## TWO MILLIONS SAID PAID FOR YATES VACANCY

### Fred Turner And State Sell To Mid-Kansas Company

SAN ANGELO, Sept. 12.—Fred Turner, Jr., of Midland and the State of Texas for \$1,000,000 each have sold to the Mid-Kansas Oil & Gas Co. leases on 561 acres of land in the Yates field in Pecos county, most of it proven oil productive, according to reports here yesterday that lacked official confirmation but were believed to be authentic. Mid-Kansas in addition bought one-half the royalty under the land from Turner for around \$500,000, the reports added. The state owns half the royalty.

It was understood that Mid-Kansas had taken over the operation of five tests that had been started on the vacancy strips for Turner and the State by R. L. Spoles of Fort Worth and Ben Oneal of Wichita Falls, receivers for the property and would complete them but would not drill eight other tests for which locations have been made. Mid-Kansas already had spudded three offsets forced by the new drilling and had made three more locations.

L. R. Spoles, answering a query by the Associated Press, said at Ft. Worth that he had no report on the closing of the deal, but admitted the principals were in Austin conferring. James V. Allred, attorney general, noted that a suit involving the tracts was pending in district court but stated that nothing had been done about it. Mid-Kansas officials at Tulsa had not been heard from and Turner was not at home and could not be reached for a statement.

Turner and the State won the 561 acres in the Yates field under the decision of the Supreme Court of Texas in the Smith-Turner case last May, six staggered strips along the west side of the big Yates vacancy trap file 12341 or section 34 1-2, being held to be vacant, unappropriated school land. Turner had filed on the tracts. The court decision caused the shifting westward of the boundary lines of a number of sections in block 194, G. C. & S. F. Ry. Co. survey.

It had been hoped that the decision would release royalties estimated in excess of \$50,000,000 that have been impounded by litigation and have been growing steadily, but years of additional litigation are in prospect before accountings satisfactory to all incident to the changes in ownership are affected.

The reported purchase by Mid-Kansas from Turner and the state was seen here as settlement of the two suits. It will not cause the release of other funds in escrow, it was believed.

## HUMBLE ANNOUNCES A NEW MOTOR FUEL

The Humble Oil Company, through its agent in this city, N. E. Charlton, announces a new motor fuel that is being put out by them. The new fuel, bronze in color, and which was received this week, definitely assures smoother performance of a car without an additional cost and insures more mileage per gallon Mr. Charlton states.

Mr. Charlton asks that the motorists of the city give this new fuel a try out.

Mr. and Mrs. Malone Mitchell left Sunday for San Antonio where Mrs. Mitchell was placed in the Nix Hospital under the care of Dr. T. H. Sharp, brother of our fellow townsman, Dr. James C. Sharp. Daily reports from Mrs. Mitchell are that she is getting along nicely and that her condition is not serious.

Miss Mary Sloan of Dry Valley spent Tuesday and Wednesday in the city visiting friends.

## SIX APPLY FOR BEER LICENSE IN THE COUNTY

### Four Retailers And Two Distributors Make Application

Four applications for the retail of beer to be consumed on or off the premises, and 2 applications as local distributors, have been filed up to date with County Judge G. J. Henshaw. Sale of the foamy beverage becomes legal today, Friday.

Retailers have to pay \$100 for a State license and \$50 for a County license. In addition to State and County license fees, beer dispensers will also pay a \$20 federal tax. The beer also provides for the assessment by the State of a tax \$1.50 a barrel on all sold, stored or distributed in the State or imported across its borders.

Wednesday afternoon the L.A., a fast freight that comes through here going west, had 7 cars of the beverage.

## Regular Meeting Of Commissioners Is Held Monday

The regular monthly meeting of Terrell County Commissioners was held on Monday of this week with all members present. Very little business came before the Court outside of paying the regular monthly bills.

The 1932 tax rolls of Jim Nance, assessor, were approved by the court. Sometime ago a petition was presented to the Court asking that they discontinue a portion of the road below Dryden, toward the River. This petition was again considered by the Court and after due consideration, they voted to leave it as it now is, a County Road, and open all the way to the Rio Grande River.

A hearing of the budget for 1934 will be held at the next regular term which will be held on October 9.

## U. S. ENGINEER FAVORS TEXAS HIGHWAY WORK

### Commission Announces A New List To Cost \$600,000

AUSTIN, Sept. 9 (AP)—The Texas Highway Commission today announced another list of construction projects approved by the district engineer of the bureau of public roads to be built with national recovery funds. It was expected the work would cost approximately \$600,000, and the commission said bids likely would be received the latter part of this month.

