## Sanderson Public School Pupils Among Winners At The Interscholastic Meet

(J. L. Eason, Reporter)  
Ten counties were represented by contestants in the thirteenth annual meet of the Seventeenth District of the Interscholastic League at Sul Ross State Teachers College, April 14th-15th.

Various honors of the meet were widely distributed among the visiting schools, with Iraan being crowned as winner of the meet, followed by El Paso High which took second, Marfa nosed out for third place, and Ysleta took fifth.

Contestants, accompanied by friends and family, began on Thursday afternoon as the literary preliminaries began in the morning. Arrivals continued by the close of the meet Saturday evening over 800 visitors were present.

A special housing committee kept busy until a late hour finding accommodations for the visitors. The Student Council maintained an information desk in the administration building and the courtesy Club maintained one in the lobby of the building. Meals were served in the college cafeteria for the convenience of those on the campus.

**The Summary**  
Points won by the various schools are as follows: Iraan 87 1-2, El Paso High 80, Marfa 55, Pecos 50, Ysleta 29 1-2, Sanderson 35, Ft. Stockton 25, Monahans 25, Marathon 20, Austin High (El Paso) 20, McAllen 17, Rankin, 15, Ft. Stockton 10, Fabens 10, Tornillo 7, Barksdale 5, Socorro 5, Wink 4, Odessa 3.

**Debate**  
Iraan, Dillow and Brasher, first; second, Tomlinson and Henning, Rankin.

**Extemporaneous Speaking**  
Iraan, Ernest Craig, El Paso High, second; Bob Collie, Pecos, second; W. M. Mebus, Tornillo, third.

**Essay Writing**  
Iraan, Pecos, first; Billy Miller, El Paso High, second; Lucy Ginez, Ysleta, third.

**Declamation**  
Junior Girls: first, Jane Duncan, second, Doris Tatum, Monahans, third, Rosa Balcous, McCamey.

**Typing Contest**  
First, Pratt, Midland; second, Arlyle, Midland; third, Mann, Midland.

Austin High School (El Paso) won the interscholastic League track and field meet in district 17, with 49 points to its credit, while El Paso High, its nearest competitor took only 27. Iraan and Ysleta finished with 10 points each to tie for third place. Ft. Stockton came fourth with 8 points.

Mrs. C. L. Surrat and son are visiting relatives in Barksdale.

## STATE SCHOOL FUND WILL BE PAID IN FULL

Supt. Woods Sure All Of Apportionment Is Forthcoming

SAN ANGELO, April 17.—L. A. Woods, State superintendent of public instruction, who visited in San Angelo yesterday announced that the \$16 per capita scholastic apportionment allotted schools for the 1932-33 school year, would be paid in full.

Woods said there had been some misunderstanding of a questionnaire sent out by the department of education and that school authorities had construed the questionnaire to indicate all of the apportionment would not be paid. The questionnaire had asked how long the schools could operate on an apportionment of \$8 per student.

"I cannot tell when it will be paid for it may be December or January before the revenue comes into the State treasury, but every dollar promised will be given to the schools," Woods stated.

## Davis Mountain Federated Clubs To Meet Here

The eighteenth semi-annual meeting of the Davis Mountain Federation will meet in this city on Saturday, April 29th. The meeting will be held at the High School Auditorium and is scheduled to start at 9:30 a. m.

Representatives from clubs in Ft. Stockton, Marfa, Alpine and Marathon will be here as well as members of the Sanderson Culture Club who belong to the Federation.

A very interesting as well as worthwhile and entertaining program has been arranged for the visitors. The Sanderson High School Band will furnish several musical numbers for the visitors.

Mrs. Fred Montgomery is president of the Federation and Mrs. A. E. Creigh Jr., is secretary.

## 20-YEAR PAY WEST TEXAS LAND BILL PASSED BY SENATE

AUSTIN, April 14. (AP)—The Texas Senate today passed a substitute for the West Texas land bill approved a few weeks ago by the House after considerable discussion. The bill would give relief to West Texas ranchmen who own land formerly belonging to the state.

