BRINKLEY WINS STATE MEDICAL BOARD CONTEST

Dismiss State Suit For Revocation Of License

The case of the State Medical Board versus Dr. J. R. Brinkley, which the board was seeking to revoke the medical license of Dr. Brinkley of Milford Kan., was dismissed in 63rd District Court Saturday afternoon shortly after 4 p. m.

The court dismissed the case following the motion presented by county Attorney W. P. Wallace, who stated that former Governor James H. Moody, attorney for the State Medical Board, had authorized the county attorney in a telephone conversation Saturday at noon to drop the case.

Last year the case was brought in Del Rio on a change of venue on Dallas on petition of the defendant. Dr. Brinkley was represented in court Saturday by Judge F. F. Boggess and Judge J. J. Foster.—Del Rio Evening News.

Here Is How Inflation To Hit Pockets

WASHINGTON, April 24.—Various phases of gold standard abandonment and currency inflation are planned in the following questions and answers:

Q—What articles will show the price increases in an inflation program such as the administration is adopting?

A—Food prices usually react first in period of inflation.

Q—Why?

A—The dollar is worth less because it is not supported by gold in foreign markets. Issuance of additional currency would cheapen buying power of the dollar and would be affected first because it is a perishable commodity which cannot be stored in quantities obtained at lower price levels.

Q—How much will the price of food advance?

A—It depends on the extent to which the dollar is cheapened. At present the dollar is worth about 10 cents, indicating price increases about 10 per cent.

Q—What other prices will be affected?

A—A period of inflation usually brings a general increase in prices of all necessities.

Q—When will the price of clothing increase?

A—Cotton already has advanced and manufacturers generally have supplies ahead for several weeks and they already warned retailers to buy early if they want to be assured of obtaining goods at present prices.

Q—Will rents be affected?

A—Dependent usually on local conditions.

Q—Will real estate prices increase?

A—The general economic theory is that prices of material things, including property, increase in periods of inflation.

Q—Will wages be increased?

A—Not immediately.

Q—Why won't wages and salaries increase correspondingly with the prices?

A—Economists describe this discrepancy as a "lag." It takes months or perhaps years, due to the intricacies of the economic system, for the new blood to circulate all through the structure.

Q—Who will be the immediate beneficiaries?

A—Farmers, who benefit doubly. Their stocks and crops on hand are increased in value. This increase makes it easier to pay on indebtedness.

Q—How does inflation work from the standpoint of a salaried man attempting to pay off mortgage interest?

A—To the disadvantage of the salaried man. He will not have as much money, after paying interest.

Davis Mountain Federated Clubs Here Tomorrow

Sanderson will be hosts to the members of the Davis Mountain Federation Clubs tomorrow, when representatives from the towns of Marfa, Ft. Stockton, Ft. Davis, Alpine, Marathon as well as members of the Sanderson Culture Club will gather here for the eighteenth semi-annual meeting of the Federated clubs.

The meeting will be held at the High School Auditorium in this city and is scheduled to commence at 9:30 a. m. All citizens of Sanderson and especially the women from the other clubs and organizations in this city are urged to attend the meeting.

In addition to the regular club program entertainment features will include musical numbers in the afternoon by the Sanderson High School Band and a play by the members of the fourth grade. At noon a luncheon will be served in the Home Economics Room at the High School.

Mrs. Fred Montgomery of this city is President of the Federated Clubs and Mrs. A. E. Creigh Jr., of this city is the secretary.

A large attendance is expected at the meeting.

Regular Meeting P. T. A. To Be Next Thursday

Sanderson Parent-Teachers Association will meet in regular session at the High School Auditorium, 7:30 p. m., Thursday May 4th. As this is to be a Mother's Day program, it is one which will be of interest to everyone. Mrs. Joe Kerr has been designated as leader.

The program to be given is as follows:

Community singing led by Mrs. N. E. Charlton.

Invocation, Mrs. O. H. McAdams.

Talk, "Mother," Mrs. L. M. Baze.

Music, High School Band.

Song, Glee Club.

May Pole Dance, first and second grades.

Tribute to Mother, a Senior.

In addition to the above program a teacher from the School of Mines in El Paso will be present and will address the assembly.

Regular Meeting P. T. A. To Be Next Thursday

On November 28, 1932 the quarterly conference of the Sanderson Methodist Church set the date of the Monday after the closing of school as the date for the Annual Daily Vacation Bible School under the supervision of the local board of Christian Education.

