Western Pacific to Spend \$41,000,000 Improvements on Entire System

Business on faster trains
costs and an appropriate
\$41,000,000 for new rolling
stock to speed up the 1936 activities
of the Western Pacific Lines as
stated in a statement
by J. E. McDonald, president.

McDonald said 1936 freight
traffic was up 30
per cent above 1935
and passenger traffic was up 30
per cent. The speed of freight
trains in Louisiana
increased 23 per cent on
average and more than 50 per
cent in other instances. Freight
charges were reduced 23 per cent, per ton
mile, and passenger charges and
passage have been reduced 10 per cent, per passenger mile.

\$41,000,000 will buy 5,525
new cars, 46 locomotives,
and light streamlined pas-
senger cars. McDonald said
\$25,000,000 of this ap-
propriation is for 1937 expendi-
ture in the new pur-
chases and a new stream-
lined owned and operated
by the Southern Pacific,
Chicago and St. Louis
and some of the money
of the Southern Pacific's
half of 4,700 new re-
arrrangements ordered by the Pa-
cific Express company, and
the appropriation will
be used for building cars for gen-
eral extension of air-
ing in passenger service.
McDonald said the 1937 budget
for equipment and
materials will be \$66,500,000,
about 11 per cent above
the budget for last year.

McDonald said that
the interest of the general
public has been focused on pas-
senger improvements, the
and improvements in
service has been equally if
important. Among these
improvements he mentioned the
and delivery service per-
sonnel shipment of
freight cars to
the forward
by railroads depends
volume of traffic they
McDonald said. "The
imposed by law and
under which they op-
erated with other
transportation, and when
singled out for spe-
cial and restrictions com-
pare other industries."

Know Texas

(Compiled by TSCW, CIA)

Denton.—Beginning with this
issue the Times will bring to its
readers a series of short feature
articles intended to better ac-
quaint them with a "greater Tex-
as." The leading industries, cities,
geographical points of interest,
recreational spots, etc., will be
dealt with in the light of the most
recent facts available.

Overshadowing all other indus-
tries are those of oil, cotton and
cattle, but dozens of others are
rapidly coming to the fore; some
may become rivals of those which
now hold leadership.

Few people probably realize
that Texas produces about 75 per
cent of the sulphur used in the
United States and a large propor-
tion of the supply used through-
out the world. Texas sulphur is
more than 99 per cent pure as a
rule, and nearly a million and a
half tons are produced annually,
this amount having a value of be-
tween 25 and 27 million dollars.

First to claim a producing com-
pany was Brazoria county where
the Freeport Sulphur company
began operations. Today Mata-
gordo, Wharton, and Duval coun-
ties are producing most of the
Texas sulphur. Reeves and Cul-
bertson counties are known to
contain extensive deposits of sul-
phur, but no production compan-
ies are as yet operating there.

You're Going to Pay High for Fun During New Year

Dallas, Dec. 27.—Heads of Texas
households with a penchant for
amusement and a few luxuries
must figure in their 1937 budgets
a new item—the state's "cut" on
practically every expenditure for
amusement.

It will be paid in dribbles—pen-
nies here and there—but when
books are closed on the 12-month
period, beginning next Friday—
January 1—those little acorns will
have grown into sizeable oaks.

The man who pays for 2 pack-
ages of cigarettes a day; buys a
pint of liquor a week, a bottle of
beer now and then; takes his wife
to a good movie once a week, or
goes dancing twice a month and
spends \$20 a year for race, opera,
football or other tickets, will pay
the treasury approximately \$38.98
in the good year 1937.

If he bets on races, plays mar-
ble machines, or borrows money
from the bank, up goes the total.
The Texas legislature which at
various times has passed bills to
make illegal nearly every form of
amusement turned to most of
these taxes during nearly its last
session in a frantic effort to meet
demands of the old age pension
amendment.

Uvalde Man Will
Head the State
Race Commission

Austin, Jan. 4.—Governor All-
red today announced appointment
of Dolph Briscoe of Uvalde as
chairman of the racing commis-
sion, after Jay Taylor of Amar-
illo, who previously had accepted
an appointment to the position,
reconsidered and declined.

