. Mandy Kendall of Kress spent several days of last week with her grandmother, Mr. and Mrs. Wilfred Stoerner and family. Sunday lunch guests with the Stoerners were Mr. and Mrs. Sam Kendall, Becky and Robin of Plainview. Mr. and Mrs. Gary Faries of Spearman were here for the Easter weekend with her parents, Mr. and Mrs. Donnie Bybee, Louie and Becky. They were all joined by Steve McPherson and Cynthia Stoerner on a visit to Lockney Sunday with the Bybee's parents, Mrs. Delbert Bybee, and Mr. and Mrs. Joe Rogers. Mrs. Delbert Bybee then had to go into Lockney hospital Sunday night. Mr. and Mrs. Jack Dickson's children, Tracy Dickson of WTSU and Mrs. Dwain Nixon and Shay of Lubbock were here for Easter. Mr. and Mrs. Walter Boedeker, accompanied by their daughter Mrs. Weldon Foster, recently went to Cameron to visit Mrs. Boedeker's brother, Fred Ohlenbusch, and her sister, Mrs. Mary Folschinsky. As they returned home, they stopped in Waco to visit Mr. Boedeker's aunt, Elizabeth Stutzenbecker. Mr. and Mrs. Weldon Cumbie were in Stephenville Friday through Monday to visit with their daughter, Mr. and Mrs. Tommy

**LOCKNEY CHAMBER OF COMMERCE DIRECTORS**

Barker, Craig and Brian. They went to Boyd to attend a Caldwell family reunion, and on Sunday they attended the golden wedding anniversary celebration of Mr. and Mrs. John Booth in Stephenville. Mrs. Booth is a sister of Tom Word of Lockney. Palm Sunday dinner guests of Mr. and Mrs. Arnold Dietrich, Mike and Jim were Mr. and Mrs. Tom Word, Mrs. Anna Dietrich of Lockney Care Center, Mr. and Mrs. Fritz Schacht, Anna and Herman Schacht, Mr. and Mrs. Virgil Brasher, Mr. and Mrs. Larry Christian, Cinde and Nick, Mr. and Mrs. Calvin Brittain, Marc, Richard and David of Amarillo and Margaret Schacht. Miss Karen Webber of Arlington spent several days recently with Mr. and Mrs. Ewald Quebe. Sunday dinner guests of Mr. and Mrs. James Landtroop were Ricky Landtroop of Oklahoma City, Mr. and Mrs. Doug Yates of Bethany, Oklahoma, Mr. and Mrs. Merv Kelley, Shanda, Brad and Brent, Mr. and Mrs. John Ray and Johnny, Mr. and Mrs. Orval McGuire, Sheila McGuire and Montey Nelson, all of Plainview. Mr. and Mrs. Keith Jackson and sons spent Friday night before Easter in Merkel with her parents, Rev. and Mrs. Russell McAnally. Definition of A Farm As spelled out by the U.S. Census Bureau, the official definition of a farm is a tract of 10 or more acres that produces at least \$250 worth of commodities for sale. The tract can be smaller if the volume of crops and livestock produced is larger.

Marble, Clyde Frizzell and Mr. and Mrs. Elco Frizzell and Ava Jackson, Floydada, visited Leo Frizzell, Mr. and Mrs. John Rogers, Muleshoe and Mr. and Mrs. Howard Rogers of Quitaque visited Ola Rogers. Elizabeth Settle, Lubbock and Maurine Griffith, Plainview visited Bettie Lester. Art and Yvonne Ratzlaff, Floydada, visited Lola Grider. Thanks also to our very many Lockney visitors. We are also proud to announce that we have Nancy Hurt as our R.N. Consultant and Wilbur Mize as pharmacist consultant. Till next time...

# Farm-facts

A Weekly Report Of Agri-Business News

Compiled From Sources  
Of The Texas Department of Agriculture  
John C. White, Commissioner

Planting of major crops throughout the state is about on schedule or ahead of this time a year ago. Cotton planting for the state is now nearing the 10 per cent completion mark. Sorghum planting is more than a fourth completed. Some fields were damaged to some extent by recent freezing weather in the south central part of the state.

About one-third of the corn acreage in the state has been planted. Peanut seeding is underway in South Texas. Wheat is making excellent growth on the High and Low Plains. Livestock movement off wheat and oat fields to feedlots has peaked. Livestock condition generally is fair to poor, as grazing becomes short in many areas. Heavy culling is underway in the north and eastern areas of the state and death losses continue to run above normal.