The following members of the Board of Education along with the several other teachers will take active part in the school this year: Mrs. H. C. Goldwire, Director of Christian Education; Mrs. J. L. Osgood, Mrs. F. S. Garrison, Miss Bessie Stradley, Miss Dorcus Sue Latimore, Mrs. P. A. Wyatt, Mrs. A. F. Buchanan, Mrs. B. M. Stradley, Mrs. W. H. Newman and Mr. Henry Goldwire.

Two new courses will be added to those taught last year and this year Mr. Preston Utterback and Mr. Lowry Stradley will have charge and direct the recreational periods of play and fun. The pastor, Rev. B. M. Stradley, will teach an adult class in Bible this year using the standard text, "St. Marks Life of Jesus," by Andrew Sledd, standard credits being issued to all finishing the course. Another added feature this year will be the Bible games period each morning.

All classes will run for 12 days and all finishing their course will be issued certificates on graduation night which will be Sunday June 4 at the 8 p. m. hour. Classes will be held for beginners, primaries, juniors and intermediates and the Bible class of adults.

No charges will be made for any of the courses and no course will entail any expense except the textbook for the adult Bible course which is 65 cents.

PRESBYTERY TO MEET HERE ON SEPTEMBER 29

Dr. McCall's Invitation Is Accepted At Victoria Meeting

Rev. John V. McCall returned from a meeting of Western Texas Presbytery at Victoria last Friday. Presbytery accepted Dr. McCall's invitation to meet in Sanderson on September 19th. The Presbytery reaches from Sanderson to Brownsville—a distance of 600 miles or more.

Fifty seven preachers and elders were present at Victoria but, because of the distance, Dr. McCall thinks not more than forty will get to Sanderson.

The body is self entertaining.

WOMAN HALTS RANCH RAID AT PRESIDIO

Men At Nearby Dance Hear Shots, Chase River Bandits

MARFA, April 22. (AP)—A band of about five men who tried to break into the Hernandez ranch house at Loma Paloma, 10 miles east of Presidio, fled across the Rio Grande after exchanging shots with residents of the vicinity.

Only an elderly couple and a young girl were at the ranch house last night when the men tried to enter it through windows. One of the women, fired a shot and attracted the attention of persons attending a dance a half mile away. They came to the ranch and drove the men away.

So far as could be learned no one was hit in the exchange of shots and nothing was reported taken from the ranchhouse.

Recently the ranch was robbed of supplies by a band of men who were trailed to the river.

NEW CIGARET TAX STAMP FOOL-PROOF

AUSTIN, April 21.—A new state three-cent tax stamp appeared on cigarettes today, designed to prevent cigaret bootlegging, officials said.

The new stamp is made of a thin composition material which readily adheres to cellophane wrappers. Circular in form, it is almost impossible to remove the stamp without mutilation.

The old square stamps were easily removed from used cigaret packages, officials said "The stamp were glued to new packages and used again and again. The new stamp will stop this form of tax evasion. It crumbles into tiny pieces when a person attempts to remove it from a package.

Burial Rites For Mrs. J. H. Lemons Held In Marathon

Funeral services were held at 3 p. m. in Marathon on Monday afternoon for Mrs. J. H. Lemons, pioneer and native Texan who passed away last Friday night at 11:30 at the home of her son's, Arthur Lemons in Tucson, Arizona.

Rev. Burn Sparks, pastor of the Baptist Church, held the services at the old home in Marathon where for many years her children and grandchildren gathered and spent many a happy day, and shared with her happiness as well as her sorrows.

Mrs. Lemons was born on January 10, 1854 at Stephenville, Texas, from which place she moved to Uvalde, where she spent her early life. Left motherless at the age of ten years, she assumed the many duties of the home and helped to rear her two brothers, Sam and Tom Satathite, and to make a home for her father. On June 6, 1875, at the age of 22, she was united in marriage to John Henry Lemons who was engaged in the ranch business on the Nueces in Edwards County, they making their home for a time in Rocksprings. In 1888 Mr. and Mrs. Lemons moved to Pecos county settling in the town of Fort Stockton and continued to reside there until 1897 when they moved to Marathon where they have made their home ever since. She was preceded in death by her husband over 36 years ago.