How's Your New Year's Resolutions Holding Out?

Drilling in Bates-Felps Test Halted By Fishing Job; Good Showing of Oil

Services Held for F. B. Carter, 80, Thursday, at 4:00

Funeral services were held here
Thursday afternoon for F. B. Car-
ter, who passed away early that
morning at his home in this city.
Mr. Carter had been in ill health
for some time, but was able to be
up and about, and the serious
change in his condition did not
occur until Wednesday.

He and Mrs. Carter recently
moved here from Dryden where
they had been operating a hotel
for a number of years. Previous
to operating the hotel they oper-
ated the Kerr Hotel in this place
for a number of years.

At the time of his death Mr.
Carter lacked but one day of be-
ing 80 years of age. He was born
January 8, 1857.

A more extended obituary will
appear in next week's Times.

SUFFERS STROKE

Mrs. Tip Frazier and brother,
Francis Mansfield, left Thursday
at noon for Uvalde in response to
a message stating their mother,
Mrs. W. H. Mansfield, had suffer-
ed a paralytic stroke.

Edwards County Pioneer Dies in S. A. Hospital

Word was received in Sanderson
early Wednesday morning by
Joe F. Brown telling of the death
of his father, which occurred at
the M. & S. hospital in San An-
tonio. Mr. and Mrs. Brown and
her mother, Mrs. M. J. Suhrlay,
left for Rocksprings where fune-
ral services were to be held, prob-
ably Friday.

Mr. Brown was a pioneer resi-
dent of Edwards county, having
resided there for more than fifty
years. He was a retired rancher
and at one time was mayor of
Rocksprings. For the last few
years he had been making San
Antonio his home. He was a fre-
quent visitor in Sanderson and
was interested with his son in the
ranching business in this county,
purchasing the J. E. Carter estate
ranch holdings about ten years
ago.

He is survived by his widow,
several sons and daughters be-
sides his son who lives here.

Texas Received Lion's Share of Federal Funds

Austin, Dec. 30.—Texas received
more federal aid for highways
during the fiscal year 1936 than
any other state, figures in the an-
nual report of T. H. McDonald,
chief of the federal bureau of
public roads, disclosed.

In federal aid for 1936 and 1937
for the emergency works program
and grade crossing elimination
Texas received \$38,394,153 com-
pared to \$36,930,276 for New York
which ranked second. In funds
paid to states during the last fiscal
year Texas led with \$15,604,-
940, followed by Michigan with
\$11,582,121. In funds allotted to
projects completed during the fis-
cal year 1936 Texas was first with
\$15,623,248 and Illinois was second
with \$12,416,675.

RAZING OLD LANDMARK

A crew of workmen have been
busy this week tearing down the
house owned by Jim Kerr, locat-
ed on Oak street next door to his
residence. This is one of the
oldest homes in Sanderson, hav-
ing been built more than 40 years
ago, and was occupied by Mrs. W.
R. Ellis for more than thirty-five
years, prior to her leaving in the
early fall for El Paso to make her
home.

No other building will be erect-
ed on the site as Mrs. Kerr plans
to beautify the grounds, planting
shrubs and grass, which will
enhance the beauty of her yard.

MRS. HARRISON ILL

Mrs. John Harrison, who has
been in Del Rio since last Friday
due to illness, was able to leave
the Williams sanitarium in that
city on Monday of this week and
go to the home of her parents,
Mr. and Mrs. John Y. Long. Mrs.
Harrison will probably be able to
return to her home here by the
latter part of the week.

ATTENDS MEETING

Those from Sanderson who at-
tended to Crane Tuesday to attend
the regular meeting of the Pecos
Valley Baptist Association includ-
ed Rev. and Mrs. D. C. Bandy,
Mr. and Mrs. D. L. Duke, Mes-
dames O. H. McAdams and Odie
Wickliffe.

Local Conductor Has Arm Mangled While Leaving Yards at Valentine; Member Amputated Below Shoulder

Quartet Del Rio Officials to Face Trial Jan. 14th

Del Rio, Jan. 5.—January 14
has been set as the date for the
trial of the city cases in district
court. The first cases were set
for January 7.

