SANDERSON, TEXAS, FRIDAY, MARCH 4, 1932.

NO. 52.

HIGH SCHOOL FOOTBALL CLUB GIVEN AWARDS

Minature Gold Foot Balls Presented to Squad at Assembly Meeting

As a token of appreciation of the fine spirit of sportsmanship displayed by the members of the Sanderson High School Football team during the past season miniature gold footballs with name and playing position engraved on them were presented at assembly last Thursday afternoon to the following members of the squad: O. T. Schupbach, Ernest Farley, Archie Milam, Andrew Henry, Lowry Stradley, Howard Stavley, Lee Hardgrave, Jack Hardgrave, William Lea, Charles Robertson, Jack Hayre, James Daniels, and Ray Qualtrough. Mr. S. E. Nelson, representing the school, made the presentation of the awards.

Protracted Meeting At Church Of Christ

Bro. J. S. Batey, minister of the Church of Christ Alpine, will begin a series of meetings at the Church of Christ in Sanderson on Sunday March 13th.

Bro. Batey is not a stranger in Sanderson, having held a meeting here last year. He made many friends in Sanderson and his return this year will be hailed with pleasure by the Church and his many friends.

Bro. Batey is a native of the Volunteer State and has been a successful preacher and educator for almost half a century.

Preaching services will be held at 7:45 each evening and at 11 a. m. on Sunday.

"Come let us reason together," saith Jehovah.—Contributed.

DRYDEN CONGREGATION SHOWING BIG GAIN

We are so happy that more people are attending the every Sunday services now at Dryden. We have such good meetings people are richly blessed. Our Pastor, Brother Stradley, seems to go right to the heart and preaches the fundamentals so that no one may hesitate attending for fear of denominational bias.

With the crowds growing, which have now filled the Church, we will provide additional seating accommodations for this spring.

The preaching services begin promptly at 3 p. m. every Sunday and we urge all denominations who want a better Dryden and Community to come and join hands and hearts with us.

Next Sunday, Mr. Victor Harrison, of San Antonio, will lead our singing and will also render a solo and sing in a duet with one of our boys. Make it a point to bring the whole family with you Sunday to the Dryden Church services.—Reporter.

MRS. JOE KERR ILL

Mrs. Joe Kerr, who has been ill for several days with an attack of influenza, was real sick Wednesday. Reports from her bedside Thursday morning were that she had spent a restful night and it was thought that she was some better. It is hoped that Mrs. Kerr will soon be well on the road to recovery.

DANCE TO BE GIVEN

There will be a big dance on Friday March 11th at Charley Chandler ranch on the Independence which is now leased by M. H. Goode Jr. Charley Rogers and his five piece string band will furnish the music. A charge of \$1.00 will be made for dancing. A big free barbecue supper will be served.

The public is invited to attend this dance.

Mr. and Mrs. D. C. Lingo enroute to Houston from Los Angeles, California, visited here this week with Mrs. Lingo's brother, John Neal and wife.

Youth Receives Cuts And Bruises In Auto Crash

Tom Spencer, 20, and at one time attended school here, was seriously injured in an automobile accident which occurred late Tuesday afternoon in Del Rio. Spencer is suffering from a deep gash over his right eye and severe body bruises. He crashed into a post and completely demolished the car which he was driving.

Wednesday morning attending physicians at the hospital refused to let him be moved.

SCHOOL ASSEMBLY HELD WEDNESDAY

A rather unusual program was presented at school assembly Wednesday afternoon, March 2nd. Mr. Victor Harrison who is here in the interest of the Methodist Church, gave a short humorous talk followed by a few musical selections. A quartet composed of Mr. Harrison, Mr. Albia Wilgus, member of the Lions International organization of Texas, Mr. D. L. Duke, and Mr. O. H. McAdams, sang several songs. Group singing was led by Mr. Wilgus. As a closing number of the program Mr. D. E. Colp who is a member of the State Park Board gave an illustrated lecture on the parks of Texas.

An interesting paper on the Texas History was given by Mrs. A. P. Utterback, president of the Parent-Teachers Association.

THOUGHTS FOR THE WEEK

OUR SAFEST INVESTMENT

We cannot as a wise policy, be building up and tearing down great institutions with every change of the winds of finance. We cannot plot the opportunities of youth along a zigzag line. A wise and businesslike people who know what they owe themselves and their children will, through all and in spite of all, keep constantly at a high level of the intellectual and spiritual sources of their life and power.

CHAMPION BABY BEEF IS WORTH \$625 TO YOUTH

SAN ANGELO, Mar. 2.—Exhibiting the champion baby beef at the first annual fat stock show here was worth \$625.65 to Miss Audrey Faye Kidd, 10-year-old club girl from Mason County, when her champion was auctioned to the McBurnett Hotels for that amount. The animal weighed 860 pounds, and brought 75 cents per pound, with three per cent being deducted for shrinkage. All prize winning animals found ready sale at good prices. Jesse Dohls, Katemey, sold the champion porker, weighing 235 pounds, to Sears, Roebuck and Company for slightly more than 10 cents per pound. Garth Clark, Schleicher County, sold the champion fat wether lamb to C. B. Metcalfe for 26 cents.

