THE ANSWER IS—THEY ADVERTISE

If the fact that some 375 mail order catalogs were sent to the Sanderson office the past week for distribution doesn't set some of our merchants to thinking and planning, business here in deep in the doldrums. The country paper is one of the most loyal institutions, and even its humblest efforts are an asset to any town. They have preached—still are preaching—the doctrine of "Trade at Home." But, no matter how loyal the home paper, nor how strong its appeal to support home merchants, it's so much lost motion without the fullest cooperation on the part of the merchants. The Times goes into practically every home in Sanderson—your message, Mr. Businessman, could just as easily go with it. That's the principle upon which the success of the mail order houses are built. "If we can get our message into the homes of the nation the biggest part of our work is done. Results are sure!" Too often, though, the merchants in the smaller towns consider advertising in the home paper akin to charity. If this be true, then the mail order houses of the country are the largest contributors to charity in the world. It would be interesting if the total revenue from the distribution of these catalogs in Sanderson was made known at the end of the year.

WHY HE QUIT

This is the story of a man who quit the teaching profession. He was considered one of the best of teachers. Pressed for a reason for his action the following answer was received: "There is such an absence of training and discipline in the home that teaching has become a burden that I have decided to carry no longer. There is so little backing up of the teacher by parents that discipline in the schools is becoming harder and harder to maintain. The lesson of obedience is taught so lightly in the home that struggling to enforce it in schools has become too irksome for me to longer attempt it. I have been solicited to put in my application in a dozen schools—but I have enough. The fact that I have determined to quit is of little moment, but it is a very serious situation that has caused me to change my vocation after giving a dozen years of my life to it."

Any fair-minded person, with even a casual interest in his own school—even in Sanderson—will recognize the truth of this teacher's complaint. In the past our public schools stressed the fundamentals—many of us old timers "graduated" with but a faint smattering of the "Three R's"—discipline was strict in such a limited range of courses. But today the system, like everything else, is modernized. Subjects undreamed of as subjects in the schools of 30 years ago, are a matter of course in today's public schools. Nonchalantly do youths discuss problems relative to the Einstein theory, of biology, chemistry, etc. Nor is this all, the physical side—neglected in the old days—is amply provided for. Every game under the sun is included in high school athletics. All this is wasted, lost motion, if you please, if your child is not amenable to the rules of discipline which, necessarily, are part of this fine training system incorporated in our public schools of today. But, dear parents, there's where you come in, and it is essential to your children's welfare that you cooperate 100% with the teachers in seeing to it that they at all times play fair, whether it be in the classroom or on the athletic field. If complaints are made, take enough interest in your child to investigate the matter fully. If the child is in the wrong, set him straight; if the teacher is wrong, we're sure there is some channel for redress.

THE G. O. P. KEYNOTE

Already we have been given the keynote of the next Republican campaign. It is "Tyranny."

We are to be told—already being told—the "new deal" is really the old deal of kings and dictators, tyrants who ruled as they willed and their people obeyed like sheep.

We have had this keynote struck by the American Liberty League of Al Smith and others. We have had it in numerous Constitution Day addresses, notably by Col. Theodore Roosevelt, republican, and by Bainbridge Colby. Mr. Colby is a democrat, was secretary of state under Woodrow Wilson for a time, and is a corporation lawyer.

The idea of these "new deal" opponents is that the present administration has gone too far in taking and the congress has gone too far in giving extraordinary power to the president who, in turn, delegates the power to individuals, boards and commissions, who act in an arbitrary and autocratic manner, bossing people and expecting them to obey like sheep.

To some extent this may be true. If true, it is due to the fact that when the Roosevelt administration went into office the congress and the people were panicky. They were calling for a leader. If one is to be a leader he must lead, and the people must follow. That's what they are doing. We have no doubt that as conditions improve throughout the country pressure will be increased in Washington for a lessening of the executive authority, and for a return of various delegated powers to the congress where rightfully they belong.