The supreme court held these land owners owed the state one-half of the rentals and bonuses which they had received as a result of leasing the mineral rights. The bill would give them 20 years in which to pay this debt if they are unable to pay in cash.

The bill was passed, 19 to 2, with two pairs.

The chief difference between the Senate and House bills was that the House bill stated the benefits of the act would be extended only to the lessors or land owners and not to the lessees, while the Senate bill did not carry such a provision.

Mr. and Mrs. R. L. Doak returned last Friday from Pleasanton where they were called on account of the death of Mrs. Doak's brother, Will Dossey. They also visited in San Antonio with their daughter, Mrs. Edgar Garvey and family.

Mrs. R. M. Gant and son came in the latter part of last week from Knippa to join their husband and father, R. M. Gant, proprietor of the Eveready Pharmacy.

## WELL DRILLING CONTRACT GOES TO S. A. MAN

Water Well To Be Drilled At Dryden Port

F. C. Coleman, of San Antonio, has been awarded the contract, which was recently let, for the drilling of a well at the Dryden Airport.

There were several drillers who bid on the contract and many inquiries were had in regard to the sinking of a well on the place.

The sum of \$2,957.39 was the amount of Mr. Coleman's bid which was more or less based on a well 700 feet deep.

Other construction work is now being done at the Port and soon as the present building which is being erected for the enlisted men is completed the port will be one of the most modern equipped ports between San Antonio and El Paso.

## Mrs. Strange's Grandfather Is Claimed By Death

Mr. and Mrs. C. D. Strange returned last Saturday night from Texarkana, Ark., where they were called the first part of last week on account of the serious illness and death of her grandfather, A. W. Stevens, 84, for 53 years a resident of that city.

The following excerpt was taken from the Texarkana Daily News of its issue of April 12 telling of the death of Mr. Stevens.

A. W. Stevens, 84, the man who furnished the brick for hundreds of Texarkana homes and most of the older buildings in the downtown area, died at 6:10 p. m., Wednesday at his home, Tenth and Grand Avenue.

Mr. Stevens, who had lived in the same house for the past 33 years, had been ill for two weeks, lapsing into unconsciousness early this week.

The pioneer was born in Portsmouth, Ohio, September 2, 1849. He was married to Eliza Jane Baird on March 25, 1868, and 12 years later, April 13, 1880, the young couple left their Ohio home aboard an emigrant train and arrived in Texarkana a few days later.

Texarkana was a struggling village which had come into existence just six years before. Mr. Stevens at once took up the trade which he had followed in Portsmouth, the manufacture of brick, doing all his work by hand.

Members of the Texarkana Pioneers' Association had this to say of Mr. Stevens:

"He was one of the first to join the association when it was organized nearly 20 years ago, and has always been one of the most loyal, active and enthusiastic members. None was more highly appreciated by his fellow members than he. He was always modest and unassuming and rarely ever spoke at any of the gatherings, but took deep interest in all the proceedings, and never missed a meeting."

During his residence of 53 years in this community he led an exemplary life, measuring up in all essentials to a correct standard of good and worthy citizenship.

Funeral services were held at the family home at 3:30 p. m. Thursday with Dr. M. T. Andrews, pastor of the First Baptist Church, officiating. Burial was in Rose Hill Cemetery.

Mr. Stevens is survived by five children, Mrs. J. R. Preston, Mrs. Jack Hanes, Lon, O. L. and Floyd L. Stevens, 27 grandchildren, 15 great grand children and three great, great grandchildren.

The many friends of Mrs. Strange's in this city extend to her their sympathy in her loss.

Guests of Mr. and Mrs. C. V. McKnight for several days this week were, Mr. and Mrs. Arthur Esser of Boerne, Texas.

## PRESENT BILL CREATING PARK ON RIO GRANDE

Canyons In Brewster County Would Be Included

A bill providing for the creation of the Texas Canyons State park, to include the Grand Canyon of the Santa Helena, San Vicente and Bequillas or Dead Horse canyon in Brewster county, was introduced in the state legislature recently and received a favorable report from the committee on appropriations, it was learned from recent Austin dispatches.

