Column Right

It seems to man up a tree that freed Emanuel Smith erstwhile partner of the Brown Derby, and power in politics, has tore his pants with the average citizen—so much because of the ranting speech he made again Frank Roosevelt, but because of the attack he made from the Sidle elite ranks of Fifth avenue; a plain champion of the people to a companion of the ultra-wealthy. Roosevelt doesn't need him, Democratic party doesn't care what he says or does, politically. Democrats, like other human beings, abhor the spirit that made Smith a traitor to his life-long friends. The only ones who roughly enjoyed his speech the other night were Moon Faced Hoover and that half-wit governor of Georgia.

This column can take it—plenty of it! But that song "The Music of 'Round and Around," has howling for mercy. Everyone, regardless of age, sex or color is continually humming it—especially the Yo-ho-ho-ho part. Well, we want to get right side again, and remember that this is we vote on every officer in the U. S. from the president down to the constable of Precinct No. 5, and that today is the last opportunity you'll have to get out of the Chinese class. So pay your poll tax so you can go round and round with the candidates.

Hoover's friends claim that he started the country back on the road to prosperity by legislation enacted during his last days as president. So they admit proximity is here and not around the corner. The way Mr. Hoover looked we thought the country had gone to the bow-wows, the institution had been violated beyond redemption, and we had turned bolshevik.

Our idea of a gentleman is one who can play the saxophone but not the piano.

Conditions being what they are in this vale of tears, where can you find a man who'd wish to live a hundred years?

Exceptions Filed Rulings in Pecos County Oil Suits

El Paso, Jan. 27.—Federal Judge Charles A. Boynton today set 9:30 a. m. Feb. 10 for the hearing of exceptions filed against mass judgments in chancery H. L. McCune's findings and conclusions of law in the suit of Mrs. Viola Seeley and Mrs. Ida May Ramsey against James Cornell of San Angelo and others. The case involved 21,000 acres in the Yates pool and was a two-ninths interest in approximately \$300,000 cash and for an amount. The land was once owned by Mrs. M. A. Smith, the other of the complainants. McCune recommended a judgment in favor of the complainants \$27,819.83 against Cornell and judgment of \$5,830 against Cornell and W. H. Colquitt of Marfa, jointly and severally. Colquitt as receiver of the Smith estate, was appointed by Judge C. R. Patton, Marfa, then district judge. McCune disallowed expense items totaling \$168,249.19. Cornell, in his exceptions, said the expenditures were authorized and made by him at attorney-in-fact for the complainants. The burden of showing bad faith was on the complainants, Cornell said, and that not having been done these items should have been allowed. Cornell disagreed with McCune that the complainants were due an accounting.

T. R. Boone, Wichita Falls, attorney for Mrs. Seeley and Mrs. Ramsey, took issue with McCune on the point there should not, in any event, be a recovery against R. Sutton, because of his official capacity he was immune. Colquitt objected to the findings allowing the American Surety Co. of New York \$10,000 as attorney's fees, and \$4,560.92 as expenses. The company furnished his \$100,000 bond. McCune held the company was liable and Boone excepted to that.

S. S. Daggett, Sanderson Resident and Veteran Railroader, Is Laid to Rest

THIS WEEK IN Texas History

1839—On Jan. 26th the first homestead law was passed under the administration of President Mirabeau Lamar. It provided that the homestead could not be taken from the head of the family.

1839—Congress passed an act appropriating 13,285 acres of land in each county to found a primary school. This was the first grant made from the public domain for educational purposes.

1854—An act of Jan. 30th, authorizes the regular policy of land grants to aid in the construction of railroads.

1861—On Feb. 2 the secession convention met in Austin and passed the Ordinance of Secession, withdrawing from the United States and joining the Confederacy. Texas is a Cenis Indian tribal name meaning friends.—Texas State College for Women (CIA).

District Court is Recessed After a Day in Session

The regular term of the district court convened here Monday, with Judge Brian Montague of Del Rio presiding. District Attorney Julian LaCrosse and Mrs. Belle Sutherland, court reporter, of Del Rio, were also in attendance.

The grand jury composed of Charlie Gregory, C. H. Arvin, E. B. Carson, Tom Seale, H. V. Cox, Walter Grigsby, Jim Kerr, foreman, Joe F. Brown, Lee McCue, C. B. Cochran, M. P. Lester and Roy Barksdale, were empaneled and after being in session a short while adjourned. No indictments were returned by the jurors.

All cases on the criminal docket were continued. The case of Lee I. Starling, S. H. Mead, L. H. Bowie, W. M. Vick and A. P. Garber, indicted for felony theft and swindling at the last term of district court, was continued. The defendants in this case were sentenced on Monday in the U. S. Court for the Northern District of Texas, at Dallas.

The case of M. N. Bobo charged with possession and transportation of intoxicating liquors, was dismissed in accordance with a ruling of the higher courts that all liquor cases pending were rendered null and void with the repeal of the prohibition amendment.

The few civil cases have been set for hearing next Tuesday and it is thought the court will be able to dispose of them in a day or so. Court recessed Tuesday afternoon and will be in session again on next Tuesday morning at 10 o'clock. The petit jury summoned to appear Thursday morning of this week were notified not to appear at all.

Quick Work of Volunteers Saves F. H. Young Home

Fire of undetermined origin, partially destroyed the F. H. Young residence in the west end of town near the railroad tracks. The fire was discovered about 2 o'clock Tuesday afternoon by James Daniels, employed by the Magnolia company who was leaving the company warehouse in that section of the town. James rushed to the office of Joe Kerr and turned in the alarm. Fire extinguishers, gathered from various places were rushed to the scene and the blaze was soon extinguished by volunteer firemen.

Father Time kills all of us finally, but those who know how to kill time occasionally get even with him.

There is no death. The stars go down
To rise upon some fairer shore,
And bright in heaven's jeweled crown
They shine for evermore.

With sorrowing hearts the many friends in this city received the news Saturday morning telling of the death of our fellow townsman, S. S. Daggett, which occurred in Houston early that morning. Mr. Daggett had been in a hospital in this city for the past four months. With him when the end came was his faithful companion, Mrs. Fannie Daggett, who had been with him constantly during his illness.

Samuel Slater Daggett, 65, was a native of Racine, Wisconsin, and was born on March 21, 1871. He left that place early in life, and spent many years in California, where he worked for various railroads, and several years in Tampico, Mexico, where he held a responsible position with one of the major oil companies. He had been in the employ of the Southern Pacific Lines for more than thirty years, and came to Sanderson 13 years ago from San Antonio, and was roundhouse foreman for the S. P. in this city. His entire life was practically spent in railroad-ing with various lines in different sections of the United States.

