NUMBER 35

Column Right

P. A. T.

It's tough, writing this column—no picnic at all. If we print jokes people say we're silly. If we don't they say we're too serious. If we clip things from other papers they say we're too lazy to write. If we don't we're stuck on our own stuff. If we stick on the job all day we ought to be out hunting news. If we hunt news we ought to be on the job in the office. If we don't print contributions we don't appreciate true genius; if we do the paper is full of junk. If we make changes in the other fellow's write-up we're too critical. If we don't we're asleep. Now, some bird will be onery enough to say we copied this from some other paper. WE DID!

Over Pecos way they're jubilating over the fact that actual work has begun on Red Bluff reservoir, a project involving \$2,600,000. It marks the end of a 25-year fight; it means salvation for that section. But we are plum out of sympathy with the sentimental idea of Jack Hawkins, editor of the Pecos Enterprise, who advises the people to be on hand as the first shovel of dirt is moved and catch a jugfull of dirt. Toting those jugs is bad enough, but filling them with alkali dirt—in two weeks there wouldn't be any jug or any dirt.

This writer is an ardent Eagle fan. For the team, win or lose. But he's on the spot. Toyah plays here Saturday. Now, the best days of his life were spent in Toyah; there he has kin who are salt of the earth. And there lives the best mother on earth. Can we root AGAINST the team from this town? Hardly. So, if you see us moping along the sidewalks, looking like a bovine that lost her cut, or a chicken with the pip—it's not either. It's the neutrality we're trying to maintain—neutrality.

"Disension in Nudist Camp" is the heading of a news article. No, it won't because someone had consided something up his sleeve or hid in his hip pocket. It was simply the women wanting to wear their jewelry. But the high mogul's mandate decree in favor of "dignified nudity—in to."

The editor of this paper made a bust last week in stating the deer season began Nov. 1. Might have been thinking of something else. For information of the customers, DEER season starts next Friday. But for DEAR season the gates are down, now and forever, world without end.

The firm of Dean & Dean, specialists in outshoots, inshoots, speed and bellyhoo, have the fans guessing about how much they'll demand next season. They better make it high and make it stick. Remember Mr. Pepper Marin, he won a world series single-handed, now he's just another third baseman.

The radio has about supplanted the phonograph. But we'll always remember the phonograph kindly. At least it never took time out to tell you about tooth paste, automobile tires, dated coffee, cures for morning hangovers or goat glands.

For a change we'd like to attend a wedding where some one would sing that old ballad "I'll Be Faithful," instead of those shopworn, useless tunes, "O, Promise Me" and "I Love You Truly."

Oh, those folks who give free advice. They tell you to work eight hours a day and don't worry; then you'll become the boss, work twelve hours every day and never do anything but worry.

The governor of Delaware has appointed a Mosquito Control commission. We hope they'll put these insects under NRA, and place them on a 30-hour biting week.

Talking of mosquitoes. A mama mosquito asked her two little children where they'd like to spend the next summer. Both of 'em said at a nudist camp.

Heigho. It'll soon be Christmas! And that means Santa Claus—the only unanimous candidate of both parties.

"NEW DEAL" OK'D BY VOTERS

Eagles Battle Toyah On Local Lot Saturday Afternoon, 2:30

To Make The World Safe . . .

In Flanders fields the poppies grow Between the crosses, row on row, We are the dead; short day ago We lived, felt dawn, saw sunset glow That mark our place, and in the sky The larks, still bravely singing fly, Loved and were loved, and now we lie

Take up our quarrel with the foe! To you from falling hands we throw The torch; be yours to hold it high! If ye break faith with us who die, We shall not sleep, the poppies grow In Flanders fields.

Legionnaires Meet At Marfa Nov. 24-5

Announcement has been made to the effect that the 16th district convention of the American Legion will be held at Marfa on November 24 and 25, and all Legionnaires are urged to make arrangements to attend, if possible. Sixteenth District Committeeman Hopson of Alpine has stated that everything possible will be done to make this the best convention ever held in this district. A big deer hunt has been announced just prior to the convention dates and plenty of barbecued deer meat is promised those who attend. Members of the local American Legion post are planning to have a large representation at this meeting.

S. M. Mims is New Methodist Pastor

Appointments of pastors and other church officials for the coming year were announced at the final session of the New Mexico conference of the Methodist Episcopal church Sunday, held at Las Cruces, N. M. Rev. T. M. Taylor, who had been the local church minister and at Dryden during the past year, has been assigned to the church at Elida, N. M. He and his family left this city Thursday for that place. Rev. S. M. Mims, who had been pastor at Odessa, was assigned as the pastor of the churches here and at Dryden for the coming year. He is expected to arrive in time to hold services here Sunday. All Sanderson regrets to lose Rev. Taylor and his estimable family but wish them well in their new home.