Indeed, we believe the Roosevelt administration would like nothing better than to accomplish this before next election, if for no other reason than to spike the Republican guns.—El Paso Times.

STATE EXPENSES NOBODY IS INTERESTED IN

Few persons in this State, including members of the legislature and candidates for State office, realize that the Texas government alone spends annually more than \$1,000,000 for food. It shows up in the comptroller's report for last year as totaling \$1,009,000. There were two items for food, one at \$467,000, one at \$412,000 and a third item for 130,000 for purchase of meals by State officials and employes. The entire \$1,000,000 is paid out of tax money, and none of the food went to those on relief rolls.

But this report contains other information that would interest those candidates in the runoff campaign who urged economy in government. The bill for ice and water alone reached \$77,000. The State paid out \$143,000 for stamps while the telephone bill was \$114,000.

Besides the large amount of money allowed for regular traveling expenses the State reimburses officials and employes for using their own cars, and this reimbursement bill last year exceeded \$200,000. But in addition the State bought gasoline to the amount of \$105,000. The light and power bill amounted to \$223,000 and fuel cost the State \$307,000. For drugs and chemicals the State paid out \$130,000; for hotel and room rent \$100,000 was expended. The stationery bill was \$107,000, but this does not include printing of reports, text books and law books.

For clothing and dry goods the bill was \$160,000, and for lumber it was \$58,000. For automobile repairs \$29,000; new passenger cars \$32,000 and new trucks \$7,000. There is a bill for \$218 for airplane repairs but there is nothing in the report to show that an airplane has been bought. Railroad and bus fares took nearly \$75,000 in spite of the \$200,000 given for the use of personal cars. Officials in the comptroller's office say they are seldom, if ever, called upon by legislators to furnish these reports.

It Happened in Sanderson TEN YEARS AGO

This Week. Do You Remember?

(From the Times of Sept. 20, 1924)

Born, to Mr. and Mrs. R. H. Lewellen, Tuesday morning, Sept. 16, 1924, an eight-pound girl.

Mr. and Mrs. Doc Turk were in from the ranch this week visiting friends. Doc reported that Shirley Martin has about completed his new concrete home, and that he had a big rain. So that accounts for the ear-to-ear grin.

Mr. and Mrs. A. M. Buck and daughter, Mrs. Vance McLymont, left Friday for Ozona to visit relatives and friends.

The state highway maintenance crew is busy this week dragging the highway completed through Terrell county, after the recent rains.

Range conditions were much improved and the last period of summer heat was broken by rain varying from mist to heavy showers which started last Friday noon and continued until Sunday noon.

Last Tuesday night a number of citizens met at the court house to organize a rifle club. About 20 members were secured at the meeting.

Judge Henshaw and county engineer John Stovell spent several days in Austin this week on business.

Bernis Halsell of San Diego, California, is visiting his mother, J. D. Halsell, this week.

Monte Corder was in town Thursday and reported he had worlds of rain at his place.

Donald Duncan was in the city the first of the week from the A. D. Brown ranch.

Julian Kessler has returned from a visit with Mrs. Newt Taylor in Houston.

Economy in Relief Offices is Urged

State Relief Director Adam R. Johnson this week sought to effect economy in correspondence between the county and state offices by instructing administrators to assemble letters from the various departments at regular intervals for mailing to the Austin office. Johnson stated that often from five to 25 pieces of mail are received daily from each of the various counties and that it had been the practice to enclose these letters in separate envelopes.

The new system will in no way affect the promptness of receipt of mail at the Austin headquarters but will bring about a material reduction in postage and in amount of stationery used, and will also save a great deal of time in addressing so many different pieces of mail throughout the day.

The director also instructed the county officers in ways to save money in transmitting telegrams, and urged them to eliminate telephone and telegraph communications except in emergency cases.