One of the few crops which is behind schedule in planting is rice. Less than five per cent of the crop has been planted in the state. Vegetable crops are making good progress. Cabbage, carrot and onion plants are being harvested in the San Antonio-Winter Garden area as well as the Lower Rio Grande Valley.

Peaches are blooming in most areas of the state and pecan trees are budding in north central Texas. Citrus harvest is about completed.

**WHERE ARE THOSE ONE MILLION** acres that won't be planted to cotton in Texas this year going? Apparently, they will go into sorghum. The Texas Crop and Livestock Reporting Service notes that cotton acres are expected to be down one million acres this year from last year, and that sorghum acres are to be up one million acres from last year.

Cotton acres this year are expected to total 4.3 million acres compared to 5.3 million acres in 1974. Sorghum acres are expected to total 8.5 million acres compared to 7.5 million acres in 1974.

Wheat acres in the state are set at 6.5 million acres compared to 5.6 a year ago.

**APRIL 9** will be the date for a special winter wheat forecast for Texas only. The report is to be issued to give producers more information about prospects for the wheat crop.

The gross injustices to High Plains farmers that resulted in 1974 from U.S. Department of Agriculture regulations on substitution of crops under the disaster provisions of the farm law "cannot occur in 1975."

The quote is from a letter written to Congressman George Mahon of Lubbock by Victor A. Seneschal, USDA's Assistant Deputy Administrator of Farm Programs. The letter, a copy of which was sent to Plains Cotton Growers, Inc., Lubbock, was accompanied by a revised set of program regulations.

According to PCG President Don Marble of South Plains, "Unless changed, these new regulations will give producers far more protection under the farm act's disaster program in 1975."

Mahon, Chairman of the House Appropriations Committee, an active proponent of regulation changes, has worked closely with Marble, PCG Executive Vice President Donald Johnson and others to secure the program improvements confirmed by Seneschal.

The disaster clause of the 1973 farm law, inserted largely at the insistence of PCG, provides for a producer payment if a farm's total production of a crop falls below two-thirds of the farm's normal yield of that crop. For cotton, the payment rate in 1974 was 12.67 cents per pound, two-thirds of the 38-cent "target price" as specified by law.

In 1974, USDA decreed that whenever crop substitution occurred between two crops, total actual production of both crops would be combined to determine eligibility for disaster payment. Under this ruling, many producers who overplanted their feed grain, wheat or cotton allotments and underplanted one or both the others were denied payment even after suffering total or near total loss of one or more crops. Normal or above normal production of one program crop was used to offset disastrous yields on other crops, making farms where this occurred ineligible for payment on failed acreage.

PCG, enlisting support from the Producer Steering Committee of the National Cotton Council, Lubbock's Grain Sorghum Producers Association and others, loudly protested the inequities fostered by these rules at a meeting with USDA officials, including Seneschal, in Washington December 10 and 11 of last year.

Seneschal's letter to Chairman Mahon stated, "Eligibility for disaster payments will be determined separately for each program crop (cotton, wheat, feed grain)," and went on to say "Substitution rules for 1975 can only be to the farmer's advantage."

Other improvements in disaster program regulations also were spelled out by the USDA official. "If one program crop is overplanted and another is underplanted, the disaster coverage of the overplanted crop is increased to the smaller of the overplanting or the other program crop allotment underplanting." Under some circumstances this would mean disaster payments on an acreage greater than the farm allotment, PCG officials noted.

And, unlike 1974 rules, Seneschal said "For 1975, producers will not be charged for planting another crop on wheat or feed grain acreage which subsequently fails," and "Settlement in such cases will be based on the approved production, if any, on the failed wheat or feed grain acreage."

Another major complaint registered by PCG members in 1974 was against the use of Federal Crop Insurance Corporation personnel, many of whom were unfamiliar with area crops and conditions, as appraisers to inspect weather-damaged crops. This too appears to have been corrected. Seneschal's letter said "In 1975 appraisal and loss adjustment work will be handled totally by ASCS personnel except on farms covered by FCIC contract. Losses on FCIC insured farms will be adjusted by FCIC personnel as in 1974."