All Cripples Back in Lineup for Tilt Tomorrow

Next Saturday afternoon at 2:30, the Sanderson Eagles will tangle with the strong squad from Toyah, which is over on the Texas & Pacific, just this side of El Paso. To locate the place better Pecos is in Toyah's back yard. Football is sort of an innovation at Toyah high, and started about two years ago—with the advent of M. Connally, the coach, a former star of the Sul Ross basketball, baseball and football squads. That he is doing a good job is evident from the fact that Toyah is taking them on as the come these days, and recently manhandled the Monahans Lobos by a top-heavy score of 21 to 0. The dope available underrates the Toyah Bisons somewhat, but Coach Smith is taking nothing for granted, and is putting the Eagles through a stiff work out each afternoon seeking to perfect the available plays, with emphasis on the aerials. Sanderson goes into this, their 6th game without tasting defeat, and in the game with Toyah, no matter the result they will have no alibi as all cripples of a week ago will be in the line-up with the doctor's ok on them. The game will be played on the Sanderson athletic field west of the city, and everybody is expected to be on the sidelines, cooperating in the expenses, and rooting for the home team.

ARMISTICE DANCE TONIGHT

Don't forget the big dance scheduled for tonight, sponsored by the local American Legion post. The place will be the C. A. C. hall, and music will be furnished by Cuco and His Seven Aces. Dancing begins promptly at 9 o'clock.

SIX ABSENTEE VOTES CAST

Only six absentee votes, all in prison, were cast with County Clerk F. L. Barnside at the close of the time for voting absentee ballots, which was Saturday, Nov. 3. This was the least number of absentee votes that have ever been cast in the general election in this county since the absentee balloting law went into effect.

Rev. Philip Brown, pastor of the Sanderson Baptist church spent this week in San Antonio attending the State Baptist convention.

Live Goats Placed With Relief Clients

Fifty goats, all very much alive, were distributed by the personnel of the local relief office Wednesday of this week to as many families of relief clients in this county. The persons receiving these goats are required to do their own butchering, and the hides cured and returned to the relief office as proof that the animals had been killed and used for food. These goats were from the number recently purchased by the government in its drouth relief plan, and were the first distributed by the local relief office among families rated as relief clients.

CLASS RINGS ARRIVE

The Seniors of Sanderson high are a proud bunch this week, as well as dignified. Reason: Their class rings arrived—some of them at least—and they are well worth a feeling of pride on the part of the wearers. Rather bulky, but this bulk is well balanced, the rings are of a heavy silver filling with a 14k covering. The center design is of old gold, on which is mounted an eagle of bright gold, with black breast bearing the letter "S."

Returns Indicate Legislative Gains For Democrats; Texas Defeats Amendments

THE Roosevelt administration was given an unprecedented grip on congress in the face of returns from the general election. An early forecast gives the Democrats full control of governors, senate and house members in 23 states—a national record. In California was waged the hottest battle of ballots, Sinclair, "End Poverty" candidate being beaten in practically every county. In New Mexico Cutting, progressive republican, had a 10 vote lead over Chavez, in spite of the efforts of big-time democrats, who stumped the state for Chavez, democratic candidate. Texas elected practically all nominees of the July primary, but evidently were in no mood to take chances on the proposed amendments to the state Constitution. All eight proposals were defeated.

Little Interest in County

Tuesday marked one of the quietest elections ever held in this county, when only 188 votes were cast in the general election. Of this total 4 were cast for republican candidates, and one for the Socialist lineup. However, the result showed that Terrell county voters were interested in the amendments, and gave due consideration to each one before going to the polls. Four received a favorable vote, while four were defeated. Those carrying in the county were as follows: To amend Article IX giving the commissioners' court general management and control of county affairs, and authorizing the legislature to provide more economical forms of county government. For abolishing the fee system of compensating all district and county officers in counties having a population of 20,000 or more. For the amendment permitting home rule cities to amend their charters that elected officials of such cities may hold offices not to exceed 4 years. The other was the amendment whereby University lands in West Texas will be liable for taxes for school purposes in counties where such lands are located. All candidates for county offices nominated in the July primaries were elected with one exception. In Dryden the voters did a quick turn-about, wrote in the name of Chester Smith for commissioner, and elected him over Roy Haley. The peculiar thing was the fact that Mr. Smith was a candidate for the office in the July primary, but Haley defeated him via the write-in route. Tuesday this situation was reversed.

Armistice Program At Princess Tonight

On Friday and Saturday nights of this week the Princess theatre will present, in addition to their regular pictures, an Armistice program. This special program will consist of military numbers, tap dancing, and readings, and will be presented by the pupils of the Harrell School of Dancing and Expression. The program will be given between the first and second shows, and there will be no extra charge in the admission price.

Mr. and Mrs. J. R. Blackwelder spent last Friday in Del Rio where Mrs. Blackwelder underwent treatment for an infected jaw. She is getting along nicely.