There is an old adage that if March comes in like a lion it will go out like a lamb or vice versa. If there is anything to this, March will certainly pass out like a lion for it was ushered in as quiet as a lamb.

In fact there has been two fairly good showers fell here this week, which will be of benefit in many ways.

Evidence of spring is in the air and judging from the many persons who are planting shrubbery and otherwise fixing up their yard Sanderson will have many beautiful yards this summer.

Mr. and Mrs. E. H. McCright spent Sunday and Monday as the guest of Mr. and Mrs. Bustin Canon and family at their ranch home near Dryden.

Earth Products Co. To Construct \$150,000 Plant; To Use Uvalde Sand

Construction of a \$150,000 plant at Brazos and San Antonio, in the Harrisburg district, by the Earth Products Co., to begin within the next 40 to 50 days, was announced Tuesday by E. G. Noxon, executive vice president of the company.

The plant will utilize the non-metallic minerals abounding in counties adjacent to Houston, mining, processing and preparing these minerals for the market.

Major R. A. Laird, head of the industrial department of the Houston Chamber of Commerce, commenting on the field existing here for such an industry, said Tuesday that his office had received numerous inquiries regarding the products of such a plant, and he believed utilization of the natural resources of the nearby counties not being used, would be a splendid development for this section.

The Earth Products Co., received its charter from Austin Tuesday, Mr. Noxon said, and it now receiving bids on equipment for the plant.

Plans upon which bids are being based call for a plant building 75 by 300 feet. One end will be devoted to bleaching earths, with

a capacity of more than 300 tons daily. These are used in the bleaching of lubricating oils and are also used by vegetable oil producers for purifying vegetable oils.

The other end of the plant will be used to process such materials as silica flour, high-temperature refractories, volcanic ash, barite, aggregates and natural color sands. The color sands are used extensively in the manufacture of cast stone, stucco, plaster, etc., coming in 12 different shades.

In addition to Mr. Noxon, officers include, W. W. Rodgers, president; Walter Morgan, vice president; and Grace V. Noxon, secretary and treasurer.—Houston Chronicle.

The Houston plant will utilize silica sand from the bed of the Uvalde Sand & Stone Co., it was announced this week by B. Y. Sharp of that concern. The local concern produces a very high grade of sand from its beds southwest of Uvalde.

Just what amount of the product the plant at Houston will use has not yet been determined, but it is believed here that when the plant becomes fully established that it will use a vast amount of sand.—Uvalde Leader-News.

Mr. Victor Harrison whose picture appears above who is a layman and is the special invited guest of the Sanderson Hi-Epworth League, and the local Board of Lay activities of the Sanderson Methodist Church is one of the foremost entertainers in the Southland today.

He is a splendid comedian, a good humorous lecturer, a splendid song leader, and possesses one of the sweetest voices ever heard in Sanderson. Mr. Harrison is not an eloquent talker but his heart to heart talks each evening at the Methodist Church have gone home, and he will leave many blessed lives behind him when he leaves Sanderson.

He is stated is not a preacher, but a Layman, but a deeply consecrated Christian man giving his life to the service of the Lord thru the various churches. Rev. B. M. Stradley Pastor of the Sanderson Methodist Church said: "When my board of Lay Activities decided to invite Brother Victor Harrison to come to Sanderson they certainly made no mistake, for not only our Church but the entire Community has been richly blessed by his coming."

Mr. Harrison will be in Sanderson through Sunday March 13th holding the following services at the Methodist Church.

10 a. m. every morning Bible Study, and Prayer.

4 p. m. every day except Sunday, Childrens service, 7 p. m. daily Young Peoples Service.

7:30 p. m. Daily Devotional, and inspirational services.

Mr. Harrison appeared before the Student body last Wednesday, and also before the Rotary Club Luncheon Wednesday noon. He was also the special guest of the P. T. A. Thursday at the High School Auditorium, and gave some of the best clean entertainment numbers ever heard here.

Mr. Harrison is certainly one original entertainer and one who swings his hearers from the extreme of humor to that inner self uplift to the highest, and purest thoughts end emotions of the Heart.

At all three services Sunday Mr. Harrison is rendering a solo, and

(Continued on Page 4)

Rotarians Are Entertained By Girls Glee Club

At the regular weekly meeting of the Rotary Club which was held Wednesday noon at the Kerr Hotel Coffee shop an interesting and worth while program was given. The club had as their guests several prominent visitors—Hon. D. E. Colp State Park Commissioner and Mr. Victor Harrison of San Antonio who is conducting a series of singing and layman courses at the Methodist church. The members of the Girls Glee Club of the High School under the direction of Miss Noble delightfully entertained the club and their guests. Talks were also made by Mr. Colp and Mr. Harrison.