Court attaches indicated that it
is not likely that the old indict-
ments against the officials will be
tried, as the state anticipates mo-
tion will be made to quash them
because a grand juror who it is
claimed was disqualified sat in on
the return of the indictments.

New indictments against both
City Commissioners Koog and
Averill, as well as against City
Secretary Howard and C. A. Cripe
San Antonio contractor, were re-
turned by the grand jury Satur-
day when they also indicted the
mayor, Thomas M. Johnson.

Witnesses for the state were
summoned to appear Jan. 7, but
notices were sent out Tuesday by
District Attorney LaCrosse notifi-
ng them to appear Jan. 14.

One of the joint indictments
against Mayor Johnson, the com-
missioners and the city secretary
charges embezzlement in the mat-
ter of a resolution appropriating
\$2,350 of city funds for the de-
fense of city officials under crim-
inal indictment.

CLYDE DEATON ILL

Clyde Deaton, former resi-
dent of Sanderson, but who has been
making his home at Balmorhea
and Van Horn recently, has been
seriously ill, according to the
Hudspeth County News, publish-
ed at Sierra Blanca. Mr. Deaton
was reported very ill from blood
poisoning the first of last week.
Later reports were to the effect
that his condition was improved.
He is a brother of Ira Deaton,
Terrell county ranchman, and of
John Deaton, T. & N. O. section
foreman at Longfellow.

Harris Retires as S. P. Official; J. J. Cato Selected

J. L. Cato of San Antonio was
appointed master mechanic of the
Southern Pacific Lines, and will
have headquarters in El Paso. The
appointment was effective Fri-
day, January 1.

H. D. "Boomer" Williams is re-
covering at the Peterson hospital,
Marfa, from injuries sustained last
Thursday afternoon at Valentine.
Williams, a conductor on the
west end division of the T. & N.
O., was on his return trip here
when he accidentally slipped and
fell under the wheels of the ca-
boose of his freight train. The
train was leaving the yards, and
Williams, in attempting to board
the front end of the caboose slip-
ped and was thrown under the
wheels, which passed over his
right arm, badly mangling that
member. He also sustained a bad
cut on the head and body bruises.

The train was stopped immedi-
ately, and Williams was placed in
a car and rushed to Marfa, where
it was necessary to amputate his
arm about five inches below his
shoulder.

Mrs. Williams was notified of
the accident and left immediately
and was at his bedside soon after
he reached the hospital and has
been with him all week.

Late reports were that Mr. Wil-
liams was getting along as well as
could be expected and, barring
complications, will soon be able to
leave the hospital.

Tax Payments in Terrell Lag; Only 90 Pay Poll Tax

Payment of poll taxes in this
county is lagging far behind, ac-
cording to reports from the office
of the assessor-collector. Up to
Wednesday morning only 90 poll
tax receipts had been issued.

Last year eligible voters in this
county who had poll tax receipts
participated in five elections, and
while this year is not an election
year, being styled an "off year,"
a poll tax receipt will be needed
should an election be called for
any purpose. The only election
scheduled to date is that of school
trustee, which will be held in the
early part of April.

Property owners have been
rather slow in paying their taxes
and, so far, only 163 receipts have
been issued from the current tax
rolls. Those who did not take ad-
vantage of the split-tax payment
by paying part of their taxes on
or before November 30, 1936, must
pay their taxes in full on or be-
fore January 31, 1937, in order to
avoid penalty and interest.

RECEIVES CAR OF AUTOS

W. J. Ferguson, local Ford deal-
er, was busy Monday of this week
unloading a car of 1937 model
Fords. Included in the shipment
were a Ford V-8 truck, a pickup,
and two passenger cars; a Ford
and a Tudor sedan. The pickup
was delivered that afternoon to E.
W. Hardgrave, local ranchman.

COMMISSIONERS TO MEET

The regular monthly meeting of
the commissioners' court of Ter-
rell county will be held next
Monday, January 11, at which
time the members will attend to
regular monthly business and any
other business that comes before
that body.