Secretary of War Encourages Move to Re-Garrison Abandoned Fort Russell

Secretary of War, George H. Dern, reviews troops at Fort Sam Houston during his inspection trip to Texas, Friday, Nov. 2. Left to right: Maury Maverick, congressman-elect from 20th district of Texas; Congressman Ewing Thomason of El Paso, Secretary Dern, Major General Johnson Hagood, commanding Eighth Corps Area.

ENCOURAGEMENT was given Congressman R. E. Thomason of El Paso in his fight to regarrison Fort D. A. Russell at Marfa, by Secretary of War Geo. H. Dern during the latter's trip of inspection to the military posts at San Antonio last week. Thomason was accompanied by two of his constituents, Luke C. Brite, a rancher whose property was pillaged at one time by Mexican bandits, and R. E. Petross, president of the Marfa chamber of commerce. In conference with the secretary, Mr. Dern gave them to understand that he did not believe in abandoning or curtailing the smaller forts, that he favored a large number of small military reservations scattered over a diverse area, both to increase the efficiency of army officers and to act as good-will stations. The smaller posts, he said, are a most important factor in developing leadership among army officers, training them generally instead of specific military management. Thomason, in conference with the Secretary of War, at which Maury Maverick, congressman-elect from the new 20th district, was present,

was given to understand that the war department would begin active steps towards regarrisoning Fort D. A. Russell. Maverick assured Mr. Thomason, who is one of the most popular members of the Texas delegation in Washington, that he will cooperate in every way toward this goal, and in all work toward improving other border posts. Brite and Petross joined Thomason in his petition for the immediate re-opening of Fort Russell on the ground that with the fort deserted, ranchmen and farmers are without adequate protection. "Friendships established by the soldiers formerly at Fort D. A. Russell, through social, athletic and official contacts with the Mexican army, were a good thing for this entire country" Thomason said. "There was never any difficulty with official representatives of the Mexican government, and because of the feeling of good will and friendship between the troops, potential bandits were held in check. With this tie gone, outlaws feel freer to make raids and to plan reckless forays across the border."

A JOB FOR THE SCHOOLS

Children trooping to the schoolhouse—what a colorful picture they make in their shiny new clothes and with their bright, eager faces.

The schools are like a mill that has to take all grades of material. If that mill must utilize defective wool, cotton and leather, it won't turn out any first-class product.

Many of those growing minds are like young trees bent out of shape, which the good gardener may be able to straighten out.

America plants ambition in the heart of youth. It points to successful men and women who came from humble and depressing homes.

Some boys dream that that place of fortune can be found over the slippery ways of a crooked path. If they stick to that belief, the school can do nothing for them.

DO YOU NEED A CHURCH?

Church attendance has been on the decline. Statistics reveal that only 30 per cent of the membership attends church services.

Church attendance fluctuates with economic conditions. When prosperity is on the wing individuals feel less the need of relying on things spiritual.

The world has undergone great changes. History is in the making. Political, economic and social forces are in the throes of revision.

This is not a sermon. It is a fact. The permanency of civilization depends upon man's acceptance of moral and character values.

Our economic recovery is tied in with moral recovery. They will go hand in hand. When men recognize the rights of others, when they respect integrity, when they live moral lives, when they live the Golden Rule, the world will lose its troubles.

POSTAL SAVINGS VS. BANK DEPOSITS

There are still many people who believe in the fallacy that in depositing their surplus cash in postal savings it will be safer than in a local bank.

The depositing public is unquestionably confused in regard to our stand. As a result, they are not making proper use of our banks and are still making a large part of their deposits with the postal savings system.

Texas Steers and S. M. U. Ponies Battle to 7-7 Tie

Practically everybody in Austin had a bad case of jitters after going through 60 minutes of nerve-wrecking when Texas tangled with S. M. U. Saturday. It ended in a 7 to 7 tie. The game began with a touchdown for the Longhorns on the first minutes of play.

Glowing Tribute to Personality And Ability of Frances Harrell Marsalis

The following, reproduced from the October issue of "Popular Aviation," and written by Gayle Pond, is passed on to Times readers as the editor feels sure the people of Sanderson and surrounding sections will be interested in knowing what others thought of Frances Harrell Marsalis, a home town girl who attained highest honors in the world of aviation.

DIRE TRAGEDY ATTENDS THE RACES

By GAYLE POND

The aviation world laments the untimely death of Frances Harrell Marsalis, a renowned woman flyer who was killed at the races held by the Women's National Aeronautical Association at Dayton, Ohio.

The first Women's National air-meet sponsored by the Women's National Aeronautical Association and the Ninety-Nines, held in Dayton, Ohio, August 4-5, was accorded small place in the daily press until its tragic climax.