On August 4, 1914, he was married in San Antonio to Miss Fannie Foster of that city, who survives him, and made their home in that city for several years. He was a member and Past Master of the Sanderson Lodge No. 988, A. F. & A. M.; a member of the York Right Knight Templars at Alpine; of El Maida Shrine of El Paso; W. O. W. of San Antonio, and the Sanderson Chapter No. 136, Order of Eastern Star.

Accompanied by the widow and relatives and friends, the body arrived here early Monday morning and was taken to the Masonic hall, where it lay in state until the funeral services which were held that afternoon at 3 o'clock. Burial was in the Sanderson cemetery under the direction of the W. E. Stirman funeral home.

Rev. John V. McCall, pastor of the Presbyterian church here, delivered the funeral services, after which the members of the Masonic lodge took charge and conducted the services at the grave.

The following members of the York Right Knight Templars at Alpine, as a group escort, were in attendance: C. A. Gilley, J. W. Frazier, J. C. Coleman, G. W. Baines and R. J. Ratliff.

Out-of-town relatives who were here for the services were Mr. and Mrs. Ben Price, El Paso; Mr. and Mrs. J. L. Porter, Red Bluff; John R. Loughlin, San Antonio; and Jack Foster of Pensacola, Fla.

Active pall bearers were W. H. Savage, L. A. Lowe, Max Bogusch, H. E. Fletcher, John C. Green and Clyde Griffith.

Sanderson will miss this beloved citizen, who quietly and gently went his way, scattering sunshine wherever he could and doing many acts of kindness, often without the knowledge of those he befriended, as he desired no publicity. He was for the upbuilding of our community and was always ready to do his share in help to make Sanderson a better place in which to live.

In his association with his fellow employes he was always kind and considerate and endeared himself in their hearts.

To the bereaved widow and relatives the Times joins with the hosts of friends in extending them heartfelt sympathy, and commend them to Him, who is able to comfort, even in such a great sorrow.

S. P. LINES PLAN ANOTHER PASSENGER TO THE COAST

According to the El Paso Times the S. P. Lines are contemplating improvements that will run into millions of dollars. One hailed with delight is the plan to add an extra passenger train, between New Orleans and the coast. This, besides the convenience of travel, will mean jobs for at least 60 or 70 more men.

Another sign of the improving times is an order placed by the Pacific Fruit Express, owned by the S. P. and U. P. for 3,000 new refrigerator cars, at a cost of approximately \$10,000,000.

Retired T. & N. O. Conductor Dies in Houston Hospital

The many friends in this city of Charles E. Hathaway, 68, retired passenger conductor of the Southern Pacific, will regret to learn of his death which occurred last Thursday at the S. P. hospital in Houston.

Mr. Hathaway, who for many years was a passenger conductor between San Antonio and Sanderson, was well known here. For almost a year he had been in the Houston hospital for medical treatment. His brother, Foster Hathaway, is an engineer on the T. & N. O. out of here.

Services for Mr. Hathaway were held last Saturday morning in San Antonio from the Hagy and McCollum chapel. The Rev. Neal Ellis officiating.

Survivors include the widow, Mrs. Lillian Hathaway; 9 daughters: Mesdames O. L. Stormont, J. M. Roscoe, O. L. Sherbondy, W. R. Cooke, Misses Lillian, Bettie, Jean, Alice and Virginia Hathaway; one son, Charles Edward Hathaway, Jr., Corpus Christi; a brother, Foster Hathaway, of El Paso.

Angelo Lining up For 7th Annual Livestock Show

San Angelo, Jan. 30.—San Angelo's Fifth Annual Fat Stock Show and Rodeo, opening March 7, and running through March 11, will have a more interesting and extensive rodeo program, as well as an additional division for livestock display, that of the dry lot commercial feeding class, with \$649 added money.

This year's show will run for five days, one day more than the 1935 show. Officials estimate 35,000 west Texas visitors this year.

Aggregate premiums this year total \$2,578, a considerable increase over the 1935 aggregate. Improvements to cost about \$4,500 are now being contemplated. These include an addition to the cattle barn, giving a capacity of 400 head; a new sheep barn where pens will be provided for 2,000 animals, and bleacher seats on the north side of the rodeo arena for 1,000 persons. Last year's rodeo found seats lacking for the huge crowds each afternoon. No night shows will be held.

Officials estimate 2,500 animals, the best from more than 35 west Texas counties, will be shown this year by more than 150 4-H boys and vocational agricultural students.

Total premiums in the boys' division is \$1,878, divided as follows: milk fed baby heaves, \$649; dry lot feeding, \$649; fat lambs, \$384; and registered sheep and goats, \$198.

Registered Hereford show premiums total \$400, and the registered sheep show \$300.

Special Stamp in Commemoration of Tex Centennial

Washington, Jan. 25.—Postmaster General James A. Farley announced today that the special 3-cent Texas Centennial stamp would be placed on first-day sale at the Gonzales postoffice March 2. It will be available at other offices a day or two later.

Commemorative of 100 years of Texas independence from Mexico, the stamp is the same size as the special delivery stamp, and will be printed in purple ink and will be enclosed in a double line border. Within upright over panels on either side will be portraits of Sam Houston and Stephen F. Austin.

In the upper center over a large white star, will be the inscription "United States postage, Texas Centennial, 1836-1936," arranged in three horizontal lines.

The lower part of the central design will be a reproduction of the Alamo, with the title in dark Gothic, in a narrow horizontal panel at the lower edge of the stamp.

Ford Motor Co. Issues Interesting Almanac for 1936

Publication of a "Farm Almanac and Facts Book" which will be distributed to the rural population in all parts of the country was announced today by the Ford Motor Company.

The book is of convenient pocket size, containing 48 pages. It is unusual in makeup and content, presenting an extensive array of handy tables, statistics and charts for the assistance of the farmer and business man. Other sections are designed to aid the farm wife.

This first Ford Almanac is published for 1936 and is now being distributed. It carries a readily available calendar on the back cover and contains tables showing the time or rise and set of sun and moon in all parts of the country every day of the year. Other helpful and interesting astrological and astronomical information is included.

Among the other prominent sections of the book are: A list of memorable historic events for each day of the year, facts about the universe, explanations of the physical phenomena, a list of important festivals and anniversaries of the year, rules for forecasting weather conditions, population statistics, facts and records on farming and industry, discussion of the farm of the future, information on citizenship and naturalization, a brief review of the history and development of the United States, "do's and don'ts" for use in emergencies, poisons and their antidotes, instructions for flower and vegetable gardening, crop, seed and sowing information. A list of places of interest to the tourist, parcel post rules and regulations, temperature and rainfall chart, dates of killing frosts in all parts of the country, and a table of distances between the principal cities.

