QUASH

Doubtless you know yesterday was George Washington's birthday. Popular opinion is that we have a modern (George) for a President now, leading us on and successfully waging the battle against old man Depression.

The latest addition to the calendar in Amarillo, is a Mother-in-Law Day to be observed every March 5. Gene A. Howe, newspaper publisher, encouraged some of Amarillo's most prominent matrons to organize the club. Their slogan is: "A mother-in-law is a mother who has made good."

Mrs. N. S. Griggs, the club's president, explained the slogan thus: "Any woman can be a mother, but a mother-in-law is one who has brought up her daughters in such a way that they want to marry and make homes and who have enough appeal that men want to marry them. We honor our mothers when many times their real problems don't begin until their children are married, so why not pay a tribute to mother-in-laws?"

Mrs. Griggs also stated, "we mothers-in-law too long have borne the brunt of harsh jokes and misleading insinuations. It's time the public paid us some respect."

Judging from those planning to attend the District Basketball Tournament, Sanderson will be as ably represented as Fort Stockton. Sanderson luckily—or unluckily—drew Presidio, one of the strongest teams in the district, for the first tilt.

Living in Sanderson is something to be proud of. A prosperous little city with a bright future in store, and with accomodating merchants, striving always to please the public.

More wholesale poisoning. Pieces of poisoned meat being found in front of business houses and around homes. More children crying for pets that fail to show up.

Funeral Services Held Friday For Mrs. Noah Allen

Funeral services were held last Friday at 2:30 p.m. from the home of Mrs. Tip Frazier for Mrs. Noah D. Allen, with Rev. J. F. Green, pastor of the Baptist Church holding the services assisted by Rev. John V. McCall of the Presbyterian Church.

Mrs. Allen died Wednesday afternoon at the home of her parents, Mr. and Mrs. W. H. Mansfield, in Uvalde. Death was due to pneumonia and complications.

Services were conducted at the Mansfield home Thursday afternoon at 3:30 by Rev. W. H. Petty, Baptist minister, following which the body was brought to this city arriving on the midnight train.

Laura Mansfield Allen was born in Marathon, Texas, June 14, 1893, and was 35 years and eight months of age at the time of her death. The greater part of her life was spent in this city and wherever she went she cast a ray of sunshine and was always willing to come to those in times of need and distress. A devoted wife and mother she will be sadly missed by the loved ones.

At the age of 12 years she joined the Pleasanton Baptist Church and remained a member of that faith, having transferred her membership to the First Baptist Church at Uvalde several years ago.

Survivors include her husband, Noah D. Allen and five children, Lano, Marvin, Barbara, Francis Grant and Evelyn Allen, also her parents, Mr. and Mrs. W. H. Mansfield, three brothers and four sisters, they are: Francis Mansfield, James Albert Mansfield and Misses Lilly, Mary and Winnie Mansfield, all of Uvalde, Mrs. Tip Frazier and Henry Mansfield of this city. In addition to the above relatives she is survived by a host of relatives here, Pleasanton, San Antonio and El Paso, Texas, and at Tucson, Arizona.

Active pall bearers were: W. J. Ferguson, Willie Banner, C. A. Wilburn, John Whistler, Martin Bodkin and W. H. Savage.

C. V. McKnight left Tuesday night for El Paso where he spent several days on business.

Buck Pyle shipped two carloads of cattle from Longfellow last Saturday.

Mr. and Mrs. Tol Murrah and son, who were in Del Rio last week due to the illness and death of Mr. Murrah's father, J. R. Murrah, returned home last Friday.

FARM CREDIT ASSOCIATION TO SERVE PRODUCERS IN COUNTY THROUGH LOANS

The 1934 crop season will mean the beginning of a better system of credit for many farmers who are preparing to finance the year's farming by means of short term loans through the productive credit associations which are being organized under the Farm Credit Administration.

