SANDERSON, TEXAS, FRIDAY, JANUARY 15, 1937

NUMBER 45

DRILLING IN BOTH TERRELL CO. WELLS MAKES LEASING ACTIVE

Drilling is making hole in both Terrell county, leasing active here, according to the clerk's office, which a number of leases and contracts of recent date have been signed.

Practically every landowner in the county has signed a lease for oil.

The Oil company, drilling Goode No. 1 well in the quarter of section 26, G. C. & S. F., are making below 7,087 feet in the test, last fall, being from 6,120 feet in the Ordovician.

Depth of 5,606 feet the well 20,000 cubic feet of gas was shut down for some time.

January, 1934, when the gas was wrecked when it caught fire.

Gas assignments placed the last few days at the clerk's office include: all to Mrs. Carolyn M. signment of oil and gas out of block D-6, M. Ry. Co. grant.

Slick Urschel et al to Oil Co., mineral grant out of block 1, C. C. N. G. N. Ry. Co. grant, all Co. to Ohio Oil Co., of oil and gas lease to out of block 60 and C&SF Ry. Co. and MK Co. grants.

Kroenlein to Phillips Co., assignment of oil lease to 320 acres in block 1, Co. grant.

Know Texas

(Compiled by TSCW, CIA)

Denton.—An American balloon dizzily soars upward to a new altitude record; a foreign made dirigible carries a precious cargo of human freight across an uncharted body of water—and the chances are ten to one that both of these crafts are filled with helium which came from Amarillo and Potter county.

Most of the helium supply of the world comes from this modern federal plant, giving Texas another of the largest industries of its kind in the world.

When the lighter-than-air craft first drifted through the skyways, hydrogen was used in the huge gas bags. But hydrogen was inflammable, and many a ship was destroyed and many a life was lost when, for various reasons, the gas caught fire or exploded in mid-air.

Helium is non-inflammable and was soon adopted as a safer gas. Although twice as heavy, it has a lifting power only seven per cent less than hydrogen.

It was discovered by J. Janssen in 1868 during an eclipse of the sun. Most of the world's supply comes from the Panhandle gas field where it is separated from other gases at the government plant which is capable of producing 450 cubic feet per hour.

UDERGOES OPERATION

Mrs. C. J. Watts is reported doing nicely following an operation she underwent at Williams Sanitarium, Del Rio, last Thursday. Mr. Watts and daughter, Miss Floy, accompanied Mrs. Watts to Del Rio where Miss Floy remained to be with her mother. Mr. Watts returned here last Friday. It will be ten days or more before Mrs. Watts will be able to return to her home here.

PAINTING POST OFFICE

The local post office is again being improved. Workmen were busy this week renovating and repainting the interior. The walls and ceiling are being given several coats of paint and when finished will be white. All woodwork and fixtures will be painted a light slate color.

This is the second improvement to be made at the local office in the past year. Several months ago the equipment was re-arranged and more than 200 boxes were added.

Joe Kerr, owner of the building in which the office is located, is having the work done and Isidore Flores, local painter, is doing the work.

SEES LOTS SNOW AND ICE

Rev. S. M. Mims, who attended the Methodist conference in New Orleans last week returned home Saturday. He stated he got into south Texas just in time for "the big freeze," and saw more ice and snow than in many a year. Many towns and cities in the sunny south were frozen in, and the weight of ice on telephone, telegraph and electric lines, snapped the wires cutting a huge portion off from normal communications. The damage to utilities was tremendous.

BURDWELLS IMPROVED

Mr. and Mrs. A. A. Burdwell of Dryden, both of whom have been ill for some time, are reported better. They have been in Del Rio at the home of his sister, Mrs. James Wallen. Mrs. Burdwell is convalescing from a major operation, and Mr. Burdwell from a severe attack of pneumonia.

SEEKS PAYNE'S POST

Calvin C. Huffman, editor of the Eagle Pass Guide is out for the position of Representative of the 87th district, formerly held by Stanford Payne of Del Rio, who resigned last Monday. Huffman is 29 years of age.

First Real Blast Of Winter Hits Friday Morning

On awakening last Friday morning Sanderson folks realized that at last they were in the grip of the first real cold spell of the winter. A slow drizzling rain, which froze as it fell, continued until about noon. A dull, overcast sky portended colder weather to follow and by night the thermometer reached the season's all-low level of 17 degrees.

The weather continued bitterly cold all day Saturday, but a little relief was felt Sunday when the mercury rose a few degrees, the rise continuing through Monday, and by Tuesday the weather was much warmer, and the sun shone most of the day.

Freezing temperatures were felt over this entire section, and from places came reports of heavy sleet and snow. Del Rio and other sections south and east of here was reported covered in ice due to a heavy mist which froze as it settled on vegetation, wires and fences. This same condition was reported from all ranch north of here.

So far no reports have been received of losses in this county due to the freezing weather, although livestock have suffered to a degree from the winter blast.

14 Passenger Air Liner to Be Here Friday - Saturday

Today and tomorrow Sanderson people will have an opportunity to see this fair city from the air—at only 50c a see.

Cooperating with Frank's Super Service station, the owners of the huge 14-passenger air liner will remain the two days.

The plane, a Ford tri-motor job is enroute to New York from Hollywood, where it was during the filming of one of the year's outstanding pictures, "The China Clipper."

RELATIVE DIES

Funeral services were held in Langtry last Sunday afternoon for Thomas Allen Jones, step-father of W. O. Prentiss, who ranches near Dryden. Rev. Roland Murray, pastor of the First Presbyterian church, Del Rio, officiated and interment was in the Langtry cemetery under direction of the Doran funeral home.

Mr. Jones had been in Del Rio for several weeks under treatment, and died in that city last Friday morning at 9:45. He would have been 87 years of age had he lived until February 17.

PAYNE QUILTS REPRESENTATIVE POST; NOW WITH HEALTH DEPT.