Stories on the founding and development of the Ford Motor Co. and about the Ford Rouge Plant, word pictures of famous Edison Institute Museum and quaint Greenfield Village, established in a few miles of the Rouge Plant, are other features of the Ford Farm Almanac.

Ozona Lions Win Own Tournament Eagles Out Early

The Ozona high school Lions captured the fifth annual Ozona basketball tournament last Saturday night, turning back the Big Lake Owls, 25 to 15, with Brown and Childress leading the goal attack. It was the fourth time that Big Lake advanced to the finals, winning championship honors on three occasions. This was the first title triumph for the Crockett county school.

Ozona beat Sanderson, 28 to 14, in the second round, knocked off Eldorado 33 to 13, in the semi-finals and went on to topple Big Lake.

In the semi-finals Big Lake lapped Veribest, 31 to 20.

Iraan nabbed the consolation by beating Mertzon, 24 to 9 in the final. Mertzon had moved in on a forfeit by Sherwood. Iraan had previously beaten Barnhart, 38 to 14, and Sonora, 39 to 25.

Sanderson won its first round Friday against Iraan, 21 to 20.

Tax Payments Showed Pickup

A slight pickup in the payment of poll taxes was noted this week. Up to Thursday at 3 p. m. 528 had paid for the privilege of voting in 1936 elections. Last week, at the same hour, only 273 had paid—making the total paid for this week alone 255. These figures, however are way below normal, especially for a presidential year.

Russian Singers Will Be Presented By Sul Ross Group

One of the most unusual entertainments ever brought to Texas will be sponsored by Sul Ross College at Alpine, when the Latvian Russian Singers are presented in the college auditorium on Friday, February 7, at 8 p. m.

These astonishing choristers are all trained singers of the first caliber. They come from the Republic of Latvia, one of the buffer states created after the World War to separate soviet Russia from western Europe. They were made political exiles from Russia and sent to the salt mines of Siberia. Here their spirits were kept up largely by their singing. These choice singers soon reached such a high degree of efficiency in musical technique and interpretation that they set about to make a world tour, presenting their most unusual program of songs and vocal effects. They are the only present day exponents of a musical and cultural tradition which literally extends back to the tenth century.

The singers are prepared to give an entire program derived from the Russian church ceremonies. Other program, illustrating Russian life in its gayer aspects, are offered. The chorus is organized on the lines of a symphony orchestra, and creates tonal effects corresponding to that of the various choirs of the orchestra. Included in its repertoire are full symphonies, sung by human voices, instead of played by the instruments.

The Latvian Russian Singers are brought to this part of Texas through the Student Lyceum Committee at Sul Ross, and will be given to the public at the popular prices of 25c for students and 45c for adults. Advance tickets may be guaranteed by writing the Student Lyceum Committee, Sul Ross State Teachers College, Alpine, or they may be purchased at the door on the night of the performance.

PCA Elect New Directors at Meet Held in Uvalde

W. F. Easterling of Del Rio, and J. H. Stadler of Bracketville, were elected to the board of directors for the Uvalde Production Credit association at the annual meeting held in Uvalde Jan. 27.

These directors, with the other members of the board and the secretary-treasurer will serve the borrower members of the association in the conduct of PCA business during 1936.

A record breaking attendance at the meeting, which was the second annual meeting since organization, reflects the interest the farmers and stockmen of Texas are taking in this new cooperative system, according to R. H. Alvey, secretary-treasurer.

Mr. Alvey reports that the Uvalde association made loans to the amount of \$620,000 to the farmers and stockmen of Uvalde, Medina, Bandera, Real, Edwards, Kinney, Val Verde and Terrell counties. The volume of loans made by all the production credit associations in Texas in 1935 totaled more than twelve million dollars.

In addition to reports of the manager and directors of the association M. L. Jones, assistant to the president of PCA, of Houston, spoke at the meeting. Mr. Jones invited the non-members to investigate the many advantages of production credit and urged the members to take an active interest in the affairs of their association.

Persons 65 Years Or Over Urged to Follow Directions

Austin.—Facing old-age assistance applicants will be the difficulty of proving their ages. Orville S. Carpenter, executive director of the Old Age Assistance Commission, said today when he was asked what he thought would be the most difficult problem of old people making applications.

Application forms will be distributed to cities and towns over the state beginning Feb. 14, when the law goes into effect. As required by the new law, certain facts must be established by the applicant. The law grants assistance to the needy who are sixty-five years of age or more, and each applicant must definitely and conclusively prove his or her age.

"There are many ways by which a person can establish his age," Director Carpenter stated. "The Commission will consider any evidence that proves or helps to establish definitely the age of the applicant. However, it will be necessary in each case for the applicant to establish to the satisfaction of the Commission, by whatever means he can, that he is 65 years of age."

A number of kinds of evidence to be used in proving age are the following:

1. Birth certificates.
2. Marriage licenses giving the ages of both parties.
3. Birth certificates of children giving age of parents.
4. Ages of sons and daughters when these are sufficiently advanced.
5. Naturalization papers giving age at time of applying for same.
6. Passports. Service books of immigrants.
7. County records. Baptismal certificates.
8. Insurance papers.
9. Employment records.
10. School records.
11. Records of trade unions, fraternal societies or other organizations.
12. Federal or State records in the case of those who have been in civil or military service.
13. D. A. R. U. D. C. Daughters of the Texas Revolution, etc.
14. Hospital records, or those of physicians.
15. Vaccination certificates.
16. Poll tax receipts that show the actual age of voter and not the mere fact that he has passed a certain age.
17. Local census records which may give the birthdate and place. National Census records, Dept. of Census, Washington, D. C.
18. Licenses of various kinds—(such as hunting, fishing and liquor licenses) sometimes carrying the age.
19. Tombstone records when stones have been erected in anticipation of death.
20. Entries in a family Bible or other genealogical records or memoranda of families of applicants.
21. Bills of sale as a slave in the case of aged negroes.
22. Such other evidence as the Old Age Assistance Commission may approve.

Rain and Sleet Ride With Cold Wave in Section

Sanderson, despite its southern location, has felt the sting of winter during the past week. Every-thing that falls, except snow, has visited this section, and the resultant moisture will benefit the ranges very much.

To the north and west of Sanderson heavy snowfalls were reported during the week, but no damage to livestock was reported. All in all, the ranchers claim that the spell will benefit ranges all over the Southwest.