Under the Farm Credit Administration the Federal Land Bank of Houston will continue to make long-term real estate mortgage loans; but the administration is also providing a long-needed system of short-term production credit for farmers and stockmen—loans to be used for producing crops and for the breeding, raising and fattening of livestock. This is a comprehensive credit system and it is designed to be permanent.

Farmers and stockmen in this locality will be served by the Uvalde Productive Credit Association, which was chartered on January 2nd, 1934, to serve producers in Bandera, Edwards, Kinney, Medina, Real, Uvalde, Terrell and Val Verde counties.

The Uvalde Production Credit Association was organized through the

Eight Counties Will Compete For Honors In Basketball

Fort Stockton will be the scene of much excitement and ballyhooing this week end when the eight basketball teams, representing eight counties in district 30 of the Interscholastic League, vie for the district championship.

Today, Friday, four games will be played with the first game starting at 3:30 o'clock, which will probably be Sanderson vs. Presidio. Six games will be played on Saturday. The winner of this meet will represent the district in the regional play-off at Alpine at a later date.

Citizens formed a posse to aid the sheriff. They put Baker in an automobile and headed for jail but he jumped out and started to run. A bullet in the right side stopped him and the posse hurried him to a hospital, where he admitted his identity.

Baker said he was sent to prison for a series of robberies. He had lived in a tourist camp several weeks and was a familiar figure on the streets of this town in far southwest Texas.

Alpine officers notified Arkansas authorities.

Several houses were burglarized here recently, it was said, and finger prints found on a window sill were identified as those of Baker by department of Justice agents.

LEGAL HOLIDAY OBSERVED HERE

A legal holiday was observed here Thursday, February 22, with the Sanderson public schools, the bank and post office closing for the day.

That evening the Masonic Lodge held an informal meeting for their members at the Masonic Temple. Following the gathering refreshments were served.

Many patriotic citizens and business houses raised the flag in honor of George Washington's birthday.

Miss Clara Shirley left Monday for Rocksprings, Texas, where she will visit friends and relatives for several weeks.

Mr. and Mrs. W. R. Qualtrough and family arrived Wednesday from their home in El Paso for several days visit here with relatives and friends.

Mrs. O. H. McAdams returned home Saturday night from San Antonio where she has been several weeks for medical treatment. Her many friends will be glad to know that she is getting along nicely.

John Trent of Fort Stockton was a business visitor in the city last Friday.

Open Meeting Of Culture Club Is Well Attended

The open meeting held in the form of a Washington Tea, was one of the most interesting and entertaining program ever held by the Sanderson Culture Club. Approximately 200 ladies attended the meeting held last Friday in the High School building.

The presidents, past-presidents and other members of the club greeted the guests at the entrance and ushered them into the large auditorium where the program was presented.

The Club opened the afternoon's entertainment by singing the beautiful number, "Father of the Land I Love", followed immediately by an instructive talk on "Homes in Foreign Lands" given by Miss Corinne Fox. Miss Mildred Williams gave a very interesting lecture on "The Art of Living in the Home".

An illustrated lecture on "The Life of George Washington" was given by Mrs. Robert Gatlin in her usual charming and efficient manner, followed by a unique off-stage number that made the audience feel as if time had taken a backward step. Mrs. Al Creigh, as the colonial lass, and Preston Utterback, as her old-fashioned beau, presented a very charming picture as the chorus sang "The Old Spinning Wheel" softly.

At the completion of the program the guests were ushered into the banquet hall, beautifully and artistically decorated for the occasion and effectively emphasizing the patriotic motif. The table was covered with an exquisite banquet cloth of Italian cut work, centered with a gorgeous bouquet of red and white carnations in a blue glassware bowl placed on a mirrored reflector. Cut flowers, flags and tall red tapers in silver holders were placed at vantage points about the room and added greatly to the attractiveness of the color scheme.

Presiding at the tea and coffee urns were Mesdames A. P. Utterback and Clyde Griffith.