Stanford Payne of Del Rio resigned as representative of the 87th legislative district in Austin on Monday night to accept the post of Director of Public Relations with the state health department, according to news dispatches reaching here Wednesday.

In a telegram to his friends in the 87th district, the text of which was published in the Del Rio Evening News Tuesday of this week, Payne stated:

"It is with profound regret that I tendered my resignation as representative of the 87th district, effective Jan. 11. I was offered and have accepted the appointment as director of Public Relations with the state health department at a salary of \$4,000 a year, which I feel I could not afford to reject. Until my successor is named and qualified I shall see that all bills desired by my people are introduced and given proper committee hearings. I shall then cooperate in every way possible to carry out the wishes and the

Legion Post Will Stage President's Birthday Dance

The local post of the American Legion will sponsor the annual dance, given in honor of President Roosevelt's birthday.

The dance will be held in the C. A. C. hall here, on the night of Friday, January 29, and Jelly Brooks and his San Angelo Hot Shots, one of the best orchestras in the Southwest, will furnish the music for the dance, which begins at 9 o'clock.

The dance, an annual affair is staged by towns and cities all over the United States. Part of the proceeds from these dances are forwarded to Washington for a fund of the Warm Springs, Georgia Foundation, whose goal is to stamp out infantile paralysis. The bulk of the proceeds is retained at home.

Scouters Concho Valley Council to Meet in Angelo

Local Boy Scout leaders are making plans to attend the scouters' convention and annual meeting of the Concho Valley Council in San Angelo Jan. 22. Dr. Thos. Taylor, president, Howard Payne college, is the principal speaker for the banquet.

The convention is scheduled from 3 to 6 in the afternoon. During the middle of the afternoon there will be a conference of the scoutmasters, assistant scoutmasters and district commissioners, a conference of troop committee-men and a Cub Leaders' round-table discussion. From 5 to 6 will be the National Jamboree committee meeting, and at the same time the first meeting of the scout circus directors. The annual meeting and banquet are set at 6:30. Special entertainment for wives of visiting scouters also is scheduled from 3 to 6. The annual meeting and banquet are open to the public and all friends of scouting are invited to attend.

The program for the meeting and banquet follows: Annual report for 1936; Scout play, "Memories;" special musical numbers; presentation of Silver Beaver award; report of nominating committee; awarding at attendance banner to community having best representative group present; address by Dr. Taylor.

Ray Caldwell is the Scouter in charge of the delegation from Sanderson.

In Zealand, Holland, the peasant girl after marriage discards her wedding ring so her fingers may work without hindrance. She wears it only on holidays.

SCHAUERS REGAINS POSSESSION OF 17,000 ACRE RANCH IN COUNTY

1937 Officials Are Named for Local Loan Association

The annual meeting of stockholders of the Sanderson National Farm Loan Association was held on Tuesday afternoon of this week in the offices of the Sanderson Wool Commission Co. There were 16 borrowers present who discussed farm and ranch loan problems.

The following were selected as a board of directors for the year 1937: G. J. Henshaw, Albert Appel, J. C. Mitchell, R. H. Murrah, and Joe Kerr.

G. J. Henshaw, president, and Alfred E. Creigh, Jr., secretary-treasurer, gave reports of the past year's business and stated that all loans were in good standing.

There is a total of 32 loans out in the amount of \$1,132,500.

Immediately after this meeting of members, the board of directors met and the following were elected to serve as officers of the association during 1937: G. J. Henshaw, president; Albert Appel, vice president; A. E. Creigh, Jr., secretary-treasurer. W. D. Hunter and R. E. Corder were elected to serve as appraisers, and new loan committees were established.

Bill Sponsored by Connally to Aid Tenant Farmers

Washington.—Sen. Tom Connally of Texas, introduced a bill in the senate creating the Farm Tenant Home Purchase Corporation.

The measure provides for a comprehensive system of land purchases and loans whereby the farm tenants may become home owners and may acquire farm lands in amount sufficient to provide a livelihood for their families and an income sufficient to amortize the indebtedness.

Authorization is made for one billion dollars capital stock of the corporation, which is to be provided by allotments and appropriations from time to time as necessity may require. The administration of the plan is vested in a board of five members, including the Secretary of Agriculture and the governor of the Farm Credit Administration. It outlines a plan whereby the board may sell individual tracts or loan the money for purchase of individual tracts or may also establish colonies of home owners.

It is provided that the interest rate on such purchases shall be 2 per cent annually. In addition the purchaser may pay an installment to meet the retirement of the debt over a period of years. It is also provided that purchasers must demonstrate their experience as farmers and shall satisfy the board as to their thrift and character. It is also provided that purchasers shall adopt approved methods of soil conservation and land utilization on the land so purchased. The bill is offered to carry out a widespread demand for a comprehensive, permanent system, whereby farm tenants can become the owners of the land they till.

COURT HOLDS SESSION

The regular monthly meeting of the Terrell county commissioners' court was held on Monday of this week, at which time current business was disposed. Also, at this meeting, the court decided to retain all county officials on the fee basis. Commissioners present at this meeting were W. J. Banner, precinct No. 1; Chester Smith, No. 2; J. C. Mitchell, No. 3, and Dave Cunningham, newly-elected commissioner of precinct No. 4.

Column Right

Our friend of long standing, D. M. Bennett of the Alpine Avalanche, and several local friends, refuse to let us bury, deep, this column of nonsense. We've been using it in the nature of a "filler" and when the editor works we don't need it. We feel flattered, however at the insistence for its life but, remember, you asked for it, so here goes.

Good morning! Would you care for a nice case of the flu? No? Well, how about the latest thing in humps? You'll have a swell time!

Fellow, religiously inclined, and too much so, stated the other day that President's dance to aid the crippled children or not, dancing was wrong. In school we were taught that fish was one of the best brain foods. We suggest this fellow eat a whale every morning for breakfast.