The lowest temperature recorded during the "snap" was 22.

NOBODY'S BUSINESS

BY JULIAN CAPERS JR.

Austin.—The Texas atmosphere was surcharged this week with politics—national, state and local. Myron G. Blalock, Marshall, affable an able chairman of the Democratic state executive committee, called that body to assemble for an all-day session at Austin, Saturday, Feb. 1, to lay plans for the coming national campaign in Texas, which he will direct on behalf of the Roosevelt-Garner forces. The state convention in late May will also be discussed, and plans laid for that all-important session, although the convention city probably will not be selected until later. The convention will choose the Texas national congressman and committee-woman. If Vice President Garner does not seek re-election as committee-man, which most observers think he will not, there is little doubt that an Alfred-selected successor will be named. An active boom was launched here last week for Mrs. Harold Abrams of Dallas, as successor to Mrs. Clara Driscoll Sevier, national committee woman.

Al Smith, the only man who has ever been able to carry Texas for the Republican party, examined into the state of the nation at the Washington dinner of the Liberty League, and found it bad. Thousands of listening Texans smiled as they heard the now unhappy warrior threaten to leave the party, remembering how the party had already left Al four years ago, and wondering if he hadn't heard Smith added little to the critical thought of Herbert Hoover, Frank Knox and other GOP aspirants, except to raise the rather shop worn specter of Communism. He did not confine his tirade to the president, the man who thrice nominated him as Democratic candidate for president, but loosed a blast at congress. Grudgingly, he approved repeal of the prohibition amendment, but otherwise found the country worse off in every particular than during the dark days of 1932.

The congressional races were shaping up rapidly throughout the state, and top interest was easily in the second district where Martin Dies of Orange, incumbent, is facing the stiffest kind of opposition from youthful Clyde Smith of Woodville. Smith, who ran a remarkable race to finish third in the scramble for attorney general two years ago, has resigned as assistant secretary of state, and begun campaigning. Dies, who hesitated for weeks trying to decide whether to oppose Senator Morris Sheppard, hastily decided to seek re-election to congress. Smith, idol of the piney woods folks in east Texas, who four times elected him district attorney, is a powerful campaigner. Dies is also an able vote getter, and the race promises to be red-hot.

Rep. Nat Patton of Crockett, faces opposition from Bonner Fizzell, Palestine school superintendent, who was nosed out last time by "Cousin Nat." The famous cigar-box episode in Washington will doubtless be a campaign issue in this district.

Sam Rayburn of Bonham, author of the securities control commission and holding company legislation, has two opponents, Jess Morris, who has tried unsuccessfully for the office before, and Will Harris of Rains county, running as a Townsendite.

W. D. McFarlane, in the 13th district, faces stiff opposition from four candidates, including State Senator Ben O'Neal and B. D. Sartain, both of Wichita Falls and Ed Gossett and G. W. Backus of Vernon.

Joe Eagle of Houston will not seek re-election, furnishing the opposition for Sen. Morris Sheppard and Congressman O. H. Cross of Waco, has said he will not run. Senator Bob Poage and Frank Tiley, attorney, are out for this place.

No opposition has developed so

far to Wright Patman, the bonus champion of Texarkana; Joseph Mansfield of Columbus, and Dick Kleberg of Corpus Christi; James Buchanan of Brenham and Marvin Jones of Amarillo, although Townsend forces are reported to be seeking a candidate against all of these.

Conflict between the WPA under Harry Hopkins and the PWA under Secretary Ickes, which has held up much of the construction work in Texas and elsewhere for weeks, has apparently been ironed out in Washington. As a result, rivalry between PWA and WPA project managers for available labor will cease, and the Texas highway commission will have its first letting of contracts in many weeks at Austin, February 11, totaling about \$2,500,000. WPA, supposed to offer work at subsistence wages until workers could find steady jobs at prevailing wage scales, had liberalized its terms by shortening hours and paying its workers during layoffs caused by bad weather, and other inducements, to where PWA projects were unable to lure workers on to steady jobs at prevailing wage scales. The highway commissioners, at hearings here, last week urged county officials and interested citizens to write their congressmen to hold out for continued liberal federal highway appropriations, declaring much of Texas future highway program is built around liberal federal matching appropriations for 1937.

All factions of the oil industry, probably for the first time in history, are agreed that the flow of "hot" oil has been cut to the lowest figure in history, and steps taken by the house oil investigating committee this week promises still further reduction of illegal oil. The committee, headed by Rep. Augustin Celaya of Brownsville, has worked out a plan of co-operation between the railroad commission and the attorney general's department, which it believes will effectually solve the troublesome problem of confiscated storage oil, and result in prompt destruction of storage tanks. The committee, through Chairman Celaya, paid the commission a nice compliment, by asserting that enforcement conditions have been "vastly improved and condition complained of last summer have been corrected. Oil operators of the state are reported hopeful that a further increase in the price of crude may be posted in the near future, due to the drying up of hot oil and reduced storage stocks.

Julian LaCrosse of Del Rio was here Monday and Tuesday in his capacity as district attorney of the 63rd district court, which convened here Monday morning.

Health Letter

Austin.—Smallpox epidemics would never occur if everyone, especially children, could be effectively vaccinated, stated Dr. John W. Brown, state health officer. At present there is an increasing lack of vaccination among school children and this constitutes a menace.

Modern safeguards have removed every legitimate objection to vaccination. The virus is made from calves, and consequently is incapable of transmitting human blood diseases. Among some ten million vaccinations performed in the Philippine Islands, there was no loss of life or limb or demonstrable injury to health.

A primary vaccination with one successful revaccination will, as a rule, protect throughout life from the milder forms of smallpox, but this is not true in the severer types of this disease. Therefore, be vaccinated and revaccinated at least every five years, so that you will have the greatest protection possible and the least chance of being sick. Revaccination should also be done after each time you have been near a known case of smallpox, for you know the old vaccination protects you if the new one fails to "take." Vaccination is not to be feared but rather to be sought as the only safe, positively harmless and absolutely certain safeguard against smallpox. See your doctor today and be sure that you are protected.

W. M. Dyal left Monday morning for Houston, going to the S. P. hospital in that city for treatment of his eye. Mr. Dyal recently had a piece of steel removed from his eye, and since his sight has been impaired.

Judge Brian Montague was a visitor here for several days this week, coming up from his home in Del Rio to preside over the January term of district court, which convened here Monday.

Nelson Billings of Langtry visited here over the week end with relatives and friends.

Clyde Mills and son, Jimmy, of Del Rio, were business visitors here the first of the week.