Ray Baker, Who Escaped From Prison, Wounded By A Posse

ALPINE, Feb. 29 (AP)—Ray Baker, alias Ray Turner, escaped convict from Arkansas, was shot and seriously wounded by a sheriff's posse today when he twice attempted to escape arrest in connection with a series of robberies.

Newt Gourley, sheriff, attempted to take him in custody after receiving information from Washington that fingerprints had identified him as Baker, but he fled and attempted to steal a car. He was shot in the leg and finally captured.

Citizens formed a posse to aid the sheriff. They put Baker in an automobile and headed for jail but he jumped out and started to run. A bullet in the right side stopped him and the posse hurried him to a hospital, where he admitted his identity.

Baker said he was sent to prison for a series of robberies. He had lived in a tourist camp several weeks and was a familiar figure on the streets of this town in far southwest Texas.

Alpine officers notified Arkansas authorities.

Several houses were burglarized here recently, it was said, and finger prints found on a window sill were identified as those of Baker by department of Justice agents.

The Laymen Organization of the Baptist Church will hold their second meeting Monday night, February 26, at 7:30 in the church.

An interesting and entertaining program has been arranged for the evening with the Glee Club, under the direction of Miss Louise Noble, and a male Quartet furnishing the music. After the program the members and guests will be served an enchilada supper.

This splendid organization already has a membership of over thirty and expects to increase with each meeting as much enthusiasm is in evidence.

Mrs. R. M. Gant and brother, Dwayne Puckett left Wednesday for Uvalde where they were called on account of the serious illness of an uncle.

E. H. McCright left Monday night for Houston where he will spend several days. Mr. McCright will attend a meeting of the oil code committee for this district.

Services were held at 3 o'clock from the Emmanuel Episcopal Church with the Rev. Paul Reese officiating. Burial was in Fairmont cemetery beside the graves of her father and mother.

Survivors include two sisters, Mrs. Russell Menzies of this city and Miss Georgia Rust of San Angelo.

Jason and Bernie Morgan, local teachers, spent Saturday in Del Rio.

BRIDGE WILL BE COMPLETED IN NEAR FUTURE

Opening Date Not Set As Painting Hinges On Weather

DEL RIO, Feb. 29.—The huge Devil's River bridge spanning the river 12 miles northwest of this city will be completed this week. M. B. Hodges division highway engineer, stated Tuesday that only a small part of the painting remains to be done, and this work is so dependent upon favorable weather conditions that no definite date for opening the bridge has been set.

The structure was erected at a cost of \$130,000, Hodges stated. Original plans for the bridge were revised after the flood of Devil's River on September 1, 1932, when the river rose 40 feet, the estimated height of the new bridge. New plans were drawn, raising the height of the roadway of the bridge 10 feet to make it 50 feet above the bed of the river.

As it stands, the bridge is 1,160 feet in length. It is made up of seven concrete piers, two abutments, two "T" beams approaches and six steel spans. It has a 24-foot clear roadway and the top of the steel spans is 85 feet above the river bed.

The concrete pier and abutments were erected by Tomson and Simpson and the steel work was put up by the Virginia Bridge and Iron Works. Concrete slabs of the bridge floor were put down by L. A. Turner.

The entire bridge has been under construction since the Fall of 1932.

The highway department has topped the highway from the top of Devil's River hill to the bridge and is engaged in topping the highway from Evans' Creek bridge on the north side to the bridge, the entire length topped amounting to slightly more than three miles, including the work on both sides of the river.

Tuesday the topping on the north side had not been completed, and Hodges stated that it would not be finished by the time the last of the painting was done on the bridge.

Although some dedicatory service will be held, no definite date has been fixed for the ceremony. Sam H. Walk, president of the Chamber of Commerce, declared that tentative plans are to have a celebration later in the Spring after the bridge has been opened to traffic, since the date of its completion is so indefinite.

Hodges stated that Gibb Gilchrist, State highway engineer, had signified his willingness to attend the opening ceremony to the bridge but the highway department itself has planned no service.