Saw a picture the other night at the Princess. "The Penitentes" it was called. A tribe in N. Mex. who practice religious ceremonies that far surpass the definition of fanaticism. Punishment self-inflicted is carried on for months, and the climax is crucifixion to the incorrigibles. Leaving the theatre we wondered why they send money to heathen lands.

In view of prevailing weather it's a wise man who can select his nether garments. The question is whether is shall be the long haddled ones or the scanties.

A nation was horrified when news that a little boy, snatched from the room of his home, was brutally murdered, after his loved ones had spent a week in torment of mind—hoping, but fearful. Torn between opposing sentiments, one of sympathy for the parents, the other that vengeance may overtake the fiend, it's hard to say much about the case. Our only hope is that laws will be enacted that will stamp out this hellish racket that is bound to affect every parent who are in comfortable financial circumstances.

The war dogs of Europe are in a foment, straining at their leashes, but are making entirely too much noise. One of the things we learned early in life was that barking dogs seldom bite.

It looks as if these air liners have ganged up on us to prove that Newton's ideas on the law of gravity were correct—whatever goes up must come down.

University of Stanford has announced that it will introduce a course in drama. We thought that was a principal course in every university these days—comedy drama.

About the most complex thing extant is a woman. No one has ever outguessed one, they just think they have. One woman we know was extremely extravagant, which caused hubby to remonstrate. She promised to reform and practice economy. Her opportunity when she threw a party for her birthday. She was 30, and to show her thrift decorated the cake with only 20 candles.

We stunned, flaggerbusted—stopped dead. A woman called the other day and handed us notes on a party at her home "I thought I'd let you write it," she said, "you can do it better than I can." An afterthought struck her as she was leaving: "But don't make it sound too silly," she cooed. We're wondering.

Leon Trotzky, the Russian revolutionist, is one bird who lives up to his name. For several years he has been trotting from one country to another, and even he trots at the invitation of the officials for the good of the country, you must admit he TROTS!

ALPINE—The Alpine-Terlingua road has been designated for state maintenance, according to the Avalanche. The stretch of road, heretofore maintained by the county, is 84 miles long, and connects with state highway No. 227, recently taken over by the state for maintenance at Terlingua, the Avalanche further states.

PECOS—A dividend of 3 per cent on investments in the Pecos Savings and Loan Association was declared at the last meeting of the board of directors of the organization, the Pecos Enterprise reports in its last issue. This dividend covers the last six months of operation only.

OZONA—Finishing touches are being made on the Dudley building, according to the Stockman, for the opening of the Ozona Wool and Mohair company, a new business venture in Ozona, being established by Tom Richey of San Angelo, Albert Brown and son, Melven Brown, of Lampasas.

FT. STOCKTON—A five per cent dividend from earnings in 1936 was paid on January 2 to stockholders of the Pecos County State Bank of Fort Stockton, the Pioneer stated in its news columns of last week.

MARFA—Miss Vara Crippen, new county demonstration agent for Presidio and Jeff Davis counties, arrived in Marfa last Thursday and has assumed her duties, the Big Bend Sentinel reports.

FORT DAVIS—Paving of the streets in Fort Davis, and of the Fort Davis-Alpine highway, under construction by the H. B. Zachary Co. of Laredo for the past several months, are completed, according to the Dispatch.

PECOS—The Pecos high school band, directed by Wesley May, won third place in its division at the parade in El Paso during the Sun Carnival on New Year's day. Forty-seven members of the band accompanied by Mr. May and Supt. R. H. Blackwell, made the trip to El Paso, the Pecos Enterprise states.

Mr. and Mrs. E. E. Townsend, enroute to San Antonio from their home in Alpine, visited here Monday in the homes of their nephews Webb, Everett and W. W. Townsend.

Mrs. Mary Lou Kellar has returned from a visit with relatives in San Antonio and San Marcos.

Mrs. M. B. Wilson left last Friday for Houston where she visited for several days this week with relatives, and where she went for medical treatment for a skin infection on her face.

Mrs. J. W. Downum visited in Del Rio for several hours Sunday with Mr. Downum who is convalescing in a sanitarium in that city from an attack of flu and pneumonia. Mr. Downum was able to return home Wednesday night.

Mr. and Mrs. Pat Rose and sons, who ranch in the Brackettville country, spent the week end here as guests of Mrs. Rose's brothers, Webb and Everett Townsend at their ranches.

RATTLE OF THE RAIL

T. S. Stewart, trainmaster from El Paso, spent several days here this week.

Conductor G. E. Howard laid off due to illness Tuesday, and returned to his home in San Antonio on the night train.

Lee Grigsby, pump repairer, went to High Bridge Tuesday to make repairs caused by the extreme cold weather.

The thirteenth engine crew was added to the board Tuesday.

Five of the new stream-lined passenger engines for the Pacific Lines went west last week.

Operator Campbell was on the sick list several days last week.

W. E. Lea, Jr., is now firing out of this terminal.

Fireman T. R. Vaughan has been assigned to a passenger run out of El Paso.

LEAVES FOR ISLANDS
 Mr. and Mrs. John R. Laurence and young son, Richard Matthews left Monday for their home in the Philippine Islands. Mr. and Mrs. Laurence spent three months here with Mr. and Mrs. C. C. Rollins and Mr. and Mrs. Hy Laurence—Fort Stockton Pioneer.

Personal Mention

E. J. Chastain left Monday for South Pittsburgh, Tenn., where he will visit his parents, Mr. and Mrs. O. W. Chastain.

Mrs. Ruth Driggers came in Tuesday from Del Rio and is employed at the Kerr Hotel Coffee Shop as waitress.

O. Z. Finley, game warden with headquarters in Del Rio, spent several days in Sanderson this week.

Mrs. Tip Frazier returned Tuesday from Uvalde where she was called last Thursday to her mother, Mrs. W. H. Mansfield, who suffered a slight stroke of paralysis. Mrs. Frazier reported that her mother was better when she left, and was able to sit up.

