VOLUME 28

Features of 1936 Ford V-8 Tend To Style and Ease of Operation

The V-8 cars for 1936 were introduced for the first time Saturday by Ford dealers over the entire country and in Canada. The new lines which strike a new note of conservative streamlining, the treatment of the interiors and three important refinements in chassis engineering summarized the principal improvements. There are no radical changes. The new V-8 engine, of 240 horsepower, is more than 2,000,000 in operation, is unaltered. The three principal chassis improvements, one—improved steering—is aimed at greater ease in operation. Two others are aimed at greater comfort. One is the use of new steel wheels which lessen the unsprung weight thus providing greater riding comfort. The other is an improvement in transmission using quiet heliophones—formerly used only in the high speeds—in all models and reverse.

The new front end treatment has added distinction to the lines. The hood is longer, sloping gracefully over the hood ornament grille. With vertical slots and more accentuated "Vee," as well as its slightly rounded lower edge, it blends with the streamlined curve of the inner portion of the fenders, the grille contributes a note of smartness. The fenders are streamlined, a forward flare giving them an appearance. Louvers of new design. Horns are now mounted in the fender aprons of small round grilles behind the streamlined headlamps. The welded steel body is low and wide, with flowing rear quarter panels. Finish is a Ford-developed baked enamel. There are body colors: Washington gray vineyard green, Cortland gunmetal and black, of the first two are new. The body types are available in the five colors, with fender-matching and wheels of new design in a harmonizing color. The de luxe equipment is available in black or gunmetal, with matching the body color black wheels.

Twelve body types are available in ten with de luxe appointments and three without. These are De Luxe—Three window coupe, five-window coupe, roadster with rumble seat, phaeton, sedan with rumble seat, console sedan, Tudor sedan, Ford sedan, Tudor touring sedan, Ford touring sedan. The de luxe equipment: 5-window coupe, Tudor and Ford touring sedan. Interiors, especially luxurious in the de luxe types, reveal a distinctly modern treatment. The motif is a rich gray, with the taupe of the upholstery harmonizing. Seat cushions are deeply pillowed and set off by new piping. In de luxe types new upholstery options are available. Recessed arm rests are added elbow room in the front and Ford touring sedan. Instruments are of new design to conform to the modern trend of the new gray metallic rayon instrument panel. De luxe car panels are fitted with semi speedometer, with trip recorder, ammeter, water temperature indicator, electric fuel gage and electric oil gauge, as well as cigar lighter, tilt-tray and glove compartment. The ash tray may be removed and a Ford radio installed in special order.

All body types have clear-visibility ventilation. Safety glass is standard in windshields and all side windows. Steering gear ratio has been reduced to 17-to-1 from 15-to-1. The front axle steering arm has been lightened. New roller bearings have been added to the steering sector shaft, and teeth of the worm and sector are now ground and lapped. It is estimated that the reduction in steering has been reduced more than 25 per cent as a result of these improvements. Gear shifting is made easier by increasing the length of the travel of the gear shift lever. The number of anti-friction bearings in the chassis is increased to 27 from 25. The new steel wheels consist of a steel spoke action electrically welded to the rim, forming a single steel unit of exceptional

Terrell County Now Has Two Airplane Pilots

Terrell county can now boast the fact that there are two airplane pilots within its boundary. Last Sunday Ben Estes, employe of the Community Public Service company, motored to Marathon and closed a deal with Tom Yarbro whereby he became owner of the three-passenger Spartan plane that Yarbro has owned for several months. The plane, powered with a 175 horsepower Wright motor, is rated at 105 miles an hour, and capable of making 130 miles an hour. Estes learned to pilot a plane under Ray Bumgarten of Fort Stockton, who conducts a school in that city. He is a qualified pilot, having received a license from the federal commission, and has many hours of flying to his credit. Accompanied by Joe Pennington of this place, Estes flew the plane from Marathon to Dryden last Sunday afternoon and, for the present, will keep it in the hangar there. The plane, originally, was the property of a Texas oil man, who purchased it at a cost of \$8,000.