The bill provides for the withdrawal of certain public school lands in Brewster county from sale, which would be included in the park, and further that the park shall be under the supervision of the Texas Park board. The lands so withdrawn would be appraised and the permanent school fund reimbursed for the lands transferred.

The fact that the canyons of the Rio Grande, situated in Texas, constitute one of the natural wonders of the United States and that no provision has been made setting aside the said lands adjoining the canyons as a state park, and that steps should be taken immediately to set aside said lands for the state before they are acquired by private interests creates an emergency," the bill sets out, and the house rule requiring three readings was suspended.

The Grand Canyon of Santa Helena is the second largest in the United States, being surpassed only by the Grand Canyon of the Colorado in Arizona. Its walls rise to a height of over 200 feet in places. Huge petrified tree trunks are also to be found in the area included in the park locations as well as many other things of interest.

The establishment of a park in the river area has been advocated for a number of years, especially by Chairman D. E. Colp of the State Parks Board. The State Highway department has also been favorable to a highway leading from the Borderway, U. S. 90 to the canyon and other points of interest in that area.

The creation of a park adjoining the Rio Grande canyons "would result in opening up to the public of Texas and the United States one of the finest parks in the United States at little expense to the people of Texas," the bill introduced by Senator Regan points out, "and would result in much revenue to the State of Texas from the gasoline tax and much profit to the people of Texas generally."

The bill, as amended, would include school land, sections 42.54 and 56, block 341, T. C. railway survey; sections 2, 21, 23, 39 and 41, block 16 G. H. & S. A. railway survey; sections 4, 12 and 14, block G-17; sections 11, 12, 17 and 20, block B-2, G. H. & S. A. railway survey, all in Brewster county, containing some 12,000 acres; with other lands privately owned presumably to be acquired.

Representatives Townsend of Alpine, Haag of Midland, and Wagstaff of Abilene are authors of the bill.—Alpine Avalanche.

## \$20,000,000 State Relief Bond Issue Is Urged By Members Of Both Houses

### POSTMASTER'S SALARY HERE RECEIVES CUT

Employment Of Immediate Family In Office Must Cease

Democratic candidates for the Postmastership in this city have had their potential salaries trimmed under President Roosevelt's action in ordering a 15 per cent cut in all Federal wages.

Effective April 1st, postmasters and clerical employees salaries were reduced 15 per cent making the salary of the postmaster in this city \$148.75 per month and clerk \$80.00 per month.

This is quite a reduction for the Postmaster at Sanderson in view of the fact that he has to invest approximately \$1,000 in equipment.

Another new ruling effective May 1st, and that will apply to this office is that the employment of immediate members of families of third class postmasters must cease at offices having annual clerk hire of \$240.00 or more. In hiring clerks preference must be given to those unemployed and especially who have dependents.

### Grand Officers Of O. E. S. Visits Local Chapter

Mrs. Emma Sauer, Deputy Grand Matron of the Order of Eastern Star, from Bracketville, paid an official visit to the local Chapter on Tuesday evening when they held their regular monthly meeting at the Masonic Temple.

A large number of members were present for the meeting and enjoyed Mrs. Sauer's visit.

Following the regular lodge meeting a social hour was spent at which time light refreshments were served by a committee.

### COMSTOCK LAND CONDEMNED FOR ROAD PURPOSES

Three special commissioners in County Court have awarded M. J. Kelly of Comstock \$497.75 in payment for right-of-way and damages to the property used in routing State Highway No. 3.

During the hearing, held Saturday, T. L. Drisdale, Homer Halman and Harold Martin sat as special commissioners.

Work on the highway near Comstock was enjoined last Fall by the 63rd District Court and the injunction dissolved later by the Court of Civil Appeals. The State brought condemnation proceedings.—Del Rio Evening News.

### SENIOR PLAY

The Senior class will present 'Ann What's-Her-Name,' a three-act comedy of mystery, in the High School Auditorium Friday evening, April 28, at 8 o'clock.