Mr. and Mrs. T. D. Moore returned Monday from Del Rio where they have been the past week with Mr. Moore's mother, Mrs. J. B. Moore, who is convalescing from a recent illness.

DON'T MORTGAGE HAPPINESS

The years of a man, they say, are three score and ten. In terms of life of a redwood tree, an ancient idea or doctrine or even a middle aged alligator these seventy years seem very few. It would be wise to be thrifty with them.

The favorite and fashionable indoor sport today is the balancing of budgets. It is done in business, government, and the painful process of making the family income fit the facts in the case. It should be done no less in balancing the years of life against the opportunities of life.

Waste no time, then, which might be spent in the pursuit of happiness, in the work you love or the rest you earn, in finding friendship, in fashioning a faith and philosophy for the lean years at the end of life.

Waste no time in worry which gets nowhere, but confesses everything in gray hairs and wrinkles. And don't mortgage present happiness to pay for a future which may never happen.

Don't work so hard that you forget how to play, nor play so hard that you aren't fit to work. Don't blow off all your steam before fifty and be burned out for twenty years after. Invest wisely in amusement, as you would in stocks and bonds. Don't die too soon, nor live too long.

Balance your budget. —Herald, Harvard, Ill.

For years this nation has proceeded on the idea that investment bankers were honest; that they would not betray the confidence of their patrons; that they would not use the resources of depositors to gouge the public for their own personal gain. The record shows that they did these very things; that they violated every confidence, and that they utilized every trick to evade income tax payments on their loot.

It's much easier to tell the man in office he is wrong than to run for office and do the thing as it should be done.

Look over the ads in this paper. It's got to be good to be advertised.

WORLD'S DAY OF PRAYER

The World Day of Prayer service held in the Methodist Church was well attended last Friday morning. Mrs. B. J. Brannon presided. Mrs. G. B. O'Connor was in charge of the music. Mrs. J. F. Green prepared a splendid poster, expressing the theme for the day, "Pray for the Peace of Jerusalem". Many prayers were offered for peace in our hearts, in our homes, in our churches, in our land and among all nations.

The offering for the four union projects, (supported by gifts taken on this day) amounted to \$12.52.

All four of these projects were presented as follows: Mrs. John V. McCall, Mrs. W. H. Savage and Billy Savage showed the need of wholesome literature for children in foreign lands.

Mrs. Landon Rose, Mrs. A. P. Utterback and Miss Oleita DuBois presented most impressively the good work being accomplished in the seven union Christian colleges of the Orient.

Mrs. D. L. Duke, as an Indian girl told of the need of Christian teachers in government school. She was assisted by Mrs. J. R. Black.

Miss Pat Boone, who has been a waitress at the Loma Alta Cafe, resigned her position last Sunday and is visiting with relatives in Dryden.

REV. TAYLOR IMPROVING

Country Broadcastings

Edited by Jno. V. McCall, Pastor
Sanderson Presbyterian Church

The small churches are both the despair and the hope of American Protestantism. They constitute a real Protestant problem, but being located at the fountains of society they are the feeders for the large churches and the sources of supply for both members and leaders. The principal problem is to so finance the small churches that they may promote a proper program. Many small churches have heretofore been supported wholly or partially by home mission funds, but a new emergency has arisen which makes this impractical.

On account of emergencies which have arisen the Home Mission agencies cannot render aid as in times past. We therefore counsel self-support. We are forced, however, to recognize that we cannot have prosperous self-supporting country churches with an unprofitable agriculture. If our rural churches are to be able to maintain a qualified ministry, a program of work ample to meet the religious needs and opportunities of the people and supported by the people, large scale farming must be discouraged; tenancy, especially migrancy, abolished; home-ownership made possible to those who live on the land and till the soil; social justice and economic security guaranteed; and ample educational opportunities provided. If these reforms can be accomplished then we may have a profitable agriculture and with a profitable agriculture, self-supporting country churches.