Government Leases 10,000 Ac. Grazing

Nearly 10,000 acres of grazing land for drought stricken cattle have been leased by R. L. Montgomery, Texas Relief Commission representative of the Federal Surplus Relief corporation, it was announced early this week. The land will graze 10,600 head of cattle and was leased at the rate of 50 cents per head. Government leases are now in effect in Brazoria, Matagorda, Bexar, Jackson, Calhoun, and Hidalgo counties, and cattle from nearby counties will be moved to these ranges to remain there approximately eight months.

A federal grant of \$50,000 for land leasing was made to Texas.

D. C. Thrift and Allen Owen returned Friday night from a week's visit in San Antonio with relatives and friends.

Get a jar of LUCKY TIGER ANTISEPTIC OINTMENT at your druggist's. Kills Athlete's Foot, Ringworm, Itch, etc. Costs little.

Mrs. Lucille Mason spent several days in El Paso this week, the guest of relatives and friends.

Hints for the Household

By Betty Webster

While September is often cool, it always boasts of some warm days. Since these are the final efforts of summer for another year, it is a shame not to celebrate at least one of them. Why not with a garden tea? I know it is impossible to select with certainty one of the summer days, but the nice part about this party is that it can be held indoors if the weather should prove unfavorable.

If practical, it is amusing to ask the guests to come in costume. Each is to dress to represent some character in song or story in connection with garde nor flowers. As they talk they may give each other any hints to their identities except their names. Each keeps a list of characters he guesses and the hostess may reward the one with the most correct list with a watering can, rake, hoe, spade, a plant, a garden magazine or anything which has to do with gardening.

For Refreshments.

Refreshments might be ice cream in flower molds, candied rose petals, and violets, nectar (lemonade with a few drops of cinnamon extract in it) and little cakes. These can be served at little tables on the lawn or in the house.

If the guests do not come in costume ask them to come informed about some one mentioned in connection with gardens and let the party move just as described.

It is surprising how entertaining this affair can be. No one ever seems to become bored and everyone has to become acquainted with and talk to every one else.

DO YOU KNOW THAT:

Milk may pasteurized by cooking it for twenty minutes in a double boiler?

The addition of a very little lemon-juice to sweet milk makes it as digestible as buttermilk?

Lard is good for burns?

Naphtha, if you are experienced in working with it, or, if you are not, a less inflammable oil, is the best agent to use in cleaning a stove?

RECIPES

Meat Pie

1 pound of round steak seared on both sides. 1 onion. 3 potatoes.

Cut the meat into inch squares. Cover with one cup of hot water, add vegetables, diced. Cover closely and let simmer over low flame until the meat is tender. Thicken with one tablespoon of flour mixed with a little water; add salt and pepper to taste. Put into quart size pan lined with pie crust made as follows:

1 1/2 cups of flour. 1 scant teaspoon of salt. 1-3 cup of shortening. 3 or 4 tablespoons cold water. Cover with top crust and bake 40 minutes in a moderately hot oven.

Saga of "Billy the Kid" Will Be Subject of Film at Princess Tonight, Saturday

"Billy the Kid" A name that 50 odd years ago set towns of the west agog. A name that, even today, has the charm of exciting the interest of men, women and children. He was such a different outlaw, that historians of the Southwest consider their narratives of stirring times incomplete if they neglected to recount the daring deeds of this youngster—he was only 21-whom sheriffs feared and whom the government wanted badly enough to send a regiment to effect his capture.

Historians' accounts of Billy the Kid have led future generations to give him a dual role—a ruthless and pitiless slayer, devoid of any of the finer, human instincts, is the verdict of one group. Others portray him as a kindly, unappreciated, and wronged youth, loved by those with whom he came into contact, and whose gun barked only on the side of right.

The picture tonight follows the story of the Kid's life very closely. You will have a chance to judge for yourself, whether the outlaw was a cold-blooded "killer" or simply the avenger of wrongs.