Barbecue Picnic Is Enjoyed By BM of WE Crew

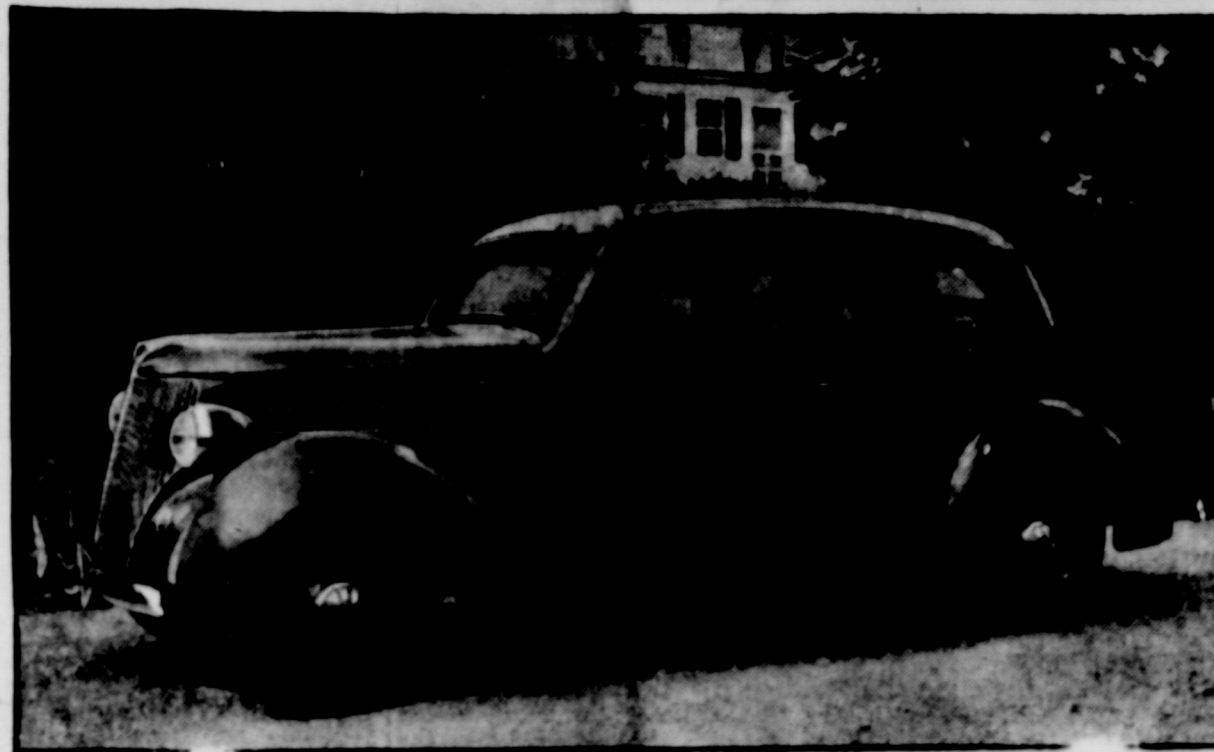

Brotherhood of Maintenance of Way employes held its regular quarterly meeting last Sunday, October 20, at Langtry. A large crowd of the local lodge members being present as well as several visitors from different locals on the system. H. H. Reddick, general chairman for the Southern Pacific Lines, and E. Jones, general chairman for the M. K. & T. Lines, both of Dallas, were official visitors. After the local meeting Sunday morning a barbecue dinner was served in the Langtry park for the members, their families and friends. After dinner talks were made by Mr. Reddick and Mr. Jones in regards to organized labor. A good time was enjoyed by all who attended.

TO REBUILD BRIDGE

Actual construction of a permanent bridge over the Nueces river at Hacienda, eight miles west of Uvalde, was started this week by the Southern Pacific. The former bridge was washed away in September by the floods. strength. Each wheel is nearly five pounds lighter than the former steel spoke wheels. The wheel is completed by a 12-inch hub cap with polished rustless steel center carrying the V-8 insignia. Tires are again 6.00 by 16 inches, carrying 30 pounds pressure. Although no change except in manufacturing fineness has been made in the V-8 engine, the cooling system has been improved and its capacity increased to provide adequate cooling under exceptionally severe conditions.

Aside from these improvements the chassis is unchanged. Its most important feature is the proper combination of three engineering principles to provide what is termed the "centerpoise" ride. These are improved spring suspension, correct car balance, and proper passenger weight distribution. Other features include a double-drop X-type frame, with X and side members forming box sections extending to the end of the frame; mechanical four-wheel brakes with 186 inches of friction surface; the flexible transverse springs perched forward of the front axle and back of the rear axle on the 112-inch wheelbase, providing in excess of 123 inches springbase; easy clutch with application assisted by centrifugal force; full torque-tube drive; three-quarter floating rear axle with straddle-mounted pinion; and double acting shock absorbers.

Longer Lines in Ford V-8 for 1936

The longer and more graceful lines of the Ford V-8 for 1936 are well illustrated in this view of the popular De Luxe Tudor Sedan. The new longer hood extends gracefully over the attractive new

radiator grille. Wide streamlined front fenders, with an imposing flare, shroud the tires and house the horns behind the chromium grilles. New design steel wheels with 12 1/2-inch hub caps are

handsome and easy to clean. The bucket-type front seats are exceptionally comfortable. This body type, of welded steel like all Ford V-8 bodies, is also available without de luxe appointments at lower cost.

Fort Davis Girl Wins First Prize Among Sponsors

Midland, Oct. 21.—Tommie Esopy of Fort Davis won first place in the cowgirl sponsor contest today at the Midland fair. Dorothy Roberson of Balmorhea was second, Isora DeRacy of Pecos third, and Lajean Armstrong of Seagraves, fourth.

In the feeder cattle judging decisions, the prize for grand championship steers was awarded to George Glass of Midland. The Midland Farms Company won the prize for grand championship heifers.

Approximately 5,000 spectators were expected to attend the 6-day race meet opening. An old settlers' reunion and museum displays were other features on today's program.

SEVEN RACES OPEN MIDLAND SIX-DAY MEET

Midland, Oct. 21.—Seven races opened a six-day meet at the Midland fair today. More than 200 horses were entered in the racing events.

Tomorrow was designated as "Fort Worth Day" and a large delegation was expected from that city.

A feature event of the day will be the auction sale of fine Hereford cattle. The auction was to open at 9 a. m.

C. M. Baum of Indianola, Ind., W. B. Mitchell of Marfa and Jack Turner of Fort Worth were named judges of the cattle sale.

O. Z. Finley, game warden with headquarters in Del Rio, spent several days in Sanderson this week.

Radio Station at Pecos Granted a Federal License

A broadcast station license was issued October 8 in Washington by the Federal Communications Commission to Jack W. Hawkins and Barney Hubbs, for radio station KIUN, it was learned in Pecos last week.

Heretofore, KIUN has been operated under a construction permit, which is the same as a license save that its time is limited. The license was the last legal step to be taken for final government sanction to the local radio station, and KIUN is now a member in good standing of the "family" of some 600 radio stations in the United States.

In celebration of the grant of license, some sort of formal ceremony will be held at a very early date, at which time outside talent and outside speakers will be presented over the station. — Pecos Enterprise.