Then headlines carried the gruesome story to the far ends of the country. It was news in its most dramatic form. Aviation, the newest most colorful career of the 20th century; pylon racing, its most thrilling and dangerous form, and the fact that it was the feature race of the meet and its victim a famous flyer, all combined to make it "good copy."

But is it worth the price? The millions who have never flown shrug their shoulders with the usual "you can't tell me flying is safe." The thousands who are air-minded look askance and the Ninety-Nines are left to mourn the loss of one of their best-liked, most skillful and famous members.

Frances Harrell Marsalis, whose fatal crash marked the end of a long and colorful experience, learned to fly ten years ago when she was the credit manager for a Texas furniture store. In those early days, the only opportunity for a woman to commercialize her flying was to go into aerial acrobatics and stunt exhibitions. Following the example of Katherine Stinson, Ruth Law, and Phoebe Fairgrave Omlie, Frances became one of the best and toured this country, Mexico and Canada.

Then, in 1932, when endurance flying was having a great vogue, she and Louise Thaden established a world's record for women by remaining aloft eight days, four hours and five minutes. A record she helped to break last December at Miami, Fla., when she and Helen Ritchey set a new mark of nine days, twenty-one hours and forty-two minutes.

Frances was acknowledged one of the most skillful women pilots in the country and was especially popular with all who knew her. Just recently the writer was working on a projected tour where the personality of the pilot was even more important than her reputation as a flyer and when Ruth Nichols was approached on the subject she said: "I should like to join you on this project, but if I am not available at that time, I think Frances Marsalis is just the right person. She is awfully nice to get along with and is an excellent pilot."

And Phoebe Omlie said, "I think Frances is one of the best—if not the best woman flyer in this country. You can't get a better person. She isn't a trained public speaker, but she can get up and talk in such an informal, personal way—her audience just laps it up—they absorb it all like a sponge. It isn't what she says, it's just Frances—and do they love it?"

It Happened in Sanderson TEN YEARS AGO

This Week, Do You Remember?

(From Times, Nov. 8, 1924) A very quiet election was held in this county Tuesday, when most all of the present county officers were returned to their respective offices.

Early last Saturday morning Henry Mansfield sustained a broken collar bone and other injuries, and Charlie Strange sustained internal injuries when the Hudson touring car they were driving turned over as they tried to avoid a road drag left in the street near the bridge east of town. The car was badly damaged. The drag had been placed in the road by some young people as a Halloween prank.

Mr. and Mrs. J. L. Trent and daughter, Mr. and Mrs. Alvin Rooney and Miss Maurine Stansell of Fort Stockton attended the Halloween dance here last Friday night.

Minton White attended the football game at Alpine last Saturday.

Custom Officer Gohson brought in the first buck of the season, which he shot last Saturday morning. Fred Yeates brought one in Sunday evening.

Simple Precautions To Prevent Spread Of Most Diseases

Austin.—Speaking of the precautions to be taken in households during and at the close of an illness from any of the "catching" diseases, prevalent at all seasons, depend upon the intelligent cooperation of individuals and communities with the medical profession and the health authorities for its success, according to announcement from the office of the State Department of Health.

Those in charge of persons suffering from influenza, pneumonia, tuberculosis, scarlet fever, measles, infantile paralysis or any other of the diseases spread by discharges from the nose or throat, are warned to use paper handkerchiefs, or soft, cheesecloth, than can be disinfected or burned, or otherwise disposed of.

Sterilization of dishes and utensils used in the sick room, by boiling after each use of them, and of the patient's clothing, sheets, towels and pillow cases, are equally necessary. Then, at the close of the illness, a thorough cleaning of the room, the bedding and personal belongings of the patient, scrubbing the floors and woodwork, and opening the place to the fresh air and sunlight, are urged as a final precautionary measure.

Fortunately, the best disinfectants yet discovered are within reach of everybody. They are plenty of hot water and soap, fresh air and sunshine.

was strikingly demonstrated in the arrangements that were made for her funeral. A Waco cabin ship was sent to Roosevelt Field, Long Island, to convey the body home. In addition to three army and three navy ships, nine civilian planes met the funeral plane over Harrisburg, Pa., and conveyed it to Roosevelt Field, where Mrs. Marsalis had been employed as sales representative for the Waco company. And nearly 2,000 persons, among whom were many noted flyers, attended the simple but impressive services that were held in a hangar on the field.

Mr. and Mrs. C. C. Mitchell were in town this week from their ranch.

John D. Harrison, who ranches near Dryden, was in town Monday on business.

Mothers Have Found Way To Keep Family's Colds Under Better Control

Millions of mothers are helping their families to greater freedom from colds—fever, coughs, shorter colds, milder colds—by following Vicks Plan for Better Control of Colds.

The helpfulness of Vicks Plan in reducing the number, duration and dangers of colds has been proved in thousands of clinical tests supervised by practicing physicians—as well as in every day use in millions of homes.