Johnny Mac Brown enacts the role of Billy the Kid, while Wallace Beery is portrayed as the celebrated sheriff of Lincoln county, N. Mex.—Pat Garrett, who finally killed the Kid as he came to the home of his sweetheart.

BROTHER OF MRS. TAYLOR IS BURIED AT SAN ANGELO

Funeral services were held in San Angelo Sunday afternoon for Zack Monroe, 54, who died at his home in Rankin Saturday. Mr. Monroe, who retired from the ranching business about ten years ago, was in the banking business at the time of his death. He was a frequent visitor in Sanderson with his sister Mrs. John Taylor.

Survivors include the widow, six children: Mrs. J. W. Putnam, Perryton; Mrs. B. F. Yocham, Miss LaVerne Monroe, J. D. Monroe, Bruce Monroe and Zackie Monroe, all of Rankin. Brothers and sisters include Mrs. E. A. Pahl, Fort Worth; Mrs. Viola Seeley, Huntington Park, Calif.; Mrs. G. W. Ramsey, Tempe, Ariz.; Mrs. John Taylor, Dryden; Henry Monroe, Artesia, N. M.; and Jerry and Will Monroe, Sheffield.

Joe Gurley, who ranches near Girvin, was a visitor in Sanderson on Wednesday of this week, enroute to visit his daughter at Pumpville.

Austin Nance motored to El Paso last Friday, and returned home Saturday accompanied by Mrs. Nance and their infant son.

Max Harrell came in last Saturday night from his home in Waelder and spent several days here with Mrs. Harrell and son, who are visiting her mother, Mrs. Helen Daniels.

"Fog Over Frisco" Mystery Drama at Princess Monday

"Fog Over Frisco," a First National mystery thriller, will be presented at the Princess theatre Monday night, Sept. 24, with Bette Davis, Lyle Talbot, Donald Woods, Margaret Lindsay and Hugh Herbert in the featured roles.

The story by George Dyer deals with the operations of a band of international bond swindlers with headquarters in San Francisco, and whose thefts are on a gigantic scale, with murder left in their wake. Their labyrinthian network reaches from the highest society, with its beautiful and brilliant women in their employ, down through the speakeasies with thugs to carry out such rough work as murder and kidnapping.

The picture is said to be one of fast action, full of suspense, and with thrill following upon thrill. In addition to its melodramatic features there is a lively romance to give the production a touch of love interest.

Bette Davis leads the large and talented cast in the role of one of the leaders in the swindle game, a society woman who eventually disappears and is found to have been slain by her secret husband, the master mind of the band.

Donald Woods & Margaret Lindsay, a new romantic team, are the screen lovers, Woods in the role of a star reporter who runs down the crooks and rescues the kidnapped Margaret who has been spirited on board a yacht in tight bay.

Mrs. George Capdwell left for her home in Lockhart Tuesday morning after spending the past week in Sanderson visiting with her parents, Mr. and Mrs. Harry Sharp.

### West End Stock Pens Damaged By Blaze

A portion of the west end of the railroad stock pens, located about a mile west of here, were partially burned about noon Wednesday before the fire was discovered. An alarm was turned in and the blaze was extinguished with very little damage being done.

The fire, which started at the chute used for unloading stock from trucks, was supposed to have been started when some carelessly threw down a lighted cigaret stub.

#### NOW AGENT FOR MAYTAG

Announcement was made this week of the appointment of the Sanderson Mercantile company as local agents for the Maytag washing machine, one of the most popular family machines on the market. According to the management, a supply of Maytag machines will be kept on hand, and the public—housewives especially—are invited to call for an inspection or demonstration.

#### WHY SHE HAUNTED HIM

A man we knew of had a wife who was the very scraggy order, in spite of the fact that she ate enough for three harvest hands. Not long ago she "up and died on him," as he expressed it. The husband, wishing to honor his wife, planned to put a tombstone over her grave, to bear the simple words, "Lord, she was thin." He had a piece of marble which he got some time back in a trade, and decided to use it. The marble was a little narrow for the purpose, but the local stone mason did his best. He found there wasn't quite room for the whole inscription and this was the way it read when the monument was erected: "Lord, She Was Thin."