AT ANNUAL CONFERENCE

Rev. S. M. Mims attended the New Mexico annual conference of the Methodist Episcopal Church, South, which was held in El Paso this week. While in the Pass City Rev. Mims was a guest at the Y. M. C. A. Appointments for the new conference year will be read by Bishop Boaz at a final meeting of the ministers Sunday.

ATTENDED GRAND CHAPTER

Mrs. Gayle Mussey left Monday for San Antonio where she attended the 53rd annual meeting of the Grand Chapter of Texas of the Order of Eastern Star. Mrs. Mussey is worthy matron of the local chapter.

Slightly Injured When Car Runs Into Livestock

Mrs. Raymond Davenport returned Sunday night from San Antonio, where she spent the week end visiting her daughter, Mrs. Gladys Molyneux. As Mrs. Davenport was nearing town her car ran into some horses that were on the highway the car being damaged by the impact, the windshield and one light being broken and a fender badly bent. Mrs. Davenport sustained a cut arm and bruises which, with shock from the accident, confined her to her bed for several days.

Miss Addie Henderson, district supervisor of the Texas relief commission with headquarters in San Angelo, was a visitor here Thursday in connection with duties pertaining to her office. From here she went to Ft. Stockton.

DON QUIEN SABLE TROUPE ENGAGED BY LOCAL P.-T. A.

According to an announcement made by Martha Anderson, the celebrated Don Quien Sable and his company of artists from Mexico will appear in a series of performances at the Parent-Teacher association annual Halloween carnival to be held here October 31. Miss Anderson is a member of the committee on general arrangements. This company is en route to Hollywood.

Don Quien Sable's company will present a program of Mexican music, songs and dances. There will also be gypsies, Tehuannas, charros, china-poblanas, Spanish señoritas, who will participate in the program. The performance will be given three times at the carnival, at 8:00, 9:00, and 9:30 o'clock. Tickets will be 5 and 10 cents each.

Other Attractions

Other attractions at the carnival will be booths sponsored by the P.-T. A. and other organizations. The football club of the high school will sponsor 3 booths, the "beano," the doll rack, and a penny game booth. One-half the proceeds from these booths will be applied to the athletic debt. Peanuts, coffee, doughnuts, hamburgers and popcorn will be on sale during the evening. There will also be a fortune telling booth. The carnival will begin at 6:30 o'clock and there will be no general admission. Admission will be charge for the various attractions.

Mrs. Clyde Higgins is chairman of the general arrangements committee.

First Cold Spell of Year Follows In Wake of 1-Inch Rain Wednesday

Highland Feeder Calves Sell for \$12.75 at Fair

Marfa, October 19.—Big Bend country ranchmen started clearing the range of feeder calves and yearlings today at the highest prices recorded in several years. The grand champion lot at the fifth annual feeder sale at the Highland Fair sold at \$12.75 and the reserve champions went at \$12.50. George Jones sold the champion Herefords and the reserve champions were raised by Smith Bros.

More than seventy-five buyers from Texas, Iowa, Illinois, Indiana and Kentucky participated. The feeders will be shipped to the feed lots or ranges of the buyers.

Many head of yearling calves and cattle were not sold in the auction and private sales through W. B. Mitchell & Sons sales managers of the auction, were many. Ranchers said that about 10,000 more head of cattle would be sold here within the next few weeks. All the 1,666 calves entered in the sale were purebred Herefords. Their weights ran consistently in the lot sales, though some were slightly off color. The calf crop in the Big Bend section was a little late this year due to the drought, but conditions have improved rapidly recently.

Brother of Joe Wolff is Victim of Heart Attack

Shortly after reaching Sanderson, about 4 p. m. Wednesday, for a visit with his brother, Joe Wolff, August Alex Wolff, 61, of Cline, Texas, passed away suddenly. Death, it was thought, was due to a heart attack. Mr. Wolff, accompanied by his wife and a granddaughter, Gladys Ridgeway, was on a vacation trip from his duties as section foreman for the T. & N. O. at Cline, and had been here but a few minutes when he fainted, but was revived. A local physician was summoned, and on arriving pronounced him dead. It was his first visit to his brother here in many years.

August Alex Wolff was born in D'Hannis, Medina county, July 13, 1874, and spent his entire life in Texas. He was employed by the T. & N. O. railway, being in its service in various capacities for 32 years. The body was taken to the Stirman funeral home here, and prepared for removal to Uvalde, and left on this morning's train, accompanied by his niece, Mrs. B. F. Dawson. Burial will be in that city this afternoon at four o'clock. Other members of the family and relatives left for Uvalde Thursday.

Mr. Wolff is survived by the widow, Mrs. Aggie Wolff; seven children: Willie Wolff, Uvalde; Steve Wolff, Cline; Mrs. R. Ridgeway, Pearsall; Mrs. N. A. Renken, Alpine; Mrs. W. D. Casey, Del Rio; Mrs. E. E. Pennington, La Vernia; Mrs. O. H. Jung, San Antonio; and thirteen grandchildren. Other survivors are four brothers: Frank, Emil and Sebastian Wolff of D'Hannis, and Joe Wolff of this city; two sisters: Mrs. Joe Zerr of D'Hannis, and Mrs. Theresa Wipff of Dilley.

RECOVERS FROM INJURIES

Word received by G. W. Carpenter from his son, Benoit, stated the latter had recovered from injuries sustained while playing football recently. Benoit, a graduate of Sanderson high school in 1934, is attending the East Texas State Teachers College at Commerce. His injury consisted of a badly sprained back which kept him in the hospital for a week.