ANNOUNCES FOR ALLRED'S PLACE

Ernest Becker, who two years ago made the race for Attorney General on an anti-trust platform, has announced that he is in the race for the Democratic nomination for Attorney General of Texas. Becker is a practicing attorney in Dallas and is also a certified public accountant. This combination, being unusual, he earned the title last campaign of being the "Double Barrelled Candidate."

Becker is leading the fight in Dallas to oust the city council. He charges that they are dominated and controlled by big business and has made that the issue.

SHOWS PICTURES OF STATE PARKS

Hon. D. E. Colp, who is a member of the State Park Commission was a visitor in our city Wednesday. In the afternoon Mr. Colp gave an illustrated talk before the student body at the High School and showed pictures of the state parks which are located or being located in the various sections of Texas. Among the pictures shown was of the Davis Mountain Park which is now under construction.

MR. QUALTROUGH TAKEN TO HOUSTON HOSPITAL

W. R. Qualtrough, who has been seriously ill for several days, was carried to the S. P. Hospital in Houston Thursday evening on train 102. Accompanying Mr. Qualtrough was his wife and daughter Jane.

Mr. Qualtrough's many friends hope that he will soon be well on the way to good health again and be able to return home.

MISS WEATHERBY HONORED

Quite an honor recently came to Miss Dorothy Weatherby, Fort Davis girl and teacher in the local school. She was invited to teach Spanish in the Sul Ross summer school terms, and also to do sub-college teaching. She has accepted. Miss Weatherby a year or so ago had a small Spanish book accepted and published by a London firm.

The above clipping was taken from the Fort Davis News as published in the Alpine Avalanche. Miss Weatherby is well known in our city having been a member of our High School faculty last year. Her many friends in this city are glad to learn of her getting this important position.

S. C. Holland, who has been third trick operator at T. & N. O. depot here, left Tuesday for Del Rio where he will be temporary relief agent taking the place of L. S. Dunning who is ill.

Mrs. Ernest Jessup, who has been in town for the past week convalescing from a major operation, was able to return Thursday to her ranch home.

Reports from the bedside of Mrs. Rob Doak Jr., who was operated upon in Del Rio last week for appendicitis, are that she is doing nicely.

Mr. and Mrs. Jeff Sessoms and Mr. and Mrs. H. D. Williams motored to Del Rio Wednesday where they spent the day.

URGE THAT TEXAS WEEK BE PERMANENT

Resolution To Be Presented To Set Week March 2 As Texas Week

A resolution written by Wylie A. Parker, Prin. Forest Avenue High School Dallas, to set apart annually as Texas Week, the week in which March 2nd comes, will be submitted to the Legislature at its next session, for adoption.

This interval of one week will serve as a specific time for taking inventory of our countless blessings, and render unto Him due thanks for his care and keeping, and, at the same time reconsecrate our lives as loyal and faithful citizens. It will be specific time when we can recall and extol the unselfish services of our heroes, review our glorious history and splendid achievements of the past, and sum up our present opportunities which are offered in such abundance by this Lone Star State, and visualize the possibilities there are in store for our most auspicious future.

Under no condition is this Texas Week to be observed as a season of holidays, on the other hand, during Texas Week every citizen of the State is encouraged to work, in-so-far as he is able, and to do his work a bit better than he does it during the other weeks of the year.

"It is recommended that courts in session; luncheon clubs; women's organizations; churches, conventions; lodges; the Legislature when in session; all departments of government, city, county, and state; and any and every group of citizens for whatever purpose they may be assembled, be urged now and ever in the future to observe Texas Week appropriately by rendering programs in keeping with the purpose and spirit of this occasion.

Brannan Re-elected As Superintendent

At a recent meeting of the Sanderson School Board Mr. B. J. Brannan was re-elected to serve for the ensuing year of 1932-33 as Superintendent of Sanderson Public Schools. This year completes Mr. Brannan's fourth consecutive year of service in the capacity of Superintendent, and in spite of the financial restrictions of the year, the school has maintained its high standards of scholarship, having been readmitted to the Southern Association.

SUPERVISORS VISIT SCHOOL

Miss Opal Gilstrap, general supervisor from the State Department of Education at Austin visited the Sanderson Schools last Friday. Mrs. Sarah Wilson of El Paso, Home Economics Inspector, visited the High School Economics Department a few weeks ago. These supervisors visit the schools of the state at least once during each year their purpose if to see that the standards of the schools do not fall below the requirements of the State Department of Education.

TO REMODEL HOME

Mr. and Mrs. W. H. Savage are having their home, which is located in the North part of the city, remodeled. The home will be stuccoed and there will be an addition built on. C. M. Breeding, local contractor, will do the work.

PASTOR'S GET LIQUOR PERMIT

TORONTO, Ont. (UP)—Liquor permits were taken out by 400 ministers of the gospel, during the past fiscal year, the annual report of the Liquor Control Board of Ontario revealed.