Tony Wheat, a popular young society man, finds himself in a trap from which he has great difficulty in extricating himself; in fact, he has to choose between marrying a masked bride or revealing his identity, which he is very eager not to do.

This play is full of thrills and laughs. The price of admission will be 15 cents and 25 cents.

Mr. and Mrs. Charlie Rogers spent the week end in Alpine with her parents, Mr. and Mrs. J. H. Fletcher.

Dr. and Mrs. A. P. Utterback attended the nine County Medical meet which was held in Del Rio last Friday.

AUSTIN, April 17. (AP)—Resolutions proposing submission of a constitutional amendment to authorize a State bond issue not to exceed 20 million dollars to supplement Reconstruction Finance Corporation funds for relief work in Texas, was introduced today in both Houses of the Legislature.

Governor Miriam A. Ferguson and a joint legislative committee on unemployment relief, issued a statement recommending submission of the question and placing their approval on the bond issue.

The governor and the committee stated that unless the bond issue is authorized, further aid cannot be expected from the Federal government.

It was pointed out that Texas was one of the two states in the Union that has not provided a plan of relief, and that an R. F. C. agent recently had informed the Legislature that no more Federal funds would be available to this State until Texas had made some provision to help in relief work.

Under terms of the resolutions introduced today, the electorate would vote on the proposal at a special election to be held July 15.

### Democrats Ask Dime A Member To Pay Deficit

A dime a Democrat is the quota assessed Texans by the Democratic National Committee. The Texans National Democratic organization of which Roy Miller is Director, Senator Margie E. Neal, co-director, and Frank Scofield, finance director, has assumed the task of raising \$75,000, which is 10 per cent of the \$750,000 deficit of the Democratic National Committee.

This rather formidable sum is proportionate to what Texas has received and expects at the hands of the Democratic party, it was said in a statement released by National Democratic headquarters at Austin.

Postmaster General James A. Farley, who is chairman of the Democratic National Committee, in requesting so large a sum of the Texas organization is actuated by the extraordinary record of this state in the campaign last fall. Texas, it will be recalled furnished the largest Democratic majority for Roosevelt and Garner, and contributed the second largest sum of money, being exceeded only by Roosevelt's own state of New York.

The amount requested from Texas was approximately one-tenth of the number of Democratic votes cast in Texas last November. In determining the quota for each county the Texas organization decided to allot the quota in proportion to the votes cast. Ten cents for each Democratic vote approximates very closely the sum expected from Texas.

There were 481 votes cast in Terrell County. The quota, therefore, is \$48.10.

"Every Democrat in Terrell County ought to feel that the New Deal is worth at least a dime to him," Frank Scofield said. "We are now advising county chairmen of the sums expected of them and anticipate no difficulty in raising Texas' part of the party's debt."

### MOTHERS DAY PROGRAM

The students of the high school will give a Mothers Day program in the High School Auditorium on Friday evening, May 12, at 8:00 o'clock.

There will be a number of interesting talks and musical numbers by the pupils.

All parents and patrons of the school are cordially invited to attend the program at that time. The mothers are especially urged to come.

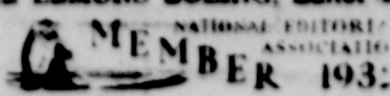

Mr. and Mrs. S. J. Kellogg were week end visitors in Presidio.

No truer words were ever spoken than these once said by former Gov. John M. Slaton of Georgia: "No country ever lasts long without a country people. They afford the strength of the church; they maintain the sacredness of the family tie; they supply the reverence for eternal principals not to be found in congested communities. They think for themselves and no temporary fad sweeps them from the lasting paths of truth. From them, comes the strong fresh blood that dominates and enriches commerce, industry and the professions." -Donely County Leader, Clarendon Texas.

METHODIST ATTEND MASS

SELMA, Cal.—Accompanied by their pastor, Rev. J. M. Chamberlin, the congregation of the First Methodist Church here, attended the 8 o'clock Sunday Mass in a body at St. Joseph's Church.