RUTH NICHOLS BETTER

TROY, N. Y., Oct. 23.—(INS)—The condition of Miss Ruth Nichols, society aviatrix, who was severely injured when her plane crashed here Monday, was reported improved at the hospital today. Paso to the Conquistadors, and \$25,000 to Sul Ross college, Alpine for museums. A like sum was given to West Texas State Teachers college, Canyon, and to Texas Tech, Lubbock, for museums. An allotment of \$25,000 was approved for a monument to pioneer Texas women on the campus of the College of Industrial Arts, Denton. Also, the commission allotted \$100,000 for markers to be placed at historical spots, and \$11,000 for marking graves.

More than an inch of rain fell here Wednesday morning and a sharp drop in temperature was felt when a brisk norther followed the rain. The temperature, after several days of mid-summer weather dropped to 40 degrees Wednesday morning, and overcasts were in evidence. Housewives who had not put up their heaters were busily engaged in doing so. From reports reaching here the rainfall was general—heavy in most section, while other received light showers. To the west rain was reported as far as El Paso. Del Rio and other points east got good rain Tuesday night. This is the first real cold spell to touch this section, but it is not thought that livestock will suffer much damage. The ranges are in excellent condition, with plenty of winter feed on most of them. All day Wednesday the sky was overcast with heavy clouds despite the brisk norther.

Dance to Follow Joint Installation Services Tonight

At a public installation to be held this evening at 8 o'clock at the Masonic hall, Ben Gilbert will be installed as commander of the Clarence Hallie Mulkey Post No. 160, American Legion, and Mrs. Ruby Frazier will be installed as president of the Legion auxiliary. These two were elected at a recent meeting by the organizations. Other officers to be installed for the post are Andy Anderson, 1st vice commander; P. J. Holman, 2nd vice commander; Ben Dawson, finance officer; Ray Caldwell, chaplain; D. L. Duke, service officer; Tip Frazier, historian; R. H. Lewellen, sergeant-at-arms, and A. E. Creigh, adjutant.

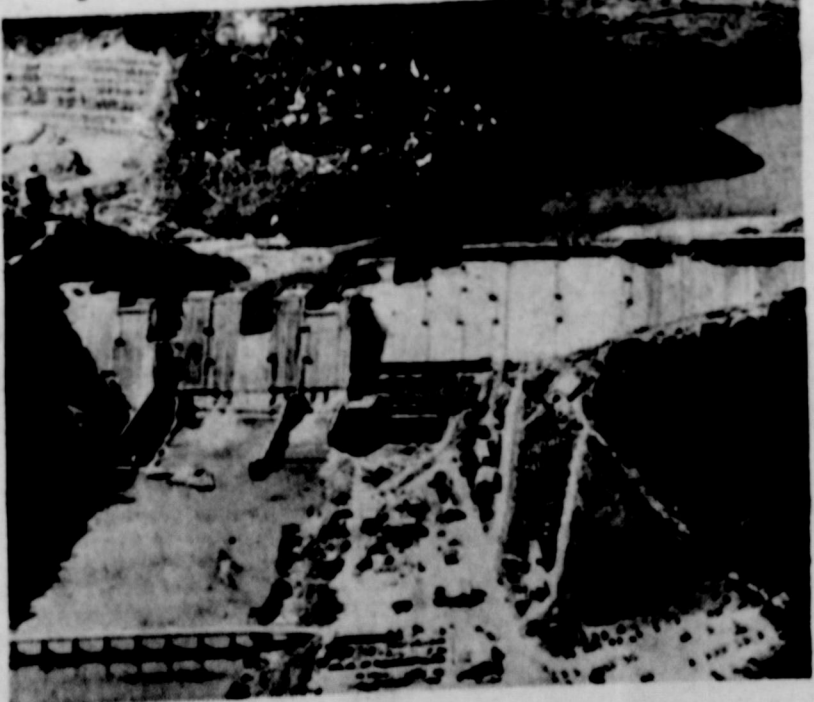

Auxiliary officers to be installed other than Mrs. Frazier, are: Mrs. Viola Morris, 1st vice-president; Mrs. Myrtle Higgins, 2nd vice president; Mrs. Theresa Dawson, secretary; Mrs. Mary Lou Keller, treasurer; Mrs. Helen Duke, chaplain; Mrs. Lucile Gilbert, sergeant-at-arms, and Mrs. Gladys Osgood, historian.

Following the installation ceremonies there will be a dance, sponsored by the post, the music being furnished by Cucco and his seven aces, of Del Rio. The public is cordially invited to attend the installation as well as the dance.

NEW BUSINESS OPENS

Lee McCue, who has made his home here for several years, announces he is opening a plumbing and sheet metal business here and is equipped to give those in need of such work a first-class job. Mr. McCue was engaged in similar work in Del Rio for 24 years, and has had 30 years experience in this line of work. He states he will give day or night service and those needing his services are asked to call his residence, Telephone 135.

Norris Dam Almost Completed

Norris dam, now more than nine-tenths complete, as it appeared from an airplane recently. The view shows the dam, being built on the Clinch river, by the TVA, with more than 900,000 cubic yards of concrete already poured. Several hundred feet of the east abutment, at the right, are finished.

\$759,000 Allotted West Tex. Towns For Centennial

At a meeting held in Austin last Saturday, the Centennial commission of control allocated \$759,000 of \$775,000 state and federal funds appropriated for the commemoration of Texas history. All allocation were for some type of permanent construction, and none were allowed for pageantry. Of the amount allowed \$75,000 went to this part of Texas; \$50,000 for a memorial building in El

Mrs. J. B. McPhee, prominent oil woman, who is now making her home in San Antonio, was a business visitor in Sanderson Monday afternoon. Mrs. McPhee has long been interested in leasing Terrell county land for oil.

Mr. and Mrs. C. V. McKnight and daughter, Vivian, returned Sunday from Henderson, where they visited relatives for the past two weeks.

Mrs. Maudie Doran and little daughter arrived last Saturday from her home in Junction for a visit with her father, W. C. Durbin.