Catechism on Baby Bonds Explains How Payment of Bonus Will Be Made

Washington, Jan. 28.—Following is a summary and explanation of the cash-bond bonus bill, passed by the senate and enacted into law in the form of questions and answers:

Q. What, in general terms, does the bill provide?

A. Immediate payment to veterans of the full maturity value of adjusted service certificates in "baby bonds" and cash.

Q. How did the bill become a law?

A. By enactment by the Senate and House of Representatives over the veto of the President.

Q. How will veterans be paid?

A. In government bonds of \$50 denomination, with amounts less than \$50 being paid in cash. A veteran whose certificate called for payment of \$585 would, therefore, receive eleven \$50 bonds and \$35 in cash.

Q. How and to whom should veterans apply for payment?

A. To the nearest regional office of the veterans' administration. Applications will be made on blanks provided for the purpose.

Check Applications

Q. Will payment be made to the veteran immediately upon application?

A. No. His application will be checked against records in the veterans administration in Washington, which will certify to the Treasury the names of veterans entitled to receive bonus payments and the amount of each.

Q. After the application is approved, when can the veteran expect to receive his bonds?

A. Some time prior to June 15, 1936.

Q. Will he be able to cash the bonds immediately?

A. No. The bonds will be dated June 15 and cannot be cashed before that date.

Q. Is it necessary to convert the bonds into cash?

A. No. The veteran may hold the bonds as an investment until

1945 at 3% interest. The Treasury hopes that a large majority of veterans will not cash the bonds immediately, thereby relieving the immediate cash drain on the treasury.

Get Full Value

Q. Upon what basis will payment be made?

A. Veterans will receive full 1945 matured value of justed service certificates, less loans they have made on the certificates.

Q. What happens to interest certificate loans?

A. Unpaid interest accrued fore Oct. 1, 1931, will be deducted from the payment. Unpaid interest coming due since Oct. 1, 1931, will be forgiven. Veterans who have paid the interest on loans since Oct. 1, 1931, will, however, receive rebates, a few veterans stand to lose by ruling, however, as only a small percentage paid any interest since 1931.

Q. If a veteran has borrowed money from a bank, giving adjusted service certificate collateral, and owes the bank interest accrued since Oct. 1, 1931, what happens?

A. The Veterans Administration will pay the interest to bank, without deducting amount from the bonus payment.

May Apply Any Time

Q. Must the veteran apply his bonus payment immediately?

A. No. He may apply at any time before 1945, the maturity date of his certificate.

Q. What happens if the veteran dies?

A. If the veteran dies after application is made and before the bonds are issued, the person, if he dies after application is made, it shall be the Veterans Administration, find it bears a bona fide signature of the applicant, disclosure of intention to claim benefits of act, and is filed before payment made to the beneficiary.

Q. Will the bonds be negotiable?

A. No. They will be payable only to the veteran receiving them. They cannot be transferred or assigned.

Q. Where can they be redeemed in cash?

A. At any post office or sub-Treasury.

Q. Will the bonds be subject to attachment?

A. No. They cannot be attached, levied upon or seized in any legal or equitable proceeding.

Q. What provision is made in the bill to raise money to pay payments to veterans?

A. None.

ANNOUNCES \$25-A-MONTH TIME PAYMENTS AND A NEW UCC 6% FINANCE PLAN

Any New Ford V-8 Car Can Now Be Purchased for \$25 a Month with Usual Low Down-Payment

THIS \$25-a-month time-payment plan enables you to buy a New Ford V-8 car through your Ford dealer on new low monthly terms.

After the usual low down-payment is made, \$25 a month is all you have to pay for any type of new car, including insurance and financing.

Your cost for this extension of credit is only 1/2 of 1% a month on your original unpaid balance and insurance. This plan reduces financing charges for twelve months to 6%. For example, if you owe a balance of \$400 for your car and insurance, you pay \$24 for the year of credit; if the balance is \$200 you pay \$12. Your credit cost for one year is the original unpaid balance multiplied by 6%.

UCC plans provide you with insurance protection at regular conference rates. You have not only fire and theft insurance, but \$50 deductible collision, and protection against other accidental physical damage to your car.

The Universal Credit Company has made these plans available through all Ford dealers in the United States.

Thermometer Takes Guesswork Out of Roasting

Here's something new in cookery, which eliminates all guesswork in the matter of roasts. It's a thermometer, specially manufactured for the purpose. When roast is placed in over thermometer is inserted in thick part of the meat, which the housewife may determine the progress of the baking. These thermometers may be procured on the market, and with them will be forwarded a full set of instructions for use.

CARD OF THANKS

We wish to thank our many friends for their kind expressions of sympathy, for the beautiful floral offerings in the death of our loved one, S. S. Daggett.

To the Sanderson Lodge No. 988, A. F. & A. M. for the beautiful service; to the group escort of the York Right Knight Templar, of Alpine, we express our deepest thanks.

Mrs. S. S. Daggett, Mr. and Mrs. Ben Price, Mr. and Mrs. John R. Loughlin, Mr. and Mrs. J. L. Porter, Jack Foster.

Mrs. Bracken of Strawn, Texas, arrived in Sanderson Wednesday for a visit with her daughter, Mrs. Tom Waugh, and to be with her little granddaughter, who has been ill.

County Judge G. J. Henshaw was a business visitor in Marfa Tuesday.

Trio of Stars Are Featured in Film Princess Tonight

Frederic March, Merle Oberon and Herbert Marshall play the 3 lovers tossed hopelessly about the relentless tides of life in "Dark Angel" the new Samuel Goodwyn production which will be shown at the Princess Theatre January 31 and February 1st.

Set in a lovely, quiet corner of rural England, the story reflects the conflicts and triumphs in the life of Kitty Vane, a beautiful English girl who, since childhood, has been loved by one boy, Gerald Shannon (Marshall), while she loves his cousin, Alan Trent, (Frederic March).

Months in the trenches bring to Alan the realization of his love for Kitty. Home on leave he confesses his love and they ecstatically arrange to marry on the morrow.

An order cancelling all leaves shatters their dreams, however, and they spend their last hours together trying to forget that they may never see each other again.

The story proceeds from this point to a highly emotional climax and, after many vicissitudes, the lovers are reunited to face the future together.

The Dark Angel is a picture you cannot afford to miss. A fine supporting cast is headed by Jane Beecher, John Halliday, Henrietta Crossman and others.

Winners of Free Kelvinators Are Announced by Co.

Five company customers in widely scattered properties, received the thrill of their lives on January 10, when they were selected by the judges as prize winners in the contest sponsored by Kelvinator Co. during Christmas.