The commission has advertised for bids on approximately \$1,000,000 worth of work, the proposals to be received on September 18.

Other proposed improvements, by counties included:

Hudspeth: 1.6 miles grading drainage structures and concrete pavement in Sierra Blanca on highway one.

Brewster: Five miles of caliche base course with single bituminous top, from a point 15 miles southeast of Marathon southeast on highway three.

Mr. and Mrs. Francis Mansfield and children returned Saturday from several weeks visit in Uvalde with his parents, Mr. and Mrs. W. H. Mansfield. They report that Mr. Mansfield, who has been real sick for the past month, is lots better and able to set up now, the news of which will be gratifying to his many friends in this county.

## STEEL SHIPPED FOR BRIDGE AT DEVIL'S RIVER

### Work Of Unloading The Material Began Tuesday

Work of unloading the steel for the Devil's River Bridge, 12 miles northwest of Del Rio on Highway 3, was started Tuesday morning from the track near the bridge site. Harold W. Morgan, superintendent for the Virginia Bridge and Steel Company, stated that company trucks were busy Tuesday morning hauling the steel.

Contract for the steel work of the bridge was let on May 10, 1933, at \$85,791.44, and 120 working days were allowed for completion of the work.

The project includes the flooring and the erection of six steel spans. The concrete part of the bridge was completed some months ago. This consisted of seven concrete piers and two concrete abutments erected at a cost of approximately \$40,000.

When completed the bridge will be 1,166 feet in length and have a clear roadway of 24 feet. The bridge will be 45 feet high, putting the roadway 50 feet above the river bed. The tops of the steel spans will be 85 feet above the water.

Work on the Devil's River Bridge marks the beginning of the last unfinished part of the Devil's River project. This project included, in addition to the bridge under erection, the Castle Canyon bridge and the Evans Creek bridge, both of which have been in use since May. —Del Rio Evening News.

## FOURTH MOHAIR CROP BELIEVED TO BE TIED UP

### Clip Either Sold Or Under Option—Prices Now 37 And 47c

SAN ANGELO, Sept. 12.—About one-fourth of the fall clip of mohair in the state of Texas has already been bought or tied up on some kind of a guarantee basis, it was estimated here last night. Under the guarantee system, buyers acquire warehouse accumulations, guaranteeing that they shall receive the prices paid for accumulations of a group of warehouses or of a certain warehouse. Just what firms have made these deals or what warehouses are involved, was not revealed. The state clip will run from 6,500,000 pounds to 7,000,000 pounds.

Prices of 37 cents for grown hair and 47 cents for kid hair continued to be offered at certain points.

## Aylmer Griffith Killed; Is Auto Accident Victim

It is with regret that friends in this city of Rev. and Mrs. R. E. Griffith, received word early last Friday morning telling of the death of their oldest son, Aylmer, and the serious injury of their other son, R. E. Griffith.

Young Griffith was killed and his brother, R. E. Griffith, Jr., 17, and C. H. King, were injured when the car in which they were driving toward Houston was a collision with a truck six miles from Humble.

The three were picked up by a passing motorist and brought to the city limits of Houston where they were transferred to a Fogle-West ambulance. Aylmer died before the ambulance arrived. A splinter struck him almost in the center of his forehead and penetrated through thus causing death almost instantaneous.

R. E. Griffith is recovering from severe bruises and Mr. King suffered a crushed left arm, a badly bruised body and is in a serious condition.

Funeral services for Aylmer were held Saturday afternoon at 4 o'clock from the home of his parents Rev. and Mrs. R. E. Griffith at Humble. Burial was at Cleveland under the direction of the C. H. King Funeral home of Humble.

For several years Rev. and Mrs. Griffith were residents of this city, he being minister of the Church of Christ in this city. They have many friends here and were fine citizens. During their residence here their oldest daughter, Evelyn, died.

Aylmer was a graduate of our High School being a member of the 1931 class. At the time of his death he was 20 years of age. He was a good student, and was well liked by his classmates and other students and the faculty.

All Sanderson extend to the bereaved ones their heartfelt sympathy in this their hour of sadness.

## BIRTH ANNOUNCEMENT

Born, Tuesday September 12, a 10 pound boy to Mr. and Mrs. James House of this city. Mrs. House is with her parents, Dr. and Mrs. J. W. Hargus at Asherton, Texas, and reports from her are that she and the baby are doing fine.