Mrs. Katie Lee Franklin of Big Springs has been here this week visiting Mrs. Lucile Mason.

Mr. and Mrs. C. P. Peavey have returned from a visit with relatives in Dallas, Texas.

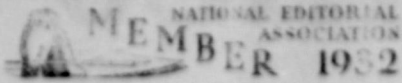

Mrs. H. R. Laurence has returned from a visit with her daughter, Mrs. Albert Becker in Austin.

ANOTHER MILESTONE

This weeks issue of our paper marks the end of twenty four years that the paper has been published in Sanderson.

This coming May 15, the present editor will have been at the helm of this paper for ten years.

PATRIOTISM?

While talking with one of our progressive citizens on Tuesday of this week he made the remark to the editor, following a conversation in which was mentioned the fact that a car passed thru our city that day carrying a big banner with "GARNER FOR PRESIDENT" across the top.

We also mentioned the fact to another citizen that it is time that a Garner for President Club be organized in our fair city, but he seemed to want to pass the "Buck" on to some one else.

We do hope that by the next issue of the paper that at least an effort will have been made to organize a club here.

Come on folks let's get together and boost our neighbor, John N. Garner and Texas.

OUR TAXES!

During this election year there will be many questions asked and many proposals and platforms made by many candidates not only for county offices but up to the President.

WHAT'S NEWS?

The editor is just wondering how many of its subscribers read the paper from cover to cover or whether they just glance at the paper.

Differences are not necessarily conflicts, but be suspicious until you know that they are not.

Mr. and Mrs. A. F. Thrift and family had as their guest this last Sunday, Mr. and Mrs. T. L. Hirst and daughter, Mrs. R. W. E. Hirst and Mr. and Mrs. R. W. E. Hirst Jr., all of Fort Stockton.

THIS AND THAT

The Chinese - Japanese dispute continues, with the Japs showing some progress and the Chinese a great deal of determination.

In the United States where battles for economic existence are being waged in all sections it is interesting to watch the milk "war" now in progress in Houston.

The producers have also enlisted the attorney general to investigate alleged anti-trust law violations.

Maybe that would be a good way to settle all wars—even better than the League of Nations, if it worked.

BREVITIES

Dr. J. A. Hill, president of the Texas State Teachers Association, is pleading with the people not to do anything that will lower the present level of teacher's salaries.

In Houston recently a young woman was fined \$250 and given 90 days in jail for drunken driving.

There will be a meeting in Pecos today, (Friday) and Saturday of the 7th District Sunday and B. T. S. Convention of the Baptist people in West Texas.

Let us print your letterheads, envelopes and statements. Work guaranteed and the best of stock used.—The Sanderson Times.

Nobody wants to see a second lieutenant get his suit messed up.

Seriously, however, it's hard to find logic in the position taken by the distributors. Surely, the distributors don't object to the producers organizing for their own welfare and protection—the distributors have done the same thing.

Charles C. Small, President of the American Ice Company, says:

That good health is something you owe to your daily work. The value of health in business is universally conceded in principal but too often ignored in practice.

Any employer knows that a workman or clerk is of maximum value only when he is in good physical condition.

It is easy for a business man to see that his employees should come to work in a healthy condition.

It is not necessary to be a health crank, but only to appraise health as its full value and to increase and conserve it as conscientiously as if it were a more tangible form of wealth.

ANNOUNCE MEDICAL OFFICER EXAMS

The United States Civil Service Commission has announced that until March 22 it will accept applications for positions of senior medical officer, medical officer, and associate medical officer qualified in cancer diagnosis and treatment.

The entrance salary for senior medical officer is \$4,600 a year, for medical officer \$3,800 a year, and for associate medical officer \$3,200 a year.

Full information may be obtained from the Secretary of the United States Civil Service Board of Examiners at the post office in any city which has a post office of the first or second class, or from the United States Civil Service Commission, Washington, D. C.

Mr. and Mrs. M. H. Goode Sr., spent several days in town this week having come in to be with their grandson, Lee McSparren, who has been seriously ill with the flu.

Mr. and Mrs. Tip Frazier and children were in town Tuesday from their ranch.

7:30 p. m. Preaching by the pastor, subject, "Christ at the Door." Mr. Victor Harrison will sing tenor in the church male quartet and will also render a special tenor vocal solo accompanied by Mrs. B. M. Wilson on the piano and Henry Goldwire on the violin.
3 p. m. Tuesday March 8 the Woman's Missionary Society will meet. A cordial invitation is extended to all who do not regularly worship and work elsewhere to come worship the Lord and serve Him with us.
B. M. Stradley, Pastor.
L. A. Lowe, Church Treas.

Food, clothing and shelter are the basic necessities of life whether mankind is in a state of savagery, barbarism or civilization.