Reduction in Toll TELEPHONE RATES Effective January 15, 1936

The following changes are now in effect on telephone toll messages: The Station to Station night rate which has been in effect on all stations calls from 7 o'clock P. M. to 4:30 o'clock A. M. has now been extended and is effective all day on Sundays in addition to previous ruling.

The Person to Person rate has been reduced on all calls from 7 o'clock P. M. to 4:30 o'clock A. M. and this rate also is effective all day Sundays. The same reduction is made on Person to Person calls after 7 o'clock as applies to Station to Station calls.

Thus if there is a saving of 30 cents on a night Person call there will be a corresponding saving of 30 cents on a Person call at night or on Sunday. The following schedule of rates will explain the reduction:

Table with columns: Station to Station (Day, Night or Sunday), Person to Person (Day, Night or Sunday), Report Charge. Rates range from 10 to 30 cents.

If you are in doubt as to how to get the Station to Station rates ask the operator. She will be glad to assist you in getting the rate. Do not call a particular person and expect a station rate. Del Rio & Winter Garden Telephone Co.

How to Keep Colds UNDER better CONTROL

Catching Cold? Vicks VapoRub helps prevent many Colds.

Caught a Cold? Vicks VapoRub helps End a Cold Sooner.

At the first warning nasal irritation, snuffle or sneeze, use Vicks VapoRub—a few drops up each nostril. VapoRub is especially designed for the nose and upper throat—where most colds start. It stimulates Nature's own functions—in the nose—to help prevent colds, and to throw off head colds in their early stages. Used in time, VapoRub helps avoid many colds. Follow Vicks Plan for Better Control of Colds. A helpful guide to fewer colds and shorter colds. Developed by Vicks Chemists and Medical Staff; tested in extensive clinics by practicing physicians—further proved in everyday home use by millions. The Plan is fully explained in each Vicks package.

Rid Yourself of Kidney Poisons

DO you suffer from burning, scanty or too frequent urination; backache, headache, dizziness, loss of energy, leg pains, swellings and puffiness under the eyes? Are you tired, nervous—feel all unstrung and don't know what is wrong? Then give some thought to your kidneys. Be sure they function properly for functional kidney disorder permits excess waste to stay in the blood, and to poison and upset the whole system. Use Doan's Pills. Doan's are for the kidneys only. They are recommended the world over. You can get the genuine, time-tested Doan's at any drug store.

COMMENCEMENT COMES

"You have reached the high point in your life, the grass grows green in the spring, tra-la, and Mary had a little lamb."

Meaningless remarks like these will be heard throughout the land some four months from now when commencement speakers begin their orations.

But what will you, Mr. Senior, in Crane, have accomplished during your four year journey through high school?

Will you have acquired a knowledge and an interest in history and current events that will enable you to take an intelligent part as a voting citizen?

Will you have a knowledge of grammar sufficient to meet the social demands which your success in business may require?

Will you have an appreciation of literature that will help you spend your leisure time in pleasant and profitable way?

Will you have developed your abilities in music, dramatics, and public speaking to the extent that you may contribute to others' pleasure as well as your own?

Will you have acquired a skill in commercial arts so that you may earn your own livelihood?

Will you respect the rights of others, play fair, live cleanly, be honest?

Can U Imagine?

By Nelle Lea

Dick Sullivan taking Mildred Underwood to the show and having to sit on the last row?

Bob Lea going to church? Mildred Fawcett saying she couldn't learn the "Gettysburg Address" on account of "Music Goes Round and Around"?

Sammie Carter and Nelle Lea having a fuss in the hall last week?

A certain boy in this town in love with Constance Richardson? O. T. Schupbach and Mary Ferguson talking to each other before school Tuesday morning?

A boys' glee club in the school? An ex-Eagle from Sul Ross, Savell Lee Sharp, singing in the hall and entertaining the Junior English class?

Lois Taylor, supposed-to-be-dignified senior, going with a junior—Bobbie Lea?

The Sanderson school giving sweaters to the football boys? Mr. Parker sitting on five tacks at one time?

Mildred Underwood and Dick being chaperoned by Mrs. Sullivan?

Mary Ferguson thinking Lloyd Gant the cutest boy in school?

James Allen in love with a very popular high school girl in the junior class?

Pat Sullivan blushing while putting Vauceil Henderson's white gloves on his desk?

NEWS CLUB REORGANIZED

The newspaper club is being reorganized for this second semester as a part of the extra-curricular program. They had a meeting Monday, but they did not appoint the staff. The Editor-in-chief for this week is Sammie Carter. She was elected by the attending members Monday.

This club will have another meeting Monday of next week, and they will elect an editor-in-chief for the entire semester. A staff of reporters will be appointed. Miss Childers is the sponsor.

Work Begun On Extra Curricula

Reorganization of the extra-curricula program at Sanderson high school was begun Monday. The extra-curricula program includes club organization for the various pre-vocational activities. During the fall semester there were six clubs organized and band rehearsal was a part of this program. Two new clubs have been added to the schedule this semester. They are the boys glee club and the girls choral club. Miss Leitha Chaffin will be director for both clubs.

Last Thursday each pupil in the high school and seventh grade was given an opportunity to choose his club again. Many of the students remained in the club of their choice at the beginning of the school year. Each student, however, must be a member of one club and can be a member of two clubs if he chooses, and if there is no conflict.

During the fall semester all the clubs met at the sixth period on Thursday and band rehearsal and the physical education program was apart from the usual schedule. This semester the schedule has been changed to enable some students to remain in the study hall and also to be a member of more than one club. The clubs meet all week on various days but always at the sixth period. This semester physical education, band rehearsal, physics laboratory and assembly are included in the sixth period scheduled for the week in addition to the club meetings.

The new club schedule for the spring semester is: Monday—physics laboratory, speakers' club, newspaper staff and dramatic club; Tuesday is assembly day; Wednesday—band rehearsal, girls physical education, boys glee club; Thursday—band rehearsal, science club, mathematics club and debate club; Friday—physics laboratory, girls physical education, and girls choral club.

Poems by Faculty Member Accepted

Miss Nell Kruger, home economics teacher, has recently been notified that three of her poems written as a hobby while she was attending San Marcos State Teachers College, have been included in a book of verse by a creative literature club of the college.

Miss Kruger explained that she was a member of "The Script," a writers' organization, as part of the English work at San Marcos. This club would read and criticize work contributed by the members and the acceptable articles were included in the annual publication. She explained that the work was free gratis and was contributed by members of this writers' club.

The name of the book is "Modern American Poetry," and is published by the Galleon press.