Mrs. Arthur Locke of Del Rio spent several days here this week visiting relatives and friends.

#### READING FUN IN STORE FOR BOYS

Here's important news for the boys of America. THE AMERICAN BOY—YOUTH'S COMPANION, the nation's quality magazine for boys, has been reduced from \$2.00 a year to \$1.00. The three-year rate, formerly \$3.50, has been reduced to \$2.00.

"For a long time we have been seeking a way to reduce the cost of THE AMERICAN BOY to readers," states Griffith Ogden Ellis, editor. "Recently we have effected savings that make the cut possible, and we think boys will agree that the new price is big news on the reading front. We hope boys will help us to spread the good news by telling their friends."

Along with the cut in cost, the magazine's publishers are planning a magazine that will continue to set the pace in fiction, articles, and departments. The favorite characters of millions of boys will parade thru THE AMERICAN BOY in new stories. Douglas Renfrew of the Royal Canadian Mounted, Hide-rack, the red and gold collie, Bonehead Jim Tierney, the detective, will give the reader many exciting hours in the months to come.

William Heyliger, whose true-to-life, gripping vocational stories have won him wide acclaim from parents and librarians, as well as the hearty approval of boys, is working on new stories. Staff writers are interviewing famous coaches and athletes and world-renowned explorers, to bring boys the color and fun of sports and travel.

In short, THE AMERICAN BOY, under its new price, will continue to give boys a magazine that measures up to the best standards set by adult magazines. Send your subscription to THE AMERICAN BOY, 7430 Second Blvd., Detroit, Michigan. Enclose your name and address and the proper amount of money, and THE AMERICAN BOY will soon be headed your way, loaded with reading thrills.

### Maintenance Crew Repairing Hiway

Maintenance crews of the State Highway department have been busy in the west end section of the city this week repairing and patching up the highway which runs through the main section of Sanderson.

All holes and worn places in the highway, particularly at street crossings, are being filled with crushed rock, and then hot asphalt mixture is poured over this and packed.

When the work is completed that part of the highway will again be in good condition.

Mrs. E. J. Chastain and son left for San Antonio Monday morning, where they are visiting her sister, Mrs. R. E. Stirman.

Mrs. J. L. Osgood and daughter, Lois Bee, her sister, Miss Grace Marie Billings, and her cousin, Mrs. Elmer Schwalbe, visited in Langtry Sunday with relatives.

Nelson Billings spent the week end in Langtry with his parents, Mr. and Mrs. A. Billings.

Mr. and Mrs. J. M. Ruston and son, Hugh, and nephew, Frank McCoy, were Fort Stockton visitors Sunday.

Mr. and Mrs. John Green and son, John, Jr., motored to Abilene Saturday where John Jr., entered the Hardin - Simmons University. Enroute home Mr. and Mrs. Green visited with relatives in Water Valley and San Angelo, arriving in Sanderson Tuesday.

Mr. and Mrs. J. R. Black returned the first of the week from Waco, where they went to place their son, J. R. Jr., in Baylor University.

Mr. and Mrs. Charlie Gregory have finished moving to the Leo Bishop ranch below Dryden which they purchased. Leo Kelley, who was at that ranch, has leased the Gregory ranch, located a few miles west of Sanderson.

### RATTLE OF THE RAIL

Engineer W. L. Erwin came down from El Paso Wednesday to work on extra board.

Engineer C. E. Johnson returned from a visit in Del Rio Monday.

Engineer F. Hathaway has returned from an extended visit to the Pacific Northwest, and has resumed his passenger run between El Paso and Sanderson.

Assistant General Manager A. D. Mims, from Houston, made a trip over the division the fore part of the week.