Earlier in the week Rev. Mr. Chamberlin had called upon Father Joseph Koesseyan, pastor of St. Joseph's and asked permission for his congregation to attend the Mass. Being assured of a hearty welcome, he made inquiry as to how his flock should conduct themselves and was duly informed as to the time for kneeling, standing and sitting during the Holy Sacrifice.

Catholics present at the Mass attended by the Protestant congregation were pleased to see their visitors exhibit correct and respectful attitudes during the Mass.—Contributed.

Large Crowds Are Attracted By The Flowers Revival

The Flowers revival meeting that is being conducted at the Bohlman Theatre is attracting community wide interest and folks from every church in the community are attending. The meeting is being conducted by Evangelist and Mrs. R. L. Flowers. The Flowers are both preachers of unusual ability. Mr. Flowers directs his singing and Mrs. Flowers presides at the piano. The Flowers have been in the evangelistic work for eighteen years and during that time have held meetings in nearly every state of the nation. Their work during the past Winter was in Pennsylvania. They have just closed a meeting in Trinity Methodist Church in El Paso when 150 people were converted. During these eighteen years these workers have led 40,000 conversions in their meetings.

Mr. Flowers preaching is convincing and attractive. He does not abuse anyone and yet folks need not to be in darkness just what he is driving at. He was reared on a farm and ranch in South Texas and he uses plain Southwest Texas language. Mrs. Flowers was reared on a cotton farm in Central Texas and knows what farm life is like. She tells in one of her messages of her experience in the cotton field as a little girl. She is also a preacher with an unusual appeal. Seldom does one hear a woman speaker that can attract the crowds that she does. Her command of the language and her understanding of people make her a speaker of unusual ability and attractiveness.

The Flowers are conducting a young people's service at 7:30 in which the problems of young folk are discussed. The following subjects are among those discussed: Doing things, bringing things to pass, Clean athletics. What do you know about God and such other subjects as would interest young folk.—Contributed.

Mr. and Mrs. S. C. Bodkin returned to their home in El Paso last Thursday night after spending the day here visiting with friends and relatives.

ON TEXAS FARMS

By W. H. DARROW Extension Service Editor

It took 7 1-2 bales of cotton or an average of 50 pounds per mattress for Hardeman county farm wives to make 77 mattresses at home by methods shown by the home demonstration agent. The mattresses cost an average of \$4.68 each and were valued at \$8.

It takes more than an armadillo to stem the tide of canning that has swept Texas. A 4-H pantry demonstrator in Jefferson county, Mrs. J. H. Robins of Amelia, has canned armadillo meat on her shelves. Her family say it is delicious.

"Syrup week" was recently celebrated in Crockett, with pure ribbon cane syrup accepted as legal tender for newspaper subscriptions and many kinds of merchandise. The quality of locally produced syrup has been steadily improved by the members of the Houston County Syrup Growers Association, the county agent says, pointing out that shipments have been made to all parts of Texas and many other states.

Orchards will be located on terrace tops on four farms in Johnson county where the county agent has laid out the terrace lines 30 ft. apart, and with varying fall so that the rows may be nearly parallel.

Three Harris county communities have been organized for gardening for the unemployed of Houston, with an average of 20 acres in each of the community gardens. The county agent is cooperating with the garden foreman in directing the garden activities.

Sharp increase in the production of tomato juice should be of interest in Texas where thousands of bushels of fine tomatoes are permitted annually to perish. The 1932 pack was 3,824,457 cases as compared with 2,956,887 cases in 1931.

Texas' interest in export business in another direction than farm products is seen in the fact that there was a considerable increase in 1932 of the export of carbon black, a commodity of which 80 per cent of the American product comes from Texas gas fields.

Accurate reports from 122 of the 254 counties of Texas compiled by the extension service of A. and M. College reveal that home-grown food canned or otherwise preserved amounted in value to \$3,629,589. A total of 16,509,487 quarts was preserved in those 122 counties, in which the sale of 45 million tin cans and glass jars for that purpose was reported by merchants, and in addition 3,490,684 pounds of fruits and vegetables were dried or preserved in brine. Approximately 85 per cent of the canned food was of fruit and vegetables and 15 per cent of meats.