English Students Make Posters on Dickens' Novel

Have you seen the project work in the English room? It was done last semester by the sophomore class as outside work on "A Tale of Two Cities." The students were asked to make either posters or dolls. They could choose any doll on the poster they preferred. This work was to help them understand the novel and see it in a more realistic light.

"La Guiletine," in miniature, was made by Allen Hardgrave, and is very interesting. It was used as a very sinister object in the novel.

Those who made dolls were Laurence Gutierrez, Bertha Mae O'Bryant, Helen Turner and Edna May Ross.

Those who made posters were Jimmy Goodykoontz, Mildred Haines, Vauceil Henderson and Bennie Mussey.

MUSSELS FOR MUSEUM

A muzzle loading squirrel gun and two bullet molds were presented to the American History museum by Mrs. Clyde Higgins. She has also presented several other interesting relics to the museum since it was started.

15 Players Are Awarded Letters

Presentation of letters and football sweaters was made Friday morning to the fifteen lettermen of the Eagle club. In Supt. R. D. Holt's introductory speech he stated that athletics was not the reason why the students come to school. The principal thing is the work in the different vocations, but basketball, football, and volleyball are offered to the students who make fair grades and those who are interested in athletics. He inferred the old adage that "All work and no play makes Jack a dull boy."

Coach Duane Smith then presented each of the fifteen boys with a sweater. He made talks about each of the boys and they, in turn, responded. Coach reported that Dick Sullivan was elected backfield captain for the year, and Roy Deaton was elected line captain.

The sweaters are burnt orange in color with black letters and stripes. Roy Deaton was chosen center of the southwestern all-district team, and announcement of this fact was made Friday.

Elton Halley was elected all-district halfback; Jesse Lochausen was elected all-district guard, and Albert Appel received honorable mention for all-district work.

Coach Smith and O. T. Schupbach were each presented a gift by Roy and Dick from the entire team. O. T. was also mentioned in their talks for the work he did with the team last season.

Receiving sweaters were Roy Deaton, Dick Sullivan, Elton Halley, Jesse Lochausen, James Allen, Reuben Mussey, Albert Appel, Homer Richardson, Essary Haines, Jack Bogusch, Joe Kerr, Billy Smith, Bob Lea, Pete Deaton, Houston Chandler. Chandler is the only reserve man.

Senior members of the team are Sullivan, R. Deaton, Halley, Lochausen, Mussey, Smith and Pete Deaton.

Volleyball Games Among the Classes

The girls of the eighth and 7th grades are starting a series of intramural volleyball games in round robin tournament style. These games are to be played in the afternoon after school hours.

Last week the freshmen and sophomores tied. The tie will be played off at a future date.

The schedule for the next ten days is as follows: Friday, Jan. 31—Juniors versus Freshmen and Sophomores vs. Seniors.

Wednesday, Feb. 5—Sophomores vs. 7th Grade, and Juniors vs. Seniors.

Friday Feb. 7—Junior vs. 7th Grade, and Seniors vs. Freshmen.

The public is invited to attend these games.

HONOR ROLL

The three students who made the highest grades in high school for the fall term are Anna Lee Allen, Elizabeth Brown, and Mildred Hurst. These three students were given free passes to the Princess Theatre.

Those students who made the honor roll the third six weeks were: Anna Lee Allen, Jack Bogusch, Elizabeth Brown, Lloyd Gant, Jimmy Goodykoontz, Margaret Gregory, Emma Faye Harris, Vauceil Henderson, Mildred Hurst, Bertha Mae O'Bryant.

The students making the honor roll for the fall semester are: Anna Lee Allen, Jack Bogusch, Elizabeth Brown, Jimmy Goodykoontz, Emma Faye Harris, Vauceil Henderson, Mildred Hurst, Bertha Mae O'Bryant, and Mildred Underwood. Those receiving honorable mention for the six weeks are: Adair Edmiston, Mary Ferguson, Allen Hardgrave, Pat Harris, Florence Hurst, Helen Turner and Mildred Underwood. Those receiving honorable mention for the entire term were: Adair Edmiston, Lloyd Gant, Pat Harris, Lois Taylor.

No student can make the honor roll unless he has as many A's as B's.

The average citizen of the U. S. has a better than 2,200 to 1 chance of escaping death in an auto accident.

With the Clubs

Two new clubs have been organized as a part of the extra-curricular program. They are the boys' glee club and the girls' choral club. Miss Leitha Chaffin is the director of both clubs.

The choral club was organized at the beginning of the first semester, but is now a part of the activity program.

The boys' glee club will study cowboy songs. This is the first time that the boys in high school have ever had any one to instruct them in singing cowboy songs.

The supplies for both clubs are very limited, according to Miss Chaffin.

The Dramatic club has been working on monologue and dialogue plays. At a future date this club intends to compete at the district meet for one-acts plays. The one chosen is "Elmer." Their director is Miss Ruth Howell.

The speakers' club, directed by Miss Wade, is reading and studying Texas poems and recitations. The members of this club vary from the 7th to the 11th grades. They will also enter the Inter-scholastic League contest.

Miss Martin conducts the debate club, which is composed mostly of juniors. They are at work on affirmative speeches and they intend to compete at the district meet.

Mr. King visited the band clinic at Fort Stockton Sunday. He says that the band program there is very interesting. The different band directors are working for intonation, which is needed in our band. Intonation is tuning of instruments in the same octave.

The science club gives reports at the weekly meetings, which are taken from the popular science magazines. Coach Smith is director of this club.

The Math club met yesterday for the first time since mid-term. Mr. Roscoe Parker is director.

Hi Cagers Cop 2 From Rankin Five

Wednesday night of this week the Eagles returned their games with Rankin and the first team defeated the Badgers with a score of 41-25. All men scored during the evening. The second team were the victors with a score of 18-6.

The week end of January 19th Rankin played two games here in the high school gym and were defeated in both games.

The members of the first team playing Wednesday night were Halley, Lochausen, Deaton, Sullivan and Bogusch, reserve. The second team is composed of Lloyd Gant, Bob Lea, Albert Appel, Joe Kerr and Bogusch.

HOBBIES AND SUPERSTITIONS OF THE S. H. S. ATHLETES

Dutch Halley—I don't like black cats, but I sure like to go to Alpine.

Roy Deaton—I hate black cats, but I'm nuts about all sports.

Albert Appel—Football is my hobby, but I don't like to wear jersey number "13."

Homer Richardson—I don't like number 13.

Joe Kerr—I don't like to talk to girls.

Jack Bogusch—I can't think of any superstitions. Athletics is my hobby.