**- FREE -**  
**DEAD STOCK REMOVAL**  
**IN FLOYDADA**  
**CALL JIM'S 66 SERVICE**  
DAY 983-8135  
NIGHT 983-2478

The Honorable Bill Clayton, Speaker of the Texas House of Representatives, meets with Directors of the High Plains Water District, February 26 in the Speaker's Capitol office. From left, are Ross Goodwin of Muleshoe, past President and Member of the Board; Chester Mitchell, Member; Clayton; Ray Kitten, Board President, and Selmer Schoenrock, Vice President.

## Growers Intend To Plant 10 Million Acres Cotton

Growers intend to plant 10,000,000 acres of all cotton in 1975, 9.9 million to upland and 67,200 to American Pima, according to the USDA's Crop Reporting Board. If realized, this acreage will be down 29 percent from the 14.0 million acres planted in 1974 and the lowest since 1967.

Texas and Oklahoma upland growers intend to plant 4.7 million acres, five percent more than was

intended January 1 but 20 percent less than 1974 plantings. Planting has started in southern areas of Texas.

In the Delta states, growers plan to seed 3.0 million acres, three percent more than January 1 intentions but 36 percent less than 1974.

Growers in Arizona, California and New Mexico expect to plant 1.4 million acres, up five percent from January 1 but down 24 percent from 1974.

In the Southeast, expected plantings totaled 785,000 acres, unchanged from January 1 but 48 percent below 1974 plantings.

American Pima producers intend to plant 67,200 acres, 18 percent below 1974.

## States Unite To Boost Export Sales

**AUSTIN**—The Southern United States Trade Association (SUSTA), an organization of 15 states to increase sales of food and fiber to foreign nations, opened its office in New Orleans recently.

Agriculture Commissioner John C. White, SUSTA vice president, participated in the opening day ceremonies. White will assume the presidency in June.

"Through SUSTA, we in Texas and other member states have an opportunity to sell more of our agricultural products to customers overseas," White said. "The offices are located in the International Trade Mart, one of the most active export centers in the country," White said.

**More Nutrient To The Acre**  
Research shows that more food nutrients can be produced from an acre of sweet potatoes than from any other crop that can be grown on an acre.

## A Land Bank loan at work

Once you've decided to make major improvements on rural property, ask your local Land Bank Association about long-term financing. Finding a better way to borrow is as important as finding a better way to farm.

**Farm Debts Mount**  
Total farm debt in the U.S. has doubled twice in the last 15 years. By early 1975, it is estimated that American farmers will owe more than \$100 billion.

## Indicators Hint Better Cotton

**RALEIGH**—The economic recession shows signs of bottoming out, and that should mean a better market for cotton producers.

That is the substance of a study of several economic indicators reported in the February "Cotton Summary" published by Cotton Incorporated, the research and marketing company of U. S. cotton producers.

"Cautious optimism" is the way David Cox, vice president for economic research and development at Cotton Incorporated, views the situation for cotton producers.

Cox points to continued consumer purchasing of apparel and other textile products, textile industry efforts to control inventories, and strong anti-recession measures by foreign governments as indicators of a brighter future.

"The textile industry is still reacting very cautiously," Cox said. "Everyone is afraid to resume normal business operations as long as the overall industry and

general economic situation remain clouded."

But while cotton buyers are cautious, the wait-and-see attitude cannot last forever. "Retailers and mills both realize that goods should be on the shelf when consumers want them," Cox said.

One factor lending optimism to the picture was a study by the Market Research Corporation of America showing that 1974 unit sales were down only 3.2 per cent from 1973 and that textile and apparel items were reasonably strong during Christmas and January.

Cox explained that as consumer sales continue to cut into retailer inventory, a trickle down effect will eventually reduce mill inventory and rekindle production. Mills will then begin buying raw cotton in earnest.

About one-half of the 1974 cotton crop is still in the hands of producers, as things stand now, and producers may be right to

# OBITUARIES

## Mrs. Rexrode

Services for Mrs. David B. Rexrode, 79 year old Plainview resident and formerly of Floyd County, were held Friday in the College Heights Baptist Church in Plainview. Mrs. Rexrode, who with her husband lived in Floyd County from 1919 until 1924, died Wednesday night in a Plainview hospital after a lengthy illness.

The former Dana Dee Daniel was born in Gonzales County and was married near Quanah April 7, 1918. She had lived in Plainview since 1924.