Farm forest products yielded an income to Texas of \$8,440,281, according to the 1930 Federal census, including over 100 million board feet of saw logs and veneer logs, nearly nine million fence posts and over a million and a half cords of wood for fuel.

Messrs. Tom Breeding and Willis Harrell were hosts to several friends on last Thursday evening when they entertained with Bridge at the home of Mr. Breeding's sister, Mrs. Mary Lou Kellar, naming Mr. and Mrs. S. C. Bodkin of El Paso as honor guests.

Following the playing of several tables of bridge the honor guests were presented with an appropriate gift, while a cut prize, a cake, went to F. H. Talbot.

The following guests enjoyed the evening: Mr. and Mrs. S. C. Bodkin, Mr. and Mrs. A. E. Creigh Jr., Mr. and Mrs. Jim Nance, Mr. and Mrs. W. H. Savage, Mr. and Mrs. W. D. O'Bryant Jr., Mr. and Mrs. Rufe Murrain, Mr. and Mrs. H. E. Fletcher, Mr. and Mrs. F. H. Talbot, Mr. and Mrs. LeeRoy Grigsby, Mr. and Mrs. A. C. Claffelter, Mr. and Mrs. R. S. Wilkinson, Mrs. Mary Lou Kellar and W. A. Whittle.

Refreshments consisting of ice cream and cake were served.

## NIGHT CLUB

The members of the Night Bridge Club together with several invited guests were entertained last Saturday evening at the home of Mr. and Mrs. C. M. Breeding.

Refreshments of congealed fruit salad, saltines, chocolate roll and coffee were enjoyed by Mr. and Mrs. Max Bogusch, Mr. and Mrs. A. E. Creigh Jr., Mr. and Mrs. Clyde Griffith, Mr. and Mrs. Jim Nance, Mr. and Mrs. W. H. Savage, Mr. and Mrs. John Stovell, Mr. and Mrs. R. S. Wilkinson, Mr. and Mrs. LeeRoy Grigsby, Mr. and Mrs. T. D. Moore, Mr. and Mrs. L. M. Boze, Mesdames S. E. Nelson and Mary Lou Kellar and Mr. W. A. Whittle.

W. H. Savage was the winner of the men's high score prize while Mrs. S. E. Nelson won the ladies' high score prize.

Mr. and Mrs. George Thurman and sons returned last Monday from Del Rio where Mrs. Thurman underwent, the past week, a minor operation. She is getting along nicely in the news of which will be gratifying to her many friends here.

Rev. John V. McCall is in Victoria this week attending the meeting of Western Texas Presbytery.

## BRIDGE PARTY

Mrs. Helen Daniels was hostess to a few friends at her home Monday evening when Bridge was enjoyed until a late hour.

Refreshments of fresh strawberries with whipped cream, angel food cake and coffee were enjoyed by Miss Loreine Barker, Mrs. N. E. Charlton, Mr. and Mrs. Max Harrell, Mr. and Mrs. P. J. Holman, James Daniels, and the hostess.—Reported.

## DELPHIANS MEET

The Alpha Delphians Chapter held their regular meeting on Wednesday of last week at the home of Mrs. James Kerr with a good attendance. Mrs. W. H. Savage was leader of the last two lessons on German Opera. Others on the program that gave interesting reports on Mozart and Wagner's contributions to opera and music were Mesdames James Kerr, Gayle Mussey, W. E. Lea, H. R. Laurence and Clyde Griffith.

This program completes a six-year course of study outlined by the National Delphian Society. The members who do not complete this study has missed a great deal.

Mesdames James Kerr and G. Mussey will be hostesses to the entire Chapter for a social hour at an early date.—Reporter.