Mr. and Mrs. Tol Murrah and son were Del Rio visitors for several days this week.

Mr. and Mrs. S. J. Kellogg spent Monday afternoon in Alpine visiting with Mr. and Mrs. Robert Ratliff.

Mrs. J. W. McDonald and daughter, Miss Anne, of Austin visited from last Friday until Monday of this week in the home of their daughter and sister, Mrs. Lee Cook.

W. D. O'Bryant, Jr., spent the week end in San Antonio with Mrs. O'Bryant who is attending a college of beauty culture in that city.

Mrs. Jim Kerr and son, Bernard, motored to San Antonio last Friday where Mrs. Kerr is with her mother, Mrs. Tarillon, who is ill. Mr. Kerr went down Saturday and he and Bernard returned home Sunday afternoon.

Mrs. James C. Sharp of Iraan visited this week with Mrs. Buck Pyle at her ranch home near Longfellow.

Mr. and Mrs. J. E. Landers returned Tuesday morning from a visit in El Paso since last Friday with their sons, Roy and J. E. Landers, and with their daughter, Mrs. P. D. Lowry.

Do You Ever Wonder

Whether the "Pain" Remedy You Use is SAFE?

Ask Your Doctor and Find Out

Don't Entrust Your Own or Your Family's Well-Being to Unknown Preparations

THE person to ask whether the preparation you or your family are taking for the relief of headaches is SAFE to use regularly is your family doctor. Ask him particularly about Genuine BAYER ASPIRIN.

He will tell you that before the discovery of Bayer Aspirin most "pain" remedies were advised against by physicians as bad for the stomach and, often, for the heart. Which is food for thought if you seek quick, safe relief.

Scientists rate Bayer Aspirin among the fastest methods yet discovered for the relief of headaches and the pains of rheumatism, neuritis and neuralgia. And the experience of millions of users has proved it safe for the average person to use regularly. In your own interest remember this.

You can get Genuine Bayer Aspirin at any drug store—simply by asking for it by its full name, BAYER ASPIRIN. Make it a point to do this—and see that you get what you want.

Bayer Aspirin

Miss Pearle Howell spent the week end in San Antonio with relatives and friends.

Mr. and Mrs. Col Coates were in town this week from their ranch.

Supt. R. D. Holt and family witnessed the football game at McCamey last Saturday when our boys lost to that team.

Sergeant Richardson of the Dryden airport witnessed the football game in McCamey last Saturday.

Serving most of the people continuously for over a period of years speaks for itself. We are headquarter for Men's Fine Tailoring and Super Quality Dry Cleaning. Phone us today. Empire Cleaners and Tailors, Frank Robertson.

W. M. Dyal and Rev. Philip Brown were among the Sandersonites who witnessed the football game in McCamey last Saturday.

Mrs. Reuben Muesey witnessed the McCamey-Sanderson high school football game played last Saturday in McCamey.

C. P. Peavy was a visitor in Marfa Saturday night and Sunday and was accompanied home by Mrs. Peavy and her daughters who spent the past week there visiting her parents, Mr. and Mrs. Ben Pruett, Sr.

Ruel Adams spent the week end in Alpine and Marfa and was accompanied home Sunday by Mrs. Adams who had been attending Sul Ross college for several weeks.

Mrs. Ben Pruett, Sr., of Marfa visited in Sanderson this week with her daughter, Mrs. C. P. Peavy.

Miss Earline Ruston and brother, Hugh, returned Monday from Somerset, Texas, where they motored last Thursday to visit with their parents, Mr. and Mrs. J. M. Ruston.

Mr. and Mrs. O. H. McAdams were among Sanderson folks who motored to McCamey last Saturday to attend the football game between Sanderson and McCamey high school teams.

Mrs. Leslie O'Connor and children of Jal, N. M., are visiting her parents, Mr. and Mrs. E. B. Miller.

W. E. Lee and wife went to McCamey last Saturday, taking several members of the girls' pep squad, and witnessed the football game which Sanderson lost to McCamey.

Mrs. Earl Pierson, Mrs. J. W. McKee, Mrs. L. A. Lowe, and Mrs. Sims Wilkinson were visitors in Fort Stockton Tuesday afternoon, where they went to have some dental work done.

John Green, Jr., student at Sul Ross college, Alpine, spent Sunday and Monday here with his parents, Mr. and Mrs. John Green, Sr.

Mr. and Mrs. J. C. Green and daughter, Miss Willie Mae, and Jack Laughlin motored to Marfa last Saturday and attended the Sul Ross-College of Mines football game played in that city and won by Sul Ross, 19 to 7.

Texas Centennial Under Way

"Emblematic of all the soil and soul of Texas," was Governor James V. Allred's description of the stirring ground breaking ceremony at Dallas on October 12, which began construction on the \$1,200,000 State of Texas building at the Texas Centennial central exposition. The top photo shows

Mrs. Lee Grigsby and grandsons, Francis and Willie, were week end visitors in McCamey with her son, Lee Roy Grigsby.

Mrs. A. F. Thrift of Fort Stockton was a Sanderson visitor Monday, coming over to supervise the loading of her household effects which she is moving to that city.

Mrs. Buster Edwards and children of Del Rio are visiting her parents, Mr. and Mrs. John Whistler.

Frank Weigand was among the rooters who went to McCamey last Saturday for the football game between Sanderson and McCamey high schools.

F. S. Garrison was a visitor in Langtry last Sunday, and attended the B. M. of W. E. meeting and picnic.

Mr. and Mrs. Fred Talbot and sons motored to Fort Stockton last Saturday where Mrs. Talbot had some dental work done.