ALLRED SELECTS BOBBIT
TO HIGHWAY COMMISSION

A news dispatch from Austin
on Wednesday evening of this
week is to the effect that Govern-
nor James V. Allred has named
Robert Lee Bobbit to succeed D.
K. Martin on the Texas Highway
Commission. The dispatch fur-
ther states that Mr. Hines, present
chairman of the commission will
appoint Bobbit chairman as soon
as he is passed upon by the legis-
lature.

Mr. Bobbit, it was stated, did
not seek the job.

Revaluation of School Lands Has Strong Oppositor

Austin, Jan. 5.—A resolution adopted by 800 Texas school administrators here today asked the Legislature not to grant authority for revaluation of public school lands or remit interest payments to the state school funds.

The administrators also requested the Legislature to give the State Board of Education control over the lands similar to that granted the board of regents over University of Texas lands.

"We estimate the schools have lost more than \$70,000,000 thru revaluation and loss of mineral rights," C. M. Elwell, director of equalization, said.

The group also recommended establishment of an elementary division in the State Department of Education since 78 per cent of the children and 73 per cent of the teachers are concerned.

Another resolution requested schools be permitted to requisition several different texts in any subject so long as the total number did not exceed the number of children served.

After lengthy discussion, the educators went on record in favor of a 12-grade instead of the present 11-grade school system.

Reuben Mussey who visited his parents, Mr. and Mrs. R. B. Mussey during the holidays, has returned to Stephenville, and will resume his studies at John Tarleton College.

epitomized the fearlessness and idealism which stands as a guiding beacon to those who fly the airways.

Through the story runs the stormy romance of Judith Barrett, as Helen Brooks and of William Hall, as Guy Edwards, the ace pilot. She wants so greatly to be an air hostess that she risks her life to get the job. He falls in love with her, but he thinks there is no place for women in the air.

Their love runs a turbulent course before she proves to him that woman's emancipation extends to the air as well as land.

Andy Devine and Ella Logan, the radio star making her first screen appearance, contribute delightful comedy situations.

GREAT CAST OF STAR IN 'DODSWORTH,' A STORY BY SINCLAIR LEWIS

Sinclair Lewis' 'Dodsworth' which thrilled millions as a novel and as a stage play, now comes to the screen in Samuel Goldwyn's film production which begins a two-day run at the Princess, next Wednesday and Thursday, January 13 and 14, with Walter Huston, Ruth Chatterton, Mary Astor, Paul Lukas and David Niven in the leading roles.

Huston again plays the title role of Sam Dodsworth, the easy-going American husband, who retires to travel and find himself, but in stead finds out his frivolous, selfish and extravagant wife.

Dodsworth who retires after years of hard driving work, building up his motor car business and indulging the whims of his pretty wife, Fran, who yearns for one last fling before settling down to middle age.

The sail on the Queen Mary, and after a series of flirtations on shipboard and in Paris, Fran meets Kurt Von Obersdorf, an impoverished young Austrian, who asks here to marry him. She divorces Dodsworth, who is left to wander miserably through Europe alone. In Italy he meets a Mrs. Cortright, a fine, sympathetic woman, and they fall in love. When Fran's plans fall through, she sends for him and he gives up his own happiness to join her. But the contrast with Mrs. Cortright is too great. He sees Fran at last for what she really is and returns to the woman he loves.

Origin of Chinese Laundrymen

THE Chinese are admittedly the best hand laundrymen in the world. No American town would be complete without its "Chink" and his hole-in-the-wall laundry.

The Chinese first got into the clothes washing business through a queer set of circumstances. Back in the years around the California gold rush of 1849, miners on the west coast found they were unable to hire people to do menial labor for love or money. Everyone had come to California to dig for gold and nothing else. So desperate did their straits become that many sent their clothes all the way to Hawaii and even to China to have them washed. This was China's original contact with the American laundry business.

When the first transcontinental railway line was being built many years later, whole shiploads of Chinese were imported because of their cheapness and industry to work on the road bed. After the line was finished, many Chinese wanted to remain and make their fortune in the new land of opportunity.