## SUNDAY SCHOOL PICNIC

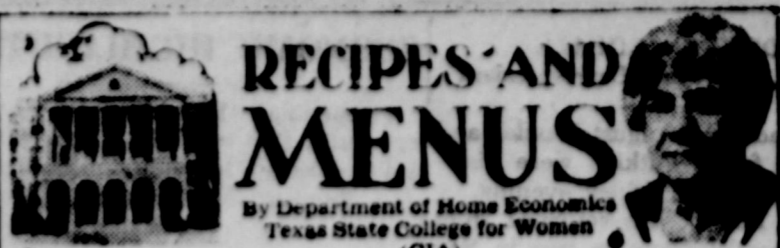

Last Saturday afternoon the Sunday School of the Baptist Church sponsored an Easter egg hunt and a picnic at the Deaton ranch about six miles west of town.

There were about forty children in attendance who enjoyed hunting eggs until they were sure they had found all that were to be found in that locality.

About 6:30 a feast was spread of which the oldest as well as the youngest enjoyed.

In all there were about sixty-five people in attendance and reported having had a most enjoyable time, looking forward to a like occasion next year.—Contributed.

DENTON, April 20.—Vegetables should always constitute a prominent part of the day's food supply. At the close of the winter season they may well replace some of the heavier and more concentrated dishes which have been used rather freely during the winter season.

While waiting for the new home garden vegetables to come, we sometimes need to find a new interest in the year-round market or home-stored vegetables by offering them in a new form or in new surroundings.

Breakfast: Stewed apricots, shredded wheat, cream, poached eggs on toast, coffee.

Luncheon: Veal stew, broiled tomatoes, muffins, butter, date pudding with lemon sauce.

Dinner: Roast loin of pork, sweet potatoes, creamed celery, dixie relish, jellied fruit, sand tarts.

Breakfast: Orange juice, bacon, hot cakes, syrup, coffee.

Luncheon: Stuffed onion, French omelet, hot biscuit, butter, canned peaches and whipped cream.

Dinner: Lamb chops, scalloped cauliflower, string beans, spiced peaches, rolls, butter, ice cream, wafers.

tender. By this time the water should be reduced to one-half a cup. Make a sauce with the butter, flour, and the milk. Add the cooking water and celery, season and serve hot.

Stuffed Onion: Select onions slightly larger than medium. Remove a slice from the top of each and parboil until slightly tender. Drain and remove the center. Chop the centers with a small amount of chopped ham or green pepper. Add one-half a cup of bread crumbs or coked rice. Season with salt and pepper. Refill the onion cups, cover with crumbs, add a tablespoon of milk and a small piece of butter to each. Place in a baking dish and bake in a hot oven until tender.

Scalloped Cauliflower: 1 cauliflower, 4 T grated cheese, 2 hard-cooked eggs, 1 1-2 c medium white sauce, bread crumbs. Break the cauliflower to the desired size pieces. Boil until slightly softened, but still firm. Alternate layers of cauliflower and other ingredients in a buttered baking dish. Cover with crumbs, and add a few dashes of paprika. Bake in a moderate oven.

## RECIPES

Broiled Tomatoes: Select firm, medium sized, round tomatoes. Cut them into slices three-fourths inches thick. Season each slice with salt and pepper. Place in an oiled broiler and broil until tender. Turn once during broiling; add melted butter and serve immediately.

Creamed Celery: 2 c celery cut into 3-4 inch pieces, 1-2 c milk, 2 T flour, salt and pepper. When hearts of celery have been served fresh the large and coarser stems can be used for cooking. Wash the stalks clean, scrape and trim as necessary. Cut them into pieces. Place them in a stew pan, and barely cover with water. Boil until

## Just around the Corner

**EVEN** big-city folks must have their "neighborhood stores"! Most of them would no more think of going down town to fight their way through the crowds in search of a roast for dinner than they would of walking to the factory to get a pair of shoes.

City women know that their neighborhood stores can supply them just what they want — and that, in most cases, the service is more alert and friendly.

The same thing is true of this "neighborhood". Our merchants—the men whose ads you read in this paper — are in position to furnish your home with the best and most popular brands of goods. Not only can they save you money, but they gladly relieve you of a lot of worry and loss of time.

