SHEEP AND GOAT RAISERS MEET IN SONORA; VOTE FOR RANGER PROTECTION FOR SHEARERS

By Sam Ashburn

SONORA, March 10.—The Sheep and Goat Raisers executive committee in session here Thursday voted to place several rangers at various points in West Texas under a re-entrant fee should necessity arise for protecting the property of the sheep men and goat men of the State, these rangers to be subject to call of the president of the association, T. A. Kincaid.

At the suggestion of C. B. (Dutch) Wardlaw, one of the biggest ranchmen in Texas and head of the Producers Wool and Mohair Company of Del Rio, the association asked the warehouse and loan companies which had previously said they would pay dues of customers to the association, to encourage their customers to pay these dues, and to write letters to their customers setting forth their willingness to pay such dues.

H. M. Phillips, was then introduced as the new secretary of the Sheep and Goat Raisers' Association. Mr. Phillips is editor of the Co-operator and is a former student of A. & M. College. He will reside in San Angelo, visiting Ozona, the residence of the president of the association at times in carrying out his duties. Phillips succeeds Bright Baggett.

Mr. Phillips' treasurer's report showed a balance of \$1,742.94 on hand with dues collected in the last quarter amounting to \$1,123.29.

Mr. Kincaid, the president, then called to the attention of the group that agriculture does not come under the provisions of the national recovery act and that codes for labor employed by ranchmen is not subject to its provisions, otherwise, the ranchmen might find themselves forced to treat with organized labor backed by the American Federation of Labor.

Not Opposed to Unions

He said the association is not opposed to union labor but that the association has no authority to negotiate contracts for shearing for the sheep men and goat men of Texas for it represents only a small percentage of the men engaged in the business. He read a telegram from W. R. Williams, organizer for the A. F. of L. and Nelson Wilber, organizer for the sheep shearers' union in which the men expressed a desire to open negotiations for shearing prices. He did not answer the telegram nor the letter they wrote later. The letter had spoken of an asserted right of labor to bargain collectively under the NRA.

The president of the association took to task the sheep men and goat men of the State for lack of support of the association saying that while there is a small group of men who have been loyal to the association that support had been slow. Although the wool houses, the Federal Intermediate Credit Bank and other financial institutions had said that they would pay the dues of members only one lone new member had come in with his assessment since February 14, the date the warehouses made their announcements while one or two others had paid their dues. "You can't find a man who will say that the association has not helped the industry, but even my home people at Ozona seem unwilling to back the organization."

Continuing he said, "If that is to continue to be the condition, I am ready to quit."

Great Work for Industry

Mr. Kincaid said the association, 17 years old, had done great work for the industry and had sought to leave nothing undone to aid it. He quoted the late A. H. Priest of Fort Worth as saying that the freight rates savings alone to sheep men had been one million dollars in one year alone.

Judge Whitten said the industry has come to a time when it must spend money; Congress is in session, and the Texas Legislature may be called into special session any time. He thought a membership campaign should be carried on and believed every member of the executive committee should get one or two members at least by the next quarterly gathering, which on in-

tation of J. T. Baker goes to Fort Stockton.

Sol Mayer, president of the National Wool Marketing Corporation, recalled his first meeting with the association, several years ago when freight rates were being considered. He is convinced that the savings in freight rates alone would pay the cost of operating the association for 100 years.

The roll call revealed the following old members of the executive committee present: Mr. Kincaid, president; E. S. Mayer, vice president; Robert Real, Roy Aldwell, treasurer; Oscar Appelt, J. T. Baker, W. R. Cusenbary, Fred Earwood, W. E. Glasscock, A. C. Hoover, Abe Mayer, Sol Mayer, O. L. McNealy, H. C. Nolte, George Pepper, Vergil Powell, H. W. Reick, Martin Rose, Massie West, W. B. Whitehead, Judge J. A. Whitten, B. E. Wilson, L. W. Elliott, W. W. White, New executive committee members named were: J. A. Harvick, Sayres Farmer, Guy Rachal, Joe Montague, V. B. Brown, Marsh Lea, Price Maddox, O. R. Davis, C. B. Wardlaw, George O'Neil and T. J. Murphy.—Del Rio Evening News.

Davenport Home At Longfellow Burns Sunday

Fire, said to have been started from an oil stove that exploded, completely destroyed the home of Mr. and Mrs. Raymond Davenport at Longfellow, last Sunday morning about 9 o'clock.

No one was in the house at the time of the explosion, and when the flames were discovered by Mrs. Davenport, who was out in the yard, it was too late to save any furniture.

The few residents in the little place were powerless to fight the fire as no water was available.

The house was a frame structure, well built, and not a very old house. It was located on the ranch properties of the West Cattle Company and was owned by them.