Mr. and Mrs. C. C. Mitchell were in town this week from their ranch. John D. Harrison, who ranches near Dryden, was in town Monday on business.

WINDMILL TOWERS

40-ft.—15 foot spread towers, made of 2 1/2 inch pipe for 16 or 18 ft. mills \$125.00

40-ft.—15-ft. spread, made of 3 inch pipe, for 20 and 22 foot mills, price \$150.00

40-ft.—15-ft. spread, made of 4-in. pipe for 25-ft mill \$175.00

Price quoted for each tower includes complete assembling and machining of all parts ready to put together at location. Prices F. O. B. McCamey, unless two or more towers are sold for one location, or neighboring locations, in which event we agree to deliver.

SOCIETY and HOME

WOMEN'S INTERESTS

CLUBS AND CHURCHES

Parent-Teachers Association Enjoy Interesting Program at Regular Meet

The regular meeting of the Sanderson Parent-Teacher association was held on Thursday, Nov. 1, in the school auditorium at 4 o'clock. The subject of the November meeting was "The School Looks to the Future" with Mrs. A. F. Thrift as speaker.

IRAAN RESIDENTS ARE MARRIED IN McCAMEY

Chief Dugger and Mrs. Evelyn Yates, both of Iraan, were quietly married last Thursday, Oct. 18, at McCamey, the ceremony being performed by the pastor of the McCamey Methodist church.

CREIGHS HOSTS TO NIGHT BRIDGE CLUB

On last Saturday night at their home in this city, Mr. and Mrs. A. E. Creigh, Jr., were hosts to the members of the Night bridge club. After playing the usual number of tables of bridge it was found that Mrs. Clyde Griffith was the holder of the high score for the ladies, and that Max Bogusch was the holder of the men's high score.

7th Grade Playlet Is Chapel Feature

The seventh grade presented a short play, "Eleanor Goes to High School," based on the story of the "Girl of the Limerlost," for the chapel program Wednesday, under the direction of Mr. Smith.

"Cat's Paw" Voted Best Picture Lloyd Ever Produced

"The Cat's Paw," which shows at the Princess theatre tonight and Saturday night, is the original title of the Clarence Budington Kelland novel which has supplied the plot for the first comedy Harold Lloyd has brought to the screen in two years.

Lloyd appears first in the picture as the son of an American missionary, who has spent virtually all his life with his father in the interior of China. At 27 his folks feel it is time for him to seek himself a wife. He returns to his native land and is thus thrown into the maelstrom of life in an American city of 400,000, and at first is like a fish out of water.

In his efforts to clean up the town he has the caustic support of a cigar counter girl, played by Una Merkel, and a loveable political rogue, portrayed by George Barbier.

ARMISTICE PROGRAM AT HIGH SCHOOL THURSDAY

An Armistice program was presented Thursday morning in the auditorium of the high school. Two selections were played by the members of the band, following which Dr. John V. McCall addressed the students taking as his subject, "Peace."

JUNIORS TO PRESENT PLAY

"The Spanish Onion"—not garlic as you might suppose—is the title of the play that the Juniors will present Dec. 14 in the high school auditorium. If you never had the experience of being engaged to four persons at the same time you will surely want to see this play and see what complications could arise.

Carl B. Cochran was a business visitor in Fort Stockton, Hovey and Alpine this week.

Mr. and Mrs. Ray Parker and little daughter returned to their home in San Antonio Sunday after visiting in Sanderson since last Thursday with Mrs. Joe Nichols, sister of Mr. Parker.

Mr. and Mrs. A. M. McCright and son, Joe, returned to their home in Anson Saturday after visiting here for several days in the homes of E. H. and Jack McCright.

Will Dunning, of Roswell, N. M., visited here this week with his nieces, Mrs. J. L. Osgood and Miss Grace Marie Billings.

Mrs. Max Bogusch, Mrs. James C. Sharp and Mrs. C. P. Peavy motored to Marathon Monday where they were luncheon guests of Mrs. Walter Skinner at her ranch home near that city.

Misses Beatrice and Bernice Nichols and Maybelle Schupbach and Messrs. Bill Vaughan, Ben Estes and Weldon Cox were Fort Stockton visitors Sunday afternoon.

P. H. Snoddy came in Sunday from El Paso Sunday to join Mrs. Snoddy and daughter who had been visiting her parents, Mr. and Mrs. E. B. Litton. They returned to their home Monday night.

Mr. and Mrs. Ross Mar in came in Friday from their home in El Paso and visited here until Sunday night with his parents, Mr. and Mrs. Charlie Martin. On Saturday they were the guests of Mr. and Mrs. Charlie Turk at their ranch home north of Dryden.