When she was about 29 or 30 years of age she gave her heart to Christ uniting and becoming a charter member of the First Baptist Church in Uvalde, Texas, where she has ever since kept her membership letter. In February of this year she reaffirmed her faith anew saying she was ready to go to her Master.

Mrs. Lemons was the mother of 11 children, two of whom died when infants and two others lived to manhood and womanhood before passing on, they being the late W. H. Lemons of this city and Mrs. Tilda Speer of Marathon. In addition to her large family she reared in the early years of her life Jim Short, an orphan, who died soon after reaching manhood and Judge A. P. Allison now living at Rocksprings. The latter part of her life she reared her two grandsons J. W. and Maurice Speer, who survive her.

Other survivors include: Arthur Lemons, A. V. Lemons, Tom Lemons, Arizona; Mrs. E. L. Sweeten and Mrs. Wesley Black of El Paso, Mrs. W. H. Mansfield of Uvalde, Mrs. Luella Lemons of this city and 28 grandchildren and 19 great grandchildren, living here and at Uvalde and Tucson, Arizona.

Active pall bearers were W. W. Crawford, L. S. Dickson, John Reininger, Frank Wedin, Zenith Decie and Allie Davis.

Honorary pall bearers were R. H. Crawford, Jim Hargus, Earl Clark, George Harris, Bob Bourland, Earl Young, Ed Harris, Ed Shirley, M. H. Jones, Joe Granger, B. N. Kimball, Albert Chambers, Ed Hancock and Emmett Meeks.

With the object of marketing fresh, infertile eggs the East Texas Poultry Association was recently organized with headquarters at Jacksonville. According to the county agent every member must have at least 100 hens and feed proper rations, and all shipments must be candled and stamped with producer's name and address on each egg.

Mr. and Mrs. A. N. Hulsey returned Wednesday to their home in Fort Worth after a week's visit with their daughter, Mrs. D. L. Duke and family.

Work on 50 hooked rugs and mats has been started by Haskell county home demonstration club women, and there is talk of organizing a rug and mat association to further the marketing of old woollens and sacks through rugs.

HIGH SCHOOL COMMENCEMENT TO BE MAY 18

LaCrosse Of Del Rio To Be Speaker For The Occasion

The Commencement exercises of the Sanderson High School will be held on Thursday evening, May 18, at 8 o'clock in the High School Auditorium according to an announcement made by Superintendent B. J. Brannan on Wednesday of this week.

There are eight graduates, 5 girls and three boys, who will complete their High School studies this year.

Hon. Julian LaCrosse of Del Rio, Texas, has been selected as speaker for the occasion. Mr. LaCrosse is District Attorney of this District, and an able speaker and will bring a worthwhile message to the class.

The Baccalaureate service will be held on Sunday evening May 14 at the High School Auditorium with Rev. B. M. Stradley, pastor of the Methodist Church in this city delivering the sermon.

Members of the graduating class who will receive their diplomas, May 18, are as follows: Bess McAdams, Madiyn Wilkinson, Marybelle O'Bryant, Dolores Gonzalez, Earline Ruston, Lee Hardgrave, Bill Stavley and Allen Owen.

At the same time that the Seniors receive their diplomas the seventh grade students will receive their certificates of promotion into High School.

Wednesday's Chapel Program Given By 4th Grade Pupils

The fourth grade presented the chapel program at the regular period, Wednesday, April 25. The following program was given, under the direction of Miss Margaret Martin, teacher.

Health Drill, Fourth Grade Pupils.

Reading, "Moo Cow, Moo", Ruth Murrah.

Playlet, Fourth Grade Pupils.

Dance, Laverne Halley and Ethel Laura Nance.

At the conclusion of the fourth grade program, a portion of the Senior Play, "Anne, What's-Her-Name," was given, in which "Tony Wheat" was married to a masked bride who was whisked away immediately after the ceremony, leaving him inquiring as usual, "Anne? But What's Her Name?"

Came to the High School Auditorium Friday night at 8 o'clock and watch Tony discover the identity of his wife.

Sanderson Director Saves Cowboy Band

The director, feature entertainers and half the Simmons Cowboy Band failed to reach Del Rio Saturday night in time for the concert, which was presented under the direction of Cecil Cammack of Sanderson, a former member of the band, in High School auditorium.

The main body of the band was marooned near Spofford when their bus broke down, failing to reach the city until early Sunday morning.

Mr. Cammack came to the rescue of the stranded section here. Mr. Cammack directs the Sanderson High School Band.—Del Rio Evening News.