SMALL BLAZE THURSDAY AT DAGGETT RESIDENCE

Thursday afternoon about 4 o'clock, a small blaze was discovered in one of the rooms at the Bunk House of the T. & N. O., which is occupied by Mr. and Mrs. S. S. Daggett.

It was thought that the carelessly leaving of a lighted pipe on the bed by one of the men roomers, caused the fire.

Very little damage was done and the fire was quickly extinguished by volunteer firemen.

Historical Pageant Of Big Bend To Honor Pioneers

ALPINE, March 10.—More than 300 students and citizens will participate in the Historical Pageant of the Big Bend, which will be presented by the Dramatic Department of Sul Ross State Teachers College on the night of April 28, honoring the pioneers of West Texas who have been in this section since 1890. This pageant was written by Mr. W. A. Stigler and Mrs. Jamie M. Frank of the El Paso City Schools, and is to be given as a part of the dedication exercises of the college Outdoor Theater at Kokernot Park. The theatre is built of native stone, as a CWA project, will seat 1600 people, is fitted out with the most modern lighting equipment, and is located amid ideal surroundings.

The Pageant proper is composed of five episodes. It undertakes to portray chronologically and authentically the life, habits, and activities of early Indian and Spanish settlers, the hardships and heroism of the pioneers, the development of the public schools, and the achievements of Sul Ross.

The senior classes in the high schools of West Texas have been invited to elect from their own group a Duchess for this occasion, and some forty of them have already selected a representative. These Duchesses will participate in the ceremonies at the crowning of the Sul Ross Queen, who is to be selected from the degree graduates of the institution by a vote of this group.

In connection with the Pageant Sul Ross will hold its first Home Coming for more than 4000 different students that have enrolled since the institution was established in 1920. A free barbecue will be given at Kokernot Park on Saturday afternoon, April 28th, in true Western style and in keeping with the genuine hospitality of the Big Bend people.

Miss Bess McAdams Starts Sophomore Work At Baylor U.

Miss Bess McAdams, daughter of Mr. and Mrs. O. H. McAdams, who is attending Baylor University at Waco, has entered upon her sophomore year at the University beginning with this Spring term.

During the time that Miss McAdams has been in Baylor she has continued her high scholastic record in the literary course which she is taking. She is taking music and majoring in History.

Glee Club Of Sul Ross To Sponsor Opera

The Sul Ross Glee Club, sponsored by the Theta Gamma Music Club, and under the direction of Miss Irma Lee Batey, will present an opera, "The Flower of Venezia," in the auditorium of the college, on the evening of March 20, at 8:15 o'clock.

The story is that of a beautiful but disobedient daughter, a plain but title-loving daughter, a poor but patrician father, a rich but overbearing suitor, a handsome but seafaring hero, and a band of picture-sque but peace-loving assassins, all mixed up with poisons and potions, harmlessly but effectively administered.

This delightfully fantastic and humorous tale is interwoven with light music of the most enjoyable sort. Liltng airs and catching tunes are sung by gaily costumed merry-makers. The period is seventeenth century, and the charming costumes depict that colorful time in a most pleasing way. The setting and lights will help create the illusion of beauty.

Prices for admission will be 10c, 25c and 40c.

R. E. Corder Announces For County Judge

R. E. (Dick) Corder places his announcement in the Times this week as a candidate for the office of County Judge of this county.

Mr. Corder is well and favorably known throughout the county as he has been a resident here practically all of his life. He is in the ranch business.

He states that he feels as though he is qualified to hold the office and is familiar with the many duties required of the office. He faithfully served as Commissioner of Precinct 3 several terms ago.

Mr. Corder asks that the voters give due consideration of his candidacy and states that if he is elected to the office that he will faithfully perform its duties to the best of his ability.

Mr. and Mrs. M. H. Goode, Sr. were in town the first of the week from their ranch on the Pecos.

Applications for production loans to farmers and stockmen in eight counties are now being received by R. H. Alvey, secretary-treasurer of the Uvalde Production Credit Association. According to Mr. Alvey, all loans will be made on a business basis and according to the security furnished by the applicant.

"The loans that will be made in this county and the other 7 counties served by the Uvalde association must be good loans and loans that are collectible if the association is to continue as a permanent service to farmers in this and other communities, as intended," Mr Alvey said.

"Fortunately, not all farmers in this county need credit," he continued, "but for those who do the association stands as a business organization—not as a charity institution. Loans may be obtained for periods of 3 to 12 months by any eligible deserving farmer or stockman who needs credit and has security; but if a farmer or stockman is eligible for credit it must be extended on a business basis."

Each applicant has to state in his application what property he is offering to secure the loan, Mr. Alvey said. Security for these will loans will consist of first liens on crops, livestock or other personal property on which a lien, or chattel mortgage, may be taken to secure the loan adequately. The lien may be taken on property already in the possession of the borrower, or to be purchased with the money borrowed. It is not intended that production loans shall be secured principally by mortgages on real estate. Where this type of security is taken it will be regarded only as additional collateral.