Helpful Household Hints

By BETTY WEBSTER
So many things I want to discuss—or I should say "gossip" about this time—I don't know where to begin. So, I'll just put them into a series of questions—each of which contains interesting data I know my readers would like to have. Now—
DID YOU KNOW THAT:
An old carpet may be used as a substitute for linoleum by tacking it to the floor, applying a cooked starch of flour and water to the surface, allowing it to dry and then covering with two coats of paint?
A splendid polish may be made of one pint of linseed oil, one pint of cold tea, two ounces of spirits of salts and the whites of two eggs mixed thoroughly and bottled? This must be shaken well before using. Apply with piece of silk and polish with another piece of silk.
Anchovy or sardine paste generally needs an additional seasoning of lemon juice or paprika before using?
Dried currants and peanuts that are chopped make a tasty sandwich filling?
Aluminum and enameled ware are the best utensils to use for canning?
Table linens ought to be quite damp and ironed with a heavy hot iron in order to have that desirable sheen?
Almost any vegetable may be candied in the same manner as sweet potatoes, and will be equally delicious.
Late in autumn many plants can be saved from frost by covering them with cloth or a newspaper.
Tulips can be forced for winter blooming by placing one or more of the bulbs in a pot and putting them away in a dark place until rooted?
Window boxes can be made just as pretty in the winter with evergreens as they are in the summer when planted with tender plants?
Mexico produces the best vanilla beans although Madagascar, some portions of South America and Tahiti are important rivals?
The quick drying lacquers are just as satisfactory for use on metal as on wood?
The white of egg is soothing if applied to a burn?
Stearate of zinc powder is cooling and healing for sunburn and will prevent chafing?
Date Loaf Recipe
1 pound dates.
1 pound walnuts.
1 cup pastry flour.
1/2 teaspoon of salt.
4 teaspoons baking powder.
1 cup sugar.
4 eggs.
1 teaspoon vanilla.
Sift flour, salt, baking powder and sugar together three times. Wash and stone dates, shell nuts, leaving both dates and nut meats whole. Sift over them the dry ingredients and mix thoroughly. Separate the eggs; beat the yolks well and mix evenly through the cake mixture. Beat the whites of eggs until dry, and add. Add vanilla. Bake one hour in a moderate oven in a pan lined with buttered paper.

DRYDEN DOINGS

Mrs. Jerry Bell, Correspondent

Mrs. R. O. Kessler was visitor in Sanderson Wednesday.

Mrs. A. A. McDonnell was hostess to her bridge club members and their husbands on Wednesday-Halloween night. Prizes were awarded to Mr. Mooney and Mrs. Jerry Bell. Refreshments carrying out the Halloween motif were served to Mr. and Mrs. Riley Blalock, Mr. and Mrs. Mooney, Mr. and Mrs. Larry LaMontagne, Miss Lattimore, and Mr. and Mrs. Jerry Bell.

Mrs. W. D. Chandler has returned from a visit with her daughter in San Antonio.

Among those who came in election day, Tuesday, were Mr. and Mrs. W. O. Prentiss, Mr. and Mrs. Bricker, and Mr. and Mrs. Roy Haley.

Mrs. W. T. Carpenter will be a Dryden resident soon. She will live in one of the J. M. Bassett houses.

J. M. Bassett is visiting in San Antonio this week.

Mr. and Mrs. M. H. Goode, and Mr. and Mrs. M. H. Goode, Jr., returned from a business trip to San Antonio and Del Rio.

MEMORIAL WINDOW

One of the few—very few—business firms in Sanderson to render homage to heroes of the past, is the Texas-Louisiana Power company. Manager Morris and the force, each having part, has appropriately decorated the east show window, in a color motif of gold and blue, colors of the local American Legion post. The background is formed with the crossed colors of the United States and the flag of the Clarence Hallie Mulkey Post. In the foreground are relics of the supreme struggle—guns, bayonets, gas-masks, helmets, etc. The Times trusts other firms will follow this example, by at least displaying the Star and Stripes, that all may be reminded to think back a few short years and, in silent prayer, revere the memory of those brave lads who never returned.

Medicated! Ingredients of Vicks VapoRub in Convenient Candy Form VICKS COUGH DROP

HELPS WHOLE FAMILIES

Attention, MOTHERS, to what every doctor knows to be a fact, and what they say to avoid

If you have children who are occasionally constipated, you should know this. If you are "not yourself" because of a constipated condition, don't blame it on your blood condition, or your age, but first try this treatment that safely relieves sluggishness in children or adults.

The Proper Treatment You can't safely relieve the bowels with any medicine if you can't regulate the dose. To regulate dosage, you should have a liquid laxative. When necessary to repeat, you can gradually reduce the dose. And that is the secret of safe relief from a sluggish, constipated condition at any age. A liquid laxative can be measured. Its action can be thus controlled. If properly made, of such natural laxative elements as senna and cascara, it forms no habit—even in the youngest child. And such a laxative will help the bowels to help themselves.