DANCE A DRYDEN

There will be a dance and barbecue given at the Community Hall in Dryden this afternoon, (Friday). Music for the dancing will be furnished by the Charlie Rogers String Band.

Mrs. Douglas Wilson and son of Sheffield spent Tuesday and Wednesday here with her parents, Mr. and Mrs. C. D. Strange. Her mother accompanied her home on Wednesday for several days visit.

ECONOMIC HIGHLIGHTS

Happenings That Affect the Dinner Pails, Dividend Checks and Tax Bills of Every Individual. National and International Problems Inseparable From Local Welfare.

At themoment, good news concerning business is outweighing the bad.

Corn, wheat, rye and sugar all recently reached new highs for the year. Electric power output tends to be proportionately better in comparison to earlier part of this year. The American Railway Association forecasts that in the second quarter of 1933, the reduction in freight car loadings will be the smallest in three years. Steel output is showing moderate advance. Money rates continue to come down rapidly.

Tremendous importance is attached to the forthcoming international economic conferences between the President of the U. S., his advisors, and representatives of the principal foreign governments. World rehabilitation will naturally be the subject of conversation—and that entails an enormously varied number of sub-topics. Tariffs, war debts, armaments, gold standard, currency problems, inflation, deflation, reflation—these are some of the topics which must be discussed, and when the average citizen reflects how little he knows of any of them he can appreciate the difficulties that will be faced by all concerned. At this writing, it is assured that Ramsay MacDonald will come personally; that Mussolini will do likewise if possible; that France may send Herriot, and that Hitler will send a representative. Only major power not invited was Russia, as no diplomatic relations exist between her and the United States.

One of the main barriers to recovery is that there exists throughout the world today what might be called a "currency blockade." Fifty of the fifty-two existing nations in order to save their currencies from collapse, have forbade the normal international flow of money. Trade between countries has all but come to an end. To restore foreign trade to the dominant economic position it once held, is a problem all countries face.

By shearing the government of what the Administration believes to be luxuries, the budget balancing program is expected to produce at least \$350,000,000 in economies during the 1934 fiscal year, in addition to the \$670,000,000 cut already made.

Features of the billion dollar saving plan, which have been announced or effected so far are: Veterans' cuts totaling \$450,000,000; salary cuts totaling \$120,000,000; savings on direct expenses, \$150,000,000; additional revenue from beer, \$160,000,000.

A short time ago the Committee for the Nation, representing 300 industrial leaders, made public its following members and visitors: Mesdames B. J. Brannan, A. D. Brown, A. F. Buchanan, L. M. Baze, A. E. Creigh, Ira Deaton, Robert Gatlin, Icky Johnson, W. E. Lea, J. H. Lechman, J. V. McCall, Tol Murrab, A. P. Utterback, W. H. Savage and Gayle Mussey.

The next meeting completes our year's work and will be held at the ranch home of Mrs. Tol Murrab.—Reporter.

DELPHIANS ENTERTAINED

Mesdames James Kerr and Gayle Mussey were hostesses at a delightful social hour for the Delphians Thursday April 20th at Mrs. Kerr's home. Roses and spring flowers adorned the spacious living room where the Delphian Banner was displayed.

Mrs. Mussey, president, explained in a few well chosen words the meaning of Delphian and expressed the pleasure we have experienced in our past six years work.

Mrs. Lea, secretary, gave a complete attendance report of the members.

The hostess served delicious fruit ice cream pie to twelve members each expressing their joy of being a Delphian.

Mrs. Kerr in her very gracious manner presented the four presidents with lovely bouquets of flowers and Mrs. Mussey a garden hat for best attendance record.

This closed our six years study course that was organized with twenty members.

The following members were present to enjoy one of the most enjoyable social hours of the season: Mesdames John Stovell, W. H. Savage, R. Laurence, Clyde Griffith, W. E. Lea, Joe Kerr, Rufe Murrab, Dave McLymont, Luella Lemons, H. C. Goldwire and the hostesses.—Reporter.

CULTURE CLUB MEETS

The Sanderson Culture Club held their regular meeting at the residence of Mrs. A. F. Thrift with Mrs. Landon Rose as co-hostess.

An interesting program on Russia was given by Mesdames L. M. Baze and W. H. Savage. Mrs. Mussey gave an interesting paper on "The Five Year Plan in Russia."