Mr. Alvey said that the charges on production loans would be as low as possible in keeping with business credit. A small fee is charged to inspect the property offered as security by the applicant, but usually no charge will be made for inspection if the loan is not granted.

The minimum amount that can be loaned to any one eligible borrower is \$50.00. The interest rate is 3 per cent above the discount rate of the Federal Intermediate Credit Bank of Houston, and charged only for the actual number of months the loan is outstanding. The present discount rate of the Federal Intermediate Credit Bank is 3 per cent, which would make the interest rate the farmer-borrower 6 per cent per annum.

Loans may be obtained for general agricultural purposes including the costs of growing, cultivating, or marketing crops; and for the production of livestock, and dairy and poultry products.

Most of the loans will run from 3 to 12 months, and are to be due and payable at the time when the crops and livestock financed are sold.

Each farmer or stockman borrowing for the first time automatically becomes a member of the association, since each is required to own voting stock in the association equal to \$5.90 for every \$100.00 or fraction thereof he borrows. The stock may be purchased with a part of the loan proceeds. It is the only voting stock in the association, and may be purchased only by borrowers, each having only one vote regardless of the amount borrowed.

A farmer or stockman who becomes a member of an association does not have to "stand good for" the loans of the association, or the debts of other borrowers. The stock carries no double liability.

The Uvalde Production Association, which is authorized to make loans in this county, is one of 50 which have been established in this state. Most of the capital of the association is provided by the Production Credit Corporation of Houston, which is supervising the work of the association in Texas.

S. L. Stumberg returned Monday from a visit in San Antonio with his family.

Mrs. A. H. Utterback came in Monday for an indefinite visit with her son, Dr. A. P. Utterback and family.

ANNOUNCEMENT BY PASTOR OF MEXICAN CHURCH

I arrived here last Thursday the 8th and I found many sick people among my Mexican congregation and as always we went to our Heavenly Father in prayer for all our dear ones. We are now very thankful to Him for their recovery with the good care also of the very capable Doctors of this town. We have been conducting services during these four days and every night the altar was full of persons who were given themselves to the Lord and promising to follow Him in their daily life. Sunday night and church was full and also was a great response and many of all came to the altar placed an offering of sacrifice toward the Kingdom Station. This is in joining with the American Brethren doing our part in this great matter. The offering amounted to the sum of \$31.40. Those of you who read this will be surprised and you will be more surprised if you knew the many needs at these dear homes. With sickness and without any regular income they are doing this. We have to raise the amount of one-hundred dollars as our regular church assessment for the support of the Missionary Work and this \$31.40 was sent to the Board of Missions. Now the Ladies Missionary Society of our church are planning to serve a Mexican supper Saturday the 11st of March and the proceeds will go to the same purpose until we will be able to cover the one-hundred. Tickets for the supper will be sold by the church girls and I hope that all the ones who do not want to stop the missionary work will be glad to buy some tickets.

Dear friends and Christian Citizens of this town, I just want you to know that I am giving all my devotion and attention to the Missionary work here in this town and I am coming here two times a month. My next time will be for Holy week when I will be preaching every night and each night.

Come and join with us and if you can not understand Spanish you can hear singing. Also I am very thankful to those who now this time have promise their cooperation in supporting this Missionary Work in this town making possible for me to come and attend the spiritual needs of our dear people. The ones who have promise their monthly help are as follows: Mrs. J. L. Osgood, F. S. Garrison, C. J. Watts, Fred Savage, J. R. Blackwelder, Dr. W. H. Doty, L. A. Lowe, Mrs. J. W. Downum, B. J. "Wheels of Destiny" Rolls Back to Nature

The vast sweep of the Western plains, the wild vistas of rugged mountain peaks, braved by our gold-seeking ancestors, are only a small part of the scenery displayed in the latest Ken Maynard-Universal starring production, the epic "Wheels of Destiny," which will be shown at the Princess Theatre this Friday and Saturday, March 16-17.

Maynard has devoted months to supervising and acting in "Wheels of Destiny," the dramatic story of a trek in covered wagons into the west in search of gold. In the story, a tundra is swept by man-made flames to drive back Indians, two turbulent rivers are forded, there is the repulse of an Indian attack, and early highwaymen are driven from their attack on a mid-western hotel.
 A thousand buffalo graze peacefully on a vast plain until shot at by a band of marauders. Indians rise to the vicious peak of a war dance and attack. Maynard goes to the rescue of the embattled pioneers as they fight their way toward the new El Dorado, California.

