DATE CULTURE IN DEL RIO IS NEW VENTURE

Date, Banana Palms In R. H. Kennedy Garden

Feasibility of date culture in Del Rio is seen by R. H. "Bob" Kennedy, whose home is set amidst a tropical garden with fruit bearing palms and banana trees, loaded with fruit, one and one-half miles west of town on the Loop Road.

Two palms, eight years of age, are growing on the Kennedy farm and have been bearing fruit for the past two years. The trees require but little attention and are ornamental and beautiful as well as productive. With the early Spring, large clusters of dioecious flowers appear from shoots growing near the center of the palm. Later the oblong berries, green in color at first and later rich orange-yellow, follow to ripen in the Fall. Dried dates cannot be compared in taste and aroma to the fresh fruit.

In some countries the dates are dried on the trees, but the dampness of West Texas Falls would cause the fruit to mildew, local farmers say. California, Arizona and the Rio Grande Valley have found date culture to be practical, Mr. Kennedy states.

Besides the tropical dates growing on his farm, Mr. Kennedy has banana trees bearing fruit. The trees are two years old and about 15 feet tall, the large rich green leaves growing on branches which are cut down after the fruit ripens. The fruit grows on herbaceous stalks rather like a tree trunk; appearing first in colored bracts, the whole flower cluster forming a large pendant bunch, the fruit appearing in rings around the stalk as the leaves drop one by one. Usually the fruit is several inches in length before the last leaf on the flower sheds, according to Mr. Kennedy.

Banana production despite the ease with which the trees are grown, would not be practical here because of the winds and the late freezes.—Del Rio Evening News.

C. M. T. Camp At Camp Bullis Closed Thursday

The history of the 1932 C. M. T. C. at Camp Bullis is about written. Meets and competitions and contests and the Student Hop are over. The 3 day hike and the Grand Review on Thursday morning with the presentation of some 200 medals and cups, will complete the work of the month. Then back into civvies and "Home, Boys, Home." The Camp Officials say it has been a great Camp. They were pleased with the way the citizen-soldiers went after work, play and chow alike. Then comes the test of the truth of Governor Sterling's statement in a recent letter to the Camp Commander. He said in part "Please express to the boys in attendance at the C. M. T. C. my best wishes and the hope that the splendid training they will receive, during the short time allotted them will not end with the break-up of the Camp but rather that they will carry with them into the civilian world all of the ideals and principals of the true American soldier. This is a time when we need courage, strength and precision of purpose, especially among the youth of the land."

J. A. Brackney, special agent of the Aetna Life Insurance Company with headquarters in Dallas was a visitor in the city Monday and Tuesday.

Ranger Arch Miller who is now stationed in Uvalde was a visitor here Wednesday and Thursday of this week.

District Attorney Julian LaCrosse of Del Rio was here this week looking after his duties at the regular term of District Court.

The voters of Terrell County will have an opportunity to express themselves on the important Prohibition question on July 23. In the General Primary Election each voter will be furnished with an Official Primary Ballot and also a separate ballot containing these questions:

FOR the submission by the 73rd Congress of the question of retaining or repealing the 18th. Amendment to the Constitution of the United States to the people through conventions especially elected in the separate states to consider the issue by itself, as provided in Article 5 of the Constitution of the United States.

AGAINST the submission by the 73rd. Congress of the question of retaining or repealing the 18th. Amendment to the Constitution of the United States to the people through conventions especially elected in the separate states to consider the issue by itself, as provided in Article 5 of the Constitution of the United States.

This ballot is no part of the official primary ballot but the State Executive Committee of the Democratic Party, in deciding to submit the question of prohibition in the regular Primary, did so with the view of ascertaining the attitude of the people of the State of Texas on this question in order that it could be guided thereby in its future deliberations.

In addition to the all absorbing question of Prohibition there are a large number of highly important offices to be filled and it is to be hoped that every public minded citizen of Terrell County will be out to vote on the 23rd. Monthly Meeting Held By County Commissioners

At their regular monthly meeting which was held on Monday of this week the Commissioners granted the request that the barbecue dinner could be served on the grounds at the Court House provided that those in charge would see to it that the ground were cleaned and that the barbecue pit be covered afterwards.

Further business transacted at this meeting was the approving of their quarterly report of Frank K. Harrell, the county treasurer. The monthly report of Henry Gates, Justice of Peace, was also approved. The regular monthly bills were ordered paid. The Commissioners decided that they would await the arrival of the County Auditor who is due here within a few days, before they approved the yearly report of the Tax Collector or the Bank's annual statement and report of the School fund. The Court also at this time passed instructions or order that the Road foreman purchase equal amount of gasoline each time from the various gasoline stations said gasoline to be bought two barrels at a time and to pass the business to all stations. In the past the gasoline and lube supplies has been bought on the time basis and some stations would get more business than others and they felt as though all stations should receive equal amount of business from the county as they were tax payers.

The following Commissioners were in attendance at this meeting: W. E. Stirman of precinct 1; Eugene Peoples, precinct 2; J. C. Mitchell, precinct 3; and County Judge G. J. Henshaw and County Clerk F. L. Burnside.