Mr. and Mrs. W. W. Townsend left Tuesday for San Francisco, from where they will sail on January 23 for Cristobal, Panama, Canal Zone. Mr. and Mrs. Townsend have been here for several weeks visiting in the homes of his brothers, Webb and Everette Townsend. He is zone manager for the Ford Motor Company at Cristobal.

L. H. Lemons and McDuffy Kessler spent Sunday in Marfa where they visited with H. D. Williams who is recovering from injuries received at Valentine several weeks ago.

A Fashionable Operation
 LIKE everything else, operations have their periods of fashion and popularity. An appendicitis operation today is considered hardly more serious than having tonsils removed.

But only seventy-five years ago such an operation had never been heard of. Interestingly enough, the first appendectomy was performed by a wounded soldier on himself. At the battle of Gettysburg, a young Union soldier was very seriously wounded in the abdomen. For several days after he was taken to the hospital, his appendix exuded from the wound, and could be held in place only by tight compresses and bandages.

One day while his nurse and doctor were out of the room, his bandage became untied and fell off. Finding the appendix again outside the wound, he picked up a pair of scissors from his bed table and snipped it off. Since there are no sensory nerves in that part of the intestine, he felt no pain.

The doctor was horrified when he found what the soldier had done. He was immediately moved to the surgical casualty ward, and everyone expected him to die. Instead of that, his convalescence was pleasant and rapid. Thus was a new surgical operation born.

But when surgeons began generally to perform appendectomies, they met the united opposition of the press and pulpit. According to some papers, having the appendix out caused one to lose all sense of moral proprieties. Whether moral or not, it soon proved to be the cure for what old-time doctors called "stomach fevers," from which so many people had died.

Mr. and Mrs. R. E. Corder and daughters were visitors in Del Rio last Thursday.

BABY CHICKS
 Thoroughbred baby chicks—S. C. White Leghorns, Anconas, Barred Plymouth Rocks, Rhode Island Reds, and Black Minorcas. Every bird in breeding pen blood tested. Get our prices before you buy. First chicks off February 1. Taking orders now.—Uvalde Hatchery, 806 N. Getty St., Uvalde, Texas. 4414c

GOVERNMENT WILL MINT TEXAS MEMORIAL COINS

Washington.—The 1937 Texas commemorative coins will be minted in each of the three silver mints, Senator Tom Connally (D) of Texas, announced after a conference with Mrs. Nellie Tayloe Ross, director of the mint.

FORMER RESIDENTS VISIT

Mr. and Mrs. M. H. Goode, Sr., pioneer Crockett county residents now ranching near Dryden, were here the first of the week visiting friends. Mr. and Mrs. Goode made their home in Ozona for many years, rearing their family here. They left in 1918. They are now watching with a great deal of interest a deep test being drilled on their ranch by the Ohio company. The well is now down 7,760 feet, with favorable geology. While here the former Ozonans ordered the Stockman sent them in Dryden.—Ozona Stockman.

Mrs. Austin Nance and mother, Mrs. Edith Lane, were visitors in Del Rio last Friday and Saturday with Mrs. Viola Barnes, a sister of Mrs. Lane.

Mr. and Mrs. John Harrison and sons returned the first of the week from Del Rio where they visited relatives. Mrs. Harrison's many friends will be glad to know she has recovered from a recent illness.

Mrs. Mora Cochran left Wednesday for Del Rio going down to attend the school of instructions for the Order of Eastern Star which was held in that city on Thursday.

It Happened in Sanderson TEN YEARS AGO

This Week—Remember?

(From Times, January 14, 1927)
 Dr. W. H. Doty, physician, surgeon, came in the first of the week and will make this city his home. Dr. Doty has practiced medicine and surgery in Del Rio for fourteen years.

Herbert G. Markley, pastor of the First Presbyterian Church in Del Rio, preached at the Presbyterian church here last Sunday.

The Dixie Oil Co. has a deep block in the northwest part of the county and are contemplating putting in a test well in the future. The location is on what is known as the Sheffield Terra.

Judge G. J. Henshaw spent the week in Austin on business.

Mrs. Tom Parsons left Tuesday for Pittsburg, Kansas, where she was called on account of the illness of Mr. Parson's mother.

Mrs. O. T. Schupbach has guests this week her mother, W. M. Bowden of El Paso, and sister, Mrs. W. M. Bowden, Los Angeles.

The W. M. U. had a meeting at Mrs. T. L. Williams' home Wednesday, Jan. 5, to meet the new association president, Mrs. son of Sierra Blanca.

Dr. J. R. Middlebrook of Rio made a professional visit last Saturday.

thriller "15 Maiden Lane," which comes to the Princess Theatre Monday night, January 18.

Featured in the picture are Claire Trevor and Cesar Romero, Claire as a detective. Romero crashes the guarded heart of the world's jewel center where the underworld is afraid to enter, and in the face of all safeguards, he coolly walks off with the most prized gem.

With a staggering fortune in jewels at stake, Maiden Lane is panic-stricken, fearfully wondering when and where the super-crook who laughs at the grim "deadline" other dread, and who leaves no clues, will strike again.

When the best detectives admit they are baffled, Claire sets out to snare the thief. Suspecting the suave and smiling Romero, she pretends to be a jewel thief herself and soon becomes a member of his silk-hat gang.

Gradually losing his heart to his unsuspected pursuer, Romero finds as many tender as tense moments with her, for it is not until the punch-packed finish that she reveals her true identity. Fast-moving and exciting before, here "15 Maiden Lane" speeds up to a cyclonic pace as the diamond is recovered and the ring of thieves menacing the gem headquarters is smashed by a blonde sleuth.

BARBARA STANWYCK AND JOEL MCCREA ARE STARS OF "BANJO ON MY KNEE"

Fighting, loving, laughing, and weeping, the tempestuous emotions of these picturesque children of the mighty river stir the blood and intrigue the interest of everyone, from the opening scene to the thrilling climax. A real treat awaits patrons of the Princess Theatre next Wednesday and Thursday, Jan. 20 and 21, when the attraction will be "Banjo on My Knee," featuring two of the screen's favorites.