Mrs. J. I. Sanders and Miss Jewel Dean Pinning of Del Rio were guests Thursday of Mr. and Mrs. Dave McLymont and Mrs. Vance McLymont. They also attended the bridge party given that afternoon by Mrs. Robert Gatlin, Jr.

Miss Marybelle O'Bryant left Wednesday for San Antonio where she will be a student at Westmooreland College.

## WESTERN TEXAS PRESBYTERY TO MEET TUESDAY

### Large Number Of Ministers And Elders Are Expected

The members of the Presbyterian Church and the Auxiliary will be hosts to the Presbytery of Western Texas, which meets in this city next week commencing Tuesday and lasting through Thursday. There will be some 30 to 35 ministers and elders present as representatives of the churches.

The Presbytery of Western Texas includes the churches from San Marcos to Brownsville and from Gonzales to this city, and represents 78 churches with a membership of about 12,000, and has 60 preachers.

Among the notable ministers that will be here and who will appear on the program are: Dr. P. B. Hill, pastor of the First Presbyterian Church in San Antonio, Dr. W. T. Riviere of Victoria, Dr. Baxter Greer of Highland Park Church, San Antonio, and Rev. J. M. Hassell of Seguin. Rev. Hassell was for eight years a missionary in Japan and will preach here Thursday morning at 10:30 should the session last that long.

Wednesday at noon, in the banquet hall of the Masonic Temple, the local church will be host to a barbecue lunch for the visitors.

All the sessions will be open and all citizens of this community are most cordially invited to attend.

## MARBLE DEVICE TAX SUSTAINED; \$10 EACH TABLE

### Sums To Be Collected Regardless Of Coin Denomination

A State tax on marble machines amounting to \$10 is to be collected regardless of the denomination of the coin deposited in their machine, according to a ruling from George H. Sheppard, comptroller of public accounts.

The law as amended by the Legislature and which became effective August 31 reads in part as follows:

"From every owner, manager, or exhibitor of every coin operated phonograph, electrical piano, electrical batter, graphophone, weighing machines, target pistol, miniature golf machine, miniature football machine, miniature baseball machine, miniature race track, stereoscopic machine, gun machine, candy machine, cigarette machine, handkerchief machine, sandwich machine, or any other class or kind of machine, whether enumerated or not, where a fee is charged, which is used for the purpose of amusement, entertainment or for vending commodities, merchandise, confections, or service of any kind and which is operated by coins or metal slugs or tokens similar to coins, where such fee is in excess of five (5) cents, an annual tax of Ten Dollars (\$10.00), on each machine; where such fee is five (5) cents, an annual tax of Five Dollars (\$5.00), on each machine; and where such fee is one (1) cent, an annual occupation tax of One Dollar (\$1.00), for each machine; provided that from every owner, manager, exhibitor of every coin operated marble machine, marble table machine, marble shooting table, or marble machine of any description, whether enumerated or not, where a fee is charged, whether used for the purpose of amusement, entertainment, or for vending commodities, merchandise, confections, or services of any kind, and which is operated by coin or metal slugs or tokens similar to coins or metal slugs where such fee is one (1) cent or more an annual occupation tax of Ten Dollars (\$10.00) for each machine; provided that the provision of this subdivision shall not apply to pay telephones and gas meters which are operated with coins.

"It shall be unlawful to operate, show or exhibit any of the machines or instruments covered by this subdivision without having annexed or attached thereto where same is plainly visible, the tax receipt covering such machine or instrument for the current year for which same is operated, shown or exhibited; provided that all funds derived from the occupation tax on such marble machines shall be placed to the credit of the State Available School Fund."

Tax Collectors are instructed to collect the tax for the remaining part of the calendar year.

The Strength Of The Weekly Paper

Of late years there has been a growing realization of the permanent value of the community newspaper. Those who read them have always realized their worth. But time was when those who viewed from afar were inclined to look with disdain upon the weekly press as compared with the daily, particularly the large city daily.

It cannot be wholly accidental that during the past decade there have been so many articles in the national magazines and so many studies which call attention to the growth, both in size and influence, of the community newspaper.

The great daily newspapers of the cities have been forced to give more and more of their space to national and international affairs. Their readers have demanded this coverage. These dailies have responded to the demand with thoroughness and intelligence. Today they are printing more and better news of the world at large than ever before in the history of journalism.