Dr. Caldwell's Syrup Pepsin is an approved liquid laxative containing

PERSONALS

J. D. Jackson of Alpine was a business visitor in Sanderson Tuesday. Mr. Jackson is seeking an appointment on the State livestock sanitary commission and was here getting the signatures of friends to a petition asking that he be appointed to the board.

Mrs. J. W. Downum left Sunday for Quitman, Texas, where she will visit relatives. She was accompanied from Del Rio by Mrs. Russell Dorward, and they plan to visit in Oklahoma City, and Joplin, Mo. before returning home.

Mrs. P. E. Dishman and young sons returned to their home in Bryan last Saturday after spending several days here visiting relatives. Her mother, Mrs. Joe Nance, accompanied them home for an extended visit.

NEW DRESS SHOP, distinctive styles, all prices. One block east of Rooney Hotel, Ft. Stockton. 3322p

Mr. and Mrs. H. E. Fletcher returned Sunday morning from El Paso, where they went on Wednesday of last week to visit her parents, Mr. and Mrs. S. C. Bodkin.

Mr. and Mrs. J. W. McKee returned Tuesday night from Houston where Mr. McKee had been the last two months receiving treatment for a broken shoulder. His many friends are glad to know he is able to leave the hospital.

Mr. and Mrs. W. J. Ferguson and daughter, Miss Mary, motored to San Antonio last Friday where they met Billy, who is attending Schreiner Institute. Billy is a member of the Schreiner band and was in San Antonio, playing at the football game Saturday between Schreiner and Westmoreland college, which Schreiner won, 13 to 6. Mr. and Mrs. Ferguson and Mary returned home Sunday.

Mr. and Mrs. P. D. Lowry arrived in Sanderson Wednesday afternoon and spent the night with her parents, Mr. and Mrs. J. E. Landers. They had been to Austin on business and were enroute to their home in El Paso.

AL CREIGH, LUCKY BOY

Al Creigh, son of Mr. and Mrs. A. E. Creigh, Jr., was the winner of \$75 cash prize given away at the Princess theatre Monday night. On Monday night, Nov. 12, the prize dwindles back to the original \$15—so be on hand if you want to win.

RATTLE OF THE RAIL

J. A. O'Connor returned Tuesday from Valentine where he relieved Foreman E. D. Steggall who had been away on vacation.

Fireman C. C. Crowover made a visit to El Paso Tuesday.

Engineer W. L. Erwin has been assigned to the eighth freight run here.

Engineer Joe Cottle has been assigned to a yard engine at El Paso.

Fireman J. M. Maddux came down from El Paso Monday to take a freight run out of here.

Fireman H. C. Crabtree, who has been on freight out of here, has returned to El Paso.

Fireman D. Newton of El Paso is now working on freight out of here.

BUY GOLDEN PLY SILVERTOWNS

PROVED 3 TIMES SAFER FROM BLOW-OUTS AT HIGH SPEEDS

Don't take foolish chances with blow-outs. Especially when the protection of the Life-Saver Golden Ply costs you nothing extra. RED CROSS RELIEF GIVEN TO VICTIMS IN 103 DISASTERS

Tornadoes, Fires, Hurricanes, Floods, Epidemics, Make Record of Year

A history of the disasters in the United States in any year is written annually by the American Red Cross, according to Chairman John Barton Payne, commenting on the report for the year ending June 30, 1934, which has just been issued in Washington. "Because of the charter provision which places upon the Red Cross the responsibility for disaster relief, our chapter and staff workers are notified of all calamities of storm and fire and flood," he continued. "The emergency period may prove to be brief, in cases where the victims have their own resources to draw on. While it lasts, however, whether it brings the immediate need of food, clothing and shelter for the homeless, or entails a program of investigation and rehabilitation, the Red Cross is the official director of all relief."

A great variation in type, and a wide geographical distribution, characterize the 103 disasters reported last year. Tornadoes, hurricanes, hail storms and other storms made up almost one half of the total. Especially numerous were the tropical storms which swept in from the sea to the Atlantic and Gulf Coast region. There were 21 storms of this type, establishing a new record for frequency.

Next in number to storms were disasters of fire, the report shows. Red Cross aid was given following 25 fires in the United States and insular possessions. The most spectacular was the Chicago stockyards fire, where Red Cross workers arrived shortly after the fire started, administering relief until the emergency period passed, giving first aid to about 1,800 persons.

Floods caused serious damage in some sections, 17 calling for Red Cross relief. Three epidemics of malaria and typhoid fever. A school bus wreck was one of the year's tragedies for which Red Cross funds were needed for relief and rehabilitation.

Technique acquired by the Red Cross in these disasters and the hundreds of others we have handled is at the service of the public," Chairman Payne said. "To make this possible the disaster relief service has issued a manual containing instructions for chapters interested in advance preparations for emergencies. Disaster institutes were held last year in 25 strategic locations, to enable Red Cross and civic workers to formulate plans for possible disaster emergencies in their communities."