### APPOINTED PAGE IN HOUSE

The many friends in this city of Robert Johnson will be glad to hear he has recently been appointed as a page in the Texas legislature, receiving the appointment through Representative E. E. Townsend. Robert made his home in Sanderson with his mother until about a year ago when they moved to Austin to make their home.

Sheriff Lee Cook left Monday for Amarillo, Texas, to get Lonnie Davis, a former mechanic of this city, and who is wanted on a charge of felony theft. Mr. Davis' arrest was brought about through a news story appearing in Monday's edition of the El Paso Times.

### :o: Smile a While :o:

Mrs. Moronaki—Three moves are as bad as a fire.

Mrs. Onthank—Yes; and one visit of the paper-hanger is as bad as a cyclone.

Subsistence Farmer—Last year I got three bushels of potatoes from my garden.

Neighbor—That was splendid.

S. F.—Yes, and all I planted was four bushels.

Warden (to new guard)—Did you wake up No. 1444 and take him out to have him executed this morning?

New Guard—No, sir. I couldn't wake him up, so I did the next best thing.

Warden—What was that?

Guard—I took No. 1445.

He was about to propose but before doing so he wished to make sure she was a good housewife. So he asked her: "Can you wash dishes?"

"Yes," she said, sweetly. "Can you wipe them?"

He didn't propose.

Skinker—Did Dingbat's purchase include the good will of the business?

Loblolly—There wasn't any good will. It was a coal dealer he bought out.

Horace—It is customary, I believe to seal a proposal with a kiss.

Goldie Diggs—It used to be, but nowadays it's safer to have a witness.

Reformer—Friends, I am here to save the girls of your city.

Man's Voice—That's o. k. Save me a blonde, will you?

First Father—Our baby gives us lots of trouble. He yells until he has his own way.

Second Father—Ours yells anyhow. Man, you don't know what trouble means.

Customer in Barber Shop—What made you drop that steaming hot towel on my face?

Barber—It was too hot to hold.

Bill—Did you see Bettina's face light up?

Hermie—No; who touched off the powder?

Poet—Do you think there ever is a chance of getting one of my poems published in your paper?

Editor—There may be. I don't expect to live forever.

Customer—I would like to buy that flag, but the price is too high. If you'll knock off a dollar I'll buy it.

Clerk—What! Lower Old Glory! Never, sir!

Friends, to jeweler—Aren't you afraid to leave a lot of diamonds in your window unprotected?

Jeweler—No, not with my scheme. Before I go home at night I put a sign on them which says: "Nothing in the window over 10 cents."

### Football—

(Continued From Page One) men showed up for the workouts this year.

"We're all set," stated Coach Smith, "and the boys are in the best shape possible for the short time we had in which to get ready. Win or lose we are going to have a good game, and the Eagles will give everything they've got."

The probable starting lineup is as follows:

Newton, quarterback; Sharp, right halfback; Sullivan, left halfback; Robertson, fullback; Litton, right end; Mussey, captain, left end; Deaton or Richardson, right tackle; Appel or R. Halley, right tackle; Hollis Halley, left guard; J. Lochausen, at right guard; Roy Deaton, center.

Substitutes will be "Dutch" Halley, halfback; Weiborn Short, halfback, and Bill Smith, right tackle.

The game will be played at Sanderson field, and the first kickoff is scheduled for 3 o'clock, sharp. The referee will be Elmo Sharp, Hardin-Simmons University.

The low admission price of 10c and 35c cents ought to see every Sanderson man, woman and child on the sidelines, rooting for old S. H. S.

### Sheep Buying—

(Continued From Page One) each animal skinned, most of this work being done in this county by shearing crews.

Due to the large number of sheep to be inspected in this county, an additional "sorter" was appointed, and Bert Kincaid of Fort Stockton assumed that duty Wednesday, as assistant to Mr. Mitchell.