In the cast are such well known entertainers as Helen Westley, Buddy Ebsen, tap dancer de luxe and others.

The story opens on the shanty-boat of Walter Brennan whose son, Joel McCrea is about to marry a "land girl," Miss Stanwyck. Brennan is entertaining his guests by playing his one-man band contraption comprising almost every conceivable musical gadget, including the "banjo on his knee." Everyone is happy except Katherine DeMille who wants Joel for herself. She boasts to her bibu-

lous granny, Helen Westley, that she could get him right now if she wanted him. Barbara, overhearing, declares that she "can love deeper and fight better than any girl on the river."

Victor Kilian, who buys the fish catches of the colony, tries to kiss Barbara and Joel knocks him into the river. Searchers cannot find Kilian and Joel decamps, believing he is a murderer. But Kilian is not drowned, but Joel, who is at sea, does not find it out for six months. The shanty-boaters jeer at Barbara as an unknissed bride. Walter Catlett, traveling photographer and lady killer, tries to persuade Barbara to go to New Orleans with him. Joel returns but says he must go away again to set up a home for them in the West Indies. She wants to go with him and when he refuses she runs off with Catlett, but she refuses to marry him and gets a job as a dishwasher.

Churches

BAPTIST CHURCH

Sunday school 10 a. m.
Preaching 11 a. m. Sermon subject, "Refuge of Lies."
Song service and sermon 7:30 p. m. Subject: "The Wisest Man is Sanderson."
Let us make a special effort to be on time and begin and close on time. We are prompt in material things, be prompt on the Lord's day in His services.
W. M. S. Monday, 4 p. m.
Monday evening at 7 we will begin the study together of the book "Building a Standard Sunday School." Bro. Kidd, our district missionary, will be with us to lead every night through Friday. Let every member of the church come and be with us in this important study course; but especially let all the officers and teachers of our Sunday school be there without fail that we may be the best equipped possible for the vastly important task of teaching the word of God. Don't forget the date nor the hour. Below is the schedule that will probably be followed each evening:
7 to 7:45, study.
7:45 to 8:15, intermission with varying program and refreshments.
8:15 to 9:00 study.
Adjourn promptly at 9:00 each evening.
D. C. BANDY, Pastor.

CATHOLIC CHURCH

Mass every morning at 7:30.
Sunday—First mass at 8 a. m.; second mass at 9:30 a. m.
REV. C. VARONA, Pastor.

METHODIST CHURCH

Preaching services at 11 and 7:30. Some more echoes of the General Missionary Council at New Orleans.

Worship service of the church school at 9:55 by Young People's class.

The Christian Endeavor of the Presbyterian church will meet with our Intermediate League at 6:30. Let's all be present to greet the Presbyterian young people and enjoy their program.

The Missionary Society began last Monday a study course in "The Prophets of Israel" which will continue for some weeks.
S. M. MIMS, Pastor.

PRESBYTERIAN CHURCH

Sunday school at 10 a. m.
Preaching, 11 a. m. and 7 p. m.
At 6:30 the Pioneers will give a program at the Methodist church with a return visit from the Methodist young people Sunday week.
The auxiliary Bible class meets in the pastor's home at 3 p. m. Monday to study the life of Jacob.
Prayer and praise service Wednesday at 7 p. m.
JOHN V. McCALL, Pastor.

CHURCH OF CHRIST

Bible Study at 10 a. m.
Worship service at 11 a. m.
Communion, 11 a. m.
Ladies' Bible class will meet at 3 p. m. Wednesday.
Prayer service, Wednesday, at 7:30 p. m.

TUESDAY BRIDGE CLUB MEETS

Mrs. Hugh Rose was hostess to the Tuesday bridge club members and several guests when she entertained them on Tuesday at the home of Mrs. L. A. Lowe. There were four tables of players who enjoyed the games. Mrs. Bustin Canon made high score and Mrs. P. J. Holman held second high score. Attractive prizes were given to each.

Those present to enjoy Mrs. Rose's hospitality included Mesdames B. Carson, Bustin Canon, Robert Duncan, D. A. Pollard, W. A. Banner, Mary Lou Kellar, Lee McCue, Tol Murrah, Will Savage, Jim Kerr, Max Bogusch, Austin Nance, P. E. Dishman, John Harrison, Jim Nance and P. J. Holman.

An appetizing salad course was served by Mrs. Rose.

Mrs. T. A. Harms is visiting with relatives and friends in San Antonio. Mr. Harms, pharmacist at the City Drug, accompanied her to that city last week, returning here last Friday night.

Mrs. Joe Wolff is back home after a visit in Del Rio with her sister, Mrs. James Wallen.

WILLIE GRIGSBY HAS BIRTHDAY PARTY

On Friday afternoon, Dec. 18, from 4 to 6, Willie Grigsby was host to a group of his friends at the home of his grandparents, Mr. and Mrs. Lee Grigsby. The occasion was Willie's seventh birthday and, in keeping with this fact, Willie was the recipient of many nice gifts, presented by his little friends.

As the children arrived each placed his gift under the beautiful Christmas tree. When all had arrived games and story telling became the diversion for the next hour, at the close of which time all assembled around the dining table where the birthday cake was cut. Refreshments consisted of cake, cookies and Merry-go-round Special, topped with whipped cream.

Before the children left, each was presented with a box of animal cookies from the Christmas tree, and all shared in helping Willie open his packages and enjoy the gifts.

Those enjoying Willie's hospitality were Marie Morris, Ann Mims, Clyde Griffith, Billy and Bobby Dyal, Billy Savage, Earl Pierson, Edward Wheeler, Noel Stirman, Charles Yeates, Edward Chastain, Joan Anderson, Jeanette Cobb, Doris McSparran, Betty Jo Kerr, Frances Jean Bodkin, Mary Alice Allen, Marjorie Jessup, Ora Mae Blackwelder, Billy Carter, Lowell Jessup, Jimmy Davis, Tommy Hill and Roy Davis Holt. Mrs. Grigsby was assisted in entertaining by Mesdames Gerald Grigsby and W. E. Grigsby.—Reported.