But they quickly found that due to temperamental and language barriers, the doors of most businesses were closed to them. They had to find a business requiring little capital or education, and where they would be their own masters and have few contacts with Westerners.

The laundry business was one of the few which met these requirements. Many of the original Chinese and their descendants have become well-to-do in it.

Job Seekers Are Beseiging Capital

Austin, Jan. 5.—Texas legislators arriving in Austin a week ahead of the start of the long biennial session were forced today to spend much time listening to pleas of applicants for elective or appointive jobs.

They found time, however to discuss the race for speaker of the House and to speculate on assignments to important committee chairmanships.

The major development in the speakership situation was an announcement by Representative R. Emmett Morse of Houston, one of the four prospective candidates, that his present intention was to remain out of the race.

Representative Robert W. Calvert of Hillsboro, Governor Allred's choice for the post, was the only candidate who had opened headquarters. His friends claimed a majority of the members of the House.

H. G. and Felix Holt, joint partners in the Buffet Restaurant, motored to Del Rio yesterday and attended to business matters.

Clyde Morris, manager of the local plant of the Community Public Service Co., was a business visitor in Pecos Wednesday.

During 1936 nearly 3,000,000 people visited the national capital (a record year), approximately a million more than in 1935.

Current Comment

Back to school again after the holidays and only two weeks to go until the mid-term exams! Take my advice and start studying right now and you won't have to cram!

Be in style and make some New Year's resolutions, like the teachers.

Mumps seem to be the common topic of conversation now. So to practice good citizenship, we hope you don't get them.

The boys got their sweaters on Tuesday morning of this week, and we liked to hear them say their little speeches just as much as they liked to say them.

We are sorry that Mr. Caraway isn't at school these days. We hope to be just as smart as ever when he gets back, as Mr. Holt is helping us to improve our reasoning power.

Mrs. Holt is proud of the letter she has received from Dr. George C. Shuttis, text book author, explaining a geometry problem.

Somebody tell Prince what a pony is. I mean the kind we use in geometry.

Resolutions

Dorothy Lewellen resolves to quit turning and look at the boys in Miss Leath's classes.

Vauceel Henderson resolves to dye her hair red and her eyelashes and eyebrows black.

Miss Leath resolves to buy a set of blinders for Patrick Sullivan before the girls blind him with their glances.

Mr. Caraway resolves never again get the swelled jaws.

Coach resolves to be nicer to us curious folks and open his presents in public.

Earl Hurst resolves to dye his hair black and white to match Jeep's.

Ethel Laura resolves to keep her holdin's.

Some football boy (was it you, James?) resolves to control his laughs.

Sammie Carter resolves to let Neele Lea have a chance with Albert Appel.

Nelle Lea resolves to beat Bobbie by getting on the honor roll the next time.

Mildred Underwood resolves to get married in 1044. (Don't forget it will be leap year then). Now, isn't she optimistic?

Boy Scouts Organize Four Exciting Contest Which Will Close February 2

At a regular weekly boy scout meeting held last Tuesday night, the thirty-two scouts present decided to organize their membership into four patrols—the Eagle patrol, Wolf patrol, Panther patrol and Horse patrol, and to start a contest which will close on February 2.

A system was worked out at the Tuesday night meeting by which the scouts can enjoy patrol competition. This system is in the form of a contest based on a point system. The points are based on the following rules:

1. Any boy who becomes a tenderfoot receives 5 points for his patrol.

2. Any boy becoming a second-class makes 10 points for his patrol.

3. First-class scouts makes 15 points.

4. A Star scout makes 20 points for his patrol.

5. A life scout makes 25 points.

6. For any higher classification attained by a scout 50 points are awarded his patrol.

7. For each merit badge a scout earns, his patrol receives 3 points.

Other rules for which award points are given in this contest are: For competition in handcraft work, scouts will receive from one to 20 points, the number to be determined by the type of their work. Al Creigh made the first points in this department. For boys participating in hikes they will receive three points for their patrol. The best patrol at the end of each judged on these contest rules is to receive 10 points. The patrol making the greatest improvement at the close of this contest will receive 50 points. The contest closes February 2.