But because of this very development the town and countryside news has had to be neglected. Side by side with the demand for national and international news is that for knowledge of one's friends, one's acquaintances, one's neighbors. This is the particular field of the community weekly, and it is in the fulfilling of this demand—neglected by the dailies—that it has risen to new heights of achievement.

It is doubtful if the country publishers have availed themselves of their opportunities even yet. The community newspaper is destined to enlarge its audience steadily, thereby inevitably increasing its own stability and influence. It is no longer a choice between the city daily and the community weekly. Readers need both.—Herald-Statesman, Columbia, Mo.

Industries That Lag

When depressions come on, there are some industries that continue prosperous after others have gone flat. And then when the recovery from depression is accomplished, certain industries, usually the ones that were the last to feel the original disaster, are slow in starting up. Even now, when there is a very marked pick-up all over the country some business people report that they can see little if any improvement.

Their turn will come all right. It takes time for the currents of industry to flow into all the slow moving

pools. But any industry that has lived through the past four years and is still running, can be sure that it represents a vital need. And if it represents a vital need, people are going to demand its products, and plenty of it within the near future.—Chronicle, Milford, Del.

The Livestock Situation

J. A. McNAUGHTON

LOS ANGELES, September 14.—The cattle situation is giving real cause for concern these days. It appears that there is a burdensome number of cattle that must find their way into meat channels during the next few months. Government reports indicate that the cattle population the country over has been gaining regularly during the past few years until present population is the greatest since any records have been kept. This is in reference to total cattle population, both dairy and beef stock.

The final outlet for virtually all cattle is on the butcher's block. The greatest increases have been in number of dairy cattle. Beef cattle are looking with no little concern on discussions among dairymen which will lead towards reducing numbers of milking cows. This can mean nothing else than that more dairy cows would be turned into meat channels to compete with the strictly beef type cattle. Cattlemen are bringing what pressure they can to prevent these dairy cattle from going into direct competition with their beef, suggesting that more of the dairy stock, especially the most common beef types, go into tankage and products other than beef.

It is also suggested that the Federal administration might give greater consideration to financing sales of canned beef to Russia and the Orient. It might be argued that this would be far better than to turn beef into by-products, as it should net higher returns, and at the same time, open up new channels through

which our surplus beef might be sold in the future.

It is doubtful if feed conditions in the normal cattle feeding areas are as bad as was indicated earlier in the year. Late developments indicate that there will be a much better corn crop than appeared possible thirty or sixty days ago. There is plenty of feed for cattle in the big feeding districts in Colorado and western Nebraska. But the big trouble is that cattle feeding operations during the past three years have not been profitable and the financing of cattle feeding is getting to be more and more difficult.

California will require an immense number of cattle, both breeding stock and steers, should this state have anything like a favorable rainfall. Here again would come the difficulty of obtaining adequate financing.

It seems certain that the heavy supply of beef cattle to be marketed from ranges this Fall will be forced largely into beef channels. Much of this beef will consist of cows and medium and common grades of steers.

If financing can be arranged, it is certain that Salt River Valley in Arizona and Imperial Valley in California will call for larger numbers of cattle to be fattened than normally. The beef cattle interests have a serious job on their hands and it is going to take a high degree of cooperation and probably some wise Government help to market the cattle crop in anything like a satisfactory or profitable way.

CHEVROLET PASSES HALF MILLIONTH CAR IN YEAR'S OUTPUT

With an increase in production of cars and trucks in August of this year, which more than trebled August 1932, W. S. Knudsen, president and general manager of the Chevrolet Motor Company, announced that it had passed the half millionth car in the year's output.

August production of 73,433 units was 204 per cent over the same month a year ago. It brought production for eight months to 511,433 unit, as compared with 394,000 for the full twelve months of 1932.

When compared with 1930 and 1931, August 1933, shows large increases, approximately 22,000 over the former and nearly 20,000 over the latter. The sizeable increases over those two years and the exceptionally large margin over August of last year show clearly and emphatically how business has turned for the better, Mr. Knudsen said.

The month just passed ranks fifth in point of production in August history. It was exceeded only by August of 1926, 1927, 1928 and 1929.

NOTICE TO THE PUBLIC

During the last sixty to ninety days prices of nearly all commodities have been advancing. On many items prices have advanced from forty to seventy five per cent and in some cases nearly one hundred per cent.