CHURCH CIRCLES HOLD STUDY SESSIONS

The two circles of the Presbyterian Auxiliary met Monday at 3 o'clock. Circle No. 1 met with at the home of Mrs. P. J. Holman, with Mrs. John Nichols and Mrs. C. L. Sims in charge of the pro-

OFFICIAL STATEMENT OF FINANCIAL CONDITION OF THE SANDERSON STATE BANK

At Sanderson, State of Texas, at the close of business on the 31st day of December, 1936, published in the Sanderson Times, a newspaper printed and published at Sanderson, State of Texas, on the 15th day of January, 1937.

FOR TEXAS HIGHWAYS?

Texas' highways, to date, have cost Texas taxpayers approximately seven hundred and fifty millions of dollars. License fees from motor vehicles have contributed \$202,000,000. Gasoline taxes have accounted for \$176,000,000.

Federal aid has donated \$91,000,000. YOUR PROPERTY TAXES HAVE CONTRIBUTED \$281,000,000—MORE THAN ONE-THIRD OF THE TOTAL.

Large trucks—those weighing more than 8000 pounds loaded—have paid a total of \$27,000,000 in license fees and gasoline taxes, or 3 3/4 per cent of the total cost.

Yet these trucks have been responsible for an additional cost of construction and maintenance amounting to approximately 50 per cent of the total—an amount far in excess of their contribution. These wider trucks result in 25 per cent increase in pavement costs.

Their bigger loads have required thicker pavements, costing from 35 to 60 per cent more; their size has made wider and heavier bridges necessary; maintenance costs have increased through their use and abuse of the highways.

Such extra expenditures are almost solely for the benefit of the big trucks, and are not necessary for the small trucks and passenger cars. YET THEIR COST IS BORNE BY THE OWNERS OF PASSENGER CARS AND SMALL TRUCKS AND BY THE GENERAL TAXPAYER, WHO MAY NOT EVEN OWN A CAR, WHILE THE BIG TRUCKS THEMSELVES HAVE PAID ONLY 3 3/4 PER CENT.

Any increase in present truck loads, size or speed limits will further increase the highway costs which all of us, the people of Texas, must pay.

Texas railroads provide and maintain their own rights-of-way; afford employment to 60,000 men and women (who are also taxpayers); pay large taxes in support of city, county, state and federal governments; and, in addition, pay annually more than \$900,000 toward state highway costs. The interest of the railroads in highway regulation is precisely parallel to that of the public.

Marjorie Canon, Rosa Mae Clark, Vivian Earwood, Vaunceil Henderson, Dorothy Lewellen, Lois Taylor, Juanita Sibley, and Esther Dorothy Walsh.

TO DISCUSS BI-MEET

Tomorrow representatives from this school will meet with representatives from Alpine and Marathon high schools in Marathon to discuss the bi-county meet. If plans work out to have the meet, it will take the place of a county meet for Sanderson schools.

C. G. Matthews, superintendent of the Marathon schools, set this meeting date for tomorrow and invited the two interested schools. Drury Wood is superintendent of the Alpine schools.

Mr. Holt, Mr. Smith and Mr. Morgan will probably represent the local schools at this meeting.

EXAMS SET FOR JAN. 21-22

Next week marks the end of the first semester of school. There are 18 more weeks of the school year, beginning January 25. Mid-semester examinations are scheduled for January 21 and 22, next Thursday and Friday. No definite announcement has been made as to the examination schedule.

WORKING UNDER NYA

Three high school students have been appointed to do NYA work for the school system. The students are Vaunceil Henderson, Mildred Underwood and Pat Harris. The two latter have been at work this week.

This work, under the National Youth Administration program, consists mostly of clerical work. Some work later on may be of another nature. The maximum salary is \$6 per month for not more than 20 hours' work each week. The work is available to students in need of extra money.

Current Comment

Miss Leath says she is going to have the mumps. When she was teaching here last year she caught the measles. She would—just to be in style!

Coach thinks that one experiment in matrimony is enough.

Helen Turner is somewhat like Mr. Caraway. She's always covered with chalk when there's a blackboard around.

It's too bad that Bobby has to be interrupted just when he's in the middle of a long narration in Spanish II.

Wonder what the senior girls will do now that Leap Year is over?

Miss Leath is getting careless with erasures! I shall shield the one who told me!

If Adair Edmiston doesn't get well, we shall have to do something about it immediately. There is just that something about her that makes us miss her.

H E CLASS PLANNING

Each member of the second year H. E. class is planning her ideal home. They are drawing the plans for their kitchens and dining rooms and selecting equipment for them. Following each plan they are writing their reasons for selecting such plan. Some attractive modern homes have been selected.

Eagle Cagers to Tourney at Ozona

The Eagles will soar over to Ozona today and remain until tomorrow evening to participate in the annual Ozona basketball tournament. Sanderson drew McCamey for their first game in the tournament.

The boys are not going to let the game of last Tuesday keep them from victory. They claim they will profit from the defeat and work on their weak points which showed up Tuesday night.

Personally, I think those Badgers are going to have a tougher game on their hands than they realize. The Eagles are after the cup and it is going to take a fairly good team to beat them.

In 1934, the first year the Eagle squad was invited to Ozona, they won the championship prize. In 1935 the consolation trophy was brought home.

Members and substitutes of the first team will make the trip today according to Coaches Smith and Caraway. They are: Albert Appel, Pat Sullivan, Pat Harris, Joe Kerr, Jack Bogusch, Bob Lea, Albert Weigand and R. Fierro.