Mr. and Mrs. Joe Pennington and Ben Estes were visitors in Marathon last Sunday afternoon.

a comely senorita greeting the Governor with an armful of Texas Centennial roses, following his inspiring appeal for State wide unity in the Centennial movement, while the lower catches the dynamite blast which broke the ground for the magnificent State building.

Mr. and Mrs. Bustin Canon went to McCamey last Saturday to see the football game between Sanderson and McCamey.

Clyde Griffith and Jim Nance attended the Highland fair which was held in Marfa last week end.

Watch Your Kidneys!

Be Sure They Properly Cleanse the Blood

YOUR kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as nature intended—fail to remove impurities that poison the system when retained. Then you may suffer nagging back-ache, dizziness, scanty or too frequent urination, getting up at night, swollen limbs, feel nervous, miserable—all avoid.

Don't delay! Use Doan's Pills. Doan's are especially for poorly functioning kidneys. They are recommended by grateful users the country over. Get them from any druggist.

DOAN'S PILLS

RATTLE OF THE RAIL

Fireman A. R. Bean visited in El Paso several days this week.

G. M. Bridge's B&B outfit, that had been here for some time, has been moved to another part of the division.

Engineer O. D. Edens and Fireman D. A. Pollard handled the football special from Valentine to Marfa last Saturday.

Four cars of recruits for the Fort at Marfa passed through here Monday.

Pump Repairer J. H. Fletcher has completed a series of test holes seeking solid foundation at the railroad bridge east of town.

Engineer F. L. Cochrane arrived Tuesday to take a run out of here.

Engineer H. W. Sherod of Del Rio has gone to El Paso to work out of that place.

W. B. Shine, division storekeeper, was here from San Antonio a couple of days this week loading out scrap material.

PERSONAL MENTION

Miss Arlene Dyess of Del Rio spent several days here this week visiting with Mrs. Lillie Williams.

There's a certain pride in wearing J. L. Taylor & Co. made-to-measure suits and top coats. Come in now and be measured for one. Priced from \$22.50 to \$40.00. Empire Cleaners and Tailors, Frank Robertson.

Freddie Talbot spent the week end at the Robinson ranch with Billy Joe Short.

Tip Frazier, Ben Gilbert, John Harrison and Clyde Higgins attended the Hereford feeder sale held at the Highland fair in Marfa last Friday.

A. F. Thrift of Fort Stockton was a Sanderson business visitor last Friday.

THE NEW FORD V-8 FOR 1936

Why do we say The New Ford V-8 for 1936? What is new about it? Of course, the newest engine in the low-price car field is still the V-8 engine. Since Ford made it available to all car users (keeping it as economical as cars with fewer cylinders) the Ford V-8 has been the newest engine on the market and remains the newest for 1936.

DID YOU KNOW— That Sanderson still has a chance to make a good district showing in football?

The Eagle News

HOWDY! We appreciate the fact that so many fans attended the Sanderson-McCamey game.

VOLUME I

SANDERSON HIGH SCHOOL, FRIDAY, OCTOBER 25, 1935

THE EAGLE NEWS OFFICIAL PUBLICATION OF SANDERSON HIGH SCHOOL

Edited by Members of The Eagle News Club of Sanderson High School.

Editorial Staff Mildred Underwood Editor-in-Chief O. T. Schupbach Sports Editor Nelle Lea Society Editor Elton Halley Feature Editor

RELATIONSHIP OF HIGH MARKS IN SCHOOL AND LATER SUCCESS IN LIFE

(Editorial) Sometimes the statement is made by those not too friendly to the schools that the pupil who makes "C" or "D" in school will likely succeed in business. While the "A" pupil will likely fail. Such are not the facts in general but may hold true in exceptional cases. Greater success is made in life by those who make the higher marks in school, on the average.

The bases for this conclusion are founded upon numerous studies and investigation such as the following: (1) In Harvard University, 80 per cent of those who graduate in the top fourth of the high school stay in the upper half in college, while 60 per cent of those who graduate in the bottom fourth of high school make almost a complete failure in college. (2) From all over the United States, 24 out of every 1000 college graduates are listed in "Who's Who." Ten of the 24 are Phi Beta Kappa graduates, or those who graduated in the top sixth of the college classes. (3) President Walter S. Griford, president of the American Telephone and Telegraph company, made a study of 3806 college men employed in his company. His conclusion was that on the average the evidence was very striking that there is a direct relationship between high marks in college and salaries afterwards in the Bell system.

JUNIOR PERSONALITIES By Mildred Stavley

Name: Bob Lea. Saying: Why do you always pick on me? Food: Onions and garlic. Why she goes to school: To get through school. Hobby: "Chunkin' corn. Pastime: Football. Nickname: Bob. Name: Nell Lea. Saying: Oh, my gosh! Food: Fried chicken neck. Why she goes to school: To get away from home. Hobby: Playing hockey and going to rodeos. Pastime: Chewing gum. Nickname: "Dee." Name: Dorothy Lewellen. Saying: Oh! Food: Custard. Why she goes to school: To help Marion with his history. Hobby: Playing basketball. Pastime: Playing the piano. Nickname: Dot.

Choral Club Has Practice Meeting

The Choral Club had only eight members at the regular meeting Tuesday, October 22. They were Miss Leitha Chaffin, leader, Mrs. Wilson, accompanist, and Margaret Ann Gregory, Mary Bess Hardgrave, Elizabeth Brown, Lupe Gutierrez, Maria Bustamante and Ruby Ware. They are still working on the song, "Ah! Sweet Mystery of Life."