Survivors include her

husband; two sons, Doyle "Tim" of Alamogordo, N.M., and David C. of Amarillo; a sister; four grandchildren and a great grandchild.

## Jill Jones

Graveside services for Jill Maree Jones, three year old daughter of Mr. and Mrs. Homer Jones, former Floyd County residents, were held Friday morning in the Terry County Memorial Cemetery at Brownfield. The child, who would have been four years old in July, drowned at 7:20 p.m. Wednesday in a swimming pool near the apartment home of her

parents in Waco.

She was born in Floydada during which time her father was ag teacher at Floydada High School. They left here in 1972 and had been residing in Waco for the past year and a half.

Survivors include her parents; paternal grandparents, Mr. and Mrs. Homer E. Jones Sr., of Wellman; maternal grandparents Mrs. Francis Grabber and Bill Grabber of Lubbock and a great grandmother, Mrs. Rose Grabber also of Lubbock.

FLOYD DATA Kinder Farris underwent gall bladder surgery Thursday in Lubbock Methodist

Hospital and is reported by the family to be doing well.

He is expected to be dismissed from the hospital next mid-week.

## Crop-Bearing House Plants?

Green-thumb apartment dwellers may soon be able to eat their ornamental plants and enjoy them. A new cherry-type tomato that can be hung like a vine from a flower basket has been developed by horticulturists at South Dakota's Agricultural Experiment station after eight years' research.

Plant developers say the new variety can provide apartment dwellers with fresh tomatoes almost every day.

## Connecticut Mutual Life Blue Chip Company Since 1852

Don W. Henderson Suite 1210 First National Bank Building Lubbock, Texas

## JOB CORPS

Three young people from Texas who rose from the ranks of the disadvantaged by acquiring education and marketable skills in the Job Corps today were named to the Corps "Hall of Fame."

Secretary of Labor, Peter J. Brennan, saluted the "Hall of Fame" winners for "exemplifying those qualities that made America great," at the observance of the Job Corps' Tenth Anniversary, in Washington, D. C.

"These outstanding young men and women are wonderful examples of how the Job Corps has helped hundreds of thousands of disadvantaged American youth improve their lives," he said.

The three Job Corps "Hall of Fame" winners included Jessie Al Lane, a graduate of the Timber Lake Job Corps Center in Oregon in 1971.

At the age of twenty, he had earned his high school diploma equivalency (G.E. D.) and enough skills to qualify as an apprentice plasterer.

A working member of Local 783 in Austin, Texas, Lane has purchased a mobile home and supports his mother, brother, and a nephew.

In addition to his work, which earns him approximately \$12,000 yearly, he devotes much of his time to counseling potential and present Job Corps members and to helping recent graduates adjust to their new jobs and productive life styles.

Jean Henderson, a widow, was supporting her three children on a motel maid's pay of \$25 a week in 1967, when she enrolled at the Job Corps Center in McKinney, Texas. In less than a year, she earned a high school diploma equivalency, completed a course in office occupations, and began working at clerical occupations.

Today, she is secretary in the Dallas Regional Office of the Social Security Administration, at a salary of \$10,000 a year and owns her own home.

Although she is furthering her education at Dallas Junior College and teaches Sunday School, Henderson finds time to accept invitations to speak about the Job Corps on television and at business luncheons.

The final "Hall of Fame" award winner from Texas was Rosa Isela Mendoza, a nineteen year old accounting specialist in the U.S. Air Force at Nellis Air Force Base in Las Vegas, Nevada.

Rosa, the daughter of a migrant farm worker, came to the United States from Mexico when she was fourteen years old. She left the seventh grade to work with her family harvesting crops from Texas and Florida to Michigan until she enrolled in the Job Corps in 1971, at the McKinney Job Corps Center. She was placed with the Air Force by Job Corps where she learned her present skills and is permanently stationed at Nellis as a disbursement accounting specialist. She is buying her own home and is an enthusiastic recruiter for Job Corps on the side.

**Extension Role Expands**  
County agents and home economists employed by USDA's extension service no longer focus their attention on rural areas only. They now work through offices located in almost every city in the nation, teaching urban horticulture, land use, sewing, nutrition, and other subjects.

**Spuds To The Rescue**  
In a new approach to non-chemical weed control, researchers are exploring the natural ability of potatoes to crowd out pesky weeds.