As the material resources of the congregation make it possible, every church should plan for self-support. When subsidies are received by any church for too long a time, the practice will make parasites of the people. The church which can provide adequate religious privileges for a community must be supported by the people whom it serves.

ENTERTAINS FOR YOUNG DAUGHTER

Mrs. Lewis H. Lemons, assisted by her sister-in-law, Mrs. D. L. Duke, entertained several of the younger set at her home last Saturday evening in honor of the twelfth birthday of her daughter, Adair Edmiston.

Red and white was the color scheme carried out in the decorations, favors and refreshments.

Valentine games and guessing contests furnished merriment throughout the evening. Contest prizes were won by Mary Helen Thomas and Junior Lemons.

At a late hour the guests assembled around the dining room table which was decorated with the birthday cake and tall red tapers. A plate lunch consisting of Valentine sandwiches, tuna fish salad, potato chips, olives, cheese niblets and lemonade together with slices of the birthday cake was served.

Mr. and Mrs. Rufe Murrah and family returned last Friday from Del Rio where they had been all week due to the illness and death of Mr. Murrah's father, J. R. Murrah.

Mr. and Mrs. S. J. Kellogg spent Sunday in Alpine as the guest of Mr. and Mrs. Robert Ratliff.

Dr. and Mrs. E. K. Halbert, E. W. Hardgrave and Mrs. A. J. Ivy returned Tuesday night from Abilene, Texas, where they went last Saturday to attend a series of lectures that are being given this week at Abilene Christian College.

AIRDROME NEWS (By Radio Doc)

Junior comes home from school one afternoon with some two or three hundred sentences to copy. "This is because I didn't know something in English"—We could have told him that, and not limit it to English.

Jimmie called up the telephone operator at Sanderson to apologize for last week's quotation about wrong numbers, and, after the apology, it is found that he has apologized to the wrong operator. Oh well, this wrong number business is going to get him down yet.

We remember the popularity of Morton Downey, and his effeminate voice. Last week a popular radio program featured a young English prima something or other whose voice is decidedly masculine. In this world it seems that no one is ever pleased.

Duel and Honeycutt, the treasury department men, departed for parts known or otherwise, Monday. Hope they hurry back. We can beat them playing bridge.

The Life Sentence has to fight Homer Junior when she makes a cake. He always beats the baby to the bowl to "lick it".

We shall never be more pleased than when we learned there is a telephone at Comstock—but it did not do any good.

Remember Paul Ritter? He has returned safely to the home fires in Lewisburg, Pennsylvania. And, he remembered us well enough to write a card. Such popularity must be deserved.

RF sez he is weaning his charge—He gradually spends less time in the radio station helping Skinner. Of course, no one would know RF was around at all if they were not told, but we can't neglect anyone. He deserves a little notice.

According to Junior, the milky way simile is to become a fact, as Larry is expecting a new calf soon. We always thought cows attended to that detail.

It seems that the signal corps has some new personnel. Guess the construction section will have to make another garage to accomodate their car, and the Sgt. will have to get more fuel for the fires, and more gasoline for their ironing. Some folks are never satisfied. Not content with chiseling from poor service men, who have to struggle for mere existance, they have to deprive them of their own back yard space for parking their multitude of cars.

The Corporal, after seeing his name in print last week, gave us another admonition—to put his picture in the paper. Due to the lack of stereotyping facilities, we shall endeavor to substitute a word picture—Imagine a guy whose right leg goes north when the left takes off east, and you have his picture. He couldn't stop a pig in a blind alley.

This issue inaugurates a new department:

Possible Impossibilities

In some states the livestock is in the habit of walking in one direction only around the crowns of the hills. After a period of time the legs on one side become shorter than the other. (The hills in the draw are not pronounced, but the association might affect our stock that way).

Biggs agreed to procure the pigs if Miller would get a bobcat, and Jimmie would bring a pussy cat. (Watch your cats). Upon awakening morning it seemed that they had accomplished their mission, with the slight difference in detail that the cats must have been of the decorated variety. (You know—A white stripe up their backs). But it developed upon investigation that the wind was blowing from the south, so we have yet to see the completion of the menagerie.