Honor Roll

GRAMMAR SCHOOL

First Grade—Edward Chastain, Bobby Dyal, Bruce Brown, Clyde Frost.

4th Grade—Harold Surratt, David Duke, James Kerr, Mary Nell Higgins, Shirley Newman.

5th Grade—Bill Cochran, Margaret Ruth Yeates, James House, Edna Mae McAdams, and M. G. Northcut.

6th Grade—Janel Ulbricht, Billy Corder.

Seventh Grade—Doris Cochran, Joyce Yeates, Martin Bodkin, Helen Ruth Harrell, Bernice Harris and Pauline Bell.

STUDY CIVIL WAR ERA

The American History class is living in the Civil War days. Mr. Smith, teacher of the class, has told the students to actually live in the periods they study about. The class has completed study of the events leading up to the war, and is now studying the most important battles of the war.

Typewriter Class Take Speed Tests

In the last speed test taken by the typing class, Friday, Jan. 8, Vaunceil Henderson led both of the classes with 24 words a minute and three errors. Bennie Mussey led the third period class with 19 words, and two errors. Bertha Mae O'Bryant was second with 19 words, and five errors. Marjorie Canon, in 5th period class, was next with 18 words, and 13 errors, and Harry Lewellen next with 17 words and 13 errors. Robert Chandler was last with 17 words and 12 errors.

Six girls are trying to improve their speed by practicing after school hours.

PRIZES FOR DEBATERS

The members of the public speaking class have started work, or so hopes Miss Martin, on their negative speeches for class debates on the year's question. The class has been divided into six teams with one alternative, which will debate in class. Members of the winning team will each receive a gold dollar, to be presented by Miss Martin.

SECOND GRADE NEWS

The second grade helped entertain the Study Club.

Jimmie Wiggins is a new pupil in our room.

Roy Holt got the ticket this month.

We got our new reader this week. Betty Jo Kerr has the mumps. Mary Alice Allen made the highest grades this morning. We made some snow men pictures.

Mumps to Right And Left of 'Em

Nelle Lea

The mumps are over? What are you talking about ??? They have only just begun! It seems as if they are drifting from teacher to teacher. But you should see how Mr. Caraway still looks! Of course, he is a trifle thinner around the jaws than he was one week ago, but he still is fatter than before. If I am not mistaken it is almost time for Miss Leath to take 'em. What fun we do have seeing the teachers' pictures after they were swollen to their utmost height, length and breadth. The only one we know so far is Mr. Perry Dawson. He had his picture taken, although he had the so-called mumps on the left side and it was very becoming, I assure you.

The least bit of advice to everyone who is in contact with any of these daring teachers who have become such mump catchers and are wondering whether or not they are taking this swelling of the jaws, is to bite into a sour pickle. I have never seen it tried but was told it would make one who is about to take the mumps turn a backflip in the air.

Here's luck to you all—that you know for sure before you bite into a nice, large, sour pickle.

In January

EVENTS OF THE MONTH

1—New Year's day; Emancipation proclamation, 1863.

2—First American flag is raised, 1776.

3—Marshal Joffre died in Paris, France, 1931.

6—Theodore Roosevelt died in 1931.

8—Washington's first message to Congress, 1790.

10—Penny Post started in England, 1840.

12—Peace conference opened at Paris, 1919.

15—Cooper's railroad engine completed, 1831.

16—18th Amendment to the Constitution in effect, 1920.

17—Benjamin Franklin was born, 1706.

19—Lee's birthday; Edgar Allen Poe born, 1809.

20—Coldest day of Century, 1839.

21—"Stonewall" Jackson's birthday, 1824.

28—Gas street lights used for first time, 1807.

29—McKinley born, 1843.

31—Septuagesima Sunday.

Volley Squads to Play on the Local Court This P. M.

The volleyball girls will play their second game of the season with Marathon this afternoon at 4:30 on the Sanderson gymnasium court. Three games will be played, the team winning two out of three being the victor. For Sanderson the following of the first string will start the game: Nelle Lea, Sammie Carter, Helen Turner, Dorothy Lewellen and Mildred Underwood.

It is undecided which of these girls will act as captain for this game. Mrs. Ulbricht, their coach, will appoint a captain before the game starts. It is the custom to choose a different captain for every game. In the first games with Marathon, Sammie Carter acted as Captain of the Eagles. There will be no admission charge for this afternoon's game.

S. H. S. Library Covers Wide Field

In the library there are some twenty magazines regularly on the stand, ranging from Country Home to Vogue, and from Boys' Life to the National Geographic. Current news may be read in a compact form in Pathfinder, News Week, and Time. General opinions on the events and people who make news are found in The Rotarian, Current Digest and Review of Reviews. Nature gets her due in National Geographic and in Nature Magazine, along with some old but still-read copies of Field and Stream. Boys find their interest catered to in Young America, Boys' Life, American Boy, Open Road for Boys. And the machine minded boy can read the Modern Mechanic or, if interested in radio, he finds a Radio News. For schools especially there are Correct English and Scholastic. One strictly religious magazine comes to the library each month, The Presbyterian Survey, a well-written magazine, full of interesting and instructive material.

Reading magazines is a good habit if one uses discretion and reads more than the stories, does more than look at the pictures. There is no need for any high school student being uninformed with a number of magazines before him whose chief aim is to inform. Unfortunately, many students are too lazy mentally ever to read an article. They refuse to grow up mentally, refuse to read anything but stories. How lazy are you?

MEXICAN SCHOOL NEWS

The teachers and pupils are all back at work after pleasant times during the Christmas holidays.

Miss Bruton visited her parents in San Angelo and friends in Abilene.

Mr. Dawson visited his grandparents in Chickasha, Okla., and friends at Tulsa and Haskell. He also went on a hunting trip near Marathon.

Miss Anderson visited friends at Mason and San Angelo.

Many new pupils have enrolled since Christmas. The total is 243.

Some books, pencil sharpeners, and a soft ball were bought from the proceeds of a recent school program.