Terrell County's 27th Anniversary Quietly Observed

July 14th, 1905 Is Day This County Was Declared Organized

By Addie Lee Lemons Baling
On Thursday July 14, Terrell County celebrated its 27th birthday in a very quiet unassuming manner. To a few citizens its birth anniversary was not even known while to the older pioneer citizens it was a day that recalled memories, and with a feeling of pride and interest of that first day when the county was created. To those sturdy pioneer citizens, those who had an interest and pride, in our county and its welfare, it was the one event in their lives in the part that they played in the creation of this county, which all during the years has ever made progress and been an asset to the State of Texas.

It was on July 14, 1905, that House Bill No. 571 became effective creating Terrell County out of Pecos County. The county was named after A. W. Terrell, a veteran Representative in the Legislature who assisted the citizens in getting the bill through. Surely no better name could have been given the County for the Terrell's have always been outstanding figures in the history of Texas and its political works and have always been outstanding in honesty and integrity.

To look over the first records of the county, its commissioners Court minutes, indeed is a pleasure and these minutes offer interesting bits of useful information and history.

It was July 27, 1905 that the committee appointed to divide the county into Commissioners Precincts made their report to the County Judge of Pecos County. This Committee was composed of Joe Kerr, C. M. "Uncle Charlie" Wilson and W. P. Matthews. The first election for the purpose of electing officers was held in August and at that time there were a number of candidates in the race and much interest prevailed as it was essential that the first officers elected were capable

KINCAID SELLS 62,000 ACRES TO VIC PIERCE

Crockett Ranchman Now Biggest Land Owner In County

OSONA, July 8.—Victor Pierce, Crockett County ranchman, became today the biggest land owner in Crockett County with the purchase from T. A. Kincaid, president of the Sheep and Goat Raisers' Association, of 62,000 acres of land. The land includes both the Kincaid ranch near town and the headquarters ranch south of town. This latter ranch was established by the purchase of lands from the state of Texas or from the railroads and is one of the best improved places in the state. Its carrying capacity of sheep is large. Mr. Pierce gets immediate possession of the tracts of land, and has already sold 20 sections of the property.

Mr. Kincaid, one of the largest sheep and goat operators in the southwest, has been running about 20,000 head of sheep. He also has ranches in the Rankin country.

THANK YOUR CONGRESSMAN

The next time you drive into a filling station and buy gasoline, thank your congressman that you do not have to pay more for your "gas".

Through an oversight, Congress passed a gasoline-tax bill that was not foolproof. And the President had hardly signed the bill making it a law before big oil men were in Washington with a "loophole."

So, having got their construction of the law, the oil companies started in to buy enormous quantities of gasoline. It did not have to be moved, all that was necessary was possession of title.

The question now is: Who will get the benefit of the error, the oil companies or the consumers? If gasoline goes down the consumer will benefit.

Every voter in the State of Texas who enters the Democratic Primary will have the opportunity to say what he thinks and believes in regard to Prohibition.

Even if you are anti prohibitionist vote for this submission for who, but the people, the voters of this United States, should be the ones who should have a voice and say whether we have prohibition or do not have it.

TEXAS RAILROADS PAY SUBSTANTIAL PART OF STATE'S TAX BURDEN

Taxes is one of the large fixed charges connected with the operation of Texas railroads. From the standpoint of the welfare of state, counties and communities, railroad taxes are of much importance.

In 1931 the railroads of Texas paid a total of \$8,303,108.47 in federal, state, county, municipal and miscellaneous taxes. The distribution of this amount to the various tax funds is shown below:

Table with 3 columns: Category, Amount Paid, Per Cent of Total Tax Paid. Includes U.S. Government, State, County, Roads, Improvement Districts, Schools, Cities, Miscellaneous, and Total.

It can thus be seen that railroad taxes represent an important and indispensable factor in the economic life of our state. They help in a large measure to pay the expense of our state, county and municipal government, build and maintain highways, pay the cost of drainage and other improvements, and support our schools and educational institutions.

It is the desire of Texas railroads to extend this helpfulness to Texas counties and communities in carrying this heavy burden. However, their ability to meet these obligations as they become due depends upon their ability to earn sufficient revenue with which to pay this and other heavy expenses connected with their operation.

RAILROADS HAVE ALWAYS SHOULDERED THEIR SHARE OF RESPONSIBILITIES TO THE NATION, THE STATE, AND THE CITIES AND COMMUNITIES THEY SERVE, AND WILL CONTINUE TO DO SO TO THE EXTENT OF THEIR ABILITY.

Thomason voted AGAINST the Beck-Linthicum Bill in Congress last March, which provided for a vote of the people on the 15th Amendment.

Thomason voted to disfranchise the people on the prohibition question.

Thomason refused to state his stand on repeal until long AFTER Jackson's announcement for Congress on a positive repeal plank.

After the repeal plank was endorsed by the National Democratic Convention Thomason then agreed to support it. When modification of the Volstead Act was proposed Thomason immediately left for Texas. Will he stultify a long dry record for the price of office? Can he be trusted to represent the people after straddling this important issue? How does he stand?