Houston Chandler—I'm superstitious of left handed people.

Dick Sullivan—Loafing is my hobby, and I'm superstitious of all girls.

Bob Lea—I'm superstitious of stealing and my hobby is eating.

Si Mussey—I like to play marbles, because it isn't so rough.

Jesse Lochausen—I won't walk under a ladder and I have no hobby.

James Allen—I like new uniforms. I am not superstitious.

Essary Haines—I'm not superstitious, but my hobby is eating.

Billy Smith—I'm not a bit superstitious. My hobby is reading.

Pete Deaton—I'm scared of black cats, but I have no hobby.

TO SCHOOL AT FT. WORTH
Jack Hardgrave, ex-Eagle, left Sunday for Fort Worth, where he is enlisted in the Rural Life College of Texas. This school has just been organized, and Jack is one of its first students. Classes start on February 16, 1936.

Eagle Quint Fail To Place in the Ozona Tourney

Ozona won her own tournament last week by defeating Big Lake, defending champions, by a score of 25 to 15. This is the first time Ozona has ever triumphed in this tournament.

Sanderson's first game was with Iraan and they defeated the Braves in the last three minutes of the game, 21 to 20. Ozona defeated Sanderson in the Eagles' second game, the score being 28 to 14.

In 1934 the Eagles won the Ozona tournament, and in 1935 they won the consolation trophy.

A feature of the Ozona tournament was a game between the coaches east and west of the Pecos river. Coach Duane Smith played forward on the "West" and the winning team.

Deaton, Lochausen, Sullivan, Halley, Mussey and Bogusch were the first team men participating in the tournament.

Elton Halley was high point man for Sanderson, and was afterwards named as forward on the second all-tournament team.

Class Collecting Clippings of Texas

Each member of the Texas History class will keep a scrap book of clippings on Texas history. A notebook for outline and reading information is to be kept.

One shelf in the library has been assigned to books of Texas history and everyone is asked to contribute.

The class is to have a term paper which is to be used as an entry in the Centennial contest in this county. The class has been divided into committees and each will contribute clippings to the bulletin board for one week.

RESOLUTIONS OF THE SENIORS

Anna Lee Allen—To graduate from Sanderson high in May 1936.

Florence Hurst—To become a blonde and write a book on Albert's and Mildred's love.

Mary Ferguson—To have more dates with Lloyd Ray in the future.

Lois Taylor—To grow as tall as Roy and wear dark glasses, so she will not be able to wink at the boys.

Lillian Halley—To catch every stray boy friend and not miss a date to the shows.

Florence Van Cleave—To pay more attention in geometry class and to stop flirting with Marion King.

Olivia Gutierrez—To stop flirting with Dick Mussey.

Roy Deaton—To do everything right and not left.

Jesse Lochausen—To keep his shoes shined and his educated toe in good condition.

Bernard Kerr—Not to hit a foul note on his horn.

Melven Pollard—To keep his shoes slick, so he can dance up to El Paso and see Manical.

O. T. Schupbach—Not to get mad at Otis Timrod, and not to run out of words any more.

Dutch Halley—To keep on saving pennies so he and Frances can go to the dances.

Bunk Mussey—To establish the most improved hobby horse factory in the world.

Pete Deaton—To let his hair grow back to natural color.

Dick Sullivan—Not to miss a senior class meeting.

Curly Gant—To keep his hair curly and to make the all-district basketball team.

Billy Smith—Not to miss the bus.

Jr. Lemons—To become a professor in the future.

Vick Newton—To write a letter a day to his girl in Valentine.

EX-STUDENTS VISIT

Jack Deaton and Savell Lee sharp, ex-students, were visitors at the Sanderson high school early Monday morning. They are both freshman students at the Sul Ross State Teachers College, Alpine. Deaton and Sharp were at home for a short holiday before registration for the spring term at Alpine.

Total \$46,179.00

Note: The above budget figures for the Terrell county schools represent estimates of what the income for the schools would be if one hundred per cent collections were made. This is never the case. The estimated expenditure is far above what is actually spent and merely represents what is needed for the best maintenance and operation of the public schools. This is not the official budget for the school district. The estimates of the income for the schools are based on exact figures, but as collections are usually far behind, the amounts spent for the schools are far under the figures estimated on most of the items or expenditures.

P. T. A. to Hold Meeting Thursday

According to the year book of the Sanderson Parent-Teacher organization, Mr. E. W. Hardgrave is leader for the February program which will be held next Thursday night, February 6, at 7:30 p. m. in the high school auditorium. The subject of the program is "The Spirit of Founders Day." The special feature of the program is a cake sale in the home economics room.

Mrs. J. H. Lochausen will speak on "Looking Backward and Forward," and a special number will be presented by the third grade. P. T. A. members are scheduled to present a playlet. The Reverend Philip Brown will conduct the opening prayer and preliminary music will be furnished by the high school band.

Eagle Dribblers Off for McCamey

The Eagles leave bright and early in the morning to participate in the McCamey tournament. They will play Big Lake at 10:30 o'clock. Big Lake was the defending champion in the Ozona tournament and lost to Ozona in the finals Saturday night.

Coach Smith announced that he would take the same players with him that he took to Rankin Wednesday night. The first team includes Lochausen, Sullivan, Deaton, Mussey and Halley, with J. Bogusch as reserve.

He stated he planned also to take Appel and Gant along with the regular team.

SANDERSON HI'S IDEAL BOY WOULD HAVE—

Dick Sullivan's hair. Essary Haines' eyes. Jesse Lochausen's ears. Pat Sullivan's lips. Albert Appel's physique. Lloyd Gant's popularity. Pat Harris' friendliness. E. Halley's football ability. Jack Bogusch's intellect. Howard Black's singing. O. T. Schupbach's laugh. J. Allen's sunny disposition.

Jr. Literary Guild

By Earl Hurst

The sixth meeting of the junior literary guild was held on January 24, 1936 in the sixth grade English room.

Earl Hurst, president, opened the meeting by turning it over to Campbell Kerr, who was the program leader. Bernice Harris, secretary, was absent. Margaret Arrington gave a story of the life of King Edward, the eighth, and Roberta Lochausen gave a story of the life of King George.

The club then had their election for a president, secretary and treasurer. Earl Hurst was elected president; Bernice Harris was elected secretary; and Patine Bell was elected treasurer.

John Hardgrave gave a library report and Earl Hurst gave a talk on the new books presented by a few of the members.

A report on "The Mysterious Monoplane" was made by Jimmy Wilkinson and Lois May Bass reported on "Mr. Melancho Coon."
