## Sanderson Debaters In Second Place

For the third consecutive year Iraan debaters won the boys' and girls' contests, but after a hard battle with the teams from the Sanderson high school, who were awarded second place. Girls representing Sanderson were Floriene Thompson and Mary Jane Carson; the boys' team was Melvin Pollard and A. C. Clatfelter. While our boys and girls did not win any first places last Saturday, they acquitted themselves with honor, were well trained, and they and their instructors deserve credit for the showing made.

Tennis matches and all the track events were postponed on acount of had weather, and will be held this weekend, weather permitting. The following, accompanied by Coach Duane Smith will go to Ft. Stockton today to attend the track events which are scheduled to start at 1 p. m.: Rueben Mussey and Hollis Haley. Mussey will enter the high jump, broad jump, and 440-yard run, and Haley will compete in the high and broad jumps.

The regional meet will be held next week at Alpine.

### MURRAH ELECTED TRUSTEE

#### Smallpox Delays No. 2 Thursday Morning

No. 2, eastbound was late Thursday morning-just 3 hours behind schedule. But the blame was neither on the engineer nor the fireman. Here's why:

Leaving El Paso a well developed case of smallpox was discovered. The health brigade took charge, ordered the patient to the pest house, and quarantined the coach until all who had been exposed were vaccinated. Amid a chorus of howls and groans the operations were performed, and it was three hours before the conductor could high-ball No. 2 on its way.

That's why there were no smiles in the cab when the train rolled in.

## AFTER 8,000 MILES

## AS STRONG AS NEW

Per cent of tensile strength remaining in cords after long use in tires:

Supertwist Cord—a Good year patent - stretches, bsorbs shocks, and comes back strong! Thoroughly rubberized to resist heat, it gives lasting blowout protection in every ply. Ask us to demonstrate!

The super-soft tires the new 1934 cars are wearing can be easily applied on most 1933 or 1932 cars. Ask for our special offer on the GOODYEAR AIRWHEEL.

Any good new tire is pretty safe from blowouts-but how safe is it after thousands of miles? Think over those percentages above! Remember, the public finds that Goodyears stand up longest-that's why more people buy Goodyears than any other tires. Since Goodyears cost nothing extra, put them on your car!