Make sure of true representation by scratching his name off the ballot and inserting DAN M. JACKSON FOR CONGRESS.

Highway No. 90 Association Hold Business Meeting

UVALDE, Tex., July 12.—C. P. Spangler of Uvalde, was named president of the Highway No. 90 Association at the annual meeting here Tuesday and Del Rio was named as the site for the first quarterly meeting in October. Other officers selected were J. F. Province, Van Horn, first vice president; A. F. Robinson, Alpine, second vice president, and Joe W. Watson, Uvalde, secretary. Directors chosen were Porter A. Whaley and E. B. Neiswanger, San Antonio; Earl Boone, Hondo; Huber Waldrip, Sabinal; H. Ray, Uvalde; Virgil Deason, Bracketville, E. K. Fawcett, Del Rio; Jim Kerr, Sander-son; A. F. Robinson, Alpine; Her-shel Ford, Marfa; W. A. Yarbo, Valentine; Jerome Dees, Van Horn; H. L. Birney and Jim Casner, El Paso, and all county judges in counties between San Antonio and El Paso. The director from Sierra Blanca is to be appointed.

Reports of retiring President Clay Holland of Alpine, and retiring Secretary A. F. Robinson concerning the past year's activities were heard by the group and plans were made for further advertising Highway No. 90 to tourists. Budgets set for the various counties to be collected during the ensuing year were as follows: Bexar, \$200; El Paso, \$200; Val Verde, \$150; Uvalde, Brewster and Presidio, \$100; Medina and Culberson, \$50 each; Terrell, Jeff Davis, Kinney and Hudspeth, \$25 each.

of handling the many duties that they would be confronted with. The first officers elected were: County Judge, Joe Kerr; Chas. Downie, Commissioner Precinct 1; N. A. Cavin, Commissioner Precinct 2; N. H. Corder, Commissioner Precinct 3; H. J. Packenham, Commissioner Precinct 4; Geo. W. Fenley, Sheriff and Tax Collector; W. H. Lemons, County and District Clerk; S. B. Hudson, County Treasurer; J. B. Johnson, County Attorney; W. D. Hunter, County Surveyor; C. M. Wilson, Justice Peace Precinct 1, and W. J. Banner Tax Assessor. These officers served the balance of the year and in November of the following year, 1906, the regular election was held, and some of them were defeated while others remained in office many years only by resigning or being removed from office by death. These first officers, to them is due more credit than words can ever express, for the share and the part they had in the creating and the building of Terrell county.

The first court house that Terrell County had was the Wilson Hall which was a part of the old hotel that stood near the spot where the present Kerr Hotel is located. The sum of \$25 a month was paid to C. M. Wilson for rent of this hall as a court house. The County and District Clerk's office was located in Room 18 of the Sam Sing and Company Hotel for which a rent of \$12.50 a month was paid. This first Court House and County Clerk's office is clearly in the mind of the writer, and it was with pride that the citizens looked upon this first public building.

At the November 1905 meeting that was held of the Commissioners Court the minutes reveal that the Sheriff of Terrell County was asked to turn over the keys to the jail to the Sheriff of Pecos County who contended that the jail was their property. This jail was a one room affair, windows barred, and was

BATTLE OF THE RAIL

Engineer S. E. Peterson of Del Rio has taken a freight run out of here.

Engineer F. Hobein who has been laying off, has resumed his passenger run between El Paso and Sanderson.

Fireman J. P. Boatwright came up from Del Rio Thursday to take a freight run out of here.

located on the back part of the lot of the place on Oak street where Trevio Barrego now lives.

At the February meeting of the Commissioners, their minutes reveal that much business was transacted. The salaries were set at this time and while compared to the salaries the officers now get, they are not much yet in that day it was a huge sum. These salaries were as follows: County Judge \$500 per annum and \$100 per annum as ex-officio County Superintendent; County Clerk, \$100 a year for keeping finance ledger and other articles as enumerated in Article 8248 Revised Statutes; \$100 for issuing jury script, county warrants, bar docket and other articles as enumerated in article 2409 Revised statutes, \$400 as ex-officio County and District clerk making his salary a total of \$600 a year; the sheriff and tax collector \$500 per annum and \$100 a year for keeping the jail and court house.

A special election was called for and held on March 20, 1906 for the purpose of voting bonds in the sum of \$30,000.00 to erect a court house. This bond election carried and in 1906 and 1907 the Court was erected.

The tax levy for 1906 as shown by the minutes of the Commissioner Court are as follows: state advalorem 20c; state school 18c county advalorem 25c; road and bridge 7c; court house and jail 15c.

Every year for several years instead of celebrating the Fourth of July, our citizen would celebrate on July 14 and at that time an old fashioned barbecue was given, public speaking was held and always some outstanding public man was invited to come and address the citizens, and at night dancing was the diversion. These celebrations was always looked forward to and it was the one time of the year when all cares were set aside and the day was duly celebrated.

It is to be hoped that if in the future the Legion or any other organization is to hold an annual Rodeo and celebration that they will see fit by making July 14 as one of the days—the county's birthday.