The President completed her plans for the Davis Mountain Federation meeting to be held here April 29. An invitation is extended to all club women of Sanderson to attend.

The following Texas Federation Secretaries were appointed: American Citizenship, Mrs. A. P. Utterback.

American Home, Mrs. Ira Deaton.

Fine Arts, Mrs. Joe Brown.

Applied Education, Mrs. B. J. Brannan.

Legislation, Mrs. T. D. Moore.

Press and Publicity, Mrs. W. E. Lea.

plan to restore prices. The plan includes: Fastest possible reopening of banks; currency expansion to protect depositors of banks which have not yet reopened; government guarantee of deposits of all banks which have been reopened and held sound; continued embargo on gold exports and suspension of specie payment; removal of restrictions upon foreign dealings which do not involve gold; revaluation of gold, by raising its stipulated price from the present level of \$20.67 per ounce to \$36.17 per ounce; creation of a Federal non-partisan board to stabilize the United States' general price level of wholesale commodity prices at 100, this being the average of price levels from 1921 to 1930. The report was signed by the following directing committee: Searing J. Rosenwald, Chairman; Sears, Roebuck & Company; F. H. Sexauer, President, Dairymen's League Cooperative Association, Inc.; F. H. FOREIGN TRADE—Despite declines of 23 per cent in the volume and 33 per cent in the value of shipments to foreign countries, the United States was the world's largest export nation in 1932.

RETAIL TRADE—Definitely improved in most large centers. This has been due partly to Easter—seasonal—buying, partly to what is apparently a new "spending attitude" on the part of a public with renewed confidence.

WHEAT—Winter wheat production this year is forecast at 334.

Burglars Shrink From LIGHT

Burglars and other sneak thieves are more afraid of light than of law. If your home is well lighted at night, you can feel pretty sure that they will give it a wide berth.

For the protection of your valuables, turn on the porch light and have plenty of illumination inside when you go away from home in the evening. Keep a light burning, where it can be seen from the street, while you and the rest of the family are asleep. If you own a store or other business establishment, arrange to illuminate your stock and the safe where you keep your money and negotiable papers.

Such lighting affords a real measure of safety and the cost is so small that it is hardly worth considering. A small-wattage lamp, for example, can be burned all night for less than a penny. Come in and let us tell you how to light your home or store for protection and for comfort.

DRYDEN CHURCH

Services Sunday April 30th. 2:30 p. m. Sunday School. We have classes for all the various age groups and good teachers attending regularly for all the classes. We teach the Bible prayerfully endeavoring to bring the great fundamental truths home which are universally believed and in no way magnifying our personal conviction which might tend to wound the conscience of those we love in the Lord who also have their individual convictions not wholly in keeping with ours. The essentials of salvation we all believe, these we diligently endeavor to hold up and respect the individual convictions of our friends on non essentials. Bring your Bible to Sunday School. 3:15 p. m. Divine Worship. Responsive reading the 46th Psalm led by Mrs. P. A. Wyatt. Special quartet by the Intermediate Girls. Sermon by the pastor, subject, "Christian Suffering and Christian Consultation." The scripture is the 1st chapter of 2 Corinthians. We urge that all come with a prayer that all we do and say may honor our Master and bless those attending. Monday May 1 the Dryden Women's Missionary Society will meet promptly at 3 p. m. We are having new members coming in at each meeting and hope to reach our goal of 25 active members Monday May 1. If you know of any person or family in our section in need please report it at any of the services, or if an urgent case, report it to Bro. Stradley, our pastor, and go with him. All are welcome to any or all of the services. Mrs. P. A. Wyatt, Sunday School Supt.

DENTON, April 27.—A few years ago it was demonstrated that rachitic children exposed to the sunshine would improve and sometimes recover from this childhood disease that so often leaves in its wake crooked legs, narrow chests, poor teeth, and a host of other ills. Rickets is far less prevalent in the sunny South than in the large northern cities such as New York and Chicago, but it does occur even in Texas.

There are two known methods of preventing or correcting it if it has not developed too far. One method is that of taking cod liver oil or irradiated preparations prescribed by a physician. These preparations are substances that have been exposed to the light from a special lamp. A special anti-rachitic substance called vitamin D is found. Now that same substance is formed in our skin when it is exposed to sunlight that reaches the earth without first passing through many clouds or smoke.