The first four days of each week have been selected in which to inspect, purchase and condemn sheep offered for sale. The other two days will be taken up by the "sorters" in making reports and other detailed office work.

The quota for Terrell county has been fixed at 3,000 head of sheep a week that may be shipped out of here, but no limit has been placed on the number of sheep that may be purchased or condemned in any one week by the "sorters."

Very few of the animals inspected here were purchased for use, the majority being condemned and, after being skinned the carcasses were burned or buried.

Up to Wednesday night 1,716 head of ewes had been accepted for use, and 4,804 had been condemned. In Terrell county a total of 63,000 head of sheep have been offered for sale to the government by 89 ranchmen.

It is thought that the goat buying program will start by Monday of next week.

Miss Oleta DuBois, a registered trained nurse, who formerly lived here, but moved to Del Rio, spent several days in Sanderson this week visiting friends.

Dr. and Mrs. W. H. Doty returned last Sunday from San Antonio where they spent the past week visiting his son and family, Mr. and Mrs. Henry Doty.

Mr. and Mrs. Tip Frazier and children witnessed the polo game in Fort Stockton Sunday, played between the teams of that city and Sanderson.

Mr. and Mrs. Joe Kerr and daughter, Betty Jo, left Thursday for Laredo, Texas, where they were called on account of the illness of his brother, John.

Herbert Dodd, of Langtry, inspector of lands for the Federal Intermediate Credit Loan Bank in Houston, was a business visitor in Sanderson the first of the week.

Mr. and Mrs. Bert Kincaid arrived Tuesday afternoon from Fort Stockton and will make this city their home during the government sheep buying program as Mr. Kincaid has been appointed as one of the "sorters" for this county.

Mr. and Mrs. Tom Parson were in town the first of the week from their ranch in the south part of the county.

### Airdome Chatter

(By The Old Man)

We suppose that readers of the Times have noticed that Airport Chatter has failed for some time to take advantage of the column tendered by the editor, for some time. The hot weather, vacation, etc., all coming at the same time, we just simply neglected our duty, which is always easy to do when there is no one over you demanding action. We lay no claims to being a writer and those who read our stuff will agree, but we are doing our best, and that is all that can be expected. The aim of Chatter is to try and keep all who are interested in the airport informed about our activities.

Monday, September 24, will be the beginning of flights by student pilots and will last until October 5. The port will receive and service more airplanes during this period than at any other time. Gasoline consumption during the two weeks is estimated at 10,000 gallons, and will care for the more than 100 planes which will stop here for service.

All you have the time should be at the airport about 10 a. m. each day, if you care to see us work and watch the ships come and go. This area has been fortunate with the last two classes of students in that not one of them was forced down. We are hoping for the same good luck this time.

Housewives who had laundry on the line Monday probably are still puzzled why there was oil on the line. One of the 0-19E planes on the way to Marfa, got as far as Sanderson when an oil line broke, and the pilot not knowing the location of the field there headed for Dryden, after spraying the countryside with oil. One gallon was all he arrived with, just enough to save the engine from total ruin.

The airport personnel has changed some since our last writing. Two new men are on duty, one a mechanic, the other a radio operator. It is necessary to change the men from time to time, especially single men, who claim there is no place to spend their money. The writer never experienced any trouble like that.

Some will be amused to know that there are still some married men in this community that do the family washing.

The gentleman who left his hat in the hangar last Saturday night may

have same by applying to the Sergeant's quarters.

We are anxiously watching for the announcement of the show to be given for the Boy Scouts. Mr. O. J. James has some wonderful scenes taken in South America, and these with several local reels are to be shown, and should make a very entertaining and educational program. It is hoped that the school faculty will encourage the children to see these wonderful pictures.

Mr. and Mrs. W. J. Ferguson and son, Billy, motored to Kerrville the first of the week, where Billy enrolled as a student at Schreiner Institute. Billy took advantage of our student offer and the Times will visit him each week of the school term.