The men of the field have sacrificed their names for numbers, as is the custom in incarcerating compulsory visitation. They have assigned number 22 to Larry, 33 to Mooney, 44 to Jimmie, 55 to Eddie, and 97½ to the Sgt. This for the purpose of identification. Haven't been able to figure out the one-half part, but that should come with time. Oh yes, when asking what Biggs number is, he said his number was to signify the number of hours of labor actually performed.

and upon seeing his tally sheet, it was decided this page is too small to hold the total number. Compromise on 11. (One at a time).

"I wouldn't be surprised at anything you put in that column", sez Monty. Well, we have learned, in our great experience, that children are mildly surprised at anything that happens, due to it's being unprecedented, but are never greatly surprised at anything.

The meteorological station surely does shine this week. The signal detachment has been expecting Lt. Stearns for an inspection. But he should happen in when they don't expect him. Wow.

Lt. Foster is expected to arrive again at the field any day. More than likely on the twenty-second.

Looks like the Hangar will have some new floor. Should this be true, and the floor is complete it should make a wonderful surface for dancing. Just a hint.

The visitors to the field to contact me this last week, so they don't get mentioned. Sorry, but you will have to undergo the doubtful pleasure of meeting your correspondent if you want your name in this column. Of course, we realize that everyone should like to be mentioned herein, since everything said is of such uplifting character. We should never think of saying anything of a derogatory nature of anyone.

Jimmie is after a hoot owl which persists in interrupting his peaceful slumbers. If any of our kind readers resemble an owl, they had better look out. Is it said as of the "Wise Old Owl"? Then we better be careful. That wise stuff hits us right where we live the hardest.

Typographical errors will error, but they are sometimes most misleading. In an article in the Herald-Post, we notice that an injured lady is to be brought by air ambulance from the coast to El Paso, by "The most killifull pilot obtainable." Seems they are not approving of the poor lady being in a critical condition from a crack-up, but intend assuring themselves of her condition by sending her with this pilot.

We thought we were the only ones bothered with "let's borrow your paper"—but on looking on the second page of last issue, we find our thoughts expressed admirably. We thank you.

It is now common knowledge as to why there is no contract physician detailed for the men at the field—there is in their midst a Lt. in the medical corps reserve, so no physician is needed. This was suspected some time ago.

Some circumstantial evidence is very strong, as when you find a trout in the milk.

Generales

El trabajo en nuestra region esta algo despacio, algunos trabajadores han comensado sus trabajos en algunos ranchos, hay trabajo en el highway pero se cree que terminara pronto, el contrato del puente de Loxier fue aprobado y expido al contratista L. E. Witham de Wichita Falls, Texas, mas no se sabe exactamente cuando comensara este trabajo.

Con frecuencia amanecen en las casas de la localidad perros muertos por envenenamiento, con tal motivo recomendamos a los que dejan sus gallinas libres por las calles, las encierran en sus gallineras para que no sean victimas del veneno tirado

Here's a new PROCESS OF LUBRICATION that has won the endorsement of highest engineering authorities. PYROIL does what oil alone cannot do. It builds lubrication INTO the metal.

Simply added, in small quantity, to your favorite oil and to the gas, PYROIL establishes a film-like protecting surface on all frictionized motor parts. This Pyroil Surface defeats wear. It lightens friction drag, keeps bearings cool, speeds revolutions, reduces noise and vibration, increases power.

PYROIL improves the performance of any motor. It frees valves and seals rings, saves on oil and gas, provides many extra miles of "silky", trouble-free car operation. Cuts repair bills. Repays its small cost over and over.

PYROIL is for every type of motor; cars, trucks, tractors, aviation and marine motors, as well as all types of heavy duty machinery and equipment.

If you haven't tried PYROIL, do so today. You'll be amazed at the improved performance of your motor from the start. Manufactured, Patented and Guaranteed by the Pyrol Company.