For each patrol having 100 per cent attendance each week, eight points will be awarded. Five points will be awarded the patrol having one absentee. Each patrol obtaining a new member receives 5 points.

Other points may be obtained in the following manner: Each scout who attains a complete uniform receives 50 points for his patrol. Relics brought in by the scouts are worth 1 to 10 points, depending on their historical value. Special contests will be held during the life of the contest and first place winner will receive 10 points for his patrol; second place winner 5 points, and third place winner 2 points.

The membership of the patrols is as follows:

Horse Patrol—Robert Loehausen, Jimmy Wilkinson, Malcolm Davis, C. G. Carpenter, Martin Bodkin, Al Creigh, Bert Herbert, James O'Connor, James Blackwelder, Weldon Blackwelder.

Panther Patrol—John Clark, Marshall Cook, John Hardgrave, Earl Hurst, Curtis Litton, Mack Mims, Hook McDonald, Pat Harris, Ross Stavley, Frank Stavley.

Eagle Patrol—Kenneth Litton, Hicks Canon, Clyde Morris, James McDonald, Theo McDonald, Eugene McSparran Albert Weigand.

Wolf Patrol—Troy Druce, Wilton Dishman, Campbell Kerr, Bill Cargile, Ross Underwood, Julian O'Bryant and Harry Lewellen.

Coach Duane Smith is scoutmaster.

STUDYING TELEPHONES

The Junior Business Training class hopes to make a bigger success in its study this term. Telephones are being studied now, posters are being made and stories of the telephone are being learned. They hope that Miss Childers can teach them the correct way to use each type of telephone so that when occasion to use a telephone arises it will be easier and more convenient.

THEMES AND BOOK REPORTS

The date, January 8, has arrived and the two things that cause most trouble—term theme and book reports—arrives with it. We hope that all students have read their books and written their themes so they will get a good grade in English.

Shorthand Class To Enter II Meet

The first shorthand contest will be held this year as a part of the Interscholastic League program. There are eighteen members of the shorthand class in Sanderson high school, and Miss Childers is hoping to enter contestants in the spring meets.

Each school entering the contests shall be required to enter a team of two as a minimum; however there be as many as five contestants from each school in the county meet. The first three place winners from the county will be allowed to participate in the district contests.

Each contestant will be given a number and that number placed on his contest sheet so that the identity of the individual is withheld until the awards are made.

All tests must be exactly five minutes in length. The contest material shall be dictated as follows: County, 60 and 70 words a minute; district 70 and 80 words a minute; regional 80 and 90 words a minute, and state 90 and 700 words a minute.

The Snooper

Marjorie Canon must have been successful in her undertaking, because she did rate a Christmas present from him. When the football boys made their speeches just before receiving their sweaters, not a speech lasted over 30 seconds. That shows there are no Huey Longs in Sanderson high school.

Coach Smith and Coach Caraway were presented with gifts by the football boys; but don't worry, they didn't show them to the audience.

Ruth Murray, after her operation, is not able to climb the steps to attend certain classes. But I haven't seeing her crying about it.

At Dorothy Lewellen's everything seems to be quiet on the southern front. Maybe it's just the calm that follows the holidays.

Mr. Holt made a statement that he heard a student say he wasn't glad school had started. I noticed that Mr. Holt didn't give his opinion because, I imagine, he didn't want to repeat the same thing over again.

Monday morning the teachers were asked to tell how they are going to begin the new year. They got along fine, but Mrs. Ulbricht had a hard time beginning her year (or speech).

Whew! "Seventeen coal black horses in a row." Only this time it was seventeen black sweaters with orange letters and stripes.

Wilburn Short thinks his girl became angry with him just because he missed a certain Sunday going to see her. Is he right?

Now we can't say only 10 or more days until the Christmas holidays; but we have to say five more months until school is out.

What will the senior girls do when they finish high school? I heard the other day that one of them was going to make a housewife. Which one will be first?

The basketball boys and the Coach, Mr. Smith are the volleyball girls' competition now, and I haven't heard the girls brag a single time about a victory while practicing with them.