Eagles Lose to McCamey High Badgers, 18 to 0

The Sanderson Eagles tasted their first defeat of the season at the hands of the McCamey Badgers to the tune of 18 to 0 last Saturday on the Badger field. The Badgers proved too much for the smaller feathered flock. Both teams battled on even terms during the first quarter. In the second period McCamey took the ball to Sanderson's goal line where they were held for downs. Sanderson kicked out to the 50-yard line. On the first play Jobe of McCamey flipped an end overpass into the flat and Hoffman ran under it. He outran Sanderson's secondary for the Badger's first touchdown. They bucked the line but failed for the extra point. McCamey kicked to Sanderson but they couldn't make any yardage, and were forced to punt. McCamey made a few yards, and after an exchange of punts the half ended, McCamey 6, Eagles 0.

The third quarter started with Sanderson receiving, but unable to gain any ground. McCamey scored again on a line buck off right tackle when the ball was placed in scoring position on a pass. Try for point failed. Sanderson took to the air, but their only threat was a pass from Lochausen to Bogusch. McCamey then intercepted a pass and ran for a touchdown which was called back because the boy stepped out of bounds. Jobe threw another pass to Hoffman for the last score. Try for point on a pass was knocked down. Sullivan, Deaton and Appel were the main cogs of the Sanderson team, while Hoffman, Belcher and Green were the outstanding players for the Badgers. The officials were Morrison, referee; Clark, head linesman; Parks (Ft. Stockton), umpire.

Bulletin Boards Placed in Rooms of 1st and 6th Gr.

There have been three new bulletin boards purchased for use in the high school and grammar school. A bulletin board has been placed in the first grade room, one in the sixth grade room, and one in the superintendent's office for the teachers. There are also bulletin boards in the civics room, study hall, and the seventh grade room. A large glassed-in bulletin board is in the hall near the entrance to the main building. Daily notices, events of interest in class work, and topics of interest to the student body are posted on these boards.

Staff Studies Reporting Style Of Other Papers

The staff and members of the Eagle News met Thursday, Oct. 17, and discussed plans and ideas for reporting. The class had several newspapers from other high schools and colleges. The class observed other methods for reporting from these papers. Vauccell Henderson is a new member of the staff and met with us Thursday. She was a former student of the San Angelo high school. COLD WEATHER STRIKES After enjoying mid-summer temperature long after fall, cold weather struck suddenly Wednesday morning, the mercury nosediving from around 90 to 40 degrees overnight.

Absentees For Week of Oct. 15-19

Reuben Mussey was absent from school last week due to injuries received in football. Ruby Lee Haines was absent from school Friday, because she was out of town. Elton Halley was absent one day last week due to illness.

-o- BOOK REVIEW -o-

Prepared for Eagle News by Mary Arrington, an ex-Student

Lost mines and Spanish gold and silver is the subject of J. Frank Dobie's new book, "Coronado's Children." This book was accepted by the Book-of-the-Month club and has been recently donated to the Sanderson high school library by Mrs. Alexander Mitchell.

Since the days of Coronado the lure of gold and silver has led men to a fantastic death and ruined the lives of countless others. After beginning the search one can never stop. Gold, like a will o' the wisp, is always "mas alla." This is the main theme of Mr. Dobie's publication. The setting of this remarkable book is almost entirely in Texas. The lost San Saba mine, the Bowie mine, the Lost Padre mine and countless other present a vivid and yet pathetic story of the hundreds that have spent years trying to find these lost mines. The search for gold has always led to very unhappy endings to the lives of those who looked for it, the stories point out.

The Lost Nigger mine, spoken of is of most interest to the people of this county. Many of our pioneers will recall the Reagan brothers who ranged south of Dryden and at one time ran a saloon in Sanderson. It was one of their cow hands, Bill Kelley, a negro, who discovered the mine a few miles south of the Rio Grande in Mexico. When ridiculed by other ranch hands as a lunatic, Bill Kelley left the Reagan ranch and to this day has never been found. Ever since that time hundreds of dollars have been spent and many geologists have tried to find the mine, but without success. The late Lock Campbell, a Southern Pacific passenger conductor, spent the declining years of his life trying to locate the lost treasure. The Reagan canyon of today bears the name of the Reagan brothers mentioned in this book. Mr. Dobie mentions Shafter Crossing as the easiest and best crossing into Texas from Mexico in this section of the Southwest. Sanderson and Dryden are frequently referred to in this book as shipping points for cattle, sheep and goats, also as places for buying supplies and spending money in saloons.

The story of Bill Cole's diggings out by El Muerto Springs in Jeff Davis county is colorfully portrayed by Mr. Dobie. Although, Texas is full of authentic maps of Spanish mines, no map has ever led to the discovery of one of them, for "gold is where you find it." The Southwest, as pointed out in this book, is filled with legends of brave deeds, outlaws, and gold. Whether stories of these mines are true or are merely legends having their origin built around campfires and told on the cattle trails cannot be definitely stated. However, it is true that today the same as a century ago people still are trying to find Montezuma's gold and, as always, it is "mas alla"—farther on. Mr. Dobie is at present associate professor of English at the University of Texas. He obtained the data for his book through extensive research and personal interviews with the persons who could give him the desired information concerning lost treasure in Texas. "Coronado's Children" is a good resume of legends of gold in Texas. Every loyal citizen of Texas should enjoy this new book by Mr. Dobie and especially should we know the legends of Texas so that we can tell them to our Centennial visitors. Mr. Dobie has recently published another book but it deals with folk lore of the Mexicans in northern Mexico. It has been released only a few months.

Museum News

By Dick Mussey

Mysterious earrings and arrowheads found near Sanderson were presented to the high school museum by C. G. Carpenter of the seventh grade. Among his collection of Indian relics was one strange earring that is very odd. It looks as if it is made of ivory, or from the tusk of some animal. It is thought that is came from the polar region. Melven Pollard presented some Civil War paper money dated from 1861 to 1865. These bills are security for money borrowed by the Confederate States of America. There are several one-dollar bills, and one two-dollar bill.