ECONOMIC HIGHLIGHTS

Happenings That Affect the Dinner Pails, Dividend Checks and Tax Bills of Every Individual. National and International Problems Inseparable From Local Welfare.

Among the most significant and outstanding developments of the moment is the continued improvement in the banking situation. The return flow of gold, reduction in circulation (when money in circulation is unusually high it means widespread hoarding and is of course an unfavorable sign) and decline in borrowings from the Federal Reserve have been little short of sensational. Banks which were kept closed after the holidays, or which operated on a restricted basis, are reopening on all parts of the country. In 10 days ended March 25, 265 national banks with \$350,000,000 in deposits had been reorganized or strengthened so that they could reopen their doors.

Bankers are preparing to meet revolutionary changes in practices. These, according to present indications, will have two main phases: First, the separation of banking functions by divorcing investment and trust banking from commercial banking; second, unifying of commercial banking under a national system, either through forcing all banks into the Federal Reserve or by legislating State banks out of existence. Bulk of leading bankers are favorable to these proposals.

Beer has become legal in states comprising about 69,000,000 people. It will become legal at various dates within the next four months in a group of other states. States which are still unfriendly to beer, and are regarded as likely to remain so, comprise but about 12,000,000 of our population.

The principal reasons for immediate legalization of beer were the jobs it would provide, the money it would put to work. Indications are, shortly after its appearance, that it is living up to expectations.

First result has been a sharp jump in employment, sizable revenues to the federal, state and local governments, and an increase in spending—not only for beer, but for other articles. Railroads have hired additional crews to man beer trains. Related businesses—such as the manufacture of bottles and mugs—report a sharp pickup. Thousands of men are working at remodeling old breweries and building new.

Reliable figures will be difficult to obtain for some time—until the novelty of "beer is back" has worn off and stabilization of the industry sets in. It seems, however, that it will do much in helping the cause of employment, purchasing power and governmental revenue.

In accord with President Roosevelt's habit of doing the exceptional, is his calling of the leaders of the principal powers to Washington. Invitations have been sent Hitler, Mussolini, McDonald and the presidents and premiers of France, China, Japan, Brazil and other countries. Others, it is said, will follow later. Subject will be world recovery, and international cooperation for achieving it. The representatives of the governments will not hold round-table discussions—they will talk separately with Mr. Roosevelt.

Importance of world trade was the subject of a statement by Secretary Hull which at once followed the Presidential announcement. He said it is high time to call a halt to existing world tariff policies, pointed to the fact that America's share of the world trade has been lost in the last few years totals about \$6,000,000,000—a volume of business which means the difference between depression and comparative prosperity.

The industrial picture is mixed. However, it is much improved over what it was a few months ago, even disregarding the favorable consequences of the legalization of beer. Retail trade is improving. During a recent week electric power production made the most favorable comparison with 1932 for some time.

THE STATE OF TEXAS) COUNTY OF TERRELL)

Before me, the undersigned authority, on this day personally appeared Frank K. Harrell, County Treasurer of Terrell County, who being by me duly sworn, upon oath, says that the within and foregoing report is true and correct.

Frank K. Harrell, County Treasurer.

Sworn to and subscribed before me, this 10th day of April, 1933.

(SEAL) F. L. Burnside, Clerk County Court, Terrell County, Texas.

During the last few days of March and early April a definite sales upturn in the automobile industry was registered. The industry sees this as an indication of a normal month during April now that banking difficulties are settling and financing can continue unimpaird. Increased requirements have already reflected in substantial gains in steel ingot production.

On the black side is the gradual shutting down of American copper mines—indeed, when this is read there may not be a single one in production. Producers are simply unable to operate at present price levels. It is believed that a temporary complete shutdown would improve the picture.

The railroad's net profit is appreciably below the 1932 level, which was extremely low. Much hope is placed in the working out of the Administration's railroad program.

McDuffey Kessler spent the Easter Holidays in Longview, Texas, with Miss Anna Lena Wirz. He returned Monday night.