Stenogs Train for Coming Contests

The stenography class is trying to increase its speed by taking approximately ten speed sentences each day. One minute tests are given on these sentences. They are written as many times as the students can write them.

Mildred Underwood has attained a speed of 122 words a minute, which is the highest speed to date.

Mildred Hurst was next with 120 words, and Sammie Carter third with 113 words. Nelle Lea and Jimmie Goodykoontz tied, with 98 words.

Parent-Teachers Hold Jan. Meeting

Mr. R. D. Holt was leader of the January session of the P. T. A. meeting held last night.

Two selections were rendered by the high school band, and the meeting was opened with prayer by R. N. Allen. The business session was led by Mrs. E. W. Hardgrave, president of the association. Reports of the executive committee were passed upon and consisted of awarding the grammar school a set of reference books, and making definite plans for building tennis courts, and repairing the grammar school playground equipment. Plans were also made to have school zone traffic signs placed at points near both school buildings. Mrs. Hardgrave also read the message of the district chairman.

Mr. Holt delivered the talk of

State Control of Munitions Step To World Peace

By Mildred Hurst

Continued from Last Week

This is the second installment of a term theme on the question of the government taking over the manufacture of munitions of war, not only to take the profits out of the slaughter of human beings, but, also from the standpoint of economy.

In the foregoing article it was shown that other nations maintain their own munition plants, at a huge governmental saving.

Not only is a government monopoly desirable, but also practical. This question has been studied extensively by the French government and it was found that the French treasury could, without incurring extensive charges, buy up and nationalize the private manufacture of arms and put no further burden on the French taxpayer. This method could be easily used in the United States and in other countries of the world.

In our own country, the industry could be taken care of under the Army and Navy departments. The additional cost of acquisition would be met by the issue of treasury bonds. Interest on these bonds would be easily taken care of by the savings which would result. It is a logical plan and would work. Besides saving millions of dollars of the taxpayers' money it would also save millions of the taxpayers' lives.

Also, the efficiency of the government might be questioned. During the World War private plants failed miserably to supply their governments with needed armaments. Their inefficiency has been proved. Whereas, if the government controlled the industry, it could easily provide enough munitions for its national defense, not shipping munitions to other countries as private companies do. Also, when necessary, the government could utilize other factories, such as the sewing machine and turn them into munitions factories to provide the needed armaments.

Soviet Russia is a good example of the practicability of government control of munitions. Russia's munitions factories are state-owned and supply the needs of the government for national defense. It is the only country in the world with no munition racket.

Existing government plants in the United States today also show the practicability of this method of controlling the arms industry. They manufacture the munitions cheaper than private companies sell them, and practice none of the evils of the private manufacturers of munitions.

Thus we see that the remedy suggested to abolish the evils of private munitions companies is both desirable and practical. Government control is desirable first, because nationalization of the munitions industry would remove the profit motive from the sale of the munitions of war and, as a result, false propaganda and war scares spread by munitions companies would cease; second, government control of munitions is a step toward disarmament, because the agitation and opposition of munitions companies to disarmament would be removed; third, the government could manufacture its munitions cheaper than it could purchase them from private plants, as has been shown by examples.

The practicability of a government monopoly of arms and munitions has been shown by the fact that it has worked successfully in Soviet Russia and in government plants in the United States today. A practical and workable plan has been offered for control of the munitions industry.

These facts show that government control of the munitions industry is desirable and practical.

The evening, "Forcefulness, a Motivating Factor in Character Development." Miss Lucille McWhorter gave a reading to conclude the program.

The first grade won the book for having the largest number of patrons in attendance.

Badgers Ruffle Eagles' Feathers In Fast Gage Tilt

The McCamey Badgers defeated the Sanderson Eagles Tuesday night in a game played here, by a score of 20 to 9. The Badgers defeated the Eagles in a game that was played early in the season. The boys seemed to have misfortune in shots, but Lady Luck was with the visitors when it came to making the basket.

At the end of the first quarter the score was 7 to 1; at the half the boys scored 13 more points while McCamey scored 4 more. In the third quarter the Eagles broke loose and as quickly as you could see the boys, they scored 4 more points. Bogusch being the man who scored for the Eagles.

The Eagles were outdone in the matter of height. The McCamey center was about 6 feet 4, and he proved to be poison in taking the rebounds off the backboard.

Both teams played excellent ball. This was the second time the Eagles suffered defeat on the home court.

The Snooper

Shorty Short seems to be back in his regular routine again; at least he accompanied Mary Beth Banner to the show last Monday night.

The public speaking class has been divided into debate teams, and will begin a series of debates. The winner of these debates will each receive a bold dollar, presented by Miss Martin. Wait just a minute!

At the senior class meeting, held Tuesday, there were very grave moments, because the seniors were afraid they'd have their senior play on the latter part of May, instead of the first. Three cheers, they won!

Last week it seemed that we had some great lovers of milk in school. At least I think that Bob Lea, Essary Haines, Pat Sullivan, and Albert Appel still love milk.

Juanita Sibley seems to like the rear end of the theatre. We wonder why?

Mr. Caraway came to school on Monday and looked as if he still had the mumps. Maybe the next time he has the mumps he will learn not to eat grapefruit for his breakfast.

When Mr. Dawson comes to the high school on business or an errand, you can bet that none of the senior girls are disappointed or wear frowns on their faces.

The volleyball girls are still practicing, but that is all. They would be progressing again if they could just have the basketball boys for competition.

Moral—"Talebearers are as bad as the talemakers." Taken from English IV assignment.

First Grade

The first grade is enjoying the study of the winter season. In connection with the study, they have drawn snowmen, and later will draw Eskimos, igloos, polar bears and Eskimo dogs.

Carolyn Courtney is a new pupil in the class. She came from New Orleans. It was interesting to learn that Carolyn's first book in school was Mrs. Cora M. Martin's primer, "At the Farm."

Billy Carter and Carrie Marie Turner are back in school after