"Dick" Sullivan Squad Captain at McCamey Game

Dick Sullivan acted as captain last week in the game against McCamey. Dick is playing his third year for the Eagles. He played half last year, and this year he is field general.

Dick is mostly an interference runner, but when it comes his turn to pack the mail, he is right there. That has been proved in the last two games. He is a hard-fighting boy that won't be whipped. His motto is "You may whip the Eagles, but you can't whip 'Sully'." If more of the boys felt like Sullivan does, we would be hard to whip. O. T. S.

Flight of Ex-Eagles

Jack Deaton, tackle in 1934, is attending Sul Ross this year. Jack is not playing football this year. Jack played two years for the Eagles and proved himself very capable. He is remembered for his work on defense. Jack could tear down more interference than most teams could get together. He was loved by all his fellow teammates and their only regret is that he is not playing with the Eagles again this year.

Exchange Table Started by News Staff Members

In an effort to give the readers a better paper, the Newspaper Club has made a collection of school papers. The purpose is to obtain ideas and use these ideas in the local newspaper. The collection contains papers from Fort Davis; "Scratches From Yo' Bobcats," San Angelo; Ozona; "The Panther's Growls," Fort Stockton; Uvalde; "The Torsador," of Texas Tech; and "Round Up," of State College of New Mexico.

HONOR ROLL

Every student on the honor roll has to have as many A's as B's, and no grade below B. The following are on the honor roll for the first six weeks: Anna Lee Allen, 3 A's, 1 B; Elizabeth Brown, 4 A's; Adair Edmiston, 3 A's, 1 B; Emma Ray Harris, 4 A's; Mildred Hurst, 3 A's, 1 B; Bertha Mae O'Bryant, 3 A's, 1 B; Mildred Underwood, 2 A's, 2 B's; Lloyd Gant, 2 A's, 2 B's; Jimmy Goodykoontz, 3 A's, 1 B; and Pat Harris, 2 A's, 2 B's. Those on the honor roll in the seventh grade are: Mary Bess Hardgrave, Lillian Harrell, Betty Jo Maddux, Margaret Mims, Hilario Carrasco, and David Allen.

Nice Turn-out By Pep Squad Girls Last Saturday

Twenty of the pep squad girls went to McCamey Saturday, Oct. 20, to attend the Sanderson-McCamey football game. Every member of the pep squad wore their uniforms which helped to represent Sanderson. The girls will try to attend the Fort Stockton game, which will be played November 2, in a body. Every Tuesday and Friday the pep squad has its regular meetings which are held outside the school building. On Monday, October 13, the girls met in the auditorium with the band and practiced singing some of the songs the band is learning to play. LOVELY MEMORY BOOKS PRESENTED SENIOR CLASS The senior class met last Friday, October 18 at 3:45 o'clock, in the English room where they were given scrap books by their room mother, Mrs. W. J. Ferguson. These books were graduation gifts from Mrs. Ferguson. She gave the books to the seniors at this time so that they might fill them up during the year. A sunrise breakfast was planned for tomorrow morning, but at a called meeting of the class Wednesday, it was decided to postpone the breakfast.

League Rules 18 As Age Limit in Athletic Contests

According to a new regulation by the Interscholastic League of officials, no student can take part in any League contest who, on the first day of September preceding the contest, has reached or passed his or her 18th birthday. This rule will apply to all League contests and will be effective next year. According to a survey made of ages of boys in school now, 26 out of 141 boys in the first ten grades will be 18 years of age or older before they graduate from high school. This means that 18% of the boys now in school will be ineligible to participate in League contests before they have had 4 years of high school training. This will also keep a boy from playing football four years in his school. The rule applies not only to football but to every League contest for boys and girls. Mr. R. D. Holt, school superintendent, pointed out that these figures apply only to the boys and will determine football eligibility after this year, but the rule will apply to every student who enters a League contest.

Dramatic Club Presents Play At Assembly

"Doctor for a Day," a one-act play, was presented at regular assembly of the Sanderson high school Tuesday, Oct. 21, by the members of the dramatic club. The players were Wesley Lochausen, Howard Black, Lillian Halley, Lois Taylor, Albert Weiland, Mary Ferguson, Florence Hurst, Anna Lee Allen, Mildred Fawcett, Lucile Blount, Patricia Brown and B. F. Davis. The director of the play was Miss Ruth Howell. Visitors at assembly were Mrs. O. H. McAdams, Mrs. W. J. Ferguson, Mrs. E. P. Halley, Mrs. Gayle Mussey, Mrs. C. F. Stavley, Mrs. W. C. Vaughn, Mrs. B. L. Van Cleave, Mrs. A. L. Fawcett, Mrs. R. A. Hurst, Mr. and Mrs. Fred Talbot, Rev. Philip Brown, and Misses Mary Arrington and Genevieve East.

DOCTORS KNOW Mothers read this!

Advertisement for a laxative medicine with text: 'A cleansing dose today; a smaller quantity tomorrow; less each time, until bowels need no help at all.' 'Why do people come home from a hospital with bowels working like a well-regulated watch? The answer is simple, and it's the answer to all your bowel worries if you will only realize it: many doctors and hospitals use a liquid laxative. If you know what a doctor knows, you would use only the liquid form. A liquid can always be taken in gradually reduced doses. Reduced dosage is the secret of any real relief from constipation.' 'Ask a doctor about this. Ask your druggist how very popular liquid laxatives have become. They give the right kind of help, and right amount of help. The liquid laxative generally used is Dr. Caldwell's Syrup Pepsin, it contains senna and cascara — both natural laxatives that can form no habit, even in children. So, try Syrup Pepsin. You just take regulated doses till nature restores regularity.'