At this time we believe it will be of interest to the consumer to buy freely of items to care for his needs for the next few months.

We want to assure the consuming public that we will not raise our prices except in line with the advancing costs of merchandise.

## SENSIBA-SWEETEN WEDDING ANNOUNCED

Mr. and Mrs. E. L. Sweeten, 4408 Bliss street, announce the wedding of their daughter Vashti Dee Sweeten to Willard (Bill) Sensiba, Jr., at Immanuel Baptist church Saturday evening, September 2, 1933, at 7:30 o'clock.

The Rev. Roy S. Hollomon officiated.

The bride was attired in gray crepe with matching accessories and her corsage bouquet was of roses and gladioli.

Guests at the wedding were Mr. and Mrs. E. L. Sweeten, Mr. and Mrs. W. I. Sensiba, Sr., Mr. and Mrs. Robert Hinson, Claude Stansbury, Miss Mary Scott, Mr. and Mrs. Wesley Black, Ernest Sweeten, Jr., and Mrs. C. H. Cochran of Tucson, Arizona.

The bride was graduated from Tucson High School in 1932.

Mr. Sensiba, graduate of El Paso High School, is employed by Sergeant-Folk, Inc., Ford Agency, as manager of the parts department. He is the son of Mr. and Mrs. W. I. Sensiba, Sr.

He and his bride will be at home in the Dean Apartments.—El Paso Times.

Miss Sweeten is well known in this city having been the guests here this past summer of her cousins, Mrs. C. I. White and L. H. Lemons, and other relatives. At one time her parents lived here, Mrs. Sweeten being a sister of the late W. H. Lemons of this city.

## PRESBYTERIAN AUXILIARY MEETS WITH MRS. WILKINSON.

Mrs. Sims Wilkinson was hostess to the Auxiliary Monday afternoon, and welcomed a good attendance of members and one new member, Mrs. Tip Frazier.

Mrs. John Nichols and Mrs. Will Savage, assisted by several others, gave most profitable program on "Light Stations" and by means of charts showed how Home Mission Churches are bearers of the light.

The business meeting was spent chiefly in making plans for the coming meeting of Presbytery which will convene in the church next Tuesday night at 8 p. m. Each member will have some part in showing hospitality to this splendid group of men coming to our town.

Mrs. Wilkinson served angel food and a fruit drink to her guests.—Reported.

## PRESBYTERIAN JUNIORS HAVE MEETING

The Juniors show real interest in their weekly meetings by a fine attendance and good attention.

Mrs. J. W. McKee and Mrs. John V. McCall direct their Bible drills, study of Palestine and missionary stories and all enter eagerly into the work.

Al Creigh was the host to the Junior band Tuesday when they studied Africa. After the lesson the young folks had a good time playing in the yard and were served refreshments by Mrs. Creigh.

The Junior boys will help the old-

er boys clean the church yard Saturday at 9 o'clock.—Reporter.

## BAPTIST TRAINING SCHOOL ORGANIZED

Sunday evening at the Baptist Church, a meeting was held for the purpose of starting a Senior Baptist Training School organization. This was formerly the B. Y. P. U., and is the training service of the church, so it needs no formal introduction.

The meeting was well attended by an interested group of young people, and the class got off to a good start. Mrs. J. C. Sharp was unanimously chosen as president for the coming year, beginning October 1, and the time and place of meetings will be 7 o'clock each Sunday evening at the church.

A social and pep meeting has been planned for 8 o'clock Friday evening September 15, at the home of Mrs. J. R. Black at which time further organization plans will be discussed, and a good time is in store for every one who attends. A welcome is extended to those who may be interested, to join the class and thereby help to make it a big success. Membership is not limited to church members, and any one over 17 years of age may join. It is planned to also organize an intermediate class in the near future which will include those below the age of 17.

The work is pleasant and instructive, and will prove to be profitable to those who take part.—Reported.

## LEAGUE IS ORGANIZED SUNDAY AT DRYDEN

The young people at Dryden met Sunday afternoon and under the direction of the local board of christ-

ian education of the Sanderson Methodist Church, organized a Bible Epworth League.

The following officers were elected for the period of one year: Sponsor, Miss M. E. Cunningham; President, Miss Joy Wyatt; Vice-President, Miss Bettie Bassett; Secretary and Treasurer, Miss Martha Bassett. Devotional and Bible study services will be held every Sunday at 7:45 p. m. Social and business meetings every first and third Fridays at the same hour.—Reported.