Bi-County Meet Discussed by Staff

Discussion of a bi-county Interscholastic League meet has been brought up in high school faculty meetings and was mentioned Monday morning to the assembled high school students. There is no definite announcement to make concerning such an arrangement until the representatives from the schools of Brewster and Terrell counties meet.

The bi-county meet will be between the Alpine high school, the Marathon high school and Sanderson high school. First and second place winners will represent the bi-county organization at the district meet.

This bi-county meet will take the place of a county meet for Sanderson, since there is no other high school in the county for competition.

Four reserves, Hicks Canon, Bobbie Allen, Robert Chandler and C. G. Carpenter were also presented sweaters.

Albert Appel is the only three-letter man, while Jack Bogusch, Joe Kerr, James Allen and Essary Haines lettered for their second year.

Volleyball Girls Practice Hard for Marathon Joust

The volleyball girls have been coming out every Monday and Wednesday afternoon for volleyball practice. This week they will practice every afternoon in preparation for their games with Marathon on January 15 on the Sanderson court. Their plan, at the present time are not complete.

Monday afternoon the Sanderson high school basketball team played the volleyball girls, which the girls claimed, limbered them up for their game with Marathon.

Jobs Now Open To Students in High. Under NYA

Jobs are open to boys and girls of Sanderson high school between the ages of 16 and 25 years, as a part of the federal relief program under the National Youth Administration.

The maximum salary paid is \$6 per month for the purpose of paying expenses for schooling.

Three applications have been received and their names sent to the district supervisor, and he passes them on. Applicants must be scholastics and have high standards.

Several ex-students and out-of-town people were visitors to the Sanderson high school Monday and Tuesday, December 21 and 22.

The graduates who visited were Melven Pollard and Jesse Loehausen who are attending Schreiner Institute at Kerrville; W. H. Lemons, from Texas Tech at Lubbock; Jack Hardgrave and Anna Lee Allen, students at Abilene Christian College, Abilene.

Mr. Guy Scruggs, instructor of history at A. C. C. Academy, was a visitor, and did some work while he was here. W. A. Banner, father of Mary Beth Banner, a student, visited the high school Tuesday.

Mr. Banner is an ex-student of Sanderson high school. Jack and Roy Deaton, home from Texas Tech spent part of Monday and Tuesday visiting in high school.

NICE CHRISTMAS GIFT

One year's subscription to the Nature Magazine was a Christmas present to Sanderson high school from Mrs. Mary E. Mitchell, according to a notice received this week. Mrs. Mitchell has donated several books and magazines to the school library this year and during former school years.

THREE TEACHERS ILL

Three members of the faculty have been absent from school this week due to illness. Mr. A. B. Caraway, the mathematics teacher and assistant coach, has been ill with mumps; Mrs. Holt is taking his classes. Mr. Bernie Morgan, principal of grammar school, has also been out with mumps, and Mrs. Ervin Grigsby is substituting for him. Miss Martha Anderson was ill Wednesday and Mrs. McDuffy Kessler is substituting for her in the Mexican primary work.

H. E. CLASS BUDGETING

The beginning of the clothing unit will soon start in the H. E. department, and now the girls are keeping a budget on how much money they spend on clothing and for entertainment.

Thirteen Vets, 4 Reserves Receive Sweaters Tuesday

In assembly Tuesday morning thirteen lettermen and four reserves received football sweaters. The sweaters, black with orange letters and service stripes, are a reverse in color from those of last year. After speeches by Mr. Holt and Coach Smith incident to the past season, the boys all had a chance to say a few words.

Mr. Smith presented sweaters to five seniors: Co-captain Albert Appel, Co-captain Jack Bogusch, Joe Kerr, James Allen and Pat Sullivan. The juniors were Esary Haines, Houston Chandler, Troy Druce and Wilburn Short. Freshmen were: Robert Loehausen, Leto Fierro and Wilton Dishman. One was one the seventh grade—Tommy Billings.

Four reserves, Hicks Canon, Bobbie Allen, Robert Chandler and C. G. Carpenter were also presented sweaters.