Texas is fortunate in having plenty of sunlight available and during these months when the sunshine is bright, but not too hot to be enjoyed, we should take advantage of it. Mothers should see that their children have every opportunity to play in the sunshine and pregnant women should also take care to benefit from it.

Along with the sun treatment we should see that the family gets an adequate diet, rich in minerals. This is a time of the year when it is not difficult to secure plenty of green vegetables, which, when prepared in new and attractive ways, will tempt the appetite of the growing child.

Breakfast: Chilled orange juice, bran, cream, sugar, peanut butter biscuits, coffee.
Luncheon: Baked potato, stewed tomatoes with chopped cooked liver, toast, butter, lettuce salad, baked custard.

er, toast, butter, lettuce salad, baked custard.
Dinner: Meat Loaf, buttered rice, creamed carrots, Cabbage-pepper salad, baked apple with raisin sauce.

Breakfast: Stewed prunes, soft cooked eggs, toast, coffee.
Luncheon: Sliced ham, potato salad, tomatoes, whole wheat bread, butter, marshmallow pudding.

Dinner: Breaded veal, baked spinach, creamed potatoes, rolls, butter, pear salad, punch, coconut cake.

Breakfast: Bananas and cream, scrambled eggs and toast.

Luncheon: Bacon, spinach soufflé, butter corn, whole rolls, butter, stuffed celery, apple whip with whipped cream.

Dinner: Broiled chicken, new peas in cream, parsley potatoes, biscuits, spiced vegetable salad, ice cream.

Spinach In Casserole: 1 c milk, 1-2 t salt, 3 c cooked spinach, 4 slices bacon, 2 c grated American cheese, small amount of pepper, 1-2 c soft bread crumbs. Scald the milk in top of double boiler. Add grated cheese, salt and pepper and continue cooking until melted. Then add spinach, when blended, turn into greased casserole. Top with soft bread crumbs and bacon cut in dice.

Spinach Croquettes: 1 c boiled mashed potatoes, 1-2 t salt, 1 c boiled spinach, 1 egg yolk, bread crumbs. Mix ingredients, roll into balls, dredge in bread crumbs, fry in deep fat.

Just around the Corner

EVEN big-city folks must have their "neighborhood stores"! Most of them would no more think of going down town to fight their way through the crowds in search of a roast for dinner than they would of walking to the factory to get a pair of shoes.

City women know that their neighborhood stores can supply them just what they want — and that, in most cases, the service is more alert and friendly.

The same thing is true of this "neighborhood". Our merchants—the men whose ads you read in this paper — are in position to furnish your home with the best and most popular brands of goods. Not only can they save you money, but they gladly relieve you of a lot of worry and loss of time.

ON TEXAS FARMS

By W. H. DARROW Extension Service Editor

With 85 hotel size canners and automatic sealers ordered for community canning, Cass county is going in for living at home on a big scale. Neat log houses with board roofs are under construction for housing the equipment. The movement is lead by county farm and home demonstration agents with cooperation of business men, vocational teachers, and local civic organizations.

The success of his 4-H club son in feeding two baby beeves by Extension Service methods has caused Charlie Flukenger in Waller county to resolve to breed up his grade beef herd and to finish his calves for market.

Not content with showing the champion lamb at Fort Worth a year ago, Cecil Moore, a Schleicher county 4-H club boy raised a car load of 50 this year which were adjudged champions at San Angelo and Fort Worth. He now plans to feed sheep commercially on his father's farm.

SAVE WITH A NEW CHEVROLET

Save on purchase price • Save on gas and oil
Save on upkeep

"I see this Chevrolet Standard Six is advertised as the world's lowest priced six-cylinder closed car."

"Well, at \$445, it certainly is a great buy."

"Remember—in the old car, you always wanted the front window open, and I wanted it closed!"

"Yes—thank goodness for this Fisher Ventilation. Now everybody's satisfied."

CHEVROLET You'll pay less for a Chevrolet than for any other six-cylinder closed car on the market. You'll spend less on it for gasoline and oil than you would on any other full-size automobile. You'll also spend less to keep a Chevrolet in first-class mechanical condition.

Then, in addition to saving all this money, think how much better off you'll be in every other way. You'll own a big, comfortable Fisher Body car—a fast, dependable, smooth-running six—one of the smartest, most attractive cars on the road today—and the most advanced car ever to appear in the low-price field. SAVE—with a NEW Chevrolet!