Highway

Lunch Room

"A Good Place to Eat"

Short Orders—Cold Drinks

RECIPES AND MENUS

By Department of Home Economics
Texas State College for Women
(CIA)

DENTON, MARCH, 4.—Among food staples, eggs hold a very important place in the spring menu. At this time it is desirable from the standpoint of economy to use eggs, freely. The greater availability of absolutely fresh eggs should also favor more extensive use of them.

The first principal to be observed in egg cookery is to cook them at low temperature. Baked foods containing much egg require low oven temperatures. The same holds for cooking queen fritters or other egg mixtures in deep fat or sauteing. In all egg mixtures too high temperatures result in shrinkage and yield a tough product. This principal holds whether the problem is angel cake, sponge cake, souffles, meringues, baked custard, scrambled eggs or just plain fried poached or boiled eggs.

MENUS

Breakfast: Orange, pebbled, poached egg on cream toast, coffee milk.

Luncheon: Denver sandwich, corn a la Souther, bread, butter, baked apple with whipped cream.

Dinner: Boiled ham, potatoes, spinach, hot biscuit, butter, jelly, lettuce and tomato salad, French dressing, French ice cream, lady fingers.

Breakfast: Grapefruit, bran, thin cream, scrambled eggs, toast, butter, coffee milk.

Luncheon: Escalloped cheese, combination vegetable salad, rolls, butter, pineapple souffle.

Dinner: Curried veal, baked potatoes, creamed onions, bread, butter, celery, lemon milk sherbet, sponge cake.

RECIPES

Denver Sandwich: To three eggs add 2 t milk, 1-2 c small pieces of broiled ham or bacon, 1-8 t pepper, 1-4 t salt, and 1 t chopped onion, 2 t chopped parsley, or add any other desirable flavors as chopped peppers, celery, pimento, etc. Heat the skillet and melt 2 t bacon fat, butter, or any other fat. Pour in the egg mixture and keep at a very low temperature to set slowly. Cut or prick to permit steam to escape from underneath. When it has almost set, cut into sections the size of sandwiches desired. Turn each section using a pan cake turner, and permit the other side to set. Serve with a garnish of lettuce or celery tips.

Escalloped Cheese: Place buttered stale bread in a simple layer in a buttered casserole. Spread about 1-2 c of grated cheese or of small pieces of cheese over the bread. Add another layer of bread and cheese as the preceding one. Combine two eggs with two cupsfuls of scalded milk, add 1-2 t salt, and 1-8 t mustard if desired. If dry bread is used additional milk will be required. Pour the egg and milk mixture over the dry ingredients and bake in a very slow oven until the custard is set. It is safer to place it in a pan of boiling water during baking.

CALCIUM PHOSPHORUS NEEDED IN LUNCH BOX

"Early to bed, and early to rise, Makes a boy healthy, wealthy and wise."

All very well, as far as it goes. But what the boy eats before he's "early to bed," what he eats when he's "early to rise," and what he has in his school lunch box—that's what "makes a boy healthy, wealthy and wise."

The wise mother knows her boy's nutritive needs at home and at school. She knows his need for calcium and phosphorus, as well as for proteins and vitamins of meat and eggs and vegetables. She knows that if she takes her boy's foods at home, with self-rising flour, that she is giving her boy the benefit of the millers' combination of important minerals for growth—all the essentials of a well-balanced diet.

So the wise mother makes the lunch box sandwiches of quick breads made with self-rising flour, butters them well, and fills them to capacity with chicken or other lean meat, or with sliced hard-cooked egg. A raw vegetable, carrots preferred, and a little fresh fruit, she adds to the sandwiches for balance.

And then comes the schoolboy's delight, and the object of all his sweet-toothed anticipation—cake, cookies, pop-corn balls—any of the tasties made with self-rising flour.

SPIDER LACE

(By Lee Hardgrave)

The spiders army hold
Thought they'd pitch their tents
Upon an encampment hold

The lean ribs of an old wire fence.

Says Captain Longlegs to his crew:

"We'll take the enemy by surprise
As soon as Sol decides to rise,
And first begins to warm the skies.

That night when their work was o'er
And each soldier slept in peace,
There came along a visitor shy

To inspect their wonderful masterpiece.

This stranger came so stealthily,
He didn't make a sound;
The unsuspecting spiders slept
In their little silky tents swung
all round.

Next morning just at daybreak
When the sun began to shine,
I saw on the old wire fence
A thousand webs entwined.

Jack Frost had transformed them,
While the army slept in peace
serene—
Into diamond lace so dainty
As to please a fairy queen.

STATE COLLEGE REDUCES FEE

DENTON, March, 3.—A reduction of approximately \$30,000 in the budget for next year, with students benefiting through reduced fees, was voted by the board of regents of the Texas State College for Women (CIA) in their spring meeting at the college Monday.

The new schedule of reduced prices to students will go into effect with the beginning of the summer session in June with fixed charges for this session reduced to \$83.75 including tuition, book rental, laboratory, medical, student-activity fees and board and room. For the three-week summer session which follows the longer session the charges for these items have been reduced to \$29.