Support of the disaster relief activities of the Red Cross comes from the annual roll call held each year from Armistice Day to Thanksgiving Day.

AIRPORT CHATTER

By THE OLD MAN

The new wiring system at the airport has been completed, and at night he place can be seen for miles. The towers are lighted with red lights, the flood and cone lights being white. This is a big improvement, and this station is now fully equipped for night flying, and the lighting system will be a big help to planes making night flights through this part of the country.

Plans are being made for a joint meeting of U. S. and Mexican officials at Castalon, a port of entry in the Big Bend, a few miles from the Johnson ranch, Nov. 20th. Portable radio equipment and meteorological instruments will be taken to this place and various tests will be made. Sgt. Richardson will be in charge of the radio, while Corp. LaMontagne who has charge of the weather reports, will handle the meteorological equipment. Capt. Thad Foster, control officer, and Lieut. Sterns, from the Signal Corps office at Fort Sam Houston, will also be in the party. These tests are being made and data gathered in preparation for the installation of a \$10,000 radio broadcasting station, which will soon be installed at Castalon.

"The Old Man" received a fan letter this week from "E. K." at Pecos. She identifies herself as a "lil' country gal, nevah been up in an airplane, but anticipating a ride that after noon in the boss' red Stinson mono." Well E. K. we thank you for the nice things said about this column; hope you'll get the thrill of a lifetime out of your first trip into the ether, and we'll "pawdon your southern accent" if you describe said thrill, as promised. But be careful, Edna, while you're up there!

V. A. Brown, Edwards county rancher, spent several days here this week visiting his sons, Joe F. and Bozarth Brown, and looking at ranching interests in this

Hi Scrubs Battle To Scoreless Tie

A football game between picked teams of the high school was played here Tuesday p. m., and if you weren't on hand you missed a lot.

To see their outgunning was well worth the trip and the dust. Those boys had no regard for the niceties of size, color or fit. But what did they care—they were indulging in the thrill that comes once in a lifetime—their first matched football game. For 40 minutes they entertained the sidelines with as pretty a free-for-all as you'd see at the Donnybrook Fair in Ireland. Everything went, flying tackles being the favorite, when the defense would spring high in the air, land on the ball-carrier's neck and down he came, which was a signal for the other eleven to pile on. Shirt holds, also played a big part in stopping runs that looked good for touchdowns, as some of the boys were wearing sweaters three sizes too large, and when the breeze caught the tail end of them the opposing player just reached out and hung on. The final score was 0 to 0.

Features of the game were many. There was the punting of "Shorty". Short, one of his punts landing on the one-yard line; then there was that night-shirt sweater of Stokes Sharp; the flying tackles of Dick Mussey and Howard Black; Stokes' interception of passes, the referee, and especially the headlinesman.

Co. Court Opens With Light Docket

The regular term of county court opened here Monday with but one case on the criminal docket for disposal, while the civil docket was clear.

Probate docket was set for Wednesday of this week, with only one case, that of probating the estate of W. H. Mansfield, deceased, which was heard on that day.

BREAK ARM IN FALL

Mrs. Raymond Davenport suffered a broken left arm last Sunday afternoon when she stumbled and fell, the accident occurring at her home in Longfellow. Mrs. Davenport was brought to town and the injured arm was set. She is getting along nicely, it is reported.

Mr. and Mrs. Francis Mansfield and daughter, Marylin, and Mrs. W. H. Mansfield and granddaughter, Evelyn Allen, were business visitors here Wednesday, from their homes in Uvalde.

Rheumatic Pains Stopped By Lemon Juice Recipe

Try this. If it doesn't relieve you, make you feel better and younger and happier, your doctor will refund your money. Get a package of the REV PRESCRIPTION. Mix it with 1 quart of water, add the juice of 4 lemons and use a tablespoonful two times a day. In 48 hours, usually, the pain is gone, your system up, wonderful glowing relief is felt. Usually good for rheumatism, or neuralgia pain. Costs only a few cents a day. For sale, recommended and guaranteed by all leading druggists. App druggists will get the REV PRESCRIPTION if you ask him to do so.

SANDERSON MAN TO ADDRESS VETS AT ALPINE SUNDAY

At an Armistice Day memorial service to be held at Kokernot Springs, Alpine, next Sunday, the principal speaker will be Alfred Creigh, of this city.

Mr. Creigh, in a statement this week said that the theme of his address would be "Universal Draft upon declaration of war the administration would have power to draft men, but also every resource, privately owned or otherwise, to successfully prosecute war against whatever foe."

"An act that would command the financial resources," he said, also the munitions and arms factories, would take the profits out of war for the individuals. And when profit is taken out of war—or out of anything else for that matter—no body wants it."

He cries loudest at adversity who laughs loudest at the mistakes of others.