In the gripping production with Maynard—the most lavish he has attempted in ten years of picture-making—are Dorothy Dix, Jay Wilsey, Philo McCullough, Freddie Sale, Jr., Jack Rockwell, Fred McKay and many others who are familiar to those who thrill to the Maynard stories.

Locations were mainly at Lone Pine, Calif., a spot of great natural beauty, and Muroc Dry Lake, Calif., a spot where many pioneers perished in their drive for California during the early days.

Health Department Calls Attention To Certificate Law

AUSTIN, Tex., March 15.—For the protection of the public a law was passed in 1921 making it mandatory for every person who is employed in any public eating place, bakery, meat market, dairy or candy factory to secure a health certificate from a reputable physician. This law is intended to eliminate all persons having any communicable disease from handling any foodstuff. These certificates must be renewed every six months.

Typhoid fever, diphtheria, and amoebic carriers have been found numbers of times working in dairies, cafes, and other places where food is prepared or offered for sale. It is not too much for the consuming public to demand that those who sell them food shall be free from communicable diseases. If the examinations for food handlers are properly carried out much good will be accomplished in protecting the health of the buyer as well as giving the applicant for a certificate accurate information as to his physical condition.

The Texas State Department of Health has repeatedly advocated periodic physical examinations for the general public, as it is during these examinations that many incipient diseases may be discovered and treatment begun in time to stop its developing to such a degree that treatment will not be helpful. Many deaths and much suffering would be eliminated if every one would have this periodic check. In the case of food handlers, only the diseases that are communicable will withhold the issuance of a certificate. The cost is money well invested and the consuming public should demand that those they buy from have this evidence of good health.

Thousands have Ended their Bowel Worries by taking this advice!

Can constipation be safely relieved? "Yes!" say medical men. "Yes!" say the many thousands who have followed their advice and know.

You are not likely to cure your constipation with salts, pills, tablets, or any of the habit-forming cathartics. But you can correct this condition by gentle regulation with a suitable liquid laxative.

THE LIQUID TEST:

First: select a properly prepared liquid laxative. Second: take the dose you find suited to your system. Third: gradually reduce the dose until bowels are moving of their own accord.

Simple, isn't it? And it works! The right liquid laxative brings thorough bowel action without using force. An approved liquid laxative (one which is most widely

used for both adults and children) is Dr. Caldwell's Syrup Pepsin. It is a doctor's prescription, and is perfectly safe. Its laxative action is based on osmotic—a natural laxative. The bowels will not become dependent on this form of help, as in the case of mineral drugs.

Hospitals and doctors have always used liquid laxatives. The dose can be measured, and the action controlled. Pills and tablets containing drugs of violent action are hard on the bowels.

If there are children in your household, don't give them any form of laxative, but use a healthful, helpful preparation like Syrup Pepsin. Its very taste will tell you it is wholesome, and agreeable to the stomach. Delightful taste, and delightful action; there is no discomfort at the time, or after. Ask your druggist for Dr. Caldwell's Syrup Pepsin, all ready to take.

TIMES HAS BIRTHDAY THIS WEEK

With this issue of the Times another year has passed. We are now starting our 27th year of existence—no, no, folks we mean the papers existence.

Starting with a small sheet and with the view in mind of recording the events of our city and county the paper has continued to record the happenings.

Soon it will be 12 years since the present Editor has published the paper and during these 12 years we have made every effort to publish a good paper and keep abreast of the times and whenever possible put in the latest equipment and build the paper up.

We are not bragging but we do think that our little paper is a good, clean sheet and will come up to the equal of any weekly paper in cities far larger than Sanderson.

It is through the staunch friends and business friends that the Sanderson Times has kept on. This is certainly appreciated and all that we ask is for these same friends and business associates to stay with us.

BUSINESS MANAGER OF COWBOY BAND IS VISITOR HERE

"Gib" Sandfer, business manager of the famous Cowboy Band of Simmons University, passed through Sanderson Tuesday interested in securing bookings for a tour of this section of the state in the latter part of March. This renowned band has just returned from New York, where they played before over two million people in a series of concerts in Madison Square Garden. They were received with such enthusiasm in the Metropolis that they were booked to perform in similar programs for the next five years.

The band presents a vaudeville sketch in connection with its concert that is similar to the show presented on their memorable tour of Europe in 1929. Featured in this vaudeville is Johnny Reagan, English-Australian whip-cracker and trick rope artist, who has spent the greater part of his life touring the world and playing before millions of every nationality in his versatile programs.

Dates for the performances in near-by towns will be printed at a later date, so that many who might be interested in seeing this great show and hearing the concert will have the opportunity to do so.

Roy Barksdale and father, Wiley Barksdale were business visitors in the city Wednesday. While here Mr. Barksdale paid this office a pleasant visit and renewed his subscription for another year.

Powdrell & Alexander, Inc., have opened a window curtain factory in Dallas, branch establishment of their nation-wide concern.