For the regular nine-month session of 1932-33, the total charges for fees, room and board has been reduced to \$321, payable in installments with \$160.50 being charged for each semester.

Under this new price schedule the chief saving to the student will be in the amount paid for board which has been reduced to 22.75 per month for the school year consisting of eight and half months.

NOTE OF THANKS

The following note of thanks together with receipt of money sent to Council of Women for Home Missions has been received.

Dear Friends:
We have received your check for the offering taken on the World Day of Prayer and thank you for it. A formal receipt is enclosed. You will rejoice with us over the expanding program made possible by the increase in the gifts from year to year. Last year the total sum received for the four projects was approximately \$20,000. It came in sums as small as thirty cents and as large as one hundred dollars.

After expenses were deducted, \$3.75 was the amount sent from Sanderson, as a result our observance of the World's Day of Prayer on February 12, at the Baptist Church.

Signed:
Mrs. F. S. Garrison
Mrs. John V. McCall.

NOTICE

There will be a meeting of the Cemetery Association at the Christian Church on Friday March 4th at 3 p. m. This will be an important meeting with a Committee from the Commissioners Court to consider a means of taking care of the cemetery.—R. E. Griffith, President.

Miss Aline Hass, Mrs. Margaret Hoffman and daughter, Margie Lee, Homer Thornton and Jack Chandler were visitors in Fort Davis last Sunday.

Phone The Sanderson Times any news you know. Phone 39.

EVENTS OF SOCIETY

NIGHT BRIDGE CLUB

Mrs. S. S. Daggett was hostess to the members of the Night Bridge Club entertaining them last Saturday night at her home.

A lovely plate course consisting of chicken salad, olives, cheese, hot buttered rolls, cherry pie with whipped cream and coffee was served, following which the remainder of the evening was spent in bridge. A box of stationery was the ladies high score prize that went to Mrs. Max Bogusch. Clyde Griffith was given a tie as the high score for men.

Those present that enjoyed the evening were: Mr. and Mrs. Max Bogusch, Mr. and Mrs. Clyde Griffith, Mr. and Mrs. Jim Nance, Mr. and Mrs. W. H. Buchanan, Mr. and Mrs. John Stovell, Mr. and Mrs. A. E. Creigh Jr., Mr. and Mrs. C. M. Breeding and Mrs. W. H. Savage.

W. M. U. HOLDS MEETING

The social meeting of the Methodist W. M. S. was held in the home of Mrs. Clyde Harrell. Mrs. Davis was leader assisted by Mrs. Osgood and Mrs. Utterback. The theme was: "The Courage of Jesus." The guest of the afternoon was Bro. Victor Harrison. He gave a solo, "Near the Cross," which was enjoyed by all. Gingerbread with whipped cream and coffee was then served. Following this Mrs. Garrison held a short business meeting.

Those present were: Rev. and Mrs. Stradley and daughter Dorothea, Bro. Victor Harrison, Mrs. F. S. Garrison, Mrs. Davis, Mrs. W. H. Doty, Mrs. H. D. Johnson, Mrs. A. P. Utterback, Mrs. C. H. White, Mrs. Osgood, Mrs. J. E. Landers, Mrs. C. J. Watts and Mrs. Harrell. —Reporter.

WEDNESDAY BRIDGE CLUB

Mrs. Clyde Griffith was hostess to the members of her Bridge Club and several invited guests on Wednesday of this week when she entertained at her home. A touch of spring prevailed with varied colors of Stocks being placed throughout the living room.

Following the playing of the usual number of tables of bridge a covered pyrex baking dish was the first prize that was awarded to Mrs. H. R. Laurence while Mrs. A. E. Creigh held second high score and was given a pyrex dish.

Refreshments of ice box pie and coffee were served to Mesdames Max Bogusch, S. S. Daggett, F. L. Burnside, J. W. McKee, W. H. Savage, L. H. Lemons, A. E. Creigh Jr., R. S. Wilkinson, F. B. Carter, John Stovell, C. M. Breeding, Fred Montgomery, C. V. McKnight, C. P. Peavey and H. R. Laurence.

DELPHIANS MEET

The Sanderson Delphian chapter met Wednesday for their regular lesson. The following program on the Development of Piano Music was enjoyed: Life of Schumann, Mrs. G. Nations; Life of Mendelssohn, Mrs. C. Griffith; Life of Chopin, Mrs. G. Mussey; Life of Berlioz, Mrs. W. H. Savage; Life of Liszt, Mrs. Griffith; Listening to the Singer, Mrs. W. E. Lea.

Miss Opal Shelton of Big Lake and Miss Ina Burney of Sherwood were week end visitors in the city with friends.

MERCANTILE COMPANY

SANDERSON, TEXAS

ON TEXAS FARMS

By W. H. DARROW Extension Service Editor

The gradual spread of alfalfa has been noted in Matagorda county by the county agent who reports that three farmers who sowed the crop last year as a cost of \$4.50 per acre for seed, obtained 1 1/2 to three tons of hay per acre, with \$10.00 per ton in the field.