Albert Appel is the only three-letter man, while Jack Bogusch, Joe Kerr, James Allen and Esary Haines lettered for their second year.

Fourteen Cagers Tune for Tourney in Ozona on 15th

Fourteen high school boys are reporting for daily basketball practice in the gymnasium this week. In Mr. Caraway's absence Mr. Smith is acting as coach. The fourteen boys include the first and second strings.

All efforts to schedule a basketball game for this week end proved unsuccessful. The first scheduled games for this month will be January 15 and 16, when the Sanderson Eagles will participate in the Ozona invitation tournament there. This tournament is an annual affair and the Eagles have been attending it since 1934 when they came out champions of the tournament. In 1935 the Eagles won the consolation award.

Ex-Student Visit Sanderson H. S.

Several ex-students and out-of-town people were visitors to the Sanderson high school Monday and Tuesday, December 21 and 22.

The graduates who visited were Melven Pollard and Jesse Loehausen who are attending Schreiner Institute at Kerrville; W. H. Lemons, from Texas Tech at Lubbock; Jack Hardgrave and Anna Lee Allen, students at Abilene Christian College, Abilene.

Mr. Guy Scruggs, instructor of history at A. C. C. Academy, was a visitor, and did some work while he was here. W. A. Banner, father of Mary Beth Banner, a student, visited the high school Tuesday.

Mr. Banner is an ex-student of Sanderson high school. Jack and Roy Deaton, home from Texas Tech spent part of Monday and Tuesday visiting in high school.

First Grade

The first grade children seemed happy to get back to work after their holiday. They have had interesting discussions on what they wished for and what they actually received for Christmas. Interesting readings and number material was supplied by children bringing some of their toys to school.

Several children were unable to return to school this week because of mumps and influenza.

The class regrets that James and Raymond Fuller are moving away. They are going to San Antonio.

State Control of Munitions Step To World Peace

By Mildred Hurst

I am sure that none of you have gone through the past year without having heard rumors of war on every side. Wars are being fought all the time and, knowing the horrors of war, we all shudder at the very thought of it. We are tempted to ask, "What causes these wars?" An answer, in part, is the influence private manufacturers of munitions exert over governments of different countries of the world. Surely, now that we know the evils of private munitions companies, we must all agree that something must be done to curb the influence of these "merchants of death."

A remedy has been suggested to abolish these evils, that the government should take control of the manufacture of munitions of war. This remedy is both desirable and practical.

The nationalization of munitions of war would remove the profit motive from war. Private munitions companies send out false reports and create war scares to further the sale of their death-dealing products. Under a government monopoly this would cease because there would be no need of it. With the profit removed from war the number of wars would cease. Economists generally believe that the United States was drawn into the World War by false propaganda spread by munitions companies to provide a greater market for their products. A government monopoly would definitely remove this influence.

Government control of munitions would be a definite step toward disarmament, believed by many to be the only sure way to peace. The League of Nations has tried unsuccessfully to promote disarmament, and disarmament conference purely thru the agitation and influence of private munitions makers. In an article by Englebrecht and Hanighen, it was stated, "Disarmament has not been achieved because of the international political situation" and this has been exaggerated by private armament makers. In their mad race for profits the armament makers will sooner or later bankrupt the world. Whereas, if the governments controlled the munitions industry, the race to arm the world for war would cease, and nations of the world could reach disarmament agreements more successfully thus removing the danger of war.

The question has been raised, would government monopoly result in a loss to the government. Recent statistics show that government manufacture would be much cheaper for the government than purchase from private companies. Comparisons in different countries show this to be true. In an article by Pierre Cot, former French minister for air, he stated, "Comparisons have been drawn between the two systems in many states. They have shown the manifest advantage of state manufacture to the public finances."

Now let us go back to our own country for further proof. Joseph Daniels, secretary of war in President Wilson's last term, stated in regard to this question, "Before the government began manufacturing smokeless powder it paid 80c a pound for it. The department is now manufacturing it at Indianhead at 36c a pound." Thus we see that the munitions companies charge much more than their products are worth and that the government can manufacture (CONTINUED NEXT WEEK)