Mrs. W. M. Dyal returned Thursday from San Antonio where she was called week before last on account of the death of her brother, Earl Taylor.

"Proud and glad to do our part"

WITH President Roosevelt's acceptance of the NRA Automobile Code, Chevrolet, the world's largest builder of motor cars, officially begins operations in accordance with the administration's recovery program.

Although the official code was signed only a few days ago, it will be of interest to Chevrolet's many friends to learn that the Chevrolet Motor Company started to carry out the spirit of today's recovery program over three years ago!

At that time, we put into operation a "share-the-work" plan, whereby our workmen cooperated in spreading the work to give more men jobs. By means of this plan, as well as by regulating hours of work per week to meet retail demand, and by building up parts stocks in lean seasons, it was possible to carry 33,000 men on our payroll through the depression. For eleven months of each year since 1929, we have kept our employment within 10 per cent of this average. We are justly proud of that record. We are also proud to say that Chevrolet workmen did not, at any time during the depression, become a burden on public welfare departments.

On August 1st of this year, Chevrolet announced a blanket wage increase as well as the adoption of a 7½-hour, 5-day week and the employment of 12,000 additional men. This wage increase was the second in the last 4 months, Chevrolet having been among the first to put a blanket wage increase into effect.

We feel that the President's recovery program deserves the whole-hearted support of every citizen and manufacturer in America. It is a bold, swift, courageous plan to start the ball rolling toward economic recovery. Its sincerity is unquestioned. Its objectives are admirable. And the direct, forceful steps the President and his associates are taking to make it a success, should stir the pride and admiration of every American.

We are proud and glad to do our part. And we are deeply grateful to the American people for the patronage that has enabled us to anticipate the present recovery program and to play our part today. After all, the immense number of men employed by Chevrolet is a direct result of the continued preference America has shown for Chevrolet.

**RECIPES AND MENUS**  
By Department of Home Economics  
Texas State College for Women  
(G.L.A.)

The iron content of egg yolk gives an important place in the diet. It is also valuable as a source of protein, phosphorous and vitamins A, B, D, and G. Veal liver, steamed and chopped may occasionally be used as a substitute as may fish or a small amount of chopped or scraped lean beef. It is advised that not more than one egg be used daily, but that one yolk should certainly be used three or four times a week. Bacon, chicken and sometimes lamb may be included. Cottage cheese is a valuable food for children.

Breakfast: Stewed Prunes (pulp and juice only for the youngest children), oatmeal with milk, toast with butter, milk.

Dinner: Scrambled eggs in tomato sauce and bacon, celery sandwich, baked bananas, grapejuice gelatin, milk.

Supper: Wheatena and milk, graham bread toast and butter, milk, stewed fresh or dried peaches.

Breakfast: Oranges, Farina with milk, toast and butter, milk.

Dinner: Meat balls, mashed potatoes, carrot strips, cabbage sandwich baked banana, lemon and raisin sauce, milk.

Supper: Milk toast, fresh sliced pears.

Scrambled Eggs in Tomato Sauce: To 1 c of tomato sauce add 7 eggs which have been slightly beaten, and 5 slices of bacon fried crisp and cut into tiny pieces. For tomato sauce-- 1 c stewed tomatoes, 1 1/2 T flour, 1 T fat and 1/2 tsp salt. Strain tomato. Mix fat and flour and add the tomato and salt. Stir until mixture thickens.

Baked Bananas: Choose fruit which is ripe. Remove the skins, cut in half length-wise and put in baking dish. Mix 3 T melted butter 1/4 c sugar and 2 T lemon juice. Add half this before placing bananas in oven. Baste while cooking, using remainder. Bake about 20 minutes at moderate temperature. Allow one-half of a banana for each child. Mash banana and use in place of starchy vegetable.

Vegetable Sandwiches: Finely grated, ground or chopped vegetable moistened with orange juice or a small amount of salad dressing may

be used as the filling. Vegetables that may be used in this way are carrots, celery, cabbage, parsley. Such filling take the place in the little children's diet of jams and jellies.

Lemon And Raisin Sauce: 2 c water, 1 1/2 T flour, 2 T butter, yolk 2 eggs, 4 T lemon juice, 1/4 to 1/2 c raisins. Melt butter, add flour and after mixing thoroughly, add water. Cool, add beaten egg yolk and stir until sauce thickens. Remove from fire. Strain. Add lemon juice and raisins which have previously been steamed.