J. M. Peterson in Dawson county is a daily herd demonstrator who financed the growing of an 800-acre crop last year without aid from the bank, by milking 15 cows fed on home grown feed. They made a gross return of \$1,530.

Spraying for San Jose scale, curculio and brown rot last winter and spring, seven Newton county orchard demonstrators produced 70 per cent more No. 1 fruit than from unsprayed trees, and received 50 cents more per bushel for their fruit, the county agent reports.

Over \$20,000 worth more food in the pantries of 135 women in Montague county, more appropriate clothing at less cost in 103 families, and 53 farm home living rooms made over, are the features of home demonstration work there in 1931.

On his diversified farm near Canadian, George Locke produced butterfat last fall from his 16-cow demonstration herd for 10 1/3 cents per pound feed cost, on a ration composed of 100 pounds each of wheat, barley, bran and cottonseed meal and 200 pounds oats.

An estimated saving of \$270,471 was made by 4280 farmers and ranchers in 93 counties in Texas last year by controlling prairie dogs on 718,812 acres with the help of the U. S. Biological Survey and county agents, reports of the latter show. The total cost of eradication was \$9,596.

Mr. and Mrs. John Trotter and little grandson were shopping in town Monday from their ranch near Sheffield.

PUZZLE SOLVERS ARE INVITED TO SCAN THIS ONE

NEW YORK, Feb. 23. (AP)—The following item is of National interest—one of those Puzzlers in fact. The writer is in League with the group. When you've finished reading this with its lack of journalistic Convention you may say. "At Last—good Night!" The clue to the Organization Meets your eye by reading Again, this time looking only At first words of sentences. Lima is a bean, and also an Ohio town. Solution was no Labor, was it? Good Day.

VICTOR HARRISON— (Continued from Page 1)

at the Sunday evenings service at the Church will also lead the male quartet in rendering by special request, "Jesus Loves."

Mr. Harrison will render a special request solo number at the preaching service at Dryden Sunday afternoon at 3.

At the 11 a. m. service Sunday at the Methodist Church Mr. Harrison will in addition to rendering a vocal solo sing with the Church Mixed quartet taking the high tenor part.

Texas Industrial Activities

Total value of all Texas crops for 1932 is placed by the Federal Department of Agriculture at \$297,281,000, material decrease from the 1930 figures but wholly due to the decline in prices, for Texas made bumper crops—records in some lines—in all lines in 1931. With an increase of more than a million bales of cotton over 1930, the total value showed a decrease of nearly \$45,000,000. Livestock values are estimated for the year at \$150,000,000, bringing the total farm production values to almost \$450,000,000.

Houston announces industrial improvements on a large scale, including a \$1,000,000 addition to a cement plant, a \$1,500,000 oil refinery and \$3,000,000 improvements and additions to existing refineries, a \$200,000 fertilizer plant and \$2,500,000 expenditure for additional elevators and port terminal facilities.

Eastern capital is reported to be definitely committed to the establishment of a paper mill in Marion County, near Jefferson. Recent experiments have proved that young slash pine—which can be very easily and quickly grown to the proper age for paper making—furnishes a new raw material of the piney woods section of East Texas. Lufkin citizens, who recently shipped a carload of timber to the University of Wisconsin wood laboratory, for experimental papermaking purposes, have been advised that the timber has been turned into a very good grade of white newsprint, and that a supply will shortly be available for the printing of the Lufkin newspapers on it, to show what Texas timber can do in newsprint manufacture.

Texas produced 92,400,000 pounds of peanuts in 1931, but relatively small part of the peanut oil, peanut butter and other products from the crop were processed in Texas.

WOOL NOTES

The 1932 livestock census estimate of the U. S. Department of Agriculture shows 1,167,000 more sheep and lambs for January 1, 1932, than on the same date last year and 2,529,000 more than for January 1, 1930. The total for this year is 53,912,000 head, against 52,745,000 on January 1, 1931 and 51,383,000 on January 1, 1930. Included in these totals are sheep and lambs in feedlots. The number of sheep to be shorn will be smaller because there is an increase in the number of sheep being fed for market. Average value of sheep has dropped sharply in three years, from \$8.94 per head in 1930 to \$5.35 last year and \$3.40 at the beginning of this year. Total value of all sheep in the United States, on this basis, is down to almost one-third the amount it was three years ago. Total value estimated January 1, 1932, is estimated at \$185,253,000, which is \$99,097,000 below the estimate for the beginning of 1931 and \$275,953,000 below that of January 1, 1930. Value of sheep and lambs at the beginning of 1930 was \$459,208,000.

In the new sheep population estimate, Texas continues the expansion which has characterized her sheep industry the past decade. The 1932 Texas count shows 578,000 more sheep than a year ago. Wyoming and New Mexico showed increases of more than 200,000 apiece. States outside the essential range group, the eleven far western states and Texas, increased sheep numbers by 945,000 head, reflecting farm flock development in many districts. Montana's total decreased about 400,000 head. Other states showing decreases were Utah, Idaho, California and Nevada.

Smart new 1932 frocks will be made of wool. Typewriters of the fashion-writers are clicking out descriptions of new wool fabrics and new wool creations. It is to be another woolen spring. One writer says "Light weight wooleris that look like silk, woolens that are as sheer as gauze, wool lace, wool mesh wool zephyr knits—these are the things that the smartest new frocks will be made from."

Fashion authorities of the world say that this spring and summer, to be truly smart and in step with style, one must "dress up" in wool. Japanese-Chinese military operations, while disconcerting to the world at large, are stimulating demand for wool. Ever since Japan sent her army into Manchuria wool purchases have increased. Practically all buying has been in Australia. Purchases of the Japanese in Australia during the first five months of the current season amounted to 207,000 bales, compared to 127,000 bales last season and 75,000 bales two years ago.

Wool popularity is world-wide. Activity of wool machinery in Great Britain has registered a noted pick-up. The increase is estimated at 25 per cent above June activity. Wool machinery activity in Great Britain the past five months is reported to be greater than for any equal period in recent years.

A new and valuable contribution to the literature on wool marketing is North Dakota Agricultural Experiment Station Bulletin No. 252, by Alva H. Benton, wool market-

Bakery Goods

DRYDEN LOCALS

By Mrs. Paul E. Ritter.

(Received too late for last week) A large crowd attended the dance in the old school house last Friday night.

Mr. and Mrs. L. J. LaMontague and Mrs. Paul Ritter were Sanderson visitors Saturday.

James Smith spent a few days in Del Rio this week.

A. W. Haley of Sanderson spent the week end in Del Rio.

Mr. Billy Smith of El Paso visited in Dryden a few days.

Mr. Doran was in from his ranch near Independence Wednesday.

John Watts was in from the ranch Wednesday.

W. L. Barler was in Dryden Wednesday.

Roy Chandler passed through Wednesday as he was moving to his new home south of Marathon.

Mr. and Mrs. A. F. Buchanan and little son, Jackie, were Del Rio visitors last week.

Mr. and Mrs. Luther Calk of Del Rio are visiting her parents, Mr. and Mrs. A. A. Henning.

ing specialist at North Dakota Agricultural College. This bulletin, entitled "Wool Marketing," presents a complete picture of the growth and present scope of wool growing and marketing in this country. It also describes wool cooperative marketing development in North Dakota and the tie-up which growers in that state have with the National Wool Marketing Corporation.

W. E. Schneider, marketing specialist with the California and U. S. Departments of Agriculture, stationed at San Francisco, reports a 30 per cent increase in lamb consumption in the United States the past two years. There was a 14 per cent increase in lamb slaughter in California in 1931 over 1930. Advertising and widespread cooperation in popularizing lamb has been a big factor in this achievement.

Chicago reports indicate that the furniture industry has begun to "step up production to fill orders from thousands of retailers whose stocks are the lowest in 20 years." The recent National Furniture show brought out a record number of buyers and an unusually large number of advance orders. It was the first time in many months that the furniture industry has had new business. This Chicago development carries great significance for the mohair producers. Furniture styles this year feature some new mohair fabrics, several of which have been worked out by the National Wool Marketing Cooperation in cooperation with leading manufacturers. The National has been working on the mohair problem for two years, recognizing that new uses offered the only permanent solution. Significant results were achieved and the new fabrics, mostly flat finishes, are being enthusiastically received. Developments of

Engineer C. E. Johnson has returned from an extended lay off in Del Rio.

Engineer F. M. Brewen made a trip down from El Paso on passenger this week.

Fireman H. J. Booth of El Paso, is working on the Del Rio Extra board.

Engineer S. E. Peterson and Fireman A. R. Bean paid a visit to Del Rio Wednesday.

Engineer G. W. Toms and Fireman C. H. Broadhead returned from a visit to El Paso Wednesday.

Engineer C. H. Morris made a visit to Del Rio this week.

Operator Strothers is on the third trick during the absence of S. C. Holland who has gone to Del Rio to relieve the agent laying off sick.

Mr. and Mrs. H. E. Fletcher returned Wednesday from a short visit to El Paso.

Alfalfa was grown in demonstration in Texas last year by 693 farmers in 102 counties. From 10,038 acres they averaged 2.8 tons of hay per acre. The demonstration acreage developed by county agents comprises 17 per cent of all the alfalfa reported in the 1930 census.

these new outlets for mohair and recapturing interest of the furniture industry stands as one of the great examples of the year of how producer can foster their own interests through cooperative organization.

Mohair manufacturers estimate that more than 12,000,000 yards of mohair fabric are in use in railroad passenger cars today. More than 100,000,000 yards of the fabric are rolling over the highways in automobiles. The present year should witness the introduction of several new uses of this commodity.
